Proxy Statement for the 2001 Annual Meeting of Stockholders
To Be Held on July 31, 2001

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Diacrin, Inc. (the "Company") for use at the Annual Meeting of Stockholders to be held on July 31, 2001 (the "Annual Meeting") and at any adjournment of that meeting. All proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, the proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of a written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting.

The Company's Annual Report for 2000 will be mailed to stockholders, along with these proxy materials, on or about June 29, 2001.

A copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2000, as filed with the Securities and Exchange Commission, except for exhibits, will be furnished without charge to any stockholder upon written request of Investor Relations, Diacrin, Inc., Building 96, 13th Street, Charlestown Navy Yard, Charlestown, Massachusetts 02129.

Securities and Votes Required

At the close of business on June 6, 2001, the record date for the determination of stockholders entitled to vote at the Annual Meeting, there were outstanding and entitled to vote 17,914,704 shares of common stock, \$0.01 par value per share (the "Common Stock") (constituting all of the outstanding voting stock of the Company). Each share of Common Stock entitles the holder to one vote.

Under the Company's By-laws, the holders of a majority of the shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock present in person or represented by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

If a quorum is present, the affirmative vote of the holders of a plurality of the shares of Common Stock present (either in person or by proxy) and entitled to vote is required for the election of directors. If a quorum is present, the affirmative vote of the holders of a majority of the shares of Common Stock present (either in person or by proxy) and entitled to vote is required to ratify the selection of Arthur Andersen LLP as the Company's independent auditors for the current year. For purposes of tabulating the vote, abstentions will be treated as shares that are present and entitled to

- 1 -

vote. Accordingly, an abstention will have the same effect as a vote against the matter. In addition, if a broker or nominee holding stock in "street name" indicates on the proxy that it does not have discretionary authority to vote as to a particular matter, those shares will not be considered as present and entitled to vote with respect to that particular matter. Accordingly, a "broker non-vote" on a matter will have no effect on the outcome of the voting on such matter.

Employment Agreements

The Company has entered into a letter agreement with Dr. Fraser dated February 6, 1990, providing for an annual salary plus bonus as determined by the Board of Directors. The Company has agreed with Dr. Fraser to continue to pay his then current salary for a period of six months if it terminates his employment without cause. Dr. Fraser has also agreed not to compete with the Company for one year following termination of his employment. At the Company's election, this non-competition provision can be extended for an additional two-year period upon the payment of additional consideration.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's directors, executive officers and persons who own more than ten percent of a registered class of the Company's equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than ten percent beneficial owners are required to furnish the Company with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such reports received or written representations that no other reports were required, the Company believes that, during the fiscal year ended December 31, 2000, its officers, directors and ten-percent stockholders complied with all Section 16(a) filing requirements applicable to such individuals.

Report of the Compensation Committee

The Company's executive compensation program is administered by the Compensation Committee (the "Committee"), which is composed of three directors who are neither employees nor officers of the Company. The Committee reviews and approves the salaries and incentive compensation of the Chief Executive Officer and the other executive officers of the Company.

The objectives of the Company's executive compensation program are as follows:

- provide an incentive for the achievement of strategic goals and objectives of the Company;
- support the pay-for-performance concept by tying executive compensation to the Committee's subjective determination of the quality of performance for the preceding fiscal year;
- attract and retain key executives essential to the long-term success of the Company; and
- align the executive officers' interests with the long-term interests of the stockholders.

The Company's executive compensation program consists of three principal elements-- base salary, an annual management cash bonus and incentive stock options.

Given that the Company is in the process of developing its initial products, the Committee does not believe that the use of profit levels as a measure of the Company's achievements or as a

basis for compensation decisions is appropriate. However, the Committee considers the ability to control losses without compromising the progress of the Company's product development programs.

The Chief Executive Officer submits for the Committee's consideration at the end of the fiscal year the amount of proposed compensation (following fiscal year base salary, current fiscal year cash bonus and stock option awards) for himself and for the Company's other executive officers. The factors considered by the Chief Executive Officer in making his recommendations to the Committee are the Board of Directors' prior evaluation of the Company's success in meeting its strategic objectives during the most recent fiscal year and the Chief Executive Officer's subjective evaluation of each executive officer's individual performance. The Committee acts upon the recommendations made with respect to the executive officers after weighing the Board of Directors' evaluation of the Company's overall achievements for the year, the Chief Executive Officer's discussion of each executive officer's individual performance for the year and each executive officer's current level of compensation. The Committee members, based upon their active professional involvement with other companies within the Company's industry, are also able to assess whether proposed compensation levels are in keeping with industry norms.

The Committee applies the same criteria in evaluating the Chief Executive Officer's cash compensation as that applied to the other executive officers of the Company. The base salary for fiscal 2000 of the President and Chief Executive Officer of the Company was increased by \$10,000 to \$270,000. On December 27, 2000, the Compensation Committee granted Dr. Fraser an option to purchase 25,000 shares of Common Stock at a per share exercise price of \$4.69 for his performance during the 2000 fiscal year. The option was granted at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant and vests in four annual installments commencing one year following the date of grant as long as Dr. Fraser remains employed by the Company. In awarding this option to Dr. Fraser, the Committee subjectively considered the compensation criteria discussed above as well as its interests in providing incentives for long-term performance, promoting retention of employees and further aligning the interests of the Chief Executive Officer with that of the stockholders.

The Company does not believe that section 162(m) of the Internal Revenue Code of 1986, as amended, which disallows a tax deduction for certain compensation in excess of \$1 million, will generally have an effect on the Company.

Prior to June 11, 2001, the Audit Committee was comprised of Thomas H. Fraser, Stelios Papadopoulos and Zola P. Horovitz. On June 14, 2001, new rules of the Nasdaq Stock Market governing audit committees became effective. In light of these new rules, on June 11, 2001, the Board elected Joshua Ruch to the Audit Committee in place of Dr. Fraser, the Company's President and Chief Executive Officer, who is not considered "independent" within the meaning of the new rules of the Nasdaq Stock Market. The three current members of the Audit Committee are each independent directors, as defined by the rules of the Nasdaq Stock Market.

At an Audit Committee meeting held on March 2, 2001 (the "March 2001 meeting"), the Audit Committee reviewed the Company's audited financial statements for the fiscal year ended December 31, 2000 and discussed these financial statements with the Company's management. At the March 2001 meeting, the Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards 61 (Communication with Audit Committees) with Arthur Andersen LLP, the Company's independent auditors.

At the March 2001 meeting, the Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee discussed with the independent auditors the matters disclosed in this letter and their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of the other, non-audit related services to the Company that are referred to below under the heading "Independent Auditors Fees and Other Matters" is compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee at the March 2001 meeting recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000.

Where such communications are made to the Chairman, he or she shall confer with the outside auditor concerning any such communications, and shall notify the other members of the Audit Committee of any communications which the outside auditor or the Chairman in the exercise of his or her business judgment believes should be considered by the Audit Committee prior to its next scheduled meeting.
