ELECTION OF DIRECTORS

The only matter scheduled to be voted on at the Annual Meeting is the election of five directors. Omnicom's Board of Directors consists of 17 members, divided into three classes that serve staggered three-year terms. The current term of the Class I directors expires in 2002 and the current term of the Class II directors expires in 2003.

The directors elected at the 2001 Annual Meeting will be elected into Class III for terms expiring in 2004. The Board of Directors has nominated John D. Wren, Bruce Crawford, Richard I. Beattie, Keith L. Reinhard and Allen Rosenshine to be elected into Class III. All of these individuals currently serve as Omnicom directors.

The Board of Directors recommends a vote "FOR" all nominees.

Omnicom's Board of Directors has no reason to believe that any of its nominees would be unable or unwilling to serve if elected. If a nominee becomes unable or unwilling to accept nomination or election, the Board will select a substitute nominee. If you have submitted a proxy and a substitute nominee is selected, your shares will be voted for the substitute nominee.

In accordance with the bylaws, directors are elected by a plurality of the votes cast. That means the five nominees will be elected if they receive more affirmative votes than any other nominees.

- o potential conflicts of interest arising as a result of other positions held by Omnicom directors.

4

The Nominating Committee also considers written recommendations by shareholders of nominees for director positions if they are accompanied by a reasonably comprehensive resume of the recommended nominee's business experience and background and a consent signed by the recommended nominee. Shareholders should send their recommendations to the offices of Omnicom, Attention: Corporate Secretary.

Meetings and Attendance

During 2000, Omnicom's Board of Directors met five times, its Audit Committee met four times, its Compensation Committee met three times, and its Nominating Committee met two times. All directors attended at least 80% of the total number of meetings of the Board of Directors and committees on which they serve, except for Mr. Brochand, who resides in France and attended 60% of these meetings.

Director Compensation

Each director who is not an employee of Omnicom or its subsidiaries is paid:

- o a monthly retainer of \$2,000;
- o a fee of \$2,000 for attendance at the first meeting of the Board of Directors or a committee of the Board of Directors on a given day; and
- o a fee of \$1,500 for attendance at any subsequent meeting on the same day.

Employees of Omnicom or its subsidiaries do not receive compensation for serving as a director.

Each non-employee director of Omnicom may elect to receive a portion of his or her annual retainer for the following year's service (up to a percentage that the Board of Directors determines) in shares of common stock. This election must be made no later than December 15, and the distribution is based on the fair market value of the common stock on December 15.

In addition, each non-employee director receives an annual grant of 250 restricted shares of common stock, subject to anti-dilution adjustments, on the first business day after each annual meeting of Omnicom shareholders.

Stock Options

Option Grants in Last Fiscal Year

The following table shows option grants to Named Executive Officers in 2000.

Name	Individual Grants		Exercise Price (\$ per Share)	Expiration Date(2)	Value at Gra
	Number of Shares Underlying Options Granted(1)	% of Total Options Granted to Employees in 2000			
John D. Wren	--	--	--	--	--
Thomas L. Harrison ...	125,000	5.2301%	\$78.3125	March 8, 2010	\$2,326,
Peter Mead	50,000	2.0921%	78.3125	March 8, 2010	930,
Keith L. Reinhard	125,000	5.2301%	78.3125	March 8, 2010	2,326,
Allen Rosenshine	200,000	8.3682%	78.3125	March 8, 2010	3,722,

(1) Each option becomes exercisable as to 30% of the total shares covered on each of the first two anniversaries of the grant and as to the remaining 40% on the third anniversary of the grant. Each option is a non-qualified stock option, and Omnicom is entitled to a tax deduction at the time of exercise equal to the excess of the fair market value of the acquired shares over the exercise price of the option.

(2) If the executive's employment with Omnicom terminates:

- o voluntarily or for cause, all outstanding options will be canceled;
- o due to retirement or involuntary termination by Omnicom, options outstanding for less than 12 months will be canceled and other outstanding options will become exercisable in full for 36 months

Edgar Filing: OMNICOM GROUP INC - Form DEF 14A

following termination; or

- o due to total disability or death, all outstanding options will become exercisable for 36 months following termination.

If there is a change of control of Omnicom, outstanding options will become exercisable at the effective time of the transaction unless the surviving parent entity assumes the outstanding options or substitutes new options for the outstanding options on identical or more favorable terms.

- (3) These numbers show hypothetical values computed under the Black-Scholes option pricing model. This model is a complicated mathematical formula that makes assumptions about stock option features. A number of these assumptions do not apply to the options we grant to our Named Executive Officers and other employees. In particular, the model assumes that holders can exercise stock options immediately and freely transfer them. For these reasons, we caution that the values shown in the table are theoretical and may not reflect the amounts that option holders will realize. Whether an option holder realizes value and how much this value is will depend on what our share price is relative to the exercise price. The assumptions we used here are consistent with the assumptions used to report stock option valuations in our 2000 Annual Report to Shareholders.

The assumptions for valuing the March 2000 grants are:

- o The exercise price is the same as our share price on the grant date.
- o A five-year life for each option. This is the typical amount of time that passes before holders of our options exercise them.
- o Expected dividend yield of 0.6%. This reflects the yield on a share of our stock at the grant date.
- o Expected stock price volatility of 21.88%. This was calculated using the most recent volatility for the month end stock prices for our common shares over the 60 months prior to the grant date.
- o A risk-free rate of return that an investor could expect for a five-year term commencing with the same grant date and expected life as our options. For this, we utilized the yield on U.S. Treasury securities for that term on the grant date.

In addition, a discount of 25% was applied to the theoretical value of each option to reflect the risk of forfeiture and transfer restrictions.

7

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year End Option Values

The following table provides information about option exercises by the Named Executive Officers in 2000, and the value of their unexercised options at the end of 2000. The value realized was calculated by subtracting the exercise price from the fair market value of Omnicom's common stock on the exercise date. The value of unexercised in-the-money options at December 31, 2000 was calculated by subtracting the exercise price of in-the-money options from the fair market value (\$82.69) of Omnicom's common stock on December 31, 2000.

Long-Term Incentive Plan Awards

----	-----	-----	-----	-----
John D. Wren	(1)	2000 - 2002	\$798,750	--

Keith L. Reinhard	--	--	--	--
Allen Rosenshine	(2)	1999 - 2001	958,500	--
	(1)	1999 - 2001	239,625	--

(1) Messrs. Wren, Harrison and Rosenshine received awards of performance share units under the 1998 Incentive Plan. The number of units will depend upon earnings per share in the three-year award period:

- o as measured from 1999 earnings per share, in the case of the awards granted to Mr. Wren and Mr. Harrison for the 2000-2002 award period; and
- o as measured from 1998 earnings per share, in the case of the award to Mr. Rosenshine for the 1999-2001 award period.

Each unit entitles the holder to payouts of cash and/or Omnicom common stock (as determined by the Compensation Committee) up to the value of one share of common stock on the date of payout. Maximum payouts will be made if the average compound annual growth in Omnicom's earnings per share equals or exceeds 120% for the award period. No payouts will be made if growth in earnings per share is 110% or less. The threshold and maximum payouts are representative amounts based on the fair market value of Omnicom common stock on the grant date. There is no estimated future target payout because no performance target for these performance units is specified under the 1998 Incentive Plan.

- (2) These awards have the same terms as the awards described above in note (1) except that the number of units to which Messrs. Harrison and Rosenshine will be entitled will depend upon the average compound annual growth in the net profits of Diversified Agency Services or BBDO, respectively, in the three-year award period, as measured from 1999 net profit in the case of Mr. Harrison and 1998 net profit in the case of Mr. Rosenshine.

Compensation Committee Report

Compensation Committee

The members of the Compensation Committee of the Board of Directors are Gary L. Roubos, who is the Chairman of the committee, Robert J. Callander, Leonard S. Coleman, Jr. and John R. Purcell. Each member of the committee is an outside director.

Compensation Program for Executive Officers

Omnicom's compensation program for its executive officers is designed to attract and retain highly qualified personnel and to motivate them to achieve corporate performance objectives and increase shareholder value. The program is comprised of base salary and performance-related compensation in the form of an incentive cash bonus and long-term stock-based awards intended to align executive and shareholder interests.

The compensation of the Named Executive Officers is determined by the Compensation Committee, and the compensation of the Chief Executive Officer is subject to the approval of the Board of Directors. The Compensation Committee considers the factors described below and the recommendations of the Chief Executive Officer in determining the compensation of the Named Executive Officers.

Base Salary

Adjustments in base salary for executive officers are discretionary and generally are considered every 18 months. In determining base salary and adjustments to base salary, the Compensation Committee considers:

- o the executive's level of responsibility;
- o the profitability of Omnicom and the business unit with which the executive is associated; and
- o the Compensation Committee's knowledge of executive compensation practices of similar advertising agency holding companies.

Omnicom's profitability is determined by reference to its earnings per share, and profitability of a business unit is determined by reference to its net profit. Salaries of executive officers who are not Named Executive Officers are determined by the Chief Executive Officer.

Incentive Cash Bonuses

The annual cash bonus represents a substantial portion of the cash compensation of executive officers. Omnicom intends that the annual cash bonus will serve as an incentive to improve annual profitability. For 2000, annual

Edgar Filing: OMNICOM GROUP INC - Form DEF 14A

cash bonuses for the Named Executive Officers were awarded under the 1998 Incentive Plan, which is administered by the Compensation Committee.

Prior to or shortly after the beginning of the year, the Compensation Committee determines the executive officers who will participate in the plan and their incentive levels. The Compensation Committee establishes specific performance goals for each participant based on business criteria and assigns weights to the goals. Performance goals are based on one or more of the following criteria: earnings per share, net income, operating margin, return on equity, stockholder total return, revenue and cash flow. Each participant is required to enter into an award agreement which will govern the payment of bonus compensation.

At the end of the year, the Compensation Committee reviews the performance of each participant against his or her performance goals. Awards are paid only after the committee has certified in writing that the performance goals have been attained. The committee considers the recommendations of the Chief Executive Officer as to the Named Executive Officers other than the Chief Executive Officer, and may reduce, but not increase, the amount of an award otherwise payable to a participant upon attainment of the performance goals.

Restricted Stock and Stock Options

Restricted stock award grants for executive officers who are not Named Executive Officers are recommended by the Chief Executive Officer and determined by the Compensation Committee in a discretionary manner.

9

Restricted stock awards are granted by the Compensation Committee annually to a relatively broad group of key executives, and 20% of the shares vest on each of the first five anniversary dates of the award.

Stock options may be granted annually by the Compensation Committee to a much smaller group of key executives (including executive officers) who have the ability to influence increases in shareholder value. There is no target ownership or grant level for executive officers.

In determining a stock option grant, the Compensation Committee considers, on a discretionary basis, the executive's previous grant and the revenue growth and profitability of Omnicom and the business unit with which the executive was associated during the prior year. Except in unusual circumstances, the Compensation Committee will not increase the size of a grant over the previous grant for an executive associated with a business unit absent revenue or profit growth by the unit over the prior year, or for an executive not associated with a business unit absent revenue or profit growth by Omnicom over the prior year.

The per share option exercise price is not less than the fair market value of a share of Omnicom's common stock on the grant date, and the option becomes exercisable as to 30% of the shares on each of the first two anniversaries of the grant and as to the remaining 40% on the third anniversary of the grant.

Restricted stock awards and stock options are intended to:

- o align the long-term interests of the executive officers and shareholders;
- o serve as an incentive for executive officers to build shareholder value; and

Edgar Filing: OMNICOM GROUP INC - Form DEF 14A

- o provide a vehicle for retaining and attracting executive officers and other key employees.

Performance Share Units

The Compensation Committee has granted certain executive officers the right to earn performance share units. Performance share units entitle the holder to payouts of cash and/or common stock, as determined by the Compensation Committee, up to a maximum amount equal to the value of one share of common stock on the payout date for each performance share.

The Compensation Committee awards performance share units based on the committee's review of Omnicom's earnings per share growth over a three-year period. If the executive officer is affiliated with one of Omnicom's subsidiaries, the committee evaluates the officer using a formula which considers both Omnicom's earnings per share growth over a three-year period and the three-year net profit growth of that subsidiary.

Chief Executive Officer Compensation

Mr. Wren's salary has remained at the same level since January 1, 1997. He received an award of performance share units in 2000 under the 1998 Incentive Plan, the payout of which is scheduled to be made in 2003 based on the three-year average growth in Omnicom's earnings per share. If average earnings per share growth is 110% or less, no payout will be made. The Compensation Committee may reduce any performance award Mr. Wren may otherwise be entitled to receive.

Internal Revenue Code Section 162(m)

Section 162(m) places a limit of \$1 million on the deductibility of compensation Omnicom pays to its Chief Executive Officer and certain other executive officers during each year unless the compensation qualifies as "performance-based compensation."

The Compensation Committee intends to continue generally to seek to structure Omnicom's incentive arrangements for the Chief Executive Officer and certain executive officers of Omnicom in order to qualify the compensation payments as "performance-based compensation" for purposes of Section 162(m); however, the deductibility of compensation is only one factor that the Committee expects to consider in assessing whether a particular arrangement is appropriate given the goal of motivating executives to achieve corporate performance objectives and increase shareholder value.

Termination of Employment Arrangements for Named Executive Officers and Other Agreements

BBDO and Mr. Rosenshine

BBDO has agreed to make annual severance compensation payments to Mr. Rosenshine for a period of up to ten years from when his employment ceases. The length of the payment period will be determined on the basis of Mr. Rosenshine's

Edgar Filing: OMNICOM GROUP INC - Form DEF 14A

age and years of service with BBDO, its subsidiaries or its parent at the time his employment ceases. BBDO is not obligated to make payments under this agreement if Mr. Rosenshine's employment is terminated for cause. "Cause" means misconduct involving willful malfeasance, such as breach of trust, fraud or dishonesty.

The payment period under the agreement is ten years. The amount of an annual payment under this agreement is limited to the lesser of:

- o an assigned percentage of Mr. Rosenshine's annual salary; or
- o an assigned percentage of the consolidated net profit before tax of BBDO or its parent company, whichever is greater.

BBDO has agreed to make these payments for the payment period as long as Mr. Rosenshine does not engage in activities harmful to, competitive with or of the same nature as those of BBDO, and remains available to provide consulting services to BBDO. If Mr. Rosenshine dies before the expiration of the payment period, BBDO will pay 75% of Mr. Rosenshine's payment to his beneficiary for the remainder of the payment period.

Omnicom and Messrs. Harrison, Mead, Reinhard and Wren

Under Omnicom's Executive Salary Continuation Plan, Omnicom has agreed to make salary continuation payments to Messrs. Harrison, Mead, Reinhard and Wren for a period of up to ten years from when the executive's employment ceases. The period will be determined on the basis of the executive's age and years of service with Omnicom or its subsidiaries at the time his employment ceases. Omnicom is not obligated to make payments under these agreements if the executive's employment with Omnicom or its subsidiaries is terminated for cause. "Cause" means misconduct involving willful malfeasance, such as breach of trust, fraud or dishonesty.

The payment period under these agreements is currently six years for Mr. Harrison, eight years for Mr. Mead, ten years for Mr. Reinhard and seven years for Mr. Wren. The amount of an annual payment is limited to the lesser of:

- o an assigned percentage of up to 50% of the executive's annual salary; or
- o an assigned percentage of the consolidated net profit before tax of Omnicom.

Omnicom has agreed to make these payments for the payment period as long as the executive does not engage in activities harmful to, competitive with or of the same nature as those of Omnicom, and remains available to provide consulting services to Omnicom. If the executive dies before the expiration of the payment period, Omnicom will pay 75% of the executive's payment to his beneficiary for the remainder of the payment period. Any payments that may be made to Mr. Reinhard under his agreement will be reduced by the value of payments to be made under a prior agreement with DDB described below.

DDB and Mr. Reinhard

DDB has agreed to pay Mr. Reinhard or his beneficiary retirement compensation on a monthly basis for ten years once Mr. Reinhard ceases to be employed by DDB. The annual income that will be paid to Mr. Reinhard is the greater of:

- o \$66,667; or
- o one-third of his average annual salary during the last 60

Edgar Filing: OMNICOM GROUP INC - Form DEF 14A

months of his employment, subject to limited annual cost of living adjustments.

11

Mr. Reinhard has agreed not to provide specified services to DDB's competitors during the year after his employment ceases, or to engage in specified competitive activities during the ten years after his employment ceases. If Mr. Reinhard breaches these provisions, DDB may discontinue making payments. Also, Mr. Reinhard has agreed, provided he is not disabled and is under age 65, to provide consulting services to DDB when requested for up to five days during each month he is entitled to receive payments. If Mr. Reinhard fails to provide the requested consulting services, DDB may discontinue making payments during the period in which Mr. Reinhard does not provide the requested services.

DDB also has agreed to make monthly severance compensation payments to Mr. Reinhard during the 15 months after his employment terminates, unless the termination is for cause. "Cause" means dishonesty affecting DDB or conviction of an indictable offense or crime involving moral turpitude; willful neglect or refusal to perform assigned duties after warning; or willful acts expected to injure the business of DDB. Each monthly payment will equal one-twelfth of Mr. Reinhard's annual base salary at the date his employment terminates.

If DDB terminates his employment, the payments will be reduced by any compensation earned by Mr. Reinhard from specified activities. If Mr. Reinhard terminates his employment, the payments will cease if he fails to provide requested consulting services, and the payments will be reduced by any compensation earned by Mr. Reinhard during the payment period. Payments also will cease if Mr. Reinhard dies during the payment period. Mr. Reinhard has forfeited his right to compensation payments for termination of employment under DDB policy for employees generally.

Other Agreements

Omnicom has entered into an employment agreement with Mr. Greenlees under which he is entitled to an annual salary of at least \$860,000 through March 31, 2003, and under which Mr. Greenlees was nominated to serve as a director of Omnicom. Omnicom loaned Mr. Greenlees \$2,000,000 to purchase a home. The loan is secured by a first mortgage on the home and bears interest at one-year LIBOR. The loan matures March 31, 2003.

Performance Graph

The graph below compares cumulative total return on Omnicom's common stock during the last five years with the Standard & Poor's 500 Composite Index and a peer group of publicly held advertising holding companies. The peer group consists of Grey Advertising Inc., The Interpublic Group of Companies, Inc., True North Communications Inc., WPP Group plc and, for 1995 - 1996, Cordiant plc (formerly Saatchi & Saatchi plc). Beginning in 1997, the peer group includes Cordiant Communications Group, which is one of the two companies resulting from the demerger of Cordiant plc in December 1997, instead of Cordiant plc. In September 2000, Saatchi & Saatchi, the other company resulting from this demerger, was acquired by Publicis Groupe N.A. As a result, Saatchi & Saatchi is no longer included in the peer group for Omnicom. The graph shows the value at the end of each year of \$100 invested in Omnicom's common stock, the S&P 500

AUDIT COMMITTEE REPORT

The members of the Audit Committee of the Board of Directors are Robert J. Callander, who is Chairman of the committee, Leonard S. Coleman, Jr., Peter Foy and John R. Murphy. The members are independent as defined in the New York Stock Exchange's listing standards, which provide, among other things, that directors may have no relationship with Omnicom that interferes with the exercise of their independence from management and Omnicom. On May 16, 2000, the Board of Directors adopted the Audit Committee Charter in the form of Annex A.

The Audit Committee has reviewed and discussed with management Omnicom's audited financial statements as of December 31, 2000.

The Audit Committee has discussed with Arthur Andersen LLP, Omnicom's independent accountants, the matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended, as issued by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Audit Committee has received and reviewed the written disclosures and the letter from Arthur Andersen required by Independence Standard No. 1, as adopted by the Independence Standards Board, and has discussed with Arthur Andersen its independence.

Based on the review and discussions referred to above, the Audit Committee has recommended to the Board of Directors that the audited financial statements as of December 31, 2000 be included in Omnicom's Annual Report on Form 10-K.

INDEPENDENT ACCOUNTANTS

The Board of Directors has again appointed Arthur Andersen as independent accountants for 2001 on the recommendation of the Audit Committee.

Representatives of Arthur Andersen will be at the Annual Meeting to respond to appropriate questions, and they will have an opportunity to make a statement if they desire to do so.

Edgar Filing: OMNICOM GROUP INC - Form DEF 14A

The following table summarizes the aggregate fees billed by Arthur Andersen for services rendered for the year ended December 31, 2000:

Audit fees	\$ 9,027,554
Financial information systems design and implementation fees	23,754
All other fees	7,987,264

Total	\$17,038,572
	=====

The amount shown for Audit fees includes fees for professional services rendered for the audit by Arthur Andersen of Omnicom's annual financial statements for 2000 and the reviews by Arthur Andersen of Omnicom's financial statements included in its Quarterly Reports on Form 10-Q during 2000.

The Audit Committee has considered whether the provision of information technology and non-audit services are compatible with maintaining the independence of Arthur Andersen LLP.

ADDITIONAL INFORMATION

Record Date; Shares Outstanding

Shareholders of record at the close of business on April 6, 2001 are entitled to vote their shares at the Annual Meeting. As of March 15, 2001, there were 184,372,879 shares of common stock outstanding and entitled to be voted at the meeting. The holders of those shares are entitled to one vote per share.

Quorum

More than 50% of the shares entitled to vote must be represented at the meeting before any business may be conducted. If you abstain from voting on a particular proposal, or if your shares are treated as a broker non-vote, your shares will not be considered as votes cast in favor of or against the proposal, but will be included in the number of shares represented for the purpose of determining whether a quorum is present. Generally, broker non-votes occur when shares held for a beneficial owner are not voted on a particular proposal because the broker has not received voting instructions from the beneficial owner and the broker does not have discretionary authority to vote the shares on a particular proposal.

If a quorum is not present, the shareholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice need be given. An adjournment will have no effect on the business that may be conducted at the meeting.

Voting

You can vote your shares through the internet, by telephone, by proxy card or in person. The internet and telephone voting procedures are designed to authenticate stockholders' identities, to allow stockholders to provide their voting instructions, and to confirm that their instructions have been recorded properly. Internet and telephone proxies are valid under New York law. By submitting your proxy through the internet, by telephone or by using the enclosed proxy card, you will authorize Randall J. Weisenburger and Barry J. Wagner to represent you and vote your shares at the meeting in accordance with your instructions or, if no instructions are given, in their discretion. They may also vote your shares to adjourn the meeting and will be authorized to vote your shares at any adjournments or postponements of the meeting.

Voting by Street Name Holders

If you are the beneficial owner of shares held in "street name" by a broker, bank or other nominee, the broker, bank or nominee, as the record holder of the shares, is required to vote those shares according to your instructions. Your broker, bank or nominee should have enclosed a voting instruction card for you to use in directing it on how to vote your shares.

Default Voting

If you submit a proxy but do not indicate any voting instructions, your shares will be voted FOR the election of all nominees for director. If any other business properly comes before the shareholders for a vote at the meeting, your shares will be voted accordingly to the discretion of the holders of the proxy.

Right to Revoke

If you submit your proxy, you may change your voting instructions at any time prior to the vote at the Annual Meeting. For shares held directly in your name, you may change your vote by granting a new proxy, through the internet, by telephone or in writing, which bears a later date (thereby automatically revoking the earlier proxy) or by attending the Annual Meeting and voting in person. For shares beneficially owned by you, but held in "street name" by a broker, bank or other nominee, you may change your vote by submitting new voting instructions to your broker, bank or nominee.

Tabulation of Votes

Mellon Investor Services will act as inspectors at the Annual Meeting. They will determine the presence of a quorum and will tabulate and certify the votes.

Proxy Solicitation

Omnicom will bear all costs of this proxy solicitation. Proxies may be solicited by mail, in person, by telephone or by facsimile by officers, directors, and regular employees. Omnicom may also reimburse brokerage firms, banks, custodians, nominees and fiduciaries for their expenses to forward proxy materials to beneficial owners. Omnicom has retained D.F. King & Co., Inc. to assist in the solicitation of proxies and will pay a fee of up to \$12,500 plus reimbursement of out-of-pocket expenses for those services.

SHAREHOLDER PROPOSALS

Any shareholder who wishes to present a proposal or nominate a director at next year's Annual Meeting and to include the resolution or nomination in next year's proxy statement must deliver the proposals to Omnicom's principal executive offices no later than the close of business on December 12, 2001. Proposals should be addressed to Corporate Secretary, Omnicom Group Inc., 437 Madison Avenue, New York, NY 10022.

Omnicom's by-laws require that written notice of a nomination for director or submission of a proposal to be voted on at an Annual Meeting be provided to Omnicom no less than 60 days prior to the meeting, which was March 24, 2001 for the 2001 Annual Meeting. In order for a nomination or submission to be considered, the notice must contain certain information prescribed by the by-laws. A copy of the applicable by-law provisions may be obtained, without

Edgar Filing: OMNICOM GROUP INC - Form DEF 14A

charge, upon written request addressed to Corporate Secretary, Omnicom Group Inc., 437 Madison Avenue, New York, New York 10022.
