Item 2.05. Costs Associated with Exit or Disposal Activities.

In our quarterly report on Form 10-Q for the quarterly period ended June 30, 2004, we reported that we began to implement, beginning in the second quarter of 2004, the North American Restructuring Program, a comprehensive series of initiatives designed to improve our financial performance. The financial benefits from these efforts will begin to phase-in during the latter part of 2004, and are expected to approximate \$15 million to \$20 million annually, pre-tax, beginning in 2006.

As previously reported, during the second quarter of 2004, we negotiated a new labor agreement that enables us to reduce workforce levels at our Spring Grove, Pennsylvania facility by approximately 20%. The union membership at this location ratified the agreement on July 20, 2004. In accordance with this agreement, we offered a voluntary early retirement program to eligible union employees.

Based on this contract, and the extent of acceptance through August 31, 2004 by members of the union workforce of certain voluntary benefit enhancements, we expect to record, in the third quarter of 2004, a restructuring charge of between approximately \$13 million and \$20 million, substantially all of which is for enhanced pension benefits, post-retirement medical benefits and other related employee severance costs.
