NOTES TO FINANCIAL STATEMENTS

1. **Summary of Significant Accounting Policies.**

Description of Business. Insignia Systems, Inc. (the "Company") markets in-store advertising products, programs and services to consumer packaged goods manufacturers (customers) and retailers. The Company has been in business since 1990. The Company's products and services include the Insignia POPSign® program, thermal sign card supplies for the Company's Impulse system, Stylus software and laser printable cardstock and label supplies. Since 1998, the Company has focused on providing in-store services through the Insignia Point-of-Purchase Services (Insignia POPS®) in-store advertising program.

Basis of Presentation. Financial statements for the interim periods included herein are unaudited; however, they contain all adjustments, including normal recurring accruals, which in the opinion of management, are necessary to present fairly the financial position of the Company at March 31, 2012, its results of operations for the three months ended March 31, 2012 and 2011, and its cash flows for the three months ended March 31, 2012 and 2011. Results of operations for the periods presented are not necessarily indicative of the results to be expected for the full year.

The financial statements do not include certain footnote disclosures and financial information normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America and, therefore, should be read in conjunction with the financial statements and notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

The Summary of Significant Accounting Policies in the Company's 2011 Annual Report on Form 10-K describes the Company's accounting policies.

	March 31, 2012	December 31, 2011
Raw materials	\$ 80,000	\$ 74,000

Table of Contents

Property and Equipment. Property and equipment consists of the following:

	March 31, 2012	December 31, 2011
Property and Equipment:		
Production tooling, machinery and equipment	\$ 3,912,000	\$ 3,908,000
Office furniture and fixtures	260,000	260,000
Computer equipment and software	1,023,000	1,008,000
Web site	38,000	38,000
Leasehold improvements	616,000	595,000
	5,849,000	5,809,000
Accumulated depreciation and amortization	(3,233,000)	(3,050,000)
Net Property and Equipment	\$ 2,616,000	\$ 2,759,000

Depreciation expense was approximately \$183,000 and \$88,000 in the three months ended March 31, 2012 and 2011, respectively.

Stock-Based Compensation. The Company measures and recognizes compensation expense for all stock-based payments at fair value using the Black-Scholes option pricing model to determine the weighted average fair value of options and employee stock purchase plan rights. The Company recognizes stock-based compensation expense on a straight-line method over the requisite service period of the award.

During the three months ended March 31, 2012 and 2011, no stock option awards were granted by the Company. The Company estimated the fair value of stock-based rights granted during the three months ended March 31, 2012 under the employee stock purchase plan using the following weighted average assumptions: expected life of 1 year, expected volatility of 46%, dividend yield of 0% and risk-free interest rate of 0.12%. The total fair value of stock-based rights granted under the employee stock purchase plan during each of the three months ended March 31, 2012 and 2011 was approximately \$16,000. Total stock-based compensation expense recorded for the three months ended March 31, 2012 and 2011, was \$185,000 and \$145,000, respectively. During the three months ended March 31, 2012 and 2011, there were zero and 1,608,000 stock options exercised, for which the Company received proceeds of \$0 and \$2,915,000.

Dividends Paid. On February 22, 2011, after receipt of a settlement payment in the Company's antitrust and false advertising lawsuit with News America Marketing In-Store, LLC (News America), the Board of Directors approved a special \$2.00 per common share dividend totaling \$31,335,000, which was paid on May 2, 2011. Prior to May 2, 2011, the Company had never paid a dividend, and no dividends were paid in the quarter ending March 31, 2012.

Net Income (Loss) Per Share. Basic net income (loss) per share is computed by dividing net income (loss) by the weighted average shares outstanding and excludes any potential dilutive effects of stock options. Diluted net income (loss) per share gives effect to all diluted potential common shares outstanding during the period.

Due to the net loss incurred during the three months ended March 31, 2012, all stock options were anti-dilutive. Options to purchase approximately 315,000 shares of common stock with a weighted average exercise price of \$8.80 were outstanding at March 31, 2011 and were not included in the computation of common stock equivalents for the three months ended March 31, 2011 because their exercise prices were higher than the average fair market value of the common shares during the reporting period.

Table of Contents

Weighted average common shares outstanding for the three months ended March 31, 2012 and 2011 were as follows:

Three Months Ended March 31	2012	2011
Denominator for basic net income (loss) per share - weighted average shares	13,611,000	15,990,000
Effect of dilutive securities:		
Stock options	—	996,000
Denominator for diluted net income (loss) per share - weighted average shares	13,611,000	16,986,000

2. **Restructuring.** The Company implemented a plan to restructure its operations in March 2012, including workforce reductions, salary adjustments and other cost-saving initiatives. As part of this restructuring plan, approximately 29% of the Company's workforce was reduced. A restructuring charge of \$373,000 was recorded during the quarter ended March 31, 2012. The Company recorded \$93,000 of this charge within Cost of Sales, and \$280,000 within Operating Expenses in the Company's Statements of Operations. Substantially all amounts related to this restructuring had been paid by March 31, 2012.
3. **Selling Arrangement.** In February 2011, the Company and News America entered into a settlement agreement to resolve the Company's antitrust and false advertising lawsuit that had been outstanding for several years. Pursuant to the Settlement Agreement, News America paid the Company \$125,000,000, and the Company paid News America \$4,000,000 in exchange for a 10-year arrangement to sell signs with price into News America's network of retailers as News America's exclusive agent. The \$4,000,000 is being amortized on a straight-line basis over the 10-year term of the arrangement. Amortization expense, which was \$100,000 in the three months ended March 31, 2012 and is expected to be \$400,000 per year over the next five years, is recorded within Cost of Services in the Company's Statements of Operations. The net carrying amount of the selling arrangement is recorded within Other Assets on the Company's Condensed Balance Sheets.

A reconciliation of the settlement proceeds to the gain from litigation settlement recognized in the Company's Statements of Operations is as follows:

Three Months Ended March 31	2012	2011
Settlement proceeds	\$ —	\$ 125,000,000
Less contingent attorney's fees	—	(31,250,000)
Less bonuses paid to employees	—	(3,988,000)
Gain from litigation settlement, net	\$ —	\$ 89,762,000

4. **Income Taxes.** For the three months ended March 31, 2012, the Company recorded an income tax benefit of \$670,000, or 29.8% of loss before taxes. The income tax provision during the three months ended March 31, 2012, is comprised of federal and state taxes. The primary differences between the Company's March 31, 2012 effective tax rate and the statutory federal rate are nondeductible meals and entertainment and expense related to equity compensation.

As a result of the taxable income generated by the settlement proceeds, \$5,385,000 of the Company's deferred tax assets was utilized during the first three months of 2011. For the three months ended March 31, 2011, the provision for income taxes was \$33,951,000, or 38.7% of income before taxes. The income tax provision during the three months ended March 31, 2011, was comprised of federal and state taxes. The primary difference between the Company's March 31, 2011 effective tax rate and the statutory federal rate is due to state income taxes.

Table of Contents

As of March 31, 2012, the Company had unrecognized tax benefits totaling \$424,000 excluding interest, which relates to state nexus issues. The amount of the unrecognized tax benefits, if recognized, that would affect the effective income tax rates of future periods is \$424,000. Due to the current statute of limitations regarding the unrecognized tax benefits, the unrecognized tax benefits and associated interest is not expected to change significantly in 2012.

5. **Concentrations.** During the three months ended March 31, 2012, one customer accounted for 37% of the Company's total net sales. At March 31, 2012, this customer accounted for 32% of the Company's total accounts receivable. During the three months ended March 31, 2011, two customers accounted for 29% and 18%, respectively, of the Company's total net sales. At March 31, 2011, these two customers represented 26% and 12%, respectively, of the Company's total accounts receivable.

Although there are a number of customers that the Company sells to, the loss of a major customer could adversely affect operating results. Additionally, the loss of a major retailer from the Company's retail network could adversely affect operating results.

6. **Shareholders' Equity.** On February 22, 2011, the Board of Directors authorized the repurchase of up to \$15,000,000 of the Company's common stock on or before January 31, 2012. On May 25, 2011, the Board amended the plan to increase the maximum share purchase amount from \$15,000,000 to \$20,000,000. The plan did not obligate the Company to repurchase any particular number of shares, and could have been suspended at any time at the Company's discretion. The Board of Directors did not extend this plan after its expiration on January 31, 2012. For the three months ended March 31, 2012 and 2011, the Company repurchased approximately 104,000 and 1,584,000 shares, respectively, at a total cost of \$213,000 and \$10,672,000, respectively.
7. **New Accounting Pronouncements.** In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820) Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. This ASU provides a consistent definition of fair value between U.S. GAAP and International Financial Reporting Standards. Additionally, the ASU changes certain fair value measurement principles and expands the disclosures for fair value measurements. ASU 2011-04 was effective for interim and annual periods beginning after December 15, 2011 and was to be applied prospectively. The adoption of this ASU did not have an impact on the Company's financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the Company's financial statements and related notes. This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated due to various factors discussed under "Cautionary Statement Regarding Forward-Looking Statements" and elsewhere in this Quarterly Report on Form 10-Q, and the "Risk Factors" described in Item 1A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

See the non-GAAP financial measures information which follows later in this section for a comparison of the 2012 and 2011 periods' non-GAAP net income (loss).

Three Months ended March 31, 2012 Compared to Three Months Ended March 31, 2011

Net Sales. Net sales for the three months ended March 31, 2012, decreased 19.2% to \$3,997,000 compared to \$4,947,000 for the three months ended March 31, 2011.

Service revenues from our POPSign programs for the three months ended March 31, 2012, decreased 20.7% to \$3,468,000 compared to \$4,374,000 for the three months ended March 31, 2011. The decrease was due to a decrease of 30% in the number of signs placed, partially offset by a 3% increase in the average sign price. The decrease in number of signs placed is primarily due to the timing of programs contracted for by customers.

Table of Contents

Product sales for the three months ended March 31, 2012, decreased 7.7% to \$529,000 compared to \$573,000 for the three months ended March 31, 2011. The decrease was primarily due to lower sales of Stylus software and thermal sign card supplies.

Gross Profit. Gross profit for the three months ended March 31, 2012, decreased 55.8% to \$900,000 compared to \$2,036,000 for the three months ended March 31, 2011. Gross profit as a percentage of total net sales decreased to 22.5% for the three months ended March 31, 2012, compared to 41.2% for the three months ended March 31, 2011.

Gross profit from our POPSign program revenues for the three months ended March 31, 2012, decreased 57.3% to \$781,000 compared to \$1,831,000 for the three months ended March 31, 2011. The decrease was primarily due to decreased sales. Gross profit as a percentage of POPSign program revenues for the three months ended March 31, 2012, decreased to 22.5% compared to 41.9% for the three months ended March 31, 2011. The decrease in gross profit as a percentage of POPSign program revenues was due to increased depreciation expense related to the laser die cut system, the restructuring charge and the effect of fixed costs on decreased sales.

Non-GAAP Financial Measures

To supplement the Company's financial statements presented in accordance with accounting principles generally accepted in the United States (GAAP), the Company has provided certain non-GAAP financial measures of financial performance in prior public announcements. These non-GAAP measures are:

net loss before gain from litigation settlement (net of tax), and

net loss before gain from litigation settlement (net of tax) and restructuring charge

The Company's reference to these non-GAAP measures should be considered in addition to results prepared under current accounting standards and are not a substitute for, or superior to, GAAP results.

These non-GAAP measures are provided to enhance investors' overall understanding of the Company's current financial performance and ability to generate cash flows. In many cases, non-GAAP financial measures are used by analysts and investors to evaluate the Company's performance. Reconciliation to the nearest GAAP measure can be found in the financial table included below.

The Company does not expect to repurchase any further shares of common stock during 2012.

The Company believes that based upon current business conditions, its existing cash balance and future cash generated from operations will be sufficient for its cash requirements for the remainder of 2012 and beyond. However, there can be no assurances that this will occur or that the Company will be able to secure additional financing from public or private stock sales or from other financing agreements if needed.
