Haifa, Israel, March 11, 2009 – Elbit Systems Ltd. (the “Company”) (NASDAQ: ESLT, TASE: ESLT), the international defense electronics company, today reported its consolidated results for the fourth quarter and full year ended December 31, 2008.

Fourth quarter 2008 results

Consolidated revenues for the fourth quarter of 2008 increased by 18.1% to \$697.9 million, from \$591.1 million in the fourth quarter of 2007.

Gross profit for the fourth quarter of 2008 increased by 30.2% to \$203.4 million (29.1% of revenues), as compared with gross profit of \$156.2 million (26.4% of revenues) in the fourth quarter of 2007.

During the fourth quarter the Company had a \$1 million IPR&D expense due to the acquisition of Innovative Concepts, Inc., a wireless communications technology firm in the U.S.

Operating income for the fourth quarter of 2008 increased 62.7% to \$62.2 million (8.9% of revenues), as compared with operating income of \$38.2 million (6.5% of revenues) in the fourth quarter of 2007.

Edgar Filing: ELBIT SYSTEMS LTD - Form 6-K

During the fourth quarter, Mediguide Inc., a non-core subsidiary in which the Company owned a 41.3% interest on a fully diluted basis, was purchased by St. Jude Medical. The Company recorded net income of \$74.4 million from this sale in the fourth quarter of 2008. In addition, there was a one-time impairment charge of \$10.5 million relating to Sandel Avionics, Inc., a U.S. company in which the Company invested \$12.4 million in 2007. Thus the aggregate contribution to the quarter's results from these one-time effects was an additional \$63.9 million to the net profit.

Financial expenses for the fourth quarter of 2008 were \$3.8 million, which included a write-off of Auction Rate Securities amounting to \$9.6 million. The total amount of Auction Rate Securities remaining on the balance sheet is \$3 million.

Consolidated net income for the fourth quarter was \$105.3 million (15.1% of revenues) compared with net income of \$31.9 million (5.4% of revenues) in the fourth quarter of 2007.

Earning Release

Diluted earnings per share for the fourth quarter were \$2.48, compared with \$0.75 for the fourth quarter of 2007.

This translates to fourth quarter diluted earnings per share of \$1.00.

Full year 2008 results

It is noted that the 2007 annual results were negatively affected by one-time charges related to the completion of the Company's acquisition of the remaining shares of Tadiran Communications Ltd. in April 2007. The Company recorded \$27.1 million in expenses in relation to the acquisition.

Financial expenses for the year were \$36.8 million, which included a write-off of Auction Rate Securities totaling to \$18.7 million, compared to financial expenses of \$19.3 million in 2007, which included a \$10 million write-off.

Consolidated net income for 2008 were \$204.2 million (7.7% of revenues), compared with \$76.7 million (3.9% of revenues) in 2007.

The President and CEO of Elbit Systems, Joseph Ackerman, commented, "Our final quarter in 2008, represents another quarter of continued progress, with stronger profitability as well as growth across all areas of operation and geographies. 2008 was a year in which we successfully integrated our acquisitions from prior years and began reaping the fruits of these activities. We have proven that our analysis of the direction of the global defense industry during the past few years was well founded, and we invested in areas which have become very relevant for our customers. Consequently, we now hold a substantial competitive and technological position in all these areas. We end 2008 in a very strong position as a global company and a well-known leader by our partners and customers. Looking ahead, we have primed our business for continued growth, well into the future. The sale of our holdings in Mediguide, strengthened our Balance Sheet and underscored that defense technology can be used in commercial applications."

Mr. Ackerman continued, "While the global economic situation is challenging for all, we continue to ensure our expense footprint is minimized, as well as closely manage our risks. At the same time, we are examining ways to exploit the current environment in order to upgrade our platform for continued future technological growth and the nurture of our excellent human resources. This is to ensure we are well prepared for all eventualities and that we are able to maintain and build our profitability, momentum and technological leadership, in the coming quarters and years ahead."

The Board of Directors declared a dividend of \$0.80 per share for the fourth quarter of 2008. The dividend's record date is March 24, 2009, and the dividend will be paid on April 6, 2009, net of taxes and levies, at the rate of 16.82%.
