Acquisition of 50% of FR8

ANNOUNCEMENT NO. 1 – 2008

24 January 2008

Acquisition of 50% of FR8

A/S Dampskibsselskabet TORM ("TORM") announces that it has acquired a 50% equity stake in the shipping company FR8 Holdings Pte. Ltd. ("FR8") from FR8 Limited, a subsidiary of the international oil trader Projector. The FR8 Group has offices in Singapore, London and Veracruz in Mexico and employs about 30 staff worldwide. Projector will continue to own its equity interest in FR8.

The purchase price for the 50% equity stake in FR8 amounts to USD 125 million which reflects the current value of similar shipping companies.

In accordance with TORM's long-term strategy, "Greater Earning Power", the acquisition of FR8 will provide TORM's fleet with access to oil cargoes from Projector and FR8. In addition, the acquisition will enhance TORM's insight into the demand parameters influencing the product tanker market.

The FR8 Group controls 25 vessels including 3 LR2 newbuildings for delivery in 2008. The FR8 Group owns 6 modern product tankers, comprising 4 MR and 2 LR1 product tankers. In addition, the FR8 Group has long-term charters on 3 LR2, 4 LR1 and 11 MR product tankers, with purchase options on 3 of these vessels. The FR8 Group also commercially manages 1 LR2 vessel.

The agreement is subject to merger control approval and execution.

For further information on FR8, please refer to www.fr8.com.

Forward looking
statements

Matters discussed in this release may constitute forward-looking statements. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts. The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, Management's examination of historical operating trends, data contained in our records and other data available from third parties. Although TORM believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, TORM cannot assure you that it will achieve or accomplish these expectations, beliefs or projections.

Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward looking statements include the strength of world economies and currencies, changes in charter hire rates and vessel values, changes in demand for "tonne miles" of oil carried by oil tankers, the effect of changes in OPEC's petroleum production levels and worldwide oil consumption and storage, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled dry-docking, changes in TORM's operating expenses, including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations including requirements for double hull tankers or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists. Risks and uncertainties are further described in reports filed by TORM with the US Securities and Exchange Commission, including the TORM Annual Report on Form 20-F and its reports on Form 6-K.

Forward looking statements are based on management's current evaluation, and TORM is only under obligation to update and change the listed expectations to the extent required by law.
