Item 3.

Source and Amount of Funds or Other Consideration.

The Shares purchased by each of Legion Partners I, Legion Partners II, Legion Partners Special VIII and 4010 Partners were purchased with working capital (which may, at any given time, include margin loans made by brokerage firms in the ordinary course of business) in open market purchases, except as otherwise noted in Schedule A, which is incorporated herein by reference.

The aggregate purchase price of the 732,087 Shares owned directly by Legion Partners I is approximately \$21,149,941, including brokerage commissions. The aggregate purchase price of the 33,020 Shares owned directly by Legion Partners II is approximately \$937,435, including brokerage commissions. The aggregate purchase price of the 268,427 Shares owned directly by Legion Partners Special VIII is approximately \$8,440,323, including brokerage commissions. The aggregate purchase price of the 20,500 Shares beneficially owned by 4010 Partners is approximately \$558,552, including brokerage commissions. The aggregate purchase price of certain call options exercisable into 19,000 Shares beneficially owned by 4010 Partners, as further described in Item 6 below, is approximately \$18,863, including brokerage commissions.

Item 4.

Purpose of Transaction.

The Reporting Persons purchased the Shares based on the Reporting Persons’ belief that the Shares, when purchased, were undervalued and represented an attractive investment opportunity. Depending upon overall market conditions, other investment opportunities available to the Reporting Persons, and the availability of Shares at prices that would make the purchase or sale of Shares desirable, the Reporting Persons may endeavor to increase or decrease their position in the Issuer through, among other things, the purchase or sale of Shares on the open market or in private

transactions or otherwise, on such terms and at such times as the Reporting Persons may deem advisable.

CUSIP NO. 371532102

The Reporting Persons believe that the current market price of the Shares does not reflect the Issuer's intrinsic value. In the Reporting Persons' view, one of the key areas that does not appear to be well understood or fully appreciated by the market is the opportunity for the Issuer to monetize certain segments of its business and return a significant amount of capital to shareholders. Such transactions have become even more actionable given the recently enacted Federal tax law changes. The Reporting Persons are highly focused on collaborating with the Issuer's management and board of directors (the "Board") to significantly improve returns on invested capital.

No Reporting Person has any present plan or proposal which would relate to or result in any of the matters set forth in subparagraphs (a) - (j) of Item 4 of Schedule 13D except as set forth herein or such as would occur upon or in connection with completion of, or following, any of the actions discussed herein. The Reporting Persons intend to review their investment in the Issuer on a continuing basis. Depending on various factors including, without limitation, the Issuer's financial position and investment strategy, the price levels of the Shares, conditions in the securities markets and general economic and industry conditions, the Reporting Persons may in the future take such actions with respect to their investment in the Issuer as they deem appropriate including, without limitation, engaging in communications with management and the Board, engaging in discussions with shareholders of the Issuer and others about the Issuer and the Reporting Persons' investment, making proposals to the Issuer concerning changes to the capitalization, ownership structure, board structure (including board composition) or operations of the Issuer, purchasing additional Shares, selling some or all of their Shares, entering into financial instruments or other agreements that increase or decrease the Reporting Persons' economic or beneficial exposure with respect to their investment in the Issuer, engaging in short selling of or any hedging or similar transaction with respect to the Shares, including swaps and other derivative instruments, or changing their intention with respect to any and all matters referred to in Item 4.

Item 5. Interest in Securities of the Issuer.

(a) The aggregate percentage of Shares reported owned by each person named herein is based upon 19,913,201 Shares outstanding as of November 24, 2017, which is the total number of Shares outstanding as reported in the Issuer's Quarterly Report on Form 10-Q filed with the Securities and Exchange Commission on December 7, 2017.
