REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Trustees and Participants in the
Carver Federal Savings Bank
401(k) Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Carver Federal Savings Bank 401(k) Savings Plan (the Plan), as of, and the related statement of changes in net assets available for benefits for the year ended August 31, 2012 and December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of August 31, 2012 and December 31, 2011, and the changes in net assets available for benefits for the year ended August 31, 2012, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of August 31, 2012 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Very truly yours,

/s/ P&G Associates

CARVER FEDERAL SAVINGS BANK 401(k) SAVINGS PLAN

Notes to Financial Statement

Eight month period ended August 31, 2012

1. Description of the Plan

The following description of the Carver Federal Savings Bank 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the plan and provisions. The Plan was terminated effective August 1, 2012. See footnote 7 for additional information.

(a) General

The Plan is a non-standardized prototype defined contribution 401(k) Plan. Carver Federal Savings Bank (the “Company” or the “Employer”) established the Plan effective October 1, 1989, and last amended the Plan on November 15, 2010. The Plan is administered by a Plan Administrator, who controls and manages the operations of the Plan. The Plan Administrator is Carver Federal Savings Bank, and the Plan’s operations are overseen by an Employee Benefits Committee named by the Company whose members are also employees or officers of the Company. The Plan’s Trustee is Bank of America, N.A. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) Eligibility

All employees of the Company are eligible to participate in the Plan, except employees who have less than three months of service, employees who are members of a union that bargained separately for retirement benefits during negotiations, non-resident aliens who received no earned income from sources within the United States, employees of an affiliate that has not adopted the Plan, leased employees, any employee classified by the Company as a temporary employee, and expatriates assigned to the Employer of a participating affiliate on a non-permanent basis. If the employee is not excluded from participation due to the above eligibility requirements, he or she will become eligible to participate in the Plan and receive Company matching contributions upon attaining age 21 and completing three months of service. Eligible employees may enter the plan on the first day of the calendar month next following their meeting eligibility requirements.

(c) Contributions

Every year, participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limitations. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. The Company may make a matching contribution up to the first 4% of total compensation that a participant contributes as pre-tax contributions to the Plan. During 2011, the Company did not make such matching contributions. In addition, the Company may make a profit sharing discretionary contribution allocated as a percentage of participant's compensation. The Plan was amended to cease making such matching contributions, effective January 1, 2011.

(d) Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contribution, and (b) Plan earnings, and is charged with withdrawals, administrative expenses and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Investments

Participants direct the investment of their contributions and Company matching contributions, among mutual fund and other investment options as offered by the Plan. In 2011, the Bank transferred funds from the Merrill Lynch Retirement Preservation Trust Fund to the Invesco Stable Value Ret CL 5 Fund.

(f) Vesting

Participants are immediately 100% vested in their contributions, including "rollovers", and the Company's matching contribution, plus actual earnings thereon. Participants are vested in the Company's profit sharing contributions, plus actual earnings thereon evenly over a five year vesting period (20% after one year, 40% after two years, 60% after three years, 80% after four years and 100% after five years).

The amounts of \$0 and \$9,616 forfeited non-vested account balances were used to reduce employer contributions during the eight month period ended August 31, 2012 and year ended December 31, 2011, respectively. There were \$25,414 and

\$11 of forfeited non-vested balances as of August 31, 2012 and December 31, 2011, respectively.

(g) Participant Loans

Participants may borrow from their fund accounts. Such participant loans must be a minimum of \$1,000 and may increase up to a maximum of \$50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

(h) Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.
