FORWARD-LOOKING STATEMENTS

This prospectus supplement and the accompanying prospectus contain or incorporate statements that we believe are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to our financial condition, results of operations, plans, objectives, future performance or business. They usually can be identified by the use of forward-looking language such as "will likely result," "may," "are expected to," "is anticipated," "estimate," "forecast," "projected," "intends to" or other similar words. You should not place undue reliance on these statements, as they are subject to risks and uncertainties, including but not limited to those described in this prospectus supplement, the accompanying prospectus or the documents incorporated by reference. When considering these forward-looking statements, you should keep in mind these risks and uncertainties, as well as any cautionary statements we may make. Moreover, you

Edgar Filing: FIFTH THIRD BANCORP - Form 424B2

should treat these statements as speaking only as of the date they are made and based only on information then actually known to us.

Our actual results, performance or achievements could be significantly different from the results expressed in or implied by any forward-looking statements. Factors that might cause such a difference include, but are not limited to: (1) competitive pressures on financial institutions may increase significantly; (2) changes in the interest rate environment may reduce interest margins; (3) prepayment speeds, loan sale volumes, charge-offs and loan loss provisions are inherently uncertain; (4) general economic conditions, either national or in the states in which we do

business, may be less favorable than expected; (5) political developments, wars or other hostilities may disrupt or increase volatility in securities markets or other economic conditions; (6) legislative or regulatory changes may adversely affect the businesses in which we are engaged; (7) changes and trends in the securities markets; (8) a delayed or incomplete resolution of regulatory issues; (9) the impact of reputational risk created by these developments on such matters as business generation and retention, funding and liquidity; and (10) the outcome of regulatory or legal proceedings. You should refer to our periodic and current reports filed with the SEC for further information on other factors which could cause actual results to be significantly different from those expressed or implied by these forward-looking statements. See "Documents Incorporated by Reference" on page S-1 and "Where You Can Find More Information" in the accompanying prospectus.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the Notes for general corporate purposes.

- pretax earnings required for preferred stock dividends were computed using tax rates for the applicable year.

DESCRIPTION OF NOTES

The Notes are a series of "subordinated debt securities" as defined in the accompanying prospectus and will be issued under the subordinated indenture described in that prospectus. This section summarizes the specific financial and legal terms of the Notes that are more generally described under the section entitled "Debt Securities" beginning on page 7 of the accompanying prospectus (as that section relates to our subordinated debt securities). If anything described below is inconsistent with the terms applicable to our subordinated debt securities described under the section entitled "Debt Securities" in the accompanying prospectus, the terms described below will prevail.

- TITLE: 4.50% Subordinated Notes due June 1, 2018.

- TOTAL PRINCIPAL AMOUNT BEING ISSUED: \$500,000,000.

- MATURITY DATE: June 1, 2018.

- INTEREST RATE: 4.50% per annum.

- DAY COUNT CONVENTION: Interest will be computed on the basis of a 360-day year of twelve 30-day months.

- DATE INTEREST STARTS ACCRUING: May 23, 2003.

- INTEREST PAYMENT DATES: Every June 1 and December 1. If any interest payment date or the maturity date of the Notes falls on a day which is not a business day, the related payment of principal of or interest on the Notes will be made on the next day which is a business day with the same force and effect as if made on the date such payment was due, and no interest shall accrue on the amount payable for the period from and after such interest payment date or maturity date, as the case may be.

- FIRST INTEREST PAYMENT DATE: December 1, 2003.

- REGULAR RECORD DATES FOR INTEREST: Every May 15 and November 15 preceding the related interest payment date.

- SINKING FUND: There is no sinking fund.

- DEFEASANCE: We may choose to terminate some of our obligations under the Notes as described under "Defeasance and Discharge" on page 14 of the accompanying prospectus.

- TRUSTEE: Fifth Third will issue the Notes under a subordinated indenture with Wilmington Trust Company, as Trustee. As described under "Junior Subordinated Debentures" beginning on page 45 of the accompanying prospectus, Wilmington Trust Company also acts as trustee under our Junior Subordinated Indenture dated as of March 20, 1997. If an event of default under the Notes occurs, the Trustee may be considered to have a conflicting interest with respect to the Notes or the Junior Subordinated Indenture for purposes of the Trust Indenture Act of 1939, as

S-3

amended. In that case, the Trustee may be required to resign as trustee under the subordinated indenture and we would be required to appoint a successor trustee.

- SUBORDINATION: Our obligations to make payments on the Notes will be subordinated as described on pages 8 to 10 of the accompanying prospectus.

- EVENTS OF DEFAULT; ACCELERATION: An event of default under the Notes will occur, and the payment of principal of the Notes may be accelerated, only in certain events involving our bankruptcy, insolvency or reorganization (but not the bankruptcy, insolvency or reorganization of any of our subsidiaries), as more fully described on pages 11 to 12 of the accompanying prospectus. There will be no right of acceleration of the payment of principal of the Notes upon a default in the payment of principal or interest on the Notes or in the performance of any of Fifth Third's covenants or agreements contained in the Notes or in the subordinated indenture.

- ISSUANCE OF ADDITIONAL NOTES: We may, without notice to or consent of the holders or beneficial owners of the Notes, issue additional notes having the same ranking, interest rate, maturity and/or other terms as the Notes. Any such additional notes issued may be considered part of the same series of notes under the subordinated indenture as the Notes offered by this prospectus supplement.

S-4

UNDERWRITING

Fifth Third and the underwriters for the offering (the "Underwriters") named below have entered into an underwriting agreement with respect to the Notes. Subject to certain conditions, each Underwriter has severally agreed to purchase the principal amount of Notes indicated in the following table. Goldman, Sachs & Co. and Lehman Brothers Inc. are the representatives of the Underwriters.

Underwriters	Principal Amount of Notes
--------------	------------------------------

Edgar Filing: FIFTH THIRD BANCORP - Form 424B2

Goldman, Sachs & Co.	\$250,000,000
Lehman Brothers Inc.	100,000,000
Citigroup Global Markets Inc.	50,000,000
Fifth Third Securities, Inc.	50,000,000
UBS Warburg LLC.....	50,000,000
<hr/>	
Total.....	\$500,000,000
<hr/>	

The Underwriters are committed to take and pay for all of the Notes being offered, if any are taken.

Notes sold by the Underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any Notes sold by the Underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.45% of the principal amount of Notes. Any such securities dealers may resell any Notes purchased from the Underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.25% of the principal amount of Notes. If all the Notes are not sold at the initial offering price, the representatives may change the offering price and the other selling terms. Underwriting discounts or commissions in connection with sales of the Notes will not exceed 8%.

The Notes are a new issue of securities with no established trading market. Fifth Third has been advised by the Underwriters that the Underwriters (other than Fifth Third Securities, Inc.) intend to make a market in the Notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the Notes.

In connection with the offering of the Notes, the Underwriters may purchase and sell Notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the Underwriters of a greater number of Notes than they are required to purchase in the offering of the Notes. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering of the Notes is in progress.

The Underwriters also may impose a penalty bid. This occurs when a particular Underwriter repays to the Underwriters a portion of the underwriting discount received by it because the representatives have repurchased Notes sold by or for the account of such Underwriter in stabilizing or short covering transactions.

These activities by the Underwriters may stabilize, maintain or otherwise affect the market price of the Notes. As a result, the price of the Notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the Underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

S-5

Fifth Third estimates that its share of the total expenses of the offering of the Notes, excluding underwriting discounts and commissions, will be approximately \$620,000.

Edgar Filing: FIFTH THIRD BANCORP - Form 424B2

Fifth Third has agreed to indemnify the several Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

Fifth Third Securities, Inc. is an affiliate of Fifth Third. Rule 2720 of the Conduct Rules of the National Association of Securities Dealers, Inc. imposes certain requirements when an NASD member such as Fifth Third Securities distributes an affiliated company's securities. Fifth Third Securities has advised us that this offering of the Notes will comply with the applicable requirements of Rule 2720.

NASD members will not confirm initial sales to accounts over which they exercise discretionary authority without the prior specific written approval of the customer.

Each Underwriter has represented, warranted and agreed that: (i) it has not offered or sold and, prior to the expiry of a period of six months from the closing date, will not offer or sell any Notes to persons in the United Kingdom except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995; (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the "FSMA")) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to Fifth Third; and (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

The Notes may not be offered, sold, transferred or delivered in or from The Netherlands, as part of their initial distribution or as part of any re-offering, and neither this prospectus supplement, the accompanying prospectus nor any other document in respect of the offering may be distributed or circulated in The Netherlands, other than to individuals or legal entities which include, but are not limited to, banks, brokers, dealers, institutional investors and undertakings with a treasury department, who or which trade or invest in securities in the conduct of a business or profession.

S-6

Arthur Andersen was convicted on June 15, 2002 of federal obstruction of justice in connection with its actions regarding Enron Corp. and ceased to practice before the Securities and Exchange Commission as of August 31, 2002. As a result of the events arising out of Arthur Andersen's conviction you may have no effective remedy against it in connection with a material misstatement or omission in the financial statements it audited. Moreover, the events arising out of Arthur Andersen's conviction may adversely affect the ability of Arthur Andersen to satisfy any successful claim.
