At the Annual Meeting, the following proposals will be presented for consideration:

The election of eight directors, each of whom will hold office until our Annual Meeting of Stockholders in 2006 and until his successor has been duly elected and qualified.

The ratification and approval of the appointment of Deloitte & Touche LLP as our independent registered accounting firm for the fiscal year ending December 31, 2005.

You are entitled to vote at the meeting for some of our director nominees, on the proposal to ratify and approve the appointment of Deloitte & Touche LLP as our independent registered accounting firm for the fiscal year ending December 31, 2005 and on the proposal to amend our Amended and Restated Certificate of Incorporation if you were the holder of record of any shares of our Common Stock or Series A Convertible Preferred Stock at the close of business on March 4, 2005. If any of our director candidates becomes unavailable for any reason before the election, we may reduce the number of directors serving on our Board or a substitute candidate may be designated. We are asking for your proxy on behalf of our Board or, in the case of our Noteholders, on behalf of the Trustee for the Notes. We will bear the entire cost of preparing, printing and soliciting proxies. We will send proxy solicitation materials to all of our stockholders and all holders of our Notes of record as of March 4, 2005, and to all intermediaries, such as brokers and banks, that held any of our shares or Notes on that date on behalf of others. These intermediaries will then forward solicitation materials to the beneficial owners of our shares and Notes and we will reimburse them for their reasonable forwarding expenses. Our directors, officers and employees may also solicit proxies in person or by telephone.

Proposals By Stockholders

Our Board of Directors does not intend to bring any other matters before the Annual Meeting and has not been informed that any other matters are to be presented by others. Our Bylaws contain several requirements that must be satisfied in order for any of our stockholders to bring a proposal before one of our annual meetings, including a requirement of delivering proper advance notice to us. Stockholders are advised to review our Bylaws if they intend to present a proposal at any of our annual meetings. Holders of our Notes are not permitted to bring any proposals before one of our annual meetings other than the election of the Noteholders Nominee.

Nominations of directors may also be made by our Board of Directors or as otherwise provided in our Certificate of Incorporation, the Designation of Preferences, Rights and Limitations for our

Preferred Stock or our Bylaws. In determining whether it will recommend or support a candidate for a position on our Board of Directors, our Corporate Governance Committee considers those matters it deems relevant, which may include, but are not limited to, integrity, judgment, business specialization, technical skills, diversity, independence, potential conflicts of interest and the present needs of our Board of Directors. Our Corporate Governance Committee also takes into account any restrictions, requirements or limitations contained in our Certificate of Incorporation, the Designation of Preferences, Rights and Limitations for our Preferred Stock or our Bylaws, or any other agreement to which we are a party.

Annual Report and Available Information

Our annual report on Form 10-K (including financial statements and the financial statement schedules but without exhibits) for our fiscal year ended December 31, 2004 (our Form 10-K ), including financial statements, accompanies this Proxy Statement but does not constitute a part of the proxy solicitation materials. **We will furnish additional copies of our Form 10-K, without charge, to any person whose vote is solicited by this Proxy Statement upon written request to the following address: Sterling Chemicals, Inc., 333 Clay Street, Suite 3600, Houston, Texas 77002; Attention: Chief Financial Officer.** In addition, upon written request, we will furnish a copy of any exhibit to our Form 10-K to any person whose vote is solicited by this Proxy Statement upon payment of our reasonable expenses incurred in connection with providing the copy of the exhibit.

Election of Directors  
(Item 1 on the Proxy Card)

Our Board of Directors oversees our management, reviews our long-term strategic plans and exercises direct decision making authority in key areas. All of our director candidates currently serve on our Board. With the exception of Richard K. Crump, our President and Chief Executive Officer, we do not employ any of our current directors or any of our director candidates. Only non-employee directors are eligible to serve on our Audit Committee, our Compensation Committee and our Corporate Governance Committee. Each of our directors is elected annually to serve until our next annual meeting and until his or her successor is duly elected and qualified. Mr. Crump was originally appointed to our Board in December of 2001. Messrs. Gildea, Haney, Kirschner, Symington and Whittaker were all originally appointed to our Board on December 19, 2002. Dr. Peter Ting Kai Wu was originally appointed as one of our directors on March 12, 2004 to fill a pre-existing vacancy on our Board and Mr. Philip M. Sivin was appointed to our Board by the holders of our Preferred Stock on July 28, 2004 to fill a vacancy in a seat previously held by a designee of our Preferred Stock holders. Mr. Thomas P. Krasner currently serves as one of our directors as the designee of the Unsecured Creditors Committee in our prior bankruptcy proceedings. However, under our Certificate of Incorporation, Mr. Krasner's term as a director expires at the time of the Annual Meeting and he will not be one of our directors after the Annual Meeting.

Our Board held seven meetings in 2004. On average, our directors attended approximately 81% of the meetings of our Board or any of our committees on which they served. Our only directors who attended less than 75% of the meetings of our Board and all committees on which they served were James B. Rubin, who did not attend any meetings in 2004 prior to the time he no longer served on our Board, and Robert T. Symington, who attended approximately 63% of such meetings. We do not have a specific policy regarding attendance by directors at annual meetings of our stockholders, but all of our directors are encouraged to attend if available.

As discussed above in Arrangements Regarding Nomination and Election of Directors, the holders of our Preferred Stock, voting separately as a class, are currently entitled to elect a majority of our directors, and the holders of our Notes, voting separately as a class, are currently entitled to elect one of our directors. All of our remaining directors are elected by the holders of our Preferred Stock and Common Stock, voting together as a single class. The procedures for these separate votes by the holders of our Preferred Stock, the holders of our Preferred Stock and our Common Stock (as a single class) and the holders of our Notes, together with information about the candidates for the relevant election, is presented below under the headings Preferred Stock Nominees, General Nominees and Noteholders Nominee, respectively.

**Table of Contents**

Preferred Stock Nominees

*Who May Vote*

If you owned any shares of our Preferred Stock on March 4, 2005, as reflected in our stock register, you may vote in the election for the Preferred Stock Nominees. Our shares of Common Stock and our Notes do not vote in the election for the Preferred Stock Nominees.

*Outstanding Shares*

On March 4, 2005, there were 2,993,464 shares of our Preferred Stock outstanding (currently convertible into 2,993,464 shares of our Common Stock at the option of the holders), none of which were owned by us or any of our subsidiaries.

*Quorum*

In order to conduct the election for the Preferred Stock Nominees, we must have a quorum. This means that we must have at least a majority of the shares of our Preferred Stock represented at the Annual Meeting, either in person or by proxy. Any shares of Preferred Stock owned by us or by any of our subsidiaries are not counted for purposes of determining whether a quorum is present. Shares of our Preferred Stock held by intermediaries that are voted for at least one matter at the Annual Meeting are counted as being present for the election for the Preferred Stock Nominees, even if the beneficial owner's discretion has been withheld for voting on some or all of the other matters (commonly referred to as a broker non-vote).

*Votes Needed*

Each share of our Preferred Stock has the right to cast 1,000 votes for each of the Preferred Stock Nominees. A Preferred Stock Nominee is elected to our Board if he receives the favorable vote of a plurality of the votes cast by the shares of our Preferred Stock that are entitled to vote and are present at the Annual Meeting, either in person or by proxy. Under this format, abstentions and broker non-votes will not affect the outcome of the election.

*Information about each of the Preferred Stock Nominees is provided below.*

**Our Board of Directors recommends that the holders of shares of our Preferred Stock vote FOR the election to our Board of each of the following candidates:**

*Byron J. Haney*  
Age 44

Mr. Haney is a Managing Director of Resurgence Asset Management, L.L.C., which beneficially owns a substantial majority of the voting power of our securities. Mr. Haney joined Resurgence in 1994. General Nominees

*Who May Vote*

If you owned any shares of our Preferred Stock or Common Stock on March 4, 2005, as reflected in our stock register, you may vote in the election for the General Nominees. Our Notes do not vote in the election for the General Nominees.

*Outstanding Shares*

On March 4, 2005, there were 2,993,464 shares of our Preferred Stock (currently convertible into 2,993,464 shares of our Common Stock at the option of the holders) and 2,825,000 shares of our Common Stock outstanding, none of which were owned by us or any of our subsidiaries.

*Quorum*

In order to conduct the vote for the General Nominees, we must have a quorum. This means that we must have at least a majority of the voting power of our outstanding shares of Preferred Stock and Common Stock represented at the Annual Meeting, either in person or by proxy.

In the election for the General Nominees, our shares of Preferred Stock and Common Stock vote together as a single class. For purposes of class voting, each share of our Common Stock has the right to one vote and each share of our Preferred Stock has the right to one vote for each share of our Common Stock into which such share of Preferred Stock is convertible on the record date for such vote. Each share of our Preferred Stock was convertible into 1,000 shares of our Common Stock on the record date for the election of the General Nominees, which means that each share of our Preferred Stock that is represented at the Annual Meeting is the equivalent of 1,000 shares of our Common Stock being represented at the Annual Meeting for purposes of determining whether a quorum is present.

Any shares owned by us or by any of our subsidiaries are not counted for purposes of determining whether a quorum is present. Shares of our stock held by intermediaries that are voted for at least one matter at the Annual Meeting are counted as being present for the election of the General Nominees, even if the beneficial owner's discretion has been withheld for voting on some or all of the other matters (commonly referred to as a "broker non-vote").

*Votes Needed*

Each share of our Common Stock has the right to cast one vote for each of the General Nominees and each share of our Preferred Stock has the right to cast 1,000 votes for each of the General Nominees. A General Nominee is elected to our Board if he receives the favorable vote of a plurality of the votes cast by the shares of our Preferred Stock and Common Stock that are entitled to vote and are present at the Annual Meeting, either in person or by proxy. Under this format, abstentions and broker non-votes will not affect the outcome of the election.

### Director Compensation

A member of our Board who is also one of our employees does not receive additional compensation for serving on our Board or any Board committees, although all of our directors are reimbursed for their travel expenses related to their services as a director. Each of our non-employee directors is currently paid an annual retainer of \$25,000 for his service as a director, and meeting fees of \$2,500 for each Board meeting held in person that he attends and \$1,250 for each telephonic Board meeting in which he participates. Our non-employee directors that serve on our Board Committees are also paid \$1,500 for each Committee meeting held in person that they attend and \$750 for each telephonic Committee meeting in which they participate. Previously, our directors were permitted to defer any or all of these payments, with deferred payments accruing interest at the average quoted rate for a ten-year U.S. Treasury Note. Our Board terminated this deferral option effective as of January 1, 2005, and on January 10, 2005 we paid Mr. Gildea \$100,183 and Dr. Wu \$25,313 as payment in full of amounts previously accrued by them under the deferral option. The amount we paid to Mr. Gildea included \$49,750 for services rendered in 2004. We paid a total of \$38,000 to Dr. Wu for services rendered in 2004, a portion of which was paid through the \$25,313 distribution on January 10, 2005. We paid Mr. Krasner \$43,000 for services rendered as a director in 2004. Messrs. Haney, Kirschner, Sivin, Symington and Whittaker are employed by Resurgence and, pursuant to established policies of Resurgence, all director compensation earned by these directors is paid to Resurgence.

### Independence

Mr. Gildea is considered independent under the listing standards of the New York Stock Exchange. Each of Messrs. Haney, Kirschner, Sivin, Symington and Whittaker are employed by Resurgence, which has beneficial ownership of a substantial majority of the voting power of our securities due to its investment and disposition authority over securities owned by its and its affiliates' managed funds and accounts. As a result of this beneficial ownership, Resurgence is considered to be our affiliate under Securities and Exchange Commission guidelines and, consequently, Messrs. Haney, Kirschner, Sivin, Symington and Whittaker may be considered to be not independent under the listing standards of the New York Stock Exchange due to their employment by Resurgence. In addition, Dr. Wu may be considered to be not independent under the listing standards of the New York Stock Exchange because his son-in-law was previously employed by Resurgence until March 31, 2004. Mr. Crump is our Chief Executive Officer and, consequently, is considered to be not independent under the listing standards of the New York Stock Exchange.

### Board Committees

Our Board of Directors has created various standing committees to help carry out its duties, including an Audit Committee, a Compensation Committee, a Corporate Governance Committee and an Environmental, Health and Safety Committee. Generally speaking, our Board Committees work on key issues in greater detail than would be possible at full Board meetings. Each of our Board Committees consults, from time to time, with outside experts concerning the performance of its duties. As part of its duties, our Corporate Governance Committee acts as our nominating committee.

#### *Audit Committee*

Our Audit Committee is currently comprised of three of our non-employee directors, Byron J. Haney (Chairman), John W. Gildea and Keith R. Whittaker, and met four times in 2004. Our Audit Committee operates under a written charter adopted by our Board, a current copy of which is posted on

our website at [www.sterlingchemicals.com](http://www.sterlingchemicals.com), and is also an Exhibit to our Form 10-K. Our Audit Committee oversees our accounting and financial reporting processes and the audits of our financial statements, and monitors the qualifications, independence and performance of our internal and independent auditors. Our Audit Committee is directly responsible for the appointment, compensation and oversight of our independent internal and external auditors, and approves the audit and other services to be provided by these auditors. In addition, our Audit Committee reviews our Form 10-K and Form 10-Q reports, our practices in preparing published financial statements and our internal and disclosure controls. Upon the recommendation of our Audit Committee, our Board adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers, a current copy of which is posted on our website at [www.sterlingchemicals.com](http://www.sterlingchemicals.com), and is also an Exhibit to our Form 10-K. This Code of Ethics, which applies to our Chief Executive Officer, our Chief Financial Officer, our Controller and anyone performing similar functions on our behalf, is administered by our Audit Committee and provides for the reporting of violations to our Audit Committee on a confidential and anonymous basis.

Our Board has determined that Mr. Haney is an audit committee financial expert within the meaning ascribed to such term under the rules promulgated under the Sarbanes-Oxley Act of 2002, due to his education, training and employment as a certified public accountant, service as a member of the audit committee of other companies and other relevant experience acquired through his work at Resurgence and other companies. As discussed above, Mr. Gildea is considered independent under the listing standards of the New York Stock Exchange, while Messrs. Haney and Whittaker may be considered to be not independent under these listing standards due to their employment by Resurgence.

### *Compensation Committee*

Our Compensation Committee is currently comprised of two of our non-employee directors, John W. Gildea (Chairman) and Robert T. Symington, and met four times in 2004. Our Compensation Committee is responsible for discharging the compensation responsibilities of our Board, including establishing remuneration levels for our officers, reviewing significant employee benefit programs and establishing and administering executive compensation programs (including bonus plans, stock option plans and other equity-based programs, deferred compensation plans and other cash or stock incentive programs). In addition, our Compensation Committee establishes the annual fees and meeting fees to be paid to our non-employee directors. As discussed above, Mr. Gildea is considered independent under the listing standards of the New York Stock Exchange, while Mr. Symington may be considered to be not independent under these listing standards due to his employment by Resurgence.

### *Corporate Governance Committee*

Our Corporate Governance Committee is currently comprised of three of our non-employee directors, John W. Gildea, Thomas P. Krasner and Dr. Peter T.K. Wu, and met twice in 2004. Mr. Thomas P. Krasner currently serves as one of our directors as the designee of the Unsecured Creditors Committee in our prior bankruptcy proceedings. However, under our Certificate of Incorporation, Mr. Krasner's term as a director expires at the time of the Annual Meeting and he will not be one of our directors or a member of our Corporate Governance Committee after the Annual Meeting. As discussed above, Mr. Gildea is considered independent under the listing standards of the New York Stock Exchange and Dr. Wu may be considered to be not independent under the listing standards of the New York Stock Exchange due to his son-in-law's previous employment by Resurgence. Mr. Krasner is considered independent under the listing standards of the New York Stock Exchange. Our Corporate Governance Committee operates under a written charter adopted by our Board, a current copy of which is posted on our website at [www.sterlingchemicals.com](http://www.sterlingchemicals.com), and is also an Exhibit to our Form 10-K. Our Corporate Governance Committee considers all matters related to our corporate governance. In

discharging its duties, our Corporate Governance Committee makes recommendations to our Board with respect to changes to our Certificate of Incorporation, Bylaws, committee structure and corporate governance guidelines, reviews all stockholder proposals, considers questions of independence of our Board members and possible conflicts of interest, reviews succession plans relating to positions held by our senior executive officers and reviews our insurance and indemnity arrangements for our directors and officers. In addition, our Corporate Governance Committee considers, recommends and recruits candidates to fill new or vacant positions on our Board and conducts inquiries into the backgrounds and qualifications of possible candidates for positions on our Board (unless any person or entity has the power to designate the individual to fill such position under our Certificate of Incorporation, any contract to which we are a party or the terms of any series of our preferred stock). Our Corporate Governance Committee also provides oversight with respect to the establishment of and adherence to corporate compliance programs, codes of conduct and other policies and procedures concerning our business and our compliance with all relevant laws.

*Environmental, Health and Safety Committee*

Our Environmental, Health and Safety Committee is currently comprised of three of our directors, Richard K. Crump (Chairman), Marc S. Kirschner and Dr. Peter T.K. Wu, and met twice in 2004. Our Environmental, Health and Safety Committee establishes policies, practices and procedures for employee safety and health, environmental protection and product safety to ensure that our operations are conducted in compliance with environmental laws, rules, regulations, permits and licenses. Our Environmental, Health and Safety Committee also conducts ongoing environmental planning activities and makes recommendations to our Board concerning the selection of external environmental auditors, including their compensation and the proposed terms of their engagement.

### Ratification of Appointment of Independent Registered Accounting Firm (Item 2 on the Proxy Card)

Our Audit Committee has appointed Deloitte & Touche as our independent registered accounting firm for Fiscal 2005. We are asking that our stockholders ratify that appointment. Deloitte & Touche has been our independent accounting firm for our last nine fiscal years and we believe that they are well qualified. Representatives of Deloitte & Touche are expected to be present at the Annual Meeting to answer appropriate questions and to make a statement, if they desire to do so.

#### *Who May Vote*

If you owned any shares of our Preferred Stock or Common Stock on March 4, 2005, as reflected in our stock register, you may vote at the Annual Meeting on the ratification and approval of the appointment of Deloitte & Touche as our independent registered accounting firm for Fiscal 2005 (the Deloitte Appointment ). Our Notes do not vote on the Deloitte Appointment.

#### *Outstanding Shares*

On March 4, 2005, there were 2,993.464 shares of our Preferred Stock (currently convertible into 2,993,464 shares of our Common Stock at the option of the holders) and 2,825,000 shares of our Common Stock outstanding, none of which were owned by us or any of our subsidiaries.

#### *Quorum*

In order to conduct the vote on the Deloitte Appointment, we must have a quorum of our stockholders. This means that we must have at least a majority of the voting power of our outstanding shares of Preferred Stock and Common Stock represented at the Annual Meeting, either in person or by proxy.

Our shares of Preferred Stock and Common Stock vote together as a single class on the Deloitte Appointment. For purposes of class voting, each share of our Preferred Stock has the right to one vote for each share of our Common Stock into which such share is convertible on the record date for such vote. Each share of our Preferred Stock was convertible into 1,000 shares of our Common Stock on the record date for the vote on the Deloitte Appointment, which means that each share of our Preferred Stock that is represented at the Annual Meeting is the equivalent of 1,000 shares of our Common Stock being represented at the Annual Meeting for purposes of determining whether a quorum is present for the vote on the Deloitte Appointment.

Any shares owned by us or by any of our subsidiaries are not counted for purposes of determining whether a quorum is present. Shares of our stock held by intermediaries that are voted for at least one matter at the Annual Meeting are counted as being present for purposes of determining a quorum for the vote on the Deloitte Appointment, even if the beneficial owner's discretion has been withheld for voting on some or all of the other matters (commonly referred to as a broker non-vote ).

#### *Votes Needed*

Each share of our Common Stock has the right to cast one vote on the Deloitte Appointment and each share of our Preferred Stock has the right to cast 1,000 votes on the Deloitte Appointment. Ratification and approval of the Deloitte Appointment requires the favorable vote of a majority of the voting power of the shares of our Preferred Stock and Common Stock that are entitled to vote on the matter and are present at the Annual Meeting, in person or by proxy. As a result, an abstention from voting on the Deloitte Appointment will have the same effect as a vote against

the Deloitte Appointment. However, broker non-votes are considered not to be present for voting on the Deloitte Appointment and, consequently, do not count as votes for or against the Deloitte Appointment and are not considered in calculating the number of votes necessary for approval.

Our Audit Committee has furnished the following report for inclusion in this Proxy Statement.

*Roles in Financial Reporting*

The management of Sterling Chemicals, Inc. (*Sterling*) is responsible for Sterling's internal controls and the financial reporting process. The independent registered accounting firm hired by Sterling is responsible for performing an independent audit of Sterling's consolidated financial statements and issuing an opinion on the conformity of those financial statements with standards of the Public Company Accounting Oversight Board (United States). The Committee monitors and oversees these processes and reports to Sterling's Board of Directors with respect to its findings.

*Fiscal 2004 Financial Statements*

In order to fulfill our monitoring and oversight duties, we reviewed the audited financial statements included in Sterling's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, and we met and held discussions with Sterling's management and Deloitte & Touche LLP (*Deloitte*), Sterling's independent registered accounting firm, with respect to those financial statements. Management represented to us that all of these financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. We also discussed with Deloitte the matters required to be discussed by standards of the Public Company Accounting Oversight Board (United States) and Rule 2-07 of SEC Regulation S-X. Finally, we reviewed the written disclosures and the letter provided to us by Deloitte, as required by Independence Standards Board Standard No. 1, and we discussed with Deloitte its own independence. Based upon our discussions with management and Deloitte, and our review of Deloitte's report and the representations of management, we recommended to Sterling's Board of Directors that the audited financial statements for the year ended December 31, 2004 be included in Sterling's Annual Report on Form 10-K for the year ended December 31, 2004, filed with the Securities and Exchange Commission.

*Incorporation by Reference*

No portion of this report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, through any general statement incorporating by reference the Proxy Statement in which this report appears in its entirety, except to the extent that Sterling specifically incorporates this report or a portion of this report by reference. In addition, this report shall not otherwise be deemed to be soliciting material or to be filed under either of such Acts.

Respectfully submitted,

The Audit Committee of the Board of Directors

**Table of Contents***Audit Fees, Audit Related Fees, Tax Fees and Other Fees*

Deloitte & Touche has served as our independent public accountants for over nine years. We paid Deloitte & Touche the following fees for the years ended December 31, 2004 and December 31, 2003, respectively:

	Fiscal 2004	Fiscal 2003
Audit Fees	\$ 377,000	\$ 543,000
Audit Related Fees	32,000	70,000
Tax Fees	154,000	450,000
All Other Fees	0	0
Total	\$ 563,000	\$ 1,063,000

Audit Fees were paid for professional services consisting of the audit of the financial statements included in our Annual Report on Form 10-K and reviews of the financial statements included in our Quarterly Reports on Form 10-Q. Audit Related Fees during 2004 were paid primarily for consultation services in connection with compliance with Section 404 of the Sarbanes-Oxley Act. Audit Related Fees during 2003 were paid for services related to the audit of our employee benefit plans. Tax Fees were paid for services including assistance with tax compliance and the preparation of tax returns, tax consultation services, licensing of tax return software, assistance in connection with tax audits and tax advice related to mergers, acquisitions and dispositions.

Our Audit Committee has considered whether the provision to us of non-audit services by Deloitte & Touche is compatible with maintaining the independence of Deloitte & Touche, and concluded that the independence of Deloitte & Touche is not compromised by the provision of such services. In addition, our Audit Committee requires pre-approval of all audit and non-audit services provided by Deloitte & Touche. Our Audit Committee has not adopted any additional pre-approval policies and procedures but, consistent with its charter, our Audit Committee may delegate to one or more of its members the authority to pre-approve audit and non-audit services as permitted by law, provided that such pre-approval is submitted for ratification by the full Audit Committee at its next scheduled meeting.

Approval of Proposed Charter Amendment  
(Item 3 on the Proxy Card)

Our Board of Directors recommends that our stockholders vote FOR the proposal to amend our Amended and Restated Certificate of Incorporation to increase the number of our total authorized shares from 10,125,000 to 20,125,000 and to increase the number of authorized shares of Common Stock from 10,000,000 to 20,000,000 (the Proposed Charter Amendment ). Currently, our authorized capital stock under our Amended and Restated Certificate of Incorporation is 10,125,000 shares of capital stock, consisting of 10,000,000 shares of Common Stock and 125,000 shares of Preferred Stock. Each share of our Preferred Stock is currently convertible at the option of the holder thereof at any time into 1,000 shares of our Common Stock, subject to adjustments. As of March 4, 2005, 2,993,464 shares of our Preferred Stock were issued and outstanding, convertible into 2,993,464 shares of our Common Stock. As of March 4, 2005, of the 10,000,000 shares of our Common Stock presently authorized for issuance, 2,825,000 shares were issued and outstanding, 2,993,464 shares were reserved for issuance upon conversion of our issued and outstanding shares of Preferred Stock, 379,747 shares were reserved for issuance under our 2002 Stock Plan and 949,367 shares were reserved for issuance upon the exercise of warrants to purchase shares of our Common Stock. As a result, as of March 4, 2005, there were only 2,852,422 authorized shares of our Common Stock that were not issued and outstanding or reserved for issuance and available for any future business purposes by the Company. In addition, under the terms of our Preferred Stock, we expect to issue an additional 508,465 shares of our Preferred Stock in the form of Preferred Stock dividends over the next 12 months and we would reserve an additional 508,465 shares of our Common Stock for issuance upon conversion of those shares of Preferred Stock. Accordingly, our Board of Directors has approved for submission to our stockholders, and recommends that our stockholders approve, the Proposed Charter Amendment.

The additional 10,000,000 authorized shares of our Common Stock may be issued for any proper corporate purpose approved by our Board of Directors. The availability of additional authorized shares will enable our Board of Directors to act with flexibility when and as the need arises to issue additional shares in the future without the delays necessitated by having to obtain a stockholder vote and to take advantage of changing market and financial conditions in a more timely manner. Among the reasons for issuing additional shares would be to increase our capital through sales of our Common Stock, to engage in other types of capital transactions, to finance acquisitions and to satisfy our commitments under the terms of our Preferred Stock. The additional shares of Common Stock authorized by the Proposed Charter Amendment will be identical in all respects to our existing Common Stock and will not carry any preemptive rights.

Our management regularly reviews a range of possible financing transactions and acquisitions, including through the issuance of our Common Stock. While there are no such acquisitions currently pending, subject to market and other conditions, we may sell additional equity in the first half of 2005. Any equity sales may involve traditional underwritten offerings, continuous equity offerings or other transactions. If any such offerings are made prior to, or in the absence of approval of, the Proposed Charter Amendment, the shares would be from a portion of the 2,852,422 of existing authorized shares of our Common Stock that are currently not reserved and that may be issued for the purposes described above.

In some instances, stockholder approval for the issuance of additional shares may be required by law, or the obtaining of such approvals may be otherwise necessary or desirable.

Our Board of Directors has not proposed the increase in the amount of authorized shares with the intention of discouraging tender offers or takeover attempts. However, the availability of additional authorized shares for issuance could render more difficult or discourage a merger, tender offer, proxy

contest or other attempt to obtain control of us, which may adversely affect the ability of our stockholders to obtain a premium for their shares of the our Common Stock.

### *Who May Vote*

If you owned any shares of our Preferred Stock or Common Stock on March 4, 2005, as reflected in our stock register, you may vote at the Annual Meeting on the approval of the Proposed Charter Amendment. Our Notes do not vote on the Proposed Charter Amendment.

### *Outstanding Shares*

On March 4, 2005, there were 2,993,464 shares of our Preferred Stock (currently convertible into 2,993,464 shares of our Common Stock at the option of the holders) and 2,825,000 shares of our Common Stock outstanding, none of which were owned by us or any of our subsidiaries.

### *Quorum*

In order to conduct the vote on the Proposed Charter Amendment, we must have a quorum of our stockholders. This means that we must have at least a majority of the voting power of our outstanding shares of Preferred Stock and Common Stock represented at the Annual Meeting, either in person or by proxy.

Our shares of Preferred Stock and Common Stock vote together as a single class on the Proposed Charter Amendment. For purposes of class voting, each share of our Preferred Stock has the right to one vote for each share of our Common Stock into which such share is convertible on the record date for such vote. Each share of our Preferred Stock was convertible into 1,000 shares of our Common Stock on the record date for the vote on the Proposed Charter Amendment, which means that each share of our Preferred Stock that is represented at the Annual Meeting is the equivalent of 1,000 shares of our Common Stock being represented at the Annual Meeting for purposes of determining whether a quorum is present for the vote on the Proposed Charter Amendment.

Any shares owned by us or by any of our subsidiaries are not counted for purposes of determining whether a quorum is present. Shares of our stock held by intermediaries that are voted for at least one matter at the Annual Meeting are counted as being present for purposes of determining a quorum for the vote on the Proposed Charter Amendment, even if the beneficial owner's discretion has been withheld for voting on some or all of the other matters (commonly referred to as a broker non-vote).

### *Votes Needed*

Each share of our Common Stock has the right to cast one vote on the Proposed Charter Amendment and each share of our Preferred Stock has the right to cast 1,000 votes on the Proposed Charter Amendment. Ratification and approval of the Proposed Charter Amendment requires the favorable vote of a majority of the voting power of the shares of our Preferred Stock and Common Stock that are entitled to vote on the Proposed Charter Amendment. As a result, abstentions from voting on the Proposed Charter Amendment and broker non-votes will have the same effect as a vote against the Proposed Charter Amendment.

If the Proposed Charter Amendment is approved, Paragraph A of Article FOURTH of our Amended and Restated Certificate of Incorporation will be amended to read as follows:

A. Authorized Capital Stock. The total number of shares of stock that the Corporation shall have the authority to issue is 20,125,000 shares of capital stock, consisting of (i) 125,000 shares of preferred stock, par value \$0.01 per

share (the Preferred Stock ), and (ii) 20,000,000 shares of common stock, par value \$0.01 per share (the Common Stock ).

**Table of Contents**

Our Board of Directors has unanimously adopted resolutions setting forth the Proposed Charter Amendment, declaring its advisability and directing that the Proposed Charter Amendment be submitted to our stockholders for their approval at the Annual Meeting. If approved by our stockholders, the Proposed Charter Amendment will become effective upon filing of an appropriate certificate with the Secretary of State of the State of Delaware.

**Our Board of Directors recommends that you vote FOR this proposal.**

Additional Proposals

Our Board of Directors does not intend to bring any other matters before the Annual Meeting in addition to those described above, and has not been informed that any other matters are to be presented by others. The accompanying proxy confers discretionary authority upon the persons named therein to vote your shares of Preferred Stock and Common Stock in accordance with their best judgment on any other matter that may be properly brought before the Annual Meeting.

Compensation Committee Report On Executive Compensation

Our executive compensation program is administered by the Compensation Committee of our Board of Directors. This Committee, which is comprised of two of our non-employee directors, is responsible for discharging the compensation responsibilities of our Board. Our Compensation Committee reviews general compensation issues and determines the compensation of all of our senior executives and other key employees, and recommends and administers our employee benefit plans that provide benefits to our senior executives. Our Compensation Committee has furnished the following report on executive compensation for inclusion in this Proxy Statement.

## **Table of Contents**

### *Compensation Philosophy and Objectives*

The senior executive compensation program for Sterling Chemicals, Inc. (*Sterling*) is designed to motivate, reward and retain the management talent needed to achieve its business goals and maintain a leadership position in the petrochemicals industry. Under this program, a significant portion of the potential compensation of Sterling's senior executives is dependent on Sterling's financial performance and increased stockholder value. This program offers Sterling's senior executives salary levels and compensation incentives designed to:

attract, motivate and retain talented and productive executives;

recognize individual performance and Sterling's performance relative to the performance of other companies of comparable size, complexity and quality; and

support Sterling's short-term and long-term goals.

We believe that this approach ensures an appropriate link between the compensation of Sterling's senior executives and the accomplishment of Sterling's goals and its stockholders' objectives.

We use a number of sources to determine whether the compensation program provided to Sterling's senior executives is competitive. Our primary method of determining competitiveness involves obtaining compensation review data from independent compensation consultants, which we use to compare our compensation program to those offered by a group of chemical manufacturers. We also compare our compensation program to those offered by a select group of non-chemical companies that we feel are comparable in size and performance. We do not compare our compensation program against those offered by each of the companies included in the S&P Chemicals Index used in the Performance Graph contained in the Proxy Statement in which this report is included because we do not consider many of those companies to be competitors of Sterling, either in the market or for executive talent.

### *Total Compensation*

The three major components of Sterling's senior executive compensation program are base salary, annual incentive compensation and stock-based compensation. Our goal is to set base salaries for Sterling's senior executives at competitive rates, and also provide annual compensation opportunities linked to both Sterling's and the individual's performance and stock-based compensation opportunities linked to Sterling's overall financial performance. We believe that focusing executive compensation on variable incentive pay will help Sterling meet its performance goals and enhance stockholder value in the long term.

### *Base Salaries*

Our strategy is to reduce the emphasis on fixed compensation for Sterling's senior executives by positioning their base salaries at industry levels. Initially, these base salaries are set at levels intended to reflect the individual's experience, level of responsibility, job classification and competence. Under our strategy, dramatic changes in base salary are not generally made unless required to adjust for market movements, promotions or significant changes in responsibility or individual performance. Sterling's Board of Directors provides final approval of the base salary of all of Sterling's senior executive officers, including the Chief Executive Officer (except that Sterling's Chief Executive Officer, who also serves on Sterling's Board of Directors, does not participate in decisions with respect to his own compensation).

**Table of Contents**

*Annual Incentive Compensation*

Sterling's senior executives and other qualified employees can earn additional cash compensation under Sterling's Bonus Plan. The additional compensation available under each of these plans is intended to reward the achievement of annual corporate financial goals. Generally, no additional compensation is available under the Bonus Plan unless Sterling's financial performance meets a threshold level established by Sterling's Board of Directors. The amount of additional compensation available under Sterling's Bonus Plan is based on threshold levels, formulae set for the individual's job classification (with individuals having greater management responsibility having the opportunity to earn larger percentages) and on individual performance. We administer Sterling's Bonus Plan and recommend the total amount of annual compensation to Sterling's Board of Directors. Sterling's Board of Directors approves the aggregate amount of incentive compensation awards to all participants and the individual awards (except that Sterling's Chief Executive Officer, who also serves on Sterling's Board of Directors, does not participate in decisions with respect to his own awards). In evaluating an individual's performance, we rely on the members of Sterling's senior management. No awards were made under Sterling's Bonus Plan in 2004.

*Stock-Based Compensation*

Sterling is permitted to grant incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock awards, performance awards and phantom stock awards to its senior executives and key employees under its 2002 Stock Plan. We or the full Board of Directors determine the terms and amounts of awards to be granted to individuals under the 2002 Stock Plan based upon a variety of factors, including:

level of responsibility and job classification;

job performance;

present and potential contributions to Sterling's long term success; and

the extent that the base salary of the individual is below industry levels based on the compensation survey described above.

The primary purpose of stock-based compensation is to provide Sterling's senior executives and key employees with incentives to concentrate on Sterling's performance over the long term. We believe that stock-based compensation is an appropriate and effective method for aligning the interests of Sterling's senior executives and key employees with Sterling's long-term goal of maximizing stockholder value because the employees will not receive any benefit from this compensation unless the stock price rises.

Sterling's 2002 Stock Plan permits us or the Board of Directors to specify the number of shares covered by awards and the vesting schedule. Generally, a three-year vesting schedule has been imposed for all awards in order to provide an incentive to create stockholder value over time, since the full benefit of the awards cannot be realized unless there is appreciation in stock value over a number of years. However, options granted under the 2002 Stock Plan become fully exercisable in the event of the optionee's termination of employment by reason of death, disability or retirement, and may become fully exercisable in the event of a change of control. No option may be exercised after the tenth anniversary of the date of grant or the earlier termination of the option. All options are granted with an exercise price at or above the fair market value of a share of Sterling's common stock on the date of grant.

**Table of Contents**

During 2004, the Board of Directors awarded non-qualified stock options to acquire an aggregate of 27,500 shares of Sterling's common stock under the 2002 Stock Plan and, during 2003, the Board of Directors awarded non-qualified stock options to acquire an aggregate of 326,000 shares of Sterling's common stock under the 2002 Stock Plan. There have been no other awards under the 2002 Stock Plan.

*Compensation to the Chief Executive Officer*

Richard K. Crump has been Sterling's President and Chief Executive Officer since January 20, 2003 and served as Sterling's Co-Chief Executive Officer from December of 2001 through January 20, 2003. In 2004, Mr. Crump was paid a base salary of \$370,000. We used the same executive compensation practices described above to determine the compensation paid to Mr. Crump in 2004, and we believe that his 2004 base salary was at the mid-point of salaries paid to similar individuals in the competitive market.

*Tax Treatment*

We consider the anticipated tax treatment of our executive compensation program when setting levels and types of compensation. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation paid to a company's chief executive officer or any of its other four most highly compensated executive officers in excess of \$1 million in any year, with certain performance-based compensation being specifically exempt from this deduction limit. In 2004, none of Sterling's employees subject to this limit received compensation in excess of \$1 million. Consequently, we believe that the requirements of Section 162(m) will not affect the tax deductions available to Sterling in connection with its executive compensation for 2004.

*Incorporation by Reference*

No portion of this report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, through any general statement incorporating by reference the Proxy Statement in which this report appears in its entirety, except to the extent that Sterling specifically incorporates this report or a portion of this report by reference. In addition, this report shall not otherwise be deemed to be "soliciting material" or to be "filed" under either of such Acts.

Respectfully submitted,

The Compensation Committee  
of the Board of Directors

## Equity Compensation Plan Information

The Plan of Reorganization provides that, without any further act or authorization, confirmation of the Plan of Reorganization and entry of the confirmation order is deemed to satisfy all applicable federal and state law requirements and all listing standards of any securities exchange for approval by the board of directors or the stockholders of the 2002 Stock Plan. No additional stockholder approval of the 2002 Stock Plan has been obtained.

*Option Grants in Last Fiscal Year*

- (1) Grant Date Present Value was determined using the Black-Scholes option pricing methodology at the time of grant. No adjustments were made for non-transferability of the options. In making these calculations, we assumed (a) Common Stock price volatility of 42%, (b) risk free rate of return of 3.85% and (c) an annualized dividend yield of \$0.00. We used a ten-year assumption for valuing option grants for our Named Executive Officers in order to present the highest estimate of what the grants could be worth for our Named Executive Officers. The ultimate value of the options, if any, will depend on the future value of our Common Stock and the grantee's investment decisions, neither of which can be accurately predicted.

*Aggregated Fiscal Year-End Option Values*

The following table provides information on the value of unexercised stock options, as of December 31, 2004 held by each of our Named Executive Officers. There were no exercises of options or stock appreciation rights during fiscal 2004 by any of our Named Executive Officers, and none of our Named Executive Officers held any stock appreciation rights at December 31, 2004.

Name	Number of Securities Underlying Unexercised Options at December 31, 2004		Value of Unexercised In-The-Money Options at December 31, 2004 <sup>(1)</sup>	
	Exercisable	Unexercisable	Exercisable	Unexercisable
Richard K. Crump	40,000	80,000	\$ 226,000	\$ 452,000
Paul G. Vanderhoven	11,000	22,000	62,150	124,300
Kenneth M. Hale	9,167	18,333	51,793	103,581
Paul C. Rostek	0	27,500	0	155,375
Wayne R. Parker	8,333	16,667	47,081	94,169

- (1) The value of unexercised options is based on the amount, if any, by which the market price of a share of our Common Stock on the relevant date exceeds the exercise price of the option. The actual gain, if any, that one of our Named Executive Officers realizes from the exercise of options will depend on the market price of a share of our Common Stock at the time of exercise. An In-The-Money option is an option for which the exercise price is lower than the market price of a share of our Common Stock on the relevant date. On December 31, 2004, the last reported trade of our common stock was at \$37.25 per share.

*Pension Plans**Salaried Employees Pension Plan*

Effective January 1, 2005, we amended our defined benefit Salaried Employees Pension Plan to cease benefit accruals for all participants. Most of our salaried employees, including each of our Named Executive Officers, participate in this Plan. Under the amendments, the Credited Service we use in the calculation of an employee's pension was frozen at the number of years of Credited Service such employee had earned as of January 1, 2005, and the Average Earnings we use in the calculation of an employee's pension was frozen at the average earnings of such employee calculated as of January 1, 2005. Generally, an employee's Average Earnings will be either the average compensation received by the employee during the three years in which the employee was paid the most in the five years immediately preceding January 1, 2005 or the average compensation received by the employee during the last 36 months immediately preceding January 1, 2005, whichever is larger, excluding amounts received under our Profit Sharing and Bonus Plans. The Vesting Service we use to determine eligibility for benefits and to calculate the amount of any early retirement penalty was not frozen and

continues to accrue at the same rate and manner as it did prior to the amendment. Due to certain limitations imposed under the Internal Revenue Code, benefits payable to an employee under this Plan are currently effectively limited in amount to those benefits that would be payable to an employee having Average Earnings of \$210,000.

*Pension Benefit  
Equalization Plan*

Effective January 1, 2005, we amended our Pension Benefit Equalization Plan to cease benefit accruals for all participants. Each of our salaried employees who is eligible to participate in our Pension Plan is also eligible to participate in our Pension Benefit Equalization Plan. Our Equalization Plan pays additional benefits to employees whose benefits under our Pension Plan are limited as a result of specified limitations under the Internal Revenue Code. The amount of benefits payable under our Equalization Plan is designed to eliminate the effect of these limitations on the aggregate pension benefits payable to the participants, but not provide any additional benefits beyond that amount. These benefits are generally payable at the times we pay benefits under our Pension Plan. We have paid benefits under our Equalization Plan to former employees.

*Supplemental  
Employee  
Retirement Plan*

Effective January 1, 2005, we amended our Supplemental Employee Retirement Plan to cease benefit accruals for all participants. Each of our employees who is a part of management or is considered highly compensated and subject to limitations on the amount of Pension Plan benefits he or she may receive under the Internal Revenue Code is also eligible to participate in our Supplemental Employee Retirement Plan. Our Supplemental Plan pays additional benefits to employees whose benefits under our Pension Plan are limited as a result of such employee's Average Earnings exceeding \$210,000 or due to the removal of certain Social Security integration benefits from the Pension Plan. The amount of benefits payable under our Supplemental Plan is designed to eliminate the effect of these limitations on the aggregate pension benefits payable to the participants, but not provide any additional benefits beyond that amount. These benefits are generally payable at the same time as when we pay benefits under our Pension Plan. We have paid benefits under our Supplemental Plan to former employees.

*Pension Plans Table*

The following table sets forth the aggregate amount of annual normal retirement benefits that would be payable under our Pension Plan, Equalization Plan and Supplemental Plan if an employee retired during calendar 2005 at the age of 65 with the years of service shown (assuming the continued existence of our Pension Plan, Equalization Plan and Supplemental Plan without substantial change and payment in the form of a single life annuity).

For our Named Executive Officers, the compensation covered by these Plans is solely that annual compensation reported under the salary column in the Summary Compensation Table appearing in this Proxy Statement (excluding any payments under our former Supplemental Pay Plan and excluding any bonuses reported in the annual compensation columns of the Summary Compensation Table).

As of December 31, 2004, the credited years of service under these Plans of each Named Executive Officer were:

Richard K. Crump	18 years
Paul G. Vanderhoven	28 years
Kenneth M. Hale	7 years
Paul C. Rostek	24 years
Wayne R. Parker	14 years

Assuming retirement at age 65 (or after five years of service, if later), the total annual retirement benefits payable to each Named Executive Officer under the Equalization and Supplemental Plans would be:

	Gross Payment Under All Plans	Reduction for Payments Under Pension Plan	Net Payment Under Equalization and Supplemental Plans
Richard K. Crump	\$ 103,145	\$ 56,417	\$ 46,728
Paul G. Vanderhoven	89,711	78,207	11,504

Paul C. Rostek	38,717	38,717	0
Wayne R. Parker <sup>(1)</sup>	29,456	29,456	0

(1) Mr. Parker's employment with us ended effective as of December 31, 2004. The figures included in the table above reflect the actual amounts to be paid to Mr. Parker under the relevant Plans.

All of the benefits appearing in the pension plan table are computed on a single-life annuity basis and are not subject to any deduction for Social Security or other similar offset amounts. However, our Supplemental Plan does contain an alternative formula for determining benefits which includes a Social

Security offset. We have never used this alternative formula to determine the amount of any benefits paid under our Supplemental Plan.

*2002 Stock Plan*

Under our 2002 Stock Plan, officers, key employees and consultants, as designated by our Board of Directors or Compensation Committee, may be issued stock options, stock awards, stock appreciation rights or stock units. Our 2002 Stock Plan is administered by our Board of Directors, in consultation with our Compensation Committee, and may be amended or modified from time to time by our Board of Directors in accordance with its terms. Our Board of Directors or Compensation Committee determines the exercise price of stock options, any applicable vesting provisions and other terms and provisions of each grant in accordance with the 2002 Stock Plan. Options granted under the 2002 Stock Plan become fully exercisable in the event of the optionee's termination of employment by reason of death, disability or retirement, and may become fully exercisable in the event of a change of control. No option may be exercised after the tenth anniversary of the date of grant or the earlier termination of the option. We have reserved 379,747 shares of our Common Stock for issuance under the 2002 Stock Plan (subject to adjustment). On February 11, 2003, we granted certain of our officers and key employees options to purchase 326,000 shares of our Common Stock under the 2002 Stock Plan, 59,166 of which have lapsed or expired without being exercised, and on November 5, 2004, we granted one of our officers options to purchase 27,500 shares of our Common Stock under the 2002 Stock Plan, all of which option grants were at an exercise price of \$31.60 per share. We have not made any other awards under the 2002 Stock Plan.

*Key Employee Protection Plan*

On January 26, 2000, our Board approved the initial form of our Key Employee Protection Plan, which has subsequently been amended several times (our Key Employee Protection Plan). A copy of the current form of our Key Employee Protection Plan is an Exhibit to our Form 10-K. Our Compensation Committee has designated a select group of management or highly compensated employees as participants under our Key Employee Protection Plan, including each of our Named Executive Officers, and has established their respective applicable multipliers and other variables for determining benefits. Our Compensation Committee is also authorized to designate additional management or highly compensated employees as participants under our Key Employee Protection Plan and set their applicable multipliers. Our Compensation Committee may also terminate any participant's participation under this Plan on 60 days' notice if it determines that the participant is no longer one of our key employees.

Under our Key Employee Protection Plan, any participant under the Plan that, within his or her Protection Period, terminates his or her employment for Good Reason or is terminated by us for any reason other than Misconduct or Disability is entitled to benefits under the Plan. A participant's Protection Period commences 180 days prior to the date on which a specified change of control occurs and ends either two years or 18 months after the date of that change of control, depending on the size of the participant's applicable multiplier. A participant may also be entitled to receive payments under the Plan in the absence of a change of control if he or she terminates his or her employment for Good Reason or is terminated by us for any reason other than Misconduct or Disability, but in these circumstances his or her applicable multiplier is reduced by 50%. If a participant becomes entitled to benefits under our Key Employee Protection Plan, we are required to provide the participant with a lump sum cash payment that is determined by multiplying the participant's applicable multiplier by the sum of the participant's highest annual base compensation during the last three years plus the participant's targeted bonus for the year of termination, and then deducting the sum of any other separation, severance

**Table of Contents**

or termination payments made by us to the participant under any other plan or agreement or pursuant to law. However, if benefits are paid under our Key Employee Protection Plan to one of our most highly compensated employees in connection with a change of control, 50% of the lump sum payment paid to such employee is conditioned upon compliance with the non-competition provisions of our Key Employee Protection Plan.

In addition to the lump sum payment, the participant is entitled to receive any accrued but unpaid compensation, compensation for unused vacation time and any unpaid vested benefits earned or accrued under any of our benefit plans (other than qualified plans). Also, for a period of 24 months (including 18 months of COBRA coverage), the participant will continue to be covered by all of our life, health care, medical and dental insurance plans and programs (other than disability), as long as the participant makes a timely COBRA election and pays the regular employee premiums required under our plans and programs and by COBRA. In addition, our obligation to continue to provide coverage under our plans and programs to any participant ends if and when the participant becomes employed on a full-time basis by a third party which provides the participant with substantially similar benefits.

If any payment or distribution under our Key Employee Protection Plan to any participant is subject to excise tax pursuant to Section 4999 of the Internal Revenue Code, the participant is entitled to receive a gross-up payment from us in an amount such that, after payment by the participant of all taxes on the gross-up payment, the amount of the gross-up payment remaining is equal to the excise tax imposed under Section 4999 of the Internal Revenue Code. However, the maximum amount of any gross-up payment is 25% of the sum of the participant's highest annual base compensation during the last three years plus the participant's targeted bonus for the year of payment.

We may terminate our Key Employee Protection Plan at any time and for any reason but any termination does not become effective as to any participant until 90 days after we give the participant notice of the termination of the Plan. In addition, we may amend our Key Employee Protection Plan at any time and for any reason, but any amendment that reduces, alters, suspends, impairs or prejudices the rights or benefits of any participant in any material respect does not become effective as to that participant until 90 days after we give him or her notice of the amendment of the Plan. No termination of our Key Employee Protection Plan, or any of these types of amendments to the Plan, can be effective with respect to any participant if the termination or amendment is related to, in anticipation of or during the pendency of a change of control, is for the purpose of encouraging or facilitating a change of control or is made within 180 days prior to any change of control. Finally, no termination or amendment of our Key Employee Protection Plan can affect the rights or benefits of any participant that are accrued under the Plan at the time of termination or amendment or that accrue thereafter on account of a change of control that occurred prior to the termination or amendment or within 180 days after such termination or amendment.

*Supplemental Pay Plan*

On March 8, 2001, we implemented our Supplemental Pay Plan. Prior to March 8, 2001, we had historically paid our senior level employees below-market salaries with the opportunity to earn above-market compensation through stock based incentives and significant bonuses in years when we achieved targeted levels of EBITDA. Due to our financial difficulties during 2001, the opportunity to earn additional compensation through these programs was significantly reduced, if not entirely eliminated. As a result, we established our Supplemental Pay Plan to address the concern that the overall compensation provided to our senior level employees would always be below-market and, consequently, not adequate to retain these employees or attract new highly-qualified employees. A select group of management or highly compensated employees was designated as participants under the plan and their respective

**Table of Contents**

benefits were established. Each payment under the plan was a specified percentage of the participant's annual base salary for fiscal 2001 and payments were paid on or before the tenth day after the last day of each calendar quarter. The participant was required to be employed by us on the relevant payment date in order to be eligible to receive that payment under the plan. In connection with the issuance of new stock options and a revised bonus program, we terminated our Supplemental Pay Plan as of June 30, 2003. With the exception of two additional payments made under that plan to Mr. Rostek on September 30, 2003 and December 31, 2003, the last payments under that plan were made on June 30, 2003.

**Certain Transactions**

Resurgence has beneficial ownership of a substantial majority of the voting power of our securities due to its investment and disposition authority over securities owned by its and its affiliates' managed funds and accounts. Currently, Resurgence has beneficial ownership of over 98% of our Preferred Stock and over 60% of our Common Stock, representing ownership of over 78% of the total voting power of our equity. Each share of our Preferred Stock is currently convertible at the option of the holder thereof at any time into 1,000 shares of our Common Stock, subject

to adjustments. The holders of our Preferred Stock are entitled to designate a number of our directors roughly proportionate to their overall equity ownership, but in any event not less than a majority of our directors as long as they hold in the aggregate at least 35% of the total voting power of our equity. As a result, Resurgence has the ability to control our management, policies and financing decisions, elect a majority of our Board and control the vote on most matters presented to a vote of our stockholders. In addition, our shares of Preferred Stock, almost all of which are beneficially owned by Resurgence, carry a cumulative dividend

**Table of Contents**

rate of 4% per quarter, payable in additional shares of Preferred Stock. Each dividend paid in additional shares of our Preferred Stock has a dilutive effect on our shares of Common Stock and increases the percentage of the total voting power of our equity beneficially owned by Resurgence. Since the initial issuance of our Preferred Stock, we have issued an additional 818,464 shares of our Preferred Stock (convertible into 818,464 shares of our common stock) in dividends, which represents in excess of 14% of the current total voting power of our equity securities. Five of our directors, Messrs. Haney, Kirschner, Sivin, Symington and Whittaker, are employed by Resurgence. Pursuant to established policies of Resurgence, all director compensation earned by Messrs Haney, Kirschner, Sivin, Symington and Whittaker is paid to Resurgence. During 2004, we paid Resurgence an aggregate amount equal to \$190,750 for director compensation earned by Messrs. Haney, Kirschner, Sivin, Symington and Whittaker and also reimbursed Resurgence for expenses incurred by these individuals related to their service as directors.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors and anyone who beneficially owns more than 10% of our Common Stock to file various reports with the Securities and Exchange Commission regarding their ownership of, and transactions in, our equity securities, and to furnish us with copies of those reports. Based solely on our review of copies of these reports furnished to us and written representations from our officers and directors, we believe that none of our officers, directors or 10% stockholders failed to file any reports under Section 16(a) on a timely basis during 2004, with the following exceptions. Paul C. Rostek was granted options to acquire 27,500 shares of our common stock on November 5, 2004 and did not file a Form 4 reporting that grant on a timely basis. On December 16, 2004, Mr. Paul C. Rostek filed a Form 5 to report the grant of these options. In March of 2004, Mr. Walter B. Treybig became a Section 16 reporting person and, on March 12, 2004, Mr. Treybig timely filed a Form 3. However, Mr. Treybig's Form 3 failed to reflect options held by him to acquire 25,000 shares of our common stock, which were issued to him on February 11, 2003. On December 17, 2004, Mr. Treybig filed a Form 5 to correct that omission.
