Risk Factors

You should read carefully the Risk Factors beginning on page 6 of this prospectus, as well as the risk factors relating to our business that are incorporated by reference in this prospectus, for certain considerations relevant to an investment in the shares of common stock offered hereby.

RECENT DEVELOPMENTS

In our Quarterly Report on Form 10-Q for the quarter ended June 30, 2008, we changed our segment reporting composition in the current period in accordance with Statement of Financial Accounting Standards No. 131, *Disclosures about Segments of an Enterprise and Related Information* (SFAS 131). SFAS 131 provides for the identification of reportable segments on the basis of discreet business units and their financial information to the extent such units are reviewed by an entity's chief decision maker (which can be an individual or group of management persons).

We modified our reporting segments to more accurately reflect the way we manage and assess the performance of our business. We changed our segments to report our banking operations on a state-by-state basis rather than on a per bank basis, as we had done in the past, and we also created new segments to report our asset management and credit card operations. Previously, our asset management operations were included in Other and our credit card operations were included in Torrey Pines Bank. The new structure is segmented as Nevada (Bank of Nevada and First Independent Bank of Nevada), Arizona (Alliance Bank of Arizona), California (Torrey Pines Bank, not including PartnersFirst Affinity Services, and Alta Alliance Bank), Asset Management (Miller/Russell & Associates, Inc., Premier Trust, Inc. and Shine Investment Advisory Services, Inc.), Credit Card Services (PartnersFirst Affinity Services) and Other (Western Alliance Bancorporation, in holding company form, and miscellaneous).

Prior to the adjustment of our segment reporting composition, our business was segmented as Bank of Nevada, Alliance Bank of Arizona, Torrey Pines Bank (including PartnersFirst Affinity Services), Alta Alliance Bank, First Independent Bank of Nevada and Other (Miller/Russell & Associates, Inc., Premier Trust, Inc., Shine Investment Advisory Services, Inc., Western Alliance Bancorporation, in holding company form, and miscellaneous).

The adjustment of our segment reporting composition resulted in, among other things, our asset management and credit card operations being reported as individual segments. For the quarter ended March 31, 2008, our Credit Card Services segment had net loans of \$6.5 million, and a net loss of \$1.3 million, as compared to net loans of \$217 thousand, and a net loss of \$1.7 million for the year ended December 31, 2007. For the quarter ended March 31, 2008, our Asset Management segment had \$2.2 billion in assets under management and net income of \$15 thousand, as compared to \$2.3 billion in assets under management and net income of \$1.2 million for the year ended December 31, 2007.

ABOUT THIS OFFERING

The shares offered in this prospectus relate to 3,797,993 shares of common stock issued in a private placement on June 27, 2008 at a purchase price of \$7.94 per share to a limited number of accredited investors, as defined in the Securities Act. The aggregate offering price of the shares was approximately \$30.2 million. In connection with the private placement and pursuant to a registration rights agreement, we agreed, subject to certain limitations, to file this registration statement with the SEC within 45 calendar days after the closing of the private placement, and to use our reasonable best efforts to cause this registration statement to become effective as promptly as practicable after filing.

RISK FACTORS

Before purchasing the shares offered by this prospectus you should carefully consider the risk factors relating to Western Alliance Bancorporation incorporated by reference in this prospectus from our Annual Report on Form 10-K for the year ended December 31, 2007, as well as the risks, uncertainties and additional information set forth in our SEC reports on Forms 10-K, 10-Q and 8-K and in the other documents incorporated by reference in this prospectus. For a description of these reports and documents, and information about where you can find them, see Where You Can Find More Information and Incorporation of Certain Documents By Reference. Additional risks not presently known or that are currently deemed immaterial could also materially and adversely affect our financial condition, results of operations, business and prospects. This prospectus and the documents incorporated herein by reference also contain forward-looking statements that involve risks and uncertainties. Actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the risks faced by us described in the documents incorporated herein by reference.

USE OF PROCEEDS

This prospectus relates to shares of our common stock that may be offered and sold from time to time by the selling stockholders who will receive all of the proceeds from the sale of the shares. Western Alliance will not receive any of the proceeds from the sales of shares by the selling stockholders. Most of the costs and expenses incurred in connection with the registration under the Securities Act of the offered shares will be paid by Western Alliance. The selling stockholders will pay any brokerage fees and commissions, fees and disbursements of legal counsel for the selling stockholders, and share transfer and other taxes attributable to the sale of the offered shares.

DETERMINATION OF OFFERING PRICE

This offering is being made solely to allow the selling stockholders to offer and sell shares of our common stock to the public. The selling stockholders may offer for resale some or all of their shares at the time and price that they choose. On any given day, the price per share is likely to be based on the market price for our common stock, as quoted on the New York Stock Exchange on the date of sale, unless shares are sold in private transactions. Consequently, we cannot currently determine the price at which shares offered for resale pursuant to this prospectus may be sold.

SELLING STOCKHOLDERS

This prospectus covers shares of our common stock that we sold in a private placement of our securities on June 27, 2008 to accredited investors as defined by Rule 501(a) under the Securities Act, pursuant to an exemption from registration under Section 4(2) of the Securities Act. The selling stockholders may from time to time offer and sell under this prospectus any or all of the shares listed opposite their names below.

We have prepared the table below based upon the information furnished to us by the selling stockholders as of June 27, 2008. The selling stockholders identified below may have sold, transferred or otherwise disposed of some or all of their shares since the date on which the information in the following table is presented in transactions exempt from or not subject to the registration requirements of the Securities Act. Any profits realized by the selling stockholder may be deemed to be underwriting commissions. Information concerning the selling stockholders may change from time to time and, if necessary, we will amend or supplement this prospectus accordingly. The total number of shares that may be sold hereunder will not exceed the number of shares offered hereby. Please read the section entitled *Plan of Distribution* in this prospectus for more information.

We have been advised that each of the selling stockholders purchased our common stock in the ordinary course of business, not for resale, and none of such selling stockholders had, at the time of purchase, any agreements or understandings, directly or indirectly, with any person to distribute the related common stock.

The following table sets forth:

The name of each selling stockholder;

The number of shares of our common stock beneficially owned by the selling stockholders as of June 27, 2008;

The maximum number of shares of our common stock that may be offered for the account of the selling stockholders under this prospectus; and

The amount and percentage of common stock that would be owned by the selling stockholders after completion of the offering, assuming a sale of all of the common stock that may be offered by this prospectus.

Under SEC rules, beneficial ownership includes any shares of common stock as to which a person has sole or shared voting power or investment power and any shares of common stock which the person has the right to acquire within 60 days through the exercise of any option, warrant or other right, through conversion of any security or pursuant to the automatic termination of a power of attorney or revocation of a trust, discretionary account or similar arrangement. Beneficial ownership is calculated based on 34,058,669 shares of our common stock outstanding as of June 30, 2008. In calculating the number of shares beneficially owned by a selling stockholder and the percentage ownership, shares of common stock subject to options and warrants held by that person that are currently exercisable or convertible or become exercisable or convertible within 60 days of June 30, 2008 (exercisable stock options and exercisable warrants, respectively) are deemed outstanding even if they have not actually been exercised or converted.

The shares issuable under these securities are treated as outstanding for computing the percentage ownership of the person holding these securities but are not treated as outstanding for computing the percentage ownership of any other person.

PLAN OF DISTRIBUTION

The selling stockholders may from time to time, in one or more transactions, sell all or a portion of the offered shares on the New York Stock Exchange or any other national securities exchange or quotation service on which the offered shares are listed or quoted at the time of sale, in the over-the-counter market, in negotiated transactions, in underwritten transactions or otherwise, at prices then prevailing or related to the then current market price or negotiated prices. The offering price of the offered shares from time to time will be determined by the selling stockholders and, at the time of determination, may be higher or lower than the market price of the common stock as quoted on the New York Stock Exchange. In connection with an underwritten offering, underwriters or agents may receive compensation in the form of discounts, concessions or commissions from a selling stockholder or from purchasers of offered shares for whom they act as agents. Underwriters may sell offered shares to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they act as agents. Under agreements that may be entered into by Western Alliance, underwriters, dealers and agents who participate in the distribution of offered shares may be entitled to indemnification by Western Alliance against liabilities under the Securities Act or otherwise, or to contribution with respect to payments which the underwriters, dealers or agents may be required to make. The offered shares may be sold directly or through broker-dealers acting as principals or agents, or pursuant to a distribution by one or more underwriters on a firm commitment or best-efforts basis. Broker-dealers acting as principals or agents may receive compensation in the form of discounts, concessions or commissions from a selling stockholder or from purchasers of offered shares for whom they act as agents. The methods by which the offered shares may be sold include:

- a cross or block trade in which the broker-dealer so engaged will attempt to sell the offered shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

- purchases by a broker-dealer as principal and resale by such broker-dealer for its accounts pursuant to this prospectus;

- ordinary brokerage transactions and transactions in which the broker solicits purchasers;

- an exchange distribution in accordance with the rules of the applicable exchange;

- short sales or borrowing, returns and reborrowings of the shares pursuant to stock loan agreements to settle short sales;

- privately-negotiated transactions;

- underwritten transactions;

- a combination of any such methods; and

- any other method permitted by applicable law.

The selling stockholders and any underwriters, dealers or agents participating in a distribution of the offered shares may be deemed to be underwriters within the meaning of the Securities Act, and any profit on the sale of the offered shares by the selling stockholders and commissions received by such broker-dealers may be deemed to be underwriting commissions under the Securities Act.

When the selling stockholder elects to make a particular offer of shares, a prospectus supplement, if required, will be distributed which will identify any underwriters, dealers or agents and any discounts, commissions and other terms constituting compensation from the selling stockholder and any other required information.

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock, from time to time, under this prospectus, or under an amendment or supplement to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

To comply with any applicable state securities laws, the offered shares may be sold only through registered or licensed brokers or dealers. In addition, in some states, the offered shares may not be sold unless they have been registered or qualified for sale in the state or an exemption from registration or qualification is available and satisfied.

Western Alliance has agreed to pay all costs and expenses incurred in connection with the registration under the Securities Act of the offered shares, including:

all registration and filing fees,

printing expenses, and

fees and disbursements of counsel and accountants for Western Alliance.

The selling stockholders will pay any brokerage fees and commissions, fees and disbursements of legal counsel for the selling stockholders and stock transfer and other taxes attributable to the sale of the offered shares. Western Alliance has also agreed to indemnify each of the selling stockholders against losses, claims, damages, liabilities and expenses arising under the securities laws in connection with this offering. The selling stockholders have agreed to indemnify Western Alliance, its officers and each person who controls, within the meaning of the Securities Act, Western Alliance, against any losses, claims, damages, liabilities and expenses arising under the securities laws in connection with this offering with respect to written information furnished to Western Alliance by the selling stockholder.

The aggregate proceeds to the selling stockholders from the sale of the common stock offered by them will be the purchase price of the common stock less discounts or commissions, if any. Each of the selling stockholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of common stock to be made directly or through agents. We will not receive any of the proceeds from this offering.

We have advised the selling stockholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and their affiliates. In addition, we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.
