A proxy card is enclosed for your use. You are solicited on behalf of the Board of Directors to SIGN AND RETURN THE PROXY CARD IN THE REPLY ENVELOPE. The cost of soliciting proxies, including the preparation, assembly, and mailing of the proxies and soliciting material, as well as the cost of forwarding such material to the beneficial owners of the Company s common stock, will be borne by the Company. Directors, officers, and regular employees of the Company may, without compensation other than their regular compensation, solicit proxies in person, in writing or by any form of telecommunication. The Company may reimburse brokerage firms and others for expenses in forwarding proxy materials to the beneficial owners of common stock.

Any shareholder giving a proxy may revoke it at any time prior to its use at the Annual Meeting either by giving written notice of such revocation to the Secretary of the Company, by filing a duly executed proxy bearing a later date with the Secretary of the Company, or by appearing at the Annual Meeting and filing written notice of revocation with the Secretary of the Company prior to use of the proxy. Proxies will be voted as specified by shareholders.

The Company expects this proxy material will first be mailed to shareholders on or about July 29, 2002.

THE BOARD OF DIRECTORS RECOMMENDS THE SHAREHOLDERS VOTE FOR THE PROPOSALS SET FORTH IN THE NOTICE OF MEETING.

VOTING OF SHARES

Only holders of common stock of record at the close of business on July 15, 2002 will be entitled to vote at the Annual Meeting. On July 15, 2002, the Company had 4,441,971 shares of common stock outstanding, each such share entitling the holder thereof to one vote on each matter to be voted on at the Annual Meeting.

The presence at the Annual Meeting, in person or by proxy, of the holders of fifty percent (50%) of the outstanding shares of common stock entitled to vote at the meeting (2,220,985 shares) is required for a quorum for the transaction of business. In general, shares of common stock represented by a properly signed and returned proxy

card will be counted as shares present and entitled to vote at the Annual Meeting for purposes of determining a quorum, without regard to whether the card reflects abstentions (or is left blank) or reflects a broker non-vote on a matter (that is, a card returned by a broker on behalf of its beneficial owner/customer that is not voted on a particular matter because voting instructions have not been received and the broker has no discretionary authority to vote).

The election of a nominee for director and any other proposals that may come before the Annual Meeting described in this Proxy Statement require the approval of a majority of the shares present and entitled to vote in person or by proxy on that matter.

PROPOSAL 1

FIX NUMBER OF DIRECTORS AT FOUR

The Bylaws of the Company provide that the Board of Directors shall consist of one or more members, as determined by the shareholders at a regular meeting. The Board of Directors recommends the shareholders fix the number of directors to comprise the Board of Directors for the ensuing year at four.

PROPOSAL 2

ELECTION OF DIRECTORS

Nomination

As permitted by Minnesota law, the Company's Articles of Incorporation require that the Board of Directors of the Company be divided into three classes, with each class containing as nearly as possible one-third of the total, and each class having a term of three years. The Board of Directors (hereinafter referred to as the Board) has nominated the individual named below to serve as director of the Company for the term of three years, until the annual meeting of the shareholders in the year in which his term expires or until his successor has been elected and qualified. The nominees are members of the current Board.

The Board recommends a vote FOR the election of the nominees listed below. In the absence of other instructions, the proxies will be voted FOR the election of the nominees named below. If the Board should learn the nominees will be unable to serve by reason of death, incapacity or other unexpected occurrence prior to the Annual Meeting, the proxies which otherwise would have been voted for the nominee will be voted for such substitute nominee as selected by the Board. The Board has no reason to believe the nominees will be unable to serve.

PROPOSAL 3

INCREASE THE COMPANY S AUTHORIZED SHARES TO 20,000,000

The Board of Directors has approved an amendment (Amendment), which requires shareholder approval, to the Company s Articles of Incorporation to increase the number of shares which the Company is authorized to issue to Twenty Million (20,000,000) shares of Common Stock, par value \$.01 per share.

As a result of the Company s one-for-three reverse stock split in April, 2002, the Company s authorized capital was reduced to 6,666,666 shares of Common Stock. At the completion of the Company s Rights Offering, the Company had 4,441,971 shares outstanding. In addition, there were related warrants outstanding for 798,213 shares, other warrants outstanding for 50,000 shares, and options outstanding for 156,690 shares. If all presently outstanding options and warrants were exercised, the Company would have 5,446,874 shares outstanding, leaving only 1,219,792 shares of authorized but unissued Common Stock.

The Company s management wants the Company to have sufficient authorized and unissued capital stock available in case the Company seeks additional equity capital financing in the future, or decides to pursue any opportunities for acquisition that become available. The Company is not presently obligated to issue any of the additional shares which will be authorized under this proposal.

Under Minnesota Law, the holders of a majority of the voting power of the shares present and entitled to vote at a meeting of shareholders, at which a quorum is present, must approve the Amendment to the Company s Articles of Incorporation.

The Amendment will not affect the relative rights or privileges of the holders of the currently outstanding Common Stock, and the newly authorized shares of Common Stock will have the same rights as the presently authorized shares of Common Stock.

The holders of Common Stock have no preemptive rights to purchase any stock of the Company. Each share is entitled to one vote on all matters presented for shareholder vote. There are no dividend rights, sinking fund provisions, redemption provisions, liquidation rights nor liability for calls nor assessments pertaining to the Common Stock.

The Company s Articles of Incorporation require that its Board of Directors be divided into three classes, with each class containing, as nearly as possible, one-third of the total, and each class having a staggered term of three years. As a result, shareholders vote to elect only one-third of the Board of Directors in any one year.

The language of the Amendment to increase the number of shares of authorized capital stock is shown in Appendix A hereto.

The Board of Directors recommends that shareholders vote FOR the proposal to amend the Articles of Incorporation to increase to 20,000,000 shares the amount of Authorized Capital.

PROPOSAL 4

APPROVE THE ADOPTION OF THE UROPLASTY, INC. 2002 STOCK OPTION PLAN

Introduction: Background and Board Recommendation

The Board of Directors of the Company has determined it is desirable to adopt a new stock option plan. To that end, the Board of Directors adopted, effective as of July 18, 2002, subject to shareholder approval, the Uroplasty, Inc. 2002 Stock Option Plan (the 2002 Plan), which is described below.

Table of Contents

The Board of Directors recommends that shareholders of the Company approve the adoption of the 2002 Plan and the reservation of 650,000 shares for issuance pursuant to the terms of the Plan. The text of the 2002 Plan is included as Appendix B to this Proxy Statement. Neither the approval nor disapproval of the 2002 Plan by the shareholders would affect the rights of holders, if any, of outstanding options under the 2002 Plan. The affirmative vote of the holders of a majority of the shares of the Company's Common Stock represented in person or by proxy at the Annual Meeting is required to approve the adoption of the 2002 Plan.

The Company presently has two stock option plans, the Uroplasty, Inc. 1995 Stock Option Plan (the 1995 Plan) and the Uroplasty, Inc. 1997 Stock Option Plan, as amended (the 1997 Plan). The 1995 Plan was adopted by the Board, but the Company did not seek shareholder approval within 12 months after its adoption, so options granted under the 1995 Plan do not qualify for favorable tax treatment under the Internal Revenue Code. In 1997 the Board adopted and the Company's shareholders approved the adoption of the 1997 Plan. Options granted under the 1997 Plan do qualify for favorable tax treatment.

As of March 31, 2002, on a post-split basis, only 52,366 shares remained available under the 1995 Plan and 63,566 shares remained available for option grants under the 1997 Plan, for an aggregate of 115,932 shares.

The Board intends, following the 2002 Annual Meeting of Shareholders, to adopt an Option Exchange Program to be made available to all employees, officers and directors who hold options under the 1995 Plan or the 1997 Plan. Such a Program, which is described below, may result in virtually all of the presently outstanding options under the 1995 Plan and 1997 Plan being tendered for exchange and termination. The Board considers the adoption and approval of the 2002 Plan necessary in order to provide appropriate incentives for the Company's management and employees.

Purpose and Effects of the Proposal: Description of the 2002 Plan

The following discussion gives a summary of the principal provisions of the 2002 Plan. The summary is qualified in its entirety by reference to the complete text of the Plan which appears as Appendix B to this Proxy Statement.

The purpose of the 2002 Plan is to promote the Company's success by facilitating the employment and retention of competent personnel and furnishing an incentive to the personnel upon whose efforts the success of the Company depends to a large degree.

The 2002 Plan provides that the Company's Board of Directors will have the discretion to grant to employees of the Company or its subsidiaries, or to non-employee directors and consultants, options to purchase shares of Common Stock of the Company. The 2002 Plan provides for the reservation of 650,000 shares of the Company's Common Stock. The Board of Directors may grant as many options in any year of the Plan's term as there are shares reserved. The options to be granted under the 2002 Plan are not determinable because options will be granted at the discretion of the Board of Directors. The 2002 Plan will, in the absence of earlier termination, amendment, change of law or exhaustion of shares reserved, expire in 2007. The Board of Directors may at its discretion delegate some or all of its authority under the 2002 Plan to a Stock Option Committee consisting of not less than three persons, who need not be directors of the Company.

Options granted pursuant to the 2002 Plan will be exercisable during a term ending not more than five years from the date of grant. The Board may determine at the time of grant whether the entire amount of the options can be exercised at one time or in successive stages. The price of the shares subject to the options can be not less than 100% of the fair market value of the Common Stock of the Company on the date of grant. The exercise price for shares under an incentive stock option granted to an employee who already owns more than 10% of the Company's Common Stock must be at least 110% of the fair market value on the date of grant. The Company receives no consideration from the key employees to whom the options are granted except insofar as certain provisions of the options relating to non-transfer and exercise encourage such employees to remain in the employ of the Company.

Table of Contents

The Board has complete discretion to select all optionees and to establish the terms and conditions for the grant and exercise of each option granted to each such optionee, subject in all cases to the provisions of the 2002 Plan. As of July 15, 2002, ___ employees, including executive officers and two non-employee directors, were eligible to receive option grants under the 2002 Plan. In determining the employees to whom options shall be granted and the number of shares to be covered by each option, the Board may take into account the nature of the services rendered by the respective employees, their present and potential contributions to the success of the Company and such other factors as the Board in its sole discretion shall deem relevant.

The Board may adopt administrative guidelines from time to time which will define specific eligibility criteria and the types of options to be employed. The Board may establish minimum performance targets with respect to each option. Performance targets may be based on financial criteria, such as the Fair Market Value of Common Stock or other measures of financial performance of the Company, or may be based on the performance of a division or subsidiary of the Company or the performance of an individual participant. Specific terms of each option, including minimum performance criteria which must be met will be provided in individual option agreements. Option agreements may contain change-in-control provisions.

The Board will have the right to amend, suspend or discontinue the 2002 Plan, or alter or amend any or all award agreements made pursuant to it to the extent permitted by law. However, no amendment, suspension or termination of the 2002 Plan shall, without the consent of the participant, adversely alter or change any of the rights or obligations under any awards or other rights previously granted to the participant under the Plan. Moreover, the Board may not take any such action without approval of the stockholders, if required by law.

On July ___, 2002 the closing bid and asked prices for the Company's Common Stock as reported on the OTC Bulletin Board website (www.OTCBB.com) were \$___ and \$___ per share, respectively.

Federal Income Tax Consequences of the Operation of the 2002 Plan

Options granted under the 2002 Plan are intended to qualify as qualified stock options under Section 422 of the Internal Revenue Code of 1954, as amended. The Company understands that, under existing federal income tax provisions, if shares are purchased under an option granted as described above and are not disposed of by the optionee within the required holding period, then (i) any gain or loss will be recognized to the optionee only upon the ultimate disposition of such shares by the optionee (except to the extent that he or she may be subject in the year the option is exercised to the alternative minimum tax provided for by Sections 56 through 58 of the Internal Revenue Code, (ii) assuming the shares constitute capital assets in the optionee's hands, any gain or loss recognized upon their ultimate disposition will be treated as long-term capital gain or loss, and (iii) the Company will not be entitled to a deduction in connection with the issuance or exercise of the options.

Option Exchange Program to be adopted by Board

Due to the substantial decline in the price of Uroplasty's common stock, all of the outstanding options held by Uroplasty's executive officers, employees and directors currently have exercise prices significantly above current market prices for Uroplasty's common stock. These options were originally issued to promote the Company's long-term growth and success and the creation of stockholder value by (i) encouraging employees to focus on critical long-range objectives; (ii) encouraging the attraction and retention of employees with exceptional qualifications; and (iii) linking employees' interests directly to those of stockholders through increased stock ownership. Since these options have exercise prices that are significantly higher than the current market price of Uroplasty's common stock, the Board believes that these options are unlikely to be exercised in the foreseeable future and therefore do not serve their original purpose.

To address the substantial loss in value of the outstanding stock options held by Uroplasty's employees and the inability of these options to provide a valuable incentive to remain employed by Uroplasty, the Board decided to implement an Option Exchange Program.

Table of Contents

Under the Option Exchange Program, as proposed, Uroplasty will offer to exchange outstanding stock options to purchase shares of its common stock held by employees, officers and directors (but not any other non-employees), for replacement options covering the same number of shares, to be granted at least six months and one day following the date of cancellation of the options accepted for exchange. The replacement options will have an exercise price equal to the market value of the common stock on a replacement grant date selected by the Board, which must be within a 30-day period following the expiration of the six month and one day period. All of Uroplasty's Executive Officers, including Daniel G. Holman, CEO and Chairman, and all of Uroplasty's directors will be eligible to participate in the Option Exchange Program. Non-employees who are not directors will not be eligible to participate in the Option Exchange Program.

The Board believes that this program is necessary because equity incentives in the form of stock option grants form a critical component of the compensation package provided to key employees of Uroplasty and play a substantial role in Uroplasty's ability to retain the services of individuals essential to its long-term success. The Board believes that Uroplasty's ability to retain key employees will be significantly impaired unless option value is restored. By making the offer to exchange outstanding options for replacement options that will have an exercise price equal to the market value of Uroplasty's common stock on the replacement grant date, the Board intends to provide eligible employees with the benefit of owning options that may have a greater potential to increase in value over time, thereby creating better performance incentives for its employees.

In order to assure that the Option Exchange Program serves the primary purposes of assuring the continued service of key employees and helping to create stockholder value, the Board has imposed two limitations. No employee will be eligible to receive a replacement option unless that individual continues to be employed by Uroplasty through the replacement grant date. To assure that the replacement option will not be treated as a variable award for financial accounting purposes, which could otherwise have a negative impact upon the Company's earnings, no replacement option or other options will be granted within six months and one day after the cancellation of the option submitted for exchange. As a result, in order to receive the replacement option, any eligible and participating employee has to remain employed by Uroplasty until the replacement grant date, which will not be before March 1, 2003.

Each replacement option will be granted pursuant to a new option agreement between Uroplasty and the employee. The replacement option will have substantially similar terms and conditions as the cancelled option, except for the exercise price.

As a result of the foregoing, the Board believes that the Option Exchange Program strikes an appropriate balance between the interests of the Company's employees and those of its stockholders.

After the Option Exchange Program is approved by the Board, the Company's management intends to implement the Program promptly, including compliance with applicable federal and state securities laws, and to make the proposed offer of exchange to all eligible option holders as soon as possible.

Table of Contents

- 3.2 (a) The Board shall have the sole discretion, subject to the provisions of the Plan, to determine the Participants eligible to receive Options pursuant to the Plan and the amount, type and terms of any Options and the terms and conditions of option agreements relating to any Option, including vesting restrictions and minimum performance targets.
- (b) Performance targets may be based on financial criteria, such as the fair market value of Stock or other measures of financial performance of the Company, or may be based on the performance of a Subsidiary or division of the Company or the performance of a Participant.
- (c) Minimum performance targets may include (i) the achievement by the Company of a specified target earnings per share, return on equity or net income, all as adjusted to exclude items that the Board determines to be inappropriate for purposes of the Option, (ii) the Company's stock price, (iii) the achievement by a business unit of the Company of a specified target net income as adjusted to exclude items that the Board determines to be inappropriate for purposes of the Option or market share, or (iv) any combination of the goals set forth in (i) through (iii) above. If any Option granted under the Plan lapses or terminates for any reason before being completely exercised, the shares covered by the unexercised portion of such Option may again be made subject to Options under the Plan.
- 4.2 Changes in Capitalization. In the event of any change in the outstanding shares of Stock in the Company by reason of any stock dividend, split, recapitalization, reorganization, merger, consolidation, combination, exchange of shares or rights offering to purchase stock at a price substantially below fair market value or other similar corporate change, the aggregate number of shares which may be subject to Options under the Plan and the terms of any outstanding Option, including the number and kind of shares subject to such Options and the purchase price per share thereof, shall be appropriately adjusted by the Board consistent with such change and in such manner as the Board, in its sole discretion, may deem equitable to prevent substantial dilution or enlargement of the rights granted to or available for Optionees. Notwithstanding the preceding sentence, in no event shall any fraction of a share of Stock be issued upon the exercise of an Option.

Table of Contents

5. ELIGIBLE PARTICIPANTS

The following persons are eligible to participate in the Plan:

- 5.1 Incentive Stock Options. Incentive Stock Options may be granted only to employees of the Company or any Subsidiary, including officers and directors who are also employees of the Company or any Subsidiary.
- 5.2 Non-Statutory Stock Options. 6. GRANT OF OPTIONS

- 6.1 Options to be Granted. Subject to the terms, conditions and limitations set forth in this Plan, the Company, by action of its Board, may from time to time grant Options to purchase shares of the Company's Stock to those eligible Participants as may be selected by the Board in such amounts and on such other terms as the Board in its sole discretion shall determine. Such Options may be (i) Incentive Stock Options so designated by the Board and which, when granted, are intended to qualify as incentive stock options as defined in Section 422 of the Code; (ii) Non-Statutory Stock Options so designated by the Board which, when granted, do not qualify as incentive stock options under Section 422 of the Code; or (iii) a combination of both. The date on which the Board approves the granting of an Option shall be the date of grant of such Option. Notwithstanding the foregoing, with respect to the grant of any Incentive Stock Option under the Plan the aggregate fair market value of Stock (determined as of the date of the Option is granted) with respect to which such Options are exercisable for the first time by an Optionee in any calendar year (under all such stock option plans of the Company or Subsidiaries) shall not exceed \$100,000.
- 6.2 Option Agreement. Each grant of an Option under the Plan shall be evidenced by a written stock option agreement between the Company and the Optionee setting forth the terms and conditions, not inconsistent with the Plan, under which the Option so granted may be exercised pursuant to the Plan and containing such other terms with respect to the Option as the Board in its sole discretion may determine.
- 6.3 Change in Control. If a change in control occurs, the exercisability of all outstanding options, including those subject to vesting and/or performance targets, will automatically accelerate immediately before the effective date of the change in control. This means that all options outstanding immediately before the effective date of the change in control shall become fully exercisable for all of the shares of common stock subject to each option at that time.

A change in control is defined as:

- (i) a third person, including a syndicate or group deemed to be a person under Section 13(d)(3) of the Exchange Act, becomes the beneficial owner (as so determined) of Stock having thirty percent (30%) or more of the total number of votes which may be cast for the election of members of the Board;
 - (ii) all or substantially all of the assets and business of the Company are sold, transferred or assigned to, or otherwise acquired by, any other entity or entities; or
-

Table of Contents

- (iii) as a result of, or in connection with, any cash tender or exchange offer, merger or other business combination, sale of assets or contested election, or any combination of the foregoing transactions, the persons who are members of the Board before any such transaction shall cease to constitute a majority of the Board of the Company or any successor to the Company.

Notwithstanding the foregoing, in no event shall the distribution of stock in a subsidiary by the Company to its stockholders be deemed a Change in Control.

7. OPTION PRICE AND FORM OF PAYMENT

The purchase price for a share of Stock subject to an Option granted hereunder shall not be less than 100% of the fair market value of the Stock. For purposes of this Section 7, the fair market value of the Stock shall be determined as follows:

- (a) If the Stock of the Company is listed or admitted to unlisted trading privileges on a national securities exchange, the fair market value on any given day shall be the closing sale price for the Stock, or if no sale is made on such day, the closing bid price for such day on such exchange;
- (b) If the Stock is not listed or admitted to unlisted trading privileges on a national securities exchange, the fair market value on any given day shall be the closing sale price for the Stock as reported on the National Association of Securities Dealers Automated Quotation System (NASDAQ) on such day, or if no sale is made on such day, the closing bid price for such day as entered by a market maker for the Stock;
- (c) If the Stock is not listed on a national securities exchange and is not admitted to unlisted trading privileges on any such exchange, and is not eligible for inclusion in either the NASDAQ National Market System or Small Cap System, the fair market value on any given day shall be the average of the closing representative bid and asked prices as reported by the OTC Bulletin Board System (www.OTCBB.com) or, if the Stock is not quoted on the OTC Bulletin Board System, then as reported in any publicly available compilation, such as that of the National Quotation Bureau, Inc., of the bid and asked prices of the Stock in any over-the-counter market on which the Stock is traded; or
- (d) If there exists no public trading market for the Stock, the fair market value on any given day shall be an amount determined in good faith by the Board in such manner as it may be reasonably determined in its discretion, provided that such amount shall not be less than the book value per share, as reasonably determined by the Board as of the date of determination, nor less than the par value of the Stock.

Notwithstanding the foregoing, in the case of an Incentive Stock Option granted to any Optionee then owning more than 10% of the voting power of all classes of the Company's stock, the purchase price per share of the Stock subject to such Option shall not be less than 110% of the fair market value of the Stock on the date of grant of the Incentive Stock Option, determined as provided above.

Except as provided herein, the purchase price of each share of Stock purchased upon the exercise of any Option shall be paid:

- (a) In United States dollars in cash or by check, bank draft or money order payable to the order of the Company;
 - (b) At the discretion of the Board, through the delivery of shares of Stock, which have been held by the option holder for one hundred eighty (180) days or more and have an aggregate fair market value (as determined in the manner provided under this Plan) equal to the Option price;
 - (c) At the discretion of the Board, by a combination of both (a) and (b) above; or
-

Table of Contents

- (d) By such other method as may be permitted in the written Stock Option Agreement between the Company and the Optionee.

If such form of payment is permitted, the Board shall determine procedures for tendering Stock as payment upon exercise of an Option and may impose such additional limitations and prohibitions on the use of Stock as payment upon the exercise of an Option as it deems appropriate.

8. EXERCISE OF OPTIONS

- 8.1 Manner of Exercise. An Option, or any portion thereof, shall be exercised by delivering a written notice of exercise to the Board and paying to the Company the full purchase price of the Stock acquired upon the exercise of the Option. Until certificates for the Stock acquired upon the exercise of an Option are issued to an Optionee, such Optionee shall not have any rights as a shareholder of the Company.
- 8.2 Limitations and Conditions on Exercise of Options. In addition to any other limitations or conditions contained in this Plan or which may be imposed by the Board from time to time or in the Stock Option Agreement to be entered into with respect to Options granted hereunder, the following limitations and conditions shall apply to the exercise of Options granted under this Plan:
 - (a) No Incentive Stock Option may be exercisable by its terms after the expiration of five years from the date of the grant thereof.
 - (b) No Incentive Stock Option granted to an eligible Participant then owning more than 10% of the voting power of all classes of the Company's Stock may be exercisable by its terms after the expiration of five years from the date of the grant thereof.

9. INVESTMENT PURPOSES

Unless a registration statement under the Securities Act of 1933 is in effect with respect to Stock to be purchased upon exercise of Options to be granted under the Plan, the Company shall require an Optionee agree with and present to the Company in writing he or she is acquiring such shares of Stock for the purpose of investment and with no present intention to transfer, sell or otherwise dispose of such shares of Stock other than by transfers which may occur by will or by the laws of descent and distribution, and no shares of Stock may be transferred unless, in the opinion of counsel of the Company, such transfer would be in compliance with applicable securities laws. In addition, unless a registration statement under the Securities Act of 1933 is in effect with respect to the Stock to be purchased under the Plan, each certificate representing any shares of Stock issued to an Optionee hereunder shall have endorsed thereon a legend in substantially the following form:

THE SHARES REPRESENTED BY THIS CERTIFICATE WERE ISSUED WITHOUT REGISTRATION UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "ACT") AND WITHOUT REGISTRATION UNDER ANY APPLICABLE STATE SECURITIES LAWS, IN RELIANCE UPON EXEMPTION(S) CONTAINED THEREIN. NO TRANSFER OF THESE SHARES OR ANY INTEREST THEREIN MAY BE MADE EXCEPT PURSUANT TO EFFECTIVE REGISTRATION STATEMENTS UNDER SAID LAWS UNLESS THE CORPORATION HAS RECEIVED AN OPINION OF COUNSEL SATISFACTORY TO IT THAT SUCH TRANSFER OR DISPOSITION DOES NOT REQUIRE REGISTRATION UNDER SAID LAWS AND, OR ANY SALES UNDER RULE 144 OF THE ACT, SUCH EVIDENCE AS IT SHALL REQUEST FOR COMPLIANCE WITH THAT RULE, OR APPLICABLE STATE SECURITIES LAWS.

10. TRANSFERABILITY OF OPTIONS

No Option granted under the Plan shall be transferable by an Optionee (whether by sale, assignment,

Table of Contents

hypothecation or otherwise) other than by will or the laws of descent and distribution, and Options shall be exercisable during the Optionee's lifetime only by the Optionee.

11. TERMINATION OF EMPLOYMENT

- 11.1 Generally. Except as otherwise provided in this Section 11, if an Optionee's employment with the Company or Subsidiary is terminated (hereinafter "Termination") other than by death or Disability (as hereinafter defined), the Optionee may exercise any Option granted under the Plan, to the extent the Optionee was entitled to exercise the Option at the date of Termination, for a period of three months after the date of Termination or until the term of the Option has expired, whichever date is earlier.
- 11.2 Death or Disability of Optionee. In the event of the death or Disability of an Optionee prior to expiration of an Option held by him or her, the following provisions shall apply:
- (a) If the Optionee is at the time of his or her Disability employed by the Company or a Subsidiary and has been in continuous employment (as determined by the Board in its sole discretion) since the date of grant of the Option, then the Option may be exercised by the Optionee until the earlier of one year following the date of such Disability or the expiration date of the Option, but only to the extent the Optionee was entitled to exercise such Option at the time of his or her Disability. For the purpose of this Section, the term "Disability" shall have the meaning given to it in Section 22(e)(3) of the Code. The determination of whether an Optionee has a Disability within the meaning of Section 22(e)(3) shall be made by the Board in its sole discretion.
 - (b) If the Optionee is at the time of his or her death employed by the Company or a Subsidiary and has been in continuous employment (as determined by the Board in its sole discretion) since the date of grant of the Option, then the Option may be exercised by the Optionee's estate or by a person who acquired the right to exercise the Option by will or the laws of descent and distribution, until the earlier of one year from the date of the Optionee's death or the expiration date of the Option, but only to the extent the Optionee was entitled to exercise the Option at the time of death.
 - (c) If the Optionee dies within three months after Termination, the Option may be exercised until the earlier of nine months following the date of death or the expiration date of the Option, by the Optionee's estate or by a person who acquires the right to exercise the Option by will or the laws of descent or distribution, but only to the extent the Optionee was entitled to exercise the Option at the time of Termination.
- 11.3 Breach of Agreements; Termination for Cause. If the Optionee breaches any of the Company's Employee Confidentiality, Inventions, Non-Compete and Non-Solicitation Agreement, Employee Patent and Confidential Information Agreement, any Employment Agreement, if applicable, or any similar agreement having an equivalent purpose or effect, or if the employment of an Optionee is terminated by the Company or a Subsidiary for cause, then the Board shall have the right to cancel the Options granted to the Optionee under the Plan.

12. AMENDMENT AND TERMINATION OF PLAN

- 12.1 The Board, without approval by the shareholders of the Company, may at any time and from time to time suspend or terminate the Plan in whole or in part or amend it from time to time in such respects as may be in the best interest of the Company; provided, however, that no such amendment shall be made without approval of the shareholders if it would: (i) materially modify the eligibility requirements for Participants; (ii) increase the total number of shares of Stock which may be issued pursuant to Options, except in accordance with Section 4.2 of the Plan; (iii) reduce the minimum Option price per share as set forth in Section 7 of the Plan, except in accordance with Section 4.2 of the Plan; (iv) extend the
-

period of granting Options; or (v) materially increase in any other way the benefits accruing to Optionees.

- 12.2 No amendment, suspension or termination of this Plan shall, without the Optionee's consent, alter or impair any of the rights or obligations under any Option theretofore granted to the Optionee under the Plan.
- 12.3 The Board may amend the Plan, subject to the limitations cited above, in such manner as it deems necessary to permit the granting of Incentive Stock Options meeting the requirements of future amendments to the Code.

13. MISCELLANEOUS PROVISIONS

- 13.1 **Right to Continued Employment.** No person shall have any claim or right to be granted an Option under the Plan, and the grant of an Option under the Plan shall not be construed as giving an Optionee the right to continued employment with the Company. The Company further expressly reserves the right at any time to dismiss an Optionee or reduce an Optionee's compensation with or without cause, free from any liability, or any claim under the Plan, except as provided herein or in a stock option agreement.
- 13.2 **Withholding Taxes.** The Company shall have the right to require payment or provision for payment of any and all withholding taxes due upon the grant or exercise of an Option hereunder or the disposition of any Stock or other property acquired upon exercise of an Option be made by an Optionee. In connection herewith, the Board shall have the right to establish such rules and regulations or impose such terms and conditions in any agreement relating to an Option granted hereunder with respect to such withholding as the Board may deem necessary and appropriate.
- 13.3 **Rule 16b-3.** This Plan is intended to comply with the applicable provisions of Rule 16b-3 under the Securities Exchange Act of 1934 or any successor provision and to the extent any provision of this Plan or any action by the Board or the Committee fails to comply with said Rule, such provision or action shall be deemed amended so as to cause the provision or action to comply.
- 13.4 **Governing Law.** The Plan shall be administered in the State of Minnesota and the validity, construction, interpretation and administration of the Plan and all rights relating to the Plan shall be determined solely in accordance with the laws of such state, unless controlled by applicable federal law, if any.

14. EFFECTIVE DATE

The effective date of the Plan is July 19, 2002. No Option may be granted after July 19, 2007; provided, however, that the Plan and all outstanding Options shall remain in effect until all such outstanding Options have expired or been cancelled.
