PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON NOVEMBER 7, 2001

This proxy statement is being furnished to the holders of Bull Run Corporation common stock in connection with the solicitation of proxies by the Bull Run board of directors for use at the annual meeting of stockholders to be held at 10:00 a.m., local time, on November 7, 2001, at the offices of Bull Run, 4370 Peachtree Road, N.E., Atlanta, Georgia, or any adjournment or postponement thereof.

This proxy statement is first being mailed to stockholders of Bull Run on or about October 19, 2001.

PURPOSE OF THE MEETING

- the election of directors;
- the ratification of the appointment of PricewaterhouseCoopers LLP as the independent auditors; and
- the transaction of such other business as may properly come before the meeting.

REQUIRED VOTES

Election of directors is by a plurality of votes cast. Approval of the ratification of PricewaterhouseCoopers LLP as the independent auditors requires the affirmative vote of holders of a majority of the shares of Bull Run common stock present in person or represented by proxy at the meeting and entitled to vote on the proposal.

RECORD DATE AND VOTING RIGHTS

The Bull Run board of directors has fixed the close of business on September 14, 2001 as the record date for determining holders of Bull Run common stock entitled to notice of, and to vote at, the meeting. Only holders of record of Bull Run common stock on that date will be entitled to notice of, and to vote at, the meeting. On the record date, 36,024,126 shares of Bull Run common stock were outstanding and entitled to vote. Each record holder of Bull Run common

Edgar Filing: BULL RUN CORP - Form DEF 14A

stock on the record date is entitled to cast one vote per share, exercisable in person or by properly executed proxy, on each matter properly submitted for the vote of the stockholders at the meeting.

The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Bull Run common stock entitled to vote at the meeting is necessary to constitute a quorum and transact business at the meeting. Abstentions will be counted for purposes of determining a quorum, but will have the effect of a vote against the matters being voted upon. If a broker holding shares in street name returns an executed proxy that indicates that the broker does not have discretionary authority to vote certain shares on one or more matters, those shares will count towards determining a quorum, but will have the effect of a vote against the matters being voted upon.

VOTING AND REVOCATION OF PROXIES

All shares of Bull Run common stock that are entitled to vote and are represented at the meeting by properly executed proxies received before or at the meeting, and not duly and timely revoked, will be voted at the meeting in accordance with the instructions indicated on the proxies. If no instructions are indicated, the proxies will be voted "FOR" the election of directors specified in this proxy statement and "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as the independent auditors of Bull Run. If any other

matters are properly presented for consideration at the meeting, including consideration of a motion to adjourn or postpone the meeting to another time or place, the persons named in the enclosed form of proxy will have discretion to vote on those matters in accordance with their best judgment.

A Bull Run stockholder may revoke his, her or its proxy at any time before its use by delivering to the Secretary of Bull Run a signed notice of revocation or a later, dated, signed proxy or by attending the meeting and voting in person. Attendance at the meeting will not, in itself, constitute the revocation of a proxy. All written notices of revocation and other communications with respect to revocation of proxies should be sent to: Bull Run Corporation, 4370 Peachtree Road, N.E., Atlanta, Georgia 30319, Attention: Corporate Secretary.

The cost of solicitation of proxies will be paid by Bull Run. In addition to solicitation by mail, proxies may be solicited in person by directors, officers and employees of Bull Run, without additional compensation, and by telephone, telegram, facsimile or similar method. Arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to send proxy material to beneficial owners. Bull Run will, upon request, reimburse them for their reasonable expenses in doing so. Bull Run has retained Mackenzie Partners, Inc. to assist in the solicitation of proxies in person and by telephone, telegram, facsimile or similar method. The fee for such services will be approximately \$4,000, plus reimbursement of out-of-pocket expenses.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE

Bull Run's executive compensation program is administered by the Management Compensation and Stock Option Committee of the board of directors, a committee currently composed of Gerald N. Agranoff, James W. Busby and J. Mack Robinson, all of whom are non-employee directors. The Compensation Committee makes recommendations to the board of directors concerning the overall philosophy of Bull Run's executive compensation program, which consists of base salaries, annual incentives and long-term incentives, and makes determinations with respect to the grant of incentive awards, stock options and restricted stock awards to the executive officers and certain employees of Bull Run and its

Edgar Filing: BULL RUN CORP - Form DEF 14A

subsidiaries.

Executive Compensation Philosophy. Bull Run's executive compensation program is designed to attract, retain and motivate qualified executive personnel by recognizing and rewarding their accomplishments in support of Bull Run and its subsidiaries' businesses. The Compensation Committee's approach to structuring the total compensation package emphasizes base salary and annual incentive opportunities, along with significant long-term incentive opportunities that strongly link executive rewards to long-term stockholder value creation. Bull Run does not provide any significant executive perquisites as part of this total compensation package.

Competitive Market Reviews. Each year the Compensation Committee reviews Bull Run's executive compensation philosophy and the effectiveness and competitiveness of key executive compensation programs. The Compensation Committee determines what changes, if any, are appropriate in the compensation programs for the following year. In conducting this annual review, the Compensation Committee may use salary surveys, reports and other data prepared by independent compensation consultants, although it did not do so in fiscal 2001.

Components of the Executive Compensation Program. The Compensation Committee's policy for determining an executive's base salary, annual incentive award and long-term incentive compensation is based on the responsibility of such executive, his impact on the operations and profitability of Bull Run or of the business unit for which such executive has operating responsibility and the knowledge and experience of such executive. The following describes the various factors affecting the Compensation Committee's decisions relating to each component of Bull Run's executive compensation package:

Base Salary. Base salary is intended to provide compensation equal to the average compensation levels at comparable companies for equivalent positions. Although the Compensation Committee believes that its compensation structure is similar to that of other comparable companies, it did not specifically compare such structure with that of other companies in fiscal 2001.

Annual Incentive Awards. Each executive officer is eligible to receive an annual cash incentive award. The amount of the award, like the base salary level, is set with reference to competitive conditions, as well as to the individual's responsibility, knowledge, and experience, and his contribution to Bull Run or to the business unit for which the individual is responsible. Since these determinations are subjective in nature, the Compensation Committee does not assign relative weights to the matters considered. In 2000, the annual incentive award for Messrs. Prather (President and Chief Executive Officer) and Erickson (Vice President - Finance) represented 35% and 33%, respectively, of their base salaries.

Long-Term Incentive Compensation. Bull Run's long-term incentive compensation program is designed to provide equity awards, which are intended to be directly related to the creation of value for Bull Run's stockholders. Long-term incentive compensation consists principally of stock options that generally vest over a period of three to five years. The principal purpose of the long-term incentive compensation program is to reward Bull Run's executives for enhancing the value of Bull Run and, hence, the price of Bull Run common stock and, therefore, stockholders' return. Additionally, this component of the compensation program (through deferred vesting) is designed to create an incentive for the individual to remain with Bull Run. During fiscal 2001, options were granted to the executive officers of Bull Run because, in the case of Mr. Prather, he had options expiring in 2001 and had not received an option award since 1996,

Edgar Filing: BULL RUN CORP - Form DEF 14A

except for options granted to Mr. Prather as a result of the terms of a merger agreement whereby Mr. Prather's options to purchase shares of Host Communications, Inc. were exchanged for options to purchase shares of Bull Run, and in the case of Mr. Erickson, he had not been issued options since 1999.

10

Benefits. Bull Run offers basic benefits, such as medical, life and disability insurance, which Bull Run believes are comparable to those provided by other companies similar to Bull Run. Bull Run does not have an executive retirement plan nor does it provide other benefits, such as country club memberships, financial counseling or supplemental medical plans.

Chief Executive Officer. Mr. Prather's base salary for fiscal 2001 was the same as his base salary for fiscal 2000, which was set under a previous employment agreement, and the amount of his annual incentive award for fiscal 2001 was based on the philosophy and programs described above. The fiscal 2001 annual incentive award principally reflected the achievement of many of Bull Run's fiscal 2001 business objectives and also included the Compensation Committee's subjective evaluation of Mr. Prather's performance during fiscal 2001.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the board of directors is composed of three directors in 2001 who are independent and financially literate within the meaning of the Nasdaq Stock Market listing standards regarding audit committees. In accordance with its written charter, which was originally approved by the board on May 30, 2000, and on August 27, 2001 as amended and in its current form, the Audit Committee assists the board in the oversight of the quality and integrity of the accounting, auditing and financial reporting practices of Bull Run. A copy of the Audit Committee's charter is attached as Exhibit A. In addition, the Audit Committee recommends to the full Board the selection of Bull Run's independent auditors.

Management has primary responsibility for Bull Run's financial statements and the overall reporting process, including Bull Run's system of internal controls. PricewaterhouseCoopers LLP, Bull Run's independent auditors, audits the annual consolidated financial statements prepared by management and expresses an opinion on whether those statements fairly present in all material respects Bull Run's financial position, results of operations, and cash flows in conformity with accounting principles generally accepted in the United States of America. The Audit Committee has reviewed Bull Run's audited consolidated financial statements for the year ended June 30, 2001 and discussed them with both management and PricewaterhouseCoopers LLP. Based upon this review, the Audit Committee recommended to the full board that the audited consolidated financial statements be included in Bull Run's Annual Report on Form 10-K for the fiscal year ended June 30, 2001 and filed with the Securities and Exchange Commission.

The Audit Committee has also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by generally accepted auditing standards,

Edgar Filing: BULL RUN CORP - Form DEF 14A

including those described in Statement on Auditing Standards No. 61, Communication with Audit Committees, issued by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Audit Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards No. 1, Independence Discussions with Audit Committees, as amended, issued by the Independence Standards Board, and has discussed with PricewaterhouseCoopers LLP its independence from Bull Run. In addition, the Audit Committee has considered whether the provision of the non-audit services provided by PricewaterhouseCoopers LLP is compatible with maintaining PricewaterhouseCoopers LLP's independence.

CERTAIN TRANSACTIONS

Bull Run leases office space from Delta Life Insurance Company, a company of which J. Mack Robinson is chairman of the board and principal stockholder. Mr. Robinson is the chairman of the board of Bull Run. The term of the lease is for 10 years beginning January 1, 1993 and requires total basic annual rent payments of \$164,976 over the 10-year term, plus a pro rata share of expenses.

In 1998, Bull Run purchased under its previously announced Stock Repurchase Program, 40,000 shares of Bull Run common stock from Gerald N. Agranoff, a director of Bull Run, for \$3.69 per share, the market price of the Bull Run common stock on the date of the purchase. Also in 1998, James W. Busby, a director of Bull Run, exercised an option to purchase 225,000 shares of Bull Run common stock at \$.96 per share by exchanging 50,956 shares of Bull Run common stock at its then current market price of \$4.25 per share.

In connection with a commitment to lend up to \$130 million to Bull Run, Mr. Robinson, Bull Run's chairman of the board, executed a guarantee agreement in favor of the bank, for which he received in 2001 compensation consisting of 873,655 shares of Bull Run common stock, valued at approximately \$1,449,000 and

Edgar Filing: BULL RUN CORP - Form DEF 14A

in 2000, 304,688 shares of Bull Run common stock, valued at approximately \$1,219,000. Such agreement provides that if Bull Run defaults on its bank loan, Mr. Robinson will repay the amount of such loan to the bank. If Mr. Robinson is obligated to pay such amount, he would have the right to any or all of Bull Run's collateral under such loan as would be necessary for him to recoup his obligation, with such collateral including Bull Run's investments in Gray class A and class B common stock, warrants to purchase Gray class A and class B common stock, and Gray series A and series B preferred stocks and Sarkes Tarzian, Inc. common stock. Mr., Robinson will be released from the guarantee agreement under certain conditions, which include repayment of all or a specified portion of the debt.

Bull Run issued 3,000 shares of its series A preferred stock in June 2001 to Mr. Robinson and companies of which Mr. Robinson is an executive officer and/or principal stockholder. The preferred stock includes detachable warrants to purchase 1,304,349 shares of Bull Run common stock for \$2.30 per share. Of these warrants, 782,604 were vested upon issuance, with the remaining warrants vesting in five equal annual installments commencing June 30, 2002, providing the preferred stock remains outstanding. The holder of the preferred stock is entitled to receive, as, when and if declared by the Board of Directors, dividends at an annual rate of \$90.00 per share in cash, except that, until the second anniversary of the date of issuance of the preferred stock, Bull Run may, at its option, pay such dividends in cash or in additional shares of preferred stock. The liquidation and redemption price of the preferred stock is \$1,000 per share.

Prior to December 17, 1999, the date on which Host Communications was acquired by the Bull Run, Host Communications loaned Mr. Host, a director of Bull Run and Chief Executive Officer of Host Communications, \$385,000 under an interest-bearing demand note. Interest accrued through December 17, 1999 was \$229,610. The note has been non-interest bearing since December 17, 1999. In connection with the bank commitment discussed above, Mr. Host executed an agreement in favor of the bank, under which he pledged \$3,000,000 in cash, 1,113,667 shares of Bull Run common stock and options to purchase 53,600 shares of Bull Run common stock. In connection with such pledge, Bull Run forgave \$162,500 of the interest accrued and payable on Mr. Host's note to Host Communications, representing 1.625% of the value of Mr. Host's pledged assets, in each of 2000 and 2001.

12

On March 1, 1999, Bull Run executed an option agreement with Gray, whereby Gray has the option to acquire Bull Run's investment in Sarkes Tarzian, Inc. from Bull Run for \$10 million plus related costs. Gray has the ability to extend the option period in 30 day increments at a fee of \$66,700 per extension, and has extended this option through December 31, 2001. In connection with the option agreement, Bull Run received from Gray warrants to acquire 100,000 shares of Gray's class B common stock at \$13.625 per share. The warrants will vest immediately upon Gray's exercise of the option. The warrants expire 10 years from the date on which Gray exercises its option.

W. James Host, a director of Bull Run, owns a 10 percent interest in the owner of two buildings leased to Host Communications, a subsidiary of Bull Run, for an aggregate rental of approximately \$500,000 per year.

W. James Host has an agreement with Host Communications, under which he is entitled to receive \$200,000 annually, in monthly installments for a period of eight years commencing with the termination of his employment with Host Communications.

In connection with Bull Run's acquisition of Host Communications in

Edgar Filing: BULL RUN CORP - Form DEF 14A

December 1999, Bull Run issued W. James Host, Robert S. Prather, Jr., and certain other stockholders of Host Communications, as partial consideration for Mr. Host's, Mr. Prather's and such other stockholders' securities in Host Communications, Bull Run's 8% promissory note due in January 2003. The principal amount of Mr. Host's promissory note is \$1,760,600 and the principal amount of Mr. Prather's promissory note is \$72,422.

Edgar Filing: BULL RUN CORP - Form DEF 14A

The committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The following shall be the principal recurring processes of the audit committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the committee may supplement them as appropriate.

The committee shall discuss with the independent auditors the overall scope and plans for their audits, including the adequacy of staffing and compensation. Edgar Filing: BULL RUN CORP - Form DEF 14A

The committee shall review the interim financial statements with management and the independent auditors prior to the filing of Bull Run's Quarterly Report on Form 10-Q. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards. The chair of the committee may represent the entire committee for the purposes of this review.

The committee shall review with management the financial statements to be included in Bull Run's Annual Report on Form 10-K (or the annual report to stockholders if distributed prior to the filing of the Form 10-K), including management's judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements.
