MERGER PROPOSED - YOUR VOTE IS VERY IMPORTANT

The boards of directors of I-trax, Inc. and Meridian Occupational Healthcare Associates, Inc., doing business as CHD Meridian Healthcare, have approved a merger of the two companies. Upon the completion of the merger, I-trax will conduct the historic business of CHD Meridian through a subsidiary. We believe the merged companies will create more stockholder value than the companies could achieve independently.

Upon completion of the merger, each share of CHD Meridian common stock will be converted into the right to receive:

- o the number of shares of I-trax common stock obtained by dividing 10,000,000 by the number of shares of CHD Meridian outstanding or issuable upon exercise of stock options at the merger's effective time (we refer to this number of shares as the CHD Meridian Shares Deemed Outstanding);
- o the number of shares of I-trax Series A convertible preferred stock (which we refer to in this proxy statement as I-trax convertible preferred stock), each of which is convertible into 10 shares of I-trax common stock, obtained by dividing 400,000 by the CHD Meridian Shares Deemed Outstanding; and
- o cash in the amount obtained by dividing \$35 million by the CHD Meridian Shares Deemed Outstanding, subject to certain adjustments and, if applicable, tax withholding.

In addition, in April 2005, each CHD Meridian stockholder will receive, for each share of CHD Meridian common stock held at the merger's effective time, such CHD Meridian stockholder's pro rata portion of 4,000,000 shares of I-trax common stock (less any shares used to satisfy CHD Meridian's indemnity obligations) if the historic business of CHD Meridian following the merger meets certain financial performance goals described in this proxy statement.

I-trax stockholders will continue to hold their existing shares after the merger.

CHD Meridian intends to offer to purchase shares of its common stock for cash from certain executives, other employees, holders of fewer than 3,300 shares, and non-accredited investors, effective immediately prior to the merger. CHD Meridian also plans to offer to terminate certain existing employee stock options for cash effective immediately prior to the merger. Cash spent for such repurchases or terminations will reduce the \$35 million otherwise payable by I-trax in the merger. Such purchases or terminations will also reduce the number of CHD Meridian Shares Deemed Outstanding, thereby increasing the percentage of the shares of I-trax common stock shares of I-trax convertible preferred stock payable to each of the remaining CHD Meridian stockholders. Please refer to section titled "The Merger and Other Proposals - Questions and Answers About the Merger" beginning on page 1 of this proxy statement for a further discussion of this subject.

In connection with the merger, the board of directors of I-trax has

Edgar Filing: I TRAX INC - Form PRE 14A

approved the issuance of an additional 1,100,000 shares of convertible preferred stock to third party investors in a private placement for cash. I-trax will use the proceeds of this private placement to fund a portion of the cash I-trax is required to deliver in the merger and to provide additional working capital.

The shares of I-trax common stock to be issued in the merger, together with the shares of I-trax common stock issuable upon conversion of all of the shares of convertible preferred stock to be issued in the merger and in the related private placement to fund a portion of the cash to be delivered by I-trax in the merger, will represent approximately 61% of the outstanding I-trax common stock after the merger.

We are asking I-trax stockholders to:

1. Approve the issuance of up to 14,000,000 shares of common of stock and 400,000 shares of convertible preferred stock in the merger;
2. Approve the merger of DCG Acquisition, Inc., a wholly-owned subsidiary of I-trax, with and into CHD Meridian;
3. Approve the sale of up to 1,100,000 shares of convertible preferred stock to raise a portion of the cash consideration to be used in the merger and for working capital; and
4. Ratify and approve the issuance, in a private placement that closed on October 31, 2003, of 1,400,000 shares of common stock and warrants to purchase 840,000 shares of common stock and approve the issuance of the 840,000 shares of common stock upon the exercise of such warrants.

A special meeting of I-trax stockholders will be held on:

Wednesday March 17, 2004
10:00 a.m., local time
at the offices of
Ballard Spahr Andrews & Ingersoll, LLP
1735 Market Street, 51st Floor
Philadelphia, Pennsylvania 19103

I-TRAX'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT I-TRAX STOCKHOLDERS VOTE TO:

SECTION ONE

THE MERGER AND OTHER PROPOSALS

QUESTIONS AND ANSWERS ABOUT THE MERGER

Q: What Will Happen In The Merger?

A: We are proposing to merge our two companies so that, when the merger transactions are completed, the operations of Meridian Occupational

Edgar Filing: I TRAX INC - Form PRE 14A

Healthcare Associates, Inc. (doing business as CHD Meridian Healthcare), which we refer to throughout this proxy statement as CHD Meridian, will be carried on by CHD Meridian Healthcare, LLC, a newly formed, wholly-owned subsidiary of I-trax, Inc. For tax and other reasons, the merger is structured as a two-step transaction. In the first step, DCG Acquisition, Inc., a wholly-owned subsidiary of I-trax, will merge with and into CHD Meridian, which will become a subsidiary of I-trax, and the common stock of CHD Meridian will be converted into the right to receive merger consideration. In the second step, CHD Meridian will merge with and into CHD Meridian Healthcare, LLC. For tax purposes, it is anticipated that the transaction will be treated as if the plan of reorganization had provided for a statutory merger of CHD Meridian directly into I-trax.

Q: What Will CHD Meridian Stockholders Receive In The Merger?

A: Upon completion of the merger, each share of CHD Meridian common stock will be converted into the right to receive:

- o the number of shares of I-trax common stock obtained by dividing 10 million by the number of shares of CHD Meridian outstanding or issuable upon exercise of stock options at the merger's effective time (we refer to this number of shares as the CHD Meridian Shares Deemed Outstanding);
- o the number of shares of I-trax convertible preferred stock, each of which is convertible into 10 shares of I-trax common stock, obtained by dividing 400,000 by the CHD Meridian Shares Deemed Outstanding; and
- o cash in the amount obtained by dividing \$35 million by the CHD Meridian Shares Deemed Outstanding, subject to certain adjustments and, if applicable, tax withholding.

In addition, in April 2005, each former CHD Meridian stockholder will receive, for each share of CHD Meridian common stock held at the merger's effective time, such CHD Meridian stockholder's pro rata portion of 4,000,000 shares of I-trax common stock (less any shares used to satisfy CHD Meridian's indemnity obligations) if the historic business of CHD Meridian following the merger meets certain financial performance goals described in this proxy statement.

CHD Meridian intends to offer to purchase for cash shares of its common stock from certain executives, other employees, holders of fewer than 3,300 shares, and non-accredited investors, effective immediately prior to the merger. CHD Meridian also plans to offer to terminate certain existing employee stock options for cash effective immediately prior to the merger. Cash spent for such repurchases and such option terminations will reduce the \$35 million of cash otherwise payable in the merger. However, any such transactions will also reduce the number of CHD Meridian Shares Deemed Outstanding, thereby increasing the percentage of shares of I-trax common stock and convertible preferred stock payable to each of the remaining CHD Meridian stockholders. The net effect of these transactions will be to alter the cash/equity mix payable to CHD Meridian stockholders at the merger's effective time. The stockholders who receive and accept such offers will receive only cash for their shares (or options), and therefore, a disproportionately larger share of cash than the remaining CHD Meridian stockholders. The remaining CHD Meridian stockholders will receive a disproportionately larger share of the equity and a

Edgar Filing: I TRAX INC - Form PRE 14A

disproportionately smaller share of cash. The merger agreement limits the amount of cash to be used for such transactions to \$11 million, and CHD Meridian expects to use such sum for such repurchases and terminations.

The following table sets forth the approximate portion of merger consideration that each CHD Meridian stockholder would receive at the merger's effective time for each share of CHD Meridian common stock owned (1) assuming no change in the 243,182 CHD Meridian Shares Deemed Outstanding on the date of this proxy statement and (2) assuming that, as a result of transactions described in the preceding paragraph, 35,297 shares (and/or options to purchase shares) are repurchased or terminated (leaving 207,885 CHD Meridian Shares Deemed Outstanding at the merger's effective time) in exchange for approximately \$10.2 million.

	CHD Meridian Shares Deemed Outstan	
	(1) 243,182	(2) 207
	-----	-----
Shares of I-trax common stock (a)	41	
Shares of I-trax convertible preferred stock (b)	1.64	
Cash	\$143.93	\$11

(a) Common stock will be rounded to the nearest share.

(b) Convertible preferred stock will be rounded to the nearest one-hundredth of a share.

There is no assurance that any CHD Meridian stockholder to whom an offer of share repurchase or option termination is made will accept such offer, and therefore, CHD Meridian stockholders will not know until the merger's effective time the exact mix of cash and equity payable in the merger.

Throughout this proxy statement, we refer to the I-trax common stock, including the 4,000,000 shares potentially payable in April 2005, I-trax convertible preferred stock and the cash to be received by the CHD Meridian stockholders at the merger's effective time as the merger consideration.

Q: What Will Happen To I-Trax Stockholders In The Merger?

A: I-trax stockholders will continue to hold their existing shares after the merger.

Q: When Are The Stockholders' Special Meetings?

A: Each company's special meeting will take place on March 17, 2004 at the time and the respective location specified on the cover page of this proxy statement.

Edgar Filing: I TRAX INC - Form PRE 14A

Q: What Do I Need To Do Now?

A: Mail your signed proxy card in the enclosed return envelope, as soon as possible, so that your shares may be represented at the respective special meeting of your company. To assure that we obtain your vote, please give your proxy as instructed on your proxy card even if you currently plan to attend your special meeting in person.

I-TRAX'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT I-TRAX STOCKHOLDERS VOTE TO:

1. APPROVE THE ISSUANCE OF UP TO 14,000,000 SHARES OF COMMON STOCK AND 400,000 SHARES OF CONVERTIBLE PREFERRED STOCK IN THE MERGER;
2. APPROVE THE MERGER OF DCG ACQUISITION, INC., A WHOLLY-OWNED SUBSIDIARY OF I-TRAX, WITH AND INTO CHD MERIDIAN;

2

3. APPROVE the SALE OF UP TO 1,100,000 SHARES OF THE CONVERTIBLE PREFERRED STOCK TO RAISE A PORTION OF THE CASH CONSIDERATION TO BE USED IN the merger AND FOR WORKING CAPITAL; AND
4. RATIFY AND APPROVE THE ISSUANCE, IN A PRIVATE PLACEMENT THAT CLOSED ON OCTOBER 31, 2003, OF 1,400,000 SHARES OF COMMON STOCK AND WARRANTS TO PURCHASE 840,000 SHARES OF COMMON STOCK AND APPROVE THE ISSUANCE OF 840,000 SHARES OF COMMON STOCK UPON EXERCISE OF SUCH WARRANTS.

CHD MERIDIAN'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT CHD MERIDIAN STOCKHOLDERS VOTE FOR ADOPTION OF THE MERGER AGREEMENT.

Q: What Should I Do If I Want To Change My Vote?

A: If you are the record owner of your shares, send in a later-dated, signed proxy card to your company's Secretary or you can attend your special meeting in person and vote. You may also revoke your proxy by sending a notice of revocation to your company's Secretary at the address under "Merger Summary - The Companies" below. If your shares are held in street name through your broker, you must contact your broker to change your vote.

Q: What Vote Is Required To Approve The Merger?

A: Adoption of the merger agreement by the CHD Meridian stockholders requires the affirmative vote of the holders of a majority of the total votes entitled to be cast by holders of CHD Meridian common stock. Abstentions will have the same effect as votes against the CHD Meridian proposal. Because holders of the aggregate number of shares of CHD Meridian common stock representing approximately 72% of the total votes entitled to be cast have entered into voting agreements with I-trax pursuant to which they have agreed to vote in favor of the merger, we expect the merger agreement to be adopted by the CHD Meridian stockholders. Approval by the I-trax stockholders of each of the issuance of common stock and convertible preferred stock in the merger, the merger of DCG Acquisition, Inc., a wholly-owned subsidiary of I-trax, with and into CHD Meridian, and the sale of convertible preferred stock to raise a portion of the cash consideration to be used in the merger and for working capital requires the affirmative

Edgar Filing: I TRAX INC - Form PRE 14A

vote of the majority of the votes cast on such proposal, provided that the total votes cast represent over 50% of the voting stock present in person or by proxy at the meeting. Holders of the aggregate number of shares of I-trax common stock representing approximately 13.3% of the total votes to be cast have entered into voting agreements with CHD Meridian pursuant to which they have agreed to vote in favor of the merger.

Q: If My Shares Are Held In "Street Name" By My Broker, Will My Broker Vote My Shares For Me?

A: If you do not provide your broker with instructions on how to vote your "street name" shares, your broker will not be permitted to vote them. You should therefore be sure to provide your broker with instructions on how to vote your shares.

Q: Should I-trax Stockholders Send In Their Stock Certificates?

A: No. I-trax stockholders will keep their existing certificates.

Q: When Do You Expect The Merger To Be Completed?

A: If approved by the stockholders of both companies, we are hoping to complete the merger as quickly as practicable. In addition to stockholder approvals, the waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976 must have expired, and we must satisfy certain other conditions to closing. We expect to complete the merger by March 30, 2004.

3

Q: Whom Do I Call If I Have Questions About The Special Meetings Or The Merger?

A: I-trax stockholders should call Yuri Rozenfeld, the general counsel of I-trax, at (215) 557-7488 x 116. CHD Meridian stockholders should call Shannon W. Farrington, the chief financial officer of CHD Meridian, at (615) 665-9500.

The combination of I-trax and CHD Meridian offers a unique opportunity to provide total population health management for the self-insured employer. I-trax provides personalized health management solutions for focused disease and lifestyle/wellness management programs. CHD Meridian provides on-site healthcare for Fortune 1,000 companies. With a nominal increase in variable costs, the combined company can offer to CHD Meridian's current customers the benefit of I-trax's solutions and the ability to participate in medical cost savings provided to these customers while enjoying increased profit margins. For new customers, the combination is an opportunity for employers to manage not only employees who use on-site facilities, but also the entire employer population through an integrated and comprehensive program. Potential clients could turn to the combined company as a single vendor for primary care, pharmacy, occupational health, disease management and health interventions. The companies believe that this will increase productivity, reduce absenteeism, improve health status of both active employees and retirees, and reduce overall costs for customers of the merged companies.

The Merger (See Page 35)

The merger is structured as a two-step transaction. In the first step, DCG Acquisition, Inc., a wholly-owned subsidiary of I-trax, will merge with and into CHD Meridian. The CHD Meridian stockholders will receive the merger consideration in exchange for their shares of CHD Meridian common stock in the first step of the merger. In the second step, CHD Meridian will merge with and into CHD Meridian Healthcare, LLC. The merger agreement is attached as Annex A to this proxy statement. We urge you to read the merger agreement as it is the principal legal document that governs the merger.

Edgar Filing: I TRAX INC - Form PRE 14A

What CHD Meridian Stockholders Will Receive (See Page 1, 41, 48 and 54)

Please refer to the summary of the merger consideration presented above in response to the question: "What Will CHD Meridian Stockholders Receive in the Merger?"

5

Financing of Cash Portion of Merger Consideration (See Page 41)

I-trax expects to distribute in the merger total cash consideration of \$35 million, subject to certain adjustments.

I-trax expects to fund the cash portion of the merger consideration by obtaining a senior credit facility with a national lender, which allows a closing date draw of \$16 million, and by raising between \$15 and \$25 million through a private placement of additional shares of its convertible preferred stock. As of the date this proxy statement is being mailed, I-trax has received a loan commitment, subject to customary conditions, for the senior credit facility and subscriptions for \$20 million of its convertible preferred stock. I-trax is seeking stockholder approval of the issuance of the shares of its convertible preferred stock in the private placement at its special meeting of stockholders.

Opinion of Financial Advisor (See Page 63)

In connection with the merger, I-trax's board of directors received the opinion of Bryant Park Capital, Inc. to the effect that, as of December 28, 2003, the merger consideration is fair, from a financial point of view, to I-trax. This opinion, which is attached as Annex B, sets forth assumptions made, matters considered, and limitations on the review undertaken in connection with the opinion. WE URGE YOU TO READ THIS OPINION IN ITS ENTIRETY. The opinion of Bryant Park Capital was provided solely to the I-trax Board and does not constitute a recommendation to any PERSON on how to vote on THE MERGER OR ANY MATTER RELATING TO THE MERGER.

Per Share Market Price Information (See Page 73)

I-trax's common stock is listed on the American Stock Exchange. On December 26, 2003, the last full trading day before the announcement of the merger agreement, I-trax common stock closed at \$3.45 per share. On January 20, 2004, the most recent practicable date prior to the mailing of this proxy statement, the last reported closing price per share of I-trax common stock on the American Stock Exchange was \$4.04.

Ownership of I-trax after the Merger (See Page 51)

Immediately after the merger, (a) stockholders of CHD Meridian at the effective time of the merger will own approximately 39% of the I-trax common stock (assuming all shares of convertible preferred stock were converted and without counting any shares potentially payable in April 2005); (b) purchasers of convertible preferred stock sold to raise a portion of the merger consideration will own approximately 22% of the I-trax common stock (and assuming a sale of 800,000 shares of convertible preferred stock); and (c) I-trax stockholders immediately before the merger's effective time will own approximately 39% of the I-trax common stock (on the same assumptions). This information is based on the number of shares of I-trax common stock outstanding

Edgar Filing: I TRAX INC - Form PRE 14A

on January 20, 2004 and does not take into account issuances of I-trax common stock upon conversion or exercise of I-trax's outstanding options, warrants and convertible debt.

Board of Directors of I-trax after the Merger (See Page 48 and Page 56)

After the merger, the board of directors of I-trax will have 10 members and will include Haywood D. Cochrane, Jr., the current chief executive officer of CHD Meridian.

Interests of Officers and Directors in the Merger (See Page 48)

When you consider our boards of directors' recommendations that you vote in favor of the relevant proposals, you should be aware that a number of our officers and directors will be entitled to receive certain benefits if the merger occurs that they will not be entitled to receive if the merger does not occur.

Material United States Federal Income Tax Consequences of the Merger
(See Page 42)

The transaction has been structured to qualify as a tax-free reorganization. Assuming the transaction is a tax-free reorganization, a CHD Meridian stockholder who exchanges CHD Meridian shares for I-trax common stock, I-trax convertible preferred stock and cash in the merger generally will recognize gain (but not loss) in an amount equal to the lesser of (1) the excess (if any) of (i) the amount of cash and the fair market value of the I-trax common stock and convertible preferred stock received in the exchange over (ii) the stockholder's adjusted tax basis in the CHD Meridian shares; and (2) the amount of cash received in the exchange. CHD Meridian stockholders are urged to consult their tax advisors as to the consequences of participation in the merger.

6

Accounting Treatment (See Page 46)

The merger will be accounted for under the purchase method of accounting, with I-trax treated as the acquirer.

Dissenters' Rights (See Page 45)

The holders of I-trax common stock will not have any right to an appraisal of the value of their shares in connection with the merger or the other matters being submitted to a vote of stockholders at the I-trax special meeting. The holders of CHD Meridian common stock will have appraisal rights for their shares if they do not vote in favor of the merger and comply with procedures required under Delaware law.

Regulatory Approvals (See Page 44)

Pursuant to the Hart-Scott-Rodino Antitrust Improvements Act of 1976, the merger cannot be completed until after we have given certain information and materials to the Federal Trade Commission and a required waiting period has expired or been terminated. We submitted pre-merger notification and report forms on January __, 2004. The waiting period is scheduled to expire at midnight on February __, 2004 unless earlier terminated or extended by a request for additional information.

Edgar Filing: I TRAX INC - Form PRE 14A

We are not required to effect the merger unless the Hart-Scott-Rodino waiting period has expired or been terminated.

Conditions to the Completion of the Merger (See Page 60)

The completion of the merger depends on satisfying numerous material conditions, which are discussed in detail later in this proxy statement.

Termination of the Merger Agreement (See Page 62)

Either I-trax or CHD Meridian can terminate the merger agreement with prior authorization of its board of directors if I-trax stockholders do not approve the issuance of common stock and convertible preferred stock in the merger or CHD Meridian stockholders do not adopt the merger agreement. In addition, either party can terminate the merger agreement if the conditions to such party's consummation of the merger are not satisfied by April 30, 2004, provided that such party's breach of any of its respective warranties, representations or covenants is not the reason the condition has not been satisfied. If the only condition not satisfied on April 30, 2004 is that I-trax cannot reasonably determine that the issuance of I-trax common stock and convertible preferred stock as merger consideration is exempt from registration under Section 4(2) of the Securities Act of 1933, then I-trax may extend the date after which I-trax or CHD Meridian may terminate the merger agreement if conditions remain unsatisfied from April 30, 2004 to July 31, 2004, provided that I-trax promptly files a registration statement on Form S-4 registering the shares of common stock and convertible preferred stock issued in the merger and issuable upon conversion of such convertible preferred stock.

Either party can terminate the agreement if the other party breaches any of its representations, warranties or covenants and does not remedy the breach within 30 days of notice of the breach. I-trax and CHD Meridian can also agree to terminate the merger agreement for any reason.

CHD Meridian can terminate the merger agreement if the closing price of I-trax's common stock is less than \$2.25 per share for ten consecutive trading days.

Stockholder Votes Required (See Page 122)

For I-trax stockholders: I-trax stockholders are being asked to consider and vote on the following at the special meeting:

1. Approval of the issuance of up to 14,000,000 shares of common stock and 400,000 shares of convertible preferred stock in the merger;
2. Approval of the merger of DCG Acquisition, Inc., a wholly-owned subsidiary of I-trax, with and into CHD Meridian;
3. Approval of the sale of up to 1,100,000 shares of convertible preferred stock to raise a portion of the cash consideration to be used in the merger and for working capital; and
4. Ratification and approval of the issuance, in a private placement that closed on October 31, 2003, of 1,400,000 shares of common stock and warrants to purchase 840,000 shares of common stock and approve the issuance of the 840,000 shares of common stock upon the exercise of such warrants.

Edgar Filing: I TRAX INC - Form PRE 14A

Each proposal requires the affirmative vote of the majority of the votes cast on such proposal, provided that the total votes cast represent over 50% of the voting stock present in person or by proxy at the meeting. As of January 20, 2004, directors and executive officers of I-trax and their affiliates owned an aggregate of 13.3% of the outstanding shares of I-trax common stock, which they have indicated they intend to vote in favor of the I-trax proposals.

For CHD Meridian stockholders: Adoption of the merger agreement requires the approval of the holders of a majority of the total votes entitled to be cast by holders of CHD Meridian common stock. As of January 20, 2004, directors and executive officers of CHD Meridian and their affiliates owned an aggregate number of shares of CHD Meridian common stock representing approximately 80% of the total votes entitled to be cast, which they have indicated they intend to vote in favor of adoption of the merger agreement. Of these, holders of the aggregate number of shares of CHD Meridian common stock representing approximately 72% of the total votes entitled to be cast have entered into voting agreements with I-trax pursuant to which they have agreed to vote in favor of the merger.

I-TRAX COMMON STOCK AND WARRANT ISSUANCE RATIFICATION SUMMARY

This Summary highlights selected information from this proxy statement and may not contain all of the information that is important to you. To understand the common stock and warrant issuance fully, you should carefully read this proxy statement and the documents we refer to. See "Where You Can Find More Information" on page 131.

On October 31, 2003, I-trax closed a private placement to accredited investors in which I-trax sold as a unit two shares of common stock and a warrant to purchase an additional share of common stock exercisable at \$3.00 for a unit purchase price of \$5.00. I-trax issued a total of 1,400,000 shares of I-trax common stock and warrants to purchase 700,000 shares of common stock in the private placement. As part of this private placement, I-trax also issued warrants to purchase 140,000 shares of common stock to affiliates of the placement agent. The American Stock Exchange has advised I-trax that the Exchange will require I-trax to seek stockholder ratification and approval of the issuances of I-trax common stock and warrants to acquire I-trax common stock in the private placement I-trax closed on October 31, 2003 because this private placement may be integrated with the merger under the Exchange's rules.

I-TRAX'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE TO:

RISK FACTORS

You should consider the following risk factors in determining how to vote at the meeting.

Risks Related to the Merger and the Merged Companies After the Merger

The price of I-trax common stock will fluctuate which will affect the value of shares issued to CHD Meridian stockholders.

The price of I-trax common stock has been and we believe will continue to be volatile. For example during 2003, the per share price of I-trax common stock fluctuated from a high of \$5.00 to a low of \$1.37. The stock's volatility may be influenced by the market's perceptions of the healthcare sector in general or of other companies believed to be similar to us, or by the market's perception of our operations and future prospects. Many of these perceptions are beyond our control.

A significant fluctuation in I-trax common stock price will affect, possibly adversely, the value of the merger consideration. CHD Meridian stockholders are advised to obtain recent market quotations for I-trax common stock. CHD Meridian can terminate the merger agreement if the closing price of I-trax's common stock is less than \$2.25 for ten consecutive trading days. Finally, I-trax common stock is not heavily traded and therefore, the ability to achieve relatively quick liquidity without a negative impact on the stock price is limited.

Shares eligible for future sale upon the conversion of outstanding I-trax convertible debt and upon the exercise of issued options and warrants may cause dilution.

As of January 20, 2004 (and without taking into account I-trax common stock to be issued in the merger and upon conversion of I-trax convertible preferred stock to be issued in the merger and in the related financing), approximately 5,947,472 shares of I-trax common stock were reserved for issuance

Edgar Filing: I TRAX INC - Form PRE 14A

upon conversion or exercise of I-trax's warrants, options and convertible debt. Our stockholders, therefore, could experience dilution of their investment upon conversion or exercise, as applicable, of these securities.

We may be unable successfully to integrate our operations and realize the full cost savings we anticipate.

The merger involves the integration of two companies that have previously operated independently in different segments of the healthcare industry. The difficulties of combining the companies' operations include:

- o integrating complementary businesses under centralized management efficiently;
- o the necessity of coordinating geographically separated organizations;
- o integrating personnel with diverse business backgrounds; and
- o combining different corporate cultures.

The process of integrating operations could cause an interruption of, or loss of momentum in, the activities of one or more of the combined company's businesses and the loss of key personnel. The diversion of management's attention and any delays or difficulties encountered in connection with the merger and the integration of the two companies' operations could have an adverse effect on the business, results of operations or financial condition of the merged company.

Among the factors considered by the CHD Meridian and the I-trax boards of directors in connection with their respective approvals of the merger agreement were the opportunities for reduction of operating costs and improvements in operating efficiencies or other financial synergies that could result from the merger. We cannot give any assurance that these savings will be realized, or if realized, will be realized within the time periods contemplated by management.

15

Obtaining required regulatory approvals may delay consummation of the merger.

Consummation of the merger is conditioned upon the receipt of all material governmental authorizations, consents, orders and approvals, including the expiration or termination of the applicable waiting periods, and any extension of the waiting periods, under the Hart-Scott-Rodino Antitrust Improvements Act of 1976. We intend to vigorously pursue all required regulatory approvals. The requirement for these approvals could delay the consummation of the merger for a significant period of time after our stockholders have approved the proposals relating to the merger at the special meetings. See "The Merger - Regulatory Matters Relating to Merger" below for a description of the regulatory approvals necessary in connection with the merger.

CHD Meridian Stockholders may not receive a portion of the merger consideration if CHD Meridian does not achieve agreed upon fiscal 2004 financial results.

The merger includes an earn-out component, under which all of the last 4,000,000 shares of I-trax common stock that may potentially be issued to CHD Meridian stockholders will only be issued if CHD Meridian, and the surviving

Edgar Filing: I TRAX INC - Form PRE 14A

entity in the merger that continues to operate the CHD Meridian business, record calendar year 2004 earnings before interest, taxes, depreciation, and amortization of not less than \$9 million. If the 2004 earnings before interest, taxes, depreciation, and amortization are less than \$8.1 million, none of the earn-out shares would be earned. For 2004 earnings before interest, taxes, depreciation, and amortization of between \$8.1 million and \$9 million, the number of shares of I-trax common stock earned would be between 3,600,000 and 4,000,000. Although CHD Meridian management believes that the prospects of achieving the targeted earnings levels are reasonable, there can be no assurance that these targets will be met. Even if the required financial goals are met, issuance of the additional earn-out shares also is subject to possible reduction in the event of claims against the earn-out escrow by I-trax caused by breaches of the representations or warranties made by CHD Meridian in the merger agreement. Any escrowed shares not delivered to CHD Meridian stockholders in accordance with the merger agreement will be returned to I-trax and canceled.

Neither party may have a meaningful remedy after closing of the merger if the other party has materially breached its representations and warranties in the merger agreement.

Under the merger agreement, I-trax has agreed that its sole remedy for any breach of representations or warranties of CHD Meridian will be to reduce the number of additional shares of common stock potentially issuable to the CHD Meridian stockholders. At the time of the closing of the merger, 4,000,000 shares of I-trax common stock will be placed in escrow. This escrow serves the dual purpose of providing additional consideration to the CHD Meridian stockholders if the financial targets described in the preceding paragraph are met, and also creating a pool of shares a portion of which I-trax could use to offset any losses to which it may be subject in the event of a breach of representations or warranties made by CHD Meridian under the merger agreement. If any of the representations, warranties or covenants of CHD Meridian in the merger agreement has been breached, the amount that I-trax can recover is limited to the lesser of (a) 3,200,000 shares of I-trax common stock, (b) shares of I-trax common stock with a value, measured at the time of final resolution of such claim, of \$8 million, or (c) shares of I-trax common stock with a value, measured at the time of final resolution of such claim, equal to the losses I-trax has suffered from that breach. Even if the number of such shares is not sufficient to cover the full amount of the losses suffered by I-trax, I-trax is not entitled to make any further claim against the CHD Meridian stockholders, regardless of whether all or any of the escrowed shares would otherwise have been earned in light of the financial targets described in the preceding paragraph. In the case of a breach of representation or warranty by I-trax, Haywood D. Cochrane, Jr., in his capacity as representative of the former CHD Meridian stockholders and on their behalf, could make a claim under the merger agreement against I-trax. After the merger, however, former CHD Meridian stockholders will own between 35% and 40% of I-trax common stock, and the revenues, profits and assets of the former CHD Meridian business will represent an even larger percentage of the combined businesses. In light of those circumstances, there can be no assurance that a practical remedy would be available to compensate the former CHD Meridian stockholders even for a successful claim. Also, in order to recover for any losses arising from a breach of the representations, warranties or covenants of the other party in the merger agreement, the party suffering that loss must make a claim in writing for such losses by August 14, 2004, after which any such claim would be time barred.

taxable income with I-trax's net operating losses.

As a result of the merger transactions, I-trax will have an ownership change for certain tax purposes. I-trax has tax net operating losses of approximately \$16.2 million through December 31, 2002, which losses will expire from 2020 to 2022. The ownership change will cause a substantial limitation on the ability of I-trax to use such net operating losses to offset future taxable income. While CHD Meridian will also have an ownership change for tax purposes as a result of the merger transactions, its tax net operating losses were already subject to a limitation as a result of a prior ownership change and should not be further limited as a result of the merger.

Risks Related to I-trax

I-trax has a history of operating losses and anticipates continued operating losses.

I-trax has used substantial cash to fund its operating losses, and I-trax has never earned a profit. Through September 30, 2003, I-trax has used approximately \$15.4 million of cash to fund its operating activities. Moreover, I-trax expects to use additional cash to fund its operating losses through the fourth quarter of 2003. I-trax's ability to achieve profitability in I-trax's historic business will depend, in part, on:

- o the commercial success of I-trax's services and software applications;
- o successful deployment and retention of I-trax's services and software applications by its customers; and
- o I-trax's sales and marketing activities.

The success of I-trax's historic business model depends on attracting customers, such as public health agencies, hospitals, health plans, self-insured employers, and colleges and universities, to I-trax's population health management solutions. Although I-trax believes that this business model will be successful, I-trax cannot assure you that it will achieve or sustain profitability or that the operating losses in I-trax's historic business will not increase in the future.

I-trax may require additional capital improve its products and services.

Although at closing of the merger the merged companies will have access to proceeds from the senior credit facility and may receive proceeds from sales of convertible preferred stock to fund working capital in addition to paying the merger consideration, the merged companies have a loss on a pro forma combined basis and additional funds may be required to complete planned product development efforts and expand sales and marketing activities. If necessary, I-trax expects to obtain such funds from operations and financings activities. Financing activities may include equity or debt financings, strategic alliances with corporate partners and others, or through other sources. I-trax cannot provide assurance that additional funding will be available on acceptable terms, if at all. If adequate funds are not available, I-trax may have to delay, scale-back or eliminate certain operations or attempt to obtain funds through arrangements with collaborative partners or others. These results, in turn, could cause the relinquishment of rights to certain of I-trax technologies, products or potential markets, dilution of stockholder ownership in the business, or the loss of what I-trax believes is a current competitive advantage in technology enabled population health management field. Therefore, the inability to obtain adequate funds could have a material adverse impact on I-trax's business, financial condition and results of operations.

The disease and population health management business is relatively

Edgar Filing: I TRAX INC - Form PRE 14A

new and the sales cycle is long and complex.

The disease and population health management business, although growing rapidly, is a relatively new component of the healthcare industry and has many entrants. Many companies use the generic label of "disease management" to characterize activities ranging from the sale of medical supplies and drugs to services aimed at managing demand for healthcare services. Because this industry is relatively new, potential purchasers take a long

17

time to evaluate and decide whether to purchase such services. Further, the sales and implementation process for I-trax services and software applications is lengthy, involves a significant technical evaluation and requires I-trax's customers to commit a great deal of time and money. Finally, the sale and implementation of I-trax solutions are subject to delays due to customers' internal budgets and procedures for approving large capital expenditures and deploying new services and software applications within their organizations. The sales cycle for I-trax's products and services, therefore, is unpredictable and has generally ranged from 3 to 24 months from initial contact to contract signing. The time it takes to implement I-trax's solutions is also difficult to predict and has lasted as long as 18 months from contract execution to the commencement of live operation. During the sales cycle and the implementation period, I-trax may expend substantial time, effort and money preparing contract proposals, negotiating the contract and implementing the solution without receiving any related revenue.

I-trax's limited operating experience may cause it to misjudge the industry in which it is operating.

I-trax has only recently begun to design, build and offer disease management and comprehensive health management solutions. I-trax's enterprise software applications have been operational for less than four years, I-trax's web-based solutions have been operational for less than two years and I-trax's disease management and comprehensive health management solutions have been operational for only one year. Accordingly, I-trax has a limited operating history in its business. Furthermore, I-trax is also facing other risks and challenges, including a lack of meaningful historical financial data upon which to plan future budgets, increasing competition, the need to develop strategic relationships, and other risks described below. I-trax cannot guarantee that it will be able successfully to implement its business model. A person who is considering acquiring I-trax common stock must consider the risks, uncertainties, expenses and difficulties frequently encountered by companies in their early stages of development. As a result of the absence of meaningful history and experience in I-trax's business, it may easily misjudge the nature or size of its perceived markets, or the amount of work or capital necessary to complete its products or to implement its business plan.

I-trax may be unable to implement its business strategy to deploy its products effectively and attract customers.

Although I-trax believes that there is significant demand for its services and products in the overall healthcare market, there are many reasons why I-trax may be unable to execute its historical business strategy, including its possible inability to:

- o deploy its services and software applications on a large scale;

- o attract a sufficiently large number of public health agencies, hospitals, health plans, self-insured employers and colleges and universities to subscribe for I-trax's services and software applications;
- o increase awareness of its brand;
- o strengthen user loyalty;
- o develop and improve its services and software applications;
- o continue to develop and upgrade our services and software applications; and
- o attract, retain and motivate qualified personnel.

The healthcare industry is subject to cost pressures.

The healthcare industry is currently under pressure by governmental and private-sector revenue sources to cut increasing costs. These pressures will continue and possibly intensify. Although I-trax believes that its services and software applications assist public health agencies, hospitals, health plans and self-insured employers to control the high costs associated with the treatment of chronic diseases, the pressures to reduce costs immediately may hinder

18

I-trax's ability (or may increase the length of time I-trax requires) to obtain new contracts. In addition, the focus on cost reduction may pressure I-trax's customers to restructure contracts and reduce its fees.

Government regulation could adversely affect the combined companies' business.

Many of I-trax's existing and potential clients are subject to considerable state and Federal government regulations. Many of these regulations are vaguely written and subject to differing interpretations that may, in certain cases, result in unintended consequences that may affect I-trax's ability to deliver its services effectively. Regulatory and legislative efforts currently focus on the confidentiality of patient identifiable medical information, as evidenced by such legislation as the Health Insurance Portability and Accountability Act of 1996 (or HIPAA). While I-trax believes that its ability to obtain patient identifiable medical information for disease management purposes from certain of its clients is protected in recently released Federal regulations governing medical record confidentiality, state legislation or regulations will preempt Federal legislation if state legislation or regulations are more restrictive. Accordingly, new Federal or state legislation or regulations restricting the availability of this information for disease management purposes would have a material negative effect on the merged companies.

Although I-trax is not not directly subject to many of the regulations governing healthcare delivery, its clients, such as public health agencies, hospitals, health plans, and self-insured employers, must comply with regulations including the licensing and reimbursement requirements of Federal, state and local agencies. Further, certain of I-trax's professional healthcare employees, such as doctors and nurses, are subject to individual licensing requirements. All I-trax healthcare professionals who are subject to licensing

Edgar Filing: I TRAX INC - Form PRE 14A

requirements are licensed in the state in which they are physically present. Multiple state licensing requirements for healthcare professionals who provide services telephonically over state lines may require us to license some of our healthcare professionals in more than one state. We continually monitor the developments in telemedicine. There is no assurance, however, that new judicial decisions or Federal or state legislation or regulations would not increase the requirement for multi-state licensing of all central operating unit call center health professionals, which would significantly increase our administrative costs.

I-trax is indirectly affected by changes in the laws governing health plan, hospital and public health agency reimbursement under governmental programs such as Medicare and Medicaid. There are periodic legislative and regulatory initiatives to reduce the funding of the Medicare and Medicaid programs in an effort to curtail or reduce overall federal healthcare spending. Federal legislation has and may continue to significantly reduce Medicare and Medicaid reimbursements to most hospitals. These reimbursement changes are negatively affecting hospital revenues and operations. There can be no assurance that such legislative initiatives or government regulations would not adversely affect I-trax operations or reduce demand for its services.

Various Federal and state laws regulate the relationship among providers of healthcare services, other healthcare businesses and physicians. The "fraud and abuse" provisions of the Social Security Act provide civil and criminal penalties and potential exclusion from the Medicare and Medicaid programs for persons or businesses who offer, pay, solicit or receive remuneration in order to induce referrals of patients covered by federal healthcare programs (which include Medicare, Medicaid, TriCare and other Federally funded health programs). Although I-trax believes that its business arrangements with its clients are in compliance with these statutes, these fraud and abuse provisions are broadly written and the full extent of their application is not yet known. I-trax is therefore unable to predict the effect, if any, of broad enforcement interpretation of these fraud and abuse provisions.

I-trax's dependence on the Internet and Internet-related technologies subjects I-trax to frequent change and risks.

I-trax's web-based software applications that form the backbone of its disease management and comprehensive health management solutions depend on the continuous, reliable and secure operation of Internet servers and related hardware and software. In the past, several large Internet commerce companies have suffered highly publicized system failures, which depressed their stock prices, caused significant negative publicity and sometimes led to litigation. It is possible that I-trax may also suffer service outages from time to time. To the extent that I-trax's service is interrupted, I-trax's users will be inconvenienced and I-trax's reputation may be diminished. If access to I-trax system becomes unavailable at a critical time, users could allege I-trax is liable, which could depress I-trax stock price, cause significant negative publicity and possibly lead to litigation. Although I-trax's computer and

communications hardware is protected by physical and software safeguards, I-trax is still vulnerable to fire, storm, flood, power loss, telecommunications failures, physical or software break-ins and similar events. I-trax will not have redundancy for all of its computer and telecommunications facilities. A catastrophic event could have a significant negative effect on I-trax's business, results of operations, and financial condition.

Edgar Filing: I TRAX INC - Form PRE 14A

I-trax also depends on third parties to provide certain of its clients with Internet and online services necessary for access to I-trax servers. It is possible that I-trax's clients will experience difficulties with Internet and other online services due to system failures, including failures unrelated to I-trax's systems. Any sustained disruption in Internet access provided by third parties could have a material adverse effect on I-trax's business, results of operations and financial condition.

Finally, I-trax retains confidential healthcare information on its servers. It is, therefore, critical that I-trax's facilities and infrastructure remain secure and are perceived by clients to be secure. Although I-trax operates its software applications from a secure facility managed by a reputable third party, I-trax's infrastructure may be vulnerable to physical break-ins, computer viruses, programming errors or similar disruptive problems. A material security breach could damage I-trax's reputation or result in liability to I-trax.

I-trax may be sued by its users if I-trax provides inaccurate health information on its website or inadvertently disclose confidential health information to unauthorized users.

Because users of I-trax website will access health content and services relating to a medical condition they may have or may distribute I-trax's content to others, third parties may sue I-trax for defamation, negligence, copyright or trademark infringement, personal injury or other matters. I-trax could also become liable if confidential information is disclosed inappropriately. These types of claims have been brought, sometimes successfully, against online services in the past. Others could also sue I-trax for the content and services that will be accessible from its website through links to other websites or through content and materials that may be posted by I-trax users in chat rooms or bulletin boards. Any such liability will have a material adverse effect on our reputation and I-trax's business, results of operations or financial position.

I-trax's business will be adversely affected if it loses a key employee or fails to recruit and retain other skilled employees.

Frank A. Martin, I-trax's chairman and chief executive officer, is an integral part of I-trax's business and the merged companies' future success greatly depends upon his retention. I-trax's failure to retain Mr. Martin could significantly reduce the merged companies' ability to compete and succeed in the future.

The merged companies' future success also depends on their ability to attract, retain and motivate highly skilled employees. As merged companies secure new contracts and implement its services and products, they will need to hire additional personnel in all operational areas. The merged companies may be unable to attract, assimilate or retain such highly qualified personnel. I-trax has in the past experienced, and it expect to experience in the future, difficulty in hiring and retaining highly skilled employees with appropriate qualifications. If I-trax does not succeed in attracting new personnel or retaining and motivating our current personnel, its business will be adversely affected.

I-trax may be unable to compete successfully against companies offering similar products.

Many healthcare companies are offering disease management services and healthcare focused software solutions. Further, a vast number of Internet sites offer healthcare content, products and services. In addition, traditional healthcare providers compete for consumers' attention both through traditional means as well as through new Internet initiatives. Although I-trax believes its

Edgar Filing: I TRAX INC - Form PRE 14A

technology-enabled service solutions are unique and better than its competitors', I-trax competes for customers with numerous other businesses.

Many of these potential competitors are likely to enjoy substantial competitive advantages compared to I-trax, including:

20

- o greater name recognition and larger marketing budgets and resources;
- o larger customer and user bases;
- o larger production and technical staffs;
- o substantially greater financial, technical and other resources; and
- o a wider array of online products and services.

To be competitive, I-trax must continue to enhance its products and services, as well as its sales and marketing channels, and its financial condition.

I-trax may be exposed to liability claims.

I-trax maintains professional malpractice, errors and omissions and general liability insurance for all of its locations and operations. Although I-trax's management believes that these insurance policies are adequate in amount and coverage for I-trax's current operations, there can be no assurance that coverage is sufficient to cover all future claims or will continue to be available in adequate amounts or at a reasonable cost.

I-trax Health Management Solutions, Inc., I-trax's operating subsidiary, had engaged in the physician practice management business. Although I-trax has not been engaged in that business since 1998, Health Management may be subject to unknown liabilities arising from such prior business operations, which may have a material adverse effect on I-trax's business, operations, financial condition, or prospects.

Member-Link Systems, Inc., a company I-trax acquired in 1999 by way of a merger with Health Management, was engaged in the business of marketing, selling and installing eImmune(R) and AsthmaWatch(R) applications. Since beginning its operations in 1996 until March 15, 2000, Member-Link and Health Management did so without obtaining product or professional liability insurance. Accordingly, if any customer of Member-Link or Health Management should in the future claim that the software applications Member-Link and Health Management sold prior to obtaining insurance on March 15, 2000 were defective, we would not have the protection of insurance in satisfying or defending against such claims. At this time we are not aware of any such claims. Any such claims, however, could have a material adverse effect on I-trax's business, results of operations, financial condition and prospects.

I-trax clients may sue it if any of its software applications or services are defective, fails to perform properly or injures the user. Even though I-trax currently has insurance, claims could require I-trax to spend significant time and money in litigation, to pay significant damages and to reserve for such liability on I-trax's financial statements. At this time I-trax is not aware of any such claims. However, any such claims, whether or not successful, could seriously damage I-trax's reputation and business, results of

Edgar Filing: I TRAX INC - Form PRE 14A

operations or financial position.

If I-trax's intellectual property rights are undermined by third parties, its business will suffer.

I-trax's intellectual property is important to its business. I-trax relies on a combination of copyright, trademark and trade secret laws, confidentiality procedures and contractual provisions to protect our intellectual property. I-trax's efforts to protect its intellectual property may not be adequate. I-trax's competitors may independently develop similar technology or duplicate our products or services. Unauthorized parties may infringe upon or misappropriate I-trax's products, services or proprietary information. In addition, the laws of some foreign countries do not protect proprietary rights as well as the laws of the United States do, and the global nature of the Internet makes it difficult to control the ultimate destination of I-trax's products and services. In the future, litigation may be necessary to enforce I-trax's intellectual property rights or to determine the validity and scope of the proprietary rights of others. Any such litigation would probably be time-consuming and costly. I-trax could be subject to intellectual property infringement claims as the number of our competitors grows and the content and functionality of software applications and services overlap with competitive offerings. Defending against these claims, even if not meritorious, could be expensive and divert the merged company's attention from operating the

21

company. If I-trax becomes liable to third parties for infringing their intellectual property rights, it could be required to pay a substantial damage award and forced to develop noninfringing technology, obtain a license or cease selling the applications that contain the infringing technology. I-trax may be unable to develop noninfringing technology or obtain a license on commercially reasonable terms, or at all. I-trax also intends to rely on a variety of technologies that we will license from third parties, including any database and Internet server software, which will be used to operate our applications. These third-party licenses may not be available to I-trax on commercially reasonable terms. The loss of or inability to obtain and maintain any of these licenses could delay the introduction of enhancements to I-trax's software applications, interactive tools and other features until equivalent technology could be licensed or developed. Any such delays could materially adversely affect our business, results of operations and financial condition.

Provisions of I-trax's certificate of incorporation could impede a takeover of I-trax and the merged companies even though a takeover may benefit I-trax stockholders.

I-trax's board of directors has and will continue to have after the merger described in this proxy statement the authority, without further action by the stockholders, to issue from time to time, shares of preferred stock in one or more classes or series, and to fix the rights and preferences of such preferred stock, subject, however, to the limitations contained in the certificate of designations to be filed with respect to the convertible preferred stock. I-trax is subject to provisions of Delaware corporate law which, subject to certain exceptions, will prohibit I-trax from engaging in any "business combination" with a person who, together with affiliates and associates, owns 15% or more of I-trax common stock (referred to as an interested stockholder) for a period of three years following the date that such person became an interested stockholder, unless the business combination is approved in a prescribed manner. Additionally, I-trax's bylaws establish an advance notice procedure for stockholder proposals and for nominating candidates

Edgar Filing: I TRAX INC - Form PRE 14A

for election as directors. These provisions of Delaware law and of I-trax's certificate of incorporation and bylaws may have the effect of delaying, deterring or preventing a change in I-trax's control, may discourage bids for I-trax common stock at a premium over market price and may adversely affect the market price, and the voting and other rights of the holders of I-trax common stock.

The loss of any of I-trax's very limited number of customers will have a material adverse effect on I-trax' business.

Historically, a very limited number of customers has accounted for a significant percentage of I-trax's revenues. In 2001, I-trax's largest customer, Walter Reed Army Medical Center, accounted for 84% of I-trax revenues. In 2002, I-trax's largest customers, UICI, Inc. and Aetna Health Management, Inc. accounted for 42% and 30% of I-trax revenues, respectively. And for the nine months ended September 30, 2003, I-trax's two largest customers, UICI and Aetna Health Management accounted for 38% and 11% of I-trax revenues, respectively. I-trax anticipates that its results of operations in any given period will continue to depend to a significant extent upon a small number of customers. Accordingly, if we were to lose the business of even a single customer, I-trax's results of operations would be materially and adversely affected.

Risks Related to CHD Meridian Healthcare Business

CHD Meridian expects increasing competition for contracts to establish and manage employer-dedicated pharmacies and clinics.

CHD Meridian pioneered the field of employer-dedicated pharmacies and primary care clinics. Although CHD Meridian has always faced competition from other methods by which business enterprises can arrange and pay for healthcare services for their employees, until recently CHD Meridian has rarely experienced face-to-face bidding for a contract to manage a particular employer's pharmacy or clinic. CHD Meridian has recently begun to see direct competition for employer-dedicated pharmacy management contracts, and expect this competition will increase over time. CHD Meridian believes that it has certain advantages in such competition, which include its status as the market leader, experience and valuable know-how that CHD Meridian competitors do not yet have. CHD Meridian also faces some disadvantages, which include the fact that some of its competitors and potential competitors are of substantially greater size and financial resources, including prescription benefit management companies with revenues in the multiple billions of dollars. CHD Meridian believes that the potential market for employer-dedicated pharmacies is large enough for CHD Meridian to meet its growth plans despite increasing competition, but there are

22

no assurances that CHD Meridian will in fact be able to do so. CHD Meridian's ability to maintain existing clients, expand services to existing clients, add new clients so as to meet our growth objectives, and maintain attractive pricing for its services, will depend on the interplay between these factors of overall growth in the use of employer-dedicated facilities, entry of new competitors to the business, and its success or failure in maintaining our market position as against these new entrants.

In addition to this increasing head-to-head competition for contracts to establish and manage employer-dedicated facilities, CHD Meridian will continue to face competition for the large employer's healthcare budget from other kinds of enterprises, including without limitation pharmacy benefit managers, health insurers, managed health care plans and retail pharmacy chains.

Edgar Filing: I TRAX INC - Form PRE 14A

Loss of key management could adversely affect the merged companies side of the merged companies' business.

CHD Meridian's business has enjoyed a strong and stable management team, including among others, Haywood D. Cochrane, Jr., CHD Meridian's chief executive officer, Charles D. (Chip) Phillips, CHD Meridian's president and chief operating officer, and Shannon W. Farrington, CHD Meridian's chief financial officer. Following the merger, Mr. Cochrane will join the I-trax board of directors as vice-chairman, and Mr. Phillips and Ms. Farrington will remain with the merged companies. Although we believe that the earn out applicable to a portion of the merger consideration will create an incentive for these individuals to remain with the merged company and to focus on its success through 2004 at a minimum, there is no assurance that any of these individuals will do so. Each of these individuals will receive a portion of the merger consideration in respect of their equity interests in CHD Meridian at closing, which could reduce these individuals' incentive to remain with the merged company. See section titled "Interest of Officers and Directors in the Merger" below. Finally, although we believe that the CHD Meridian management team has reasonable depth, the loss of one or several of these individuals, could have an adverse effect on our business.

Loss of advantageous pharmaceutical pricing could adversely affect CHD Meridian's income and the value that CHD Meridian provides to its clients.

CHD Meridian receives favorable pricing from pharmaceutical manufacturers as a result of its class of trade designation, which in turn is based on selling products only to CHD Meridian clients' employees, dependents and retirees. CHD Meridian also receives rebates from pharmaceutical manufacturers for driving market share to preferred products. The benefit of favorable pricing is generally passed on to CHD Meridian clients under the terms of client contracts. In the last few years, retail pharmacies have brought legal cases against pharmaceutical manufacturers challenging class of trade designations as unlawful price discrimination under the Robinson-Patman Act. Although these challenges have generally failed, there remains a possibility that CHD Meridian would lose the benefit of this favorable pricing, either due to legal challenge or to a change in policies of the pharmaceutical manufacturers. Such a loss would diminish the value that we can provide to our clients and, therefore, would make our services less attractive. CHD Meridian also receives volume performance incentives from its pharmaceutical wholesaler which directly affect CHD Meridian revenue, and the loss of which could adversely affect CHD Meridian's business.

CHD Meridian's business involves exposure to professional liability claims, and a failure effectively to manage CHD Meridian's professional liability risks could have an adverse impact on CHD Meridian's business.

Under the terms of CHD Meridian's contracts with clients, it is responsible for procuring professional liability insurance covering the operations of clinics and pharmacies that it manages. CHD Meridian also typically indemnifies its clients against vicarious professional liability claims arising out of acts or omissions of healthcare providers working at the clinics and pharmacies managed by CHD Meridian. Under the terms of its services agreements with affiliated professional corporations, CHD Meridian is also contractually obligated for procuring malpractice insurance on behalf of the professional corporations and their employed physicians, and CHD Meridian typically absorbs such claims as are subject to the policy self insured retention limit or above the policy limits. There also exists the possibility of vicarious professional liability claims being made directly against CHD Meridian. As a result of these contractual arrangements, CHD Meridian routinely

incurs significant expenses arising out of

professional liability claims. If CHD Meridian fails to manage the professional liability claims and associated risk effectively, its business will be adversely affected.

Certain of CHD Meridian's past professional liability insurance policy years were insured by two insurance companies that are now either insolvent or under regulatory supervision. As a result, CHD Meridian is effectively partially uninsured for those periods. CHD Meridian has established reserves in connection with the six pending claims from such policy years. Although CHD Meridian's management believes such reserves are reasonable based on CHD Meridian's historic loss experience, there is no assurance that these reserves will be sufficient to pay any judgments or settlements. In addition, because CHD Meridian current professional liability insurance self-insured retention is \$500,000, it is effectively partially uninsured against a variety of claims that may arise from other years. CHD Meridian has maintained a layer of excess insurance that begins with losses in excess of \$1,000,000 per claim, including for the years in which its primary insurer is insolvent. CHD Meridian's balance sheet includes reserves for projected future professional liability expenses based on its operations to date. But the estimates could prove wrong, and the size of CHD Meridian's ultimate uninsured liability could exceed the established reserves. CHD Meridian's professional liability insurance policies are written on a claims-made basis, meaning that they cover only claims made during the policy period, and not events that occur during the policy period but result in a claim after the expiration of the policy. With this insurance strategy, it is necessary that CHD Meridian continue to renew or replace coverage each year in order to have coverage for prior years' operations. Availability and cost of such coverage are subject to market conditions, which can fluctuate significantly.

CHD Meridian expects to establish a captive insurance company, which, once established, will be subject to risks associated with insurance business, including additional regulatory requirements.

CHD Meridian is planning to establish a captive insurance subsidiary to insure its professional liability exposure. CHD Meridian believes this approach that will enhance the company's ability to manage malpractice exposure and stabilize insurance costs. Although CHD Meridian has hired a manager for the captive insurer, and has engaged an actuarial consulting firm, its operation of the captive insurer will nonetheless be subject to the risks associated with any insurance business, which include investment risk relating to the performance of its investment of assets set aside as reserves for future claims, and the challenges associated with making actuarial estimates of projected future professional liability losses and loss adjustment expenses. Failure to make an adequate return on CHD Meridian's investments, or to maintain the principal of invested funds, or failure to estimate such future loss and loss adjustment expenses accurately, could have an adverse effect on CHD Meridian and therefore, of the merged companies. Also, operation of a captive insurer will expose CHD Meridian to substantial additional regulatory requirements, with attendant risks if it fails to comply with applicable regulations.

CHD Meridian is subject to complex and extensive legal requirements, and failure to comply with those requirements could have an adverse effect on its business.

Edgar Filing: I TRAX INC - Form PRE 14A

The healthcare industry is subject to numerous Federal, state, and local laws, regulations and judicial doctrines. These legal requirements cover, among other topics, licensure, corporate practice of medicine, privacy of patient medical records, government healthcare program participation requirements and restrictions, reimbursement for patient services, and Medicare and Medicaid fraud and abuse.

There are judicial and statutory prohibitions on "corporate practice of medicine," which vary from state to state. The corporate practice of medicine doctrine prohibits a corporation, other than a professional corporation, from practicing medicine or employing physicians. Some states also prohibit a non-physician from splitting or sharing fees charged by a physician for medical services. The services that we provide to our clients include establishing and managing medical clinics. Most physician services at clinics that managed by CHD Meridian are provided by physicians who are employees of professional corporations with which CHD Meridian has agreements and under which it provides non-professional services such as purchasing equipment and supplies, patient scheduling, billing, collection, accounting, and computer services. The professional corporations control hiring and supervising physicians and all medical functions. CHD Meridian has option agreements with the physician-owners of affiliated professional corporations entitling the company to require them to sell the stock of the professional corporations to another licensed physician designated by CHD Meridian. This structure is intended to permit consolidation of the professional corporations' financial statements with those of CHD Meridian, while still maintaining sufficient separateness to comply with the corporate practice of medicine doctrine and with fee-splitting prohibitions.

24

Although CHD Meridian does not believe so, there remains, however, potential exposure to claims that this structure violates the corporate practice of medicine doctrine or fee-splitting prohibitions. If such a claim is successfully asserted against CHD Meridian in any jurisdiction, it could be subject to civil and criminal penalties, or could be required to restructure its contractual arrangements with clients. Any restructuring of contractual arrangements could result in lower revenues, increased expenses and reduced influence over the business decisions of those operations. Alternatively, some existing CHD Meridian contracts could be found to be illegal and unenforceable, which could result in the termination of those contracts and an associated loss of revenue, or inability to enforce valuable provisions of those contracts.

CHD Meridian personnel have custody of confidential patient records at various clinics and pharmacies, and its computer servers also contain confidential health risk assessments completed by employees of clients. Many patient records are subject to a rule entitled Privacy of Individually Identifiable Health Information promulgated by the U.S. Department of Health and Human Services under HIPAA (or HIPAA Privacy Rule), and also to any state laws that may have more stringent privacy requirements. CHD Meridian attempts to protect the privacy and security of confidential patient information in accordance with applicable law, but could face claims of violation of the HIPAA Privacy Rule, invasion of privacy or similar claims, if its files or computers were compromised, or if its interpretations of the applicable privacy requirements, many of which are complex, were incorrect or allegedly incorrect, or if we fail to maintain a sufficiently effective compliance program.

In recent years, various government entities have actively investigated potential violations of fraud and abuse statutes and regulations by healthcare providers and by pharmaceutical manufacturers. Violations of these laws and regulations can result in expulsion from government healthcare programs together

Edgar Filing: I TRAX INC - Form PRE 14A

with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Although CHD Meridian's services and those of its affiliated professional corporations are generally paid for by employer clients, CHD Meridian does bill the Medicare and Medicaid programs, and private insurance companies, as agent of its affiliated professional corporations, to recover reimbursable amounts that offset the healthcare costs borne by our clients. CHD Meridian therefore is subject to various regulations under the Medicare and Medicaid programs, including fraud and abuse prohibitions. CHD Meridian believes that it is compliant with these requirements, but could face claims of non-compliance if its interpretations of the applicable requirements, many of which are complex, were incorrect or allegedly incorrect, or if it fail to maintain a sufficiently effective compliance program.

Although CHD Meridian believes that it complies in all material respects with applicable law, compliance with laws, regulations and judicial doctrines can be complex and may be subject to future review and interpretation by government agencies and others, and there remains a possibility that future legal actions against CHD Meridian would adversely affect its business.

Deterioration of the financial health of CHD Meridian's clients, many of which are large U.S. manufacturing enterprises, could adversely affect its business volume and collections.

An adverse trend in one or more U.S. manufacturing industries could lead to plant closings or layoffs that could eliminate or reduce the need for some of CHD Meridian's employer-dedicated healthcare facilities. Also, if any CHD Meridian client becomes insolvent, CHD Meridian may not be able to recover outstanding accounts receivable owed by that client, and may suffer premature contract termination. CHD Meridian's professional liability insurance is written on a claims-made basis, and, in order to fund continued coverage of an operation after termination of a contract, CHD Meridian typically has charged its clients for tail insurance coverage at the time that a contract terminates. If a client is insolvent at the time of contract termination, CHD Meridian may not be able to recoup the cost of tail insurance coverage, or other costs related to facility shut-down. CHD Meridian has already experienced this in the case of one major steel manufacturer, for which it formerly managed several facilities, which became the debtor in a federal bankruptcy proceeding. This resulted in difficulty in collecting some amounts due to us, and also generated a claim against us for repayment of an allegedly preferential transfer previously received from our client. Because of the risks to us associated with client insolvency, and the concentration of our client base, our business is to some extent dependent on the continued health of U.S. manufacturing industries.

25

CHD Meridian cannot yet predict the impact of the recently adopted Medicare prescription drug benefit on its business.

In December 2003, President Bush signed into law the Medicare Prescription Drug, Improvement, and Modernization Act of 2003. This law provides Medicare beneficiaries with insurance coverage that offers access to prescription medicines. The prescription drug benefit, which will be called Medicare Part D, begins January 1, 2006. In the interim, a national prescription drug discount card for Medicare eligible seniors will be instituted in April 2004. Under the new law, drug benefits will be provided through risk-bearing private plans contracting with the government (including plans offering only the Part D coverage as well as integrated plans offering all Medicare benefits).

Edgar Filing: I TRAX INC - Form PRE 14A

There will be an annual open period during which Medicare beneficiaries will choose their drug plan from among those available in their area of residence. In any areas where there are fewer than two private plan choices, the government will make a drug plan available directly.

This law could affect CHD Meridian's business either positively or negatively and its ultimate effect is not yet clear. Subsidies for employers providing retiree drug benefits will decrease the costs to those employers of providing such benefits, and therefore might be expected to increase the number of employers willing to provide retiree drug benefits, which would positively affect our business. On the other hand, it is possible that employers that presently offer prescription drug benefits will decide no longer to offer those benefits, on the basis that their retirees now will be able to obtain such benefits on their own through Medicare. In that case, such employers would have less need for employer-dedicated pharmacies of the kinds that we establish and manage and the CHD Meridian business would be negatively affected.

This proxy statement and its attachments incorporate forward-looking statements as such term is defined in the Private Securities Litigation Reform Act of 1995.

Statements regarding aspects of I-trax's and CHD Meridian's businesses and our expectations as to the merger set forth in this proxy statement may constitute forward looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. The words "anticipates," "believes," "estimates," "expects," "intends," "may," "plans," "projects," "will," "would" and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Although we believe that our expectations are based on reasonable assumptions within the bounds of our knowledge of our business and operations, there can be no assurance that actual results will not differ materially from our expectations. Factors that might cause or contribute to such differences include, but are not limited to, whether I-trax and CHD Meridian will in fact satisfy the conditions to closing and complete the merger described in this proxy statement, the ability of our two companies to integrate our businesses successfully, demand for the merged companies' products and services, uncertainty of future profitability and changing economic conditions. These and other risks pertaining to I-trax, CHD Meridian and the merged companies after the merger are described in detail above under the caption "Risk Factors" and, with respect to I-trax, in its periodic reports filed with the Securities and Exchange Commission, which are incorporated by reference or attached to this proxy statement.

DESCRIPTION OF I-TRAX

I-trax enables better healthcare through personalized health management programs.

We believe that our personalized disease and lifestyle management solutions enable organizations to evolve from fragmented care management practices into a cohesive and efficient system of healthcare. Our solutions are fully integrated, use a single-data platform that allows all caregivers to share records, and enable our clients to provide true coordination of care. We believe that by facilitating real-time communication between all stakeholders within today's complex healthcare system, our solutions reduce costs and enable improved delivery of care.

We deliver our solutions through our proprietary Health-e-LifeSM Program. The Program is designed to deliver lifestyle, disease and risk reduction interventions to an entire population by utilizing predictive science, technology, clinical expertise, and personal care coordination.

Predictive Science. Our Health-e-LifeSM Program incorporates predictive science to analyze our clients' medical claims and pharmacy and clinical data to predict future healthcare costs. We believe this is an essential step to effective disease and lifestyle management. Experts agree that predictive science provides a comprehensive advantage to health plans, employers and providers, and leads to cost effective medical management and greater profitability. Using predictive science, we analyze our clients' entire populations to accurately predict our clients' future healthcare costs, including avoidable costs, the health conditions that will drive those costs and the people within our clients' populations who are at risk for those conditions. Armed with this information, I-trax is able to target the most appropriate resources to achieve the best savings and return on investment.

Technology Solutions. All technology components of our Health-e-LifeSM Program utilize a single data platform--Medicive(R) Medical Enterprise Data System--a proprietary software architecture developed to collect, store, retrieve and analyze a broad range of information used in the healthcare industry.

Further, our web accessible solutions include portals for key stakeholders in the care delivery process--consumers, physicians and care managers--thus permitting real-time sharing of information and support the adherence to our health and disease intervention programs. The key technology we use for effective care coordination include:

- o Health-e-Coordinator(TM), a web-based care management application;
- o MyFamilyMD(TM), a consumer health management portal;
- o CarePrime(R), a clinical care application for physicians and clinicians; and
- o I-talk(TM), interactive smart voice technology.

Interventions and Clinical Expertise. Our personalized health and disease interventions include intensive programs for individuals who suffer from, or are at high risk for, active or chronic disease and tailored programs for individuals who are at low risk. Depending on the individual's level of risk, our custom tailored interventions include self-help programs available through the web or person-assisted programs administered through our Care Communication Center, which is staffed by trained nurses and other healthcare professionals 24 hours per day, 7 days per week. All interventions include lifestyle and risk reduction programs that follow evidence-based clinical guidelines to optimize health, fitness, productivity and quality of life.

We have designed and are implementing interventions for a number of specific chronic conditions, including congestive heart failure (CHF), coronary artery disease (CAD), asthma, diabetes, cancer management, cystic fibrosis, lower back pain and chronic obstructive pulmonary disease (COPD).

Care Communication Center. Our Care Communications Center is staffed with trained nurses and other healthcare professionals 24 hours per day, 7 days per week. Through the Center, we effect targeted interventions to improve the

Edgar Filing: I TRAX INC - Form PRE 14A

health management of the populations we serve. The Center helps consumers make informed decisions about their health and provides ongoing support for those with chronic diseases. Our demand management and nurse triage services incorporate nationally recognized, evidence-based clinical guidelines to ensure that all caregivers and consumers are following the best practices.

Everything we do is built on information, which drives decision-making and results. Information guides the identification of consumers, the utilization of protocols that provide high quality and cost effective care, the communication among the key stakeholders and ultimately the return on capital invested in providing healthcare. When all of these components are in place, we believe that consumer satisfaction will increase and the costs of providing quality healthcare will decrease.

Our programs are designed to allow employers to contract directly for a wide range of employee related healthcare services delivered at or near the work site. Specifically, we develop and manage customer-specific healthcare delivery models that address the pharmacy, primary care, occupational health, and corporate health demands of our clients. Pursuant to the terms of our multi-year agreements, employers may elect to offer their employees and retirees services on an integrated or stand-alone basis, through on-site or off-site delivery platforms, or as a component of or complement to pre-existing health plan options.

Our target market consists of both large and mid-sized employers and business consortia, which due to their scale and focus on controlling healthcare expenditures, are more likely to derive immediate and tangible benefit from outsourced support services for non-core functions organized around employee health benefits. We operate approximately 160 locations in 32 states and maintain contracts with 90 leading employers, which pay us directly for our services. Our customers include automotive and automotive parts manufacturers, consumer products manufacturers and large financial institutions. As evidenced by exceptionally high client retention rates, we have established strong customer relationships supported by increasing recognition among clients of the critical nature of our services, the tangible benefits achieved by employer and employee constituents, and the utilization of multi-year service contracts.

CHD Meridian's outsourced suite of healthcare benefit management solutions to our employer clients consist of the following:

Pharmacy Services. CHD Meridian operates employer-sponsored pharmacies that offer, on an exclusive basis, prescription services directly to a company's covered population. By leveraging prescription volume across our client base and utilizing our ability to procure pharmaceuticals as a captive class of trade, we purchase products at considerable savings for our clients and thus significantly and positively affect our customers' fastest-growing healthcare cost category. CHD Meridian's pharmacy services also use sophisticated information technologies. These technologies may be integrated with clients' existing pharmacy management programs and plans and improve employee convenience with respect to prescription fulfillment. In addition, CHD Meridian offers customized solutions in network management and absence management, including non-work related case management and disability management. Physicians, nurses, and other related staff are dedicated to the customer's employee population, allowing employees, retirees, and their dependents to receive cost-effective, high-quality care on a more accessible and convenient basis. CHD Meridian currently operates 17 primary care centers.

In general, CHD Meridian's occupational health programs improve compliance, enhance employee productivity, and allow for greater employer control of occupational health costs. CHD Meridian currently operates 77 occupational health facilities.

28

Corporate Health Services. For non-industrial client work environments without significant injury rates (e.g., financial services, advertising or consulting), but nonetheless large workforces that require general and specialized medical services, CHD Meridian offers unique workplace programs that combine preventative care, occupational health, medical surveillance or testing, travel medicine, and health education for clients. We currently operate 47 corporate healthcare facilities.

Management's Discussion and Analysis of Financial Condition and Results of Operations of CHD Meridian

The following discussion and analysis should be read together with our financial statements and the notes to our financial statements included below under section titled "Meridian Occupational Healthcare Associates, Inc. Financial Data."

This Management's Discussion and Analysis of Financial Condition and Results of Operations of Meridian Occupational Healthcare Associates, Inc. (doing business as "CHD Meridian") contains forward-looking statements as such term is defined in the Private Securities Litigation Reform Act of 1995. The words "anticipates," "believes," "estimates," "expects," "intends," "may," "plans," "projects," "will," "would" and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. business and operations, there can be no assurance that actual results will not differ materially from our expectations. Factors that might cause or contribute to such differences include, but are not limited to, whether I-trax and CHD Meridian will in fact satisfy the conditions to closing and complete the merger described in this proxy statement, the ability of our two companies to integrate our businesses successfully, demand for the merged companies' products and services, uncertainty of future profitability and changing economic conditions. These and other risks pertaining to I-trax, CHD Meridian and the merged companies after the merger are described in detail above under the caption "Risk Factors" and, with respect to I-trax, in its periodic reports filed with the Securities and Exchange Commission, which are attached in Section Five below.

CHD Meridian's Business Overview

CHD Meridian provides outsourced, employer-sponsored healthcare services. Our programs are designed to allow employers to contract directly for a wide range of employee related healthcare services delivered at or near the work site. Specifically, we develop and manage customer-specific healthcare delivery models that address, depending on customer's need, the pharmacy, primary care, occupational health, and corporate health demands of our customers.

CHD Meridian's Corporate Overview

CHD Meridian is a Delaware corporation, which began operations on November 16, 1996. All of our current operations consist of employer-sponsored healthcare. CHD Meridian currently conducts business through five wholly owned subsidiaries. Physician services are provided at CHD Meridian's locations under service agreements with affiliated physician associations (Physician Groups), which are professional corporations that hire licensed physicians who provide medical services. Pursuant to the terms of such service agreements, the Physician Groups provide all medical aspects of CHD Meridian's services, including the development of professional standards, policies and procedures for a fee. CHD Meridian provides a wide array of business services to its employer clients and the Physician Groups, including administrative services, support personnel, facilities, marketing, and non-medical services in exchange for a management fee. The Physician Groups are consolidated with Meridian Occupational Healthcare Associates, Inc. and subsidiaries in the CHD Meridian's consolidated financial statements presented below.

Our Customers

As of January 20, 2004, CHD Meridian served approximately 90 clients at 160 locations in 32 states. Customers are typically large self-insured employers that have a significant employee, retiree and dependent population in a concentrated geographic area. Marketing efforts are directed at this market.

Ongoing Acquired Operations. In 1996, CHD Meridian acquired certain assets and liabilities of NHS National Health Services, Inc., a leading provider of employer-sponsored corporate and occupational health centers in New York in exchange for \$4,437,000 in cash, the assumption of \$1,242,000 in liabilities, and a \$1,000,000 promissory note. Also in 1996, CHD Meridian acquired all of the outstanding shares of American Occupational Health Management, Inc., a leading provider of employer-sponsored occupational health centers in West Virginia in exchange for \$1,122,500 in cash and 2,255 shares of CHD Meridian's Series A convertible preferred stock. In addition, in 1998 CHD Meridian remitted cash and

Edgar Filing: I TRAX INC - Form PRE 14A

Series A convertible preferred stock of \$388,000 and \$390,000 respectively, related to contingent consideration for this transaction. In 1997, CHD Meridian acquired all of the capital stock of Medicenter, Inc., a leading provider of employer-sponsored primary care centers and pharmacies in Oklahoma in exchange for \$2,200,000 in cash.

In 2000, CHD Meridian acquired the stock of Corporate Health Dimensions, Inc., a leading provider of employer-sponsored primary care, pharmacy and occupational health centers in New York in exchange for 104,044 shares of common stock.

Discontinued Operations. In 1996 and 1997, CHD Meridian provided occupational health services through free-standing occupational health clinics in the Northern California marketplace. The clinics associated with this business were acquired through various acquisitions. In 1996, CHD Meridian acquired certain assets of: (1) Natomi Hospitals of California, Inc., in California in exchange for the assumption of four operating leases; (2) San Jose Medical Clinic, Inc. for \$375,000 in cash; (3) The Advantage Group for \$10,566,000 in cash and the assumption of \$432,000 in liabilities; and (4) Sierra Pacific Medical Center for \$2,267,000 in cash and the assumption of \$472,000 in liabilities. In 1998, CHD Meridian divested all of the assets associated with the free-standing clinics in Northern California to Novacare, Inc. for \$8,000,000 in cash and a \$2,000,000 promissory note. The sale of the California free-standing occupational health operations was accounted for as discontinued operations for the years ended December 31, 1998, 1999 and 2000.

In 1999, CHD Meridian acquired certain assets from PHP Healthcare Corporation associated with three government sponsored primary care centers and pharmacies for the Department of Defense for \$4,572,000 in cash and the assumption of \$2,533,000 in liabilities. In 2001, CHD Meridian was notified of the cancellation of the contracts related to these centers. The contract cancellation was accounted for as discontinued operations in the accompanying consolidated financial statements.

Results of Operations

Year Ended December 31, 2002 Compared to Year Ended December 31, 2001.

Net revenues for 2002 were \$107.1 million, an increase of \$6.7 million or 6.7% from \$100.4 million for 2001. The increase in net revenues is primarily attributable to the addition of a new pharmacy as well as an increase in the size of existing primary care and pharmacy contracts.

Operating expenses are primarily comprised of salaries and benefits, pharmaceutical and medical supplies, lab and radiology fees, and professional liability insurance directly related to the operation of our health facilities and pharmacies. Operating expenses for 2002 were \$88.9 million an increase of 7.1% from \$83.0 million for 2001. The increase is attributable to a \$4.8 million increase in the purchase of pharmaceuticals for the addition of a new pharmacy, an increase in our professional liability insurance expense of \$2.0 million, and a decrease in our professional fees of \$0.9 million related to the movement of contracted providers to employed providers for services rendered in several of our health facilities. We expect that in future periods our professional liability insurance expense will continue to increase based upon market conditions, and our other operating expenses will increase or decrease in proportion to volume of business.

General and administrative expenses were \$14.3 million for 2002 as compared to \$14.1 million for 2001, an increase of 1.4%. The increase was attributable to a \$0.3 million increase in lease expense related to a new lease for corporate office space in Nashville and a \$0.4 million increase in other travel related expenses, offset by \$0.3 million decrease in salaries and

Edgar Filing: I TRAX INC - Form PRE 14A

benefits related to reductions in headcount for duplicative functions in the corporate headquarters of Corporate Health Dimensions, Inc. that existed elsewhere in CHD Meridian and a \$0.2 million

30

decrease in insurance expenses. We expect to continue to leverage our general and administrative functions as growth continues, but also anticipate cost-of-living increases in salaries and benefits.

Depreciation and amortization expenses were \$1.9 million in 2002 as compared to \$2.1 million in 2001. The decrease is primarily attributable to the adoption of SFAS 142 on January 1, 2002 to discontinue the amortization of goodwill. During 2001, CHD Meridian had amortization expense associated with goodwill of \$0.2 million. We do not expect that there will be significant changes in depreciation and amortization in the future.

Net interest income for 2002 was \$0.1 million increasing by \$0.4 million or 144% from net interest expense of (\$0.3 million) for 2001. During 2001 and 2002, CHD Meridian incurred interest expense on amounts outstanding on a term loan with Bank of America. The balance was paid throughout 2002, with the final balance being paid during the fourth quarter of 2002. Daily excess cash was invested in overnight funds through Bank of America. Since CHD Meridian paid off its term loan with Bank of America, we do not expect to incur any significant interest expense charges in the future except in connection with the senior credit facility I-trax and CHD Meridian expect to secure in connection with the merger.

During 2001, CHD Meridian discontinued its operations related to two primary care centers and pharmacies operated on behalf of the Department of Defense. This was accounted for under SFAS 144 in the accompanying financial statements. The gain on discontinued operations of \$0.5 million (net of taxes) for the year ended December 31, 2001 was reclassified and reflected separately in CHD Meridian's consolidated statements of operations. CHD Meridian also recorded a loss on disposal of the discontinued operations of \$3.1 (net of taxes) million for the year ended December 31, 2001, which consisted primarily of the write-down of the equipment and intangible assets. CHD Meridian also recorded a gain on disposal of discontinued operations of \$0.01 million before taxes related to early termination of a lease for the California operations, which were sold in 1998.

Year Ended December 31, 2001 Compared to Year Ended December 31, 2000.

Net revenues for 2001 were \$100.4 million, an increase of \$3.7 million or 3.8% from \$96.7 million for 2001. The increase in net revenues is primarily attributable to the addition of a new primary care and pharmacy center, the addition of a new multi-site occupational health client, an increase in CHD Meridian's volume based performance incentive on pharmaceutical purchases, as well as an increase in the size of existing primary care and pharmacy contracts and corporate health contracts offset by a closure of a primary care center.

Operating expenses are primarily comprised of salaries and benefits, pharmaceutical and medical supplies, lab and radiology fees, and professional liability insurance directly related to the operation of our health facilities and pharmacies. Operating expenses for 2001 were \$83.0 million an increase of 5.1% from \$79.0 million for 2000. The increase is primarily attributable to a \$3.9 million increase in salaries and benefits related to the opening of new facilities and expansion of existing facilities and an increase of \$1.0 million

Edgar Filing: I TRAX INC - Form PRE 14A

in professional liability insurance expense offset by a reduction in professional fees of \$0.4 million related to the movement of contracted providers to employed providers for services rendered in one of our health facilities, and a reduction in lease and rental expense of \$0.3 million related to the closure of a primary care center.

General and administrative expenses were \$14.1 million for 2001 as compared to \$15.0 million for 2000, a decrease of 6.0%. The decrease was attributable to a decrease in salaries and benefits expense and lease expense related to reductions in headcount and the related office space for duplicative functions in the corporate headquarters of Corporate Health Dimensions, Inc.

Depreciation and amortization expenses were \$2.1 million in 2001, as compared to \$1.9 million in 2000. This increase is primarily related to an increase in the property and equipment purchased in 2000 and 2001 related to the data center development in Nashville.

Net interest income for 2001 was \$0.3 million increasing by \$0.1 million or 29% from \$0.2 million for 2000. The increase is related to the number and size of the term loan outstanding during 2001 versus 2000. Daily excess cash was invested in overnight funds through Bank of America.

31

During 2000, CHD Meridian discontinued its operations related to two primary care centers and pharmacies operated on behalf of the Department of Defense. This was accounted for under SFAS 144 in the accompanying financial statements. The gain on discontinued operations of \$1.2 million for the year ended December 31, 2000 was reclassified and reflected separately in CHD Meridian's consolidated statements of operations. CHD Meridian also recorded a gain on disposal of discontinued operations of \$0.4 million before taxes related to early termination of a lease for the California operations, which were sold in 1998.

Nine Months Ended September 30, 2003 Compared to the Nine Months Ended September 30, 2002.

Net revenue for the nine months ended September 30, 2003 was \$86.6 million, an increase of \$8.0 million or 10.2% from \$78.6 million for the nine months ended September 30, 2002. The increase is attributable primarily to new site openings and, to a lesser extent, existing site expansion. We expect that in future periods we will generate a significant portion of our revenue increases in the pharmacy and primary care markets.

Operating expenses are primarily comprised of salaries and benefits, pharmaceutical and medical supplies, lab and radiology fees, and professional liability insurance directly related to the operation of our health facilities and pharmacies. Operating expenses for the nine months ended September 30, 2003 were \$71.5 million, an increase of 9.6% from \$65.3 million for the nine months ended September 30, 2002. The increase is primarily attributable to a \$5.2 million increase in the purchase of pharmaceuticals for the addition of two new pharmacies and growth in a third pharmacy and an increase in our professional liability insurance expense of \$0.9 million. We expect that in future periods our professional liability insurance expense will continue to increase based upon market conditions, and our other operating expenses will increase or decrease in proportion to volume of business.

General and administrative expenses were \$10.3 million for the nine

Edgar Filing: I TRAX INC - Form PRE 14A

months ended September 30, 2003 as compared to \$10.2 million for the nine months ended September 30, 2002, an increase of 1.6%. The net increase was primarily attributable to a \$0.9 million increase in salaries and benefits related to additions in headcount to manage the clinical side of our pharmacy business and for cost of living adjustments for corporate staff, offset partially by a \$0.5 million reduction in professional liability insurance expense. We expect to continue to leverage our general and administrative functions as growth continues, but do expect that there will be increases in the salaries and benefits expenses due to cost of living increases.

Depreciation and amortization expenses were \$1.1 million for the nine months ended September 30, 2003, as compared to \$1.4 million for the nine months ended September 30, 2002. The decrease is primarily attributable to a reduction in the total fixed asset base for items that became fully depreciated during 2002 and fixed assets that were disposed of during 2002.

Net interest income for the nine months ended September 30, 2003 was \$62,000 decreasing by \$31,000 or 34.0% from net interest income of \$93,000 for the nine months ended September 30, 2002. The decrease is attributable to a reduction in the overall interest rate received on overnight investments.

Liquidity and Capital Resources

CHD Meridian's primary cash needs during 2003, 2002 and 2001 have been to fund working capital requirements and capital expenditures. In addition in 2001, CHD Meridian used cash to pay principal and interest on the outstanding portion of the term loan. CHD Meridian's primary source of liquidity has been cash flows generated from operating activities. As of September 30, 2003, CHD Meridian had net working capital (current assets less current liabilities) of \$10.4 million. Current liabilities are primarily comprised of trade payables, payroll and benefit related accruals and deferred revenue.

CHD Meridian also maintains a \$6.5 million credit facility from Bank of America that is scheduled to expire on November 15, 2005. We expect to restructure the facility in connection with the merger. The credit facility has a \$2.3 million letter of credit portion with the remainder being a term loan revolver. A letter of credit of \$2.0 million has been issued for the benefit of AIG, the Lexington Group, CHD Meridian's medical malpractice carrier. The credit facility is secured by substantially all of CHD Meridian's assets. At no time may the borrowings on the credit facility exceed 75% of the Company's assets. Borrowings, at CHD Meridian's election, may be either

32

base rate loans or LIBOR loans. Base rate loans bear interest at the federal funds rate plus 5% per annum. The LIBOR loans bear interest at the LIBOR rate plus a range of 1.5% to 3.0% based on the Company's leverage ratio. At September 30, 2003 and December 31, 2002, the Company had no debt outstanding on the term loan.

Sources and Uses of Cash

Cash flows provided by operating activities were \$5.1 million and \$3.2 million for the nine months ended September 30, 2003 and the year ended December 31, 2002, respectively. CHD Meridian purchased approximately \$0.5 million and \$1.2 million of property and equipment during the nine months ended September 30, 2003 and the year ended December 31, 2002, respectively. These purchases primarily related to investments into our information systems data center

Edgar Filing: I TRAX INC - Form PRE 14A

located in Nashville. The remaining \$2.3 million of the total net change in cash of \$4.4 million cash during 2002 was generated from operations of the Department of Defense contracts that were discontinued during the year.

Critical Accounting Policies

Concentration of Credit Risk. CHD Meridian's credit risks primarily relate to cash and cash equivalents and accounts receivable. Cash and cash equivalents are primarily held in bank accounts, whose balances may exceed federally-insured limits from time-to-time. Accounts receivable consist primarily of amounts due from corporate customers. CHD Meridian continually reviews collectibility of its accounts receivable and maintains allowances for doubtful accounts. Since December 31, 2000, CHD Meridian has written off \$0.5 million of accounts receivable against the allowance for doubtful accounts.

During 2003 and 2002, a large customer for which CHD Meridian operated primary care centers, pharmacies and occupational health centers, represented 11% of CHD Meridian's net revenue for the nine-month period ended September 30, 2003 and year ended December 31, 2002.

Estimated Medical Professional Liability Claims. CHD Meridian is insured for medical professional liability claims on a claims-made basis through commercial insurance policies. It is CHD Meridian's policy that provision for estimated medical professional liability costs be made for asserted and unasserted claims based on actuarially projected estimates, based on historical loss payment patterns. Provision for such professional liability claims includes estimates of the ultimate costs of such claims. CHD Meridian evaluates the financial condition of its insurers and reinsurers and monitors its credit risk related to insolvencies. Certain of CHD Meridian's policy years were insured by two companies who are either insolvent or under regulatory supervision. CHD Meridian's provision for losses from professional liability claims assumes these policy years to be self-insured. CHD Meridian estimated liability for its self-insured retention related to medical professional claims was \$3.7 million and \$3.1 million at September 31, 2003 and December 31, 2002, respectively.

Goodwill and Other Intangible Assets. Goodwill represents the excess of purchase price over fair value of net tangible assets acquired. Through December 31, 2001, goodwill was amortized on a straight-line basis over the expected periods to be benefited, generally forty years. In June 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets," or Statement 142. Effective January 1, 2002, the amortization of all goodwill was discontinued upon the adoption of Statement 142. This statement prohibits the amortization of goodwill and other indefinite lived intangible assets over a set period, rather these assets must be tested for impairment at least annually using a fair value method. CHD Meridian performed a transitional goodwill impairment test, noting no impairment. Impairment is measured using a discounted cash flows model to determine the fair value of the reporting units. The Company will perform a goodwill impairment test whenever events or changes in facts or circumstances indicate that impairment may exist, or at least annually during the fourth quarter each year.

Other intangible assets represent customer lists, which are amortized on a straight-line basis over the expected periods to be benefited, generally 16 years. CHD Meridian evaluates impairment of its customer lists through SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," or Statement 144, as discussed below.

Edgar Filing: I TRAX INC - Form PRE 14A

Discontinued Operations. During 2001, CHD Meridian was notified of the cancellation of two government contracts, located in Fairfax and Woodbridge, Virginia. The cancellation of these contracts met the requisite requirements to be accounted for as discontinued operations under Statement 144 because of the distinct financial information of the component entities that was available and reviewed by management. In 1998, CHD Meridian divested 11 freestanding occupational healthcare clinics located in Northern California (California Operations). The sale of the California Operations met the requisite requirements to be accounted for as discontinued operations under Statement 144. The accompanying financial statements of CHD Meridian have recorded both of these events as required under Statement 144.

Revenue Recognition and Accounts Receivable. Revenue is recorded at estimated net amounts to be received from employers for services rendered. Pass through pharmaceutical ingredients purchased solely on behalf of our customers are recorded net. The allowance for doubtful accounts represents management's estimate of potential credit issues associated with amounts due from employers.

Quantitative And Qualitative Disclosures About Market Risk

Interest Rate Risk. CHD Meridian has limited exposure to financial market risks, including changes in interest rates. An increase or decrease in interest rates may significantly increase or decrease interest expense on our debt obligations due to the variable nature of our debt obligations.

Foreign Currency Risk. CHD Meridian does not have any exposure to changes in foreign currency exchange rates or weak economic conditions in the foreign markets, as it does not presently have significant operations outside the United States.

Contractual Obligations

CHD Meridian leases corporate office space, operating facilities, and equipment under various operating lease agreements. Long-term liabilities represent \$2.4 million related to professional liability costs made for asserted and unasserted claims based on actuarially projected estimates, which are based upon historical loss payment patterns. The remaining amount represents client deposits related to up front working capital on several contracts.

I-trax Merger Proposal

At the I-trax special meeting, I-trax stockholders will be asked to vote on a proposal to approve the issuance of I-trax common stock and convertible preferred stock in the merger, approve the merger of DCG Acquisition, Inc., a wholly-owned subsidiary of I-trax, with and into CHD Meridian, approve the sale of I-trax convertible preferred stock to raise a portion of the cash consideration to be used in the merger and ratify and approve the issuance, in a private placement that closed on October 31, 2003, of 1,400,000 shares of common stock and warrants to purchase 840,000 shares of common stock and approve the issuance of 840,000 shares of common stock upon exercise of such warrants. We sometimes refer to these proposals together as the I-trax merger proposals.

CHD Meridian Merger Proposal

At the CHD Meridian special meeting, holders of CHD Meridian common stock will be asked to consider and vote upon a proposal to adopt the merger agreement. We sometimes refer to this proposal as the CHD Meridian proposal.

Background of the Merger

The respective management groups of I-trax and CHD Meridian review, on a continuing basis, the strategic focus of their companies in light of the changing competitive environment of the healthcare industry with the objective of identifying alternative strategies to enhance stockholder value. Each company believes it has attractive future prospects on a stand-alone basis. However, the management of I-trax and CHD Meridian have also explored possible joint ventures, business combinations and other strategic alternatives as a means of attaining a more competitive position in their respective areas of focus in the healthcare industry. The boards of directors of I-trax and CHD Meridian have been updated regularly concerning such matters.

Many CHD Meridian stockholders have held their investments in the business for eight years or more. During that entire period, CHD Meridian has been privately held, and the investment has been illiquid. In recent years, some of CHD Meridian's stockholders have expressed an interest in obtaining liquidity for their investment. Other stockholders have been content to continue to hold the investment in its current form. As a result, in recent years CHD Meridian has considered a number of alternatives, including merger, sale and recapitalization, that might meet the goal of liquidity for those stockholders seeking that end. In this connection, CHD Meridian held discussions with various parties, including both strategic and financial buyers, and received acquisition or merger proposals with valuations ranging from approximately \$45 million to \$90 million. None of these proposals went as far as a signed letter of intent. In the fall of 2003, prior to commencement of negotiations with I-trax, CHD Meridian was seriously considering the possibility of an internal

Edgar Filing: I TRAX INC - Form PRE 14A

recapitalization transaction, involving the payment of significant cash to stockholders by way of dividends and / or stock repurchases. This transaction would have been funded through a combination of excess cash on CHD Meridian's balance sheet and new borrowing. It would also have made it possible for some stockholders to be cashed out, while others would acquire ownership of a larger percentage of the CHD Meridian's equity.

At the same time as CHD Meridian was considering a possible merger, sale or recapitalization transaction, CHD Meridian's clients were advising CHD Meridian on how it could better meet the clients' needs. One recurring theme was the desire of clients for more a more comprehensive range of population health management services, particularly for predictive modeling, appropriate off-site intervention capabilities and multiple access points to

35

improve care outcomes and reduce or avoid future healthcare costs. To provide its clients with a more complete solution, CHD Meridian began a survey of the relevant health management tools available from various sources.

I-trax's Health-e-LifeSM Program is designed for self-insured employers and I-trax has been offering its solutions within this market space for approximately one year. With this focus in mind, a member of I-trax's board of directors introduced I-trax to CHD Meridian in the first quarter of 2003. CHD Meridian concluded that I-trax offered the best comprehensive health management tools available in the market, and that the I-trax service offerings were exactly the complement to CHD Meridian's current capabilities that its clients were seeking. The two companies completed preliminary due diligence on each other's business and concluded that there were significant potential synergies which could be achieved in combining their businesses. CHD Meridian's current business model is predicated on opening, staffing and operating on-site clinics for self-insured employers. Such clinics deliver a broad range of services, including primary care, occupational health, closed pharmacies and corporate health. I-trax's services will enable CHD Meridian to offer its self-insured employer clients better means of predicting the health status of their employee and retiree populations, improving the health of their employees and retirees in a cost-effective way through active health management, and predicting their future healthcare costs. Also, because of the partial geographic coverage that is inherent in a walk-in pharmacy or clinic, CHD Meridian's reach extends, on average, to only about 25% of its clients' employees and dependents. I-trax's Health-e-LifeSM Program, conversely, is designed to reach 100% of a self-insured employer's employees and dependents by using its software applications and care communications center staffed with registered nurses and other health care professionals. Following several joint sales presentations to potential clients, the managements of I-trax and CHD Meridian concluded that there was significant benefit to combining the companies.

Merger discussion started in October 2003. The I-trax board of directors first considered a possible merger with CHD Meridian at its meeting held on October 3, 2003. At that meeting, Frank A. Martin, I-trax's chairman and chief executive officer, advised the board that the company started preliminary discussions with CHD Meridian. Mr. Martin described to the board CHD Meridian's business and leadership role in on-site corporate health services for primary care, occupational health and closed pharmacy. Mr. Martin also noted that the companies had identified significant potential synergies, including the potential of expanding I-trax products and services to CHD Meridian's clients. After discussion, the I-trax board authorized I-trax's management to commence due diligence, establish a timeline for the potential acquisition, financing, and potential structures for the transaction. The board also requested that

Edgar Filing: I TRAX INC - Form PRE 14A

management consult with a financial advisor regarding the possible merger. The CHD Meridian board also met in early October and received an update from management on all of the strategic alternatives under consideration, including the commencement of discussions with I-trax.

I-trax and CHD Meridian executed a letter of intent concerning the merger on October 8, 2003 following their respective board meetings. The letter of intent was first amended on October 28, 2003, to change the proposed timeline of the merger.

The I-trax board of directors convened a special meeting on October 30, 2003. At the meeting, Mr. Martin reviewed with the board the status of the negotiations with CHD Meridian, the results of I-trax's due diligence efforts and discussions with potential equity investors regarding financing the acquisition. The board considered and weighed further the benefits of the transaction and several strategic alternatives. Upon further discussion, the board authorized Mr. Martin to proceed with negotiating a definitive merger agreement.

The CHD Meridian board met on November 18 and again on November 19, 2003 to receive management's update on the progress of discussions with I-trax. There was detailed discussion of proposed transaction terms, including the proposed earn-out provision of the merger agreement.

The letter of intent was amended for the second time on November 21, 2003 to clarify certain proposed financial terms of the merger, and for the third and final time on December 12, 2003, to further extend the time line for the proposed merger.

On December 18, 2003, the I-trax board of directors held another meeting at which members of the I-trax management team made presentations concerning the proposed merger. In particular, Frank A. Martin, chief executive officer of I-trax, presented the proposed terms of the merger, the open issues still to be resolved, and the advantages and disadvantages of the proposed merger, which the directors discussed at some length. Yuri

36

Rozenfeld, general counsel of I-trax, discussed with the board the status of the draft merger agreement. Bryant Park Capital, I-trax's financial advisor, also made a presentation to the board, which included its preliminary financial analysis of the effects of the merger. I-trax's board then discussed at length the matters presented by management and by Bryant Park Capital, including the factors discussed in "Our Reasons for the Merger - Recommendations of Our Board of Directors." After discussion and due consideration and additional questions posed by the directors to management and Bryant Park Capital, the I-trax directors unanimously approved the concept of the merger, subject to further review and consideration. The board authorized management to finalize the terms of a merger agreement for future board consideration.

The I-trax board of directors met again on December 24, 2003, after having received the draft merger agreement. At the meeting, Mr. Martin and Mr. Rozenfeld described the principal terms of the merger agreement. Mr. Martin also discussed with the board the following three primary issues, which had been resolved since the last board meeting:

- o The amount of cash CHD Meridian was required to have at the merger's effective time before any adjustment would be made to the cash

Edgar Filing: I TRAX INC - Form PRE 14A

consideration;

- o The terms of the earn-out; and
- o How the indemnification in favor of I-trax from the escrowed earn-out shares would be calculated.

At the meeting, Mr. Martin also discussed with the directors the amount of due diligence regarding CHD Meridian and the proposed transaction which had been done by I-trax.

A discussion among the board members then followed about the terms of the merger agreement. In particular, the directors discussed the parties' representations and warranties contained in the merger agreement, the earn-out applicable to a portion of the merger consideration, and the bank financing and the equity financing necessary to consummate the merger. Bryant Park Capital also provided an updated financial analysis as to the effects of the merger, which analysis reflected an expected equity capital raise of approximately \$25 million. After discussion and due consideration, the I-trax board of directors unanimously approved the merger agreement and all related transactions and authorized management to enter into the merger agreement, subject to any further non-economic modifications to the merger agreement that may be approved by I-trax's general counsel and chief executive officer and further subject to receipt from Bryant Park Capital of its opinion as to the fairness of the merger consideration to I-trax from a financial point of view.

Following such approval, David Bock, a member of the compensation committee of the board, reported on how the compensation committee believed that management should be rewarded if the merger were completed. Mr. Bock proposed that the board allocate \$800,000, comprised of \$500,000 in cash and \$300,000 in I-trax common stock or options to acquire common stock, to be used to compensate I-trax officers and other employees for their work in connection with completing the CHD Meridian merger and subsequent integration of the merged companies. This bonus pool will be created and distributed at the effective time of the merger. See "Interest of Officers and Directors in the Merger."

Between and in addition to the specific board meetings mentioned above, Haywood D. Cochrane, Jr., CHD Meridian's chief executive officer, updated members of the CHD Meridian board of directors at numerous times between the middle of October and the middle of December, as to the status of discussions with I-trax regarding the merger. The CHD Meridian board of directors also convened an additional meeting on December 24, 2003. The day before the meeting, Mr. Cochrane sent to the board of directors the current draft of the merger agreement, the form of voting agreement that I-trax had requested from principal CHD Meridian stockholders, and also a spreadsheet showing in detail the proposed allocation of merger proceeds to CHD Meridian stockholders and option holders. At the meeting, Mr. Cochrane summarized the terms of the merger agreement. R. Riley Sweat, Managing Director, Health Care Investment Banking at Raymond James & Associates, who acted as financial advisor to CHD Meridian in connection with the I-trax merger and various other strategic alternatives, spoke about various financial aspects of the merger. Messrs. Cochrane and Sweat, along with Stephen P. Rothman, Esq., CHD Meridian's outside counsel, responded to questions from directors. Among other topics, the discussion focused on the split of cash and

equity consideration among CHD Meridian stockholders, management and option holders, the function of the voting agreements that I-trax had requested from principal CHD Meridian stockholders and that CHD Meridian had requested from

Edgar Filing: I TRAX INC - Form PRE 14A

I-trax management stockholders, the extent to which each party would become committed to the merger by execution of the merger agreement and the voting agreements, and the right of CHD Meridian stockholders to have the resale of their I-trax stock registered promptly after consummation of the merger. After motion duly made and seconded, the directors present unanimously approved the I-trax merger and the merger agreement, and authorized Mr. Cochrane to finalize, execute and deliver the merger agreement.

On December 26, 2003 I-trax learned that one of the expected subscribers to the convertible preferred stock had decided not to invest, which brought the aggregate expected amount of equity down from \$25 million to \$20 million. Also on December 26, 2003, Bryant Park Capital distributed an update to its December 24, 2003 financial presentation, which reflected the decision of the potential investor not to invest. I-trax then convened another board meeting on the morning of December 28, 2003, to determine whether this development had any effect on the board's decision to go forward with the merger. After discussion and the posing of questions to management and Bryant Park Capital by the board, the directors asked whether Bryant Park Capital, in light of the present facts and circumstances, was prepared to render a fairness opinion to the I-trax board of directors. Bryant Park Capital confirmed that it was and rendered to I-trax's board of directors an oral opinion, which was confirmed by delivery of a written opinion dated December 28, 2003, to the effect that, as of December 28, 2003 and based on and subject to the matters described in the opinion, the consideration to be paid by I-trax in the merger was fair to I-trax from a financial point of view. That opinion is attached to this proxy statement as Annex B. See also "Opinion of I-trax's Financial Advisor."

Our Reasons for the Merger; Recommendations of Our Boards of Directors

Reasons Common to Both I-trax and CHD Meridian for the Merger

The combination of I-trax and CHD Meridian offers a unique opportunity to provide total population health management in the market sector most affected by rising healthcare costs: the self-insured employer. The self-insured employer also has the strongest incentive to spend money on active health maintenance programs that will reduce later need for critical care, and therefore contain healthcare costs while also maximizing health. I-trax provides personalized health management solutions for focused disease and lifestyle/wellness management programs, which improve the health of the populations I-trax serves, while reducing the cost of care. CHD Meridian is the leader in on-site healthcare for Fortune 1,000 companies, a primary target for I-trax's disease and health management programs. The addition of I-trax's capabilities to CHD Meridian's service offerings will respond to a specific and frequent request of the large employers that are CHD Meridian's clients, for a more comprehensive range of population health management services, particularly for predictive modeling, appropriate off-site intervention capabilities and multiple access points to improve care outcomes and reduce or avoid downstream healthcare costs.

We believe that with a nominal increase in variable costs, the merged company can offer to CHD Meridian's current clients the value added benefit of I-trax's solutions and participate in medical cost savings provided to certain of these customers while enjoying improved gross profit margins. CHD Meridian currently serves approximately 650,000 lives. This represents only approximately 25% of CHD Meridian clients' employees, dependents and retirees. We believe that the combination of I-trax and CHD Meridian will allow the merged company to access a larger portion of the employer population base with a "per member per month" pricing model that affords substantially greater profit margins. A penetration of a larger population affords a substantial expansion of services delivered to CHD Meridian's existing client base.

We believe that the combination of I-trax and CHD Meridian will allow employers better to manage healthcare provided to employees who use on-site

Edgar Filing: I TRAX INC - Form PRE 14A

facilities and provide an integrated, comprehensive program for the entire employee base. We believe that this should result in savings because clients will have one vendor for primary care, pharmacy, occupational health and disease management and health interventions. The combination of these services will increase productivity, reduce absenteeism, improve health status of both active employees and retirees, and reduce overall costs.

38

In addition, the components of I-trax's disease and health management program will offer multiple entry points for corporate customers that may want to "unbundle" the solution. This could substantially shorten the sales cycle currently experienced by CHD Meridian and provide an opportunity to build a more comprehensive program as the relationship grows with the customer over time.

Each of our boards of directors, in reaching its decision on the merger, consulted with its financial and legal advisors and its senior management, reviewed a significant amount of information and considered a number of factors. The most relevant information reviewed and factors considered are set forth below:

- o the reasons described in this section and the risks described above under "Risk Factors";
- o the strategic and financial alternatives available to each of I-trax and CHD Meridian in the healthcare industry;
- o the strategic fit between CHD Meridian and I-trax, and the belief that the merged company has the potential to enhance stockholder value through additional opportunities;
- o the opportunity for the I-trax and CHD Meridian stockholders to participate in a larger, more competitive company;
- o information concerning the financial performance, business operations, debt capacity and asset quality of CHD Meridian and I-trax and of the two companies on a combined basis;
- o the likely impact of the merger on each company's employees and customers;
- o the expected effect of the merger on our existing relationships with third parties;
- o the interests of officers and directors of each company in the merger, as described under "Interests of Officers and Directors in the Merger"; and
- o the qualification of the merger as a tax-free transaction for United States federal income tax purposes.

I-trax's Reasons for the Merger

The disease and population health management business, although growing rapidly, is a relatively new segment of the overall healthcare industry and has many entrants. Many companies use the generic label of "disease management" to characterize activities ranging from the sale of medical supplies and drugs to services aimed at managing demand for healthcare services. Although we believe that I-trax is competing effectively within the disease and population health

Edgar Filing: I TRAX INC - Form PRE 14A

management business, I-trax's board of directors and management believe that the company could benefit from developing and offering employers a solution that would integrate on-site healthcare services with disease and population health management. The combination would also strengthen significantly I-trax's position in the industry, thus we believe further improving I-trax ability to secure new business. After pursuing the merger and related transactions, I-trax's board of directors also considered the opinion of Bryant Park Capital that, as of December 28, 2003, and subject to the assumptions and limitations set forth in the opinion, the consideration to be paid by I-trax in the merger was fair from a financial point of view to I-trax, and the financial presentations made by Bryant Park Capital to the I-trax board of directors. Bryant Park Capital's opinion was prepared solely for the benefit and use of I-trax's board of directors. Bryant Park Capital's opinion is not intended to, and does not, constitute a recommendation to any person on how to vote on the merger or any other matter relating to the merger. It should be understood that Bryant Park Capital has not updated its opinion and has no duty to update such opinion.

39

CHD Meridian's Reasons for the Merger

In addition to the reasons common to CHD Meridian and I-trax as described above, additional reasons for the merger from the CHD Meridian perspective include:

- o the ability to enhance liquidity through the merger with a company that has publicly traded securities;
- o the fact that a part cash/part stock transaction establishes a suitable compromise between elements of the CHD Meridian stockholder base who desire liquidity and those who are prepared to retain their investment; and
- o the requests of CHD Meridian's clients for a more comprehensive range of population health management services, particularly for predictive modeling, appropriate off-site intervention capabilities and multiple access points to improve care outcomes and reduce or avoid downstream healthcare costs.

The foregoing discussion of the information and factors considered by our boards of directors is not intended to be exhaustive. In view of the wide variety of the material factors considered in connection with our respective evaluations of the merger and the complexity of these matters, our boards of directors did not find it practicable to, and did not, quantify or otherwise attempt to assign any relative weight to the various factors considered. In addition, our boards of directors did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to our boards of directors' ultimate determination, but rather, our boards of directors conducted an overall analysis of the factors described above, including discussions with and questioning of our respective management and legal and financial advisors. In considering the factors described above, individual members of our boards of directors may have given different weight to different factors.

There can be no assurance that any of the potential savings, synergies or opportunities considered by our boards of directors will be achieved through consummation of the merger. See sections titled "Risk Factors" and "Cautionary

Edgar Filing: I TRAX INC - Form PRE 14A

Statement Concerning Forward-Looking Statements" above.

40

Recommendation of the Board of Directors of CHD Meridian

CHD MERIDIAN'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT CHD MERIDIAN STOCKHOLDERS VOTE FOR ADOPTION OF THE MERGER AGREEMENT.

Financing of the Cash Portion of the Merger Consideration

Part of the consideration that CHD Meridian stockholders will receive in the merger is cash in the amount of \$35 million, subject to certain adjustments. I-trax and its subsidiaries, which after the merger will include CHD Meridian, intend to borrow approximately \$16 million of the cash consideration through a senior loan facility. In addition, I-trax expects to raise between \$15 and \$25 million through a private placement of additional shares of its convertible preferred stock at least \$15 million of which will be used to fund the cash consideration. We will pay the costs of the merger from the excess proceeds of the financings and available cash of the merged companies. Please see section titled "The Merger Agreement - Merger Consideration and Related Adjustments" below for a more detailed discussion.

Senior Loan Facility. I-trax and CHD Meridian have received a loan commitment, subject to customary conditions from a national bank pursuant to which I-trax, and its subsidiaries, which will include CHD Meridian, will be able to borrow up to \$16 million at the closing of the merger. The loan will be senior to all other indebtedness of I-trax. I-trax, CHD Meridian and the national bank have begun to negotiate definitive loan documents. If the merger is consummated, I-trax will borrow \$16 million and use such funds toward payment of the cash portion of the merger consideration.

Convertible Preferred Stock Offering. I-trax has received subscriptions for 800,000 shares of its convertible preferred stock at a purchase price of \$25.00 per share. The convertible preferred stock is convertible into I-trax common stock at the price of \$2.50 per share. The offering was made and the shares of convertible preferred stock will be issued in a private placement exempt from registration pursuant to Section 4(2) of the Securities Act of 1933

Edgar Filing: I TRAX INC - Form PRE 14A

and the rules promulgated thereunder. All of the purchasers are accredited investors as such term is defined in Rule 501 promulgated under the Securities Act of 1933. The closing of the offering is expected to occur contemporaneously with the closing of the merger. I-trax has reserved a sufficient number of shares of convertible preferred stock for issuance in the private placement and common stock for issuance upon exercise of the convertible preferred stock. The remainder of the proceeds will be used for working capital of the merged companies.

I-trax is asking its stockholders to approve the issuance of up to 1,100,000 shares of convertible preferred stock. This approval covers the 800,000 shares of convertible preferred stock for which subscriptions have been received, provides up to an additional 200,000 shares of convertible preferred stock for which additional subscriptions may be received after the date of this proxy statement, up to 50,000 shares of convertible preferred stock (or 5% of the aggregate shares of convertible preferred stock sold to third party investors) issuable upon exercise of a warrant which I-trax is required to pay to the placement agent at the closing, and an additional 50,000 shares of convertible preferred stock which could be payable as a penalty for a delay in I-trax's compliance with its obligation to file a registration statement on Form S-3 with the Securities and Exchange Commission following the merger. See sections titled "The Merger- Registration Rights," "The Merger Agreement - Registration Rights" and "The Merger - Fees and Expenses of the Merger" for a further discussion of these matters.

If I-trax is not successful in obtaining the senior loan facility in an amount of at least \$16 million, or if it fails to obtain cash proceeds from the private placement of convertible preferred stock of at least \$15 million, I-trax can terminate the merger agreement.

In addition to normal and customary conditions to closing, the closing of the sale of convertible preferred stock is subject to the following conditions:

- o No event shall have occurred which has led I-trax to believe (or which should have led I-trax to believe in the exercise of reasonable business judgment) that any material assumption underlying the

41

financial forecast delivered by I-trax to the investors is untrue or is more likely than not to become untrue.

- o The expected pro forma net income of I-trax and CHD Meridian and their respective subsidiaries for calendar year 2003, measured in accordance with generally accepted accounting principles before any expenses for interest, taxes, depreciation and amortization (and excluding certain adjustments), equals at least \$5,500,000.

Effect of the Issuances of I-trax Common Stock and Convertible Preferred Stock on the Rights of Existing I-trax Stockholders

In the event that the merger is consummated, current I-trax stockholders will experience significant dilution of their equity ownership. The following table shows the dilutive effect of the merger on I-trax common stockholders as of January 20, 2004 (including the shares of common stock placed in escrow). The table, however, does not reflect any further dilution that may result from the exercise or conversion of I-trax's currently outstanding warrants, options and convertible debt or shares, options or warrants that may

be issued in the future.

Material United States Federal Income Tax Consequences of the Merger

Generally

The following discussion addresses certain material U.S. federal income tax consequences of the merger, focusing primarily on those that generally are applicable to CHD Meridian stockholders. The following discussion does not deal with all U.S. federal income tax consequences that may be relevant to CHD Meridian stockholders in light of their particular circumstances, such as stockholders who are dealers in securities, banks, insurance companies, tax-exempt organizations, subject to alternative minimum tax, holding their shares as part of a hedge, straddle, or other risk reduction transaction, non-U.S. persons, dissenting from the merger, or who acquired their CHD Meridian shares through stock option or stock purchase programs or otherwise as compensation. In addition, it does not address the tax consequences of the merger under state, estate, local, or foreign tax laws or the tax consequences of transactions completed before, after or contemporaneously with the transactions constituting the merger, such as the exercise of options or rights to purchase CHD Meridian shares in anticipation of the merger, the repurchase of shares of stock by CHD Meridian prior to the merger, or any exchanges of I-trax stock among former CHD Meridian stockholders.

Edgar Filing: I TRAX INC - Form PRE 14A

Furthermore, the discussion of tax impact on CHD Meridian stockholders is limited to CHD Meridian stockholders that hold their CHD Meridian shares as capital assets and does not consider the tax treatment of CHD Meridian stockholders that hold CHD Meridian shares through a partnership or other pass-through entity. CHD Meridian stockholders are urged to consult their own tax advisors regarding the tax consequences to them of the merger based on their own circumstances, including the applicable U.S. federal, state, estate, local, and foreign tax consequences to them of the merger.

The following discussion is based on the Internal Revenue Code of 1986, as amended (or the Code), applicable Treasury Regulations, judicial decisions, and administrative rulings and practice, all as of the date of this proxy statement, all of which are subject to change. Any such change could be applied to transactions that were completed before the change, and could affect the accuracy of the statements and conclusions in this discussion and the tax consequences of the merger to CHD Meridian, I-trax, and/or their respective stockholders.

Neither CHD Meridian nor I-trax has requested nor will request a ruling from the Internal Revenue Service with regard to any of the tax consequences of the merger. It is a condition to CHD Meridian's obligation to close the first step of the merger that Irell & Manella LLP, counsel to CHD Meridian, render its opinion to CHD Meridian, subject to certain assumptions (including that the second step of the merger will take place), qualifications and limitations, that, among other things, the merger will constitute a reorganization under Section 368(a) of the Code.

Based on our belief that the merger will constitute a reorganization, and subject to the limitations and qualifications referred to in this discussion, the following U.S. federal income tax consequences will result from the merger:

Single Statutory Merger

Although the transaction has been structured as a two-step merger, it is intended that the two steps will be executed pursuant to an integrated plan, such that the transaction will qualify as a single statutory merger of CHD Meridian under ss.368(a)(1)(A) of the Code. Moreover, because CHD Meridian Healthcare, LLC intends to elect to be disregarded as an entity separate from its owner (I-trax), it is expected that the transaction will be treated as a statutory merger of CHD Meridian directly into I-trax, such that the legal requirements for qualification as a "reorganization" under Section 368 of the Code will be fewer than if the transaction were structured in a different manner.

Gain Recognition

A CHD Meridian stockholder who exchanges CHD Meridian shares for I-trax common stock, I-trax convertible preferred stock and cash in the merger generally will recognize gain (but not loss) in an amount equal to the lesser of:

- o the excess (if any) of (a) the amount of cash and the fair market value of the I-trax common stock and convertible preferred stock received in the exchange (including shares held in escrow) over (b) the stockholder's adjusted tax basis in the CHD Meridian shares; and
- o the amount of cash received in the exchange.

Such gain generally will be capital gain, and will be long-term capital gain with respect to any CHD Meridian shares that have been held by the CHD

Edgar Filing: I TRAX INC - Form PRE 14A

Meridian stockholder for more than one year as of the time of the exchange. Nevertheless, any gain recognized by a CHD Meridian stockholder pursuant to the merger may be taxed as an ordinary dividend if such stockholder actually or constructively owns a sufficient amount of I-trax shares after the merger so as not to qualify for exchange treatment under the rules set forth in Section 302 of the Code. A CHD Meridian stockholder who exchanges CHD Meridian shares for I-trax common stock, I-trax convertible preferred stock and cash pursuant to the merger will not be permitted to recognize a loss in the exchange.

43

Tax Basis

The aggregate tax basis of the I-trax common stock and I-trax convertible preferred stock received by CHD Meridian stockholders in the merger (including shares held in escrow) will be equal to the aggregate tax basis of the CHD Meridian shares exchanged for I-trax common stock and convertible preferred stock, decreased by the aggregate amount of cash received in the exchange, and increased by the aggregate amount of gain (if any) recognized in the exchange. Such aggregate tax basis will be allocated among the shares I-trax common stock and I-trax convertible preferred stock received in proportion to their relative fair market values as of the time of the exchange.

Holding Period

The holding period of the I-trax common stock and convertible preferred stock received by a CHD Meridian stockholder in the merger (including shares held in escrow) will include the holding period of the CHD Meridian shares that were exchanged for those I-trax shares.

Escrow Shares

For federal income tax purposes, the CHD Meridian stockholders will be considered owners of the shares of I-trax common stock that are held in the escrow established by the merger agreement from the effective time of the first step of the merger. No gain or loss will be recognized by a CHD Meridian stockholder upon the release of any shares from escrow or upon the return of any escrowed shares to I-trax that were allocated to such stockholder as of such effective time. In the event any escrowed shares are returned to I-trax, the tax basis of a CHD Meridian stockholder for the returned shares shall be reallocated to the other shares of I-trax received by such stockholder in the merger.

Consequences if the Merger Does Not Qualify as a Reorganization

If the merger should fail to qualify as a "reorganization" for U.S. federal income tax purposes, either because the second step of the merger does not take place or for some other reason, it is expected that the transaction would be treated as a fully taxable purchase of shares of CHD Meridian by I-trax. In that event, a CHD Meridian stockholder would recognize the full amount of its capital gain (or loss) realized on the exchange, computed by reference to the amount by which the sum of the value of the I-trax common stock and convertible preferred stock on the date of the exchange (including shares held in escrow) and the amount of cash received exceeds (or is less than) the stockholder's adjusted tax basis in the CHD Meridian shares exchanged. A CHD Meridian stockholder's initial tax basis in its I-trax common stock and convertible preferred stock received in the merger would be equal to the fair market value of that stock on the date of the merger, and that stockholder's holding period for such stock would begin on the day after the date of the

exchange.

Dividends on Convertible Preferred Stock

The convertible preferred stock provides that dividends are payable on conversion or liquidation of the stock and that I-trax may pay such dividends in cash or in common stock. If I-trax has current or accumulated earnings and profits in the year of payment of a dividend, such dividend should be taxable as dividend income to the holder, even if the dividend is payable in common stock and even if the payment coincides with a conversion of the convertible preferred stock into common stock.

Backup Withholding

Cash payments made to CHD Meridian stockholders pursuant to the merger may, under certain circumstances, be subject to backup withholding at a rate of 28 percent. However, backup withholding will not apply to a CHD Meridian stockholder who either (i) furnishes a correct taxpayer identification number and certifies that he or she is not subject to backup withholding by completing the requisite forms that will be included as part of the letter of transmittal, or (ii) otherwise proves to I-trax and the exchange agent that the CHD Meridian stockholder is exempt from backup withholding.

44

THE FOREGOING DISCUSSION IS INTENDED TO PROVIDE ONLY A SUMMARY OF THE MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER, AND IS NOT INTENDED TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL POTENTIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER. AS DESCRIBED ABOVE, THIS DISCUSSION DOES NOT ADDRESS CERTAIN CATEGORIES OF STOCKHOLDERS, NOR DOES IT ADDRESS STATE, ESTATE, LOCAL OR FOREIGN TAX CONSEQUENCES. IN ADDITION, THIS DISCUSSION DOES NOT ADDRESS TAX CONSEQUENCES THAT MAY VARY WITH, OR ARE CONTINGENT UPON, INDIVIDUAL CIRCUMSTANCES. CHD MERIDIAN STOCKHOLDERS ARE URGED TO CONSULT THEIR TAX ADVISERS TO DETERMINE THEIR PARTICULAR U.S. FEDERAL INCOME, STATE, ESTATE, LOCAL, FOREIGN OR OTHER TAX CONSEQUENCES RESULTING FROM THE MERGER, IN LIGHT OF THEIR INDIVIDUAL CIRCUMSTANCES.

Regulatory Matters Relating to the Merger

U.S. Antitrust Review

Under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, or the Hart-Scott-Rodino Act, and the rules promulgated thereunder, the merger may not be consummated until notifications have been given and certain information and materials have been furnished to and reviewed by the U.S. Department of Justice and the Federal Trade Commission and specified waiting period requirements have been satisfied or have been terminated. On February __, 2004, I-trax and CHD Meridian filed the premerger notification forms required by the Hart-Scott-Rodino Act with the DOJ and FTC and the applicable waiting period is scheduled to expire at midnight on March __, 2004. At any time prior to or after the consummation of the merger, the DOJ or the FTC could take action under the Federal antitrust laws, including seeking to enjoin the merger or seeking conditions thereon. State antitrust authorities and private parties in certain circumstances may bring legal action under the antitrust laws seeking to enjoin the merger or impose conditions.

I-trax and CHD Meridian believe that the merger promotes competition and does not raise serious concerns under U.S. antitrust laws. However, there

Edgar Filing: I TRAX INC - Form PRE 14A

can be no assurance that the antitrust review process will move rapidly or that a challenge to the merger on antitrust grounds will not be made or, if a challenge is made, that it would not be successful.

Dissenters' Rights

The holders of CHD Meridian common stock will have appraisal or dissenters' rights under Delaware law in connection with the merger. If a holder has not voted shares of CHD Meridian common stock in favor of adopting the merger agreement, such holder has the right to demand appraisal of, and to be paid the fair value for, such shares of CHD Meridian common stock. Such appraisal will be made by the Delaware Court of Chancery if the surviving entity or one or more stockholders who has complied with the procedures required under Delaware law to preserve appraisal rights petitions the Court to do so in a timely manner. The value of the CHD Meridian common stock for this purpose will exclude any element of value arising from the accomplishment or expectation of the merger. For a holder of CHD Meridian common stock to exercise its right to an appraisal, such holder must deliver to CHD Meridian a written demand for an appraisal of the shares of CHD Meridian common stock prior to the time the vote is taken on the merger at the CHD Meridian special meeting as provided by Delaware law. Annex E to this proxy statement sets forth the pertinent provisions of Delaware law addressing appraisal rights. Simply voting against the merger will not be considered a demand for appraisal rights. If a CHD Meridian stockholder fails to deliver a written demand prior to the time the vote is taken on the merger at the CHD Meridian special meeting, such holder will lose the right to an appraisal. In addition, if such holder votes shares of CHD Meridian common stock in favor of the merger agreement, such holder will lose the right to an appraisal with respect to such shares. The preceding discussion is not a complete statement of the law pertaining to appraisal or dissenters' rights under the Delaware General Corporation Law and is qualified in its entirety by the provisions of Delaware law attached as Annex E to this proxy statement.

I-trax stockholders will not have any right to appraisal of the value of their shares or any dissenters' rights in connection with the merger or in connection with the other matters being submitted to a vote of stockholders at the special meeting.

45

Federal Securities Laws Consequences

This proxy statement does not cover the resale of the common stock or convertible preferred stock to be received by the stockholders of CHD Meridian upon completion of the merger, and no person is authorized to make any use of this proxy statement in connection with any such resale.

The shares of I-trax capital stock to be issued in the merger have not been registered under the Securities Act of 1933. Consequently, such shares can be issued only if such issuance is exempt from the applicable registration requirement. I-trax and CHD Meridian are anticipating that they will rely on the exemption contained in Section 4(2) of the Securities Act of 1933 for sales not involving any public offering. To be able to rely on the safe harbor provisions of Regulation D promulgated under the Securities Act of 1933, among other things, the number of CHD Meridian stockholders and option who are not "accredited investors" or otherwise excluded from the number of purchasers (as determined under Rule 501 promulgated under the Securities Act of 1933) must not be greater than 35 at the effective time of the merger. Currently, there are approximately 100 CHD Meridian stockholders and option holders. CHD Meridian

Edgar Filing: I TRAX INC - Form PRE 14A

management is confident, however, that a sufficient number of stockholders and option holders will accept the cash repurchase offers described below to permit closing of the merger in compliance with Regulation D.

To comply with the requirements Section 4(2) of the Securities Act of 1933, CHD Meridian anticipates offering to purchase from selected stockholders their shares of CHD Meridian common stock immediately prior to the merger at a cash purchase price of \$287.85 per share in cash. In addition, CHD Meridian anticipates offering to pay \$287.85 in cash (less the option exercise price) in exchange for the termination of each outstanding option to purchase a share of CHD Meridian common stock immediately prior to the merger. The merger agreement permits expenditures of up to \$11 million for such transactions. The amount spent in such transactions will reduce the cash portion of the merger consideration payable at closing, but because the number of CHD Meridian Shares Deemed Outstanding will be reduced by virtue of such transactions, the number of shares of I-trax capital stock per share of CHD Meridian common stock payable to remaining CHD Meridian stockholders at the effective time of the merger will increase. CHD Meridian stockholders and option holders are not obligated to accept the CHD Meridian purchase offer.

In addition to the purchases of CHD Meridian common stock and termination of options referred to in the preceding paragraph, CHD Meridian will also offer to purchase shares from certain executive officers as described in "Interest of Officers and Directors in the Merger."

If, as anticipated, the I-trax capital stock is issued in the merger pursuant to the exemption contained in Section 4(2) of the Securities Act of 1933 for sales not involving any public offering, then such shares of capital stock will be "restricted securities" that may only be resold pursuant to an effective registration statement under the Securities Act or an exemption from the registration requirements of the Securities Act. Under Rule 144 promulgated under the Securities Act, any person (or persons whose shares are aggregated) who has beneficially owned restricted securities for at least one year is entitled to sell, within any three-month period, a number of those securities that does not exceed the greater of 1% of the then-outstanding shares of the issuer in the same class or the average weekly trading volume in the public market during the four calendar weeks preceding the filing of the seller's Form 144, provided that certain requirements concerning the availability of public information concerning the issuer, the manner of sale and the filing of the seller's Form 144 are satisfied. A person who is not an affiliate, has not been an affiliate within three months prior to the sale and has beneficially owned restricted securities for at least two years is entitled to sell those securities under Rule 144(k) without regard to any of the other limitations described above.

In the event that I-trax cannot reasonably determine that the issuance of I-trax common stock and convertible preferred stock as merger consideration will be exempt from registration under Section 4(2) of the Securities Act of 1933 by April 30, 2004 and this remains the only unsatisfied condition to consummation of the merger, I-trax will have the option to file a registration statement on Form S-4 registering the shares of I-trax common stock to be issued in the merger as well as the shares of I-trax common stock issuable upon conversion of the convertible preferred stock to be issued in the merger. If I-trax chooses to file an S-4 registration statement, then the date after which either party may terminate the merger agreement if the conditions to such party's consummation of the merger are not satisfied, provided that such party's breach of any of its respective warranties, representations or covenants is not the reason the condition has not been satisfied, will be extended from April 30,

Edgar Filing: I TRAX INC - Form PRE 14A

2004 to July 31, 2004. Shares issued pursuant to such a registration statement on Form S-4 will be freely transferable by individuals who are not affiliates of I-trax.

Registration Rights

I-trax has agreed to register under the Securities Act of 1933, at I-trax's sole cost and expense, the resale of the shares of common stock distributed to the CHD Meridian stockholders in the merger, as well as the shares of common stock issuable upon conversion of the convertible preferred stock. I-trax has agreed to keep such registration statement effective for two years. While effectiveness of this registration is maintained, the shares of I-trax common stock covered by the registration statement may be resold by the holder and, upon resale, will become freely transferable. However, shares of common stock held by a person who is deemed to be an "affiliate" (as this term is defined under the Securities Act of 1933) of CHD Meridian prior to the merger or of I-trax after the merger may only be resold by them in accordance with the volume, manner-of-sale and notice requirements of Rules 144 under the Securities Act. Persons who may be deemed to be I-trax's or CHD Meridian's affiliates generally include individuals or entities that control, are controlled by, or are under common control with, I-trax or CHD Meridian, as applicable and include executive officers and directors of the applicable company. For further discussion, see the section entitled "The Merger Agreement - Post-Closing Covenants - Registration Statement."

If I-trax fails to file with the Securities and Exchange Commission a registration statement covering the resale of I-trax common stock issuable upon conversion of the convertible preferred stock purchased by third party investors within 30 days of the closing of the merger, I-trax will be obligated to issue to such investors, at no additional cost, as compensation for such failure additional shares of convertible preferred stock in an amount equal to one percent of the convertible preferred stock purchased from I-trax and held by such investors and, until such registration statement has been filed, additional shares of convertible preferred stock in an amount equal to one percent of the convertible preferred stock purchased for every subsequent 30 days I-trax does not file such registration statement.

Accounting Treatment

The merger will be accounted for under the purchase method of accounting, with I-trax treated as the acquirer. As a result, I-trax will record the assets and liabilities of CHD Meridian at their estimated fair values and will record as goodwill the excess of the purchase price over such estimated fair values. The operating results of CHD Meridian will be combined with the results of I-trax from the date of the merger. As a result, I-trax's 2004 earnings will include CHD Meridian's 2004 earnings only after the effective time of the merger.

Stock Exchange Listing

I-trax will file an application with the American Stock Exchange to have the shares of I-trax common stock to be issued in the merger and the shares of I-trax common stock issuable upon conversion of any convertible preferred stock issued in the merger and to be sold to raise a portion of the cash consideration to be used in the merger listed on the American Stock Exchange under the ticker symbol "DMX." I-trax has agreed in the merger agreement to use reasonable commercial efforts to cause I-trax common stock issued in the merger and issuable upon conversion of convertible preferred stock issued in the merger to be approved for listing on the American Stock Exchange.

Fees and Expenses of the Merger

The merged companies will incur certain one-time costs, some of which will be charged to operations and some will be deemed to be part of the purchase price of CHD Meridian. Currently, we estimate that we will incur approximately \$1,568,000 of direct transactional costs, which will be capitalized and included as part of the purchase price. These costs consist principally of professional fees, securities act registration costs and other regulatory costs. We also estimate that we will incur approximately \$2,564,000 of costs related to the sale of convertible preferred stock to third party investors, of which \$1,200,000 will be in cash and \$1,364,000 in equity. These costs will also be capitalized. Lastly, we expect to charge \$800,000 to operations of which \$500,000 will be cash and \$300,000 in common stock for a bonus pool for I-trax employees directly involved in negotiating and completing merger transaction. These amounts are preliminary estimates and are therefore subject to change. Additional unanticipated transactional costs may be incurred in addition to the anticipated expenses incurred in the integration of our businesses.

INTERESTS OF OFFICERS AND DIRECTORS IN THE MERGER

In considering the recommendations of I-trax's board of directors and CHD Meridian's board of directors with respect to the merger, stockholders of I-trax and CHD Meridian should be aware that the officers and directors of I-trax and CHD Meridian have interests in the merger that are different from, or in addition to, their interests as stockholders of I-trax and CHD Meridian generally. I-trax's board of directors and CHD Meridian's board of directors were aware of these interests and considered them, among other matters, in adopting the merger agreement and the transactions contemplated by the merger agreement. Two executive officers of I-trax, Frank A. Martin and John R. Palumbo, were also members of I-trax's nine-person board of directors when that board approved the merger and will continue as executive officers of the merged companies after completion of the merger. Similarly, two executive officers of CHD Meridian, Haywood D. Cochrane, Jr. and Charles D. (Chip) Phillips, were members of CHD Meridian's seven-person board of directors when the CHD Meridian board approved the merger. Both will likewise continue as executive officers of the merged companies after completion of the merger. In addition, under the terms of the merger agreement, I-trax has agreed to make Mr. Cochrane a member of the I-trax board of directors at the effective time of the merger.

I-trax

The compensation committee of I-trax's board of directors has allocated \$800,000, comprised of \$500,000 in cash and \$300,000 in I-trax common stock or options to acquire common stock, to be used to compensate I-trax officers and other employees for their work in connection with completing the CHD Meridian merger and subsequent integration of the merged companies. This bonus pool will be created and distributed at the merger effective time. The compensation committee of I-trax's board of directors has not yet determined the manner in which the bonus pool will be allocated among I-trax officers and other employees.

CHD Meridian

Haywood D. Cochrane Jr., the chief executive officer of CHD Meridian, Charles D. ("Chip") Phillips, the chief operating officer, and Shannon W. Farrington, the chief financial officer of CHD Meridian, are the owners of 7,403, 12,232 and 2,475 shares, or options to acquire shares, of CHD Meridian common stock, respectively. CHD Meridian has agreed to redeem 5,592, 7,812 and

Edgar Filing: I TRAX INC - Form PRE 14A

2,475 of their shares or options, respectively, immediately prior to the effective time of the merger at a cash purchase price of \$287.85 per share. This amount represents the value of the merger consideration without the earn-out shares, based on the \$2.50 price of I-trax common stock that was used in connection with the merger negotiations and does not reflect option exercise prices. In addition, Messrs. Cochrane and Phillips are negotiating a reallocation agreement among them and certain other CHD Meridian stockholders pursuant to which, among other things, Messrs. Cochrane and Phillips would, following the effective time of the merger, exchange all of the convertible preferred stock they receive in the merger (3,478.85 and 8,504.70 shares, respectively) for 34,788 and 85,047 shares of I-trax common stock, respectively, received in the merger by the other parties to such reallocation agreement. The reallocation agreement being negotiated would also allow Messrs. Cochrane and Phillips to obtain from such other stockholders the earn-out shares (to the extent CHD Meridian Healthcare, LLC, operating the historic business of CHD Meridian, meets certain financial performance goals-See "The Merger Agreement - Earn-out Payment") calculated as if the shares, or options to acquire shares, of CHD Meridian common stock redeemed from them immediately before the effective time of the merger had not been so redeemed but, rather, such shares, or options to acquire shares, had been converted into the right to receive merger consideration.

48

There is no assurance that such reallocation agreement will be implemented; however, implementation will not increase the aggregate merger consideration payable by I-trax. If implemented, such reallocation agreement (together with the redemptions of shares from Messrs. Cochrane and Phillips) would have the following effects as compared to the treatment Messrs. Cochrane and Phillips would have received in the merger in the absence of such redemptions and such reallocation agreement (exclusive of earn out shares):

	Merger Without Share Redemption or Reallocation Agreement			Merger With Redemption and Reallocation Agreement	
	Cash	Common Stock	Convertible Preferred Stock	Redemption and Merger Cash	Common Stock
Mr. Cochrane	\$1,065,052	304,303	12,173	\$1,825,693	
Mr. Phillips	1,760,503	503,004	20,122	2,776,823	
Ms. Farrington	356,217	101,777	4,071	705,233	
TOTAL	\$2,825,555	807,307	32,295	\$5,307,749	

The merger agreement requires I-trax to maintain in effect for at least 48 months liability insurance no less favorable than that in effect prior to the merger in favor of the CHD Meridian officers and directors. I-trax also commits to observe indemnification provisions now existing in the certificate of incorporation or bylaws of CHD Meridian for the benefit of current CHD Meridian directors and officers, and also certain indemnification provisions in favor of Michael J. Hardies, CHD Meridian's chairman of the board, who also served as owner of the stock of various affiliated professional corporations.

Ownership of I-trax Common Stock

The table below sets forth, as of January 20, 2004, the number of

Edgar Filing: I TRAX INC - Form PRE 14A

shares and percentage of I-trax common stock beneficially owned by:

- o I-trax's chief executive officer, four other most highly compensated executive officers based on compensation earned during 2003;
- o each director;
- o all directors and executive officers as a group; and
- o each person who is known by I-trax to own beneficially five percent or more of I-trax's outstanding common stock.

Beneficial ownership was determined in accordance with Rule 13d-3 under the Exchange Act of 1934, as amended. Under this rule, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares, such as upon exercise of options or warrants, within 60 days of January 20, 2004, the date as of which the information is provided. In computing the percentage ownership of any person, the number of shares includes the amount of shares beneficially owned by such person (and only such person) by reason of any acquisition rights. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date.

49

To I-trax's knowledge, except as indicated in the footnotes to this table and under applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares shown as beneficially owned by them.

Pro forma Ownership of I-trax Common Stock Following the Merger

The table below sets forth, as of January 20, 2004, on a pro forma basis as if the merger had occurred on such date, the number of shares and percentage of I-trax common stock beneficially owned by:

- o the chief executive officer, four other most highly compensated executive officers based on compensation earned during 2003 and each director of I-trax;
- o three executive officers of CHD Meridian that will join I-trax as executive officer following the merger;
- o all directors and executive officers of I-trax following the merger as a group; and
- o all executive officers and directors of CHD Meridian before the merger as a group.

For purposes of the following table, outstanding I-trax common stock includes (1) 10,000,000 share of I-trax common stock and 4,000,000 shares of I-trax common stock issuable upon conversion of I-trax convertible preferred stock issued to CHD Meridian stockholders at the merger effective time and (2) 8,000,000 shares of I-trax common stock issuable upon conversion of I-trax convertible preferred stock issued to third party investors in the financing to be completed to raise a portion of the cash consideration.

In addition, beneficial ownership was determined in accordance with Rule 13d-3 under the Exchange Act of 1934, as amended. Under this rule, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares, such as upon exercise of options or warrants, within 60 days of January 20, 2004, the date as of which the information is provided. In computing the percentage ownership of any person, the number of shares includes the amount of shares beneficially owned by such person (and only such person) by reason of any acquisition rights. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date.

To I-trax's knowledge, except as indicated in the footnotes to this table and under applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares shown as beneficially owned by them.

THE MERGER AGREEMENT

The following summary of the merger agreement is qualified by reference to the complete text of the merger agreement dated as of December 26, 2003, which is incorporated by reference and attached as Annex A.

Structure of the Merger

The merger will be a two-step transaction. In step one, DCG Acquisition, Inc., a wholly-owned subsidiary of I-trax, will merge with and into CHD Meridian. CHD Meridian stockholders will receive the merger consideration in exchange for their shares of CHD Meridian common stock in the first step of the merger. In step two, CHD Meridian will merge with and into CHD Meridian Healthcare, LLC, a wholly-owned subsidiary of I-trax. Upon the effectiveness of the second merger, all shares of CHD Meridian common stock will be cancelled.

Edgar Filing: I TRAX INC - Form PRE 14A

Timing of Closing

The closing of the merger will take place on the second business day after all closing conditions set forth in the merger agreement have been satisfied or waived, unless I-trax and CHD Meridian agree to a different date. Upon the closing of the merger, we will file a certificate of merger with the Secretary of State of the State of Delaware for the first step of the merger transaction and, as soon as practicable after the first step, for the second step of the merger transaction. The effective time for each step of the merger transaction will be the time the certificate of merger is filed for such step.

Merger Consideration and Related Adjustments

The total merger consideration to be received at the closing by holders of CHD Meridian securities in the merger is 10,000,000 shares of I-trax common stock, 400,000 shares of I-trax convertible preferred stock (each of which is convertible into 10 shares of I-trax common stock) and \$35 million of cash. The \$35 million in cash will be reduced by (1) the aggregate amount CHD Meridian incurs or commits to incur to redeem or purchase, as the case may be, any shares of CHD Meridian common stock or any options to acquire shares of CHD Meridian common stock during the period beginning on December 26, 2003 and ending at the effective time of the first step of the merger (but which may not exceed \$11 million); and (2) the amount, if any, by which the actual cash balance of CHD Meridian, as of the effective time of the first step of the merger, measured in accordance with GAAP, minus any unpaid accrued fees and expenses of attorneys, accountants and investment professionals incurred by CHD Meridian in the merger, is less than \$13,258,338. Throughout this section, we refer to the \$35 million, after adjustments, as the adjusted cash consideration. The following are examples of how the adjusted cash consideration will be computed:

	Example 1	Example 2	
Amount spent for redemption/ repurchase/option termination	\$10,150,000	\$10,150,000	\$
Cash balance at merger's effective time (a)	\$13,500,000	\$13,258,338	\$
Adjusted cash consideration	\$24,850,000	\$24,850,000	\$

The merger agreement provides that each share of CHD Meridian common stock outstanding immediately prior to the effective time of the first step of the merger will at such effective time be converted into the right to receive the number of shares of I-trax common stock obtained by dividing 10,000,000 by the CHD Meridian Shares Deemed Outstanding, the number of shares of I-trax convertible preferred stock obtained by dividing 400,000 by the CHD Meridian Shares Deemed Outstanding, and the amount of cash obtained by dividing the adjusted cash consideration by the CHD Meridian Shares Deemed Outstanding, subject to any required tax withholding. Any shares of CHD Meridian common stock held in treasury by CHD Meridian will be cancelled. I-trax has reserved a

sufficient number of shares of convertible preferred stock and common stock for issuance in the merger and a sufficient number of shares of common stock for

Edgar Filing: I TRAX INC - Form PRE 14A

issuance upon conversion of the convertible preferred stock.

CHD Meridian intends to offer to purchase for cash shares of its common stock from certain executives, other employees, holders of fewer than 3,300 shares, and non-accredited investors, effective immediately prior to the merger. CHD Meridian also plans to offer to terminate certain existing employee stock options for cash effective immediately prior to the merger. Cash spent for such repurchases and such option terminations will reduce the \$35 million of cash otherwise payable in the merger as described above. However, any such transactions will also reduce the number of CHD Meridian Shares Deemed Outstanding, thereby increasing the percentage of shares of I-trax common stock and convertible preferred stock payable to each of the remaining CHD Meridian stockholders. The net effect of these transactions will be to alter the cash/equity mix payable to CHD Meridian stockholders at the merger's effective time. The stockholders who receive and accept such offers will receive only cash for their shares (or options), and therefore a disproportionately larger share of the cash as described above than remaining CHD Meridian stockholders, and the remaining CHD Meridian stockholders will receive a disproportionately larger share of the equity and a disproportionately smaller share of the cash. The merger agreement limits the amount of cash to be used for such transactions to \$11 million, and CHD Meridian expects to use such sum for such repurchases and terminations.

The following table sets forth the approximate portion of merger consideration that each CHD Meridian stockholder would receive at the merger's effective time for each share of CHD Meridian common stock owned (1) assuming no change in the 243,182 CHD Meridian Shares Deemed Outstanding on the date of this proxy statement and (2) assuming that, as a result of transactions described in the preceding paragraph, 35,297 shares (and/or options to purchase shares) are repurchased or terminated (leaving 207,885 CHD Meridian Shares Deemed Outstanding at the merger's effective time) in exchange for approximately \$10.2 million.

	CHD Meridian Shares Deemed Outstanding	
	(1) 243,182	(2) 207,885
	-----	-----
Shares of I-trax common stock (a)	41	
Shares of I-trax convertible preferred stock (b)	1.64	
Cash	\$143.93	\$11.00

There is no assurance that any CHD Meridian stockholder to whom an offer of share repurchase or option termination is made will accept such offer, and therefore, CHD Meridian stockholders will not know until the merger's effective time the exact mix of cash and equity payable in the merger. The offers referred to in the preceding two paragraphs are not part of the merger agreement.

I-trax will not issue any fractional shares of common stock in the merger. The number of shares of I-trax common stock each holder of CHD Meridian will be entitled to receive will be rounded to the nearest share. I-trax will issue fractional shares of convertible preferred stock in the merger. The number of shares of I-trax convertible preferred stock each holder of CHD Meridian common stock will be entitled to receive will be rounded to the nearest one-hundredth of one share.

Edgar Filing: I TRAX INC - Form PRE 14A

As a result of the merger, all shares of CHD Meridian common stock will no longer be outstanding and shall be canceled.

Treatment of CHD Meridian Stock Options

At the effective time, each outstanding option to purchase a share of CHD Meridian common stock will be converted into the right to receive an option

55

to purchase the merger consideration distributable for one share of CHD Meridian common stock including the right to participate in any earn-out payment (discussed below) at the exercise price in effect immediately prior to the effective time of the first step of the merger. Each converted option will be subject to the same terms and conditions, including exercise rights, termination dates and restrictions, as were applicable to such option prior to the effective time of the first step of the merger.

Earn-Out Payment

In April 2005, the former CHD Meridian stockholders will receive, for each share of CHD Meridian common stock held at the merger's effective time, the number of shares of I-trax common stock obtained by dividing 4,000,000 (less any shares used to satisfy CHD Meridian's indemnity obligation) by the CHD Meridian Shares Deemed Outstanding if CHD Meridian Healthcare, LLC, operating the historic business of CHD Meridian, meets certain financial performance goals described below. Throughout this proxy statement, we refer to this contingent payment as the earn-out. At the effective time of the first step of the merger, I-trax will deposit 4,000,000 shares of I-trax common stock in escrow to cover the possible additional issuance. These 4,000,000 shares are in addition to the 10,000,000 shares of I-trax common stock being delivered to CHD Meridian stockholders at the closing of the merger. If CHD Meridian breaches any of its representations, warranties or covenants and I-trax is harmed by the breach, then I-trax may be able to recover a portion of additional shares in escrow to cover the cost or damage to I-trax of such breach if I-trax makes a claim against the shares on or before August 14, 2004. The indemnification of I-trax is discussed in more detail in the section entitled "Remedies for Breach of the Merger Agreement" below.

For the CHD Meridian stockholders to receive any earn-out shares of I-trax common stock, for the period from January 1, 2004 to December 31, 2004, CHD Meridian Healthcare, LLC, conducting the historic business of CHD Meridian (and including the financial results of CHD Meridian during such period prior to the merger) must record earnings before interest, taxes, depreciation and amortization, or EBITDA, of at least \$8.1 million. If CHD Meridian Healthcare, LLC records EBITDA of between \$8.1 and \$9 million, then the number of shares to be distributed to the former CHD Meridian stockholders will be determined by multiplying the total number of shares of I-trax common stock remaining in escrow after the release of shares, if any, to I-trax as indemnification by a fraction, the numerator of which is CHD Meridian Healthcare, LLC's EBITDA and the denominator of which is \$9 million. If CHD Meridian Healthcare, LLC records EBITDA greater than \$9 million for the period from January 1, 2004 to December 31, 2004, then all shares remaining in escrow will be distributed to the former CHD Meridian stockholders. However, even if the financial conditions are satisfied, if I-trax makes an indemnity claim against the shares in escrow on or before August 14, 2004 that has not been resolved on April 1, 2005, then the I-trax common stock in escrow subject to such claim will not be released until the claim is resolved. If the claim is ultimately resolved against I-trax, then

Edgar Filing: I TRAX INC - Form PRE 14A

shares subject to the pending claim will be delivered to the former CHD Meridian stockholders.

Appointment of CHD Meridian Stockholder Representative

Pursuant to the merger agreement, the stockholders of CHD Meridian will be deemed to have appointed an agent for certain matters. We refer to this agent throughout this section as the CHD Meridian Representative. At the effective time of the first merger, Haywood D. Cochrane, Jr. will be the appointed CHD Meridian Representative. The CHD Meridian Representative's duties as agent will be to act on behalf of the CHD Meridian stockholders with respect to the escrow agreement covering the shares of I-trax common stock in escrow. The CHD Meridian Representative will also act on behalf of the CHD Meridian stockholders with respect to all claims in connection with the earn-out, the shares of I-trax in escrow, the escrow agreement, I-trax's obligation to report the merger as a tax-free reorganization on tax returns and filings, the indemnification of I-trax for the breach of a representation, warranty or covenant made by CHD Meridian, breach of any representations, warranties or covenants made by I-trax and I-trax's obligation to keep the registration statement on Form S-3 registering the resale of shares of I-trax common stock issued in the merger and issuable upon conversion of the I-trax convertible preferred stock issued in the merger effective for two years. The CHD Meridian Representative may resign by providing notice to I-trax and the former CHD Meridian stockholders and may appoint a successor. The individuals and/or entities who held a majority of the CHD Meridian common stock at the closing of the merger can, by affirmative vote or written consent, appoint a successor to the CHD Meridian Representative if the representative dies, is incapacitated or resigns without appointing a successor and can, by affirmative vote or written consent, remove and replace the CHD Meridian Representative.

56

The CHD Meridian Representative will not be liable for anything he may do or refrain from doing in connection with his duties, except as a result of his own gross negligence, willful misconduct or bad faith. The CHD Meridian Representative may consult with counsel and will not be liable for following counsel's advice in good faith. By adopting the merger agreement, the CHD Meridian stockholders will be deemed to have agreed jointly and severally to indemnify the CHD Meridian Representative for any adverse consequences he suffers as a result of serving as the CHD Meridian Representative. If the CHD Meridian Representative incurs legal or other professional expenses on behalf of the CHD Meridian stockholders in connection with determining the earn-out or asserting or defending claims arising out of the merger agreement, then the CHD Meridian stockholders immediately prior to the merger will be responsible to pay their pro rata share of those expenses and will be required to advance such funds at the CHD Meridian Representative's reasonable request. However, the maximum amount for which a former CHD Meridian stockholder will have to indemnify the CHD Meridian Representative is the amount of merger consideration the former CHD Meridian stockholder received. If a former CHD Meridian stockholder does not meet its indemnification obligations, the CHD Meridian Representative can borrow funds from other former CHD Meridian stockholders and repay the borrowed amount, with interest at 10% per year, when the shares of I-trax common stock in escrow are released with the portion of such escrow shares that the defaulting former CHD Meridian stockholder would otherwise would be entitled to receive.

Procedure For Payment

Edgar Filing: I TRAX INC - Form PRE 14A

I-trax has appointed an exchange agent to handle the exchange of CHD Meridian stock certificates for I-trax common stock and convertible preferred stock certificates in the merger. I-trax will make the payment of the cash portion of the merger consideration by check or wire at the effective time of first step of the merger. Together with this proxy statement, I-trax will send to each CHD Meridian stockholder a letter of transmittal, substantially in the form of Annex F attached to this proxy statement, to be used to exchange CHD Meridian stock certificates for shares of I-trax common stock and convertible preferred stock and to receive the cash portion of the merger consideration. The letter of transmittal will contain instructions explaining the procedure for surrendering CHD Meridian stock certificates. You should not return any stock certificates with the enclosed proxy card.

Holders of CHD Meridian stock who surrender their stock certificates to the exchange agent, together with a properly completed letter of transmittal, will receive the appropriate merger consideration. Holders of unexchanged shares of CHD Meridian stock will not be entitled to receive any dividends or other distributions on I-trax common stock or convertible preferred stock payable by I-trax after the effective time of the first step of the merger until they surrender their stock certificates in accordance with the letter of transmittal.

Stockholders of I-trax will keep their I-trax share certificates without exchange after the merger.

The Board of I-Trax

I-trax has agreed to take the necessary action so that, as of the effective time of the merger, Haywood D. Cochrane, Jr., the chief executive officer of CHD Meridian, will become a member of the I-trax's board of directors.

Pre-Closing Covenants

For the period from December 26, 2003 to the earlier of the closing of the merger or the termination of the merger agreement, we have each undertaken to perform certain covenants in the merger agreement. The principal covenants are as follows:

General. We have each agreed to use our reasonable efforts to take all actions and do all things necessary, proper or advisable to consummate the transactions contemplated by the merger agreement.

Regulatory Matters and Approvals. We have each agreed to make any filings with, give any notices to and to use our reasonable efforts to get any required approvals, consents and authorizations, including:

Delaware Law. In accordance with the Delaware General Corporate Law and the Delaware Limited Liability Company Act, each of us will convene special meetings of our stockholders to vote upon the

matters referred to in this proxy statement. Each of us has agreed to use reasonable efforts to obtain our stockholders' approval of the merger and related transactions. However, these covenants are qualified by the fact that our directors and officers do not need to do anything that will violate their fiduciary duty or other legal requirement.

Edgar Filing: I TRAX INC - Form PRE 14A

Securities Laws. We have agreed to prepare, including providing each other with any assistance or information necessary for preparation, and distribute proxy materials for our special meetings of stockholders and to include all information in the proxy materials that is necessary for the issuance of I-trax common stock and convertible preferred stock as merger consideration to qualify for an exemption from registration under Section 4(2) of the Securities Act of 1933. I-trax has agreed to take all actions necessary under Federal and state securities law in connection with the issuance of I-trax common stock and convertible preferred stock as merger consideration.

Hart-Scott-Rodino Act. We have agreed to take all actions necessary under the Hart-Scott-Rodino Act and to use reasonable efforts to get an early termination of the applicable waiting period under the Act.

Operations of the Two Companies Pending Closing. We have each agreed to restrictions on our activities pending the closing of the merger. In general, we each agreed not to engage in activities outside of our ordinary course of business without written approval of the other party. In particular, we have agreed that:

- o Neither of us will authorize or effect any change of our bylaws or charter;
- o CHD Meridian will not grant options, warrants or other rights to obtain capital stock, or, issue, sell or otherwise dispose of capital stock, other than upon the conversion of options, warrants or other rights outstanding when the merger agreement was signed;
- o I-trax will not grant options, warrants or other rights to obtain capital stock, or issue, sell or otherwise dispose of capital stock, other than upon the conversion of options, warrants or other rights outstanding when the merger agreement was signed, under I-trax's current equity compensation plans or issuances at fair market value as determined by I-trax's board of directors;
- o Neither of us will declare, set aside or pay dividends or redeem, repurchase or otherwise acquire any of our outstanding capital stock, except that CHD Meridian may repurchase, by written agreement approved by I-trax and for cash consideration determined fair by the CHD Meridian board, up to an aggregate of \$11 million of its outstanding common stock and common stock options;
- o Neither of us will issue any note, bond or other debt security, or create, incur, assume or guarantee any indebtedness for borrowed money or capitalized lease obligation or grant any security interest with respect to any of our assets;
- o Neither of us will make any change to the employment terms for any of our officers and directors; and
- o Neither CHD Meridian nor its subsidiaries will incur more than \$50,000 or more individually, or \$100,000 or more in the aggregate, in expenditures not set forth in the budget CHD Meridian attached as an exhibit to the merger agreement nor will CHD Meridian or any of its subsidiaries delay payment of its account payable or accrued liability that is not in CHD Meridian's ordinary course of business.

Edgar Filing: I TRAX INC - Form PRE 14A

Exclusivity. We have agreed not to solicit, initiate or encourage any proposal or offer to acquire all or substantially all of the assets of I-trax, CHD Meridian or any of our subsidiaries, including acquisitions structured as mergers, consolidations or share exchanges, nor will we, unless fiduciary duty requires, participate in any negotiations or discussions regarding, furnish any information with respect to, assist or participate in, or otherwise facilitate any effort by a person or entity to do the foregoing. However, I-trax can engage in such acquisition-related activities if they will not impair the merger

58

transaction with CHD Meridian, I-trax promptly informs CHD Meridian of such activities and CHD Meridian can participate to the extent it reasonably requests. We have also each agreed to notify the other promptly if any person or entity contacts us regarding an acquisition proposal or offer.

Listing of I-trax Common Stock. I-trax has agreed to make commercially reasonable efforts to get the I-trax common stock issued in the merger and issuable upon conversion of the I-trax convertible preferred stock issued in the merger approved for listing on the stock market or exchange where shares of I-trax common stock are then listed.

Post-Closing Covenants

Following the closing of the merger, we have each undertaken to perform certain covenants in the merger agreement. The principal covenants are as follows:

Insurance and Indemnification. I-trax has agreed to:

- o provide for a period of four years, the former officers and directors of CHD Meridian with liability insurance coverage no less favorable than the liability insurance they had immediately prior to the closing of the merger;
- o observe any indemnification provisions existing in CHD Meridian's certificate of incorporation or bylaws at the time the merger agreement was signed for anyone who served as an officer or director of CHD Meridian prior to the closing of the merger; and
- o provide any CHD Meridian stockholder who becomes an officer or director with reasonable coverage under the I-trax directors and officers liability insurance policy while such person is an officer or director and for the applicable statute of limitations period after such person ceases to be an officer or director.

Registration Statement. I-trax has agreed, subject to compliance with the Securities Act of 1933 and the regulations promulgated thereunder, to file a registration statement on Form S-3 covering the resale of the I-trax common stock issued in the merger and issuable upon conversion of the I-trax convertible preferred stock issued in the merger, and to use commercially reasonable efforts to cause the registration statement to become effective promptly. I-trax has also agreed to keep the registration statement effective for two years. Both I-trax and CHD Meridian have agreed to have their executive officers enter into lock-up agreements prohibiting the sale of their I-trax stock during the first 90 days the registration statement is effective. I-trax will bear the costs in connection with the preparation and filing of the registration statement. I-trax will also, at its expense, supply the former CHD

Edgar Filing: I TRAX INC - Form PRE 14A

Meridian stockholders with copies of the registration statement, any prospectus contained therein and other related documents reasonably requested. The former CHD Meridian stockholders will bear the costs of any underwriting or brokerage discounts applicable to the shares being registered as well as the fees and expenses of their counsel. I-trax will indemnify the former CHD Meridian stockholders and their affiliates for any liability or expenses caused by an untrue or allegedly untrue statement of material fact in the registration statement or any amendments thereto or caused by an omission of a material fact required to make statements in the registration statement or any amendments thereto not misleading unless the untrue statement or omission conforms with information furnished by the former CHD Meridian stockholders to assist with preparation of the registration statement.

Tax-Free Reorganization Treatment. We have each agreed to use our best efforts to cause the merger to constitute a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986 and not to take any actions that would, to our knowledge, cause the merger not to constitute a tax-free reorganization. Unless otherwise required by law, we each agree to report the merger as a tax-free reorganization on tax returns and not take any action or position that is inconsistent with this characterization in any audit, administrative proceeding, litigation or otherwise.

59

Representations and Warranties

We have made various customary mutual representations and warranties in the merger agreement about ourselves and our subsidiaries, including representations and warranties related to corporate standing and power, corporate authority to enter into, and carry out the obligations under, the merger agreement, the absence of certain changes or events, compliance with laws, environmental, health and safety matters, employees and employee benefits, contracts, leases or business arrangements, including with stockholders and their affiliates, absence of officers' and directors' involvement in certain legal proceedings and absence of untrue statements of material fact or omissions of material facts in the representations and warranties. In addition, I-trax also made representations and warranties relating to its filings with the SEC and that it was not acquiring the shares of CHD Meridian common stock with the intent of distributing them.

The representations and warranties contained in the merger agreement will survive the closing of the merger and will continue in full force and effect until August 14, 2004. See the section below entitled "Remedies for Breach of the Merger Agreement" for a discussion of the remedies for a breach of a representation or warranty in the merger agreement.

Conditions to the Completion of The Merger

Each of our respective obligations to complete the merger is subject to the satisfaction or waiver of various conditions, the most significant of which are:

Conditions to Obligation of Each of I-trax and CHD Meridian to Close:

- o the other party must have received certain third party consents set forth in the merger agreement;
- o the representations and warranties contained in the merger

Edgar Filing: I TRAX INC - Form PRE 14A

agreement made by the other party must be true and correct in all respects as of the closing date of the merger and such party shall not have added, after December 26, 2003, matters or events to its disclosure schedule to the merger agreement that, in total, have a negative financial impact of greater than \$250,000;

- o the other party must have performed and complied with all covenants contained in the merger agreement through the closing of the merger agreement;
- o there must be no pending or threatened action, suit or proceeding against the other party or its subsidiaries, an unfavorable outcome of which would prevent the consummation of the merger or cause any of the transactions in connection with the merger to be rescinded;
- o all material governmental authorizations, approvals and consents required for the parties to effect the merger must have been received;
- o each party must have received a legal opinion from counsel to the other party in the forms set forth as exhibits to the merger agreement;
- o I-trax must have sold convertible preferred stock to third parties with gross proceeds of at least \$15 million;
- o an escrow agreement regarding the 4,000,000 shares of I-trax common stock to be held in escrow until the satisfaction of certain post-closing conditions must have been executed and delivered;
- o the senior facility under which I-trax may borrow at least \$16 million on the closing date of the merger must have closed; and
- o the waiting period under the Hart-Scott-Rodino Act must have expired or been terminated.

60

Conditions to Obligation of I-trax to Close:

- o the merger agreement must be adopted by CHD Meridian's stockholders;
- o there must be no pending or threatened action, suit or proceeding against CHD Meridian, an unfavorable outcome of which would adversely affect the right of I-trax to own and control the surviving entities in the merger transactions or adversely affect the right of CHD Meridian to own and operate its businesses;
- o resignations of officers and directors of CHD Meridian, effective as of the closing of the merger must be received, unless, after consultation with CHD Meridian, I-trax specifies otherwise within five business days of the closing of the merger;

Edgar Filing: I TRAX INC - Form PRE 14A

exempt from registration under Section 4(2) the Securities Act of 1933; and

- o CHD Meridian and its subsidiaries must have caused any of its employees that have borrowed money to repay any such outstanding loans.

Conditions to Obligation of CHD Meridian to Close:

- o the issuance of shares of common stock and convertible preferred stock as merger consideration must be approved by I-trax's stockholders;
- o there must be no pending or threatened action, suit or proceeding against I-trax, an unfavorable outcome of which would adversely affect the right of the CHD Meridian stockholders to own the merger consideration or adversely affect the right of I-trax to own the combined assets and operations of I-trax and CHD Meridian after the merger;
- o an opinion of Irell & Manella LLP that the merger will qualify as a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986 must have been received;
- o Mr. Cochrane must have been elected to the board of directors of I-trax; and
- o I-trax common stock must continue to be listed on the American Stock Exchange, I-trax must not have received any notice of delisting and there shall be no basis for delisting I-trax.

Remedies for Breach of the Merger Agreement

The representations and warranties contained in the merger agreement will survive the closing of the merger and will continue in full force and effect until August 14, 2004. Any claim based on a representation or warranty made in the merger agreement will be time barred unless submitted in writing before August 14, 2004.

Indemnification for Benefit of I-trax. If CHD Meridian breaches a warranty, representation or covenant before it expires, I-trax may seek indemnification against the shares of I-trax common stock placed in escrow. I-trax may recover the number of shares out of escrow with a value equal to the adverse consequences I-trax suffers as a result of the breach, subject to a total limit of the lesser of (1) 3,200,000 shares or (2) shares valued, measured at the time of the final resolution of the applicable claim, \$8,000,000. I-trax, however, can only recover indemnification claims against the shares held in escrow after I-trax has suffered adverse consequences in excess of \$500,000 and then only to the extent I-trax has suffered adverse consequences in excess of \$500,000. For purposes of the indemnification, the shares of I-trax common stock in escrow will be valued at the average of the closing price of I-trax common stock for the ten consecutive trading days ending on the date of final resolution of the claim in question. Any shares released from escrow to indemnify I-trax will be charged on a pro rata basis to the former CHD Meridian stockholders who are entitled to receive the shares on in April 2005. The shares

Edgar Filing: I TRAX INC - Form PRE 14A

in escrow will be the sole remedy I-trax has for a breach of any representations or warranties by CHD Meridian. If the shares in escrow are not sufficient to cover the full amount of the adverse consequences I-trax suffers because of a breach by CHD Meridian, I-trax will not have a claim or right against the former CHD Meridian stockholders.

Matters involving third parties. If a third party brings a claim against I-trax pursuant to which I-trax may be able to make a claim for indemnification against the shares of I-trax common stock in escrow, the CHD Meridian Representative will be entitled to defend I-trax against such third party claim using counsel of his choice that I-trax reasonably finds satisfactory, subject to certain conditions set forth in the merger agreement.

Indemnification for Benefit of CHD Meridian. If I-trax breaches a warranty, representation or covenant before it expires, CHD Meridian stockholders may seek indemnification against I-trax as such stockholders are third-party beneficiaries of I-trax's warranties, representations and covenants.

Termination of the Merger Agreement

Termination by Either I-trax or CHD Meridian. Either I-trax or CHD Meridian can terminate the merger agreement with prior authorization of its board of directors if:

- o I-trax stockholders do not approve the issuance of common stock and convertible perpetual preferred stock in the merger or CHD Meridian stockholders do not adopt the merger agreement;
- o the other party breaches any of it's representations, warranties or covenants, notice of the breach is provided to the other party and the breach is not remedied within 30 days of notice of the breach; or
- o the conditions to such party's consummation of the merger are not satisfied by April 30, 2004, provided that such party's breach of any of its respective warranties, representations or covenants is not the reason the condition has not been satisfied. If the only condition not satisfied on April 30, 2004 is that I-trax cannot reasonably determine that the issuance of I-trax common stock and convertible preferred stock as merger consideration is exempt from registration under Section 4(2) of the Securities Act of 1933, then I-trax may extend the date after which I-trax or CHD Meridian may terminate the merger agreement if conditions remain unsatisfied from April 30, 2004 to July 31, 2004, if I-trax promptly files a registration statement on Form S-4 registering the shares of common stock issued in the merger and upon conversion of the convertible preferred stock to be issued in the merger.

I-trax and CHD Meridian can also mutually agree to terminate the merger agreement.

Termination by CHD Meridian. CHD Meridian can terminate the merger agreement if the closing price of I-trax's common stock is less than \$2.25 for ten consecutive trading days.

Amendment and Third Party Beneficiaries

We may mutually amend, in writing, any provision of this merger agreement at any time prior to the effective time of the first step of the merger with the prior authorization of each of our respective boards of

Edgar Filing: I TRAX INC - Form PRE 14A

directors. However, any amendment effected subsequent to stockholder approval of the merger and related transaction will be subject to the restrictions set forth in the Delaware General Corporation Law. All amendments to the merger agreement must be in writing signed by each party.

The merger does not confer any rights or remedies upon any person or entity other than the parties to the merger agreement and their respective successors and permitted assigns, except that the CHD Meridian stockholders are the beneficiaries of (1) the provisions of the merger agreement concerning delivery of the merger consideration, (2) the obligation of I-trax to keep the registration statement on Form S-3 registering the resale of the I-trax common stock issued in the merger and upon conversion of the I-trax convertible preferred stock issued in the merger effective for two years, (3) the continuing obligation of I-trax to report the merger on all tax returns and filings as a

62

tax-free reorganization, and (4) the representations and warranties made by I-trax in the merger agreement. In addition, CHD Meridian officers and directors, CHD Meridian stockholders who becomes officers or directors of I-trax and their respective legal representatives are the beneficiaries of the post-closing covenant in the merger agreement concerning insurance and indemnification.

Expenses

Each party will each bear its own costs and expenses incurred in connection with the merger agreement and transactions contemplated thereby. If the merger is consummated, all such expenses will, in effect, be borne by the merged companies except to the extent that the cash portion of the merger consideration is reduced by virtue of the transaction costs incurred by CHD Meridian. See "The Merger - Fees and Expenses of the Merger" above.

OPINION OF I-TRAX'S FINANCIAL ADVISOR

Pursuant to an engagement letter dated June 26, 2003, as amended, I-trax engaged Bryant Park Capital to act as its financial advisor. As part of the engagement, Bryant Park Capital was asked to render an opinion to I-trax's board of directors as to the fairness to I-trax, from a financial point of view, of the consideration to be paid by I-trax in the merger. Bryant Park Capital is an investment-banking firm and is regularly engaged in the valuation of businesses and securities in connection with mergers and acquisitions, competitive biddings and valuations for corporate and other purposes. I-trax first engaged Bryant Park Capital as an advisor in April 2003 to assist I-trax in a strategic investor search. No fees were paid in connection with that engagement. In addition, prior to engaging Bryant Park Capital to provide the services described in this proxy statement, I-trax interviewed and considered two additional candidates. Upon due consideration of numerous factors, including proposed engagement fees, experience and depth of resources, I-trax selected Bryant Part Capital to perform the fairness analysis presented in this proxy statement. Bryant Part Capital's experience in providing such analysis and full understanding of the healthcare industry proved of particular importance. Bryant Park Capital did not advise I-trax, and rendered no opinion or financial analysis, with respect to the private placement that closed on October 31, 2003.

On December 28, 2003, at a meeting of I-trax's board of directors, Bryant Park Capital rendered to I-trax's board of directors an oral opinion, which opinion was confirmed by delivery of a written opinion dated December 28,

Edgar Filing: I TRAX INC - Form PRE 14A

2003, to the effect that, as of that date and based on and subject to the matters described in the opinion, the consideration to be paid by I-trax in the merger was fair to I-trax from a financial point of view. The actual merger consideration was determined separately by arms length negotiations between I-trax and CHD Meridian.

The full text of Bryant Park Capital's written opinion, dated December 28, 2003, to I-trax's board of directors, which sets forth the procedures followed, assumptions made, matters considered and limitations on the review undertaken, is attached as Annex B to this proxy statement. I-trax's stockholders are urged to read such opinion carefully in its entirety before making a decision as to whether to vote for the merger. Bryant Park Capital's opinion was provided to I-trax's board of directors in connection with its evaluation of the merger and relates only to the fairness to I-trax, from a financial point of view, of the consideration to be paid by I-trax in the merger. Bryant Park Capital's opinion does not address any other aspect of the merger and is not intended to constitute, and does not constitute, a recommendation as to how any person should vote in connection with the merger or as to any other matters relating to the merger. Bryant Park Capital's opinion does not address the relative merits of the merger or any other business strategies or transactions discussed by I-trax's board of directors as alternatives to the merger or the underlying business decision of I-trax's board of directors to proceed with or effect the merger. The summary of Bryant Park Capital's opinion contained in this proxy statement is qualified in its entirety by reference to the full text of the opinion.

In arriving at its opinion, Bryant Park Capital reviewed the December 24, 2003 draft of the merger agreement, as well as certain publicly available business and financial information relating to I-trax and CHD Meridian. Bryant Park Capital also reviewed certain other information relating to I-trax and CHD Meridian, including financial forecasts, provided to or discussed with Bryant Park Capital by I-trax and CHD Meridian and met with the management of I-trax and CHD Meridian to discuss the businesses and prospects of I-trax and CHD Meridian. Bryant Park Capital also considered certain financial and stock market data, as applicable, of I-trax and CHD Meridian and compared those data with similar data for other publicly and privately held companies in businesses similar to I-trax and CHD Meridian and considered, to the extent publicly available, the financial terms of other business combinations and transactions

63

which have been effected or announced. Bryant Park Capital also considered such other information, financial studies, analyses and investigations and financial, economic and market criteria that it deemed relevant.

In connection with its review, Bryant Park Capital did not assume any responsibility for independent verification of any of the information that it reviewed or considered and relied on that information being complete and accurate in all material respects and upon the assurances of the management of I-trax and CHD Meridian that no relevant information was omitted or was undisclosed to it. Bryant Park Capital was advised, and assumed, that the financial forecasts for I-trax and CHD Meridian were reasonably prepared on bases reflecting the best currently available estimates and judgments of the respective managements of I-trax and CHD Meridian as to the future financial performance of I-trax and CHD Meridian. With respect to forecasts regarding certain cost savings, operating efficiencies and other financial synergies, Bryant Park Capital was advised, and assumed, that such synergies will be realized in the amounts and in the time periods currently estimated. Bryant Park

Edgar Filing: I TRAX INC - Form PRE 14A

Capital expressed no view as to the reasonableness of such forecasts or the assumptions upon which they are based. In addition, Bryant Park Capital has not made an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of I-trax or CHD Meridian, nor has it been furnished with any such evaluations or appraisals. Bryant Park Capital is not expressing any opinion as to what the value of the I-trax common stock and I-trax convertible preferred stock will be, at any future time, including when issued to CHD Meridian stockholders pursuant to the merger or the prices at which such I-trax common stock and I-trax convertible preferred will trade subsequent to the announcement of the merger. Bryant Park Capital expresses no view as to the federal, state or local tax consequences of the merger.

In arriving at Bryant Park Capital's opinion, it had assumed with I-trax's consent, among other things, the following: (a) that all 4,000,000 shares of I-trax common stock placed in escrow will be paid to the stockholders of CHD Meridian pursuant to the earn-out (as described above in this section and the merger agreement) and (b) that, as of the effective time of the Merger, CHD Meridian will have a net cash balance of not less than \$13,258,338, provided that if it has a lower cash balance the cash component of the merger consideration will be reduced dollar-for-dollar by the amount that such cash balance is less than \$13,258,338.

Bryant Park Capital also assumed, with I-trax's consent, that, in the course of obtaining the necessary regulatory and third party approvals, consents and releases for the merger, no modification, delay, limitation, restriction or condition would be imposed that would have a material adverse effect on the merger and that the merger would be consummated in accordance with applicable laws and regulations and the terms of the merger agreement as set forth in the December 24, 2003 draft of the merger agreement, without waiver, amendment or modification of any material term, condition or agreement and without waiver by any party of any of the conditions to its obligations under the merger agreement and without any material alteration of the consideration as a result of the indemnification provisions in the merger agreement. Bryant Park Capital has also assumed that the representations and warranties of the parties contained in the merger agreement will be true and correct.

Bryant Park Capital's opinion was necessarily based on information available to it, and financial, economic, market and other conditions and circumstances as they existed and could be evaluated, on the date of Bryant Park Capital's opinion. It should be understood that, although subsequent developments may affect Bryant Park Capital's opinion, Bryant Park Capital has not updated, revised or reaffirmed its opinion and does not have any obligation to update, revise or reaffirm its opinion.

In preparing its opinion to I-trax's board of directors, Bryant Park Capital performed a variety of financial and comparative analyses, including those described below. The summary of Bryant Park Capital's analyses described below is not a complete description of the analyses underlying its opinion. The preparation of a fairness opinion is a complex process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Bryant Park Capital made qualitative judgments as to the significance and relevance of each analysis and factor that it considered. Accordingly, Bryant Park Capital believes that its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on information presented in tabular format, without considering all analyses and factors or the narrative description of the analyses, could create a misleading or incomplete view of the processes underlying its analyses and opinion.

Bryant Park Capital has acted as financial advisor to I-trax in connection with the merger and will receive a fee, which is contingent upon consummation of the merger. Bryant Park Capital has received a fee based upon the request of I-trax to prepare and deliver Bryant Park Capital's opinion. I-trax has also agreed to reimburse Bryant Park Capital for its reasonable fees and expenses in connection with its engagement letter. It has also agreed to indemnify and hold harmless Bryant Park Capital and its affiliates for liabilities relating to and arising out of its engagement letter. Bryant Park Capital and its affiliates have in the past provided financial and investment banking advice to I-trax and its affiliates, including with regard to possible financing sources in connection with the merger, and may in the future provide financial or investment banking services to I-trax and its affiliates unrelated to the merger. Bryant Park Capital has not received from I-trax any fees for such prior financial and investment banking advice, except as disclosed in this paragraph. To the extent Bryant Park Capital is engaged by I-trax to provide investment banking advice in the future, Bryant Park Capital will receive a separate fee for such services.

In its analyses, Bryant Park Capital considered industry performance, general business, economic, market and financial conditions and other matters existing as of the date of its opinion, many of which are beyond the control of I-trax. No company, transaction or business used in Bryant Park Capital's analyses as a comparison is identical to I-trax, CHD Meridian or the merger, and an evaluation of the results of those analyses is not entirely mathematical. Rather, the analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies, business segments or transactions analyzed. The estimates contained in Bryant Park Capital's analyses and the ranges of valuations resulting from any particular analysis are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by the analyses. In addition, analyses relating to the value of businesses or securities do not purport to be appraisals or to reflect the prices at which businesses or securities actually may be sold. Accordingly, the estimates used in, and the results derived from, Bryant Park Capital's analyses are inherently subject to substantial uncertainty. The type and amount of consideration payable in the merger was determined through negotiation among the parties to the transactions, and the decision to enter into the transactions was solely that of I-trax's board of directors. Bryant Park Capital's opinion and financial analyses were only one of many factors considered by I-trax's board of directors in its evaluation of the transaction and should not be viewed as determinative of the views of I-trax's board of directors or I-trax's management with respect to the merger or the consideration to be paid in connection with the merger.

The following is a summary of the material financial analyses underlying Bryant Park Capital's opinion dated December 28, 2003 delivered to I-trax's board of directors in connection with the Merger. The financial analyses summarized below include information presented in tabular format. In order to fully understand Bryant Park Capital's financial analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Considering the data in the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Bryant Park Capital's financial analyses.

Bryant Park Capital reviewed (a) enterprise values of the selected companies, calculated as equity value plus net debt, as a multiple of calendar year 2003 and calendar year 2004 estimated earnings before interest, taxes, depreciation and amortization, commonly referred to as EBITDA, and calendar year 2003 and calendar year 2004 estimated earnings before interest and taxes, commonly referred to as EBIT, and (b) ratios of stock price to calendar year 2003 and calendar year 2004 estimated earnings per share. All multiples were based on closing stock prices on December 22, 2003. Estimated financial data were based on publicly available research analysts' estimates in the case of the selected companies, and internal estimates of CHD Meridian's management in the case of CHD Meridian. Bryant Park Capital then applied a range of selected multiples derived from the selected companies to corresponding financial data of CHD Meridian in order to derive an implied equity reference range for CHD Meridian. Bryant Park Capital then added the implied reference range implied from its Synergies Discounted Cash Flow Analysis (as described below) to the implied equity reference range for CHD Meridian in order to derive an implied equity reference range for CHD Meridian that included synergies. Bryant Park Capital then compared the equity reference range for CHD Meridian implied by this analysis, both including and excluding synergies, to the consideration to be paid by I-trax in the proposed merger. This analysis indicated the following:

Implied Equity Reference Range for CHD Meridian (excluding synergies)	Assumed Aggregate Consideration to be Paid by I-t Merger

Conclusion

This summary is not a complete description of Bryant Park Capital's opinion to I-trax's board of directors of the financial analysis performed and factors considered by Bryant Park Capital in connection with its opinion. The preparation of a fairness opinion is a complex analytical process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, a fairness opinion is not readily susceptible to summary description. Bryant Park Capital believes that its analyses and this

Edgar Filing: I TRAX INC - Form PRE 14A

summary must be considered as a whole and that selecting portions of its analysis and factors or focusing on information presented in tabular form, without considering all analyses and factors or the narrative description of the analyses and factors, could create a misleading or incomplete view of the process underlying Bryant Park Capital's analyses and opinion. The opinion of Bryant Park Capital was provided solely to the I-trax board of directors and does not constitute a recommendation to any person on how to vote on the merger or any matter relating to the merger.

RATIFICATION AND APPROVAL OF I-TRAX'S ISSUANCE OF PRIOR COMMON STOCK AND WARRANT ON OCTOBER 31, 2003

I-trax is seeking stockholder ratification and approval of its issuance of 1,400,000 shares of I-trax common stock and warrants to purchase 840,000 shares of I-trax common stock in a private placement that closed on October 31, 2003. In addition, I-trax is seeking approval of the issuance of 840,000 shares of I-trax common stock upon exercise of the warrants.

Issuance of Common Stock and Warrants

On August 14, 2003, I-trax commenced a private placement in which I-trax sold as a unit two shares of common stock and a warrant to purchase an additional share of common stock exercisable at \$3.00 per share for a unit purchase price of \$5.00. The private placement was completed in five rolling closings, the last of which occurred on October 31, 2003. A total of approximately 73 accredited investors purchased units in the offering. I-trax issued 1,400,000 shares of common stock and warrants to acquire an additional 700,000 shares of common stock in this private placement. The issuance was exempt from registration under Section 4(2) of the Securities Act of 1933 and the rules promulgated thereunder. Westminster Securities Corporation acted as the placement agent in the private placement. As consideration for placing the securities in this offering, I-trax paid Westminster a placement agent fee equal to 12% of gross proceeds in the private placement and issued to thirteen Westminster employees or their affiliates warrants to acquire 140,000 shares of common stock exercisable at \$2.50 per share. The issuance of warrants to the employees and affiliates of Westminster Securities was also exempt from registration under Section 4(2) of the Securities Act and the rules promulgated thereunder. Accordingly, the aggregate number of warrants issued covered 840,000 shares of common stock.

The proceeds I-trax received upon completion of the private placement, net of expenses of the offering, were \$3,047,000 and were used for working capital, expanding I-trax's sales force and improvement of I-trax's software applications.

As of the date this proxy statement is being first mailed to I-trax stockholders, none of the warrants issued in the private placement or to affiliates Westminster Securities has been exercised.

The issuance of the common stock had, and the exercise of the warrants will have, the effect of diluting the equity ownership of our stockholders.

Description of Warrants

The warrants that were issued in the private placement have a term of

Edgar Filing: I TRAX INC - Form PRE 14A

five years beginning as of the date of issue and are exercisable at \$3.00 per share. I-trax has reserved a sufficient number of shares of common stock for issuance upon exercise of the warrants. If the closing price of common stock, as reported by the American Stock Exchange or such other exchange or quotation service on which the common stock may be traded following the issuance of the warrants, is three times its exercise price or more (as adjusted for any stock splits or reverse splits) for a period of ten consecutive trading days, and the shares of common stock issuable upon exercise of the common stock have been and are registered for immediate resale by the holder, I-trax may, within ten days of the last such trading day, deliver to the holders, at the holders' addresses as on file with I-trax, written notice of the I-trax's intent to redeem the warrants for a price of \$.05 for each share then issuable upon the exercise of the warrants. Each holder will then have a period of 30 days following receipt of such notice to exercise the warrant in accordance with its terms. If a holder does not exercise the warrant within the 30 day period, the warrant will be deemed to have been redeemed by I-trax and the holder will only be entitled to receive from I-trax the redemption price of \$.05 for each share of common stock which would have been issuable upon the exercise of the warrant immediate prior to its deemed redemption. No holder will possess any rights as a stockholder solely by reason of ownership of the warrants. I-trax common stock is described in the section titled "Description of I-trax Capital Stock" below.

71

Reason for Stockholder Ratification of Issuance

The American Stock Exchange has advised I-trax that the Exchange is likely to integrate the issuance of I-trax common stock and convertible preferred stock in the merger transaction with the unit private placement, thus requiring I-trax to seek stockholder ratification and approval of the issuances of I-trax common stock and warrants to acquire I-trax common stock in the private placement that I-trax closed on October 31, 2003. The rules of the American Stock Exchange require that stockholder approval be obtained for transactions involving the sale, issuance, or potential issuance by the company of common stock (or securities convertible into common stock) at a price less than the greater of book or market value which together with sales by officers, directors or principal shareholders of the company equals 20% or more of the currently outstanding common stock. As a result, if the merger is consummated, the private placement would be considered part of transaction involving the issuance of more than 20% of currently outstanding common stock and, therefore, stockholder approval would be required. If we do not obtain shareholder ratification of the issuance of the common stock and warrants, we may be in violation of the rules of the American Stock Exchange.

I-TRAX'S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT I-TRAX STOCKHOLDERS VOTE TO:

1. APPROVE THE ISSUANCE OF UP TO 14,000,000 SHARES OF COMMON STOCK AND 400,000 SHARES OF CONVERTIBLE PREFERRED STOCK IN THE MERGER;
2. APPROVE THE MERGER OF DCG ACQUISITION, INC., A WHOLLY-OWNED SUBSIDIARY OF I-TRAX, WITH AND INTO CHD MERIDIAN;
3. APPROVE the SALE OF UP TO 1,100,000 SHARES of the convertible preferred stock TO RAISE A PORTION OF THE CASH CONSIDERATION TO BE USED IN the merger AND FOR WORKING CAPITAL; AND

Edgar Filing: I TRAX INC - Form PRE 14A

4. RATIFY AND APPROVE THE ISSUANCE, IN A PRIVATE PLACEMENT THAT CLOSED ON OCTOBER 31, 2003, OF 1,400,000 SHARES OF COMMON STOCK AND WARRANTS TO PURCHASE 840,000 SHARES OF COMMON STOCK AND APPROVE THE ISSUANCE OF 840,000 SHARES OF COMMON STOCK UPON EXERCISE OF SUCH WARRANTS.

1. Reporting Entity and Principles of Consolidation

Reporting Entity

Effective January 1, 2000, Meridian Occupational Healthcare Associates, Inc. ("Meridian") acquired Corporate Health Dimensions, based in Latham, New York. In conjunction with the acquisition, Meridian began doing business as CHD Meridian Healthcare ("CHD Meridian"), also referred to herein as the "Company".

CHD Meridian Healthcare is the nation's largest provider of outsourced health care services to the employer-sponsored market. The Company's model allows employers to contract directly for a wide range of health care services on behalf of employees, dependents, and retirees that are delivered through facilities located at or near the work site. CHD Meridian develops and manages custom designed facilities that address the pharmacy, primary care, occupational health, and corporate health demands of its clients. CHD Meridian currently provides employer-sponsored services to 90 clients at 156 locations in 30 states.

Physician services are provided at CHD Meridian's locations under management agreements with affiliated physician associations (the Physician Groups), which are organized professional corporations that hire licensed physicians who provide medical services.

Pursuant to the service agreements, the Physician Groups provide all medical aspects of CHD Meridian's services, including the development of professional standards, policies, and procedures for a fee. CHD Meridian provides a wide array of business services to the Physician Group, including administrative services, support personnel, facilities, marketing, and non-medical services in

Edgar Filing: I TRAX INC - Form PRE 14A

exchange for a management fee.

Principles of Consolidation

The consolidated financial statements include accounts of Meridian Occupational Healthcare Associates, Inc., its wholly owned subsidiaries, and the Physician Groups. The financial statements of the Physician Groups are consolidated with CHD Meridian in accordance with the nominee shareholder model of EITF 97-2, "Application of FASB Statement No. 94 and APB Opinion No. 16 to Physician Practice Management Entities and Certain Other Entities with Contractual Management Arrangements". CHD Meridian has unilateral control over the assets and operations of the Physician Groups. Consolidation of the Physician Groups with CHD Meridian is necessary to present fairly the financial position and results of operations of CHD Meridian. Control of the Physician Groups is perpetual and other than temporary because of the nominee shareholder model and the management agreements between the entities. The net tangible assets of the Physician Groups were not material at September 30, 2003. All significant intercompany accounts and transactions have been eliminated in consolidation.

2. Interim Results and Basis of Presentation

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. In the opinion of management, the unaudited financial statements have been prepared on the same basis as the annual financial statements and reflect all adjustments, which include only normal recurring adjustments, necessary to present fairly the financial position as of September 30, 2003 and 2002 and the results of the operations and cash flows for the nine months ended September 30, 2003 and 2002. The results for the nine months ended September 30, 2003 are not necessarily indicative of the results to be expected for any subsequent quarter or the entire fiscal year ending December 31, 2003.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to the Securities and Exchange Commission's rules and regulations.

These unaudited financial statements should be read in conjunction with the Company's audited financial statements and notes thereto for the year ended December 31, 2002 included in elsewhere in this Proxy.

3. Long-Term Debt

In January 2000, Bank of America purchased the Company's line of credit from First Union and extended the maturity date to May 2000. Effective May 15, 2000, the Company obtained a permanent \$7.5 million credit facility from Bank of America that expired on November 15, 2002. Effective November 15, 2002, the Company amended the permanent \$7.5 million credit facility from Bank of America. The permanent credit facility was reduced to \$6.5 million and extended to November 15, 2005. The credit facility has a \$2.25 million letter of credit

Edgar Filing: I TRAX INC - Form PRE 14A

portion with the remainder being a term loan revolver. The letter of credit of \$2 million has been issued for the benefit of AIG, the Lexington Group, the Company's medical malpractice carrier. The credit facility is secured by substantially all of the Company's assets. At no time may the borrowings on the credit facility exceed 75% of the Company's assets. Borrowings, at the Company's election, may be either base rate loans or LIBOR loans. Base rate loans bear interest at the federal funds rate plus 5% per annum. The LIBOR loans bear interest at the LIBOR rate plus a range of 1.5% to 3.0% based on the Company's leverage ratio. At September 30, 2003, the Company had no debt outstanding on the term loan.

The credit facility includes certain financial covenants customary for the amount and duration of this commitment. The Company was in compliance with all such covenants at September 30, 2003.

4. Stockholders' Equity

Capital Stock

The Company has 93,500 authorized shares of Series A preferred stock and 60,000 authorized shares of Series B preferred stock. Through September 30, 2003, the Company has not issued any of the preferred series stock.

The Company has 250,000 authorized shares of common stock. During 2003, the company repurchased 700 shares of common stock. Through September 30, 2003, the Company has 207,715 issued and outstanding shares of common stock.

Stock Option Plan

The Company's 1997 Stock Incentive Plan (the "Plan"), provides for qualified and non-qualified incentive stock option grants which may be granted to key employees as designated by the Board of Directors. The options are exercisable commencing on dates specified in the option agreements and generally vest ratably over a four-year period. All option agreements stipulate immediate vesting upon a change of control of ownership. The options expire at the earlier of ten years from the date of grant or three months after the termination of the holder's employment with the Company.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure" ("Statement 148"), which amends SFAS No. 123, "Accounting for Stock-Based Compensation" ("Statement 123"). Statement 148 provides alternative methods of transition for a voluntary change to the fair value-based method of accounting for stock-based employee compensation and amends the disclosure requirements of Statement 123 to require more prominent and more frequent disclosures in financial statements about the effects of stock-based compensation. Statement 148 is effective for financial statements issued for fiscal years ending after December 15, 2002. The Company has elected to account for stock-based compensation plans under the intrinsic value-based method of accounting prescribed by APB 25 that does not utilize the fair value

Edgar Filing: I TRAX INC - Form PRE 14A

method.

All options have been granted with exercise prices equal to or greater than management's estimate of the fair value of the Company's common stock on the date of grant. As a result, no compensation cost has been recognized. If the alternative method of accounting for stock option plans prescribed by Statement 123 and Statement 148 had been followed, the Company's net income (loss) would not have been materially different for the nine months ended September 30, 2003.

A summary of the status of the Company's options issued to employees is as follows at September 30, 2003:

	Number of Shares	Weighted Average Exercise Price
	-----	-----
Outstanding at December 31, 2002	36,092	
Canceled	(625)	

Outstanding at September 30, 2003	35,467	\$

Notes to Consolidated Financial Statements (continued)

5. Employee Benefit Plan

The Company has a defined-contribution employee benefit plan that was established under provisions of Section 401(k) of the Internal Revenue Code. Substantially all full-time regular employees of the Company are eligible to participate in the plan. Under the plan's provisions, an employee may contribute, on a tax-deferred basis, up to 15% of total cash compensation within a calendar year, subject to Internal Revenue Code limitations. Matching contributions and discretionary contributions can be made by the Company. The Company made matching contributions of \$440,000 for the nine months ended September 30, 2003.

6. Commitments and Contingencies

Concentration of Credit Risks

The Company's credit risks primarily relate to cash and cash equivalents and accounts receivable. Cash and cash equivalents are primarily held in bank

Edgar Filing: I TRAX INC - Form PRE 14A

accounts, whose balances may exceed federally-insured limits from time-to-time. Accounts receivable consist primarily of amounts due from corporate customers. The Company continually reviews collectibility of its accounts receivable and maintains allowances for doubtful accounts.

The Company had one customer for the Nine Months Ended September 30, 2003 that accounted for 11% of total revenue.

Estimated Medical Professional Liability Claims

The Company is insured for medical professional liability claims on a claims-made basis through commercial insurance policies. It is the Company's policy that provision for estimated medical professional liability costs be made for asserted and unasserted claims based on actuarially projected estimates, based on historical loss payment patterns. Provision for such professional liability claims includes estimates of the ultimate costs of such claims. The Company evaluates the financial condition of its insurers and reinsurers and monitors its credit risk related to insolvencies. September 30, 2003, certain of the Company's policy years were insured by two companies who are either insolvent or under regulatory supervision. The Company's provision for losses from professional liability claims assumes these policy years to be self-insured. The Company's estimated liability for its self-insured retention related to medical professional claims was \$3,254,000 at September 30, 2003.

Litigation

The Company is involved in certain legal actions and claims on a variety of matters related to the normal course of business. It is the opinion of management that such legal actions will not have a material effect on the results of operations or the financial position of the Company.

Healthcare Regulations

The healthcare industry is subject to numerous laws and regulations of Federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Management believes that the Company is in compliance with fraud and abuse statutes as well as other applicable government laws and regulations. Compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time.

Report of Independent Auditors

The Board of Directors
CHD Meridian Healthcare

We have audited the accompanying consolidated balance sheets of Meridian Occupational Healthcare Associates, Inc. and subsidiaries (d/b/a CHD Meridian Healthcare), a Delaware corporation, as of December 31, 2002, 2001 and 2000, and the related consolidated statements of operations, stockholders' equity, and cash flows for the years then ended. Edgar Filing: I TRAX INC - Form PRE 14A

responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Meridian Occupational Healthcare Associates, Inc. and subsidiaries at December 31, 2002, 2001 and 2000, and the consolidated results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

Notes to Consolidated Financial Statements

December 31, 2002

1. Reporting Entity and Principles of Consolidation

Reporting Entity

Effective January 1, 2000, Meridian Occupational Healthcare Associates, Inc.

Edgar Filing: I TRAX INC - Form PRE 14A

("Meridian") acquired Corporate Health Dimensions, based in Latham, New York. In conjunction with the acquisition, Meridian began doing business as CHD Meridian Healthcare ("CHD Meridian"), also referred to herein as the "Company".

CHD Meridian Healthcare is the nation's largest provider of outsourced health care services to the employer-sponsored market. The Company's model allows employers to contract directly for a wide range of health care services on behalf of employees, dependents, and retirees that are delivered through facilities located at or near the work site. CHD Meridian develops and manages custom designed facilities that address the pharmacy, primary care, occupational health, and corporate health demands of its clients. CHD Meridian currently provides employer-sponsored services to 88 clients at 156 locations in 31 states.

Physician services are provided at CHD Meridian's locations under management agreements with affiliated physician associations (the Physician Groups), which are organized professional corporations that hire licensed physicians who provide medical services.

Pursuant to the service agreements, the Physician Groups provide all medical aspects of CHD Meridian's services, including the development of professional standards, policies, and procedures for a fee. CHD Meridian provides a wide array of business services to the Physician Group, including administrative services, support personnel, facilities, marketing, and non-medical services in exchange for a management fee.

Principles of Consolidation

The consolidated financial statements include accounts of Meridian Occupational Healthcare Associates, Inc., its wholly owned subsidiaries, and the Physician Groups. The financial statements of the Physician Groups are consolidated with CHD Meridian in accordance with the nominee shareholder model of EITF 97-2, "Application of FASB Statement No. 94 and APB Opinion No. 16 to Physician Practice Management Entities and Certain Other Entities with Contractual Management Arrangements." CHD Meridian has unilateral control over the assets and operations of the Physician Groups.

Meridian Occupational Healthcare Associates, Inc.
and Subsidiaries (d/b/a CHD Meridian Healthcare)

Notes to Consolidated Financial Statements (continued)

1. Reporting Entity and Principles of Consolidation (continued)

Principles of Consolidation (continued)

Consolidation of the Physician Groups with CHD Meridian is necessary to present fairly the financial position and results of operations of CHD Meridian. Control of the Physician Groups is perpetual and other than temporary because of the nominee shareholder model and the management agreements between the entities. The net tangible assets of the Physician Groups were not material at December 31, 2002, 2001 or 2000. All significant intercompany accounts and transactions have been eliminated in consolidation.

2. Summary of Significant Accounting Policies

Revenue Recognition and Accounts Receivable

Revenue is recorded at estimated net amounts to be received from employers for services rendered. The allowance for doubtful accounts represents management's estimate of potential credit issues associated with amounts due from employers.

Concentration of Credit Risks

The Company's credit risks primarily relate to cash and cash equivalents and accounts receivable. Cash and cash equivalents are primarily held in bank accounts, whose balances may exceed federally-insured limits from time-to-time. Accounts receivable consist primarily of amounts due from corporate customers. The Company continually reviews collectibility of its accounts receivable and maintains allowances for doubtful accounts.

The Company had one customer in 2002, 2001 and 2000 that accounted for 11%, 11% and 10% of total revenue, respectively.

Cash and Cash Equivalents

The Company considers highly liquid investments with original maturities of three months or less to be cash equivalents.

93

Meridian Occupational Healthcare Associates, Inc.
and Subsidiaries (d/b/a CHD Meridian Healthcare)

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Property and Equipment

Property and equipment are stated on the basis of cost. Depreciation and amortization are provided on the straight-line method over the following estimated useful lives:

	Years

Furniture and equipment	5-7
Leasehold improvements	Remaining life of the lease

Goodwill and Other Intangible Assets

Goodwill represents the excess of purchase price over fair value of net tangible assets acquired. Through December 31, 2001, goodwill was amortized on a straight-line basis over the expected periods to be benefited, generally forty years. In June 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets" ("Statement 142"). Effective January 1, 2002, the amortization of all goodwill was discontinued upon the adoption of Statement 142. This statement prohibits the amortization of goodwill and other indefinite lived intangible assets over a set period, rather these assets must be tested for impairment at least annually using a fair value method. The Company performed a transitional goodwill impairment test, noting no impairment.

Edgar Filing: I TRAX INC - Form PRE 14A

Impairment is measured at the reporting unit level using a discounted cash flows model to determine the fair value of the reporting units.

The Company will perform a goodwill impairment test whenever events or changes in facts or circumstances indicate that impairment may exist, or at least annually during the fourth quarter each year.

Other intangible assets represent customer lists, which are amortized on a straight-line basis over the expected periods to be benefited, generally 16 years. The Company evaluates impairment of its customer lists through SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("Statement 144"), as discussed below.

94

Meridian Occupational Healthcare Associates, Inc.
and Subsidiaries (d/b/a CHD Meridian Healthcare)

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Long-Lived Assets

The Company adopted Statement 144 on September 1, 2001. Statement 144 supersedes Statement 121 and addresses financial accounting and reporting for the impairment of long-lived assets and for long-lived assets to be disposed of.

Management evaluates the carrying value of long-lived assets, including property and equipment in accordance with Statement 144. Statement 144 requires that companies consider whether events or changes in facts and circumstances, both internally and externally, may indicate that an impairment of long-lived assets held for use is present. If this review indicates that such long-lived assets will not be recoverable based on undiscounted cash flows of the related assets, the Company would record an impairment charge, representing the difference between carrying value and fair value (generally determined based on discounted cash flows). Other than as described in Note 3, management has determined that there was no impairment of long-lived assets at December 31, 2002, 2001 or 2000.

Stock Option Plan

The Company applies the intrinsic value method of accounting prescribed by Accounting Principles Board Opinion No. 25 ("APB 25") "Accounting for Stock Issued to Employees," and related interpretations in accounting for its options. As such, compensation expense would generally be recorded on the date of grant only if the then current market price of the underlying stock exceeded the exercise price.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amount of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Meridian Occupational Healthcare Associates, Inc.
and Subsidiaries (d/b/a CHD Meridian Healthcare)

Notes to Consolidated Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Estimated Medical Professional Liability Claims

The Company is insured for medical professional liability claims on a claims-made basis through commercial insurance policies. It is the Company's policy that provision for estimated medical professional liability costs be made for asserted and unasserted claims based on actuarially projected estimates, based on historical loss payment patterns. Provision for such professional liability claims includes estimates of the ultimate costs of such claims. The Company evaluates the financial condition of its insurers and reinsurers and monitors its credit risk related to insolvencies. At December 31, 2002, certain of the Company's policy years were insured by two companies who are either insolvent or under regulatory supervision. The Company's provision for losses from professional liability claims assumes these policy years to be self-insured. The Company's estimated liability for its self-insured retention related to medical professional claims was \$3,098,000, \$2,178,000 and \$1,373,000 at December 31, 2002, 2001 and 2000, respectively.

Disclosure About Fair Value of Financial Instruments

The fair value of the Company's cash and cash equivalents, accounts receivable, other current assets, accounts payable, and accrued expenses approximate carrying amounts because of the short maturity of those instruments.

The fair value of the Company's debt instruments is estimated based on the current rates offered to the Company for similar instruments of the same maturities and approximates the carrying amounts.

Reclassifications

Certain prior year balances have been reclassified to conform with the current year presentation. Such reclassifications had no effect on the net results of operations as previously reported.

Business Segment

The Company operates in a single reportable business segment.

and Subsidiaries (d/b/a CHD Meridian Healthcare)

Notes to Consolidated Financial Statements (continued)

3. Discontinued Operations

During 2001, the Company was notified of the cancellation of two government contracts, located in Fairfax, VA and Woodbridge, VA. The cancellation of these contracts met the requisite requirements to be accounted for as discontinued operations under Statement 144 because of the distinct financial information of the component entities that was available and reviewed by management. In accordance with Statement 144, the gain on discontinued operations of these two contracts of \$607,000 and \$1,232,000 for the years ended December 31, 2001 and 2000 was reclassified and reflected separately in the accompanying Consolidated Statements of Operations. In accordance with Statement 144, the Company recorded a loss on disposal of the discontinued operations of \$3,716,000 for the year ended December 31, 2001, which consisted predominantly of the write-down of the equipment and intangible assets. Any remaining gains or losses on the discontinued operations will be recorded in the period incurred, in accordance with the requirements of Statement 144. At December 31, 2001, the net assets of discontinued operations consisted of accounts receivable (\$2,509), net of severance accruals of (\$201) and contract staffing accruals of (\$1,299). At December 31, 2002, the net liabilities of discontinued operations consisted of the contract staffing accruals. The contract staffing accruals represent management's estimate of the Company's obligations related to the government's right to audit the contract terms and conditions.

The Company divested of its 11 freestanding occupational healthcare clinics located in Northern California (California Operations) during 1998. The sale of the California Operations was accounted for as discontinued operations in the accompanying consolidated financial statements. During 2000, one of two remaining leases was cancelled through an early payment settlement, resulting in a gain on discontinued operations of \$350,000, which represents the difference between the obligation and the settlement payment. During 2001, the remaining lease expired, resulting in a gain on disposal of discontinued operations of \$82,000. There was no impact to the financial statements related to the California Operations during 2002.

4. Business Combinations

Effective January 1, 2000, the Company acquired all of the assets and liabilities of Corporate Health Dimensions, Inc. in exchange for 104,044 shares of common stock.

4. Business Combinations (continued)

2000 Acquisition (continued)

Edgar Filing: I TRAX INC - Form PRE 14A

The aggregate purchase price of \$15,000,000 for this acquisition is summarized as follows (in thousands):

Fair value of tangible assets acquired	\$ 11,581
Liabilities assumed	(10,749)
Goodwill	5,723
Customer lists	8,445

Corporate Health Dimensions, Inc. operated and managed on-site healthcare clinics for large employers. Their delivery model for employer-sponsored healthcare services was very similar to the Company's model. They operated in the primary care, pharmacy and occupational areas and had been a competitor on most large contracts prior to the merger. From a strategic standpoint, Corporate Health Dimensions, Inc. was the only nationwide competitor for the Company, and thus, an excellent candidate for merger. Their client list was a complement to the Company's own client list, and together established the combined Company as the single source for on-site healthcare for Fortune 1000 companies.

6. Goodwill and Other Intangible Assets

In accordance with Statement 142, the Company discontinued the amortization of goodwill effective January 1, 2002. 7. Long-Term Debt

In January 2000, Bank of America purchased the Company's line of credit from First Union and extended the maturity date to May 2000. Effective May 15, 2000, the Company obtained a permanent \$7.5 million credit facility from Bank of America which expired on November 15, 2002. Effective November 15, 2002, the Company amended the permanent \$7.5 million credit facility from Bank of America. The permanent credit facility was reduced to \$6.5 million and extended to

Edgar Filing: I TRAX INC - Form PRE 14A

November 15, 2005. The credit facility has a \$1 million letter of credit portion with the remainder being a term loan revolver. The letter of credit of \$1 million has been issued for the benefit of The Reciprocal Alliance, the Company's medical malpractice carrier. The credit facility is secured by substantially all of the Company's assets. At no time may the borrowings on the credit facility exceed 75% of the Company's assets. Borrowings, at the Company's election, may be either base rate loans or LIBOR loans. Base rate loans bear interest at the federal funds rate plus 5% per annum. The LIBOR loans bear interest at the LIBOR rate plus a range of 1.5% to 3.0% based on the Company's leverage ratio. At December 31, 2002, and 2001, the Company had no debt outstanding on the term loan. At December 31, 2000, the Company had \$6,030,000 outstanding on the term loan.

The credit facility includes certain financial covenants customary for the amount and duration of this commitment. The Company was in compliance with all such covenants at December 31, 2002.

operations. As a result of each period's loss and existing NOL carryforwards, the Company has not recorded a provision for current federal income tax for the years ended December 31, 2002, 2001 and 2000. At December 31, 2002, 2001 and 2000, the Company has a cumulative NOL carryforward for federal income tax purposes of \$18.2 million, \$19.8 million, and \$19.5 million, respectively, which expires between 2011 and 2021. Edgar Filing: I TRAX INC - Form PRE 14A

\$25.0 million, and \$16.3 million, respectively, which expire between 2006 and 2021. For financial reporting purposes, a valuation allowance has been recorded against the deferred tax assets related to these carryforwards.

Stock Option Plan

The Company's 1997 Stock Incentive Plan (the "Plan"), provides for qualified and non-qualified incentive stock option grants which may be granted to key employees as designated by the Board of Directors. The options are exercisable commencing on dates specified in the option agreements and generally vest ratably over a four-year period. The options expire at the earlier of ten years from the date of grant or three months after the termination of the holder's employment with the Company.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure" ("Statement 148"), which amends SFAS No. 123, "Accounting for Stock-Based Compensation" ("Statement 123"). Statement 148 provides alternative methods of transition for a voluntary change to the fair value-based method of accounting for stock-based employee compensation and amends the disclosure requirements of Statement 123 to require more prominent and more frequent disclosures in financial statements about the effects of stock-based compensation. Statement 148 is effective for financial statements issued for fiscal years ending after December 15, 2002. The Company has elected to account for stock-based compensation plans under the intrinsic value-based method of accounting prescribed by APB 25 that does not utilize the fair value method.

All options have been granted with exercise prices equal to or greater than

Edgar Filing: I TRAX INC - Form PRE 14A

management's estimate of the fair value of the Company's common stock on the date of grant. As a result, no compensation cost has been recognized. If the alternative method of accounting for stock option plans prescribed by Statement 123 and Statement 148 had been followed, the Company's net income (loss) would not have been materially different for the years ended December 31, 2002, 2001 and 2000, respectively.

General

On December 26, 2003, I-trax entered into a merger agreement with CHD Meridian, a privately held company and a leading provider of outsourced, employer-sponsored healthcare services to Fortune 1,000 companies.

The merger agreement provides for delivery of: 10,000,000 shares of I-trax common stock, 400,000 shares of I-trax convertible preferred stock and cash. CHD Meridian stockholders will also receive additional shares of I-trax common stock if CHD Meridian, continuing its operations following the closing of the merger as a subsidiary of I-trax, achieves certain calendar 2004 milestones for earnings before interest, taxes, depreciation and amortization (or EBITDA). If EBITDA exceeds \$8.1 million, the number of such additional I-trax common shares payable will be 3,600,000; the number of such shares increases proportionately up to a maximum of 4,000,000 such additional I-trax common shares if EBITDA exceeds \$9.0 million.

The amount of cash payable as part of the merger consideration will be \$35 million less (1) the amount, if any, by which CHD Meridian's cash at closing is less than \$13.2 million and (2) the amount CHD Meridian spends to redeem any of its outstanding common stock or options to acquire common stock, which may equal up to \$11 million.

I-trax expects to fund the cash portion of the merger consideration by selling 800,000 shares of convertible preferred stock at \$25 per share and convertible into common stock at a price of \$2.50 per share, for gross proceeds of \$20 million, and obtaining a senior credit facility with a national lender, which allows a closing date draw of least \$16 million.

Pro Forma Condensed Combined Financial Statements

The following information has been provided to aid you in your analysis of the financial aspects of the merger. This information was derived from the audited consolidated financial statements of each of I-trax and CHD Meridian for year 2002 and the unaudited condensed consolidated financial statements of each of I-trax and CHD Meridian for the nine months ended September 30, 2003. The information should be read together with the historical financial statements and related notes of CHD Meridian contained in this proxy statement and the historical financial statements and related notes contained in I-trax's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2002, Quarterly Report on Form 10-QSB for the fiscal quarter ended September 30, 2003 and Current Reports on Form 8-K filed since January 1, 2003 filed with the Securities and Exchange Commission and attached to this proxy in Annex G.

The unaudited pro forma adjustments are based on management's preliminary estimates of the value of the tangible and intangible assets and

Edgar Filing: I TRAX INC - Form PRE 14A

liabilities acquired. As a result, the actual determination of the value of the tangible and intangible assets and liabilities acquired may differ materially from those presented in these unaudited pro forma condensed combined financial statements. A change in the unaudited pro forma condensed combined balance sheet adjustments of the purchase price for the acquisition would primarily result in the reallocation affecting the value assigned to tangible and intangible assets. The income statement effect of these changes will depend on the nature and the amount of the assets or liabilities adjusted.

The unaudited pro forma condensed combined financial statements are presented for informational purposes only and are not necessarily indicative of the financial position or results of operations of I-trax that would have occurred had the purchase been consummated as of the dates indicated above. In addition, the unaudited pro forma condensed combined financial statements are not necessarily indicative of the future financial condition or operating results of I-trax.

109

Accounting Treatment

The merger will be accounted for under the purchase method of accounting, with I-trax treated as the acquirer. As a result, I-trax will record the assets and liabilities of CHD Meridian at their estimated fair values and will record as goodwill the excess of the purchase price over such estimated fair values. The unaudited pro forma condensed combined financial statements reflect preliminary estimates of the allocation of the purchase price for the acquisition that may be adjusted. The operating results of CHD Meridian will be combined with the results of I-trax from the date of the merger. As a result, I-trax's earnings for 2004 will not include CHD Meridian's 2004 earnings prior to the merger.

Periods Covered

The following unaudited pro forma condensed combined balance sheet as of September 30, 2003, is presented as if the merger had occurred on September 30, 2003. The unaudited pro forma condensed combined statements of operations for the nine months ended September 30, 2003, and for the year ended December 31, 2002, are presented as if the companies had merged as of January 1, 2002.

The pro forma adjustments to the condensed combined balance sheet below give effect to the financing of the CHD Meridian acquisition and the acquisition of CHD Meridian as if they were both consummated as of September 30, 2003. The pro forma adjustments to the condensed combined statement of profit and loss below give effect to the financing of the CHD Meridian acquisition and the acquisition of CHD Meridian as if they were both consummated as of January 1, 2002.

- A. To give effect to the receipt of \$36,000 of cash comprised of a \$16,000 draw down from a senior credit facility and \$20,000 from the issuance of 800,000 shares of I-trax's convertible preferred stock at \$25 per share. Each share of preferred stock is convertible into 10 shares of I-trax's common stock at \$2.50 per share.
- B. In connection with the expected issuance of convertible preferred stock, I-trax has recorded the value of a beneficial conversion feature for the underlying common stock amounting to \$12,000 under the assumption that the acquisition is effected with an estimated market price of approximately \$4.00 per share. The beneficial value, which is the benefit realized by the preferred stockholder, is treated as a dividend for purpose of computing earnings per share. The dividend is computed by multiplying the difference between the current market value of the underlying common stock (\$4.00 per share) and the conversion price (\$2.50 per share) by the number of shares of common stock for which the preferred is convertible into (8,000,000 shares).
- C. To give effect to the placement agent commission fees associated with the sale of \$20,000 of convertible preferred stock computed at 6% of the gross proceeds or \$1,200 in cash.

118

- D. To give effect to the additional placement agent commission fees associated with the sale of \$20,000 of convertible preferred stock. The consideration consists of warrants purchase 400,000 shares of common stock at \$2.50 per share. Based on the Black-Scholes model, I-trax has valued such warrants at \$1,364.
- E. To give effect to CHD Meridian redeeming approximately \$11,000 of common stock and options from its current stockholders and option

holders.

- F. To give effect to the acquisition of CHD Meridian estimated at \$80,467. The pro forma adjustment gives effect to the following items: i) disbursement of the cash portion of the acquisition in the amount of \$22,899, as adjusted for the redemption of CHD Meridian common stock and options, and for a minimum cash balance requirement as per the merger agreement; ii) estimated disbursements in connection with the costs of the transaction amounting to \$1,568; iii) issuance of 10,000,000 shares of I-trax common stock valued at \$4.00 per share (based on an approximate current value; this amount will change based on the market value on the actual date of closing), or \$40,000; iv) issuance of 400,000 shares of convertible preferred stock at \$25 per share or \$10,000, convertible into 4,000,000 shares of I-trax common stock. In connection with the expected issuance of the 400,000 shares of convertible preferred stock, I-trax has also recorded the value of beneficial conversion feature of the underlying common stock in the amount of \$6,000. The beneficial value to the convertible preferred stock holders is treated as additional consideration given in the acquisition. The beneficial value is computed by multiplying the difference between the current market value of the underlying I-trax common stock of \$4.00 per share less the conversion price of \$2.50 per share by the number of share of I-trax common stock to be issued.
- G. To give effect to the consolidation and the elimination of CHD Meridian's equity and to preliminarily allocate the purchase price over the estimated fair values of the assets and liabilities acquired with the excess assigned to goodwill.
- H. To give effect to the bonus pool approved by the Compensation Committee for employees associated with the merger. The bonus pool aggregating to \$800 is composed of \$500 in cash and \$300 in the form of I-trax common stock.
- I. To give effect to the amortization expense associated with the estimated amount of customer lists/relations acquired for the nine months ended September 30, 2003 and the year ended December 31, 2002 over an estimated average useful life of four years.
- J. To give effect to the interest expense associated with the draw down of \$16,000 credit line facility, which has been utilized to fund a portion of the acquisition price as discussed in Note A above.

124

SECTION FOUR

CERTAIN LEGAL INFORMATION

CHD Meridian is presently a privately held company, incorporated under Delaware law. As such, matters related to corporate control, stockholder

Edgar Filing: I TRAX INC - Form PRE 14A

meetings, voting of stock, transferability of stock, and to the relative powers and authority of the stockholders, directors and officers, are generally governed by Delaware law, by CHD Meridian's certificate of incorporation and bylaws, and by a Stockholders Agreement dated as of January 1, 2000. I-trax is also incorporated under Delaware law, but it is publicly held, and corporate control and similar issues for I-trax are governed by I-trax's certificate of incorporation and bylaws, which differ in some respects from those of CHD Meridian, and the rules of the American Stock Exchange, on which I-trax common stock is traded. Because I-trax common stock is publicly traded, I-trax and its stockholders do not have a stockholders agreement establishing rights of first refusal, tag-along rights, drag along rights or preemptive rights analogous to those established under the Stockholders Agreement. Upon closing of the first step of the merger, CHD Meridian stockholders will become I-trax stockholders, the Stockholders Agreement will terminate, and the CHD Meridian's certificate of incorporation and bylaws will no longer determine the rights of CHD Meridian stockholders. CHD Meridian stockholders who were entitled under the Stockholders Agreement to designate certain members of CHD Meridian's board of directors will not have any contractual right to designate directors of I-trax, but will vote for directors along with all other I-trax stockholders. The registration rights held by CHD Meridian stockholders under the Stockholders Agreement will also terminate. The merger agreement, however, requires I-trax to register the resale of I-trax common stock received by CHD Meridian stockholders in the merger and upon conversion of I-trax convertible preferred stock issued to CHD Meridian stockholders in the merger.

The summary contained in the following chart is not intended to be a complete description of all differences in corporate governance between CHD Meridian and I-trax, and is qualified by reference to Delaware law, the CHD Meridian charter, bylaws and Stockholders Agreement, and the I-trax charter and bylaws, in each case as in effect on the date of this proxy statement.

SUMMARY OF CERTAIN DIFFERENCES BETWEEN MATERIAL RIGHTS OF OF I-TRAX AND CHD MERIDIAN STOCKHOLDERS

It is anticipated that 400,000 shares of convertible preferred stock will be issued in the merger. In addition, up to 1,100,000 shares of convertible preferred stock will be issued in the financing in connection to the merger.

CHD MERIDIAN

The authorized capital stock of CHD Meridian consists of 250,000 shares of common stock and 93,500 shares of preferred stock.

Edgar Filing: I TRAX INC - Form PRE 14A

I-TRAX

The I-trax board of directors consists of 9 directors.

CHD MERIDIAN

The CHD Meridian board of directors currently consists of 7 directors.

Term, Classification and Selection of Board Of Directors

I-TRAX

The I-trax board of directors is not divided into classes. Each director is elected at I-trax's annual meeting of stockholders and holds office until his or her successor is elected and qualified or until his or her earlier resignation or removal. Vacancies and newly created directorships resulting from increases in the authorized number of directors may be filled by a majority of the directors in office, even if less than a quorum, or by the sole remaining director, and, each director so chosen will hold office until the next annual meeting and until his or her successor is duly elected and qualified unless he or she is sooner displaced. If, at the time of filling any vacancy or newly created directorship, the directors then in office constitute less than a majority of the whole board, the Court of Chancery may, upon application of stockholders holding at least ten percent of the total outstanding voting stock, order an election to be held to fill such vacancies or newly created directorships, or to replace the directors chosen by the directors then in office.

CHD MERIDIAN

Under the CHD Meridian Stockholders Agreement, CHD Meridian's board of directors consists of the chairman of the board, the chief executive officer, the chief operating officer, two persons designated by Centre Reinsurance Limited and CHD Investors, LLC, and two persons designated by Warburg, Pincus Ventures, L.P., Pacific Venture Group, L.P. and Bessemer Venture Partners. Removal or replacement of any of the four directors that particular stockholders are entitled to designate may only be effected with the consent of such stockholders. Under the Stockholders Agreement, actions of CHD Meridian's board of directors require a majority of the full number of board members (even if not all Board members are present at the meeting).

Removal of Directors

I-TRAX

Directors may be removed from office with or without cause by a majority of the shares entitled to vote at an election of directors.

CHD MERIDIAN

Under the CHD Meridian Stockholders Agreement, removal or replacement of any of the four CHD Meridian directors that particular stockholders are entitled to designate may only be effected with the consent of such stockholders.

Stockholder Action By Written Consent

I-TRAX

I-trax stockholders may act by written consent in lieu of a meeting of stockholders if the written consent or consents are signed to I-trax stockholders holding stock representing the minimum number of votes required to take such action at a meeting where all stockholders entitled to vote on the action were present and voted. If the written consent is not unanimous, notice of the action must be promptly given to stockholders who did not consent in writing. Election of directors by less than unanimous written consent must comply with the provisions of the Delaware General Corporation Law.

CHD MERIDIAN

CHD Meridian stockholders may act by written consent in lieu of a meeting of stockholders if the written consent or consents are signed to CHD Meridian stockholders holding stock representing the minimum number of votes required to take such action at a meeting where all stockholders entitled to vote on the action were present and voted. If the written consent is not unanimous, notice of the action must be promptly given to stockholders who did not consent in writing

Calling of Special Meetings of Stockholders

I-TRAX

The I-trax bylaws provide that a special meeting of stockholders may be called by the chairman or president and must be called by president or secretary at the written request of majority of the board of directors or the holders of a majority of I-trax's outstanding voting stock.

CHD MERIDIAN

The CHD Meridian bylaws provide that a special meeting of stockholders may be called by the board of directors, or by the president, and shall be called by the President at the request of the holders of a majority of the outstanding shares of capital stock entitled to vote.

Amendment of Certificate of Incorporation and Bylaws

I-TRAX

I-trax's certificate of incorporation may be amended if the change is proposed by the board and approved by the holders of a majority of the outstanding shares, provided that the consent of holders of at least a majority of the outstanding shares of convertible preferred stock, if issued and outstanding, is required to change the certificate of incorporation so as to adversely affect the rights, preference or privileges of the convertible preferred stock or any equity securities of I-trax that rank senior to or on parity with convertible preferred stock.

Edgar Filing: I TRAX INC - Form PRE 14A

The I-trax bylaws may be amended by the stockholders or directors at any regular meeting of stockholders or directors or at any special meeting of stockholders or directors if notice of such amendment is provided in the notice of the special meeting, provided that the consent of holders of at least a majority of the outstanding shares of I-trax's convertible preferred stock, if issued and outstanding, is required to change the bylaws so as to adversely affect the rights, preference or privileges of the convertible preferred stock or any equity securities of I-trax that rank senior to or on parity with the convertible preferred stock.

CHD MERIDIAN

CHD Meridian's certificate of incorporation may be amended if the change is proposed by the board and approved by the holders of a majority of the outstanding shares. The certificate of incorporation also contains various protective provisions in favor of the preferred stock, but these have no current application, as no preferred shares are presently outstanding.

CHD Meridian's board of directors has the power to amend the CHD Meridian bylaws, provided, however, that the stockholders also have the power to amend the bylaws, and have the power to enact bylaws which if so expressed may not be amended or repealed by the board of directors.

127

DESCRIPTION OF I-TRAX CAPITAL STOCK

General

The authorized capital stock of I-trax consists of 100,000,000 shares of I-trax common stock, par value \$0.001 per share, of which, as of January 20, 2004, there were 13,952,376 shares issued and outstanding and 2,000,000 shares of preferred stock, par value \$0.001 per share, none of which, as of January 20, 2004, were outstanding, 1,500,000 shares of which have been reserved for issuance and, if the merger is completed, will be designated convertible preferred stock and issued as consideration in the merger and in the financing in connection with the issuance. All of the outstanding shares of the capital stock of I-trax are duly authorized, validly issued, fully paid and nonassessable, and no class is entitled to preemptive rights. As of January 20, 2004, there were no outstanding subscriptions, options, warrants, rights, contracts or other arrangements or commitments obligating I-trax to issue any shares of its capital stock or any securities convertible into or exchangeable for shares of its capital stock, except shares of I-trax common stock (1) issuable upon conversion of I-trax's convertible preferred stock I-trax, (2) approximately 478,187 shares issuable upon conversion of I-trax's convertible debt, and (3) approximately 5,469,286 shares issuable upon exercise of outstanding warrants and options. The following summary description of the capital stock of I-trax does not purport to be complete and is qualified in its entirety by reference to I-trax's certificate of incorporation, including the certificate of designations relating to the convertible preferred stock, and to the Delaware General Corporation Law.

I-trax Common Stock

Holders of I-trax common stock are entitled to one vote for each share

Edgar Filing: I TRAX INC - Form PRE 14A

held of record on all matters submitted to a vote of I-trax stockholders. Subject to preferences that may be applicable to any outstanding preferred stock, holders of common stock are entitled to receive ratably any dividends declared by I-trax's board of directors out of funds legally available for dividends. In the event of a liquidation, dissolution or winding up of I-trax, holders of I-trax common stock are entitled to share ratably in all assets remaining after payment of liabilities and the liquidation preferences of any outstanding shares of preferred stock. Holders of common stock have no preemptive rights.

I-trax Preferred Stock

General

I-trax's preferred stock is issuable in series upon resolution of its board of directors. I-trax's board of directors is authorized, by resolution or resolutions and subject to limitations prescribed by law and the provisions of its certificate of incorporation, to provide for the issuance of shares of preferred stock, in one or more series or class, and, by filing a statement pursuant to the General Corporation Law of Delaware, to establish from time to time the number of shares to be included in each such series or class and to fix the designations, powers, preferences and rights of the shares of each such series or class and the qualifications, limitations or restrictions thereof. The ability of the I-trax board of directors to issue I-trax preferred stock, while providing flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from acquiring, a majority of the outstanding voting stock of I-trax. As of the date of this proxy statement, no shares of I-trax preferred stock are issued and outstanding.

Series A Convertible Preferred Stock

Designation and Amount. The I-trax Series A Convertible Preferred Stock to be issued as consideration in the merger and in the financing in connection with the merger, has a par value of \$.001 per share and a stated value and a liquidation preference of \$25.00 per share, plus accrued and unpaid dividends. The authorized number of shares of the convertible preferred stock is 1,500,000.

128

Rank. In a liquidation, the Series A Convertible Preferred Stock will rank as to dividends and rights on liquidation senior to I-trax common stock and all future classes and series of capital stock except those classes or series of I-trax capital stock created in the future which expressly designated as ranking senior to or on a parity with the new convertible preferred stock.

Dividends. The Series A Convertible Preferred Stock will accrue, from issuance, dividends at a rate of 8% per year on the \$25.00 per share original issue price. Dividends will only be payable upon liquidation of I-trax or conversion of the Series A Convertible Preferred Stock into common stock and will be payable, at the option of I-trax, in cash or common stock.

Conversion Rights. The holders of shares of Series A Convertible Preferred Stock will have the right, at their option, to convert any or all of such shares into shares of I-trax common stock initially at a conversion price equal to \$2.50 per share of common stock, with each share of convertible preferred stock being valued at \$25.00 for such purpose. In addition, shares of Series A Preferred Stock will convert into I-trax common stock automatically if

Edgar Filing: I TRAX INC - Form PRE 14A

(1) shares of I-trax common stock issuable upon conversion are registered for resale under the Securities Act of 1933, (2) the closing price of I-trax common stock is at least \$7.50 per share for 20 of 30 consecutive trading days, (3) there is an effective registration statement and prospectus permitting resale of conversion shares during the 30 consecutive trading days, (4) the conversion shares are listed or admitted for trading on The Nasdaq National Market, The American Stock Exchange or the New York Stock Exchange and (5) I-trax otherwise honors all conversions. Notwithstanding the preceding, Series A Preferred Stock will not automatically convert into I-trax common stock with respect to a holder if conversion will result in such holder owning more than 4.9% of the outstanding I-trax common stock. Rather, such holder will have 90 days to reduce such holder's potential ownership to below 4.9%. The conversion price is subject to antidilution adjustments in the event of stock splits, stock combinations or recapitalizations.

Voting Rights. Each share of Series A Convertible Preferred Stock will have voting rights equal to that number of shares of common stock of I-trax into which such Series A Convertible Preferred Stock could be converted on the record date for determining the stockholders entitled to vote, voting together with the holders of shares of common stock as one class. Initially, the number of votes per share of Series A Convertible Preferred Stock will be ten.

Protective Provision. The consent of at least a majority of the outstanding convertible preferred stock will be required to amend any provision of the I-trax's certificate of incorporation or bylaws, if such amendment would adversely affect rights, preferences or privileges of the Series A Convertible Preferred Stock, or any equity securities of I-trax that rank senior to or on parity with the convertible preferred stock, to affect them adversely.

Liquidation Rights. Upon any voluntary or involuntary liquidation, dissolution or winding-up of I-trax, the holders of Series A Convertible Preferred Stock will be entitled to receive out of I-trax's assets legally available for distribution a distribution in the amount of \$25.00 per share, plus an amount equal to all accrued and unpaid dividends thereon to the date fixed for distribution, before any distribution or payment is made to holders of common stock of I-trax or on any other class of the company stock ranking junior to the Series A Convertible Preferred Stock.

Restrictions on I-trax. As long as shares of Series A Convertible Preferred Stock are outstanding, the consent of a majority of the outstanding shares of Series A Convertible Preferred Stock is required to authorize, issue, or sell (or to agree to any of the foregoing), a new class or series of equity securities, or securities or rights of any kind that are convertible into or exchangeable for equity securities, that rank senior to or on parity with the convertible preferred stock. In addition, the consent of a majority of the outstanding shares of Series A Convertible Preferred Stock will be required to declare, set aside or pay any dividend on any equity securities that the Series A Convertible Preferred Stock is senior to, other than dividends payable in equity securities to which the preferred stock is senior, and any dividend on securities on equity securities the preferred stock ranks in parity with, unless the Series A Convertible Preferred Stock equally participates in the dividend.

A form of the Certificate of Designations for I-trax Series A Convertible Preferred Stock is included as Annex D to this proxy statement.

Edgar Filing: I TRAX INC - Form PRE 14A

In February of 2002 I-trax sold a 6% convertible senior debenture in the aggregate principal amount of \$2,000,000 to Palladin Opportunity Fund LLC, of which \$700,000 remains outstanding as of January 20, 2004. The principal amount of the debenture accrues interest at the rate of 6% per annum, payable semi-annually on July 1 and January 1. I-trax may, at its option, pay accrued interest in cash or add accrued interest to the principal amount of the debenture. The outstanding principal and any capitalized interest are payable in full on or before February 3, 2005. Further, outstanding principal and any capitalized interest may be converted at any time at the election of the Palladin into I-trax common stock at a conversion price of \$1.75 per share. Further, the applicable conversion price is subject to anti-dilution adjustment if I-trax issues securities at an effective per share price of less than the then applicable conversion price or the then applicable market price.

I-trax shall promptly convey to CHDM and its counsel all correspondence with the SEC related to the Form S-3. I-trax shall keep such registration statement effective for a period of two years from its initial effective date. I-trax at its expense will supply the former CHDM Stockholders with copies of the Form S-3 and any prospectus included therein and other related documents in such quantities as may be reasonably requested by the former CHDM Stockholders. I-trax will indemnify and hold harmless the former CHDM Stockholders and their affiliates against any liability or expense under the Securities Act of 1933 or otherwise, insofar as such liability or expense is caused by any untrue statement or alleged untrue statement of any material fact contained in the Form S-3, any prospectus contained therein or any amendment or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances in which they were made, not misleading; provided, however, that I-trax will not be liable to the extent that any such liability or expense arises out of an untrue statement or alleged untrue statement or omission or alleged omission made in conformity with information furnished by such former CHDM Stockholder in writing specifically for use in the preparation of the Form S-3.

In case at any time after the Closing any further action is necessary or desirable to carry out the purposes of this Agreement, each of the Parties will take such further action (including the execution and delivery of such further instruments and documents) as any other Party reasonably may request, all at the sole cost and expense of the requesting

Each of I-trax, Acquisition, Acquisition LLC shall use its or their best efforts to cause the Merger to constitute a "reorganization" within the meaning of Section 368(a) of the Code for federal income tax purposes (a "Tax-Free Reorganization"). None of the aforementioned Parties has taken or will take, either before or after consummation of the Merger, any action that, to the Knowledge of such Party, would cause the Merger to fail to constitute a Tax-Free Reorganization. Unless otherwise required by law, each Party shall (i) report the Merger on all Tax returns and filings as a Tax-Free Reorganization, and (ii) not take any position or action that is inconsistent with the characteristics of the Merger as a Tax-Free Reorganization in any audit, administrative proceeding, litigation or otherwise.

8. Remedies for Breaches of this Agreement.

(a) Survival of Representations and Warranties. All of the representations and warranties contained in this Agreement will survive the Closing hereunder (even if the beneficiary of such representation and warranties knew or had reason to know of any misrepresentation or breach of representation or warranty at the time of Closing) and continue in full force and effect until August 14, 2004, at which time they shall expire and be of no further force or effect except for covenants which by their specific terms extend for a longer period of time in which case such specific longer period of time shall be applicable and control. Any claim based on any of representation or warranty will be time barred unless submitted in writing prior to August 14, 2004 to the Party charged with such claim, regardless of the applicable legal theory underlying such claim and regardless of any different statute of limitation that might otherwise apply under applicable law.

(b) Indemnification Provisions for Benefit of I-trax.

(i) In the event CHDM breaches (or in the event any third party alleges facts that, if true, would mean CHDM has breached) any of its representations, warranties, or covenants contained herein or in any other document or instrument delivered in connection with the transactions contemplated hereby, and, if there is an applicable survival period pursuant to Section 8(a) above, provided that I-trax makes a written claim for indemnification against the Escrow Shares in accordance with the terms of the Escrow Agreement within such survival period, then I-trax shall recover a portion of the Escrow Shares, equal to the lesser of (a) 3,200,000 I-trax Common Shares, (b) I-trax Common Shares with a value, measured at the time of final resolution of such claim, of \$8,000,000, or (c) Shares with a value, measured at the time of final resolution of such claim, equal to the entirety of any Adverse Consequences I-trax suffers through and after the date of the claim for indemnification (including any Adverse Consequences I-trax suffers after the end of any applicable survival period from the events that are the subject of an indemnification claim made prior to the end of the survival period) resulting from, arising out of, relating to or caused by the breach (or the alleged breach).

(ii) For purposes of determining the number of Escrow Shares that

Edgar Filing: I TRAX INC - Form PRE 14A

shall be released to I-trax in satisfaction of any Adverse Consequences claimed under this Section 8(b), each Escrow Share shall be valued at the average of the closing price of I-trax Common Shares for ten (10) consecutive trading days ending the day prior to the final resolution of the claim in question. All Adverse Consequences paid pursuant to this Section 8(b) out of the Escrow Shares shall be treated as an adjustment to the Merger Consideration and such Adverse Consequences shall be charged on a pro rata basis to the CHDM Stockholders whose I-trax Shares are held in escrow. In the event the Escrow Shares are not sufficient to cover the full amount of the Adverse Consequences claimed pursuant to this Section 8(b), I-trax shall have no claim or right against CHDM Stockholders regardless of whether all or any of the Escrow Shares are actually earned by the CHDM Stockholders pursuant to terms set forth in this Agreement. Notwithstanding any other provision in this Agreement, recourse to such of the Escrow Shares is the sole post-Closing remedy of I-trax for breach of any representations and warranties of CHDM. After the Escrow Shares have been distributed, I-trax shall have no claim or right against CHDM Stockholders.

(c) Matters Involving Third Parties.

(i) If any third party shall notify I-trax with respect to any matter (a "Third Party Claim") which may give rise to a claim for indemnification against the Escrow Shares under this Section 8, then I-trax shall promptly notify the CHDM Representative in writing and promptly make available to the CHDM Representative all relevant information which is material to the claim and which is in the possession of I-trax; provided, however, that no delay on the part of I-trax in notifying the CHDM Representative shall limited the ability of I-trax to claim for indemnification against the Escrow Shares unless (and then solely to the extent) such delay is actually prejudicial to the defense of such Third Party Claim.

(ii) The CHDM Representative will have the right to defend I-trax against the Third Party Claim with counsel of his choice reasonably satisfactory to I-trax (with legal expenses to be paid out of escrow by

A-41

the Escrow Agent) as long as (A) the CHDM Representative notifies I-trax in writing within 15 days after I-trax has given notice of the Third Party Claim that the CHDM Representative will indemnify I-trax from and against the entirety of any Adverse Consequences I-trax may suffer resulting from, arising out of, relating to, in the nature of, or caused by the Third Party Claim, (B) the Third Party Claim involves only money damages and does not seek an injunction or other equitable relief, and (D) the CHDM Representative conducts the defense of the Third Party Claim in a commercially reasonable, active and diligent manner.

(iii) As long as the CHDM Representative is conducting the defense of the Third Party Claim in accordance with Section 8(c)(ii) above, (A) I-trax may retain separate co-counsel at its sole cost and expense and participate in the defense of the Third Party Claim, (B) CHMD Representative will not consent to the entry of any judgment or enter into any settlement with respect to the Third Party Claim without

Edgar Filing: I TRAX INC - Form PRE 14A

the prior written consent of I-trax (not to be withheld unreasonably), and (C) the CHDM Representative will not consent to the entry of any judgment or enter into any settlement with respect to the Third Party Claim without the prior written consent of the Indemnified Parties (not to be withheld unreasonably).

(iv) In the event any of the conditions in Section 8(c)(ii) above is breached materially and such breach is not cured within ten (10) days of notice thereof, or becomes unsatisfied, however, (A) I-trax may defend against, and consent to the entry of any judgment or enter into any settlement with respect to, the Third Party Claim in any manner they reasonably may deem appropriate (and I-trax need not consult with, or obtain any consent from, the CHDM Representative in connection therewith), and (B) I-trax will collect the costs of defending against the Third Party Claim (including reasonable attorneys' fees and expenses) out of the Escrow Shares.

(d) Limitations on Liability. In no event will the aggregate Liability for breach of any CHDM representations and warranties contained in this Agreement exceed the Escrow Shares. In no event will any CHDM Stockholder be personally liable on account of a breach of any representation or warranty of CHDM hereunder.

(e) Determination of Adverse Consequences. All indemnification payments under this Section 8 shall be deemed adjustments to Merger Consideration.

(f) Basket.

(i) Notwithstanding anything in Section 8(b) above to the contrary, no Escrow Shares will be applied to indemnify I-trax from and against any Adverse Consequences resulting from, arising out of, relating to, in the nature of, or caused by any breach (or any alleged breach) of any representation or warranty until I-trax has suffered Adverse Consequences by reason of all such breaches (or alleged breaches) in excess of \$500,000 and then only to the extent that I-trax has suffered Adverse Consequences by reason of all such breaches (or alleged breaches) in excess of \$500,000.

(ii) For purposes of Sections 8(b) and this Section 8(f), any and all references to a "Material Adverse Effect" or "material" limitations in the representations and warranties of CHDM which determine whether a breach has occurred shall not be considered deductibles or a separate basket, i.e., Adverse Consequences shall be calculated from the first dollar of loss.

9. Termination.

(a) Termination of Agreement. Any of the Parties may terminate this Agreement with the prior authorization of its board of directors (whether before or after stockholder approval) as provided below:

(i) the Parties may terminate this Agreement by mutual written consent at any time prior to the Effective Time;

Edgar Filing: I TRAX INC - Form PRE 14A

(ii) I-trax may terminate this Agreement by giving notice to CHDM prior to the Effective Time (A) in the event CHDM has breached any representation, warranty, or covenant contained in this Agreement in any respect, I-trax or Acquisition has notified CHDM of the breach, and the breach has continued without cure for a period of 30 days after the notice of breach or (B) if the Closing shall not have occurred on or before April 30, 2004 by reason of the failure of any condition precedent under Section 6(a) hereof (unless the failure results primarily from I-trax's or Acquisition's breaching any representation, warranty, or covenant contained in this Agreement); provided, however, if the sole condition precedent which has failed is the condition under Section 6(a)(xvii) above, I-trax may, by notice to CHDM, elect to extend the termination date set forth in Sections 9(a)(ii) and 9(a)(iii) to July 31, 2004 if I-trax promptly files a registration statement on Form S-4 to register the I-trax Shares issuable in the Merger.

(iii) CHDM may terminate this Agreement by giving notice to I-trax and Acquisition at any time prior to the Effective Time (A) in the event I-trax or Acquisition has breached any representation, warranty, or covenant contained in this Agreement in any respect, CHDM has notified I-trax and Acquisition of the breach, and the breach has continued without cure for a period of 30 days after the notice of breach or (B) if the Closing shall not have occurred on or before April 30, 2004 by reason of the failure of any condition precedent under Section 6(b) hereof (unless the failure results primarily from CHDM's breaching any representation, warranty, or covenant contained in this Agreement);

(iv) I-trax and Acquisition may terminate this Agreement by giving notice to the other Parties at any time prior to the Effective Time in the event the fairness opinion referred to in Section 5(d) is withdrawn;

(v) CHDM may terminate this Agreement by giving notice to I-trax at any time prior to the Effective Time in the event the closing price of I-trax Common Shares of the American Stock Exchange for ten (10) consecutive trading days is less than \$2.25.

(vi) any Party may terminate this Agreement by giving written notice to the other Parties at any time after the Special CHDM Meeting or the Special I-trax Meeting in the event this Agreement and the Merger fail to receive the Requisite Stockholder Approval.

(b) Effect of Termination. If any Party terminates this Agreement pursuant to Section 9(a) above, all rights and obligations of the Parties hereunder shall terminate without any liability of any Party to any other Party (except for any liability of any Party then in breach); provided, however, that the confidentiality provisions contained in Section 5(g) above shall survive any such termination.

10. Miscellaneous.

(a) Press Releases and Public Announcements. None of the Parties shall issue any press release or make any public announcement relating to the subject matter of this Agreement prior to the Closing without the prior written approval of the other Party; provided, however, that any Party may make any public disclosure it believes in good faith is required by applicable law or any listing or trading agreement concerning its publicly-traded securities (in which case the disclosing Party will use its reasonable efforts to advise the other Parties prior to making the disclosure).

Edgar Filing: I TRAX INC - Form PRE 14A

(b) No Third-Party Beneficiaries. This Agreement does not confer any rights or remedies upon any Person other than the Parties and their respective successors and permitted assigns; provided, however, that (i) the provisions of this Agreement concerning delivery of the Merger Consideration, the obligation of I-trax to keep the Form S-3 effective for two years, the continuing obligation of I-trax to report the Merger on all Tax returns and filings as a Tax-Free Reorganization, and the representations and warranties of I-trax and Acquisition set forth in Section 3 above are for the benefit of the CHDM Stockholders (in each case to be enforced on their behalf by the CHDM Representative), and (ii) the provisions in Section 5(i) above concerning insurance and indemnification are intended for the benefit of the individuals specified therein and their respective legal representatives.

(d) Succession and Assignment. This Agreement shall be binding upon and inure to the benefit of the Parties named herein and their respective successors and permitted assigns. Any Party may send any notice, request, demand, claim, or other communication hereunder to the intended recipient at the address set forth above using any other means (including personal delivery, expedited courier, messenger service, telecopy, telex, ordinary mail, or electronic mail), but no such notice, request, demand, claim, or other communication shall be deemed to have been duly given unless and until it actually is received by the intended recipient. Any Party may change the address to which notices, requests, demands, claims, and other communications hereunder are to be delivered by giving the other Parties notice in the manner herein set forth.

(h) Governing Law. This Agreement shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware, State of Tennessee or Commonwealth of Pennsylvania or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware, as may be required by this Section 10(h).

(i) Amendments and Waivers. The Parties may mutually amend any provision of this Agreement at any time prior to the Effective Time with the prior authorization of their respective boards of directors; provided, however, that any amendment effected subsequent to stockholder approval will be subject to the restrictions contained in the Delaware General Corporation Law. No amendment of any provision of this Agreement shall be valid unless the same shall be in writing and signed by CHDM and I-trax. No waiver by any Party of any default, misrepresentation, or breach of warranty or covenant hereunder, whether intentional or not, shall be deemed to extend to any prior or subsequent default, misrepresentation, or breach of warranty or covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

(j) Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction.

(k) Expenses. Each of the Parties will bear its own costs and expenses (including legal fees and expenses) incurred in connection with this Agreement and the transactions contemplated hereby. Further, CHDM will cause its attorneys, accountants and investment professionals, including without limitation, Raymond James and Associates to invoice CHDM at or prior to Closing for all of their fees and expenses incurred in connection with this Agreement and the transactions contemplated hereby, to the extent not yet paid (such amounts, in the aggregate, "Accrued CHDM Professional Expenditures").

(l) Construction. The Parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the Parties and no presumption or burden of proof shall arise favoring or disfavoring any Party by virtue of the authorship of any of the provisions of this Agreement. Any reference to any Federal, state, local, or foreign statute or law shall be deemed also to refer to all rules and regulations promulgated thereunder, unless the context requires otherwise. The word "including" shall mean including without limitation. The Parties intend that each representation, warranty, and covenant contained herein shall have independent significance. If any Party has breached any representation, warranty, or covenant contained herein in any respect, the fact that there exists another representation, warranty, or covenant relating to the same subject matter (regardless of the relative levels of specificity) which the Party has not breached shall not detract from or mitigate the fact that the Party is in breach of the first representation, warranty, or covenant.

(m) Incorporation of Exhibits, Annexes, and Schedules. The Exhibits, Annexes, and Schedules identified in this Agreement are incorporated herein by reference and made a part hereof.

A-45

(n) Specific Performance. Each of the Parties acknowledges and agrees that the other Parties would be damaged irreparably in the event any of the provisions of this Agreement are not performed in accordance with their specific terms or otherwise are breached. Accordingly, each of the Parties agrees that the other Parties shall be entitled to an injunction or injunctions to prevent breaches of the provisions of this Agreement and to enforce specifically this Agreement and the terms and provisions hereof in any action instituted in any court of the United States or any state thereof having jurisdiction over the Parties and the matter (subject to the provisions set forth in Section 10(o) below), in addition to any other remedy to which they may be entitled, at law or in equity.

(o) Submission to Jurisdiction. Each of the Parties submits to the jurisdiction of any state or Federal court sitting in the State of Pennsylvania, in any action or proceeding arising out of or relating to this Agreement and agrees that all claims in respect of the action or proceeding may be heard and determined in any such court. Each Party also agrees not to bring any action or

Edgar Filing: I TRAX INC - Form PRE 14A

proceeding arising out of or relating to this Agreement in any other court. Each of the Parties waives any defense of inconvenient forum to the maintenance of any action or proceeding so brought and waives any bond, surety, or other security that might be required of any other Party with respect thereto. Each Party appoints CT Corporation (the "Process Agent") as his, her or its agent to receive on his, her or its behalf service of copies of the summons and complaint and any other process that might be served in the action or proceeding. Any Party may make service on any other Party by sending or delivering a copy of the process (i) to the Party to be served at the address and in the manner provided for the giving of notices in Section 10(g) above or (ii) to the Party to be served in care of the Process Agent at the address and in the manner provided for the giving of notices in Section 10(g) above. Nothing in this Section 10(o), however, shall affect the right of any Party to bring any action or proceeding arising out of or relating to this Agreement in any other court or to serve legal process in any other manner permitted by law or at equity. Each Party agrees that a final judgment in any action or proceeding so brought shall be conclusive and may be enforced by suit on the judgment or in any other manner provided by law or at equity.

ANNEX B

[LETTERHEAD OF BRYANT PARK CAPITAL, INC.]

December 28, 2003

Board of Directors
I-trax, Inc.
One Logan Square
130 N. 18th Street
Philadelphia, PA 19103

Members of the Board:

You have asked us, in our capacity as investment bankers, to advise you with respect to the fairness to I-trax, Inc. ("I-trax"), from a financial point of view, of the Consideration (as defined below) to be paid by I-trax pursuant to the terms of the Merger Agreement (the "Merger Agreement") to be entered into by and among I-trax, DCG Acquisition, Inc. ("Acquisition"), Meridian Occupational Healthcare Associates, Inc. (d/b/a CHD Meridian Healthcare) ("CHDM") and CHDM Healthcare, LLC ("Acquisition LLC"). The Merger Agreement provides for a two-step merger whereby (i) Acquisition would merge with and into CHDM (the "First Merger") and CHDM would be the entity surviving the First Merger and (ii) as soon as practicable following the First Merger, CHDM would merge with and into Acquisition LLC (the "Second Merger" and together with the First Merger, the "Transaction") and Acquisition LLC would be the entity surviving the Second Merger. The aggregate consideration to be paid by I-trax at the effective time of the First Merger (the "Merger Consideration") will equal: (i) 10,000,000 shares of common stock, par value \$.001 par value per share, of I-trax (the "Common Shares Consideration"), (ii) 400,000 shares of Series A Preferred Stock, par value \$.001 per share, of I-trax (the "Preferred Shares Consideration") and (iii) \$35,000,000 in cash minus the expense CHDM incurs to redeem or repurchase, as the case may be, any outstanding share of common stock, par value \$0.001 per

Edgar Filing: I TRAX INC - Form PRE 14A

share, of CHDM (each a "CHDM Share") or any option to acquire a CHDM Share ("CHDM Option") during the period beginning on the date of the Merger Agreement and ending on the closing date of the Transaction (the "Cash Consideration"). At the effective time of the First Merger (the "Effective Time"); each CHDM Option will be converted into an option to purchase the Merger Consideration divided by the CHDM Shares Deemed Outstanding (as defined in the Merger Agreement) for an exercise price per CHDM Share equal to the exercise price in effect immediately prior to the Effective Time; provided, however, that in the case of any CHDM Option to which Code Section 421 applies by reason of its qualification under any of Internal Revenue Code of 1986, as amended (the "Code") Sections 422-424, the exercise price and number of I-trax Common Shares subject to such option shall be determined in a manner that meets the requirements for "issuing or assuming a stock option in a transaction to which Code Section 424(a) applies," within the meaning of Code Section 424(a).

In addition, on April 30, 2005, I-trax may be required to deliver up to 4,000,000 additional I-trax Common Shares if Acquisition LLC meets certain financial milestones (the "Earn-Out" and together with the Merger Consideration, the "Consideration").

In arriving at our opinion, we have been advised by I-trax and have assumed, among other things, the following: (i) that all 4,000,000 I-trax Common Shares will be paid to the CHDM Stockholders pursuant to the Earn-Out and (ii) that, as of the Effective Time, CHDM will have a net cash balance of not less than \$13,258,338, provided that if it has a lower cash balance: the Cash Consideration shall be reduced dollar-for-dollar by the amount that such cash balance is less than \$13,258,338.

In addition, in arriving at our opinion, we have reviewed the December 24, 2003 draft of the Merger Agreement as well as certain publicly available business and financial information relating to I-trax and CHDM. We also have reviewed certain other information relating to I-trax and CHDM, including financial forecasts, provided to or discussed with us by I-trax and CHDM, and have met with the management of I-trax and CHDM to discuss the businesses and prospects of I-trax and CHDM. We have also considered certain financial and stock market data, as applicable, of I-trax and CHDM, and we have compared those data with similar data for other publicly and privately held companies in businesses similar to I-trax and CHDM, and we have considered, to the extent publicly available, the financial terms of certain other business combinations and other transactions which have recently been effected or announced. We also considered such other information, financial studies, analyses and investigations and financial, economic and market criteria which we deemed relevant.

In connection with our review, we have not assumed any responsibility for independent verification of any of the foregoing information and have relied on such information being complete and accurate in all material respects and upon the assurances of the management of I-trax and CHDM that no relevant information has been omitted or remains undisclosed to us. We have been advised, and have assumed, that the financial forecasts for I-trax and CHDM have been reasonably prepared on bases reflecting the best currently available estimates and judgments of the respective managements of I-trax and CHDM as to the future

Edgar Filing: I TRAX INC - Form PRE 14A

financial performance of I-trax and CHDM. With respect to forecasts regarding certain cost savings, operating efficiencies and other financial synergies, we have been advised, and have assumed, that such synergies will be realized in the amounts and in the time periods currently estimated. In addition, we have not made an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of I-trax or CHDM, nor have we been furnished with any such evaluations or appraisals. Our opinion does not address the relative merits of the Transaction as compared to other business strategies that might be available to I-trax, nor does it address the underlying business decision of I-trax to proceed with the Transaction. We are not expressing any opinion as to what the value of the I-trax Common Shares and I-trax Preferred Shares will be, at any future time, including when issued to the holders of CHDM Shares pursuant to the Transaction or the prices at which such I-trax Common Shares and I-trax Preferred Shares will trade subsequent to the announcement of the Transaction. We express no view as to the federal, state or local tax consequences of the Transaction.

We have assumed, with your consent, that in the course of obtaining the necessary regulatory and third party approvals, consents and releases for the Transaction, no modification, delay, limitation, restriction or condition will be imposed that will have a material adverse effect on the Transaction and that the Transaction will be consummated in accordance with applicable laws and

regulations and the terms of the Merger Agreement as set forth in the December 24, 2003 draft thereof, without waiver, amendment or modification of any material term, condition or agreement. We have assumed that the Transaction will be consummated in accordance with the terms of the Merger Agreement as set forth in the December 24, 2003 draft thereof, without any further amendments thereto, without waiver by any party of any of the conditions to its obligations thereunder and without any material alteration of the Consideration as a result of the indemnification provisions thereof. We have also assumed that the representations and warranties of the parties contained in the Merger Agreement will be true and correct.

Our opinion is necessarily based on information available to us, and financial, economic, market and other conditions and circumstances as they exist and can be evaluated by us, as of the date hereof. It should be understood that, although subsequent developments may affect this opinion, we do not have any obligation to update, revise or reaffirm the opinion.

We have acted as financial advisor to I-trax in connection with the Transaction and will receive a fee for such services, a significant portion of which is contingent upon the consummation of the Transaction. We also will receive a fee based upon a request of I-trax to prepare and deliver this opinion. We and our affiliates have in the past provided financial and investment banking services to I-trax and its affiliates, including with regard to possible financing sources in connection with the Transaction, and may in the future provide financial or investment banking services to I-trax and its affiliates unrelated to the Transaction for which we have received, and expect to receive, compensation.

Edgar Filing: I TRAX INC - Form PRE 14A

It is understood that this letter is for the information of the Board of Directors of I-trax in connection with its evaluation of the Transaction and does not constitute a recommendation to any stockholder as to how such stockholder should vote or act with respect to any matter relating to the Transaction. This letter is not to be quoted or referred to, in whole or in part, in any registration statement, prospectus, information statement or proxy statement or in any other document used in connection with the offering or sale of securities, nor shall this letter be used for any other purposes, without our prior written consent.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Consideration to be paid by I-trax in the Transaction is fair to I-trax from a financial point of view.

Very truly yours.

ANNEX C

ESCROW AGREEMENT

ESCROW AGREEMENT dated this ____ day of _____ 2004 (the "Agreement") by and among I-trax, Inc., a Delaware corporation ("I-trax"), Haywood D. Cochrane, Jr., solely in his capacity as limited agent of the shareholders of CHDM (as defined below) under the Merger Agreement (as defined below) (the "CHDM Representative"), and _____ (the "Escrow Agent"). I-trax, the CHDM Representative and the Escrow Agent are sometimes referred to herein individually as a "Party" and collectively as the "Parties."

BACKGROUND

A. I-trax, Meridian Occupational Healthcare Associates, Inc., a Delaware corporation (d/b/a/ CHD MERIDIAN HEALTHCARE) ("CHDM"), DCG Acquisition, Inc., a Delaware corporation ("Acquisition") and a subsidiary of I-trax, and CHD Meridian Healthcare LLC are parties to a Merger Agreement dated December 26, 2003 (the "Merger Agreement"). Except as provided in this Agreement, terms with initial capital letters used but not defined in this Agreement have the meanings given to such terms in the Merger Agreement.

B. The Merger Agreement contemplates a merger of Acquisition

Edgar Filing: I TRAX INC - Form PRE 14A

with and into CHDM, in which merger CHDM will continue as the surviving corporation. As provided in the Merger Agreement, I-trax is depositing with the Escrow Agent 4,000,000 I-trax Common Shares (the "Escrow Shares").

C. The Parties wish to provide for the appointment of an escrow agent to hold the Escrow Shares, and to set forth the terms and conditions under which the Escrow Shares will be distributed.

AGREEMENT

NOW, THEREFORE, intending to be legally bound hereby, the Parties hereto agree as follows:

1. Appointment of Escrow Agent. I-trax and CHDM Representative appoint the Escrow Agent, as the escrow agent under this Agreement and the Escrow Agent accepts such appointment and agrees to hold the Escrow Shares, together with all dividends thereon, deposited into escrow with the Escrow Agent pursuant to Section 2(g) of the Merger Agreement, in accordance with the terms of this Agreement, and to perform the Escrow Agent's other duties under this Agreement.

2. Establishment of Escrow. Concurrently with the execution of this Agreement I-trax is delivering to the Escrow Agent a single stock certificate in the name of the Escrow Agent representing the Escrow Shares. The Escrow Agent will upon receipt of the Escrow Shares provide written confirmation to I-trax and the CHDM Representative that

C - 1

the Escrow Shares have been deposited with it. The portion of the Escrow Shares attributable to each CHDM Stockholder is set forth on Annex A to this Agreement. The Federal tax identification number of each CHDM Stockholder is likewise set forth on Annex A to this Agreement.

3. Security Interest. The CHD Representative hereby grants (to the extent the CHD Representative has the power to do so) I-trax a security interest and lien in the Escrow Shares for purposes of satisfying any indemnity rights of I-trax under the Merger Agreement, which security interest will terminate on the earlier of distribution of from the Escrow Shares or the Termination Date (as defined below).

4. Escrow Shares - Dividends and Voting. For Federal income tax purposes or otherwise, each CHDM Stockholder identified on Annex A to this Agreement will be deemed to be the owner of his, her or its pro rata portion of the Escrow Shares while the Escrow Shares are held by the Escrow Agent. Any regular or liquidating dividends paid on the Escrow Shares will be deposited into escrow with the Escrow Agent and each CHDM Stockholder identified on Annex A to this Agreement will be entitled to receive, upon distribution of the Escrow Shares to the CHDM Stockholders in accordance with the terms of this Agreement, any such dividends attributable to his, her or its pro rata portion of the Escrow Shares. While the Escrow Shares are held by the Escrow Agent, the Escrow Agent will vote the Escrow Shares held by it in proportion in which other outstanding shares of Common Stock are voted with respect to any and all matters which may be presented to the I-trax stockholders for action.

5. Escrow Shares - No Liquidation. The Escrow Agent shall not without the consent of both I-trax and the CHDM Representative liquidate any Escrow Shares.

Edgar Filing: I TRAX INC - Form PRE 14A

6. Fees and Expenses of Escrow Agent. I-trax shall bear and pay promptly upon receipt of an invoice the Escrow Agent's fees and expenses according to the schedule of fees and expenses previously delivered by Escrow Agent to I-trax.

7. Distribution of Escrow Shares.

(a) The Escrow Agent shall distribute the Escrow Shares only:

(i) In accordance with mutual written and executed directions of I-trax and CHDM Representative; or

(ii) In accordance with the terms and provisions of Section 9 below; or

(iii) If no Claims (as defined below) are pending, on the earlier of (X) two business days following the date on which I-trax files its annual report on Form 10-K or Form 10-KSB with the SEC for the year ended December 31, 2004, or (Y) April 30, 2005 all remaining Escrow Shares to the CHDM Stockholders without any further instructions from any Party; or

C - 2

(b) Any delivery of Escrow Shares pursuant to this Agreement will be made to the CHDM Stockholders pro rata in accordance with the percentage interests in the Escrow Shares of each CHDM Stockholder as set forth on Annex A attached hereto; provided, however, that if a CHDM Stockholder has defaulted in its obligations to fund its pro rata share of any CHDM Representative expenses under Section 2(j)(iv) of the Merger Agreement, the CHDM Representative may direct that Escrow Shares otherwise distributable to such CHDM Stockholder, with a value equal to the unpaid obligation, plus interest at 10% per year, shall instead be distributed to the CHDM Representative or to another CHDM Stockholder who has funded more than its share of such expenses.

8. Claims Procedures. If, while the Escrow Shares are held in escrow by the Escrow Agent, I-trax, acting in good faith, reasonably determines: (i) that I-trax has incurred a loss as a result of an Adverse Consequence for which I-trax is entitled to be indemnified out of the Escrow Shares pursuant to the Merger Agreement or (ii) the earn-out condition set forth in Section 2(i) of the Merger Agreement has not been satisfied or has not been satisfied in full (a "Claim"), then:

(a) I-trax is entitled to deliver to the Escrow Agent and the CHDM Representative written notice of the Claim (a "Claim Notice"). In the Claim Notice, I-trax shall specify in reasonable detail the reasons for the conclusion that: (i) a loss caused by an Adverse Consequence for which I-trax or Acquisition is entitled to be indemnified has been incurred, the approximate date on which such Claim was first incurred, the dollar amount of the loss if it can be reasonably estimated, and the number of Escrow Shares, as calculated in accordance with Section 8 (including without limitation Section 8(b)(i) and Section 8(f)) of the Merger Agreement) that are properly recoverable by I-trax on account of such Claim or (ii) the earn-out condition set forth in Section 2(i) of the Merger Agreement has not been satisfied or has not been satisfied in full, and the number of Escrow Shares that are properly recoverable by I-trax on account of such Claim. The Escrow Shares subject to a Claim are referred to as the "Claim Shares".

Edgar Filing: I TRAX INC - Form PRE 14A

(b) On the 15th business day following the date on which the CHDM Representative and the Escrow Agent receive the Claim Notice, the Escrow Agent shall release and deliver to I-trax the Claim Shares, together with any dividends accrued thereon, unless prior to the release date I-trax and the Escrow Agent receive a written notice from the CHDM Representative stating that the CHDM Representative objects to the Claim Notice (an "Objection Notice"). In the Objection Notice, the CHDM Representative shall specify in reasonable detail the conclusion that I-trax is not entitled to the Claim Shares or, if the CHDM Representative is disputing only the amount of Claim Shares to which I-trax is entitled, the reason for the conclusion that I-trax is entitled to fewer Claim Shares and further providing the alternate calculation of the number of Claim Shares to which I-trax is entitled. Reasonably promptly after I-trax and Escrow Agent receive the Objection Notice, the Escrow Agent shall: (i) release from the Escrow Shares the portion of the Claim Shares not subject to a dispute, together with any dividends earned thereon; (ii) not release from the Escrowed Shares the remainder of the Claim Shares; and (iii) notify I-trax and the CHDM Representative of the Claim Shares so released and retained pursuant to this Section 8(b).

C - 3

(c) If the CHDM Representative and I-trax cannot, within an additional 10 days of the Claim Notice, resolve the dispute regarding whether I-trax or CHDM Representative is entitled to the Claim Shares, the CHDM Representative and I-trax will resolve the dispute through an arbitration proceeding conducted in Philadelphia, Pennsylvania, under the Commercial Arbitration Rules, Expedited Procedures, of the American Arbitration Association. Upon delivery to the Parties of the arbitrator's determination, the Escrow Agent shall promptly comply therewith. I-trax and the CHDM Representative shall pay the fees and expenses of arbitration as follows: (i) if the arbitrator resolves all of the disputes in favor of I-trax, the CHDM Representative shall pay all of the fees and expenses of the arbitration; (ii) if the arbitrator resolves all of the disputes in favor of the CHDM Representative, I-trax shall pay all of the fees and expenses of the arbitration; and (iii) if the arbitrator resolves some of the disputes in favor of the CHDM Representative and the rest of the disputes in favor of I-trax, the CHDM Representative shall pay a proportionate amount of the fees and expenses of the arbitration based on the dollar amount of the disputes resolved against the CHDM Representative compared to the total dollar amount of all disputes submitted to the arbitrator and I-trax shall pay a proportionate amount of the fees and expenses of the arbitration based on the dollar amount of the disputes resolved against I-trax compared to the total dollar amount of all disputes submitted to the arbitrator. Each of the CHDM Representative's and I-trax's own costs and expenses will be paid in the same manner as is set forth above.

9. Transfer Agent. Upon distribution of the Escrow Shares in accordance with Section 8 of this Agreement, the Escrow Agent shall return the certificate(s) representing the Escrow Shares to I-trax's transfer agent directing that the shares be issued to the applicable CHDM Stockholders and/or I-trax.

10. Termination. This Agreement will terminate on May 1, 2005 (such date, the "Termination Date"), unless:

(a) The Escrow Agent distributes the Escrow Shares in accordance with the terms of this Agreement prior to the Termination Date, in which case this Agreement will terminate on the date on which all Escrow Shares

Edgar Filing: I TRAX INC - Form PRE 14A

are so distributed; or

(b) A Claim is pending on the Termination Date, in which case the Escrow Agent will distribute the Escrow Shares that are not subject to a Claim in accordance with the terms of this Agreement and retain the balance of the Escrow Shares until the CHDM Representative and I-trax resolve the dispute in accordance with terms of this Agreement.

11. Resignation or Removal of Escrow Agent. The Escrow Agent is entitled to resign at any time upon 30 days' prior notice to the other Parties, and the other Parties are entitled to remove the Escrow Agent by mutual consent upon 30 days' prior notice to the Escrow Agent. Prior to the effective date of the resignation or removal of the Escrow Agent or any successor escrow agent, the Parties other than the Escrow Agent shall appoint a successor escrow agent to hold the Escrow Shares, and any such successor escrow agent shall execute and deliver to the predecessor escrow agent an instrument accepting such appointment; thereupon such successor escrow agent will, without further act, become vested with all of the rights, powers and duties of the predecessor escrow agent as if originally named herein.

C - 4

12. Liability of Escrow Agent.

(a) The duties of Escrow Agent hereunder are entirely administrative and not discretionary. Further, the Escrow Agent is a Party to this Agreement solely for the purposes of carrying out its administrative duties hereunder and for no other purpose. The Escrow Agent shall act only in accordance with written instructions received by it as provided in this Agreement, is authorized to comply with any orders, judgments or decrees of any court or arbitration panel and shall not incur any liability as a result of its compliance with such instructions, orders, judgments or decrees. The Escrow Agent is not required to complete any duties hereunder outside of the Escrow Agent's ordinary course of business.

(b) The Escrow Agent is entitled to rely on any instrument, not only as to its due execution, validity and effectiveness, but also as to the truth and accuracy of any information contained therein, which the Escrow Agent shall in good faith believe to be genuine, to have been signed or presented by the persons or parties purporting to sign the same and to conform to the provisions of this Agreement.

(c) Each of CHDM Representative and I-trax waives any suit, claim, demand or cause of action of any kind which any of them may have against the Escrow Agent arising out of or relating to the execution or performance by the Escrow Agent of this Agreement, unless such suit, claim, demand or cause of action is based upon the willful misappropriation of funds by the Escrow Agent or the gross negligence or willful misconduct of the Escrow Agent.

13. Dispute Resolution; Action in Interpleader.

Notwithstanding any other provision of this Agreement, if any dispute or difference arises between the Escrow Agent and any other Party, or if any conflicting demand is made upon the Escrow Agent, the Escrow Agent shall not determine the same or take any action thereon. Rather, the Escrow Agent shall await settlement of the controversy by appropriate legal proceedings; or the Escrow Agent is entitled to, by written notice to the other Parties hereto, require the Parties to enter binding arbitration or litigation to determine to

Edgar Filing: I TRAX INC - Form PRE 14A

whom the Escrow Agent shall distribute the Escrow Shares or any portion thereof held under this Agreement; or the Escrow Agent is entitled to file suit in interpleader with the proper court in Philadelphia, Pennsylvania for the purpose of having the respective rights of the Parties adjudicated. The Escrow Agent, upon initiation of such suit, is entitled to deposit the Escrow Shares with the court and, upon giving notice thereof to the Parties, the Escrow Agent is entitled to be fully released and discharged from all further obligations hereunder with respect to the Escrow Shares.

15. Notices. Any notices required or permitted hereunder must be in writing and will be deemed to be properly given when personally delivered to the party entitled to receive such notice or when sent by certified or registered mail, postage prepaid, properly addressed to the party entitled to receive such notice at its respective address set forth opposite its name below, or at such other address as the party specifies by written notice similarly delivered.

OF

I-TRAX, INC.

(Pursuant to Section 151 of the Delaware General Corporation Law)

I-trax, Inc., a corporation organized and existing under the laws of the State of Delaware (the "Company"), hereby certifies that, pursuant to the authority vested in the Board of Directors of the Company (the "Board") by the Certificate of Incorporation of the Company, as amended (the "Certificate of Incorporation"), the following resolution was adopted as of _____, 20____ by the Board pursuant to Section 141 of the Delaware General Corporation Law:

Edgar Filing: I TRAX INC - Form PRE 14A

RESOLVED, that pursuant to the authority granted to and vested in the Board in accordance with the provisions of the Certificate of Incorporation there shall be created a series of Preferred Stock, \$0.001 par value per share, with the following designations, powers, preferences, rights, qualifications, limitations and restrictions:

1. Designation and Number of Shares. There shall hereby be created and established a series of Preferred Stock designated as "Series A Convertible Preferred Stock." The authorized number of shares of Series A Preferred Stock is 1,500,000.

2. Conversion.

(a) Conversion Formula. Each share of Series A Preferred Stock is convertible into the number of shares of common stock, par value \$.001 per share, of the Company ("Common Stock") equal to the quotient of Twenty-Five Dollars (\$25.00) (the "Original Issue Price") divided by the then applicable Conversion Price (as defined below).

(b) Optional or Automatic Conversion.

D-1

(1) Subject to Section 2(c), Shares of Series A Preferred Stock are convertible in whole or in part, at any time, or from time to time upon the election of the holder (such conversion, an "Optional Conversion").

(2) If (i) the shares of Common Stock issuable upon conversion of the Series A Preferred Stock (the "Underlying Shares") are registered for resale under the Securities Act of 1933, as amended, (ii) there is an effective registration statement and a related prospectus permitting resale of the Underlying Shares during the entire Automatic Conversion Period (as defined below); (iii) during the entire Automatic Conversion Period, the Common Stock is listed or admitted for trading on The Nasdaq National Market, The American Stock Exchange or the New York Stock Exchange; and (iv) the Company has honored all conversions for which a Conversion Notice (as defined below) has been received in accordance with Section 2(e)(5), the Shares of Series A Preferred Stock will be automatically converted, to the extent not restricted by Section 2(c), on the Trading Day (as defined below) immediately following the twentieth (20th) Trading Day out of thirty (30) consecutive Trading Days on which the Market Price (as defined below) of a share of Common Stock is equal to or greater than Seven Dollars Fifty Cents (\$7.50) (subject to adjustment in the event of stock splits, reverse stock splits, stock dividends, recapitalizations or similar events and) (such conversion, the "Automatic Conversion," such 30 Trading Day period, the "Automatic Conversion Period" and the date on which it occurs, the "Automatic Conversion Date").

(3) Each such conversion under this Section 2(b) will be in accordance with the terms of Section 2(a) above.

(c) 4.9% Limitation. Notwithstanding anything to the contrary contained herein, the number of shares of Common Stock that may be acquired at any time by a holder of Series A Preferred Stock upon conversion of Series A Preferred Stock will not exceed a number that, when added to the total number of shares of Common Stock deemed beneficially owned by such holder (other than by virtue of the ownership of securities or rights to acquire securities that have limitations on the holder's right to convert, exercise, or purchase similar to

Edgar Filing: I TRAX INC - Form PRE 14A

the limitation set forth herein ("Excluded Shares")), together with all shares of Common Stock beneficially owned at such time (other than by virtue of the ownership of Excluded Shares) by persons whose beneficial ownership of Common Stock would be aggregated with the beneficial ownership of such holder for purposes of determining whether a group exists or for purposes of determining the holder's beneficial ownership (the "Aggregation Parties"), in either case for purposes of Section 13(d) of the Securities Exchange Act of 1934 (the "Exchange Act"), Rule 13d-1 to 7, and Schedules 13D and 13G thereunder (including as the same is made applicable to Section 16 of the Exchange Act and the rules promulgated thereunder), would result in the beneficial ownership by such holder or such group of more than 4.9% of the shares of Common Stock for purposes of Section 13(d) or Section 16 of the Exchange Act and the rules promulgated thereunder. The Company and the holders of Series A Preferred Stock agree that, if and to the extent this Section 2(c) would restrict the conversion of the shares of Series A Preferred Stock held by any holder (a "Restricted Holder"), then notwithstanding anything to the contrary contained herein, only that portion of the shares of Series A Preferred Stock held by the Restricted Holder as may be converted in accordance with this Section 2(c) will be

D-2

converted and the remaining shares of Series A Preferred Stock held by the Restricted Holder will remain outstanding until the ninetieth (90th) day following the date of the Automatic Conversion Date, at which time the remaining shares of Series A Preferred Stock held by the Restricted Holder will automatically convert into shares of Common Stock in the manner provided for in Section 2(b) above and the limitation on conversion set forth in this Section 2(c) will cease and be of no further force or effect. Any Restricted Holder will promptly (and in any event prior to the Automatic Conversion Date) notify the Company in writing if this Section 2(c) would restrict conversion of such holder's Series A Preferred Stock, specifying therein the number of shares of Series A Preferred Stock so restricted. If at any time the limits in this Section 2(c) make the shares of Series A Preferred Stock held by any holder not convertible in whole or in part, the Company shall not by reason thereof be relieved of its obligation to issue shares of Common Stock at any time or from time to time thereafter as and when shares of Common Stock may be issued without violating such restrictions. Notwithstanding anything else in this Section 2(c) to the contrary, all shares of Series A Preferred Stock will cease to accrue dividends effective as of the Automatic Conversion Date and any holder of Series A Preferred Stock may waive the terms of this Section 2(c) upon sixty-one (61) day notice to the Company to this effect.

(d) Additional Definitions.

(1) Conversion Price. The initial "Conversion Price" of each share of Series A Preferred Stock is Two Dollars Fifty Cents (\$2.50) (such that on the date on which shares of Series A Preferred Stock are first issued, each such share would convert into ten (10) shares of Common Stock). The initial and any subsequent Conversion Price is subject to adjustment as provided in Section 3 below.

(2) Market Price. "Market Price" means, with respect to the shares of Common Stock on a Trading Day, (i) if the shares are listed or admitted for trading on any national securities exchange or included in The Nasdaq National Market or Nasdaq SmallCap Market, the last reported sales price as reported on such exchange or market on such Trading Day; (ii) if the shares are not listed or admitted for trading on any national securities exchange or

Edgar Filing: I TRAX INC - Form PRE 14A

included in The Nasdaq National Market or Nasdaq SmallCap Market, the average of the last reported highest closing bid and lowest asked quotation for the shares as reported on the National Association of Securities Dealers Automated Quotation System ("NASDAQ") or a similar service if NASDAQ is not reporting such information on such Trading Day; or (iii) if the shares are not listed or admitted for trading on any national securities exchange or included in The Nasdaq National Market or Nasdaq SmallCap Market or quoted by NASDAQ or a similar service, the average of the last reported highest bid and lowest asked quotation for the shares as quoted by a market maker in the shares (or if there is more than one market maker, the highest bid and lowest asked quotation shall be obtained from two market makers and the average of the highest bid and lowest asked quotation) on such Trading Day. In the absence of any available public quotations for the Common Stock, the Board shall determine in good faith the fair value of the Common Stock, which determination shall be set forth in a certificate by the Secretary of the Company, and which shall constitute the Market Price.

D-3

(3) Trading Day. "Trading Day" means a day on which the principal market or quotation system on which shares of Common Stock are traded or quoted is open to transact business.

(e) Effecting a Conversion.

(1) Optional Conversion. The holder of a share of Series A Preferred Stock shall effect an Optional Conversion by surrendering to the Company the certificate representing such share, together with written notice of election to convert and specifying the name and address in which a certificate or certificates of shares of Common Stock are to be issued (a "Conversion Notice"). Each Conversion Notice shall specify the number of shares of Series A Preferred Stock to be converted and the effective date of such conversion, which date may be neither prior to, nor more than ten (10) days after, the date the holder delivers such Conversion Notice to the Company. If the effective date of the conversion is not specified in a Conversion Notice, the effective date of the conversion will be the date that the Conversion Notice is received by the Company. Each Conversion Notice, once given, is irrevocable, except that (A) a conversion not honored, and the shares issuable thereunder not delivered, within three business days of the effective date of such conversion will be revocable until such conversion is honored and the shares issuable thereunder delivered and [(B) the effectiveness of a Conversion Notice may be made conditional upon external events, such as the acceptance for purchase in a tender offer of Underlying Shares, or the consummation of a merger or other transaction involving Underlying Shares.] A holder of shares of Series A Preferred Stock may only convert shares of Series A Preferred Stock in blocks equal to at least the lesser of (i) the number of shares of Series A Preferred Stock convertible into five thousand (5,000) shares of Common Stock and (ii) all shares of Series A Preferred Stock then held by the holder. If the holder is converting less than all shares of Series A Preferred Stock represented by the certificate or certificates tendered by the holder to the Company with the Conversion Notice, the Company will convert the number of shares of Series A Preferred Stock so specified and shall within three business days of the effective date of conversion deliver to such holder a certificate for such number of shares of Series A Preferred Stock as have not been converted.

(2) Automatic Conversion. Upon Automatic Conversion, the Company will notify each holder of Series A Preferred Stock of the effective date of Automatic Conversion and each holder shall surrender the certificate or

Edgar Filing: I TRAX INC - Form PRE 14A

certificates representing all of the shares of Series A Preferred Stock owned by such holder. Each holder of shares of Series A Preferred Stock will be deemed a holder of record of the Common Stock upon such Automatic Conversion.

(3) Dividends. Upon conversion of a share of Series A Preferred Stock all accrued and unpaid dividends on such share shall, at the election of the Company, be paid either in cash, to the extent funds are legally available therefor, or that number of shares of Common Stock equal to the quotient of such accrued and unpaid dividends divided by the average Market Price of the Common Stock for the ten (10) consecutive Trading Days preceding the effective date of conversion. Pursuant to this Section 2(e)(3), accrued but unpaid dividends may only be paid in Shares of Common Stock if such Shares of Common Stock are registered under the Securities Act of 1933, as amended.

D-4

(4) Fractional Shares. The value of all fractional shares resulting from a conversion of shares of Series A Preferred Stock or accrued but unpaid dividends thereon will be rounded down to the nearest whole cent and paid out in cash.

(5) Miscellaneous. The Company will cancel upon receipt all certificates representing shares of Series A Preferred Stock surrendered for conversion for which conversions have been honored. Within three business days of the date of conversion, the Company shall deliver to the holder of shares so surrendered certificate(s) representing the number of shares of Common Stock into which such shares were converted.

(f) Reservation of Shares.

(1) Reserved Shares. The Company will at all times reserve and keep available out of its authorized and unissued Common Stock solely for the purpose of issuance upon conversion of Series A Preferred Stock as herein provided, free from preemptive rights or any other actual contingent purchase rights of persons other than the holders of Series A Preferred Stock, not less than such number of shares of Common Stock as shall be issuable upon the conversion of all outstanding shares of Series A Preferred Stock. All shares of Common Stock issued upon conversion of shares of Series A Preferred Stock shall be duly and validly authorized and fully paid and non-assessable.

(2) Additional Shares. If at any time the number of authorized but unissued shares of Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of Series A Preferred Stock, in addition to such other remedies as shall be available to the holders of such Series A Preferred Stock, the Company will take such corporate action as is necessary to increase its authorized but unissued shares of Common Stock to such number of shares as shall be sufficient for such purposes.

(g) Issue Taxes. The Company shall pay any issue taxes incurred in respect of the issue of shares of Common Stock upon conversion of shares of Series A Preferred Stock. If a holder of shares of Series A Preferred Stock specifies that the shares of Common Stock to be issued are to be issued in a name or names other than the name or names in which such Series A Preferred Stock stand, then the Company will not be required to pay any additional transfer or other taxes incurred by reason of the issuance of such shares of Common Stock to the name of another, and if the appropriate transfer taxes are not paid to the Company or the transfer agent for the Series A Preferred Stock at the time of such conversion, the shares of Common Stock issued upon

Edgar Filing: I TRAX INC - Form PRE 14A

conversion thereof may be registered in the name or names in which the Series A Preferred Stock were registered, despite the instructions to the contrary.

3. Adjustment of Conversion Price. The number and kind of securities issuable upon the conversion of the Series A Preferred Stock and the Conversion Price will adjusted from time to time in accordance with the following provisions:

(a) Subdivision or Combination of Shares. If, while any share of Series A Preferred Stock is outstanding, the Company (i) subdivides the

D-5

outstanding shares of Common Stock into a larger number of shares or (ii) combines the outstanding shares of Common Stock into a smaller number of shares, then, and in each such event, the Conversion Price in effect immediately prior to such event shall be adjusted (and any other appropriate actions pertaining to the Series A Preferred Stock will be taken by the Company) so that the holder of any outstanding share of Series A Preferred Stock thereafter surrendered for conversion will receive the number of shares of Common Stock or other securities of the Company that such holder would have owned or would have received upon or by reason of any event described in this Section 3(a) had such share of Series A Preferred Stock been converted immediately prior to the occurrence of such event. An adjustment made pursuant to this Section 3(a) shall become effective retroactively in the case of any such subdivision or combination, to the close of business on the day upon which such corporate action becomes effective.

(b) Stock Dividends. If, while any share of Series A Preferred Stock is outstanding, the Company declares, pays or otherwise distributes a dividend or other distribution with respect to outstanding shares of Common Stock (or declares such dividend), the Conversion Price shall be reduced, as of the date a record is taken of the holders of Common Stock for the purpose of receiving such dividend or other distribution (or if no such record is taken, as at the earliest of the date of such declaration, payment or other distribution), to the Conversion Price determined by multiplying the Conversion Price in effect immediately prior to such declaration, payment or other distribution by a fraction (i) the numerator of which is the number of shares of Common Stock outstanding immediately prior to such declaration, payment or other distribution, and (ii) the denominator of which is the total number of shares of Common Stock outstanding immediately after such declaration, payment or other distribution. If the Company declares, pays or otherwise distributes any dividend on the Common Stock payable in any right to acquire Common Stock for no consideration, then the Company shall be deemed to have made a dividend payable in Common Stock in an amount of shares equal to the maximum number of shares issuable upon exercise of such rights to acquire Common Stock.

(c) Capital Events.

(1) Condition to Capital Event. While any Share of Series A Preferred Stock is outstanding, in advance of, and as a condition to the occurrence of, any Capital Event (as defined below), any resulting successor or acquiring entity (if not the Company) must assume by written instrument the obligations of this Section 3(c).

(2) Capital Event Obligations. If, while any share of Series A Preferred Stock is outstanding, there is a Capital Event (as defined below), the Board, in advance of such Capital Event and subject to the right of

Edgar Filing: I TRAX INC - Form PRE 14A

the holder of shares of Series A Preferred Stock to elect to declare certain such events a Deemed Liquidation pursuant to Section 5(c) below, shall make appropriate adjustment (as reasonably determined in good faith by the Board) in the application of the provisions herein set forth with respect to rights and interests thereafter of the holder of the Series A Preferred Stock, to the end that the provisions set forth herein (including the specified changes in and other adjustments of the number of shares underlying the Series A Preferred Stock) shall thereafter be applicable, as near as reasonably may be, in relation to any such shares of stock or other securities or other property thereafter deliverable upon conversion of the Series A Preferred Stock. "Capital Event" means a capital reorganization or reclassification (other than a change in par

D-6

value) of the capital stock of the Company, or (ii) exchange or conversion of the Common Stock for or into securities of another corporation or other entity, or (iii) consolidation or merger of the Company into any other person (other than a merger which does not result in any reclassification, conversion, exchange or cancellation of outstanding shares of Common Stock) or (iv) sale, lease or other conveyance of all or substantially all of the assets of the Company.

(d) Other Provisions Applicable to Adjustment Under this Section 3. The following provisions apply to an adjustment of the Conversion Price as provided in this Section 3:

(1) Treasury Shares. The number of shares of Common Stock at any time outstanding shall not include any shares thereof then directly or indirectly owned or held by or for the account of the Company.

(2) Other Action Affecting Common Stock. If the Company takes any action affecting the outstanding number of shares of Common Stock other than an action described in Sections 3(a)-3(c), which would have an inequitable effect on the holders of the Series A Preferred Stock, then the Conversion Price shall be adjusted in such manner and at such times as the Board may in good faith determine to be equitable in the circumstances.

(3) Minimum Adjustment. No adjustment of the Conversion Price shall be made if such adjustment is less than one percent (1%) of the Conversion Price then in effect, but any such amount will be carried forward and an adjustment in respect thereof shall be made at the time of and together with any subsequent adjustment which, together with such amount and any other amount or amounts so carried forward, shall aggregate an increase or decrease of one percent (1%) or more.

(4) Certain Adjustments. The Conversion Price shall not be adjusted upward except in the event of a combination of the outstanding shares of Common Stock into a smaller number of shares of Common Stock.

(e) No Impairment. The Company shall not, by amendment of its Certificate of Incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms to be observed or performed hereunder by the Company but will at all times in good faith assist in the carrying out of all the provisions of Section 3 and in the taking of all such action as may be necessary or appropriate in order to protect the conversion rights of the holders of the Series A Preferred

Edgar Filing: I TRAX INC - Form PRE 14A

Stock against impairment.

(f) Notices of Adjustments. Whenever the Conversion Price is adjusted as herein provided, the Chief Financial Officer (or another senior executive officer in the absence of the Chief Financial Officer) of the Company shall, in good faith, compute the adjusted Conversion Price in accordance with the foregoing provisions and prepare a written certificate setting forth such adjusted Conversion Price and showing in detail the facts upon which such adjustment is based, and such written instrument shall promptly be delivered to

D-7

each record holder of the Series A Preferred Stock.

4. Rank. In a Liquidation (as defined in Section 5(a) below), Series A Preferred Stock will rank, as to dividends, rights upon liquidation, dissolution or winding up, senior and prior to (i) Common Stock and (ii) each other class or series of capital stock of the Company hereafter created which does not expressly rank pari passu with or senior to Series A Preferred Stock. (All equity securities of the Company to which the Series A Preferred Stock ranks senior, whether with respect to dividends, rights upon liquidation, dissolution, winding up or otherwise, including the Common Stock, are collectively referred to herein as "Junior Securities," all equity securities of the Company to which the Series A Preferred Stock ranks on a parity with, whether with respect to dividends or upon liquidation, dissolution, winding up or otherwise, are collectively referred to herein as "Parity Securities" and all equity securities of the Company to which the Series A Preferred Stock ranks junior, whether with respect to dividends or upon liquidation, dissolution, winding up or otherwise are collectively referred to herein as "Senior Securities").

5. Liquidation Rights.

(a) Liquidation Preference. Upon a voluntary or involuntary liquidation, or dissolution or winding up of the Company (a "Liquidation"), before any distribution of assets are made to the holders of Junior Securities, the holder of each then outstanding share of Series A Preferred Stock shall be paid out of the assets of the Company legally available for distribution to its stockholders (the "Available Assets") the Original Issue Price plus all dividends accrued but unpaid on the Original Issue Price (whether or not declared) up to the date of the Liquidation (such amount, the "Liquidation Preference").

(b) Priority. If the Available Assets are insufficient to pay the holders of outstanding shares of Series A Preferred Stock and of all Parity Securities the full Liquidation Preference of all such securities, then the holders of all such shares shall share the Available Assets ratably with all other holders of shares of Series A Preferred Stock and Parity Securities in such distribution of assets in proportion to the Liquidation Preference of the respective shares.

(c) Deemed Liquidation. The holders of a majority of the then outstanding shares of Series A Preferred Stock, acting as a single class, may deem a Liquidation to be any of the following (each such event, a "Deemed Liquidation"): (i) a merger, reorganization or consolidation of the Company with or into another corporation or other similar transaction or series of related transactions if the Company is not the surviving entity in such merger, reorganization, consolidation or similar transaction or series of related

Edgar Filing: I TRAX INC - Form PRE 14A

transactions or if the member of the Board immediately prior to such merger, reorganization, consolidation or similar transaction do not continue as a majority of members of the Board of the surviving entity immediately after such merger, reorganization, consolidation or similar transaction; and (ii) the sale of all or substantially all the assets of the Company. Upon a Deemed Liquidation, holders of Series A Preferred Stock may elect to receive either (i) the Liquidation Preference or (ii) the consideration issuable in the merger, reorganization or consolidation or similar transaction to the holders of shares of the Common Stock pro rata with such holders as if the outstanding shares of

D-8

Series A Preferred Stock were converted into shares of Common Stock pursuant to Section 2 above immediately prior to the record date of such merger, reorganization or consolidation or similar transaction. The value of consideration issuable in any merger, reorganization or consolidation or similar transaction shall be determined in good faith by the Board.

(d) Notice. The Company will send a written notice of a Liquidation to the holders of record of the Series A Preferred Stock, stating a payment date, the liquidation amount and the place where the Liquidation Amount will be paid, not less than fifteen (15) days prior to the payment date, using any of the following delivery methods: (i) in person; (ii) mailed by certified or registered mail, return receipt requested; (iii) sent by national courier; or (iv) sent by telecopier. The notice will be addressed to each holder as shown by the records of the Company.

6. Dividends. Each share of Series A Preferred Stock will accrue dividends at the rate of 8% per annum on the Original Issue Price beginning on the Original Issue Date of such share of Series A Preferred Stock. Accrued and unpaid dividends are payable in accordance with Section 2(e)(3) or 5(a).

7. Voting Rights.

(a) Stockholder Votes. Each holder of outstanding shares of Series A Preferred Stock is entitled to the number of votes equal to the number of whole shares of Common Stock into which the shares of Series A Preferred Stock held of record by such holder are convertible at each meeting of stockholders of the Company (and written actions of stockholders in lieu of meetings) with respect to any and all matters presented to the stockholders of the Company for their action or consideration. Except as provided by law and by the provisions of Section 8 below, the holders of shares of Series A Preferred Stock shall vote together with the holders of Common Stock as a single class.

(b) Notice. The Company shall notify in writing each holder of Series A Preferred Stock of any meeting of the stockholders (and provide them with copies of proxy materials and other information sent to stockholders). In the event of any undertaking by the Company of a record of its stockholders for the purpose of determining stockholders who are entitled to receive payment of any dividend or other distribution, any right to subscribe for, purchase or otherwise acquire (including by way of merger, consolidation, recapitalization or similar transaction) any share of any class or any other securities or property, or to receive any other right, or for the purpose of determining stockholders who are entitled to vote in connection with a Liquidation the Company shall mail a notice to each holder, at least ten (10) days prior to the record date specified therein (or twenty (20) days prior to the consummation of any transaction or event, whichever is earlier), of the date on which any such

Edgar Filing: I TRAX INC - Form PRE 14A

record is to be taken for the purpose of such dividend, distribution, right or other event, and a brief statement regarding the amount and character of such dividend, distribution, right or other event to the extent known at such time.

(c) Delaware General Corporation Law. To the extent that under the Delaware General Corporation Law ("DGCL") the vote of the holders of the Series A Preferred Stock, voting separately as a class or series as applicable, is required to authorize a given action of the Company, the affirmative vote or

D-9

consent of the holders of at least a majority of the shares of Series A Preferred Stock then outstanding represented at a duly held meeting at which a quorum is present or by written consent of a majority of the shares of Series A Preferred Stock (except as otherwise may be required under the DGCL) shall constitute the approval of such action by the class.

8. Protective Provision. As long as the shares of Series A Preferred Stock are outstanding, the Company shall not, without the consent of at least a majority of the then outstanding shares of Series A Preferred Stock:

(a) Parity or Senior Securities. Authorize, issue, sell or agree to any of the foregoing any new class or series of Parity Securities, Senior Securities or securities or rights of any kind convertible into or exercisable or exchangeable for any Parity Securities or Senior Securities;

(b) Charter Amendments. Amend the Certificate of Incorporation or Bylaws of the Company so as to affect adversely the rights, preferences or privileges of the Series A Preferred Stock or any Parity Securities or Senior Securities; or

(c) Dividends. Declare, pay, or set aside for payment any dividend on any Junior Securities (except for dividends payable in Junior Securities) or Parity Securities (unless the Series A Preferred Stockholders shall participate in such dividend *pari passu*).

9. No Reissuance of Series A Preferred Stock. Shares of Series A Preferred Stock acquired by the Company upon redemption, purchase, conversion or otherwise shall not be reissued, and all such shares of Series A Preferred Stock shall be cancelled, retired and eliminated from the shares of Series A Preferred Stock which the Company shall be authorized to issue. Any such shares of Series A Preferred Stock acquired by the Company shall have the status of authorized and unissued shares of Preferred Stock issuable in undesignated series and may be redesignated and reissued in any series of preferred stock other than as Series A Preferred Stock. No shares of Series A Preferred Stock shall be authorized or issued after the date of this resolution other than those set forth in Section 1.

10. Registered Holders. A holder of Series A Preferred Stock registered on the Company's stock transfer books as the owner of shares of Series A Preferred Stock shall be treated as the owner of such shares of all purposes. All notices and all payments required to be mailed to a holder of shares of Series A Preferred Stock shall be mailed to such holder's registered address on the Company's stock transfer books, and all dividends and redemption payments to a holder of Series A Preferred Stock made hereunder shall be deemed to be paid in compliance hereof on the date such payments are deposited into the mail addressed to such holder at his registered address on the Company's stock

Edgar Filing: I TRAX INC - Form PRE 14A

transfer books.

11. Certain Remedies. Any registered holder of shares of Series A Preferred Stock is entitled to an injunction or injunctions to prevent breaches of the provisions of this Certificate of Designations and to enforce specifically the terms and provisions of this Certificate of Designations in any court of the United States of America or any state thereof having jurisdiction,

D-10

this being in addition to any other remedy to which such holder may be entitled at law or in equity.

12. Headings of Subdivisions. The headings of the various subdivisions hereof are for convenience of reference only and shall not affect the interpretation of any of the provisions hereof.

13. Severability of Provisions. If any right, preference or limitation of the Series A Preferred Stock set forth herein (as may be amended) from time to time is invalid, unlawful or incapable of being enforced by reason of any rule of law or public policy, such right, preference or limitation (including, without limitation, the dividend rate) shall be enforced to the maximum extent permitted by law and all other rights, preferences and limitations set forth herein (as so amended) which can be given effect without the invalid, unlawful or unenforceable right, preference or limitation herein set forth shall be deemed dependent upon any other such right, preference or limitation unless so expressed herein.

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to ss. 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a stock corporation and also a member of record of a nonstock corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words and also membership or membership interest of a member of a nonstock corporation; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in one or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to ss. 251 (other than a merger effected pursuant to ss. 251(g) of this title), ss. 252, ss. 254, ss. 257, ss. 258, ss. 263 or ss. 264 of this title:

(1) Provided, however, that no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of and to vote at the meeting of stockholders to act upon the agreement of merger or consolidation, were either (i) listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in subsection (f) of ss. 251 of this title.

(2) Notwithstanding paragraph (1) of this subsection, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to ss.ss. 251, 252, 254, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a. and b. of this paragraph; or

E-1

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing subparagraphs a., b. and c. of this paragraph.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under ss. 253 of this title is not owned by the parent corporation immediately prior to the merger, appraisal rights shall be available for the shares of the subsidiary Delaware corporation.

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for such meeting with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) hereof that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand

for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within 10 days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to ss. 228 or ss. 253 of this title, then, either a constituent corporation before the effective date of the merger or consolidation, or the surviving or resulting corporation within ten days thereafter, shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal

E-2

rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within 10 days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice, such second notice need only be sent to each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than 10 days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) hereof and who is otherwise entitled to appraisal rights, may file a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within 10 days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within 10 days after expiration of the period for delivery of demands for appraisal under subsection (d) hereof, whichever is later.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

E-3

(h) After determining the stockholders entitled to an appraisal, the Court shall appraise the shares, determining their fair value exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together with a fair rate of interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. In determining the fair rate of interest, the Court may consider all relevant factors, including the rate of interest which the surviving or resulting corporation would have had to pay to

Edgar Filing: I TRAX INC - Form PRE 14A

borrow money during the pendency of the proceeding. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, permit discovery or other pretrial proceedings and may proceed to trial upon the appraisal prior to the final determination of the stockholder entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Interest may be simple or compound, as the Court may direct. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.
