REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee establishes compensation for the executive officers of the Company and its subsidiaries. In discharging its function, the Committee seeks to harmonize three objectives. First, compensation levels are designed to be sufficiently competitive to attract and retain highly qualified management personnel. Second, recognition is given to the achievement of annual financial, operational and strategic objectives. Finally, it is the Company's objective to continue to align pay and performance for the Company's executives with the longer-term goal of enhancing shareholder value.

To implement these objectives, the compensation program for executive officers consists of base salary, annual cash incentives, and the long-term compensation plan.

Base salaries are determined, in the first instance, by the evaluation of the executive officer's responsibility. A comparison to similarly situated executives at other comparable firms is also made to ensure that the Company's salaries are competitive. The Company has engaged Watson Wyatt & Company as consultants to assist with this market comparison.

Annual cash incentives are used to recognize the achievement of annual objectives in line with the Company's long-term goals. The annual objectives are based on specific and quantifiable financial and operational performance criteria, which are set at the beginning of each fiscal year by the Committee. Bonuses of executive officers are based either on earnings per share of the Company or, in certain cases, on a combination of earnings per share and divisional operating earnings.

The Company's current long-term compensation plan is made up of the 1999 Long-Term Incentive Plan, implemented through an Executive and Director Leveraged Stock Purchase Plan, and the 2001 Long-Term Incentive Plan, implemented through a Performance Accelerated Restricted Stock Plan.

Under the Stock Purchase Plan, eligible executives purchased shares of Company common stock for up to two times their base compensation while non-employee Directors purchased shares for up to four times their annual retainer. The participants' shares were then purchased at fair market value on the Acceptance Date. At the option of each participant these purchases were financed through external borrowings guaranteed by the Company and secured by the stock. For every share of common stock purchased under the Plan, participants received .40 of a stock option grant issued at the fair market value of the common stock at the Acceptance Date that vests over periods ranging from two to five years. All of the eligible participants purchased shares in the program. At December 31, 2002 the Company has guaranteed total borrowings of \$3,127,000 under the Plan.

Under the Performance Accelerated Restricted Stock Plan, eligible executives were awarded a total of 80,000 shares of the Company's common stock, subject to certain restrictions. These shares will vest, and restrictions will lapse, on February 21, 2009. The vesting and lapse of restrictions on some shares may occur on an accelerated basis on December 31, 2004 if the Company meets certain growth rate and profit margin goals and attains a targeted EBIT (earnings before income tax) return on total capital during the three years ending December 31, 2004.

Chief Executive Officer's Compensation

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form DEF 14A

For 2002, Mr. Neidus' s compensation package was based on a review of his compensation package in connection with his employment agreement. The Committee determined then that his targeted, total cash compensation should be at the 75th percentile for compensation received by chief executive officers of similarly situated companies.

Mr. Neidus' s total cash compensation for 2002 consisted of annual base salary of \$300,000. No bonus was paid for the year.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee, on behalf of the Board of Directors, has oversight responsibility with respect to the Company's financial audit and reporting process and its system of internal controls. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgment of the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosure required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluation of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee has made a recommendation to the Board of Directors, which the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the Securities and Exchange Commission.

The Committee and the Board have approved the selection of KPMG LLP as the Company's independent auditors for 2003. The Board has adopted a written charter for the Audit Committee, which was attached to the Company's 2001 Proxy Statement.

CERTAIN TRANSACTIONS

Ms. Mary Ann Jorgenson, a current Director and nominee for Director for an additional term, is a member of the law firm of Squire, Sanders & Dempsey, L.L.P. The Company retained the services of this firm during the past fiscal year, and proposes retaining its services during the current fiscal year.

A subcontracting firm owned by Mr. Howard P Wertman, III, son of the Company's President, was retained in 2002 and was paid \$216,138 for services it provided during that year. Mr. Ernest Girod, the brother-in-law of the Company's President, was employed as a commissioned salesperson in 2002 and received \$69,956 for his services during that year. The Company believes that these transactions were conducted on terms no less favorable to the Company than could have been obtained from unaffiliated third parties.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than ten-percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form DEF 14A

Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Company during 2002 and Forms 5 and amendments thereto furnished to the Company with respect to 2002, no director, officer, beneficial owner of more than 10% of its outstanding Common Stock or stock convertible into Common Stock or any other person subject to Section 16 of the Exchange Act, failed to file on a timely basis during 2002 any reports required by Section 16(a) of the Exchange Act, except that Messrs. Blackwell and Waldin and Ms. Jorgenson each made a single, late filing with respect to the payment in common stock of their compensation for services as a director, which was paid as deferred compensation under the Company's Deferred Compensation Plan for Employees and Directors.

INDEPENDENT PUBLIC ACCOUNTANTS

KPMG LLP acted as independent auditors of the Company for the fiscal year ended December 31, 2002. Their representatives will be present at the meeting and will be given an opportunity to make a statement, if they so desire, as well as to respond to appropriate questions.

Effective June 4, 2001, Deloitte & Touche LLP was dismissed as the Company's independent auditors and KPMG LLP was retained. The Board of Directors and Audit Committee participated in and approved this decision. The report of Deloitte & Touche LLP on the Company's financial statements for the fiscal year ending December 31, 2000 contained neither an adverse opinion nor a disclaimer of opinion. Likewise, the opinion was neither qualified nor modified as to uncertainty, audit scope or accounting principles.

There were no disagreements with Deloitte & Touche LLP regarding the fiscal year ending December 31, 2000, except for a disagreement in March 2001 related to accounting for the Company's Executive and Director Leveraged Stock Purchase Plan (the "Plan"). The Plan was adopted in the fall of 1999, at which time it was believed that the Plan's design did not require variable accounting treatment. The Board of Directors and Audit Committee discussed the subject matter of the disagreement with Deloitte & Touche. The Company restated its previously issued results for 2000 to address the matter and reflect variable accounting for the Plan. As a result, Deloitte & Touche LLP indicated that this disagreement was satisfactorily resolved.

The Company did not consult KPMG LLP regarding the matters described in Item 304(a)(2)(i) or (ii) of Securities and Exchange Commission Regulation S-K during the fiscal year ending December 31, 2000 or during the interim period prior to engaging KPMG LLP.

Audit Fees

The aggregate fees billed by the firm of KPMG LLP for audit of the Company's annual financial statements, and for the review of the financial statements included in the Company's Quarterly Reports on Form 10-Q, for the fiscal year ended December 31, 2002 were \$90,000.

Financial Information Systems Design and Implementation Fees

KPMG LLP did not bill for, or provide, financial information systems design and implementation services.

All Other Fees

The aggregate fees billed by KPMG LLP for services rendered to the Company, other than described above under "Audit Fees", for the fiscal year ended December 31, 2002 were \$74,700. The services provided were related to tax compliance and planning. The Audit Committee considered whether provision of these services was compatible with maintaining KPMG LLP's independence.

The Company will bear the costs of proxy solicitation including the preparation and mailing of this statement and accompanying material. Proxies will be solicited principally by mail, by employees and agents of the Company and its subsidiaries. No employee of the Company who assists in the solicitation will be paid for doing so beyond his regular compensation.

Shares voted by omnibus proxy or other proxy forms by brokers, nominees or agents will be tabulated according to instructions and limitations accompanying the form of proxy. All shares for which valid proxies are returned will be counted as present at the meeting for determination of a quorum (a majority of shares entitled to vote at the Annual Meeting).
