COMMITTEES

The standing committees of the Board of Directors are the Executive Committee, the Audit Committee, the Executive Compensation Committee, the Investment Funds Committee, the Finance Committee and the Corporate Governance Committee. The Executive Committee has the authority to act for the Board of Directors on most matters during the intervals between Board meetings. The functions of the Audit Committee are discussed below under Audit Information. The functions of the Executive Compensation Committee are discussed below under Report of Executive Compensation Committee. The Investment Funds Committee establishes the investment policy and monitors the performance of pension and portfolio investments of the Company and its subsidiaries. The Finance Committee advises the Board of Directors with respect to financing needs, capital structure and other financial matters. The Corporate Governance Committee develops qualifications for Director candidates, recommends to the Board of Directors persons to serve as Directors of the Company and monitors developments in, and makes recommendations to the Board concerning corporate governance practices. Shareholders entitled to vote for the election of Directors may nominate candidates for consideration by the Corporate Governance Committee. See Proposals for 2004 Annual Meeting.

During the fiscal year ended December 31, 2002, there were seven meetings of the Board of Directors, no meetings of the Executive Committee, five meetings of the Audit Committee, five meetings of the Executive Compensation Committee, five meetings of the Investment Funds Committee, one meeting of the Finance Committee and one meeting of the Corporate Governance Committee. All Directors attended 75% or more of the total aggregate number of meetings of the Board of Directors and of the committees on which they served, except for Mr. Dinkins.

DIRECTORS COMPENSATION

Each Director who is not an officer of the Company receives a quarterly retainer of \$3,750, a fee of \$1,500 for attendance at each Board meeting, and a fee of \$750 for attendance at each meeting of a Board committee of which he is a member. Effective December 1, 1998, each such non-employee Director may elect to receive all or part of his compensation in stock. The number of shares of the Company's Common Stock issuable to a Director who makes an annual irrevocable election to receive all stock in lieu of cash compensation is increased by 20%. A Director who is also an officer of the Company receives no compensation for his or her services as a Director.

The Outside Directors Deferral Plan, as amended and restated in 1998 and 2002, permits non-employee Directors to defer all or a portion of their cash compensation in Deferred Stock Units. Each Deferred Stock Unit represents a hypothetical share of the Company's Common Stock and fluctuates in value with the market price of such stock. A participant's Deferred Stock Unit Account is increased by Common Stock dividends paid by the Company. Those participants who elect to defer 100% of their total cash compensation into Deferred Stock Units for a given year shall receive additional compensation in the form of Deferred Stock Units equal to 20% of their total compensation. Before the 1998 amendment to the Plan, participants were able to

defer amounts also into a Deferred Cash Account. The 2002 amendment to the Plan gave certain participants the one-time opportunity to transfer all or a portion of their Deferred Stock Unit Account into a Deferred Cash Account effective August 16, 2002 and reestablished the option to defer amounts into a Deferred Cash Account for the remainder of the year 2002. Each Deferred Cash Account is credited with interest annually, and the interest paid is based on the rate of return set forth in the amended and restated Plan, which is currently 9%. Under the Plan, as amended in 2002, benefits in Deferred Stock Unit Accounts are paid in Common Stock, and benefits in Deferred Cash Accounts are paid in cash. Benefits also include survivor's benefits in the event that the participant dies before receiving all of the benefits to which the participant is entitled under the Plan. A participant may also postpone receipt of benefit payments by making a timely election. Accelerated payment of deferred benefits may occur under certain conditions, including a change of control of the Company.

Prior to 1997 pursuant to the Company's 1992 Stock Option Plan for Non-Employee Directors (the Directors' Option Plan), and in 1997 pursuant to the Company's 1991 Stock Incentive Plan, as amended (the 1991 Stock Incentive Plan), each non-employee Director was granted an option to purchase 1,500 shares of Common Stock of the Company on the first business day following each annual meeting of shareholders. Beginning in 1998, pursuant to the 1991 Stock Incentive Plan, the annual option grant to each non-employee Director was increased to 2,000 shares of the Company's Common Stock. Since 2001, the annual option grants have been made pursuant to the Company's 2000 Stock Incentive Plan (the 2000 Stock Incentive Plan). The exercise price of all options granted to non-employee Directors is the fair market value of the Company's Common Stock on the date of grant. All of the options are exercisable six months after the date of grant and expire ten years from the date of grant. Shorter expiration periods may apply in the event an optionee dies, becomes disabled or resigns from or does not stand for reelection to the Board. The options will be adjusted for stock dividends, stock splits and certain other corporate events that may occur in the future.

REPORT OF EXECUTIVE COMPENSATION COMMITTEE

Decisions on compensation of the Company's executive officers as well as those officers of its subsidiaries who are members of executive management (collectively senior management) are made by the Executive Compensation Committee of the Board. The Committee determines the salaries of the Company's senior management and reviews and approves annual management incentive programs and executive benefits for senior management. It also administers the 1991 and 2000 Stock Incentive Plans, the Directors' Option Plan, the Executive Voluntary Deferral Plan, the Outside Directors Deferral Plan and the Executive Target Ownership Program. The Committee reviews any significant changes in the tax qualified employee pension benefit plans and the Regional Management Incentive Programs. All decisions by the Executive Compensation Committee relating to the compensation of the Company's senior management are reported to the full Board.

Under rules established by the Commission, the Company is required to provide certain information with respect to the compensation and benefits provided to the Company's Chairman and Chief Executive Officer, Charles H. Foster, Jr., and the other executive officers of the Company, including the Named Executive Officers. The report of the Executive Compensation Committee set forth below addresses the Company's compensation policies in effect for 2002.

Executive Compensation Policies

The Executive Compensation Committee's executive compensation policies are designed to provide competitive levels of compensation that integrate pay with the Company's annual and long-term performance goals, recognize individual initiative and achievements, and assist the Company in attracting and retaining highly qualified executives. They provide for competitive base salaries which reflect individual performance and level of responsibility; annual variable performance opportunities payable in cash on the basis of merit and for the achievement of financial and operating performance goals established by the Committee; and long-term, stock-based incentive opportunities which strengthen the mutuality of interests between senior management and the Company's shareholders.

In furtherance of its responsibility to determine executive compensation, the Executive Compensation Committee annually, or more frequently, reviews the Company's executive compensation program. The Committee evaluates compensation structures and the financial performance of other publicly held companies in the title insurance industry, of publicly held companies in certain other financial services sectors and in companies of similar size as well as the compensation of executive officers in those companies in order to establish general parameters within which it may fix competitive compensation for its executive officers. The Committee may also review data from published compensation surveys. The Executive Compensation Committee believes that compensation comparisons are most appropriately made to executives within a designated industry and related industry peer group, with particular emphasis on comparable title insurance companies. This group may change as the Company or its competitors change their focus, merge or consolidate or as new competitors emerge.

The Executive Compensation Committee then determines the appropriate salary and management incentive using a number of factors, including the executive officer's individual duties and responsibilities in the Company, relative importance to the overall success of the Company's short-term and long-term goals and attainment of individual performance goals, if appropriate. With respect to Mr. Foster, the Committee specifically considers the following factors: integrity, vision, leadership, ability to meet agreed upon corporate performance objectives, succession planning, shareholder relations and CEO-Board relations, and it evaluates the overall performance of the Company, including revenues, earnings, development of the organization and return on shareholders' equity. With respect to the other executive officers, including the Named Executive Officers, the Committee reviews goals and accomplishments for the year as they pertain to the area or areas of Company operations for which the executive is personally responsible and accountable.

Combining subjective and objective policies and practices, this assessment process is undertaken annually, or more frequently, by the Executive Compensation Committee in order to implement the Company's pay-for-performance policy, which focuses on an executive officer's total compensation, including cash and non-cash compensation, from all sources.

Base Salaries and Annual Incentives

The Company's executive compensation program stresses incentive opportunities linked to financial and operating performance and incorporates competitive base salaries for senior management targeting the median for comparable positions at comparable companies during 2002.

After a review and evaluation by the Committee of Mr. Foster's personal performance in light of his management responsibilities, the Company's profitability levels in 2002 and the competitiveness of Mr. Foster's annual base salary to those of other chief executive officers of comparable companies, Mr. Foster's salary was increased to \$550,000 effective March 1, 2003.

The executive officers of the Company, including the Named Executive Officers, were also eligible for incentive compensation for individual and corporate performance in 2002. The Committee awards such annual incentives based on that performance and in analyzing those individual and corporate results against the designated peer group mentioned elsewhere in this report. The Committee's review included a specific review of Mr. Foster's and the Named Executive Officers' achievement against annual goals in their respective areas of responsibility. Based on that documented performance review, Mr. Foster's annual incentive award for 2002 was set at \$617,000.

Long-Term Incentives

The Committee administers the 1991 and 2000 Stock Incentive Plans under which it has granted to key executives stock options and shares of restricted Common Stock based upon a determination of competitive aggregate compensation levels. The primary objective of issuing stock-based incentives is to encourage significant investment in stock ownership by management and to provide long-term financial rewards linked directly to market performance of the Company's stock. The Committee believes that significant ownership of stock by senior management is the best way to align the interests of management and the shareholders, and the Company's stock incentive program is effectively designed to further this objective.

The Committee awarded Mr. Foster 26,600 shares of restricted stock effective December 16, 2002. This award was made in place of stock option grants normally made at that time of year. The Committee also granted restricted stock awards to various executive officers, including the Named Executive Officers.

The Committee initially determined the aggregate number of shares of restricted stock to be granted to executives by using a calculation based upon the Company's issued and outstanding shares on a fully diluted basis, with a goal of granting aggregate shares in an amount equal to .75% to 1.25% of fully diluted issued and outstanding shares each year. In deciding to use such a calculation, the Committee assessed data with respect to stock and option grants to executives in the designated peer group and considered the executive compensation structure of other companies of comparable size and performance characteristics. With respect to the shares granted to Mr. Foster, the Committee evaluated Mr. Foster's overall compensation package relative to that of other chief executives in the designated peer group. With respect to the allocation of shares among the Named Executive Officers and other executives, the Committee is of the view that, as a person's level of responsibility increases, greater portions of his or her total compensation should be linked to the long-term performance of the Company's Common Stock and return to its shareholders.

These restricted shares vest over a four-year period following the date of the award and may, at Committee discretion, vest earlier in the event of an executive's termination, retirement, death or disability.

Executive Target Ownership Program

In 1998, with an effective date of January 1, 1999, the Company adopted the Executive Target Ownership Program that requires members of executive management to attain certain stock ownership levels and therefore maintain a vested interest in the equity performance of the Company. Over a five year period, the executives covered by the program are expected to reach certain ownership levels, which are expressed as a multiple of the executive's base salary and which range from five times base salary, the level applicable to Mr. Foster, to two times base salary depending on the executive's position. Stock ownership for purposes of this program includes (1) shares owned outright by the executive, the executive's immediate family or a trust for the executive's benefit, (2) vested shares held in a qualified benefit plan, (3) the vested portion of restricted shares, (4) shares retained from the exercise of options and (5) Deferred Stock Units under the Executive Voluntary Deferral Plan. Unexercised stock options do not count for purposes of this program. As of December 31, 2002, Mr. Foster and all Named Executive Officers have met these targeted ownership levels. The Committee is currently studying this program for its continuing applicability to other eligible officers and may revise the program in 2003.

The tables which follow this report, and the accompanying narrative and footnotes, reflect the decisions covered by the above discussion.

Tax Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), provides certain criteria for the tax deductibility of annual compensation in excess of \$1 million paid to certain executives of public companies. The Company intends to qualify executive compensation for deductibility under Section 162(m) to the extent consistent with the best interests of the Company. Since corporate objectives may not always be consistent with the requirements of full deductibility, it is conceivable that the Company may enter into compensation arrangements in the future under which payments are not deductible under Section 162(m). Deductibility will not be the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation.

To meet the criteria applicable to deductible performance-based compensation (as defined in Section 162(m)), the Company has taken appropriate action to cause grants of stock options and stock appreciation rights under the 1991 and 2000 Stock Incentive Plans to be performance-based.

² The 2001 amounts shown in this column for Mr. Foster, Ms. Alpert, Mr. Chandler, Mr. Evans and Mr. Jordan are the sum of equal option grants made to each of these executive officers in February and December 2001. The December 2001 option grants were intended to be in lieu of grants that otherwise would have been made in February 2002. No option grants were made during the 2002 calendar year.

³ All Other Compensation includes the following amounts for the fiscal year ended December 31, 2002: (a) \$7,150, \$7,150, \$7,800, \$7,150 and \$7,150 for Mr. Foster, Ms. Alpert, Mr. Chandler, Mr. Evans and Mr. Jordan, respectively, representing the employer contribution to the 401(k) Plan on behalf of each of these executive officers to match the 2002 pre-tax elective deferral contribution (which is included under the Salary column) made by each to such plan; (b) \$4,760, \$4,558 and \$3,657 of accrued interest on income deferred in 1986, 1987 or 1988 by Mr. Foster, Ms. Alpert and Mr. Jordan, respectively, under the Lawyers Title Deferred

Income Plan (computed assuming that each of the participating Named Executive Officers satisfies all conditions necessary to earn the highest interest rate payable under such plan), to the extent the total interest accrued with respect to such income amounts during 2002 exceeded 120% of the applicable federal long term rate provided under Section 1274(d) of the Internal Revenue Code; and (c) \$23,465, \$18,774, \$22,344, \$13,377 and \$9,171 for Mr. Foster, Ms. Alpert, Mr. Chandler, Mr. Evans and Mr. Jordan, respectively, representing compensation attributable to life insurance premiums paid by the Company in 2002 pursuant to the Company's split-dollar life insurance plan.

⁴ These amounts reflect the dollar value, based on the \$36.94 closing price of a share of Common Stock December 16, 2002, as reported on the New York Stock Exchange, of the following number of shares of restricted Common Stock awarded on such date to the Named Executive Officers: Mr. Foster, 26,600 shares; Ms. Alpert, 16,600 shares; Mr. Chandler, 16,600 shares; Mr. Evans, 13,300 shares; and Mr. Jordan, 3,300 shares. On December 16, 2003, and on each of the three successive anniversary dates of such date, the award vests for 25% of the shares of Common Stock covered by the award. The aggregate number of shares of restricted Common Stock held by each of the Named Executive Officers on December 31, 2002, and the dollar value of such shares on such date based on a \$35.45 closing price of a share of Common Stock on December 31, 2002, as reported on the New York Stock Exchange, were as follows: Mr. Foster, 26,600 shares, \$942,970; Ms. Alpert, 16,600 shares, \$588,470; Mr. Chandler, 16,600 shares, \$588,470; Mr. Evans, 13,300 shares, \$471,485; and Mr. Jordan, 3,300 shares, \$116,985.

⁵ Mr. Chandler's employment with the Company commenced on January 31, 2000, when he was elected Senior Executive Vice President.

⁶ This amount is the dollar value, based on the \$17.8125 closing price of a share of Common Stock on January 31, 2000, as reported on the New York Stock Exchange, of 10,000 shares of restricted Common Stock awarded on such date to Mr. Chandler. On January 31, 2001, and on each of the three successive anniversary dates of such date, the award vests for 25% of the shares of Common Stock covered by the award. The dollar value of the 10,000 shares of restricted Common Stock held by Mr. Chandler on December 31, 2002, was \$354,500, based on the \$35.45 closing price of a share of Common Stock on such date, as reported on the New York Stock Exchange.

Retirement Benefits

All of the Named Executive Officers participate in the Company's Cash Balance Plan, a qualified defined benefit retirement plan. Under the plan, a hypothetical cash balance account is established for each participant for record keeping purposes. Each year a participant's cash balance account is credited with (a) a compensation credit based on the participant's age, service and compensation for that year and (b) an interest credit based on the participant's account balances at the end of the prior year. The compensation credit percentage is determined by the sum of the participant's age and service at the beginning of the year, and ranges from 2% for a sum of less than 35 to 5% for a sum of 80 or more. Interest credits for the year are based on the average of 10-year Treasury bond rates in effect for the month of November of the prior year. At retirement, the account balance may be converted to various monthly benefit options based on actuarial factors defined in the plan or may be paid in a lump sum benefit. Benefits for participants who were eligible for early retirement on

December 31, 1998, under the terms of the former Lawyers Title Retirement Plan or the former Commonwealth Pension Plan will be no less than benefits calculated under the provisions of such former plan.

The Internal Revenue Code limits (a) the annual retirement benefit that may be paid under the Cash Balance Plan and (b) the compensation that may be used in computing a benefit. The maximum benefit limitation is adjusted each year to reflect the cost of living. For 2002, the maximum benefit limitation was \$160,000 (based on a life annuity) and the earnings limitation was \$200,000.

All of the Named Executive Officers are also covered by the Company's 1999 Benefit Restoration Plan, an unfunded plan designed to restore to selected participants the benefits that cannot be paid under the Cash Balance Plan due to the Internal Revenue Code maximum benefit limitation, the earnings limitation, or both. The benefit payable under the 1999 Benefit Restoration Plan is the difference between the benefit that would be payable under the Cash Balance Plan, but for either or both of the Internal Revenue Code limitations, and the amount actually payable under the Cash Balance Plan. The benefits under the 1999 Benefit Restoration Plan are payable for a period of 15 years.

Assuming current salary and bonus levels (as reported in the Summary Compensation Table) and participation until normal retirement at age 65, (i) for the first 15 years after normal retirement the estimated total annual benefit payable to each of the Named Executive Officers under both the Cash Balance Plan and the 1999 Benefit Restoration Plan is as follows: Mr. Foster, \$279,000; Ms. Alpert, \$224,000; Mr. Chandler, \$39,000; Mr. Evans, \$141,000; and Mr. Jordan, \$103,000 and (ii) thereafter, the estimated annual benefit payable to each of these executive officers under only the Cash Balance Plan is as follows: Mr. Foster, \$115,000; Ms. Alpert, \$90,000; Mr. Chandler, \$15,000; Mr. Evans, \$81,000; and Mr. Jordan, \$82,000.

Contractual Obligations

To ensure that the Company will have the continued dedicated service of certain executives notwithstanding the possibility, threat or occurrence of a change of control, the Company has entered into change of control employment agreements with certain executives, including the Named Executive Officers. The agreements generally provide that if the executive is terminated other than for cause within three years after a change of control of the Company, or if the executive terminates his employment for good reason within such three-year period or voluntarily during the 30-day period following the first anniversary of the change of control, the executive is entitled to receive severance benefits. Severance benefits include a lump sum severance payment equal to up to three times the sum of the officer's base salary and highest annual bonus, together with certain other payments and benefits, including continuation of employee welfare benefits and, under most of the agreements, an additional payment to compensate the executive for certain excise taxes imposed on certain change of control payments.

The Board of Directors believes that the change of control employment agreements benefit the Company and its shareholders by securing the continued service of key management personnel and by enabling management to perform

its duties and responsibilities without the distracting uncertainty associated with a change of control.

Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The independent auditor is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes on behalf of the Board of Directors.

the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management.
