On April 26, 2010, the Compensation and Management Development Committee of the Board of Directors of AGL Resources Inc. (the “Company”), at its regularly scheduled meeting approved certain compensation payments to the estate of Douglas N. Schantz the former President of Sequent Energy Management, L.P. (“Sequent”). Mr. Schantz passed away in early March of this year. Pursuant to its authority under the AGL Resources Inc. 2007 Omnibus Performance Incentive Plan (the “OPIP”), the Compensation and Management Development Committee approved the amendment of one restricted stock agreement and two restricted stock unit agreements, under which Mr. Schantz held certain shares of unvested restricted stock. The amendments, which align the treatment of these awards with the treatment of stock options under the OPIP, provide for immediate vesting of those shares of restricted stock that would have vested within one year of the date of Mr. Schantz’s death. Specifically, these grants cover 26,254 shares that otherwise would have vested on July 31, 2010, 1,066 shares that otherwise would have vested on February 3, 2011 and 1,267 shares that otherwise would have vested on March 1, 2011. None of these grants are subject to any additional performance requirements. All other terms of Mr. Schantz’s long-term incentive awards remain unchanged. The Board also approved immediate payment of certain annual incentive awards, previously earned by Mr. Schantz in 2008 and 2009. Under the Company’s annual incentive plan, these payments were subject to a mandatory deferral of payment. Specifically, these are the amounts of \$108,697 of annual incentive earned in 2008 (payment of which was originally deferred until February 2011) and \$385,653 of annual incentive earned in 2009 (payment of which was originally deferred fifty percent until February 2011 and fifty percent until February 2012).
