PROXY STATEMENT

The accompanying proxy is solicited by the Company's directors for voting at the annual meeting of shareholders to be held on May 6, 2004, and at any and all adjournments of such meeting. If the proxy is executed and returned, it will be voted at the meeting in accordance with any instructions, and if no specification is made, the proxy will be voted for the proposals set forth in the accompanying notice of the annual meeting of shareholders. Shareholders who execute proxies may revoke them at any time before they are voted, either by writing to the Company at the address set forth above or in person at the time of the meeting. Additionally, any later dated proxy will revoke a previous proxy from the same shareholder. This proxy statement was mailed to shareholders of record on or about April 8, 2004.

There is one class of capital stock outstanding. Provided a quorum

Edgar Filing: CEL SCI CORP - Form DEFR14A

consisting of one-third of the shares entitled to vote is present at the meeting, the affirmative vote of a majority of the shares of common stock voting in person or represented by proxy is required to elect directors. Cumulative voting in the election of directors is not permitted. The affirmative vote of the holders of a majority of the outstanding shares of the Company's common stock is required to approve the proposal to increase the Company's authorized capitalization. The adoption of any other proposals to come before the meeting will require the approval of a majority of votes cast at the meeting.

Shares of the Company's common stock represented by properly executed proxies that reflect abstentions or "broker non-votes" will be counted as present for purposes of determining the presence of a quorum at the annual meeting. "Broker non-votes" represent shares held by brokerage firms in "street-name" with respect to which the broker has not received instructions from the customer or otherwise does not have discretionary voting authority. Abstentions and broker non-votes will not be counted as having voted against the proposals to be considered at the meeting.

For purposes of electing directors at its annual meeting the Company does not have a nominating committee or a committee performing similar functions. The Company's board of directors does not believe a nominating committee is necessary since the Company's board of directors is small and the board of directors as a whole performs this function. The current nominees to the Board of Directors were selected by a majority vote of the Company's independent directors.

The Company does not have any policy regarding the consideration of director candidates recommended by shareholders since a shareholder has never recommended a nominee to the board of directors. However, the Company's board of directors will consider candidates recommended by shareholders. To submit a candidate for the board of directors the shareholder should send the name, address and telephone number of the candidate, together with any relevant background or biographical information, to the Company's Chief Executive Officer, at the address shown on the cover page of this proxy statement. The board has not established any specific qualifications or skills a nominee must meet to serve as a director. Although the board does not have any process for identifying and evaluating director nominees, the board does not believe there would be any differences in the manner in which the board evaluates nominees submitted by shareholders as opposed to nominees submitted by any other person.

The Company does not have a policy with regard to board member's attendance at annual meetings. All board members attended the last annual shareholder's meeting held on March 31, 2003.

Holders of the Company's common stock can send written communications to the Company's entire board of directors, or to one or more board members, by addressing the communication to "the Board of Directors" or to one or more directors, specifying the director or directors by name, and sending the communication to the Company's offices in Vienna, Virginia. Communications addressed to the Board of Directors as whole will be delivered to each board member. Communications addressed to a specific director (or directors) will be delivered to the director (or directors) specified.

Security holder communications not sent to the board of directors as a whole or to specified board members are not relayed to board members.

The Company has adopted a Code of Ethics which is applicable to the Company's principal executive, financial, and accounting officers and persons performing similar functions. The Code of Ethics is available on the Company's website located at www.cel-sci.com.

(1) The dollar value of base salary (cash and non-cash) received. During the year ended September 30, 2003, \$701,397 of the total salaries paid to the persons shown in the table were paid in restricted shares of CEL-SCI's common stock.

Information concerning the issuance of these restricted shares is shown in the following table:

Date Shares Were Issued	Number of Shares Issued	Price Per Share
November 8, 2002	660,636	\$0.20
March 27, 2003	690,636	\$0.20
April 30, 2003	299,139	\$0.21
April 30, 2003	2,394,462	\$0.15
July 21, 2003	95,578	\$0.65

On each date the amount of compensation satisfied through the issuance of shares was determined by multiplying the number of shares issued by the Price Per Share. With the exception of the 2,394,462 shares issued on April 30, 2003 the price per share was equal to the closing price of the Company's common stock on the date prior to the date the shares were issued. The closing price of the Company's common stock on April 29, 2003, the date prior to the issuance of the

Edgar Filing: CEL SCI CORP - Form DEFR14A

2,394,462 shares, was \$0.21.

The 2,394,462 shares were issued to Mr. de Clara and Mr. Kersten in payment of their respective salaries for the six month period ended September 30, 2003. Since the shares were issued at a discount of \$0.06 per share to the market price of the Company's common stock, the additional compensation received by Mr. de Clara and Mr. Kersten from the receipt of these shares is shown in the "All Other Compensation Column".

- (2) The dollar value of bonus (cash and non-cash) received.
- (3) Any other annual compensation not properly categorized as salary or bonus, including perquisites and other personal benefits, securities or property. Amounts in the table represent automobile, parking and other transportation expenses, plus, in the case of Maximilian de Clara and Geert Kersten, director's fees of \$8,000. During the year ended September 30, 2003, \$25,000 of the total Other Annual compensation paid to the persons shown in the table were paid in restricted shares of the Company's common stock.
- (4) During the periods covered by the table, the value of the shares of restricted stock issued as compensation for services to the persons listed in the table. In the case of Mr. de Clara the shares were issued in consideration for past services to the Company. In the case of all other persons listed in the table, the shares were issued as the Company's contribution on behalf of the named officer to the Company's 401(k) retirement plan.

As of September 30, 2003, the number of shares of the Company's common stock, owned by the officers included in the table above, and the value of such shares at such date, based upon the market price of the Company's common stock were:

Name	Shares	Value
Maximilian de Clara	1,782,295	\$1,657,534
Geert R. Kersten	2,345,993	\$2,181,773
Patricia B. Prichep	471,479	\$ 438,475
Eyal Talor, Ph.D.	474,615	\$ 441,392
Daniel Zimmerman, Ph.D.	438,776	\$ 408,062

Dividends may be paid on shares of restricted stock owned by the Company's officers and directors, although the Company has no plans to pay dividends.

- (5) The shares of common stock to be received upon the exercise of all stock options granted during the periods covered by the table. Includes certain options issued in connection with the Company's Salary Reduction Plans as well as certain options purchased from the Company. See "Options Granted During Fiscal Year Ended September 30, 2003" below.
- (6) All other compensation received that the Company could not properly report in any other column of the table including annual Company contributions or other allocations to vested and unvested defined contribution plans, and the dollar value of any insurance premiums paid by, or on behalf of, the Company with respect to term life insurance for the benefit of the named executive officer, and the full dollar value of the remainder of the premiums paid by, or on behalf of, the Company. Amounts in the table for fiscal 2001 represent life insurance premiums. Amounts in the table for fiscal 2003 represent the value of the Company's common stock issued at

Edgar Filing: CEL SCI CORP - Form DEFR14A

below market prices and discussed in (1) above.

Long Term Incentive Plans - Awards in Last Fiscal Year

None.

Employee Pension, Profit Sharing or Other Retirement Plans

During 1993 the Company implemented a defined contribution retirement plan, qualifying under Section 401(k) of the Internal Revenue Code and covering substantially all the Company's employees. Prior to January 1, 1998 the Company's contribution was equal to the lesser of 3% of each employee's salary, or 50% of the employee's contribution. Effective January 1, 1998 the plan was amended such that the Company's contribution is now made in shares of the Company's common stock as opposed to cash. Each participant's contribution is matched by the Company with shares of common stock which have a value equal to 100% of the participant's contribution, not to exceed the lesser of \$1,000 or 6%

of the participant's total compensation. The Company's contribution of common stock is valued each quarter based upon the closing price of the Company's common stock. The fiscal 2003 expenses for this plan were \$48,437. Other than the 401(k) Plan, the Company does not have a defined benefit, pension plan, profit sharing or other retirement plan.

Compensation of Directors

Standard Arrangements. The Company currently pays its directors \$2,000 per quarter, plus expenses. The Company has no standard arrangement pursuant to which directors of the Company are compensated for any services provided as a director or for committee participation or special assignments.

Other Arrangements. The Company has from time to time granted options to its outside directors. See Stock Options below for additional information concerning options granted to the Company's directors.

Employment Contracts. In March 2002 the Company entered into a three-year employment agreement with Mr. de Clara which expires March 31, 2005. The employment agreement provides that the Company will pay Mr. de Clara an annual salary of \$363,000 during the term of the agreement. In the event that there is a material reduction in Mr. de Clara's authority, duties or activities, or in the event there is a change in the control of the Company, then the agreement allows Mr. de Clara to resign from his position at the Company and receive a lump-sum payment from the Company equal to 18 months salary. For purposes of the employment agreement, a change in the control of the Company means the sale of more than 50% of the outstanding shares of the Company's Common Stock, or a change in a majority of the Company's directors.

The Employment Agreement will also terminate upon the death of Mr. de Clara, Mr. de Clara's physical or mental disability, the conviction by Mr. de Clara of any crime involving fraud, moral turpitude, or the Company's property, or a breach of the Employment Agreement by Mr. de Clara. If the Employment Agreement is terminated for any of these reasons Mr. de Clara, or his legal representatives, as the case may be, will be paid the salary provided by the Employment Agreement through the date of termination.

Effective September 1, 2003, the Company entered into a three-year employment agreement with Mr. Kersten. The employment agreement provides that during the term of the employment agreement the Company will pay Mr. Kersten an

Edgar Filing: CEL SCI CORP - Form DEFR14A

Stock Option and Bonus Plans

The Company has Incentive Stock Option Plans, Non-Qualified Stock Option Plans and Stock Bonus Plans. All Stock Option and Bonus Plans have been approved by the stockholders. A summary description of these Plans follows. In some cases these Plans are collectively referred to as the "Plans".

Incentive Stock Option Plan. The Incentive Stock Option Plans collectively authorize the issuance of shares of the Company's Common Stock to persons who exercise options granted pursuant to the Plan. Only Company employees may be granted options pursuant to the Incentive Stock Option Plan.

To be classified as incentive stock options under the Internal Revenue Code, options granted pursuant to the Plans must be exercised prior to the following dates:

- (a) The expiration of three months after the date on which an option holder's employment by the Company is terminated (except if such termination is due to death or permanent and total disability);

Edgar Filing: CEL SCI CORP - Form DEFR14A

(b) The expiration of 12 months after the date on which an option holder's employment by the Company is terminated, if such termination is due to the Employee's permanent and total disability;

(c) In the event of an option holder's death while in the employ of the Company, his executors or administrators may exercise, within three months following the date of his death, the option as to any of the shares not previously exercised;

The total fair market value of the shares of Common Stock (determined at the time of the grant of the option) for which any employee may be granted options which are first exercisable in any calendar year may not exceed \$100,000.

Options may not be exercised until one year following the date of grant. Options granted to an employee then owning more than 10% of the common stock of the Company may not be exercisable by its terms after five years from the date of grant. Any other option granted pursuant to the Plan may not be exercisable by its terms after ten years from the date of grant.

The purchase price per share of common stock purchasable under an option is determined by the Committee but cannot be less than the fair market value of the common stock on the date of the grant of the option (or 110% of the fair market value in the case of a person owning more than 10% of the Company's outstanding shares).

Non-Qualified Stock Option Plans. The Non-Qualified Stock Option Plans collectively authorize the issuance of shares of the Company's common stock to persons that exercise options granted pursuant to the Plans. The Company's employees, directors, officers, consultants and advisors are eligible to be granted options pursuant to the Plans, provided however that bona fide services must be rendered by such consultants or advisors and such services must not be in connection with the offer or sale of securities in a capital-raising transaction. The option exercise price is determined by the Committee but cannot be less than the market price of the Company's common stock on the date the option is granted.

Stock Bonus Plan. Shares of common stock may be granted under the Stock Bonus Plan to the Company's employees, directors, officers, consultants and advisors, provided however that bona fide services must be rendered by consultants or advisors and such services may not be in connection with a capital-raising transaction or promoting the Company's stock.

Other Information Regarding the Plans. The Plans are administered by the Company's Compensation Committee ("the Committee"), each member of which is a director of the Company. The members of the Committee were selected by the Company's Board of Directors and serve for a one-year tenure and until their successors are elected. A member of the Committee may be removed at any time by action of the Board of Directors. Any vacancies which may occur on the Committee will be filled by the Board of Directors. The Committee is vested with the authority to interpret the provisions of the Plans and supervise the administration of the Plans. In addition, the Committee is empowered to select those persons to whom shares or options are to be granted, to determine the number of shares subject to each grant of a stock bonus or an option and to determine when, and upon what conditions, shares or options granted under the Plans will vest or otherwise be subject to forfeiture and cancellation.

In the discretion of the Committee, any option granted pursuant to the Plans may include installment exercise terms such that the option becomes fully

Edgar Filing: CEL SCI CORP - Form DEFR14A

exercisable in a series of cumulating portions. The Committee may also accelerate the date upon which any option (or any part of any options) is first exercisable. Any shares issued pursuant to the Stock Bonus Plan and any options granted pursuant to the Incentive Stock Option Plan or the Non-Qualified Stock Option Plan will be forfeited if the "vesting" schedule established by the Committee administering the Plan at the time of the grant is not met. For this purpose, vesting means the period during which the employee must remain an employee of the Company or the period of time a non-employee must provide services to the Company. At the time an employee ceases working for the Company (or at the time a non-employee ceases to perform services for the Company), any shares or options not fully vested will be forfeited and cancelled. At the discretion of the Committee payment for the shares of common stock underlying options may be paid through the delivery of shares of the Company's common stock having an aggregate fair market value equal to the option price, provided such shares have been owned by the option holder for at least one year prior to such exercise. A combination of cash and shares of common stock may also be permitted at the discretion of the Committee.

Options are generally non-transferable except upon death of the option holder. Shares issued pursuant to the Stock Bonus Plan will generally not be transferable until the person receiving the shares satisfies the vesting requirements imposed by the Committee when the shares were issued.

The Board of Directors of the Company may at any time, and from time to time, amend, terminate, or suspend one or more of the Plans in any manner they deem appropriate, provided that such amendment, termination or suspension will not adversely affect rights or obligations with respect to shares or options previously granted. The Board of Directors may not, without shareholder approval: make any amendment which would materially modify the eligibility requirements for the Plans; increase or decrease the total number of shares of common stock which may be issued pursuant to the Plans except in the case of a reclassification of the Company's capital stock or a consolidation or merger of the Company; reduce the minimum option price per share; extend the period for granting options; or materially increase in any other way the benefits accruing to employees who are eligible to participate in the Plans.

Summary. The following sets forth certain information, as of March 29, 2004 concerning the stock options and stock bonuses granted by the Company. Each option represents the right to purchase one share of the Company's common stock. The total shares reserved under each Plan does not include the shares authorized by the 2004 Plans which are being submitted to the Company's shareholders for their approval at the 2004 Annual Shareholders' meeting.

Compensation Committee

During the year ending September 30, 2003 the Company had a Compensation Committee which, was comprised of Maximilian de Clara, Alexander Esterhazy and C. Richard Kinsolving. During the year ended September 30, 2003 the Compensation Committee did not formerly meet as a separate committee, but rather held its meetings in conjunction with the Company's Board of Director's meetings.

During the year ended September 30, 2003, Mr. de Clara was the only officer participating in deliberations of the Company's compensation committee concerning executive officer compensation. During the year ended September 30, 2003, no director of the Company was also an executive officer of another entity, which had an executive officer of the Company serving as a director of such entity or as a member of the compensation committee of such entity.

The following is the report of the Compensation Committee:

The key components of the Company's executive compensation program include annual base salaries and long-term incentive compensation consisting of stock options. It is the Company's policy to target compensation (i.e., base salary, stock option grants and other benefits) at approximately the median of comparable companies in the biotechnology field. Accordingly, data on compensation practices followed by other companies in the biotechnology industry is considered.

The Company's long term incentive program consists exclusively of periodic grants of stock options with an exercise price equal to the fair market value of the Company's Common Stock on the date of grant. To encourage retention, the ability to exercise options granted under the program is subject to vesting restrictions. Decisions made regarding the timing and size of option grants take into account Company and individual performance, "competitive market" practices, and the size of the option grants made in prior years. The weighting of these factors varies and is subjective. Current option holdings are not considered when granting options.

Edgar Filing: CEL SCI CORP - Form DEFR14A

In March 2002 the Company entered into a three-year employment agreement with Maximilian de Clara, the Company's President. The March 2002 employment agreement, which is essentially the same as Mr. de Clara's two prior employment agreements, provides that during the employment term the Company will pay Mr. de Clara a salary of \$363,000. Since the terms of the employment contract established the compensation paid to Mr. de Clara, there was no relationship between the Company's performance and Mr. de Clara's compensation for the last completed fiscal year.

Effective August 1, 2003, the Company entered into a three-year employment agreement with Geert R. Kersten. The employment agreement, which is essentially the same as Mr. Kersten's prior employment agreement, provides that during the term of the agreement the Company will pay Mr. Kersten an annual salary of \$370,585, subject to the minimum annual increases of 5% per year. In renewing Mr. Kersten's employment contract the Compensation Committee considered various factors, including Mr. Kersten's performance in his area of responsibility, Mr. Kersten's experience in his position, and Mr. Kersten's length of service with the Company. During the fiscal year ending September 30, 2003 the compensation paid to Mr. Kersten was based on his employment contract which became effective on August 1, 2003 and Mr. Kersten's previous employment agreement.

As explained in Note (1) to the Executive Compensation table, during the year ended September 30, 2003 Mr. de Clara and Mr. Kersten, agreed to accept restricted shares of the Company's common stock for part of the compensation payable pursuant to their employment contracts.

During the year ending September 30, 2003, the compensation paid to the Company's other executive officers was based on a variety of factors, including the performance in the executive's area of responsibility, the executive's individual performance, the executive's experience in his or her role, the executive's length of service with the Company, the achievement of specific goals established for the Company and its business, and, in certain instances, to the achievement of individual goals.

Financial or stockholder value performance comparisons were not used to determine the compensation of the Company's other executive officers since the Company's financial performance and stockholder value are influenced to a substantial degree by external factors and as a result comparing the compensation payable to the other executive officers to the Company's financial or stock price performance can be misleading.

During the year ended September 30, 2003 the Company granted options for the purchase of 3,811,165 shares of the Company's common stock to the Company's executive officers. In granting the options to the Company's executive officers, the Board of Directors considered the same factors which were used to determine the cash compensation paid to such officers.

During the year ended September 30, 2003 the Company issued restricted shares of its common stock to the following directors in lieu of director's fees: Maximilian de Clara (32,601 shares), Geert R. Kersten (32,601 shares), C. Richard Kinsolving (32,601 shares) and Peter Young (32,601 shares). Except as otherwise disclosed in this proxy statement, during the year ended September 30, 2003 the Company did not issue any shares of its common stock to the Company's officers or directors in return for services provided to the Company.

The foregoing report has been approved by the members of the Compensation Committee:

Alexander Esterhazy

Audit Committee

During the year ended September 30, 2003 the Company had an Audit Committee comprised of Alexander Esterhazy, C. Richard Kinsolving and Peter Young. The members of the Audit Committee are independent as independence is defined by Section 121(A) of the American Stock Exchange's Listing Standards. The purpose of the Audit Committee is to review and approve the selection of the Company's auditors, review the Company's financial statements with the Company's independent auditors, and review and discuss the independent auditors' management letter relating to the Company's internal accounting controls. During the fiscal year ended September 30, 2003, the Audit Committee met five times. All members of the Audit Committee attended this meeting.

The following is the report of the Audit Committee.

- (1) The Audit Committee reviewed and discussed the Company's audited financial statements for the year ended September 30, 2003 with the Company's management.
- (2) The Audit Committee discussed with the Company's independent auditors the matters required to be discussed by Statement on Accounting Standards (SAS) No. 61 "Communications with Audit Committee" as amended by SASs 89 and 90.
- (3) The Audit Committee has received the written disclosures and the letter

Edgar Filing: CEL SCI CORP - Form DEFR14A

from the Company's independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and had discussed with the Company's independent accountants the independent accountants independence; and

- (4) Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2003 for filing with the Securities and Exchange Commission.
- (5) During the year ended September 30, 2003 the Company paid Deloitte & Touche LLP, the Company's independent auditors, other audit related fees of \$50,027 for reviewing various registration statements filed by the Company during the year. The Audit Committee is of the opinion that these fees are consistent with Deloitte & Touche LLP maintaining its independence from the Company.

The foregoing report has been approved by the members of the Audit Committee:

Alexander G. Esterhazy
C. Richard Kinsolving
Peter Young

The Company's Board of Directors has adopted a written charter for the Audit Committee, a copy of which was filed as an appendix to the proxy statement relating to the Company's March 31, 2003 annual meeting of shareholders.

PROPOSAL TO ADOPT 2004 INCENTIVE STOCK OPTION PLAN

Shareholders are being requested to vote on the adoption of the Company's 2004 Incentive Stock Option Plan. The purpose of the 2004 Incentive Stock Option Plan is to furnish additional compensation and incentives to the Company's officers and employees.

The 2004 Incentive Stock Option Plan, if adopted, will authorize the issuance of up to 1,000,000 shares of the Company's common stock to persons that exercise options granted pursuant to the plan. As of the date of this Proxy Statement the Company had not granted any options pursuant to this plan.

Any options under the 2004 Incentive Stock Option Plan must be granted before January 20, 2014. If adopted, the 2004 Incentive Stock Option Plan will function and be administered in the same manner as the Company's other Incentive Stock Option Plans. The Board of Directors recommends that the shareholders of the Company approve the adoption of the 2004 Incentive Stock Option Plan.

Proposal to adopt 2004 non-qualified stock option plan

Shareholders are being requested to vote on the adoption of the Company's 2004 Non-Qualified Stock Option Plan. The Company's employees, directors and officers, and consultants or advisors to the company are eligible to be granted options pursuant to the 2004 Non-Qualified Plan as may be determined by the Company's Board of Directors, provided however that bona fide services must be rendered by such consultants or advisors and such services must not be in connection with the offer or sale of securities in a capital-raising transaction.

The 2004 Non-Qualified Plan, if adopted, will authorize the issuance of up to 1,000,000 shares of the Company's common stock to persons that exercise options granted pursuant to the Plan. As of the date of this Proxy Statement the

Edgar Filing: CEL SCI CORP - Form DEFR14A

Company had not granted any options under the 2004 Non-Qualified Plan.

The 2004 Non-Qualified Plan will function and be administered in the same manner as the Company's other Non-Qualified Plans. The Board of Directors recommends that the shareholders of the Company approve the adoption of the 2004 Non-Qualified Plan.

PROPOSAL TO ADOPT 2004 STOCK BONUS PLAN

Shareholders are being requested to vote on the adoption of the Company's 2004 Stock Bonus Plan. The purpose of the 2004 Stock Bonus Plan is to furnish additional compensation and incentives to the Company's officers and employees and to allow the Company to continue to make contributions to its 401(k) plan with shares of its common stock instead of cash.

Since 1993 the Company has maintained a defined contribution retirement plan (also known as a 401(k) Plan) covering substantially all the Company's employees. Prior to January 1, 1998 the Company's contribution to the 401(k) Plan was made in cash. Effective January 1, 1998 the Company's employees approved a change in the plan such that the Company's contribution is now made in shares of the Company's common stock as opposed to cash. The Company's contribution of common stock is made quarterly and is valued based upon the price of the Company's common stock on the American Stock Exchange. The Board of Directors is of the opinion that contributions to the 401(k) plan with shares of the Company's common stock serves to further align the shareholder's interest with that of the Company's employees.

The 2004 Stock Bonus Plan, if adopted, will authorize the issuance of up to 1,000,000 shares of the Company's common stock to persons granted stock bonuses pursuant to the plan. As of the date of this Proxy Statement the Company had not granted any stock bonuses pursuant to the 2004 Stock Bonus Plan.

The 2004 Stock Bonus Plan will function and be administered in the same manner as the Company's existing Stock Bonus Plans. The Board of Directors recommends that the shareholders of the Company approve the adoption of the 2004 Stock Bonus Plans.

PROPOSAL TO APPROVE ISSUANCE OF COMMON STOCK PURSUANT TO THE COMPANY'S STOCK COMPENSATION PLAN

During the twelve months ended December 31, 2003 the Company issued 3,374,645 shares of its common stock to its officers, directors and employees in payment of \$830,086.62 salaries, fees and other compensation owed to these persons. In order to conserve cash, the Company expects that it may continue to offer its officers, directors and employees the opportunity to receive shares of the Company's common stock in payment of amounts owed by the Company for services rendered.

The Company's common stock trades on the American Stock Exchange. In 2003 the AMEX amended its rules so as to require AMEX listed corporations to obtain shareholder approval for arrangements which permit officers, directors, employees or consultants to receive a listed corporation's shares in payment of compensation.

To comply with the AMEX requirements in this regard, the Company has adopted, subject to shareholder approval, a Stock Compensation Plan, a copy of which is attached to this proxy statement, which provides for the issuance of up to 1,000,000 shares of common stock pursuant to plan. The Board of Directors recommends that the shareholders of the Company approve the Company's Stock Compensation Plan.

PROPOSAL TO AMEND THE COMPANY'S ARTICLES OF INCORPORATION SUCH THAT THE COMPANY

Edgar Filing: CEL SCI CORP - Form DEFR14A

WOULD BE AUTHORIZED TO ISSUE 200,000,000 SHARES OF COMMON STOCK

The Company is authorized to issue 100,000,000 shares of common stock. As of March 29, 2004, the Company had 65,516,738 outstanding shares of common stock, plus outstanding options and warrants which would allow the holders of these securities to purchase 15,078,761 additional shares of the Company's common stock.

Due to the lack of any significant revenues, the Company has relied upon proceeds from the private sales of its common stock, as well as securities convertible into common stock, to meet its funding requirements.

The Company needs to increase its authorized shares of common stock to accommodate the additional shares which may be issued if all outstanding options, warrants and convertible securities were exercised or converted and to allow the Company to raise additional capital through the sale of common stock or securities convertible into common stock.

Although the Company will be required to fund its operations through the sale of its securities until significant revenues are generated from the commercial sale of its products, as of the date of this proxy statement the Company did not have any definitive agreements or arrangements with any person to sell any additional shares of its common stock, except for the agreement pertaining to the Company's line of credit and the Company's obligation to issue common stock upon the exercise of outstanding options and warrants.

equal to the closing price of the Company's common stock on the date prior to the date the Acceptance Form is delivered to the Participant except that a higher or a lower price may be set by the Company's Compensation Committee. However in no case may the Price Per Share be less than 80% of the closing price of the Company's common stock on the date prior to the date the Acceptance Form is delivered to the Participant.

3. If the Company is willing to offer shares of its common stock to any Participant in accordance with this Plan, the Company will provide the Participant with the attached Acceptance Form. A Participant wanting to accept the terms outlined in the Acceptance Form will be required to sign the form and return it to the Company by the date indicated on the form.

6. At the time the shares are issued, the Participant will incur taxable income equal to the market price of the Company's common stock on the date the Company's board of directors approves the issuance of shares to the Participant. If the Participant is employed by the Company on the date the shares are issued, the Company may require the Participant to pay the Company all applicable federal and state withholding taxes with respect to such income or, may withhold such amounts from the Participant. If the Participant is not employed by the Company on the date the shares are issued, the delivery of the shares may be conditioned, at the Company's option, upon the Participant tendering to the Company an amount equal to all applicable federal and state withholding taxes. Federal withholding taxes will be based upon the then current provisions of the Internal Revenue Code for withholding taxes plus the Participant's share of Social Security and Medicaid taxes.
7. The Company makes no representations to a Participant that the shares which may be issued pursuant to this Plan will ultimately have any value whatsoever.
