In addition to the solicitation of proxies by use of the mails, the directors, officers and employees of Dynatronics, without receiving additional compensation therefore, may solicit proxies personally or by telephone or facsimile. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the shares of common stock held by such persons, and Dynatronics will reimburse such brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

ANY SHAREHOLDER WHO EXECUTES A PROXY MAY REVOKE IT AT ANYTIME BEFORE IT IS EXERCISED BY GIVING ANOTHER PROXY OR BY LETTER OR TELEGRAM DIRECTED TO DYNATRONICS.

THE SOLICITATION OF PROXIES TO WHICH THIS PROXY STATEMENT RELATES IS BEING MADE ON BEHALF OF DYNATRONICS BY ITS BOARD OF DIRECTORS.

Voting

The matters to be considered and voted upon at the Annual Meeting will be:

1. Election of seven directors to serve until the next Annual Meeting of Shareholders or until their successors are elected and qualified;
2. Ratification of the selection of KPMG LLP as the independent public accountants of Dynatronics; and
3. Transaction of such other business as may properly come before the meeting.

It is important that you promptly return your proxy. You are requested

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

to vote, sign, date and return the proxy in the enclosed self-addressed envelope. Shares of common stock will be voted in accordance with the instructions indicated on properly executed proxies. If no instructions are indicated, those shares will be voted "FOR" the election of each of the seven nominees for director, "FOR" the ratification of the appointment of KPMG LLP as the independent public accountants of Dynatronics for the fiscal year ending June 30, 2003, and, in the discretion of the proxy holder, as to any other matters that may properly come before the Annual Meeting.

The close of business on October 10, 2002 has been fixed as the "Record Date" for determining shareholders entitled to receive notice of and to vote at the meeting. At the close of business on the Record Date, there were 8,869,335 issued and outstanding shares of common stock, no par value, all of which are entitled to vote and be voted at the meeting. Each share is entitled to one vote and only shareholders of record of as of the close of business on the Record Date are entitled to vote their shares at the Annual Meeting. Shareholders will not be allowed to cumulate their shares. Holders of a majority of the shares entitled to be voted at the Annual Meeting must be represented at the Annual Meeting to constitute a quorum for purposes of conducting any business. Abstentions and broker non-votes will be counted as "represented" for the

2

purpose of determining the presence or absence of a quorum, but will not be counted for any other purpose.

Each of the proposed actions to be considered requires the affirmative approval of a majority of the votes cast at the Annual Meeting where holders of a majority of the shares issued and outstanding are present in person or by proxy. Under Utah law, once a quorum is established, shareholder approval with respect to a particular proposal is generally obtained when the votes cast in favor of the proposal exceed the votes cast against the proposal. Both abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum, but broker non-votes are not considered present and entitled to vote on any matter.

The Board of Directors

Directors hold office until the next annual meeting of the shareholders and until their successors have been elected or appointed and duly qualified. Executive officers are appointed by the Board of Directors at the first meeting after each Annual Meeting of Shareholders and hold office until their successors are elected or appointed and duly qualified. Vacancies on the Board which are created by the retirement, resignation or removal of a director may be filled by the vote of the remaining members of the Board, with such new director serving the remainder of the term or until his successor shall be elected and qualify.

Meetings and Committees

There were six regular meetings of the Board of Directors held during the fiscal year ended June 30, 2002. No director attended fewer than 75% of the meetings during the fiscal year.

The Board has no formal Nominating Committee. The Board has a standing Compensation Committee comprising the outside directors that reviews and approves compensation matters for executive officers and has oversight responsibility for all benefit plans, including the company's stock option plan. Members of the Compensation Committee are: Dr. E. Keith Hansen, Joseph H. Barton, Howard L. Edwards, and Val J. Christensen. The Compensation Committee held two meetings during the year ended June 30, 2002.

The Board of Directors also has an Audit Committee comprising the same directors who serve as members of the Compensation Committee of the Board. The Audit Committee held three meetings during fiscal year 2002.

According to its charter as adopted by the Board of Directors, the functions of the Audit Committee are (1) to review and approve the selection of, and all services performed by, the independent auditors, (2) to review and evaluate the company's internal controls, and (3) to review and report to the Board of Directors with respect to the scope of audit procedures, accounting practices and internal accounting and financial controls of the company.

The Audit Committee has prepared the following report of its activities for the year ended June 30, 2002. The following report shall not be deemed incorporated by reference by any general statement incorporating this Proxy Statement into any other filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent Dynatronics specifically incorporates this information by reference, and shall not otherwise be deemed filed under such statutes.

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

The Audit Committee (referred to in this report as "we" and "us") is composed entirely of independent directors, and operates under a written charter. The Audit Committee assists the Board in fulfilling their responsibility to shareholders, potential shareholders and the investment community relating to accounting and financial reporting practices.

The Audit Committee meets with management periodically to consider the adequacy of the company's internal controls and the objectivity of its financial reporting. The Audit Committee discusses these matters with the independent auditors and with appropriate financial personnel.

As needed, the Audit Committee meets privately with both the independent auditors and the appropriate financial personnel, each of whom has unrestricted access to the members of the Audit Committee. The Audit Committee also selects and appoints the independent auditors and reviews periodically the auditors' performance and independence from management as well as the compensation paid to the auditors for services provided to the company.

All members of the Audit Committee are "independent" for purposes of Rule 4200(a)(15) of The National Association of Securities Dealers' listing standards and applicable Marketplace Rules. That is, the Board of Directors has determined that none of the members of the Audit Committee has a relationship to Dynatronics that may interfere with their independence from Dynatronics and its management.

Management has primary responsibility for the company's financial statements and the overall reporting process, including the company's system of internal controls. The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of Dynatronics in conformity with accounting principles generally accepted in the United States of America and discuss with us any issues they believe should be raised with the committee.

This year, the Audit Committee reviewed the audited financial statements and met with both management and KPMG LLP, the independent auditors, to discuss those financial statements. Management has represented to us that the financial statements were prepared in accordance with accounting standards generally accepted in the United States of America.

We have received from and discussed with KPMG LLP the written disclosure as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to that firm's independence from Dynatronics. We also discussed with KPMG LLP any matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Based on these reviews and discussions, we recommended to the board of directors that Dynatronics' audited consolidated financial statements be included in the company's Annual Report on Form 10-KSB for the fiscal year ended June 30, 2002.

Management has advised us that for the year ended June 30, 2002, Dynatronics paid fees to KPMG LLP for services in the following categories:

Audit fees.....	\$ 49,500
Other nonaudit fees.....	\$ 21,025

KPMG LLP provided no financial information systems design implementation or consulting services. Other nonaudit fees consisted of tax consulting and compliance services. We have considered and determined that the

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

provision of the non-audit services noted in the foregoing table is compatible with maintaining KPMG LLP's independence under applicable rules.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the executive officers and directors, and persons who own more than 10% of a registered class of the company's equity securities ("Reporting Persons") to file initial reports of ownership and to report changes in ownership in reports filed with the Securities and Exchange Commission. Reporting Persons are required by regulation of the Securities and Exchange Commission to furnish Dynatronics with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms furnished to Dynatronics during and with respect to the fiscal year ended June 30, 2002, Dynatronics believes that during fiscal year 2002 all Section 16(a) filings

7

applicable to these Reporting Persons were timely filed with the exception of one Form 4 filing made by each of Kelvyn H. Cullimore, Kelvyn H. Cullimore, Jr. and Larry K Beardall in September 2001, which were filed one week late.

(3) Mr. Ramey retired in July 2002 due to health reasons.

Employment Contracts

Dynatronics has entered into written employment contracts with two executive officers, Kelvyn H. Cullimore, Jr., President and Chief Executive Officer, and Larry K. Beardall, Executive Vice President. The initial terms of these contracts run through the end of fiscal year 2003. Both contracts may be renewed automatically, subject to the right of either party to terminate the agreements upon 90 days notice made prior to the last day of the initial term or any renewal term. The contract extensions would extend each contract for up to an additional ten years (five renewal terms of two years each). The compensation package under each contract includes an auto allowance, an annual bonus based on

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

pre-tax operating profit (at rates established by the Compensation Committee), and stock options granted under the company's 1992 Stock Option Plan, as amended and restated. Each officer also participates in the salary continuation plan and receives other welfare and employee benefits that are standard in such agreements, including, by way of example, health insurance and disability coverage, paid vacation and company-paid life insurance. The contracts also contain a provision granting the executives certain rights and protections in the event of a change in control. Among other things, the change of control

8

provision of the contracts provide for severance payments to the executives if their employment is discontinued as a result of the change of control of Dynatronics.

The employment agreements described above terminate upon the death or disability of the executive or termination of employment for cause. The agreements also contain covenants of the executives that, during the term of their employment and continuing for a specified period after the termination of their employment for any reason, with or without cause, they will not compete with Dynatronics or make use of or disclose confidential information of Dynatronics.

Bonus Plan

Dynatronics maintains a discretionary incentive bonus plan administered by the Compensation Committee. Pursuant to the plan, the Compensation Committee granted incentive bonuses to certain officers and employees during the year ended June 30, 2002. The total amount of bonuses paid for fiscal year 2002 was \$182,747, of which \$97,078 was paid to Named Executive Officers as a group, in the amounts included under the "Bonus" heading in the Summary Compensation Table.

Salary Continuation Plan

During fiscal year 1988, the Board of Directors adopted a salary continuation agreement for certain Named Executive Officers. This agreement provides for a pre-retirement benefit to be paid to the officer's designated beneficiary in the event he dies before reaching age 65 and a retirement benefit to be paid upon reaching age 65. The pre-retirement benefit provides for payment of 50% of the officer's compensation at the time of death up to \$75,000 annually for a period of 15 years or until the officer would have reached age 65, whichever is longer. The retirement benefit provides the officer \$75,000 annually for a period of 15 years. Presently, Kelvyn H. Cullimore, Jr. and Larry K. Beardall are covered under this plan. Until April 2000, Kelvyn H. Cullimore, the Chairman of the Board was also covered under this plan.

Funding for obligations arising in connection with the salary continuation agreement is provided by life insurance policies on the participating officers, of which Dynatronics is the owner and beneficiary. The face amounts of the policies have been determined so that sufficient cash values and death benefits under the policies will meet the obligations as they occur. In fiscal year 2002, Dynatronics expensed \$13,020 relating to salary continuation obligations under the salary continuation agreement.

In April 2000, Dynatronics entered into a settlement agreement with Kelvyn H. Cullimore with respect to his salary continuation agreement as Chairman of the Board of Directors. Under the terms of the settlement, Dynatronics made a lump sum payment of \$481,894 and terminated Mr. Cullimore's

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

salary continuation agreement. The payment was funded from the surrender of a life insurance policy that was used as the funding vehicle for his Salary Continuation Agreement. The surrender of the life insurance policy resulted in income tax expense of approximately \$79,000 since the tax basis of the policy was lower than the amount received by Dynatronics. The settlement with Mr. Cullimore eliminated approximately \$500,000 in expenses over the subsequent 15 years, and would have reduced net income of Dynatronics in those future periods.

401(k) Plan

Dynatronics has adopted a 401(k) Plan. Employees who are at least age 20 and have completed at least six months of service with Dynatronics are eligible to participate in the 401(k) Plan.

Eligible employees may make contributions to the 401(k) Plan in the form of salary deferrals up to 15% of total compensation, not to exceed \$10,500, the maximum allowable amount of salary deferrals for calendar 2001. Dynatronics matches annual employee contributions at 25% of employee contributions, up to a maximum of \$500 per employee per year.

Participants under the 401(k) Plan are fully vested in their salary deferral contributions and vest 20% per year after two years of participation in matching contributions by the company. Amounts deferred by Named Executive Officers under the 401(k) Plan are included under "Salary" in the Summary Compensation Table. Matching contributions for each Named Executive Officer are included in the "Other Compensation" column in the table above.

SHAREHOLDER PROPOSALS

Regulations adopted by the Securities and Exchange Commission require that shareholder proposals must be furnished to Dynatronics a reasonable time in advance of the meeting at which the action is proposed to be taken. Shareholder proposals intended to be presented at next year's 2003 Annual Meeting of the Shareholders must be received by Dynatronics at its corporate headquarters on or before July 31, 2003, in order to be included in the Proxy Statement and Form of Proxy relating to that meeting. Receipt of a shareholder proposal does not necessarily guarantee that the proposal will be included in the proxy. If a shareholder intends to propose any matter for a vote at the Annual Meeting of Shareholders to be held in 2003, but fails to notify Dynatronics of such intention prior to the date indicated above, then a proxy solicited by the Board of Directors may be voted on such matter in the discretion of the proxy holder, without discussion of the matter in the proxy statement soliciting such proxy and without such matter appearing as a separate item on the proxy card.
