## Edgar Filing: AcuNetx, Inc. - Form 10QSB

Securities Litigation Reform Act of 1995. This Report on Form 10-QSB contains a number of forward-looking statements that reflect management's current views and expectations with respect to our business, strategies, products, future results and events and financial performance. All statements made in this Report other than statements of historical fact, including statements that address operating performance, events or developments that management expects or anticipates will or may occur in the future, including statements related to distributor channels, volume growth, revenues, profitability, new products, acquisitions, adequacy of funds from operations, statements expressing general optimism about future operating results and non-historical information, are forward-looking statements. In particular, the words "BELIEVE," "EXPECT," "INTEND," "ANTICIPATE," "ESTIMATE," "MAY," "WILL," variations of such words, and similar expressions identify forward-looking statements, but are not the exclusive means of identifying such statements and their absence does not mean that the statement is not forward-looking. These forward-looking statements are subject to certain risks and uncertainties, including those discussed below. Our actual results, performance or achievements could differ materially from historical results as well as those expressed in, anticipated or implied by these forward-looking statements. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Readers should not place undue reliance on these forward-looking statements, which are based on management's current expectations and projections about future events, are not guarantees of future performance, are subject to risks, uncertainties and assumptions (including those described below) and apply only as of the date of this Report. Our actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed below "Management's Discussion and Analysis and Plan of Operation," as well as those discussed elsewhere in this Report, and the risks discussed in our most recently filed Annual Report on Form 10-KSB and in the press releases and other communications to shareholders issued by us from time to time which attempt to advise interested parties of the risks and factors that may affect our business.

NOTE 1 - NATURE OF BUSINESS AND GOING CONCERN

NATURE OF BUSINESS

AcuNetx, Inc., a Nevada corporation, (the "Company" or "AcuNetx", formerly known as Eye Dynamics, Inc. or "EDI") and its subsidiaries combine diagnostic, analytical and therapeutic devices with proprietary software to permit: health providers to diagnose and treat balance disorders and various bone deficiencies; law enforcement officers to evaluate roadside sobriety; and employers in high-risk industries to determine, in real-time, the mental fitness of their employees to perform mission-critical tasks. AcuNetx is headquartered in Torrance, California.

AcuNetx is organized around a dedicated medical division (i) IntelliNetx, a medical division with neurological diagnostic equipment, and two separate subsidiary companies: (ii) OrthoNetx, Inc., a wholly-owned medical subsidiary company with devices that create new bone, and (iii) VisioNetx, Inc., a majority-owned subsidiary company with products for occupational safety and law enforcement. For all its devices, AcuNetx is integrating an information technology (IT) platform that allows the device to capture data about the physiological condition of a human being. The company's IT platform is designed to gather data and connect the device-related data with users and support persons.

AcuNetx products include the followings: (a) Neurological diagnostic equipment that measures, tracks and records human eye movements, utilizing the company's proprietary technology and computer software, as a method to diagnose problems of the vestibular (balance) system and other balance disorders; (b) Devices designed to test individuals for impaired performance resulting from the influences of alcohol, drugs, illness, stress and other factors that affect eye and pupil performance. These products target the occupational safety and law enforcement markets; (c) Orthopedic and craniomaxillofacial (skull and jaw) surgery products, which generate new bone through the process of distraction osteogenesis; and (d) A proprietary information technology system called SmartDevice-Connect (TM) ("SDC") that establishes product registry to individual patients and tracks device behavior for post-market surveillance, adverse event and outcomes reporting, and creates "smart devices" that gather and transmit physiological data concerning the device and its interaction with the patient.

GOING CONCERN

The Company's consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. The Company incurred operating losses totaling \$605,633 and \$2,688,342 for the nine months ended September 30, 2007 and 2006 respectively. In addition, the Company has a working capital deficit of \$519,201 and an accumulated deficit of \$11,470,438 as of September 30, 2007. In the near term, the Company expects the operating cash flows will not be sufficient to cover all the old debt and payables although it expects its sales will continue to grow and is able to cover current operating costs and to reduce the working capital deficit.

Management plans to spin off VisioNetx, Inc., to begin a process of raising

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

additional working capital through equity financing, to increase its IntelliNetx division's marketing and sales efforts and to focus on its neurological diagnostic product line which has historically been the company's principal business. VisioNetx, Inc. has recruited senior management and is seeking funding that will allow it to move forward with its marketing and sales plans.

The ability of the Company to continue as a going concern is dependent on its ability to meet its financing requirements and the success of its future operations. The consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

ACUNETX, INC.

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

---

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**PRESENTATION OF INTERIM INFORMATION:** The financial information at September 30, 2007 and for the three and nine months ended September 30, 2007 and 2006 is unaudited but includes all adjustments (consisting only of normal recurring adjustments) that the Company considers necessary for a fair presentation of the financial information set forth herein, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial information, and with the instructions to Form 10-QSB. Accordingly, such information does not include all of the information and footnotes required by U.S. GAAP for annual financial statements. For further information refer to the Consolidated Financial Statements and footnotes thereto included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2006.

The results for the three and nine months ended September 30, 2007 may not be indicative of results for the year ending December 31, 2007 or any future periods.

**PRINCIPLE OF CONSOLIDATION AND PRESENTATION:** The accompanying financial statements include the accounts of AcuNetx, Inc. and its subsidiaries after elimination of all intercompany accounts and transactions. Certain prior period balances have been reclassified to conform to the current period presentation.

**USE OF ESTIMATES:** The preparation of the accompanying consolidated financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that directly affect the results of reported assets, liabilities, revenue, and expenses. Actual results may differ from these estimates.

**OTHER INTANGIBLE ASSETS:** Other intangible assets consist primarily of intellectual property and trademarks. The Company capitalizes intellectual property costs as incurred, excluding costs associated with Company personnel, relating to patenting its technology. The majority of capitalized costs represent legal fees related to a patent application. If the Company elects to stop pursuing a particular patent application or determines that a patent application is not likely to be awarded or elects to discontinue payment of required maintenance fees for a particular patent, the Company, at that time, records as expense the capitalized amount of such patent application or patent. Awarded patents will be amortized over the shorter of the economic or legal life of the patent. Trademarks are not amortized, but rather are tested for impairment at least annually. There was no impairment of other intangible assets for the nine months ended September 30, 2007 and 2006.

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

GOODWILL: Goodwill represents the excess of the purchase price in a business combination over the fair value of net tangible and intangible assets acquired in a business combination. Goodwill amounts are not amortized, but rather are tested for impairment at least annually. An impairment of goodwill of \$362 was recorded during the nine months ended September 30, 2007. No impairment of goodwill was recorded for nine months ended September 30, 2006.

MINORITY INTEREST: Minority interest represents other stockholders' proportionate share in the equity of VisioNetx, Inc. At September 30, 2007, the Company owned 84% of the issued and outstanding common stock of VisioNetx, Inc.

8

ACUNETX, INC.

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

---

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

CONVERTIBLE PROMISSORY NOTE AND WARRANTS: The Company has evaluated all freestanding instruments and embedded features embodied in the Series A Convertible Promissory Note financing arrangement in accordance with current accounting standards for complex financing transactions. The following points illustrate the key considerations in the Company's evaluation:

- o The terms and features of the Series A Convertible Promissory Note resulted in the Company's conclusion that the instrument was more akin to a debt security than an equity security. Therefore, embedded features that met the definition of derivative financial features were evaluated for their clear and close relationship with a debt instrument. Significant features included conversion features; redemption features and interest features. While conversion features, such as those included in the Series A Convertible Promissory Note, are generally not clearly and closely related to debt instruments, the Company was afforded the "Conventional Convertible" exemption from derivative accounting. While redemption features and interest features are generally considered clearly and closely related to debt instruments, the Company was also afforded the "Conventional Convertible" exemption from derivative accounting.
- o The terms and features of the freestanding warrants were evaluated under the guidance for equity classification set forth in EITF 00-19, ACCOUNTING FOR DERIVATIVE FINANCIAL INSTRUMENTS INDEXED TO A COMPANY'S OWN STOCK and EITF 05-04, THE EFFECT OF A LIQUIDATING DAMAGES CLAUSE ON A FREESTANDING FINANCIAL INSTRUMENT SUBJECT TO EITF 00-19. As a result, the Company concluded that the warrants did not rise to an uneconomic settlement. In addition, all other indicators of equity provided in EITF 00-19 were present. Therefore, the warrants were afforded equity classification.

NET INCOME PER SHARE: Basic net income per share includes no dilution and is computed by dividing net income available to common stockholders by the weighted average number of common stock outstanding for the period. Diluted net income per share is computed by dividing net income by the weighted average number of common shares and the dilutive potential common shares outstanding during the period. Diluted net loss per common share is computed by dividing net loss by the weighted average number of common shares and excludes dilutive potential common shares outstanding, as their effective is anti-dilutive. Dilutive

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

potential common shares consist primarily of employee stock options, stock warrants and shares issuable under convertible debt.

STOCK-BASED COMPENSATION: The Company has adopted the fair value recognition provisions of FASB Statement No.123(R), "SHARE-BASED PAYMENT" (SFAS 123R), using the modified-prospective-transition method. Under that transition method, compensation cost recognized in 2007 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2007 based on the grant date fair value calculated in accordance with the original provisions of SFAS 123, and (b) compensation cost for all share-based payments granted subsequent to December 31, 2006, based on the grant-date fair value estimated in accordance with the provisions of SFAS 123(R). For the nine months ended September 30, 2007 and 2006, the Company recognized pre-tax stock option compensation expense of \$178,449 and \$354,613, respectively.

9

ACUNETX, INC.

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

---

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Company accounts for stock issued to non-employees in accordance with the provisions of SFAS No. 123 and the EITF Issue No. 00-18, "ACCOUNTING FOR EQUITY INSTRUMENTS THAT ARE ISSUED TO OTHER THAN EMPLOYEES FOR ACQUIRING, OR IN CONJUNCTION WITH SELLING, GOODS OR SERVICES." SFAS No. 123 states that equity instruments that are issued in exchange for the receipt of goods or services should be measured at the fair value of the consideration received or the fair value of the equity instruments issued, whichever is more reliably measurable. Under the guidance in Issue 00-18, the measurement date occurs as of the earlier of (a) the date at which a performance commitment is reached or (b) absent a performance commitment, the date at which the performance necessary to earn the equity instruments is complete (that is, the vesting date).

NEW ACCOUNTING PRONOUNCEMENTS: In February 2007, the Financial Accounting Standards Board ("FASB") issued Financial Accounting Standards ("FAS") No. 159, THE FAIR VALUE OPTION FOR FINANCIAL ASSETS AND FINANCIAL LIABILITIES - INCLUDING AN AMENDMENT OF FASB STATEMENT NO. 115, which permits entities to choose to measure many financial instruments and certain other items at fair value at specified election dates. A business entity is required to report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. This statement is expected to expand the use of fair value measurement. FAS No.159 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years.

In May 2007, the FASB issued FASB Staff Position No. FIN 48-1 ("FSP 48-1"), DEFINITION OF SETTLEMENT IN FASB INTERPRETATION NO. 48. FSP 48-1 amended FIN 48 to provide guidance on how an enterprise should determine whether a tax position is effectively settled for the purpose of recognizing previously unrecognized tax benefits. FSP 48-1 required application upon the initial adoption of FIN 48. The adoption of FSP 48-1 did not affect the Company's condensed consolidated financial statements.

In June 2006, the FASB issued Interpretation No. 48, "ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES", ("FIN 48"). This Interpretation clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, "ACCOUNTING FOR INCOME TAXES." This

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company does not expect the adoption of FIN 48 to have a material impact on its consolidated financial statements.

In September 2006, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 157, "FAIR VALUE MEASUREMENTS." SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement addresses how to calculate fair value measurements required or permitted under other accounting pronouncements. Accordingly, this statement does not require any new fair value measurements. However, for some entities, the application of the statement will change current practice. SFAS No. 157 is effective for the Company beginning January 1, 2008. The Company is currently evaluating the impact of this standard.

ACUNETX, INC.

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

-----

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In September 2006, the Securities and Exchange Commission ("SEC") staff issued Staff Accounting Bulletin No. 108 ("SAB 108"), "CONSIDERING THE EFFECTS OF PRIOR YEAR MISSTATEMENTS WHEN QUANTIFYING MISSTATEMENTS IN CURRENT YEAR FINANCIAL STATEMENTS." The stated purpose of SAB 108 is to provide consistency between how registrants quantify financial statement misstatements. Prior to the issuance of SAB 108, there have been two widely-used methods, known as the "roll-over" and "iron curtain" methods, of quantifying the effects of financial statement misstatements. The roll-over method quantifies the amount by which the current year income statement is misstated while the iron curtain method quantifies the error as the cumulative amount by which the current year balance sheet is misstated. Neither of these methods considers the impact of misstatements on the financial statements as a whole.

SAB 108 established an approach that requires quantification of financial statement misstatements based on the effects of the misstatement on each of the Company's financial statements and the related financial statement disclosures. This approach is referred to as the "dual approach" as it requires quantification of errors under both the roll-over and iron curtain methods.

SAB 108 allows registrants to initially apply the dual approach by either retroactively adjusting prior financial statements as if the dual approach had always been used, or by recording the cumulative effect of initially applying the dual approach as adjustments to the carrying values of assets and liabilities as of January 1, 2006 with an offsetting adjustment recorded to the opening balance of retained earnings.

The Company will initially apply SAB 108 using the cumulative effect transition method in connection with the preparation of the annual financial statements for the year ending December 31, 2006. The Company does not believe the adoption of SAB 108 will have a significant effect on its consolidated financial statements.

NOTE 4 - SALES OF INVESTMENTS

On March 28, 2007, the Company entered into an agreement to exchange the shares of common stock it holds in High Precision Devices, Inc. ("HPD") for all the common stock of the Company held by HPD, which were 483,100 shares. The market value of the shares returned to the Company at closing was \$14,007, which was equal to the carrying value. Accordingly, the Company did not recognize any gain

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

or loss on this transaction. The returned shares were retired at March 31, 2007.

12

ACUNETX, INC.

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

### NOTE 5 - SETTLEMENT ON NOTES RECEIVABLE

In March 2007, the Company entered into a settlement agreement with a former employee who created indebtedness to the Company of \$49,489 in 2001 - 2004 and had agreed to a Note Receivable (Receivable). The employee had been in default on payments on this Receivable, which was fully reserved in 2004. The agreement calls for the former employee to repay the Company \$55,000 at a rate of \$4,000 per month beginning in March 2007. The Company has collected \$20,000 through September 30, 2007.

### NOTE 6 - BORROWINGS

#### NOTE PAYABLE TO RELATED PARTY

On June 30, 2007, the Company entered into an Agreement for Extension and Amendment of Note ("Agreement") with the related party. Under the Agreement, the Company's subsidiary, OrthoNetx, Inc. executed an Amended and Extended Promissory Note in favor of a related party, in the principal amount of \$268,551.25. The new note replaces a promissory note issued by OrthoNetx, Inc. on January 30, 2005 in the original amount of \$300,000. The new note bears interest at 13% per annum, and provides for payments of interest only commencing August 1, 2007 until February 1, 2008, at which time payments of principal and interest will commence based on a 36-month amortization. All principal and interest is due on August 1, 2009. As of September 30, 2007, the Company has made all scheduled interest payments.

Under the Agreement, the Company entered into a Commercial Guaranty under which it guaranteed payment of the note. Also, the related party entered into a termination of guaranty to release the former CEO from his guaranty of the original note.

In accordance with SFAS 15, "ACCOUNTING BY DEBTORS AND CREDITORS FOR TROUBLED DEBT RESTRUCTURING," the carrying amount of the old debt was not changed as it did not exceed the future cash payments specified by the new debt terms. The difference will be amortized over the life of the new debt using the effective interest method.

Debt Carrying Value as of June 30, 2007:	
Original carrying amount of old debt	\$ 243,731
Accrued and unpaid interest balance	21,451
	-----
Carrying value of debt	\$ 265,182
Future Cash Flows:

SERIES A CONVERTIBLE PROMISSORY NOTE

On May 21, 2007, VisioNetx, Inc. (VisioNetx) conducted a private placement offering to sell and issue convertible notes and detachable warrants up to \$500,000. The offering price is \$50,000 per unit consisting of a convertible debenture in the amount of \$50,000 and a detachable warrant to purchase shares of VisioNetx common stock. The note bears interest payable annually at 10% per annum, and is due the earlier of (i) December 31, 2010 or (ii) two years from the closing date of a minimum of \$300,000 of units were sold. In the event that VisioNetx issues and sells its common stock for aggregate consideration of at least \$3.5 million ("Qualified Financing") and (ii) the notes has not been paid in full, then the entire outstanding principal and all unpaid accrued interest of the note shall automatically convert into shares of VisioNetx under the same terms and conditions as those for investors in the Qualified Financing. Subscribers to this offering will receive a warrant to purchase VisioNetx shares equal to a 150% of the common stock to be issued to investors in the Qualified Financing. The warrants expire in seven years after the date of issuance.

The offering was closed on September 14, 2007. Through that date, VisioNetx sold one half of a unit and received \$25,000 in proceeds. In consideration of the early closing, VisioNetx agreed to issue to the subscriber an additional warrant, with the same terms and conditions as the previously issued warrant for an additional 50% of the common stock to be issued to investors in a Qualified Financing.

The Company allocated the proceeds between the convertible note (\$17,500) and

Edgar Filing: AcuNetx, Inc. - Form 10QSB

the warrants (\$7,500) based on the management's subjective judgment as the exercise price of the warrants and the conversion feature of the note were not determined. The warrants were classified as a component of equity and charged against the note as a debt discount which will be amortized over the life of the note using the effective interest method.

ACUNETX, INC.  
 NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 7 - INCOME TAXES

The components of the deferred net tax assets are as follows:

	For Three Months ended September 30, 2007		For Nine Months ended September 30, 2006	
Federal:				
Current	\$	--	\$	--
Deferred		--		377
		--		377
State:				
Current		--		800
Deferred		--		(11)
		--		789
Total	\$	--	\$	1,166

The Company had removed the valuation allowance as of December 31, 2003 because it believed it was more likely than not that all deferred tax assets would be realized in the foreseeable future and was reflected as a credit to operations. However, as of December 31, 2005, the Company's ability to utilize its federal net operating loss carryforwards is uncertain due to the net loss of the year and the merger with OrthoNetx which has net operating loss carryforwards approximately of \$1.7 million, as of that date, and thus a valuation reserve has been provided against the Company's net deferred tax assets.

As of December 31, 2006, the Company has net operating loss carryforwards of approximately, \$6,076,628 and \$6,390,821 to reduce future federal and state taxable income, respectively. To the extent not utilized, the federal net operating loss carryforwards will begin to expire in fiscal 2009 and the state net operating loss carryforwards will begin to expire in fiscal 2012.

NOTE 8 - STOCKHOLDERS' EQUITY

COMMON STOCK RETIREMENT

On April 17, 2007, the Company repurchased and retired 580,978 shares of its common Stock. The shares were purchased from a single shareholder in a privately negotiated transaction at \$0.0125 per share for a total repurchase price of \$7,262.

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

### SELF-WRITTEN OFFERING

-----

In May 2007, the Company conducted a self-written offering to sell up to \$200,000 of its equity units which consist of one share of the Company's common stock and one warrant to purchase an additional share of common stock. Each unit is sold for the sum of \$0.07. The exercise price for the warrant included in the unit is \$0.10 and expires two years from the date of purchase. As of September 30, 2007, the Company had raised \$55,000 from the offering and sold 785,715 units.

15

### ACUNETX, INC.

### NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

-----

#### NOTE 7 - STOCKHOLDERS' EQUITY (CONTINUED)

In July 2007, pursuant to the terms in the investment agreement, the Company resolved to issue additional 2,164,286 shares of the common stock to the investors who subscribed the Company shares in October 2006. In addition, the Company cancelled all the warrant agreements that were attached in lieu of the shares sold and reissued new warrant agreements to the investors. The new warrant agreements reduced the exercise price from \$0.20 per share to \$0.10 per share and revised the expiration date to July 11, 2009.

#### NON-EXECUTIVE DIRECTORS' STOCK PLAN

-----

On January 18, 2007 the Board of Directors agreed to provide 500,000 stock options to each of the three nonemployee directors as compensation for 2007 services pursuant to the 2006 Stock Option Plan established on March 27, 2006. The stock options vested immediately and are exercisable at \$0.09 per share for a period of five years. For the three and nine months ended September 30, 2007, the Company recognized directors' compensation of \$0 and \$113,884, respectively.

On February 27, 2006 the Board of Directors agreed to provide 300,000 shares of restricted stock to each of the four non-employee directors as compensation for 2006 services pursuant to the 2006 Non-Executive Stock Plan established on January 1, 2006. The shares were valued at \$0.18 per share, the closing market price on the effective date of the Plan, and were amortized on a straight-line basis over a twelve month period. For the three and nine months ended September 30, 2006, the Company recognized directors' compensation of \$40,500 and \$144,000 respectively.

#### SUBSIDIARY STOCK TRANSACTIONS

-----

On July 1, 2007, VisioNetx resolved to issue 800,000 shares to three non-executive directors for their services provided, at a fair value of \$0.001 per share, or an aggregate of \$800.

On July 16, 2007, VisioNetx entered into three executive employment agreements providing that VisioNetx agreed to issue 650,000 shares at a fair value of \$0.10 per share to these executives. The shares will not be issued until the first equity financing is obtained. The aggregate amount of \$65,000 was accrued and

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

classified as an equity component.

The Company complies with the requirement of SEC Staff Accounting Bulletin No. 51, "Accounting for Sales of Stock by a Subsidiary," which requires that the difference between the carrying amount of parent's investment in a subsidiary and the underlying net book value of the subsidiary after the issuance of stock by the subsidiary be reflected as either a gain or loss in the statement of operations or reflected as an equity transaction. The Company has elected to record gains or losses resulting from the issuance of subsidiary's stock as equity transactions.

NOTE 9 - STOCK OPTIONS

ACUNETX, INC.

-----

On March 27, 2006 the Board of Directors approved and adopted the 2006 Stock Option Plan to provide for the issuance of incentive stock options and/or nonstatutory options to employees and nonstatutory options to consultants and other service providers. Generally, all options granted to employees and consultants expire ten and three years, respectively, from the date of grant. All options have an exercise price equal to or higher than the fair market value of the Company's stock on the date the options were granted. Options generally vest over three years. The plan reserves 14 million shares of common stock under the Plan and is effective through December 31, 2015.

A summary of the status of stock options issued by the Company as of September 30, 2007 and 2006 is presented in the following table.

	2007		2006	
	Number of Shares	Weighted Average Exercise Price	Number of Shares	Weighted Average Exercise Price
Outstanding at beginning of year	7,309,102	\$ 0.21	415,000	\$ 0.15
Granted	1,500,000	\$ 0.09	6,894,102	\$ 0.21
Exercised/Expired/Cancelled	(3,375,001)	\$ 0.21	--	\$ --
Outstanding at end of period	5,434,101	\$ 0.17	7,309,102	\$ 0.21
Exercisable at end of period	4,434,101	\$ 0.17	1,309,102	\$ 0.19

The fair value of each stock option granted is estimated on the date of grant using the Black-Scholes Merton option valuation model. The assumptions are listed in the table below. Expected volatilities are based on the historical volatility of the Company's stock. The risk-free rate for periods within the

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

expected life of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

	2007	2006
Weighted average fair value per option granted	\$ 0.09	\$ 0.17
Risk-free interest rate	4.75%	4.41%
Expected dividend yield	0.00%	0.00%
Expected lives	5.00	9.80
Expected volatility	120.88%	155.69%

As of September 30, 2007 there was \$97,207 of total unrecognized compensation cost related to nonvested share-based compensation arrangements granted under the plans. That cost is expected to be recognized over a weighted average period of 1.25 years.

17

ACUNETX, INC.

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 9 - STOCK OPTIONS (CONTINUED)

VISIONETX, INC.

On August 16, 2007, the shareholders of VisioNetx, Inc. approved the adoption of the 2007 Stock Incentive Plan to provide for the issuance of incentive stock options and/or nonstatutory options to officers, directors, employees, and consultants who provide services to VisioNetx. All options have an exercise price equal to or higher than the fair market value of VisioNetx common stock on the date the options were granted. Options generally vest over three years and exercisable for ten years from the date of grant. The plan reserves 1 million shares of common stock.

A summary of the status of stock options issued by VisioNetx as of September 30, 2007 is presented in the following table.

	2007	
	Number of Shares	Weighted Average Exercise Price
Outstanding at beginning of year	--	\$ --
Granted	362,500	\$ 0.10
Exercised/Expired/Cancelled	--	\$ --
Outstanding at end of period	362,500	\$ 0.10
Exercisable at end of period	20,139	\$ 0.10

The fair value of each stock option granted is estimated on the date of grant using the Black-Scholes Merton option valuation model. The assumptions are listed in the table below. Expected volatilities are based

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

on the historical volatility of the Company's stock. The risk-free rate for periods within the expected life of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

	2007
Weighted average fair value per option granted	\$ 0.05
Risk-free interest rate	4.60%
Expected dividend yield	0.00%
Expected lives	10.00
Expected volatility	143.00%

As of September 30, 2007 there was \$17,635 of total unrecognized compensation cost related to nonvested share-based compensation arrangements granted under the plans. That cost is expected to be recognized over a weighted average period of 2.75 years.

18

ACUNETX, INC.

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 10 - NET LOSS PER SHARE

The following table sets forth the computation of basic and diluted net loss per share:

	Three Months ended September 30, 2007	2006	Nine Months end 2007
Numerator:			
Net loss	\$ (123,537)	\$ (636,188)	\$ (605,633)
Denominator:			
Weighted average number of common shares	64,221,451	57,458,147	63,236,225
Net loss per share-basic and diluted	\$ (0.00)	\$ (0.01)	\$ (0.01)

Stock options and warrants to purchase approximately 17,517,437 and 15,560,770 shares of the Company's common stocks were outstanding, but were not included in the computation of diluted net loss per share for the three and nine months ended September 30, 2007, respectively, because the exercise price of the stock options and warrants were greater than the average share price of the common shares, and, therefore, the effect would have been antidilutive.

As the Company incurred net loss for the three and nine months ended September 30, 2006, the effect of dilutive securities totaling 475,384 and 2,101,182 equivalent shares, respectively, have been excluded from the calculation of diluted loss per share because their effect was anti-dilutive.

NOTE 11 - FORMATION OF NEW SUBSIDIARY

The Company formed a new subsidiary, VisioNetx, Inc. ("VisioNetx"), and

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

transferred certain intangible assets and liabilities related to the Company's impairment detection devices. The carrying value of the assets (totaling \$30,160 at December 31, 2006) and the liabilities assumed (at date of transfer totaling \$198,572) were transferred at cost in accordance with SFAS 141. The Company's Chief Executive Officer (CEO) and President resigned from AcuNetx and assumed the role of CEO and President of VisioNetx. In addition, another officer resigned from the Company and assumed the role as Chief Operating Officer of the subsidiary.

In July 2007, a new VisioNetx CEO was introduced. The former CEO resigned from his position and remained as the Chairman of Board of the new subsidiary. VisioNetx then appointed three new executives to lead VisioNetx. As disclosed in Note 8, VisioNetx awarded 800,000 shares to three nonexecutive directors on July 1, 2007; as a result, AcuNetx Inc.'s percentage ownership of VisioNetx was reduced from 100% to 84%.

19

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

---

### NOTE 12 - MAJOR CUSTOMERS AND CREDIT CONCENTRATION

During the three months ended September 30, 2007, two customers accounted for \$322,200 or 75% of AcuNetx Inc. revenues. During the nine months ended September 30, 2007, three customers accounted for \$1,487,674 or 67% of AcuNetx Inc. revenues.

During the three months ended September 30, 2006, a SID distributor accounted for \$601,410 or 80.1% of IntelliNetx division revenues. During the nine months ended September 30, 2006, two customers accounted for \$1,147,842 or 82.1% of IntelliNetx division revenues.

National distributor	\$449,567 or 32.2%
SID distributor	\$698,275 or 50.0%

The Company maintains cash deposits with major banks, which from time to time may exceed federally insured limits. The Company periodically assesses the financial condition of the institutions and believes that the risk of any loss is minimal.

### NOTE 13 - SEGMENT INFORMATION

The Company evaluates its reporting segments in accordance with SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information." The Chief Executive Officer has been identified as the Chief Operating Decision Maker as defined by SFAS No. 131. The Chief Executive Officer allocates resources to each segment based on their business prospects, competitive factors, net sales and operating results.

In 2006, the Company changed the structure of its internal organization to develop three market-oriented operating divisions: (i) IntelliNetx division, (ii) OrthoNetx division, and (iii) VisioNetx division. The IntelliNetx division markets patented medical devices that assist in the diagnosis of dizziness and vertigo, and rehabilitate those in danger of falling as a result of balance disorders. The OrthoNetx division markets patented medical devices that mechanically induce new bone formation in patients with skeletal deformities of the face, skull, jaws, extremities and dentition. The VisioNetx division markets patented products that track and analyze human eye movements. The Company also

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

has other subsidiaries that do not meet the quantitative thresholds of a reportable segment.

The Company reviews the operating companies' income to evaluate segment performance and allocate resources. Operating companies' income for the reportable segments excludes income taxes and amortization of goodwill. Provision for income taxes is centrally managed at the corporate level and, accordingly, such items are not presented by segment. The segments' accounting policies are the same as those described in the summary of significant accounting policies.

The Company does not track its assets by operating segments. Consequently, it is not practical to show assets by operating segments.

ACUNETX, INC.

NOTES TO INTERIM UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 16 - GUARANTEES AND PRODUCT WARRANTIES

The Company from time to time enters into certain types of contracts that contingently requires the Company to indemnify parties against third party claims. These contracts primarily relate to: (i) divestiture agreements, under which the Company may provide customary indemnifications to purchasers of the Company's businesses or assets; (ii) certain real estate leases, under which the Company may be required to indemnify property owners for environmental and other liabilities, and other claims arising from the Company's use of the applicable premises; and (iii) certain agreements with the Company's officers, directors and employees, under which the Company may be required to indemnify such persons for liabilities arising out of their employment relationship.

The terms of such obligations vary. Generally, a maximum obligation is not explicitly stated. Because the obligated amounts of these types of agreements often are not explicitly stated, the overall maximum amount of the obligations cannot be reasonably estimated. Historically, the Company has not been obligated to make significant payments for these obligations, and no liabilities have been recorded for these obligations on its balance sheet as of September 30, 2007.

In general, the Company offers a one-year warranty for most of the products it sells. To date, the Company has not incurred any material costs associated with these warranties. The Company provides reserves for the estimated costs of product warranties based on its historical experience of known product failure rates, use of materials to repair or replace defective products and service delivery costs incurred in correcting product failures. In addition, from time to time, specific warranty accruals may be made if unforeseen technical problems arise with specific products. The Company periodically assesses the adequacy of its recorded warranty liabilities and adjusts the amounts as necessary.

The following table presents the changes in the Company's warranty reserve during the first nine months of 2007 and 2006:

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

Balance as of end of period	\$ 10,391	\$ 8,462
	=====	=====

### NOTE 17 - DEPARTURE AND ELECTION OF NEW CHIEF EXECUTIVE OFFICER

As part of a corporate restructuring, on January 8, 2007 the company's Chief Executive Officer, Terry Knapp, resigned and Ronald Waldorf, the company's Interim Chief Financial Officer, was elected to serve as the Company's Chief Executive Officer. On August 1, 2007, the former CEO resigned from the Board of Directors of the Company.

### NOTE 18 - PENDING DISPUTE/SUBSEQUENT EVENT

In October 2007, the Company agreed to settle a dispute with a prior Vice President of Sales for \$40,000 for his past performance bonus. The Company is still negotiating the payment schedule. The settlement amount has been accrued as of September 30, 2007.

22

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

### BUSINESS OVERVIEW

AcuNetx is organized around a dedicated medical division and two separate subsidiary companies: (i) IntelliNetx, a medical division with neurological diagnostic equipment, (ii) OrthoNetx, Inc., a wholly-owned medical subsidiary company with devices that create new bone, and (iii) VisioNetx, Inc., an AcuNetx-controlled subsidiary company, formed subsequent to December 31, 2006, with products for occupational safety and law enforcement. For all its devices, AcuNetx is integrating an information technology (IT) platform that allows the device to capture data about the physiological condition of a human being. The company's IT platform is designed to gather data and connect the device-related data with users and support persons. The Company's products include the following:

- Neurological diagnostic equipment that measures, tracks and records human eye movements, utilizing its proprietary technology and computer software, as a method to diagnose problems of the vestibular (balance) system and other balance disorders.
- Devices designed to test individuals for impaired performance resulting from the influences of alcohol, drugs, illness, stress and other factors that affect eye and pupil performance. These products target the occupational safety and law enforcement markets.
- Orthopedic and craniomaxillofacial (skull and jaw) surgery products, which generate new bone through the process of distraction osteogenesis.
- A proprietary information technology system called SmartDevice-Connect (TM) ("SDC") that establishes product registry to individual patients and tracks device behavior for post-market surveillance, adverse event and outcomes reporting, and creates "smart devices" that gather and transmit

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

physiological data concerning the device and its interaction with the patient.

### RESULTS OF OPERATIONS

NINE MONTHS ENDED SEPTEMBER 30, 2007 COMPARED TO NINE MONTHS ENDED SEPTEMBER 30, 2006

The first nine months of 2007 represents the combined results of AcuNetx, Inc. and its subsidiaries, OrthoNetx Inc. and VisioNetx Inc. compared with the first nine months of 2006, which included the combined results of AcuNetx, Inc. and its subsidiary, OrthoNetx Inc. VisioNetx was a division of AcuNetx for the first nine months of 2006.

One significant aspect in the comparison is a shift in revenue recognition. In the first quarter of 2006, AcuNetx products were purchased by a national distributor and revenues were credited at the previously agreed upon wholesale price. Between May of 2006 and June of 2007, under a revised contract, shipments and title to the equipment moved directly from AcuNetx to the end customers, and AcuNetx recognized the revenue at the retail price. This change resulted in higher revenues for the same unit volume of sales, along with higher gross profits, as costs did not change. An offsetting increase in selling expenses occurred as the distributor was paid commissions from retail proceeds. Beginning on July 1, 2007, the company returned to its original wholesale model of revenue recognition with this national distributor.

23

Revenues during the first nine months of 2007 were \$2,230,706, compared to \$1,420,068 for the corresponding period in 2006, a 57% increase. Furthermore, system unit shipments increased to 82 units during the first nine months of 2007, up from 51 units during the first nine months of the prior year, a 60.7% increase. Gross profits increased 68.4%. Total operating expenses decreased by \$1,377,231 (36.5%) from \$3,661,816 during the first nine months of 2006 to \$2,324,585 during the first nine months of 2007. Decreased selling, general and administrative expenses resulted in a loss of \$559,257 for the nine months ended September 30, 2007, compared to a loss of \$2,637,573 for the same period in the previous year.

Standard selling, general and administrative expenses for AcuNetx, OrthoNetx and VisioNetx decreased primarily due to reduced commission expenses, reduced staff, and the centralization of the company's operations into the Company's Torrance facility. In addition, the shift to recognizing revenue at the wholesale level for a major distributor for AcuNetx products mentioned earlier has resulted in reduced selling expenses.

Now that the Company's two major issues during the first nine months of 2007, closing of the Superior, Colorado office and transitioning all of the corporate administrative and financial activities to the Torrance, California facility, have been completed, resulting in continued G&A savings, the company's financial resources are being directed to bolster the marketing and sales activities of its revenue producing IntelliNetx division. To that end, the company exhibited its IntelliNetx product line at the American Academy of Otolaryngology, the California Academy of Audiology, and will exhibit at the upcoming regional meeting of the Triologic Society (experts in the field of Otology). Ron Waldorf, CEO of AcuNetx and the originator of video nystagmography was the featured speaker at a CME-credit seminar on the balance system in New York and will present to a meeting of the top clinical academicians in Beijing, China at the end of this month, at the invitation of their distributor for that country.

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

AcuNetx's marketing and sales activity for its law enforcement product, HawkEye, is moving forward. The website ([www.acunetx.com/hawkeye](http://www.acunetx.com/hawkeye)) is now the first internet video portal for the posting of drunk and/or drugged eyes. Website marketing activities are being enhanced based on its early acceptance by HawkEye's growing user base. Two patents recently filed on HawkEye give added company value to these law enforcement products. Ron Waldorf, along with Sgt. Richard Studdard (LAPD retired) were invited speakers on HawkEye at the California Academy of Toxicology held in Monterey, California in November 2007. Management believes 2008 will be a watershed year for this important product and its impact on highway safety.

The OrthoNetx, Inc. subsidiary is having meetings with potential strategic partners in conjunction with Dr. Robinson, the inventor of the OrthoNetx products. Management looks forward to the coming year and enhancing the traction and value of OrthoNetx.

In regards to the subsidiary, VisioNetx, Inc., senior management is now in place and fund raising efforts have begun. Discussions with 'early adaptor' companies (some being in the Fortune 500) continue.

### LIQUIDITY AND CAPITAL RESOURCES

Cash and cash equivalents as of September 30, 2007 of \$136,496 will not allow for payment of all outstanding invoices until additional financing is completed. The Company has a loan from the founder of OrthoNetx, which the Company was renegotiated on June 30, 2007. Under the Agreement, the Company's subsidiary, OrthoNetx, Inc. executed an Amended and Extended Promissory Note in the principal amount of \$268,551.25. The new note replaces a Promissory Note issued by OrthoNetx, Inc., on January 30, 2005 in the original principal amount of \$300,000. The new note bears interest at 13% per annum, and provides for payments of interest only until February 1, 2008, at which time payments of principal and interest will commence based on a 36-month amortization. All principal and interest is due on August 1, 2009.

24

The Company recognizes that the current liquidity situation raises the question of being able to continue as a going concern. It is addressing this issue in two ways:

First, VisioNetx, Inc. is seeking additional funding in the as described below, which will allow the continuation of operations through the full implementation of the SafetyScan product. Second, the Company intends to restructure expense and overhead parameters in a manner that will allow it to continue to manufacture and sell its current product lines while paying current liabilities over time.

Sales prospects for the balance of 2007 are on target to exceed last year's amount, both in units sold and dollar volume, as we supplement all distribution channels, domestically and internationally for the IntelliNetx medical products. With Health Canada approval as well as a focus on federal government opportunities, management confidence in its revenue projections increases. As its majority-owned subsidiary, VisioNetx, Inc., requires HawkEye and worker impairment screening products, AcuNetx, as the manufacturer, will see increasing revenues from these activities. AcuNetx is seeking to raise a minimal amount of additional capital (approximately \$250,000) to support its IntelliNetx marketing and sales efforts as well as to decrease pressure on its cash flow for forward-looking obligations. An active fund raising effort is also in place to secure funding for its majority-owned subsidiary, VisioNetx, Inc.

## Edgar Filing: AcuNetx, Inc. - Form 10QSB

Inventory on September 30, 2007 was \$199,276, compared to \$303,517 on September 30, 2006. Accounts receivable as of September 30, 2007 were \$167,458, compared to \$68,611 on September 30, 2006.

Accounts payable as of September 30, 2007 were \$529,967, compared to \$529,365 as of September 30, 2006. OrthoNetx had previously acquired a private firm, and has been carrying accounts payable at full value until a settlement is resolved.

### ITEM 3. CONTROLS AND PROCEDURES.

At the end of the period covered by this Form 10-QSB, the Company's management, including its Chief Executive and Acting Chief Financial Officer, conducted an evaluation of the effectiveness of the Company's disclosure controls and procedures. Based on this evaluation, the Chief Executive and Acting Chief Financial Officer determined that such controls and procedures are effective to ensure that information relating to the Company required to be disclosed in reports that it files or submits under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission.

There have been no changes in the Company's internal controls over financial reporting that were identified during the evaluation that occurred during the Company's last fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
