Scottish Power plc ("ScottishPower")

Analysts' visit to PacifiCorp

On 3 and 4 October 2002 ScottishPower is holding a series of presentations for analysts and investors at its US operation PacifiCorp. The presentations will cover both ScottishPower's regulated and unregulated US businesses and will be given by the company's US based management team.

Judi Johansen, President and CEO, PacifiCorp, will host the visit and will confirm that PacifiCorp remains on target to achieve its authorised return on equity in its regulated businesses, consistent with its goal of increasing operating profit over the next three years to approximately \$1 billion. PacifiCorp's Transition Plan remains on track and both the cost recovery programme and the excess power cost recovery process are progressing. PacifiCorp will continue to focus on delivering shareholder value through focusing on operational efficiencies, risk management, delivering excellent customer service and pursuing strategic and regulatory initiatives.

Presentations will also be given on PacifiCorp's regulatory strategy, its commercial and trading strategy and the western US power market. The development of PacifiCorp's competitive business (PacifiCorp Power Marketing) will also be covered.

A web cast of the presentations will be available at www.scottishpower.com from Monday 7 October. Copies of the presentation slides will also be available from ScottishPower's investor relations department.
