infoUSA INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. GENERAL

The accompanying unaudited consolidated financial statements have been prepared on the same basis as the audited consolidated financial statements and, in the opinion of management, contain all adjustments, consisting of normal recurring adjustments, necessary to fairly present the financial information included therein. The consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements.

The Company suggests that this financial data be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2006 included in the Company's 2006 Annual Report on Form 10-K, filed with the Securities and Exchange Commission. Results for the interim period presented are not necessarily indicative of results to be expected for the entire year.

Reclassification. Certain reclassifications have been made to conform prior year data with the current year presentation in the consolidated financial statements and accompanying notes for comparative purposes. The following balance sheet line items include amounts reclassified: trade accounts receivable, list brokerage trade accounts receivable, other assets, accounts payable and list brokerage trade accounts payable.

2. EARNINGS PER SHARE INFORMATION

The following table shows the amounts used in computing earnings per share and the effect on the weighted average number of shares of dilutive common stock.

	Three Months Ended	
	March 31,	
	2007	2006
	(In thousands)	
Weighted average number of shares used in basic EPS	55,521	53,866
Net additional common stock equivalent shares outstanding after assumed exercise of stock options	298	786
Weighted average number of shares outstanding used in diluted EPS	55,819	54,652

3. SEGMENT INFORMATION

On January 1, 2007, the Company reorganized its business segments for both operational and reporting purposes. The Company currently reports results in three segments: the Data Group, the Services Group and the Marketing Research Group. The Company continues to report administrative functions in the Corporate Activities Group.

infoUSA's Donnelley Group is now named the Services Group. The Services Group consists of subsidiaries providing customer data management and brokerage services, email marketing services, and catalog marketing services.

The former *infoUSA* Group joined with the former Donnelley Marketing division, now known as *infoUSA* National Accounts, OneSource and Database License, and is now named the Data Group. The Data Group also includes the compilation and verification costs of our proprietary databases, and corporate technology.

The third segment is the Marketing Research Group, established in 2006 with the Company's acquisition of Opinion Research Corporation. The Marketing Research Group provides customer surveys, opinion polling, and other market research services for business, through its Opinion Research division, and for government, through its Macro International division.

The Data Group, Services Group and Marketing Research Group reflect actual net sales, order production costs, identifiable direct sales and marketing costs, and depreciation and amortization expense. The remaining indirect costs are presented in corporate activities.

Table of Contents**4. COMPREHENSIVE INCOME**

Comprehensive income, including the components of other comprehensive income (loss), are as follows:

	For The Three Months Ended	
	March 31, 2007	March 31, 2006

Net income	\$ 6,330	\$ 7,947
Other comprehensive income (loss):		
Unrealized gain (loss) from investments:		
Unrealized gains (losses)	(614)	155
Related tax benefit (expense)	221	(56)
Net	(393)	99
Foreign currency translation adjustments:		
Unrealized gains	81	719
Related tax expense	(29)	(259)
Net	52	460
Unrealized gain from pension plan:		
Unrealized gains	22	
Related tax expense	(8)	
Net	14	
Unrealized gain from derivative financial instruments:		
Unrealized gains	198	
Related tax expense	(71)	
Net	127	
Total other comprehensive income (loss)	(200)	559
Comprehensive income	\$ 6,130	\$ 8,506

The components of accumulated other comprehensive income (loss) are as follows:

	Foreign Currency Translation Adjustments	Unrealized Gains (Losses) From Investments (In thousands)	Derivative Financial Instruments	Accumulated Other Comprehensive Loss
Unrealized Losses from Pension plan				

Balance at March 31, 2007	\$ (880)	\$ (537)	\$ (224)	\$ 127	\$ (1,514)
Balance at December 31, 2006	\$ (894)	\$ (588)	\$ 168	\$	\$ (1,314)

5. ACQUISITIONS

On December 4, 2006, the Company acquired Opinion Research Corporation, a provider of commercial market research, health and demographic research for government agencies, information services and consulting. The total purchase price was \$131.5 million, excluding cash acquired of \$0.8 million, and including acquisition related costs of \$4.0 million.

On November 10, 2006, the Company acquired Rubin Response Services, Inc., a provider of list brokerage and list management services. The total purchase price was \$1.5 million.

On October 31, 2006, the Company acquired Digital Connexions Corp, an e-mail marketing company that specializes in the small-to-medium market and the publishing industry. The total purchase price was \$4.3 million.

On June 1, 2006, the Company acquired Mokrynskidirect, a provider of list brokerage and list management services. The total purchase price, excluding cash acquired of \$2.0 million, and including \$0.1 million for acquisition costs, was \$6.6 million.

The Company accounted for these acquisitions under the purchase method of accounting and the operating results for each of these acquisitions are included in the accompanying consolidated financial statements from the respective acquisition dates.

Table of Contents

Assuming the acquisitions described above made during 2006 had been acquired on January 1, 2006 and included in the accompanying consolidated statements of operations, unaudited pro forma consolidated net sales, net income and earnings per share would have been as follows:

	For The Three Months Ended	
	March 31, 2007	March 31, 2006
	(In thousands, except per share amounts)	
Net sales	\$ 157,882	\$ 155,203
Net income	\$ 6,330	\$ 8,746
Basic earnings per share	\$ 0.11	\$ 0.16
Diluted earnings per share	\$ 0.11	\$ 0.16

6. SHARE BASED PAYMENT ARRANGEMENTS

Stock options have been issued under two primary types of plans. The most current type of plan vests over an eight year period and expires ten years from date of grant. Options under this plan are granted at 125% of the stock's fair market value on the date of grant. The original plan grants options at the stock's fair market value on the date of grant, vests over a four year period at 25% per year, and expires five years from the date of grant. Options issued to directors under this plan vest immediately and expire five years from the grant date.

Compensation expense is recognized only for those options expected to vest, with forfeitures estimated based on our historical experience and future expectations. Prior to the adoption of Statement of Financial Accounting Standards (SFAS) No. 123(R), *Share Based Payment* (SFAS 123R), the effect of forfeitures on the pro forma expense amounts was recognized as the forfeitures occurred.

As a result of adopting SFAS 123R, the impact to the quarter ended March 31, 2007 on income before income taxes and net income was \$0.2 million and \$0.1 million, respectively, and no impact on basic and diluted earnings per share. In addition, prior to the adoption of SFAS 123R, we presented the tax benefit resulting from the exercise of stock options as operating cash inflows in the consolidated statements of cash flows. Upon the adoption of SFAS 123R, the excess tax benefits for those options are classified as financing cash inflows.

The Company granted no stock options during the three-month periods ended March 31, 2007 or March 31, 2006.

The following table summarizes stock option plan activity for the three months ended March 31, 2007:

	Weighted Average	Weighted	Weighted	Aggregate
	Number of	Average	Remaining	Intrinsic Value
	Options	Exercise	Contractual	at
	Shares	Price	Term	March 31, 2007
				(in thousands)
Outstanding beginning of period	2,313,711	\$9.67		
Granted				
Exercised	(8,954)	6.00		
Forfeited				
Expired				
Outstanding end of period	2,304,757	9.69	2.36	\$ 1,742
Options exercisable at end of period	1,707,627	8.83	.69	\$ 1,633

The total intrinsic value of share options exercised during the three months ended March 31, 2007 and 2006 was \$51 thousand and \$5.8 million, respectively. As of March 31, 2007, the total unrecognized compensation cost related to nonvested stock option awards was approximately \$1.7 million and is expected to be recognized over a remaining weighted average period of 2.08 years. As of March 31, 2007, 3.5 million shares were available for additional option grants.

Table of Contents**7. RESTRUCTURING CHARGES**

During the three months ended March 31, 2007, the Company recorded restructuring charges of \$2.1 million. These costs related to workforce reductions as a part of the Company's continuing strategy to reduce unnecessary costs and focus on core operations, the restructuring of *infoUSA* National Accounts Division (formerly Donnelley Marketing) operations, as well as the restructuring of the Hill-Donnelly printing facility. During the first three months of 2007, the total workforce reduction charges included involuntary employee separation costs consisting of approximately 220 employees.

In February 2007, the Company announced the closing of the Hill-Donnelly printing facility in Tampa, Florida. The facility will be closed by June 2007 and the operations will be moved to Omaha, Nebraska. The total amount expected to be incurred in connection with the restructuring will be in the range of \$0.4 million to \$0.6 million, which includes \$0.4 million for one-time termination benefits, and \$0.1 million to \$0.2 million for contract termination costs and other related costs. During the three months ended March 31, 2007, \$0.2 million was recorded for these restructuring costs for workforce reductions charges for approximately 33 employees.

The Company announced in December 2006 the plan to restructure the *infoUSA* National Accounts operations which includes the closing of the Ames, Iowa client service and technology facility, and the movement of client services teams and management personnel from the Woodcliff Lake, New Jersey facility to Omaha, Nebraska. Both of these are expected to be completed by December 31, 2007. The total amount expected to be incurred in connection with the restructuring will be in the range of \$8.0 million to \$9.0 million, which will include \$4.0 million to \$5.0 million for one-time termination benefits, and \$3.0 million to \$4.0 million for contract termination costs and other related costs. During the three months ended March 31, 2007, \$1.2 million was recorded for these restructuring costs for workforce reductions charges for approximately 147 employees.

During the three months ended March 31, 2006, the Company recorded restructuring charges of \$0.1 million for involuntary employee separation costs (severance) due to workforce reductions for 77 employees in administration, order production and sales.

The following table summarizes activity related to the restructuring charges recorded by the Company for the three months ended March 31, 2007 including the restructuring accrual balances:

	Beginning Accrual	Amounts Expensed	Amounts From Acquisitions (In thousands)	Amounts Paid	Ending Accrual
Restructuring accrual	\$ 1,293	\$ 2,114	\$ 999	\$ 902	\$ 3,504

8. GOODWILL AND INTANGIBLE ASSETS

Goodwill and intangible assets consist of the following:

	March 31, 2007	December 31, 2006
	(In thousands)	
Goodwill	\$ 440,506	\$ 441,308
Less accumulated amortization	59,559	59,559
	\$ 380,947	\$ 381,749
Other intangible assets:		
Non-compete agreements	\$ 13,537	\$ 13,537
Core technology	15,072	15,072

Edgar Filing: INFOUSA INC - Form 10-Q

Customer base	77,493	77,270
Trade names	32,725	32,448
Purchased data processing software	73,478	73,478
Acquired database costs	21,591	21,591
Perpetual software license agreement, net	333	533
Software development costs, net	10,362	9,894
Database development costs, net	3,039	3,244
Deferred financing costs	12,191	12,032
	259,821	259,099
Less accumulated amortization	(153,740)	151,053
	\$ 106,081	\$ 108,046

Table of Contents**9. PROPERTY AND EQUIPMENT**

Property and equipment consist of the following:

	March 31, 2007	December 31, 2006
	(In thousands)	
Property and equipment	\$ 179,505	\$ 174,554
Less accumulated depreciation	116,952	113,382
	\$ 62,553	\$ 61,172

10. INCOME TAXES

In July 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109 (FIN 48). FIN 48 is an interpretation of FASB Statement No. 109, Accounting for Income Taxes, and it seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. In addition, FIN 48 provides guidance on derecognition, classification, interest and penalties, and accounting in interim periods and requires expanded disclosure with respect to the uncertainty in income taxes. FIN 48 is effective as of the beginning of our 2007 fiscal year. The cumulative effect, if any, of applying FIN 48 was to be reported as an adjustment to the opening balance of retained earnings in the year of adoption. The Company did not record any cumulative effect adjustments to retained earnings as a result of adopting FIN 48.

Adoption on January 1, 2007 did not have a material effect on our consolidated financial condition or results of operation. We file numerous consolidated and separate income tax returns in the United States federal jurisdiction and in many state and foreign jurisdictions. With few exceptions, we are no longer subject to tax examinations for years before 2003.

The Company had a total gross liability for unrecognized tax benefits of \$7.5 million as of the adoption date, which is included in other liabilities. If recognized, \$2.0 million of unrecognized tax benefits would impact the Company's effective tax rate. Interest of \$0.9 million has been reflected as a component of the total liability. The Company's policy is to recognize potential accrued interest and penalties related to unrecognized tax benefits in income tax expense.

For the three-month period ended March 31, 2007, there were no material changes to the total amount of unrecognized tax benefits. The Company expects a decrease for uncertain tax positions during the next 12 months to be \$5.1 million due to the expiration of the statute of limitations.

11. CONTINGENCIES

In December 2001, we commenced a lawsuit against Naviant, Inc., (now known as BERJ, LLP) in the District Court for Douglas County, Nebraska, for breach of a database license agreement by Naviant. We sought recovery of minimum royalties due under that agreement in excess of \$18 million. In its answer, Naviant alleged that we had breached the agreement. The District Court entered an order in January 2004 that Naviant, not the Company, had breached the agreement, and awarded us damages of \$625,000. We appealed the damages calculation, and in October 2005 the Court of Appeals remanded the case to the District Court for recalculation of damages. On November 9, 2006, the District Court on remand awarded us \$9.75 million in damages. We have filed a motion for reconsideration alleging that the award should include additional royalties and interest. Naviant has moved to set aside the damages award. Those motions are still pending in the District Court.

Table of Contents

In February 2006, Cardinal Value Equity Partners, L.P., which beneficially owns 6.1% of our stock, filed a lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County, against certain directors of the Company, and the Company. The lawsuit was filed as a derivative action on behalf of the Company and as a class action on behalf of Cardinal Value Equity Partners, L.P. and other stockholders. The lawsuit asserted claims for breach of fiduciary duty and sought an order requiring the Company to reinstate the special committee of directors. The special committee had been formed in June 2005 to consider a then-pending proposal by Vinod Gupta to acquire the shares of the Company not owned by him and was dissolved in August 2005 after Mr. Gupta withdrew that proposal. The lawsuit also sought an order awarding the Company and the class unspecified damages. In May 2006, Cardinal amended its complaint to add several new allegations and named two additional directors of the Company as defendants. The Company and the individual defendants filed a motion to dismiss the lawsuit. On October 17, 2006, the Court granted that motion and dismissed the lawsuit without prejudice. The Court's order permitted Cardinal to file an amended complaint within 60 days of the order. Cardinal subsequently filed a Third Amended Complaint, alleging derivative claims of breach of fiduciary duty and violations of Delaware law. In January 2007, the Court granted the defendants' motion to consolidate the action with a similar action filed by Dolphin Limited Partnership I, L.P. et al. as discussed in the following paragraph.

In October 2006, Dolphin Limited Partnership I, L.P., Dolphin Financial Partners, L.L.C. and Robert Bartow filed a lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County, against the current directors of the Company, two former directors of the Company, and the Company as a nominal defendant. The lawsuit was filed as a derivative action on behalf of the Company. The lawsuit asserts claims for breach of fiduciary duty and misuse of corporate assets, and seeks an order rescinding or declaring void certain transactions between the Company and Vinod Gupta, requiring the defendants to reimburse the Company for alleged damages and expenses relating to such transactions, and directing the Company to amend its Stockholder Rights Plan to include Mr. Gupta, his family and affiliates. The lawsuit also seeks an order awarding the Company unspecified damages. In January 2007, the Court ordered the case consolidated with a similar lawsuit filed by Cardinal Value Equity Partners, L.P. Pursuant to the consolidation order entered by the court, Dolphin and Cardinal have filed a consolidated complaint that essentially combines the claims that had been set forth in their respective individual complaints, described above. Defendants have moved to dismiss that complaint. The lawsuit is in the early stages and it is not yet possible to determine the ultimate outcome of this matter.

We are subject to legal claims and assertions in the ordinary course of business. Although the outcomes of any other lawsuits and claims are uncertain, we do not believe that, individually or in the aggregate, any such lawsuits or claims will have a material effect on our business, financial conditions, results of operations or liquidity.

12. RELATED PARTY TRANSACTIONS

The Company has retained the law firm of Robins, Kaplan, Miller & Ciresi L.L.P. to provide certain legal services. Elliot Kaplan, a director of the Company, is a named partner and former Chairman of the Executive Board of Robins, Kaplan, Miller & Ciresi L.L.P. The Company paid a total of \$41 thousand and \$123 thousand to this law firm during the first quarter of 2007 and 2006, respectively.

13. CREDIT FACILITY

On March 16, 2007, the Company amended its Senior Secured Credit Facility that was entered into on February 14, 2006. The amendment increased the Company's outstanding Term Loan B by \$75 million. Proceeds from this transaction were used to reduce amounts outstanding under the Company's revolving credit facility. The pricing, principal amortization and maturity date of the expanded Term Loan B remain unchanged from the existing terms. Upon the terms of the amendment, this increase to the Term Loan B was priced on an interim basis at 9.25%. On April 3, 2007, we converted this borrowing to Libor-based pricing of 7.32%. Additionally, the option of the Company to increase the availability under its revolving credit facility by an amount up to \$75 million was deleted.

At March 31, 2007, the term loan had a balance of \$173.6 million, bearing an average interest rate of 8.17%. Upon conversion of the borrowing arising from the Term Loan B amendment to Libor-based pricing on April 3, 2007, the term loan bears an average interest rate of 7.34%. The revolving line of credit had a balance of \$76.5 million, bearing an interest rate of 7.07%, and \$98.5 million was available under the revolving line of credit. Substantially all of the assets of the Company are pledged as security under the terms of the 2006 Credit Facility.

Table of Contents

14. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

In February 2007, the Company entered into a treasury lock agreement with a total notional amount of \$43.5 million in anticipation of a ten-year fixed rate debt issuance to be placed in the second quarter of 2007. The treasury lock agreement has been designated as a cash flow hedge as it hedges the fluctuations in Treasury rates between the execution date of the treasury lock and the issuance of the fixed rate debt.

The Company accounts for derivatives and hedging activities in accordance with SFAS No. 133, *Accounting for Derivative Instruments and Certain Hedging Activities*, as amended, which requires entities to recognize all derivative instruments as either assets or liabilities in the balance sheet at their respective fair values. For derivatives designated as hedges, changes in the fair value are either offset against the change in fair value of the assets and liabilities through earnings, or recognized in accumulated other comprehensive income until the hedged item is recognized in earnings. As of March 31, 2007, \$127 thousand of deferred gains on derivative instruments was included in other comprehensive income.

The Company only enters into derivative contracts that it intends to designate as a hedge of a forecasted transaction or the variability of cash flows to be received or paid related to a recognized asset or liability (cash flow hedge). For all hedging relationships the Company formally documents the hedging relationship and its risk-management objective and strategy for undertaking the hedge, the hedging instrument, the hedged item, the nature of the risk being hedged, how the hedging instrument's effectiveness in offsetting the hedged risk will be assessed prospectively and retrospectively, and a description of the method of measuring ineffectiveness. The Company also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting cash flows of hedged items. Changes in the fair value of a derivative that is highly effective and that is designated and qualifies as a cash-flow hedge are recorded in accumulated other comprehensive income to the extent that the derivative is effective as a hedge, until earnings are affected by the variability in cash flows of the designated hedged item. The ineffective portion of the change in fair value of a derivative instrument that qualifies as a cash-flow hedge is reported in earnings.

ITEM 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS

This discussion and analysis contains forward-looking statements, including without limitation statements in the discussion of comparative results of operations, accounting standards and liquidity and capital resources, within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act) and Section 27A of the Securities Act of 1933, as amended, which are subject to the safe harbor created by those sections. Our actual future results could differ materially from those projected in the forward-looking statements. Some factors which could cause future actual results to differ materially from our recent results or those projected in the forward-looking statements are described in Item 1A Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2006. We assume no obligation to update the forward-looking statements or such factors.

General

Overview

In 2007, we reorganized our segments both for operational and reporting purposes. In 2007, we are reporting results in three segments: the Data Group, the Services Group, and the Marketing Research Group. We believe that by organizing all of our businesses that sell proprietary content into a single segment, we will more effectively deploy sales and marketing resources. The reorganization is also expected to create better opportunities for cross selling proprietary databases under one brand name. The 2006 prior year financial information contained in this report has been revised to reflect the new segments.

Initiatives in the first quarter of 2007 included:

Continuing to migrate to subscription-based from one-time use customers of our Internet based services Salesgenie.com, Salesgenie.com/Lite, SalesLeadsUSA.info, Credit.net, PolkCityDirectories.com and infoUSACiti.com. Key to this is our effort to replace revenue from declining traditional direct marketing products and services with our on-line internet subscription services. Subscription services offer enhanced annual revenue per customer, assure greater multi-year revenue retention, and, most importantly, provide greater value to our customers by providing Internet access to our content and customer acquisition and retention software tools.

Continuing improvements of the content and accuracy of our database. Adding more content, such as detailed business descriptions, more executives, hours of operation, credit cards accepted, UCC filings, URL address and other information.

Expanding international business and executive databases by adding content for China and Australia.

Increasing investments in merchandising, advertising and branding. The advertising campaigns include email, print, television, radio, direct mail, and search word advertising, as well as the use of white glove client services. Most notable advertisements included three commercials that aired during the Super Bowl, on February 4, 2007, featuring Salesgenie.com.

Continuing to build on our subscription model by adding enhancements to allow customers a one-stop-shop application for all of their direct marketing, sales prospecting needs and credit needs.

Continuing the integration efforts of Opinion Research Corporation, acquired December 4, 2006, by facilitating a strategic cross-selling plan.

Sales & Marketing Strategy

We employ several media options to grow and increase our market share including direct mail, print, outbound telemarketing, online keyword search engines, banner advertising, television, radio and e-mail marketing. In the first quarter of 2007, we continued these traditional forms of advertising as well as national and local radio and television campaigns to further build our brand name and drive revenue for our flagship online subscription product,

Salesgenie.com. With the launch of *Salesgenie.ca* in 2006, Canadian radio and television advertising was added to our print and direct mail advertising. We continued to advertise aggressively to promote our valuable brand, including television advertisements that aired during the Super Bowl in February 2007 and the NCAA Final Four Basketball Tournament in March 2007.

Table of Contents

To monitor the success of our various marketing efforts, we have incorporated data gathering and tracking systems. These systems enable us to determine the type of advertising that best appeals to our target market so that we can invest future dollars in these programs and obtain a greater yield from our marketing. Additionally, through the use of our database tools, we are working to more efficiently determine the needs of our various client segments and tailor our services to their individual needs. With this system, we plan to strengthen relationships and support marketing campaigns to attract new clients.

Growth Strategy

Our growth strategy continues to have multiple components. Our primary growth strategy is to improve our organic growth. Key to this is our effort to replace revenue from declining traditional direct marketing products and services with our on-line internet subscription services. Subscription services offer enhanced annual revenue per customer, assure greater multi-year revenue retention, and, most importantly, provide greater value to our customers by providing Internet access to our content and customer acquisition and retention software tools. Delivery of information via the Internet is the preferred method by our customers. We are investing in Internet technology to develop subscription-based new customer development services for businesses and sales people.

We also intend to continue to grow through strategic acquisitions. We have grown through more than 30 strategic acquisitions in the last ten years. These acquisitions have enabled us to acquire the requisite critical mass to compete over the long term in the databases, direct marketing, e-mail marketing and market research industries. During 2006, we acquired Mokrynskidirect and Rubin Response Services Inc., which both provide list brokerage and list management services, Digital Connexions, which provides e-mail marketing services, and Opinion Research Corporation, which complements our existing services with market research services. We will continue to use synergistic acquisitions to grow in the future.

We also are focusing on international growth opportunities. We are now upgrading our international business databases and expanding our own compilation efforts. In late 2005, we opened a database center in India. We have also partnered with hundreds of content providers around the world. Our comprehensive international database includes information on 1.1 million large public and private non-U.S. companies in approximately 170 countries. There are over 8.6 million executives represented in its non-U.S. global database, which is constantly updated using 2,500 daily news sources to track changes like executive changes, mergers and acquisitions, and late breaking company news. We are also putting great emphasis on more comprehensive financial information and regulatory filings. Examples include SEC filings, annual reports, analyst and industry reports, and detailed corporate family structure.

As we continue to enhance our international databases, we are aggressively pursuing high growth, emerging markets in Asia-Pacific, Western Europe, Australia, and South America. Using London as our international headquarters, we have sales offices in Hong Kong, New Delhi, Sydney, Singapore, and are in the process of opening sales offices in Mexico and South America.

RESULTS OF OPERATIONS

The following table sets forth, for the periods indicated, selected financial information and other data. The amounts and related percentages may not be fully comparable due to acquisitions.

	THREE MONTHS ENDED March 31, 2007	THREE MONTHS ENDED March 31, 2006

Total	100%	100%

Net sales

Net sales for the quarter ended March 31, 2007 were \$157.9 million, an increase of 53% from \$103.1 million for the same period in 2006.

Net sales of the Data Group segment for the quarter ended March 31, 2007 were \$78.3 million, a 2% increase from \$76.5 million for the same period in 2006. The increase in net sales for the Data Group segment is principally due to the growth of the segment's subscription revenues, which includes Salesgenie.com, Salesgenie.com/Lite, SalesLeadsUSA.info and Credit.net. The Data Group segment provides our proprietary databases and database marketing solutions, and principally engages in the selling of sales lead generation and consumer DVD products to small- to medium-sized companies, small office and home office businesses and individual consumers. Customers purchase our information as custom lists or on a subscription basis primarily from the Internet. Sales of subscription-based products require us to recognize revenues over the subscription period instead of at the time of sale. This segment also includes the licensing of our databases to value added resellers.

Net sales of the Services Group segment for the quarter ended March 31, 2007 were \$31.4 million, an 18% increase from \$26.6 million for the same period in 2006. The majority of the increase in the Services Group is related to the acquisition of Mokrynskidirect in June 2006, Digital Connexions in October 2006 and Rubin Response in November 2006, as well as growth in the Yesmail division as e-mail marketing is becoming a bigger part of corporate advertising. The Services Group segment provides e-mail marketing solutions, list brokerage and list management services and online interactive marketing services to large companies in the United States, Canada and globally.

Net sales of the newly acquired Marketing Research Group segment for the quarter ended March 31, 2007 were \$48.1 million. The Marketing Research Group segment provides diversified market research, which consists of the Opinion Research division and Macro International.

Cost of goods and services

Cost of goods and services for the quarter ended March 31, 2007 were \$62.3 million, or 39% of net sales, compared to \$25.7 million, or 25% of net sales, for the same period in 2006.

Cost of goods and services of the Data Group remained relatively level. For the quarter ended March 31, 2007, cost of goods and services of the Data Group were \$18.8 million, or 24% of net sales for that segment, compared to \$18.3 million, or 24% of net sales for that segment, for the same period in 2006.

Cost of goods and services of the Services Group for the quarter ended March 31, 2007 were \$7.8 million, or 25% of net sales for that segment, compared to \$6.8 million, or 26% of net sales for that segment, for the same period in 2006. The majority of the increase in the Services Group is related to the acquisition of Mokrynskidirect in June 2006, Digital Connexions in October 2006 and Rubin Response in November 2006, as well as an increase in costs associated with e-mail marketing due to the growth in the Yesmail division.

Table of Contents

Cost of goods and services of the Marketing Research Group for the quarter ended March 31, 2007 were \$34.7 million, or 72% of net sales for that segment. These costs include subcontract labor costs, direct sales and labor costs and direct programming costs associated with providing the research services performed by the Marketing Research Group.

Cost of goods and services of Corporate Activities for the quarter ended March 31, 2007 were \$1.0 million, compared to \$0.6 million for the same period in 2006.

Selling, general and administrative expenses

Selling, general and administrative expenses for the quarter ended March 31, 2007 were \$71.6 million, or 46% of net sales, compared to \$54.1 million, or 53% of net sales for the same period in 2006.

Selling, general and administrative expenses of the Data Group for the quarter ended March 31, 2007 were \$40.8 million, or 52% of net sales for that segment, compared to \$36.9 million, or 48% of net sales for that segment, for the same period in 2006. The majority of the increase is the result of \$4.6 million in costs associated with the television advertisements that aired during the Super Bowl in February 2007, and costs related to the restructuring of *infoUSA* National Accounts. See Note 7 to Notes to Consolidated Financial Statements for further detail regarding the restructuring of *infoUSA* National Accounts.

Selling, general and administrative expenses of the Services Group for the quarter ended March 31, 2007 were \$14.9 million, or 47% of net sales for that segment, compared to \$12.9 million, or 48% of net sales for that segment, for the same period in 2006. The majority of the increase in the Services Group is related to the acquisition of Mokrynskidirect in June 2006, Digital Connexions in October 2006 and Rubin Response in November 2006, as well as an increase in costs associated with e-mail marketing due to the growth in the Yesmail division.

Selling, general and administrative expenses of the Marketing Research Group for the quarter ended March 31, 2007 were \$9.3 million, or 19% of net sales for that segment.

Selling, general and administrative expenses of Corporate Activities for the quarter ended March 31, 2007 were \$6.6 million, compared to \$4.3 million for the same period in 2006. This includes selling, general and administrative costs that can not be directly attributed to the revenue producing segments.

The Company adopted SFAS 123R in January 2006, which requires measurement of compensation cost for all share-based payment awards at fair value on the date of grant and recognition of compensation over the service period for awards expected to vest. The adoption of SFAS 123R resulted in a charge of \$219 thousand for the quarter ended March 31, 2007, compared to \$186 thousand for the same period in the prior year. See Note 6 to Notes to Consolidated Financial Statements for further detail regarding the adoption of this new accounting standard.

Depreciation expense

Depreciation expense for the quarter ended March 31, 2007 totaled \$4.8 million, or 3% of net sales, compared to \$3.1 million, or 3% of net sales for the same period in 2006.

Depreciation expense of the Data Group for the quarter ended March 31, 2007 was \$2.2 million, or 3% of net sales for that segment, compared to \$1.9 million, or 2% of net sales for that segment, for the same period in 2006. The increase in depreciation expense is attributed to additional hardware purchased associated with our disaster recovery plan.

Depreciation expense of the Services Group for the quarter ended March 31, 2007 was \$1.1 million, or 3% of net sales for that segment, compared to \$0.7 million, or 3% of net sales for that segment, for the same period in 2006. The increase in depreciation expense for the Services Group is due to the addition of fixed assets from the acquisition of Mokrynskidirect, Digital Connexions and Rubin Response.

Depreciation expense of the Marketing Research Group for the quarter ended March 31, 2007 was \$0.9 million, or 2% of net sales for that segment. This includes depreciation expense for the fixed assets from the acquisition of Opinion Research Corporation.

Depreciation expense of Corporate Activities for the quarter ended March 31, 2007 was \$0.6 million, compared to \$0.6 million for the same period in 2006.

Table of Contents**Amortization expense**

Amortization expense for the quarter ended March 31, 2007 totaled \$4.3 million, or 3% of net sales, compared to \$4.6 million, or 4% of net sales, for the same period in 2006.

Amortization expense of the Data Group for the quarter ended March 31, 2007 was \$1.9 million, or 2% of net sales for that segment, compared to \$4.2 million, or 6% of net sales for that segment, for the same period in 2006. The decrease in amortization expense for the Data Group is due to a certain identifiable intangible asset from the Donnelley Marketing acquisition becoming fully amortized in June 2006.

Amortization expense of the Services Group for the quarter ended March 31, 2007 was \$0.8 million, or 3% of net sales for that segment, compared to \$0.4 million, or 1% of net sales for that segment, for the same period in 2006. The increase in amortization expense for the Services Group is due to the addition of identifiable intangible assets from the acquisition of Mokrynskidirect, Digital Connexions and Rubin Response.

Amortization expense of the Marketing Research Group for the quarter ended March 31, 2007 was \$1.6 million, or 3% of net sales for that segment. This includes amortization expense for the identifiable intangible assets from the acquisition of Opinion Research Corporation.

Operating income

As a result of the factors previously described, the Company had operating income of \$14.8 million, or 9% of net sales, during the quarter ended March 31, 2007, compared to operating income of \$15.5 million, or 15% of net sales, for the same period in 2006.

Operating income for the Data Group segment for the quarter ended March 31, 2007 was \$14.5 million, or 19% of net sales for the segment, as compared to \$15.2 million, or 20% of net sales for the segment, for the same period in 2006.

Operating income for the Services Group segment for the quarter ended March 31, 2007 was \$6.9 million, or 22% of net sales for the segment, as compared to \$5.8 million, or 22% of net sales for the segment, for the same period in 2006.

Operating income for the Marketing Research Group segment for the quarter ended March 31, 2007 was \$1.7 million, or 3% of net sales for the segment.

Operating loss for Corporate Activities for the quarter ended March 31, 2007 was \$8.2 million, compared to \$5.5 million for the same period in 2006.

Other expense, net

Other expense, net was \$(4.8) million, or 3% of net sales, and \$(3.0) million, or 3% of net sales, for the quarters ended March 31, 2007 and 2006, respectively. Other expense, net is comprised of interest expense, investment income and other income or expense items, which do not represent components of operating expense of the Company. The majority of the other expense, net was for interest expense, which was \$4.8 million and \$2.8 million for the quarters ended March 31, 2007 and 2006, respectively. The increase in interest expense is due to the increase in debt in December 2006 to fund the acquisition of Opinion Research Corporation for \$131.5 million.

Income taxes

A provision for income taxes of \$3.7 million and \$4.5 million was recorded during the quarters ended March 31, 2007 and 2006, respectively. The effective income tax rate used for the quarter ended March 31, 2007 was 37%, compared to 36% for the quarter ended March 31, 2006.

Liquidity and Capital Resources*Overview*

On February 14, 2006, we entered into an amended and restated \$275 million Senior Secured Credit Facility (the 2006 Credit Facility) administered by Wells Fargo Bank, N.A., replacing the Senior Secured Credit Facility originally entered into on March 25, 2004. The 2006 Credit Facility provided for a \$175 million revolving line of credit with a maturity date in February 2011 and a \$100 million term loan with a maturity date in February 2012.

Table of Contents

On March 16, 2007, the Company amended the 2006 Credit Facility (as amended, the Amended 2006 Credit Facility). The amendment increased the Company's outstanding Term Loan B by \$75 million. Proceeds from this transaction were used to reduce amounts outstanding under the Company's revolving credit facility. The pricing, principal amortization and maturity date of the expanded Term Loan B remain unchanged from the existing terms. Upon the terms of the amendment, this increase to the Term Loan B was priced on an interim basis at 9.25%. On April 3, 2007, we converted this borrowing to Libor-based pricing of 7.32%. Additionally, the option of the Company to increase the availability under its revolving credit facility by an amount up to \$75 million was deleted.

At March 31, 2007, the term loan had a balance of \$173.6 million, bearing an average interest rate of 8.17%. Upon conversion of the borrowing arising from the Term Loan B amendment to Libor-based pricing on April 3, 2007, the term loan bears an average interest rate of 7.34%. The revolving line of credit had a balance of \$76.5 million, bearing an interest rate of 7.07%, and \$98.5 million was available under the revolving line of credit. Substantially all of the assets of the Company are pledged as security under the terms of the Amended 2006 Credit Facility.

The Amended 2006 Credit Facility provides for grid-based interest pricing based upon our consolidated total leverage ratio. Interest rates for use of the revolving line of credit range from base rate plus 0.25% to 1.00% for base rate loans and LIBOR plus 1.25% to 2.00% for Eurodollar rate loans. Interest rates for the term loan range from base rate plus 0.75% to 1.00% for base rate loans and LIBOR plus 1.75% to 2.00% for Eurodollar rate loans. Subject to certain limitations set forth in the credit agreement, we may designate borrowings under the Amended 2006 Credit Facility as base rate loans or Eurodollar loans.

We are subject to certain financial covenants in the Amended 2006 Credit Facility, including a minimum consolidated fixed charge coverage ratio, maximum consolidated total leverage ratio and minimum consolidated net worth. The fixed charge coverage ratio and leverage ratio financial covenants are based on EBITDA (earnings before interest expense, income taxes, depreciation and amortization), as adjusted, providing for adjustments to EBITDA for certain agreed upon items including non-operating gains (losses), other charges (gains), asset impairments, non-cash stock compensation expense and other items specified in the Amended 2006 Credit Facility. We were in compliance with all restrictive covenants of the Amended 2006 Credit Facility as of March 31, 2007.

The Amended 2006 Credit Facility provides that we may pay cash dividends on our common stock or repurchase shares of our common stock provided that (a) before and after giving effect to such dividend or repurchase, no event of default exists or would exist under the credit agreement, (b) before and after giving effect to such dividend or repurchase, our consolidated total leverage ratio is not more than 2.75 to 1.0, and (c) the aggregate amount of all cash dividends and stock repurchases during any loan year does not exceed \$20 million, except that there is no cap on the amount of cash dividends or stock repurchases so long as, after giving effect to the dividend or repurchase our consolidated total leverage ratio is not more than 2.00 to 1.0.

As of March 31, 2007, we had a working capital deficit of \$34.8 million. We believe that our existing sources of liquidity and cash generated from operations will satisfy our projected working capital, debt repayments and other cash requirements for at least the next 12 months. Acquisitions of other technologies, products or companies, or internal product development efforts may require us to obtain additional equity or debt financing, which may not be available or may be dilutive.

Selected Consolidated Statements of Cash Flows Information

Net cash provided by operating activities during the three months ended March 31, 2007 totaled \$13.6 million compared to \$18.1 million for the same period in 2006. The lower cash inflow for the current period was mainly attributed to the change in working capital, mostly attributed to the decrease in accounts payable due to the result of a bank overdraft position, which had been reclassified to accounts payable at December 31, 2006.

Net cash used in investing activities during the three months ended March 31, 2007 totaled \$6.5 million, compared to \$4.1 million for the same period in 2006. The current period outflow was mainly attributed to our spending of \$5.1 million for additions of property and equipment, which included facility expansions and remodeling, and \$1.4 million for software and database development costs.

Net cash used in financing activities during the three months ended March 31, 2007 totaled \$7.4 million, compared to \$4.4 million for the same period in 2006. The dividend payments, totaling \$19.4 million, were paid on March 5, 2007, to shareholders of record as of the close of business on February 16, 2007. Total proceeds received from

long-term debt during the three months ended March 31, 2007 were \$98.5 million. Of these proceeds, \$75.0 million was received as a result of the amendment to our Senior Secured Credit Facility on March 16, 2007. We further used these proceeds to reduce amounts outstanding under our revolving credit facility by \$75.0 million.

Table of Contents*Selected Consolidated Balance Sheet Information*

Trade accounts receivable decreased to \$60.6 million at March 31, 2007 from \$76.6 million at December 31, 2006. The days sales outstanding (DSO) ratio for the three months ended March 31, 2007 was 34 days compared to 36 days for the same period in 2006. The decrease is the result of collections of invoices that were invoiced in the fourth quarter of 2006 for several of our contractual customers.

List brokerage trade accounts receivable decreased to \$57.6 million at March 31, 2007 from \$68.4 million at December 31, 2006. The decrease was the result of a decrease in list brokerage billings due to the seasonality of the business.

Unbilled services increased to \$23.2 million at March 31, 2007 from \$20.8 million at December 31, 2006. The increase was the result of an increase in services provided within the Macro International division in the Marketing Research Segment.

Deferred marketing costs increased to \$4.3 million at March 31, 2007 from \$3.5 million at December 31, 2006. The increase was the direct result of our increased spending during the three months ended March 31, 2007 from the level of spending incurred during the latter half of 2006 on direct marketing costs that are subject to deferral and amortization.

Property and equipment, net increased to \$62.6 million at March 31, 2007 from \$61.2 million at December 31, 2006. The increase was primarily the result of facility expansions and remodeling, as well as hardware purchased to ensure we had sufficient resources available following the Super Bowl commercials that aired in February 2007.

Accounts payable decreased to \$21.7 million at March 31, 2007 from \$27.5 million at December 31, 2006. The decrease was primarily the result of a bank overdraft position at December 31, 2006, which had been reclassified to accounts payable.

List brokerage trade accounts payable decreased to \$52.9 million at March 31, 2007 from \$62.0 million at December 31, 2006. The decrease was the result of an overall decrease in the list brokerage billings due to the seasonality of the business.

Accrued expenses increased to \$15.1 million at March 31, 2007 from \$12.1 million at December 31, 2006. This increase was a result of the restructuring charges recorded during the quarter for the restructuring of the *infoUSA* National Accounts division and the Hill-Donnelly facility, as well as severance recorded within the Marketing Research segment, which was related to the acquisition of Opinion Research Corporation.

Income taxes payable decreased to \$2.2 million at March 31, 2007 from \$4.7 million at December 31, 2006. This decrease was a result of 2006 federal income tax payments made during the first three months of 2007.

Deferred revenue decreased to \$71.3 million at March 31, 2007 from \$77.9 million at December 31, 2006. This decrease was a result of revenue being recognized from fourth quarter 2006 invoices for various customers within the Data Group during the first three months of 2007.

Our long-term debt increased to \$266.7 million at March 31, 2007 from \$255.3 million at December 31, 2006 due to a net increase in the credit facility debt from proceeds received during the first quarter of 2007.

Other liabilities increased to \$9.8 million at March 31, 2007 from \$2.2 million at December 31, 2006. This increase was a result of \$7.5 million in unrecognized tax benefits reclassified from deferred income taxes.

Off-Balance Sheet Arrangements

Other than rents associated with facility leasing arrangements, the Company does not engage in off-balance sheet financing activities.

Accounting Standards

In February 2006, FASB issued SFAS No. 155, *Accounting for Certain Hybrid Financial Instruments—an amendment of FASB Statements No. 133 and 140*. SFAS No. 155 allows financial instruments that contain an embedded derivative and that otherwise would require bifurcation to be accounted for as a whole on a fair value basis, at the holders' election. SFAS No. 155 also clarifies and amends certain other provisions of SFAS No. 133 and 140. This statement is effective for all financial instruments acquired or issued in fiscal years beginning after September 15, 2006. The adoption of SFAS No. 155 did not have a material impact on our consolidated financial condition or results of operations.

Table of Contents

In March 2006, the FASB issued SFAS No. 156, *Accounting for Servicing of Financial Assets-an amendment of FASB Statement No. 140*. SFAS No. 156 provides guidance on the accounting for servicing assets and liabilities when an entity undertakes an obligation to service a financial asset by entering into a servicing contract. This statement is effective for all transactions in fiscal years beginning after September 15, 2006. The adoption of SFAS No. 156 did not have a material impact on our consolidated financial condition or results of operations.

In July 2006, the FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FIN 48). FIN 48 is an interpretation of FASB Statement No. 109, *Accounting for Income Taxes*, and it seeks to reduce the diversity in practice associated with certain aspects of measurement and recognition in accounting for income taxes. In addition, FIN 48 provides guidance on derecognition, classification, interest and penalties, and accounting in interim periods and requires expanded disclosure with respect to the uncertainty in income taxes. FIN 48 is effective as of the beginning of our 2007 fiscal year. The cumulative effect, if any, of applying FIN 48 is to be reported as an adjustment to the opening balance of retained earnings in the year of adoption. Adoption on January 1, 2007 did not have a material effect on our consolidated financial condition or results of operation. See Note 10 to Notes to Consolidated Financial Statements for further detail regarding the adoption of this accounting standard.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* (SFAS 157). SFAS 157 defines fair value, establishes a framework for measuring fair value and requires enhanced disclosures about fair value measurements. SFAS 157 requires companies to disclose the fair value of their financial instruments according to a fair value hierarchy as defined in the standard. Additionally, companies are required to provide enhanced disclosure regarding financial instruments in one of the categories (level 3), including a reconciliation of the beginning and ending balances separately for each major category of assets and liabilities. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. We believe that the adoption of SFAS 157 will not have a material impact on our consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115* (SFAS 159). SFAS 159 permits entities to elect to measure many financial instruments and certain other items at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be recognized in earnings at each subsequent reporting date. SFAS 159 is effective for fiscal years beginning after November 15, 2007. We are currently assessing the impact of SFAS 159 on our consolidated financial statements.

Inflation

We do not believe that the rate of inflation has had a material effect on our operating results. However, inflation could adversely affect our future operating results if it were to result in a substantial weakening economic condition.

Table of Contents

ITEM 3.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We have identified interest rate risk as our primary market risk exposure. We are exposed to significant future earnings and cash flow exposures from significant changes in interest rates as nearly all of our debt is at variable rates. If necessary, we could refinance our debt to fixed rates or utilize interest rate protection agreements to manage interest rate risk. For example, each 100 basis point increase (decrease) in the interest rate would cause an annual increase (decrease) in interest expense of approximately \$2.5 million. At March 31, 2007, the fair value of our long-term debt is based on quoted market prices at the reporting date or is estimated by discounting the future cash flows of each instrument at rates currently offered to us for similar debt instruments of comparable maturities. At March 31, 2007, we had long-term debt with a carrying value of \$272.0 million and estimated fair value of approximately the same amount. We have no significant operations subject to risks of foreign currency fluctuations. See Note 14 to Notes to Consolidated Financial Statements for information regarding the Company's accounting for derivative instruments and hedging activities entered into during the three months ended March 31, 2007.

ITEM 4.

CONTROLS AND PROCEDURES

(a) Evaluation of disclosure controls and procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) or 15d-15(e) of the Exchange Act as of the end of the fiscal quarter ended March 31, 2007. Based on this evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that as of March 31, 2007 the Company's disclosure controls and procedures are effective.

(b) Changes in internal control over financial reporting

During the quarter ended March 31, 2007, there were no changes in the Company's internal control over financial reporting that have materially affected or are reasonably likely to materially affect the Company's internal control over financial reporting.

PART II
OTHER INFORMATION

ITEM 1.

LEGAL PROCEEDINGS

In December 2001, we commenced a lawsuit against Naviant, Inc., (now known as BERJ, LLP) in the District Court for Douglas County, Nebraska, for breach of a database license agreement by Naviant. We sought recovery of minimum royalties due under that agreement in excess of \$18 million. In its answer, Naviant alleged that we had breached the agreement. The District Court entered an order in January 2004 that Naviant, not the Company, had breached the agreement, and awarded us damages of \$625,000. We appealed the damages calculation, and in October 2005 the Court of Appeals remanded the case to the District Court for recalculation of damages. On November 9, 2006, the District Court on remand awarded us \$9.75 million in damages. We have filed a motion for reconsideration alleging that the award should include additional royalties and interest. Naviant has moved to set aside the damages award. Those motions are still pending in the District Court.

In February 2006, Cardinal Value Equity Partners, L.P., which beneficially owns 6.1% of our stock, filed a lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County, against certain directors of the Company, and the Company. The lawsuit was filed as a derivative action on behalf of the Company and as a class action on behalf of Cardinal Value Equity Partners, L.P. and other stockholders. The lawsuit asserted claims for breach of fiduciary duty and sought an order requiring the Company to reinstate the special committee of directors. The special committee had been formed in June 2005 to consider a then-pending proposal by Vinod Gupta to acquire the shares of the Company not owned by him and was dissolved in August 2005 after Mr. Gupta withdrew that proposal. The lawsuit also sought an order awarding the Company and the class unspecified damages. In May 2006, Cardinal amended its complaint to add several new allegations and named two additional directors of the Company as defendants. The Company and the individual defendants filed a motion to dismiss the lawsuit. On October 17, 2006, the Court granted that motion and dismissed the lawsuit without prejudice. The Court's order permitted Cardinal to file an amended complaint within 60 days of the order. Cardinal subsequently filed a Third Amended Complaint, alleging derivative claims of breach of fiduciary duty and violations of Delaware law. In January 2007, the Court granted the defendants' motion to consolidate the action with a similar action filed by Dolphin Limited Partnership I, L.P. et al. as discussed in the following paragraph.

In October 2006, Dolphin Limited Partnership I, L.P., Dolphin Financial Partners, L.L.C. and Robert Bartow filed a lawsuit in the Court of Chancery for the State of Delaware in and for New Castle County, against the current directors of the Company, two former directors of the Company, and the Company as a nominal defendant. The lawsuit was filed as a derivative action on behalf of the Company. The lawsuit asserts claims for breach of fiduciary duty and misuse of corporate assets, and seeks an order rescinding or declaring void certain transactions between the Company and Vinod Gupta, requiring the defendants to reimburse the Company for alleged damages and expenses relating to such transactions, and directing the Company to amend its Stockholder Rights Plan to include Mr. Gupta, his family and affiliates. The lawsuit also seeks an order awarding the Company unspecified damages. In January 2007, the Court ordered the case consolidated with a similar lawsuit filed by Cardinal Value Equity Partners, L.P. Pursuant to the consolidation order entered by the court, Dolphin and Cardinal have filed a consolidated complaint that essentially combines the claims that had been set forth in their respective individual complaints, described above. Defendants have moved to dismiss that complaint. The lawsuit is in the early stages and it is not yet possible to determine the ultimate outcome of this matter.

We are subject to legal claims and assertions in the ordinary course of business. Although the outcomes of any other lawsuits and claims are uncertain, we do not believe that, individually or in the aggregate, any such lawsuits or claims will have a material effect on our business, financial conditions, results of operations or liquidity.
