PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
APRIL 17, 2003

The Board of Directors of H.B. Fuller Company is soliciting proxies to be used at the Annual Meeting of Shareholders to be held on April 17, 2003, and at any adjournment and reconvening of the meeting. We began mailing this Proxy Statement and the enclosed form of proxy on March 13, 2003.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

What is the purpose of the meeting?

At our annual meeting, shareholders will act upon the matters disclosed in the Notice of Annual Meeting that preceded this Proxy Statement. These include the election of two directors and ratification of the appointment of our independent auditors. A proposal to approve a cash compensation plan for

Edgar Filing: FULLER H B CO - Form DEF 14A

executives will also be considered. Approval of this plan by shareholders would permit the Company to treat any payments under this plan as tax-deductible compensation for U.S. federal income tax purposes.

We will also consider any other business that may properly be presented at the meeting, and management will report on H.B. Fuller's performance during the last fiscal year and respond to questions from shareholders.

How does the Board recommend that I vote?

The Board of Directors recommends a vote:

- . FOR both of the nominees for director;
- . FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending November 29, 2003; and
- . FOR the approval of the H.B. Fuller Company Annual and Long-Term Incentive Plan.

Who is entitled to vote at the meeting?

The Board has set February 21, 2003, as the record date for the meeting. If you were a shareholder of record at the close of business on February 21, 2003, you are entitled to vote at the meeting.

As of the record date, 28,381,047 shares of Common Stock were outstanding and eligible to vote.

What are the voting rights of the shareholders?

Holders of Common Stock are entitled to one vote per share. Therefore, a total of 28,381,047 votes are entitled to be cast at the meeting. There is no cumulative voting for the election of directors.

How many shares must be present to hold the meeting?

A quorum is necessary to hold the meeting and conduct business. The presence of shareholders who can direct the voting of at least a majority of the outstanding shares of Common Stock as of the record date is considered a quorum. A shareholder is counted as present at the meeting if:

- . the shareholder is present and votes in person at the meeting; or
- . the shareholder has properly submitted a proxy or voted by telephone or via the Internet.

1

What is the difference between a shareholder of record and a "street name" holder?

If your shares are registered directly in your name, you are considered the shareholder of record with respect to those shares.

If your shares are held in a stock brokerage account or by a bank or other nominee, such as the H.B. Fuller 401(k) Thrift Plan, you are considered the beneficial owner of those shares, and your shares are held in "street name."

Edgar Filing: FULLER H B CO - Form DEF 14A

How do I vote my shares?

If you are a shareholder of record, you can give a proxy to be voted at the meeting either:

- . over the telephone by calling 1-800-240-6326;
- . electronically, using the Internet at www.eproxy.com/ful/; or
- . by mailing in the enclosed proxy card.

The telephone and Internet voting procedures have been set up for your convenience. The procedures have been designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. If you are a shareholder of record and you would like to vote by telephone or by using the Internet, please refer to the specific instructions on the enclosed proxy card. If you wish to vote using the paper proxy card, please return your signed proxy card to us before the meeting. You may also vote in person at the meeting.

If you hold your shares in street name, you must vote your shares following the procedures indicated to you by your broker or nominee on the enclosed voting instructions card.

What does it mean if I receive more than one proxy card?

It means you hold shares registered in more than one account. To ensure that all of your shares are voted, sign and return each proxy card or, if you vote by telephone or via the Internet, vote once for each proxy card you receive. If you would like to consolidate your accounts please contact our stock transfer agent, Wells Fargo Bank, at 1-800-468-9716.

In addition to a proxy card, you may also receive a "voting instructions" card which appears very similar to a proxy card. Voting instructions are prepared by brokers, banks or other nominees for shareholders who hold shares in street name. For example, if you are a participant in the H.B. Fuller 401(k) Thrift Plan, Wells Fargo, as the trustee for those shares, sends to you a voting instructions card instead of a proxy card.

Can I vote my shares in person at the meeting?

Yes. If you are a shareholder of record, you may vote your shares at the meeting by completing a ballot at the meeting. However, even if you currently plan to attend the meeting, we recommend that you submit your proxy ahead of time so that your vote will be counted if, for whatever reason, you later decide to not attend the meeting.

If you are a street name holder, you may vote your shares in person at the meeting only if you obtain a signed proxy from your broker, bank or other nominee giving you the right to vote such shares at the meeting.

What vote is required for the proposals to be approved?

The affirmative vote of a majority of the shares of Common Stock represented and entitled to vote at the meeting is required for the election of both directors, the ratification of the appointment of

Edgar Filing: FULLER H B CO - Form DEF 14A

and Long-Term Incentive Plan.

How are votes counted?

Shareholders may either vote "FOR" or "WITHHOLD" authority to vote for either nominee for the Board of Directors. Shareholders may also vote "FOR," "AGAINST" or "ABSTAIN" on the other two proposals.

If you vote ABSTAIN or WITHHOLD, your shares will be counted as present at the meeting for the purposes of determining a quorum.

If you ABSTAIN from voting on the proposals, your abstention has the same effect as a vote against those proposals. If you WITHHOLD authority to vote for either one of the directors, this has the same effect as a vote against the director(s).

If you hold your shares in "street name" and do not provide voting instructions to your broker or nominee, your shares may not be voted. In this situation, a "broker non-vote" may occur. Shares that constitute broker non-votes will be present at the meeting for the purpose of determining a quorum, but are not considered as entitled to vote on the proposal in question. This effectively reduces the number of shares needed to elect a director, ratify the appointment of PricewaterhouseCoopers LLP or approve the cash compensation plan.

What if I do not specify how I want my shares voted?

If you do not specify on your returned proxy card (or when giving your proxy by telephone or via the Internet) how you want to vote your shares, we will vote them:

- . FOR the election of both of the nominees for director;
- . FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for the 2003 fiscal year; and
- . FOR the approval of the H.B. Fuller Company Annual and Long-Term Incentive Plan.

Can I change my vote?

Yes. You may change your vote and revoke your proxy at any time before it is voted at the meeting in any of the following ways:

- . by sending a written notice of revocation to the Corporate Secretary of the Company;
- . by submitting another properly signed proxy card at a later date to the Corporate Secretary;
- . by submitting another proxy by telephone or via the Internet at a later date; or
- . by voting in person at the meeting.

Who pays for the cost of proxy preparation and solicitation?

The Company pays for the cost of proxy preparation and solicitation, including the charges and expenses of brokerage firms or other nominees for forwarding proxy materials to beneficial owners. We have retained Morrow & Co., Inc. to assist in the solicitation of proxies for a fee of approximately \$5,000 plus associated costs and expenses.

Edgar Filing: FULLER H B CO - Form DEF 14A

We are soliciting proxies primarily by mail. In addition, proxies may be solicited by telephone or facsimile, or personally by directors, officers and regular employees of the Company. These individuals will receive no compensation (other than their regular salaries) for these services.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers to file initial reports of ownership and reports of changes in ownership of H.B. Fuller's securities with the Securities and Exchange Commission. Executive officers and directors are required to furnish H.B. Fuller with copies of these reports. Based solely on a review of these reports and written representations from the executive officers and directors, we believe that all executive officers and directors complied with all Section 16(a) filing requirements for fiscal year 2002.

PROPOSAL 1--ELECTION OF DIRECTORS

The Board of Directors is currently composed of 11 directors and divided into three classes. Each year one class of directors stands for election for a three-year term. The term of office for Class I directors, consisting of Gail D. Fosler, Reatha Clark King, Alfredo L. Rovira and Albert P.L. Stroucken will expire at the meeting.

At the meeting, two persons are to be elected as Class I directors to hold a three-year term of office from the date of their election until the 2006 Annual Meeting and until their successors are duly elected and qualified. The two nominees for election as Class I directors are Alfredo L. Rovira and Albert P.L. Stroucken, both of whom are currently directors. Both of the nominees have agreed to serve as a director if elected. Following the meeting, the Board will be composed of nine directors. Pursuant to the Company's Bylaws, no more than 15 persons may serve on the Board.

Dr. King and Ms. Fosler, both after years of dedicated service, will retire from the Board and not stand for reelection. Dr. King has been a director of H.B. Fuller since 1978, and Ms. Fosler has served the Company since 1992. The

Edgar Filing: FULLER H B CO - Form DEF 14A

Company is grateful and appreciative of their contributions and counsel.

The term of office for Class II directors, consisting of Norbert R. Berg, Freeman A. Ford, Knut Kleedeahn and John J. Mauriel, Jr., will expire at the 2004 Annual Meeting, and the term of the Class III directors, consisting of J. Michael Losh, Lee R. Mitau and R. William Van Sant will expire at the 2005 Annual Meeting. The Board has adopted guidelines which generally require a director to retire from the Board after 15 years of service, or upon reaching age 72.

We will vote your shares as you specify when providing your proxy or voting instructions. You may either vote FOR or WITHHOLD authority to vote for both nominees for the Board of Directors. If you submit your proxy without voting instructions, we will vote your shares FOR the election of both nominees. If, for any reason, either nominee becomes unable to serve before the election, we will vote your shares for a substitute nominee selected by the Board of Directors. Alternatively, the Board of Directors, at its option, may reduce the number of directors constituting Class I directors.

The election of each director requires an affirmative vote of a majority of the shares of Common Stock represented and entitled to vote at the meeting.

The Board of Directors recommends a vote FOR election of both of the nominees.

As specified by the rules of the SEC, the nominees and directors provided the following information about themselves as of January 31, 2003. Except for Mr. Stroucken, all directors are considered by the Board to be "independent" as that term has been described by the New York Stock Exchange.

Annual Board retainer.....	\$31,000
Annual retainer for Committee Chair.....	\$ 4,000
Daily attendance fee for each Board meeting.....	\$ 1,000
Attendance fee for each Committee in person meeting	\$ 1,000

Edgar Filing: FULLER H B CO - Form DEF 14A

Mr. Stroucken, as the Company's President and Chief Executive Officer, does not receive separate compensation for serving as Chairman of the Board of Directors nor for attendance at any meeting.

Directors' Deferred Compensation Plan. Under this plan, directors may elect to defer all or a percentage of their retainer, attendance or meeting fees. Deferred amounts are credited with gains and losses based on the performance of certain mutual funds or H.B. Fuller Common Stock as selected by the director prior to deferring any retainer or fees. Directors who select H.B. Fuller Common Stock as an investment are credited with phantom stock units that will be paid out in shares of Common Stock. Phantom stock units are credited with dividend equivalents equal to the amount of dividends paid on an equal number of shares of H.B. Fuller Common Stock. The dividend equivalents are converted into additional phantom stock units based on the fair market value of H.B. Fuller Common Stock on the dividend payment date. If a participant elects to defer amounts to the H.B. Fuller Common Stock account in this plan, the Company makes a 10% matching contribution of additional phantom stock units to the amount invested in H.B. Fuller Common Stock by the director. The phantom stock units credited to the directors' accounts do not have voting rights.

Any amounts deferred under this plan are paid in shares of Common Stock or cash at the earliest to occur of:

- . the last date on which the director serves as a director (that is, the date of resignation or removal from the Board or the end of the director's elected term) or on the first, second, third, fourth or fifth anniversary of such date, as may be selected by the director in advance;
- . disability;
- . death; or
- . the date of a change in control of the Company.

Directors' Retirement Plan. In fiscal year 1997, the Compensation Committee terminated the Directors' Retirement Plan for any director elected to the Board after October 16, 1997 and replaced it with the Directors' Stock Incentive Plan. The retirement plan remains in effect for all eligible non-employee directors as of October 16, 1997. This plan provides for payment of a retirement benefit to each director with a minimum of ten years service. Payments begin on the later of the director's retirement from the Board or the director's 60th birthday. The amount of the annual retirement benefit equals the aggregate amount of the director's last annual retainer. The retirement benefit is payable for the lesser of 15 years or the number of years the director served on the Board. In lieu of a series of payments, a director may receive a one-time payment of an actuarial equivalent amount. This retirement plan is unfunded, but H.B. Fuller has placed funds in a trust to provide benefits under this plan. These funds are, however, subject to the claims of H.B. Fuller's creditors.

Directors Berg, Ford, Fosler, King and Mauriel are eligible to receive retirement benefits under this plan.

Directors' Stock Incentive Plan. The Board believes that awards of stock-based compensation provide an effective means of linking director and shareholder interests. Under this plan, the Company may issue to non-employee members of the Board of Directors restricted stock, restricted stock units,

Edgar Filing: FULLER H B CO - Form DEF 14A

options, stock appreciation rights, performance awards or other stock-based instruments. In fiscal year 2002, the Compensation Committee granted to each non-employee director 1,300 shares of restricted stock, which will vest on the earlier of four years from the date of grant or the date on which the director retires from the Board in accordance with established guidelines. Restricted stock represents shares of Common Stock held by H.B. Fuller on behalf of the participant. Dividends are paid on the shares of restricted stock and reinvested in additional shares of restricted stock.

Shares of H.B. Fuller Common Stock are also issued under this plan to satisfy any requirements under the Directors' Deferred Compensation Plan.

Physical Examinations. Non-employee directors are reimbursed for an annual physical examination. During the 2002 fiscal year, H.B. Fuller paid reimbursements of \$19,683 for director physical examinations and related expenses.

Matching Gifts to Education Program. Under this program, H.B. Fuller matches a non-employee director's contributions (up to \$1,000) to eligible educational institutions. During the 2002 fiscal year, H.B. Fuller matched \$4,000 of eligible contributions.

PROPOSAL 2--RATIFICATION OF APPOINTMENT OF AUDITORS

Audit Committee Report and Payment of Fees to Auditors

Audit Committee Report

The Audit Committee of the Board is composed solely of independent directors who satisfy all applicable requirements of federal law and the listing standards of the New York Stock Exchange in effect as of the date of this Proxy Statement. Except in our capacity as directors, no member of the Committee receives, directly or indirectly, any consulting, advisory or other compensatory fee from the Company, and no member is otherwise "affiliated" with the Company or any subsidiary, as such term is defined by applicable federal law and regulations. In addition to the foregoing, Mr. J. Michael Losh, Co-Chair of the Committee, based upon his experience in the preparation and auditing of the financial statements of comparable companies and his understanding of generally accepted accounting principles, internal accounting controls and audit committee functions, is deemed to satisfy the requirements of an "audit committee financial expert" as such term is defined under applicable federal law and regulation.

Pursuant to our charter we are responsible for the appointment, compensation and oversight of the work of H.B. Fuller's independent auditors. A copy of our current charter is included with this Proxy Statement.

Management is responsible for H.B. Fuller's internal controls and the financial reporting process. PricewaterhouseCoopers LLP, as the Company's independent auditors for fiscal years 2002, 2001 and 2000 were responsible for performing an independent audit of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report. We oversee this process.

Management represented to us that H.B. Fuller's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. We have reviewed and discussed the audited consolidated financial statements with management and

Edgar Filing: FULLER H B CO - Form DEF 14A

PricewaterhouseCoopers LLP. We have also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), and they have discussed with us their independence and provided to us the written disclosure required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). We have also considered and determined that the provisions of non-audit services by PricewaterhouseCoopers LLP during the 2002 fiscal year were compatible with maintaining their independence.

Based upon our discussions and our review of the representations of management and the report of the independent auditors, we recommended to the Board of Directors that the audited consolidated financial statements be included in H.B. Fuller's Annual Report on Form 10-K for the fiscal year ended November 30, 2002 filed with the SEC.

Audit Fees. Audit fees billed or expected to be billed to H.B. Fuller by PricewaterhouseCoopers LLP for the audit of H.B. Fuller's consolidated financial statements for the fiscal year ended November 30, 2002 and for reviews of H.B. Fuller's financial statements included in H.B. Fuller's quarterly reports on Form 10-Q for the last fiscal year totaled \$1,161,000.

Financial Information Systems Design and Implementation Fees. There were no services provided by PricewaterhouseCoopers LLP for the design and implementation of financial information systems during fiscal year 2002.

All Other Fees. Fees billed or expected to be billed to H.B. Fuller by PricewaterhouseCoopers LLP during fiscal year 2002 totaled \$1,414,000. This amount includes \$392,000 of audit related, and \$1,000,000 of tax related services.

Proposal

The Board of Directors has appointed PricewaterhouseCoopers LLP, independent certified public accountants, to be H.B. Fuller's independent auditors for the fiscal year ending November 29, 2003. PricewaterhouseCoopers LLP served as H.B. Fuller's independent auditors for the fiscal year ended November 30, 2002. If the Board of Directors' appointment of independent auditors is not ratified by the shareholders, the Board of Directors intends to reconsider that appointment. A representative of PricewaterhouseCoopers LLP is expected to be present at the meeting and will have the opportunity to make a statement if he or she desires to do so and to respond to appropriate questions from shareholders.

We will vote your shares as you specify when providing your proxy. If you submit your proxy without voting instructions, we will vote your shares FOR the ratification of the appointment of PricewaterhouseCoopers LLP.

The affirmative vote of a majority of the outstanding shares of Common Stock represented and entitled to vote at the meeting is required to approve the proposal.

The Board of Directors recommends a vote FOR
ratification of the appointment of PricewaterhouseCoopers LLP.

PROPOSAL 3--APPROVAL OF THE H.B. FULLER COMPANY ANNUAL AND LONG-TERM INCENTIVE PLAN

Introduction

Subject to shareholder approval, the Board of Directors adopted the H.B. Fuller Company Annual and Long-Term Incentive Plan. Shareholder approval of this plan is being sought to qualify compensation paid under this plan as "qualified performance-based compensation," as defined in Section 162(m) of the Internal Revenue Code. Section 162(m) of the Code generally limits to \$1,000,000 the amount that a publicly-held corporation, like H.B. Fuller, is allowed each year to deduct for the compensation paid to its chief executive officer and the other four most highly compensated executive officers (sometimes referred to as "Covered Employees"). However, qualified "performance-based compensation" is not subject to the \$1,000,000 deduction limit.

To qualify as "performance-based compensation," the following requirements need to be satisfied:

- . payments must be based on objective, performance-based standards determined by a committee consisting solely of two or more "outside" directors,
- . the material terms under which the compensation is to be paid, including a limit on the maximum bonus that may be paid to any participant with respect to any performance period, must be approved by a majority of the corporation's shareholders, and
- . the committee of "outside" directors must certify that the applicable performance goals were satisfied before payment is made.

The H.B. Fuller Company Annual and Long-Term Incentive Plan is intended to comply with the requirements of Section 162(m). If this plan is approved at the meeting, the Company's payments under this plan should be deductible for federal income tax purposes for the next five fiscal years (at which time, shareholder approval will again be required).

The material features of this plan are summarized below. In general this plan determines the maximum amount of annual and long-term bonuses the Company may pay to Covered Employees under this plan. In accordance with the terms of their charter, the Compensation Committee of the Board of Directors will determine the actual amount of any short or long-term bonus paid. The policies and practices that the Compensation Committee uses in determining these amounts are discussed each year in this Proxy Statement under the heading "Compensation Committee Report on Executive Compensation." The actual amount paid by the Company is described under the heading "Summary Compensation Table."

Material Features of the H.B. Fuller Company Annual and Long-Term Incentive Plan

Awards. The H.B. Fuller Company Annual and Long-Term Incentive Plan permits the grant of annual cash incentive awards, called "Covered Employee Annual Incentive Awards," and long-term cash incentive awards, called "Performance Units." It also may be used to qualify certain stock-based awards, called "Stock Incentive Awards," granted under the H.B. Fuller Company Year 2000 Stock Incentive Plan as "performance-based compensation" under Section 162(m) of the Code.

Administration. The Annual and Long-Term Incentive Plan is administered by

Edgar Filing: FULLER H B CO - Form DEF 14A

the Compensation Committee of the Board of Directors, which is composed solely of "outside" directors within the meaning of Section 162(m). This Committee has the authority to determine when awards will be granted, select participants, determine the amounts of the awards, and set the terms and conditions of the awards, including allowing participants to elect to defer receipt of payments of awards. The Compensation Committee also has the authority to interpret this plan and establish rules for its administration.

15

Covered Employee Annual Incentive Awards. Persons eligible to receive Covered Employee Annual Incentive Awards are the Company's chief executive officer and the other four most highly compensated executive officers of the Company for any fiscal year (each a "Covered Employee"). Each year an incentive pool equal to the greater of 5% of the Company's operating income or cash flow for a specified fiscal year will be available to the Compensation Committee to fund all Covered Employee Annual Incentive Awards. The Compensation Committee will allocate a percentage of that fiscal year's incentive pool to each Covered Employee. No Covered Employee may be allocated a percentage in excess of 75% of the total pool. As soon as possible after determination of the total amount of the incentive pool for the applicable fiscal year, the Compensation Committee, in its sole discretion, shall then determine the actual amount of each Covered Employee's Annual Incentive Award to be paid for that fiscal year. In no event can the amount paid exceed a Covered Employee's allocated portion of the incentive pool.

For fiscal year 2003, the Compensation Committee designated Mr. Stroucken, President and Chief Executive Officer of the Company, as a Covered Employee. Consistent with the terms of the Annual and Long-Term Incentive Plan, Mr. Stroucken's Covered Employee Annual Incentive Award may not exceed 75% of the available incentive pool. The actual annual bonus, if any, paid to Mr. Stroucken for 2003 will be determined by the Compensation Committee. At this time, it is not possible to determine the amount that will be paid for fiscal year 2003 or later years in the form of Covered Employee Annual Incentive Awards since actual amounts will depend on the performance of the Company as well as the Compensation Committee's exercise of its discretion to adjust any such award downward. However, the fiscal year 2002 annual bonus paid to Mr. Stroucken is disclosed in the Summary Compensation Table in this Proxy Statement.

Performance Unit. A Performance Unit is an award which the Compensation Committee can grant to any employee of the Company entitling the employee to receive a cash payment at some future date or dates. The Compensation Committee selects the employees to whom Performance Units will be granted and determines the nature and amount of each Unit. All employees of the Company and its affiliates are eligible under this plan to receive Performance Units, however, long-term incentive awards similar to Performance Units have been typically limited to a senior management level consisting of approximately 50-60 employees. The Compensation Committee sets performance goals which, depending on the extent to which they are met, will determine the value and/or size of a Performance Unit award that will be paid out.

Pursuant to the terms of this plan, the performance criteria for any Performance Unit are limited to the following performance measures: (a) earnings per share; (b) return on equity; (c) economic value added; (d) stock price; (e) return on investment; (f) return on invested capital; (g) return on assets; (h) cash flow; (i) pre-tax income; (j) net revenue; (k) return on sales; (l) total shareholder return; and (m) value creation sum. These performance measures may be used by the Compensation Committee in defining a Performance Unit to measure the performance of the Company as a whole or any

Edgar Filing: FULLER H B CO - Form DEF 14A

business unit of the Company or any combination, and any of the above performance measures can also be used to compare the Company's performance to the performance of a group of comparative companies, or a published or special index that the Compensation Committee, in its sole discretion, deems appropriate. Payments under any Performance Unit could also be based upon any measured improvement (actual or relative) of any of the above performance measures as the Compensation Committee may deem appropriate. Pursuant to this plan, no recipient may receive in excess of \$5,000,000 for any one fiscal year pursuant to the terms of a Performance Unit or Units under this plan. The Compensation Committee also retains the discretion to adjust any amount due pursuant to the terms of a Performance Unit downward.

For the 2003 fiscal year, the Compensation Committee granted Performance Units under this plan for a three-year performance period covering fiscal years 2003 through 2005. Such Units are subject to shareholder approval of the Annual and Long-Term Incentive Plan. The performance criteria for the

16

three-year performance period covering fiscal years 2003 through 2005 is H.B. Fuller's relative percentage improvement in return on invested capital (ROIC) in comparison to an established peer group of 19 other specialty chemical companies. The Compensation Committee will be comparing average performance in fiscal years 2003 through 2005 versus average performance in fiscal years 2000 through 2002. The ROIC improvement for each company will be ranked from 1 to 20, highest to lowest. If the Company falls within the first quartile of ranking (positions 1-5) the Performance Units will be paid at the "Superior" level. If the Company falls within the second quartile of ranking (positions 6-10), the Performance Units will be paid at the "Target" level. If the Company falls within the third or fourth quartiles (positions 11-20), no amounts will be paid under the Performance Units.

The number of Performance Units awarded in fiscal year 2003 and the estimated cash payout in fiscal year 2006 if the Target or Superior performance goals are achieved are shown below for the persons and the groups identified.

Name and Position or Group*	Number of Units	Estimated Payouts 2003-2005 Performance Period

All current non-employee directors.....	0	\$ 0	\$ 0
All employees who are not executive officers	13,875	\$1,387,500	\$2,081,250

 * Since Mr. Tucker, Senior Vice President and Chief Financial Officer, announced that he would retire during the 2003 fiscal year, no Performance Units for the period 2003-2005 were awarded.

In addition, the Compensation Committee and Mr. Stroucken agreed to amend his existing Performance Units for the period covering fiscal years 2002 through 2004 (granted in January, 2002 under the H.B. Fuller Company Performance Unit Plan) to ensure that any payment under those Units would qualify as performance-based compensation under Section 162(m), and to make payment of any Performance Units hereunder subject to shareholder approval of this plan. Mr. Stroucken's existing Performance Units for fiscal years 2002 through 2004 is described in this Proxy Statement under the headings "Compensation Committee's Report on Executive Compensation" and under "Long Term Incentive Plan--Awards in Last Fiscal Year."

Stock Incentive Awards. Subject to the terms of the H.B. Fuller Company Year 2000 Stock Incentive Plan, the Compensation Committee may grant Stock Incentive Awards to any employee in such amounts and upon such terms as it may in its discretion determine. All employees of the Company and its affiliates are eligible to receive Stock Incentive Awards. The performance measures

for payment of any Stock Incentive Award are the same as those for a Performance Unit Award. It is the Company's intention that any Stock Incentive Awards made pursuant to the Annual and Long-Term Incentive Plan qualify as performance-based compensation under Section 162(m) of the Code. The maximum aggregate amount payable to any one participant for any one fiscal year pursuant to the terms of a Stock Incentive Award or Awards may not exceed 100,000 shares of Company Common Stock or an amount equal to the value of 100,000 shares of Company Common Stock. No Stock Incentive Awards have been granted pursuant to this plan. The types and amounts of such awards that may be granted in the future pursuant to this plan are not determinable as the Compensation Committee will make such determinations in its discretion.

Amendment and Termination. The Compensation Committee may, at any time and from time to time, alter, amend, modify, suspend or terminate the Annual and Long-Term Incentive Plan in whole or in part. No amendment of this plan may be made without shareholder approval if shareholder approval is required by law, regulation or stock exchange rule.

EXECUTIVE COMPENSATION

Compensation Committee Report on Executive Compensation

Introduction. It is the purpose of the Compensation Committee to establish, monitor and administer compensation policies, plans and provisions to ensure the Company's ability to attract, retain and motivate qualified executives and

Edgar Filing: FULLER H B CO - Form DEF 14A

directors. In order to achieve these objectives, we establish targets for base pay, short-term and long-term incentives, including stock-based awards with an emphasis on market-based competitiveness and alignment with the mission, strategies, and financial objectives of the Company. Each year, we review national and regional compensation surveys to determine and establish competitive levels of compensation. Certain of these surveys include comparable companies from the specialty chemical peer group referred to in the Total Shareholder Return Graph in this Proxy Statement. From time to time, we also hire experienced outside consultants to analyze and review the Company's compensation programs. The purpose of these reviews is to satisfy ourselves that H.B. Fuller's compensation programs meet our objectives.

No member of the Compensation Committee is a current or former employee of the Company. The membership of the Committee satisfies all applicable requirements for a corporation listed on the New York Stock Exchange and all members are considered "independent" as that term has been described by the Exchange.

Compensation of the Chief Executive Officer. Mr. Stroucken's total compensation package is designed to be competitive with compensation provided to chief executive officers at chemical manufacturing and allied products companies with total revenues comparable to H.B. Fuller's net revenues. Mr. Stroucken's employment compensation is governed by his employment agreement, described under the heading, "Executive Compensation--Employment Agreements" in this Proxy Statement. Since the components of Mr. Stroucken's total compensation package (base salary, short-term incentives, and long-term incentives, including stock-based awards), are the same as those for all other executives, the specifics of his fiscal year 2002 compensation are discussed under each heading.

Compensation for Fiscal Year 2002.

Base Salary. Generally, base salary reflects an executive's job grade. Job grades are set to reflect the complexity and importance of a position as well as the market rate paid for such positions. Merit increases in base salary are tied to annual performance reviews and are generally subject to salary ranges based on market surveys of companies with total revenues comparable to H.B. Fuller's net revenues. We review and consider the annual performance of and proposed merit increase for each executive annually. For the most recent fiscal year, the budget guideline for base salary merit increases was 3.7%. Base salary increases due to promotions, as well as merit increases, for executives named in this Proxy Statement (other than the CEO) averaged 3.5% for fiscal year 2002. Mr. Stroucken's base salary increased 8% from fiscal 2001 to 2002.

Short-Term Incentive Awards. Consistent with our overall philosophy and objectives, aggregate short-term incentive awards are set for each executive so that the expected payout at target performance levels, together with the executive's base salary, would result in base salary and short-term incentive compensation at least equal to the compensation for similar positions at comparable companies. Target award opportunities for executives named in this Proxy Statement (other than the CEO) ranged from 40% to 56% of base salary for fiscal 2002. The maximum opportunity ranged from 60% to 84%. For fiscal 2002, Mr. Stroucken was eligible to earn an award of up to 113% of his base salary under the Company's short-term incentive program.

The actual amount of each short-term award in 2002 was based upon a subjective evaluation of each executive's performance. For all executives

Edgar Filing: FULLER H B CO - Form DEF 14A

named in this Proxy Statement (other than the CEO), we reviewed and approved the award recommended by Mr. Stroucken. Based upon his recommendations, these executives received an annual bonus ranging from 32% to 50% of base salary for fiscal 2002. For fiscal year 2002, Mr. Stroucken received 62% of his base salary as an annual bonus.

Long-Term Incentive Awards. The Company has also established a long-term incentive program that includes annual grants of cash-based Performance Units and non-qualified stock options. The aggregate amount of these long-term incentive awards is set for each executive so that the expected payout would result in compensation at least equal to competitive market levels of such compensation for similar positions at comparable companies.

Performance Units. Since the Company introduced its long-term, cash based, Performance Unit program in fiscal year 1999, the basis for performance measurement and determining payout has been the Company's actual cumulative Value Creation relative to an internally established objective. Value Creation is the Company's own measurement of economic profit. After studying the efficiency of this approach, the Committee decided beginning in fiscal 2002 to move to a new basis for measuring performance and determining whether or not Performance Units would pay out. That measurement compares the Company's percentage improvement in return on invested capital (ROIC) relative to the ROIC of a group of 19 industry peers. The Committee determined that employing ROIC, which is based on publicly available information, instead of Value Creation, would provide consistent results that can be measured across the peer group of companies. These peer companies are identified under the Total Shareholder Return Graph in this Proxy Statement.

For detailed information regarding the Performance Units awarded to Mr. Stroucken and the other executives named in this Proxy Statement for fiscal year 2002, please refer to the table under the heading "Long Term Incentive Plan--Awards in the Last Fiscal Year" in this Proxy Statement.

Since 1999, each annual award of Performance Units specified a three-year measurement period for determining the amount to be paid with respect to the award. For example, the Performance Units awarded during fiscal year 2002 are based upon the Company's performance from 2002 through 2004. It was expected that annual awards of Performance Units would result in a series of overlapping three-year performance periods. However, before awarding the 2002 Performance Units, the Committee decided that the Performance Units granted in years prior to fiscal year 2002 were unlikely to pay out. As a result, the next possible incentive payment would not be until April, 2005 unless the Committee made special provisions in 2002. Therefore, as part of the Performance Units awarded in fiscal year 2002, in addition to an award based upon the full three-year measuring period covering fiscal years 2002-2004, there is an opportunity to receive an incentive payment for the fiscal years 2002 and 2003 separately. The incentive payment opportunities for fiscal year 2002 and 2003 are equal to 1/3 and 2/3 of the potential award for the 2002-2004 measuring period. Any payments earned for the distinct performance periods 2002 and 2003 will be offset against any payments covering similar periods under previous Performance Unit awards. As a result, the separate performance periods 2002 and 2003 offer a partial incentive opportunity until other three-year performance cycles are in place. Because of the need to compare the Company's ROIC performance against other peer group companies, it is expected that final determination on whether the fiscal year 2002 performance period results warrant any payment will not be able to be determined until after the date of this Proxy Statement.

Stock-Based Programs. The Committee believes that ownership of H.B. Fuller Common Stock by executives encourages long-term, strategic decision-making

Edgar Filing: FULLER H B CO - Form DEF 14A

that is in the balanced best

21

interests of H.B. Fuller's constituents. Goals for recommended levels of executive stock ownership were established several years ago. An executive's stock ownership goal ranges in dollar amount from one to five times their annual salary, depending on job grade.

To foster stock ownership by executives, in addition to Performance Units, 50% of each executive's long-term incentive award is provided through the grant of nonqualified stock options. For detailed information regarding the options awarded to Mr. Stroucken and the other executives named in this Proxy Statement for fiscal year 2002, please refer to the table under the heading "Option Grants in Last Fiscal Year" in this Proxy Statement.

Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code generally limits the tax deductibility of compensation paid by a public company, like H.B. Fuller, to its chief executive officer and other executives. We consider the deductibility of compensation arrangements in executive compensation decisions, but deductibility has never been the sole factor used in determining the appropriate level of compensation. In order to preserve the Company's tax deduction under Section 162(m), the Board has recommended that the shareholders approve the H.B. Fuller Annual and Long-Term Incentive Plan (as described under Proposal 3 of this Proxy Statement). Approval of this plan will not necessarily alter our approach to compensation but will assure that the Company will be able to deduct the short term and long term cash compensation it pays to its executives. The Committee intends to act to preserve the Company's ability to deduct executive compensation to the extent possible without compromising the ability to motivate and reward the excellent performance of its executives.

Conclusion. We believe that the policies and programs described in the report maintain an appropriate balance between motivating achievement of short-term goals and strategically leading the Company in a direction to provide long-term success and therefore serve the interests of the shareholders and the Company.

During fiscal year 2002, the Company made a one-time payment to all employees to satisfy its liability to its employees for vacation accrued but not taken in prior years and carried forward in accordance with applicable policies. After this payment, the amount of vacation any employee could use in the year after it was earned was limited.

Long Term Incentive Plan--Awards in Last Fiscal Year

Historically, the Company has made an annual award of units whose payout is

Edgar Filing: FULLER H B CO - Form DEF 14A

determined at the end of a specified three-year period. Such annual awards have resulted in a series of overlapping three-year performance periods. No cash awards were paid for the three-year performance period covering fiscal years 2000-2002 since H.B. Fuller's financial results over the 2000-2002 performance period did not meet the targets specified in such awards.

25

The following table shows awards under the H.B. Fuller Performance Unit Plan made during fiscal year 2002 to the executives listed in the Summary Compensation Table. Any payout for units awarded in 2002 will be made in 2005 and will be based upon the Company's relative percentage improvement in return on invested capital in comparison to an established peer group of 19 specialty chemical companies. The average performance in fiscal years 2002 through 2004 will be compared to the average performance in fiscal years 1999 through 2001. The ROIC improvement for each company will be ranked from 1 to 20, highest to lowest. If H.B. Fuller falls within the first quartile of ranking (positions 1-5) the Performance Units will be paid at the "Maximum" level. If the Company falls within the second quartile of ranking (positions 6-10), the Performance Units will be paid at the "Target" level. If the Company falls within the third or fourth quartiles (positions 11-20), no amounts will be paid under the Performance Units.

Name	Number of Units(1)	Performance or	Estimated Future Payouts	
		Other Period Until Maturation or Payout	Under Non-Stock Price-Based Plan (2)	
		Fiscal Years(2)	Target	Maximum
Albert P.L. Stroucken	7,000	2002-2004	\$700,000	\$1,050,000
Raymond A. Tucker....	1,750	2002-2004	\$175,000	\$ 262,500
Linda J. Welty.....	1,750	2002-2004	\$175,000	\$ 262,500
Alan R. Longstreet...	1,500	2002-2004	\$150,000	\$ 225,000
Peter M. Koxholt.....	1,750	2002-2004	\$175,000	\$ 262,500

(1) The performance units are denominated and payable in dollars. As of the last day of the performance period, the participant's performance units are converted to a dollar value and paid in cash.

(2) Performance units granted in 2002, in addition to providing for payments based upon the Company's percentage improvement in return on invested capital in comparison to an established peer group of specialty chemical companies for the fiscal years 2002-2004 also provided for a payment based upon the same formula over one- year measuring periods covering fiscal years 2002 and 2003. The target and maximum payouts, if any, for the fiscal year 2002 measuring period and fiscal year 2003 measuring period would be equal to one-third and two thirds, respectively, of the estimated payouts for the three-year performance period. As of the date of this Proxy Statement, the Company was not yet able to calculate if any amounts for the fiscal year 2002 measuring period were payable. If any amount is paid for fiscal year 2002, it will be disclosed in next year's Proxy Statement.

Retirement Plans

H.B. Fuller's Retirement Plan is a defined benefit, tax qualified plan that

Edgar Filing: FULLER H B CO - Form DEF 14A

provides benefits for U.S. employees and is sometimes referred to as a pension plan. Employees do not make contributions to this plan. The plan provides an annual benefit equal to a percentage of the employee's average annual compensation (including annual incentive compensation) during the highest five years of compensation in the final ten years of an employee's service, based on the employee's length of service with the Company.

H.B. Fuller has established a Supplemental Executive Retirement Plan to provide additional benefits to executives who may be affected by limits that are imposed by the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 on the amount of benefits that may be paid from tax qualified pension plans. This supplemental plan provides an annual benefit equal to a percentage of the executive's average annual compensation (including annual incentive compensation) during the highest five years of compensation in the final ten years of an executive's service, based on the executive's length of service with H.B. Fuller. This supplemental amount is offset by retirement

26

income from certain other sources. The supplemental plan is an unfunded plan. However, the Company has placed funds in a trust that is intended to provide plan benefits. The funds are subject to the claims of H.B. Fuller's creditors.

The following table shows the estimated annual benefits on a straight-line annuity basis payable to the executives listed in the Summary Compensation Table who have 15 or more years of credited service upon normal retirement (age 65 or later) under the pension plan and the Supplemental Executive Retirement Plan. The compensation considered in determining the benefits payable under the plans is the compensation shown in the "Salary" and "Bonus" columns of the Summary Compensation Table.

825,000	392,580		

Mr. Longstreet had more than 15 years of service as of December 1, 2002. Mr. Stroucken, Mr. Tucker, Ms. Welty, Mr. Longstreet and Mr. Koxholt participate in the pension plan and the Supplemental Executive Retirement Plan. At the time of their hiring, Mr. Stroucken, Mr. Tucker and Mr. Koxholt were each credited with years of service under the Supplemental Executive Retirement Plan for the number of years served with their prior employer.

Mr. Koxholt, as a German employee, also participates in a German pension

Edgar Filing: FULLER H B CO - Form DEF 14A

plan. Benefits under the German plan will be set off against any benefits payable under the pension plan in the United States.

Key Employee Deferred Compensation Plan

H.B. Fuller's Key Employee Deferred Compensation Plan permits eligible employees to defer annually a portion of their base salary and any annual incentive payment or payments under H.B. Fuller's Performance Unit Plan. Deferred compensation is payable on the earlier of the participant's termination of employment, reaching age 65, disability, death or the date for payment selected by the participant. Deferred amounts are credited with interest based on the prime rate, or gains and losses based on the performance of certain mutual funds or H.B. Fuller Common Stock, all as selected by the participant. If a participant elects to defer amounts to the H.B. Fuller Common Stock account, the Company makes a matching contribution equal to 10% of the value of such amount.

H.B. Fuller also makes matching contributions to a participant's stock account to restore certain matching contributions under the H.B. Fuller Thrift Plan (a 401(k) plan) that are limited by tax regulations. In addition, the Compensation Committee may make discretionary contributions to a participant's Common Stock account under this plan.

27

Employment Agreements

Albert P.L. Stroucken. Mr. Stroucken's employment as President and Chief Executive Officer of the Company is governed by the terms of an employment agreement dated April 16, 1998. This agreement addresses Mr. Stroucken's base salary, annual and long-term incentive compensation, specified perquisites and participation in the Company's employee benefit plans. The employment agreement terminates on March 31, 2004.

In the event of Mr. Stroucken's death or disability during the term of this agreement, the Company agrees to pay his spouse or estate for the following three years an annual amount equal to the sum of his average base salary during the two years preceding his death or disability plus his average annual bonus during the preceding two years. The Company will pay a similar amount for three years following his termination of employment if the Company terminates his employment without cause, Mr. Stroucken terminates his employment for "good reason" (as defined in the agreement), or his employment terminates on March 31, 2004. The Company will also provide him and/or his spouse with certain benefits and perquisites during this three-year period. Pursuant to the terms of his agreement, Mr. Stroucken is prohibited from disclosing confidential information and engaging in certain activities competitive with H.B. Fuller for a period following his employment with the Company.

Mr. Stroucken's employment agreement contains provisions which may trigger a lump-sum payment in the event of a change in control of the Company. This payment is triggered if within one year after a change in control, Mr. Stroucken terminates his employment or the Company terminates his employment for any reason (other than cause), or if within three years after a change in control, the Company terminates Mr. Stroucken's employment without cause, or he terminates his employment due to a reduction in his position, responsibilities or compensation from what existed prior to the change of control. The payment is equal to three times the amount of Mr. Stroucken's base salary plus his largest annual bonus in any of the three years before the change in control. In addition, the Company will provide Mr. Stroucken with certain benefits and perquisites for a three-year period following the termination of employment. In

Edgar Filing: FULLER H B CO - Form DEF 14A

the event that these payments are subject to any excise tax, the Company will reimburse Mr. Stroucken for the amount of the excise tax and for any taxes imposed upon such reimbursement.

Other Executive Officers. The Company has agreements with Mr. Tucker, Mr. Longstreet and Mr. Koxholt that prohibit disclosure of confidential information. Mr. Longstreet's and Mr. Koxholt's agreements prohibit each of them from competing with the Company for a period of time after termination of employment. In certain circumstances the agreements with Mr. Longstreet and Mr. Koxholt require the Company to pay the executive during any noncompetition period the difference between his monthly income and his monthly income immediately prior to leaving the Company.

During fiscal year 2002, the Company entered into a letter agreement with Mr. Tucker. Pursuant to the terms of this letter agreement, in exchange for Mr. Tucker's agreement to continue his service with the Company through July 7, 2003, the Company agreed to increase the amount that would otherwise be paid to Mr. Tucker under the Supplemental Executive Retirement Plan, pay an annual bonus for the portion of 2003 in which he worked for the Company, and provide certain standard relocation benefits with respect to the sale of his home.

Mr. Koxholt's employment is governed by the terms of an international service agreement similar to that negotiated with any employee of H.B. Fuller who undertakes an expatriate assignment (Mr. Koxholt is a German citizen and employee). In connection with his international assignment, Mr. Koxholt's agreement with the Company was amended to restrict the Company or Mr. Koxholt from terminating his employment (except for cause) prior to 2004.

28

Change in Control Arrangements

H.B. Fuller has a change in control arrangement with each of the executives listed in the Summary Compensation Table (Mr. Stroucken's arrangement is described above). The one-year term of these agreements automatically extends on a daily basis, so that the term continues to be one year, unless H.B. Fuller gives notice that the term will not be extended. Upon the occurrence of a change in control of the Company, the term of the agreement is automatically extended to three years from the date of the change in control. If during this three-year period, H.B. Fuller terminates the executive's employment for any reason other than cause or disability, the executive terminates his or her employment for good reason (as defined in the agreement), or the executive terminates his or her employment for any reason during the 90-day period following the first anniversary of the change in control, the executive is entitled to receive a lump sum payment from H.B. Fuller. The payment is equal to three times the amount of the executive's annual base salary plus the executive's largest annual bonus in any of the three years before the change in control. In addition, the executive is entitled to medical and dental benefits for a three-year period following the termination of employment and certain perquisites. H.B. Fuller will adjust the payments and benefits in the event that they are subject to an excise tax imposed by the Internal Revenue Code and do not exceed 330% of the executive's base amount. Under these circumstances, the payments and benefit will be adjusted so that the amount of the payments equals 299% of the base amount, which is the maximum amount that can be paid without imposition of an excise tax. In the event that the payments and benefits are subject to an excise tax and exceed 330% of the executive's base amount, the Company has agreed to reimburse the executive for the amount of the excise tax and for any taxes imposed upon the reimbursement.

H.B. Fuller has other compensatory arrangements with its executives which

Edgar Filing: FULLER H B CO - Form DEF 14A

will result from a change in control. H.B. Fuller's Supplemental Executive Retirement Plan provides that if within three years after a change in control, H.B. Fuller terminates a participant's employment without cause or the participant terminates his or her employment for good reason (as defined in this plan), or if the participant terminates his or her employment for any reason during the 90-day period following the first anniversary of the change in control, then five years shall be added to both the participant's age and years of credited service for purposes of determining benefits under this plan. If a participant's employment terminates as described above and the participant is not entitled to a benefit under the supplemental retirement plan, then the participant will be paid an annual benefit equal to 25% of his or her final average compensation, regardless of age or years of credited service.

In addition, in the event of a change in control, all shares of restricted stock, all restricted stock units and any unvested stock options outstanding under H.B. Fuller's stock incentive plans immediately vest in full.

Executive Stock Purchase Loan Program

In July, 2000, the Board of Directors adopted the Executive Stock Purchase Loan Program. Under the program, H.B. Fuller arranged for U.S. Bank to provide full-recourse, personal loans to eligible management employees to purchase shares of H.B. Fuller Common Stock in the open market. Each eligible employee was allowed to obtain a loan equal to the dollar amount of the participant's stock ownership goal plus capitalization of interest for the term of the loan. An executive's stock ownership goal ranges in dollar amount from one to five times his or her annual salary, depending on the executive's position with the Company. The loans bear interest at the Applicable Federal Rate and mature in five years, with principal and interest due at that time. The loans are guaranteed by H.B. Fuller only in the event of the participant's default. The Company pays the premiums on a term life insurance policy for each participant in an amount necessary to repay the outstanding loan in the event of the participant's death. H.B. Fuller also pays the administrative fees and expenses of the program. During fiscal year 2002, ten management employees participated in the program, and the aggregate

29

amount of loans outstanding under the program on November 30, 2002 was \$8,810,397. As of November 30, 2002, executives listed in the Summary Compensation Table participated in the Executive Stock Purchase Loan Program as follows:

	Loan Amount -----
Albert P.L. Stroucken	\$3,473,093
Raymond A. Tucker....	942,842
Linda J. Welty.....	827,401
Alan R. Longstreet...	825,513

This program ended during fiscal year 2001. In accordance with applicable law, the Company will not extend, directly or indirectly any similar loans in the future.

TOTAL SHAREHOLDER RETURN GRAPH

Shown below is the shareholder return graph required by SEC rules. The graph compares the yearly cumulative total shareholder return on H.B. Fuller Common Stock with the cumulative total return of Standard & Poor's 500 Composite Stock Index and an index of 19 selected peer companies. The peer index is included, since these are the companies the Company uses most to benchmark its performance, including for determination of performance under the Company's Performance Awards. SEC rules require us to also present data for the Standard & Poor's Midcap 400 and Specialty Chemicals Index. Both of these indexes had been included in last year's proxy statement. The graph includes data for the Midcap 400; however, since Standards & Poor's discontinued the Specialty Chemical Index during 2002 no data is presented.
