reasonable expenses in forwarding these proxy materials to their principals. East West Bancorp does not intend to utilize the services of other individuals or entities not employed by or affiliated with it in connection with the solicitation of Proxies.

Outstanding Securities and Voting Rights; Revocability of Proxies

The authorized capital of East West Bancorp consists of 100,000,000 shares of common stock, par value \$.001 per share ("Common Stock"), of which 23,944,956 shares were issued and outstanding on the Record Date, and 5,000,000 shares of serial preferred stock, par value \$.001 per share, of which no shares were issued and outstanding on the Record Date. A majority of the outstanding shares of Common Stock constitutes a quorum for the conduct of business at the Meeting. Abstentions will be treated as shares present and entitled to vote for purposes of determining the presence of a quorum. Each Stockholder is entitled to one vote, in person or by proxy, for each share of Common Stock standing in his or her name on the books of East West Bancorp as of the Record Date on any matter submitted to the Stockholders.

East West Bancorp's Certificate of Incorporation does not authorize cumulative voting. For the election of directors, the three persons receiving the highest number of votes "FOR" will be elected. Accordingly, abstentions from voting and votes "WITHHELD" in the election of directors have no legal effect.

Unless otherwise required by law, the Certificate of Incorporation, or Bylaws, other proposals that may properly come before the meeting require the affirmative vote of the majority of shares present in person or by proxy at the meeting and entitled to vote.

A Proxy for use at the Meeting is enclosed. The Proxy must be signed and dated by you or your authorized representative or agent. You may revoke a Proxy at any time before it is exercised at the Meeting by submitting a written revocation to the Secretary of East West Bancorp or a duly executed proxy bearing a later date or by voting in person at the Meeting. Attendance at the Meeting will not in and of itself constitute revocation of a proxy.

If you hold your Common Stock in "street name" and you fail to instruct your broker or nominee as to how to vote your Common Stock, your broker or nominee may, in its discretion, vote your Common Stock "FOR" the election of the Board of Director's nominee.

Unless revoked, the shares of Common Stock represented by properly executed Proxies will be voted in accordance with the instructions given thereon. In the absence of any instruction in a properly executed Proxy, your shares of Common Stock will be voted "FOR" the election of the nominee for director set forth herein.

The enclosed Proxy confers discretionary authority with respect to matters incident to the Meeting and any other proposals which management did not have notice of at least 45 days prior to the date on which East West Bancorp mailed its proxy material for last year's annual meeting of Stockholders. As of the date hereof, management is not aware of any other matters to be presented for action at the Meeting. However, if any other matters properly come before the Meeting, the Proxies solicited hereby will be voted by the Proxyholders in accordance with the recommendations of the Board of Directors.

Directors, officers and greater than ten percent holders are required by the SEC's regulations to furnish East West Bancorp with copies of all Section 16(a) forms they file. Based solely upon a review of copies of reports provided during the fiscal year ended December 31, 2002, East West Bancorp believes that all persons subject to the reporting requirements of Section 16(a) filed all required reports on a timely basis.

Board of Directors and Nominees

East West Bancorp's Certificate of Incorporation and Bylaws provide that the number of directors shall be determined from time to time by the Board of Directors but may not be less than five. The Board of Directors is currently composed of seven members. The Bylaws further provide for the division of the directors into three classes of approximately equal size. Three members shall be elected to a three year term at the annual meeting of Stockholders in 2003, two members shall be elected to a three year term at the annual meeting of Stockholders in 2004, and two members shall be elected to a three year term at the annual meeting of Stockholders in 2005.

Kookan, Liu and Renken. In the event that Mr. Kookan, Mr. Liu or Mr. Renken should be unable to serve as a director, it is intended that the Proxies will be voted for the election of such substitute nominee, if any, as shall be designated by the Board of Directors. Management has no reason to believe that Mr. Kookan, Mr. Liu or Mr. Renken will be unavailable.

None of the directors, nominees for director or executive officers were selected pursuant to any arrangement or understanding, other than with the directors and executive officers of East West Bancorp acting within their capacity as such. There are no family relationships among directors or executive officers of East West Bancorp. As of the date hereof, no directorships are held by any director with a company which has a class of securities registered pursuant to Section 12 of the Exchange Act or subject to the requirements of Section 15(d) of the Exchange Act, or any company registered as an investment company under the Investment Company Act of 1940 except that Mr. Ng is a director of ESS Technology, Inc. and of PacifiCare Health Systems Inc. and Mr. Renken is a director of 21st Century Insurance.

Retirement Plans

The Bank has two retirement plans. The East West Bancorp Inc. 401(k) Plan (the "401(k) Plan") is a qualified retirement plan under the Internal Revenue Code of 1986 as amended (the "Code") and is open to all employees of the Bank with at least one year of service. In 2002, the Company matched 100% of employee salary contributions to the 401(k) Plan, up to a maximum contribution of \$11,500 per year per employee. The matching is in the form of stock of the Company, although employees are not restricted in their ability to sell the stock and reinvest in other permitted investments.

The Company also has a Supplemental Executive Retirement Plan (the "SERP") which provides supplemental retirement benefits to certain employees whose contributions to the 401(k) Plan are, under applicable Internal Revenue Service regulations, limited. The Board of Directors designates those employees who are eligible to participate in the SERP; the Board has designated Mr. Ng.

Ms. Gouw, Mr. Chow and Mr. Krause as participants in the SERP. Benefits under the SERP include income generally payable commencing upon a designated retirement date until age 80 and a death benefit for the participant's designated beneficiaries based on the present value of the projected future payments; participants will be entitled to a projected benefit equal to 50% of his or her 2001 total compensation, adjusted 3% per year for cost of living. The designated retirement date is the 20th anniversary of employment by the Company; early retirement after 15 years is permitted with lower benefits. SERP benefits begin to vest after 15 years of service, however vesting accelerates to 100% upon a change in control of the Company. Upon a termination of employment for "cause," the participant forfeits all benefits. The participant is entitled to all vested benefits in the case of a termination without "cause," however, if a participant voluntarily resigns prior to becoming 100% vested, his or her benefits are forfeited. The Company has purchased life insurance contracts on the participants in order to finance the cost of these benefits and it is anticipated that, because of the tax-advantaged effect of this life insurance investment, the return on the life insurance contracts will be approximately equal to the accrued benefits to the participants under the SERP, other than in the event of accelerated vesting because of a change of control. As of December 31, 2002, Mr. Ng, Ms. Gouw, Mr. Chow and Mr. Krause respectively had 11, 13, 9 and 6 years of service under the SERP.

The SERP is an unfunded non-qualified plan, which means that the participants have no rights under the agreement beyond those of a general creditor of the Company, and there are no specific assets set aside by the Company in connection with the plan. There are accordingly no assurances to the participants that the Company will upon retirement be able to pay the accrued benefits. The SERP is not an employment contract.

Employment and Change of Control Agreements

East West Bank has entered into employment agreements with certain of its executive officers intended to ensure that the Bank will be able to maintain a stable and competent management base. The Bank entered into an employment agreement with its CEO, Mr. Ng, in June 1998 in connection with the sale of the Bank by its prior stockholders. This employment agreement provides for a three-year term, which extends automatically unless written notice of non-renewal is given by the Board of Directors after conducting a performance evaluation. In addition to a base salary and bonus to be determined annually, the agreement provides for, among other things, participation in stock benefit plans and other fringe benefits applicable to executive personnel and four weeks paid vacation per year. In the event the Bank chooses to terminate Mr. Ng's employment for any reason other than for cause (as defined in the agreement), or in the event of Mr. Ng's resignation from the Bank upon (i) failure to re-elect him to his current offices; (ii) a material change in his functions, duties or responsibilities; (iii) a relocation of his principal place of employment by more than 25 miles; (iv) liquidation or dissolution of the Bank; (v) a breach of the agreement by the Bank; and (vi) his death or permanent disability; Mr. Ng, or, in the event of death, his beneficiary, would be entitled to receive an amount equal to the greater of (i) the remaining payments due to the Executive and the contributions that would have been made on the Executive's behalf to any employee benefit plans of the Bank during the remaining term of the agreement and (ii) three times the preceding taxable year's base salary and bonus. In addition, Mr. Ng will be entitled to an additional payment to the extent the Executive is subject to an excise tax because such severance benefits constitute "excess parachute payments," defined in the Internal Revenue Code of 1986, as amended (the "Code"). In general, under the Code, an "excess parachute payment" is the amount by which payments contingent on a change in ownership or control exceed three times the employee's average annual compensation over five years. Certain other executives have contracts providing that should they be terminated without cause or, for certain executives, should they resign for good reason, including a detrimental change in responsibilities or a reduction in salary or benefits, the Bank shall pay such executive a designated lump sum. The payments range from six months to three years of base salary plus bonuses and certain benefits.

10

If all employment agreements were terminated without cause following a change in control, such executive officers would be entitled to receive payments, which are estimated to have an aggregate value of approximately \$8.1 million at February 28, 2003. In addition, existing options issued under the 1998 Stock Incentive Plan and benefits under the supplement executive retirement plan, will vest upon a change of control. Although the above-described employment agreements could increase the cost of any acquisition of control of East West Bancorp or East West Bank, management does not believe that the terms thereof would have a significant anti-takeover effect.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

East West Bank's Compensation Committee (the "Compensation Committee") establishes the general policies regarding compensation of the executive officers and approves the specific compensation levels for the Chief Executive Officer. The Compensation Committee also reviews the compensation of the executive officers and approves all grants of incentive shares. During 2002, the members of the Compensation Committee were Herman Li, Keith Renken, and James Miscoll as its chairman. Each member of the Compensation Committee is a non-employee director of East West Bancorp and East West Bank.

Set forth below is a report of the Compensation Committee of the Bank addressing the compensation policies for 2002 applicable to the Bank's Chief Executive Officer.

OVERALL PHILOSOPHY

The goals of the executive compensation and benefits programs are to enable the Bank to attract and retain high caliber executives, provide a total compensation package in a cost effective manner, encourage management ownership of East West Bancorp, Inc. common stock and to maximize return to its shareholders.

The philosophy of the Bank is to provide a compensation program that is designed to reward achievement of the Bank's goals and objectives and to provide total compensation opportunities that are competitive when compared with those of comparable financial institutions.

To achieve these objectives:

The principal objective of the salary program is to maintain salaries that are targeted at the median for comparable positions in similarly sized financial institutions,

Edgar Filing: EAST WEST BANCORP INC - Form DEF 14A

Annual incentives are designed to reward for overall Bank success and individual performance and provide total cash compensation opportunities above competitive levels when warranted by performance, and

The principal objective of the long-term stock-based incentive plan is to align management's financial interests with those of East West Bancorp's shareholders, provide incentive for management ownership of East West Bancorp common stock, support the achievement of long-term financial objectives, and provide for long term incentive reward opportunities.

Employee benefits are offered to provide a competitive total compensation program and to encourage retention of key employees.

ELEMENTS OF THE COMPENSATION PROGRAM

There are three principal elements of the executive compensation program base salary, bonus compensation (annual incentive) and long-term stock-based incentive compensation (stock options or restricted stock). In determining each component of compensation, the total compensation package of each executive is considered.

11

Base Salaries

The salary of each executive officer is determined initially according to competitive pay practices, level of responsibility, prior experience, and breadth of knowledge, as well as internal equity issues. The Bank uses its discretion rather than a formal weighting system to evaluate these factors and to determine individual base salary levels. Thereafter, base salaries are reviewed on an annual basis, and increases are made based on a subjective assessment of each executive's performance, as well as the factors described above.

Annual Incentives

The Bank provides annual incentives to all employees, including executives. Annual incentives are intended to reward for overall Bank success and individual performance and provide total cash compensation opportunities above competitive levels when warranted by performance. The Bank considers individual contributions, business unit performance, overall corporate performance, and performance compared to peer banks. Actual awards, if any, are also based on a subjective assessment of each executive's individual performance. No formal weightings are assigned to these levels of performance. Each executive is assigned a bonus range as a percentage of salary.

Long-Term Stock-Based Incentives

The Bank believes that long-term incentive compensation opportunities should be dependent on stock-based measures to strengthen the alignment between management's interests and those of East West Bancorp's shareholders. Under its 1998 Stock Incentive Plan, East West Bancorp generally grants incentive shares to all executives of East West Bancorp and of the Bank. All stock options have been granted at an option price not less than the fair market value of the common stock on the date of grant. Thus, stock options have value only if the stock price appreciates from the date the options are granted. The result is a focus by all executives on the creation of shareholder value over the long term.

In determining the number of incentive shares granted to individual executives, individual contributions, business unit performance, competitive practices, the number of incentive shares previously granted, and value of the stock on the date of the grant are considered. Formal weightings have not been assigned to these factors.

CHIEF EXECUTIVE OFFICER COMPENSATION

The determination of the Chief Executive Officer's salary, bonus and grants of incentive shares followed the policies described above for the determination of all executives' compensation subject to the additional considerations described below.

Compensation for the Chief Executive Officer, Mr. Ng, was made in accordance with an employment agreement entered into in June 1998 in connection with the sale of the Bank by its prior shareholders. The terms of the employment agreement are described in "Employment and Change of Control Agreements." The base salary of the Chief Executive Officer is described in the Summary Compensation Table.

The bonus of the Chief Executive Officer is described in the Summary Compensation Table. This indicated bonus was determined pursuant to the terms of Mr. Ng's employment contract and is based primarily on the satisfaction of performance criteria determined by the Board. The

performance criteria established for 2002 were based on target goals for return on assets, return on equity, nonperforming assets, net chargeoffs, deposit growth, fee income and efficiency ratio.

The Chief Executive Officer received stock options in 2002 to purchase 500,000 shares of East West Bancorp's common stock. Prior to 2002, the last block grant of options to Mr. Ng was in 1998. This additional grant was given in recognition of the sharply higher stock price since that time and was

12

contemplated as long-term stock-based incentive compensation. All of the options granted have an exercise price equal to the fair market value of the stock on the date of grant.

POLICY WITH RESPECT TO DEDUCTIBILITY

Section 162(m) of the Internal Revenue Code generally limits the corporate deduction for compensation paid to executive officers named in the Proxy Statement to \$1,000,000, unless the compensation qualifies as "performance based" and has been approved in advance by a vote of its shareholders. Section 162(m) excludes from its deduction limits any compensation received pursuant to the exercise of a stock option granted prior to the first shareholder meeting at which directors are to be elected that occurs after the close of the first calendar year following the calendar year in which the company became publicly held.

Mr. Ng deferred \$880,209 of his collective bonus and salary in 2002, with the result that all amounts paid to him in 2002 were deductible for income tax purposes of the Company during fiscal year 2002.

The stockholders of East West Bancorp adopted in 2002 the East West Bancorp Performance-Based Bonus Plan, effective as of January 1, 2003 (the "Bonus Plan"). The Bonus Plan was designed so that compensation paid under the plan will qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code. Because bonuses are paid under the Bonus Plan only if the Company's financial or other results meet or exceed certain quantifiable performance goals established by the Compensation Committee, the Committee believes that the Company may deduct such bonuses for Federal income tax purposes even if the bonus payments, together with salary, paid to an executive in any one year may exceed \$1 million. The Chief Executive Officer of the Company is currently the only executive officer of the Company participating in the Bonus Plan.

The Compensation Committee has not adopted a formal policy concerning the application of the Section 162(m) limitation on tax deductions but currently intends to structure annual incentive compensation so that such payments should qualify as deductible performance-based compensation.

These loans (i) are made in the ordinary course of business, (ii) are made on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable transactions with

INDEPENDENT AUDITORS

The auditors of East West Bancorp and the Bank are Deloitte & Touche LLP, Certified Public Accountants. All professional services rendered by Deloitte & Touche LLP during 2002 were furnished at customary rates and terms.

The following table sets forth information regarding the aggregate fees billed for services rendered by Deloitte & Touche LLP for the fiscal year ended December 31, 2002:

PROPOSALS OF STOCKHOLDERS

Proposals of Stockholders intended to be included in the proxy materials for the 2004 Annual Meeting of Stockholders must be received by the Secretary of East West Bancorp, 415 Huntington Drive, San Marino, California 91108, by November 14, 2003.

Under Rule 14a-8 adopted by the Securities and Exchange Commission under the Exchange Act, proposals of stockholders must conform to certain requirements as to form and may be omitted from the proxy statement and proxy under certain circumstances. In order to avoid unnecessary expenditures of time and money by stockholders and by East West Bancorp, stockholders are urged to review this rule and, if questions arise, to consult legal counsel prior to submitting a proposal.

SEC rules also establish a different deadline for submission of shareholder proposals that are not intended to be included in the East West Bancorp's proxy statement with respect to discretionary voting (the "Discretionary Vote Deadline"). The Discretionary Vote Deadline for the year 2004 annual meeting is February 20, 2004 (45 calendar days prior to the anniversary of the mailing date of this proxy statement). If a shareholder gives notice of such a proposal after the Discretionary Vote Deadline, proxy holders will be allowed to use their discretionary voting authority to vote against the shareholder proposal without discussion when and if the proposal is raised at the year 2004 annual meeting.

East West Bancorp has not been notified by any shareholder of his or her intent to present a shareholder proposal from the floor at this year's Annual Meeting. The enclosed proxy card grants the proxy holders discretionary authority to vote on any matter properly brought before the Annual Meeting.

ANNUAL REPORT

In addition, at least one member must have banking or related financial management experience.

KEY RESPONSIBILITIES

The Committee shall perform the functions and have the responsibilities described below:

Oversight of Registered Public Accounting Firm

In the course of its oversight of the registered public accounting firm as provided under this Charter, the Committee will be guided by the premise that the independent auditor is ultimately accountable to the Board and the Committee.

2. The Committee shall: (i) receive from the registered public accounting firm annually, a formal written statement delineating the relationships between the auditors and the Company consistent with Independence Standards Board Standard Number 1; (ii) discuss with the registered public accounting firm the scope of any such disclosed relationships and their impact or potential impact on the independent auditor's independence and objectivity; and (iii) recommend that the Board take appropriate action in response to the independent auditor's report to satisfy itself of the auditor's independence.
3. The Committee shall review and approve the proposed scope of the annual independent audit of the Company's financial statements and the associated fees, as well as any significant variations in the actual scope of the independent audit and the associated fees. The

4. The Committee shall review the registered public accounting firm's report relating to reportable conditions in the internal control structure and financial reporting practices.
5. The Committee shall approve in advance any non-audit service permitted by the Act that its registered public accounting firm renders to the Company, unless such prior approval may be waived because of permitted exceptions under the Act. This approval may be delegated to a member of the Committee, who may act on behalf of the Committee in this regard and report any such matters approved at the next Committee meeting.

Oversight of Internal Auditors

The Committee shall have final oversight and responsibility for the internal audit department and shall have authority to hire or terminate personnel and approve budgets, which authority it may exercise directly or indirectly by reviewing and acting upon recommendations of management. The Committee shall review and discuss with management and the registered public accounting firm:

between the registered public accounting firm and the management of the Company. The Committee will resolve any disagreements between management and the registered public accounting firm of the Company. Based on these discussions, the Committee will advise the Board of Directors whether it recommends that the audited financial statements be included in the Annual Report on Form 10-K (or the Annual Report to Shareowners).

2.

Interim Financial Statements. The Committee, through its Chairman or the Committee as a whole, will review, prior to the filing thereof, the Company's interim financial results to be included in the Company's quarterly reports on Form 10-Q and the matters required to be discussed by the applicable SAS. The Committee shall perform the following other duties and shall undertake such additional duties as may be delegated to it by the Board from time to time:

1.

Establish procedures for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

2.

Establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters.

3.

Make special studies of any allegations of managerial misconduct by its executives.

The Committee is responsible for overseeing the above matters and activities by management and the registered public accounting firm. The Committee shall have access to all documents and personnel of the Company and its subsidiaries in performing its responsibilities. The management of the Company however, remains responsible for preparing the financial statements and the registered public accounting firm is responsible for auditing those financial statements. The management and the registered public accounting firm have more time, knowledge and more detailed information on the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any special assurance as to the Company's financial statements or any professional certification as to the

independent auditor's work.

MEETINGS

Meetings of the Committee will be held at least quarterly and such other times as shall be required by the Chairman of the Board of the Company, or by a majority of the members of the Committee.
