PROXY STATEMENT FOR ANNUAL MEETING
OF STOCKHOLDERS
To Be Held June 11, 2003, at 10:00 a.m. San Diego Local Time

Information Concerning Solicitation and Voting

General

The enclosed proxy is solicited on behalf of the board of directors (the "Board of Directors") of Arena Pharmaceuticals, Inc., a Delaware corporation (the "Company"), for use at the 2003 Annual Meeting of Stockholders to be held on Wednesday, June 11, 2003, at 10:00 a.m. San Diego local time, or at any adjournments or postponements thereof, for the purposes set forth in this Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the Company's offices, located at 6150 Nancy Ridge Drive, San Diego, California 92121.

This Proxy Statement, together with the Notice of Annual Meeting of Stockholders, the form of proxy and the Company's Annual Report to Stockholders, are being mailed on or about April 23, 2003, to all stockholders of record at the close of business on April 15, 2003 (the "Record Date").

Record Date, Outstanding Shares and Voting

Only stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting and any adjournment or postponement thereof. At the close of business on the Record Date, 28,512,447 shares of the Company's common stock ("Common Stock") were outstanding.

Each holder of record of Common Stock on such date will be entitled to one vote, for each share held, on all matters to be voted on at the Annual Meeting. Cumulative voting is not permitted with respect to any proposal to be acted upon at the Annual Meeting. Stockholders may vote in person or by proxy.

All votes will be tabulated by the inspectors of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. The presence, in person or by proxy, of the holders of a majority of outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum.

Votes withheld from any nominee for election as director, abstentions and broker non-votes will be counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

Abstentions will be included in the number of shares present and voting on each matter but will have the effect of a negative vote. Broker non-votes will not be included in the number of shares present and voting on each matter and will have the effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of votes from which a majority is calculated.

The election of directors by the stockholders will be determined by a plurality of votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors, and votes withheld will not be counted toward the achievement of a plurality. On all other

matters being submitted to the stockholders, the affirmative vote of a majority of the shares, present in person or represented by proxy at the meeting and entitled to vote, will be required for approval.

Any proxy which is returned using the form of proxy enclosed and is not marked as to a particular item will be voted for the election of directors named in the proxy, for the ratification of the selection of the designated independent auditors, and, as the proxy holders deem advisable, on other matters that may come before the meeting, as the case may be. In the event that any nominee for director should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as designated by the present Board of Directors.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing, with the Secretary of the Company at 6166 Nancy Ridge Drive, San Diego, California 92121, a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

Cost of Solicitation

The cost of soliciting proxies will be borne by the Company. In addition, the Company expects to reimburse brokerage firms and other persons representing beneficial owners of Common Stock for their expenses in forwarding solicitation material to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by certain of the Company's directors, officers and regular employees, without additional compensation, in person or by mail, telephone, facsimile, e-mail or telegram. Additionally, the Company may engage the services of an independent proxy solicitation firm to aid in the solicitation of proxies. The fees paid by the Company, in the event of such engagement, would not likely exceed \$20,000.

2

Proposal 1**ELECTION OF DIRECTORS**

The persons named below are nominees for director to serve until the next annual meeting of stockholders and until their successors have been elected and qualified or until their early resignation or removal. The Company's by-laws provide that the authorized number of directors shall be determined by a resolution of the Board of Directors. The authorized number of directors is six.

Each nominee listed below is a director of the Company. Directors are elected by a plurality of votes present in person or represented by proxy at the Annual Meeting and entitled to vote. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below. In the event that any nominee of the Company is unavailable to serve as a director at the time of the Annual Meeting, the proxies will be voted for any substitute nominee who shall be designated by the present Board of Directors. The Company's management has no reason to believe that any nominee will be unavailable to serve.

The Corporate Governance Committee is responsible for recommending guidelines to the Board of Directors for the governance of the Company, including the structure and function of the Board of Directors and its committees and the management of the Company, as well as identifying and recommending to the Board of Directors candidates to be elected as directors. The Corporate Governance Committee will consider director candidates recommended by stockholders. A candidate must be highly qualified and be willing and expressly interested in serving on the Board of Directors. The Corporate Governance Committee must receive any stockholder recommendations for director candidates for an annual meeting of stockholders by December 31 of the year before such annual meeting. A stockholder who wishes to recommend a candidate for the Corporate Governance Committee's consideration should forward the candidate's name and information about the candidate's qualifications to Corporate Secretary, Arena Pharmaceuticals, Inc., 6166 Nancy Ridge Drive, San Diego, California, 92121. This procedure does not affect the deadline for submitting other stockholder proposals for inclusion in the proxy statement, nor does it apply to questions a stockholder may wish to ask at an annual meeting. Additional information regarding submitting stockholder proposals is set forth in the Company's by-laws. Stockholders may request a copy of the by-law provisions relating to stockholder proposals from the Company's Secretary. The Corporate Governance Committee consists of the outside directors Dr. Bristow, Dr. La Force and Mr. Lampert. Proposal 2

RATIFICATION OF INDEPENDENT AUDITORS

The Board of Directors has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2003. Ernst & Young LLP has audited the Company's financial statements since the Company's inception in 1997.

Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors is not required by the Company's by-laws or otherwise. The Board of Directors is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice.

Edgar Filing: ARENA PHARMACEUTICALS INC - Form DEF 14A

In the event that the stockholders fail to ratify the selection, the Audit Committee will reconsider its selection, but may, in its discretion, decide not to change its selection. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the Company's and its stockholders' best interest.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of shares represented and voting at the meeting will be required to ratify the selection of Ernst & Young LLP.

The Board of Directors recommends that stockholders vote "FOR" the ratification of the selection of Ernst & Young LLP to serve as the Company's independent auditors for the fiscal year ending December 31, 2003.

The exercise price of the options granted to each non-employee director was \$10.61 per share. The options vest at the rate of 25% per year, over a four-year period, with the first 25% vesting in October 2003. Each option granted to the non-employee directors has a maximum term of 10 years from the grant date, subject to earlier termination following the optionee's cessation of Board service. Additionally, the Board of Directors determined that it would be appropriate to pay Dr. Bristow \$40,000 and Dr. La Force \$20,000 to compensate them for serving on the Board of Directors and its committees in the year 2002. Dr. Bristow and Dr. La Force requested to be compensated pursuant to a deferred compensation plan to be approved by the Board of Directors. Dr. Bristow is Chairperson of the Audit Committee and of the Corporate Governance Committee. Dr. La Force is Chairperson of the Compensation Committee.

Each non-employee director is entitled to reimbursement for all of such director's reasonable out-of-pocket expenses incurred in connection with attending meetings of the Board of Directors and Committees. Under the Company's equity compensation plans, non-employee directors are eligible to receive direct stock issuances, although no non-employee director received any direct stock issuances during 2002. Directors who are also employees do not receive additional compensation for serving as a director.

The BVF Designee, Mr. Lampert, does not receive any compensation payable to directors for service on the Board of Directors and/or any committee thereof, including the grant or award of any equity securities. The BVF Designee is, however, reimbursed for reasonable travel expenses and is covered under the Company's directors' and officers' insurance policy to the same extent provided generally to the Company's directors who are not also officers of the Company in accordance with the Company's policies.

Option/SAR Grants in Last Fiscal Year

The following table sets forth all options to purchase the Common Stock granted by the Company to each of the Named Executive Officers in 2002 and the potential value of such grants at stock price appreciation rates of 5% and 10%, compounded annually over the maximum 10-year term of the options. The 5% and 10% rates of appreciation are required to be disclosed by SEC rules and are not intended to forecast possible future appreciation, if any, in the Company's stock price.

Option/SAR Grants in Last Fiscal Year

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (1)	
	Number of Securities Underlying Options/SARs Granted (#)	Percent of Total Options/SARs Granted to Employees in Fiscal Year	Exercise of Base Price	Expiration Date	5%	10%

Nigel R.A. Beeley, Ph.D.	15,000	1.3%	12.25	1/15/12	115,559	292,850

(1)

The potential realizable value is based on the 10-year term of the option at its time of grant. It is calculated by assuming that the stock price on the date of grant appreciates at the indicated annual rate, compounded annually for the entire term of the option, and the option is exercised and sold on the last day of its term for the appreciated stock price.

Pursuant to stock option agreements between the Company and its employees, each of its employees is entitled to exercise their options prior to vesting. If they exercise their options prior to vesting, they will receive restricted shares which will vest in accordance with the normal vesting schedule set forth in their stock option agreement and are subject to repurchase by the Company if they cease to be employed by the Company prior to vesting.

All of the exercisable options are vested, but have not yet been exercised, and all of the unexercisable options may be exercised, but have not yet vested and will only vest subject to the terms of the stock option agreements.
- (3) Fair market value of the Common Stock at December 31, 2002, which was \$6.51, minus the exercise price of the options.

Employment Agreements

Each Named Executive Officer serves at the discretion of the Board of Directors. However, each Named Executive Officer is a party to a termination protection agreement with the Company, which provides for, among other things, a payment equal to the executive's base salary and accelerated vesting of equity grants if the executive is terminated within two years following a change of control. In addition, in an employment offer letter dated September 13, 2001, Mr. Lief agreed to seek to compensate Mr. Spector for the balance of two year's salary, including continuation of benefits and stock option vesting, if Mr. Spector's employment with the Company was terminated without cause during the following two years.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors has furnished this report on its policies with respect to the compensation of executive officers of the Company. The report is not deemed to be "soliciting material" or to be "filed" with the SEC, or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Exchange Act, and the report shall not be deemed incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into any such filing.

On October 15, 2002, the Board of Directors combined its Compensation Committee and Equity Compensation Plan Committee into one committee, the Compensation Committee. Decisions regarding compensation of the Company's executive officers generally are made by, or subject to review by, the Compensation Committee. The Compensation Committee is responsible for reviewing the executive salary and benefits structure of the Company at least annually to insure its competitiveness within the

Company's industry. The Compensation Committee also makes decisions regarding grants under the Company's option plans.

Until October 15, 2002, Mr. Lief and two former directors of the Company, Stefan Ryser, Ph.D. and Michael Steinmetz, Ph.D., served as members of the Compensation Committee and Dr. Ryser and Dr. Steinmetz served as members of the Equity Compensation Plan Committee. Effective as of the conclusion of the Board of Directors' October 15, 2002, meeting, Dr. Bristow and Dr. La Force serve as the only members of the reconstituted Compensation Committee.

General Executive Compensation Policy

The Company's executive compensation policy is designed to attract to the Company qualified individuals who have the potential as executive officers to contribute to the long-term growth and success of the Company and, thereby, enhance stockholder value, to motivate such executive officers to perform at the highest of professional levels so as to maximize their contribution to the Company and to retain such executive officers in the employ of the Company. Accordingly, the Company's executive compensation policy is to offer the Company's executive officers competitive compensation opportunities which are tied to their personal performance and their contribution to the growth and success of the Company. Each executive officer's compensation package is comprised of two elements: (i) salary, which reflects individual performance and is designed primarily to be competitive with compensation levels in the industry, and (ii) periodic equity grants, which are intended to strengthen the mutuality of interests between the executive officer and the Company's stockholders.

As a general matter, the salary for each executive officer is initially established through negotiation at the time the officer is hired, taking into account such officer's qualifications, experience, prior salary and competitive salary information. Year-to-year adjustments to each executive officer's salary are based on personal performance for the year, changes in the general level of salaries of persons in comparable positions within the industry, and the average merit salary increase for such year for all employees of the Company, as well as other factors judged to be pertinent during an assessment period. In making salary decisions, the Compensation Committee exercises its judgment to determine the appropriate weight to be given to each of these factors.

The Compensation Committee believes that equity grants provide the Company's executive officers with the opportunity to maintain an equity interest in the Company and to share in the appreciation of the value of the Common Stock. The Compensation Committee believes that equity grants directly motivate an executive to maximize long-term stockholder value. The equity grants also utilize vesting periods (generally from two to four years) that encourage key executives to continue in the employ of the Company.

The Company has established an employee stock purchase plan both to encourage employees to continue in the employ of the Company and to motivate employees through ownership interest in the Company. Under the employee stock purchase plan, employees, including executive officers, may elect to have up to 15% of their earnings withheld for purchases of Common Stock on certain dates set forth in the plan. The price of Common Stock purchased under the employee stock purchase plan is equal to 85% of the lower of the fair market value of the Common Stock on the date of enrollment or the exercise date.

Implementation of Executive Compensation Policy

The following describes the manner in which the Compensation Committee's executive compensation policy was implemented with respect to the fiscal year ended December 31, 2002. Also summarized below are some of the more important factors that were considered in establishing each executive officer's compensation package for the 2002 fiscal year. Additional factors were also taken into account, and the Compensation Committee may, in its discretion, apply entirely different factors,

particularly different measures of performance, in setting executive compensation for future fiscal years, but it is expected that all compensation decisions will be designed to further the general executive compensation policy set forth above.

The Chief Executive Officer establishes and recommends to the Compensation Committee new salary levels for the Company's executive officers. In formulating such salary levels, the Chief Executive Officer considers industry, peer group and national surveys of compensation, the past and expected future contributions of the individual executive officers and the amount of equity granted to executive officers. The Compensation Committee then reviews the Chief Executive Officer's recommendations in light of its assessment of each officer's past performance and its expectation as to future contributions.

Chief Executive Officer Compensation

In setting the compensation payable to Mr. Lief, the Compensation Committee has sought to be competitive with other companies in the industry, while at the same time tying a significant portion of such compensation to Company performance.

Mr. Lief's salary for the fiscal year ended December 31, 2002, was established based on the Compensation Committee's evaluation of the Company's performance and Mr. Lief's personal performance, as well as its objective of having Mr. Lief's salary remain competitive with salaries being paid to similarly situated chief executive officers. In particular, the Compensation Committee considered the continued management performance and success of the members of the Executive Committee reporting to Mr. Lief, scientific progress made by the Company, and the progress made in the Company's business development activities.

During 2002, the Equity Compensation Plan Committee (before being combined with the Compensation Committee) determined to award Mr. Lief stock options to purchase 170,000 shares of Common Stock. The stock options to purchase 170,000 shares were granted at exercise prices equal to the fair market value of the Common Stock on the dates of grant and are subject to vesting over a four-year period. In addition, the Compensation Committee increased Mr. Lief's salary from \$575,000 to \$603,750 during the 2002 year.

On July 19, 2002, Mr. Lief voluntarily forfeited to the Company stock options to purchase 130,000 shares of Common Stock. Thirty thousand of such options had an exercise price of \$24.23 per share and the remaining options had an exercise price of \$25.58 per share.

Subsequent to BVF increasing their ownership of the Company's stock in October 2002, the Company (i) adopted a stockholders rights plan, also known as a "poison pill," (ii) amended its by-laws to include an advanced notice provision, (iii) adopted a change in control severance plan and entered into termination protection agreements with key employees and (iv) granted an aggregate of 737,500 shares of restricted Common Stock to key employees, including executive officers. In the case of Mr. Lief and the other executive officers, the restricted shares were issued in exchange for forfeiting certain out-of-the-money options and in lieu of being considered for annual grants of stock options and salary increases in 2003. The restricted shares vest over a two or four-year period, with 347,000 shares vesting on January 20, 2004, subject to forfeiture in individual cases should an employee leave the Company, acceleration in the case of a change of control at the Company and certain other restrictions and conditions. The employees who received restricted stock grants forfeited to the Company stock options to purchase an aggregate of 683,250 shares of Common Stock (in addition to the stock options to purchase 130,000 shares of Common Stock that Mr. Lief forfeited to the Company in 2002). The forfeited stock options had a weighted average exercise price of \$20.70. Mr. Lief and the other executive officers received 570,000 of these restricted shares and forfeited to the Company stock options to purchase 565,000 shares of Common Stock (in addition to the stock options to purchase 130,000 shares of Common Stock that Mr. Lief forfeited to the Company in 2002).

13

Additional information regarding restricted stock grants to Mr. Lief and the Company's other executives is set forth in "Security Ownership of Certain Beneficial Owners and Management" below.

Internal Revenue Code Section 162(m)

The Compensation Committee also considers the potential impact of Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"). Section 162(m) disallows a Federal tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the Chief Executive Officer and other senior executive officers. This limitation does not, however, apply to compensation that is performance-based under a plan that is approved by the stockholders and that meets other technical requirements. Based on these requirements, the Compensation Committee has determined that Section 162(m) will not prevent the Company from receiving a tax deduction for any of the compensation paid to executive officers.

The foregoing report is provided by the following directors, who constitute the Compensation Committee:

Duke K. Bristow, Ph.D.
J. Clayburn La Force, Jr., Ph.D.

Performance Graph

The following is a line graph comparing the cumulative total return to stockholders (change in stock price plus reinvested dividends) of the Common Stock from July 28, 2000 (the date of the Company's initial public offering) through December 31, 2002, to the cumulative total return over such period to the Total Return Index for the NASDAQ Stock Market (U.S. Companies) and the Total Return Index for the NASDAQ Pharmaceutical Stocks (the "NASDAQ Pharmaceutical Index"), in each case as provided by the Center for Research in Securities Prices. In

Edgar Filing: ARENA PHARMACEUTICALS INC - Form DEF 14A

establishing the starting point on the line graph, the Company used the closing price of the Common Stock on July 28, 2000, of \$25.00 as required by SEC guidelines.

The graph assumes the investment of \$100 and the reinvestment of dividends, although dividends have not been declared on the Common Stock, and is based on the returns of the component companies weighted according to their market capitalizations as of the end of each monthly period for which returns are indicated. The Company's management cautions that the stock price performance shown in the graph may not be indicative of future stock price performance. The information contained in the Performance Graph is not deemed to be "soliciting material" or to be "filed" with the SEC, or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Exchange Act, and shall not be deemed incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into any such filing.

The Company recognized non-cash revenues of \$1.4 million for each of the years ended December 31, 2002 and 2001, in connection with the transfer of selected receptor screens to TaiGen. Mr. Lief, the Company's President and Chief Executive Officer, is a member of the board of directors of TaiGen.

Mr. Spector, the Company's Vice President, General Counsel, is also a director of ChemNavigator. Mr. Spector does not receive any compensation from ChemNavigator for the services he provides to ChemNavigator.

Dr. Beeley, the Company's Vice President, Chief Chemical Officer has provided consulting services to ChemNavigator and has received 3,200 options to purchase shares of common stock of ChemNavigator as compensation for services rendered. The options vest over a period of four years, provided he continues to provide services to ChemNavigator.

The Company subleases office space to ChemNavigator at a fair market rate. In March of 2002, the Company entered into an agreement with ChemNavigator to license certain computer software, customization and related support. Under this agreement, the Company paid ChemNavigator \$165,000 in the year 2002. In addition, under this agreement, the Company may pay certain sublicense fees to ChemNavigator in connection with external collaborations and may also pay some additional consulting fees to ChemNavigator at its normal consulting rate.

On February 15, 2001, the Company acquired, through its wholly-owned subsidiary BRL Screening, all of the outstanding capital stock of Bunsen Rush Laboratories, a then privately held research-based company, for \$15.0 million in cash. Additionally, the Company paid Peter Lerner, a former stockholder of Bunsen Rush Laboratories and brother of Dr. Lerner, \$400,000.

The Company believes that all of the transactions described above were made and are on terms no less favorable to the Company than those that could be obtained from independent third parties in arms-length negotiations.

The report is not deemed to be "soliciting material," or to be "filed" with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Exchange Act, and the report shall not be deemed incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into any such filing.

The Company's management has the primary responsibility for the Company's financial reporting process, principles and internal controls as well as preparation of the Company's financial statements. During its meetings, the Audit Committee met with the independent auditors, without management present, to discuss the results of their audits, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.
