Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

The statements contained in this report which are not historical fact are "forward-looking statements" that involve various important assumptions, risks, uncertainties and other factors which could cause the Company's actual results for 2003 and beyond to differ materially from those expressed in such forward-looking statements. General

Edgar Filing: ARBOR ENTECH CORP - Form 10QSB

We have been a wood products company which has been in business since 1980. Our business has increased over the years. We have been almost wholly dependent on sales to Home Depot.

On September 2, 2003, the Company informed The Home Depot, Inc., the customer that purchases more than 99 percent of the Company's wood products, that the Company would no longer do business with Home Depot due to increased difficulties in transacting business with Home Depot on a profitable basis. The Company stated to Home Depot that these difficulties included Home Depot's prohibition against price increases despite increases in the Company's increased costs of production, a diminution in the Home Depot territories the Company was allowed to sell product to, and Home Depot's demands regarding returns of ordered products that the Company was unwilling to accede to for economic reasons.

The Company has discontinued its wood products business. The Company intends to seek other business opportunities, but there can be no assurance that such opportunities will be identified, engaged in, or result in any profits.

Results of operations

Quarter ended July 31, 2003 compared to the quarter ended July 31, 2002.

Net sales for the quarter ended July 31, 2003 were approximately \$141,000, a decrease of \$106,000 or 43% as compared to net sales of approximately \$247,000 for the quarter ended July 31, 2002. Net sales decreased primarily due to decreased orders from Home Depot.

Cost of sales were approximately \$88,000 for the quarter ended July 31, 2003, a decrease of approximately \$60,000 or 41% over the comparable 2002 period cost of sales of approximately \$148,000. Cost of sales as a percentage of net sales was approximately 62% for the quarter ended July 31, 2003 compared to approximately 60% for the quarter ended July 31, 2002. This increase is primarily attributable to an increase in product costs during the current year that was not passed on to Home Depot.

Selling, general and administrative expenses were approximately \$93,000 for the quarter ended July 31, 2003, a decrease of approximately \$14,000 or 13% over selling, general and administrative expenses of approximately \$107,000 for the quarter ended July 31, 2002. This decrease was due primarily to decreases in salaries and related costs.

Interest income for the quarter ended July 31, 2003 was approximately \$200 compared to \$400 for the quarter ended July 31, 2002.

Arbor's net loss increased from approximately \$8,000 for the quarter ended July 31, 2002 to a net loss of approximately \$40,000 for the quarter ended July 31, 2003.

8

Liquidity and capital resources

In the periods discussed above, Arbor's working capital requirements have been met primarily from sales of its wood products. At July 31, 2003 we had working capital of approximately \$549,000.

As at July 31, 2003, we had cash and cash equivalents of approximately \$384,000, which represented 62% of total assets. Arbor believes it has adequate working capital to fund its operations for at least the next 12 months, but if we engage in new lines of business, additional working capital may be required. In connection with considering whether to engage in any particular new line of business, we will consider the availability of any additional working capital that may be required.

Net cash provided by operating activities amounted to approximately \$68,000 for quarter ended July 31, 2003. Net loss of \$40,000 was reduced by decreases in accounts receivable of \$153,000. Net cash provided by operating activities was decreased by increases in inventories of \$20,000 and decreases in accounts payable and accrued liabilities of \$29,000.

Net cash provided by financing activities was approximately \$14,000 for the quarter ended July 31, 2003 as a result of related party loan repayments.
