Registration File No.: 333-109921

Prospectus Supplement to Prospectus dated November 6, 2003

\$1,000,000,000

\$250,000,000 Floating Rate Notes due March 20, 2008

\$350,000,000 Floating Rate Notes due March 22, 2012

\$400,000,000 5.00% Notes due March 22, 2012

We will pay interest on the floating rate notes due March 20, 2008 at a rate equal to the then applicable U.S. dollar LIBOR rate plus .15% as described herein, and pay such interest on March 20, June 20, September 20 and December 20, commencing June 20, 2005, and at maturity. The rate of interest on these floating rate notes will be reset quarterly, as described herein.

We will pay interest on the floating rate notes due March 22, 2012 at a rate equal to the then applicable U.S. dollar LIBOR rate plus .30% as described herein, and pay such interest on March 22, June 22, September 22 and December 22, commencing June 22, 2005, and at maturity. The rate of interest on these floating rate notes will be reset quarterly, as described herein.

We will pay interest on the 5.00% notes due March 22, 2012 on each March 22 and September 22. The first interest payment will be made on September 22, 2005.

The Notes (as defined herein) are not redeemable prior to their maturity. There is no sinking fund for the Notes. The Notes are unsecured.

Floating Rate Notes due March 20, 2008

	Per Note	Total
Initial public offering price	100% \$	250,000,000
Underwriting discount	0.200% \$	500,000
Proceeds to us, before expenses	99.800% \$	249,500,000

You should rely only on the information that this prospectus supplement and the accompanying prospectus contains or incorporates by reference. We have not authorized anyone to provide you with information different from that contained in this prospectus supplement and the accompanying prospectus. We are offering to sell the Notes, and seeking offers to buy the Notes, only in jurisdictions where offers and sales are permitted. The information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus is accurate only as of their respective dates, regardless of the time of their delivery or any sale of the Notes.

We expect that delivery of the Notes will be made against payment therefor on or about the closing date specified on the cover of this prospectus supplement, which will be the fifth business day following the date of this prospectus supplement (this settlement cycle being referred to as "T+5"). You should note that the trading of the Notes on the date of this prospectus supplement or the next business day may be affected by the T+5 settlement. See "Underwriting."

ABOUT THIS PROSPECTUS SUPPLEMENT

We provide information to you about the Notes (referred to in the accompanying prospectus as "senior debt securities") in two documents that progressively provide more detail this prospectus supplement and the accompanying prospectus. Since the terms of the Notes may differ from the general terms of the senior debt securities described in the prospectus, you should rely on the

information in this prospectus supplement over contradictory information in the prospectus. You should read the prospectus and this prospectus supplement together for a complete description of the Notes.

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

The Securities and Exchange Commission (the "SEC") allows us to "incorporate by reference" the information we file with it, which means that we can disclose important information to you by referring you to another document that we filed with the SEC. The information incorporated by reference is an important part of this prospectus supplement, and information that we file later with the SEC will automatically update and supersede this information. We incorporate by reference the documents listed below and any future filings we make with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), until we sell all of the Notes:

Our Annual Report to Shareholders on Form 10-K for the fiscal year ended December 31, 2004; and

Current Reports on Form 8-K dated January 14, January 24, February 18, February 22 and March 2, 2005.

You may obtain a copy of these filings at no cost, by writing or telephoning us at 1201 Third Avenue, Seattle, Washington 98101, telephone (206) 461-3187, attention Investor Relations Department WMT0735. You should specifically consider the description of our business in our Annual Report on Form 10-K for the fiscal year ended December 31, 2004 and the risks described under the caption "Factors that May Affect Future Results" contained therein.

You should rely only on the information contained or incorporated by reference in this prospectus supplement and the prospectus. We have not authorized anyone to provide you with any other information. We are not making an offer of the Notes in any state where the offer is not permitted. You should not assume that the information in this prospectus supplement, the accompanying prospectus or any document incorporated by reference is accurate as of any date other than the date of this prospectus supplement.

WASHINGTON MUTUAL, INC.

With a history dating back to 1889, Washington Mutual, Inc. (together with its subsidiaries, "Washington Mutual" or the "Company") is a financial services company committed to serving consumers and small-to mid-sized businesses. At December 31, 2004, we had stockholders' equity of \$21.23 billion. Based on consolidated total assets of \$307.92 billion at December 31, 2004, we were the largest thrift holding company in the United States and the 7th largest among all U.S.-based bank and thrift holding companies.

Washington Mutual operates principally in California, Washington, Oregon, Florida, Texas and the greater New York/New Jersey metropolitan area, and has operations in 35 other states. We manage and report information concerning the Company's activities, operations, products and services around three segments: Retail Banking and Financial Services, Mortgage Banking and the Commercial Group.

USE OF PROCEEDS

We anticipate that the net proceeds from the sale of the Notes, before expenses, will be \$994,939,000. We will apply the proceeds from the sale of the Notes for general corporate purposes, including providing funding to our subsidiaries, and repurchasing shares of our common stock. Until we use the proceeds from the sale of the Notes for these purposes, we will use the net proceeds to reduce our short-term indebtedness or for temporary investments.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each of the periods indicated.

Year Ended December 31,				
2000	2001	2002	2003	2004
1.30	1.60	2.03	2.29	1.90

For purposes of this ratio, earnings consist of income before income taxes plus fixed charges. Fixed charges consist of interest expense on borrowings and deposits, and the estimated interest portion of rent expense.

CERTAIN TERMS OF THE NOTES

The floating rate notes due March 20, 2008, the floating rate notes due March 22, 2012 and the 5.00% notes due March 22, 2012 (each, a "series of Notes" and collectively, the "Notes") are each a series of senior debt securities as described in the accompanying prospectus. The following description of the particular terms of the Notes offered hereby supplements and, to the extent inconsistent therewith, replaces the description of the general terms and provisions of the senior debt securities set forth in the accompanying prospectus. Capitalized terms used herein and not defined in this prospectus supplement shall have the meanings given to them in the accompanying prospectus or in the senior debt indenture referred to in this prospectus supplement.

General

We will issue the Notes under the senior indenture between Washington Mutual, Inc. and The Bank of New York, as trustee (the "indenture"). An officers' certificate will set forth the terms of the Notes in accordance with the indenture. The Notes will rank equally with all of our other unsecured and unsubordinated debt. See "Description of Debt Securities" in the prospectus for a description of the general terms and provisions of our senior debt securities, including the Notes, under the indenture.

We may, without the consent of the holders of the relevant series of Notes, issue additional notes of that series having the same ranking and the same interest rate, maturity and other terms (except for the public offering price and issue date) as that series of Notes, provided that such additional notes do not have, for purposes of U.S. federal income taxation, a greater amount of original issue discount than the outstanding Notes of that series have as of the date of the issue of such additional notes. Any of these additional notes, together with the other Notes of that series, will constitute a single series of notes under the indenture. No additional notes may be issued if an Event of Default has occurred with respect to that series of Notes.

We will issue Notes only in registered form, in denominations of \$1,000 and integral multiples of \$1,000. We will pay principal and interest at the corporate trust office of the trustee at New York, New York or at such other office or agency that we will maintain for such purpose in New York City. At our option, we may pay interest by check mailed to the person entitled to payment at that person's address appearing on the register of the Notes.

The Notes will not be redeemable by us or repayable at the option of the holders prior to maturity. The Notes will not be subject to any sinking fund.

Floating Rate Notes due March 20, 2008

The floating rate notes due March 20, 2008 will initially be limited to a total principal amount of \$250,000,000 (the "floating rate notes due 2008"). The floating rate notes due 2008 will mature on March 20, 2008.

The floating rate notes due 2008 will bear interest from March 22, 2005 to, but excluding, June 20, 2005 at a rate per annum equal to the initial interest rate and thereafter will be reset as described below at a rate per annum equal to LIBOR (as defined below) plus 0.15% per annum. The initial interest rate will be equal to LIBOR plus 0.15% per annum as determined by the calculation agent as described below. Interest on the floating rate notes due 2008 will be payable quarterly in arrears on March 20, June 20, September 20 and December 20 of each year (each an "interest payment date"), commencing June 20, 2005, to the person in whose name such notes are registered at the close of business on the preceding March 5, June 5, September 5 and December 5, as applicable (whether or not a business day).

Edgar Filing: WASHINGTON MUTUAL INC - Form 424B5

The rate of interest on the floating rate notes due 2008 will be reset quarterly (the "interest reset period," and the first day of each interest reset period will be an "interest reset date"). The interest reset dates for the floating rate notes due 2008 will be March 20, June 20, September 20 and December 20 of each year; *provided* that the interest rate in effect from March 22, 2005 to but excluding the first interest reset date will be the initial interest rate.

Floating Rate Notes due March 22, 2012

The floating rate notes due March 22, 2012 will initially be limited to a total principal amount of \$350,000,000 (the "floating rate notes due 2012"). The floating rate notes due 2012 will mature on March 22, 2012.

The floating rate notes due 2012 will bear interest from March 22, 2005 to, but excluding, June 22, 2005 at a rate per annum equal to the initial interest rate and thereafter will be reset as described below at a rate per annum equal to LIBOR plus 0.30% per annum. The initial interest rate will be equal to LIBOR plus 0.30% per annum as determined by the calculation agent as described below. Interest on the floating rate notes due 2012 will be payable quarterly in arrears on March 22, June 22, September 22 and December 22 of each year (each an "interest payment date"), commencing June 22, 2005, to the person in whose name such notes are registered at the close of business on the preceding March 7, June 7, September 7 and December 7, as applicable (whether or not a business day).

The rate of interest on the floating rate notes due 2012 will have a quarterly interest reset period. The interest reset dates will be March 22, June 22, September 22 and December 22 of each year; *provided* that the interest rate in effect from March 22, 2005 to but excluding the first interest reset date will be the initial interest rate.

General Terms for the Floating Rate Notes

As used herein, "floating rate notes" means the floating rate notes due 2008 and the floating rate notes due 2012.

Interest on the floating rate notes will be computed based on an actual/360 day count basis. Interest payments for the floating rate notes will include accrued interest from and including the date of issue or from and including the last date in respect of which interest has been paid or duly provided for, as the case may be, to but excluding the interest payment date or maturity date (except as described below), as the case may be.

If any interest payment date, other than the maturity date, falls on a day that is not a business day, the interest payment will be postponed to the next day that is a business day, except if that business day is in the next succeeding calendar month, the interest payment date will be the immediately preceding business day. If the maturity date of the floating rate notes falls on a day that is not a business day, the payment of interest and principal will be made on the next succeeding business day, and no interest on such payment will accrue for the period from and after the maturity date.

As used herein, "business day" means any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which banking institutions are authorized or required by law or regulation to close in The City of New York and London, England.

The calculation agent for the floating rate notes is The Bank of New York, which we refer to as the "calculation agent." Upon the request of the holder of any floating rate note, the calculation agent will provide the interest rate then in effect and, if determined, the interest rate that will become effective on the next interest reset date.

The calculation agent will determine the initial interest rate on the second London banking day preceding the issue date for the floating rate notes and the interest rate for each succeeding interest

reset period by reference to LIBOR on the second London banking day preceding the applicable interest reset date, each of which we refer to as an "interest determination date." If any interest reset date falls on a day that is not a business day, the interest reset date will be postponed to the next day that is a business day, except if that business day is in the next succeeding calendar month, the interest reset date will be the next preceding business day.

"London banking day" means any day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

The interest rate for the floating rate notes will be based on the London interbank offered rate, which we refer to as "LIBOR," and will be determined by the calculation agent as follows:

(i) As of an interest determination date, LIBOR will be the rate for deposits in U.S. dollars for a period of three months, commencing on the related interest reset date, that appears on Page 3750, or any successor page, on Moneyline Telerate Inc., or any successor service, at approximately 11:00 a.m., London time, on that interest determination date.

(ii) If no rate appears, then the calculation agent will request the principal London offices of each of four major reference banks in the London interbank market, as selected by the calculation agent after consultation with us, to provide the calculation agent with its offered quotation for deposits in U.S. dollars for a period of three months, commencing on the related interest reset date, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on that interest determination date and in a principal amount that is representative of a single transaction in U.S. dollars in that market at that time. If at least two quotations are provided, LIBOR determined on that interest determination date will be the arithmetic mean of those quotations. If fewer than two quotations are provided, LIBOR will be determined for the related interest reset date as the arithmetic mean of the rates quoted at approximately 11:00 a.m., New York time, on that interest reset date, by three major banks in New York City, as selected by the calculation agent after consultation with us, for loans in U.S. dollars to leading European banks, for a period of three months, commencing on the related interest reset date, and in a principal amount that is representative of a single transaction in U.S. dollars in that market at that time. If the banks so selected by the calculation agent are not quoting as set forth above, LIBOR for that interest determination date will remain LIBOR for the immediately preceding interest reset period, or, if there was no preceding interest reset period, the rate of interest payable will be the initial interest rate.

Accrued interest on any floating rate note will be calculated by multiplying the principal amount of the note by an accrued interest factor. The accrued interest factor will be computed by adding the interest factors calculated for each day in the period for which interest is being paid. The interest factor for each day is computed by dividing the interest rate applicable to that day by 360. The interest rate in effect on any interest reset date will be the applicable rate as reset on that date. The interest rate applicable to any other day is the interest rate from the immediately preceding interest reset date, or if none, the initial interest rate. All percentages used in or resulting from any calculation of the rate of interest on a floating rate note will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with .000005% rounded up to .00001%), and all U.S. dollar amounts used in or resulting from these calculations will be rounded to the nearest cent (with one-half cent rounded upward).

5.00% Notes due March 22, 2012

The 5.00% Notes due March 22, 2012 will initially be limited to a total principal amount of \$400,000,000 (the "5.00% notes"). The 5.00% notes will mature on March 22, 2012.

Edgar Filing: WASHINGTON MUTUAL INC - Form 424B5

The 5.00% notes will bear interest from March 22, 2005, or from the most recent date to which we have paid or provided for interest, at the annual rate of 5.00%. We will pay interest semiannually on the 5.00% notes on each March 22 and September 22, beginning on September 22, 2005, to the person in whose name the notes are registered at the close of business on the March 7 and September 7 prior to the payment date.

We will compute interest on the 5.00% notes on the basis of a 360-day year of twelve 30-day months. If an interest payment date or the maturity date falls on a day that is not a business day, the payment will be made on the next business day as if it were made on the date the payment was due, and no interest will accrue on the amount so payable for the period from and after that interest payment date or the maturity date, as the case may be, to the date the payment is made.

Book-Entry, Delivery and Form

Each series of Notes will be issued in the form of one or more fully registered global notes, the "global notes," which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York, the "depository" or "DTC," and registered in the name of Cede & Co., the depository's nominee. Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in the depository. Investors may elect to hold interests in the global notes held by the depository through Clearstream Banking, *société anonyme*, "Clearstream, Luxembourg," or Euroclear Bank S.A./N.V. as operator of the Euroclear System, the "Euroclear operator," if they are participants of such systems, or indirectly through organizations that are participants in such systems. Clearstream, Luxembourg and the Euroclear operator will hold interests on behalf of their participants through customers' securities accounts in Clearstream, Luxembourg's and the Euroclear operator's names on the books of their respective depositories, which in turn will hold such interests in customers' securities accounts in the depositories' names on the books of the depository. Citibank, N.A. will act as depository for Clearstream, Luxembourg and JPMorgan Chase Bank will act as depository for the Euroclear operator, in such capacities, the "U.S. depositories." Because holders will acquire, hold and transfer security entitlements with respect to the Notes through accounts with DTC and its participants, including Clearstream, Luxembourg, the Euroclear operator and their participants, a beneficial holder's rights with respect to the Notes will be subject to the laws (including Article 8 of the Uniform Commercial Code) and contractual provisions governing a holder's relationship with its securities intermediary and the relationship between its securities intermediary and each other securities intermediary between it and us, as the issuer. Except as set forth below, the global notes may be transferred, in whole and not in part, only to another nominee of the depository or to a successor of the depository or its nominee.

DTC has advised us as follows: DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 85 countries that DTC's participants ("direct participants") deposit with DTC. DTC also facilitates the post-trade settlement among direct participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between direct participants' accounts. This eliminates the need for physical movement of securities certificates. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of direct participants of DTC and Members of the

National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation, (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly ("indirect participants"). DTC has Standard & Poor's highest rating: AAA. The DTC rules applicable to its participants are on file with the SEC.

According to the depository, the foregoing information relating to the depository has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Clearstream, Luxembourg advises that it is incorporated under the laws of Luxembourg as a bank. Clearstream, Luxembourg holds securities for its customers, "Clearstream, Luxembourg customers," and facilitates the clearance and settlement of securities transactions between Clearstream, Luxembourg customers through electronic book-entry transfers between their accounts, thereby eliminating the need for physical movement of securities. Clearstream, Luxembourg provides to Clearstream, Luxembourg customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream, Luxembourg interfaces with domestic securities markets in over 30 countries through established depository and custodial relationships. As a bank, Clearstream, Luxembourg is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (*Commission de Surveillance du Secteur Financier*). Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Clearstream, Luxembourg's U.S. customers are limited to securities brokers and dealers and banks. Indirect access to Clearstream, Luxembourg is also available to other institutions such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream, Luxembourg customer. Clearstream, Luxembourg has established an electronic bridge with the Euroclear operator to facilitate settlement of trades between Clearstream, Luxembourg and the Euroclear operator.

Distributions with respect to the Notes held through Clearstream, Luxembourg will be credited to cash accounts of Clearstream, Luxembourg customers in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream, Luxembourg.

The Euroclear operator advises that the Euroclear System was created in 1968 to hold securities for its participants, "Euroclear participants," and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. The Euroclear System is owned by Euroclear Clearance System Public Limited Company and operated through a license agreement by the Euroclear operator, a bank incorporated under the laws of the Kingdom of Belgium. The Euroclear operator is regulated and examined by the Belgian Banking and Finance Commission and the National Bank of Belgium.

The Euroclear operator holds securities and book-entry interests in securities for participating organizations and facilitates the clearance and settlement of securities transactions between Euroclear participants and between Euroclear participants and participants of certain other securities intermediaries through electronic book-entry changes in accounts of such participants or other securities intermediaries.

The Euroclear operator provides Euroclear participants, among other things, with safekeeping, administration, clearance and settlement, securities lending and borrowing, and related services.

Non-participants of Euroclear may acquire, hold and transfer book-entry interests in securities through accounts with a direct participant of Euroclear or any other securities intermediary that holds a book-entry interest in the securities through one or more securities intermediaries standing between such other securities intermediary and the Euroclear operator.

Securities clearance accounts and cash accounts with the Euroclear operator are governed by the Terms and Conditions Governing use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, collectively, the "terms and conditions." The terms and conditions govern transfers of securities and cash within the Euroclear System, withdrawals of securities and cash from the Euroclear System, and receipts of payments with respect to securities in the Euroclear System. All securities in the Euroclear System are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the terms and conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions with respect to the Notes held beneficially through the Euroclear System will be credited to the cash accounts of Euroclear participants in accordance with the terms and conditions, to the extent received by the U.S. depository for the Euroclear operator.

Although the Euroclear operator has agreed to the procedures provided below in order to facilitate transfers of Notes among Euroclear participants and between Euroclear participants and participants of other intermediaries, it is under no obligation to perform or continue to perform in accordance with such procedures, and such procedures may be modified or discontinued at any time.

Investors electing to acquire Notes through an account with the Euroclear operator or some other securities intermediary must follow the settlement procedures of such an intermediary with respect to the settlement of new issues of securities. Investors electing to acquire, hold or transfer Notes through an account with the Euroclear operator or some other securities intermediary must follow the settlement procedures of such an intermediary with respect to the settlement of secondary market transactions of securities.

Investors who are Euroclear participants may acquire, hold or transfer interests in Notes by book-entry to accounts with the Euroclear operator. Investors who are not Euroclear participants may acquire, hold or transfer interests in securities by book-entry to accounts with a securities intermediary who holds a book-entry interest in these securities through accounts with Euroclear.

The Euroclear operator further advises that investors that acquire, hold and transfer interests in the Notes by bookentry through accounts with the Euroclear operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between their intermediary and each other intermediary, if any, standing between themselves and the global notes.

The Euroclear operator further advises that, under Belgian law, investors that are credited with securities on the records of the Euroclear operator have a co-property right in the fungible pool of interests in securities on deposit with the Euroclear operator in an amount equal to the amount of interests in securities credited to their accounts. In the event of the insolvency of the Euroclear operator, Euroclear participants would have a right under Belgian law to the return of the amount and type of interests in securities credited to their accounts with the Euroclear operator. If the Euroclear operator does not have a sufficient amount of interests in securities on deposit of a particular type to cover the claims of all participants credited with interests in securities of that type on the Euroclear operator's records, all participants having an amount of interests in securities of that type credited to their accounts with the Euroclear operator will have the right under Belgian law to the return of their *pro rata* share of the amount of interests in securities actually on deposit.

Under Belgian law, the Euroclear operator is required to pass on the benefits of ownership in any interests in securities on deposit with it (such as dividends, voting rights and other entitlements) to any person credited with those interests in securities on its records.

Individual certificates in respect of the Notes will not be issued in exchange for the registered global notes, except in very limited circumstances. If the depositary notifies us that it is unwilling or unable to continue as a clearing system in connection with the registered global notes or ceases to be a clearing agency registered under the Securities Exchange Act, and a successor clearing system is not appointed by us within 90 days after receiving that notice from the depositary or upon becoming aware that the depositary is no longer so registered, we will issue or cause to be issued individual certificates in registered form on registration of transfer of, or in exchange for, book-entry interests in the Notes represented by the registered global notes upon delivery of the registered global notes for cancellation.

Title to book-entry interests in the Notes will pass by book-entry registration of the transfer within the records of Clearstream, Luxembourg, the Euroclear operator or the depositary, as the case may be, in accordance with their respective procedures. Book-entry interests in the Notes may be transferred within Clearstream, Luxembourg and within the Euroclear System and between Clearstream, Luxembourg and the Euroclear System in accordance with procedures established for these purposes by Clearstream, Luxembourg and the Euroclear operator. Book-entry interests in the Notes may be transferred within the depositary in accordance with procedures established for this purpose by the depositary. Transfers of book-entry interests in the Notes among Clearstream, Luxembourg and the Euroclear operator and the depositary may be effected in accordance with procedures established for this purpose by Clearstream, Luxembourg, the Euroclear operator and the depositary.

A further description of the depositary's procedures with respect to the global notes is set forth in the prospectus under "Forms of Securities Global Securities." The depositary has confirmed to us, the underwriters and the trustee that it intends to follow such procedures.

Global Clearance and Settlement Procedures

Initial settlement for the registered global notes will be made in immediately available funds. Secondary market trading between the depositary's participants will occur in the ordinary way in accordance with the depositary's rules and will be settled in immediately available funds using the depositary's Same-Day Funds Settlement System. Secondary market trading between Clearstream, Luxembourg customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream, Luxembourg and the Euroclear System and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through the depositary on the one hand, and directly or indirectly through Clearstream, Luxembourg customers or Euroclear participants, on the other, will be effected through the depositary in accordance with the depositary's rules on behalf of the relevant European international clearing system by its U.S. depositary; however, these cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in the clearing system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depositary to take action to effect final settlement on its behalf by delivering interests in the Notes to or receiving interests in the Notes from the depositary, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to the depositary. Clearstream, Luxembourg customers and Euroclear participants may not deliver instructions directly to their respective U.S. depositaries.

Because of time-zone differences, credits of interests in the Notes received in Clearstream, Luxembourg or the Euroclear system as a result of a transaction with a depository participant will be made during subsequent securities settlement processing and dated the business day following the depository settlement date. Credits of interests or any transactions involving interests in the Notes received in Clearstream, Luxembourg or the Euroclear System as a result of a transaction with a depository participant and settled during subsequent securities settlement processing will be reported to the relevant Clearstream, Luxembourg customers or Euroclear participants on the business day following the depository settlement date. Cash received in Clearstream, Luxembourg or the Euroclear System as a result of sales of interests in the Notes by or through a Clearstream, Luxembourg customer or a Euroclear participant to a depository participant will be received with value on the depository settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash account only as of the business day following settlement in the depository.

Although the depository, Clearstream, Luxembourg and the Euroclear operator have agreed to the foregoing procedures in order to facilitate transfers of interests in the Notes among participants of the depository, Clearstream, Luxembourg and Euroclear, they are under no obligation to perform or continue to perform the foregoing procedures and these procedures may be changed or discontinued at any time.

Notices

Notices to holders of the Notes will be given by mailing such notices to each holder by first class mail, postage prepaid, at the respective address of each holder as that address appears upon our books. Notices given to the depository, as holder of the global notes, will be passed on to the beneficial owners of the Notes in accordance with the standard rules and procedures of the depository and its direct and indirect participants, including Clearstream, Luxembourg and the Euroclear operator.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES TO NON-U.S. HOLDERS

The following is a summary of certain United States federal income tax considerations for non-U.S. Holders (as defined below) material to the purchase, ownership and disposition of the Notes. This summary does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances. For example, it does not address considerations that may be relevant to you if you are an investor that is subject to special tax rules such as banks, thrifts, real estate investment trusts, regulated investment companies, insurance companies, dealers in securities or currencies, tax-exempt investors, holders that have a functional currency other than the U.S. dollar, or certain U.S. expatriates. It also does not discuss notes held as part of a hedge, straddle, conversion, "synthetic security" or other integrated transaction. This summary addresses only holders that purchase the Notes in connection with their original issue from the initial purchaser at the issue price and that hold the Notes as capital assets. It does not include any description of any alternative minimum tax consequences, federal estate tax consequences or the tax laws of any state or local government or of any foreign government that may be applicable to the Notes.

This summary is based upon the Internal Revenue Code of 1986, as amended (the "Code"), Treasury regulations, Internal Revenue Service ("IRS") rulings and pronouncements and administrative and judicial decisions currently in effect, all of which are subject to change (possibly with retroactive effect) or possible differing interpretations.

YOU SHOULD CONSULT WITH YOUR OWN TAX ADVISORS TO DETERMINE THE ANTICIPATED TAX CONSEQUENCES TO YOU OF HOLDING THE NOTES, INCLUDING THE TAX CONSEQUENCES UNDER UNITED STATES FEDERAL, STATE, LOCAL, AND NON-U.S. TAX LAWS AND POSSIBLE CHANGES IN TAX LAWS.

For the purposes of this summary, you are a "U.S. Holder" if you own the Notes and:

You are a citizen or resident of the United States;

You are a corporation (or other entity taxable as a corporation under U.S. income tax laws) created or organized in or under the laws of the United States or of any political subdivision of the United States;

You are an estate the income of which is includable in gross income for United States federal income tax purposes regardless of its source; or

You are a trust subject to the primary supervision of a United States court and the control of one or more United States persons, or a trust (other than a wholly owned grantor trust) that has made a valid election to be treated as a domestic trust despite not meeting the requirements described above.

You are a "Non-U.S. Holder" if you own the Notes but are not a U.S. Holder.

If a partnership, including any entity treated as a partnership for U.S. federal income tax purposes, is a holder, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. A holder that is a partnership, and partners in such a partnership, should consult their own tax advisors regarding the tax consequences of the purchase, ownership and disposition of the Notes.

Payments of Interest

If you are a Non-U.S. Holder, payments of interest or premium (if any) on the Notes made to you will be exempt from United States income or withholding tax, unless:

You hold the Notes as part of a United States trade or business, in which case such income from the Notes will be subject to United States federal income tax as if you were a U.S. Holder, and such income may also be subject to the branch profits tax if you are a corporation;

You own, actually or constructively, 10% or more of the total combined voting power of all classes of our stock entitled to vote, or you are a controlled foreign corporation related, directly or indirectly, to us through stock ownership; or

You fail to provide to us the required certification that you are not a United States person or to provide your name and address or otherwise satisfy applicable documentation requirements.

Sale, Redemption or Other Disposition

If you are a Non-U.S. Holder, you will not be subject to United States federal income tax on gain realized on the sale, exchange, redemption or other disposition of the Notes unless:

Such gain is effectively connected with your conduct of a trade or business in the United States, in which case such gain will be subject to United States federal income tax as if you were a U.S. Holder, and such gain may also be subject to the branch profits tax if you are a corporation; or

You are an individual holder present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met.

Backup Withholding Tax and Information Reporting

Certain "backup" withholding and information reporting requirements may apply to payments of principal, premium (if any) and interest on the Notes and to certain payments of proceeds of the sale or other disposition of the Notes made to non-corporate investors in the Notes. Backup withholding and information reporting generally will not apply to payments made to a Non-U.S. Holder if you have provided the required certification under penalties of perjury that you are not a U.S. Holder or have otherwise established an exemption. Any amounts withheld under the backup withholding rules from a payment to you may be claimed as a credit against your U.S. federal income tax liability provided you furnish the required information to the IRS.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated March 15, 2005, we have agreed to sell to the underwriters named below, for whom Lehman Brothers Inc. and Morgan Stanley & Co. Incorporated are acting as representatives, the following respective principal amounts of Notes:

Underwriter	Principal Amount of Floating Rate Notes Due 2008	Principal Amount of Floating Rate Notes Due 2012	Principal Amount of 5.00% Notes
Lehman Brothers Inc.	\$ 87,500,000	\$ 122,500,000	\$ 140,000,000
Morgan Stanley & Co. Incorporated	87,500,000	122,500,000	140,000,000
ABN AMRO Incorporated	18,750,000	26,250,000	30,000,000
Banc of America Securities LLC	18,750,000	26,250,000	30,000,000
Credit Suisse First Boston LLC	18,750,000	26,250,000	30,000,000
J.P. Morgan Securities Inc.	18,750,000	26,250,000	30,000,000
Total	\$ 250,000,000	\$ 350,000,000	\$ 400,000,000

The underwriters propose to offer the floating rate notes due 2008 initially at the public offering price on the cover page of this prospectus supplement and to selling group members at that price less a concession of 0.125% of the principal amount per note. The underwriters propose to offer the floating rate notes due 2012 initially at the public offering price on the cover page of this prospectus supplement and to selling group members at that price less a concession of 0.15% of the principal amount per note. The underwriters propose to offer the 5.00% notes initially at the public offering price on the cover page of this prospectus supplement and to selling group members at that price less a concession of 0.15% of the principal amount per note. The underwriters and selling group members may reallocate a discount of 0.10% of the principal amount per Note on sales to other broker/dealers. After the initial offering the underwriters may change the respective public offering prices and concession.

Each series of Notes is a new issue of securities with no established trading market. One or more of the underwriters for a series of Notes has advised us that it intends to make a market in the Notes of that series but is not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any series of Notes.

In connection with the offering, the underwriters may purchase and sell the Notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of Notes than it is required to purchase in the offering. Stabilizing transaction consists of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the Notes. As a result, the price of the Notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$600,000.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

Certain of the underwriters will make the Notes available for distribution on the Internet through a proprietary Web site and/or a third-party system operated by Market Axess Corporation, an Internet-

based communications technology provider. Market Axess Corporation is providing the system as a conduit for communications between such underwriters and their customers and is not a party to any transactions. Market Axess Corporation, a registered broker-dealer, will receive compensation from any underwriter based on transactions such underwriter conducts through the system. Certain of the underwriters will make the Notes available to their customers through the Internet distributions, whether made through a proprietary or third-party system, on the same terms as distributions made through other channels.

We expect that delivery of each series of Notes will be made against payment therefor on or about March 22, 2005 which is the fifth business day following the date of the pricing of each series of Notes. Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes on the date hereof or the next following business day will be required, by virtue of the fact that the Notes initially will settle in T+5, to specify alternative settlement arrangements to prevent a failed settlement.

In the ordinary course of business, certain of the underwriters and their affiliates have provided and may in the future continue to provide investment banking, commercial banking and/or other financial services to us and our subsidiaries for which they have received, and may in the future receive, compensation.

LEGAL OPINIONS

Heller Ehrman LLP, Seattle, Washington, will pass upon the validity of the Notes for us. Cleary Gottlieb Steen & Hamilton LLP, New York, New York, will pass upon the validity of the Notes for the underwriters. As of March 1, 2005, Heller Ehrman LLP and individual attorneys at the firm who participated in this transaction owned an aggregate of 12,992 shares of our common stock.

EXPERTS

The consolidated financial statements incorporated by reference from our Annual Report on Form 10-K for the year ended December 31, 2004 have been audited by Deloitte & Touche LLP, independent auditors, as stated in their report, which is incorporated herein by reference, and have been so incorporated in reliance upon the report of such firm upon their authority as experts in accounting and auditing.

PROSPECTUS

\$5,000,000,000

**Debt Securities
Preferred Stock
Depositary Shares**

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission using a "shelf" registration process. This means:

we may sell any of the following securities from time to time:

debt securities

preferred stock

depositary shares

we will provide a prospectus supplement each time we issue the securities; and

the prospectus supplement will provide specific information about the terms of that issuance and also may add, update or change information contained in this prospectus.

We may also issue common stock upon conversion or exchange of any of the securities listed above. We will provide the specific terms of these securities in supplements to this prospectus. You should read this prospectus and the applicable prospectus supplement carefully before you invest.

The securities may be sold directly to investors, through agents designated from time to time or to or through underwriters or dealers. See "Plan of Distribution." If any underwriters are involved in the sale of any securities in respect of which this prospectus is being delivered, the names of such underwriters and any applicable commissions or discounts will be set forth in the applicable prospectus supplement. The net proceeds we expect to receive from such sale also will be set forth in the applicable prospectus supplement.

This prospectus may not be used to offer or sell any securities unless accompanied by a prospectus supplement.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR DETERMINED IF THIS PROSPECTUS IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this prospectus is November 6, 2003.

WHERE YOU CAN FIND ADDITIONAL INFORMATION

We file annual, quarterly and current reports and other information with the Securities and Exchange Commission ("SEC"). You may read and copy these reports and other information at the public reference room of the SEC at Judiciary Plaza, Room 1024, 450 Fifth Street N.W., Washington, D.C. 20549. You may also obtain copies of these documents by mail from the SEC reference room at prescribed rates. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. These reports and other information are also filed by us electronically with the SEC and are available at the SEC's website, www.sec.gov.

We have filed a registration statement on Form S-3 with the SEC covering the securities described in this prospectus. For further information with respect to us and those securities, you should refer to our registration statement and its exhibits. You may inspect and copy the registration statement, including exhibits, at the SEC's Public Reference Room or website. We have summarized certain key provisions of contracts and other documents that we refer to in this prospectus. Because a summary may not contain all the information that is important to you, you should review the full text of each document. We have included copies of these documents as exhibits to our registration statement.

The indentures pursuant to which the debt securities will be issued require us to file reports under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Quarterly and annual reports will be made available upon request of holders of the debt securities, which annual reports will contain financial information that has been examined and reported upon by, with an opinion expressed by, an independent public or certified public accountant.

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE

The SEC allows us to "incorporate by reference" the information we file with it, which means that we can disclose important information to you by referring you to another document that we filed with the SEC. The information incorporated by reference is an important part of this prospectus, and information that we file later with the SEC will automatically update and supersede this information. We incorporate by reference the documents listed below and any future filings we make with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, until we sell all of the securities:

Our Annual Report to Shareholders on Form 10-K for the fiscal year ended December 31, 2002;

Our Quarterly Report on Form 10-Q for the quarters ended March 31 and June 30, 2003;

Current Report on Form 8-K dated March 12, 2003;

The description of our capital stock contained in Item 5 of Current Report on Form 8-K dated November 29, 1994, and any amendment or report filed for the purpose of updating this description; and

Form 8-A/12B dated February 8, 2001, as amended.

You may obtain a copy of these filings at no cost, by writing or telephoning us at 1201 Third Avenue, Seattle, Washington 98101, telephone (206) 461-3187, attention Investor Relations Department WMT0735.

You should rely only on the information contained or incorporated by reference in this prospectus, any supplemental prospectus or any pricing supplement. We have not authorized anyone to provide you with any other information. We are not making an offer of these securities in any state where the offer is not permitted. You should not assume that the information in this prospectus, any accompanying prospectus supplement or any document incorporated by reference is accurate as of any date other than the date on the front of the document.

FACTORS THAT MAY AFFECT FUTURE RESULTS

An investment in our securities involves a high degree of risk. See "Factors That May Affect Future Results", which are incorporated by reference, under Item 1 of our Annual Report on Form 10-K for the Year Ended December 31, 2002, filed with the SEC, for a list of some of the risks and uncertainties you should consider before making an investment decision. See "Incorporation of Certain Documents by Reference" above for a discussion of our SEC filings incorporated by reference.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference contain certain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 with respect to financial condition, results of operations, and other matters. Statements in this prospectus, including those incorporated by reference, that are not historical facts are "forward-looking statements" for the purpose of the safe harbor provided by Section 21E of the Exchange Act and Section 27A of the Securities Act of 1933, as amended (the "Securities Act"). Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include words, such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates," or words of similar meaning, or future or conditional verbs, such as "will," "should," "could," or "may."

Forward-looking statements provide our expectations or predictions of future conditions, events or results. They are not guarantees of future performance. By their nature forward-looking statements are subject to risks and uncertainties. These statements speak only as of the date they are made. We do not undertake to update forward-looking statements to reflect the impact of circumstances or events that arise after the date the forward-looking statements were made. There are a number of factors, many of which are beyond our control, that could cause actual conditions, events or results to differ significantly from those described in the forward-looking statements.

WASHINGTON MUTUAL, INC.

With a history dating back to 1889, Washington Mutual is a retailer of financial services that provides a diversified line of products and services to consumers and commercial clients. At September 30, 2003, we had stockholders' equity of \$20.53 billion. Based on consolidated total assets of \$286.72 billion at September 30, 2003, Washington Mutual was the largest savings institution and the seventh largest banking company in the United States.

Washington Mutual operates principally in California, Washington, Oregon, Florida, Texas and the greater New York/New Jersey metropolitan area, and has operations in 36 other states. Washington Mutual is divided into three operating segments:

Banking and Financial Services. The Banking and Financial Services Group offers a comprehensive line of financial products and services to a broad spectrum of consumers and small to middle-market businesses. The Group serves 7.3 million consumer households and businesses through over 1,677 financial center stores, 64 commercial banking centers and 2,769 ATMs. The Group offers various deposit products including the Group's signature Free Checking accounts, as well as other personal and business checking accounts, savings accounts, money market deposit accounts and time deposit accounts.

Home Loans and Insurance Services. The Home Loans and Insurance Services Group originates and services home loans, sells home loans in the secondary market, and manages our home loan portfolio. At September 30, 2003, Washington Mutual serviced a \$764.45 billion loan portfolio predominantly consisting of home loans. The Group also provides insurance services to mortgage borrowers by offering homeowners, flood, earthquake and other property and casualty insurance products. The Group's products are offered to customers through multiple distribution channels, including 395 retail home loan stores, 37 wholesale home loan centers, correspondent channels, and directly to consumers through call centers and the internet.

Specialty Finance. The Specialty Finance Group provides financing to developers, investors, mortgage bankers and homebuilders for the acquisition, construction and development of apartment buildings ("multi-family lending"), other commercial real estate and homes. The multi-family lending business accounts for a majority of the Group's revenues. The Group also services commercial real estate mortgages as part of its commercial asset management business and conducts a consumer finance business through Washington Mutual Finance Corporation's 428 branches.

USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement, we will use the net proceeds from the sale of the securities for general corporate purposes. Examples of general corporate purposes include additions to working capital, repayment of existing debt, acquisitions, and office expansions.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each of the periods indicated.

Year Ended December 31,					Nine Months Ended September 30, 2003
1998	1999	2000	2001	2002	
1.34	1.38	1.31	1.60	2.02	2.30

For purposes of this ratio, earnings consist of income before income taxes plus fixed charges. Fixed charges consist of interest expense on borrowings and deposits, and the estimated interest portion of rent expense.

RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED DIVIDENDS

The following table sets forth our ratio of earnings to combined fixed charges and preferred dividends for each of the periods indicated.

Year Ended December 31,					Nine Months Ended September 30, 2003
1998	1999	2000	2001	2002	
1.33	1.38	1.31	1.59	2.02	2.30

For purposes of this ratio, earnings consist of income before income taxes plus fixed charges. Fixed charges consist of interest expense on borrowings and deposits, and the estimated interest portion of rent expenses.

DESCRIPTION OF DEBT SECURITIES

The following description of the debt securities sets forth the material terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of the debt securities offered by any prospectus supplement (the "Offered Debt Securities") and the extent, if any, to which such general provisions may apply to the Offered Debt Securities, will be described in the prospectus supplement relating to such Offered Debt Securities. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the prospectus supplement relating thereto and to the following description.

The debt securities will be our general obligations. In the event that any series of debt securities will be subordinated to other securities that we have outstanding or may incur, the terms of the subordination will be set forth in the prospectus supplement relating to the subordinated debt securities. Senior debt securities will be issued under the senior indenture dated as of August 10, 1999 between Washington Mutual, Inc. and The Bank of New York, as trustee, as supplemented by a first supplemental indenture dated as of August 1, 2002 and a second supplemental indenture dated as of November 20, 2002. References to the senior indenture in this prospectus will mean the senior indenture as supplemented. Subordinated debt securities will be issued under a second supplemental indenture to the subordinated indenture dated April 4, 2000 between us and The Bank of New York, as supplemented by the first supplemental indenture dated August 1, 2002. References to the subordinated indenture in this prospectus will mean the subordinated indenture as supplemented. Together the senior indenture and the subordinated indenture and the supplemental indentures thereto are called the "indentures."

We have summarized selected provisions of the indentures below. The senior indenture and form of subordinated indenture have been filed as exhibits to the registration statement filed with the SEC and you should read the indentures for provisions that may be important to you. Accordingly, the following summary is qualified in its entirety by reference to the provisions of the indentures. Unless otherwise specified, capitalized terms used in this summary have the meanings specified in the indentures.

General

The indentures do not limit the aggregate principal amount of debt securities which may be issued under the indentures and provide that debt securities may be issued from time to time in one or more series. The indentures do not limit the amount of other indebtedness or debt securities, other than certain secured indebtedness as described below, which may be issued by us or our subsidiaries.

Unless otherwise provided in a prospectus supplement, the debt securities will be our unsecured obligations. The senior debt securities will rank equally with all other unsecured and unsubordinated indebtedness of ours. The subordinated debt securities will be subordinated in right of payment to the prior payment in full of all Senior Indebtedness including our senior debt securities as described below under "Subordination of Subordinated Debt Securities" and in the applicable prospectus supplement.

The debt securities are our obligations exclusively. Because our operations are currently conducted substantially through our subsidiaries, our cash flow and the consequent ability to service our debt, including the debt securities, are dependent upon the earnings of our subsidiaries and the distribution of those earnings to us, or upon loans or other payments of funds to us by our subsidiaries. Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due with respect to the debt securities or to make funds available therefor, whether by dividends, loans or other payments. In addition, the payment to us of dividends and certain loans and advances by our subsidiaries may be subject to certain statutory or contractual restrictions. Payments are contingent upon the earnings of the subsidiaries, and are subject to various business considerations.

Edgar Filing: WASHINGTON MUTUAL INC - Form 424B5

The debt securities will be effectively subordinated to all liabilities, including deposits, of our subsidiaries. At September 30, 2003, our subsidiaries had \$164.14 billion of deposits and \$79.14 billion of debt outstanding. Any right we may have to receive assets of a subsidiary upon its liquidation or reorganization (and the consequent right of the holders of the debt securities to participate in those assets) will be effectively subordinated to the claims of that subsidiary's creditors, except to the extent that we are recognized as a creditor of a subsidiary, in which case our claims would still be subordinate to any security interests in the assets of the subsidiary and any liabilities of the subsidiary senior to liabilities held by us. Our principal subsidiary, Washington Mutual Bank, F.A., has an existing program pursuant to which it may sell up to an additional \$15 billion of senior and subordinated debt securities.

The debt securities may be issued in fully registered form without coupons ("registered securities") or in bearer form with or without coupons ("bearer securities") or in the form of one or more global securities (each a "Global Security"). Registered securities that are book-entry securities will be issued as registered Global Securities. Bearer securities may be issued in the form of temporary or definitive Global Securities. Unless otherwise provided in the prospectus supplement, the debt securities will be only registered securities. The debt securities will be issued, unless otherwise provided in the prospectus supplement, in denominations of \$1,000 or an integral multiple thereof for registered securities, and in denominations of \$5,000 or an integral multiple thereof for bearer securities.

The prospectus supplement relating to the particular debt securities offered thereby will describe the following terms of the Offered Debt Securities:

- (1) the title of the Offered Debt Securities;
- (2) whether the Offered Debt Securities are senior debt securities or subordinated debt securities;
- (3) the percentage of principal amount at which the Offered Debt Securities will be issued;
- (4) any limit on the aggregate principal amount of the Offered Debt Securities;
- (5) the date or dates on which the Offered Debt Securities will mature and the amount or amounts of any installment of principal payable on such dates;
- (6) the rate or rates (which may be fixed or variable) per year at which the Offered Debt Securities will bear interest, if any, or the method of determining such rate or rates and the date or dates from which such interest, if any, will accrue;
- (7) the date or dates on which interest, if any, on the Offered Debt Securities will be payable and the regular record dates for such payment dates;
- (8) the terms of any sinking fund and the obligation, if any, of ours to redeem or purchase the Offered Debt Securities pursuant to any sinking fund or analogous provisions;
- (9) the portion of the principal amount of Offered Debt Securities that is payable upon declaration of acceleration of the maturity of the Offered Debt Securities;
- (10) whether the Offered Debt Securities will be issued in registered form without coupons, in bearer form with or without coupons, including temporary and definitive global form, or a combination thereof and the circumstances, if any, upon which such Offered Debt Securities may be exchanged for Offered Debt Securities issued in a different form;
- (11) whether the Offered Debt Securities are to be issued in whole or in part in the form of one or more Global Securities and, if so, the identity of the depository for such Global Security or Securities;

(12)

whether and under what circumstances we will pay additional amounts to any holder of Offered Debt Securities who is not a United States person in respect of any tax, assessment or other governmental charge required to be withheld or deducted and, if so, whether we will have the option to redeem rather than pay any additional amounts;

Edgar Filing: WASHINGTON MUTUAL INC - Form 424B5

- (13) the place or places, if any, in addition to or instead of the corporate trust office of the trustee (in the case of securities in registered form) or the principal New York office of the trustee (in the case of securities in bearer form), where the principal, premium and interest with respect to the Offered Debt Securities shall be payable;
- (14) the terms, if any, upon which the debt securities of the series may be convertible into or exchanged for our common stock, preferred stock, other debt securities or other securities of any kind and the terms and conditions upon which such conversion or exchange shall be effected, including the initial conversion or exchange price or rate, the conversion or exchange period and any other additional provisions;
- (15) if the amount of principal, premium or interest with respect to the debt securities of the series may be determined with reference to an index or pursuant to a formula, the manner in which such amounts will be determined;
- (16) any authenticating or paying agent, transfer agent or registrar;
- (17) the applicability of, and any addition to or change in, the covenants and definitions then set forth in the indenture or in the terms then set forth in the indenture relating to permitted consolidations, mergers, or sales of assets; and
- (18) certain other terms, including our ability to satisfy and discharge our obligations under an indenture with respect to the Offered Debt Securities.

No service charge will be made for any transfer or exchange of the debt securities except for any tax or other governmental charge.

Debt securities of a single series may be issued at various times with different maturity dates and different principal repayment provisions, may bear interest at different rates, may be issued at or above par or with an original issue discount, and may otherwise vary, all as provi
