Dear Shareholder:

You are invited to attend the Annual Meeting of Shareholders of SkyWest, Inc. scheduled to be held at 11:00 a.m., Tuesday, May 5, 2009, at our headquarters located at 444 South River Road, St. George, Utah.

The accompanying Notice of Annual Meeting of Shareholders and Proxy Statement describe the items to be considered and acted upon by the shareholders.

Your vote is very important. Whether you plan to attend the Annual Meeting or not, we urge you to vote your shares as soon as possible. This will ensure representation of your shares at the Annual Meeting if you are unable to attend.

Continuing the practice we started last year, we are pleased to furnish these proxy materials over the Internet, which we believe increases the efficiency and reduces the expense of our annual meeting process. As a result, we are mailing to shareholders a Notice of Internet Availability of Proxy Materials (the "Notice") instead of paper copies of this Proxy Statement and our 2008 Annual Report. The Notice contains instructions on how to access those documents over the Internet or request that a full set of printed materials be sent to you. The Notice also gives instructions on how to vote your shares.

We look forward to seeing you at the Annual Meeting.

Sincerely,

Jerry C. Atkin
Chairman and Chief Executive Officer

**PROXY STATEMENT
FOR THE
ANNUAL MEETING OF SHAREHOLDERS
OF
SKYWEST, INC.
TUESDAY, MAY 5, 2009**

OVERVIEW

Solicitation

This Proxy Statement, the accompanying Notice of Annual Meeting, proxy card and the Annual Report to Shareholders of SkyWest, Inc. (the "*Company*" or "*SkyWest*") are being mailed on or about March 20, 2009. The Board of Directors (the "*Board*") of the Company is soliciting your proxy to vote your shares at the Annual Meeting of Shareholders (the "*Meeting*"). The Board is soliciting your proxy in an effort to give all shareholders of record the opportunity to vote on matters that will be presented at the Meeting. This Proxy Statement provides you with information on these matters to assist you in voting your shares.

What is a proxy?

A proxy is your legal designation of another person to vote on your behalf. You are giving the individuals appointed by the Board as proxies (Jerry C. Atkin, Bradford R. Rich and Eric D. Christensen) the authority to vote your shares in the manner you indicate.

Why did I receive more than one notice?

You may receive multiple notices if you hold your shares in different ways (e.g., joint tenancy, trusts, custodial accounts) or in multiple accounts. If your shares are held by a broker (i.e., in "street name"), you will receive your notice or other voting information from your broker. In any case, you should vote for each notice you receive.

Voting Information

Who is qualified to vote?

You are qualified to receive notice of and to vote at the Meeting if you own shares of common stock of SkyWest (the "Common Stock") at the close of business on the record date of Thursday, March 12, 2009.

How many shares of Common Stock may vote at the Meeting?

As of March 12, 2009, there were 56,485,135 shares of Common Stock outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on each matter presented at the Meeting.

What is the difference between a "shareholder of record" and a "street name" holder?

If your shares are registered directly in your name with Zion's First National Bank, the Company's transfer agent, you are a "shareholder of record." If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a "street name" holder.

How can I vote at the Meeting?

You may vote in person by attending the Meeting. You may also vote electronically over the Internet, or by telephone, or you may request a complete set of traditional proxy materials and vote your proxy by mail. To vote your proxy using the Internet or telephone, see the instructions on the

Table of Contents

proxy form and have the proxy form available when you access the Internet website or place your telephone call. To vote your proxy by mail, mark your vote on the enclosed proxy card, then follow the instructions on the card.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

- | | |
|------------|---|
| Proposal 1 | FOR the election of all nine nominees for director with terms expiring at the next annual meeting of the Company's shareholders. |
| Proposal 2 | FOR the approval of the SkyWest, Inc. 2009 Employee Stock Purchase Plan. |
| Proposal 3 | FOR the ratification of the appointment of Ernst & Young, LLP as the Company's independent registered public accounting firm (independent auditors) for the year ending December 31, 2009. |

What are my choices when voting?

- | | |
|------------|--|
| Proposal 1 | You may cast your vote in favor of up to nine individual directors. You may vote for less than nine directors if you choose. You may also abstain from voting. |
| Proposal 2 | You may cast your vote in favor of or against the proposal, or you may elect to abstain from voting. |
| Proposal 3 | You may cast your vote in favor of or against the proposal, or you may elect to abstain from voting. |

How will my shares be voted if I do not specify how they should be voted?

If you vote without indicating how you want your shares to be voted, the proxies appointed by the Board will vote your shares as follows:

- | | |
|------------|---|
| Proposal 1 | FOR the election of all nine nominees for director with terms expiring at the next annual meeting of the Company's shareholders. |
| Proposal 2 | FOR the approval of the SkyWest, Inc. 2009 Employee Stock Purchase Plan. |
| Proposal 3 | FOR the ratification of the appointment of Ernst & Young, LLP as the Company's independent registered public accounting firm (independent auditors) for the year ending December 31, 2009. |

How will withheld votes, abstentions and broker non-votes be treated?

Withheld votes, abstentions and broker non-votes will be deemed as "present" at the Meeting, and will be counted for quorum purposes only.

Can I change my vote?

You may revoke your proxy before the time of voting at the Meeting in any of the following ways:

by mailing a revised proxy to the Secretary of the Company;

by changing your vote on the Internet website;

by using the telephone voting procedures

by voting in person at the Meeting

Table of Contents

What vote will be required to approve each proposal?

Proposal 1 provides that the nine nominees with the most votes will be elected as directors of the Company.

Proposals 2 and 3 require the affirmative vote of a majority of those shareholders present in person or represented by proxy and entitled to vote at the Meeting.

Who will count the votes?

Representatives from Zion's First National Bank, the Company's transfer agent, or other individuals designated by the Board, will count the votes and serve as inspectors of election. The inspectors of election will be present at the Meeting.

Who will pay the cost of this proxy solicitation?

The Company will pay the costs of soliciting proxies. Upon request, the Company will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of the Common Stock.

Is this Proxy Statement the only way proxies are being solicited for use at the Meeting?

Yes. The Company has not employed any other methods of solicitation.

How are proxy materials being delivered?

The Company is pleased to take advantage of U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, the Company is mailing to most of its shareholders a Notice of Internet Availability of Proxy Materials (the "Notice") instead of a paper copy of this proxy statement and the Company's 2008 Annual Report to Shareholders. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of the Company's proxy materials, including the accompanying Proxy Statement, 2008 Annual Report to Shareholders and a form of proxy card or voting instruction card. All shareholders who do not receive a Notice will receive a paper copy of the proxy materials by mail. The Company believes this new process will allow it to provide its shareholders with the information they need in a more efficient manner, while reducing the environmental impact and lowering the costs of printing and distributing these proxy materials.

Nomination Process

The policy of the Nominating and Corporate Governance Committee is to consider properly submitted shareholder recommendations for candidates to serve as directors of the Company. In evaluating those recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria described below. Any shareholder wishing to recommend a candidate for consideration by the Nominating and Corporate Governance Committee should submit a recommendation in writing indicating the candidate's qualifications and other relevant biographical information and provide confirmation of the candidate's consent to serve as a director. This information should be addressed to Jerry C. Atkin, Chairman and Chief Executive Officer of the Company, 444 South River Road, St. George, Utah 84790.

As contemplated by the Company's Corporate Governance Guidelines, the Nominating and Corporate Governance Committee reviews the appropriate skills and characteristics required of directors in the context of the current composition of the Board, at least annually. There is currently no set of specific minimum qualifications that must be met by a nominee recommended by the Nominating and Corporate Governance Committee, as different factors may assume greater or lesser significance at particular times and the needs of the Board may vary in light of its composition and the Nominating and Corporate Governance Committee's perceptions about future issues and needs. Among the factors the Nominating and Corporate Governance Committee considers, which are outlined in the Corporate Governance Guidelines, are independence, diversity, age, skills, integrity and moral responsibility, policy-making experience, ability to work constructively with the Company's management and directors, capacity to evaluate strategy and reach sound conclusions, availability of time and awareness of the social, political and economic environment.

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating director-nominees. The Nominating and Corporate Governance Committee assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through various means, including current directors, professional search firms, shareholder recommendations or other referrals. Candidates are evaluated at meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. All director-nominee recommendations which are properly submitted to the Nominating and Corporate Governance Committee are aggregated and considered by the Nominating and Corporate Governance Committee at a meeting prior to the issuance of the proxy statement for the next annual meeting of shareholders. Any materials provided by a shareholder in connection with the recommendation of a director candidate are forwarded to the Nominating and Corporate Governance Committee, which considers the recommended candidate in light of the director qualifications discussed above. The Nominating and Corporate Governance Committee also reviews materials provided by professional search firms, if applicable, or other parties in connection with a candidate who is not proposed by a shareholder. In evaluating such recommendations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board. The Nominating and Corporate Governance Committee has, on occasion, engaged professional search firms to assist in identifying qualified candidates for Board service. When such firms have been engaged, the Nominating and Corporate Governance Committee has utilized their services principally for the purpose of identifying and screening potential candidates and conducting background research; however, the members of the Nominating and Corporate Governance Committee, as well as other directors of the Company, have conducted interviews with prospective candidates and have performed other functions in completing the nomination process.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis provides information regarding the Company's executive compensation objectives, principles, procedures, practices and decisions, and is provided to give perspective to the numbers and narratives that follow in the tables in this section. This discussion will focus on the Company's objectives, principles, practices and decisions with regards to the compensation of the following named executive officers of the Company (the "NEOs"):

Jerry C. Atkin, Chairman of the Board and Chief Executive Officer of the Company, SkyWest Airlines and ASA;

Bradford R. Rich, Executive Vice President and Chief Financial Officer of the Company, SkyWest Airlines and ASA;

Russell A. Childs, President and Chief Operating Officer of SkyWest Airlines; and

Bradford R. Holt, President and Chief Operating Officer of ASA.

Executive Compensation Objectives and Principles

The overall objective of the Company's executive compensation program is to help create long-term value for its shareholders by attracting and retaining talented executives, rewarding superior operating and financial performance, and aligning the long-term interests of the Company's executives with those of its shareholders. Accordingly, the Company's executive compensation program incorporates the following principles:

Compensation should be based upon individual job responsibility, leadership ability, management experience and individual and Company performance. Employees in positions of Company leadership and broad responsibility have significant elements of their compensation that are linked to overall Company performance and shareholder returns.

Compensation should reflect the fair market value of the services received. The Company believes that a fair and competitive pay package for the NEOs is essential to attract and retain talented executives in key positions.

Compensation should reward both short-term and long-term Company performance. The pay package for the NEOs is designed to provide components of both short-term and long-term incentive compensation. Annual bonuses are tied to achievement of short-term (generally annual) quantitative and qualitative performance goals the Company believes closely correlate to share value. Long-term performance is rewarded through equity-based awards, in the form of stock options and restricted stock, the value of which depends upon future Company share prices, and the realization of which is contingent upon satisfaction of vesting schedules requiring continued service with the Company.

Table of Contents

Compensation programs should foster long-term focus. The NEOs have a substantial portion of their compensation tied to long-term performance and sustained increases in share value. This is accomplished through the Company's practice of granting long-term, equity-based awards.

Executive Compensation Procedures

To attain the Company's executive compensation objectives and implement the underlying compensation principles, the Company follows the procedures described below.

Role of the Compensation Committee. The Compensation Committee has responsibility for establishing and monitoring the executive compensation programs of the Company and for making decisions regarding the compensation of the NEOs. Compensation Committee meetings are regularly attended by the Chief Executive Officer and the Company's Vice President-Planning and Corporate Secretary. The Compensation Committee also meets in executive session. The Compensation Committee recommends the compensation package of the Chief Executive Officer to the full Board, which then sets the Chief Executive Officer's compensation. The Compensation Committee also reviews the recommendations of the Chief Executive Officer with respect to compensation of the other NEOs, and after reviewing such recommendations, sets the compensation of the other NEOs. The Compensation Committee also monitors, administers and approves awards under the Company's various incentive compensation plans for all levels within the Company, including awards under the Company's annual bonus plan and 2006 Long-Term Incentive Plan.

After reviewing the performance of the Company and evaluating the executive's performance against established goals, leadership ability and responsibilities with the Company, and current compensation arrangements, the Compensation Committee relies on its judgment in making compensation decisions. When setting total compensation for each of the NEOs, the Compensation Committee reviews tally sheets which show the NEO's current compensation, including base pay, short-term annual bonus target, and long-term equity-based compensation targets, and deferred compensation retirement funding targets. The Compensation Committee also occasionally evaluates surveys and other available data regarding the executive compensation programs of other regional air carriers. The most recent review was in 2007 and included peer airlines Midwest, Pinnacle, Republic, Frontier, Mesa, Horizon, ExpressJet, Air Tran, Jet Blue, Alaska and Southwest Airlines (the "Peer Group Airlines"). The compensation program for NEOs and the Compensation Committee assessment process are designed to be flexible in an effort to promptly respond to the evolving business environment and individual circumstances.

Role of Consultants. Neither the Company nor the Compensation Committee has any contractual arrangement with any consultant for determining the amount or particular form of any NEO compensation. The Compensation Committee utilized the services of Frederic W. Cook & Co., Inc., an outside compensation consulting firm ("Cook"), to assist in the development of the Company's 2006 Long-Term Incentive Plan. The Compensation Committee met with a representative of Cook in 2008 to learn about market trends in the executive compensation area as they relate to equity-based compensation. The Compensation Committee did not use or rely on any recommendations from Cook as to the amount of compensation to pay to any particular NEO. The Company and the Compensation Committee have not retained any other compensation consultant to render services regarding NEO compensation, but may seek the advice of such persons in the future.

Table of Contents

No Employment and Severance Agreements. The NEOs do not have employment, severance or change-in-control agreements, although unvested options and restricted stock may become vested upon a change in control. The NEOs serve at the will of the Board, which enables the Company to terminate their employment with discretion as to the terms of any severance. This is consistent with the Company's performance-based employment and compensation philosophy.

Elements of Compensation

The Company's executive compensation objectives and principles are implemented through the use of the following elements of compensation, each discussed more fully below:

Base Pay

Annual Performance-Based Bonus

Long-Term Equity Awards

Retirement Benefits and Deferred Compensation

Other Benefits

Base Pay. The NEOs' base pay is set at levels that the Compensation Committee believes are generally competitive with the compensation paid to similarly situated officers by the Peer Group Airlines, with the expectation that shortfalls in base pay, if any, will be recouped through annual performance bonuses if the Company's performance entitles the NEO to receive the full amount of the targeted annual bonus. The Compensation Committee recommends to the full Board the base pay of the Chief Executive Officer and sets the base pay of the other NEOs after reviewing the recommendation of the Chief Executive Officer. Annual adjustments are influenced by growth of the Company's operations, revenues and profitability, individual performance, changes in responsibility, cost of living increases, and other factors considered relevant by the Compensation Committee.

For fiscal year 2008, the Compensation Committee increased the base salary of Mr. Atkin from \$355,000 to \$362,000 and the base salary of Mr. Rich from \$258,000 to \$263,000, in each case primarily to offset increases in the cost of living. The annual base salary of Mr. Childs was increased from \$200,000 to \$230,000 to move his base salary closer to perceived market salary rates for chief operating officers performing similar responsibilities in the Company's industry. Mr. Holt's annual base salary as chief operating officer of ASA was left unchanged at \$200,000.

For the fiscal year ending December 31, 2009, the Compensation Committee increased the base salaries of Mr. Atkin and Mr. Rich to \$373,000 and \$271,000, respectively, to reflect cost-of-living increases. For 2009, the Compensation Committee increased the base salaries of Mr. Childs and Mr. Holt to \$240,000 and \$225,000, respectively, to bring their salaries closer to perceived market salary rates for chief operating officers performing similar responsibilities in the Company's industry. The 2009 base salary for Mr. Atkin was recommended by the Compensation Committee and approved by the directors of the Company other than Mr. Atkin.

Annual Performance-Based Bonus. The Company maintains an annual bonus program for its NEOs and other executive officers. Under such bonus program, NEOs are eligible to receive a cash bonus following the conclusion of the Company's fiscal year, contingent on the attainment of predetermined performance goals. Additionally, the Compensation Committee has discretion to increase or decrease the amount of the bonus at year end. The NEOs have an opportunity to defer all of any portion of their annual bonus under the Company's deferred compensation plans.

In an effort to encourage achievement of the Company's performance objectives, the annual bonus amounts payable to the NEOs for each year are set at levels that the Compensation Committee determines will contribute to long-term shareholder value. General national economic conditions and

Table of Contents

industry conditions are also considered in determining the targeted net income targets which are the basis for determination of the annual bonus. The combination of base pay and annual performance-based bonuses is intended to result in a cash compensation package that falls within competitive market standards when the Company meets the performance objectives set by the Compensation Committee.

The targeted annual performance bonus amount for each NEO is expressed as a percentage of the NEO's base pay and is established by the Compensation Committee at the beginning of each year. As in prior years, the target bonus amount for 2008 was set at 80% of base salary. The Compensation Committee also determines the threshold and maximum annual performance bonus levels for each NEO. Unless the Compensation Committee elects to pay a discretionary bonus, no performance bonus is payable if the NEO's applicable threshold net income target is not attained. Similarly, no additional performance bonus is payable above the maximum pre-determined bonus level unless the Compensation Committee elects to pay a discretionary additional bonus.

The full amount of the target level annual bonus is earned by the NEOs only if the Company meets target net income objectives set by the Compensation Committee. For the Chief Executive Officer and Chief Financial Officer, the net income target is based on the consolidated net income of the Company. In the case of the presidents of SkyWest Airlines and ASA, the targets are based on the net income of the subsidiary for which they have responsibility. The net income targets are set after considering several factors including: return on equity, contract expectations, Company budgets, national economic conditions, industry conditions, and special conditions that may affect net income such as accounting timing differences. The Compensation Committee reserves the discretion to increase or decrease the amount of the net income targets during the year as it determines necessary to implement the Company's compensation objectives and principles. If the Company or applicable operating subsidiary fails to meet the target level of net income set by the Compensation Committee for a particular NEO but otherwise attains net income above the predetermined threshold level, the amount of the annual performance-based bonus payable to the NEO is calculated on a pro-rated basis. Similarly, if the Company or applicable operating subsidiary exceeds the target level of net income set by the Compensation Committee for a particular NEO, but the performance of the Company or applicable subsidiary is lower than the pre-determined maximum net income level, the amount of annual performance-based bonus otherwise payable to the NEO is determined on a pro-rated basis between the target and maximum bonus percentages.

Three-fourths of each NEO's non-discretionary annual performance bonus is determined based solely on the degree to which the applicable net income target is attained or surpassed. The remaining one-fourth of each NEO's annual performance bonus is dependent on both the percentage of the net income target attained and the degree to which the NEO achieves a combination of additional, specific individual goals established each year ("Individual Goals"). For fiscal year 2008, the Individual Goals were developed by each individual NEO and recommended to the Compensation Committee and, in the case of NEOs other than the Chief Executive Officer, reviewed and approved by the Chief Executive Officer. The Individual Goals were then approved by the Compensation Committee. If the NEO or the Company exceeds or fails to meet the targeted level of Individual Goals set by the Compensation Committee for a particular NEO, one fourth of the amount of net-income-based annual bonus otherwise payable to the NEO is increased or decreased, as applicable, within certain predetermined ranges.

In addition, the Compensation Committee and Board have discretion to depart from the formula in approving an annual bonus and may exercise discretion to increase or decrease annual bonuses, including refraining from paying any bonus, after the Company's operational and financial results for the applicable period are determined. The payment of annual bonuses to the NEOs is made soon after the close of the fiscal year to which the bonuses relate, once the Compensation Committee has determined the bonus amounts actually earned and payable. In the case of the Chief Executive Officer, the full Board reviews and approves the final calculation of the annual bonus.

Table of Contents

For the fiscal year ended December 31, 2008, the net income performance targets for the NEOs were established by the Compensation Committee in February 2008. With respect to Messrs. Atkin and Rich, the Compensation Committee established a threshold net income level of \$130.6 million, at which the individual NEO would be eligible to receive a performance bonus equal to 40% of base salary; a target net income level of \$153.9 million, at which the individual NEO would be eligible to receive a performance bonus equal to 80% of base salary; and a maximum net income level of \$177.4 million, at which the individual NEO would be eligible to receive a performance bonus equal to 130% of base salary. Similar threshold, target and maximum net income levels were established for Messrs. Childs and Holt, based on the net income of SkyWest Airlines and ASA, respectively, at which the individual NEO would be eligible to receive performance bonuses equal to 40%, 80% or 130% of his base salary. The bonus amounts set forth above were subject to adjustment based on the individual NEO's achievement of his Individual Goals.

In November 2008, the Compensation Committee exercised its discretion to adjust the initial net income targets for the Company, SkyWest Airlines and ASA downward to reflect the unanticipated reduction in flight scheduling experienced by SkyWest Airlines and ASA, due to the decisions made by the Company's major partners, and the general deterioration of economic conditions in the United States. After carefully evaluating the Company's operating performance, changes in flight schedules, industry and general economic conditions, as well as other factors, the Compensation Committee established revised performance targets for the NEOs. With respect to Messrs. Atkin and Rich, the threshold, target and maximum net income levels for the Company were adjusted to \$110.8 million, \$130.4 million and \$150 million, respectively. With respect to Messrs. Childs and Holt, the threshold, target and maximum net income levels for SkyWest Airlines and ASA were adjusted accordingly. The adjusted performance targets for the NEOs also remained subject to further modification based on the individual NEO's achievement of his Individual Goals.

Long-Term Equity Awards. Discretionary long-term equity awards, in the form of stock options and restricted stock, are granted at the Compensation Committee's discretion to the NEOs annually in order to provide long-term, performance-based compensation, to encourage the NEOs to continue their engagement with the Company throughout the vesting periods of the awards and to align management and shareholder interests. In making awards to the NEOs under the 2006 Long-Term Incentive Plan, the Compensation Committee considers grant size and the appropriate combination of equity-based awards. The Compensation Committee generally grants long-term equity awards at its regularly scheduled meeting in February of each year.

Options are granted with an exercise price equal to the closing price per share on the date of grant and generally vest on a three-year "cliff" basis. The Company does not grant options with an exercise price below the trading price of the underlying shares of Common Stock on the date of grant or grant options that are priced on a date other than the date of grant. Stock options only have a value to the extent the value of the underlying shares on the exercise date exceeds the exercise price. Accordingly, stock options generally provide compensation only if the underlying share price increases over the option term and the NEO's employment continues with the Company through the vesting date.

The Company also grants shares of restricted stock to the NEOs, subject to a three-year "cliff" vesting schedule. Recipients of shares of restricted stock do not pay for the shares; the shares are issued as compensation for services. Restricted stock awards provide the NEOs with an increased ownership stake in the Company, subject to vesting, and encourage the NEO to continue employment in order to meet the vesting schedule. The compensation value of a restricted stock award does not depend solely on future stock price increases; at grant, its value is equal to the Company's stock price. Although its value may increase or decrease with changes in the stock price during the period before vesting, a restricted stock award will have value without regard to future stock price appreciation. Accordingly, restricted stock awards can deliver significantly greater share-for-share compensation value

Table of Contents

at grant than stock options, and the Company can offer comparable grant date compensation value with fewer shares and less dilution of the outstanding shares of Common Stock.

The estimated future value at the applicable vesting date of the long-term equity awards for any year is intended to approximate 125% of projected annual base salary and targeted annual bonus for the year of grant in the case of the Company's Chief Executive Officer, and 100% of annual salary and targeted bonus in the case of the other NEOs. In determining the amount of the award, stock option equivalents are first calculated assuming the value of a stock option is 25% of the exercise price. Three-quarters of each NEO's annual long-term equity award is granted in stock options in an effort to provide a high level of performance-based incentive, and the remaining one-quarter of the award is granted in shares of restricted stock (with each share of restricted share valued as if it were an option for four shares). Currently, both types of awards vest only if the NEO remains employed by the Company for three years from the date of grant. The Company believes the three-year vesting schedule assists in retaining executives and encourages the NEOs to focus on long-term performance. In 2008, the number of shares indicated by the formulas above was also reduced in order to make more shares available for the Company's non-executive employees. In granting shares of restricted stock and stock options to the NEOs, the Compensation Committee also considers the impact of the grant on the Company's financial performance, as determined in accordance with the requirements of Statement of Financial Accounting Standards No. 123(R), *Share-Based Payment* (SFAS No. 123(R)). For long-term equity awards, the Company records expense in accordance with SFAS No. 123(R). The amount of expense the Company records pursuant to SFAS No. 123(R) may vary from the corresponding compensation value used by the Company in determining the amount of the awards.

During 2008, the Company granted to the NEOs stock options and restricted stock under the 2006 Long-Term Incentive Plan, as shown in greater detail in table labeled "Grants of Plan-Based Awards for 2008" below. On February 4, 2009, the Company granted the NEOs additional options under the 2006 Long-Term Incentive Plan to purchase at an exercise price of \$15.24 per share (the closing share price on the date of grant) the following number of shares of Common Stock: Mr. Atkin 99,124 shares; Mr. Rich 57,614 shares; Mr. Childs 51,024 shares; and Mr. Holt 47,535 shares. Additionally, on February 4, 2009, the Company granted the NEOs the following number of shares of restricted stock under the 2006 Long-Term Incentive Plan: Mr. Atkin 16,521 shares; Mr. Rich 9,602 shares; Mr. Childs 8,504 shares; and Mr. Holt 7,972 shares.

Retirement Benefits and Deferred Compensation. The Company sponsors the SkyWest, Inc. Employees' Retirement Plan for its eligible employees and the eligible employees of SkyWest Airlines (the "SkyWest 401(k) Plan"). ASA also maintains a separate but substantially similar retirement plan, the Atlantic Southeast Airlines, Inc. Incentive Savings Plan (the "ASA 401(k) Plan"). Messrs. Atkin, Rich, and Childs participate in the SkyWest 401(k) Plan and Mr. Holt participates in the ASA 401(k) Plan. The two plans (the "401(k) Plans") are broad-based, tax-qualified retirement plans under which eligible employees, including the NEOs, may make annual pre-tax salary reduction contributions subject to the various limits imposed under the Internal Revenue Code of 1986, as amended (the "Code"). The sponsoring employers make matching contributions under the 401(k) Plans on behalf of eligible participants, but the NEOs are not eligible to receive such matching contributions under the SkyWest 401(k) Plan.

The Company also maintains the SkyWest, Inc. 2002 Deferred Compensation Plan, a non-qualified deferred compensation plan (the "SkyWest Deferred Compensation Plan"), for the benefit of certain highly compensated management employees, including Messrs. Atkin, Rich, Childs and Holt (for the amounts that were funded during Mr. Holt's employment at SkyWest Airlines prior to commencing employment with ASA). ASA also maintains a separate but similar non-qualified deferred compensation plan, the Atlantic Southeast Airlines, Inc. Executive Deferred Compensation Plan (the "ASA Deferred Compensation Plan"), for its highly compensated management employees, including Mr. Holt. Under the two non-qualified deferred compensation plans, the sponsoring employer credits

Table of Contents

each eligible employee's account under the plan with a discretionary employer contribution. For 2008, the discretionary employer contribution was 15% of the each eligible employee's salary and 15% of the annual bonus earned in the previous year that was paid in 2008. The SkyWest Deferred Compensation Plan (but not the ASA Deferred Compensation Plan) also permits eligible executives, including the NEOs, to elect in advance of each calendar year to defer up to 100% of their cash salary and bonus compensation for the year.

The Company and its subsidiaries do not maintain any defined benefit pension plans for the NEOs.

Other Benefits. In addition to the benefits described above, the Company provides other benefits to the NEOs in order to achieve a competitive pay package. The Compensation Committee believes that those benefits, which are detailed in the Summary Compensation Table under the heading "All Other Compensation" below, are reasonable, competitive and consistent with the Company's overall executive compensation program. Those benefits consist principally of employer contributions to the SkyWest and ASA Deferred Compensation Plans on behalf of NEOs, employer-paid premiums on health insurance, personal automobile allowances, country club dues, and use of employer-owned recreational equipment.

Additionally, the Company and its subsidiaries maintain a non-discriminatory, broad-based program under which all full-time Company employees and their dependents, including the NEOs and their dependents, may fly without charge on regularly scheduled flights of aircraft operated by the Company's subsidiaries. The value of such aircraft use is not included in the "All Other Compensation" column in the Summary Compensation Table.

Ownership Guidelines

Each NEO is encouraged to maintain a minimum ownership interest in the Company, defined as stock ownership equal to five times base salary for the Chief Executive Officer of the Company, and three times base salary for the Chief Financial Officer of the Company and the Presidents of SkyWest Airlines and ASA. The NEOs are encouraged to make progress towards the goal in each year that stock options are exercised or restricted shares vest.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), imposes a \$1 million annual limit on the amount that a publicly-traded company may deduct for compensation paid to the company's principal executive officer during a tax year or to any of the company's four other most highly compensated executive officers who are still employed at the end of the tax year. The limit does not apply to compensation that meets the requirements of Section 162(m) of the Code for "qualified performance-based compensation" (i.e., compensation paid only if the executive meets pre-established, objective goals based upon performance criteria approved by the company's shareholders).

The Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code. In certain situations, the Compensation Committee may approve compensation that will not meet the requirements of Code Section 162(m) in order to ensure competitive levels of total compensation for its executive officers. Stock option grants in 2008 were intended to constitute "qualified performance-based compensation" under Section 162(m) of the Code. The Company's 2008 restricted stock grants and annual performance bonuses, however, were not "qualified performance-based compensation." In 2008, none of the NEOs received base pay, annual bonus and restricted stock grants in an amount in excess of the \$1 million deduction limit.

NON-QUALIFIED DEFERRED COMPENSATION FOR 2008

Pursuant to the SkyWest Deferred Compensation Plan and the ASA Deferred Compensation Plan, covered NEOs may elect prior to the beginning of each calendar year to defer the receipt of base salary and annual performance bonuses earned for the ensuing calendar year. Amounts deferred are credited to an unfunded liability account maintained by the Company on behalf of the applicable NEO, which account is deemed invested in and earns a rate of return based upon certain notational, self-directed investment options offered under the applicable plan.

Each NEO's account under the SkyWest Deferred Compensation Plan and ASA Deferred Compensation Plan, as applicable, is also credited with a discretionary employer contribution monthly, whether or not the NEO contributes. For 2008 that discretionary employer contribution was 15% of the NEO's salary and annual bonus. Participant account balances under the SkyWest and ASA Deferred Compensation Plans are fully-vested and will be paid by the Company to each NEO upon retirement or separation from employment, or on other specified dates, in a lump sum form or in installments according to a schedule elected in advance by the NEO.

The following table provides information regarding the SkyWest and ASA Deferred Compensation Plans for NEOs for 2008.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The information below describes and quantifies certain payments or benefits that would be payable under the existing plans and programs of the Company and its subsidiaries if an NEO's employment had terminated on December 31, 2008 or the Company or the applicable subsidiary had undergone a change in control on December 31, 2008. These benefits are in addition to benefits generally available to all salaried employees of the Company in connection with a termination of employment, such as distributions from the 401(k) Plans, disability and life insurance benefits, the value of employee-paid group health plan continuation coverage under the Consolidated Omnibus Reconciliation Act, or "COBRA" and accrued vacation pay. The NEOs do not have any other severance benefits, severance agreements or change-in-control agreements.

Accelerated Vesting of Stock Options and Stock Awards Upon Change In Control. Under the Company's long-term incentive plans, all outstanding stock options and shares of restricted stock held by an NEO become fully vested upon a "change in control" without regard to whether the NEO terminates employment in connection with or following the change in control. The Company's long-term incentive plans generally define a "change in control" as any of the following events: (i) the acquisition by any person of 50% or more of the Company's voting shares, (ii) replacement of a majority of the Company's directors within a two-year period under certain conditions, or (iii) shareholder approval of a merger in which the Company is not the surviving entity, sale of substantially all of the Company's assets or liquidation. The following table shows for each NEO the intrinsic value of his unvested stock option and restricted stock awards as of December 31, 2008 that would have been accelerated had a change in control of the Company occurred on that date, calculated by multiplying the number of underlying shares by the closing price of the Common Stock on the last trading day of 2008 (\$18.60 per share) and, in the case of stock options, by then subtracting the applicable option exercise price:

Name	Early Vesting of Stock Options	Early Vesting of Restricted Stock
Jerry C. Atkin	\$	278,628
Bradford R. Rich	\$	162,638
Russell A. Childs	\$	128,693
Bradford R. Holt	\$	122,779

If a change in control with respect to the Company results in acceleration of vesting of an NEO's otherwise unvested stock options and other stock awards, and if the value of such acceleration exceeds 2.99 times the NEO's average W-2 compensation with the Company for the five taxable years preceding

Table of Contents

the year of the change in control (the "Base Period Amount"), the acceleration would result in an excess parachute payment under Code Section 280G. An NEO would be subject to a 20% excise tax on any such excess parachute payment and the Company would be unable to deduct the amount of the excess parachute payment for tax purposes. The Company has not agreed to provide its NEOs with any gross-up or reimbursement for excise taxes imposed on excess parachute payments.

Deferred Compensation. If an NEO had terminated employment on December 31, 2008, the NEO would have become entitled to receive the balance in his account under the applicable deferred compensation plan. Distribution would be made in the form of a lump sum or in installments, and in accordance with the distributions schedule elected by the NEO under the applicable plan. The 2008 year-end account balances under those plans are shown in column (e) in the applicable Nonqualified Deferred Compensation Tables set forth above. An NEO's account balance would continue to be credited with notational investment earnings or losses through the date of actual distribution.

DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve as directors. In setting director compensation, the Company considers the significant amount of time that directors expend in fulfilling their duties to the Company, as well as the skill level required by the Company of its directors. Each director is encouraged to own at least 5,000 shares of Common Stock.

Cash Compensation Paid to Directors

For the year ended December 31, 2008, all directors who were not employees of the Company received an annual cash retainer of \$31,000 and attendance fees of \$1,600 for each board meeting, \$1,200 for each committee meeting, and \$800 for each telephonic board or committee meeting. The directors serving as the Chairs of the Compensation Committee and the Nominating and Corporate Governance Committees were paid an annual fee of \$4,000. The director serving as the Chair of the Audit and Finance Committee was paid an annual fee of \$15,000. Jerry C. Atkin, Chairman of the Board, an employee of the Company, received no compensation for his service on the Board. Commencing in 2009, the annual cash retainer to be paid to each non-employee director has been increased to \$32,000.

Stock Awards

Each non-employee director receives a stock award annually. On February 6, 2008, each of the non-employee directors received an award of 1,663 shares of Common Stock. The Company did not grant stock options to its non-employee directors in 2008.

PROPOSAL 2

APPROVAL OF THE SKYWEST, INC. 2009 EMPLOYEE STOCK PURCHASE PLAN

The Board of Directors adopted the SkyWest, Inc. 2009 Employee Stock Purchase Plan (the "Stock Purchase Plan"), effective July 1, 2009 subject to approval by the shareholders at the Meeting. In the event that the Company's shareholders do not approve the Stock Purchase Plan on or before June 30, 2009, the Stock Purchase Plan will terminate on that date and no shares of Common Stock will be issued under the Stock Purchase Plan.

**The Board of Directors Recommends that Shareholders
Vote FOR the SkyWest, Inc. 2009 Employee Stock Purchase Plan**

The following description summarizes the principle features of the Stock Purchase Plan, but is qualified in its entirety by reference to the full text of the Stock Purchase Plan as set forth on *Appendix A* to this Proxy Statement.

Description of the Plan

Purpose: The purpose of the Stock Purchase Plan is to provide a method whereby employees of the Company, SkyWest Airlines, ASA and any other subsidiary subsequently designated by the Company will have an opportunity to acquire a proprietary interest in the Company through the purchase of shares of Common Stock. The Board believes the Stock Purchase Plan is important because it provides incentives to present and future employees by allowing them to share in the Company's growth. The Stock Purchase Plan is intended to qualify as an "employee stock purchase plan" under Section 423 of the Code.

Administration: Except for certain powers expressly reserved to the Board and the Compensation Committee, the Stock Purchase Plan will be administered by the Company and the Company has the authority to interpret and construe all provisions of the Stock Purchase Plan and to make all decisions and determinations relating to the operation of the Stock Purchase Plan.

Duration: Subject to shareholder approval at the Meeting, the Stock Purchase Plan will be deemed to be effective on July 1, 2009 and will remain in effect until terminated by the Board in accordance with its terms.

Shares Subject to Plan: A maximum of 3,000,000 shares of Common Stock are available for issuance under the Stock Purchase Plan. In the event the outstanding shares of Common Stock are increased, decreased, changed into, or exchanged for a different number or kind of shares or securities through reorganization, merger, recapitalization, reclassification, stock split, reverse stock split or similar transaction, the maximum number of shares available for issuance under the Stock Purchase Plan will be proportionately adjusted.

Eligibility: Participation in the Stock Purchase Plan is limited to employees of the Company, SkyWest Airlines, ASA (and any other subsidiary subsequently designated by the Company) who have completed ninety (90) days of continuous employment with the Company since their most recent employment commencement date.

Offerings under the Plan: The Stock Purchase Plan provides for six-month offering periods commencing each July 1 and January 1 unless otherwise determined by the Compensation Committee.

Table of Contents

Granting of Options: On the applicable offering commencement date, a participating employee will be granted an option to purchase the number of shares of Common Stock determined by dividing the participant's balance in the plan account on the last day of the offering period by the purchase price per share of the Common Stock.

Participation in an Offering: An individual who is an eligible employee at the beginning of an offering period may elect to participate in such offering by submitting an enrollment form to the Company authorizing the Company to make deductions from his or her pay on each payday during the time the employee is a participant at any rate designated by the employee, from a minimum of 1% to a maximum of 15% of the employee's base pay. A participant's option to purchase Common Stock will be deemed to have been exercised automatically on the offering termination date applicable to such offering, unless the participant gives written notice to the Company to withdraw such payroll deductions. The option will be deemed to have been exercised for the purchase of the number of full shares of Common Stock which the amount in the account will be purchased and any excess in the account will be returned to the participant.

Exercise Price of Options: The price per share to be paid by participants under the Stock Purchase Plan will be 95% of the fair market value of shares on the last day of the offering period unless the Compensation Committee determines that a different discount will apply. Any alternative discount will be determined in advance of the offering period by the Compensation Committee; however, in no case will the discount be greater than 15%. For purposes of the Stock Purchase Plan, the fair market value of the Common Stock shall be the closing sales price as reported on The Nasdaq Global Select Market on the applicable date or the nearest prior business day on which shares of the Common Stock traded.

Withdrawal; Termination of Employment: Upon withdrawal by a participant prior to an offering termination date or the termination of a participant's employment for any reason during an offering, including retirement and death, the option granted to such participant shall immediately terminate in its entirety, and the payroll deductions or other contributions credited to the participant's account shall be returned to the participant, or, in the case of death, his or her designated beneficiary, and shall not be used to purchase shares of Common Stock under the Stock Purchase Plan.

Amendment and Termination: The Board may, at any time and for any reason, amend or terminate the Stock Purchase Plan; provided, however, that to the extent necessary to comply with the rules of The Nasdaq Global Select Market or any other securities exchange or market system on which Shares are listed or quoted, or under Section 423 of the Code (or any successor rule or provision or any applicable law or regulation), the Company must obtain shareholder approval in such a manner and to such a degree as so required. Subject to certain exceptions, no termination, modification, or amendment of the Stock Purchase Plan may, without the consent of a participant then having an option under the Stock Purchase Plan to purchase Common Stock, adversely affect the rights of such participant under such option.

General Provisions: No participant or his or her legal representative, legatee or distributee will be deemed to be the holder of any shares of Common Stock subject to an offering until the option has been exercised and the purchase price for the shares has been paid. No payroll deductions credited to a participant's stock purchase account nor any rights with regard to the exercise of an option to purchase shares of Common Stock under the Stock Purchase Plan may be assigned, transferred, pledged or otherwise disposed of in any way by a participant other than by will or the laws of descent and distribution. Options under the Stock Purchase Plan will be exercisable during a participant's lifetime only by the participant.

Table of Contents

Certain Federal Income Tax Consequences

The following is a brief summary of certain United States federal income tax consequences relating to the Stock Purchase Plan. This summary is not intended to be complete and does not describe state, local, foreign, or other tax consequences. The tax information summarized is not tax advice.

Grant of Options: The Stock Purchase Plan is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Code. As such, a participant under the Stock Purchase Plan incurs no income tax liability, and the Company obtains no deduction, from the grant of the options. The payroll deductions and other contributions by a participant to his or her account under the Plan, however, are made on an after-tax basis. Participants will not be entitled to deduct or exclude from income or employment taxes any part of their payroll deductions.

Exercise of Options: A participant will not be subject to federal income tax upon the exercise of an option granted under the Stock Purchase Plan, nor will the Company be entitled to a tax deduction by reason of such exercise. The participant will have a cost basis in the shares of Common Stock acquired upon such exercise equal to the option exercise price.

Disposition of Shares Acquired Under the Plan: In order to defer taxation on the difference between the fair market value and exercise price of shares acquired upon exercise of an option, the employee must hold the shares of Common Stock acquired under the Stock Purchase Plan for a holding period which runs through the later of one year after the option exercise date or two years after the date the option was granted. The only exceptions are for dispositions of shares upon death, as part of a tax-free exchange of shares in a corporate reorganization, into joint tenancy with right of survivorship with a another person, or the mere pledge or hypothecation of shares.

If a participant disposes of stock acquired under the Stock Purchase Plan before expiration of the holding period in a manner not described above, such as by gift or ordinary sale of such shares, the employee must recognize as ordinary compensation income in the year of disposition the difference between the exercise price for the shares and the stock's fair market value on the date of exercise. In such an event, the Company will be entitled to a corresponding compensation expense deduction.

Disposition of shares after expiration of the required holding period (including disposition upon death) will result in the recognition of gain or loss in the amount of the difference between the amount realized on the sale of the shares and the exercise price for such shares. Any loss on such a sale will be a long-term capital loss. Any gain on such a sale will be taxed as ordinary compensation income up to an amount equal to the product of the stock's fair market value as of the date of grant of the purchase right multiplied by the applicable purchase price discount percentage (i.e., 5%), with any additional gain taxed as a long-term capital gain.

Value of Benefits

The Company is unable to determine the amount of benefits that may be received by participants, including the NEOs, under the Stock Purchase Plan if adopted, as participation is discretionary with each employee.

separate, executive sessions from time to time with representatives of E&Y, the Chief Financial Officer, Protiviti and the Company's legal counsel, at which meetings candid discussions of financial management, accounting, internal controls and legal and compliance issues took place. Does the Audit and Finance Committee review the periodic reports and other public financial disclosures of the Company?

The Audit and Finance Committee reviews each of the Company's quarterly and annual reports, including Management's Discussion and Analysis of Financial Condition and Results of Operations. As part of this review, the Audit and Finance Committee discusses the reports with the Company's management and independent registered public accounting firm and considers the audit and review reports prepared by the independent registered public accounting firm about the Company's quarterly and annual reports, as well as related matters such as the quality (and not just the acceptability) of the Company's accounting practices, alternative methods of accounting under generally accepted accounting principles in the United States ("GAAP") and the preferences of the independent registered public accounting firm in this regard, the Company's critical accounting policies and the clarity and completeness of the Company's financial and other disclosures.

Did the Audit and Finance Committee play any role in connection with the Company's report on internal control?

What is the role of the Audit and Finance Committee in connection with the financial statements and controls of the Company?

Management of the Company has primary responsibility for the Company's financial statements and internal control over the Company's financial reporting. The independent registered public accounting firm has responsibility for the integrated audit of the Company's financial statements and internal control over financial reporting. The responsibility of the Audit and Finance Committee is to oversee financial and control matters, among other responsibilities fulfilled by the Audit and Finance Committee under its charter. The Audit and Finance Committee meets regularly with the independent registered public accounting firm, without the presence of management, to ensure candid and constructive discussions about the Company's compliance with accounting standards and best practices among public companies comparable in size and scope to the Company. The Audit and Finance Committee also regularly reviews with its outside advisors material developments in the law and accounting literature that may be pertinent to the Company's accounting financial reporting practices.

Does the Audit and Finance Committee have any policy-making responsibility?

From time to time, the Audit and Finance Committee establishes certain policies as required by the rules of the Securities and Exchange Commission and the listing standards of The Nasdaq Stock Market. Audit and Finance Committee also has implemented a policy that addresses when the Company may recruit personnel who formerly were employed by the Company's independent registered public accounting firm. In other cases, the Audit and Finance Committee is responsible for overseeing the efficacy of management policies, including compliance with the Company's Code of Ethics and the availability of perquisites.

What matters have members of the Audit and Finance Committee discussed with the independent registered public accounting firm?

In its meetings with representatives of E&Y, the Audit and Finance Committee asked E&Y to address and discuss their responses to several questions that they believed were particularly relevant to its oversight. These questions included:

Are there any significant judgments made by management in preparing the financial statements that would have been made differently had E&Y prepared and been responsible for the financial statements?

Based on E&Y's experience, and their knowledge of the Company, do the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with GAAP and Securities and Exchange Commission disclosure requirements?

Based on E&Y's experience, and their knowledge of the Company, has the Company implemented internal controls and internal audit procedures that are appropriate for the Company?

During the course of the fiscal year, has E&Y received any communication or discovered any information indicating any improprieties with respect to the Company's accounting and reporting procedures or reports?

The Audit and Finance Committee has also discussed with E&Y that they are retained by the Audit and Finance Committee and that they must raise any concerns about the Company's financial reporting and procedures directly with the Audit and Finance Committee. Based on these discussions and its discussions with management, the Audit and Finance Committee believes it has a basis for its oversight judgments and for recommending that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

What has the Audit & Finance Committee done with regard to the Company's audited financial statements for the year ended December 31, 2008?

The Audit and Finance Committee has concluded that E&Y is independent from the Company and its management.

Such shares may be authorized but unissued Common Stock, authorized and issued Common Stock held in the Company's treasury, or Common Stock acquired by the Company in the open market or otherwise. If the total number of shares which would otherwise be subject to options granted under the Plan on an Offering Date exceeds the number of shares then available under the Plan (after deduction of all shares for which options have been exercised or are then outstanding), the Committee shall make a pro rata allocation of the shares remaining available for option grant in as uniform a manner as shall be practicable and as it shall determine to be equitable. In such event, the Committee shall give written notice to each Participant of such reduction of the number of option shares affected thereby and shall similarly reduce the rate of payroll deductions, if necessary. In the event the above share limit is adjusted on account of a stock split or similar transaction under Section 14 below, all shares issued under the Plan prior to the adjustment shall be counted against that limit on a post-split adjusted basis.

4.1. Each Eligible Employee on an Offering Date shall become a Participant as of the Offering Date by completing an Authorization Form and filing it with the Plan Administrator or Designated Broker by the date required by the Plan Administrator pursuant to such method as the Plan

Edgar Filing: SKYWEST INC - Form DEF 14A

Administrator may establish from time to time in its sole discretion. The Authorization Form will remain in effect for subsequent Offering Periods, until modified or terminated by the Participant.

4.2. Any person who first becomes an Eligible Employee during an Offering Period shall become a Participant as of the first day of a subsequent Offering Date by completing an Authorization Form and filing it with the Plan Administrator or Designated Broker by the date required by the Plan Administrator pursuant to such method as may be established by the Plan Administrator from time to time in its sole discretion. The Authorization Form will remain in effect for subsequent Offering Periods, until modified or terminated by the Participant.

4.3. A person shall cease to be a Participant upon the earliest to occur of:

- (c) the date of a withdrawal from the Plan by the Participant as provided in Section 9.

5. GRANT OF OPTION

5.1. On each Offering Date the Company shall grant each Participant an option to purchase shares of Common Stock, subject to the limitations set forth in Section 3 and Sections 5.3 through 5.5.

5.2. The option price per share of the Common Stock subject to an offering shall be, unless otherwise determined by the Committee and communicated to Participants prior to the beginning of the Offering Period, ninety-five percent (95%) of the Fair Market Value of a share of Common Stock on the Exercise Date. In no event may the per share option price be less than the lesser of (i) eighty-five percent (85%) of the Fair Market Value of a share of Common Stock on the Exercise Date or (ii) eighty-five percent (85%) of the Fair Market Value of a share of Common Stock on the Exercise Date.

5.3. No Participant shall be granted an option if the Participant would immediately after the grant own directly or indirectly for purposes of Section 424(b)(3) of the Code stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company (or of a Subsidiary or parent, if any). In applying this limitation the constructive ownership rules of Code Section 424(d) shall apply and shares that the Participant may purchase under this Plan and any other options to purchase stock shall be deemed owned by the Participant.

5.4. Additionally, no Participant shall be granted an option to purchase Common Stock under the Plan which permits the Participant's rights to purchase stock under all employee stock purchase plans (as described in Section 423 of the Code) of the Company and its Subsidiaries to accrue at a rate that exceeds \$25,000 of the Fair Market Value of such stock (determined at the time such option is granted) for each calendar year in which such option is outstanding at any time.

5.5. In no event may a Participant purchase more than 1,250 shares of Common Stock during any Offering Period (as adjusted pursuant to Section 14, if applicable).

6. PAYROLL DEDUCTIONS

6.1. A Participant may, in accordance with rules adopted by the Plan Administrator, file an Authorization Form that authorize a payroll deduction of any whole number percentage from one percent (1%) to fifteen percent (15%) (or such other percentage as may be established by the Committee from time to time in its sole discretion) of such Participant's Compensation on each pay period during the Offering Period. Alternatively, a Participant may designate a flat dollar amount of Compensation (not in excess of 15% of the Participant's Compensation for the payroll period) to be

withheld from the Participant's Compensation each payroll date. All payroll deductions made by a Participant shall be credited to his or her Account under the Plan. All payroll deduction elections shall be made on forms and within time frames designated by the Plan Administrator. A Participant may increase such payroll deduction effective as of each Offering Date provided the Participant files an Authorization Form requesting the increase in accordance with rules established by the Plan Administrator. A Participant may decrease or cease payroll deductions during an Offering Period by filing an Authorization Form requesting the decrease or cessation in accordance with rules established by the Plan Administrator.

6.2. All payroll deductions made by a Participant shall be credited to the Participant's Account. A Participant may not make any additional payments to the Participant's Account. No interest shall be paid on or credited to the payroll deduction contributions to the Participant's Account.

7. EXERCISE OF OPTION

7.1. Unless a Participant withdraws from the Plan as provided in Section 9, the Participant's option to purchase shares of Common Stock will be exercised automatically on the Exercise Date, and the maximum number of full and fractional shares of Common Stock subject to such option will be purchased for such Participant at the applicable option price with the accumulated payroll deductions in the Participant's Account. Any accumulated payroll deductions in the Participant's Account on the Exercise Date that are not applied to purchase Common Stock shall be returned to the Participant without interest.

7.2. The shares of Common Stock purchased upon exercise of an option hereunder shall be credited to the Participant's Account and shall be deemed to be transferred to the Participant on the Exercise Date and, except as otherwise provided herein, the Participant shall have all rights of a stockholder with respect to such shares. Shares of Common Stock received upon stock dividends or stock splits shall be treated as having been purchased on the Exercise Date of the shares to which they relate.

8. DELIVERY OF COMMON STOCK

As promptly as practicable after receipt by the Plan Administrator or Designated Broker of a request for withdrawal of Common Stock from any Participant in accordance with rules established by the Plan Administrator, the Plan Administrator shall arrange for delivery to such Participant of one or more stock certificates representing the shares of Common Stock which the Participant requests to withdraw.

9. WITHDRAWAL; TERMINATION OF EMPLOYMENT

9.1. A Participant may withdraw all, but not less than all, the payroll deductions and cash dividends credited to the Participant's Account at any time by giving written notice to the Plan Administrator which is received at least thirty (30) days prior to the Exercise Date (or such other notice period as may be established by the Plan Administrator from time to time in its sole discretion). All such payroll deductions and cash dividends credited to the Participant's Account will be paid to the Participant promptly after receipt of such Participant's notice of withdrawal; and the Participant's option for the Offering Period in which the withdrawal occurs will be automatically terminated. No further payroll deductions for the purchase of shares of Common Stock will be made for the Participant during such Offering Period, and any additional cash dividends during the Offering Period will be distributed to the Participant.

9.2. Upon termination of a Participant's status as an Employee during the Offering Period for any reason the payroll deductions and cash dividends remaining credited to the Participant's Account will be returned (and any future cash dividends will be distributed) to the Participant or, in the case of the

Participant's death, the estate of the Participant, and the Participant's option will be automatically terminated. A Participant's status as an Employee shall not be considered terminated in the case of a leave of absence agreed to in writing by the Company or a Designated Subsidiary (including but not limited to, military and sick leave), provided that such leave is for a period of not more than six (6) months or reemployment upon expiration of such leave is guaranteed by contract or statute.

9.3. A Participant's withdrawal from an offering will not have any effect upon such Participant's eligibility to participate in a subsequent offering.

10. DIVIDENDS

10.1. Cash dividends paid on Common Stock held in a Participant's Account shall be distributed to Participants as soon as practicable. Dividends paid in Common Stock or stock splits of the Common Stock shall be credited to the Accounts of Participants. Dividends paid on Common Stock in property (other than cash or Common Stock) shall be distributed to Participants as soon as practicable.

10.2. No interest shall accrue on or be payable with respect to the payroll deductions or credited cash dividends of a Participant in the Plan.

11. ADMINISTRATION

Except for those rights and powers expressly reserved to the Board and Committee hereunder, the Plan shall be administered by the Plan Administrator, and the Plan Administrator may select a third party administrator to whom some or all of its duties and responsibilities hereunder may be delegated. The Plan Administrator shall have full power and authority, subject to the provisions of the Plan, to promulgate such rules and regulations as it deems necessary for the proper administration of the Plan, to interpret the provisions and supervise the administration of the Plan, and to take all action in connection therewith or in relation thereto as it deems necessary or advisable. The determination of the Plan Administrator or Committee, as applicable, on any matters relating to the Plan shall be final, binding and conclusive. The Company will pay all expenses incurred in the administration of the Plan. No member of the Committee or individual acting on behalf of the Plan Administrator shall be personally liable for any action, determination, or interpretation made in good faith with respect to the Plan, and all members of the Committee and individuals acting on behalf of the Plan Administrator shall be fully indemnified by the Company with respect to any such good faith action, determination or interpretation.

12. NO TRANSFERABILITY

Neither payroll deductions credited to a Participant's Account nor any rights with regard to the exercise of an option or to receive shares of Common Stock under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will or the laws of descent and distribution) by the Participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Plan Administrator may treat such act as an election to withdraw funds in accordance with Section 9.

13. USE OF FUNDS

All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

14. EFFECT OF CERTAIN CHANGES

14.1. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend), stock split, reverse stock split, spin-off or similar transaction or other change in corporate structure affecting the shares of Common Stock of the Company or the value thereof, the Committee shall make such adjustments to the Plan and the then outstanding options under the Plan as the Committee, in its sole discretion, deems equitable and appropriate taking into consideration the accounting and tax consequences of such adjustments, including proportionate adjustments to: (a) the aggregate number of shares of Common Stock that may be delivered under the Plan, (b) the maximum number of shares of Common Stock that may be purchased under the Plan by any one Participant in an Offering Period, and (c) the number, and exercise price of shares of Common Stock subject to outstanding Awards granted under the Plan. Such adjustments may be retroactive and shall be made by the Committee, whose determination in that respect shall be final, binding and conclusive.

14.2. In the event of a Corporate Transaction, the Committee in its sole discretion may provide that immediately prior to the consummation of such Corporate Transaction the Offering Period then in progress will end and all outstanding options (a) will be exercised; or (b) will be cancelled in exchange for a payment in cash, securities or other property based upon the excess of the Fair Market Value of a share of Common Stock immediately prior to the transaction over the option price.

15. TERMINATION OR AMENDMENT

The Board may at any time terminate, suspend or amend the Plan as it shall deem advisable. No such termination may adversely affect options previously granted without the consent of affected Participants. No amendment shall be effective unless approved by the stockholders of the Company if stockholder approval of such amendment is required to comply with applicable law, including Section 423 of the Code and the rules and regulations of the NASDAQ Stock Market (or such other principal securities market on which the Common Stock is traded). Notwithstanding the foregoing, without approval of the Board or stockholder consent and without regard to whether any Participant rights may be considered to have been adversely affected: (a) the Committee shall be entitled to make the adjustments and changes described in Section 14 above and change the Offering Periods; and (b) the Plan Administrator may limit the frequency and/or number of changes in the amount withheld during an Offering Period, permit payroll withholding in excess of the amount designated by a Participant in order to adjust for delays or mistakes in the processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of shares for each Participant properly correspond with amounts withheld from the Participant's Compensation, and establish such other limitations or procedures as the Plan Administrator determines in its sole discretion to be advisable that are consistent with the Plan.

16. NO EMPLOYMENT RIGHTS

Nothing in the Plan shall confer upon any Participant the right to continue in the employment of the Company or any Subsidiary or affect any right which the Company or any Subsidiary may have to terminate the employment of any Participant at any time for any reason at will.

17. REGULATIONS AND OTHER APPROVALS; GOVERNING LAW

17.1. This Plan and the right of all persons claiming an interest hereunder shall be construed and determined in accordance with the laws of the State of Utah without reference to principles of conflict of laws.

17.2. The obligation of the Company to sell or deliver shares of Common Stock with respect to options granted under the Plan shall be subject to all applicable laws, rules and regulations, and the obtaining of all such approvals by governmental agencies as may be deemed necessary or appropriate by the Plan Administrator. Without limiting the foregoing, shares of Common Stock shall not be issued with respect to an option under this Plan unless the exercise of such option and the issuance and delivery of such shares complies with all applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, the rules and regulations promulgated thereunder, applicable state securities laws and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance. As a condition to the exercise of an option, the Company may require the person exercising such option to represent and warrant at the time of any such exercise that the shares are being purchased only for investment and without any present intention to sell or distribute such shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

18. WITHHOLDING OF TAXES

If the Participant makes a disposition, within the meaning of Section 424(c) of the Code and regulations promulgated thereunder, of any shares of Common Stock issued to such Participant pursuant to the Participant's exercise of an option, and such disposition occurs within the two-year period commencing on the day after the Offering Date or within the one-year period commencing on the day after the Exercise Date, such Participant shall, within five (5) days of such disposition, notify the Company thereof. In addition, in order to satisfy the requirement to withhold the amount (if any) of federal, state or local taxes that the Company (or Subsidiary) determines is applicable, the Company may (i) deduct shares of Common Stock from the Participant's Account equal in value to such amount, and (ii) the Company and any Subsidiary may deduct such amount from any other compensation payable to the Participant.

19. MISCELLANEOUS

19.1. If any provision of the Plan shall be held unlawful or otherwise invalid or unenforceable in whole or in part by a court of competent jurisdiction, such provision shall (a) be deemed limited to the extent that such court of competent jurisdiction deems it lawful, valid and/or enforceable and as so limited shall remain in full force and effect, and (b) not affect any other provision of the Plan or part thereof, each of which shall remain in full force and effect. If the making of any payment or the provision of any other benefit required under the Plan shall be held unlawful or otherwise invalid or unenforceable by a court of competent jurisdiction, such unlawfulness, invalidity or unenforceability shall not prevent any other payment or benefit from being made or provided under the Plan, and if the making of any payment in full or the provision of any other benefit required under the Plan in full would be unlawful or otherwise invalid or unenforceable, then such unlawfulness, invalidity or unenforceability shall not prevent such payment or benefit from being made or provided in part, to the extent that it would not be unlawful, invalid or unenforceable, and the maximum payment or benefit that would not be unlawful, invalid or unenforceable shall be made or provided under the Plan.

19.2. As used in the Plan, the words "*include*" and "*including*," and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words "*without limitation*."

19.3. The captions in the Plan are for convenience of reference only, and are not intended to narrow, limit or affect the substance or interpretation of the provisions contained herein.

20. EFFECTIVE DATE; APPROVAL OF STOCKHOLDERS

The Plan shall become effective as of July 1, 2009, subject to approval by the Company's stockholders not later than June 30, 2009. No Shares shall be issued under the Plan unless the Plan is approved by the shareholders by June 30, 2009. If the shareholders of the Company do not approve the Plan in the manner that meets the requirements of Code Section 423 by June 30, 2009, the Plan shall automatically expire and terminate on that date and no shares of Common Stock shall be issued under the Plan. If approved by the shareholders on or before June 30, 2009, the Plan shall continue in effect until terminated under Section 15 above.
