Voting on Matters before the Annual Meeting

Q: What am I voting on?

A: There are two items that shareholders are asked to vote on at the Annual Meeting:

Proposal 1: The election of four Class I directors.

Proposal 2: The ratification of the appointment of Ernst & Young LLP as the Company's independent public accountants for the fiscal year ending December 31, 2010.

Q: Who is entitled to vote?

A: Only shareholders of record at the close of business on April 6, 2010 (the "Record Date") will be entitled to receive notice of, and to vote at, the Meeting. As of the Record Date, there were outstanding 17,914,937 shares of Common Stock, par value \$.01 per share (the "Common Stock"), and 35,000 shares of Series B Convertible Preferred Stock ("Preferred Stock"). The holders of Common Stock are entitled to one vote per share and the holders of the Preferred Stock are entitled to one vote for each share of Common Stock issuable upon conversion of the Preferred Stock as of the Record Date (15.65 votes per share). Shareholders of record of the Common Stock and the Preferred Stock may vote their shares either in person or by proxy. The presence in person or by proxy of 9,231,344 shares will constitute a quorum at the Meeting.

Q: How do I cast my vote?

A: If you hold your shares as a registered shareholder, you can vote in person at the Annual Meeting or you can vote by mail, telephone or on the Internet. For directions to the Annual Meeting, please contact the Corporate Secretary by writing or by telephone at DineEquity, Inc., 450 N. Brand Boulevard, Glendale, CA 91203, Telephone: (818) 240-6055.

If your stock is held through a broker or bank, you will receive voting instructions from your broker or bank describing how to vote your stock. The availability of telephone or Internet voting will depend upon the bank's or broker's voting processes.

Without your instructions, your broker or bank is permitted to use its discretion and vote your shares on certain routine matters (such as Proposal 2 ratification of auditors) but is not permitted to use its discretion and vote your shares on non-routine matters (such as Proposal 1 election of directors). Prior to this year, election of directors was considered a routine matter and your broker or bank was permitted to use its discretion to vote your shares on the election of directors. Accordingly, we urge you to give your broker or bank instructions on voting your shares on Proposals 1 and 2. Shares that are not permitted to be voted by your broker or banker are called "broker non-votes".

Whichever method you use, each valid proxy received in time will be voted at the Annual Meeting by the persons named on the proxy card in accordance with your instructions. To ensure that your proxy is voted, it should be received by the close of business on May 17, 2010.

If you submit a proxy card without giving instructions, your shares will be voted as recommended by the Board of Directors.

BNY Mellon Shareowner Services has been engaged as the independent inspector of election to tabulate shareholder votes at the Meeting.

Q: How does the Board of Directors recommend voting?

A: The Board of Directors recommends voting **FOR** Howard M. Berk, Daniel J. Brestle, Caroline W. Nahas and Gilbert T. Ray to serve as Class I directors.

The Audit and Finance Committee of the Board of Directors recommends voting **FOR** ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm.

Q: How will my stock be voted on other business brought up at the Annual Meeting?

A: By signing and submitting your proxy card or voting your shares using the Internet or the toll-free telephone number, you authorize the persons named on the proxy card to use their

Table of Contents

discretion in voting on any other matter brought before the Annual Meeting. The Company does not know of any other business to be considered at the Annual Meeting.

Q: Can I change my vote or revoke my proxy?

A: Yes. You can change your vote or revoke your proxy at any time before it is voted at the Annual Meeting by executing a later-voted proxy by telephone, mail or the Internet or by voting by ballot at the Meeting.

Q: Will abstentions or broker non-votes affect the voting results?

A: Assuming a quorum is present, directors will be elected by a plurality of the votes cast in the election of directors. Abstentions and broker non-votes will have no direct impact on the election of directors. Other matters submitted for shareholder approval will be decided by the vote of the holders of a majority of the stock represented and entitled to vote at the Meeting. Abstentions and broker non-votes will be counted and will have the same effect as "no" votes on such matters.

Q: What is the date of distribution of this Proxy Statement and the proxies solicited hereby?

A: We are sending this Proxy Statement and the proxies to our shareholders beginning on or about April 16, 2010.

Q: Who will bear the costs of this proxy solicitation?

A: The Board of Directors of the Company is soliciting your proxy for use at the Annual Meeting, and at any adjournment thereof. The Company will bear the cost of this proxy solicitation, including the reimbursement of banks and brokers for their reasonable expenses of sending out proxy materials to the beneficial owners of our Common Stock. In addition, officers of the Company may solicit proxies in person or by mail, telephone, e-mail or fax.

Proposal 1. Election of Four Class I Directors

The Board of Directors of the Company is divided into three classes of directors. Class I directors currently serve until the Annual Meeting in 2010, Class II directors serve until the Annual Meeting in 2011 and Class III directors serve until the Annual Meeting in 2012 (in each case, until their respective successors are duly elected and qualified). At the Meeting, four Class I directors will be elected for three-year terms. Shares represented by the enclosed Proxy, if returned duly executed, or voted via the Internet or telephone, and unless instructions to the contrary are indicated thereon, will be voted for the nominees listed below.

The Board of Directors, upon recommendation of the Nominating and Corporate Governance Committee, has designated the four nominees listed below for election as Class I directors of the Company for terms expiring in 2013. Your Proxy will be voted as specified thereon or, if no instructions are given, for the Board's nominees; however, the persons designated to vote Proxies reserve full discretion to vote the shares represented by the Proxies for the election of the remaining nominees and any substitute nominee or nominees designated by the Board of Directors in the event the nominee who would otherwise receive the votes is unavailable or unable to serve as a candidate for election as a director. The Board of Directors has no reason to believe that any of the nominees will be unavailable or unable to serve if elected.

Frank Edelstein, who has served on the Company's Board of Directors since 1987, will retire from the Board upon the conclusion of the Annual Meeting in accordance with the Board retirement policy. Following the Annual Meeting, the number of directors will be ten.

The Board of Directors believes that each of the nominees and the continuing directors is well qualified to serve on the Board, and each of the nominees brings his or her particular business, industry and financial experience and expertise to the Board. The Board believes that the backgrounds and qualifications of all of the directors, considered as a group, provide a complementary blend of experience, knowledge and abilities.

Director Attendance at Annual Meetings. All directors are expected to attend the Company's Annual Meeting. All of the directors attended the Company's 2009 Annual Meeting.

Director Independence. The NYSE rules require listed companies to have a board of directors with at least a majority of independent directors. The Company's board of directors has had a majority of independent directors since it went public in 1991.

Under the NYSE rules, a director qualifies as "independent" upon the Board affirmatively determining that he or she has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a material relationship with the Company). Based upon a review of the directors' backgrounds and business activities, the Board has determined that directors Howard M. Berk, Daniel J. Brestle, H. Frederick Christie, Richard J. Dahl, Frank Edelstein, Michael S. Gordon, Larry Alan Kay, Caroline W. Nahas, Gilbert T. Ray, and Patrick W. Rose have no other material relationship with the Company and therefore that they qualify as independent. In making its determination, the Board considered Mr. Berk's position as a partner of MSD Capital, L.P. and the fact that MSD Capital, L.P. may be deemed to beneficially own 2,512,356 shares of the Company's Common Stock. The Company's Chief Executive Officer, Julia A. Stewart, does not qualify as an independent director.

Both the Sarbanes-Oxley Act of 2002 (the "Sarbanes Act") and the NYSE rules require the Board to have an audit committee comprised solely of independent directors, and the NYSE rules also require the Board to have a compensation committee and a nominating and corporate governance committee, each of which is comprised solely of independent directors. The Company is in compliance with these requirements.

Under the Sarbanes Act, members of an audit committee must have no affiliation with the Company, other than their Board seat, and receive no compensation from the Company except for service as a director and committee member. Every member of the Board's Audit and Finance Committee meets this independence standard.

The charters of all three of the Company's Board Committees can be found in the Corporate Governance section of our website, <http://www.dineequity.com>, and are also available at no charge upon written request to the Corporate Secretary, DineEquity, Inc., 450 N. Brand Boulevard, Glendale, CA 91203.

Audit Committee Financial Experts. Rules promulgated by the SEC under the Sarbanes Act require the Company to disclose annually whether the audit committee has one or more "audit committee financial experts," as defined by the SEC. The Board has determined that Mr. Dahl qualifies as an audit committee financial expert and is independent, as defined in the NYSE rules.

Code of Ethics for Chief Executive and Senior Financial Officers. The Board has adopted a code of ethics that applies to the Company's principal executive officer, principal financial officer and principal accounting officer, as required by the SEC. The Code of Ethics for the Chief Executive Officer and Senior Financial Officers can be found in the Corporate Governance section of our website, <http://www.dineequity.com>, and is also available at no charge upon written request to the Corporate Secretary, DineEquity, Inc., 450 N. Brand Boulevard, Glendale, CA 91203.

Non-Management Directors. The NYSE rules require that the non-management directors of a listed company meet regularly in executive sessions. The Company's non-management directors meet separately at each regular meeting of the Board and most committee meetings. The Lead Director, Richard J. Dahl, is not a member of management and presides during executive sessions of the Board.

Interested parties may express their concerns to the Company's non-management directors by contacting the Chairman of the Nominating and Corporate Governance Committee, care of the Corporate Secretary, DineEquity, Inc., 450 N. Brand Boulevard, Glendale, California 91203. Interested parties may also submit their communications electronically to directors@dinequity.com. The Corporate Secretary will forward all such communication to the director(s) indicated to receive the communication, or if no recipient is indicated, to the Lead Director.

Board Leadership Structure. The business and affairs of the Company are managed under the direction of the Board of Directors. Generally, it is management's responsibility to formalize, propose and implement strategic choices and the Board's role to approve strategic direction and evaluate strategic results, including both the performance of the Company and the performance of the Chief Executive Officer. The Board believes that the combined role of Chairman and Chief Executive Officer promotes the execution of the strategic responsibilities of Board and management because the Chief Executive Officer is the director most familiar with the Company's business and industry and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy.

Ms. Stewart has served as both the Chairman and Chief Executive Officer of the Company since May 2006. Because the Chairman is a member of management, the Board considers it useful and appropriate to designate a Lead Director to coordinate the activities of the independent directors. The presence of a Lead Director provides additional assurance as to the independence of the Board's oversight of management. Richard J. Dahl has served as the Lead Director since January 2010. Before Mr. Dahl, Larry Alan Kay served as Lead Director beginning in May 2006. The Board has adopted specific responsibilities of the Lead Director, which include:

presiding over executive sessions of the independent directors;

coordinating and developing the agenda for executive sessions of the independent directors;

assuming the lead role on behalf of the independent directors to communicate to the Chairman any feedback from executive session;

serving as principal liaison between the independent directors and the Chairman on Board issues;

calling meetings of the independent directors;

coordinating with the Chairman the schedule of Board meetings and the agenda, time allocation and quality, quantity, appropriateness and timeliness of information provided for each Board meeting;

recommending, after consulting with the Chairman wherever appropriate, the retention of outside advisors and consultants who report directly to the Board on Board issues; and

serving as interim Chairman in the event of a vacancy in that position.

The Board believes that the combined role of Chairman and Chief Executive Officer together with an independent Lead Director having the responsibilities outlined above provides the appropriate balance between strategy development and independent oversight of senior management.

The Board's Role in Risk Oversight. The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's strategic, financial and operational risks. The Company's Compensation Committee oversees the management of risks relating to the Company's compensation policies and practices. The Audit and Finance Committee oversees the management of risks associated with accounting, auditing, financial reporting and internal controls over financial reporting. The Audit and Finance Committee also assists the Board in its oversight of the integrity of the Company's

financial statements, the Company's compliance with legal and regulatory requirements, the qualifications and independence of the Company's auditors and the performance of the Company's independent auditors and the Company's internal audit function. The Audit and Finance Committee is responsible for reviewing and discussing the guidelines and policies governing the process by which senior management and the internal auditing department assess and manage the Company's exposure to risk, as well as the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. The Nominating and Corporate Governance Committee oversees risks associated with the independence of the Board of Directors. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Communications with the Board. Shareholders may communicate with the Board of Directors, care of the Corporate Secretary, DineEquity, Inc., 450 N. Brand Boulevard, Glendale, California 91203. Shareholders may also submit their communications electronically to directors@dineequity.com. The Corporate Secretary will forward all such communication to the director(s) indicated to receive the communication, or if no recipient is indicated, to the Lead Director.

Senior Management Evaluation. In consultation with the other independent directors, the Chairmen of the Compensation Committee and the Nominating and Corporate Governance Committee annually evaluate the performance of the Company's CEO.

Corporate Ethics Hotline. The Company maintains an ethics hotline, to allow any employee to express a concern or lodge a complaint, confidentially and anonymously, about any potential violation of the Company's Code of Conduct that is of concern.

Board Retirement Policy. In 2004, the Board resolved that effective with the 2005 Annual Meeting, no person may stand for election to serve as a member of the Company's Board of Directors if he or she shall have reached his or her 76th birthday. Under special circumstances, upon the recommendation of the Nominating and Corporate Governance Committee, and upon the consent and approval of a majority of the Board, a person who has reached his or her 76th birthday may be permitted to stand for election and serve on the Board.

Certain Relationships and Related Transactions

The Board has adopted a Global Code of Conduct for officers and employees and a Code of Conduct for non-employee directors. The Company's Global Code of Conduct provides that executive officers who encounter a potential or actual conflict of interest must fully disclose all facts and circumstances to the Company's General Counsel, who will inform and seek a determination from the Audit and Finance Committee of the Board of Directors as to whether a conflict exists and the appropriate disposition of the matter. The Company's Code of Conduct for Non-Employee Directors provides that any director who becomes aware of any situation that involves, or reasonably may appear to involve, a conflict of interest with the Company must promptly bring it to the attention of the Company's General Counsel or the Chairman of the Audit and Finance Committee of the Board of Directors. Waivers of the Global Code of Conduct for executive officers may be made only by the Board of Directors. Waivers of the Code of Conduct for Non-Employee Directors may be made only by the disinterested directors of the Board of Directors or the Audit and Finance Committee of the Board of Directors, and any such waiver shall be promptly disclosed to shareholders. The Board of Directors and the Audit and Finance Committee review whether such waivers are in the best interests of the Company and our shareholders, taking into account all relevant factors. There were no waivers of the Global Code of Conduct for executive officers or the Code of Conduct for Non-Employee Directors in 2009. The Company's Global Code of Conduct and Code of Conduct for Non-Employee Directors can be found in the Corporate Governance section of our website, <http://www.dineequity.com> and are also available

at no charge upon written request to the Corporate Secretary, DineEquity, Inc., 450 N. Brand Boulevard, Glendale, CA 91203.

The Global Code of Conduct provides that a conflict of interest occurs when an executive officer's personal interests (or those of a family member) interfere, or even appear to interfere, with the best interests of the Company. Such Code also provides that conflicts of interest may include, for example:

A personal relationship with any individual doing business with the Company, where favoritism or preferential treatment either occurs or is perceived to occur.

A personal interest in a competitor, vendor or franchisee of the Company.

The acquisition of a personal or family interest in property or a business where, reasonably, a person should know the Company has, or might have, an interest.

An outside interest, activity or job that affects job performance, such as one that requires a significant amount of time and interest diverted from a person's responsibilities to the Company or that utilizes the skills, know-how or resources that a person acquired and/or uses at the Company.

The receipt of an improper payment or personal benefit as a result of employment with the Company.

The taking of personal advantage of a business or investment opportunity through use of Company property, a person's position with the Company, or non-public information obtained through employment with the Company.

The Code of Conduct for Non-Employee Directors provides that a conflict situation can arise when a director takes actions or has interests, such as employment by, or ownership interest in, a competitor, supplier or franchisee of the Company, that may make it difficult to perform his or her obligations to the company objectively and effectively. Such Code also provides that conflicts of interest also arise when a director, or member of his or her immediate family, receives improper personal benefits as a result of his or her position in the Company or competes with the Company, directly or indirectly, in the purchase, sale or ownership of property or services or investment opportunities.

Neither the Global Code of Conduct nor the Code of Conduct for Non-Employee Directors addresses the conduct of nominees (or members of their immediate family) for directors (who are not already board members) or the beneficial owner (including any immediate family member) of more than five percent of the Company's voting securities. The charter of the Nominating Committee of the Board provides that it will consider conflicts of interest in evaluating potential Board candidates. As a matter of practice, the Board of Directors or the Audit and Finance Committee of the Board would be called upon to review any transaction involving such security holders (or members of their immediate family) that would be required to be disclosed by the applicable rules of the SEC.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee (the "Nominating Committee") is comprised of four independent directors: H. Frederick Christie (Chairman), Michael S. Gordon, Gilbert T. Ray and Patrick W. Rose. The Nominating Committee operates under a written charter adopted by the Board of Directors, which can be found in the Corporate Governance section of our corporate website, <http://www.dineequity.com>, and is also available at no charge upon written request to the Corporate Secretary, DineEquity, Inc., 450 N. Brand Blvd., Glendale, CA 91203. The chart set forth in "Board Committees and their Functions" describes some of the principal functions of the Committee under its charter.

The Nominating Committee will consider director candidates recommended by shareholders. Shareholders wishing to recommend director candidates for consideration by the Nominating Committee may do so by writing to the Corporate Secretary, giving the recommended nominee's name, biographical data and qualifications, accompanied by the written consent of the recommended nominee.

Director Qualifications. Consistent with its charter, the Nominating Committee considers various criteria in evaluating Board candidates, including, among others, experience, interpersonal skills, expertise, diversity, personal and professional integrity, character, business judgment, business philosophy, ability to make independent analytical inquiries, understanding of the Company's business environment, time availability in light of other commitments, dedication, conflicts of interest and such other relevant factors that the Nominating Committee considers appropriate in the context of the needs of the Board. In considering diversity, the Nominating Committee evaluates candidates with a broad range of expertise, experience, skills, professions, education, backgrounds and other board experience. The Nominating Committee endeavors to ensure that the directors will bring diverse viewpoints, opinions and areas of expertise that will benefit the Board as a whole. The Nominating Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees.

The Nominating Committee also considers whether a potential nominee would satisfy the NYSE's criteria for director "independence," the NYSE's "financial management expertise" standard and the SEC's definition of "audit committee financial expert."

Whenever a vacancy exists on the Board due to expansion of the Board's size or the resignation or retirement of an existing director, the Nominating Committee begins its process of identifying and evaluating potential director nominees. The Nominating Committee considers recommendations of management, shareholders and others. The Nominating Committee has sole authority to retain and terminate any search firm to be used to identify director candidates, including approving its fees and other retention terms.

The Nominating Committee conducted an evaluation and assessment of the directors whose term expires in 2010 for purposes of determining whether to recommend them for nomination for re-election to the Board of Directors. After reviewing the assessment results, the Nominating Committee

determined to recommend to the Board that Howard M. Berk, Daniel J. Brestle, Caroline W. Nahas and Gilbert T. Ray be nominated for re-election to the Board of Directors. The Board accepted the Nominating Committee's recommendation and has nominated Howard M. Berk, Daniel J. Brestle, Caroline W. Nahas and Gilbert T. Ray.

The Nominating Committee did not receive any recommendations from shareholders proposing candidates for election to the Board at the Annual Meeting.

Compensation of Directors

Compensation for service on the Board of Directors is paid only to non-employee directors, which is comprised of a cash component and an equity component (See discussion and chart under "Director Compensation" on page 36). Cash compensation for non-employee directors is comprised of separate fees for board membership, participation on one or more board committees and, where applicable, for serving as the chairman of a board committee. The annual board membership fee for each of the non-employee directors is \$50,000, except that the Lead Director's annual fee is \$75,000. The annual fees for participating on the Audit and Finance Committee, the Compensation Committee and the Nominating and Corporate Governance Committee are \$10,000, \$7,500 and \$5,000 respectively. In addition, the chairmen of the Audit and Finance, Compensation, and Nominating and Corporate Governance Committees receive annual fees for their services as chairmen of \$15,000, \$10,000 and \$5,000 respectively. The Company reimburses each of the directors for his or her reasonable expenses for attendance at Board and Committee meetings and other Company events.

Non-employee directors are granted equity compensation awards under the 2005 Stock Incentive Plan for Non-Employee Directors (the "2005 Plan"). Under the 2005 Plan, non-employee directors may receive periodic grants of stock options and/or restricted stock. Equity compensation for non-employee directors is targeted at \$100,000 in value per director. In 2009, each non-employee director received 10,000 shares of restricted stock. The restrictions on these shares lapse on February 23, 2012. On March 1, 2010, each non-employee director received a restricted stock unit award covering 5,000 shares, other than Mr. Brestle who received a restricted stock unit award covering 4,000 shares. The restrictions on these awards lapse on March 1, 2013. In 2009, awards were issued to the non-employee directors below intended value targets. In 2010, an additional 1,000 shares were issued to each non-employee director, other than Mr. Brestle, to address the 2009 shortfall. Because Mr. Brestle was not a director of the Company at the time of the 2009 award issuance, he did not receive the supplemental award of 1,000 shares in 2010.

Paying for performance; and

Table of Contents

Rewarding executives for achievement of both annual and longer-term Company financial and key operating goals.

The Committee has structured the Company's executive compensation programs to meet these objectives.

The executive compensation program consists of three main components:

Annual base salary;

Annual cash bonus; and

Long-term incentives which may be issued in the form of stock options, restricted stock grants, or performance awards.

The annual cash bonus and long-term incentives, in addition to annual merit increases, constitute the performance-based portion of the compensation program. The NEOs' compensation for 2009 reflected the commitment of the Committee to linking compensation with Company and individual performance.

The Committee's compensation strategy calls for the establishment of targets for each NEO against a peer group for base salaries and for "total direct compensation," which the Committee defines to consist of base salaries, bonuses and long-term incentives. In general, base salaries are targeted at the median of the peer group companies. Total direct compensation opportunity for each NEO is generally set to fall within the third quartile, which is to say between the 50th and 75th percentiles, of the relevant benchmark data. Rather than striving for a single market reference point, the Committee believes that a broader, third quartile positioning provides appropriate flexibility in providing tailored award opportunities based on a variety of factors such as performance, internal equity and market data. A significant portion of executive pay has been structured to be contingent on satisfying internal performance goals or on increasing shareholder value. Accordingly, executives will not realize the incentive portion of their total pay opportunity unless these objectives are satisfied. The Committee believes that this performance focus, coupled with the pay positioning described above, will facilitate the attraction, retention and motivation of a quality executive team.

(b) Compensation Setting and Equity Grant Procedures

It has been the Committee's general practice to review executive compensation at least annually. Decisions about annual salary increases, the approval of bonuses, the design of each year's bonus plan, and the granting of long-term incentive awards are made after a series of meetings among the Committee, the Committee's compensation consultant, the CEO, and relevant members of management. Neither the CEO nor other members of management participated in setting her/his own compensation, except indirectly, in the sense that they provided generalized information or recommendations about the scope or types of awards to be made to classes of participants under compensation plans that they also participated in (e.g., recommended ranges of stock grants for participants in the Company's 2001 Stock Incentive Plan). Generally, the CEO and Senior Vice President of Human Resources ("SVPHR") provide input to the Committee in connection with its compensation deliberations:

The CEO provided qualitative assessments of each NEO's past performance (other than herself), potential future contributions, and retention risk.

Based on the assessment described above, as well as the market data provided by the Committee's compensation consultant, the CEO and the SVPHR recommended to the Committee a positioning within the market range for each of the NEOs (other than the CEO).

In instances where new executives are hired, the CEO and the SVPHR discussed the executive's compensation with their current or former employer, actual versus desired skill set and

Table of Contents

qualifications, and the relative pros and cons of various candidates being considered for the position, and made recommendations of new executive pay packages to the Committee.

Compensation decisions are generally finalized at a meeting of the Committee held in the first quarter of each year. Subsequently, the Committee's decisions are presented in detail to the full Board of Directors. In addition, the Committee may be called upon from time to time to consider and approve compensation packages for new executives prior to hiring and to address other issues related to executive compensation programs as they may arise.

(c) Compensation Consultant

The Committee directly engaged Hewitt Associates ("Hewitt"), as independent outside compensation consultant, in 2009 to provide it with objective and expert analyses, advice, and information with respect to executive compensation. Hewitt provided no other services to the Company during the year. In performing its services, Hewitt interacted collaboratively with the Committee, and with senior management at the direction of the Committee. In 2009 Hewitt performed the following services:

Provided compensation benchmarking (as described below);

Provided analysis and advice regarding annual bonus plan design;

Provided analysis and advice regarding long-term incentive plan design; and

Responded to other ad-hoc requests.

Hewitt did not make any recommendations as to any amount to be paid to any NEO or any form of compensation to be paid to any NEO.

In 2010 the Committee retained the services of Exequity, LLP. Exequity is an independent compensation consulting firm and will provide only executive compensation advisory services to the Committee.

(d) Compensation Benchmarking and Peer Groups

The Company uses different peer groups and studies for different benchmarking comparisons, including base salary levels, target annual bonuses, and competitive long-term grants of equity-based compensation, as follows:

The Committee, with input from the compensation consultant and the CEO, reviewed a peer group (the "NEO Peer Group") for the purposes of evaluating executive compensation. The NEO Peer Group consists of the following companies:

Bob Evans Farms	CKE Restaurants, Inc.	Panera Bread Co.
Brinker International, Inc.	Darden Restaurants, Inc.	Papa Johns International, Inc.
Burger King Holdings, Inc.	Denny's Corp.	Ruby Tuesday, Inc.
CBRL Group, Inc.	Jack in the Box, Inc.	Sonic Corp.
Cheesecake Factory, Inc.	Landry's Restaurants, Inc.	Wendy's International, Inc.

This group of companies constitutes the primary data source considered by the Committee when reviewing total pay levels of the NEOs.

As secondary data sources for the NEOs, and as primary data sources for executives below the NEO level, the Committee also considered broader compensation data which included general industry pay data from the Hewitt Total Compensation Measurement database, and data on restaurant-specific jobs from the Hay Group Chain Restaurant Compensation Association Participant Report. The list of companies contained in each of these secondary data sources is found in Annex A on page A-1.

Table of Contents

(e) Allocation of Compensation

Consistent with the objectives of linking executives' interests with those of the Company's shareholders and instilling an ownership culture throughout the Company, a significant portion of total direct compensation for each of the NEOs was performance-based. This included annual bonuses paid in cash, which measure near-term operational goals, and awards of stock options, which only have value if the stock price appreciates over the grant price. In connection with the commencement of their employment with the Company in 2009, Mr. Tierney and Ms. Birch also received restricted stock awards in addition to stock options.

(f) Annual Base Salaries

In setting annual base salaries, the Committee generally considers benchmarking data derived from a review of the proxy statement disclosures of the NEO Peer Group, data from general and restaurant industry compensation surveys, input from the compensation consultant and, in the case of the NEOs other than Ms. Stewart, CEO recommendations and assessments of the performance of the individual NEOs.

In 2009 the Committee made no increases to NEO salaries, with the exception of Mr. Calvin. Mr. Calvin's salary was increased from \$217,500 to \$270,000 during 2009 to reflect increased responsibilities within the Company. Additionally, a special stipend of \$50,000 was paid to Mr. Calvin in 2009 for serving as interim CFO.

(g) Performance-Based Compensation

1. Annual Bonus

In February of 2009, the Committee established an incentive arrangement (the "Incentive Plan") to reward officers whose performance meets or exceeds the Company's expectations, to provide incentives for future excellent performance that will contribute to the Company's success and profitability, and to serve as a means by which eligible participants may share in the Company's financial success. The Incentive Plan operates under the Company's shareholder approved 162(m) plan for NEOs which funds a bonus pool based on 30% of cash flow from operations, and which limits individual payouts to no more than 7% of that pool.

Pursuant to the Incentive Plan, the bonus amount for each of the NEOs is targeted as a percentage of salary based on the participant's level in the management structure. At the CEO level, the target bonus for Ms. Stewart was set at 100% of her base salary. Other "Chief" level officers and the business unit presidents' bonus targets were set at 75% of base salary. Accordingly, the bonus targets under the Incentive Plan for Messrs Tierney, Archer and Celio and Ms. Birch were set at 75% of base salary. As Vice President, Controller, Mr. Calvin's bonus target was set at 40% of base salary and increased to 50% of base salary in November of 2009. Decisions regarding the target bonus percentages were made in consultation with the compensation consultant and after consideration of the studies and peer group data mentioned above. These target bonuses are generally consistent with bonus opportunities found at the peer companies for similarly situated executives.

The Incentive Plan provides that the bonus amount for 2009 for each executive other than Ms. Stewart would be based on a combination of EBITDA performance and Individual Business Objectives ("IBOs"). Each executive's IBO's are intended to be challenging, measurable objectives that are designed to significantly impact the Company's performance and are mutually agreed upon by the executive and his or her supervisor. Ms. Stewart's bonus amount was based on DineEquity, Inc. EBITDA, with the Committee retaining the discretion to adjust such amount up or down. The Committee made no such adjustment for 2009.

EBITDA performance was measured at the both the DineEquity, Inc. and business unit levels. Other than Ms. Stewart, each NEO had 30% of his or her bonus determined through IBOs, with the

Table of Contents

remaining 70% based on DineEquity, Inc. EBITDA, or DineEquity, Inc. and business unit EBITDA, depending on the role of the NEO. The measurement of the 70% EBITDA component differed depending on the role of the NEO:

Corporate Executives 100% measured on DineEquity, Inc. EBITDA

Applebee's Executives 70% measured on Applebee's business unit EBITDA and 30% measured on DineEquity, Inc. EBITDA

IHOP Executives 70% measured on IHOP business unit EBITDA and 30% measured on DineEquity, Inc. EBITDA

The table below illustrates the EBITDA goals and actual achievements for DineEquity, Inc., Applebee's business unit and IHOP business unit:

	DineEquity, Inc.	Applebee's Business Unit	IHOP Business Unit
2009 EBITDA Goal	\$ 366.8MM	\$ 245.5MM	\$ 173.6MM
Actual 2009 EBITDA	\$ 372.6MM	\$ 248.5MM	\$ 178.9MM
Percentage of Goal Achieved	101.6%	101.2%	103.1%

The 2009 Incentive Plan was structured not to pay any bonus amounts for performance below 85% of budgeted EBITDA. At 85% of budgeted EBITDA, 50% of target bonus would be earned. At budgeted levels of EBITDA, 100% of target bonus would be earned. For each percentage point above budgeted EBITDA performance, an additional 10% of target bonus would be earned.

The final bonus amount under the Incentive Plan is determined by combining the results of the categories that each NEO was measured against. As explained above, all executives were measured against DineEquity, Inc. performance, and some were measured against a combination of DineEquity, Inc. performance and business unit performance. All NEOs, with the exception of the CEO, were also measured against IBOs, which constituted 30% of each such executive's bonus. At the end of 2009, Ms. Stewart assessed the performance of each of the NEOs against their respective IBOs and assigned a percentage level of performance (the "IBO Performance"). The IBOs measured the following items:

Mr. Tierney's IBOs included goals related to achieving efficiencies in the financial processes of DineEquity, Inc., managing and repurchasing debt, and standardizing financial reporting between DineEquity, Inc. and its business units.

Mr. Archer's IBOs included goals related to sales, traffic, and margin objectives at the Applebee's business unit. Additionally Mr. Archer was evaluated on objectives related to the transformation of the culture at the Applebee's business unit.

Ms. Birch's IBOs included goals related to becoming acquainted with and fully integrating into the IHOP business unit and the DineEquity, Inc. organization, to develop strong relationships with key franchisees, and to focus on key operating metrics for the IHOP business unit.

Mr. Celio's IBOs included goals related to new business development initiatives, including product licensing, new brand concepts and non-traditional venue development.

Mr. Kalvin's IBOs included goals related to initiatives on key financial systems integration projects.

Each of the NEOs earned their full target with respect to the IBO portion of the Incentive Plan.

The amounts awarded to the NEOs under the Incentive Plan are reflected in the column entitled "Non-equity incentive plan compensation" of the Summary Compensation Table, on page 30.

2. Long-Term Incentives

The NEOs participate in the DineEquity, Inc. 2001 Stock Incentive Plan (the "2001 Plan") which is aimed at promoting the acquisition and ownership of the Company's stock by executives and other Company employees. Under the 2001 Plan, the Committee may grant stock options, restricted stock, performance shares or other stock based incentives.

Annual Equity Awards

In 2009, the Committee granted each of the NEOs non-qualified stock options which vest in one-third increments on the first, second and third anniversaries of the dates of grant. Stock options were chosen as the sole long-term incentive vehicle in 2009 for the annual awards in order to provide a strong incentive to increase shareholder value. In issuing only stock options, the Committee ensured that executives will realize no gain attributable to these awards unless the stock price increases above the grant price and is sustained through the vesting periods. The Committee considered a range of factors in setting the number of shares covered by each stock option to be awarded to the NEOs, including assessments of each of their individual performance, the fair market value of the Company's Common Stock at the time the stock options were granted, the potential contribution that each NEO could be expected to make in the future, each NEO's targeted total direct compensation, grants of equity-based awards previously given to certain of the NEOs, the size of awards provided to other individuals holding similar positions in the NEO Peer Group, and the number of shares which remained available for issuance under the plan.

Table of Contents

The table below provides information regarding the grants of stock options to the NEOs in 2009.

Name	Stock Options
Julia A. Stewart	150,000
Jack F. Tierney(1)	80,000
Michael J. Archer	150,000
Jean M. Birch(1)	75,000
Richard C. Celio	27,500
Greggory Calvin	25,000

- (1) In addition to the stock options shown above, and in connection with his or her hiring in 2009, Mr. Tierney received 20,000 shares of restricted stock, and Ms. Birch 25,000 shares of restricted stock.

Payout of LTIP Awards

Prior to 2008, executives were granted awards under a long-term incentive program ("LTIP"). The objective of this program was to focus management attention on the longer-term growth and cash generation objectives of the Company and to reward participants for achieving specific three-year goals. With respect to the three-year period beginning January 1, 2007 and ending December 31, 2009 (the "Performance Period"), payouts were earned for achieving specified business objectives for aggregate net cash flow from operations and EBITDA results. Two-thirds of the award could be earned based on cash flow results during 2007 and 2008, and one-third of the award could be earned based on DineEquity, Inc. and IHOP business unit EBITDA results in 2009. Depending upon the performance of the Company against these measures over the Performance Period, it was possible for the participants to receive cash and stock with a total value ranging from 0% to 150% of the targeted number of shares. In addition, any dividends declared on the Company's Common Stock during the Performance Period were deemed to have been reinvested in additional shares of the Company's Common Stock as of the date of the dividend payment and such shares were paid to the participants after the Performance Period.

Results for the LTIP cycle ending in 2009 are summarized below:

2007 - 2008 net cash flow from operations of \$131.7MM versus a target of \$130.0MM

2009 DineEquity, Inc. EBITDA of \$372.6MM versus a target of \$366.8MM

2009 IHOP business unit EBITDA of \$178.9MM versus a target of \$173.6MM

Pursuant to the terms of the LTIP award, half of the award is to be paid in cash and half in shares of Common Stock. Payouts by participant are shown below:

Executive Officer	Value of Payout	Payment in Shares 50% of Payout	Payment in Cash 50% of Payout
Julia A. Stewart	\$ 401,948	8,274	\$ 200,974
Jack F. Tierney(1)	NA	NA	NA
Michael J. Archer(1)	NA	NA	NA
Jean M. Birch(1)	NA	NA	NA
Richard C. Celio	\$ 107,166	2,206	\$ 53,583
Greggory Calvin	\$ 53,144	1,094	\$ 26,572

- (1) These executives were not employed with DineEquity, Inc. at the commencement of the Performance Period and did not participate in the program.

(h) 2009 CEO Compensation

The compensation of the CEO was determined solely by the Committee after considering input from the compensation consultant, external market data, and a holistic assessment of Ms. Stewart's performance. In 2009, Ms. Stewart did not receive a base salary increase. Furthermore, Ms. Stewart's 2009 bonus target was unchanged at 100% of base salary. Ms. Stewart's 2009 bonus payout was \$962,500 which represents 110% of her bonus target and was earned based on DineEquity, Inc.'s EBITDA performance. Ms. Stewart was also issued an option to purchase 150,000 shares at \$5.55. The grant-date value of Ms. Stewart's stock option award was considerably less than the grant-date value of her prior long-term incentive awards due to the Company's stock price at the time of grant.

(i) Stock Ownership Guidelines

The Board of Directors has adopted stock ownership guidelines for the NEOs and other executives. The guidelines are intended to further the Committee's objectives of linking executives' interests with those of the Company's shareholders. The guidelines call for Ms. Stewart to accumulate a minimum of 50,000 shares, Messrs. Tierney, Archer and Celio and Ms. Birch to accumulate a minimum of 15,000 shares, and Mr. Kalvin to accumulate a minimum of 8,000 shares over a five-year period beginning in the later of 2005 or the executive's date of hire or promotion. The types and amounts of stock-based awards are intended, in part, to facilitate the accumulation of sufficient shares by the Company's executives to allow them to meet the stock ownership guidelines.

The Committee annually reviews each NEO's progress towards meeting the stock ownership guidelines. The Committee has informed the executives that it may reduce or choose not to grant future stock-based compensation to any executives who fail to make reasonable progress towards meeting the stock ownership goals within the specified time period.

The Committee has determined that each of the NEOs still employed with the Company has met his or her objective or is making satisfactory progress towards accumulating the required number of shares.

(j) Employment Agreements and Change of Control Provisions

Each of Ms. Stewart, Mr. Archer and Mr. Celio is a party to an employment agreement with the Company, each dated as of November 1, 2008. Mr. Tierney has an employment agreement dated April 3, 2009 and Ms. Birch has an employment agreement dated June 22, 2009. Mr. Tierney and Ms. Birch were each provided with a sign-on bonus of \$100,000 as well as relocation benefits in connection with their offer of employment, which bonus and relocation benefits are required to be repaid upon certain terminations of employment within two years of the date of hire. Mr. Kalvin participates in the Company's Executive Severance and Change in Control Policy.

The employment agreements for Ms. Stewart, Messrs. Tierney, Archer and Celio and Ms. Birch provide for base salaries, target bonus opportunities of 75% (100% for Ms. Stewart) of base salary, car allowances, and certain other perquisites and benefit programs available to other employees. The employment agreements also contain confidentiality, trade secrets, discoveries, non-solicitation and non-competition provisions. The employment agreements call for initial employment terms of three years and provide for automatic successive one-year extensions unless the Company or the executive gives notice to the contrary more than 90 days prior to the expiration of the then current term of the agreement. The Company may terminate any of the agreements, at any time, with or without cause upon written notice to the executive.

The employment agreement for Ms. Stewart provides that in the event of termination by the Company without "cause" or by Ms. Stewart for "good reason" prior to a "change in control", she will be entitled to (i) a lump sum payment equal to two (2) times the sum of (A) her annual base salary, plus (B) the average of her actual bonus attributable to each of the preceding three fiscal years; (ii) continued health, disability and group term life insurance coverage for a maximum of 24 months;

In the event of a "change in control", any unvested stock options, stock appreciation rights, and other equity-based awards held by Ms. Stewart will vest, and any stock options or stock appreciation rights will remain exercisable until the earlier of 24 months after the date of termination or their original expiration date. In the event of termination by the Company without "cause" or by Ms. Stewart for "good reason" within twenty-four months following a "change in control", she will be entitled to (i) a lump sum payment equal to three times the sum of (A) her base salary, plus (B) the average of her actual bonus attributable to each of the preceding three fiscal years; (ii) a lump sum payment equal to her prorated bonus, based on actual performance prior to the date of termination; and (iii) continued health, disability and group term life insurance coverage for a maximum of 36 months.

The employment agreement for Ms. Stewart also provides that if any payment or benefit received by her would not be deductible by reason of Section 280G of the Internal Revenue Code of 1984, as amended (the "Code"), then the payment or benefits will be reduced until no portion of such payment or benefits is not deductible by reason of Section 280G of the Code, provided, that no such reduction will be made unless the net after-tax benefit received by the Ms. Stewart after such reduction would exceed the net after-tax benefit received by her if no such reduction was made.

The employment agreements for Messrs. Tierney, Archer and Celio and Ms. Birch provide that in the event of termination by the Company without "cause" or by the executive for "good reason" prior to a "change in control", the executive will be entitled to (i) a lump sum payment equal to the sum of (A) the executive's annual base salary, plus (B) the average of the executive's actual bonus attributable to each of the preceding three fiscal years; (ii) continued health, disability and group term life insurance coverage for a maximum of 12 months; (iii) vest in any unvested time or service-based stock options, stock appreciation rights, and any other equity-based awards that would have vested during the twelve month period following the executive's termination; (iv) vest in any unvested equity-based awards subject to any performance-based vesting conditions on a pro rata basis, based on actual performance during the applicable performance period through the date of the executive's termination of employment; and (v) to exercise any stock options or stock appreciation rights until the earlier of 24 months after the date of termination or their original expiration date.

The employment agreements for Messrs. Tierney, Archer and Celio and Ms. Birch provide that in the event of termination by the Company without "cause" or by the executive for "good reason" within twenty-four months following a "change in control", the executive will be entitled to (i) a lump sum payment equal to two times the sum of (A) the executive's base salary, plus (B) the average of the executive's actual bonus attributable to each of the preceding three fiscal years; (ii) a lump sum payment equal to the executive's prorated bonus, based on actual performance prior to the date of termination; (iii) continued health, disability and group term life insurance coverage for a maximum of 24 months; (iv) vest in full in any unvested stock options, stock appreciation rights, and any other equity-based awards; and (v) to exercise any stock options or stock appreciation rights until the earlier of 24 months after the date of termination or their original expiration date.

The employment agreements for Messrs. Tierney, Archer and Celio and Ms. Birch also provide that if any payment or benefit received by the executive would not be deductible by reason of Section 280G of the Internal Revenue Code of 1984, as amended (the "Code"), then the payment or benefits will be reduced until no portion of such payment or benefits is not deductible by reason of Section 280G of the Code, provided, that no such reduction will be made unless the net after-tax benefit received by the executive after such reduction would exceed the net after-tax benefit received by the executive if no such reduction was made.

Table of Contents

Each of the NEOs participate in the 2001 Plan, which provides that in the event of a change of control, unless otherwise determined by the administrator at or after grant, but prior to such change of control, all options not previously exercisable and vested will become fully exercisable and vested. In addition, awards of restricted stock, deferred stock and performance shares will be deemed fully vested and all restrictions and conditions thereon will lapse.

In October 2008, the Company adopted the Executive Severance and Change in Control Policy (the "Policy"). Mr. Kalvin is covered by the Policy. The Policy provides for severance benefits to certain executives with the title of vice president or higher in the event of termination by the Company without "cause" prior to a "change in control" and termination by the Company without "cause" or termination by the executive for "good reason" following a "change in control." The benefits are conditioned upon the executive signing and not revoking a release of claims.

In the event of termination by the Company without "cause" prior to a "change in control", the executive will be entitled to six months' base salary and a prorated bonus if the executive has completed less than five full years of service with the Company or twelve months' base salary and a prorated bonus if the executive has completed at least five full years of service with the Company. The executive would also receive up to \$5,000 in outplacement assistance.

In the event of termination by the Company without "cause" or by the executive for "good reason" within eighteen months following a "change in control", the executive will be entitled to twenty-four months' base salary, plus the greater of the target bonus for the year in which the termination takes place or the average of the executive's actual bonus attributable to each of the preceding three fiscal years. The executive would also receive up to \$5,000 in outplacement assistance. In addition, any unvested stock options, restricted stock or other unvested equity awards or grants will fully vest.

See "Potential Payments upon Termination or Change in Control" on page 35 for additional information about severance arrangements, including projected severance payment amounts, pursuant to the employment agreements and the Executive Severance and Change in Control Policy.

(k) Retirement Plans

DineEquity, Inc. 401(k) Plan

The Company maintains the DineEquity, Inc. 401(k) plan (the "401(k) Plan") for the benefit of all qualifying employees, including the NEOs. The 401(k) Plan is a tax-qualified retirement savings plan that permits employees to defer a portion of their income and cause it to be invested in a range of mutual funds. The IRS has set limits on the maximum amount that an employee may contribute to a 401(k) in any year. The participant contribution limit for 2009 was \$16,500. In addition, consistent with IRS regulations, the 401(k) Plan allows participants who will be 50 years old or older at any time during an applicable calendar year to make "catch-up" contributions. The IRS limit on catch-up contributions for 2009 was \$5,500.

The Company matches 100% of each participant's contributions to the 401(k) Plan up to an amount equal to 4% of the participant's eligible compensation (as defined under the 401(k) Plan).

Deferred Compensation Plan

NEOs are eligible to defer their base salaries, bonuses and certain stock-based compensation to the DineEquity, Inc. Deferred Compensation Plan for Deferrals after 2004 (the "2004 Deferred Compensation Plan"), which is a non-qualified plan. Deferrals are always 100% vested. This plan provides the NEOs with a long-term capital accumulation opportunity. The 2004 Deferred Compensation Plan provides a range of mutual funds as investment opportunities as well as Company stock. The Deferred Compensation Plan is designed to comply with section 409A of the Code.

Table of Contents

(l) Perquisites

The Company provides NEOs with perquisites to attract and retain senior executives. The Committee periodically reviews the perquisites provided to the NEOs.

Annual Physical

Each NEO is entitled to have an annual physical provided at the Company's cost. The results are confidential between the physician and the NEO.

Automobile Allowances

The Company pays each of the NEOs an automobile allowance.

Airline Clubs

The Company reimburses Ms. Stewart for three airline club memberships and each of the other NEOs for the cost of one airline club membership for their use when traveling.

Supplemental Life Insurance

The Company pays the premiums for Supplemental Life Insurance for each of the NEOs in addition to paying for life insurance for all eligible employees. Ms. Stewart's policy provides for \$1 million in supplemental life insurance and the policies for the other NEOs provide for \$500,000 in supplemental life insurance.

Supplemental Disability Insurance

The Company pays the premiums for supplemental disability insurance for each of the NEOs in addition to paying for disability insurance for all eligible employees. The policies for each NEO provide for 60% of pre-disability earnings (defined as annual base salary plus annual target bonus).

(m) Federal Income Tax Considerations and Accounting Matters

Deductibility of Certain Executive Compensation

Under Section 162(m) of the Code, certain income tax deductions may be limited to the extent total compensation for certain executives exceeds \$1 million in any one year, except for compensation payments that qualify as "performance-based." To qualify as "performance-based," compensation payments must be based solely upon the achievement of objective performance goals and made under a plan that is administered by the Committee. In addition, the material terms of the plan must be approved by the shareholders and the Committee must confirm that the performance goals were achieved before payments can be made. Certain of the Company's compensation programs have been designed to conform with Section 162(m) of the Code and related regulations. It is the intent of the Company and the Committee to qualify, to the maximum extent possible, its executives' compensation for deductibility under applicable tax laws, while recognizing that there may be situations in which compensation for certain executives in excess of the 162(m) limit may be warranted.

Bonus Plan

The bonus targets, expressed as a percentage of base salary, remain unchanged for the NEOs with the exception of Ms. Stewart. Ms. Stewart's bonus target was increased from 100% of base pay to 110% of base pay. The increase of the bonus target, along with the value of the long-term incentive awards made in 2010 (described below), results in total pay opportunity that approximates median CEO pay data found in the NEO Peer Group.

For the 2010 bonus plan, a cap has been added so that bonus plan payouts cannot exceed 200% of target. While recent payouts have not exceeded this amount, the Committee took action to limit potential "windfall" payments that theoretically could have been earned under the prior plan design.

Long-Term Incentives

In 2010 the Committee adopted a portfolio approach to long-term incentives whereby approximately 50% of the targeted award value will be denominated in stock options, 25% in restricted stock awards, and 25% in a multi-year cash plan that is earned based on relative total shareholder return versus the Value Line Restaurant Index. This balanced approach to long-term incentives emphasizes both stock-based pay and performance-based pay. Stock options reward for absolute stock price appreciation, the cash plan will reward for relative stock price appreciation, and the restricted stock awards are intended to promote retention and facilitate stock ownership. The table below summarizes the long-term incentive awards made in 2010:

Executive Officer	Stock Options (50%)	Restricted Stock (25%)	Cash LTIP at Target (25%)
Julia A. Stewart	102,319	25,580	\$ 625,000
Jack F. Tierney	21,269	5,317	\$ 150,000
Michael J. Archer	29,245	7,311	\$ 150,000
Jean M. Birch	29,245	7,311	\$ 150,000

Table of Contents**Compensation Policies and Practices As They Relate to the Company's Risk Management**

The Company believes that its compensation policies and practices for all employees, including executive officers, do not create risks that are reasonably likely to have a material adverse effect on the Company. We believe that the Company has appropriate safeguards in place with respect to compensation programs that assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives and employees. These safeguards include: managing pay opportunities to market levels through peer benchmarking; balancing performance focus between near-term objectives and long-term shareholder value creation; issuing equity awards that vest over multi-year time horizons; capping cash incentive plan payments and maintaining stock ownership guidelines for our executive officers. Furthermore, the Compensation Committee retains its own independent compensation consultant to provide input on executive pay matters, meets regularly, and approves all performance goals, award vehicles, and pay opportunity levels.

Non-qualified Deferred Compensation. Pursuant to the 2004 Deferred Compensation Plan (the "DCP"), certain highly compensated employees and members of the Board of Directors can elect to defer up to 90% of their salary and up to 100% of annual bonus, commissions, long-term incentive plan distributions and director fees instead of receiving these amounts as payments taxable in the year of receipt. The Company does not make contributions to the DCP.

Under the DCP, participants may designate select investment options approved by the Committee administering the DCP in which the deferred compensation payments are deemed to be invested. With the exception of the Company's stock, these investment options are not publicly traded and are only available through variable insurance products. Participants have no ownership interest in the investment options they select, as the investment options are used principally to measure gains or losses. Investment experience is credited to the participant's accounts daily, net of all investment option related expenses. There is no guaranteed investment return on any deferred payment amounts. Participants may change investment allocation elections as often as daily.

The unfunded, non-qualified plan structure of the DCP is required in order to preserve the beneficial tax deferral treatment for the participants. Amounts in a participant's deferral account represent unsecured claims against the Company's assets.

Deferred amounts together with any credited investment returns are paid out to participants in accordance with their advance written election either in a lump sum or in installments commencing at a specified date during the participant's employment or upon termination of employment.

Potential Payments upon Termination or Change in Control

The information below describes and estimates certain compensation that would become payable under existing plans and arrangements if the Named Executive's employment had terminated or if a change in control had occurred on December 31, 2009, based on the Company's closing stock price on December 31, 2009. These benefits are in addition to benefits available generally to salaried employees.

Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts included the timing during the year of any such event and the Company's stock price. There can be no assurance that a termination or change in control would produce the same or similar results as those described if occurring on another date or another price, or if any assumption used to prepare this information is not correct in fact. Please see "Employment Agreements and Change in Control Provisions" of the Compensation Discussion and Analysis section of this Proxy Statement for a summary of the potential payments.

Report of the Audit and Finance Committee

The Audit and Finance Committee (for purposes of this report, the "Committee") is comprised of three non-employee directors, Richard J. Dahl (Chairman), Michael S. Gordon, and Larry Alan Kay. The Committee operates under a written charter.

Reflecting the fact that the Committee had been serving for some time as the ad hoc Finance Committee of the Board of Directors, on February 23, 2009 the name of the Committee was changed to the Audit and Finance Committee. In its new role the Committee assumed certain responsibilities including reviewing and providing guidance to the Board and management about dividend policy; sales, issuance or repurchases of Company Stock; policies and guidelines on investment of cash; policies and guidelines on short and long-term financing; debt/equity ratios, fixed charge ratios, working capital, other debt covenant ratios; and other transactions or financial issues that management desires to have reviewed by the Committee from time to time. At that time, the Committee adopted and the Board ratified the adoption of an amended Committee Charter reflecting the addition of finance committee responsibilities. A copy of the amended charter can be found in the Corporate Governance section of the Company's website, <http://www.dineequity.com>, and is available in print to shareholders upon written request to Corporate Secretary, DineEquity, Inc., 450 N. Brand Boulevard, Glendale, CA 91203.

The Board of Directors has determined that:

each Committee member is "independent" under the corporate governance listing standards of the NYSE and is "financially literate," as defined by the NYSE;

the Committee satisfies the "financial management expertise" standard, as required by the NYSE; and

Mr. Dahl is an "audit committee financial expert," as defined by the SEC.

Management has the primary responsibility for the preparation of financial statements and the financial reporting process, including the system of internal controls over financial reporting. The Company's independent registered public accounting firm for the fiscal year ending

December 31, 2009, Ernst &

Young LLP ("EY"), was responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. The Committee is responsible for assisting the Board in monitoring:

the integrity of the Company's financial statements;

the Company's compliance with legal and regulatory requirements;

the Company's independent auditors' qualifications and independence; and

the performance of the Company's independent auditors and the Company's internal audit function.

It is the Committee's policy to review and approve in advance all proposed audit and non-audit services to be provided by the independent accountants.

During 2009, the Committee met 12 times and held separate discussions with management, the Company's internal auditors and EY. The Committee reviewed and discussed the Company's interim financial information contained in each quarterly earnings announcement with the Company's Chief Financial Officer, General Counsel, Controller and EY prior to public release. The Committee reviewed the Company's quarterly financial statements with management and EY.

Management has represented to the Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Committee reviewed and discussed with management and EY the Company's fiscal year ending December 31, 2009 annual consolidated financial statements. The Committee has also discussed the following with EY:

the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees), which include, among other items, matters related to the conduct of the audit of the Company's annual consolidated financial statements;

the critical accounting policies and practices used in the preparation of the Company's annual consolidated financial statements, alternative treatments of financial information within generally accepted accounting principles that EY discussed with management, the ramifications of using such alternative treatments, and the treatment preferred by EY; and

other written communications between EY and management.

In addition, the Committee has received and reviewed the written disclosures and the letter from EY required by applicable requirements of the Public Company Accounting Oversight Board regarding EY's communications concerning independence, and has discussed with EY the firm's independence from the Company and management, including all relationships between EY and the Company.

The Committee has considered whether the provision of non-audit services by EY in the fiscal year ending December 31, 2009 is compatible with maintaining the auditors' independence and determined that the provision of non-audit services by EY is not incompatible with maintaining the auditors' independence. The Committee discussed with the Company's internal auditors, EY and management the overall scope and plans for their respective audits. The Committee met with the internal auditors and EY, with and without management present, to discuss the results of their respective audits, the evaluations of the Company's internal controls over financial reporting, and the overall quality of the Company's financial reporting. The Committee also discussed with EY whether there were any audit problems or difficulties, and management's response. In addition, the Committee monitored the Company's compliance activities relating to the Sarbanes Act.
