GENERAL INFORMATION ABOUT THE MEETING AND VOTING

Who may vote?

The Company has one class of voting shares outstanding. Only stockholders of record of our common stock at the close of business on March 31, 2010, the Record Date, are entitled to receive notice of the Annual Meeting and to vote the shares of common stock that they held on the Record Date. At the close of business on March 31, 2010, the Company had 14,184,724 shares of outstanding common stock, all of which are entitled to vote at the Annual Meeting. Each share of common stock will have one vote on each matter to be voted on. The shares of common stock held in treasury will not be voted.

This Proxy Statement was first mailed to stockholders on approximately April 20, 2010. We have enclosed with this Proxy Statement our 2009 Annual Report on Form 10-K. This report contains detailed information about our activities and financial performance in 2009.

What is the purpose of the Annual Meeting?

At the Company's Annual Meeting, stockholders will act upon the matters described in the accompanying notice of meeting. In addition, management will report on Ballantyne's performance during fiscal 2009 and respond to questions from stockholders.

Who may attend the Annual Meeting?

All stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the Company's common stock outstanding on the Record Date will constitute a quorum, permitting the meeting to conduct its business. As of the Record Date, 14,184,724 shares of common stock were outstanding. Broker non-votes, abstentions and proxies marked "withheld" for the election of directors, will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of votes cast with respect to a proposal.

May I vote by proxy card, by telephone or through the internet?

You may vote by proxy card, by telephone or through the internet. Voting by any of these methods will ensure that you are represented at the Annual Meeting even if you are not there in person.

May I vote confidentially?

Yes. The Company's policy is to treat all stockholder meeting proxies, ballots and voting tabulations of a stockholder confidentially, if the stockholder has requested confidentiality on the proxy or ballot. Please refer to the attached proxy card for instructions.

If you so request, your proxy will not be available for examination and your vote will not be disclosed prior to the tabulation of the final vote at the Annual Meeting, except (i) to meet applicable legal requirements, (ii) to allow the independent election inspectors to count and certify the results of the vote or (iii) if there is a proxy solicitation in opposition to the Board of Directors, based upon an opposition proxy statement filed with the Securities and Exchange Commission (SEC). The independent election inspectors may at any time inform us whether or not a stockholder has voted.

May I change my vote?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. You may change your vote on the internet or by telephone (only your latest internet or telephone proxy submitted prior to the Annual Meeting will be counted), or by signing and returning a new proxy card with a later date, or by attending the meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the meeting or specifically request in writing that your prior proxy be revoked.

How does the Board recommend I vote?

Unless you give instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth in the description of each proposal in this Proxy Statement. With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

How many votes are required to approve each Proposal?

Election of Directors. The election of a director requires the affirmative vote of a plurality of the shares present or represented by proxy at the meeting and entitled to vote. Consequently, votes to withhold and broker non-votes will have no impact on the election of directors. A properly executed proxy marked "Withhold" with respect to the election of a director nominee will be counted for purposes of determining whether there is a quorum, but will not be considered to have been voted for or against the director nominee.

Because of a change in the rules governing the voting of shares held by brokers, the Company notes that, unlike at previous Annual Meetings your broker will not be able to vote your shares with respect to the election of directors if you have not provided directions to your broker. We strongly encourage you to submit your proxy card and exercise your right to vote as a stockholder.

Adoption of a long-term incentive plan (Proposal 2). Approval to adopt a long-term incentive plan requires the affirmative vote of a majority of votes cast. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Amendment to extend the duration of the 2005 Stock Purchase Plan to October 2013 (Proposal 3). Approval to adopt an amendment to extend the duration of the 2005 Stock

Purchase Plan to October 2013 requires the affirmative vote of a majority of votes cast. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Amendment to extend the duration of the 2005 Restricted Stock Plan to September 2013 (Proposal 4). Approval to adopt an amendment to extend the duration of the 2005 Restricted Stock Plan until September 2013 requires the affirmative vote of a majority of votes cast. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Other Proposals. No other matters are anticipated to be brought before the meeting.

What is a broker non-vote?

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote. In this situation, a "broker non-vote" occurs. Shares constituting broker non-votes are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved a matter, but they are counted as present for the purpose of determining a quorum at the Annual Meeting.

Who pays the expenses incurred in connection with the solicitation of proxies?

The Company will bear the cost of solicitation of proxies, including the charges and expenses of brokers and others for forwarding solicitation materials to beneficial owners of stock. In addition to the use of mail, proxies may be solicited by personal interview, telephone or facsimile. Mellon Investor Services LLC, the Company's Transfer Agent, is prepared to assist the Company to solicit proxies, if necessary.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an amendment to the Form 8-K to publish the final results.

CORPORATE GOVERNANCE

The Board of Directors operates pursuant to the provisions of the Company's Certificate of Incorporation (as amended) and Bylaws (as amended) and has also adopted several corporate governance policies to address significant corporate governance issues. The Board of Directors has adopted the following governance documents:

Code of Ethics

Corporate Governance Principles

Nominating and Corporate Governance Committee Charter

Compensation Committee Charter

Procedures for bringing concerns or complaints to the attention of the Audit Committee

These corporate governance documents are available on the Company's website at www.ballantyne-strong.com.

Role of the Board in Risk Oversight

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, the Board is responsible for monitoring and assessing strategic and operational risk exposure. The Audit Committee has the responsibility to consider and discuss major financial risk exposures and the steps management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also provides oversight of the performance of the internal audit function. The Nominating and Corporate Governance Committee monitors the effectiveness of the Company's corporate governance guidelines and the selection of prospective Board members and their qualifications. The Compensation Committee, in conjunction with the Audit Committee, assesses and monitors whether any of the Company's compensation policies and programs has the potential to encourage excessive risk-taking. Typically, the entire Board meets with management and the applicable Board committees at least annually to evaluate and monitor respective areas of oversight. Both the Board as a whole and the various standing committees receive periodic reports from individuals responsible for risk management, as well as incidental reports as matters may arise. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

Board Independence

The Board of Directors is composed of a majority of independent directors as defined by the listing requirements of the NYSE AMEX. The Board of Directors has determined that each of Messrs. Welsh, Abramson, Beach, LeBaron, Hasebroock and Schuster are independent directors of the Company under the listing standards adopted by the NYSE AMEX. It is the policy of the Board that the independent directors meet in executive session (i.e. without management present) at each regular Board Meeting as well as when they as a group deem such meeting appropriate or necessary. During 2009, the independent directors met five times in person. In addition, they held one meeting via teleconference. All independent directors attended at least seventy-five percent of the aggregate number of meetings held.

Communication to the Board

Stockholders wishing to communicate with the Board of Directors should address written correspondence to the Secretary of the Company who will present the communication to the Board.

The Board of Directors has determined that Mr. Abramson is an "audit committee financial expert" as defined by Item 407(d)(5)(ii) of Regulation S-K of the Securities and Exchange Commission. The Audit Committee assists the Board of Directors in fulfilling its responsibilities for oversight of the quality and integrity of the accounting, auditing, and reporting practices of the Company, and performs such other duties as are directed by the Board. The Committee's role includes a particular focus on the qualitative aspects of financial reporting to stockholders, and on the Company's processes to manage business and financial risk, and for compliance with significant applicable legal, ethical and regulatory requirements.

The Committee is directly responsible for the appointment of the independent registered public accounting firm engaged to prepare or issue an audit report on the financial statements and internal controls of the Company and periodically reviews and evaluates their performance and independence from management. All audit and permitted non-audit services are pre-approved by the Committee. Any services not covered by prior pre-approval or services exceeding the pre-approved cost levels, must be approved in advance by the Committee. The Committee may delegate the responsibility of approving proposed non-audit services that arise between Committee meetings, to the Chairman, provided that

the decision to approve the services is presented for ratification at the next scheduled Committee meeting. During 2009, the Committee held four meetings in person. Overseeing all other executive officers' compensation, including salary and payments under the Company's bonus and stock plans.

Administering the Company's stock compensation plans including approving all individual grants and awards under these plans.

Reviewing compensation for non-employee directors and recommending changes to the Board.

The Compensation Committee has engaged Compensation Strategies, Inc. as the Committee's independent executive compensation consultant as needed. Compensation Strategies reports directly to the Committee and provides advice on the structure and amounts of executive and director compensation. In addition, they also assisted with the development of the 2010 Long-Term Incentive Plan discussed in Proposal 2 of this Proxy Statement.

The Committee held two meetings in person during 2009. In addition, the Committee held one meeting via teleconference. All Committee members attended at least seventy-five percent of the aggregate number of meetings held.

The members of the Nominating and Corporate Governance Committee are directors Welsh (Chair), Abramson, Beach, LeBaron, Hasebroock and Schuster. All members of the Nominating and Corporate Governance Committee are independent as defined by the NYSE AMEX listing requirements. The Nominating and Corporate Governance Committee acts under a written charter, adopted by the Board of Directors. The functions of the Committee include, among other items, overseeing all aspects of the Company's corporate governance functions including compliance with significant legal, ethical and regulatory requirements. The Nominating and Corporate Governance Committee also reports to, and assists, the Board of Directors in identifying individuals for membership to the Board and recommends to the Board the director nominees for the next Annual Meeting of Stockholders. The Nominating and Corporate Governance Committee held two meetings in person during 2009. All Committee members attended at least seventy-five percent of the aggregate number of meetings held.

Director Nomination Process Nominees are chosen for their ability to represent all of the stockholders, and for their character, judgment, fairness and overall ability. As a group, they are expected to set the appropriate policy for the Company, and to bring to the Board of Directors broad experience in business matters and an insight and awareness of the appropriate and ever-changing role that corporations should have in society. Because the advice of those facing similar problems is of particular value, executive officers of other corporations are desirable nominees. In connection with the selection of nominees for director, the Nominating Committee strives to identify and recruit individuals

whose diverse talents, experiences and backgrounds enhance the inclusive environment in which the Board currently functions.

The following personal criteria are considered in selecting candidates for the Board of Directors:

Independence and absence of conflicts of interest

Honesty, Integrity and Accountability

Substantial business experience with a practical application to the Company's needs

Willingness to ask tough questions in a constructive manner that adds to the decision making process of the Board

Demonstrated ability to think strategically and make decisions with a forward looking focus

Ability to assimilate relative information on a broad range of topics

Willingness to express independent thought

Team player

Willingness to make a strong commitment of time and attention to the Board's processes and affairs

Ability to commit to Company stock ownership

The Nominating and Corporate Governance Committee evaluated Messrs. William F. Welsh, II, Alvin Abramson, Christopher E. Beach, John P. Wilmers, Marc E. LeBaron, Mark D. Hasebroock and Steven J. Schuster using these criteria, and recommended their nomination to the Board of Directors. The Board, in turn, nominated all seven persons for election as directors at the 2010 Annual Meeting of Stockholders.

The Nominating and Corporate Governance Committee will also consider proposals for nominees for director from stockholders which are made in writing to the Secretary of the Company and comply with Bylaw requirements. The recommendation must contain sufficient background information concerning the nominee to enable a proper judgment to be made as to his or her qualifications. Recommendations must also include a written statement from the candidate expressing a willingness to serve.

Compensation Discussion and Analysis*Compensation Philosophy*

Decisions with respect to executive compensation are made by the Compensation Committee on an individual basis based upon a number of factors, including, but not limited to, the provisions of any existing employment contract with an executive officer, evaluation of the executive officer's performance, the level of responsibility associated with the executive officer's office, recruitment requirements and the performance of the Company. Compensation of the executive officers of the Company has historically been structured to motivate, reward and retain the executive officers consistent with the needs of the Company from time to time. The major elements of the executive officers' compensation are base salary, short-term cash incentives and long-term incentives in the form of restricted stock.

The overall goal of the Company's compensation policy is to maximize stockholder value by attracting, retaining and motivating the executive officers that are critical to its long-term success. To that end, on April 9, 2010, the Board of Directors adopted the Ballantyne Strong, Inc. 2010 Long-Term Incentive Plan, subject to approval by the stockholders of the Company as discussed in Proposal 2. The Board of Directors believes that the 2010 Plan, coupled with the 2005 Restricted Stock Plan, is essential to recruit, motivate and retain a high caliber management team and is expected to advance the long-term success of the Company by rewarding executive officers and key employees for the achievement of certain performance goals designed to increase stockholder value over a multi-year period. The Committee retained a compensation consultant, Compensation Strategies, Inc., to assist it in the development of the 2010 Plan. Please refer to Proposal 2 for a more detailed discussion of the 2010 Long-Term Incentive Plan.

Base Salary

The base salaries of executive officers have historically reflected, and will continue to reflect their individual contribution to the Company. Base salaries have historically been reviewed annually and may be changed based on the individual's performance or a change in competitive pay levels in the marketplace.

Edgar Filing: BALLANTYNE STRONG, INC. - Form DEF 14A

The Compensation Committee reviews and establishes the base salary of the Chief Executive Officer based on independent competitive data, his leadership in establishing performance standards in the conduct of the Company's business, and its expectation as to his future contributions in directing the long-term success of the Company and its business. Mr. Wilmers did not receive a base salary increase for fiscal year 2010.

Cash and Restricted Stock Bonuses

The Committee believes that the annual bonus of key employees, including executive officers, should be based on optimizing profits and prudent management of the capital employed in the business. Annual incentive compensation is determined and paid pursuant to the Company's Short-Term Incentive Plan ("STI Plan"). The STI Plan is an annual incentive program that provides the executive officers and key management bonuses if the Company achieves certain goals. Each payout is further subject to the achievement of certain individual goals, as defined. The STI Plan provides for a bonus payout in the form of cash, restricted and unrestricted stock or some combination thereof based on certain criteria. The bonuses paid for fiscal 2009 performance were generally in the form of cash and unrestricted stock. For the 2009 STI Plan, the Compensation Committee established certain target award percentages of base salary to determine the target award for the named executive officers and certain key employees. Consistent with prior years, the target award for Mr. Wilmers was set at 50% of his base salary while the target awards for the remaining named executive officers were set at 35% of their base salaries.

The Compensation Committee set three universal tactical goals that comprised 90% of the entire target award that applied to each of the participants of the STI Plan. The first universal goal was that fiscal year 2009 consolidated earnings before interest, taxes, depreciation and amortization ("EBITDA"), excluding one-time items and the short-term incentive plan accrual met or exceeded \$850,000. This goal represented 45% of the target award. The second universal goal was fiscal year 2009 Strong-MDI sales revenue of at least \$7.8 million with a certain minimum gross margin contribution percentage. This goal represented approximately 30% of the target award. The final universal tactical award was that fiscal year 2009 Strong Technical Services EBITDA be no more than a loss of \$250,000. This goal represented 15% of the target award. The Committee also set one goal that was specific to each participant's area of responsibility and represented the final 10% of the target award. Each goal was established whereby in the event that a particular goal was not met, no payout would occur. There were no minimum or maximum performance levels.

The Committee deemed all the goals described above effective in focusing management on becoming profitable even with the challenges of operating under the Company's transition from being a film manufacturing company to one based on the distribution and service of digital equipment. The Committee also considered the state of the credit markets which has delayed the rollout of digital cinema and which was largely out of the control of the Company.

Based on actual results, the named executive officers were entitled to 100% of their target awards. The payouts for these target awards are reflected in the Summary Compensation Table on page 17. The payments or issuance of stock were made in 2010.

Stock Plans

During 2005, the Committee adopted and the stockholders subsequently approved, the 2005 Restricted Stock Plan. The Committee believes the Plan provides a mechanism to link executive and stockholder interests and assists the Company in attracting and retaining key executives. During 2009, 64,491 shares of common stock were granted to key employees under the Restricted Stock Plan as partial payment for the goals met under the STI Plan for fiscal 2008. During February 2010, 41,030 shares of common stock were granted to key employees under the Plan as partial payment for

goals met under the STI Plan for fiscal 2009. A total of 90,479 shares remain available for issuance pursuant to this Plan. The Plan is set to expire in September 2010 but through Proposal 4, if approved by the Company's stockholders, will be extended until September of 2013.

The Company also has an Employee Stock Purchase Plan to provide a method by which eligible employees may purchase common stock on a discounted basis through payroll deductions. The maximum number of shares of common stock that can be purchased by an eligible employee pursuant to any plan year is 2,000 shares. The Committee believes that participation in the Plan provides eligible employees at all levels with a greater incentive to contribute to the success of the Company. A total of 88,553 shares have been reserved and remain available for issuance pursuant to this Plan. The Plan is set to expire in October 2010 but through Proposal 3, if approved by the Company's stockholders, will be extended until October of 2013.

401K Retirement Plan

The Company has adopted a Retirement and Savings 401(k) Plan (the "Plan"), which is a combination savings and profit sharing plan designed to qualify under Section 401 of the United States Internal Revenue Code of 1986, as amended (the "Code"), including the provisions of Section 401(k). All employees of Ballantyne who are at least eighteen years old and who have completed six months of service are eligible to participate in the Plan. Each participant may defer up to 100% of their compensation. The Company will match 50% of the amount deferred up to 6% of their compensation. In addition, the Company may elect, at the discretion of the Board, to contribute an additional amount. All contributions to the Plan are nonforfeitable. For 2009, no participant could contribute more than \$16,500 to the Plan and receive a deduction for federal income tax purposes while certain participants age 50 or older could contribute up to \$22,000. Benefits may be distributed to participants or their beneficiaries, as the case may be, in the event of a participant's death, retirement or other termination of service, or, if the participant so requests, on reaching age 59^{1/2}. Participants may be eligible to withdraw benefits in case of hardship.

Contributions to the Plan made by the Company on behalf of the named executive officers of the Company are included in the Summary Compensation Table.

Other Employee Benefits

The Company provides a Company automobile to its current named executive officers. The Company also provides its executives with certain benefits which are generally available to all employees of the Company, such as excess life and disability insurance. These benefits for the named executive officers of the Company are included in the Summary Compensation Table.

Employment Contracts

The Company has written employment agreements with each Mr. Wilmers, Mr. Stark, Mr. Boegner and Mr. Herrmann. The material provisions of each of these agreements are discussed below.

Mr. Wilmers' base compensation was \$275,000 per year during fiscal 2009. He is also eligible to participate in the Short-Term Incentive Plan and other normal employee benefits. In connection with the Board of Directors' desire to establish a succession plan for the position of President and Chief Executive Officer, the Company entered into two agreements with Mr. Wilmers on September 23, 2009. The first agreement constituted an amendment to his current Executive Employment Agreement. This amendment, effective January 23, 2010, provides for the continuation of Mr. Wilmers' employment as President and CEO through the earlier of the first day his successor commences employment or December 31, 2011. Mr. Wilmers' base compensation and other benefits remain materially consistent with his previous employment agreement. The second agreement with Mr. Wilmers is a new Employment Agreement and was entered into in anticipation of the Company employing Mr. Wilmers'

successor prior to December 31, 2011. The term of the new Employment Agreement commences upon the Company hiring Mr. Wilmers' successor and ends on December 31, 2011, unless terminated earlier in accordance with its terms. Mr. Wilmers' title and duties will be as assigned by the Board of Directors. His salary and other benefits will remain materially consistent with the terms of his existing employment agreement, except that, in the event of termination without cause, Mr. Wilmers will receive his salary for the balance of the contract term as severance in lieu of any amount payable pursuant to the Company's general severance policy. Assuming a termination date of December 31, 2009, as required by SEC rules, the approximate value of the severance benefits would have been approximately \$329,000 for Mr. Wilmers. In addition, under Mr. Wilmers employment agreement that existed at December 31, 2009, he was also entitled to receive any bonus he would have been entitled to receive under the Short-Term Incentive Plan. The value of this bonus benefit, assuming a termination date of December 31, 2009, as required by SEC rules, was \$137,500. Mr. Wilmers' employment agreement obligates the Company to continue medical insurance coverage at the Company's expense for him and his eligible dependents until he reaches age 65, and for his spouse until she reaches age 65 notwithstanding expiration of the agreement. After attaining age 65, Mr. Wilmers and his eligible dependents are entitled to medical insurance coverage, to the extent that, the Company provides such coverage for other retired senior executives. The Company will provide medical coverage for Mr. Wilmers' spouse until she reaches age 65 provided Mr. Wilmers remains employed by the Company until his retirement. As of December 31, 2009, the Company has accrued approximately \$208,000 toward this obligation.

Mr. Stark's base compensation was \$170,000 per year during fiscal year 2009. He is eligible to participate in the Short-Term Incentive Plan and other normal employee benefits. Mr. Stark's employment contract expires in November 2010.

Mr. Boegner's base compensation was \$195,000 per year during fiscal 2009. He is eligible to participate in the Short-Term Incentive Plan and other normal employee benefits. Mr. Boegner's employment contract expires in January 2011.

Mr. Herrmann's base compensation was \$160,000 per year during fiscal year 2009. He is eligible to participate in the Short-Term Incentive Plan and other normal employee benefits. Mr. Herrmann's employment contract expires in May 2010.

In the event that their employment agreements are not renewed at the expiration of their terms, Messrs. Stark, Boegner and Herrmann are entitled to severance and other benefits such as accrued vacation pursuant to the Company's then-existing severance policy, but in no event shall they receive less than one week of severance for each year of employment, and all then-existing insurance benefits will continue during the severance period. Assuming a termination date of December 31, 2009, as required by SEC rules and assuming applicability of the Company's then-existing severance policy of providing employees with over 10 years of service with two weeks for each year of employment, the approximate value of the severance and benefits would have been approximately \$203,000 for Mr. Boegner and approximately \$92,000 for Mr. Herrmann. The value of severance and benefits for Mr. Stark under the same assumptions, given a policy of providing exempt employees with fewer than 6 years of service a minimum of six weeks of severance would have been approximately \$28,000.

Messrs. Boegner's, Stark's and Herrmann's employment agreements provide that in the event the Company is the subject of a sale transaction, either of its assets or stock, the purchaser must assume the employment agreements. They further provide for an automatic extension for a period of three years from the closing date of such transaction.

The Company's obligations under the employment agreements with all four executives are conditioned upon their compliance with the terms of the agreement which include, as applicable, provisions concerning non-disclosure of confidential information and covenants not to solicit the Company's customers and employees.

Compensation Committee Interlocks and Insider Participation

During 2009 there were no compensation committee interlocks and no insider participation in compensation decisions that were required to be reported under the rules and regulations of the Securities and Exchange Act of 1934.

Compensation Committee Report

The Compensation Committee oversees the Company's compensation program on behalf of the Board. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis set forth in this Proxy Statement and based on such review and discussion, has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

The Audit Committee is comprised of Alvin Abramson (Chairman), Marc E. LeBaron, Mark D. Hasebroock and Steven J. Schuster, each of whom is an independent director of the Company under the rules adopted by Securities and Exchange Commission and the NYSE AMEX.

The Company's management is responsible for the preparation of the Company's financial statements and for maintaining an adequate system of internal controls and processes for that purpose. KPMG LLP acts as the Company's independent registered public accounting firm and they are responsible for conducting an independent audit of the Company's annual financial statements in accordance with the standards of the PCAOB and issuing a report on the results of their audit. The Audit Committee is responsible for providing independent, objective oversight of both of these processes.

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2009 with management of the Company and with representatives of KPMG. The discussions with KPMG also included the matters required by Statement on Auditing Standard No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In addition, the Audit Committee reviewed the independence of KPMG. The Audit Committee discussed KPMG's independence with them and have received written disclosures and a letter from KPMG regarding their independence as required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence.

Based upon its review and the discussions noted above, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009.

The foregoing report is submitted by the Audit Committee in accordance with the requirements of the Securities Exchange Act of 1934 and the rules and regulations there under.

PERFORMANCE GRAPH

The following performance graph shows the cumulative total return on the Company's common stock, the S & P 500 Market Value Index and a peer group for the past five years. The peer group is made up of two corporations (namely Concord Camera Corp and Optibase Limited). The peer group is comprised of companies with a market capitalization between approximately \$20 million and \$22 million, each of which is engaged in the sale of products related to the theater, motion picture or image capturing or image projection businesses. The Company is unable to identify, for comparison purposes, any public industry or line-of-business indices because the small number of companies offering similar or competing products are divisions or subsidiaries of much larger, diversified companies.

The performance graph assumes the value of the investment in the common stock and each index was \$100 and that all dividends were reinvested.

PROPOSAL 2
APPROVAL OF 2010 LONG-TERM INCENTIVE PLAN

General Information

Upon recommendation of the Compensation Committee (the "Committee"), the Board of Directors adopted the Ballantyne Strong, Inc. 2010 Long-Term Incentive Plan (the "2010 Plan") on April 9, 2010, subject to approval by the stockholders of the Company. The Board of Directors believes that the 2010 Plan is essential to recruit, motivate and retain a high caliber management team and is expected to advance the long-term success of the Company by rewarding executive officers and key employees for the achievement of certain performance goals designed to increase stockholder value over a multi-year period. The Committee retained a compensation consultant, Compensation Strategies, Inc., to assist it in the development of the 2010 Plan.

Long-term incentives are a critical component of the Company's compensation philosophy, as discussed more fully under "Compensation Discussion and Analysis" found earlier in this Proxy Statement. The Committee believes that the performance-based compensation authorized under the 2010 Plan will more closely align the interests of the Company's executive officers and key employees with those of its stockholders. The 2010 Plan will provide the Committee with more stock compensation vehicles to reward the achievement of long-term strategic objectives. Further, the Plan provides flexibility for the Committee to tie awards or shares earned to established performance goals that are expected to increase stockholder value of the Company over the long-term.

An initial authorization of 600,000 shares has been requested for the 2010 Plan. It is expected that this authorization will accommodate awards for the first three to five years of the 2010 Plan resulting in an average annual usage rate of 0.8 to 1.4%. During the past three fiscal years, the Company has granted 118,491 shares of restricted stock to its employees, resulting in a total usage rate of less than one percent (0.84%). These results suggest that the Compensation Committee is committed to using dilutive stock compensation in a very judicious manner and is committed to achieving a balance between dilution and providing the necessary incentives to executive officers and key employees to create long-term stockholder value.

If approved by stockholders at the Annual Meeting, the 2010 Plan will become effective on the date of the Annual Meeting and will be used for future grants to executive officers and key employees.

Summary of 2010 Plan

The following is a summary of the terms of the 2010 Plan. This summary is not a complete description of all provisions of the 2010 Plan, and is subject to the actual terms of the 2010 Plan. A copy of the 2010 Plan is attached hereto as Exhibit A to this Proxy Statement.

Administration. The 2010 Plan will be administered by the Committee. The 2010 Plan provides the Committee with the flexibility to design compensatory awards that are responsive to the Company's needs. Subject to the terms of the 2010 Plan, the Committee has the discretion to determine the terms of each award, including which award, if any, may be subject to vesting upon a "change in control" of the Company, as such term is defined in the 2010 Plan. In general, all awards under the 2010 Plan to Company executive officers and other key employees will be made by the Committee. However, the Committee may delegate to one or more officers of the Company the day-to-day administration of the Plan.

Awards and Eligibility. Awards under the 2010 Plan may be in the form of stock options; stock appreciation rights, restricted shares, restricted units, performance shares or performance units.

The Company expects that executive officers and key employees may receive awards from time to time under the 2010 Plan. The benefits or awards that may be received by or allocated to participants

will be determined at the discretion of the Committee based on the development of a series of long-term strategic goals that the Board of Directors believes will significantly enhance shareholder value if achieved.

Shares Available for Issuance. The maximum number of shares as to which stock awards may be granted under the 2010 Plan is 600,000 shares. This reserved share amount is subject to adjustments by the Committee as provided in the 2010 Plan for stock splits, stock dividends, recapitalizations, acquisitions and other similar transactions or events. Shares of common stock issued under the 2010 Plan may be shares of original issuance, shares held in Treasury or shares that have been reacquired by the Company. Shares returned to the Company upon exercise of an option or retained by the Company for tax withholding will be considered issued under the 2010 Plan and will not be available for future issuance under the 2010 Plan.

Expired, Forfeited or Unexercised Awards. If any award granted under the 2010 Plan expires, is forfeited or becomes unexercisable without having been exercised or paid in full, the shares subject thereto will be available for future awards under the 2010 Plan. An award of performance shares will be treated as not having been paid in full whenever less than the target number of performance shares is issued in satisfaction of such award and the difference will be added to the number of shares available for future awards under the 2010 Plan.

Transferability of Awards. Except as provided below, no award under the 2010 Plan may be transferred by a participant other than upon death by will or the laws of descent and distribution or designation of a beneficiary in a form acceptable to the Committee. Stock options may be exercised during the participant's lifetime only by the participant or, in the event of the participant's legal incapacity, the guardian or legal representative acting on behalf of the participant. Any award made under the 2010 Plan may be transferred as necessary to fulfill any domestic relations order as defined in Internal Revenue Code ("Code") Section 414(p)(1)(B).

Termination. The 2010 Plan will terminate on the tenth anniversary of the date it is approved by stockholders, and no award will be granted under the Plan after that date. However, awards previously granted shall remain outstanding in accordance with their applicable terms and conditions and the Plan's terms and conditions.

Plan Amendment. The 2010 Plan may be amended by the Board of Directors, from time to time. No material amendment of the 2010 Plan shall be made without stockholder approval if such stockholder approval is required by law, regulation or stock exchange rules.

Types of Awards Allowed Under the 2010 Plan

Options. Stock options entitle the optionee to purchase shares of common stock at a price equal to or greater than the fair market value on the date of grant. Options may be either incentive stock options or nonqualified stock options. The option may specify that the option price is payable in cash, or in the sole discretion of the Committee either by: (i) the transfer to the Company of unrestricted stock, (ii) a cashless exercise through a "same-day sale" commitment, (iii) any combination of (i) and (ii), or (iv) any other method approved or accepted by the Committee. No stock option may be exercised more than ten (10) years from the date of grant. Each grant may specify a period of continuous employment or service with the Company or any affiliate that is necessary before the stock option or any portion thereof will become exercisable and may provide for the earlier exercise of the option in the event of a change in control of the Company or similar event. The 2010 Plan prohibits option repricing as well as exchange of underwater options for cash or other awards without stockholder approval.

Edgar Filing: BALLANTYNE STRONG, INC. - Form DEF 14A

Stock Appreciation Rights. Stock appreciation rights represent the right to receive an amount determined by the Committee and expressed as a percentage not exceeding 100% of the difference between the grant price of the stock appreciation right which shall be not less than 100% of the fair market value of one share of stock on the date of the grant of the stock appreciation right and the fair market value of the Company's common stock on the date the rights are exercised. The grant may specify that the amount payable upon exercise of the stock appreciation right may be paid by the Company in cash, in shares of the Company's common stock, or any combination of the foregoing. The Committee may grant "tandem" stock appreciation rights in connection with an option or "free-standing" stock appreciation rights when unrelated to an option. No stock appreciation right may be exercised more than ten years from the grant date.

Restricted Shares. An award of restricted shares involves the immediate transfer by the Company to a participant of ownership of a specific number of shares of common stock in return for the performance of services. The transfer may be made without additional consideration from the participant. The participant is entitled immediately to voting, dividend and other ownership rights in such shares, subject to the discretion of the Committee. Restricted shares must be subject to a "substantial risk of forfeiture" within the meaning of Code Section 83 for a period to be determined by the Committee on the grant date, and any grant may provide for the earlier termination of such risk of forfeiture in the event of a change in control of the Company or similar event.

Restricted Stock Units. An award of restricted stock units granted under the 2010 Plan represents the right to receive a specific number of units at the end of the specified period. Each recipient of restricted stock units shall have no rights as a stockholder with respect to the participant's restricted stock units. Payments under a restricted stock unit award shall be made in either cash, shares of stock or some combination thereof, as specified in the applicable award agreement.

Performance Shares and Units. An award of performance shares and/or units entitles a participant to receive performance shares or performance units of the Company based upon the degree of achievement of pre-established performance goals over the performance period. Each grant will specify one or more performance goals to be met within the performance period, which may be subject to earlier termination in the event of a change of control or a similar event. If by the end of the performance period the participant has achieved the specified performance goals, the participant will be deemed to have fully earned the performance shares and/or performance units. If the participant has not achieved the level of acceptable achievement, the participant may be deemed to have partly earned the performance shares and/or performance units in accordance with a predetermined formula. To the extent earned, the performance shares and/or performance units will be paid to the participant at the time and in the manner specified in the grant or determined by the Committee in either cash, shares of the Company's common stock or some combination thereof.

Performance Goals

The 2010 Plan provides that grants of performance shares may be made based upon "performance goals." Performance goals applicable to awards that are limited to specified levels of or increases in the Company's or affiliate's return on equity, earnings per share, total earnings, earnings growth, return on capital, return on assets, earnings before interest, taxes, depreciation and/or amortization, sales, sales growth, gross margin, return on investment, increase in the fair market value of the Company's common stock, share price (including but not limited to, growth measures and total stockholder return), operating income or profit, net earnings, cash flow (including, but not limited to, operating cash flow and free cash flow), cash flow return on investment (which equals net cash flow divided by total capital), inventory turns, financial return ratios, total return to stockholders, market share, earnings measures/ratios, economic or incremental value added, economic profit, balance sheet measurements such as receivable turnover, internal rate of return, increase in net present value or expense targets,

working capital measurements (such as average working capital divided by sales), customer or dealer satisfaction surveys and productivity. Performance goals may be described in terms of Company-wide objectives or objectives that are related to the performance of the individual participant or the subsidiary, division, department or function within the Company or subsidiary in which the participant is employed. Performance criteria may be measured on an absolute or relative basis. Relative performance may be measured by a group of peer companies or by a financial market index. Any performance goal may provide for adjustments to exclude the impact of any significant acquisitions or dispositions of businesses by the Company, one-time non-operating charges, or accounting changes (including the early adoption of any accounting change mandated by any governing body, organization or authority). Prior to the payment of any compensation based on the achievement of performance goals, the Committee must certify in writing that applicable performance goals and any of the material terms thereof were, in fact, satisfied.

Section 162(m) Exemption

Code Section 162(m) prevents a publicly held corporation from claiming income tax deductions for compensation in excess of \$1,000,000 paid to certain senior executives. Compensation is exempt from this limitation if it is "qualified performance-based compensation." Stock options are an example of performance-based compensation. Other types of awards, such as restricted stock, and performance shares, that are granted pursuant to pre-established objective performance formulas, may also qualify as performance-based compensation, so long as certain requirements are met, including the prior approval by stockholders of the material terms of the 2010 Plan. By approving the 2010 Plan, the stockholders will be approving, among other things, (i) the eligibility requirements for participation in the 2010 Plan; and (ii) the performance goals upon which the grant or vesting of awards may be based.

Tax Consequences

The following is a brief summary of certain of the federal income tax consequences of certain transactions under the 2010 Plan. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

In general, an optionee will not recognize income at the time a *nonqualified stock option* is granted. At the time of exercise, the optionee will recognize ordinary income in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares on the date of exercise. At the time of sale of shares acquired pursuant to the exercise of a nonqualified stock option, any appreciation (or depreciation) in the value of the shares after the date of exercise generally will be treated as capital gain (or loss).

An optionee generally will not recognize income upon the grant or exercise of an *incentive stock option*. If shares issued to an optionee upon the exercise of an incentive stock option are not disposed of in a disqualifying disposition within two years after the date of grant or within one year after the transfer of the shares to the optionee, then upon the sale of the shares any amount realized in excess of the option price generally will be taxed to the optionee as long-term capital gain and any loss sustained will be a long-term capital loss. If shares acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period. Subject to certain exceptions for death or disability, if an optionee exercises an *incentive stock option* more than three months after termination of employment, the exercise of the option will be taxed as the exercise of a nonqualified stock option. In addition, if an optionee is subject to federal

"alternative minimum tax," the exercise of an incentive stock option will be treated essentially the same as a nonqualified stock option for purposes of the alternative minimum tax.

A recipient of *restricted stock* generally will be subject to tax at ordinary income rates on the fair market value of the restricted stock (reduced by any amount paid by the recipient) at such time as the shares are no longer subject to a risk of forfeiture or restrictions on transfer for purposes of Code Section 83. However, a recipient who so elects under Code Section 83(b) within 30 days of the date of transfer of the restricted stock will recognize ordinary income on the date of transfer of the shares equal to the excess of the fair market value of the restricted stock (determined without regard to the risk of forfeiture or restrictions on transfer) over any purchase price paid for the shares. If a Section 83(b) election has not been made, any dividends received with respect to restricted stock that are subject at that time to a risk of forfeiture or restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient.

A participant generally will not recognize income upon the grant of *performance shares*. Upon payment, with respect to performance shares, the participant generally will recognize as ordinary income an amount equal to the amount of cash received and the fair market value of any unrestricted stock received.

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company or subsidiary for which the participant performs services will be entitled to a corresponding deduction, provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Code Section 280G and is not disallowed by the \$1,000,000 limitation on certain executive compensation under Code Section 162(m).

Vote Required for Approval and Board of Directors Recommendation

Approval of the 2010 Plan requires the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes will not be considered votes cast for or against the approval of the 2010 Plan.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

PROPOSAL 3
APPROVAL OF AMENDMENT TO EXTEND THE DURATION OF THE 2005 EMPLOYEE
STOCK PURCHASE PLAN UNTIL OCTOBER 2013

During 2005, the Board of Directors and stockholders approved the adoption of the 2005 Employee Stock Purchase Plan. The Plan is set to expire in October 2010. During March of 2010, the Board of Directors approved an amendment to extend the duration of the Employee Stock Purchase Plan to October 2013. The Board believes that an Employee Stock Purchase Plan, such as contained in the 2005 Plan, is important to provide a mechanism to offer both management and non-management employees the ability to participate in the long-term growth of the Company with minimal dilution to stockholders by offering all eligible employees the opportunity to purchase Ballantyne common stock at a 15% discount through payroll deductions. Under the 2005 Plan, a maximum of 2,000 shares per plan year can be purchased by eligible employees. Since the adoption of the Plan, 61,447 shares have been purchased by eligible employees leaving 88,553 shares available for issuance under the plan if the stockholders approve the extension.

A copy of the amendment is attached hereto as Exhibit B to this Proxy Statement.

Vote Required for Approval and Board of Directors Recommendation

Approval of the amendment to extend the duration of the 2005 Employee Stock Purchase Plan until October 2013 requires the affirmative vote of a majority of votes cast. Abstentions and broker non-votes will not be considered votes cast for or against the approval of the proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

PROPOSAL 4
APPROVAL OF AMENDMENT TO EXTEND THE DURATON OF THE 2005 RESTRICTED
STOCK PLAN UNTIL SEPTEMBER 2013

During 2005, the Board of Directors and stockholders approved the adoption of the 2005 Restricted Stock Plan. The Plan is set to expire in September 2010. During March of 2010, the Board of Directors approved an amendment to extend the duration of the Plan to September 2013, subject to approval by the stockholders. A restricted stock award is a grant that vests over time. As the stock award vests, employees receive Ballantyne common shares that they own outright. The Board of Directors believes that the Plan advances the interests of Ballantyne and its stockholders by providing a means to attract, retain and motivate high caliber employees of Ballantyne and its subsidiaries. Since the adoption of the Plan, 159,521 shares have been issued to employees leaving 90,479 shares available for issuance under the plan if the stockholders approve the extension. The shares granted under the Plan since inception had a dilutive effect of 1.1%. These results suggest that the Compensation Committee is committed to using dilutive restricted stock in a very judicious manner and is committed to achieving a balance between dilution and providing the necessary incentives to key management employees to drive long-term shareholder value. This restricted stock would be used to provide incentives to key employees who would not be participating in the 2010 Long-Term Incentive Plan discussed in Proposal 2.

A copy of the amendment is attached hereto as Exhibit C to this Proxy Statement.

Vote Required for Approval and Board of Directors Recommendation

Approval of the amendment to extend the duration of the 2005 Restricted Stock Plan until September 2013 requires the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes will not be considered votes cast for or against the approval of this proposal.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THIS PROPOSAL.

STOCKHOLDER PROPOSALS

In accordance with the rules of the Securities and Exchange Commission, stockholder proposals must be received by December 21, 2010 to be considered for inclusion in the Proxy Statement for the 2011 Annual Meeting of Stockholders which is expected to be held in May 2011. It is suggested that any stockholder desiring to submit a proposal, do so by Certified Mail, Return Receipt Requested. Stockholders should also note that, in addition to the requirement of timely receipt by the Board of Directors of a proposal as stated above, such proposal will not be included in the proxy solicitation material for the 2011 Annual Meeting of Stockholders unless it otherwise complies with the Company's Bylaws, requirements of Section 14(a) of the Securities Exchange Act of 1934 and the rules and regulations promulgated and in effect thereunder.

ADDITIONAL INFORMATION

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who beneficially own more than 10% of the Company's stock, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Executive officers, directors, and greater than 10% beneficial owners are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Ballantyne believes that all persons, subject to these reporting requirements filed the required reports on a timely basis during 2009.

ARTICLE 3 ADMINISTRATION

3.1 *Administration of the Plan.* The Plan shall be administered by the Committee. Any power of the Committee may also be exercised by the Board, except to the extent that the grant or exercise of such authority would cause any Award, intended to be performance based, not to qualify for treatment as "Performance Based Compensation" under §162(m) of the Code. To the extent that any permitted action taken by the Board conflicts with any action taken by the Committee, the Board action shall control. The Committee may delegate any and all aspects of the day-to-day administration of the Plan to one or more officers of the Company or any Affiliate, and/or to one or more agents.

3.2 *Powers of the Committee.* Subject to the expressed provisions of this Plan, the Committee shall be authorized and empowered to take all actions that it determines to be necessary or appropriate in connection with the administration of the Plan, including, without limitation: (i) to prescribe, amend and rescind rules and regulations relating to this Plan and to define terms not otherwise defined herein; (ii) to determine which persons are eligible to be granted Awards, to which of such persons, if any, Awards shall be granted hereunder and the timing of any such Awards; (iii) to grant Awards to Participants and determine the terms and conditions of Awards, including the number of Shares subject

to Awards, the exercise or purchase price of such Shares, and the circumstances under which Awards can be exercised or vested or are forfeited or expire, which terms may but need not be conditioned upon the passage of time, continued employment, the satisfaction of performance criteria, the occurrence of certain events, or other factors; (iv) to establish and certify the extent of satisfaction of any Performance Goals or other conditions applicable to the grant, issuance, exercise ability, vesting and/or ability to retain any Award; (v) to prescribe and amend the terms of Award Agreements or other communications evidencing Awards made under this Plan (which need not be identical) and the terms or form of any document or notice required to be delivered to the Company by Participants under this Plan; (vi) to determine whether, and the extent to which, adjustments are required pursuant to Section 5.3; (vii) to interpret and construe this Plan, any rule and regulations under this Plan, and the terms and conditions of any Award granted hereunder, and to make any exceptions to such provisions in good faith and for the benefit of the Company; and (viii) to make all other determinations deemed necessary and advisable for the administration of the Plan.

No member of the Committee shall be liable for any action that he has taken or has failed to take in good faith with respect to the Plan, or any Award under the Plan.

ARTICLE 4 ELIGIBILITY AND PARTICIPATION

4.1 *General Rule.* Subject to the terms and conditions set forth below, individuals eligible to participate in this Plan include all Employees of the Company or an Affiliate.

4.3 *Ten-Percent Shareholders.* An Employee who holds more than ten percent (10%) of the total combined voting power of all classes of Stock of the Company, its parent or subsidiaries, is not eligible to receive an Incentive Stock Option pursuant to this Plan unless the exercise price of the Incentive Stock Option is at least 110% of the Fair Market Value of the underlying Shares on the date of the grant and the term of the Option does not exceed five (5) years. For purposes of this Section 4.3, stock ownership of an Employee shall be determined pursuant to Section 424(d) of the Code.

ARTICLE 5 SHARES AVAILABLE UNDER THE PLAN; LIMITATION ON AWARDS

5.1 *Number of Shares Available for Awards.* Subject to adjustments provided for in Section 5.3, the maximum number of Shares available for issuance to Participants under the Plan (the "Share Authorization") shall be 600,000 Shares.

5.2 *Share Usage.* Shares governed by an Award shall only be counted as used to the extent they are actually issued. Any Shares related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise, without the issuance of such Shares will be available again for grant under the Plan. Moreover, if the option price of any option granted under this Plan or the tax withholding requirements with respect to an Award granted under this Plan are satisfied by tendering Shares to the Company (by their actual delivery or by attestation) only the number of Shares issued (net of Shares tendered), if any, will be deemed delivered for the purposes of determining the maximum number of Shares available for delivery under this Plan. The Shares available for issuance under this Plan may be authorized and unissued Shares or treasury Shares.

5.3 *Adjustment.* In the event that the Committee, in its sole discretion, shall determine that any dividend or other distribution (whether in the form of cash, stock, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, spin-off, combination, repurchase, or share exchange, or other similar corporate transaction or event, affects the Common Stock such that an adjustment is appropriate in order to preserve (but not increase) the rights of Participants under the Plan, then the Committee shall make such equitable changes or adjustments as it deems necessary or appropriate to any or all of (i) the number and kind of Shares which may thereafter be issued in connection with respect to Awards pursuant to Articles 6, 7, 8, 9 and 10, (ii) the number and kind of Shares issued in respect of outstanding Awards, and (iii) the Exercise Price relating to any Options.

5.4 *Non-Transferability.* Except as specified in the applicable Award Agreement or in domestic relations court orders, an Award shall not be transferable by the Participant other than by will or under the laws of descent and distribution, and shall be exercisable during the Participant's lifetime only by him or in the event of the Participant's legal incapacity, by his guardian or legal representative acting in a fiduciary capacity on behalf of the Participant under State law. Any attempted assignment of an Award in violation of this Section shall be null and void. In the discretion of the Committee, any attempt to transfer an Award other than under the terms of the Plan and the applicable Award Agreement, may terminate the Award.

5.5 *ISO Maximum.* In no event shall the number of Shares issued upon the exercise of Incentive Stock Options exceed 600,000 Shares, subject to adjustment as provided in Section 5.3.

5.6 *Limitations on Awards to Individual Participants.* Subject to adjustment as provided in Section 5.3, no Participant may be granted (i) Options or SARs during any year of the Plan of more than 100,000 Shares or (ii) Restricted Stock or Restricted Stock Units during any year of the Plan of more than 60,000 Shares or (iii) Performance Awards in any rolling Performance Period that are intended to comply with the performance based exception under Code Section 162(m) and are denominated in Shares with respect to more than 60,000 Shares (the "Limitations"). In addition to the foregoing, the maximum dollar value that may be earned by any Participant in any 12-month period with respect to Performance Awards that are intended to comply with the performance based exception under Code Section 162(m) and are denominated in cash is \$500,000. If an Award is cancelled, the cancelled Award shall continue to be counted toward the applicable Limitation.

ARTICLE 6 STOCK OPTIONS

6.1 *Grant of Options.* Subject to the terms and provisions of this Plan, Options may be granted to eligible persons in such number, and upon such terms, and at such time and from time to time as shall be determined by the Committee, in its sole discretion, provided that ISOs may be granted only to eligible Employees of the Company or any Affiliate (as permitted under Sections 422 and 424 of the Code).

6.2 *Award Agreement.* Each Option shall be evidenced by an Award Agreement that shall specify the Exercise Price, the maximum duration of the Option, the number of Shares to which the Option

pertains, the conditions upon which an Option shall become vested and exercisable, and such other provisions as the Committee shall determine which are not inconsistent with the terms of this Plan. The Award Agreement also shall specify whether the Option is intended to be an ISO or an NQSO.

6.3 *Exercise Price.* The Exercise Price for each grant of an Option under the Plan, shall be determined by the Committee, in its sole discretion, and shall be specified in the Award Agreement; provided, however, that the Exercise Price on the day of the grant must be at least equal to 100% of the Fair Market Value of the Shares as determined on the date of the grant. Notwithstanding the foregoing, the price at which Shares may be purchased under an ISO granted to a Participant who is a Ten-Percent Shareholder shall not be less than 110% of the Fair Market Value of the Shares as determined on the date of the grant.

6.4 *Term of Options.* Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of the grant, provided, however, no Option shall be exercisable later than the 10th anniversary date of its grant. Notwithstanding the foregoing, the period during which an ISO may be exercised by a Ten-Percent Shareholder shall expire not later than five (5) years after the date the ISO is granted.

6.5 *Exercise of Options.* Vested Options granted under this Article 6 shall be exercisable on such terms and be subject to such restrictions and conditions as the Committee shall in each instance approve, which terms and restrictions may not be the same for each grant or for each Participant.

6.6 *Payment.* Options granted under this Article 6 shall be exercised by the delivery of a notice of exercise to the Company or an agent designated by the Company in a form specified or accepted by the Committee, or by complying with any alternative procedures which may be authorized by the Committee, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

A condition of the issuance of the Shares as to which an Option shall be exercised shall be the payment of the Exercise Price. The Exercise Price of any Option shall be payable to the Company in full in cash or its equivalent or in the sole discretion of the Committee, either: (a) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of the exercise equal to the Exercise Price prior to their tender to satisfy the Exercise Price if acquired under this Plan or any other compensation plan maintained by the Company or have been purchased on the open market; (b) by a cashless exercise (broker-assisted exercise) through a "same-day sale" commitment; (c) by a combination of (a) and (b); or (d) by any other method approved or accepted by the Committee.

Subject to any government rules or regulations, as soon as practicable after receipt of written notification of exercise and full payment (including satisfaction of the applicable tax withholding) the Company shall deliver to the Participant evidence of book entry Shares, or upon Participant's request of share certificates in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

6.7 *Restriction to Insure Transferability.* The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, minimum holding requirements, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, or under any blue sky or state securities laws applicable to such Shares.

6.8 *Termination of Employment.* Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment with the Company. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

6.9 *Limitation on ISOs.* To the extent that the aggregate Fair Market Value of Shares with respect to which ISOs first become exercisable by a Participant in any calendar year exceeds \$100,000, taking into account both Shares subject to ISOs under the Plan and Shares subject to ISOs under all other plans of the Company, such Options shall be treated as NQSOs. For this purpose, the "Fair Market Value" of the Shares subject to Options shall be determined as of the date the Options were awarded. In reducing the number of Options treated as ISOs to meet the \$100,000 limit, the most recently granted Options shall be reduced first. To the extent a reduction of simultaneously granted Options is necessary to meet the \$100,000 limit, the Committee may, in the manner and to the extent permitted by law, designate which Shares are to be treated as Shares acquired pursuant to the exercise of an ISO.

ARTICLE 7 STOCK APPRECIATION RIGHTS

7.1 *Authority to Grant Stock Appreciation Rights.* Subject to the terms and provisions of the Plan, the Committee, at any time, and from time to time, may grant SARs under the Plan to eligible persons in such number and upon such terms as the Committee shall determine. Subject to the terms and conditions of the Plan, the Committee shall have complete discretion in determining the terms and conditions pertaining to such SAR.

7.2 *Types of Stock Appreciation Rights Available.* The Committee may grant Free-Standing SARs, Tandem SARs or any combination of these forms of SARs.

7.3 *General Terms.* Subject to the terms and conditions of the Plan, a SAR granted under the Plan shall confer on the recipient a right to receive, upon exercise thereof, an amount equal to the excess of (a) the Fair Market Value of one Share of stock on the date of exercise, over (b) the grant price of the SAR, which shall not be less than 100% of the Fair Market Value of one Share of stock on the date of the grant of the SAR. The grant price of Tandem SARs shall be equal to the Exercise Price of the related Option.

7.4 *SAR Agreement.* Each Award of SARs granted under the Plan shall be evidenced by an Award Agreement that shall specify (a) the grant price of the SAR, (b) the term of the SAR, (c) the vesting and termination provisions of the SAR and (d) such other provisions as the Committee shall determine that are not inconsistent with the terms and provisions of the Plan. The Committee may impose such additional conditions or restrictions on the exercise of a SAR as it may deem appropriate.

7.5 *Term of SAR.* The term of a SAR granted under the Plan shall be determined by the Committee, in its sole discretion, provided no SAR shall be exercisable on or after the tenth (10th) anniversary date of its grant. Notwithstanding any other provision of this Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO; (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than 100% of the excess of the Fair Market Value of the Shares of stock subject to the underlying ISO at the time the Tandem SAR is exercised over the Exercise Price of the underlying ISO; and (c) the Tandem SAR may be exercised only when the Fair Market Value of the Shares of stock subject to the ISO exceeds the Exercise Price of the ISO.

7.6 Exercise of Free-Standing SARs. Subject to the terms and provisions of the Plan and the applicable Award Agreement, Free-Standing SARs may be exercised in whole or part from time to time by the delivery of written notice in the manner designated by the Committee stating (a) that the Participant wishes to exercise such SAR on the date such notice is so delivered, (b) the number of Shares of stock with respect to which the SAR is to be exercised and (c) the address to which the payment due under such SAR should be mailed. In accordance with applicable law, Free-Standing SARs may be exercised upon whatever additional terms and conditions the Committee, in its sole discretion, imposes.

7.7 Exercise of Tandem SARs. Subject to the terms and provisions of the Plan and the applicable Award Agreement, Tandem SARs may be exercised for all or part of the Shares of stock subject to the related Option upon the surrender of the right to exercise the equivalent portion of the related Option and by delivery of written notice in the manner designated by the Committee stating (a) that the Participant wishes to exercise such SAR on the date such notice is so delivered, (b) the number of Shares of stock with respect to which the SAR is to be exercised and (c) the address to which the payment due under such SAR should be mailed. A Tandem SAR may be exercised only with respect to the Shares of stock for which its related Option is then exercisable. In accordance with applicable law, a Tandem SAR may be exercised upon whatever additional terms and conditions the Committee, in its sole discretion, imposes.

7.8 Payment of SAR Amount. Upon the exercise of a SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying the excess of the Fair Market Value of a Share of stock on the date of exercise over the grant price of the SAR by the number of Shares of stock with respect to which the SAR is exercised. At the discretion of the Committee, the payment upon SAR exercise may be in cash, in stock of equivalent value, or some combination thereof or in any other manner approved by the Committee in its sole discretion. The Committee's determination regarding the form of SAR payout shall be set forth in the Award Agreement pertaining to the grant of the SAR.

7.9 Termination of Employment. Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following the Participant's termination of employment. Such provision shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with the Participant, need not be uniform among all SARs issued pursuant to the this Article 7.9, and may reflect distinctions based upon the reason for termination.

7.10 Non-Transferability of SARs. Except as otherwise provided in a Participant's Award Agreement, no SAR granted under the Plan may be sold, transferred, pledged, assigned or otherwise alienated or hypothecated, other than by Will or by the laws of dissent and distribution. Further, except as otherwise provided in a Participant's Award Agreement, all SARs granted to a Participant under the Plan shall be exercisable in his or her lifetime only by the Participant, and after that time, by Participant's heirs or estate. Any attempt at assignment of an SAR in violation of this Section 7.10 shall be null and void.

7.11 Participant's Rights as a Stockholder. Each recipient of a SAR Award shall have no rights as a stockholder.

7.12 Restrictions on Stock Received. The Committee may impose such conditions and/or restrictions on any Shares of stock received upon exercise of a SAR granted pursuant to the Plan as it may deem advisable or desirable. These restrictions may include, but shall not be limited to, requirements that the Participant holds the Shares of stock received upon exercise of a SAR for a specified period of time.

ARTICLE 8
RESTRICTED STOCK

8.1 *Restricted Stock Awards.* Subject to the terms and provisions of the Plan, the Committee, at any time, and from time to time, may make Awards of Restricted Stock under the Plan to eligible persons in such number and upon such terms as the Committee shall determine. The amount of, the vesting and the transferability restrictions applicable to any Restricted Stock Award shall be determined by the Committee in its sole discretion. If the Committee imposes vesting or transferability restrictions on a Participant's rights with respect to Restricted Stock, the Committee may issue such instructions to the Company's share transfer agent in connection therewith as it deems appropriate. The Performance Goals upon which the payment or vesting of an Award to a Participant that is intended to qualify as Performance-Based Compensation shall be limited to one or more of the following Performance Goals: return on equity, earnings per share, total earnings, earnings growth, return on capital, return on assets, earnings before interest, taxes, depreciation and/or amortization, sales, sales growth, gross margin, return on investment, increase in the fair market value of the Company's common stock, share price (including but not limited to, growth measures and total stockholder return), operating income or profit, net earnings, cash flow (including, but not limited to, operating cash flow and free cash flow), cash flow return on investment (which equals net cash flow divided by total capital), inventory turns, financial return ratios, total return to stockholders, market share, earnings measures/ratios, economic or incremental value added, economic profit, balance sheet measurements such as receivable turnover, internal rate of return, increase in net present value or expense targets, working capital measurements (such as average working capital divided by sales), customer or dealer satisfaction surveys and productivity.
