Table of Contents

RISK FACTORS

Economic

Unilever's business is dependent on continuing consumer demand for our brands. Reduced consumer wealth driven by adverse economic conditions may result in our consumers becoming unwilling or unable to purchase our products, which could adversely affect our cash flow, turnover, profits and profit margins. In addition we have a large number of global brands, some of which have a significant carrying value as intangible assets: adverse economic conditions may reduce the value of those brands which could require us to impair their balance sheet value.

During economic downturns access to credit could be constrained. This could impact the viability of our suppliers and customers and could temporarily inhibit the flow of day-to-day cash transactions with suppliers and customers via the banks.

Adverse economic conditions may affect one or more countries within a region, or may extend globally. The impact on our overall portfolio will depend on the severity of the economic slowdown, the mix of countries affected and any government response to reduce the impact such as fiscal stimulus, changes to taxation and measures to minimise unemployment.

Markets

Unilever operates globally in competitive markets where the activities of other multinational companies, local and regional companies and customers which have a significant private label business may adversely affect our market shares, cashflow, turnover, profits and/or profit margins.

In 2010, more than half of Unilever's turnover came from developing and emerging markets including Brazil, India, Indonesia, Turkey, South Africa, China, Mexico and Russia. These markets are typically more volatile than developed markets, so we are continually exposed to changing economic, political and social developments outside our control, any of which could adversely affect our business. Failure to understand and respond effectively to local market developments could put at risk our cash flow, turnover, profit and/or profit margins.

Brands and innovation

Unilever's Mission is to help people feel good, look, good and get more out of life with brands and services that are good for them and good for others. This is achieved by designing and delivering superior branded products/services at relevant price points to consumers across the globe. Failure to provide sufficient funding to develop new products, lack of technical capability in the research and development function, lack of prioritisation of projects and/or failure by operating management to successfully and quickly roll out the products may adversely impact our cash flow, turnover, profit and/or profit margins and may impact our reputation.

Customer

Increasing competitive pressure from and consolidation of customers could adversely impact our cashflow, turnover, profits and/or profit margins.

Maintaining successful relationships with our customers is key to ensuring our brands are successfully presented to our consumers and are available for purchase at all times. Any breakdown in the relationships with customers could reduce the availability to our consumers of existing products and new product launches and therefore impact our cash flow, turnover, profits and/or profit margins.

The retail industry continues to consolidate in many of our markets. Further consolidation and the continuing growth of discounters could increase the competitive retail environment by increasing customers' purchasing power, increasing the demand for competitive promotions and price discounts,

Table of Contents

increase cross-border sourcing to take advantage of pricing arbitrage and thus adversely impact our cash flow, turnover, profits and/or profit margins. Increased competition between retailers could place pressure on retailer margins and increase the counterparty risk to Unilever.

Financial/Treasury

Our global operations expose us to changes in liquidity, interest rates, currency exchange rates, pensions and taxation, which may have a negative impact on our business.

As a global organisation Unilever's asset values, earnings and cashflows are influenced by a wide variety of currencies, interest rates, tax jurisdictions and differing taxes. If we are unable to manage our exposures to any one, or a combination, of these factors, this could adversely impact our cash flow, profits and/or profit margins. A material and significant shortfall in net cash flow could undermine Unilever's credit rating, impair investor confidence and hinder our ability to raise funds, whether through access to credit markets, commercial paper programmes, long-term bond issuances or otherwise. In times of financial market volatility, we are also potentially exposed to counterparty risks with banks.

We are exposed to market interest rate fluctuations on our floating rate debt. Increases in benchmark interest rates could increase the interest cost of our floating rate debt and increase the cost of future borrowings. Our inability to manage the interest cost effectively could have an adverse impact on our cash flow, profits and/or profit margins.

Because of the breadth of our international operations we are subject to risks from changes to the relative value of currencies which can fluctuate widely and could have a significant impact on our assets, cashflow, turnover, profits and/or profit margins. Further, because Unilever consolidates its financial statements in euros it is subject to exchange risks associated with the translation of the underlying net assets of its foreign subsidiaries. We are also subject to the imposition of exchange controls by individual countries which could limit our ability to import materials paid by foreign currency or to remit dividends to the parent company.

Certain businesses have defined benefit pension plans, most now closed to new employees, which are exposed to movements in interest rates, fluctuating values of underlying investments and increased life expectancy. Changes in any or all of these inputs could potentially increase the cost to Unilever of funding the schemes and therefore have an adverse impact on profitability and cash flow.

In view of the current economic climate and deteriorating government deficit positions, tax legislation in the countries in which we operate may be subject to change, which may have an adverse impact on our profits.

Consumer safety and sustainability

Our industry is subject to focus on social and environmental issues, including sustainable development, product safety and renewable resources. If we fail to meet applicable standards or expectations with respect to these issues, our reputation could be damaged and our business adversely affected.

Unilever has developed a strong corporate reputation over many years for its focus on social and environmental issues, including promoting sustainable renewable resources. The Unilever brand logo is now displayed on all our products and increasingly displayed in our advertising, increasing our external exposure. In 2010, we launched the Unilever Sustainable Living Plan that sets out our social and environmental ambitions for the coming decade. The environmental measures that we regard as most significant are those relating to CO₂ from energy that we use, the water we consume as part of our production processes and the amount of waste that we generate for disposal. Failure to design products with a lower environmental footprint could damage our reputation and hence long-term cash flow,

Table of Contents

turnover, profits and/or profit margins. Should we fail to meet high product safety, social, environmental and ethical standards across all our products and in all our operations and activities it could impact our reputation, leading to the rejection of products by consumers, damage to our brands including growth and profitability, and diversion of management time into rebuilding our reputation.

Operations

Our input costs are subject to fluctuation and we are reliant on efficient suppliers and regional/global supply chains to produce and deliver our products to our customers.

Our ability to make products is dependent on securing timely and cost-effective supplies of production materials, some of which are globally traded commodities. The price of commodities and other key materials, labour, warehousing and distribution fluctuates according to global economic conditions, which can have a significant impact on our product costs. We saw commodity prices rise during the second half of 2010 and this looks set to continue in 2011. If we are unable to increase prices to compensate for higher input costs, this could reduce our cash flow, profits and/or profit margins. If we increase prices more than our competitors, this could undermine our competitiveness and hence market shares.

Further, two-thirds of the raw materials that we buy come from agriculture. Changing weather patterns, water scarcity and unsustainable farming practices threaten the long-term viability of agricultural production. A reduction in agricultural production may limit our ability to manufacture products in the long term.

We are dependent on regional and global supply chains for the supply of raw materials and services and for the manufacture, distribution and delivery of our products. We may be unable to respond to adverse events occurring in any part of this supply chain such as changes in local legal and regulatory schemes, labour shortages and disruptions, environmental and industrial accidents, bankruptcy of a key supplier or failure to deliver supplies on time and in full, which could impact our ability to deliver orders to our customers. Any of the foregoing could adversely impact our cash flow, turnover, profits and/or profit margins and harm our reputation and our brands.

People and talent

Our success depends on attracting, developing and retaining talented people within our business. Any shortfall in recruitment or retention could adversely affect our ability to deliver our strategy and compete in our markets.

Attracting, developing and retaining talented employees is essential to the delivery of our strategy. If we fail to determine the appropriate mix of skills required to implement our strategy and subsequently fail to recruit or develop the right number of appropriately qualified people, or if there are high levels of staff turnover, this could adversely affect our ability to operate successfully, and hence grow our business and effectively compete in the marketplace.

Legal and regulatory

Unilever is subject to many local, regional and global jurisdictions. Failure to comply with local laws and regulatory regimes could expose Unilever to litigation, penalties, fines and/or imprisonment of its executives.

Unilever is subject to local, regional and global rules, laws and regulations, covering such diverse areas as product safety, product claims, trademarks, copyright, patents, employee health and safety, the environment, corporate governance, listing and disclosure, employment and taxes. Important regulatory bodies in respect of our business include the European Commission and the US Food and Drug Administration. Failure to comply with laws and regulations could leave Unilever open to civil and/or

Table of Contents

criminal legal challenge and, if upheld, fines or imprisonment imposed on us or our employees. Further, our reputation could be significantly damaged by adverse publicity relating to such a breach of laws or regulations and such damage could extend beyond a single geography.

Integration of acquisitions, restructuring and change management

Integration of acquisitions and ongoing restructuring initiatives involve significant changes to our organisation. If we are unable to successfully implement these changes in a timely manner, we may not realise the expected benefits from the restructuring.

Since September 2009, Unilever has announced €4.6 billion of acquisitions and our global and regional restructuring programmes will continue in 2011. In the event that we are unable to successfully implement these changes in a timely manner or at all, or effectively manage third-party relationships and/or outsourced processes, we may not be able to realise some or all of the anticipated expense reductions. In addition, because some of the restructuring changes involve important functions, any disruption could harm the operations of our business, our reputation and/or relationship with our employees.

Other risks

Unilever is exposed to varying degrees of risk and uncertainty related to other factors including physical, environmental, political, social and terrorism risks within the environments in which we operate, failure to complete planned divestments, taxation risks, failure to resolve insurance matters within current estimates and changing priorities of our boards of directors. All these risks could materially affect the Group's business, our turnover, operating profits, net profits, net assets and liquidity. There may be risks which are unknown to Unilever or which are currently believed to be immaterial.

FORWARD-LOOKING AND CAUTIONARY STATEMENTS

This prospectus supplement may contain forward-looking statements, including 'forward-looking statements' within the meaning of the United States Private Securities Litigation Reform Act of 1995. Words such as 'expects', 'anticipates', 'intends', 'believes' or the negative of these terms and other similar expressions of future performance or results, and their negatives, are intended to identify such forward-looking statements. These forward-looking statements are based upon current expectations and assumptions regarding anticipated developments and other factors affecting the Group. They are not historical facts, nor are they guarantees of future performance. Because these forward-looking statements involve risks and uncertainties, there are important factors that could cause actual results to differ materially from those expressed or implied by these forward-looking statements. Market conditions for our business were challenging in 2010 and we do not anticipate this changing significantly in 2011. Economic pressures are expected to continue to weigh heavily on consumer spending, particularly in developed markets where the combined impact of austerity measures and high unemployment is likely to constrain disposable incomes. In addition, there are many factors that could cause our results to differ from our expectations, including, among others, competitive pricing and activities, economic slowdown, industry consolidation, access to credit markets, recruitment levels, reputational risks, commodity prices, continued availability of raw materials, prioritisation of projects, consumption levels, costs, the ability to maintain and manage key customer relationships and supply chain sources, consumer demands, currency values, interest rates, the ability to integrate acquisitions and complete planned divestitures, the ability to complete planned restructuring activities, physical risks, environmental risks, the ability to manage regulatory, tax and legal matters and resolve pending matters within current estimates, legislative, fiscal and regulatory developments, political, economic and social conditions in the geographic markets where the Group operates and new or changed priorities of the Boards. Further details of potential risks and uncertainties affecting the Group are described in the Group's filings with the London Stock Exchange, Euronext Amsterdam and the US Securities and Exchange Commission, including the Group's Annual Report on Form 20-F for the year ended December 31, 2009 and the Annual Report and Accounts 2009. These forward-looking statements speak only as of the date of this prospectus supplement. Except as required by any applicable law or regulation, the Group expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in the Group's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

UNILEVER GROUP

UNILEVER N.V. AND UNILEVER PLC

History and Structure of Unilever

Unilever N.V. ("N.V.") and Unilever PLC ("PLC") are the two parent companies of the Unilever Group. N.V. was incorporated under the name Naamlouze Vennootschap Margarine Unie in The Netherlands in 1927. PLC was incorporated under the name Lever Brothers Limited in England and Wales in 1894.

Together with their respective group companies, N.V. and PLC operate effectively as a single economic entity. This is achieved by a series of agreements between N.V. and PLC (The Equalisation Agreement, The Deed of Mutual Covenants and The Agreement for Mutual Guarantees of Borrowing), together with special provisions in the Articles of Association of N.V. and PLC. N.V. and PLC have the same Directors, have the same Chairman and adopt the same accounting principles. Shareholders of both companies receive dividends on an equalised basis. N.V. and PLC and their group companies constitute a single reporting entity for the purposes of presenting consolidated accounts. Accordingly, the accounts of the Unilever Group are presented by both N.V. and PLC as their respective consolidated accounts.

N.V. and PLC have agreed to co-operate in all areas and ensure that all group companies act accordingly. N.V. and PLC are holding and service companies, and the business activity of Unilever is carried out by their subsidiaries around the world. Shares in group companies may ultimately be held wholly by either N.V. or PLC, or jointly by the two companies, in varying proportions.

The two companies have different shareholder constituencies and shareholders cannot convert or exchange the shares of one company for shares of the other. N.V. is listed in Amsterdam and New York. PLC is listed in London and New York.

LITIGATION UPDATE

Competition Investigations

As previously reported, in June 2008 the European Commission initiated an investigation into potential competition law infringements in the European Union in relation to consumer detergents. While the investigation is ongoing, Unilever has concluded that it is now appropriate to take a provision of €110 million.

In addition and as previously reported, Unilever is involved in a number of other ongoing investigations by national competition authorities in a number of European countries including Greece, France, the Netherlands, Belgium and Germany. These investigations are at various stages and concern a variety of product markets. Provisions have been made to the extent appropriate.

It is Unilever's policy to co-operate fully with the competition authorities in the context of all ongoing investigations. In addition, Unilever reinforces and enhances its internal competition law compliance procedures on an ongoing basis.

Tax cases Brazil

During 2004 in Brazil, and in common with many other businesses operating in that country, one of our Brazilian subsidiaries received a notice of infringement from the Federal Revenue Service. The notice alleges that a 2001 reorganisation of our local corporate structure was undertaken without valid business purpose. The dispute is in court and if upheld, will result in a tax payment relating to years

from 2001 to the present day. The 2001 reorganisation was comparable with restructurings done by many companies in Brazil. We believe that the likelihood of a successful challenge by the tax authorities is remote, however, there can be no guarantee of success in court.

DESCRIPTION OF THE NOTES

The following description of the particular terms of the Notes offered hereby supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provision of the guaranteed debt securities set forth in the accompanying prospectus, to which description reference is hereby made. We urge you to read the indenture and related form of notes before making your investment decision. Those documents govern your rights as a holder of Notes. See "Where You Can Find More Information About Us."

Brief Description of the Notes and Guarantees

The Notes of each series will be unsecured obligations of Unilever Capital Corporation and will rank equally with all other unsecured and unsubordinated debt of Unilever Capital Corporation.

The payment of principal, premium, if any, and interest on the Notes will be guaranteed jointly, severally, fully and unconditionally by Unilever N.V., Unilever PLC and Unilever U.S.

No sinking fund has been provided for the Notes.

See "Description of Debt Securities and Guarantees" beginning on page 5 in the accompanying prospectus.

Principal, Maturity and Interest

The 2016 Notes will be issued in an aggregate principal amount of \$ _____ and the 2021 Notes will be issued in an aggregate principal amount of \$ _____. Unless otherwise redeemed, the 2016 Notes will mature on _____, 2016 and the 2021 Notes will mature on _____, 2021 (the Stated Maturity). The 2016 Notes will bear interest at the rate of _____ % per annum, and the 2021 Notes will bear interest at the rate of _____ % per annum, each from _____, 2011 or from the most recent interest payment date to which interest has been paid or provided for, payable semi-annually on _____ and _____ of each year, commencing _____, 2011 to the persons in whose name the Notes are registered at the close of business on the related record date, _____ or _____, as the case may be, next preceding such interest payment date.

Further Issues

Unilever Capital Corporation may from time to time, without notice to, or the consent of, the registered holders of the Notes, create and issue further securities equal in rank to the Notes of either series in all respects (or in all respects except for the payment of interest accruing prior to the issue date of the further notes). The further notes of either series may be consolidated and form a single series with the original Notes of that series and have the same term as to status, redemption or otherwise as the original series of Notes.

Redemption

Unilever Capital Corporation may, at its option, redeem the Notes of either series in whole at any time or in part from time to time. The redemption price for any Note so redeemed shall equal any accrued and unpaid interest thereon to the redemption date, plus the greater of (a) the principal amount thereof or (b) an amount equal to the Discounted Remaining Payments. For purposes of this redemption provision, the following terms have the meanings set forth below:

"Discounted Remaining Payments" means an amount equal to the sum of the Current Values of the amounts of interest and principal that would have been payable by Unilever Capital Corporation pursuant to the terms of the Notes on each interest payment date after the redemption date and at

Table of Contents

Stated Maturity of the final payment of principal thereof (assuming that Unilever Capital Corporation had not redeemed such Notes prior to such Stated Maturity).

"Current Value" means, in respect of any amount, the present value of that amount on the redemption date after discounting that amount on a semi-annual basis from the originally scheduled date for payment on the basis of the Treasury Rate plus basis points in the case of the 2016 Notes and basis points in the case of the 2021 Notes.

"Treasury Rate" means a per annum rate (expressed as a decimal and, in the case of United States Treasury bills, converted to a per annum yield) determined on the redemption date to be the per annum rate equal to the semi-annual bond equivalent yield to maturity for United States Treasury securities maturing at the Stated Maturity of the final payment of principal of the Notes redeemed pursuant to the provisions described above, as determined by reference to the weekly average yield to maturity for United States Treasury securities maturing on such Stated Maturity as reported in the most recent Statistical Release H.15(519) of the Board of Governors of the Federal Reserve.

The Notes of either series are also redeemable at the option of Unilever Capital Corporation, in whole but not in part, at any time at the principal amount thereof plus accrued interest to the Redemption Date in the event of certain changes in the tax laws of the United States, the United Kingdom or The Netherlands after the date of this prospectus supplement (subject to the right of holders of record on the relevant record date to receive interest due on an Interest Payment Date that is on or prior to the Redemption Date). See "Description of the Debt Securities Optional Tax Redemption" in the prospectus.

Notice of any redemption will be mailed at least 30 days, but not more than 60 days, before the redemption date to each holder of Notes to be redeemed at his address appearing in the security register relating to the Notes. Unless Unilever Capital Corporation defaults in payment of the redemption price, on and after the redemption date interest ceases to accrue on such Notes or portions thereof called for redemption.

Unless otherwise redeemed, the Notes of each series will mature at par on their Stated Maturity.

Notes in Global Form

The Notes will be represented by one or more global notes that will be deposited with and registered in the name of The Depository Trust Company (DTC) or its nominee. Unilever Capital Corporation will not issue certificated Notes, except in the limited circumstances described below.

Book Entry Procedures for the Global Notes

Each global note will be issued to DTC, which will keep a computerized record of its participants whose clients have purchased the Notes. Each participant will then keep a record of its own clients. Unless it is exchanged in whole or in part for a certificated note, a global note may not be transferred. DTC, its nominees and their successors may, however, transfer a global note as a whole to one another, and these transfers are required to be recorded on our records or a register to be maintained by the trustee. Beneficial interests in a global note will be shown on, and transfers of beneficial interests in the global note will be made only through, records maintained by DTC and its participants.

The Depository Trust Company

DTC is:

a limited-purpose trust company organized under the New York Banking Law;

a "banking organization" within the meaning of the New York Banking Law;

Table of Contents

a member of the Federal Reserve System;

a "clearing corporation" within the meaning of the New York Uniform Commercial Code; and

a "clearing agency" registered under the provisions of Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its direct participants deposit with DTC. DTC also records the settlements among direct participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for direct participants' accounts. This book-entry system eliminates the need to exchange certificated securities. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC's book-entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that work through a direct participant. The rules that apply to DTC and its participants are on file with the SEC. DTC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc.

Ownership of Notes through DTC, Clearstream and Euroclear

When you purchase Notes through the DTC system, the purchases must be made by or through a direct participant, which will receive credit for the Notes on DTC's records. When you actually purchase the Notes, you will become their beneficial owner. Your ownership interest will be recorded only on the direct or indirect participants' records. DTC will have no knowledge of your individual ownership of the Notes. DTC's records will show only the identity of the direct participants and the principal amount of the Notes held by or through them. You will not receive a written confirmation of your purchase or sale or any periodic account statement directly from DTC. You should instead receive these from your direct or indirect participant. As a result, the direct or indirect participants are responsible for keeping accurate account of the holdings of their customers. We understand that under existing industry practice, in the event an owner of a beneficial interest in the global note desires to take any actions that DTC, as the holder of the global note, is entitled to take, DTC would authorize the participants to take such action, and that participants would authorize beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

No beneficial owner of an interest in the global note will be able to transfer the interest except in accordance with DTC's applicable procedures, in addition to those provided for under the indenture and, if applicable, those of Euroclear Bank S.A./N.V. and Clearstream Banking S.A. The trustee will wire payments on the Notes to DTC's nominee. We and the trustee will treat DTC's nominee as the owner of each global note for all purposes. Accordingly, we, the trustee and any paying agent will have no direct responsibility or liability to pay amounts due on a global note to you or any other beneficial owners in that global note.

It is DTC's current practice, upon receipt of any payment of distributions or liquidation amounts, to proportionately credit direct participants' accounts on the payment date based on their holdings. In addition, it is DTC's current practice to pass through any consenting or voting rights to such participants by using an omnibus proxy. Those participants will, in turn, make payments to and solicit votes from you, the ultimate owner of the Notes, based on their customary practices. Payments to you will be the responsibility of the participants and not of DTC, the trustee or us.

Links have been established among DTC, Clearstream and Euroclear, which are two European book-entry depositories similar to DTC, to facilitate the cross-market transfers of the Notes associated with secondary market trading. Noteholders may hold their Notes through the accounts maintained by Euroclear or Clearstream in DTC only if they are participants of those systems, or indirectly through

Table of Contents

organizations which are participants in those systems. Euroclear and Clearstream will hold omnibus book-entry positions on behalf of their participants through customers' securities accounts in Euroclear's and Clearstream's names on the books of their respective depositaries which in turn will hold such positions in customers' securities accounts in the names of the nominees of the depositaries on the books of DTC. All securities in Euroclear and Clearstream are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts.

Transfers of Notes by persons holding through Euroclear or Clearstream participants will be effected through DTC, in accordance with DTC rules, on behalf of the relevant European international clearing system by its depositaries; however, such transactions will require delivery of exercise instructions to the relevant European international clearing system by the participant in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the exercise meets its requirements, deliver instructions to its depositaries to take action to effect exercise of the Notes on its behalf by delivering Notes through DTC and receiving payment in accordance with its normal procedures for next-day funds settlement. Payments with respect to the Notes held through Euroclear or Clearstream will be credited to the cash accounts of Euroclear participants or Clearstream participants in accordance with the relevant systems' rules and procedures, to the extent received by its depositaries.

All information in this prospectus supplement on DTC, Euroclear and Clearstream is derived from DTC, Euroclear or Clearstream, as the case may be, and reflects the policies of such organizations. These organizations may change these policies without notice.

Definitive Notes

Individual certificates in respect of the Notes will not be issued in exchange for the global notes, except in very limited circumstances. If DTC notifies us that it is unwilling or unable to continue as a clearing system in connection with the global notes or ceases to be a clearing agency registered under the Exchange Act, and a successor clearing system is not appointed by us within 90 days after receiving such notice from DTC or upon becoming aware that DTC is no longer so registered, we will issue or cause to be issued individual certificates in registered form on registration of transfer of, or in exchange for, book-entry interests in the Notes represented by such global notes upon delivery of such global notes for cancellation.

Payments on any definitive Notes will be made by the trustee directly to holders of such definitive Notes in accordance with the procedures set forth herein and in the indenture. Interest payments and any principal payments on the definitive Notes on each interest payment date will be made to holders in whose names the definitive Notes were registered at the close of business on the related record date as set forth under "Principal, Maturity and Interest." Payments will be made by check, mailed to the address of such holders as they appear on the Note register and, in addition, under the circumstances provided by the indenture, by wire transfer to a bank or depository institution located in the United States and appropriate facilities thereof. The final payment of principal and interest on any definitive Notes, however, will be made only upon presentation and surrender of such definitive Notes at the office of the paying agent for the Notes.

A definitive Note may be transferred free of charge in whole or in part upon the surrender of the definitive Note to be transferred, together with the completed and executed assignment that appears on the reverse of the definitive Note, at the specified office of any transfer agent. In the case of a permitted transfer of any part of a Note, a new Note in respect of the balance not transferred will be issued to the transferor. Each new definitive Note to be issued upon the transfer of a definitive Note will, upon the effective receipt of such completed assignment by a transfer agent at its respective specified office, be available for delivery at such specified office, or at the request of the holder requesting such transfer, will be mailed at the risk of the transferee entitled to the new definitive Note

Table of Contents

to such address as may be specified in such completed assignment. Neither the registrar nor any transfer agent shall be required to register the transfer of or exchange of any definitive Notes within 15 days before the Notes are to be selected for redemption.

Paying Agent

Payments and transfers of the Notes will be made at the respective offices of the paying and transfer agents in New York City.

Notices

Notices to holders of the Notes will be sent by mail to the registered holders and will be published, whether the Notes are in global or definitive form. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once, on the date of the first such publication.

Replacement Securities

In case of mutilation, destruction, loss or theft of any definitive Note, application for replacement is to be made at the office of the trustee. Any such definitive Note will be replaced by the trustee in compliance with such procedures, and on such terms as to evidence and indemnity, as Unilever Capital Corporation and the trustee may require and subject to applicable laws. All costs incurred in connection with the replacement of any definitive Note will be borne by the holder of the Note. Mutilated or defaced definitive Notes must be surrendered before new ones will be issued.

Payment of Additional Amounts

If any deduction or withholding for any present or future taxes, assessments or other governmental charges of the United Kingdom, The Netherlands or the United States shall at any time be required, Unilever Capital Corporation and the guarantors have agreed, subject to certain exceptions, to pay Additional Amounts as described under "Description of Debt Securities and Guarantees Payment of Additional Amounts" in the accompanying prospectus.

TAXATION

Federal Taxation in the United States

This section summarizes the material U.S. tax consequences to holders of Notes. It represents the views of our tax counsel, Cravath, Swaine & Moore LLP. However, the discussion is limited in the following ways:

The discussion only covers you if you buy your Notes in the initial offering.

The discussion only covers you if you hold your Notes as a capital asset (that is, for investment purposes), and if you do not have a special tax status.

The discussion does not cover tax consequences that depend upon your particular tax situation in addition to your ownership of Notes. In particular, this discussion does not apply to you if you are subject to special tax rules, such as:

financial institutions;

insurance companies;

dealers or traders in securities or currencies;

S-19

Table of Contents

tax-exempt entities;

regulated investment companies;

expatriates;

if you will hold the Notes as part of a "hedging" or "conversion" transaction or as a position in a "straddle" or as part of a "synthetic security" or other integrated transaction for U.S. federal income tax purposes;

if you will hold the Notes through partnerships or other pass-through entities; and

if you have a "functional currency" other than the U.S. dollar.

The discussion is based on current law. Changes in the law may change the tax treatment of the Notes.

The discussion does not cover state, local or foreign tax law.

We have not requested a ruling from the IRS on the tax consequences of owning the Notes. As a result, the IRS could disagree with portions of this discussion.

If you are considering buying Notes, we suggest that you consult your tax advisor about the tax consequences of holding the Notes in your particular situation.

Tax Consequences to U.S. Holders

This section applies to you if you are a U.S. holder. A "U.S. holder" is:

U.S. citizen or resident alien;

a corporation or entity taxable as a corporation for U.S. federal income tax purposes that was created under U.S. law (federal or state); or

an estate or trust whose world-wide income is subject to U.S. federal income tax.

This summary does not address holders of equity interests in a U.S. holder. If a partnership holds Notes, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. If you are a partner of a partnership holding Notes, we suggest that you consult your tax advisor.

Interest. If you are a cash method taxpayer (including most individual holders), you must report interest on the Notes in your income when you receive it. If you are an accrual method taxpayer, you must report interest on the Notes in your income as it accrues.

Sale or Retirement of Notes. On your sale or retirement of your Note:

Edgar Filing: UNILEVER N V - Form 424B3

You will have taxable gain or loss equal to the difference between the amount received by you and your tax basis in the Note. Your tax basis in the Note is your cost, subject to certain adjustments.

Your gain or loss will generally be capital gain or loss, and will be long-term capital gain or loss if you held the Note for more than one year. For a non-corporate U.S. holder, the maximum tax rate on long-term capital gains is 15% for taxable years before 2013.

If you sell the Note between interest payment dates, a portion of the amount you receive reflects interest that has accrued on the Note but has not yet been paid by the sale date. That amount is treated as ordinary interest income and not as sale proceeds.

Table of Contents

Payments by Guarantors A payment on a Note made by a guarantor will be treated in the same manner as if made directly by us.

Information Reporting and Backup Withholding. Under the tax rules concerning information reporting to the U.S. Internal Revenue Service (the "IRS"):

Assuming you hold your Notes through a broker or other securities intermediary, the intermediary must provide information to the IRS and to you on Form 1099 concerning interest and retirement proceeds on your Notes, unless an exemption applies.

Similarly, unless an exemption applies, you must provide the intermediary with your Taxpayer Identification Number for its use in reporting information to the IRS. If you are an individual, this is your social security number. You are also required to comply with other IRS requirements concerning information reporting.

If you are subject to these requirements but do not comply, the intermediary must withhold tax on all amounts payable to you on the Notes (including principal payments). This is called "backup withholding". Backup withholding is not an additional tax. If the intermediary withholds payments, you may use the withheld amount as a credit against your U.S. federal income tax liability and you may be entitled to a refund of such amounts.

All individuals are subject to these requirements. Some holders, including all corporations, are exempt from these requirements.

Tax Consequences to Non-U.S. Holders

This section applies to you if you are a non-U.S. holder. A "non-U.S. holder" is a person or entity that is not a U.S. holder.

Withholding Taxes. Generally, payments of principal and interest on the Notes will not be subject to U.S. withholding taxes. The same rules will apply to payments of Additional Amounts and payments made by a guarantor on a Note.

However, for the exemption from withholding taxes to apply to you, you must meet one of the following requirements:

You provide a completed IRS Form W-8BEN (or substitute form) to the bank, broker or other intermediary through which you hold your Notes. The IRS Form W-8BEN contains your name, address and a statement made under penalties of perjury that you are the beneficial owner of the Notes and that you are not a United States person (as defined under the Code).

You hold your Notes directly through a "qualified intermediary," and the qualified intermediary has sufficient information in its files indicating that you are not a United States person (as defined under the Code). A qualified intermediary is a bank, broker or other intermediary that (1) is either a U.S. or non-U.S. entity, (2) is acting out of a non-U.S. branch or office and (3) has signed an agreement with the IRS providing that it will administer all or part of the U.S. tax withholding rules under specified procedures.

You are entitled to an exemption from withholding tax on interest under a tax treaty between the United States and your country of residence. To claim this exemption, you must generally complete IRS Form W-8BEN and claim this exemption on the form. In some cases, you may instead be permitted to provide documentary evidence of your claim to the intermediary, or a qualified intermediary may already have some or all of the necessary evidence in its files.

The interest income on the Notes is effectively connected with the conduct of your trade or business in the United States, and is not exempt from U.S. federal income tax under a tax treaty. To claim this exemption, you must complete IRS Form W-8ECI (or substitute form).

Edgar Filing: UNILEVER N V - Form 424B3

Table of Contents

Even if you meet one of the above requirements, interest paid to you will be subject to withholding tax under any of the following circumstances:

The withholding agent or an intermediary knows or has reason to know that you are not entitled to an exemption from withholding tax. Specific rules apply for this test.

The IRS notifies the withholding agent that information that you or an intermediary provided concerning your status is false.

An intermediary through which you hold the Notes fails to comply with the procedures necessary to avoid withholding taxes on the Notes. In particular, an intermediary is generally required to forward a copy of your IRS Form W-8BEN (or other documentary information concerning your status) to the withholding agent for the Notes. However, if you hold your Notes through a qualified intermediary or if there is a qualified intermediary in the chain of title between yourself and the withholding agent for the Notes the qualified intermediary will not generally forward this information to the withholding agent.

You are treated as owning 10% or more of the total combined voting power of all classes of the voting stock of Unilever Capital Corporation, are a "controlled foreign corporation" with respect to Unilever Capital Corporation, or are a bank making a loan in the ordinary course of its business. In these cases, you will be exempt from withholding taxes only if you are eligible for a treaty exemption or if the interest income is effectively connected with your conduct of a trade or business in the United States, as discussed above.

Interest payments made to you will generally be reported to the IRS and to you on IRS Form 1042-S. However, this reporting does not apply to you if you hold your Notes directly through a qualified intermediary and the applicable procedures are complied with.

The rules regarding withholding are complex and vary depending on your individual situation. They are also subject to change. In addition, special rules apply to certain types of non-U.S. holders of Notes, including partnerships, trusts, and other entities treated as pass-through entities for U.S. federal income tax purposes. We suggest that you consult with your tax advisor regarding the specific methods for satisfying these requirements.

Sale or Retirement of Notes. If you sell a Note or it is retired, you will not be subject to U.S. federal income tax on any gain unless one of the following applies:

The gain is connected with a trade or business that you conduct in the United States.

You are an individual, you are present in the United States for at least 183 days during the year in which you dispose of the Note, and certain other conditions are satisfied.

The gain represents accrued interest, in which case the rules for interest would apply.

U.S. Trade or Business. If you hold your Note in connection with a trade or business that you are conducting in the United States:

Any interest on the Note, and any gain from disposing of the Note, generally will be subject to U.S. federal income tax as if you were a U.S. holder.

If you are a corporation, you may be subject to the "branch profits tax" on your earnings that are connected with your U.S. trade or business, including earnings from the Note. This tax is 30%, but may be reduced or eliminated by an applicable income tax treaty.

Edgar Filing: UNILEVER N V - Form 424B3

Estate Taxes. If you are an individual, your Notes will not be subject to U.S. estate tax when you die. However, this rule only applies if, at your death, payments on the Notes were not connected to a trade or business that you were conducting in the United States and you did not actually or

S-22

Table of Contents

constructively own 10% or more of the total combined voting power of all classes of the voting stock of Unilever Capital Corporation.

Information Reporting and Backup Withholding U.S. rules concerning information reporting and backup withholding are described above. These rules apply to non-U.S. holders as follows:

Principal and interest payments you receive will be automatically exempt from the usual rules if you are a non-U.S. holder exempt from withholding tax on interest, as described above. The exemption does not apply if the withholding agent or an intermediary knows or has reason to know that you should be subject to the usual information reporting or backup withholding rules. In addition, as described above, interest payments made to you may be reported to the IRS on IRS Form 1042-S.

Sale proceeds you receive on a sale of your Notes through a broker may be subject to information reporting and/or backup withholding if you are not eligible for an exemption. In particular, information reporting and backup reporting may apply if you use the U.S. office of a broker, and information reporting (but not backup withholding) may apply if you use the foreign office of a broker that has certain connections to the United States. In general, you may file IRS Form W-8BEN to claim an exemption from information reporting and backup withholding. We suggest that you consult your tax advisor concerning information reporting and backup withholding on a sale.

Taxation in the Netherlands

Any payments made under the Notes issued by Unilever Capital Corporation and guaranteed by amongst others Unilever N.V. will not be subject to withholding or deduction for, or on account of taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Taxation in the United Kingdom

Unilever PLC's English solicitors, Slaughter and May, have opined that under United Kingdom law and practice, as in effect on the date of this prospectus supplement, Unilever PLC would not be required to deduct or withhold any taxes, levies, imposts or other charges from any payment due or to become due in respect of the Notes and the guarantees by Unilever Capital Corporation, Unilever N.V., Unilever PLC or Unilever U.S, as the case may be.

EC Council Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

transactions and stabilizing transactions. Over-allotment involves syndicate sales of Notes in excess of the principal amount of Notes to be purchased by the Underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of Notes made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the Notes. They may also cause the price of the Notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The Underwriters may conduct these transactions in the over-the-counter market or otherwise. If the Underwriters commence any of these transactions, they may discontinue them at any time.

Other Relationships

The Underwriters have performed corporate banking, investment banking and advisory services for the Unilever Group from time to time for which they have received customary fees and expenses. The Underwriters may, from time to time, engage in transactions with and perform services for the Unilever Group in the ordinary course of their business. In addition, affiliates of the Underwriters have from time to time provided credit and entered into lending transactions with the Unilever Group for which they have received customary fees and expenses and may, from time to time, do so in the ordinary course of their business.

UNILEVER GROUP

UNILEVER N.V. AND UNILEVER PLC

UNILEVER N.V. AND UNILEVER PLC

History and Structure of Unilever

Unilever N.V. ("N.V.") and Unilever PLC ("PLC") are the two parent companies of the Unilever Group of companies. N.V. was incorporated under the name Naamlouze Vennootschap Margarine Unie in The Netherlands in 1927. PLC was incorporated under the name Lever Brothers Limited in England and Wales in 1894.

Together with their group companies, N.V. and PLC operate effectively as a single economic entity. This is achieved by a series of agreements between N.V. and PLC (The Equalisation Agreement, The Deed of Mutual Covenants and The Agreement for Mutual Guarantees of Borrowing), together with special provisions in the Articles of Association of N.V. and PLC. N.V. and PLC have the same Directors, have the same Chairman and adopt the same accounting principles. Shareholders of both companies receive dividends on an equalised basis. N.V. and PLC and their group companies constitute a single reporting entity for the purposes of presenting consolidated accounts. Accordingly, the accounts of the Unilever Group are presented by both N.V. and PLC as their respective consolidated accounts.

N.V. and PLC have agreed to cooperate in all areas and ensure that all group companies act accordingly. N.V. and PLC are holding and service companies, and the business activity of Unilever is carried out by their subsidiaries around the world. Shares in group companies may ultimately be held wholly by either N.V. or PLC, or jointly by the two companies, in varying proportions.

The two companies have different shareholder constituencies and shareholders cannot convert or exchange the shares of one company for shares of the other. N.V. is listed in Amsterdam and New York. PLC is listed in London and New York.

RATIOS OF EARNINGS TO FIXED CHARGES

The combined ratios of earnings to fixed charges for the Unilever Group for the periods shown are as follows. Such ratios have been calculated in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union (EU) and in accordance with IFRS as issued by the International Accounting Standard Board.

	Year Ended December 31		
2004	2005	2006	2007
5.1	6.5	7.5	8.3

In the ratio of earnings to fixed charges, earnings consist of net profit from continuing operations excluding net profit or loss of joint ventures and associates increased by fixed charges, income taxes and dividends received from joint ventures and associates. Fixed charges consist of interest payable on debt and a portion of lease costs determined to be representative of interest. This ratio takes no account of interest receivable although Unilever's treasury operations involve both borrowing and depositing funds.

in the Security Register. In the case of bearer guaranteed debt securities, principal, premium, if any, and interest, if any, will be payable at such place or places outside

the United States designated in the related prospectus supplement. The guarantees are joint, several, full and unconditional.

Unless otherwise indicated in the related prospectus supplement, we will issue the guaranteed debt securities only in fully registered form without coupons in denominations of \$1,000 and integral multiples of \$1,000. No service charge will be made for any transfer or exchange of the guaranteed debt securities, but Unilever Capital Corporation or Unilever N.V., as the case may be, may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

We may sell the guaranteed debt securities at a discount (which may be substantial) below their stated principal amount. The guaranteed debt securities may bear no interest or interest at a rate that at the time of issuance is below market rates.

If we sell any of the guaranteed debt securities for any foreign currency or currency unit or if payments on the guaranteed debt securities are payable in any foreign currency or currency unit, we will describe in the prospectus supplement the restrictions, elections, specific terms and other information relating to those guaranteed debt securities and the foreign currency or currency unit.

Guarantees

If Unilever Capital Corporation issues the guaranteed debt securities, Unilever N.V., Unilever PLC and Unilever U.S. will jointly, severally, fully and unconditionally guarantee the due and punctual payment of the principal of and premium on, if any, and interest on, if any, and the due and punctual payment of the sinking fund or analogous payments, if any, with respect to the guaranteed debt securities when and as they shall become due and payable, whether at stated maturity, by declaration of acceleration, call for redemption or otherwise. If Unilever N.V. issues the guaranteed debt securities, Unilever U.S. and Unilever PLC will act as guarantors on the same terms.

Payment of Additional Amounts

If any deduction or withholding for any present or future taxes, assessments or other governmental charges of the United Kingdom, The Netherlands, or (if the prospectus supplement so states) the United States, including any political subdivision or taxing authority of or in any such jurisdiction (respectively, a "United Kingdom Tax", a "Netherlands Tax", or a "United States Tax") shall at any time be required in respect of any amounts to be paid by the issuer or a guarantor pursuant to the terms of the debt securities, the issuer or the guarantor will pay as additional interest to the holder of a debt security (or to the holder of any coupon appertaining thereto) such additional amounts ("Additional Amounts") as may be necessary in order that the net amounts paid to such holder pursuant to the terms of such guaranteed debt security or such guarantee, after such deduction or withholding, shall be not less than such amounts as would have been received by the holder had no such withholding or deduction been required; *provided, however*, that (a) amounts with respect to United Kingdom Tax shall be payable only to holders that are not resident in the United Kingdom for purposes of its tax, (b) amounts with respect to Netherlands Tax shall be payable only to holders that are not resident in The Netherlands for purposes of its tax, and (c) amounts with respect to United States Tax shall be payable only to a holder that is, for United States tax purposes, a nonresident alien individual, a foreign corporation, or an estate or trust not subject to tax on a net income basis with respect to income on the debt securities (a "United States Alien"), *and provided further*, that the issuer or guarantor shall not be required to make any payment of Additional Amounts for or on account of:

- (a) any tax, assessment or other governmental charge which would not have been imposed but for the existence of any present or former connection between such holder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, such holder, if such holder is an estate, trust, partnership or corporation) and the United Kingdom, The Netherlands, or the United States (in the case of a United Kingdom Tax, a Netherlands

Edgar Filing: UNILEVER N V - Form 424B3

Tax, or a United States Tax, respectively), or any political subdivision or territory or possession thereof or therein or area subject to its jurisdiction, including, without limitation, such holder (or such fiduciary, settlor, beneficiary, member, shareholder or possessor) being or having been a citizen or resident thereof or treated as a resident thereof or being or having been present or engaged in trade or business therein or having or having had a permanent establishment therein;

- (b) any estate, inheritance, gift, sales, transfer, personal property or similar tax, assessment or other governmental charge;
- (c) any tax, assessment or other governmental charge which is payable other than by withholding from payments of (or in respect of) principal of, premium, if any, or any interest on, the debt securities or coupons, if any;
- (d) with respect to any United States Tax, any such tax imposed by reason of the holder's past or present status as a personal holding company, foreign personal holding company or foreign private foundation or similar tax-exempt organization with respect to the United States or as a corporation which accumulates earnings to avoid United States Federal income tax;
- (e) with respect to any United States Tax, any such Tax imposed by reason of such holder's past or present status as (i) the actual or constructive owner of 10% or more of the total combined voting power of all classes of stock of Unilever Capital Corporation or Unilever U.S., or (ii) a controlled foreign corporation that is related to Unilever Capital Corporation or Unilever U.S. through stock ownership;
- (f) any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of, premium, if any, or any interest on, any guaranteed debt security or coupon, if any, if such payment can be made without such withholding by any other paying agent;
- (g) any tax, assessment or other governmental charge which would not have been imposed or withheld if such holder had made a declaration of nonresidence or other similar claim for exemption or presented any applicable form or certificate, upon the making or presentation of which that holder would either have been able to avoid such tax, assessment or charge or to obtain a refund of such tax, assessment or charge, including, with respect to any United States Tax, certification or documentation to the effect that such holder or beneficial owner is a United States Alien and lacks other connections with the United States;
- (h) any tax, assessment or other governmental charge which would not have been imposed but for the presentation of a debt security (where presentation is required) or coupon, if any, for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof was duly provided for, whichever occurred later; or
- (i) any combination of items (a), (b), (c), (d), (e), (f), (g) and (h) above;

nor shall Additional Amounts be paid with respect to any payment of the principal of, premium, if any, or any interest on any debt security or coupon to any such holder who is a fiduciary or a partnership or a beneficial owner who is other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner would not have been entitled to such Additional Amounts had it been the holder of the debt security or coupon.

Redemption of Debt Securities Under Certain Circumstances

The issuer, and any guarantor, may redeem each series of guaranteed debt securities in whole but not in part at any time (except in the case of guaranteed debt securities that have a variable rate of

interest, which may be redeemed on any interest payment date), on giving not less than 30 nor more than 60 days' notice of such redemption, at a redemption price equal to the principal amount plus accrued interest, if any, to the date fixed for redemption (except in the case of discounted debt securities which may be redeemed at the redemption price specified by the terms of each series of such debt securities), if,

- (i) the issuer or any guarantor of such series of guaranteed debt securities determines that, as a result of any change in or amendment to the laws or any regulations or rulings promulgated thereunder of the United Kingdom, The Netherlands or the United States (or of any political subdivision or taxing authority of or in any such jurisdiction), or any change in the application or official interpretation of such laws, regulations or rulings, or any change in the application or official interpretation of, or any execution of or amendment to, any treaty or treaties affecting taxation to which any such jurisdiction is a party, which change, execution or amendment becomes effective on or after the issue date or such other date specified in the guaranteed debt securities of such series,
 - (a) the issuer or the guarantor would be required to pay Additional Amounts (as described under "Payment of Additional Amounts" above) with respect to such series of guaranteed debt securities on the next succeeding interest payment date and the payment of such Additional Amounts cannot be avoided by the use of reasonable measures available to the issuer or the applicable guarantor, as the case may be, or
 - (b) United Kingdom or Netherlands withholding tax has been or would be required to be withheld with respect to interest income received or receivable by the issuer directly from a guarantor (or any affiliate of the issuer or any guarantor) and such withholding tax obligation cannot be avoided by the use of reasonable measures available to the issuer or the guarantor (or any affiliate of the issuer or any guarantor), or
- (ii) the issuer or any guarantor determines, based upon an opinion of independent counsel of recognized standing to the issuer or the applicable guarantor, as the case may be, that, as a result of any action taken by any legislative body of, taxing authority of, or any action brought in a court of competent jurisdiction, in the United Kingdom, The Netherlands or the United States (or of any political subdivision or taxing authority of or in any such jurisdiction) (whether or not such action was taken or brought with respect to the issuer or the applicable guarantor), which action is taken or brought on or after the issue date or such other date specified in the guaranteed debt securities of such series, there is a substantial probability that the circumstances described in clause (i)(a) or (i)(b) would exist; *provided, however*, that no such notice of redemption may be given earlier than 90 days prior to the earliest date on which the issuer or the applicable guarantor would be obligated to pay such Additional Amounts. The issuer or the guarantor, as the case may be, will also pay to each holder, or make available for payment to each such holder, on the redemption date any Additional Amounts resulting from the payment of such redemption price.

Prior to the publication of any notice of redemption pursuant to this provision, the issuer or the applicable guarantor shall deliver to the Trustee (i) a certificate signed by a duly authorized officer of Unilever Capital Corporation or Unilever N.V., as the case may be, or the applicable guarantor stating that it is entitled to effect a redemption described in clause (i) of the preceding paragraph and setting forth a statement of facts showing that the conditions precedent of the right so to redeem have occurred or (ii) an opinion of independent legal counsel of recognized standing to the effect that the conditions specified in clause (ii) of the preceding paragraph have been satisfied. Such notice, once delivered to the Trustee, will be irrevocable.

Limitation on Liens

The Indenture provides that Unilever N.V. and Unilever PLC will not, nor will they permit any Restricted Subsidiary (as defined below) to, issue, assume or guarantee any indebtedness for money borrowed ("debt") secured by a mortgage, security interest, pledge, lien or other encumbrance (a "mortgage" or "mortgages") on any Principal Property (as defined below) or upon any shares of stock or indebtedness of any Restricted Subsidiary (whether such Principal Property, shares of stock or indebtedness are now owned or hereafter acquired) without in any such case effectively providing concurrently with the issuance, assumption or guarantee of any debt that the guarantees shall be secured equally and ratably with (or prior to) the debt. These restrictions, however, shall not apply to debt secured by (and there shall be excluded from debt in any computation under this limitation):

- (i) mortgages on property, shares of stock or indebtedness of any corporation, which mortgages are existing at the time such corporation becomes a Restricted Subsidiary;
- (ii) mortgages on property, which mortgages are existing at the time of the acquisition of such property, and certain mortgages on property to finance the acquisition thereof;
- (iii) mortgages on property to secure debt incurred to finance all or part of the cost of construction, alteration, or repair of, or improvements to, all or any part of such property;
- (iv) mortgages securing debt owing to any guarantor or any Restricted Subsidiary by any Restricted Subsidiary or any guarantor;
- (v) mortgages on assets held by banks to secure amounts due to such banks in the ordinary course of business and certain statutory and other mortgages incurred in the ordinary course of business or imposed by law;
- (vi) mortgages on property in favor of the United Kingdom, Canada, the United States or The Netherlands or any political subdivision of any thereof, or any department, agency or other instrumentality of any thereof, to secure partial, progress, advance or other payments pursuant to the provisions of any contract or statute;
- (vii) mortgages existing at the date of the execution of the Indenture;
- (viii) mortgages incurred in connection with engaging in leveraged or single investor lease transactions;
- (ix) mortgages on property, shares of stock or indebtedness of a corporation existing at the time such corporation is merged into or consolidated or amalgamated with Unilever N.V., Unilever PLC or a Restricted Subsidiary or at the time of a sale, lease or other disposition of the properties of a corporation as an entirety or substantially as an entirety to Unilever N.V., Unilever PLC or a Restricted Subsidiary;
- (x) mortgages on property incurred or assumed in connection with the issuance of revenue bonds, the interest on which is exempt from United States Federal income taxation pursuant to Section 103 of the United States Internal Revenue Code, as amended from time to time; and
- (xi) extensions, renewals or replacements (or successive extensions, renewals or replacements) in whole or in part of any mortgage referred to in the foregoing clauses (i) through (x) inclusive.

Notwithstanding the foregoing, Unilever N.V. and Unilever PLC may, and they may permit a Restricted Subsidiary to, issue, assume or guarantee debt secured by mortgages not excepted in the foregoing clauses (i) through (x) inclusive without equally and ratably securing the guarantees; *provided, however*, that the aggregate principal amount of all such debt then outstanding, plus the principal amount of such debt then being issued, assumed or guaranteed, and the aggregate amount of the Attributable Debt in (as defined below) respect of sale and leaseback transactions (with the exception of Attributable Debt which is excluded pursuant to clauses (i) through (iv) inclusive described under "Limitations on Sales and Leasebacks" below), shall not exceed 10% of Capital Employed (as defined below).

Limitations on Sales and Leasebacks

The Indenture provides that Unilever N.V. and Unilever PLC will not, and will not permit any Restricted Subsidiary to, enter into any transaction with any person for the leasing by Unilever N.V. or Unilever PLC or a Restricted Subsidiary of any Principal Property, the acquisition or the completion of construction and commencement of full operation, whichever is later, of which has occurred more than 120 days prior thereto, which Principal Property has been or is to be sold or transferred by Unilever N.V. or Unilever PLC or such Restricted Subsidiary to that person in contemplation of such leasing unless, after giving effect thereto, the aggregate amount of all Attributable Debt with respect to all such transactions plus all debt secured by mortgages on Principal Properties (with the exception of debt which is excluded pursuant to clauses (i) through (xi) inclusive described under "Limitation on Liens" above) would not exceed 10% of Capital Employed. This covenant shall not apply to, and there shall be excluded from Attributable Debt in any computation under such restriction or under "Limitation on Liens" above, Attributable Debt with respect to any sale and leaseback transaction if:

- (i) the lease in such sale and leaseback transaction is for a term of not more than three years;
- (ii) Unilever N.V., Unilever PLC or the relevant Restricted Subsidiary, as the case may be, shall apply or cause to be applied an amount in cash equal to the greater of the net proceeds of such sale or transfer or the fair value (as determined by the Board of Directors of Unilever N.V. and Unilever PLC) of such Principal Property to the retirement (other than any mandatory retirement or by way of payment at maturity), within 120 days of the effective date of any such arrangement, of debt of Unilever N.V., Unilever PLC or Restricted Subsidiaries (other than debt owed by any Subsidiary), which by its terms matures more than 12 months after the date of the creation of such debt, or shall apply such proceeds to investment in other Principal Properties within a period not exceeding 12 months prior or subsequent to any such arrangement;
- (iii) such sale and leaseback transaction is entered into between any guarantor and a Restricted Subsidiary or between Restricted Subsidiaries or between guarantors; or
- (iv) Unilever N.V., Unilever PLC or a Restricted Subsidiary would be entitled to incur a mortgage on such Principal Property pursuant to clauses (i) through (xi) inclusive described under "Limitation on Liens" above, securing debt without equally and ratably securing the guarantees.

Subordination of Debt Securities

The prospectus supplement for any applicable series of guaranteed debt securities will provide that the guaranteed debt securities of such series will be expressly subordinate and subject in right of payment to the prior payment in full of all Senior Debt (as defined below) of the issuer of such series (whether Unilever N.V. or Unilever Capital Corporation), and the obligations of each guarantor of such series evidenced by the guarantees will be expressly subordinate and subject in right of payment to the prior payment in full of all Senior Debt of the guarantor.

In the event and during the continuation of any default in the payment of any Senior Debt of the issuer continuing beyond the period of grace, if any, specified in the instrument evidencing such Senior Debt (unless and until such event shall have been cured or waived or shall have ceased to exist), no payments on account of principal, premium, if any, or interest if any, on the subordinated debt securities or sums payable with respect to the conversion, if applicable, of such subordinated debt securities may be made by the issuer pursuant to the subordinated debt securities.

In the event and during the continuation of any default in the payment of any Senior Debt of any guarantor continuing beyond the period of grace, if any, specified in the instrument evidencing such Senior Debt (unless and until such event shall have been cured or waived or shall have ceased to exist), no payments on account of principal, premium, if any, or interest, if any, on the subordinated debt

securities or sums payable with respect to the conversion, if applicable, of such subordinated debt securities may be made by the guarantor pursuant to its guarantee with respect thereto.

Upon any payment or distribution of the assets of the issuer (Unilever N.V. or Unilever Capital Corporation, as applicable) or the assets of any guarantor to creditors upon dissolution or winding-up or total or partial liquidation or reorganization, whether voluntary or involuntary or in bankruptcy, insolvency, receivership or other proceedings for the issuer or the guarantor, the holders of our Senior Debt or the Senior Debt of the guarantor, as the case may be, will be entitled to receive payment in full of all amounts due thereon before any payment is made by us or the guarantor, as the case may be, on account of principal, premium, if any, or interest, if any, on the subordinated debt securities or sums payable with respect to the conversion, if applicable, of such subordinated debt securities.

By reason of such subordination, in the event of the insolvency of the issuer (Unilever N.V. or Unilever Capital Corporation, as applicable) or any guarantor, holders of the subordinated debt securities may recover less, ratably, and holders of Senior Debt may recover more, ratably, than other of our creditors or creditors of any guarantor.

The term "Senior Debt," when used with reference to us or any guarantor, will be defined in the Indenture to mean the principal of, premium, if any, and interest, if any, which is due and payable on:

- (a) all of our indebtedness or all indebtedness of the guarantor, as the case may be (other than the subordinated debt securities or the guarantees), whether outstanding on the date of execution of the Indenture or thereafter created, incurred or assumed, which
 - (i) is for money borrowed,
 - (ii) is evidenced by a note, debenture, bond or similar instrument, whether or not for money borrowed,
 - (iii) constitutes obligations under any agreement to lease, or any lease of, any real or personal property which are required to be capitalized on the balance sheet of lessee in accordance with generally accepted United Kingdom and Dutch accounting principles applicable in the preparation of our most recent audited financial statements or the most recent audited financial statements of the guarantor or made as part of any sale and leaseback transaction to which we are a party or the guarantor is a party, or
 - (iv) constitutes purchase money indebtedness;
- (b) any indebtedness of others of the kinds described in the preceding clause (a) for the payment of which the issuer or the guarantor, as the case may be, are responsible or liable as guarantor or otherwise; and
- (c) amendments, renewals, extensions and refundings of any such indebtedness; unless in any instrument or instruments evidencing or securing such indebtedness or pursuant to which the same is outstanding, or in any such amendment, renewal, extension or refunding, it is provided that such indebtedness is subordinate to all other of our indebtedness or the indebtedness of the guarantor, as the case may be, or that such indebtedness is not superior in right of payment to the subordinated debt securities or the guarantees; *provided, however*, that Senior Debt shall not be deemed to include any obligation of the issuer (Unilever N.V. or Unilever Capital Corporation, as applicable) or any guarantor to any Subsidiary or to Unilever N.V. or Unilever PLC.

The Indenture does not limit the amount of Senior Debt which the issuer (Unilever N.V. or Unilever Capital Corporation, as applicable) may issue, or that may be issued by either issuer or any guarantor.

Conversion

The prospectus supplement for each series of guaranteed debt securities will provide whether the securities are convertible and, if so, the conversion price and terms.

Glossary

"*Attributable Debt*" means, as to any particular lease under which Unilever N.V., Unilever PLC or any Restricted Subsidiary is at any time liable as lessee and at any date as of which the amount thereof is to be determined, the total net obligations of the lessee for rental payments during the remaining term of the lease (including any period for which such lease has been extended or may, at the option of the lessor, be extended) discounted as provided in the Indenture.

"*Capital Employed*" means the combined capital and reserves, outside interests in group companies, creditors due after more than one year and provisions for liabilities and charges, as shown on our combined consolidated balance sheet as published in the most recent Annual Accounts of Unilever PLC and Unilever N.V. (as defined in the Indenture).

"*Principal Property*" means any manufacturing or processing plant or warehouse located in the United States, Canada or the United Kingdom, owned or leased by Unilever N.V., Unilever PLC or any Restricted Subsidiary, other than (i) any such property which, in the opinion of the Board of Directors of Unilever N.V. and Unilever PLC, is not of material importance to the total business conducted by Unilever N.V. and Unilever PLC and their Subsidiaries and associated companies, or (ii) any portion of such property which, in the opinion of the Board of Directors of Unilever N.V. and Unilever PLC, is not of material importance to the use or operation of such property.

"*Restricted Subsidiary*" means any Subsidiary (i) substantially all the property of which is located, and substantially all the operations of which are conducted, in the United States, Canada or the United Kingdom, and (ii) which owns or leases a Principal Property.

"*Subsidiary*" means any corporation which qualifies to be included as a group company of either Unilever N.V. or Unilever PLC in the combined consolidated balance sheet of Unilever N.V. and Unilever PLC and their respective Subsidiaries as published in the most recent Annual Accounts of Unilever PLC and Unilever N.V.

Modification of the Indenture

Unilever Capital Corporation, Unilever N.V., Unilever PLC, Unilever U.S. and the Trustee may modify and amend the Indenture, with the consent of the holders of not less than 66²/₃% in aggregate principal amount of the outstanding securities of all series under the Indenture which are affected by the modification or amendment (voting as one class); *provided, however*, that no such modification or amendment may, without the consent of the holder of each such outstanding security of any series affected thereby, among other things:

- (a) change the stated maturity date of the principal of or any installment of interest on such security;
- (b) reduce the principal amount of, or the rate or rates of any interest on, any such security or any premium payable upon the redemption thereof or any sinking fund or analogous payment with respect thereto, or reduce the amount of the principal of a discounted debt security that would be due and payable upon a declaration of acceleration of the maturity thereof or upon the redemption thereof,
- (c) change the currency of payment of principal of or any premium or interest on any such security;
- (d) impair the right to institute suit for the enforcement of any such payment on or after the stated maturity thereof;

Edgar Filing: UNILEVER N V - Form 424B3

- (e) reduce the above-stated percentage of holders of securities necessary to modify or amend the Indenture;
- (f) modify the foregoing requirements or reduce the percentage of outstanding securities of any series necessary to waive any past default to less than a majority; or
- (g) change in any manner materially adverse to the interests of the holders of such securities the terms and conditions of the obligations of any guarantor regarding the due and punctual payment of the principal thereof, and premium, if any, and interest, if any, thereon or the sinking fund or analogous payments, if any, with respect to such securities.

Unilever Capital Corporation, Unilever N.V., Unilever PLC, Unilever U.S. and the trustee may also amend the Indenture in certain circumstances without the consent of the holders of the debt securities to evidence the succession of another corporation to Unilever Capital Corporation, Unilever N.V., Unilever PLC or Unilever U.S., as the case may be, or the replacement of the trustee with respect to the debt securities of one or more series and for certain other purposes.

Events of Default

The following are defined as Events of Default with respect to securities of any series outstanding under the Indenture (unless otherwise stated in the related prospectus supplement):

- (a) failure to pay at maturity the principal of, or premium, if any, on any security of such series outstanding under the Indenture;
- (b) failure to pay any interest or any additional interest on any security of such series outstanding under the Indenture when due continued for 30 days;
- (c) failure to deposit any sinking fund or analogous payment with respect to such series when and as due or beyond any applicable period of grace;
- (d) failure to perform any other covenant of Unilever Capital Corporation, Unilever N.V., Unilever PLC or Unilever U.S. (other than a covenant expressly included in the Indenture solely for the benefit of a series other than such series), continued for 90 days after written notice; and
- (e) certain events in bankruptcy, insolvency or reorganization of Unilever Capital Corporation, Unilever N.V. or Unilever PLC.

If an Event of Default shall occur and be continuing, the Trustee in its discretion may proceed to protect and enforce its rights and those of the holders of such series of securities. If an Event of Default shall occur and be continuing, either the Trustee or the holders of not less than 25% in aggregate principal amount of the outstanding securities of such series (or of all affected series in the case of defaults under clauses (d) and (e) above (voting as one class)) may accelerate the maturity of all such outstanding securities of such series by written notice. The holders of not less than a majority in aggregate principal amount of outstanding securities of such series (or of all such affected series in the case of defaults under clauses (d) and (e) above (voting as one class), as the case may be) under the Indenture may waive any past default under the Indenture, except, among other things, a default in the payment of principal, premium, if any, or interest, if any. The holders of not less than a majority in aggregate principal amount of outstanding securities of any series (or of all such affected series in the case of defaults under clauses (d) and (e) above (voting as one class), as the case may be) may rescind a declaration of acceleration of securities of such series but only if all Events of Default have been remedied and all payments due (other than those due as a result of acceleration) have been made. Since each series of guaranteed debt securities will be independent of each other series, a default with respect to one series of guaranteed debt securities will not in itself necessarily result in the acceleration of the maturity of a different series of guaranteed debt securities.

Edgar Filing: UNILEVER N V - Form 424B3

Unilever Capital Corporation, Unilever N.V., Unilever PLC and Unilever U.S. are required to furnish to the Trustee annually a statement as to performance or fulfillment of covenants, agreements or conditions in the Indenture or a statement as to the nature of any default.

Consolidation, Merger and Sale of Assets

Unilever Capital Corporation, Unilever N.V., Unilever PLC and Unilever U.S. may, without the consent of the holders of any of the securities outstanding under the Indenture, consolidate or amalgamate with, merge into any other corporation or convey, transfer or lease its properties and assets substantially as an entirety to, any corporation if:

- (i) in the case of Unilever Capital Corporation or Unilever N.V., as the case may be, the successor corporation is organized under the laws of the United States or The Netherlands, respectively, and the successor corporation assumes the obligations of Unilever Capital Corporation or Unilever N.V., as the case may be, on the securities issued under the Indenture;
- (ii) in the case of Unilever N.V., Unilever PLC or Unilever U.S., the successor corporation assumes the obligations of Unilever N.V., Unilever PLC or Unilever U.S., as the case may be, on the guarantees and under the Indenture and, in the case of Unilever U.S., if such successor corporation is not organized under the laws of the United States, agrees to make payments under the guarantees free of any deduction or withholding for or on account of taxes, levies, imposts and charges of the country of incorporation (or any political subdivision or taxing authority therein), subject to certain exceptions;
- (iii) immediately after giving effect thereto, no Event of Default, and no event which, after giving of notice or lapse of time, would become an Event of Default, shall have occurred and be continuing; and
- (iv) certain other conditions are met.

Unilever N.V., Unilever PLC or Unilever U.S. or any of their respective Subsidiaries may, subject to certain restrictions, assume the obligations of any of Unilever Capital Corporation or Unilever N.V. as obligor under the securities issued under the Indenture.

Defeasance and Discharge

The Indenture provides that Unilever Capital Corporation, Unilever N.V., Unilever PLC and Unilever U.S., at the option of Unilever Capital Corporation, Unilever N.V., Unilever PLC or Unilever U.S., as the case may be:

- (a) will be discharged from any and all obligations in respect of any series of guaranteed debt securities and the guarantees relating to such series (except for certain obligations to register the transfer or exchange of guaranteed debt securities of such series, replace stolen, lost or mutilated guaranteed debt securities of such series and maintain paying agencies), or
- (b) need not comply with certain restrictive covenants of the Indenture (including those described under "Limitation on Liens" and "Limitations on Sales and Leasebacks" above),

if in each case, Unilever Capital Corporation or Unilever N.V., as the case may be, irrevocably deposits with the Trustee, in trust, (i) in the case of guaranteed debt securities of such series denominated in U.S. dollars, money and/or U.S. government obligations or (ii) in the case of guaranteed debt securities of such series denominated in a foreign currency (other than a basket currency, as defined in the Indenture), money and/or foreign government securities in the same foreign currency, which through the payment of interest thereon and principal thereof in accordance with their terms will provide money in an amount in cash sufficient to pay all the principal of (including any mandatory sinking fund or analogous payments), and any premium and interest on, the guaranteed debt securities of such series

not later than one day before the dates such payments are due in accordance with the terms of the guaranteed debt securities of such series.

In the case of a discharge pursuant to clause (a) above, Unilever Capital Corporation or Unilever N.V., as the case may be, is required to deliver to the Trustee either an opinion of counsel to the effect that the holders of guaranteed debt securities of such series will not recognize income, gain or loss for United States Federal income tax purposes as a result of such deposit and related defeasance and will be subject to United States Federal income tax in the same manner and at the same times as would have been the case if such deposit and related defeasance had not been exercised or a ruling to such effect received from or published by the United States Internal Revenue Service.

In the event we exercise our option pursuant to clause (b) above, Unilever Capital Corporation or Unilever N.V., as the case may be, will deliver to the Trustee an opinion of counsel to the effect that the holders of guaranteed debt securities of such series will not recognize income, gain or loss for United States Federal income tax purposes as a result of such deposit and related defeasance and will be subject to United States Federal income tax in the same manner and at the same times as would have been the case if such deposit and related defeasance had not been exercised.

If the Trustee or paying agent is unable to apply any money, U.S. government obligations and/or foreign government securities deposited in trust by reason of any legal proceeding or by reason of any order or judgment of any court or governmental authority located within the United States and having jurisdiction in the premises, enjoining, restraining or otherwise prohibiting such application (including any such order or judgment requiring the payment of money, U.S. government obligations and/or foreign government securities to Unilever Capital Corporation or Unilever N.V., as the case may be), the obligations of Unilever Capital Corporation, Unilever N.V., Unilever PLC and Unilever U.S. under the Indenture, the guaranteed debt securities of such series and the guarantees relating to such guaranteed debt securities will be revived and reinstated as though no such deposit had occurred, until such time as the Trustee or paying agent is permitted to apply all such money, U.S. government obligations and/or foreign government securities to payments of the principal of or any premium and interest on the guaranteed debt securities of such series. If any issuer or any guarantor makes any payment of principal of or any interest on any guaranteed debt securities of such series because of any such reinstatement of obligations, the issuer or the guarantor will be subrogated to the rights of the holders of the guaranteed debt securities of such series to receive such payment from the money, U.S. government obligations and/or foreign government securities held by the Trustee.

Governing Law

New York law will govern the Indenture and the guaranteed debt securities.

Unilever N.V., Unilever PLC and Unilever U.S. and certain of their respective Subsidiaries maintain deposit accounts and conduct other banking transactions with The Bank of New York Mellon and its affiliates in the ordinary course of their respective businesses.

Pursuant to the Trust Indenture Act, should a default occur with respect to either the guaranteed debt securities constituting Senior Debt of the issuer or any guarantor or subordinated guaranteed debt securities, The Bank of New York Mellon would be required to resign as Trustee with respect to the guaranteed debt securities constituting Senior Debt or the subordinated guaranteed debt securities under the Indenture within 90 days of such default unless such default were cured, duly waived or otherwise eliminated.

Sale Through Underwriters or Dealers

If we use underwriters in the sale, the underwriters will acquire the guaranteed debt securities for their own account. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

During and after an offering through underwriters, the underwriters may purchase and sell the guaranteed debt securities in the open market. These transactions may include overallotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if such offered securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, these activities may be discontinued at any time.

If we use dealers in the sale of the guaranteed debt securities, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

We may sell the guaranteed debt securities directly. In this case, no underwriters or agents would be involved. We may also sell the guaranteed debt securities through agents we designate from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable by us to the agent. Unless we inform you

otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the guaranteed debt securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act of 1933 with respect to any sale of those securities. We will describe the terms of any such sales in the prospectus supplement.

Delayed Delivery Contracts

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase guaranteed debt securities from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

General Information

We may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make. Agents, dealers and underwriters may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses.
