The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

SUBJECT TO COMPLETION, DATED MARCH 14, 2011

Shares

AMC Entertainment Inc.

Common Stock

This is an initial public offering of shares of common stock of AMC Entertainment Inc. (formerly AMC Entertainment Holdings, Inc.). We are selling an aggregate of _____ shares in this offering.

Prior to this offering, there has been no public market for our common stock. The initial public offering price of our common stock is expected to be between \$ _____ and \$ _____ per share. We have applied to list the common stock on a national securities exchange under the symbol "AMC".

The underwriters have an option to purchase up to a maximum of _____ additional shares of common stock from us.

An affiliate of J.P. Morgan Securities LLC., one of the underwriters in this offering, is one of our principal stockholders: J.P. Morgan Partners, LLC, or JPMP. JPMP currently owns approximately _____% of our common stock on a fully diluted basis and will own approximately _____% of our common stock upon the completion of this offering (assuming the underwriters' option to purchase additional shares is not exercised). As a result of JPMP's current ownership interest in us, this offering is being conducted in accordance with the applicable provisions of the Financial Industry Regulatory Authority, or the FINRA, rules. These rules require, among other things, that the "qualified independent underwriter" (as such term is defined by the rules) participates in the preparation of the registration statement and prospectus and conducts due diligence. Goldman, Sachs & Co. is assuming the responsibilities of acting as the qualified independent underwriter in this offering.

Investing in our common stock involves risks. See "Risk Factors" beginning on page 18.

MARKET AND INDUSTRY INFORMATION

Information regarding market share, market position and industry data pertaining to our business contained in this prospectus consists of our estimates based on data and reports compiled by industry professional organizations, including the Motion Picture Association of America, the National Association of Theatre Owners ("NATO"), Nielsen Media Research, Rentrak Corporation ("Rentrak"), industry analysts and our management's knowledge of our business and markets. Unless otherwise noted in this prospectus, all information provided by the Motion Picture Association of America is for the 2009 calendar year, all information provided by NATO is for the 2009 calendar year and all information provided by Rentrak is as of December 31, 2010.

Although we believe that the sources are reliable, we have not independently verified market industry data provided by third parties or by industry or general publications. Similarly, while we believe our internal estimates with respect to our industry are reliable, our estimates have not been verified by any independent sources. While we are not aware of any misstatements regarding any industry data presented in this prospectus, our estimates involve risks and uncertainties and are subject to changes based on various factors, including those discussed under "Risk Factors" in this prospectus.

Table of Contents

PROSPECTUS SUMMARY

The following summary highlights information contained elsewhere in this prospectus. You should read the entire prospectus carefully, especially the risks of investing in our common stock discussed under "Risk Factors" and our consolidated financial statements and accompanying notes.

AMC Entertainment Holdings, Inc. ("Parent"), an entity created on June 6, 2007, is the sole stockholder of Marquee Holdings Inc. ("Holdings"). Holdings is a holding company with no operations of its own and has one direct subsidiary, AMC Entertainment Inc. ("AMCE"). Upon completion of this initial public offering, AMCE will be merged with and into Holdings, with Holdings continuing as the surviving entity and then Holdings will be merged with and into Parent, with Parent continuing as the surviving entity (the "Mergers"). Parent will change its name to AMC Entertainment Inc. As used in this prospectus, unless the context otherwise requires, references to "we," "us," "our," "the Company," "AMC" or "AMC Entertainment" refer to Parent and its subsidiaries after giving effect to the Mergers.

As used in this prospectus, the term "pro forma" refers to, in the case of pro forma financial information, such information after giving pro forma effect to (i) the Mergers, (ii) the Kerasotes Acquisition (as described under "Recent Developments"), (iii) the Redemptions (as described under "Recent Developments") and (iv) this offering and related transactions (collectively, the "Transactions"). Except as stated otherwise herein, the share data set forth in this prospectus reflects the reclassification of Parent's capital stock as described below under "The Reclassification."

Parent has a 52-week or 53-week fiscal year ending on the Thursday closest to March 31. Fiscal years 2006, 2007, 2009 and 2010 contained 52 weeks. Fiscal year 2008 contained 53 weeks.

Who We Are

We are one of the world's leading theatrical exhibition companies. As of December 30, 2010, we owned, operated or held interests in 361 movie theatres with a total of 5,203 screens, approximately 99% of which were located in the United States and Canada. Our theatres are primarily located in major metropolitan markets, which we believe offer us strategic, operational and financial advantages. We also have a modern, highly productive theatre circuit that leads the theatrical exhibition industry in key asset quality and performance metrics, such as screens per theatre and per theatre productivity measures. Our industry-leading performance is largely driven by the quality of our theatre sites, our operating practices, which focus on delivering the best customer experience through consumer-focused innovation, and, most recently, our implementation of premium sight and sound formats, which we believe will be key components of the future movie-going experience. As of December 30, 2010, we are the largest IMAX exhibitor in the world with a 45% market share in the United States and more than twice the screen count of the second largest U.S. IMAX exhibitor, and each of our local installations is protected by geographic exclusivity.

Approximately 200 million consumers have attended our theatres each year for the past five years. We offer these consumers a fully immersive out-of-home entertainment experience by featuring a wide array of entertainment alternatives, including popular movies, throughout the day and at different price points. This broad range of entertainment alternatives appeals to a wide variety of consumers across different age, gender, and socioeconomic demographics. For example, in addition to traditional film programming, we offer more diversified programming that includes independent and foreign films, performing arts, music and sports. We also offer food and beverage alternatives beyond traditional concession items, including made-to-order meals, customized coffee, healthy snacks and dine-in theatre options, all designed to create further service and selection for our consumers. We believe there is potential for us to further increase our annual attendance as we gain market share from other in-home and out-of-home entertainment options.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

Our large annual attendance makes us an important partner to content providers who want access and distribution to consumers. AMC currently generates 16% more estimated unique visitors per year (33.3 million) than HBO's subscribers (28.6 million) and 67% more than Netflix's subscribers (20.0 million) according to the October 14, 2010 *Hollywood Reporter*, the December 31, 2010 Netflix Form 10-K and the Theatrical Market Statistics 2010 report from the Motion Picture Association of America. Further underscoring our importance to the content providers, AMC represents approximately 17% to 20%, on average, of each of the six largest grossing studios' U.S. box office revenues. Average annual film rental payments to each of these studios ranged from approximately \$100 million to \$160 million.

For the 52 weeks ended December 30, 2010, the fiscal year ended April 1, 2010 and the 39 weeks ended December 30, 2010, we generated pro forma revenues of approximately \$2.6 billion, \$2.7 billion, and \$1.9 billion, respectively, pro forma Adjusted EBITDA (as defined on page 13) of \$329.7 million, \$365.2 million and \$253.1 million, respectively, and pro forma earnings from continuing operations of \$66.6 million, \$67.3 million and \$8.8 million, respectively. We reported revenues of approximately \$2.4 billion, Adjusted EBITDA of \$327.9 million, earnings from continuing operations of \$87.4 million and net earnings of \$79.9 million in fiscal 2010. For fiscal 2009 and 2008, we reported revenues of approximately \$2.3 billion and \$2.3 billion, Adjusted EBITDA of \$294.7 million and \$347.6 million, losses from continuing operations of \$158.8 million and \$8.0 million, and net losses of \$149.0 million and \$6.2 million, respectively.

We were founded in 1920 and since then have pioneered many of the theatrical exhibition industry's most important innovations, including the multiplex theatre format in the early 1960s and the North American megaplex theatre format in the mid-1990s. In addition, we have acquired some of the most respected companies in the theatrical exhibition industry, including Loews Cineplex Entertainment Corporation ("Loews"), General Cinema Corporation ("General Cinema") and, more recently, Kerasotes Showplace Theatres, LLC ("Kerasotes"), the acquisition of which is described under "Recent Developments." Our historic growth has been driven by a combination of organic growth and acquisition strategies, in addition to strategic alliances and partnerships that highlight our ability to capture innovation and value beyond the traditional exhibition space. For example:

In March 2011, we announced the launch of an innovative distribution company called Open Road Films along with another major theatrical exhibition chain. Open Road Films will be a dynamic acquisition-based domestic theatrical distribution company that will concentrate on wide-release movies;

In March 2005, we formed a joint venture with one of the major theatrical exhibition chains which combined our respective cinema screen advertising businesses into a company called National CineMedia, LLC ("NCM") and in July 2005, another of the major theatrical exhibition chains joined NCM as one of the founding members. As of December 30, 2010, we owned 18,803,420 common units in NCM, or a 16.98% ownership interest in NCM. All of our NCM membership units are redeemable for, at the option of NCM, cash or shares of common stock of National CineMedia, Inc. ("NCM, Inc.") on a share-for-share basis. The estimated fair market value of our units in NCM was approximately \$375.5 million based on the closing price per share of NCM, Inc. on December 30, 2010 of \$19.97 per share;

We hold a 29% interest in Digital Cinema Implementation Partners LLC ("DCIP"), a joint venture charged with implementing digital cinema in the Company's theatres; and

We hold a 26% interest in Movietickets.com, a joint venture that provides moviegoers with a way to buy movie tickets online, access local showtime information, view trailers and read reviews.

Table of Contents

Consistent with our history and culture of innovation, we believe we have pioneered a new way of thinking about theatrical exhibition: as a consumer entertainment provider. This vision, which introduces a strategic and marketing overlay to traditional theatrical exhibition, has been instrumental in driving and redirecting our future strategy.

Our Competitive Strengths

We believe our leadership in major metropolitan markets, superior asset quality and continuous focus on innovation and the guest experience have positioned us well to capitalize disproportionately on trends providing momentum to the theatrical exhibition industry as a whole, particularly the mass adoption of digital and 3D technologies. We believe we can gain additional share of wallet from the consumer by broadening our offerings to them and increasing our engagement with them. We can then enable marketers and partners, such as NCM, to engage with our guests deriving further financial value and benefit. We believe our management team is uniquely equipped to execute our strategy to realize these opportunities, making us a particularly effective competitor in our industry and positioning us well for future growth. Our competitive strengths include:

Broad National Reach. Thirty-nine percent (39%) of Americans (or 120 million consumers) live within 10 miles of an AMC theatre. This proximity and convenience, along with the affordability and diversity of our film product, drive approximately 200 million consumers into our theatres each year, or approximately 33.3 million unique visitors annually. We believe our ability to serve a broad consumer base across numerous entertainment occasions, such as teenage socializing, romantic dates and group events, is a competitive advantage. Our consumer reach, operating scale, access to diverse content and marketing platforms are valuable to content providers and marketers who want to access this broad and diverse audience.

Major Market Leader. We maintain the leading market share within our markets. As of December 30, 2010, we operated in 24 of the top 25 Designated Market Areas as defined by Nielsen Media Research ("DMAs") and had the number one or two market share in each of the top 15 DMAs, including New York City, Los Angeles, Chicago, Philadelphia, San Francisco, Boston and Dallas. In addition, 75% of our screens were located in the top 25 DMAs and 89% were located in the top 50 DMAs. Our strong presence in the top DMAs makes our theatres more visible and therefore strategically more important to content providers who rely on these markets for a disproportionately large share of box office receipts. According to Rentrak, during the 52 weeks ended December 30, 2010, 59% of all U.S. box office receipts were derived from the top 25 DMAs and 75% were derived from the top 50 DMAs. In certain of our densely populated major metropolitan markets, we believe a scarcity of attractive retail real estate opportunities enhances the strategic value of our existing theatres. We also believe the complexity inherent in operating in these major metropolitan markets is a deterrent to other less sophisticated competitors, protecting our market share position.

We believe that customers in our major metropolitan markets are generally more affluent and culturally diverse than those in smaller markets. Traditionally, our strong presence in these markets has created a greater opportunity to exhibit a broad array of programming and premium formats, which we believe drives higher levels of attendance at our theatres. This has allowed us to generate higher per screen and per theatre operating metrics. For example, our pro forma average ticket price in the United States was \$8.80 for our 52 weeks ended December 30, 2010, as compared to \$7.89 for the industry as a whole for the 12 months ended December 31, 2010.

Modern, Highly Productive Theatre Circuit. We believe the combination of our strong major market presence, focus on a superior guest experience and core operating strategies enables us to deliver industry-leading theatre level operating metrics. Our circuit averages 14 screens per theatre, which is more than twice the National Association of Theatre Owners average of 6.7 for calendar year 2010 and higher than any of our peers. For the 52 weeks ended December 30, 2010, on a pro forma basis, our

Table of Contents

theatre exhibition circuit generated attendance per average theatre of 568,000 (higher than any of our peers), revenues per average theatre of \$7.0 million and operating cash flows before rent (defined as Adjusted EBITDA before rent and G&A-Other) per average theatre of \$2.4 million. Over the past five fiscal years, we invested an average of \$131.3 million per year to improve and expand our theatre circuit, contributing to the modern portfolio of theatres we operate today.

Leader in Deployment of Premium Formats. We also believe our strong major market presence and our highly productive theatre circuit allow us to take greater advantage of incremental revenue-generating opportunities associated with the premium services that are beginning to define the future of the theatrical business, including digital delivery, 3D projection, large screen formats, such as IMAX and our proprietary ETX offering, and alternative programming. As the industry's digital conversion accelerates, we believe we have established a differentiated leadership position in premium formats. For example, we are the world's largest IMAX exhibitor with 107 screens as of December 30, 2010, and we expect to increase our IMAX screen count to 127 by the end of fiscal year 2012. We are able to charge a premium price for the IMAX experience, which, in combination with higher attendance levels, produces average weekly box office per print that is 300% greater than standard 2D versions of the same movie. The availability of IMAX and 3D content has increased significantly from calendar year 2005 to 2010. During this period, available 3D content increased from 3 titles to 26 titles, while available IMAX content increased from 5 titles to 14 titles. Industry film grosses for available 3D products increased from \$191.0 million to approximately \$3.0 billion, while industry film grosses for available IMAX products increased from \$864.0 million to approximately \$3.0 billion over this period. This favorable trend continues in calendar year 2011 with 34 3D titles and 20 IMAX titles slated to open, including highly successful franchise installments such as *Pirates of the Caribbean: On Stranger Tides*, *Kung Fu Panda: The Kaboom of D*, *Transformers: Dark of the Moon*, *Harry Potter and the Deathly Hallows, Part 2* and *Mission Impossible-Ghost Protocol*. The film release calendar for calendar year 2012 is beginning to solidify with 22 3D titles and 4 IMAX titles already announced, including sequels of high profile franchises such as Spiderman, Men in Black, James Bond, Bourne Legacy, Batman and a 3D version of *Star Wars*. We expect that additional 3D and IMAX titles will be announced as the beginning of 2012 approaches.

Innovative Growth Initiatives in Food and Beverage. We believe our theatre circuit is better positioned than our peer competitors' to generate additional revenue from broader and more diverse food and beverage offerings, in part due to our markets' larger, more diverse and more affluent customer base and our management's extensive experience in guest services, specifically within the food and beverage industry. Our annual food and beverage sales exceed the domestic food service sales generated from 18 of the top 75 ranked restaurants chains in the U.S., while representing only approximately 27% of our total revenue. To capitalize on this opportunity, we have currently introduced one or more proprietary food and beverage offerings in 145 theatres and we intend to deploy these offerings across our theatre circuit based on the needs and specific circumstances of each theatre. Our wide range of food and beverage offerings features expanded menus, enhanced concession formats and unique dine-in theatre options, which we believe appeals to a larger cross section of potential customers. For example, in fiscal 2009 we converted a small, six-screen theatre in Atlanta, Georgia to a dine-in theatre facility with full kitchen facilities, seat-side servers and a separate bar and lounge area. From fiscal 2008 to fiscal 2010, this theatre's attendance increased over 60%, revenues more than doubled, and operating cash flow and margins increased significantly. We plan to continue to invest in one or more enhanced food and beverage offerings across 125 to 150 theatres over the next three years.

Our current food and beverage initiatives include:

Dine-in theatre concepts at 7 locations, which feature full kitchen facilities, seat-side servers and a separate bar and lounge area;

Table of Contents

Concession Stand of the Future ("The Marketplace") at 3 locations, featuring self serve and premium concession items and specialty drinks;

Concession Freshen at 10 locations, which provides a guest friendly grab and go experience and creates visual interest and space for more products;

Better For You Merchandisers at 12 locations, addressing currently unmet guest needs by providing healthy choice concession items; and

Made To Order Hot Foods at 130 locations, including menu choices such as curly fries, chicken tenders and jalapeño poppers at 130 locations.

Strong Cash Flow Generation. We believe that our major market focus and highly productive theatre circuit have enabled us to generate significant and stable cash flow provided by operating activities. For the 52 weeks ended December 30, 2010, on a pro forma basis, our net cash provided by operating activities totaled \$137.2 million. For the fiscal year ended April 1, 2010, on a pro forma basis, our net cash provided by operating activities totaled \$245.7 million. This strong cash flow will enable us to continue our deployment of premium formats and services and to finance planned capital expenditures without relying on the capital markets for funding. In addition, in future years, we expect to continue to generate cash flow sufficient to allow us to grow our revenues, maintain our facilities, service our indebtedness and make dividend payments to our stockholders.

Management Team Uniquely Positioned to Execute. Our management team has a unique combination of industry experiences and skill-sets, equipping them to effectively execute our strategies. Our CEO's broad experience in a number of consumer packaged goods and entertainment-related businesses expands our growth perspectives beyond traditional theatrical exhibition and has increased our focus on providing more value to our guests. Recent additions, including a Chief Marketing Officer, Senior Vice President of Strategy and Strategic Partnerships and heads of Food and Beverage, Programming and Development/Real Estate, augment our deep bench of industry experience. The expanded breadth of our management team complements the established team that is focused on operational excellence, innovation and successful industry consolidation.

Our Strategy

Our strategy is to leverage our modern theatre circuit and major market position to lead the industry in consumer-focused innovation and financial and operating metrics. The use of emerging premium formats and our focus on the guest experience give us a unique opportunity to leverage our theatre circuit and major market position across our platform. Our primary goal is to maintain our company's and the industry's social relevance and to offer consumers distinctive, affordable and compelling out-of-home entertainment alternatives that capture a greater share of their personal time and spend. We have a two-pronged strategy to accomplish this goal: first, drive consumer-related growth and second, focus on operational excellence.

Drive Consumer-Related Growth

Capitalize on Premium Formats. Technical innovation has allowed us to enhance the consumer experience through premium formats such as IMAX and 3D. Our customers are willing to pay a premium price for this differentiated entertainment experience. When combined with our major markets' customer base, operating a digital theatre circuit will enhance our capacity utilization and dynamic pricing capabilities, enabling us to achieve higher ticket prices for premium formats, and provide incremental revenue from the exhibition of alternative content such as live concerts, sporting events, Broadway shows, opera and other non-traditional programming. We have already seen success from the Metropolitan Opera, with respect to which, during fiscal 2010, we programmed 23 performances in 75 theatres and charged an average ticket price of \$18. Within each of our major

Table of Contents

markets, we are able to charge a premium for these services relative to our smaller markets. We will continue to broaden our content offerings through the installation of additional IMAX, ETX and RealD systems and the presentation of attractive alternative content. For example:

We have the leading market share of IMAX MPX digital projection systems. We expect to increase our IMAX screen count to 127 by the end of fiscal year 2012. These IMAX projection systems are slated to be installed in many of our top performing locations in major U.S. markets, each protected by geographic exclusivity. Available IMAX titles announced for calendar year 2011 are 20 as compared with 14 titles in calendar year 2010.

As of December 30, 2010, we had installed 1,649 digital projectors in our existing theatre base, representing a 32% digital penetration in our theatre circuit. We intend to continue our rapid deployment of digital projectors through our arrangements with DCIP and expect to have installed over 3,800 digital projectors by the end of fiscal year 2012. We lease our digital projection systems from DCIP and therefore do not bear the majority of the cost of the digital projector rollout. Operating a digital theatre circuit provides numerous benefits, which include forming the foundation for 3D formats and alternative programming, allowing for more efficient film operations, lowering costs and enabling a better, more versatile advertising platform.

To complement our deployment of digital technology, in 2006 we partnered with RealD to install their 3D systems in our theatres. As of December 30, 2010, we had 810 3D-enabled systems. During the past year, 3D films have generated approximately 40% more in attendance than the standard 2D versions of the same film at an additional \$1 to \$5 per ticket. Concurrent with our digital rollout, we plan on having over 2,200 RealD screens across our theatre circuit by the end of fiscal 2012. Available 3D titles announced for calendar year 2011 are 34 compared with 26 titles in calendar year 2010.

During fiscal 2010 and 2011, we introduced our proprietary large-screen digital format, ETX, at 11 locations. ETX features wall-to-wall screens that are 20% larger than traditional screens, a custom sound system that is three times more powerful than a traditional auditorium, and digital projection with twice the clarity of high definition. We charge a premium price for the ETX experience, which, in combination with higher attendance levels, produces average weekly box office per print that is 140% more than standard 2D versions of the same movie. We plan to have 17 ETX large screen formats by the end of fiscal year 2012.

Broaden and Enhance Food and Beverage Offerings. To address consumer trends, we are expanding our menu of premium food and beverage products to include made-to-order meals, customized coffee, healthy snacks, alcohol and other gourmet products. We plan to invest across a spectrum of enhanced food and beverage formats, from simple, less capital-intensive concession design improvements to the development of new dine-in theatre options. We have successfully implemented our dine-in theatre offerings to rejuvenate theatres approaching the end of their useful lives as traditional movie theatres and, in some of our larger theatres to more efficiently leverage their additional capacity. The costs of these conversions in some cases are partially covered by investments from the theatre landlord. We plan to continue to invest in one or more enhanced food and beverage offerings across 125 to 150 theatres over the next three years.

Maximize Guest Engagement and Loyalty. In addition to differentiating the AMC Entertainment movie-going experience by deploying new sight and sound formats, as well as food and beverage offerings, we are also focused on creating differentiation through guest marketing. We are already the most recognized theatre exhibition brand, with almost 60% brand awareness in the United States. We are actively marketing our own "AMC experience" message to our customers, focusing on every aspect of a customer's engagement with AMC, from the moment a guest visits our website or purchases a ticket to the moment he leaves our theatre. We have also refocused our marketing to drive active engagement with our customers through a redesigned website, Facebook, Twitter and push email

Table of Contents

campaigns. As of March 8, 2011, we had approximately 567,000 "likes" on Facebook, and we engaged directly with our guests via close to 32 million emails in fiscal 2010. In addition, our frequent moviegoer loyalty program is scheduled to re-launch during 2011 with a new, more robust fee-based program. Our loyalty program currently has approximately 1.5 million active members.

Focus on Operational Excellence

Disciplined Approach to Theatre Portfolio Management. We evaluate the potential for new theatres and, where appropriate, replace underperforming theatres with newer, more modern theatres that offer amenities consistent with our portfolio. We also intend to selectively pursue acquisitions where the characteristics of the location, overall market and facilities further enhance the quality of our theatre portfolio. We presently have no current plans, proposals or understandings regarding any such acquisitions. Historically, we have demonstrated a successful track record of integrating acquisitions such as Loews, General Cinema and Kerasotes. For example, our January 2006 acquisition of Loews combined two leading theatrical exhibition companies, each with a long history of operating in the industry, thereby increasing the number of screens we operated by 47%.

Continue to Achieve Operating Efficiencies. We believe that the size of our theatre circuit, our major market concentration and the breadth of our operations will allow us to continue to achieve economies of scale and further improve operating margins. Our operating strategies are focused in the following areas:

Enhancing focus on leveraging our scale to lower our cost of doing business without sacrificing quality or the important elements of guest satisfaction. For example, during fiscal 2010, we reorganized our procurement function and implemented a number of other initiatives that allowed for vendor consolidation, more targeted marketing and promotional efforts, and energy management programs that generated an aggregate annual savings of approximately \$15.1 million for the 52 weeks ended December 30, 2010.

Lowering occupancy costs in many of our facilities by renegotiating rental agreements with landlords, strictly enforcing co-tenancy provisions and effective auditing of common area billings. In fiscal 2011, we negotiated rental reductions and enforced co-tenancy provisions in 7 of our leases, generating savings of \$1.7 million.

We believe that our discipline of maintaining our theatres not only reduces deferred maintenance costs but also lowers future capital requirements that might otherwise be required to maintain our facilities in a first class operating condition.

Creating and monetizing financial value from our strategic alliances and partnerships, such as NCM, Movietickets.com, DCIP, RealD and Open Road Films.

Our Industry

Movie-going is a compelling consumer out-of-home entertainment experience. Movie theatres currently garner a relatively small share of consumer entertainment time and spend, leaving significant room for expansion and growth in the U.S. In addition, our industry benefits from available capacity to satisfy additional consumer demand without capital investment.

As major studio releases have declined in recent years, we believe that companies like Open Road Films could fill an important gap that exists in the market today for consumers, movie producers and theatrical exhibitors by providing a broader availability of movies to consumers. Theatrical exhibitors are uniquely positioned to not only support, but also benefit from new distribution companies and

Table of Contents

content providers. We believe the theatrical exhibition industry is and will continue to be attractive for a number of key reasons, including:

A Highly Popular and Affordable Out-of-Home Entertainment Experience. Going to the movies has been one of the most popular and affordable out-of-home entertainment options for decades. The estimated average price of a movie ticket was \$7.89 in calendar 2010, considerably less than other out-of-home entertainment alternatives such as concerts and sporting events. In calendar 2010, attendance at indoor movie theatres in the United States and Canada was 1.3 billion. This contrasts with the 111 million combined annual attendance generated by professional baseball, basketball and football over the same period.

Adoption of Digital Technology. The theatrical exhibition industry is well under way in its overall conversion from film-based to digital projection technology. This digital conversion will position the industry with lower distribution and exhibition expenses, efficient delivery of alternative content and niche programming, and premium experiences for consumers. Digital projection also results in a premium visual experience for patrons, and digital content gives the theatre operator greater flexibility in programming. The industry will benefit from the conversion to digital delivery, alternative content, 3D formats and dynamic pricing models. As theatre exhibitors have adopted digital technology, the theatre circuits have shown enhanced productivity, profitability and efficiency. Digital technology has increased attendance and average ticket prices. Digital technology also facilitates live and pre-recorded networked and single-site meetings and corporate events in movie theatres and will allow for the distribution of live and pre-recorded entertainment content and the sale of associated sponsorships.

Long History of Steady Growth. The theatrical exhibition industry has produced steady growth in revenues over the past several decades. In recent years, net new build activity has slowed, and screen count has rationalized and is expected to decline in the near term before stabilizing, thereby increasing revenue per screen for existing theatres. The combination of the popularity of movie-going, its steady long-term growth characteristics, industry consolidation that has resulted in more rational capital deployment and the industry's relative maturity makes theatrical exhibition a high cash flow generating business. Box office revenues in the United States and Canada have increased from \$5.0 billion in 1989 to \$10.5 billion in 2010, driven by increases in both ticket prices and attendance across multiple economic cycles. The industry has also demonstrated its resilience to economic downturns; during four of the last six recessions, attendance and box office revenues grew an average of 8.1% and 12.3%, respectively.

Importance to Content Providers. We believe that the theatrical success of a motion picture is often the key determinant in establishing the film's value in the other parts of its product life cycle, such as DVD, cable television, merchandising and other ancillary markets. For each \$1 of theatrical box office receipts, an average of \$1.33 of additional revenue is generated in the remainder of a film's product life cycle. As a result, we believe motion picture studios will continue to work cooperatively with theatrical exhibitors to ensure the continued importance of the theatrical window.

Recent Developments

NCM, Inc. Stock Sale

All of our NCM membership units are redeemable for, at the option of NCM, cash or shares of common stock of NCM, Inc. on a share-for-share basis. On August 18, 2010, we sold 6,500,000 shares of common stock of NCM, Inc., in an underwritten public offering for \$16.00 per share and reduced our related investment in NCM, Inc. by \$36.7 million, the average carrying amount of the shares sold. Net proceeds received on this sale were \$99.8 million, after deducting related underwriting fees and professional and consulting costs of \$4.2 million, resulting in a gain on sale of \$63.1 million. In addition, on September 8, 2010, we sold 155,193 shares of NCM, Inc. to the underwriters to cover over

Table of Contents

allotments for \$16.00 per share and reduced our related investment in NCM, Inc. by \$867,000, the average carrying amount of the shares owned. Net proceeds received on this sale were \$2.4 million, after deducting related underwriting fees and professional and consulting costs of \$99,000, resulting in a gain on sale of \$1.5 million.

Kerasotes Acquisition

On May 24, 2010, we completed the acquisition of 92 theatres and 928 screens from Kerasotes (the "Kerasotes Acquisition"). Kerasotes operated 95 theatres and 972 screens in mid-sized, suburban and metropolitan markets, primarily in the Midwest. More than three quarters of the Kerasotes theatres feature stadium seating and almost 90% have been built since 1994. The purchase price for the Kerasotes theatres paid in cash at closing was \$276.8 million, net of cash acquired, and was subject to working capital and other purchase price adjustments. We paid working capital and other purchase price adjustments of \$3.8 million during the second quarter of fiscal 2011, based on the final closing date working capital and deferred revenue amounts and have included this amount as part of the total estimated purchase price. The acquisition of Kerasotes significantly increased our size. For additional information about the Kerasotes acquisition, see the notes to our unaudited consolidated financial statements for the 39-week period ended December 30, 2010 included elsewhere in this prospectus.

Notes Offering, Cash Tender Offers and Redemptions

On December 15, 2010, AMCE issued \$600,000,000 aggregate principal amount of 9.75% Senior Subordinated Notes due 2020 (the "Notes due 2020") pursuant to an indenture, dated as of December 15, 2010 (the "Indenture"), among AMCE, the guarantors named therein and U.S. Bank National Association, as trustee (the "Notes Offering"). The Indenture provides that the Notes due 2020 are general unsecured senior subordinated obligations of AMCE and are fully and unconditionally guaranteed on a joint and several senior subordinated unsecured basis by all of AMCE's existing and future domestic restricted subsidiaries that guarantee AMCE's other indebtedness.

Concurrently with the Notes Offering, AMCE launched a cash tender offer and consent solicitation for any and all of our currently outstanding 11% Senior Subordinated Notes due 2016 (the "Notes due 2016") at a purchase price of \$1,031.00 plus a \$30.00 consent fee for each \$1,000.00 of principal amount of currently outstanding Notes due 2016 validly tendered and accepted by AMCE on or before the early tender date, and Holdings launched a tender offer for its 12% Senior Discount Notes due 2014 (the "Discount Notes due 2014") at a purchase price of \$797.00 plus a \$30.00 consent fee for each \$1,000.00 face amount (or \$792.09 accreted value) of currently outstanding Discount Notes due 2014 validly tendered and accepted by Holdings on or before the early tender date (the "Cash Tender Offers"). As of December 29, 2010, AMCE had purchased \$95.1 million principal amount of its Notes due 2016 for a total consideration of \$104.8 million, and Holdings had purchased \$215.5 million principal amount at face value (or \$170.7 million accreted value) of the Discount Notes due 2014 for a total consideration of \$185.0 million. We recorded a loss on extinguishment for the Notes due 2016, the Discount Notes due 2014 and AMCE's senior secured credit facility amendment (as described below) of approximately \$21.7 million.

AMCE used a portion of the net proceeds from the issuance of the Notes due 2020 to pay the consideration for the Cash Tender Offer for the Notes due 2016 plus any accrued and unpaid interest and distributed the remainder of such proceeds to Holdings to be applied to the Cash Tender Offer for the Discount Notes due 2014. On January 3, 2011, Holdings redeemed \$88.5 million principal amount at face value (or \$70.1 million accreted value) of the Discount Notes due 2014 that remained outstanding after the closing of the Cash Tender Offer for the Discount Notes due 2014 at a price of \$823.77 per \$1,000.00 face amount (or \$792.09 accreted value) of Discount Notes due 2014 for a total consideration of \$76.1 million in accordance of the terms of the indenture governing the Discount Notes due 2014, as amended pursuant to the consent solicitation (the "Holdings Redemption"). We

Table of Contents

recorded an additional loss on extinguishment related to the Discount Notes due 2014 of approximately \$4.1 million. On December 30, 2010, AMCE issued an irrevocable notice of redemption in respect of the \$229.9 million principal amount of Notes due 2016 that remained outstanding after the closing of the Cash Tender Offers, and AMCE redeemed the remaining Notes due 2016 at a price of \$1,055.00 per \$1,000.00 principal amount of Notes due 2016 on February 1, 2011 for a total consideration of \$255.2 million in accordance with the terms of the indenture governing the Notes due 2016 (the "AMCE Redemption," and together with the Holdings Redemption, the "Redemptions").

Senior Secured Credit Facility Amendment

On December 15, 2010, AMCE amended its senior secured credit facility dated January 26, 2006. The amendments, among other things, (i) replaced the existing revolving facility with a new five year revolving facility (with higher interest rates than the existing revolving facility); (ii) extended the maturity of term loans held by term lenders who consented to such extension; (iii) increased the interest rates payable to holders of extended term loans; and (iv) included certain other modifications to the senior secured credit facility in connection with the foregoing. For more information regarding the senior secured credit facility, as amended, see "Description of Certain Indebtedness Senior Secured Credit Facility."

Launch of Open Road Films

On March 7, 2011, AMCE and another major theatrical exhibition chain announced the launch of Open Road Films, a dynamic acquisition-based domestic theatrical distribution company that will concentrate on wide-release movies. Tim Ortenberg, who has more than 25 years of movie marketing, distribution and acquisition experience, will join as Chief Executive Officer of Open Road Films.

The Reclassification

Prior to consummating this offering, we intend to reclassify each share of the Parent's existing Class A common stock, Class N common stock and Class L common stock. Pursuant to the reclassification, each holder of shares of Class A common stock, Class N common stock and Class L common stock will receive _____ shares of common stock for one share of Class A common stock, Class L common stock or Class N common stock. The transactions described in this paragraph are referred to in this prospectus as the "Reclassification."

Currently, investment vehicles affiliated with J.P. Morgan Partners, LLC (collectively, "JPMP"), Apollo Investment Fund V, L.P. and certain related investment funds (collectively, "Apollo"), JPMP's and Apollo's co-investors, funds associated with Bain Capital Partners, LLC ("Bain"), affiliates of The Carlyle Group (collectively, "Carlyle"), affiliates of Spectrum Equity Investors (collectively, "Spectrum"), and management hold 100% of our outstanding common stock. JPMP, Apollo, Bain, Carlyle and Spectrum are collectively referred to in this prospectus as the "Sponsors." After giving effect to the Reclassification and this offering, the Sponsors will hold _____ shares of our common stock, representing approximately _____ % of our outstanding common stock, and will have the power to control our affairs and policies including with respect to the election of directors (and, through the election of directors, the appointment of management), the entering into of mergers, sales of substantially all of our assets and other extraordinary transactions. The governance agreements will provide that, initially, the Sponsors will collectively have the right to designate eight directors (out of a total of 10 initial board members) and that each will vote for the others' nominees. The number of Sponsor-designated directors will be reduced as the Sponsors' ownership percentage reduces, such that the Sponsors will not have the ability to nominate a majority of the board of directors once their collective ownership (together with the share ownership held by the JPMP and Apollo co-investors) becomes less than 50.1%. However, because our board of directors will be divided into three staggered classes, the Sponsors may be able to influence or control our affairs and policies even after they cease

Table of Contents

to own 50.1% of our outstanding common stock during the period in which the Sponsors' nominees finish their terms as members of our board but in any event no longer than would be permitted under applicable law and national securities exchange listing requirements. See "Certain Relationships and Related Party Transactions Governance Agreements." Pursuant to the Fee Agreement as described under the heading "Certain Relationships and Related Party Transactions Fee Agreement," upon consummation of this offering, the Sponsors will receive an automatic fee equal to the net present value of the aggregate annual management fee that would have been payable to the Sponsors during the remainder of the term of the fee agreement and our obligation to pay annual management fees will terminate. We estimate that our aggregate payment to the Sponsors would have been \$26.1 million had the offering occurred on December 30, 2010.

Risk Factors

The "Risk Factors" section included in this prospectus contains a discussion of factors that you should carefully read and consider before deciding to invest in shares of our common stock.

Corporate Information

We are a Delaware corporation. Our principal executive offices are located at 920 Main Street, Kansas City, Missouri 64105. The telephone number of our principal executive offices is (816) 221-4000. We maintain a website at www.amcentertainment.com, on which we will post our key corporate governance documents, including our board committee charters and our code of ethics. We do not incorporate the information on our website into this prospectus and you should not consider any information on, or that can be accessed through, our website as part of this prospectus.

Table of Contents

The Offering

Common stock offered	shares
Common stock to be outstanding immediately after this offering	shares
Option to purchase additional shares	We have granted to the underwriters a 30-day option to purchase up to additional shares from us at the initial public offering price less underwriting discounts and commissions.
Common stock voting rights	Each share of our common stock will entitle its holder to one vote per share.
Dividend policy	We intend to pay cash dividends commencing from the closing date of this offering. We expect that our first dividend will be with respect to the quarter of fiscal 2012. The declaration and payment of future dividends to holders of our common stock will be at the sole discretion of our board of directors and will depend upon many factors, including our financial condition, earnings, legal requirements, restrictions in our senior secured credit facility and the indentures governing our debt securities and other factors our board of directors deem relevant. See "Risk Factors We may not generate sufficient cash flows or have sufficient restricted payment capacity under our senior secured credit facility or the indentures governing our debt securities to pay our intended dividends on the common stock," "Dividend Policy," "Management's Discussion and Analysis of Financial Condition and Results of Operations Commitments and Contingencies," "Description of Certain Indebtedness" and "Description of Capital Stock."
Use of proceeds	We estimate that our net proceeds from this offering without exercise of the underwriters' option to purchase additional shares will be approximately \$ million after deducting the estimated underwriting discounts and commissions and expenses, assuming the shares are offered at \$ per share, which represents the midpoint of the range set forth on the front cover of this prospectus. We intend to use the net proceeds to us, together with cash on hand, to: first, repay \$207.2 million principal amount of the loans outstanding under the Parent's term loan facility plus accrued and unpaid interest; second, to retire \$300.0 million principal amount of our outstanding 8% senior subordinated notes due 2014 plus accrued and unpaid interest; and third, to pay a \$26.1 million lump sum payment to the Sponsors pursuant to the Fee Agreement with our Sponsors. Affiliates of certain of the underwriters are holders of our outstanding 8% senior subordinated notes due 2014 and will receive a portion of our net proceeds from this offering. See "Use of Proceeds."
Proposed national securities exchange trading symbol	"AMC"

Table of Contents

Unless otherwise stated herein, the information in this prospectus (other than our historical financial statements and historical financial data) assumes that:

the Reclassification has been completed;

the underwriters have not exercised their option to purchase up to additional shares of common stock from us;

the initial offering price is \$ per share, the midpoint of the range set forth on the cover page of this prospectus; and

our amended and restated certificate of incorporation and amended and restated bylaws are in effect, pursuant to which the provisions described under "Description of Capital Stock" will become operative.

In the Reclassification, each holder of shares of Parent's Class A common stock, Class L common stock and Class N common stock will receive shares of common stock for one share of Class A common stock, Class L common stock or Class N common stock. The number of shares of common stock to be outstanding after completion of this offering is based on shares of our common stock to be sold in this offering and, except where we state otherwise, the common stock information we present in this prospectus excludes, as of , 2011:

shares of common stock issuable upon the exercise of outstanding employee options, at , 2011, at a weighted average exercise price of \$ per share; and

shares of common stock we will reserve for future issuance under our equity incentive plan.

Table of Contents**Summary Historical and Unaudited Pro Forma Financial and Operating Data**

The following summary historical financial and operating data sets forth our historical financial and operating data for the 39 weeks ended December 30, 2010 and December 31, 2009 and the fiscal years ended April 1, 2010, April 2, 2009 and April 3, 2008 and have been derived from the Company's consolidated financial statements and related notes for such periods included elsewhere in this prospectus. The historical financial data set forth below is qualified in its entirety by reference to the Company's consolidated financial statements and the notes thereto included elsewhere in this prospectus.

The following summary unaudited pro forma financial and operating data sets forth our unaudited pro forma combined balance sheet as of December 30, 2010 and unaudited pro forma combined statement of operations for the 39 weeks ended December 30, 2010, the 52 weeks ended December 30, 2010 and the 52 weeks ended April 1, 2010. The pro forma financial data has been derived from the Company's historical consolidated financial information, including the notes thereto, and the Kerasotes historical financial information, including the notes thereto, included elsewhere in this prospectus, and has been prepared based on the Company's historical consolidated financial statements and the Kerasotes historical financial statements included elsewhere in this prospectus. The unaudited pro forma combined balance sheet gives pro forma effect to the Transactions as if they had occurred on December 30, 2010. The unaudited pro forma combined statement of operations data gives pro forma effect to the Transactions as if they had occurred on April 3, 2009. The summary unaudited pro forma financial and operating data is based on certain assumptions and adjustments and does not purport to present what the Company's actual results of operations would have been had the Transactions and events reflected by them in fact occurred on the dates specified, nor is it necessarily indicative of the results of operations that may be achieved in the future. The summary unaudited pro forma financial data should be read in conjunction with "Unaudited Pro Forma Condensed Financial Information," the historical consolidated financial statements, including the notes thereto, of the Company and of Kerasotes, "Management's Discussion and Analysis of Financial Condition and Results of Operations" and the Company's other financial data presented elsewhere in this prospectus.

The summary historical financial and operating data presented below should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations", our historical consolidated financial statements, including the notes thereto, and the Kerasotes historical financial statements, including the notes thereto, included in this prospectus.

(1) A cash dividend of \$652.8 million was declared on common stock for fiscal 2008. There were no other cash dividends declared on common stock.

(2)

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Fiscal 2008 includes 53 weeks. All other years have 52 weeks.

- (3) The pro forma statement of operations and other data for the 52 weeks ended December 30, 2010, which are unaudited, have been calculated by subtracting the pro forma data for the 39 weeks ended December 31, 2009 from the pro forma data for the 52 weeks ended April 1, 2010 and adding the data for the 39 weeks ended December 30, 2010. This presentation is not in accordance with U.S. GAAP. We believe that this presentation provides useful information to investors regarding our recent financial performance, and we view this presentation of the four most recently completed fiscal quarters as a key measurement period for investors to assess our historical results. In addition, our management uses trailing four quarter financial information to evaluate our financial performance for ongoing planning purposes, including a continuous assessment of our financial performance in comparison to budgets and internal projections. We also use trailing four quarter financial data to test compliance with covenants under our senior secured credit facility. This presentation has limits as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. See "Unaudited Pro Forma Condensed Financial Information" for further discussion of the calculation of unaudited pro forma financial data for the 52 weeks ended December 30, 2010.
- (4) During fiscal 2010, fiscal 2009 and fiscal 2008, equity in earnings including cash distributions from NCM were \$34.4 million, \$27.7 million and \$22.2 million, respectively. During fiscal 2008, equity in (earnings) losses of non-consolidated entities includes a gain of \$18.8 million from the sale of Hoyts General Cinema South America.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

(5) Includes gain of \$16.0 million for the 53 weeks ended April 3, 2008 from the sale of our investment in Fandango, Inc. ("Fandango").

(6) We present Adjusted EBITDA as a supplemental measure of our performance. We define Adjusted EBITDA as earnings (loss) from continuing operations plus (i) income tax provisions (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance. These further adjustments are itemized below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Set forth below is a reconciliation of Adjusted EBITDA to earnings (loss) from continuing operations, our most comparable GAAP measure:

	Pro Forma			Historical				
			39 weeks Ended			Years Ended(1)(2)		
	39 Weeks Ended Dec. 30, 2010	52 Weeks Ended Dec. 30, 2010	52 Weeks Ended April 1, 2010	39 Weeks Ended Dec. 30, 2010	39 Weeks Ended Dec. 31, 2009	52 Weeks Ended April 1, 2010	52 Weeks Ended April 2, 2009	53 Weeks Ended April 3, 2008
(in thousands, except per share and operating data)								
Earnings (loss) from continuing operations	\$ 8,825	\$ 66,568	\$ 67,291	\$ (4,975)	\$ 36,797	\$ 87,445	\$ (158,774)	\$ (8,043)
Plus:								
Income tax provision (benefit)	10,425	(53,275)	(48,400)	2,125	32,100	(36,300)	5,800	(7,580)
Interest expense	109,150	144,365	137,976	136,179	129,254	174,091	188,681	204,226
Depreciation and amortization	160,454	212,644	213,582	156,895	142,949	188,342	201,413	222,111
Impairment of long-lived assets		3,765	3,765			3,765	73,547	8,933
Certain operating expenses(a)	10,150	12,263	6,099	94	3,986	6,099	1,517	(16,248)
Equity in earnings of non-consolidated entities	(17,057)	(29,230)	(30,300)	(17,057)	(18,127)	(30,300)	(24,823)	(43,019)
Gain on NCM, Inc. stock sale	(64,648)	(64,648)		(64,648)				
Investment income	(387)	(711)	(89)	(387)	(213)	(287)	(1,759)	(24,013)
Other (income) expense(b)	21,771	21,771	11,276	21,771	(73,958)	(73,958)		(1,246)
General and administrative expense:								
Merger, acquisition and transaction costs	13,396	15,001	2,578	13,396	973	2,578	1,481	7,310
Management fee				3,750	3,750	5,000	5,000	5,000
Stock-based compensation expense	1,020	1,156	1,384	1,020	1,248	1,384	2,622	207
Adjusted EBITDA(c)(d)	\$ 253,099	\$ 329,669	\$ 365,162	\$ 248,163	\$ 258,759	\$ 327,859	\$ 294,705	\$ 347,638

(a) Amounts represent preopening expense, theatre and other closure expense (income) and disposition of assets and other gains included in operating expenses.

(b) Other expense for the 39 weeks ended December 30, 2010 is comprised of the loss on extinguishment of indebtedness and debt modification related to our 11% Senior Subordinated Notes due 2016, our 12% Senior Discount Notes due 2014 and our senior secured credit facility amendment. Other expense for fiscal 2010, on a pro forma basis, is comprised of the loss on extinguishment of indebtedness related to the cash tender offer and remaining redemption with respect to our 8⁵/₈% senior notes due 2012. Other expense for fiscal 2010, on a historical basis, includes a gain on extinguishment of indebtedness of \$85.2 million related to the Parent's term loan facility partially offset by the loss on extinguishment of indebtedness related to the cash tender offer and remaining redemption with respect to our 8⁵/₈% senior notes due 2012. Other income for fiscal 2008 is comprised of recoveries for property loss related to Hurricane Katrina.

Table of Contents

- (c) Does not reflect reduction in costs we anticipate that we will achieve relating to modifications made to our RealD and IMAX agreements in fiscal 2011. Had the modifications to the RealD and IMAX agreements been in place at December 31, 2009, we would have further reduced our operating costs by \$6.5 million. Also does not reflect the anticipated synergies and cost savings related to the Kerasotes Acquisition that we expect to derive from increased ticket and concession revenues at the former Kerasotes locations as a result of moving to our operating practices, decreased costs for newspaper advertising and concessions for those locations, and general and administrative expense savings, particularly with respect to the consolidation of corporate overhead functions and elimination of redundancies. Based on the cost savings initiatives we have implemented since the Kerasotes Acquisition, which include reductions in salaries, reductions in newspaper advertising costs, savings achieved in respect of concession costs and theatre operating expenses, as well as reduced rent expense, we estimate that we would have further reduced these costs by \$5.6 million. Does not reflect reductions in revenues and costs that we anticipate we will achieve relating to the early closure of underperforming theatres in fiscal 2011. Had these theatres been closed at December 31, 2009, we would have improved our Adjusted EBITDA results by \$3.7 million.
- (d) The acquisition of Kerasotes contributed approximately \$26.6 million in Adjusted EBITDA during the period of May 24, 2010 to December 30, 2010.

Adjusted EBITDA and Pro Forma Adjusted EBITDA are non-GAAP financial measures commonly used in our industry and should not be construed as an alternative to net earnings (loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Adjusted EBITDA and Pro Forma Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA and Pro Forma Adjusted EBITDA because we believe they provide management and investors with additional information to measure our performance and liquidity, estimate our value and evaluate our ability to service debt. In addition, we use Adjusted EBITDA for incentive compensation purposes.

Adjusted EBITDA and Pro Forma Adjusted EBITDA have important limitations as analytical tools, and you should not consider them in isolation, or as substitutes for analysis of our results as reported under U.S. GAAP. For example, Adjusted EBITDA:

does not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;

does not reflect changes in, or cash requirements for, our working capital needs;

does not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;

excludes tax payments that represent a reduction in cash available to us;

does not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future; and

does not reflect management fees that may be paid to our sponsors.

- (7) Includes consolidated theatres only.

Table of Contents

RISK FACTORS

Before you decide to purchase shares of our common stock, you should understand the high degree of risk involved. You should consider carefully the following risks and other information in this prospectus, including our pro forma and historical financial statements and related notes. If any of the following risks actually occur, our business, financial condition and operating results could be adversely affected. As a result, the trading price of our common stock could decline, perhaps significantly.

Risks Related to Our Industry

We have no control over distributors of the films and our business may be adversely affected if our access to motion pictures is limited or delayed.

We rely on distributors of motion pictures, over whom we have no control, for the films that we exhibit. Major motion picture distributors are required by law to offer and license film to exhibitors, including us, on a film-by-film and theatre-by-theatre basis. Consequently, we cannot assure ourselves of a supply of motion pictures by entering into long-term arrangements with major distributors, but must compete for our licenses on a film-by-film and theatre-by-theatre basis. Our business depends on maintaining good relations with these distributors, as this affects our ability to negotiate commercially favorable licensing terms for first-run films or to obtain licenses at all. Our business may be adversely affected if our access to motion pictures is limited or delayed because of deterioration in our relationships with one or more distributors or for some other reason. To the extent that we are unable to license a popular film for exhibition in our theatres, our operating results may be adversely affected.

We depend on motion picture production and performance.

Our ability to operate successfully depends upon the availability, diversity and appeal of motion pictures, our ability to license motion pictures and the performance of such motion pictures in our markets. We license first-run motion pictures, the success of which has increasingly depended on the marketing efforts of the major motion picture studios. Poor performance of, or any disruption in the production of these motion pictures (including by reason of a strike or lack of adequate financing), or a reduction in the marketing efforts of the major motion picture studios, could hurt our business and results of operations. Conversely, the successful performance of these motion pictures, particularly the sustained success of any one motion picture, or an increase in effective marketing efforts of the major motion picture studios, may generate positive results for our business and operations in a specific fiscal quarter or year that may not necessarily be indicative of, or comparable to, future results of operations. In addition, a change in the type and breadth of movies offered by motion picture studios may adversely affect the demographic base of moviegoers.

We are subject, at times, to intense competition.

Our theatres are subject to varying degrees of competition in the geographic areas in which we operate. Competitors may be national circuits, regional circuits or smaller independent exhibitors. Competition among theatre exhibition companies is often intense with respect to the following factors:

Attracting patrons. The competition for patrons is dependent upon factors such as the availability of popular motion pictures, the location and number of theatres and screens in a market, the comfort and quality of the theatres and pricing. Many of our competitors have sought to increase the number of screens that they operate. Competitors have built or may be planning to build theatres in certain areas where we operate, which could result in excess capacity and increased competition for patrons.

Table of Contents

Licensing motion pictures. We believe that the principal competitive factors with respect to film licensing include licensing terms, number of seats and screens available for a particular picture, revenue potential and the location and condition of an exhibitor's theatres.

Low barriers to entry. We must compete with exhibitors and others in our efforts to locate and acquire attractive sites for our theatres. In areas where real estate is readily available, there are few barriers to entry that prevent a competing exhibitor from opening a theatre near one of our theatres.

The theatrical exhibition industry also faces competition from other forms of out-of-home entertainment, such as concerts, amusement parks and sporting events and from other distribution channels for filmed entertainment, such as cable television, pay per view and home video systems and from other forms of in-home entertainment.

Industry-wide screen growth has affected and may continue to affect the performance of some of our theatres.

In recent years, theatrical exhibition companies have emphasized the development of large megaplexes, some of which have as many as 30 screens in a single theatre. The industry-wide strategy of aggressively building megaplexes generated significant competition and rendered many older, multiplex theatres obsolete more rapidly than expected. Many of these theatres are under long-term lease commitments that make closing them financially burdensome, and some companies have elected to continue operating them notwithstanding their lack of profitability. In other instances, because theatres are typically limited use design facilities, or for other reasons, landlords have been willing to make rent concessions to keep them open. In recent years, many older theatres that had closed are being reopened by small theatre operators and in some instances by sole proprietors that are able to negotiate significant rent and other concessions from landlords. As a result, there has been growth in the number of screens in the U.S. and Canadian exhibition industry from 2005 to 2008. This has affected and may continue to affect the performance of some of our theatres. The number of screens in the U.S. and Canadian exhibition industry slightly declined from 2008 to 2009.

An increase in the use of alternative film delivery methods or other forms of entertainment may drive down our attendance and limit our ticket prices.

We compete with other film delivery methods, including network, syndicated cable and satellite television, DVDs and video cassettes, as well as video-on-demand, pay-per-view services and downloads via the Internet. We also compete for the public's leisure time and disposable income with other forms of entertainment, including sporting events, amusement parks, live music concerts, live theatre and restaurants. An increase in the popularity of these alternative film delivery methods and other forms of entertainment could reduce attendance at our theatres, limit the prices we can charge for admission and materially adversely affect our business and results of operations.

Our results of operations may be impacted by shrinking video release windows.

Over the last decade, the average video release window, which represents the time that elapses from the date of a film's theatrical release to the date a film is available on DVD, an important downstream market, has decreased from approximately six months to approximately three to four months. If patrons choose to wait for a DVD release rather than attend a theatre for viewing the film, it may adversely impact our business and results of operations, financial condition and cash flows. Film studios are currently considering a premium video on demand product which could also cause the release window to shrink further. We cannot assure you that this release window, which is determined by the film studios, will not shrink further or be eliminated altogether, which could have an adverse impact on our business and results of operations.

Table of Contents

Development of digital technology may increase our capital expenses.

The industry is in the process of converting film-based media to digital-based media. We, along with some of our competitors, have commenced a roll-out of digital equipment for exhibiting feature films and plan to continue the roll-out through our joint venture DCIP. However, significant obstacles exist that impact such a roll-out plan, including the cost of digital projectors, and the supply of projectors by manufacturers. During fiscal 2010, DCIP completed its formation and \$660 million funding to facilitate the financing and deployment of digital technology in our theatres. We cannot assure you that DCIP will be able to obtain sufficient additional financing to be able to purchase and lease to us the number of digital projectors ultimately needed for our roll-out or that the manufacturers will be able to supply the volume of projectors needed for our roll-out. As a result, our roll-out of digital equipment could be delayed or not completed at all.

General political, social and economic conditions can reduce our attendance.

Our success depends on general political, social and economic conditions and the willingness of consumers to spend money at movie theatres. If going to motion pictures becomes less popular or consumers spend less on concessions, which accounted for 27% of our revenues in fiscal 2010, our operations could be adversely affected. In addition, our operations could be adversely affected if consumers' discretionary income falls as a result of an economic downturn. Political events, such as terrorist attacks, could cause people to avoid our theatres or other public places where large crowds are in attendance.

Risks Related to Our Business

Our substantial debt could adversely affect our operations and prevent us from satisfying those debt obligations.

We have a significant amount of debt. As of December 30, 2010, on a pro forma basis, we had \$1.9 billion of outstanding indebtedness, and our subsidiaries had approximately \$4.6 billion of undiscounted rental payments under operating leases (with initial base terms of between 15 and 20 years).

The amount of our indebtedness and lease and other financial obligations could have important consequences to you. For example, it could:

increase our vulnerability to general adverse economic and industry conditions;

limit our ability to obtain additional financing in the future for working capital, capital expenditures, dividend payments, acquisitions, general corporate purposes or other purposes;

require us to dedicate a substantial portion of our cash flow from operations to the payment of lease rentals and principal and interest on our indebtedness, thereby reducing the funds available to us for operations and any future business opportunities;

limit our planning flexibility for, or ability to react to, changes in our business and the industry; and

place us at a competitive disadvantage with competitors who may have less indebtedness and other obligations or greater access to financing.

If we fail to make any required payment under our senior secured credit facility or to comply with any of the financial and operating covenants contained therein, we would be in default. Lenders under our senior secured credit facility could then vote to accelerate the maturity of the indebtedness under the senior secured credit facility and foreclose upon the stock and personal property of our subsidiaries that is pledged to secure the senior secured credit facility. Other creditors might then accelerate other

Table of Contents

indebtedness. If the lenders under the senior secured credit facility accelerate the maturity of the indebtedness thereunder, we might not have sufficient assets to satisfy our obligations under the senior secured credit facility or our other indebtedness. See "Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources."

Our indebtedness under our senior secured credit facility bears interest at rates that fluctuate with changes in certain prevailing interest rates (although, subject to certain conditions, such rates may be fixed for certain periods). If interest rates increase, we may be unable to meet our debt service obligations under our senior secured credit facility and other indebtedness.

The agreements governing our indebtedness contain covenants that may limit our ability to take advantage of certain business opportunities advantageous to us.

The agreements governing our indebtedness contain various covenants that limit our ability to, among other things:

incur or guarantee additional indebtedness;

pay dividends or make other distributions to our stockholders;

make restricted payments;

incur liens;

engage in transactions with affiliates; and

enter into business combinations.

These restrictions could limit our ability to obtain future financing, make acquisitions or needed capital expenditures, withstand economic downturns in our business or the economy in general, conduct operations or otherwise take advantage of business opportunities that may arise.

Although the indentures for our notes contain a fixed charge coverage test that limits our ability to incur indebtedness, this limitation is subject to a number of significant exceptions and qualifications. Moreover, the indentures do not impose any limitation on our incurrence of capital or finance lease obligations or liabilities that are not considered "Indebtedness" under the indentures (such as operating leases), nor do they impose any limitation on the amount of liabilities incurred by subsidiaries, if any, that might be designated as "unrestricted subsidiaries," which are subsidiaries that we designate, that are not subject to the restrictive covenants contained in the indentures governing our notes. Furthermore, there are no restrictions in the indentures on our ability to invest in other entities (including unaffiliated entities) and no restrictions on the ability of our subsidiaries to enter into agreements restricting their ability to pay dividends or otherwise transfer funds to us. Also, although the indentures limit our ability to make restricted payments, these restrictions are subject to significant exceptions and qualifications.

We may not generate sufficient cash flow from our theatre acquisitions to service our indebtedness.

In any acquisition, we expect to benefit from cost savings through, for example, the reduction of overhead and theatre level costs, and from revenue enhancements resulting from the acquisition. However, there can be no assurance that we will be able to generate sufficient cash flow from these acquisitions to service any indebtedness incurred to finance such acquisitions or realize any other anticipated benefits. Nor can there be any assurance that our profitability will be improved by any one or more acquisitions. Any acquisition may involve operating risks, such as:

the difficulty of assimilating and integrating the acquired operations and personnel into our current business;

Table of Contents

the potential disruption of our ongoing business;

the diversion of management's attention and other resources;

the possible inability of management to maintain uniform standards, controls, procedures and policies;

the risks of entering markets in which we have little or no experience;

the potential impairment of relationships with employees;

the possibility that any liabilities we may incur or assume may prove to be more burdensome than anticipated; and

the possibility that the acquired theatres do not perform as expected.

If our cash flows prove inadequate to service our debt and provide for our other obligations, we may be required to refinance all or a portion of our existing debt or future debt at terms unfavorable to us.

Our ability to make payments on and refinance our debt and other financial obligations and to fund our capital expenditures and acquisitions will depend on our ability to generate substantial operating cash flow. This will depend on our future performance, which will be subject to prevailing economic conditions and to financial, business and other factors beyond our control. The maximum amount we would be permitted to distribute in compliance with our senior secured credit facility and the indentures governing our debt securities, on a pro forma basis, was approximately \$219.2 million as of December 30, 2010.

In addition, our notes require us to repay or refinance those notes when they come due. If our cash flows were to prove inadequate to meet our debt service, rental and other obligations in the future, we may be required to refinance all or a portion of our existing or future debt, on or before maturity, to sell assets or to obtain additional financing. We cannot assure you that we will be able to refinance any of our indebtedness, including our senior secured credit facility, sell any such assets or obtain additional financing on commercially reasonable terms or at all.

The terms of the agreements governing our indebtedness restrict, but do not prohibit us from incurring additional indebtedness. If we are in compliance with the financial covenants set forth in the senior secured credit facility and our other outstanding debt instruments, we may be able to incur substantial additional indebtedness. If we incur additional indebtedness, the related risks that we face may intensify.

We face significant competition for new theatre sites, and we may not be able to build or acquire theatres on terms favorable to us.

We anticipate significant competition from other exhibition companies and financial buyers when trying to acquire theatres, and there can be no assurance that we will be able to acquire such theatres at reasonable prices or on favorable terms. Moreover, some of these possible buyers may be stronger financially than we are. In addition, given our size and market share, as well as our recent experiences with the Antitrust Division of the United States Department of Justice in connection with the acquisition of Kerasotes and prior acquisitions, we may be required to dispose of theatres in connection with future acquisitions that we make. As a result of the foregoing, we may not succeed in acquiring theatres or may have to pay more than we would prefer to make an acquisition.

Table of Contents

Acquiring or expanding existing circuits and theatres may require additional financing, and we cannot be certain that we will be able to obtain new financing on favorable terms, or at all.

On a pro forma basis, our net capital expenditures aggregated approximately \$99.1 million for fiscal 2010. We estimate that our planned capital expenditures will be between \$140.0 million and \$150.0 million in fiscal 2011 and will continue at this level or higher over the next three years. Actual capital expenditures in fiscal 2011 may differ materially from our estimates. We may have to seek additional financing or issue additional securities to fully implement our growth strategy. We cannot be certain that we will be able to obtain new financing on favorable terms, or at all. In addition, covenants under our existing indebtedness limit our ability to incur additional indebtedness, and the performance of any additional theatres may not be sufficient to service the related indebtedness that we are permitted to incur.

We may be reviewed by antitrust authorities in connection with acquisition opportunities that would increase our number of theatres in markets where we have a leading market share.

Given our size and market share, pursuit of acquisition opportunities that would increase the number of our theatres in markets where we have a leading market share would likely result in significant review by the Antitrust Division of the United States Department of Justice, and we may be required to dispose of theatres in order to complete such acquisition opportunities. For example, in connection with the acquisition of Kerasotes, we were required to dispose of 11 theatres located in various markets across the United States, including Chicago, Denver and Indianapolis. As a result, we may not be able to succeed in acquiring other exhibition companies or we may have to dispose of a significant number of theatres in key markets in order to complete such acquisitions.

We must comply with the ADA, which could entail significant cost.

Our theatres must comply with Title III of the Americans with Disabilities Act of 1990, or ADA. Compliance with the ADA requires that public accommodations "reasonably accommodate" individuals with disabilities and that new construction or alterations made to "commercial facilities" conform to accessibility guidelines unless "structurally impracticable" for new construction or technically infeasible for alterations. Non-compliance with the ADA could result in the imposition of injunctive relief, fines, and an award of damages to private litigants or additional capital expenditures to remedy such noncompliance.

On January 29, 1999, the Civil Rights Division of the Department of Justice, or the Department, filed suit alleging that our stadium-style theatres violated the ADA and related regulations. On December 5, 2003, the trial court entered a consent order and final judgment on non-line-of-sight issues under which AMCE agreed to remedy certain violations at its stadium-style theatres and at certain theatres it may open in the future. Currently we estimate that remaining betterments are required at approximately 45 stadium-style theatres. We estimate that the unpaid costs of these betterments will be approximately \$16.7 million. The estimate is based on actual costs incurred on remediation work completed to date. As to line-of-sight matters, the trial court approved a settlement on November 29, 2010, requiring us to make settlements over a five-year term at an estimated cost of \$5.0 million. The actual costs of the betterments may vary based on the results of surveys of the remaining theatres. See "Business Legal Proceedings."

We are party to significant litigation.

We are subject to a number of legal proceedings and claims that arise in the ordinary course of our business. We cannot be assured that we will succeed in defending any claims, that judgments will not be entered against us with respect to any litigation or that reserves we may set aside will be adequate to cover any such judgments. If any of these actions or proceedings against us is successful,

Table of Contents

we may be subject to significant damages awards. For a description of our legal proceedings, see "Business Legal Proceedings."

We may be subject to liability under environmental laws and regulations.

We own and operate facilities throughout the United States and manage or own facilities in several foreign countries and are subject to the environmental laws and regulations of those jurisdictions, particularly laws governing the cleanup of hazardous materials and the management of properties. We might in the future be required to participate in the cleanup of a property that we own or lease, or at which we have been alleged to have disposed of hazardous materials from one of our facilities. In certain circumstances, we might be solely responsible for any such liability under environmental laws, and such claims could be material.

We may not be able to generate additional ancillary revenues.

We intend to continue to pursue ancillary revenue opportunities such as advertising, promotions and alternative uses of our theatres during non-peak hours. Our ability to achieve our business objectives may depend in part on our success in increasing these revenue streams. Some of our U.S. and Canadian competitors have stated that they intend to make significant capital investments in digital advertising delivery, and the success of this delivery system could make it more difficult for us to compete for advertising revenue. In addition, in March 2005 we contributed our cinema screen advertising business to NCM. As such, although we retain board seats and an ownership interest in NCM, we do not control this business, and therefore do not control our revenues attributable to cinema screen advertising. We cannot assure you that we will be able to effectively generate additional ancillary revenue and our inability to do so could have an adverse effect on our business and results of operations.

Although Holdings and AMCE already file certain periodic reports with the Securities and Exchange Commission, becoming a public company will increase our expenses and administrative burden, in particular to bring our company into compliance with certain provisions of the Sarbanes Oxley Act of 2002 to which we are not currently subject.

As a public company, we will incur significant legal, accounting and other expenses that we did not incur as a private company. In addition, our administrative staff will be required to perform additional tasks. For example, in anticipation of becoming a public company, we will need to create or revise the roles and duties of our board committees, adopt additional internal controls and disclosure controls and procedures, retain a transfer agent and adopt an insider trading policy in compliance with our obligations under the securities laws.

In addition, changing laws, regulations and standards relating to corporate governance and public disclosure, including the Sarbanes-Oxley Act of 2002 and related regulations implemented by the Securities and Exchange Commission and the applicable national securities exchange, are creating uncertainty for public companies, increasing legal and financial compliance costs and making some activities more time consuming. We are currently evaluating and monitoring developments with respect to new and proposed rules and cannot predict or estimate the amount of the additional costs we may incur or the timing of such costs. These laws, regulations and standards are subject to varying interpretations, in many cases due to their lack of specificity, and, as a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. This could result in continuing uncertainty regarding compliance matters and higher costs necessitated by ongoing revisions to disclosure and governance practices. We intend to invest resources to comply with evolving laws, regulations and standards, and this investment may result in increased general and administrative expenses and a diversion of management's time and attention from revenue-generating activities to compliance activities. If our efforts to comply with new laws, regulations and standards

Table of Contents

differ from the activities intended by regulatory or governing bodies due to ambiguities related to practice, regulatory authorities may initiate legal proceedings against us and our business may be harmed. We also expect that being a public company and these new rules and regulations will make it more expensive for us to obtain director and officer liability insurance, and we may be required to accept reduced coverage or incur substantially higher costs to obtain coverage. These factors could also make it more difficult for us to attract and retain qualified members of our board of directors, particularly to serve on our audit committee, and qualified executive officers.

We depend on key personnel for our current and future performance.

Our current and future performance depends to a significant degree upon the retention of our senior management team and other key personnel. The loss or unavailability to us of any member of our senior management team or a key employee could have a material adverse effect on our business, financial condition and results of operations. We cannot assure you that we would be able to locate or employ qualified replacements for senior management or key employees on acceptable terms.

We have had significant financial losses in recent years.

Prior to fiscal 2007, AMCE had reported net losses in each of the prior nine fiscal years totaling approximately \$510.1 million. For fiscal 2007, we reported net earnings of \$116.9 million. For fiscal 2008 and 2009, we reported net losses of \$6.2 million and \$149.0 million, respectively. We reported net earnings of \$79.9 million in fiscal 2010. If we experience losses in the future, we may be unable to meet our payment obligations while attempting to expand our theatre circuit and withstand competitive pressures or adverse economic conditions.

Our investment in and revenues from NCM may be negatively impacted by the competitive environment in which NCM operates.

We have maintained an investment in NCM. NCM's in-theatre advertising operations compete with other cinema advertising companies and other advertising mediums including, most notably, television, newspaper, radio and the Internet. There can be no guarantee that in-theatre advertising will continue to attract major advertisers or that NCM's in-theatre advertising format will be favorably received by the theatre-going public. If NCM is unable to generate expected sales of advertising, it may not maintain the level of profitability we hope to achieve, its results of operations and cash flows may be adversely affected and our investment in and revenues and dividends from NCM may be adversely impacted.

We may suffer future impairment losses and lease termination charges.

The opening of large megaplexes by us and certain of our competitors has drawn audiences away from some of our older, multiplex theatres. In addition, demographic changes and competitive pressures have caused some of our theatres to become unprofitable. As a result, we may have to close certain theatres or recognize impairment losses related to the decrease in value of particular theatres. We review long-lived assets, including intangibles, for impairment as part of our annual budgeting process and whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. We recognized non-cash impairment losses in 1996 and in each fiscal year thereafter except for 2005. AMCE's impairment losses from continuing operations over this period aggregated to \$285.0 million. Beginning fiscal 1999 through December 30, 2010, we also incurred theatre and other closure expenses, including theatre lease termination charges aggregating approximately \$61.4 million. Deterioration in the performance of our theatres could require us to recognize additional impairment losses and close additional theatres, which could have an adverse effect on the results of our operations.

Table of Contents

Risks Related to This Offering

Future sales of our common stock could cause the market price for our common stock to decline.

Upon consummation of this offering, there will be _____ shares of our common stock outstanding. All shares of common stock sold in this offering will be freely transferable without restriction or further registration under the Securities Act of 1933, as amended (the "Securities Act"). Of the remaining shares of common stock outstanding, _____ will be restricted securities within the meaning of Rule 144 under the Securities Act, but will be eligible for resale subject to applicable volume, manner of sale, holding period and other limitations of Rule 144. We cannot predict the effect, if any, that market sales of shares of our common stock or the availability of shares of our common stock for sale will have on the market price of our common stock prevailing from time to time. Sales of substantial amounts of shares of our common stock in the public market, or the perception that those sales will occur, could cause the market price of our common stock to decline. After giving effect to the Reclassification, the Sponsors will hold _____ shares of our common stock, all of which constitute "restricted securities" under the Securities Act. Provided the holders comply with the applicable volume limits and other conditions prescribed in Rule 144 under the Securities Act, all of these restricted securities are currently freely tradable. The Securities and Exchange Commission (the "SEC") adopted revisions to Rule 144 that, among other things, shorten the holding period applicable to restricted securities under certain circumstances from one year to six months.

Additionally, as of the consummation of this offering, approximately _____ shares of our common stock will be issuable upon exercise of stock options that vest and are exercisable at various dates through May 28, 2019, with an exercise price of \$ _____. Of such options, _____ will be immediately exercisable. As soon as practicable after the completion of this offering, we intend to file a registration statement on Form S-8 under the Securities Act covering shares of our common stock reserved for issuance under our equity incentive plan. Accordingly, shares of our common stock registered under such registration statement will be available for sale in the open market upon exercise by the holders, subject to vesting restrictions, Rule 144 limitations applicable to our affiliates and the contractual lock-up provisions described below.

We and certain of our stockholders, directors and officers have agreed to a "lock-up," pursuant to which neither we nor they will sell any shares without the prior consent of _____ for 180 days after the date of this prospectus, subject to certain exceptions and extension under certain circumstances. Following the expiration of the applicable lock-up period, all these shares of our common stock will be eligible for future sale, subject to the applicable volume, manner of sale, holding period and other limitations of Rule 144. In addition, the Sponsors have certain demand and "piggy-back" registration rights with respect to the common stock that they will retain following this offering. See "Shares Eligible for Future Sale" for a discussion of the shares of common stock that may be sold into the public market in the future, including common stock held by the Sponsors.

Our stock price may be volatile and may decline substantially from the initial offering price.

Immediately prior to this offering, there has been no public market for our common stock, and an active trading market for our common stock may not develop or continue upon completion of the offering. The initial public offering price will be determined by negotiations between us and the representatives of the underwriters and may not be indicative of the price at which our common stock will trade after the offering.

The stock market in general has experienced extreme price and volume fluctuations in recent years. These broad market fluctuations may adversely affect the market price of our common stock,

Table of Contents

regardless of our actual operating performance. You may be unable to resell your shares at or above the public offering price because of a number of factors, including:

actual or anticipated quarterly fluctuations in our operating results;

changes in expectations of future financial performance or changes in estimates of securities analysts;

changes in the market valuations of other companies;

announcements relating to actions of other media companies, strategic relationships, acquisitions or industry consolidation;

terrorist acts or wars; and

general economic, market and political conditions including those not related to our business.

We may not generate sufficient cash flows or have sufficient restricted payment capacity under our senior secured credit facility or the indentures governing our debt securities to pay our intended dividends on the common stock.

Following this offering, and subject to legally available funds, we intend to pay quarterly cash dividends, commencing from the closing date of this offering. We expect that our first dividend will be with respect to the quarter of fiscal 2012. We are a holding company and will have no direct operations. We will only be able to pay dividends from our available cash on hand and funds received from our subsidiaries. Our subsidiaries' ability to make distributions to us will depend on their ability to generate substantial operating cash flow. Our ability to pay dividends to our stockholders will be subject to the terms of our senior secured credit facility and the indentures governing the outstanding notes. Our operating cash flow and ability to comply with restricted payments covenants in our debt instruments will depend on our future performance, which will be subject to prevailing economic conditions and to financial, business and other factors beyond our control. In addition, dividend payments are not mandatory or guaranteed, and our board of directors may never declare a dividend, decrease the level of dividends or entirely discontinue the payment of dividends. Your decision whether to purchase shares of our common stock should allow for the possibility that no dividends will be paid. You may not receive any dividends as a result of the following additional factors, among others:

the agreements governing our indebtedness contain covenants that may limit our ability to take advantage of certain business opportunities advantageous to us that may arise;

we are not legally or contractually required to pay dividends;

while we currently intend to pay a regular quarterly dividend, this policy could be modified or revoked at any time;

even if we do not modify or revoke our dividend policy, the actual amount of dividends distributed and the decision to make any distribution is entirely at the discretion of our board of directors and future dividends with respect to shares of our capital stock, if any, will depend on, among other things, our results of operations, cash requirements, financial condition, business opportunities, provisions of applicable law and other factors that our board of directors may deem relevant;

the amount of dividends distributed is and will be subject to contractual restrictions under the restrictive payment covenants contained in:

the indentures governing our debt securities,

the terms of our senior secured credit facility, and

Table of Contents

the terms of any other outstanding indebtedness incurred by us or any of our subsidiaries after the completion of this offering;

the amount of dividends distributed is subject to state law restrictions; and

our stockholders have no contractual or other legal right to dividends.

The maximum amount we would be permitted to distribute in compliance with our senior secured credit facility and the indentures governing our debt securities on a pro forma basis was approximately \$219.2 million as of December 30, 2010. As a result of the foregoing limitations on our ability to make distributions, we cannot assure you that we will be able to make all of our intended quarterly dividend payments.

We are controlled by the Sponsors, whose interests may not be aligned with our public stockholders.

Even after giving effect to this offering, the Sponsors will beneficially own approximately % of our common stock and will have the power to control our affairs and policies including with respect to the election of directors (and through the election of directors the appointment of management), the entering into of mergers, sales of substantially all of our assets and other extraordinary transactions. We intend to avail ourselves of the "controlled company" exception under the applicable national securities exchange rules, which eliminates the requirement that we have a majority of independent directors on our board of directors and that we have compensation and nominating committees composed entirely of independent directors, but retains the requirement that we have an audit committee composed entirely of independent members. The governance agreements will provide that, initially, the Sponsors will collectively have the right to designate eight directors and that each will vote for the others' nominees. Additionally, our governance documents provide that directors shall be elected by a plurality of votes and do not provide for cumulative voting rights. The right to designate directors will reduce as the Sponsors' ownership percentage reduces, such that the Sponsors will not have the ability to nominate a majority of the board of directors once their collective ownership (together with the share ownership held by the JPMP and Apollo co-investors) becomes less than 50.1%. However, because our board of directors will be divided into three staggered classes, the Sponsors may be able to influence or control our affairs and policies even after they cease to own 50.1% of our outstanding common stock during the period in which the Sponsors' nominees finish their terms as members of our board but in any event no longer than would be permitted under applicable law and national securities exchange listing requirements. The directors elected by the Sponsors will have the authority, subject to the terms of our debt, to issue additional stock, implement stock repurchase programs, declare dividends, pay advisory fees and make other decisions, and they may have an interest in our doing so.

The interests of the Sponsors could conflict with our public stockholders' interests in material respects. For example, the Sponsors could cause us to make acquisitions that increase the amount of our indebtedness or sell revenue-generating assets. Furthermore, the Sponsors are in the business of making investments in companies and may from time to time acquire and hold interests in businesses that compete directly or indirectly with us. The Sponsors may also pursue acquisition opportunities that may be complementary to our business, and as a result, those acquisition opportunities may not be available to us. In addition, our governance documents do not contain any provisions applicable to deadlocks among the members of our board, and as a result we may be precluded from taking advantage of opportunities due to disagreements among the Sponsors and their respective board designees. So long as the Sponsors continue to own a significant amount of the outstanding shares of our common stock, they will continue to be able to strongly influence or effectively control our decisions. See "Certain Relationships and Related Party Transactions Governance Agreements."

Table of Contents

Our amended and restated certificate of incorporation and our amended and restated bylaws, as amended, contain anti-takeover protections, which may discourage or prevent a takeover of our company, even if an acquisition would be beneficial to our stockholders.

Provisions contained in our amended and restated certificate of incorporation and amended and restated bylaws, as amended, as well as provisions of the Delaware General Corporation Law, could delay or make it more difficult to remove incumbent directors or for a third party to acquire us, even if a takeover would benefit our stockholders. These provisions include:

a classified board of directors;

the sole power of a majority of the board of directors to fix the number of directors;

limitations on the removal of directors;

the sole power of the board of directors or the Sponsors, in the case of a vacancy of a Sponsor board designee, to fill any vacancy on the board of directors, whether such vacancy occurs as a result of an increase in the number of directors or otherwise;

the ability of our board of directors to designate one or more series of preferred stock and issue shares of preferred stock without stockholder approval;

the inability of stockholders to act by written consent if less than 50.1% of our outstanding common stock is owned by the Sponsors; and

the inability of stockholders to call special meetings.

Our issuance of shares of preferred stock could delay or prevent a change of control of our company. Our board of directors has the authority to cause us to issue, without any further vote or action by the stockholders, up to _____ shares of preferred stock, par value \$0.01 per share, in one or more series, to designate the number of shares constituting any series, and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, voting rights, rights and terms of redemption, redemption price or prices and liquidation preferences of such series. The issuance of shares of preferred stock may have the effect of delaying, deferring or preventing a change in control of our company without further action by the stockholders, even where stockholders are offered a premium for their shares.

Our incorporation under Delaware law, the ability of our board of directors to create and issue a new series of preferred stock or a stockholder rights plan and certain other provisions of our amended and restated certificate of incorporation and amended and restated bylaws could impede a merger, takeover or other business combination involving Parent or the replacement of our management or discourage a potential investor from making a tender offer for our common stock, which, under certain circumstances, could reduce the market value of our common stock. See "Description of Capital Stock."

Our issuance of preferred stock could dilute the voting power of the common stockholders.

The issuance of shares of preferred stock with voting rights may adversely affect the voting power of the holders of our other classes of voting stock either by diluting the voting power of our other classes of voting stock if they vote together as a single class, or by giving the holders of any such preferred stock the right to block an action on which they have a separate class vote even if the action were approved by the holders of our other classes of voting stock.

Our issuance of preferred stock could adversely affect the market value of our common stock.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

The issuance of shares of preferred stock with dividend or conversion rights, liquidation preferences or other economic terms favorable to the holders of preferred stock could adversely affect

Table of Contents

the market price for our common stock by making an investment in the common stock less attractive. For example, investors in the common stock may not wish to purchase common stock at a price above the conversion price of a series of convertible preferred stock because the holders of the preferred stock would effectively be entitled to purchase common stock at the lower conversion price causing economic dilution to the holders of common stock.

J.P. Morgan Securities LLC may have a conflict of interest with respect to this offering.

Prior to the completion of this offering, JPMP, an affiliate of J.P. Morgan Securities LLC ("J.P. Morgan"), owned more than 10% of our outstanding common stock and therefore J.P. Morgan is presumed to have a "conflict of interest" with us under FINRA Rule 2720. Accordingly, J.P. Morgan's interest may go beyond receiving customary underwriting discounts and commissions. In particular, there may be a conflict of interest between J.P. Morgan's own interests as underwriter (including in negotiating the initial public offering price) and the interests of its affiliate JPMP (as a principal stockholder). Because of the conflict of interest under FINRA Rule 2720, this offering is being conducted in accordance with the applicable provisions of that rule. FINRA Rule 2720 requires that the "qualified independent underwriter" (as such term is defined by FINRA Rule 2720) participates in the preparation of the registration statement and prospectus and conducts due diligence. Accordingly, Goldman, Sachs & Co. ("Goldman Sachs") is assuming the responsibilities of acting as the qualified independent underwriter in this offering. Although the qualified independent underwriter has participated in the preparation of the registration statement and prospectus and conducted due diligence, we cannot assure you that this will adequately address any potential conflicts of interest related to J.P. Morgan and JPMP. We have agreed to indemnify Goldman Sachs for acting as qualified independent underwriter against certain liabilities, including liabilities under the Securities Act of 1933, or the Securities Act, and to contribute to payments that Goldman Sachs may be required to make for these liabilities.

Table of Contents

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

In addition to historical information, this prospectus contains forward-looking statements. The words "forecast," "estimate," "project," "intend," "expect," "should," "believe" and similar expressions are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties, assumptions and other factors, including those discussed in "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations," which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to, the following:

national, regional and local economic conditions that may affect the markets in which we or our joint venture investees operate;

the levels of expenditures on entertainment in general and movie theatres in particular;

increased competition within movie exhibition or other competitive entertainment mediums;

technological changes and innovations, including alternative methods for delivering movies to consumers;

the popularity of major motion picture releases;

shifts in population and other demographics;

our ability to renew expiring contracts at favorable rates, or to replace them with new contracts that are comparably favorable to us;

our ability to integrate the Kerasotes theatres and achieve anticipated synergies with minimal disruption to our business;

our need for, and ability to obtain, additional funding for acquisitions and operations;

risks and uncertainties relating to our significant indebtedness;

fluctuations in operating costs;

capital expenditure requirements;

changes in interest rates; and

changes in accounting principles, policies or guidelines.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative but not exhaustive. In addition, new risks and uncertainties may arise from time to time. Accordingly, all forward-looking statements should be evaluated with an

understanding of their inherent uncertainty.

Except as required by law, we assume no obligation to publicly update or revise these forward-looking statements for any reason, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future.

Table of Contents

USE OF PROCEEDS

We estimate that our net proceeds from this offering without exercise of the underwriters' option to purchase additional shares will be approximately \$ million after deducting the estimated underwriting discounts and commissions and expenses, assuming the shares are offered at \$ per share, which represents the midpoint of the range set forth on the front cover of this prospectus. If the underwriters exercise their option to purchase additional shares in full, the net proceeds to us will be approximately \$ million.

We intend to use these net proceeds, together with cash on hand, to: first, repay \$207.2 million principal amount of the loans outstanding under the Parent's term loan facility plus accrued and unpaid interest; second, to retire \$300.0 million principal amount of our outstanding 8% senior subordinated notes due 2014; and third, to pay a \$26.1 million lump sum payment to the Sponsors pursuant to the Fee Agreement with our Sponsors. Affiliates of certain of the underwriters are holders of our outstanding 8% senior subordinated notes due 2014 and will receive a portion of our net proceeds from this offering. See "Risk Factors Risks Related to this Offering."

Borrowings under the Parent's term loan facility mature on June 13, 2012. The interest rate on such borrowings was 5.30% per annum as of December 30, 2010. Our outstanding 8% senior subordinated notes mature on March 1, 2014.

Table of Contents

DIVIDEND POLICY

Following this offering and subject to legally available funds, we intend to pay a quarterly cash dividend at an annual rate initially equal to \$ _____ per share (or a quarterly rate initially equal to \$ _____ per share) of common stock, commencing from the closing date of this offering. We expect that our first dividend will be with respect to the _____ quarter of 2012. Based on the approximately _____ million shares of common stock to be outstanding after the offering, this dividend policy implies a quarterly cash requirement of approximately \$ _____ million. We cannot assure you that any dividends will be paid in the anticipated amounts and frequency set forth in this prospectus, if at all.

We are a holding company and have no direct operations. We will only be able to pay dividends from our available cash on hand and funds received from our subsidiaries. Their ability to make any payments to us will depend upon many factors, including its operating results, cash flows and the terms of our senior secured credit facility and the indentures governing our subsidiaries' debt securities. In addition, our ability to pay dividends to our stockholders will be subject to the terms of our indebtedness. Although we have sustained net losses in prior periods and cannot assure you that we will be able to pay dividends on a quarterly basis or at all, we believe that a number of recent positive developments in our business have improved our ability to pay dividends in compliance with applicable state corporate law once this offering has been completed. These include: the completion of the Kerasotes Acquisition, which increased the scale and cash flow of our company and generated, and we expect will continue to generate, synergies and cost savings; the continued positive impact of our implementation of premium formats and enhanced food and beverage offerings; the Redemptions; the use of proceeds from this offering, together with cash on hand, to retire \$207.2 million principal amount of the Parent's term loan facility and \$300.0 million principal amount of our outstanding 8% senior subordinated notes due 2014, which we estimate will reduce our annual cash interest expense by approximately \$24.0 million for the fiscal year ended March 31, 2011; and the discontinuation of \$5.0 million per year management fees paid to our Sponsors as a result of this offering. Further, we expect to continue to benefit from substantial net operating loss carry-forwards from prior periods that will be available to offset taxes that we may owe. Also, because the Delaware General Corporation Law, or the DGCL, permits corporations to pay dividends either out of surplus (generally, the excess of a corporation's net assets (total assets minus total liabilities) over its stated capital, in each case as defined and calculated in the manner prescribed by the DGCL) or net profits, we may be able to pay dividends even if we report net losses in future periods. We do not intend to borrow funds to pay the projected quarterly dividend described above.

The maximum amount we would be permitted to distribute in compliance with our senior secured credit facility and the indentures governing our debt securities, on a pro forma basis, was approximately \$219.2 million as of December 30, 2010.

The declaration and payment of any future dividends will be at the sole discretion of our board of directors after taking into account various factors, including legal requirements, our subsidiaries' ability to make payments to us, our financial condition, operating results, cash flow from operating activities, available cash and current and anticipated cash needs.

On June 15, 2007, we paid a cash dividend of \$652.8 million to our stockholders on the outstanding shares of our common stock.

Table of Contents**CAPITALIZATION**

The following table sets forth our cash and cash equivalents and capitalization as of December 30, 2010 (i) on an actual basis, and (ii) on a pro forma basis giving effect to the Redemptions, the Mergers, this offering and the use of proceeds therefrom. The information in this table should be read in conjunction with "Unaudited Pro Forma Condensed Financial Information," "Business," the unaudited consolidated financial statements and the historical financial statements of the Company and the respective accompanying notes thereto appearing elsewhere in this prospectus.

	As of December 30, 2010	
	Actual	Pro Forma
	(in thousands)	
Cash and cash equivalents(1)	\$ 802,392	\$ 250,501

Table of Contents

DILUTION

Dilution is the amount by which the offering price paid by the purchasers of the common stock to be sold in the offering exceeds the net tangible book value per share of common stock after the offering. Net tangible book value per share is determined at any date by subtracting our total liabilities from the total book value of our tangible assets and dividing the difference by the number of shares of common stock deemed to be outstanding at that date.

Our net tangible book value as of _____, 2011 was \$ _____ million, or \$ _____ per share. After giving effect to the receipt and our intended use of approximately \$ _____ million of estimated net proceeds from our sale of _____ shares of common stock in the offering at an assumed offering price of \$ _____ per share (the midpoint of the range set forth on the cover page of this prospectus), our as adjusted net tangible book value as of _____, 2011 would have been approximately \$ _____ million, or \$ _____ per share. This represents an immediate increase in pro forma net tangible book value of \$ _____ per share to existing stockholders and an immediate dilution of \$ _____ per share to new investors purchasing shares of common stock in the offering. The following table illustrates this substantial and immediate per share dilution to new investors:

	Per Share
Assumed initial public offering price per share	\$ _____
Net tangible book value before the offering	
Increase per share attributable to investors in the offering	

Pro forma net tangible book value after the offering

Dilution per share to new investors	\$ _____
-------------------------------------	----------

A \$1.00 increase (decrease) in the assumed initial public offering price of \$ _____ per share would increase (decrease) our pro forma net tangible book value by \$ _____, the as adjusted net tangible book value per share after this offering by \$ _____ per share and the dilution per share to new investors in this offering by \$ _____, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same and after deducting the estimated underwriting discounts and commissions and estimated expenses payable by us.

The following table summarizes on an as adjusted basis as of _____, 2011, giving effect to:

on an actual basis;

the total number of shares of common stock purchased from us;

the total consideration paid to us, assuming an initial public offering price of \$ _____ per share (before deducting the estimated underwriting discount and commissions and offering expenses payable by us in connection with this offering); and

the average price per share paid by existing stockholders and by new investors purchasing shares in this offering:

	Shares Purchased		Total Consideration		Average Price Per Share
	Number	Percent	Amount	Percent	
Existing stockholders		%	\$ _____		% \$ _____
Investors in the offering		%			%

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Total	100% \$	100% \$
-------	---------	---------

A \$1.00 increase (decrease) in the assumed initial public offering price of \$ per share (the midpoint of the range set forth on the cover page of this prospectus) would increase (decrease) total

Table of Contents

consideration paid by existing stockholders, total consideration paid by new investors and the average price per share by \$, \$ and \$, respectively, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same, and without deducting underwriting discounts and commissions and estimated expenses payable by us.

The tables and calculations above assume no exercise of:

shares of common stock issuable upon exercise of outstanding stock options with a weighted average exercise price of approximately \$ per share on , 2011; and

shares of common stock issuable in this offering to the underwriters pursuant to an option to purchase additional shares.

To the extent any of these options are exercised, there will be further dilution to new investors.

Table of Contents

UNAUDITED PRO FORMA CONDENSED FINANCIAL INFORMATION

We derived the following unaudited pro forma condensed financial information by applying pro forma adjustments attributable to the Kerasotes Acquisition, this offering, the Mergers and the Redemptions to our historical consolidated financial statements and the Kerasotes financial statements included in this prospectus.

These adjustments include:

the acquisition on May 24, 2010 of substantially all of the assets of Kerasotes for an estimated purchase price of \$281.4 million, which includes cash acquired and working capital and other purchase price adjustments;

the net increase in our theatre and screen count by 83 and 812, respectively, from the Kerasotes Acquisition, including the impact of theatres divested as required by the Antitrust Division of the United States Department of Justice;

the redemptions on January 3, 2011 and February 1, 2011 of our remaining 12% senior discount notes due 2014 and 11% senior subordinated notes due 2016, respectively;

this offering and the use of the proceeds therefrom; and

the Mergers of AMCE with and into Holdings and of Holdings with and into Parent in connection with the offering.

The unaudited pro forma balance sheet gives pro forma effect to the Transactions as if they had occurred on December 30, 2010. The unaudited pro forma condensed statement of operations data for the 39 weeks ended December 30, 2010, the 52 weeks ended April 1, 2010 and the 52 weeks ended December 30, 2010 gives effect to the Transactions as if they had occurred on April 3, 2009. We describe the assumptions underlying the pro forma adjustments in the accompanying notes, which should be read in conjunction with the unaudited pro forma condensed financial information.

We estimate that our net proceeds from this offering without exercise of the option to purchase additional shares will be approximately \$ million after deducting the estimated underwriting discounts and commissions and expenses, assuming the shares are offered at \$ per share, which represents the midpoint of the range set forth on the front cover of this prospectus. If the underwriters exercise their option to purchase additional shares in full, the net proceeds to us will be approximately \$ million. We intend to use these net proceeds, together with cash on hand, to: first, repay all \$207.2 million principal amount of the loans outstanding under the Parent's term loan facility plus accrued and unpaid interest; second, to retire all \$300.0 million principal amount of our outstanding 8% senior subordinated notes due 2014 plus accrued and unpaid interest; and third, to pay a \$26.1 million lump sum payment to the Sponsors pursuant to the Fee Agreement with our Sponsors.

The pro forma statement of operations and other data for the 52 weeks ended December 30, 2010, which are unaudited, have been calculated by subtracting the pro forma data for the 39 weeks ended December 30, 2010 from the pro forma data for the 52 weeks ended April 1, 2010 and adding the data for the 39 weeks ended December 30, 2010. This presentation is not in accordance with U.S. GAAP. We believe that this presentation provides useful information to investors regarding our recent financial performance, and we view this presentation of the four most recently completed fiscal quarters as a key measurement period for investors to assess our historical results. In addition, our management uses trailing four quarter financial information to evaluate our financial performance for ongoing planning purposes, including a continuous assessment of our financial performance in comparison to budgets and internal projections. We also use trailing four quarter financial data to test compliance with covenants under our senior secured credit facility. This presentation has limits as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP.

Table of Contents

The unaudited pro forma condensed financial information is for illustrative and informational purposes only and should not be considered indicative of the results that would have been achieved had the transactions been consummated on the dates or for the periods indicated and do not purport to represent consolidated balance sheet data or statement of operations data or other financial data as of any future date or any future period.

The unaudited pro forma condensed financial information should be read in conjunction with the information contained in "Selected Historical Financial and Operating Data," "Management's Discussion and Analysis of Financial Condition and Results of Operations," our consolidated financial statements and accompanying notes appearing elsewhere in this prospectus and the Kerasotes financial statements.

NOTES TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED
FINANCIAL STATEMENTS

Kerasotes Acquisition

On May 24, 2010, we completed the acquisition of substantially all of the assets (92 theatres and 928 screens) of Kerasotes. Kerasotes operated 95 theatres and 972 screens in mid-sized, suburban and metropolitan markets, primarily in the Midwest. More than three quarters of the Kerasotes theatres feature stadium seating and almost 90% have been built since 1994. We acquired Kerasotes based on their highly complementary geographic presence in certain key markets. Additionally, we expect to realize synergies and cost savings related to the Kerasotes acquisition as a result of moving to our operating practices, decreasing costs for newspaper advertising and concessions and general and administrative expense savings, particularly with respect to the consolidation of corporate related functions and elimination of redundancies. The purchase price for the Kerasotes theatres paid in cash at closing was \$276.8 million, net of cash acquired, and is subject to working capital and other purchase price adjustments. We paid working capital and other purchase price adjustments of \$3.8 million during the second quarter of fiscal 2011, based on the final closing date working capital and deferred revenue amounts and have included this amount as part of the total estimated purchase price.

The acquisition of Kerasotes is being treated as a purchase in accordance with Accounting Standards Topic 805, *Business Combinations*. The following is a summary of the allocation of the purchase price to the estimated fair values of assets and liabilities acquired in the transaction. The allocation of purchase price is based on management's judgment after evaluating several factors, including bid prices from potential buyers and a preliminary valuation assessment which falls under Level 3 of the valuation hierarchy. The allocation of purchase price is preliminary, expected to be finalized during fiscal 2011 and subject to changes as an appraisal of both tangible and intangible assets and liabilities is finalized and additional information becomes available, however, we do not expect material changes:

(In thousands)	Total
Cash	\$ 809
Receivables, net(1)	3,832
Other current assets	12,905
Property, net	205,104
Intangible assets, net(2)	17,387
Goodwill(3)	109,839
Other long-term assets	5,920
Accounts payable	(13,538)
Accrued expenses and other liabilities	(12,439)
Deferred revenues and income	(1,806)
Capital and financing lease obligations	(12,583)
Other long-term liabilities(4)	(34,015)
Total estimated purchase price	\$ 281,415

-
- (1) Receivables consist of trade receivables recorded at fair value. We did not acquire any other class of receivables as a result of the acquisition of Kerasotes.
- (2) Intangible assets consist of certain Kerasotes' trade names, a non-compete agreement, and favorable leases. See Note 4 to our unaudited consolidated financial statements for the 39-week period ended December 30, 2010 included elsewhere in this prospectus for further information.
- (3) Goodwill arising from the acquisition consists largely of the synergies and economies of scale expected from combining the operations. Amounts recorded for goodwill are not subject to amortization and are expected to be deductible for tax purposes.
- (4) Other long-term liabilities consist of certain theatre and ground leases that have been identified as unfavorable.

Table of Contents

During the 39 weeks ended December 30, 2010, we incurred acquisition-related costs of approximately \$12.1 million included in general and administrative expense: merger, acquisition and transaction costs in our consolidated statements of operations. We have expensed acquisition-related transaction costs as incurred pursuant to ASC 805-10.

In connection with the acquisition of Kerasotes, we divested seven Kerasotes theatres with 85 screens as required by the Antitrust Division of the United States Department of Justice. Proceeds from the divested theatres exceeded the carrying amount of such theatres by \$10.7 million, which was recorded as a reduction to goodwill.

We were also required by the Antitrust Division of the United States Department of Justice to divest of four legacy AMC theatres with 57 screens. We recorded a gain on disposition of assets of \$10.1 million for one divested legacy theatre with 14 screens during the 39 weeks ended December 30, 2010, which reduced operating expenses by approximately \$10.1 million. Additionally, we acquired two theatres with 26 screens that were received in exchange for three of the legacy AMC theatres with 43 screens.

A reconciliation of the \$275.0 million purchase price as set forth in the acquisition agreement to the total estimated purchase price is as follows:

Base Purchase Price	\$ 275,000,000
Swap Termination Costs	1,798,000
Closing Date Working Capital Amount	4,617,000
Total estimated purchase price	\$ 281,415,000

Methods and Significant Assumptions Used in Valuation

Leases

To evaluate whether the individual standard operating leases being acquired were either favorable or unfavorable, a representative sample of leases from both Kerasotes' and AMC's theatre portfolio was analyzed to develop an estimate of current market terms. Rent, as a percentage of revenue, was considered an appropriate metric to estimate a market term.

Theatres considered at-market were the theatres in which rent-to-revenue ratio was within a calculated a range equal to one standard deviation around the average. As a secondary test, a comparison of all of the theatres' positive average annual operating cash flow ("OCF") margin was done. Similar to the rent to revenue analysis, a one standard deviation range from the average OCF margin was developed to represent reasonable profitability. Certain theatres within this at-market rent range were deemed favorable or unfavorable depending on the strength of their OCF margin.

To calculate the value of the favorable and unfavorable leases, the expected rent to be paid annually was compared to a normalized rent level based on the average rent-to-revenue ratio discussed above. The rent differential was calculated over the remaining term of the individual leases for the identified theatres. The difference in rent was then discounted at a rate of return based on rates for similar real property.

Trade Name

The Royalty Savings or Relief-from-Royalty Method, an income approach (Level 3 fair value measurement), was used to estimate the Fair Value of the ShowPlace and Star trade names. The Royalty Savings Method, estimates the value of a trade name by capitalizing the royalties saved because we own the trade name. The relief from royalty analysis is comprised of two primary steps including: i) the

Table of Contents

determination of the appropriate royalty rate, and ii) the subsequent application of the relief from royalty method.

The seller has retained the "Kerasotes" name but most of the theatres were branded as either ShowPlace or Star. Therefore we valued the ShowPlace and Star trade names. We plan to preserve the use all of the ShowPlace and Star Theatres' trade names on a total of 46 theatres.

The royalty savings was calculated by multiplying the royalty rate by the annual revenues for all of the theatres with the ShowPlace or Star names. The royalty rate was established based on various quantitative and qualitative factors. The present value of the after-tax royalty savings was determined using a rate for intangible assets.

Non-Compete Agreement

As part of the Kerasotes transaction, certain management members of the remaining Kerasotes company ("Potential Competitors") entered into five year non-competition agreements, which prevent them from competing against the sold Kerasotes theatres and all other AMC theatres over the duration of the agreement. The Differential Cash Flow Method, an income approach (Level 3 fair value measurement), was used to value the Non-Competition Agreements.

Key assumptions used in the Differential Cash Flow Method included assumptions regarding theatre cash flows with and without the non-compete agreements in place, probabilities regarding competitors reentering the market, and a discount rate used to present value cash flows, appropriate for intangible assets.

Our preliminary allocation of purchase price as of May 24, 2010 consisted primarily of:

- (a) Receivables and Current assets acquired from Kerasotes, which excluded \$26.7 million of assets in the Kerasotes unaudited condensed statement of assets and liabilities as of March 31, 2010 included elsewhere in this prospectus as such assets were not acquired;
- (b) Property, net which reflects the estimated fair value of furniture, fixtures and equipment, leasehold improvements and real estate;
- (c) Intangible assets, net comprised principally of six theatres with favorable leases of \$5.6 million, the ShowPlace and Star trade names of \$5.1 million and noncompete agreements with Kerasotes management of \$6.4 million;
- (d) Other long-term assets is comprised of Land and Buildings at certain inactive theatre locations;
- (e) Accounts payable and accrued expenses and other liabilities primarily comprised of utility accruals, trade payables, accrued payroll and payroll taxes, and accrued property taxes. We did not assign any fair value to \$0.3 million of "Current portion of developer reimbursements," \$0.7 million of "Current portion of long-term debt to Parent" or \$7.3 million of "Current portion of deferred gain" that are listed on the Kerasotes March 31, 2010 unaudited condensed statement of assets and liabilities included elsewhere in this Prospectus as the "Current portion of developer reimbursements" represented deferred rent which is reduced to \$0 fair value in purchase accounting, the "Long-term debt to Parent" was not a liability that was assumed in the acquisition and the deferred gain related to Kerasotes sale lease back transactions is reduced to \$0 in purchase accounting;
- (f) Deferred revenues for advance ticket sales, gift card sales and other scrip. As part of its fair value estimation for deferred revenue amounts, we reduced the historical amounts recorded by Kerasotes as of May 24, 2010 by \$2.6 million to reflect the expected non-presentment rate based on our accounting policy for these sales. We determined that a \$2.6 million reduction to deferred revenues was appropriate based upon our review and evaluation of Kerasotes' actual historical experience

Table of Contents

compared to the company's actual historical experience. This change conforms Kerasotes non-presentment rate for advance ticket sales and gift card sales used to calculate "breakage" to our accounting policy by multiplying Kerasotes' historical cumulative gift card sales and advance ticket sales by our non-presentment rate for these types of items where Kerasotes had not recorded any gift card or advance ticket sale breakage. We believe these non-presentment rates are appropriate, as (i) we believe the characteristics of the historic Kerasotes customer base that purchases gift cards and advance tickets to be similar to our historic customer base, (ii) we have a longer historical record for selling gift cards than Kerasotes, and our more fully developed historical customer data supports the non-presentment rate we used and (iii) we both use the same third party provider to administer gift cards and advance tickets;

(g)

Capital and financing lease obligations were recorded for one location accounted for by Kerasotes as a sale leaseback transaction following the financing method. Deferred rent for two theatre locations totaling \$4.1 million included in the Kerasotes March 31, 2010 unaudited condensed statement of assets and liabilities included elsewhere in this prospectus within the line item called "Developer reimbursements" were assigned a fair value of \$0 as deferred rent is reduced to \$0 fair value in purchase accounting; and

(h)

Other long-term liabilities, comprised of the estimated fair value of 14 theatres with unfavorable leases acquired from Kerasotes of \$34.0 million. We did not assign any fair value to \$19.9 million of "Long-term debt to Parent," \$111.2 million of "Deferred gain from sale-leaseback transactions" or \$7.4 million of "Deferred rent and other long-term liabilities" included in the Kerasotes March 31, 2010 unaudited condensed statement of assets and liabilities included elsewhere in this Prospectus as the "Long-term debt to Parent" was not a liability that was assumed in the acquisition and the "Deferred gain" related to Kerasotes sale lease back transactions and deferred rent is reduced to \$0 in purchase accounting.

Earnings (Loss) per Share from Continuing Operations

Basic earnings (loss) per share from continuing operations is computed by dividing net earnings (loss) from continuing operations by the weighted-average number of common shares outstanding. Diluted earnings (loss) per share from continuing operations includes the effects of outstanding stock options, if dilutive. The following table sets forth the computation of basic and diluted earnings (loss) from continuing operations per common share:

(in thousands, except per share data)	39 weeks Ended December 30, 2010	52 weeks Ended April 1, 2010	52 weeks Ended December 30, 2010
Numerator:			
Earnings (loss) from continuing operations	\$ (4,975)	\$ 87,445	\$ 45,673
Denominator:			
Shares for basic earnings (loss) per common share	1,278.85	1,278.82	1,278.84
Stock options		2.60	11.68
Shares for diluted earnings (loss) per common share	1,278.85	1,281.42	1,290.52
Basic Earnings (loss) from continuing operations per common share	\$ (3.89)	\$ 68.38	\$ 35.71
Diluted earnings (loss) from continuing operations per common share	\$ (3.89)	68.24	\$ 35.39

Table of Contents

Options to purchase 35,691.2 shares of common stock at a weighted average exercise price of \$448 per share and 6,553 shares of nonvested restricted stock were outstanding during the 39 weeks ended December 30, 2010, but were not included in the computation of diluted earnings per share since the options were anti-dilutive. Options to purchase 10,830.7 shares of common stock at a weighted average exercise price of \$491 per share were outstanding during the year ended April 1, 2010, but were not included in the computations of diluted earnings per share since the shares were anti-dilutive.

Options to purchase 6,265.0 shares of common stock at a weighted average exercise price of \$752 per share and 6,553 shares of nonvested restricted stock were outstanding during the 52 weeks ended December 30, 2010, but were not included in the computations of diluted earnings per share the shares were anti-dilutive.

Pro Forma Earnings (Loss) per Share from Continuing Operations

Basic earnings (loss) per share from continuing operations is computed by dividing net earnings (loss) from continuing operations by the weighted-average number of common shares outstanding. Diluted earnings (loss) per share from continuing operations includes the effects of outstanding stock options, if dilutive. The following table sets forth the computation of basic and diluted earnings (loss) from continuing operations per common share:

(in thousands, except per share data)	39 weeks Ended December 30, 2010	52 weeks Ended April 1, 2010	52 weeks Ended December 30, 2010
Numerator:			
Earnings (loss) from continuing operations	\$ 8,825	\$ 67,291	\$ 66,568
Denominator:			
Shares for basic earnings (loss) per common share			
Stock options			
Shares for diluted earnings (loss) per common share			
Basic Earnings (loss) from continuing operations per common share	\$	\$	\$
Diluted earnings (loss) from continuing operations per common share	\$	\$	\$

Options to purchase _____ shares of common stock at a weighted average exercise price of \$ _____ per share were outstanding during the 39 weeks ended December 30, 2010, but were not included in the computation of diluted earnings per share since the options were anti-dilutive. Options to purchase _____ shares of common stock at a weighted average exercise price of \$ _____ per share were outstanding during the year ended April 1, 2010, but were not included in the computations of diluted earnings per share since they were anti-dilutive.

Table of Contents**Kerasotes Acquisition Pro Forma Adjustments**

- (1) Reflects the exclusion of revenues and expenses and disposition of assets and liabilities for theatres expected to be disposed of in connection with the approval of the Kerasotes Acquisition by the U.S. Department of Justice:

	39 Weeks Ended December 30, 2010	52 Weeks Ended April 1, 2010	52 Weeks Ended December 30, 2010
	(thousands of dollars)	(thousands of dollars)	(thousands of dollars)
Revenues	\$ 12,687	\$ 62,611	\$ 27,516
Cost of operations	8,633	41,684	19,849
Rent	2,854	11,365	5,299
Depreciation & amortization	561	1,540	801

- (2) Pro forma adjustments are made to the unaudited pro forma condensed consolidated financial statement of operations for purchase accounting to reflect the following:

	39 weeks ended December 30, 2010	52 weeks ended April 1, 2010	52 weeks ended December 30, 2010	Estimated Useful Life	Balance Sheet Classification
	(thousands of dollars)	(thousands of dollars)	(thousands of dollars)		
Revenues:					
Remove Kerasotes historical gift certificate breakage	\$	\$	(777)	\$	
Cost of operations:					
Remove gain on sale of divested theatres	10,056		10,056		
Depreciation and Amortization:					
Remove Kerasotes historical amount	\$ (2,702)	\$ (21,270)	\$ (7,330)		
Buildings and improvements, furniture, fixtures and equipment and leasehold improvements	3,800	24,700	10,291	7	Property, net
Favorable leases	123	800	333	3.6	Intangibles, net
Non-compete agreements	197	1,280	533	5	Intangibles, net
Tradename				Indefinite	Intangibles, net
	\$ 1,418	\$ 5,510	\$ 3,827		

The \$777,000 reduction to revenues represents Kerasotes' historical gift certificate breakage, which we determined from Kerasotes' disclosure of the amount of breakages for its year ended December 31, 2009. We also determined that Kerasotes recorded breakage annually and that on an interim basis, there was no breakage recorded; therefore, the amounts for the 52 weeks ended December 30, 2010 and the 39 weeks ended December 30, 2010 are is \$0.

We determined the estimated useful lives for Buildings and improvements, Furniture fixtures and equipment and Leasehold improvements using our accounting policy for those classes of assets. Building lives assigned were approximately 20 years, Leasehold improvement lives reflect the shorter of the base terms of the corresponding lease agreements or the expected useful lives of the assets. Furniture, fixtures and equipment lives range from 1 to 10 years. The seven year estimated useful life represents the weighted average life for the assets acquired and the majority of the assets acquired were Furniture, fixtures and equipment and Leasehold improvements. Lives for favorable leases reflect the remaining base term of the lease agreements. The five year life for the non-compete agreement reflects the term of the agreement.

The pro forma adjustments for depreciation and amortization were determined by first removing all of the Kerasotes recorded historical amounts of depreciation and amortization which were

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

recorded by Kerasotes based on their historical cost and accounting policies. We then recomputed depreciation and amortization for the appropriate period of time for each period presented to replace the historical amounts recorded by Kerasotes with depreciation and amortization we calculated based on the estimated fair values recorded in purchase accounting divided by the remaining useful lives on a straight-line basis.

	39 weeks ended December 30, 2010 (thousands of dollars)	52 weeks ended April 1, 2010 (thousands of dollars)	52 weeks ended December 30, 2010 (thousands of dollars)	Estimated Useful Life	Balance Sheet Classification
Rent:					
Kerasotes amortization of deferred gain on sale-leaseback transactions	\$ 1,086	\$ 7,275	\$ 3,031		
Unfavorable leases	(384)	(2,500)	(1,042)	15	Other long-term liabilities
	\$ 702	\$ 4,775	\$ 1,989		

The pro forma adjustments for rent were determined by removing all of the Kerasotes amortization of deferred gain on sale-leaseback transactions recorded in their historical financial statements and included in the pro forma financial statements within the Rent line as the deferred gain on the sale-leaseback transactions was reduced to a \$0 in purchase accounting. We have also included amortization of the fair value of the unfavorable leases recorded in purchase accounting and calculated the amounts based on the estimated fair values recorded in purchase accounting divided by the remaining base terms of the lease agreements.

	39 weeks ended December 30, 2010 (thousands of dollars)	52 weeks ended April 1, 2010 (thousands of dollars)	52 weeks ended December 30, 2010 (thousands of dollars)
Interest Expense:			
Interest expense to Kerasotes Showplace Theatres, LLC and other	\$ (179)	\$ (3,852)	\$ (1,571)
	\$ (179)	\$ (3,852)	\$ (1,571)

We made pro forma adjustments to interest expense to remove the interest expense recorded in Kerasotes historical financial statements related to long-term debt that was not assumed as part of the Kerasotes Acquisition.

	39 weeks ended December 30, 2010 (thousands of dollars)	52 weeks ended April 1, 2010 (thousands of dollars)	52 weeks ended December 30, 2010 (thousands of dollars)
Investment Income:			
Kerasotes expense related to interest rate swap and other	\$ 99	\$ (2,947)	\$ (720)
	\$ 99	\$ (2,947)	\$ (720)

We made pro forma adjustments to investment income to remove the historical amounts recorded by Kerasotes related to assets not acquired in the Kerasotes Acquisition which was primarily the Kerasotes interest rate swap agreement.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Represents the expected income tax impact of the Kerasotes Acquisition in U.S. tax jurisdictions at the expected state and federal rate of approximately 37.5%.

Table of Contents

Offering Transactions Pro Forma Adjustments

- (4) Reflects the estimated cash sources and uses of funds in connection with the offering Transactions as summarized below.

Sources of Funds	Amount (thousands of dollars)	Uses of Funds	Amount (thousands of dollars)
Proceeds from the sale of common stock	\$ 350,000	Repayment of principal Parent term loan facility	\$ 161,047
Company cash	222,826	Repayment of PIK interest Parent term loan facility	46,130
		Repayment of principal 8% senior subordinated notes due 2014	300,000
		Premium on repayment of 8% senior subordinated notes due 2014	4,000
		Repayment of accrued interest on 8% senior subordinated notes due 2014	8,022
		Lump sum payment under management fee agreement	26,127
		Underwriting fees for sale of common stock	21,000
		Professional and consulting fees for sale of common stock	6,500
	\$ 572,826		\$ 572,826

- (4a) Pro forma adjustments have been made to stockholders' equity for those income statement items that are not expected to have a continuing impact in connection with the offering Transactions, as follows:

Write off of discount on Parent term loan facility	\$ 466
Write off of deferred charges on Parent term loan facility	1,333
Write off of discount on 8% senior subordinated notes due 2014	643
Premium paid on 8% senior subordinated notes due 2014	4,000
	\$ 6,442

- (5) Represents the elimination of all interest expense and amortization of discount and deferred charges recorded historically related to the debt obligations to be extinguished with the proceeds from this offering as follows:

	39 weeks ended December 30, 2010 (thousands of dollars)	52 weeks ended April 1, 2010 (thousands of dollars)	52 weeks ended December 30, 2010 (thousands of dollars)
Parent term loan facility due 2012 PIK interest(1)	\$ 8,206	\$ 10,572	\$ 10,815
Parent term loan facility due 2012 discount amortization	240	360	320
Parent term loan facility due 2012 deferred charge amortization	734	1,087	979
8% senior subordinated notes due 2014 interest	17,935	23,935	23,934
8% senior subordinated notes due 2014 deferred charge amortization	130	161	171
	\$ 27,245	\$ 36,115	\$ 36,219

- (1)

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Interest rates based on LIBOR plus 5% and ranged from 5.2% to 5.5%.

We made pro forma adjustments to interest expense to remove all of the historical amounts of interest expense included in our consolidated financial statements related to the Parent term loan and 8% senior subordinated notes, which are expected to be extinguished with the proceeds from

Table of Contents

this offering. The amounts of interest expense we recorded and removed in their entirety were based on LIBOR plus 5% for the \$207.2 million principal amount of Parent term loan and 8% for the \$300.0 million principal amount of 8% senior subordinated notes multiplied by the outstanding principal balance of each debt agreement. Discount and deferred charge amortization that is eliminated was calculated using the effective interest method over the terms of the debt agreements.

- (6) Represents the elimination of the \$85.2 million gain on extinguishment on the Parent term loan facility during the 52 weeks ended April 1, 2010 as the Parent's term loan facility will be extinguished with the proceeds from this offering. Because all interest expense related to the Parent term loan facility is eliminated in (5) above as if the Transactions had occurred on April 3, 2009, we have treated the recorded gain on the partial extinguishment of the Parent term loan in a similar manner.
- (7) Reflects the termination of the management fee agreement. The management fee will be terminated in connection with the Transactions as discussed elsewhere in this prospectus.
- (8) Represents the expected income tax impact of the offering Transactions, in U.S. tax jurisdictions at our expected state and federal tax rate of 37.5%.

Redemptions Pro Forma Adjustments

- (9) On January 3, 2011 and February 15, 2011, we redeemed all our remaining 12% senior discount notes due 2014 and 11% senior subordinated notes due 2016 with proceeds from the Notes Offering. We have included these redemptions in this pro forma presentation, as we believe such redemptions have a material impact on our capital structure, and such redemptions have been completed as of the date of this filing.
- (9a) Pro forma adjustment has been made to stockholders' equity for the loss on sale of redemptions in (9) above. This adjustment is not expected to have a continuing impact:

Premium paid on 11% senior subordinated notes due 2016	\$ 12,645
Write off of deferred charges on 11% senior subordinated notes due 2016	4,029
Premium paid on 12% senior discount notes due 2014	2,805
Write off of deferred charges on 12% senior discount notes due 2014	1,214
	\$ 20,693

Table of Contents**SELECTED HISTORICAL FINANCIAL AND OPERATING DATA**

The following table sets forth certain of our selected historical financial and operating data. Our selected financial data for the fiscal years ended April 1, 2010, April 2, 2009, April 3, 2008, March 29, 2007 and March 30, 2006 and the 39 weeks ended December 30, 2010 and December 31, 2009 have been derived from the consolidated financial statements for such periods either included elsewhere in this prospectus or not included herein.

The selected financial data presented herein should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations," consolidated financial statements, including the notes thereto, and our other historical financial information, including the notes thereto, included elsewhere in this prospectus.

- (1) A cash dividend of \$652.8 million was declared on common stock for fiscal 2008. There were no other cash dividends declared on common stock.
- (2) Fiscal 2008 includes 53 weeks. All other years have 52 weeks.
- (3) We acquired Loews Cineplex Entertainment Corporation on January 26, 2006, which significantly increased our size. In the Loews Acquisition we acquired 112 theatres with 1,308 screens throughout the United States that we consolidate.
- (4) During fiscal 2010, fiscal 2009 and fiscal 2008, equity in earnings including cash distributions from NCM were \$34.4 million, \$27.7 million and \$22.2 million, respectively. During fiscal 2008, equity in (earnings) losses of

Table of Contents

non-consolidated entities includes a gain of \$18.8 million from the sale of Hoyts General Cinema South America and during fiscal 2007 a gain of \$238.8 million related to the NCM Inc. initial public offering.

- (5) Includes gain of \$16.0 million for the 53 weeks ended April 3, 2008 from the sale of our investment in Fandango, Inc. Includes interest income on temporary cash investments of \$17.3 million for the 52 weeks ended March 29, 2007.
- (6) All fiscal years presented include earnings and losses from discontinued operations related to 44 theatres in Mexico that were sold during fiscal 2009. Both fiscal 2007 and 2006 includes losses from discontinued operations related to five theatres in Japan that were sold during fiscal 2006 and five theatres in Iberia that were sold during fiscal 2007.
- (7) Cash flows provided by operating activities for the 52 weeks ended March 30, 2006 do not include \$142.5 million of cash acquired in the Loews Mergers which is included in cash flows from investing activities.
- (8) Includes consolidated theatres only.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following discussion and analysis concerns our historical financial condition and results of operations for the periods indicated. This discussion contains forward-looking statements. Please see "Forward-Looking Statements" for a discussion of the risks, uncertainties and assumptions relating to these statements.

Overview

We are one of the world's leading theatrical exhibition companies. As of December 30, 2010, we owned, operated or had interests in 361 theatres and 5,203 screens with 99%, or 5,148, of our screens in the U.S. and Canada, and 1%, or 55 of our screens in China (Hong Kong), France and the United Kingdom.

During the 39 weeks ended December 30, 2010, we acquired 92 theatres with 928 screens from Kerasotes in the U.S. In connection with the acquisition of Kerasotes, we divested of 11 theatres with 142 screens as required by the Antitrust Division of the United States Department of Justice and acquired two theatres with 26 screens that were received in exchange for three of the divested theatres above with 43 screens. We also permanently closed 21 theatres with 142 screens in the U.S. and temporarily closed and reopened four theatres with 41 screens in the U.S. as part of a remodeling project to allow for dine-in theatres at these locations. We opened one new managed theatre with 14 screens in the U.S. and acquired one theatre with 6 screens in the U.S. in the ordinary course of business.

Our Theatrical Exhibition revenues are generated primarily from box office admissions and theatre concession sales. The balance of our revenues are generated from ancillary sources, including on-screen advertising, rental of theatre auditoriums, fees and other revenues generated from the sale of gift cards and packaged tickets, on-line ticket fees and arcade games located in theatre lobbies.

Box office admissions are our largest source of revenue. We predominantly license "first-run" motion pictures from distributors owned by major film production companies and from independent distributors. We license films on a film-by-film and theatre-by-theatre basis. Film exhibition costs are accrued based on the applicable admissions revenues and estimates of the final settlement pursuant to our film licenses. Licenses that we enter into typically state that rental fees are based on either aggregate terms established prior to the opening of the picture or on a mutually agreed settlement upon the conclusion of the picture run. Under an aggregate terms formula, we pay the distributor a specified percentage of box office receipts or pay based on a scale of percentages tied to different amounts of box office gross. The settlement process allows for negotiation based upon how a film actually performs.

Concessions sales are our second largest source of revenue after box office admissions. Concessions items include popcorn, soft drinks, candy, hot dogs and other products. We negotiate prices for our concessions products and supplies directly with concessions vendors on a national or regional basis to obtain high volume discounts or bulk rates and marketing incentives.

Our revenues are dependent upon the timing and popularity of motion picture releases by distributors. The most marketable motion pictures are usually released during the summer and the year-end holiday seasons. Therefore, our business is highly seasonal, with higher attendance and revenues generally occurring during the summer months and holiday seasons. Our results of operations will vary significantly from quarter to quarter.

During fiscal 2010, based on revenues, films licensed from our six largest distributors accounted for approximately 84% of our U.S. and Canada admissions revenues. Our revenues attributable to individual distributors may vary significantly from year to year depending upon the commercial success of each distributor's motion pictures in any given year.

Table of Contents

During the period from 1990 to 2009, the annual number of first-run motion pictures released by distributors in the United States ranged from a low of 370 in 1995 to a high of 633 in 2008, according to the Motion Picture Association of America 2009 MPAA Theatrical Market Statistics. The number of digital 3D films released increased to a high of 20 in 2009 from a low of 0 during this same time period.

We continually upgrade the quality of our theatre circuit by adding new screens through new builds (including expansions) and acquisitions and by disposing of older screens through closures and sales. We are an industry leader in the development and operation of megaplex theatres, typically defined as a theatre having 14 or more screens and offering amenities to enhance the movie-going experience, such as stadium seating providing unobstructed viewing, digital sound and enhanced seat design. We have increased our 3D screens by 446 to 810 screens and our IMAX screens by 29 to 107 screens since December 31, 2009; and as of December 30, 2010, approximately 15.6% of our screens were 3D screens and approximately 2.1% of our screens were IMAX screens.

Significant Events

On December 15, 2010, AMCE completed the offering of \$600.0 million aggregate principal amount of the Notes due 2020. Concurrently with the Notes Offering, AMCE launched a cash tender offer and consent solicitation for any and all of our then outstanding \$325.0 million aggregate principal amount Notes due 2016 at a purchase price of \$1,031 plus a \$30 consent fee for each \$1,000 of principal amount of currently outstanding Notes due 2016 validly tendered and accepted by AMCE on or before the early tender date (the "Cash Tender Offer"). AMCE used the net proceeds from the issuance of the Notes due 2020 to pay the consideration for the Cash Tender Offer plus accrued and unpaid interest on \$95.1 million principal amount of the Notes due 2016 validly tendered. We recorded a loss on extinguishment related to the Cash Tender Offer of \$7.6 million in other expense during the thirty-nine weeks ended December 30, 2010, which included previously capitalized deferred financing fees of \$1.7 million, a tender offer and consent fee paid to the holders of \$5.8 million and other expenses of \$149,000.

Concurrently with the Notes Offering and Cash Tender Offer, Holdings launched a tender offer for its Discount Notes due 2014 at a purchase price of \$797.00 plus a \$30.00 consent fee for each \$1,000.00 face amount (or \$792.09 accreted value) of currently outstanding Discount Notes due 2014 validly tendered and accepted by Holdings on or before the early tender date (together with the Cash Tender Offer, the "Cash Tender Offers"). As of December 30, 2010, Holdings had purchased \$215.5 million principal amount at face value (or \$170.7 million accreted value) of the Discount Notes due 2014 for a total consideration of \$185.0 million. We recorded a loss on extinguishment for the Discount Notes due 2014 of approximately \$10.7 million.

We used a portion of the net proceeds from the issuance of the Notes due 2020 to pay the consideration for the Cash Tender Offer for the Notes due 2016 plus any accrued and unpaid interest and distributed the remainder of such proceeds to be applied to the Cash Tender Offer for the Discount Notes due 2014. On January 3, 2011, Holdings redeemed \$88.5 million principal amount at face value (or \$70.1 million accreted value) of the Discount Notes due 2014 that remained outstanding after the closing of the Cash Tender Offer for the Discount Notes due 2014 at a price of \$823.77 per \$1,000.00 face amount (or \$792.09 accreted value) of Discount Notes due 2014 for a total consideration of \$76.1 million in accordance of the terms of the indenture governing the Discount Notes due 2014, as amended pursuant to the consent solicitation. We recorded an additional loss on extinguishment in the fourth quarter related to the Discount Notes due 2014 of approximately \$4.1 million. On December 30, 2010, AMCE issued an irrevocable notice of redemption in respect of the \$229.9 million principal amount of Notes due 2016 that remained outstanding after the closing of the Cash Tender Offers, and AMCE redeemed the remaining Notes due 2016 at a price of \$1,055.00 per \$1,000.00 principal amount of Notes due 2016 on February 1, 2011 for a total consideration of \$255.2 million in accordance with the terms of the indenture governing the Notes due 2016.

Table of Contents

On December 15, 2010, AMCE entered into a third amendment to our senior secured credit facility dated as of January 26, 2006 to, among other things: (i) extend the maturity of the term loans held by accepting lenders of \$476.6 million aggregate principal amount of term loans from January 26, 2013 to December 15, 2016 and to increase the interest rate with respect to such term loans, (ii) replace our existing revolving credit facility with a new five-year revolving credit facility (with higher interest rates and a longer maturity than the existing revolving credit facility), and (iii) amend certain of our existing covenants therein. We recorded a loss on the modification of our senior secured credit facility of \$3.4 million in other expense during the thirty-nine weeks ended December 30, 2010, which included third party modification fees of \$2.9 million, previously capitalized deferred financing fees related to the revolving credit facility of \$367,000, and other expenses of \$161,000.

All of our NCM membership units are redeemable for, at the option of NCM, cash or shares of common stock of National CineMedia, Inc. ("NCM, Inc.") on a share-for-share basis. On August 18, 2010, we redeemed 6.5 million of our NCM LLC membership units for a like number of shares of NCM Inc. common stock, which we sold in the NCM Sale for \$16.00 per share, reducing our investment in NCM by \$36.7 million, the average carrying amount of the shares sold. We received approximately \$99.8 million in proceeds after deducting related fees and expenses payable by us, resulting in a gain on sale of \$63.1 million. On September 8, 2010, AMC ShowPlace and American Multi-Cinema, Inc. redeemed an additional 10,209 and 144,984 NCM membership units, respectively, and sold them to the underwriters to cover over-allotments at \$16.00 per share, further reducing our investment in NCM by \$867,000, the average carrying amount of the shares sold. We received approximately \$2.4 million of net proceeds from this sale, resulting in a gain on sale of \$1.5 million. The net proceeds will be used for general corporate purposes, including repaying indebtedness and to pursue accretive acquisitions as they become available.

On May 24, 2010, we completed the acquisition of 92 theatres and 928 screens from Kerasotes. Kerasotes operated 95 theatres and 972 screens in mid-sized, suburban and metropolitan markets, primarily in the Midwest. More than three quarters of the Kerasotes theatres feature stadium seating and almost 90 percent have been built since 1994. The purchase price for the Kerasotes theatres paid in cash at closing was \$276.8 million, net of cash acquired and was subject to working capital and other purchase price adjustments as described in the Unit Purchase Agreement. We paid working capital and other purchase price adjustments of \$3.8 million during the second quarter of fiscal 2011, based on the final closing date working capital and deferred revenue amounts and have included this amount as part of the total estimated purchase price. The acquisition of Kerasotes significantly increased our size. For additional information about the Kerasotes acquisition, see the notes to our consolidated financial statements for the 39 week period ended December 30, 2010, included elsewhere in this prospectus.

On March 10, 2010, Digital Cinema Implementation Partners, LLC ("DCIP") completed its financing transactions for the deployment of digital projection systems to nearly 14,000 movie theatre screens across North America, including screens operated or managed by the Company, Regal Entertainment Group ("Regal") and Cinemark Holdings, Inc ("Cinemark"). At closing, we contributed 342 projection systems that we owned to DCIP, which we recorded at estimated fair value as part of an additional investment in DCIP of \$21.8 million. We also made cash investments in DCIP of \$840,000 at closing and DCIP made a distribution of excess cash to us after the closing date and prior to year-end of \$1.3 million. We recorded a loss on contribution of the 342 projection systems of \$563,000, based on the difference between estimated fair value and our carrying value on the date of contribution. On March 26, 2010, we acquired 117 digital projectors from third party lessors for \$6.8 million and sold them together with seven digital projectors that we owned to DCIP for \$6.6 million. We recorded a loss on the sale of these 124 systems to DCIP of \$697,000. As of April 1, 2010, we operated 568 digital projection systems leased from DCIP pursuant to operating leases and anticipate that we will have deployed 4,000 of these systems in our existing theatres over the next three to four years.

The additional digital projection systems will allow us to add additional 3D screens to our circuit where we are generally able to charge a higher admission price than 2D. The digital projection systems

Table of Contents

leased from DCIP and its affiliates will replace most of our existing 35 millimeter projection systems in our U.S. theatres. We are examining the estimated depreciable lives for our existing 35 millimeter projection systems, with a net book value of \$14.2 million, and expect to adjust the depreciable lives in order to accelerate the depreciation of these existing 35 millimeter projection systems, so that such systems are fully depreciated at the end of the digital projection system deployment timeframe. We currently estimate that the increase to depreciation and amortization expense as a result of the acceleration will be \$2.7 million, \$0.3 million and \$1.0 million in fiscal years 2011, 2012 and 2013, respectively. Upon full deployment of the digital projection systems, we expect the cash rent expense of such equipment to approximate \$4.5 million, annually, and the deferred rent expense to approximate \$5.5 million, annually, which will be recognized in our consolidated statements of operations as "Operating expense".

On June 9, 2009, we completed the offering of \$600 million aggregate principal amount of our 8.75% Senior Notes due 2019 (the "Notes due 2019"). Concurrently with the notes offering, we launched a cash tender offer and consent solicitation for any and all of our then outstanding \$250 million aggregate principal amount of 8⁵/₈% Senior Notes due 2012 (the "Fixed Notes due 2012") at a purchase price of \$1,000 plus a \$30 consent fee for each \$1,000 of principal amount of currently outstanding Fixed Notes due 2012 validly tendered and accepted by us on or before the early tender date (the "Cash Tender Offer"). We used the net proceeds from the issuance of the Notes due 2019 to pay the consideration for the Cash Tender Offer plus accrued and unpaid interest on \$238.1 million principal amount of the Fixed Notes due 2012. We recorded a loss on extinguishment related to the Cash Tender Offer of \$10.8 million in other expense during the 52 weeks ended April 1, 2010, which included previously capitalized deferred financing fees of \$3.3 million consent fee paid to holders of \$7.1 million and other expenses of \$372,000. On August 15, 2009, we redeemed the remaining \$11.9 million of Fixed Notes due 2012 at a price of \$1,021.56 per \$1,000 principal in accordance with the terms of the indenture. We recorded a loss of \$450,000 in Other expense related to the extinguishment of the remaining Fixed Notes due 2012 during the 52 weeks ended April 1, 2010, which included previously capitalized deferred financing fees of \$157,000, a consent fee paid to the holders of \$257,000 and other expenses of \$36,000.

We acquired Grupo Cinemex, S.A. de C.V. ("Cinemex") in January 2006 as part of a larger acquisition of Loews Cineplex Entertainment Corporation. We do not operate any other theatres in Mexico and have divested of the majority of our other investments in international theatres in Japan, Hong Kong, Spain, Portugal, Argentina, Brazil, Chile, and Uruguay over the past several years as part of our overall business strategy.

On December 29, 2008, we sold all of our interests in Cinemex, which then operated 44 theatres with 493 screens primarily in the Mexico City Metropolitan Area, to Entretenimiento GM de Mexico S.A. de C.V. ("Entretenimiento"). The purchase price received at the date of the sale and in accordance with the Stock Purchase Agreement was \$248.1 million. During the year ended April 1, 2010, we received payments of \$4.3 million for purchase price adjustments in respect of tax payments and refunds, and a working capital calculation and post closing adjustments. Additionally, we estimate that as of April 1, 2010, we are contractually entitled to receive an additional \$8.8 million in purchase price adjustments in respect of tax payments and refunds. While we believe we are entitled to these amounts from Cinemex, the collection thereof will require litigation, which was initiated by us on April 30, 2010. Resolution could take place over a prolonged period. As a result of the litigation, we have established an allowance for doubtful accounts related to this receivable in the amount of \$7.5 million as of April 1, 2010 and further directly charged off \$1.4 million of certain amounts as uncollectible with an offsetting charge of \$8.9 million recorded to loss on disposal included as a component of discontinued operations in fiscal 2010.

The operations and cash flows of the Cinemex theatres have been eliminated from our ongoing operations as a result of the disposal transaction. We do not have any significant continuing

Table of Contents

involvement in the operations of the Cinemex theatres. The results of operations of the Cinemex theatres have been classified as discontinued operations for all periods presented.

In May 2007, we disposed of our investment in Fandango, accounted for using the cost method, for total proceeds of \$20.4 million, of which \$18 million was received in May and September 2007 and \$2.4 million was received in November 2008, and have recorded a gain on the sale, included in investment income, of approximately \$16 million during fiscal 2008 and \$2.4 million during fiscal 2009. In July 2007, we disposed of our investment in Hoyts General Cinemas South America ("HGCSA"), an entity that operated 17 theatres in South America, for total proceeds of approximately \$28.7 million and recorded a gain on the sale, included in equity earnings of non-consolidated entities, of approximately \$18.8 million.

Stock-Based Compensation

We account for stock-based employee compensation arrangements using the fair value method. The fair value of each stock option was estimated on the grant date using the Black-Scholes option pricing model using the following assumptions: common stock value on the grant date, risk-free interest rate, expected term, expected volatility, and dividend yield. We have elected to use the simplified method for estimating the expected term of "plain vanilla" share option grants as we do not have enough historical experience to provide a reasonable estimate. Compensation cost is calculated on the date of the grant and then amortized over the vesting period.

We granted 38,876.7 options on December 23, 2004, 600 options on January 26, 2006, 15,980.5 options on March 6, 2009 and 4,786 options on May 28, 2009 to employees to acquire our common stock. The fair value of these options on their respective grant dates was \$22.4 million, \$138,000, \$2.1 million, and \$0.65 million, respectively. All of these options currently outstanding are equity classified.

On July 8, 2010, we granted 6,377 options and 6,693 shares of restricted stock. The fair value of these options and restricted shares on their respective grant dates was \$1.9 million and \$5.0 million, respectively. All of these options currently outstanding are equity classified.

The common stock value used to estimate the fair value of each option on the December 23, 2004 grant date was based upon a contemporaneous third party arms-length transaction on December 23, 2004 in which we sold 769,350 shares of our common stock for \$1,000 per share to unrelated parties. The common stock value used to estimate the fair value of each option on the March 6, 2009 grant date was based upon a contemporaneous valuation reflecting market conditions as of January 1, 2009, a purchase of 2,542 shares by Parent for \$323.95 per share from our former Chief Executive Officer pursuant to his Separation and General Release Agreement dated February 23, 2009 and a sale of 385.862 shares by Parent to our current Chief Executive Officer pursuant to his Employment Agreement dated February 23, 2009 for \$323.95 per share.

On June 11, 2007, Marquee Merger Sub Inc., a wholly-owned subsidiary of AMC Entertainment Holdings, Inc., merged with and into Holdings, with Holdings continuing as the surviving corporation (the "holdco merger"). In connection with this, Parent adopted an amended and restated 2004 stock option plan (formerly known as the 2004 Stock Option Plan of Marquee Holdings Inc.). The option exercise price per share of \$1,000 was adjusted to \$491 pursuant to the antidilution provisions of the 2004 Stock Option Plan to give effect to the payment of a one time non-recurring dividend paid by Parent on June 15, 2007 of \$652.8 million to the holders of its 1,282,750 shares of common stock. The Company determined that there was no incremental value transferred as a result of the modification and as a result, no additional compensation cost to recognize.

The common stock value of \$339.59 per share used to estimate the fair value of each option on the May 28, 2009 grant date was based upon a valuation prepared by management on behalf of the Compensation Committee of the Board of Directors. Management chose not to obtain a contemporaneous valuation performed by an unrelated valuation specialist as management believed

Table of Contents

that the valuation obtained at January 1, 2009 and the subsequent stock sales and purchases were recent and could easily be updated and rolled forward without engaging a third party and incurring additional costs. Additionally, management considered that the number of options granted generated a relatively low amount of annual expense over 5 years (\$130,100) and that any differences in other estimates of fair value would not be expected to materially impact the related annual expense. The common stock value was estimated based on current estimates of annual operating cash flows multiplied by the current average peer group multiple for similar publicly traded competitors of 6.7x less net indebtedness, plus the current fair value of our investment in NCM. Management compared the estimated stock value of \$339.59 per share with the \$323.95 value per share discussed above related to the March 6, 2009 option grant and noted the overall increase in value was primarily due the following:

March 6, 2009 grant value per share	\$ 323.95
Decline in net indebtedness	20.15
Increase in value of investment in NCM	37.10
Increase due to peer group multiple	47.89
Decrease in annual operating cash flows	(89.50)
May 28, 2009 grant value per share	\$ 339.59

The common stock value of \$752 per share used to estimate the fair value of each option and restricted share on July 8, 2010 was based upon a contemporaneous valuation reflecting market conditions. The estimated grant date fair value for 5,354 shares of restricted stock (time vesting) and 1,339 shares of restricted stock (performance vesting, where the performance targets were established at the grant date following ASC 718-10-55-95) was based on \$752 per shares and was \$4.0 million and \$1.0 million, respectively. The estimated grant date fair value of the options granted on 5,354 shares was \$293.72 per share, or \$1.6 million, and was determined using the Black-Scholes option-pricing model. The option exercise price was \$752 per share, and the estimated fair value of the shares was \$752, resulting in \$0 intrinsic value for the option grants. As of December 30, 2010, total unrecognized stock based compensation expense related to the restricted stock awards and options under both the 2010 Equity Incentive Plan and the 2004 Stock Option Plan was \$6.7 million.

Critical Accounting Estimates

Our consolidated financial statements are prepared in accordance with GAAP. In connection with the preparation of our financial statements, we are required to make assumptions and estimates about future events, and apply judgments that affect the reported amounts of assets, liabilities, revenue, expenses and the related disclosures. We base our assumptions, estimates, and judgments on historical experience, current trends and other factors that management believes to be relevant at the time our consolidated financial statements are prepared. On a regular basis, we review the accounting policies, assumptions, estimates, and judgments to ensure that our financial statements are presented fairly and in accordance with GAAP. However, because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such differences could be material.

Our significant accounting policies are discussed in note 1 to our audited consolidated financial statements included elsewhere in this prospectus. A listing of some of the more critical accounting estimates that we believe merit additional discussion and aid in better understanding and evaluating our reported financial results are as follows.

Impairment charges. We evaluate goodwill and other indefinite lived intangible assets for impairment annually, or more frequently as specific events or circumstances dictate. Impairment for other long lived assets (including finite lived intangibles) is done whenever events or changes in circumstances indicate that these assets may not be fully recoverable. We have invested material

Table of Contents

amounts of capital in goodwill and other intangible assets in addition to other long lived assets. We operate in a very competitive business environment and our revenues are highly dependent on movie content supplied by film producers. In addition, it is not uncommon for us to closely monitor certain locations where operating performance may not meet our expectations. Because of these and other reasons over the past three years we have recorded material impairment charges primarily related to long lived assets. For the last three years, impairment charges were \$3.8 million in fiscal 2010, \$73.5 million in fiscal 2009 and \$8.9 million in fiscal year 2008. There are a number of estimates and significant judgments that are made by management in performing these impairment evaluations. Such judgments and estimates include estimates of future revenues, cash flows, capital expenditures, and the cost of capital, among others. Management believes we have used reasonable and appropriate business judgments. These estimates determine whether an impairment has been incurred and also quantify the amount of any related impairment charge. Given the nature of our business and our recent history, future impairments are possible and they may be material based upon business conditions that are constantly changing.

Our recorded goodwill was \$1,944 million, 1,845 million and \$1,845 million as of December 30, 2010, April 1, 2010 and April 2, 2009, respectively. We evaluate goodwill and our trademark for impairment annually during our fourth fiscal quarter and any time an event occurs or circumstances change that would more likely than not reduce the fair value for a reporting unit below its carrying amount. Our goodwill is recorded in our Theatrical Exhibition operating segment, which is also the reporting unit for purposes of evaluating recorded goodwill for impairment. If the carrying value of the reporting unit exceeds its fair value we are required to reallocate the fair value of the reporting unit as if the reporting unit had been acquired in a business combination and the fair value of the reporting unit was the price paid to acquire the reporting unit. We determine fair value by using an enterprise valuation methodology determined by applying multiples to cash flow estimates less net indebtedness, which we believe is an appropriate method to determine fair value. There is considerable management judgment with respect to cash flow estimates and appropriate multiples and discount rates to be used in determining fair value, and, accordingly, actual results could vary significantly from such estimates which fall under Level 3 within the fair value measurement hierarchy.

We performed our annual goodwill impairment analysis during the fourth quarter of fiscal 2010. The estimated fair value of our Theatrical Exhibition reporting unit exceeded its carrying value by approximately \$500 million, which we believe is substantial. While the fair value of our Theatrical Exhibition operations exceeds the carrying value at the present time, small changes in certain assumptions can have a significant impact on fair value. Facts and circumstances could change, including further deterioration of general economic conditions, the number of motion pictures released by the studios, and the popularity of films supplied by our distributors. These and/or other factors could result in changes to the assumptions underlying the calculation of fair value which could result in future impairment of our remaining goodwill.

We evaluated our enterprise value as of April 1, 2010 and April 2, 2009 based on a contemporaneous valuation reflecting market conditions. Two valuation approaches were utilized; the income approach and the market approach. The income approach provides an estimate of enterprise value by measuring estimated annual cash flows over a discrete projection period and applying a present value rate to the cash flows. The present value of the cash flows is then added to the present value equivalent of the residual value of the business to arrive at an estimated fair value of the business. The residual value represents the present value of the projected cash flows beyond the discrete projection period. The discount rate is determined using a rate of return deemed appropriate for the risk of achieving the projected cash flows. The market approach used publicly traded peer companies and reported transactions in the industry. Due to conditions and the relatively few sale transactions, the market approach was used to provide additional support for the value achieved in the income approach.

Table of Contents

Key rates used in the income approach for fiscal 2010 and 2009 follow:

Description	Fiscal 2010	Fiscal 2009
Discount rate	9.0%	10.0%
Market risk premium	5.5%	6.0%
Hypothetical capital structure: Debt/Equity	40%/60%	40%/60%

The discount rate is an estimate of the weighted average cost of debt and equity capital. The required return on common equity was estimated by adding the risk-free required rate of return, the market risk premium (which is adjusted for the Company's estimated market volatility, or beta), and small stock premium. The discount rate used for fiscal 2010 was 9.0% and the discount rate used for fiscal 2009 was 10.0%. The lower discount rate was due to a number of factors, such as a decrease in corporate bond yields, decrease in betas, and decrease in market risk premiums, given current market conditions.

The aggregate annual cash flows were determined based on management projections on a theatre-by-theatre basis further adjusted by non-theatre cash flows. The projections considered various factors including theatre lease terms, a reduction in attendance, and a reduction in capital investments in new theatres, given current market conditions and the resulting difficulty with obtaining contracts for new-builds. Cash flow estimates included in the analysis reflect our best estimate of the impact of the roll-out of digital projectors throughout our theatre circuit. Because we entered into a definitive agreement to acquire Kerasotes on December 9, 2009 and consummated the acquisition on May 24, 2010, the valuation study includes our projected cash flows for Kerasotes. Based on the seasonal nature of our business, fluctuations in attendance from period to period are expected and we do not believe that the results would significantly decrease our projections for the full fiscal year 2011, or impact our conclusions regarding goodwill impairment. The anticipated acceleration of depreciation of the 35mm equipment described above under " Significant Events" does not have an impact on our estimation of fair value as depreciation does not impact our projected available cash flow. The expected increases in rent expense upon full deployment of the digital projection systems also described under " Significant Events" were included in the cash flow projections used to estimate our fair value as a part of our fiscal 2010 annual goodwill impairment analysis, and had the impact of reducing the projected cash flows. Because Cinemex was sold in December 2008, cash flows for the fiscal 2009 study did not include results from Cinemex. Cash flows were projected through fiscal 2017 and assumed revenues would increase approximately 3.25% annually primarily due to projected increases in ticket and concession pricing. Costs and expenses, as a percentage of revenue are projected to decrease from 85.5% to 85.1% through fiscal 2017. The residual value is a function of the estimated cash flow for fiscal 2018 divided by a capitalization rate (discount rate less long-term growth rate of 2%) then discounted back to represent the present value of the cash flows beyond the discrete projection period. You should note that we utilized the foregoing assumptions about future revenues and costs and expenses for the limited purpose of performing our annual goodwill impairment analysis. These assumptions should not be viewed as "projections" or as representations by us as to expected future performance or results of operations, and you should not rely on them in deciding whether to invest in our common stock. See "Special Note Regarding Forward-Looking Statements."

As the expectations of the average investor are not directly observable, the market risk premium must be inferred. One approach is to use the long-run historical arithmetic average premiums that investors have historically earned over and above the returns on long-term Treasury bonds. The premium obtained using the historical approach is sensitive to the time period over which one calculates the average. Depending on the time period chosen, the historical approach yields an average premium in a range of 5.0% to 8.0%.

There was no goodwill impairment as of December 30, 2010, April 1, 2010 or April 2, 2009.

Film exhibition costs. We have agreements with film companies who provide the content we make available to our customers. We are required to routinely make estimates and judgments about box

Table of Contents

office receipts for certain films and for films provided by specific film distributors in closing our books each period. These estimates are subject to adjustments based upon final settlements and determinations of final amounts due to our content providers that are typically based on a film's box office receipts and how well it performs. In certain instances this evaluation is done on a film by film basis or in the aggregate by film production suppliers. We rely upon our industry experience and professional judgment in determining amounts to fairly record these obligations at any given point in time. The accrual made for film costs have historically been material and we expect they will continue to be so into the future. During fiscal years 2010, 2009 and 2008 our film exhibition costs totaled \$928.6 million, \$842.7 million and \$860.2 million, respectively.

Income and operating taxes. Income and operating taxes are inherently difficult to estimate and record. This is due to the complex nature of the tax code which we use to file our tax returns and also because our returns are routinely subject to examination by government tax authorities, including federal, state and local officials. Most of these examinations take place a few years after we have filed our tax returns. Our tax audits in many instances raise questions regarding our tax filing positions, the timing and amount of deductions claimed and the allocation of income among various tax jurisdictions. Our federal and state tax operating loss carried forward of approximately \$457.9 million and \$891.4 million, respectively at April 1, 2010, require us to estimate the amount of carry forward losses that we can reasonably be expected to realize using feasible and prudent tax planning strategies that are available to us. Future changes in conditions and in the tax code may change these strategies and thus change the amount of carry forward losses that we expect to realize and the amount of valuation allowances we have recorded. Accordingly future reported results could be materially impacted by changes in tax matters, positions, rules and estimates and these changes could be material.

Gift card and packaged ticket revenues. As noted in our significant accounting policies for revenue we defer 100% of these items and recognize these amounts as they are redeemed by customers or when we estimate the likelihood of future redemption is remote based upon applicable laws and regulations. A vast majority of gift cards are used or partially used. However a portion of the gift cards and packaged ticket sales we sell to our customers are not redeemed and not used in whole or in part. Non-redeemed or partially redeemed cards or packaged tickets are known as "breakage" in our industry. We are required to estimate breakage and do so based upon our historical redemption patterns. Our history indicates that if a card or packaged ticket is not used for 18 months or longer, its likelihood of being used past this 18 month period is remote. When it is determined that a future redemption is remote we record income for unused cards and tickets. We changed our estimate on when packaged tickets would be considered remote in terms of future redemption in fiscal 2008 and changed our estimate of redemption rates for packaged tickets in 2009. Prior to 2008 dates we had estimated that unused packaged tickets would not become remote in terms of future use until 24 months after they were issued. The change we made to shorten this period from 24 to 18 months and align redemption patterns for packaged tickets with our gift card program represented our best judgment based on continued development of specific historical redemption patterns in our gift cards at AMC. We believe this 18 month period continues to be appropriate and do not anticipate any changes to this policy given our historical experience. We monitor redemptions and if we were to determine changes in our redemption statistics had taken place we would be required to change the current 18 month time period to a period that was determined to be more appropriate. This could cause us to either accelerate or lengthen the amount of time a gift card or packaged ticket is outstanding prior to being remote in terms of any future redemption.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

Operating Results

The following table sets forth our revenues, costs and expenses attributable to our operations. Reference is made to note 15 to the audited consolidated financial statements included elsewhere in this prospectus for additional information therein.

Both fiscal years 2010 and 2009 include 52 weeks and fiscal year 2008 includes 53 weeks.

(In thousands)	39 Weeks Ended Dec. 30, 2010	39 Weeks Ended Dec. 31, 2009	52 Weeks Ended April 1, 2010	52 Weeks Ended April 2, 2009	53 Weeks Ended April 3, 2008

We present Adjusted EBITDA as a supplemental measure of our performance. We define Adjusted EBITDA as earnings (loss) from continuing operations plus (i) income tax provisions (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance. These further adjustments are itemized below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

Adjusted EBITDA(3)(4)	\$ 248,163	\$ 258,759	\$ 327,859	\$ 294,705	\$ 347,638

- (1) Amounts represent preopening expense, theatre and other closure expense (income) and disposition of assets and other gains included in operating expenses.
- (2) Other expense for the 39 weeks ended December 30, 2010 is comprised of the loss on extinguishment of indebtedness related to the redemption of the 11% senior notes due 2016 of \$7.6 million, loss on extinguishment related to the redemption of the 12% senior discount notes due 2014 of \$10.7 million and expense related to the modification of the senior secured credit facility of \$3.4 million. Other expense for fiscal 2010 is comprised of the gain on extinguishment of indebtedness of \$85.2 million related to the Parent's term facility loan and loss on extinguishment of indebtedness related to the redemption of our 8⁵/₈% senior notes due 2012 of \$11.3 million. Other income for fiscal 2008 is comprised of recoveries for property loss related to Hurricane Katrina.
- (3) Does not reflect reduction in costs we anticipate that we will achieve relating to modifications made to our RealD and IMAX agreements in fiscal 2011. Had the modifications to the RealD and IMAX agreements been in place at December 31, 2009, we would have further reduced our operating costs by \$6.5 million. Also does not reflect the anticipated synergies and cost savings related to the Kerasotes Acquisition that we expect to derive from increased ticket and concession revenues at the former Kerasotes locations as a result of moving to our operating practices, decreased costs for newspaper advertising and concessions for those locations, and general and administrative expense savings, particularly with respect to the consolidation of corporate overhead functions and elimination of redundancies. Based on the cost savings initiatives we have implemented since the Kerasotes Acquisition, which include reductions in salaries, reductions in newspaper advertising costs, savings achieved in respect of concession costs and theatre operating

Table of Contents

expenses, as well as reduced rent expense, we estimate that we would have further reduced these costs by \$5.6 million. Does not reflect reductions in revenues and costs that we anticipate we will achieve relating to the early closure of underperforming theatres in fiscal 2011. Had the theatres been closed at December 31, 2009, we would have improved our Adjusted EBITDA results by \$3.7 million.

- (4) The acquisition of Kerasotes contributed approximately \$26.6 million in Adjusted EBITDA during the thirty-nine weeks ended December 30, 2010.

Adjusted EBITDA is a non-GAAP financial measure commonly used in our industry and should not be construed as an alternative to net earnings (loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA because we believe it provides management and investors with additional information to measure our performance and liquidity, estimate our value and evaluate our ability to service debt. In addition, we use Adjusted EBITDA for incentive compensation purposes.

Adjusted EBITDA has important limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under U.S. GAAP. For example, Adjusted EBITDA:

does not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;

does not reflect changes in, or cash requirements for, our working capital needs;

does not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;

excludes tax payments that represent a reduction in cash available to us;

does not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future; and

does not reflect management fees that may be paid to our sponsors.

For the 39 Weeks Ended December 30, 2010 and December 31, 2009

Revenues. Total revenues increased 4.6%, or \$83.9 million, during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009. This increase included approximately \$168.3 million of additional revenues resulting from the acquisition of Kerasotes. Admissions revenues increased 4.2%, or \$53.4 million, during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009, due to a 3.7% increase in average ticket prices and a 0.5% increase in attendance. The increase in attendance and increase in admissions revenues includes the increased attendance and admissions revenues of approximately \$111.0 million from Kerasotes. The increase in average ticket price was primarily due to an increase in attendance for 3D film product for which we are able to charge more per ticket than for a standard 2D film. Admissions revenues at comparable theatres (theatres opened on or before the first quarter of fiscal 2010) decreased 3.1%, or \$38.7 million, during the thirty-nine weeks ended December 30, 2010 from the comparable period last year. Attendance was negatively impacted by less favorable film product during the thirty-nine weeks ended December 30, 2010 as compared to the thirty-nine weeks ended December 31, 2009. Concessions revenues increased 5.7%, or \$27.8 million, during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009, due to a 5.0% increase in average concessions per patron and the increase in attendance, which was primarily due to the acquisition of Kerasotes. The increase in concession

Table of Contents

revenues includes approximately \$54.6 million from Kerasotes. The increase in concessions per patron includes the impact of concession price and size increases placed in effect during the third quarter of fiscal 2010 and the second and third quarters of fiscal 2011, and a shift in product mix to higher priced items. Other theatre revenues increased 6.1%, or \$2.7 million, during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009, primarily due to increases in advertising revenues, package ticket sales, and theatre rentals. The increase in other theatre revenues includes \$2.7 million from Kerasotes.

Operating Costs and Expenses. Operating costs and expenses increased 6.8%, or \$117.1 million, during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009. The effect of the acquisition of Kerasotes was an increase in operating costs and expenses of approximately \$174.9 million. Film exhibition costs increased 1.1%, or \$7.9 million, during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009 due to the increase in admissions revenues, partially offset by the decrease in film exhibition costs as a percentage of admissions revenues. As a percentage of admissions revenues, film exhibition costs were 52.8% in the current period and 54.4% in the prior year period. Concession costs increased 19.9%, or \$10.6 million, during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009 due to an increase in concession costs as a percentage of concession revenues and the increase in concession revenues. As a percentage of concessions revenues, concession costs were 12.4% in the current period compared with 11.0% in the prior period, primarily due to the concession price and size increases, a shift in product mix from higher to lower margin items, and concession offers targeting attendance growth. As a percentage of revenues, operating expense was 26.1% in the current period as compared to 24.8% in the prior period. Gains were recorded on disposition of assets during the thirty-nine weeks ended December 30, 2010 which reduced operating expenses by approximately \$10.3 million, primarily due to the sale of a divested legacy AMC theatre in conjunction with the acquisition of Kerasotes. Rent expense increased 7.6%, or \$25.0 million, during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009, primarily due to increased rent as a result of the acquisition of Kerasotes of approximately \$30.4 million.

We continually monitor the performance of our theatres, and factors such as changing consumer preferences for filmed entertainment and our inability to sublease or utilize vacant space could negatively impact operating results and result in future screen closures, abandonments, sales, dispositions and significant theatre and other closure charges prior to expiration of underlying lease agreements.

General and Administrative Expense:

Merger, Acquisition and Transaction Costs. Merger, acquisition and transaction costs increased \$12.4 million during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009. Current year costs primarily consist of costs related to the acquisition of Kerasotes.

Management Fees. Management fees were unchanged during the thirty-nine weeks ended December 30, 2010. Management fees of \$1.3 million are paid quarterly, in advance, to our Sponsors in exchange for consulting and other services.

Other. Other general and administrative expense increased 0.3%, or \$143,000, during the thirty-nine weeks ended December 30, 2010 compared to the thirty-nine weeks ended December 31, 2009 primarily due to increases in salaries expense and estimated expense related to our complete withdrawal from a union-sponsored pension plan of \$2.7 million, partially offset by decreases in incentive compensation expense related to declines in operating performance. During the thirty-nine

Table of Contents

weeks ended December 31, 2009, we recorded \$1.4 million of expense related to a complete withdrawal from a union-sponsored pension plan.

Depreciation and Amortization. Depreciation and amortization increased 9.8%, or \$13.9 million, compared to the prior period. Increases in depreciation and amortization expense during the thirty-nine weeks ended December 30, 2010 are the result of increased net book value of theatre assets primarily due to the acquisition of Kerasotes, which contributed \$20.5 million of depreciation expense, partially offset by decreases in the declining net book value of legacy theatre assets.

Other Expense (Income). Other expense (income) includes \$(11.8) million and \$(11.5) million of income related to the derecognition of gift card liabilities, as to which we believe future redemption to be remote, during the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively. Other expense (income) includes a loss on extinguishment of indebtedness related to the redemption of our 11% senior subordinated notes due 2016 of \$7.6 million, expense related to the modification of our senior secured credit facility term loan due 2013 of \$3.0 million, our senior secured credit facility revolver of \$367,000 and loss on redemption of 12% senior discount notes due 2014 of \$10.7 million. Other expense (income) includes a loss of \$11.3 million related to the redemption of our 8⁵/₈% Senior Notes due 2012 and a gain on extinguishment of indebtedness related to the parent term loan facility of \$85.2 million during the thirty-nine weeks ended December 31, 2009.

Interest Expense. Interest expense increased 5.3%, or \$6.9 million, primarily due to an increase in interest expense related to the issuance of our 8.75% Senior Notes due 2019 (the "Notes due 2019") on June 9, 2009 and the Notes due 2020 on December 15, 2010.

Equity in Earnings of Non-Consolidated Entities. Equity in earnings of non-consolidated entities was \$17.1 million in the current period compared to \$18.1 million in the prior period. Equity in earnings related to our investment in National CineMedia, LLC were \$23.1 million and \$20.7 million for the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively. Equity in losses related to our investment in Digital Cinema Implementation Partners, LLC ("DCIP") were \$5.4 million and \$2.2 million for the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively.

Gain on NCM, Inc. Stock Sale. The gain on NCM, Inc. shares of common stock sold during the thirty-nine weeks ended December 30, 2010 was \$64.6 million. See Note 6 "Investments" to our unaudited consolidated financial statements included elsewhere in this prospectus for further information.

Investment Income. Investment income was \$387,000 for the thirty-nine weeks ended December 30, 2010 compared to \$213,000 for the thirty-nine weeks ended December 31, 2009.

Income Tax Provision. The income tax provision from continuing operations was \$2.1 million for the thirty-nine weeks ended December 30, 2010 and \$32.1 million for the thirty-nine weeks ended December 31, 2009. See Note 8 "Income Taxes" to our unaudited consolidated financial statements included elsewhere in this prospectus for further information.

Earnings from Discontinued Operations, Net. On December 29, 2008, we sold our operations in Mexico, including 44 theatres and 493 screens. The results of operations of the Cinemex theatres have been classified as discontinued operations for all periods presented.

Net Earnings. Net earnings (loss) were (\$4.4) million and \$37.8 million for the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively. Net loss during the thirty-nine weeks ended December 30, 2010 were positively impacted by a gain on sale of NCM, Inc. shares of \$64.6 million and a gain on disposition of assets of approximately \$10.3 million, and negatively impacted by increased merger and acquisition costs of approximately \$12.4 million primarily due to the

Table of Contents

acquisition of Kerasotes, loss on extinguishment and modification of indebtedness of \$21.8 million and increased interest expense of \$6.9 million. Net earnings during the thirty-nine weeks ended December 31, 2009 were negatively impacted by an expense of \$11.3 million related to the redemption of our 8^{5/8}% Senior Notes due 2012, positively impacted by a \$85.2 million gain on extinguishment related to the parent term loan facility and negatively impacted by a provision for income tax expense of \$32.1 million.

For the Year Ended April 1, 2010 and April 2, 2009

Revenues. Total revenues increased 6.7%, or \$152.3 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009. Admissions revenues increased 8.3%, or \$131.5 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009, due to a 6.1% increase in average ticket prices and a 2.1% increase in attendance. Admissions revenues at comparable theatres (theatres opened on or before the first quarter of fiscal 2009) increased 8.5%, or \$131.5 million, during the year ended April 1, 2010 from the comparable period last year. The increase in average ticket price was primarily due to increases in attendance from IMAX and 3D film product where we are able to charge more per ticket than for a standard 2D film, as well as our practice of periodically reviewing ticket prices and making selective adjustments based upon such factors as general inflationary trends and conditions in local markets. Attendance was positively impacted by more favorable 3D and IMAX film product during the year ended April 1, 2010 as compared to the year ended April 2, 2009, as well as by an increase in the number of IMAX and 3D screens that we operate. Concessions revenues increased 3.3%, or \$20.5 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009, due primarily to the increase in attendance. Other theatre revenues increased 0.4%, or \$262,000, during the year ended April 1, 2010 compared to the year ended April 2, 2009, primarily due to increases in on-line ticket fees, partially offset by a reduction in theatre rentals.

Operating costs and expenses. Operating costs and expenses increased 1.8%, or \$40.4 million during the year ended April 1, 2010 compared to the year ended April 2, 2009. Film exhibition costs increased 10.2%, or \$86.0 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009 due to the increase in admissions revenues and the increase in film exhibition costs as a percentage of admissions revenues. As a percentage of admissions revenues, film exhibition costs were 54.2% in the current period and 53.3% in the prior year period primarily due to an increase in admissions revenues on higher grossing films, which typically carry a higher film cost as a percentage of admissions revenues. Concession costs increased 7.5%, or \$5.1 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009 due to an increase in concession costs as a percentage of concessions revenues and the increase in concession revenues. As a percentage of concessions revenues, concession costs were 11.3% in the current period compared with 10.8% in the prior period. As a percentage of revenues, operating expense was 25.3% in the current period as compared to 25.4% in the prior period. Rent expense decreased 1.8%, or \$8.1 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009 primarily due to rent reductions from landlords related to their failure to meet co-tenancy provisions in certain lease agreements and renegotiations on more favorable terms. Rent reductions related to co-tenancy may not continue should our landlords meet the related co-tenancy provisions in the future.

General and Administrative Expense:

Merger, acquisition and transaction costs. Merger, acquisition and transaction costs increased \$1.1 million during the year ended April 1, 2010 compared to the year ended April 2, 2009 primarily due to costs incurred related to the Kerasotes acquisition during the current year.

Management fees. Management fees were unchanged during the year ended April 1, 2010. Management fees of \$1.3 million are paid quarterly, in advance, to our Sponsors in exchange for consulting and other services.

Table of Contents

Other. Other general and administrative expense increased 8.3%, or \$4.5 million, during the year ended April 1, 2010 compared to the year ended April 2, 2009 due primarily to increases in annual incentive compensation of approximately \$12 million based on improved operating performance and increases in net periodic pension expense of \$4.7 million, partially offset by decreases in cash severance payments of \$7 million to our former Chief Executive Officer made in the prior year and a decrease in expense related to a union-sponsored pension plan of \$3.9 million. During the year ended April 2, 2009, we recorded \$5.3 million of expense related to our partial withdrawal liability for a union-sponsored pension plan. During the year ended April 1, 2010, we recorded \$1.4 million of expense related to our estimated complete withdrawal from the union-sponsored pension plan.

Depreciation and Amortization. Depreciation and amortization decreased 6.5%, or \$13.1 million, compared to the prior year due primarily to the impairment of long-lived assets in fiscal 2009.

Impairment of Long-Lived Assets. During the year ended April 1, 2010, we recognized non-cash impairment losses of \$3.8 million related to theatre fixed assets and real estate recorded in other long-term assets. We recognized an impairment loss of \$2.3 million on five theatres with 41 screens (in Florida, California, New York, Utah and Maryland). Of the theatre charge, \$2.3 million was related to property, net. We also adjusted the carrying value of undeveloped real estate assets based on a recent appraisal which resulted in an impairment charge of \$1.4 million. During the year ended April 2, 2009, we recognized non-cash impairment losses of \$73.6 million related to theatre fixed assets, internal use software and assets held for sale. We recognized an impairment loss of \$65.6 million on 34 theatres with 520 screens (in Arizona, California, Canada, Florida, Georgia, Illinois, Maryland, Massachusetts, Michigan, New York, North Carolina, Ohio, Texas, Virginia, Washington and Wisconsin). Of the theatre charge, \$1.4 million was related to intangible assets, net, and \$64.3 million was related to property, net. We recognized an impairment loss on abandonment of internal use software, recorded in other long-term assets of \$7.1 million when management determined that the carrying value would not be realized through future use. We adjusted the carrying value of our assets held for sale to reflect the subsequent sales proceeds received in January 2009 and declines in fair value, which resulted in impairment charges of \$786,000.

Other (Income) Expense. Other (income) expense includes \$13.6 million and \$14.1 million of income related to the derecognition of gift card liabilities, as to which we believe future redemption to be remote, during the year ended April 1, 2010 and April 2, 2009, respectively. Other (income) expense includes a gain on extinguishment of indebtedness of \$85.2 million related to the Parent term loan facility and a loss on extinguishment of indebtedness of \$11.3 million related to the Cash Tender Offer during the year ended April 1, 2010.

Interest Expense. Interest expense decreased 7.7%, or \$14.6 million, primarily due to a decrease in interest rates on the senior secured credit facility, extinguishment of debt from the Cash Tender Offer and partial extinguishment of the Parent term loan facility, partially offset by an increase in interest expense related to the issuance of the Notes due 2019.

Equity in Earnings of Non-Consolidated Entities. Equity in earnings of non-consolidated entities was \$30.3 million in the current year compared to \$24.8 million in the prior year. Equity in earnings related to our investment in NCM LLC were \$34.4 million and \$27.7 million for the year ended April 1, 2010 and April 2, 2009, respectively. We recognized an impairment loss of \$2.7 million related to an equity method investment in one U.S. motion picture theatre during the year ended April 2, 2009.

Investment Income. Investment income was \$287,000 for the year ended April 1, 2010 compared to \$1.8 million for the year ended April 2, 2009. The year ended April 2, 2009 includes a gain of \$2.4 million from the May 2008 sale of our investment in Fandango, which was the result of receiving the final distribution from the general claims escrow account. During the year ended April 2, 2009, we

Table of Contents

recognized an impairment loss of \$1.5 million related to unrealized losses previously recorded in accumulated other comprehensive income on marketable securities related to one of our deferred compensation plans when we determined the decline in fair value below historical cost to be other than temporary.

Income Tax Provision (Benefit). The income tax provision (benefit) from continuing operations was a benefit of \$36.3 million for the year ended April 1, 2010 and a provision of \$5.8 million for the year ended April 2, 2009. Our income tax benefit in fiscal 2010 includes the release of \$55.2 million of valuation allowance for deferred tax assets. See note 9 to the audited consolidated financial statements included elsewhere in this prospectus for our effective income tax rate reconciliation.

Earnings (Loss) from Discontinued Operations, Net. On December 29, 2008, we sold our operations in Mexico, including 44 theatres and 493 screens. The results of operations of the Cinemex theatres have been classified as discontinued operations for all years presented and include bad debt expense related to amounts due from Cinemex of \$8.9 million for the year ended April 1, 2010. See note 2 to the audited consolidated financial statements included elsewhere in this prospectus for the components of the earnings from discontinued operations.

Net Earnings (Loss). Net earnings (loss) were \$79.9 million and \$(149 million) for the year ended April 1, 2010 and April 2, 2009, respectively. Net earnings were favorably impacted by a gain on extinguishment of indebtedness of \$85.2 million related to the Parent term loan facility and a \$55.2 million reduction in the valuation allowance for deferred income tax assets. Net earnings during the year ended April 1, 2010 were negatively impacted by an expense of \$11.3 million related to the Cash Tender Offer and by losses of \$8.9 million related to the allowance for doubtful accounts and direct write-offs of amounts due from Cinemex included in discontinued operations. Net loss for the year ended April 2, 2009 was primarily due to impairment charges of \$73.5 million.

For the Year Ended April 2, 2009 and April 3, 2008

Revenues. Total revenues decreased 2.9%, or \$67.6 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008. Fiscal year 2009 includes 52 weeks and fiscal year 2008 includes 53 weeks which we estimate contributed approximately \$30 million to the decline in our total revenues. Admissions revenues decreased 2.2%, or \$35.3 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008, due to a 5.5% decrease in attendance partially offset by a 3.6% increase in average ticket price. The increase in average ticket price was primarily due to our practice of periodically reviewing ticket prices and making selective adjustments based upon such factors as general inflationary trends and conditions in local markets. Admissions revenues at comparable theatres (theatres opened on or before the first quarter of fiscal 2008) decreased 4.1%, or \$63.8 million, during the year ended April 2, 2009 from the comparable period last year. Based upon available industry sources, box office revenues of our comparable theatres slightly underperformed the overall industry comparable theatres in the markets where we operate. We believe our underperformance is primarily the result of changes in distribution patterns and an increase in the number of prints released in our markets. While our box office performance on such films was in line with our expectations, the increase in prints in our market diluted our overall performance against the industry. Concessions revenues decreased 3.4%, or \$22.1 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008 due to the decrease in attendance partially offset by a 2.2% increase in average concessions per patron. Other theatre revenues decreased 14.8%, or \$10.2 million, during the year ended April 2, 2009 compared to year ended April 3, 2008, primarily due to a decrease in advertising revenues. See note 1 to the audited consolidated financial statements included elsewhere in this prospectus for discussion of the change in estimate for revenues recorded during the years ended April 2, 2009 and April 3, 2008.

Table of Contents

Operating costs and expenses. Operating costs and expenses increased 2.1%, or \$46.1 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008. Film exhibition costs decreased 2.0%, or \$17.6 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008 due to the decrease in admissions revenues partially offset by an increase in film exhibition costs as a percentage of admission revenues. As a percentage of admissions revenues, film exhibition costs were 53.3% in the current year as compared with 53.2% in the prior year. Concession costs decreased 2.6%, or \$1.8 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008 due to the decrease in concession revenues partially offset by an increase in concession costs as a percentage of concessions revenues. As a percentage of concessions revenues, concession costs were 10.8% in the current year and 10.7% in the prior year. As a percentage of revenues, operating expense was 25.4% in the current year and 24.5% in the prior year. Operating expense in the current and prior year includes \$2.3 million and \$21 million of theatre and other closure income, respectively, due primarily to lease terminations negotiated on favorable terms. Rent expense increased 2.1%, or \$9.4 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008 due primarily to the opening of new theatres. Preopening expense decreased \$1.7 million during the year ended April 2, 2009 due to a decline in screen additions.

General and Administrative Expense:

Merger, acquisition and transaction costs. Merger, acquisition and transaction costs decreased \$5.8 million during the year ended April 2, 2009 compared to the year ended April 3, 2008. Prior year costs are primarily comprised of professional and consulting expenses related to a proposed initial public offering of common stock that was withdrawn on June 19, 2007 and preacquisition expenses for casualty insurance losses that occurred prior to the merger with Loews.

Management fees. Management fees were unchanged during the year ended April 2, 2009. Management fees of \$1.3 million are paid quarterly, in advance, to our Sponsors in exchange for consulting and other services.

Other. Other general and administrative expense increased 37.7%, or \$14.7 million, during the year ended April 2, 2009 compared to the year ended April 3, 2008. The increase in other general and administrative expenses is primarily due to a cash severance payment of \$7 million to our former Chief Executive Officer and an expense of \$5.3 million related to our partial withdrawal liability for a union-sponsored pension plan, partially offset by a pension curtailment gain of \$1.1 million as a result of the retirement of our former chief executive officer.

Depreciation and Amortization. Depreciation and amortization decreased 9.3%, or \$20.7 million, compared to the prior year due primarily to certain intangible assets becoming fully amortized, the closing of theatres and impairment of long-lived assets.

Impairment of Long-Lived Assets. During fiscal 2009 we recognized non-cash impairment losses of \$73.5 million related to theatre fixed assets, internal use software and assets held for sale. We recognized an impairment loss of \$65.6 million on 34 theatres with 520 screens (in Arizona, California, Canada, Florida, Georgia, Illinois, Maryland, Massachusetts, Michigan, New York, North Carolina, Ohio, Texas, Virginia, Washington and Wisconsin). Of the theatre charge, \$1.4 million was related to intangible assets, net, and \$64.3 million was related to property, net. We recognized an impairment loss on abandonment of internal use software, recorded in other long-term assets of \$7.1 million when management determined that the carrying value would not be realized through future use, we adjusted the carrying value of our assets held for sale to reflect the sales proceeds received in fiscal 2009 and declines in fair value, which resulted in impairment charges of \$786,000. During fiscal 2008 we recognized a non-cash impairment loss of \$8.9 million that reduced property, net on 17 theatres with 176 screens (in New York, Maryland, Indiana, Illinois, Nebraska, Oklahoma, California, Arkansas, Pennsylvania, Washington, and the District of Columbia).

Table of Contents

Other Income. Other income includes \$14.1 million and \$11.3 million of income related to the derecognition of gift card liabilities, as to which we believe future redemption to be remote, during the year ended April 2, 2009 and April 3, 2008, respectively. Other income includes insurance recoveries related to Hurricane Katrina of \$1.2 million for property losses in excess of property carrying cost and \$397,000 for business interruption during the year ended April 3, 2008.

Interest Expense. Interest expense decreased 7.6%, or \$15.5 million, primarily due to decreased interest rates on the senior secured credit facility.

Equity in Earnings of Non-Consolidated Entities. Equity in earnings of non-consolidated entities was \$24.8 million in the current year compared to \$43 million in the prior year. Equity in earnings related to our investment in NCM LLC were \$27.7 million and \$22.2 million for the year ended April 2, 2009 and April 3, 2008, respectively. Equity in earnings related to HGCSA was \$18.7 million during the year ended April 3, 2008 and includes the gain related to the disposition of \$18.8 million. We recognized an impairment loss of \$2.7 million related to an equity method investment in one U.S. motion picture theatre during the year ended April 2, 2009.

Investment Income. Investment income was \$1.8 million for the year ended April 2, 2009 compared to \$24 million for the year ended April 3, 2008. The year ended April 2, 2009 and April 3, 2008 include a gain on the sale of our investment in Fandango of \$2.4 million and \$16 million, respectively. Interest income decreased \$6.7 million from the prior year primarily due to decreases in temporary investments and decreases in rates of interest earned on temporary investments. During the year ended April 2, 2009, we recognized an impairment loss of \$1.5 million related to unrealized losses previously recorded in accumulated other comprehensive income on marketable securities related to one of our deferred compensation plans when we determined the decline in fair value below historical cost to be other than temporary.

Income Tax Provision (Benefit). The income tax provision (benefit) from continuing operations was \$5.8 million for the year ended April 2, 2009 and \$(7.6 million) for the year ended April 3, 2008 with the reduction due primarily to the decrease in earnings from continuing operations before income taxes. See note 9 to the audited consolidated financial statements included elsewhere in this prospectus.

Earnings from Discontinued Operations, Net. On December 29, 2008, we sold our operations in Mexico, including 44 theatres and 493 screens. The results of operations of the Cinemex theatres have been classified as discontinued operations, and information presented for all years reflects the new classification. See note 2 to the audited consolidated financial statements included elsewhere in this prospectus for the components of the earnings from discontinued operations.

Net Loss. Net losses were \$149 million and \$6.2 million for the year ended April 2, 2009 and April 3, 2008, respectively. The increase in net loss was primarily due to impairment charges of \$73.5 million in the current year and the recognition of a gain on the disposition of HGCSA of \$18.8 million, a gain on the disposition of Fandango of \$16 million and theatre and other closure income of \$21 million which were recorded in the prior year.

Liquidity and Capital Resources

Our consolidated revenues are primarily collected in cash, principally through box office admissions and theatre concessions sales. We have an operating "float" which partially finances our operations and which generally permits us to maintain a smaller amount of working capital capacity. This float exists because admissions revenues are received in cash, while exhibition costs (primarily film rentals) are ordinarily paid to distributors from 20 to 45 days following receipt of box office admissions revenues. Film distributors generally release the films which they anticipate will be the most successful during the summer and holiday seasons. Consequently, we typically generate higher revenues during such periods.

We fund the costs of constructing, maintaining and remodeling new theatres through existing cash balances, cash generated from operations or borrowed funds, as necessary. We generally lease our theatres pursuant to long-term non-cancelable operating leases which may require the developer, who owns the property, to reimburse us for the construction costs. We may decide to own the real estate assets of new theatres and, following construction, sell and leaseback the real estate assets pursuant to long-term non-cancelable operating leases.

Table of Contents

We believe that cash generated from operations and existing cash and equivalents will be sufficient to fund operations and planned capital expenditures and acquisitions currently and for at least the next 12 months and enable us to maintain compliance with covenants related to the Parent term loan facility, the senior secured credit facility and our 8% Senior Subordinated Notes due 2014 (the "Notes due 2014"), Discount Notes due 2014, 11% Senior Subordinated Notes due 2016 (the "Notes due 2016"), Notes due 2019 and 9.75% Senior Subordinated Notes due 2020 (the "Notes due 2020"). We are considering various options with respect to the utilization of cash and equivalents on hand in excess of our anticipated operating needs. Such options might include, but are not limited to, acquisitions of theatres or theatre companies, repayment of our corporate borrowings and payment of dividends.

Cash Flows from Operating Activities

Cash flows provided by operating activities, as reflected in the consolidated statements of cash flows included elsewhere in this prospectus, were \$87.0 million and \$201.9 million during the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively. The decrease in cash flows provided by operating activities for the thirty-nine weeks ended December 30, 2010 was primarily due to an increase in payments on accounts payables and accrued expenses and other liabilities, including payments of amounts acquired in the Kerasotes acquisition as well as payments made for merger, acquisition and transaction costs in connection with the Kerasotes acquisition. Cash flows during the thirty-nine weeks ended December 30, 2010 include third party modification fees of \$2.9 million related to the modification of our senior secured credit facility, which reduced our cash flows from operating activities. We had working capital surplus as of December 30, 2010 and April 1, 2010 of \$147.3 million and \$256.0 million, respectively. Working capital includes \$165.6 million and \$125.8 million of deferred revenues as of December 30, 2010 and April 1, 2010, respectively. We have the ability to borrow against our senior secured credit facility to meet obligations as they come due (subject to limitations on the incurrence of indebtedness in our various debt instruments) and could incur indebtedness of \$192.5 million on our senior secured credit facility to meet these obligations as of December 30, 2010.

Cash flows provided by operating activities, as reflected in the consolidated statements of cash flows included elsewhere in this prospectus, were \$198.9 million, \$167.2 million and \$201.2 million during the years ended April 1, 2010, April 2, 2009 and April 3, 2008 respectively. The increase in operating cash flows during the year ended April 1, 2010 is primarily due to an increase in accrued expenses and other liabilities as a result of increases in accrued interest and annual incentive compensation and the increase in attendance. The decrease in operating cash flows during the year ended April 2, 2009 is primarily due to the increase in net loss, which was partially offset by an increase in non-cash impairment charges. We had working capital surplus as of April 1, 2010 and April 2, 2009 of \$256 million and \$260.7 million, respectively. Working capital includes \$125.8 million and \$121.6 million of deferred revenue as of April 1, 2010 and April 2, 2009, respectively.

Cash Flows from Investing Activities

Cash flows used in investing activities, as reflected in the consolidated statements of cash flows included elsewhere in this prospectus, were \$198.3 million and \$59.7 million, during the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively. Cash outflows from investing activities include capital expenditures of \$84.1 million and \$59.5 million during the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively. Our capital expenditures primarily consisted of maintaining our theatre circuit, technology upgrades, strategic initiatives and remodels. We expect that our gross capital expenditures cash outflows will be approximately \$140.0 million to \$150.0 million for fiscal 2011.

During the thirty-nine weeks ended December 30, 2010, we paid \$280.6 million for the purchase of Kerasotes theatres at closing, net of cash acquired. The purchase included working capital and other purchase price adjustments as described in the Unit Purchase Agreement.

Table of Contents

During the thirty-nine weeks ended December 30, 2010, we received net proceeds of \$102.2 million from the sale of 6,655,193 shares of common stock of NCM, Inc. for \$16.00 per share and reduced our related investment in NCM by \$37.6 million, the average carrying amount of the shares sold.

We received \$57.4 million in cash proceeds from the sale of certain theatres required to be divested in connection with the Kerasotes acquisition during the thirty-nine weeks ended December 30, 2010 and received \$991,000 for the sale of real estate acquired from Kerasotes.

Cash provided by (used in) investing activities, as reflected in the Consolidated Statement of Cash Flows were \$(96.3 million), \$100.9 million and \$(139.4 million) during the years ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively. On March 26, 2010, we acquired 117 digital projection systems from third party lessors for \$6.8 million and sold these systems together with seven digital projectors that we owned to DCIP for cash proceeds of \$6.6 million on the same day. Cash outflows from investing activities include capital expenditures of \$97 million during the year ended April 1, 2010. We expect that our gross capital expenditures in fiscal 2011 will be approximately \$130 million to \$160 million.

Cash flows for the year ended April 2, 2009 include proceeds from the sale of Cinemex of \$224.4 million and proceeds from the sale of Fandango of \$2.4 million. We have received an additional \$4.3 million in purchase price adjustments from Cinemex in respect of tax payments and refunds and a working capital calculation and post closing adjustments during the year ended April 1, 2010. Cash flows for the year ended April 3, 2008 include proceeds from the disposal of HGCSA and Fandango of \$28.7 million and \$18 million, respectively.

We fund the costs of constructing new theatres using existing cash balances; cash generated from operations or borrowed funds, as necessary. We generally lease our theatres pursuant to long-term non-cancelable operating leases which may require the developer, who owns the property, to reimburse us for the construction costs. We may decide to own the real estate assets of new theatres and, following construction, sell and leaseback the real estate assets pursuant to long-term non-cancelable operating leases.

Cash Flows from Financing Activities

Cash flows provided by (used in) financing activities, as reflected in the consolidated statement of cash flows included elsewhere in this prospectus, were \$302.5 million and \$(32.7) million during the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively.

During the thirty-nine weeks ended December 30, 2010, we made payments of \$170.7 million to redeem our 12% Senior Discount Notes due 2014.

Proceeds from the issuance of the 9.75% Senior Notes due 2020 were \$600.0 million and deferred financing costs paid related to the issuance of the 9.75% Senior Notes due 2020 were \$12.0 million during the thirty-nine weeks ended December 30, 2010. In addition, deferred financing costs paid related to the senior secured credit facility were \$1.7 million. During the thirty-nine weeks ended December 31, 2009, proceeds from the issuance of the 8.75% Senior Notes due 2019 were \$585.5 million and deferred financing costs paid related to the issuance of the 8.75% Senior Notes due 2019 were \$16.3 million.

During the thirty-nine weeks ended December 30, 2010, we made principal payments of \$95.1 million to repurchase a portion of our 11% Senior Subordinated Notes due 2016. In addition, we made payments for tender offer and consent consideration of \$5.8 million for our Notes due 2016. We redeemed the remaining \$229.9 million aggregate principal amount outstanding Notes due 2016 at a price of \$1,055 per \$1,000 principal amount on February 1, 2011 in accordance with the terms of the indenture. During the thirty-nine weeks ended December 31, 2009, we made principal payments of

Table of Contents

\$250.0 million in connection with the redemption of our 8⁵/₈% Senior Notes due 2012 and repaid \$185.0 million of borrowings under our revolving credit facility.

During fiscal 2010, we made payments that reduced the principal balance of the Parent's term loan facility from \$466.9 million to \$193.3 million, \$160.0 million of which were made in the 39 weeks ended December 31, 2009. During fiscal 2009, we borrowed \$185 million under our senior secured credit facility and repaid this amount in the 13 weeks ended July 2, 2009. During fiscal 2008, we made principal payments of \$26.3 million on our corporate borrowings, capital and financing lease obligation, and mortgage obligations. In fiscal 2008, we also received proceeds of \$396.0 million under the Parent's term loan facility and used the proceeds to pay a portion of a \$652.8 million cash dividend paid to our stockholders.

Concurrently with the closing of the merger of Loews with AMCE, AMCE entered into a senior secured credit facility, which is with a syndicate of banks and other financial institutions and provides financing of up to \$850 million, consisting of a \$650 million term loan facility with a maturity date of January 26, 2013 and a \$200 million revolving credit facility that matures in 2012. The revolving credit facility includes borrowing capacity for available letters of credit and for swingline borrowings on same-day notice.

Borrowings under our senior secured credit facility bear interest at a rate equal to an applicable margin plus, at our option, either a base rate or LIBOR. The current applicable margin for borrowings under the revolving credit facility is 0.75% with respect to base rate borrowings and 1.75% with respect to LIBOR borrowings, and the current applicable margin for borrowings under the term loan facility is 0.75% with respect to base rate borrowings and 1.75% with respect to LIBOR borrowings. The applicable margin for such borrowings may be reduced, subject to attaining certain leverage ratios. In addition to paying interest on outstanding principal under the senior secured credit facility, we are required to pay a commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder at a rate equal to 0.25%. We also pay customary letter of credit fees. We may voluntarily repay outstanding loans under the senior secured credit facility at any time without premium or penalty, other than customary "breakage" costs with respect to LIBOR loans. We are required to repay \$1.6 million of the term loan quarterly, beginning March 30, 2006 through September 30, 2012, with any remaining balance due on January 26, 2013.

On February 24, 2004, AMCE sold \$300 million aggregate principal amount of the Notes due 2014. The Notes due 2014 bear interest at the rate of 8% per annum, payable in March and September. The Notes due 2014 are redeemable at our option, in whole or in part, at any time on or after March 1, 2009 at 104.000% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after March 1, 2012, plus in each case interest accrued to the redemption date.

On January 26, 2006, AMCE sold \$325 million aggregate principal amount of the Notes due 2016. The Notes due 2016 bear interest at the rate of 11% per annum, payable February 1 and August 1 of each year. The Notes due 2016 are redeemable at our option, in whole or in part, at any time on or after February 1, 2011 at 105.5% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after February 1, 2014, plus in each case interest accrued to the redemption date.

On June 9, 2009, AMCE issued \$600 million aggregate principal amount of Notes due 2019. Proceeds from the issuance of the notes were \$585.5 million and were used to redeem the then outstanding \$250.0 million aggregate principal amount of the Fixed Notes due 2012. Deferred financing costs paid related to the issuance of the notes were \$16.3 million. The Notes due 2019 bear interest at the rate of 8.75% per annum, payable in June and December of each year. The Notes due 2019 are redeemable at our option, in whole or in part, at any time on or after June 1, 2014 at 104.375% of the

Table of Contents

principal amount thereof, declining ratably to 100% of the principal amount thereof on or after June 1, 2017, plus interest accrued to the redemption date.

On December 15, 2010, AMCE completed the offering of \$600.0 million aggregate principal amount of the Notes due 2020. The Notes due 2020 mature on December 1, 2020, pursuant to an indenture dated as of December 15, 2010, among us, the Guarantors named therein and U.S. Bank National Association, as trustee (the "Indenture"). The Indenture provides that the Notes due 2020 are AMCE's general unsecured senior subordinated obligations and are fully and unconditionally guaranteed on a joint and several senior subordinated unsecured basis by all of its existing and future domestic restricted subsidiaries that guarantee its other indebtedness. We will pay interest on the notes at 9.75% per annum, semi-annually in arrears on June 1 and December 1, commencing on June 1, 2011. We may redeem some or all of the Notes due 2020 at any time on or after December 1, 2015, at the redemption prices set forth in the Indenture. We may redeem the Notes due 2020 on or after December 1, 2018 at a price equal to 100% of the principal amount of the Notes due 2020 redeemed plus accrued and unpaid interest to the redemption date. In addition, we may redeem up to 35% of the aggregate principal amount of the Notes due 2020 using net proceeds from certain equity offerings completed prior to December 1, 2013.

On December 15, 2010, AMCE entered into a third amendment to our senior secured credit facility dated as of January 26, 2006 to, among other things: (i) extend the maturity of the term loans held by accepting lenders and to increase the interest rate with respect to such term loans, (ii) replace our existing revolving credit facility (with higher interest rates and a longer maturity than the existing revolving credit facility), and (iii) amend certain of the existing covenants therein. The following are key terms of the amendment:

The term loan maturity was extended to December 15, 2016 (the "Term Loan due 2016") for the aggregate principal amount of \$476.6 million held by lenders who consented to the amendment. The remaining aggregate term loan principal amount of \$142.5 million will mature on January 26, 2013 (the "Term Loan due 2013"). The current applicable margin for borrowings under the Term Loan due 2013 is 0.50% with respect to base rate borrowings and 1.50% with respect to LIBOR borrowings and the applicable margin for borrowings under the Term Loan due 2016 is 2.25% with respect to base rate borrowings and 3.25% with respect to LIBOR borrowings. We will repay \$374,088 of the Term Loan due 2013 quarterly through September 30, 2012, with any remaining balance due on January 26, 2013 and repay approximately \$1.3 million of the Term Loan due 2016 quarterly through September 30, 2016, with any remaining balance due on December 15, 2016.

The new five-year revolving credit facility includes a borrowing capacity of \$192.5 million through December 15, 2015 and is available for letters of credit and for swingline borrowings on same-day notice. The current applicable margin for borrowings under the revolving credit facility is 2.00% with respect to base rate borrowings and 3.00% with respect to LIBOR borrowings. The company is required to pay an unused commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder at a rate equal to 0.50% per annum. It will also pay customary letter of credit fees.

As of December 30, 2010, we were in compliance with all financial covenants relating to our Parent term loan facility, our senior secured credit facility, the Notes due 2014, the Discount Notes due 2014, the Notes due 2016, the Notes due 2019 and the Notes due 2020.

New Post-IPO Governance Arrangements

In connection with this offering, the Sponsors and certain of our pre-existing stockholders will enter into an Amended and Restated Stockholders Agreement, which, together with our Second Amended and Restated Certificate of Incorporation and the Management Stockholders Registration

Table of Contents

Rights Agreement, will define the rights of such stockholders post-initial public offering with respect to voting, governance, ownership and transfer of our stock. See "Certain Relationships and Related Party Transactions Governance Agreements."

Contractual Obligations

Pro Forma. Minimum annual cash payments required under existing capital and financing lease obligations, maturities of corporate borrowings, future minimum rental payments under existing operating leases, furniture, fixtures, and equipment and leasehold purchase provisions, ADA related betterments and pension funding that have initial or remaining non-cancelable terms in excess of one year as of April 1, 2010 on a pro forma basis are as follows:

(In thousands)	Minimum Capital and Financing Lease Payments	Principal Amount of Corporate Borrowings(1)	Interest Payments on Corporate Borrowings(2)	Minimum Operating Lease Payments	Acquisitions and Capital Related Betterments(3)	Pension Funding(4)	Pro Forma Total Commitments
2011	\$ 10,096	\$ 6,500	\$ 130,250	\$ 436,448	\$ 19,234	\$ 4,754	\$ 607,282

Thereafter	76,304	1,654,080	581,638	2,500,207			4,812,229
Total	\$ 118,515	\$ 2,887,143	\$ 1,356,762	\$ 4,595,803	\$ 36,295	\$ 5,730	\$ 9,000,248

- (1) Represents cash requirements for the payment of principal on corporate borrowings. Total amount does not equal carrying amount due to unamortized discounts on issuance. Fiscal 2011 principal payments include the repayment of \$325.0 million on the Notes due 2016 and \$240.8 million on the Discount Notes due 2014, which occurred in January and February of 2011.
- (2) Interest expense on the term loan portion of our senior secured credit facility was estimated at 1.76% for the Term Loan due 2013 and 3.51% for the Term Loan due 2016 based upon the interest rates in effect as of December 30, 2010.
- (3) Includes committed capital expenditures and acquisitions, including the estimated cost of ADA related betterments. Does not include planned, but non-committed capital expenditures.
- (4) We fund our pension plan such that the plan is in compliance with Employee Retirement Income Security Act ("ERISA") and the plan is not considered "at risk" as defined by ERISA guidelines. The plan has been frozen effective December 31, 2006. Also included are payments due under a withdrawal liability for a union sponsored plan. The retiree health plan is not funded.

We have recognized an obligation for unrecognized benefits of \$33.8 million and \$34.5 million as of December 30, 2010 and April 1, 2010, respectively. There are currently unrecognized tax benefits which we anticipate will be resolved in the next 12 months; however, we are unable at this time to estimate what the impact on our effective tax rate will be. Any amounts related to these items are not included in the tables above.

Fee Agreement

In connection with the holdco merger, on June 11, 2007, Parent, Holdings, AMCE and the Sponsors entered into a Fee Agreement (the "Management Fee Agreement"), which replaced the December 23, 2004 fee agreement among Holdings, AMCE and the Sponsors, as amended and restated on January 26, 2006 entered into in connection with the merger with LCE Holdings (the "original fee agreement"). The Management Fee Agreement provides for an annual management fee of \$5 million, payable quarterly and in advance to our Sponsors, on a pro rata basis, until the twelfth anniversary from December 23, 2004, as well as reimbursements for each Sponsor's respective out-of-pocket expenses in connection with the management services provided under the Management Fee Agreement.

In addition, the Management Fee Agreement provides for reimbursements by AMCE to the Sponsors for their out-of-pocket expenses, and by AMCE to Parent of up to \$3.5 million for fees payable by Parent in any single fiscal year in order to maintain Parents' and AMCE's corporate existence, corporate overhead expenses and salaries or other compensation of certain employees.

Table of Contents

Upon the consummation of a change in control transaction or an IPO, the Sponsors will receive, in lieu of quarterly payments of the annual management fee, an automatic fee equal to the net present value of the aggregate annual management fee that would have been payable to the Sponsors during the remainder of the term of the fee agreement (assuming a twelve year term from the date of the original fee agreement), calculated using the treasury rate having a final maturity date that is closest to the twelfth anniversary of the date of the original fee agreement date. As of December 30, 2010, we estimate this amount would be \$26.1 million should a change in control transaction or an IPO occur. We expect to record any lump sum payment to the Sponsors as a dividend.

The Management Fee Agreement also provides that AMCE will indemnify the Sponsors against all losses, claims, damages and liabilities arising in connection with the management services provided by the Sponsors under the fee agreement.

Investment in NCM LLC

As of December 30, 2010, we held an investment in 16.98% of NCM LLC accounted for following the equity method. The fair market value of these shares is approximately \$375.5 million as of December 30, 2010. Because we have little tax basis in these units, the sale of all these units at December 30, 2010 would require us to report taxable income of approximately \$508.8 million including distributions received from NCM LLC that were previously deferred. Our investment in NCM LLC is a source of liquidity for us and we expect that any sales we may make of NCM LLC units would be made in such a manner to most efficiently manage any related tax liability. We have available net operating loss carryforwards which could reduce any related tax liability.

Impact of Inflation

Historically, the principal impact of inflation and changing prices upon us has been to increase the costs of the construction of new theatres, the purchase of theatre equipment, rent and the utility and labor costs incurred in connection with continuing theatre operations. Film exhibition costs, our largest cost of operations, are customarily paid as a percentage of admissions revenues and hence, while the film exhibition costs may increase on an absolute basis, the percentage of admissions revenues represented by such expense is not directly affected by inflation. Except as set forth above, inflation and changing prices have not had a significant impact on our total revenues and results of operations.

New Accounting Pronouncements

See note 1 to the audited consolidated financial statements included elsewhere in this prospectus for further information regarding recently issued accounting standards.

Quantitative and Qualitative Disclosures about Market Risk

We are exposed to various market risks including interest rate risk and foreign currency exchange rate risk.

Market risk on variable-rate financial instruments. We maintain a senior secured credit facility, comprised of a \$192.5 million revolving credit facility and a \$650.0 term loan facility, which permits borrowings at a rate equal to an applicable margin plus, at our option, either a base rate or LIBOR. Increases in market interest rates would cause interest expense to increase and earnings before income taxes to decrease. The change in interest expense and earnings before income taxes would be dependent upon the weighted average outstanding borrowings during the reporting period following an increase in market interest rates. We had no borrowings on our revolving credit facility as of December 30, 2010 and had \$619.1 million outstanding under the term loan facility on December 30, 2010. A 100 basis point change in market interest rates would have increased or decreased interest expense on our senior secured credit facility on an historical and pro forma basis by \$6.5 million during

Table of Contents

the 52 weeks ended April 1, 2010 and \$4.7 million during the 39 weeks ended December 30, 2010. A 100 basis point change in market interest rates would have increased or decreased historical interest expense on the parent term loan facility by \$2.0 million during the 52 weeks ended April 1, 2010 and \$1.5 million during the 39 weeks ended December 30, 2010. On a pro forma basis, the impact of a 100 basis point change in market interest rates would be \$0 for the 39 weeks ended December 30, 2010 and 52 weeks ended April 1, 2010 on the parent term loan facility as the parent term loan facility would be extinguished.

Market risk on fixed-rate financial instruments. Included in current maturities and long-term corporate borrowings are principal amounts of \$229.9 million of our Notes due 2016, \$300.0 million of our Notes due 2014, approximately \$70 million of our Discount Notes due 2014, \$600.0 million of our Notes due 2019, and \$600.0 million of our Notes due 2020. Increases in market interest rates would generally cause a decrease in the fair value of the Notes due 2016, Notes due 2014, Discount Notes due 2014, Notes due 2019, and the Notes due 2020 and a decrease in market interest rates would generally cause an increase in fair value of the Notes due 2016, Notes due 2014, Discount Notes due 2014, Notes due 2019 and the Notes due 2020.

Foreign currency exchange rates. We currently operate theatres in Canada, France and the United Kingdom. As a result of these operations, we have assets, liabilities, revenues and expenses denominated in foreign currencies. The strengthening of the U.S. dollar against the respective currencies causes a decrease in the carrying values of assets, liabilities, revenues and expenses denominated in such foreign currencies and the weakening of the U.S. dollar against the respective currencies causes an increase in the carrying values of these items. The increases and decreases in assets, liabilities, revenues and expenses are included in accumulated other comprehensive income. Changes in foreign currency exchange rates also impact the comparability of earnings in these countries on a year-to-year basis. As the U.S. dollar strengthens, comparative translated earnings decrease, and as the U.S. dollar weakens comparative translated earnings from foreign operations increase. A 10% increase in the value of the U.S. dollar against all foreign currencies of countries where we currently operate theatres would increase earnings before income taxes for the 39 weeks ended December 30, 2010 by approximately \$608,000 and decrease accumulated other comprehensive loss by approximately \$8.2 million, respectively, as of December 30, 2010. A 10% decrease in the value of the U.S. dollar against all foreign currencies of countries where we currently operate theatres would decrease earnings before income taxes for the 39 weeks ended December 30, 2010 by approximately \$202,000 and increase accumulated other comprehensive loss by approximately \$10.0 million, respectively, as of December 30, 2010.

Table of Contents

BUSINESS

We are one of the world's leading theatrical exhibition companies. As of December 30, 2010, we owned, operated or held interests in 361 movie theatres with a total of 5,203 screens, approximately 99% of which were located in the United States and Canada. Our theatres are primarily located in major metropolitan markets, which we believe offer strategic, operational and financial advantages. We also have a modern, highly productive theatre circuit that leads the theatrical exhibition industry in key asset quality and performance metrics, such as screens per theatre and per theatre productivity measures. Our industry leading performance is largely driven by the quality of our theatre sites, our operating practices, which focus on delivering the best customer experience through consumer-focused innovation, and, most recently, our implementation of premium sight and sound formats, which we believe will be key components of the future movie-going experience. As of December 30, 2010, we are the largest IMAX exhibitor in the world with a 45% market share in the United States and more than twice the screen count of the second largest U.S. IMAX exhibitor, and each of our local installations is protected by geographic exclusivity.

Approximately 200 million consumers have attended our theatres each year for the past five years. We offer these consumers a fully immersive out-of-home entertainment experience by featuring a wide array of entertainment alternatives, including popular movies, throughout the day and at different price points. This broad range of entertainment alternatives appeals to a wide variety of consumers across different age, gender, and socioeconomic demographics. For example, in addition to traditional film programming, we offer more diversified programming that includes independent and foreign films, performing arts, music and sports. We also offer food and beverage alternatives beyond traditional concession items, including made-to-order meals, customized coffee, healthy snacks and dine-in theatre options, all designed to create further service and selection for our consumers. We believe there is potential for us to further increase in our annual attendance as we gain market share from other in-home and out-of-home entertainment options.

Our large annual attendance made us an important partner to content providers who want access and distribution to consumers. AMC currently generates 16% more estimated unique visitors per year (33.3 million) than HBO's subscribers (28.6 million) and 67% more than Netflix's subscribers (20.0 million) according to the October 14, 2010 *Hollywood Reporter*, the December 31, 2010 Netflix Form 10-K and the Theatrical Market Statistics 2010 report from the Motion Picture Association of America. Further underscoring our importance to the content providers, AMC represents approximately 17% to 20%, on average, of each of the 6 largest grossing studios' U.S. box office revenues. Average annual film rental payments to each of these studios ranged from approximately \$100 million to \$160 million.

For the 52 weeks ended December 30, 2010, the fiscal year ended April 1, 2010 and the 39 weeks ended December 30, 2010, we generated pro forma revenues of approximately \$2.6 billion, \$2.7 billion and \$1.9 billion, respectively, pro forma Adjusted EBITDA (as defined on page 13) of \$329.7 million, \$365.2 million and \$253.1 million, respectively, and pro forma earnings from continuing operations of \$66.6 million, \$67.3 million and \$8.8 million, respectively. We reported revenues of approximately \$2.4 billion, Adjusted EBITDA of \$327.9 million, earnings from continuing operations of \$87.4 million and net earnings of \$79.9 million in fiscal 2010. For fiscal 2009 and 2008, we reported revenues of approximately \$2.3 billion and \$2.3 billion, Adjusted EBITDA of \$294.7 million and \$347.6 million, losses from continuing operations of \$158.8 million and \$8.0 million, and net losses of \$149.0 million and \$6.2 million, respectively.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

The following table provides detail with respect to digital delivery, 3D projection, large screen formats, such as IMAX and our proprietary ETX, and deployment of our enhanced food and beverage offerings as deployed throughout our circuit on December 30, 2010.

Format	Theatres	Screens	Planned	Planned
			Deployed Screens FYE 2011	Deployed Screens FYE 2012
Digital	292	1,649	2,241	3,849

Table of Contents

Theatrical Exhibition	Theatres(1)	Screens(1)
United Kingdom	2	28
Total Theatrical Exhibition	361	5,203

(1) Included in the above table are eight theatres and 96 screens that we manage or in which we have a partial interest. We manage three theatres where we receive a fee from the owner and where we do not own any economic interest in the theatre. We manage and own 50% economic interests in three theatres accounted for following the equity method and own a 50% economic interest in one IMAX screen accounted for following the equity method.

(2) In Hong Kong, we maintain a partial interest represented by a license agreement for use of our trademark.

We were founded in 1920 and since then have pioneered many of the theatrical exhibition industry's most important innovations, including the multiplex theatre format in the early 1960s and the North American megaplex theatre format in the mid-1990s. In addition, we have acquired some of the most respected companies in the theatrical exhibition industry, including Loews, General Cinema and, more recently, Kerasotes. Our historic growth has been driven by a combination of organic growth and acquisition strategies, in addition to strategic alliances and partnerships that highlight our ability to capture innovation and value beyond the traditional exhibition space. For example:

In March 2011, we announced the launch of an innovative distribution company called Open Road Films along with another major theatrical exhibition chain. Open Road Films will be a dynamic acquisition-based domestic theatrical distribution company that will concentrate on wide-release movies;

In March 2005, we formed a joint venture with one of the major theatrical exhibition chains which combined our respective cinema screen advertising businesses into a company called NCM and in July 2005, another of the major theatrical exhibition chains joined NCM as one of the founding members. As of December 30, 2010, we owned 18,803,420 common units in NCM, or a 16.98% ownership interest in NCM. All of our NCM membership units are redeemable for, at the option of NCM, cash or shares of common stock of NCM, Inc. on a share-for-share basis. The estimated fair market value of our units in NCM was approximately \$375.5 million based on the closing price per share of NCM, Inc. on December 30, 2010 of \$19.97 per share;

We hold a 29% interest in DCIP, a joint venture charged with implementing digital cinema in the Company's theatres; and

We hold a 26% interest in Movietickets.com, a joint venture that provides moviegoers with a way to buy movie tickets online, access local showtime information, view trailers and read reviews.

Consistent with our history and culture of innovation, we believe we have pioneered a new way of thinking about theatrical exhibition: as a consumer entertainment provider. This vision, which introduces a strategic and marketing overlay to traditional theatrical exhibition, has been instrumental in driving and redirecting our future strategy.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

The following table sets forth our historical information, on a continuing operations basis, concerning new builds (including expansions), acquisitions and dispositions and end-of-period operated theatres and screens through December 30, 2010:

Fiscal Year	New Builds		Acquisitions		Closures/Dispositions		Total Theatres	
	Number of Theatres	Number of Screens	Number of Theatres	Number of Screens	Number of Theatres	Number of Screens	Number of Theatres	Number of Screens
2006	7	106	116	1,363	7	60	335	4,770
2007	7	107	2	32	26	243	318	4,666
2008	9	136			18	196	309	4,606
2009	6	83			8	77	307	4,612
2010	1	6			11	105	297	4,513
2011 through December 30, 2010	4	55	95	960	35	325	361	5,203
	34	493	213	2,355	105	1,006		

We have also created and invested in a number of allied businesses and strategic initiatives that have created differentiated viewing formats and experiences, greater variety in food and beverage options and value appreciation for our company. We believe these initiatives will continue to generate incremental value for our company in the future. For example:

During fiscal 2010, DCIP, our joint venture with two other exhibitors, completed its formation and \$660 million funding to facilitate the financing and deployment of digital technology in our theatres. We anticipate that our deployment of digital projection systems should take three and a half years to complete. Future digital cinema developments will be managed by DCIP, subject to certain approvals. We intend to continue our rapid deployment of digital projectors through our arrangements with DCIP and expect to have installed over 3,800 digital projectors by the end of fiscal year 2012.

To complement our deployment of digital technology, in 2006 we partnered with RealD to install their 3D systems in our theatres. As of December 30, 2010, we had 810 3D-enabled systems. During the past year, 3D films have generated approximately 40% more in attendance than the standard 2D versions of the same film at an additional \$1 to \$5 per ticket. Concurrent with our digital rollout, we plan on having over 2,200 RealD screens across our circuit by the end of fiscal 2012.

We are the world's largest IMAX exhibitor with 107 screens as of December 30, 2010. With a 45% market share in the U.S. (as of December 30 2010), our IMAX screen count is more than twice the screen count of the second largest U.S. IMAX exhibitor. During June 2010, we announced an expansion of our IMAX relationship. Under this expanded agreement, we expect to increase our IMAX screen count to 127 by the end of fiscal year 2012.

During fiscal 2010 and 2011, we introduced our proprietary large-screen digital format, ETX, at 11 locations. ETX features wall-to-wall screens that are 20% larger than traditional screens, a custom sound system that is three times more powerful than a traditional auditorium, and digital projection with twice the clarity of high definition. We charge a premium price for the ETX experience, which produces average weekly box office per print that is 140% more than standard 2D versions of the same movie. We plan to have 17 ETX large screen formats by the end of fiscal year 2012.

Currently, we have 145 theatres featuring one or more of our proprietary food and beverage concepts. We believe that these enhanced food and beverage concepts allow us to offer a more diverse array of food types such as expanded menus and venues including dine-in theatres, which should appeal to a greater cross section of potential customers. We plan to continue to invest in one or more enhanced food and beverage offerings across 125 to 150 theatres over the next three years.

Table of Contents

We are a founding member of NCM, a cinema screen advertising venture. As of December 30, 2010, we had a 16.98% interest in NCM. See note 5 to the audited consolidated financial statements included elsewhere in this prospectus. NCM operates an in-theatre digital network in the United States. The digital network consists of projectors used to display advertising and other non-film events. NCM's primary activities that impact our theatres include:

advertising through its branded "First Look" pre-feature entertainment program, lobby promotions and displays,

live and pre-recorded networked and single-site meetings and events, and

live and pre-recorded concerts, sporting events and other non-film entertainment programming.

We believe that the reach, scope and digital delivery capability of NCM's network provides an effective platform for national, regional and local advertisers to reach an engaged audience. We receive a monthly theatre access fee for participation in the NCM network. In addition, we are entitled to receive mandatory quarterly distributions of excess cash from NCM.

Our tickets are currently on sale at two different Internet ticketing vendors. We are a founding partner and current owner of approximately 26% of MovieTickets.com, an Internet ticketing venture representing over 150 exhibitors with 12,000 screens. During 2009, MovieTickets.com sold over 15 million tickets, including approximately 6.8 million for us. We also partner with Fandango for Internet ticketing services for certain of our theatres. During 2009, Fandango sold over 24 million tickets, including approximately four million for us.

Our Competitive Strengths

We believe our leadership in major metropolitan markets, superior asset quality and continuous focus on innovation and the guest experience have positioned us well to capitalize disproportionately on trends providing momentum to the theatrical exhibition industry as a whole, particularly the mass adoption of digital and 3D technologies. We believe we can gain additional share of wallet from the consumer by broadening our offerings to them and increasing our engagement with them. We can then enable marketers and partners, such as NCM, to engage with our guests deriving further financial value and benefit. We believe our management team is uniquely equipped to execute our strategy to realize these opportunities, making us a particularly effective competitor in our industry and positioning us well for future growth. Our competitive strengths include:

Broad National Reach. Thirty-nine percent (39%) of Americans (or 120 million consumers) live within 10 miles of an AMC theatre. This proximity and convenience, along with the affordability and diversity of our film product, drive approximately 200 million consumers into our theatres each year, or approximately 33.3 million unique visitors annually. We believe our ability to serve a broad consumer base across numerous entertainment occasions, such as teenage socializing, romantic dates and group events, is a competitive advantage. Our consumer reach, operating scale, access to diverse content and marketing platforms are valuable to content providers and marketers who want to access this broad and diverse audience.

Major Market Leader. We maintain the leading market share within our markets. As of December 30, 2010, we operated in 24 of the top 25 DMAs and had the number one or two market share in each of the top 15 DMAs, including New York City, Los Angeles, Chicago, Philadelphia, San Francisco, Boston and Dallas. In addition, 75% of our screens were located in the top 25 DMAs and 89% were located in the top 50 DMAs. Population growth from 2008 through 2013 is projected by Nielsen Claritas to be 5.8% in the top 25 DMAs and 5.9% in the top 50 DMAs, compared to only 2.9% in all other DMAs. Our strong presence in the top DMAs makes our theatres more visible and therefore strategically more important to content providers who rely on these markets for a disproportionately large share of box office receipts. According to Rentrak, during the 52 weeks ended

Table of Contents

December 30, 2010, 59% of all U.S. box office receipts were derived from the top 25 DMAs and 75% were derived from the top 50 DMAs. In certain of our densely populated major metropolitan markets, we believe a scarcity of attractive retail real estate opportunities enhances the strategic value of our existing theatres. We also believe the complexity inherent in operating in these major metropolitan markets is a deterrent to other less sophisticated competitors, protecting our market share position.

We believe that customers in our major metropolitan markets are generally more affluent and culturally diverse than those in smaller markets. Traditionally, our strong presence in these markets has created a greater opportunity to exhibit a broad array of programming and premium formats, which we believe drives higher levels of attendance at our theatres. This has allowed us to generate higher per screen and per theatre operating metrics. For example, our pro forma average ticket price in the United States was \$8.80 for our 52 weeks ended December 30, 2010, as compared to \$7.89 for the industry as a whole for the 12 months ended December 31, 2010.

Modern, Highly Productive Theatre Circuit. We believe the combination of our strong major market presence, focus on a superior guest experience and core operating strategies enables us to deliver industry-leading theatre level operating metrics. Our circuit averages 14 screens per theatre, which is more than twice the National Association of Theatre Owners average of 6.7 for calendar year 2010 and higher than any of our peers. For the 52 weeks ended December 30, 2010, on a pro forma basis, our theatre exhibition circuit generated attendance per average theatre of 568,000 (higher than any of our peers) revenues per average theatre of \$7.0 million and operating cash flows before rent (defined as Adjusted EBITDA before rent and G&A-Other) per average theatre of \$2.4 million. Over the past five fiscal years, we invested an average of \$131.3 million per year to improve and expand our theatre circuit, contributing to the modern portfolio of theatres we operate today.

Leader in Deployment of Premium Formats. We also believe our strong major market presence and our highly productive theatre circuit allow us to take greater advantage of incremental revenue-generating opportunities associated with the premium services that will define the future of the theatrical business, including digital delivery, 3D projection, large screen formats, such as IMAX and our proprietary ETX offering, and alternative programming. As the industry's digital conversion accelerates, we believe we have established a differentiated leadership position in premium formats. For example, we are the world's largest IMAX exhibitor with 107 screens as of December 30, 2010, and we expect to increase our IMAX screen count to 127 by the end of fiscal year 2012. We are able to charge a premium price for the IMAX experience, which, in combination with higher attendance levels, produces average weekly box office per print that is 300% greater than standard 2D versions of the same movie. The availability of IMAX and 3D content has increased significantly from calendar year 2005 to 2010. During this period, available 3D content increased from 3 titles to 26 titles while available IMAX content increased from 5 titles to 14 titles. Industry film grosses for available 3D products increased from \$191.0 million to approximately \$3.0 billion, while industry film grosses for available IMAX products increased from \$864.0 million to approximately \$3.0 billion over this time period. This favorable trend continues in calendar year 2011 with 34 3D titles and 20 IMAX titles slated to open, including highly successful franchise installments such as *Pirates of the Caribbean: On Stranger Tides*, *Kung Fu Panda: The Kaboom of D*, *Transformers: Dark of the Moon*, *Harry Potter and the Deathly Hallows, Part 2* and *Mission Impossible-Ghost Protocol*. The film release calendar for calendar year 2012 is beginning to solidify with 22 3D titles and 4 IMAX titles already announced, including sequels of high profile franchises such as Spiderman, Men in Black, James Bond, Bourne Legacy, Batman and a 3D version of *Star Wars*. We expect that additional 3D and IMAX titles will be announced as the beginning of 2012 approaches.

Innovative Growth Initiatives in Food and Beverage. We believe our theatre circuit is better positioned than our peer competitors' to generate additional revenue from broader and more diverse food and beverage offerings, in part due to our markets' larger, more diverse and more affluent customer base and our management's extensive experience in guest services, specifically within the food and beverage industry. Our annual food and beverage sales exceed the domestic food service sales

Table of Contents

generated from 18 of the top 75 ranked restaurants chains in the U.S., while representing only approximately 27% of our total revenue. To capitalize on this opportunity, we have currently introduced one or more proprietary food and beverage offerings in 145 theatres, and we intend to deploy these offerings across our theatre circuit based on the needs and specific circumstances of each theatre. Our wide range of food and beverage offerings features expanded menus, enhanced concession formats and unique dine-in theatre options, which we believe appeals to a larger cross section of potential customers. For example, in fiscal 2009 we converted a small, six-screen theatre in Atlanta, Georgia to a dine-in theatre facility with full kitchen facilities, seat side services and with a separate bar and lounge area. From fiscal 2008 to fiscal 2010, this theatre's attendance increased over 60%, revenues more than doubled, and operating cash flow and margins increased significantly. We plan to continue to invest in one or more enhanced food and beverage offerings across 125 to 150 theatres over the next three years.

Our current food and beverage initiatives include:

Dine-in theatre concepts at 7 locations, which feature full kitchen facilities, seat-side servers and a separate bar and lounge area;

Concession Stand of the Future ("The Marketplace") at 3 locations, featuring self serve and premium concession items and specialty drinks;

Concession Freshen at 10 locations, which provides a guest friendly grab and go experience and creates visual interest and space for more products;

Better For You Merchandisers at 12 locations, addressing currently unmet guest needs by providing healthy choice concession items; and

Made To Order Hot Foods at 130 locations, including menu choices such as curly fries, chicken tenders and jalapeño poppers.

Strong Cash Flow Generation. We believe that our major market focus and highly productive theatre circuit have enabled us to generate significant and stable cash flow provided by operating activities. For the 52 weeks ended December 30, 2010, on a pro forma basis, our net cash provided by operating activities totaled \$137.2 million. For the fiscal year ended April 1, 2010, on a pro forma basis, our net cash provided by operating activities totaled \$245.7 million. This strong cash flow will enable us to continue our deployment of premium formats and services and to finance planned capital expenditures without relying on the capital markets for funding. In addition, in future years, we expect to continue to generate cash flow sufficient to allow us to grow our revenues, maintain our facilities, service our indebtedness and make dividend payments to our stockholders.

Management Team Uniquely Positioned to Execute. Our management team has a unique combination of industry experiences and skill-sets, equipping them to effectively execute our strategies. Our CEO's broad experience in a number of consumer packaged goods and entertainment-related businesses expands our growth perspectives beyond traditional theatrical exhibition and has increased our focus on providing more value to our guests. Recent additions, including a Chief Marketing Officer, Senior Vice President of Strategy and Strategic Partnerships and heads of Food and Beverage, Programming and Development/Real Estate, augment our deep bench of industry experience. The expanded breadth of our management team complements the established team that is focused on for operational excellence, innovation and successful industry consolidation.

Our Strategy

Our strategy is to leverage our modern theatre circuit and major market position to lead the industry in consumer-focused innovation and financial operating metrics. The use of emerging premium formats and our focus on the guest experience give us a unique opportunity to leverage our theatre circuit and major market position across our platform. Our primary goal is to maintain our company's and the industry's social relevance and to offer consumers distinctive, affordable and compelling out-of-

Table of Contents

home entertainment alternatives that capture a greater share of their personal time and spend. We have a two-pronged strategy to accomplish this goal: first, drive consumer-related growth and second, focus on operational excellence.

Drive Consumer-Related Growth

Capitalize on Premium Formats. Technical innovation has allowed us to enhance the consumer experience through premium formats such as IMAX and 3D. Our customers are willing to pay a premium price for this differentiated entertainment experience. When combined with our major markets' customer base, operating a digital theatre circuit will enhance our capacity utilization and dynamic pricing capabilities, enabling us to achieve higher ticket prices for premium formats, and provide incremental revenue from the exhibition of alternative content such as live concerts, sporting events, Broadway shows, opera and other non-traditional programming. We have already seen success from the Metropolitan Opera, with respect to which, during fiscal 2010, we programmed 23 performances in 75 theatres and charged an average ticket price of \$18. Within each of our major markets, we are able to charge a premium for these services relative to our smaller markets. We will continue to broaden our content offerings through the installation of additional IMAX, ETX and RealD systems and the presentation of attractive alternative content. For example:

We have the leading market share of IMAX MPX digital projection systems. We expect to increase our IMAX screen count to 127 by the end of fiscal year 2012. These IMAX projection systems are slated to be installed in many of our top performing locations in major U.S. markets, each protected by geographic exclusivity. Available IMAX titles announced for calendar year 2011 are 20 as compared with 14 titles in calendar year 2010.

As of December 30, 2010, we had installed 1,649 digital projectors in our existing theatre base, representing a 32% digital penetration in our theatre circuit. We intend to continue our rapid deployment of digital projectors through our arrangements with DCIP and expect to have installed over 3,800 digital projectors by the end of fiscal year 2012. We lease our digital projection systems from DCIP and therefore do not bear the majority of the cost of the digital projector rollout. Operating a digital theatre circuit provides numerous benefits, which include forming the foundation for 3D formats and alternative programming, allowing for more efficient film operations, lowering costs and enabling a better, more versatile advertising platform.

To complement our deployment of digital technology, in 2006 we partnered with RealD to install their 3D systems in our theatres. As of December 30, 2010, we had 810 3D-enabled systems. During the past year, 3D films have generated approximately 40% more in attendance than the standard 2D versions of the same film at an additional \$1 to \$5 per ticket. Concurrent with our digital rollout, we plan on having over 2,200 RealD screens across our theatre circuit by the end of fiscal 2012. Available 3D titles for calendar year 2011 are 34 as compared with 26 titles in calendar year 2010.

During fiscal 2010 and 2011, we introduced our proprietary large-screen digital format, ETX, at 11 locations. ETX features wall-to-wall screens that are 20% larger than traditional screens, a custom sound system that is three times more powerful than a traditional auditorium, and digital projection with twice the clarity of high definition. We charge a premium price for the ETX experience, which, in combination with higher attendance levels, produces average weekly box office per print that is 140% more than standard 2D versions of the same movie. We plan to have 17 ETX large screen formats by the end of fiscal year 2012.

Broaden and Enhance Food and Beverage Offerings. To address consumer trends, we are expanding our menu of premium food and beverage products to include made-to-order meals, customized coffee, healthy snacks, alcohol and other gourmet products. We plan to invest across a spectrum of enhanced food and beverage formats, from simple, less capital-intensive concession design improvements to the development of new dine-in theatre options. We have successfully implemented our dine-in theatre offerings to rejuvenate theatres approaching the end of their useful lives as traditional movie theatres

Table of Contents

and, in some of our larger theatres to more efficiently leverage their additional capacity. The costs of these conversions in some cases are partially covered by investments from the theatre landlord. We plan to continue to invest in one or more enhanced food and beverage offerings across 125 to 150 theatres over the next three years.

Maximize Guest Engagement and Loyalty. In addition to differentiating the AMC Entertainment movie-going experience by deploying new sight and sound formats, as well as food and beverage offerings, we are also focused on creating differentiation through guest marketing. We are already the most recognized theatre exhibition brand, with almost 60% brand awareness in the United States. We are actively marketing our own "AMC experience" message to our customers, focusing on every aspect of a customer's engagement with AMC, from the moment a guest visits our website or purchases a ticket to the moment he leaves our theatre. We have also refocused our marketing to drive active engagement with our customers through a redesigned website, Facebook, Twitter and push email campaigns. As of March 8, 2011, we had approximately 567,000 "likes" on Facebook, and we engaged directly with our guests via close to 32 million emails in fiscal 2010. In addition, our frequent moviegoer loyalty program is scheduled to re-launch during 2011 with a new, more robust fee-based program. Our loyalty program currently has approximately 1.5 million active members. Additional marketing initiatives include:

The launch of amcentertainment.com and upgraded Interactive Voice Response ("IVR") systems to supplant traditional communication via newspapers with contemporary engagement platforms that offer comprehensive theatre, show time and movie-related information. Additional means of consumer engagement are being expanded to include email, social networking, and Short Message Service ("SMS") messaging.

The addition of music, sports and other special events to transform our buildings into full-fledged entertainment venues. This growing complement to traditional content has grown to 62 events in fiscal 2010, including the very popular Metropolitan Opera series.

Targeting film content to the ethnic/lifestyles within individual theatre trade areas, which enables us to drive incremental traffic and create greater guest engagement. Our circuit-within-a-circuit initiative includes a number of guest profiles, including independent films, Latino, Bollywood, Asian/Korean and Urban.

Focus on Operational Excellence

Disciplined Approach to Theatre Portfolio Management. We evaluate the potential for new theatres and, where appropriate, replace underperforming theatres with newer, more modern theatres that offer amenities consistent with our portfolio. We also intend to selectively pursue acquisitions where the characteristics of the location, overall market and facilities further enhance the quality of our theatre portfolio. We presently have no current plans, proposals or understandings regarding any such acquisitions. Historically, we have demonstrated a successful track record of integrating acquisitions such as Loews, General Cinema and Kerasotes. For example, our January 2006 acquisition of Loews combined two leading theatrical exhibition companies, each with a long history of operating in the industry, thereby increasing the number of screens we operated by 47%.

Continue to Achieve Operating Efficiencies. We believe that the size of our theatre circuit, our major market concentration and the breadth of our operations will allow us to continue to achieve economies of scale and further improve operating margins. Our operating strategies are focused in the following areas:

Enhancing focus on leveraging our scale to lower our cost of doing business without sacrificing quality or the important elements of guest satisfaction. For example, during fiscal 2010, we reorganized our procurement function and implemented a number of other initiatives that allowed for vendor consolidation, more targeted marketing and promotional efforts, and energy

Table of Contents

management programs that generated an aggregate annual savings of approximately \$15.1 million for the 52 weeks ended December 30, 2010.

Lowering occupancy costs in many of our facilities by renegotiating rental agreements with landlords, strictly enforcing co-tenancy provisions and effective auditing of common area billings. In fiscal 2011, we negotiated rental reductions and enforced co-tenancy provisions in 7 of our leases, generating savings of \$1.7 million.

We believe that our discipline of maintaining our theatres not only reduces deferred maintenance costs but also lowers future capital requirements that might otherwise be required to maintain our facilities in first class operating condition.

Creating and monetizing financial value from our strategic alliances and partnerships, such as NCM, Movietickets.com, DCIP, RealD and Open Road Films.

Film Licensing

We predominantly license "first-run" motion pictures from distributors owned by major film production companies and from independent distributors. We license films on a film-by-film and theatre-by-theatre basis. We obtain these licenses based on several factors, including number of seats and screens available for a particular picture, revenue potential and the location and condition of our theatres. We pay rental fees on a negotiated basis.

During the period from 1990 to 2009, the annual number of first-run motion pictures released by distributors in the United States ranged from a low of 370 in 1995 to a high of 633 in 2008, according to the Motion Picture Association 2009 Theatrical Market Statistics.

North American film distributors typically establish geographic film licensing zones and generally allocate available film to one theatre within each zone. Film zones generally encompass a radius of three to five miles in metropolitan and suburban markets, depending primarily upon population density. In film zones where we are the sole exhibitor, we obtain film licenses by selecting a film from among those offered and negotiating directly with the distributor. As of April 1, 2010, approximately 88% of our screens in the United States and Canada were located in film licensing zones where we are the sole exhibitor.

Our licenses typically state that rental fees are based on either aggregate terms established prior to the opening of the picture or on a mutually agreed settlement upon the conclusion of the picture run. Under an aggregate terms formula, we pay the distributor a specified percentage of box office receipts or pay based on a scale of percentages tied to different amounts of box office gross. The settlement process allows for negotiation based upon how a film actually performs.

There are several distributors which provide a substantial portion of quality first-run motion pictures to the exhibition industry. These include Paramount Pictures, Twentieth Century Fox, Warner Bros. Distribution, Buena Vista Pictures (Disney), Sony Pictures Releasing, and Universal Pictures. Films licensed from these distributors accounted for approximately 84% of our U.S. and Canadian admissions revenues during fiscal 2010. Our revenues attributable to individual distributors may vary significantly from year to year depending upon the commercial success of each distributor's motion pictures in any given year. In fiscal 2010, no single distributor accounted for more than 20% of our box office admissions.

Concessions

Concessions sales are our second largest source of revenue after box office admissions. Concessions items include popcorn, soft drinks, candy, hot dogs and other products. Different varieties of candy and soft drinks are offered at our theatres based on preferences in that particular geographic region. We have also implemented "combo-meals," which offer a pre-selected assortment of concessions products and offer co-branded and private label products that are unique to us.

Table of Contents

Our strategy emphasizes prominent and appealing concessions counters designed for rapid service and efficiency. We design our megaplex theatres to have more concessions capacity to make it easier to serve larger numbers of customers. Strategic placement of large concessions stands within theatres increases their visibility, aids in reducing the length of lines, allows flexibility to introduce new concepts and improves traffic flow around the concessions stands.

We negotiate prices for our concessions products and supplies directly with concessions vendors on a national or regional basis to obtain high volume discounts or bulk rates and marketing incentives.

Our entertainment and dining experience at certain theatres features casual and premium upscale dine-in theatre options as well as bar and lounge areas.

Properties

The following table sets forth the general character and ownership classification of our theatre circuit, excluding unconsolidated joint ventures and managed theatres, as of December 30, 2010:

Property Holding Classification	Theatres	Screens
Owned	26	195
Leased pursuant to ground leases	6	73
Leased pursuant to building leases	321	4,839
Total	353	5,107

Our theatre leases generally have initial terms ranging from 15 to 20 years, with options to extend the leases for up to 20 additional years. The leases typically require escalating minimum annual rent payments and additional rent payments based on a percentage of the leased theatre's revenue above a base amount and require us to pay for property taxes, maintenance, insurance and certain other property-related expenses. In some instances, our escalating minimum annual rent payments are contingent upon increases in the consumer price index. In some cases, our rights as tenant are subject and subordinate to the mortgage loans of lenders to our lessors, so that if a mortgage were to be foreclosed, we could lose our lease. Historically, this has never occurred.

We lease our corporate headquarters in Kansas City, Missouri.

Currently, the majority of the concessions, projection, seating and other equipment required for each of our theatres are owned. In the future, we expect the majority of our digital projection equipment to be leased from DCIP.

Employees

As of December 30, 2010, we employed approximately 1,000 full-time and 17,000 part-time employees. Approximately 40% of our U.S. theatre associates were paid the minimum wage.

Fewer than 2% of our U.S. employees, consisting primarily of motion picture projectionists, are represented by a union, the International Alliance of Theatrical Stagehand Employees and Motion Picture Machine Operators (and affiliated local unions). We believe that our relationship with this union is satisfactory. We consider our employee relations to be good.

Theatrical Exhibition Industry and Competition

Theatrical exhibition is the primary initial distribution channel for new motion picture releases, and we believe that the theatrical success of a motion picture is often the most important factor in establishing the film's value in the other parts of the product life cycle (DVD, cable television and other ancillary markets).

Theatrical exhibition has demonstrated long-term steady growth. U.S. and Canadian box office revenues increased from \$5.0 billion in 1989 to \$10.5 billion in 2010, driven by increases in both ticket

Table of Contents

prices and attendance. In calendar 2010, industry box office revenues for the United States and Canada were \$10.5 billion, essentially unchanged from 2009.

The following table represents information about the exhibition industry obtained from the National Association of Theatre Owners ("NATO") and Rentrak.

Calendar Year	Box Office Revenues (in millions)	Attendance (in millions)	Average Ticket Price	Number of Theatres	Indoor Screens	Screens Per Theatre
2010	\$ 10,515	1,334	\$ 7.89	5,773	38,892	6.7
2009	10,600	1,414	7.50	5,561	38,605	6.9
2008	9,634	1,341	7.18	5,403	38,934	7.2
2007	9,632	1,400	6.88	5,545	38,159	6.9
2006	9,170	1,401	6.55	5,543	37,776	6.8
2005	8,820	1,376	6.41	5,713	37,092	6.5

There are approximately 816 companies competing in the North American theatrical exhibition industry, approximately 442 of which operate four or more screens. Industry participants vary substantially in size, from small independent operators to large international chains. Based on information obtained from Rentrak, we believe that the four largest exhibitors (in terms of box office revenue) generated approximately 59% of the box office revenues in 2010. This statistic is up from 33% in 2000 and is evidence that the theatrical exhibition business in the United States and Canada has been consolidating. According to NATO, average screens per theatre have increased from 6.5 in 2005 to 6.7 in 2010, which we believe is indicative of the industry's development of megaplex theatres.

Our theatres are subject to varying degrees of competition in the geographic areas in which they operate. Competition is often intense with respect to attracting patrons, licensing motion pictures and finding new theatre sites. Where real estate is readily available, there are few barriers preventing another company from opening a theatre near one of our theatres, which may adversely affect operations at our theatre. However, in certain of our densely populated major metropolitan markets, we believe a scarcity of attractive retail real estate opportunities enhances the strategic value of our existing theatres. We also believe the complexity inherent in operating in these major metropolitan markets is a deterrent to other less sophisticated competitors, protecting our market share position.

The theatrical exhibition industry faces competition from other forms of out-of-home entertainment, such as concerts, amusement parks and sporting events, and from other distribution channels for filmed entertainment, such as cable television, pay per view and home video systems, as well as from all other forms of entertainment.

Movie-going is a compelling consumer out-of-home entertainment experience. Movie theatres currently garner a relatively small share of consumer entertainment time and spend, leaving significant room for expansion and growth in the U.S. In addition, our industry benefits from available capacity to satisfy additional consumer demand without capital investment.

As major studio releases have declined in recent years, we believe companies like Open Road Films could fill an important gap that exists in the market today for consumers, movie producers and theatrical exhibitors by providing a broader availability of movies to consumers. Theatrical exhibitors are uniquely positioned to not only support, but also benefit from new distribution companies and content providers. We believe the theatrical exhibition industry will continue to be attractive for a number of key reasons, including:

A Highly Popular and Affordable Out-of-Home Entertainment Experience. Going to the movies has been one of the most popular and affordable out-of-home entertainment options for decades. The estimated average price of a movie ticket was \$7.89 in calendar 2010, considerably less than other out-of-home entertainment alternatives such as concerts and sporting events. In calendar 2010, attendance at indoor movie theatres in the United States and Canada was 1.3 billion. This contrasts to

Table of Contents

the 111 million combined annual attendance generated by professional baseball, basketball and football over the same period.

Adoption of Digital Technology. The theatrical exhibition industry is well underway in its overall conversion from film-based to digital projection technology. This digital conversion will position the industry with lower distribution and exhibition expenses, efficient delivery of alternative content and niche programming, and premium experiences for consumers. Digital projection also results in a premium visual experience for patrons, and digital content gives the theatre operator greater flexibility in programming. The industry will benefit from the conversion to digital delivery, alternative content, 3D formats and dynamic pricing models. As theatre exhibitors have adopted digital technology, the theatre circuits have shown enhanced productivity, profitability and efficiency. Digital technology has increased attendance and average ticket prices. Digital technology also facilitates live and pre-recorded networked and single-site meetings and corporate events in movie theatres and will allow for the distribution of live and pre-recorded entertainment content and the sale of associated sponsorships.

Long History of Steady Growth. The theatrical exhibition industry has produced steady growth in revenues over the past several decades. In recent years, net new build activity has slowed, and screen count has rationalized and is expected to decline in the near term before stabilizing, thereby increasing revenue per screen for existing theatres. The combination of the popularity of movie-going, its steady long-term growth characteristics and consolidation and the industry's relative maturity makes theatrical exhibition a high cash flow generating business today. Box office revenues in the United States and Canada have increased from \$5.0 billion in 1989 to \$10.5 billion in 2010, driven by increases in both ticket prices and attendance across multiple economic cycles. The industry has also demonstrated its resilience to economic downturns; during four of the last six recessions, attendance and box office revenues grew an average of 8.1% and 12.3%, respectively. In 2009, 32 films grossed over \$100.0 million, compared to 25 in the prior year, helping to establish a new industry box office record for the year.

Importance to Content Providers. We believe that the theatrical success of a motion picture is often the key determinant in establishing the film's value in the other parts of the product life cycle, such as DVD, cable television, merchandising and other ancillary markets. For each \$1 of theatrical box office receipts, an average of \$1.33 of additional revenue is generated in the remainder of a film's product life cycle. As a result, we believe motion picture studios will continue to work cooperatively with theatrical exhibitors to ensure the continued value of the theatrical window.

Regulatory Environment

The distribution of motion pictures is, in large part, regulated by federal and state antitrust laws and has been the subject of numerous antitrust cases. The consent decrees resulting from one of those cases, to which we were not a party, have a material impact on the industry and us. Those consent decrees bind certain major motion picture distributors and require the motion pictures of such distributors to be offered and licensed to exhibitors, including us, on a film-by-film and theatre-by-theatre basis. Consequently, we cannot assure ourselves of a supply of motion pictures by entering into long-term arrangements with major distributors, but must compete for our licenses on a film-by-film and theatre-by-theatre basis.

Our theatres must comply with Title III of the Americans with Disabilities Act, or ADA. Compliance with the ADA requires that public accommodations "reasonably accommodate" individuals with disabilities and that new construction or alterations made to "commercial facilities" conform to accessibility guidelines unless "structurally impracticable" for new construction or technically infeasible for alterations. Non-compliance with the ADA could result in the imposition of injunctive relief, fines, and awards of damages to private litigants or additional capital expenditures to remedy such noncompliance. Although we believe that our theatres are in substantial compliance with the ADA, in January 1999 the Civil Rights Division of the Department of Justice, or the Department, filed suit against us alleging that certain of our theatres with stadium-style seating violate the ADA. In separate

Table of Contents

rulings in 2002 and 2003, the Court ruled against us in the "line of sight" and the "non-line of sight" aspects of this case. In 2003, the Court entered a consent order and final judgment about the non-line of sight aspects of this case. On December 5, 2008, the Ninth Circuit Court of Appeals reversed the trial court as to the appropriate remedy and remanded the case back to the trial court for findings consistent with its decision. The Company and the Department have reached a settlement regarding the extent of betterments related to the remaining remedies required for line-of-sight violations which the parties believe are consistent with the Ninth Circuit's decision. The trial court approved the settlement on November 29, 2010. The improvements will likely be made over a five year term. The company has recorded a liability of \$75,000 for compensation to claimants and fines related to this matter.

As an employer covered by the ADA, we must make reasonable accommodations to the limitations of employees and qualified applicants with disabilities, provided that such reasonable accommodations do not pose an undue hardship on the operation of our business. In addition, many of our employees are covered by various government employment regulations, including minimum wage, overtime and working conditions regulations.

Our operations also are subject to federal, state and local laws regulating such matters as construction, renovation and operation of theatres as well as wages and working conditions, citizenship, health and sanitation requirements and licensing. We believe our theatres are in material compliance with such requirements.

We also own and operate theatres and other properties which may be subject to federal, state and local laws and regulations relating to environmental protection. Certain of these laws and regulations may impose joint and several liability on certain statutory classes of persons for the costs of investigation or remediation of contamination, regardless of fault or the legality of original disposal. We believe our theatres are in material compliance with such requirements.

Seasonality

Our revenues are dependent upon the timing of motion picture releases by distributors. The most marketable motion pictures are usually released during the summer and the year-end holiday seasons. Therefore, our business is highly seasonal, with higher attendance and revenues generally occurring during the summer months and holiday seasons. Our results of operations may vary significantly from quarter to quarter.

Legal Proceedings

In the normal course of business, we are party to various legal actions. Except as described below, management believes that the potential exposure, if any, from such matters would not have a material adverse effect on the financial condition, cash flows or results of operations of the Company.

United States of America v. AMC Entertainment Inc. and American Multi-Cinema, Inc. (No. 99 01034 FMC (SHx), filed in the U.S. District Court for the Central District of California). On January 29, 1999, the Department filed suit alleging that our stadium-style theatres violated the ADA and related regulations. The Department alleged that we had failed to provide persons in wheelchairs seating arrangements with lines-of-sight comparable to the general public. The Department alleged various non-line-of-sight violations as well. The Department sought declaratory and injunctive relief regarding existing and future theatres with stadium-style seating, compensatory damages in the approximate amount of \$75,000 and a civil penalty of \$110,000.

As to line-of-sight matters, the trial court entered summary judgment in favor of the Department as to both liability and as to the appropriate remedy. On December 5, 2008, the Ninth Circuit Court of Appeals reversed the trial court as to the appropriate remedy and remanded the case back to the trial court for findings consistent with its decision. We reached a settlement with the Department regarding the extent of betterments and remedies required for line-of-sight violations which the parties believe are consistent with the Ninth Circuit's decision. The trial court approved the settlement on

Table of Contents

November 29, 2010. The betterments will be made over a 5 year term and the company estimates the unpaid cost of such betterments to be approximately \$5.0 million. The company has recorded a liability of \$75,000 for compensation to claimants and fines related to this matter.

As to the non-line-of-sight aspects of the case, on January 21, 2003, the trial court entered summary judgment in favor of the Department on matters such as parking areas, signage, ramps, location of toilets, counter heights, ramp slopes, companion seating and the location and size of handrails. On December 5, 2003, the trial court entered a consent order and final judgment on non-line-of-sight issues under which we agreed to remedy certain violations at our stadium-style theatres and at certain theatres we may open in the future. Currently we estimate that remaining betterments are required at approximately 45 stadium-style theatres. We estimate that the unpaid costs of these betterments will be approximately \$16.7 million. The estimate is based on actual costs incurred on remediation work completed to date. The actual costs of betterments may vary based on the results of surveys of the remaining theatres.

Michael Bateman v. American Multi-Cinema, Inc. (No. CV07-00171). In January 2007, a class action complaint was filed against American Multi-Cinema, Inc. in the Central District of the United States District Court of California (the "District Court") alleging violations of the Fair and Accurate Credit Transactions Act ("FACTA"). FACTA provides in part that neither expiration dates nor more than the last five numbers of a credit or debit card may be printed on receipts given to customers. FACTA imposes significant penalties upon violators where the violation is deemed to have been willful. Otherwise damages are limited to actual losses incurred by the card holder. On October 24, 2008, the District Court denied plaintiff's renewed motion for class certification. On September 27, 2010, the Ninth Circuit Court of Appeals vacated the District Court's order and remanded the proceedings for a new determination consistent with their opinion. We filed our Petition for En Banc and/or Panel Rehearing on October 8, 2010. The parties have reached a tentative settlement, subject to court approval, which is not expected to have a material adverse impact on our financial condition.

On May 14, 2009, Harout Jarchafjian filed a similar lawsuit alleging that we willfully violated FACTA and seeking statutory damages, but without alleging any actual injury (*Jarchafjian v. American Multi-Cinema, Inc.* (C.D. Cal. Case No. CV09-03434). The Jarchafjian case has been deemed related to the Bateman case and was stayed pending a Ninth Circuit decision in the Bateman case, which has now been issued. The parties have reached a tentative settlement, subject to court approval, which is not expected to have a material adverse impact on our financial condition.

Union Sponsored Pension Plan. On November 7, 2008, the Company received notice of a written demand for payment of a partial withdrawal liability assessment from a collectively bargained multiemployer pension plan that covers certain of its unionized theatre employees. Based on a payment schedule that the Company received from this plan in December 2008, the Company began making quarterly payments on January 1, 2009 related to the \$5.3 million in partial withdrawal liability. In the second quarter of fiscal 2010, the Company made a complete withdrawal from the plan which triggered an additional liability of \$1.4 million which was assessed by the plan on April 19, 2010. As of April 1, 2010, the Company has recorded a liability related to this matter in the amount of \$4.0 million and has made contributions including interest charges of approximately \$2.9 million. The final withdrawal liability amount may be adjusted based on a legal review of the plan's assessment, the Company's records and ensuing discussions with the plan's trustees.

Table of Contents**MANAGEMENT**

Our business and affairs are managed by our board of directors currently consisting of nine members. Gerardo I. Lopez, our Chief Executive Officer, is a director of Parent. Aaron J. Stone is our Chairman of the Board and a non-employee director. The role of Chairman of the Board is held by Mr. Stone to represent the interest of stockholders.

The following table sets forth certain information regarding our directors, executive officers and key employees as of December 31, 2010:

Name	Age	Position(s) Held
Aaron J. Stone	37	Chairman of the Board, Director (Parent, Holdings and AMCE)
Gerardo I. Lopez	51	Chief Executive Officer, President and Director (Parent, Holdings, AMCE and American Multi-Cinema, Inc.)
Dana B. Ardi	62	Director (Parent, Holdings and AMCE)
Stephen P. Murray	48	Director (Parent, Holdings and AMCE)
Stan Parker	34	Director (Parent, Holdings and AMCE)
Phillip H. Loughlin	43	Director (Parent, Holdings and AMCE)
Eliot P. S. Merrill	40	Director (Parent, Holdings and AMCE)
Kevin J. Maroni	48	Director (Parent, Holdings and AMCE)
Craig R. Ramsey	59	Executive Vice President and Chief Financial Officer (Parent, Holdings, AMCE and American Multi-Cinema, Inc.); Director (American Multi-Cinema, Inc.)
John D. McDonald	53	Executive Vice President, U.S. Operations (Parent, Holdings, AMCE and American Multi-Cinema, Inc.); Director (American Multi-Cinema, Inc.)
Mark A. McDonald	52	Executive Vice President, Global Development (Parent, Holdings, AMCE and American Multi-Cinema, Inc.)

Terry W. Crawford	53	Senior Vice President and Treasurer (Parent, Holdings, AMCE and American Multi-Cinema, Inc.)
George Patterson	57	Senior Vice President, Food and Beverage (American Multi-Cinema, Inc.)
Elizabeth Frank	41	Senior Vice President, Strategy & Strategic Partnerships (AMCE)

All our current executive officers hold their offices at the pleasure of our board of directors, subject to rights under their respective employment agreements in some cases. There are no family relationships between or among any directors and executive officers, except that Messrs. John D. McDonald and Mark A. McDonald are brothers.

Mr. Aaron J. Stone has served as Chairman of the Board of Parent, Holdings and AMCE since February 2009. Mr. Stone has served as a Director of Parent since June 2007, and has served as a

Table of Contents

Director of Holdings and AMCE since December 2004. Mr. Stone is a Senior Partner of Apollo Management, L.P., where he has been employed since 1997 and which, together with its affiliates, acts as manager of Apollo and related private securities investment funds. Mr. Stone also serves on the boards of directors of Connections Academy, LLC, Hughes Communications, Inc., Hughes Network Systems, LLC, Hughes Telematics, Inc., and Parallel Petroleum. Mr. Stone currently serves on the compensation committee of Hughes Communications, Inc. and the audit committee of Hughes Network Systems, LLC. Mr. Stone has also served on the boards of directors of Educate Inc.; Intelstat, Ltd.; and Skyterra Communications Inc., among others. Mr. Stone served on the audit committees of Educate Inc. and Intelstat, Ltd. Prior to joining Apollo, Mr. Stone was a member of the Mergers and Acquisition Group at Smith Barney, Inc. Mr. Stone graduated cum laude with an A.B. degree from Harvard College. Mr. Stone has over 15 years of experience in analyzing and investing in public and private companies and led the diligence of Apollo's investment in AMC, and he provides our board with insight into strategic and financial matters of interest to AMC's management and shareholders.

Mr. Gerardo I. Lopez has served as Chief Executive Officer, President and a Director of Parent, Holdings and AMCE since March 2009. Prior to joining the Company, Mr. Lopez served as Executive Vice President of Starbucks Coffee Company and President of its Global Consumer Products, Seattle's Best Coffee and Foodservice divisions from September 2004 to March 2009. Prior thereto, Mr. Lopez served as President of the Handleman Entertainment Resources division of Handleman Company from November 2001 to September 2004. Mr. Lopez also serves on the boards of directors of SilkRoute Global, NCM LLC and DCIP. Mr. Lopez holds a B.S. degree in Marketing from George Washington University and a M.B.A. in Finance from Harvard Business School. Mr. Lopez has over 24 years of experience in marketing, sales and operations and management in public and private companies. His prior experience includes management of multi-billion-dollar operations and groups of over 2,500 associates.

Dr. Dana B. Ardi has served as a Director of Parent, Holdings and AMCE since April 2009. Dr. Ardi serves as Managing Director and Founder of Corporate Anthropology Advisors LLC, a human capital advisory firm that provides consulting and restructuring services to companies across diverse industry sectors. Prior to founding Corporate Anthropology Advisors LLC in 2009, Dr. Ardi served as a Managing Director at CCMP Capital Advisors, LLC from August 2006 through January 2009, as a Partner at J.P. Morgan Partners, LLC from June 2001 to July 2006, as a Partner at Flatiron Partners, LLC from 1999 to June 2001, as Co-chair of the Global Communications, Entertainment and Technology practice of TMP Worldwide from 1995 to 1999 and prior thereto, Dr. Ardi served as Senior Vice President of New Media at R.R. Donnelley & Sons Company. Dr. Ardi also serves on the board of directors of New Yorkers for Parks and the board of trustees of Chancellor University's Jack Welch Management Institute. Dr. Ardi provides our board of directors with insight and perspective on organizational design, succession planning, leadership training, executive search and tactical human resources matters. Dr. Ardi holds a B.S. degree from the State University of New York at Buffalo and M.S. and Ph.D. degrees in Education from Boston College.

Mr. Stephen P. Murray has served as a Director of Parent since June 2007, and has served as a Director of Holdings and AMCE since December 2004. Mr. Murray serves on the compensation committee of Parent. Since March 2007 Mr. Murray has served as President and Chief Executive Officer of CCMP Capital Advisors, LLC, a private equity firm formed in August 2006 by the former buyout and growth equity investment team of J.P. Morgan Partners, LLC, a private equity division of JPMorgan Chase & Co. From August 2006 to March 2007, Mr. Murray served as President and Chief Operating Officer of CCMP Capital Advisors, LLC. From 1989 through July 2006, Mr. Murray was employed by J.P. Morgan Partners and its predecessor entities, and became a Partner in 1994. Prior to joining J.P. Morgan Partners, LLC in 1989, Mr. Murray served as a Vice President with the Middle-Market Lending Division of Manufacturers Hanover. Mr. Murray focuses on investments in Consumer, Retail and Services, and Healthcare Infrastructure. Mr. Murray also serves on the boards of directors

Table of Contents

of ARAMARK Holdings Corporation, Caremore Medical Enterprises, Generac Power Systems, Chef's Warehouse, Crestcom, Jetro Holdings, Inc., LHP Hospital Group, Noble Environmental Power, Octagon Credit Investors, Quiznos Subs, Strongwood Insurance and Warner Chilcott. Mr. Murray holds a B.A. degree from Boston College and a M.B.A. from Columbia Business School. Mr. Murray has over 20 years of experience as a private equity investment professional and provides our board with insight and perspective on general investment and financial matters.

Mr. Stan Parker has served as a Director of Parent since June 2007, and has served as a Director of Holdings and AMCE since December 2004. Mr. Parker has been affiliated with Apollo and its related investment advisors and investment managers since 2000 and has been a Partner since 2005. Prior to joining Apollo in 2000, Mr. Parker was employed by Salomon Smith Barney, Inc. Mr. Parker also serves on the boards of directors of Affinion, CEVA Group Plc and Momentive Performance Materials. Mr. Parker holds a B.S. degree in Economics from The Wharton School of Business at the University of Pennsylvania. Mr. Parker has over 12 years of experience in analyzing and investing in public and private companies. Mr. Parker participated in the diligence of Apollo's investment in AMC and provides our board with insight into strategic and financial matters of interest to AMC's management and shareholders.

Mr. Philip H. Loughlin has served as a Director of Parent, Holdings and AMCE since January 2009. Mr. Loughlin joined Bain Capital in 1996 and has been a Managing Director since 2003. Prior to joining Bain Capital, Mr. Loughlin was a Consultant at Bain & Company, where he worked in the telecommunications, industrial manufacturing and consumer products industries. Mr. Loughlin has also served in operating roles at Eagle Snacks, Inc. and Norton Company. Mr. Loughlin also serves on the boards of directors of OSI Restaurant Partners, Inc., Ariel Holdings, Ltd., Applied Systems, Inc. and the National Pancreas Foundation. Mr. Loughlin serves on the audit committee of OSI Restaurant Partners. Mr. Loughlin previously served on the boards of directors of Burger King Corporation, Loews Cineplex Entertainment, Brenntag A.G., Professional Services Industries, Inc. and Cinemex and on the audit committees of Burger King Corporation and Loews Cineplex Entertainment. Mr. Loughlin received a M.B.A. from Harvard Business School where he was a Baker Scholar and graduated cum laude with an A.B. degree from Dartmouth College. Mr. Loughlin has 14 years of experience as a private equity investor, participated in the evaluation of Bain Capital's original investment in Loews and has significant experience in serving on boards of directors.

Mr. Eliot P. S. Merrill has served as a Director of Parent, Holdings and AMCE since January 2008. Mr. Merrill is a Managing Director of The Carlyle Group focusing on buyout opportunities in the media and telecommunications sectors. Prior to joining Carlyle in 2001, Mr. Merrill was a Principal at Freeman Spogli & Co., a buyout fund with offices in New York and Los Angeles. From 1995 to 1997, Mr. Merrill worked at Dillon Read & Co. Inc. Prior thereto, Mr. Merrill worked at Doyle Sailmakers, Inc. Mr. Merrill also serves as a director of The Nielsen Company B.V. Mr. Merrill holds an A.B. degree from Harvard College. Mr. Merrill has over 13 years of experience in the private equity industry and has focused on the analysis, assessment and capitalization of new acquisitions and existing portfolio companies. Prior to the Loews Mergers, Mr. Merrill served on the audit committee of Loews Cineplex Entertainment Corporation.

Mr. Kevin J. Maroni has served as a Director of Parent, Holdings and AMCE since April 2008. Mr. Maroni serves as Senior Managing Director of Spectrum Equity Investors ("Spectrum"), an investment firm with offices in Boston and Menlo Park. Mr. Maroni has served on the boards of directors of numerous public and private companies, including most recently Consolidated Communications, Inc. from 2002 - 2005; NEP Broadcasting, L.P. from 2004-2007; and Classic Media, L.P. from 2006-2007. Prior to joining Spectrum at inception in 1994, Mr. Maroni worked at Time Warner, Inc. and Harvard Management Company's private equity affiliate. Mr. Maroni has also served as a trustee of numerous non-profit institutions, which currently include National Geographic Ventures; the John F. Kennedy Library Foundation and the Park School. Mr. Maroni holds a B.A.

Table of Contents

degree from the University of Michigan and a M.B.A. from Harvard University. Mr. Maroni has over 20 years of experience as a private equity investor and has experience in serving on a number of public and private company boards of directors.

Mr. Craig R. Ramsey has served as Executive Vice President and Chief Financial Officer of Parent and Holdings since June 2007 and December 2004, respectively. Mr. Ramsey has served as Executive Vice President and Chief Financial Officer of AMCE and American Multi-Cinema, Inc. since April 2003. Previously, Mr. Ramsey served as Executive Vice President, Chief Financial Officer and Secretary of AMCE and American Multi-Cinema, Inc. since April 2002. Mr. Ramsey served as Senior Vice President, Finance, Chief Financial Officer and Chief Accounting Officer, of AMCE and American Multi-Cinema, Inc. from August 1998 until May 2002. Mr. Ramsey has served as a Director of American Multi-Cinema, Inc. since September 1999. Mr. Ramsey was elected Chief Accounting Officer of AMCE and American Multi-Cinema, Inc. in February 2000. Mr. Ramsey served as Vice President, Finance from January 1997 to October 1999 and prior thereto, Mr. Ramsey served as Director of Information Systems and Director of Financial Reporting since joining American Multi-Cinema, Inc. in February 1995. Mr. Ramsey currently serves as a member of the board of directors of Movietickets.com and has previously served on the board of directors of Bank Midwest. Mr. Ramsey holds a B.S. degree in Accounting and Business Administration from the University of Kansas.

Mr. John D. McDonald has served as Executive Vice President, U.S. Operations of Parent, Holdings and AMCE since July 2009. Mr. McDonald has served as Director of American Multi-Cinema, Inc. since November 2007 and has served as Executive Vice President, U.S. Operations of American Multi-Cinema, Inc. since July 2009. Prior to July 2009, Mr. McDonald served as Executive Vice President, U.S. and Canada Operations of American Multi-Cinema, Inc. effective October 1998. Mr. McDonald served as Senior Vice President, Corporate Operations from November 1995 to October 1998. Mr. McDonald is a member of the National Association of Theatre Owners Advisory board of directors. Mr. McDonald has successfully managed the integration for the Gulf States, General Cinema, and Loews mergers and acquisitions. Mr. McDonald attended California State Polytechnic University where he studied economics and history.

Mr. Mark A. McDonald has served as Executive Vice President, Global Development since July 2009 of Parent, Holdings and AMCE. Prior thereto, Mr. McDonald served as Executive Vice President, International Operations of Parent, Holdings and AMCE from October 2008 to July 2009. Mr. McDonald has served as Executive Vice President, International Operations of American Multi-Cinema, Inc., and AMC Entertainment International, Inc. ("AMCEI"), a subsidiary of American Multi-Cinema, Inc., since March 2007 and December 1998, respectively. Prior thereto, Mr. McDonald served as Senior Vice President, Asia Operations from November 1995 until his appointment as Executive Vice President, International Operations and Film in December 1998. Mr. McDonald served on the board of directors of AMCEI from March 2007 to May 2010. Mr. McDonald holds a B.A. degree from the University of Southern California and a M.B.A. from the Anderson School at University of California Los Angeles.

Mr. Stephen A. Colanero has served as Executive Vice President and Chief Marketing Officer of Parent, Holdings and AMCE since December 2009. Prior to joining AMC, Mr. Colanero served as Vice President of Marketing for RadioShack Corporation from April 2008 to December 2009. Mr. Colanero also served as Senior Vice President of Retail Marketing for Washington Mutual Inc. from February 2006 to August 2007 and as Senior Vice President, Strategic Marketing for Blockbuster Inc. from November 1994 to January 2006. Mr. Colanero holds a B.S. degree in Accounting from Villanova University and a M.B.A. in Marketing and Strategic Management from The Wharton School at the University of Pennsylvania.

Mr. Robert J. Lenihan has served as President, Programming, of Parent, Holdings and AMCE since April 2009. Prior to joining AMC, Mr. Lenihan served as Executive Vice President for Loews Cineplex

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

Entertainment Corp from August 1998 to February 2002. Mr. Lenihan was appointed Senior Vice President and Head Film Buyer at Mann Theatres in 1985 and served in that capacity at Act III Theatres, Century Theatres, Sundance Cinemas and most recently at Village Roadshow. Mr. Lenihan holds a B.S. degree from Rowan University.

Mr. Samuel D. "Sonny" Gourley has served as President of AMC Film Programming of Parent, Holdings and AMCE since December 2009. Mr. Gourley has served as President of AMC Film Programming a Division of AMC since November 2005. Prior thereto, Mr. Gourley served as Executive Vice President, National Film from November 2002 to November 2005 and Executive Vice President, East Film from November 1999 to November 2002. Mr. Gourley currently serves on the advisory board of Tent 25 Variety The Children's Charity located in Los Angeles, as well as serving on the board of the local Tent 8 Variety The Children's Charity in Kansas City. Mr. Gourley holds a B.A. degree in English from Miami University in Oxford, Ohio.

Mr. Kevin M. Connor has served as Senior Vice President, General Counsel and Secretary of Parent and Holdings since June 2007 and December 2004, respectively. Mr. Connor has served as Senior Vice President, General Counsel and Secretary of AMCE and American Multi-Cinema, Inc. since April 2003. Prior to April 2003, Mr. Connor served as Senior Vice President, Legal of AMCE and American Multi-Cinema, Inc. beginning November 2002. Prior thereto, Mr. Connor was in private practice in Kansas City, Missouri as a partner with the firm Seigfreid, Bingham, Levy, Selzer and Gee from October 1995. Mr. Connor holds a Bachelor of Arts degree in English and History from Vanderbilt University, a Juris Doctorate degree from the University of Kansas School of Law and a LLM in Taxation from the University of Missouri Kansas City.

Mr. Michael W. Zwonitzer has served as Senior Vice President, Finance of Parent, Holdings and AMCE since July 2009. Prior thereto, Mr. Zwonitzer served as Vice President, Finance of Parent and Holdings since June 2007 and December 2004, respectively. Mr. Zwonitzer has served as Vice President, Finance of AMCE and American Multi-Cinema, Inc. since September 2004 and prior thereto, Mr. Zwonitzer served as Director of Finance from December 2002 to September 2004 and Manager of Financial Analysis from November 2000 to December 2002. Mr. Zwonitzer joined AMC in June 1998. Mr. Zwonitzer holds a B.S. degree in Accounting from the University of Missouri.

Mr. Chris A. Cox has served as Senior Vice President and Chief Accounting Officer of Parent and Holdings since June 2010. Prior thereto Mr. Cox served as Vice President and Chief Accounting Officer of Parent and Holdings since June 2007 and December 2004, respectively. Mr. Cox has served as Vice President and Chief Accounting Officer of AMCE and American Multi-Cinema, Inc. since May 2002. Prior to May 2002, Mr. Cox served as Vice President and Controller of American Multi-Cinema, Inc. since November 2000. Previously, Mr. Cox served as Director of Corporate Accounting for the Dial Corporation from December 1999 until November 2000. Mr. Cox holds a Bachelor's of Business Administration in Accounting and Finance degree from the University of Iowa.

Mr. Terry W. Crawford has served as Senior Vice President and Treasurer of Parent since June 2010. Previously, Mr. Crawford served as Vice President and Treasurer of Parent since June 2007 and of Holdings AMCE and American Multi-Cinema, Inc. since April 2005. Prior thereto, Mr. Crawford served as Vice President and Assistant Treasurer of Holdings, AMCE and American Multi-Cinema, Inc. from December 2004 until April 2005. Previously, Mr. Crawford served as Vice President, Assistant Treasurer and Assistant Secretary of AMCE from May 2002 until December 2004 and American Multi-Cinema, Inc. from January 2000 until December 2004. Mr. Crawford served as Assistant Treasurer and Assistant Secretary of AMCE from September 2001 until May 2002 and AMC from November 1999 until December 2004. Mr. Crawford served as Assistant Secretary of AMCE from March 1997 until September 2001 and American Multi-Cinema, Inc. from March 1997 until November 1999. Prior to joining AMC, Mr. Crawford served as Vice President and Treasurer for Metmor Financial, Inc., a

Table of Contents

wholly-owned subsidiary of Metropolitan Life Insurance Company. Mr. Crawford holds a B.S. degree in Business from Emporia State University and a M.B.A. from the University of Missouri - Kansas City.

Mr. George Patterson has served as Senior Vice President of Food and Beverage since February 2010. Prior to joining the Company, Mr. Patterson served as Director of Asset Strategy and Multibrand Execution for YUM Brands from 2002 to 2010. Prior to joining YUM Brands, Mr. Patterson was Co-founder and COO of Cool Mountain Creamery and Café from 1997 to 2002. Prior to developing Cool Mountain Creamery and Café, Mr. Patterson was Regional Vice President for Wendy's International restaurants. Mr. Patterson holds a B.A. degree from the University of Florida.

Elizabeth Frank has served as Senior Vice President of Strategy and Strategic Partnerships for AMCE since July 2010. Prior to joining AMCE, Ms. Frank served as Senior Vice President of Global Programs for AmeriCares. Prior to AmeriCares, Ms. Frank served as Vice President of Corporate Strategic Planning for Time Warner Inc. Prior to Time Warner Inc., Ms. Frank was a partner at McKinsey & Company for nine years. Ms. Frank currently serves on the Board of Directors for the Global Health Council. Ms. Frank holds a Bachelor of Business Administration degree from Lehigh University and a Masters of Business Administration from Harvard University.

Board of Directors

Upon the closing of this offering, we will amend and restate our current certificate of incorporation and file such amended and restated certificate of incorporation with the State of Delaware. Pursuant to such amended and restated certificate of incorporation, our board of directors will consist of between 7 and 15 directors. A majority of the board of directors will constitute a quorum for board meetings. The convening of a special meeting will be subject to advance written notice to all directors.

We intend to avail ourselves of the "controlled company" exception under the applicable national securities exchange rules, which eliminates the requirement that we have a majority of independent directors on our board of directors and that we have compensation and nominating committees composed entirely of independent directors, but retains the requirement that we have an audit committee composed entirely of independent members. Our board of directors currently consists of nine directors. Prior to the consummation of this offering, we will add one independent director to our board. Within three months following the closing of this offering, our board of directors will consist of 11 directors, including two independent directors designated by the Sponsors one of which was designated prior to the consummation of this offering. We expect to add one additional independent director, also designated by the Sponsors, to our board of directors within 12 months after the closing of this offering.

Pursuant to our amended and restated certificate of incorporation, our board of directors will be divided into three classes. The members of each class will serve for a staggered, three-year term. Upon the expiration of the term of a class of directors, directors in that class will be elected for three-year terms, subject to the Sponsors' board designation rights, at the annual meeting of stockholders in the year in which their term expires. The classes are composed as follows:

, and the two additional independent directors we expect to be designated to our board of directors within 12 months after the closing of this offering will be Class I directors, whose terms will expire at the 2011 annual meeting of stockholders;

, and will be Class II directors, whose terms will expire at the 2012 annual meeting of stockholders; and

, and will be Class III directors, whose terms will expire at the 2013 annual meeting of stockholders.

Table of Contents

Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. This classification of our board of directors may have the effect of delaying or preventing changes in control of our company.

If at any time we cease to be a "controlled company" under the applicable national securities exchange rules, the board of directors will take all action necessary to comply with such national securities exchange rules, including appointing a majority of independent directors to the board and establishing certain committees composed entirely of independent directors.

Committees of the Board of Directors

Audit Committee

Upon consummation of this offering, our audit committee will consist of _____, _____ and _____ (the "Audit Committee"). The board of directors has determined that Mr. _____ qualifies as an Audit Committee financial expert as defined in Item 401(h) of Regulation S-K. Mr. _____ is independent as independence is defined in Rule 10A-3(b)(i) under the Exchange Act or under the applicable section of the national securities exchange rules. Within three months of the closing of this offering, the Audit Committee will be comprised of Mr. _____, Mr. _____ and one additional independent director designated by the Sponsors. Within one year of the closing of this offering, we will nominate one additional independent director to replace Mr. _____ on the Audit Committee so that our Audit Committee will be comprised of three independent members, all of whom will be financially literate.

The principal duties and responsibilities of our Audit Committee are as follows:

- to monitor our financial reporting process and internal control system;
- to appoint and replace our independent registered public accounting firm from time to time, determine their compensation and other terms of engagement and oversee their work;
- to oversee the performance of our internal audit function; and
- to oversee our compliance with legal, ethical and regulatory matters.

The Audit Committee will have the power to investigate any matter brought to its attention within the scope of its duties. It will also have the authority to retain counsel and advisors to fulfill its responsibilities and duties.

Compensation Committee

Upon consummation of this offering, our compensation committee will consist of _____, _____, _____ and _____ (the "Compensation Committee").

The principal duties and responsibilities of our Compensation Committee are as follows:

- to provide oversight on the development and implementation of the compensation policies, strategies, plans and programs for our key employees and outside directors and disclosure relating to these matters;
- to review and approve the compensation of our chief executive officer and the other executive officers of us and our subsidiaries; and
- to provide oversight concerning the compensation of our chief executive officer, succession planning, performance of the chief executive officer and related matters.

Table of Contents

Nominating & Corporate Governance Committee

Upon consummation of this offering, our nominating committee will consist of _____ , _____ , _____ ,
and _____ .

The principal duties and responsibilities of the nominating committee will be as follows:

to establish criteria for board and committee membership and recommend to our board of directors proposed nominees for election to the board of directors and for membership on committees of the board of directors; and

to make recommendations to our board of directors regarding board governance matters and practices.

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics that applies to all of our associates, including our principal executive officer, principal financial officer and principal accounting officer, or persons performing similar functions. These standards are designed to deter wrongdoing and to promote honest and ethical conduct. The Code of Business Conduct and Ethics, which address the subject areas covered by the SEC's rules, are posted on our website: www.amcentertainment.com under "Investor Relations Corporate Governance." Any substantive amendment to, or waiver from, any provision of the Code of Business Conduct and Ethics with respect to any senior executive or financial officer shall be posted on this website. **The information contained on our website is not part of this prospectus.**

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

This section discusses the material elements of compensation awarded to, earned by or paid to our principal executive officer, our principal financial officer, our three other most highly compensated executive officers as well as an additional executive officer whose compensation otherwise would have been subject to reporting had there not been any option grants in fiscal 2010. These individuals are referred to as the "Named Executive Officers."

Our executive compensation programs are determined and approved by our Compensation Committee. None of the Named Executive Officers are members of the Compensation Committee or otherwise had any role in determining the compensation of other Named Executive Officers, although the Compensation Committee does consider the recommendations of our Chief Executive Officer in setting compensation levels for our executive officers other than the Chief Executive Officer.

Executive Compensation Program Objectives and Overview

The goals of the Compensation Committee with respect to executive compensation are to attract, retain, motivate and reward talented executives, to tie annual and long-term compensation incentives to the achievement of specified performance objectives, and to achieve long-term creation of value for our stockholders by aligning the interests of these executives with those of our stockholders. To achieve these goals, we endeavor to maintain compensation plans that are intended to tie a substantial portion of executives' overall compensation to key strategic, operational and financial goals such as achievement of budgeted levels of adjusted EBITDA or revenue, and other non-financial goals that the Compensation Committee deems important. From time to time, the Compensation Committee evaluates individual executive performance with a goal of setting compensation at levels they believe, based on industry comparables and their general business and industry knowledge and experience, are comparable with executives in other companies of similar size and stage of development operating in the theatrical exhibition industry and similar retail type businesses, while taking into account our relative performance and our own strategic goals.

We conduct a periodic review of the aggregate level of our executive compensation as part of the annual budget review and annual performance review processes, which includes determining the operating metrics and non-financial elements used to measure our performance and to compensate our executive officers. This review is based on our knowledge of how other theatrical exhibition industry and similar retail type businesses measure their executive performance and on the key operating metrics that are critical in our effort to increase the value of our company.

Current Executive Compensation Program Elements

Our executive compensation program consists of the elements described in the following sections. The Compensation Committee determines the portion of compensation allocated to each element for each individual Named Executive Officer. Our Compensation Committee expects to continue these policies in the short term but will reevaluate the current policies and practices as it considers advisable.

The Compensation Committee believes based on their general business and industry experience and knowledge that the use of the combination of base salary, discretionary annual performance bonuses, and long-term incentives (including stock option or other stock-based awards) offers the best approach to achieving our compensation goals, including attracting and retaining talented and capable executives and motivating our executives and other officers to expend maximum effort to improve the business results, earnings and overall value of our business.

Table of Contents

Base Salaries

Base salaries for our Named Executive Officers are established based on the scope of their responsibilities, taking into account competitive market compensation for similar positions, as well as seniority of the individual, our ability to replace the individual and other primarily judgmental factors deemed relevant by the Compensation Committee. Generally, we believe that executive base salaries should be targeted near the median of the range of salaries for executives in similar positions with similar responsibilities at comparable companies, in line with our compensation philosophy, but we do not make any determinations or changes in compensation in reaction to market data alone. The Compensation Committee's goal is to provide total compensation packages that are competitive with prevailing practices in our industry and in the geographic markets in which we conduct business. However, the Compensation Committee retains flexibility within the compensation program to respond to and adjust for specific circumstances and our evolving business environment. Periodically, the Company obtains information regarding the salaries of employees at comparable companies, including approximately 150 multi-unit businesses in the retail, entertainment and food service industries. Base salaries for our Named Executive Officers are reviewed at appropriate times by the Compensation Committee and may be increased from time to time pursuant to such review and/or in accordance with guidelines contained in the various employment agreements in order to realign salaries with market levels after taking into account individual responsibilities, performance and experience. Base salaries for our Named Executive Officers were essentially unchanged from fiscal 2009 to fiscal 2010.

Annual Performance Bonus

The Compensation Committee has the authority to award annual performance bonuses to our Named Executive Officers. Under the current employment agreements, each Named Executive Officer is eligible for an annual bonus based on our annual incentive compensation program as it may exist from time to time. We believe that annual bonuses based on performance serve to align the interests of management and stockholders, and our annual bonus program is primarily designed to reward increases in adjusted EBITDA. Individual bonuses are performance based and, as such, can be highly variable from year to year. The annual incentive bonuses for our Named Executive Officers are determined by our Compensation Committee and, except with respect to his own bonus, our chief executive officer, based on our annual incentive compensation program as it may exist from time to time. For fiscal 2010, the annual incentive compensation program was based on a company component and an individual component. The company component was based primarily on attainment of an adjusted EBITDA target of \$314,811,000. The plan guideline was that no company performance component of the bonus would be paid below attainment of 90% of targeted adjusted EBITDA and that upon attainment of 100% of targeted adjusted EBITDA, each Named Executive Officer would receive 100% of his assigned bonus target. Upon attainment of 110% of targeted adjusted EBITDA, each Named Executive Officer would receive a maximum of 200% of his assigned bonus target. The individual component of the bonus does not have an adjusted EBITDA threshold but is based on achievement of key performance measures and overall performance and contribution to our strategic and financial goals. Under the annual incentive compensation program, our Compensation Committee and, except with respect to his own bonus, chief executive officer, retain discretion to decrease or increase bonuses relative to the guidelines based on qualitative or other objective factors deemed relevant by the Compensation Committee.

Table of Contents

The following table summarizes the company component upon attainment of 100% of targeted adjusted EBITDA and the individual component of the annual performance bonus plan for fiscal 2010:

	Company Component at 100% Target	Individual Component
Gerardo I. Lopez	\$ 392,000	\$ 98,000
Craig R. Ramsey	200,200	50,050
John D. McDonald	200,200	50,050
Robert J. Lenihan	151,400	37,850
Kevin M. Connor	156,000	39,000
Samuel D. Gourley	138,000	34,500

Our annual bonuses have historically been paid in cash and traditionally have been paid in a single installment in the first quarter following the completion of a given fiscal year. Pursuant to current employment agreements, each Named Executive Officer is eligible for an annual bonus pursuant to the annual incentive plan in place at the time. The Compensation Committee has discretion to increase the annual bonus paid to our Named Executive Officers using its judgment if the Company exceeds certain financial goals, or to reward for achievement of individual annual performance objectives. Our Compensation Committee and the Board of Directors have approved bonus amounts that have been paid in fiscal 2011 for the performance during fiscal 2010. We obtained an adjusted EBITDA of 104% of target for fiscal 2010 which is equivalent to an approximate 142% payout of the assigned bonus target. The individual component of the bonus was determined following a review of each Named Executive Officer's individual performance and contribution to our strategic and financial goals. For fiscal 2010, this review was conducted during the first quarter of fiscal 2011.

Special Incentive Bonus

Pursuant to his employment agreement, Mr. Gerardo Lopez is entitled to a one-time special incentive bonus of \$2,000,000 that vests at the rate of \$400,000 per year over five years, effective March 2009, provided that he remains employed on each vesting date. The first three installments of the special incentive bonus are payable on the third anniversary and the fourth and fifth installments are payable upon vesting. The special incentive bonus of \$2,000,000 shall immediately vest in full upon Mr. Lopez's involuntary termination within twelve months after a change of control, as defined in the employment agreement. As of April 1, 2010, Mr. Lopez has vested in one-fifth, or \$400,000, of this special incentive bonus to be paid on his third anniversary.

Long Term Incentive Equity Awards

In connection with the holdco merger, on June 11, 2007, we adopted an amended and restated 2004 stock option plan (formerly known as the 2004 Stock Option Plan), which provides for the grant of incentive stock options (within the meaning of Section 422 of the Internal Revenue Code) and non-qualified stock options to acquire our common stock to eligible employees and consultants and our non-employee directors. Options granted under the plan vest in equal installments over three to five years from the grant date, subject to the optionee's continued service with Parent or one of its subsidiaries. The Compensation Committee approved stock option grants to Mr. Robert Lenihan and Mr. Samuel Gourley during fiscal 2010.

Retirement Benefits

We provide retirement benefits to the Named Executive Officers under both qualified and non-qualified defined-benefit and defined-contribution retirement plans. The Defined Benefit Retirement Income Plan for Certain Employees of American Multi-Cinema, Inc. ("AMC Defined

Table of Contents

Benefit Retirement Income Plan") and the AMC 401(k) Savings Plan are both tax-qualified retirement plans in which the Named Executive Officers participate on substantially the same terms as our other participating employees. However, due to maximum limitations imposed by the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code on the annual amount of a pension which may be paid under a qualified defined-benefit plan and on the maximum amount that may be contributed to a qualified defined-contribution plan, the benefits that would otherwise be payable to the Named Executive Officers under the Defined Benefit Retirement Income Plan are limited. Because we did not believe that it was appropriate for the Named Executive Officers' retirement benefits to be reduced because of limits under ERISA and the Internal Revenue Code, we had established non-qualified supplemental defined-benefit plans that permit the Named Executive Officers to receive the same benefit that would be paid under our qualified defined-benefit plan up to the old IRS limit, as indexed, as if the Omnibus Budget Reconciliation Act of 1993 had not been in effect. On November 7, 2006, our Board of Directors approved a proposal to freeze the AMC Defined Benefit Retirement Income Plan and our supplemental defined-benefit plans, the AMC Supplemental Executive Retirement Plan and the AMC Retirement Enhancement Plan, effective as of December 31, 2006. The Compensation Committee determined that these types of plans are not as effective as other elements of compensation in aligning executives' interests with the interests of stockholders, a particularly important consideration for a public company. As a result, the Compensation Committee determined to freeze these plans. Benefits no longer accrue under the AMC Defined Benefit Retirement Income Plan, the AMC Supplemental Executive Retirement Plan or the AMC Retirement Enhancement Plan for our Named Executive Officers or for other participants.

Effective for fiscal year 2010, under our 401(k) Savings Plan, we matched 50% of each eligible employee's elective contributions up to 6% of the employee's eligible compensation. Previously, Holdings matched 100% of elective contributions up to 5% of employee compensation.

The "Pension Benefits" table and related narrative section " Pension and Other Retirement Plans" below describes our qualified and non-qualified defined-benefit plans in which our Named Executive Officers participate.

Non-Qualified Deferred Compensation Program

Named Executive Officers are permitted to elect to defer base salaries and their annual bonuses under the AMC Non-Qualified Deferred Compensation Plan. We believe that providing the Named Executive Officers with deferred compensation opportunities is a cost-effective way to permit officers to receive the tax benefits associated with delaying the income tax event on the compensation deferred, even though the related deduction for the Companies is also deferred.

The "Non-Qualified Deferred Compensation" table and related narrative section " Non-Qualified Deferred Compensation Plan" below describe the non-qualified deferred compensation plan and the benefits thereunder.

Severance and Other Benefits Upon Termination of Employment

We believe that severance protections, particularly in the context of a change in control transaction, can play a valuable role in attracting and retaining key executive officers. Accordingly, we provide such protections for each of the Named Executive Officers and for other of our senior officers in their respective employment agreements. The Compensation Committee evaluates the level of severance benefits provided to Named Executive Officers on a case-by-case basis. We consider these severance protections consistent with competitive practices.

As described in more detail below under " Potential Payments Upon Termination or Change in Control" pursuant to their employment agreements, each of the Named Executive Officers would be entitled to severance benefits in the event of termination of employment without cause and certain

Table of Contents

Named Executive Officers would be entitled to severance benefits due to death or disability. In the case of Mr. Lopez, resignation for good reason would also entitle the employee to severance benefits. We have determined that it is appropriate to provide these executives with severance benefits under these circumstances in light of their positions and as part of their overall compensation package.

We believe that the occurrence, or potential occurrence, of a change in control transaction will create uncertainty regarding the continued employment of our executive officers. This uncertainty results from the fact that many change in control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage certain of our executive officers to remain employed with us during an important time when their prospects for continued employment following the transaction are often uncertain, we provide the executives with severance benefits if they terminate their employment within a certain number of days following specified changes in their compensation, responsibilities or benefits following a change in control. No claim for severance due to a change in control has been made by an executive who is a party to an employment agreement providing for such severance benefits since the merger of Marquee Inc. with AMCE (then a change in control for purposes of the agreements). The severance benefits for these executives are generally determined as if they continued to remain employed by us for two years following their actual termination date.

Perquisites

The perquisites provided to each Named Executive Officer during fiscal 2010, 2009 and 2008 are reported in the All Other Compensation column of the "Summary Compensation Table" below, and are further described in footnote (5) to that table. Perquisites consist of matching contributions under our 401(k) savings plan, which is a qualified defined contribution plan, life insurance premiums, awards and gifts, relocation expenses, on-site parking, and an award of theatre chairs. Perquisites are benchmarked and reviewed, revised and approved by the Compensation Committee every year.

Policy with Respect to Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows public companies a tax deduction for compensation in excess of \$1,000,000 paid to their chief executive officers and the four other most highly compensated executive officers unless certain performance and other requirements are met. Our intent generally is to design and administer executive compensation programs in a manner that will preserve the deductibility of compensation paid to our executive officers, and we believe that a substantial portion of our current executive compensation program (including the stock options and other awards that may be granted to our Named Executive Officers as described above) satisfies the requirements for exemption from the \$1,000,000 deduction limitation. However, we reserve the right to design programs that recognize a full range of performance criteria important to our success, even where the compensation paid under such programs may not be deductible. The Compensation Committee will continue to monitor the tax and other consequences of our executive compensation program as part of its primary objective of ensuring that compensation paid to our executive officers is reasonable, performance-based and consistent with the goals of AMC Entertainment and our stockholders.

Actions Taken After Fiscal 2010

On July 8, 2010, our board of directors approved the adoption of the AMC Entertainment Holdings, Inc. 2010 Equity Incentive Plan, which is described in more detail under "Equity Incentive Plans" below. Our Compensation Committee intends that future equity-based awards will be made pursuant to the 2010 Equity Incentive Plan.

Table of Contents**Summary Compensation Table**

The following table presents information regarding compensation of our principal executive officer, our principal financial officer, our three other most highly compensated executive officers for services rendered during fiscal 2010 as well as an additional executive officer whose compensation otherwise would have been subject to reporting had there not been any option grants in fiscal 2010. These individuals are referred to as "Named Executive Officers."

Name and Principal Position(1)	Year	Salary (\$)	Bonus (\$)	Stock Awards (\$)	Option Awards (\$)(2)	Non-Equity Incentive Plan Compensation (\$)(3)	Change in Pension Value and	All Other Compensation (\$)(5)	Total (\$)
							Nonqualified Deferred Compensation Earnings (\$)(4)		
Gerardo I. Lopez	2010	\$ 700,003	\$ 400,000	\$	\$	\$ 674,240	\$	\$ 66,220	\$ 1,840,463

General Counsel and Secretary (Parent, Holdings, AMCE and American Multi-Cinema, Inc.)	2008	321,696						25,230	346,926
Samuel D. Gourley	2010	287,500			92,962	230,460	169,091	40,393	820,406
President, AMC Film Programming (Parent, Holdings, AMCE and American Multi-Cinema, Inc.)									

(1) The principal positions shown are at April 1, 2010. Compensation for Mr. Gerardo Lopez, Mr. Robert Lenihan, and Mr. Samuel Gourley is provided for years where they were Named Executive Officers only.

(2) As required by the SEC Rules, amounts shown in the column, "Option Awards," presents the aggregate grant date fair value of option awards granted in the fiscal year in accordance with accounting rules ASC 718, *Compensation Stock Compensation*. These amounts reflect the Company's accounting expense and do not correspond to the actual value that will be realized by the Named Executive Officers. Options are to acquire shares of our common stock.

In May 2009, Mr. Robert Lenihan and Mr. Samuel Gourley received a stock option grant to purchase and of our common shares, respectively, at a price equal to \$ per share. The options will vest in five equal annual installments, subject to continued employment. The options will expire after ten years from the date of the grant. The valuation assumptions used for these option awards are provided in note 1 to the Company's consolidated financial statements contained elsewhere in this prospectus.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

In March 2009, Mr. Gerardo Lopez received a stock option grant to purchase common shares at a price equal to \$ per share. The options will vest in five equal annual installments, subject to Mr. Lopez's continued employment. The options will expire after ten years from the date of the grant. The valuation assumptions used for Mr. Lopez's option award are provided in note 1 to the Company's consolidated financial statements contained elsewhere in this prospectus.

No option awards were granted with regards to Named Executive Officers during fiscal 2008. No option awards granted to Named Executive Officers in the above table were forfeited in fiscal 2010, fiscal 2009 or fiscal 2008.

(3) The Compensation Committee has determined the amounts of the annual incentive plan compensation that will be paid to each Named Executive Officer for fiscal 2010. We paid those amounts during the first quarter of fiscal 2011. No bonuses were earned in fiscal 2009 and 2008 under the annual incentive bonus program as we did not meet the minimum targeted adjusted EBITDA threshold established by the Compensation Committee. Further discussion on the annual incentive bonus program for the Named Executive Officers can be found in the *Compensation Discussion and Analysis Annual Performance Bonus* section.

(4) The following table represents the aggregate increases and decreases in actuarial present value of each officer's accumulated benefit amounts. The aggregate decreases in actuarial present value amounts have been omitted from the Summary Compensation Table:

		Supplemental Executive Retirement Plan	
		Defined Benefit Plan	Plan
Craig R. Ramsey	2010	\$ 42,764	\$ 22,173
	2009	(2,109)	(1,094)
	2008	(3,426)	(1,776)
John D. McDonald	2010	87,134	45,179
	2009	(35,248)	(18,276)
	2008	(13,050)	(6,766)
Kevin M. Connor	2010	8,635	3,566
	2009	(4,394)	(1,814)
	2008	(1,849)	(3,567)
Samuel D. Gourley	2010	113,326	55,765

For fiscal 2009, in accordance with the amended guidance for employers' accounting for defined benefit pension and other postretirement plans in Accounting Standards Codification 715, *Compensation Retirement Benefits*, the measurement date used to measure the aggregate change in actuarial present value of accumulated benefit amounts was changed from a measurement date of January 1 to our fiscal year end date, ending on April 2, 2009. See note 11 to our consolidated financial statements contained elsewhere in this prospectus for more information.

This column includes above market earnings for the difference between market interest rates determined pursuant to SEC rules and the 19.7% to 21.6% interest contingently credited by the Company on salary deferred by the Named Executive Officers under the nonqualified deferred salary plan. For fiscal 2010, above market earnings for Mr. Ramsey and Mr. McDonald were \$18,533 and \$1,767, respectively. There were no above market earnings under the nonqualified deferred compensation plan for the Named Executive Officers for fiscal 2009 and 2008. Further discussion on the nonqualified deferred compensation for the Named Executive Officers can be found in the " Nonqualified Deferred Compensation" section.

(5) All Other Compensation is comprised of Company matching contributions under our 401(k) savings plan which is a qualified defined contribution plan, life insurance premiums, automobile related benefits, awards / gifts, relocation expenses, on-site parking, and an award of theatre chairs. The following table summarizes "All Other Compensation" provided to the Named Executive Officers:

		Perquisites and Other Personal Benefits					Additional All Other Compensation	
		Car Allowance	Awards/Gifts	Theatre Chairs	Relocation Expenses	On-Site Parking	Company Matching Contributions to 401(k) Plan	Life Insurance Premiums
Gerardo I. Lopez	2010	\$	\$ 100	\$	\$ 64,326	\$	\$	1,794
	2009				16,570			
Craig R. Ramsey	2010		100				3,202	3,354

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

	2009	1,500	305			11,475	3,354
	2008	13,500	254			12,128	3,483

Compensation of Named Executive Officers

The Summary Compensation Table above quantifies the value of the different forms of compensation earned by or awarded to our Named Executive Officers in fiscal 2010. The primary elements of each Named Executive Officer's total compensation reported in the table are base salary and annual bonus.

The Summary Compensation Table should be read in conjunction with the tables and narrative descriptions that follow. A description of the material terms of each Named Executive Officer's base salary and annual bonus is provided below.

The "Pension Benefits" table and related description of the material terms of our pension plans describe each Named Executive Officer's retirement benefits under the Companies' defined-benefit pension plans to provide context to the amounts listed in the Summary Compensation Table. The discussion in the section "Potential Payments Upon Termination or Change in Control" explains the potential future payments that may become payable to our Named Executive Officers.

Description of Employment Agreements Salary and Bonus Amounts

We have entered into employment agreements with each of Messrs. Lopez, Ramsey, McDonald, Lenihan, Connor, and Gourley. Provisions of these agreements relating to outstanding equity incentive awards and post-termination of employment benefits are discussed below.

Gerardo I. Lopez. On February 23, 2009, we entered into an employment agreement with Gerardo I. Lopez to serve as its Chief Executive Officer and President. The term of the agreement is for three years, with automatic one-year extensions each year. The agreement provides that Mr. Lopez will receive an initial annualized base salary of \$700,000. The Compensation Committee, based on its review, has discretion to increase (but not reduce) the base salary each year. Mr. Lopez's target incentive bonus for fiscal 2010 was equal to 70% of his annual base salary. In addition, Mr. Lopez is receiving a one-time special incentive bonus that vests at the rate of \$400,000 per year over five years, effective March 2009, provided he remains employed on each vesting date. The first three installments of the special incentive bonus are payable on the third anniversary and the fourth and fifth installments are payable upon vesting. Upon approval by the Compensation Committee, Mr. Lopez received a grant of options to purchase _____ shares of our common stock. The options will vest in five equal annual installments, subject to Mr. Lopez's continued employment. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. The agreement also provides that Mr. Lopez will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with related business expenses and travel. Change in control, severance arrangements and restrictive covenants in Mr. Lopez's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

Craig R. Ramsey. On July 1, 2001, we entered into an employment agreement with Craig R. Ramsey who serves as the Executive Vice President and Chief Financial Officer and reports directly to our President and Chief Executive Officer. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. Ramsey will receive an initial annualized base salary of \$275,000. The agreement also provides for annual bonuses for Mr. Ramsey based on the applicable incentive compensation program of the company. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. Ramsey will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change in control and

Table of Contents

severance arrangements in Mr. Ramsey's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

John D. McDonald. On July 1, 2001, we entered into an employment agreement with John D. McDonald, who serves as an Executive Vice President, North America Operations. Mr. McDonald reports directly to our President and Chief Operating Officer or such officer's designee. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. McDonald will receive an initial annualized base salary of \$275,000. The agreement also provides for annual bonuses for Mr. McDonald based on the applicable incentive compensation program of the Company. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. McDonald will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change in control and severance arrangements in Mr. McDonald's employment agreements are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

Robert J. Lenihan. On April 7, 2009, we entered into an employment agreement with Robert J. Lenihan who serves as the President of Film Programming. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. Lenihan will receive an initial annualized base salary of \$410,000 subject to review by the Board of Directors or the Compensation Committee. Based on their review, the Board of Directors or the Compensation Committee have discretion to increase (but not reduce) the base salary each year. The agreement also provides for annual bonuses for Mr. Lenihan based on the applicable incentive compensation program of the Company. The target incentive bonus for each fiscal year during the period of employment shall equal 50% of the base salary. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. Lenihan will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with carrying out the Executive's duties for the Company. Change in control and severance arrangements in Mr. Lenihan's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

Kevin M. Connor. On November 6, 2002, we entered into an employment agreement with Kevin M. Connor who serves as the Senior Vice President, General Counsel and Secretary of the Company. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. Connor will receive an initial annualized base salary of \$225,000. The agreement also provides for annual bonuses for Mr. Connor based on the applicable incentive compensation program of the Company. In making its determination with respect to salary and bonus levels, the Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. Connor will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change in control and severance arrangements in Mr. Connor's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

Samuel D. Gourley. On July 1, 2001, we entered into an employment agreement with Samuel D. Gourley who serves as the President of AMC Film Programming. The term of the agreement is for one year, with automatic one-year extensions each year. The agreement provides that Mr. Gourley will

Table of Contents

receive an initial annualized base salary of \$197,608 plus an additional \$17,500 on an annual basis as a market allowance subject to review by the President, AMC Film Marketing and EVP North America Film Operations, with the approval of our President and Chief Operating Officer. The agreement also provides for annual bonuses for Mr. Gourley based on the applicable incentive compensation program of the Company. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. Gourley will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change in control and severance arrangements in Mr. Gourley's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

Grants of Plan-based Awards Fiscal 2010

The following table summarizes equity awards granted to named executive officers during fiscal 2010:

Name	Grant Date	Estimated Future Payouts Under Non-Equity Incentive Plan Awards			Estimated Future Payouts Under Equity Incentive Plan Awards			All Other Stock Awards: Number of Shares or Underlying Units	All Other Option Awards: Number of Securities or Underlying Options	Exercise Price of Stock or Option	Grant Date of Stock or Option	Fair Value of Stock or Option
		Threshold	Target	Maximum	Threshold	Target	Maximum					
Robert J. Lenihan	05/28/2009	\$	\$	\$	\$	\$	\$					\$
Samuel D. Gourley	05/28/2009	\$	\$	\$	\$	\$	\$					\$

On May 28, 2009, Mr. Lenihan and Mr. Gourley received a grant of stock options to purchase and shares, respectively of Class N Common Stock at a price equal to \$ per share. The options will vest in five equal annual installments, subject to their continued employment. The options shall expire after ten years from the date of the grant. The Company accounts for stock options using the fair value method of accounting and has elected to use the simplified method for estimating the expected term for "plain vanilla" share option grants as it does not have enough historical experience to provide a reasonable estimate. See note 8 to the Company's consolidated financial statements contained elsewhere in this prospectus for more information.

Table of Contents

Outstanding Equity Awards at end of Fiscal 2010

The following table presents information regarding the outstanding equity awards held by each of our Named Executive Officers as of April 1, 2010, including the vesting dates for the portions of these awards that had not vested as of that date:

Name	Option Awards				Stock Awards				
	Number of Unexercised Options (#)	Number of Underlying Securities Unexercised (#)	Equity Incentive Plan Awards: Number of Securities Underlying Unexercised Options (#)	Exercise Price (\$)	Option Expiration Date	Number of Shares or Units of Stock That Have Not Vested (#)	Market Value of Shares or Units of Stock That Have Not Vested (\$)	Number of Unearned Shares, Units or Other Rights That Have Not Vested (#)	Equity Incentive Plan Awards: Market or Payout Value of Unearned Shares, Units or Other Rights That Have Not Vested (\$)
Gerardo I. Lopez(1)					03/06/2019				
Craig R. Ramsey(2)(3)					12/23/2014				
John D. McDonald(2)(3)					12/23/2014				
Robert J. Lenihan(4)					05/28/2019				
Kevin M. Connor(2)(3)					12/23/2014				
Samuel D. Gourley(4)					05/28/2019				

- (1) The options vest at a rate of 20% per year commencing on March 6, 2010.
- (2) The options vest at a rate of 20% per year commencing on December 23, 2005.
- (3) The option exercise price per share of \$ _____ was adjusted to \$ _____ per share pursuant to the anti-dilution provisions of the 2004 Stock Option Plan to give effect to the payment of a one-time nonrecurring dividend on June 15, 2007 of \$652.8 million to the holders of our then outstanding shares of common stock.
- (4) The options vest at a rate of 20% per year commencing on May 28, 2010.

Option Exercises and Stock Vested Fiscal 2010

None of our Named Executive Officers exercised options or held any outstanding stock awards during fiscal 2010.

Table of Contents**Pension Benefits**

The following table presents information regarding the present value of accumulated benefits that may become payable to the Named Executive Officers under our qualified and nonqualified defined-benefit pension plans.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit(1) (\$)	Payments During Last Fiscal Year (\$)
Gerardo I. Lopez			\$	\$
Craig R. Ramsey	Defined Benefit Retirement Income Plan	12.00	179,849	
	Supplemental Executive Retirement Plan	12.00	93,250	
John D. McDonald	Defined Benefit Retirement Income Plan	31.05	317,871	
	Supplemental Executive Retirement Plan	31.05	164,814	
Robert J. Lenihan				
Kevin M. Connor	Defined Benefit Retirement Income Plan	4.00	27,596	
	Supplemental Executive Retirement Plan	4.00	11,396	
Samuel D. Gourley	Defined Benefit Retirement Income Plan	31.80	476,600	
	Supplemental Executive Retirement Plan	31.80	234,524	

(1)

The accumulated benefit is based on service and earnings considered by the plans for the period through April 1, 2010. It includes the value of contributions made by the Named Executive Officers throughout their careers. The present value has been calculated assuming the Named Executive Officers will remain in service until age 65, the age at which retirement may occur without any reduction in benefits, and that the benefit is payable under the available forms of annuity consistent with the plans. The interest assumption is 6.16%. The post-retirement mortality assumption is based on the 2010 IRS Prescribed Mortality-Static Annuitant, male and female mortality table. See note 11 to the Company's consolidated financial statements contained elsewhere in this prospectus for more information.

Pension and Other Retirement Plans

We provide retirement benefits to the Named Executive Officers under the terms of qualified and non-qualified defined-benefit plans. The AMC Defined Benefit Retirement Income Plan is a tax-qualified retirement plan in which the Named Executive Officers participate on substantially the same terms as our other participating employees. However, due to maximum limitations imposed by ERISA and the Internal Revenue Code on the annual amount of a pension which may be paid under a qualified defined-benefit plan, the benefits that would otherwise be payable to the Named Executive Officers under the Defined Benefit Retirement Income Plan are limited. Because we did not believe that it was appropriate for the Named Executive Officers' retirement benefits to be reduced because of limits under ERISA and the Internal Revenue Code, we have non-qualified supplemental defined-benefit plans that permit the Named Executive Officers to receive the same benefit that would be paid under our qualified defined-benefit plan up to the old IRS limit, as indexed, as if the Omnibus Budget Reconciliation Act of 1993 had not been in effect. On November 7, 2006, our Board of Directors approved a proposal to freeze the AMC Defined Benefit Retirement Income Plan, and our supplemental plans, the AMC Supplemental Executive Retirement Plan and the AMC Retirement Enhancement Plan, effective as of December 31, 2006. As amended, benefits do not accrue after December 31, 2006, but vesting continues for associates with less than five years of vesting service. The material terms of the AMC Defined Benefit Retirement Income Plan, the AMC Supplemental Executive Retirement Plan and the AMC Retirement Enhancement Plan are described below.

Table of Contents

AMC Defined Benefit Retirement Income Plan. The AMC Defined Benefit Retirement Income Plan is a non-contributory defined-benefit pension plan subject to the provisions of ERISA. As mentioned above, the plan was frozen effective December 31, 2006.

The plan provides benefits to certain of our employees based upon years of credited service and the highest consecutive five-year average annual remuneration for each participant. For purposes of calculating benefits, average annual compensation is limited by Section 401(a)(17) of the Internal Revenue Code, and is based upon wages, salaries and other amounts paid to the employee for personal services, excluding certain special compensation. Under the defined benefit plan, a participant earns a vested right to an accrued benefit upon completion of five years of vesting service.

AMC Supplemental Executive Retirement Plan. AMC also sponsors a Supplemental Executive Retirement Plan to provide the same level of retirement benefits that would have been provided under the retirement plan had the federal tax law not been changed in the Omnibus Budget Reconciliation Act of 1993 to reduce the amount of compensation which can be taken into account in a qualified retirement plan. The plan was frozen, effective December 31, 2006, and no new participants can enter the plan and no additional benefits can accrue thereafter.

Subject to the forgoing, any individual who is eligible to receive a benefit from the AMC Defined Benefit Retirement Income Plan after qualifying for early, normal or late retirement benefits thereunder, the amount of which is reduced by application of the maximum limitations imposed by the Internal Revenue Code, is eligible to participate in the Supplemental Executive Retirement Plan.

The benefit payable to a participant equals the monthly amount the participant would receive under the AMC Defined Benefit Retirement Income Plan without giving effect to the maximum recognizable compensation for qualified retirement plan purposes imposed by the Internal Revenue Code, as amended by Omnibus Budget Reconciliation Act of 1993, less the monthly amount of the retirement benefit actually payable to the participant under the AMC Defined Benefit Retirement Income Plan, each as calculated as of December 31, 2006. The benefit is an amount equal to the actuarial equivalent of his/her benefit, computed by the formula above, payable in either a lump sum (in certain limited circumstances, specified in the plan) or equal semi-annual installments over a period of two to ten years, with such form, and, if applicable, period, having been irrevocably elected by the participant.

If a participant's employment terminates for any reason (or no reason) before the earliest date he/she qualifies for early, normal or late retirement benefits under the AMC Defined Benefit Retirement Income Plan, no benefit is payable under the Supplemental Executive Retirement Plan.

Table of Contents**Nonqualified Deferred Compensation**

The following table presents information regarding the contributions to and earnings on the Named Executive Officers' deferred compensation balances during fiscal 2010, and also shows the total deferred amounts for the Named Executive Officers at the end of fiscal 2010:

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)(1)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)
Gerardo I. Lopez	\$	\$ 400,000	\$	\$	\$ 400,000
Craig R. Ramsey	11,550		24,530		137,887
John D. McDonald	10,661		2,414		14,636
Robert J. Lenihan					
Kevin M. Connor					
Samuel D. Gourley					

(1)

The activity for Mr. Lopez reflects the vested portion of his Special Incentive Bonus.

Non-Qualified Deferred Compensation Plan

We permit the Named Executive Officers and other key employees to elect to receive a portion of their compensation reported in the Summary Compensation Table on a deferred basis. Deferrals of compensation during fiscal 2010 and in recent years have been made under the AMC Non-Qualified Deferred Compensation Plan. Participants of the plan are able to defer annual salary and bonus (excluding commissions, expense reimbursement or allowances, cash and non-cash fringe benefits and any stock-based incentive compensation). Amounts deferred under the plans are credited with an investment return determined as if the participant's account were invested in one or more investment funds made available by the Committee and selected by the participant. We may, but need not, credit the deferred compensation account of any participant with a discretionary or profit sharing credit as determined by us. The deferred compensation account will be distributed either in a lump sum payment or in equal annual installments over a term not to exceed 10 years as elected by the participant and may be distributed pursuant to in-service withdrawals pursuant to certain circumstances. Any such payment shall commence upon the date of a "Qualifying Distribution Event" (as such term is defined in the Non-Qualified Deferred Compensation Plan). The Qualifying Distribution Events are designed to be compliant with Section 409A of the Internal Revenue Code.

Pursuant to his employment agreement, Mr. Gerardo Lopez is entitled to a one-time special incentive bonus of \$2,000,000 that vests at the rate of \$400,000 per year over five years, effective March 2009, provided that he remains employed on each vesting date. The first three installments of the special incentive bonus are payable on the third anniversary and the fourth and fifth installments are payable upon vesting. The special incentive bonus of \$2,000,000 shall immediately vest in full upon Mr. Lopez's involuntary termination within twelve months after a change of control, as defined in the employment agreement. As of April 1, 2010, Mr. Lopez has vested in one-fifth, or \$400,000, of this special incentive bonus to be paid on his third anniversary.

Potential Payments Upon Termination or Change in Control

The following section describes the benefits that may become payable to certain Named Executive Officers in connection with a termination of their employment and/or a change in control, changes in responsibilities, salary or benefits. In addition to the benefits described below, outstanding equity-based awards held by our Named Executive Officers may also be subject to accelerated vesting in connection with a change in control of Holdings under the terms of our 2004 Stock Option Plan. Furthermore, upon a termination following a "Change of Control" (as such term is defined in the AMC Retirement

Table of Contents

Enhancement Plan), the Named Executive Officer is entitled to his accrued benefits payable thereunder in a form of payment that he has previously chosen. The Retirement Enhancement Plan and the present value of benefits accumulated under the plan are described above in the table "Pension Benefits" and the accompanying narrative "Pension and Other Retirement Plans."

Assumptions. As prescribed by the SEC's disclosure rules, in calculating the amount of any potential payments to the Named Executive Officers under the arrangements described below, we have assumed that the applicable triggering event (i.e., termination of employment and/or change in control) occurred on the last business day of fiscal 2010 and that the price per share of our common stock is equal to the fair market value of a share of our common stock as of that date.

Gerardo I. Lopez

Mr. Lopez's employment agreement, described above under " Description of Employment Agreements Salary and Bonus Amounts," provides for certain benefits to be paid to Mr. Lopez in connection with a termination of his employment under the circumstances described below.

Severance Benefits. In the event Mr. Lopez's employment is terminated as a result of an involuntary termination during the employment term without cause pursuant to a termination for death, "Disability", or by Mr. Lopez pursuant to a termination for "Good Reason" or after a "Change of Control" (as those terms are defined in the employment agreement), Mr. Lopez will be entitled to severance pay equal to two times the sum of his base salary plus the average of each Incentive Bonus paid to the Executive during the 24 months preceding the severance date (or previous year, if he has not been employed for two bonus cycles as of the severance date). If his employment is terminated before determination of the first Incentive Bonus for which he is eligible under the agreement, then the amount shall be based upon the average actual percentage of target bonus paid to executive officers who participated in the Company's annual bonus plan in the preceding year. In addition, upon such a qualifying termination, the stock options granted pursuant to the employment agreement shall vest in full. The special incentive bonus equal to \$2,000,000, which vests in equal annual installments over five years, shall immediately vest and be paid in full upon the involuntary termination of employment within twelve months after a change of control.

If Mr. Lopez had terminated employment with us on April 1, 2010 pursuant to his employment agreement under the circumstances described in the preceding paragraph, we estimate that he would have been entitled to a cash payment equal to \$1,400,000. This amount is derived by multiplying two by the sum of \$700,000, which represents Mr. Lopez's annualized base salary rate in effect on April 1, 2010. Additionally, Mr. Lopez would have been entitled to accelerated vesting of unvested stock options with a grant date fair value of \$2,068,847 (based on a Black Sholes formula as of March 6, 2009). The special incentive bonus of \$2,000,000 shall immediately vest and be paid in full upon Mr. Lopez's involuntary termination within twelve months after a change of control.

Other Named Executive Officers

The employment agreements for each of the other Named Executive Officers, described above under " Description of Employment Agreements Salary and Bonus Amounts," provide for certain benefits to be paid to the executive in connection with a termination of his employment under the circumstances described below and/or a change in control.

Severance Benefits. In the event the executive's employment is terminated during the employment term as a result of the executive's death or "Disability" or by us pursuant to a "Termination Without Cause" or by the executive following certain changes in his responsibilities, annual base salary or benefits, the executive (or his personal representative) will be entitled to a lump cash severance payment equal to one or two years of his base salary then in effect.

Table of Contents

Upon a termination of employment with us on April 1, 2010 under the circumstances described in the preceding paragraph, we estimate that each Named Executive Officer (other than Mr. Lopez) would have been entitled to a lump sum cash payment as follows: Mr. Craig Ramsey \$770,000; Mr. John McDonald \$770,000; Mr. Robert Lenihan \$820,000; Mr. Kevin Connor \$650,000; and Mr. Samuel Gourley \$287,500. These amounts are derived by multiplying two by the respective executive's annualized base salary rate in effect on April 1, 2010, except for Mr. Gourley who would receive a lump sum amount equal to one year base salary plus the amount of any annual market allowance. Mr. Lenihan is not entitled to severance benefits for an employment termination resulting from death or "Disability".

Restrictive Covenants. Pursuant to each Named Executive Officer's employment agreement, the executive has agreed not to disclose any confidential information of ours at any time during or after his employment with American Multi-Cinema, Inc./AMCE.

Director Compensation Fiscal 2010

The following section presents information regarding the compensation paid during fiscal 2010 to members of our Board of Directors who are not also our employees (referred to herein as "Non-Employee Directors"). The compensation paid to Mr. Gerardo I. Lopez, who is also an employee, is presented above in the Summary Compensation Table and the related explanatory tables. Mr. Lopez did not receive additional compensation for his service as a director.

Non-Employee Directors

We paid our directors an annual cash retainer of \$50,000, plus \$1,500 for each meeting of the board of directors they attended in person or by phone, plus \$1,000 for each committee meeting they attended. We also reimbursed all directors for any out-of-pocket expenses incurred by them in connection with their services provided in such capacity.

The following table presents information regarding the compensation of our non-employee Directors in fiscal 2010:

Name	Fees earned or paid in cash (\$)	Stock Awards (\$)	Option Awards (\$)	Non-equity Incentive Plan Compensation (\$)	Changes in Pension Value and Nonqualified Deferred Compensation		Total (\$)
					Value and Nonqualified Deferred Compensation (\$)	All other Compensation (\$)	
Aaron J. Stone	\$ 59,000	\$	\$	\$	\$	\$	\$ 59,000
Dr. Dana B. Ardi	\$ 56,000						\$ 56,000
Stephen P. Murray	\$ 58,000						\$ 58,000
Stan Parker	\$ 60,000						\$ 60,000
Philip H. Loughlin	\$ 59,000						\$ 59,000
Eliot P. S. Merrill	\$ 57,000						\$ 57,000
Kevin Maroni	\$ 59,000						\$ 59,000
Travis Reid	\$ 60,000						\$ 60,000

Compensation Committee Interlocks and Insider Participation

The Compensation Committee members whose names appear on the Compensation Committee Report were committee members during all of fiscal 2010. No member of the Compensation Committee is or has been a former or current executive officer of the Company or has had any relationships requiring disclosure by the Company under the SEC's rules requiring disclosure of certain relationships and related-party transactions. None of the Company's executive officers served as a

Table of Contents

director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity that has one or more executive officers serving on our Board of Directors or on the Compensation Committee during the fiscal year ended April 1, 2010.

Risk Oversight

The Board of Directors executes its oversight responsibility for risk management directly and through its Committees, as follows:

The Audit Committee has primary responsibility for overseeing the Company's Enterprise Risk Management, or "ERM", program. The Company's Director of Reporting and Control, who reports to the Audit Committee quarterly, facilitates the ERM program with consideration given to our Annual Operating Plan and with direct input obtained from the Senior Leadership Team, or "SLT" the heads of our principal business and corporate functions and their direct reports, under the executive sponsorship of our Executive Vice President and Chief Financial Officer and our Vice President and Chief Accounting Officer. The Audit Committee's meeting agendas include discussions of individual risk areas throughout the year, as well as an annual summary of the ERM process.

The Board of Directors' other committees oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee considers the risks associated with our compensation policies and practices, with respect to both executive compensation and compensation generally. The Board of Directors is kept abreast of its committees' risk oversight and other activities via reports of the Committee Chairmen to the full Board. These reports are presented at every regular Board of Directors meeting and include discussions of committee agenda topics, including matters involving risk oversight.

The Board of Directors considers specific risk topics, including risks associated with our Annual Operating Plan and our capital structure. In addition, the Board of Directors receives detailed regular reports from the members of our SLT that include discussions of the risks and exposures involved in their respective areas of responsibility. Further, the Board of Directors is routinely informed of developments that could affect our risk profile or other aspects of our business.

Policies and Practices as They Relate to Risk Management

The Compensation Committee believes the elements of the Company's executive compensation program effectively link performance-based compensation to financial goals and stockholder interests without encouraging executives to take unnecessary or excessive risks in the pursuit of those objectives. The Compensation Committee believes that the overall mix of compensation elements is appropriately balanced and does not encourage the taking of short-term risks at the expense of long-term results. Long-term incentives for our executives are awarded in the form of equity instruments reflecting, or valued by reference to, our common stock. Long-term incentive awards are generally made on an annual basis and are subject to a multi-year vesting schedule which helps ensure that award recipients always have significant value tied to long-term stock price performance. The Compensation Committee believes that the combination of granting the majority of long-term incentives in the form of option awards, together with the Company stock actually owned by our executives, appropriately links the long-term interests of executives and stockholders, and balances the short-term nature of annual incentive cash bonuses and any incentives for undue risk-taking in our other compensation arrangements.

Equity Incentive Plans

As of the date of this prospectus, our employees and directors hold outstanding stock options for the purchase of up to _____ shares of our common stock. Those options were granted under the AMC Entertainment Holdings, Inc. Amended and Restated 2004 Stock Option Plan (the "2004 Plan") and

Table of Contents

our 2010 Equity Incentive Plan. As of _____, 2011, _____ of those options had vested and the balance were not vested. The exercise prices of those options ranged from \$ _____ per share to \$ _____ per share and each of those options had a maximum term of ten years from the applicable date of grant.

The following sections provide more detailed information concerning our incentive plans and the shares that are available for future awards under these plans. Each summary below is qualified in its entirety by the full text of the relevant plan document and/or option agreement, which has been filed with the Securities and Exchange Commission and is an exhibit to the Form S-1 Registration Statement of which this prospectus is a part and is available through the Securities and Exchange Commission's internet site at <http://www.sec.gov>.

2004 Plan

We adopted the 2004 Plan as amended and restated as of July 11, 2007. Under the 2004 Plan, we are generally authorized to grant options to purchase shares of our common stock to certain of our employees, non-employee directors and consultants and certain employees of our subsidiaries. Options under the 2004 Plan are either incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, or nonqualified stock options. All options granted under the plan expire no later than ten years from their date of grant. No new awards will be granted under the 2004 Plan after the consummation of this offering.

Our Compensation Committee administers the 2004 Plan. As is customary in incentive plans of this nature, the number of shares subject to outstanding awards under the 2004 Plan and the exercise prices of those awards, are subject to adjustment in the event of changes in our capital structure, reorganizations and other extraordinary events. In the event of a corporate event (as defined in the plan), the plan administrator has discretion to provide for the accelerated vesting of awards, among other things.

Our board of directors or our Compensation Committee may amend or terminate the 2004 Plan at any time. The 2004 Plan requires that certain amendments, to the extent required by applicable law or any applicable listing agency or deemed necessary or advisable by the board of directors, be submitted to stockholders for their approval.

2010 Equity Incentive Plan

On July 8, 2010, our board of directors and our stockholders approved the adoption of the AMC Entertainment Holdings, Inc. 2010 Equity Incentive Plan (the "2010 Plan").

Purpose

The purpose of the 2010 Plan is to attract, retain and motivate the officers, employees, non-employee directors, and consultants of us, and any of our subsidiaries and affiliates and to promote the success of our business by providing the participants with appropriate incentives.

Administration

The 2010 Plan will be administered by the Compensation Committee.

Available Shares

The aggregate number of shares of our common stock for delivery pursuant to awards granted under the 2010 Plan is _____ shares (subject to adjustment), which may be either authorized and unissued shares of our common stock or shares of common stock held in or acquired for our treasury.

Table of Contents

Subject to adjustment as provided for in the 2010 Plan, (i) the number of shares available for granting incentive stock options under the 2010 Plan will not exceed _____ shares and (ii) the maximum number of shares that may be granted to a participant each year is _____. To the extent shares subject to an award are not issued or delivered by reason of (i) the expiration, cancellation, forfeiture or other termination of an award, (ii) the withholding of such shares in satisfaction of applicable taxes or (iii) the settlement of all or a portion of an award in cash, then such shares will again be available for issuance under the 2010 Plan.

Eligibility

Directors, officers and other employees of us and of any of our subsidiaries and affiliates, as well as others performing consulting services for us or any of our subsidiaries or affiliates will be eligible for grants under the 2010 Plan.

Awards

The 2010 Plan provides for grants of nonqualified stock options, incentive stock options, stock appreciation rights ("SARs"), restricted stock awards, other stock-based awards or performance-based compensation awards.

Award agreements under the 2010 Plan generally have the following features, subject to change by the Compensation Committee:

Non-Qualified Stock Option Award Agreement: 25% of the options will vest on each of the first four anniversaries of the date of grant; provided, however, that the options will become fully vested and exercisable if within one year following a Change of Control, the participant's service is terminated by us or any of our affiliates without Cause.

Restricted Stock Award Agreement (Time Vesting): The restricted shares will become vested on the fourth anniversary of the date of grant; provided, however, that the restricted shares will become fully vested if, within one year following a Change of Control, the participant's service is terminated by us or any of our affiliates without Cause.

Restricted Stock Award Agreement (Performance Vesting): 25% of the restricted shares will become vested in each year over a four-year period upon us meeting certain pre-established annual performance targets; provided, however, that the restricted shares will become fully vested if within one year following a Change of Control, the participant's service is terminated by us or any of our affiliates without Cause.

"Change of Control" unless otherwise specified in the award agreement, means an event or series of events that results in any of the following: (a) a change in our ownership occurs on the date that any one person or more than one person acting as a group (as determined under Treasury Regulation Section 1.409A-3(i)(5)(v)(B)), other than our subsidiaries, acquires ownership of our stock that, together with stock held by such person or group, constitutes more than fifty percent (50%) of our total voting power. However, if any one person (or more than one person acting as a group) is considered to own more than fifty percent (50%) of the total fair market value or total voting power of our stock prior to the acquisition, any acquisition of additional stock by the same person or persons is not considered to cause a change in our ownership; (b) a change in our effective control occurs if, during any twelve-month period, the individuals, who at the beginning of such period constitute our board of directors (the "Incumbent Board"), cease for any reason to constitute at least a majority of the board of directors, provided, however, that if the election, or nomination for election by our stockholders, of any new director was approved by a vote of at least a majority of the Incumbent Board, such new director shall be considered a member of the Incumbent Board, and provided, further, that any reductions in the size of the Board that are instituted voluntarily by the Incumbent Board shall

Table of Contents

not constitute a "Change of Control", and after any such reduction the "Incumbent Board" shall mean the board of directors as so reduced; or (c) a change in the ownership of a substantial portion of our assets occurs on the date that any one person, or more than one person acting as a group (as determined under Treasury Regulation Section 1.409A-3(i)(5)(v)(B)), other than any of our subsidiaries, acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) our assets that have a total gross fair market value of more than fifty percent (50%) of the total gross fair market value of all our assets immediately prior to such acquisition or acquisitions. For this purpose, gross fair market value means the value of our assets, or the value of the assets being disposed of, determined in good faith by the board of directors without regard to any liabilities associated with such assets; provided, that, in no event shall a Change of Control be deemed to occur under clause (a), (b) or (c) hereof, for purposes of the 2010 Plan and any award agreement, as a result of (i) an initial public offering of our stock or (ii) a change in the majority of the Incumbent Board in connection with an initial public offering of our stock or a secondary public offering of our stock.

"Cause" means, (i) a material breach by the participant of any of the participant's obligations under any written agreement with us or any of our affiliates, (ii) a material violation by the participant of any of our policies, procedures, rules and regulations applicable to employees generally or to similarly situated employees, in each case, as they may be amended from time to time in our sole discretion; (iii) the failure by the participant to reasonably and substantially perform his or her duties to us or our affiliates (other than as a result of physical or mental illness or injury) or the failure by the participant to comply with reasonable directives of our board of directors; (iv) the participant's willful misconduct (including abuse of controlled substances) or gross negligence that is injurious to us, our affiliates or any of our respective customers, clients or employees; (v) the participant's fraud, embezzlement, misappropriation of funds or breach of fiduciary duty against us or any of our affiliates (or any predecessor thereto or successor thereof); or (vi) the commission by the participant of a felony or other serious crime involving moral turpitude. Notwithstanding the foregoing, if the participant is a party to an employment agreement with us or any of our affiliates at the time of his or her termination of employment and such employment agreement contains a different definition of "cause" (or any derivation thereof), the definition in such employment agreement will control for purposes of the award agreement.

In consideration for the grants of the awards, the award agreements subject the participants to certain restrictive covenants and confidentiality obligations.

Adjustment

In the event of any corporate event or transaction involving us, any of our subsidiaries and/or affiliates such as a merger, reorganization, capitalization, stock split, spin-off, or any similar corporate event or transaction, the Compensation Committee will, to prevent dilution or enlargement of participants' rights under the 2010 Plan, substitute or adjust in its sole discretion the awards.

Amendment and Termination

Subject to the terms of the 2010 Plan, the Compensation Committee, in its sole discretion, may amend, alter, suspend, discontinue or terminate the 2010 Plan, or any part thereof or any award (or award agreement), at any time. In the event any award is subject to Section 409A of the Internal Revenue Code of 1986, as amended ("Section 409A"), the Compensation Committee may amend the 2010 Plan and/or any award agreement without the applicable participant's prior consent to exempt the 2010 Plan and/or any award from the application of Section 409A, preserve the intended tax treatment of any such award or comply with the requirements of Section 409A.

Table of Contents**PRINCIPAL STOCKHOLDERS**

The following table sets forth certain information regarding beneficial ownership of our capital stock as of December 30, 2010 after giving effect to the Reclassification, with respect to:

each person or group of affiliated persons known by us to own beneficially more than 5% of the outstanding shares of any class of its capital stock, together with their addresses;

each of our directors;

each of our Named Executive Officers; and

all directors and nominees and executive officers as a group.

Name and Address	Number of Shares Beneficially Owned	Percentage of Shares Beneficially Owned	
		Before Offering	After Offering
5% Beneficial Owners:

The address of Messrs. Parker and Stone is c/o Apollo Management, L.P., 9 West 57th Street, New York, New York 10019.
- (19) Includes shares underlying options.

Table of Contents

DESCRIPTION OF CERTAIN INDEBTEDNESS

As of December 30, 2010 we had \$2.7 billion of outstanding indebtedness. The following is a summary of provisions relating to our indebtedness.

Senior Secured Credit Facility

On December 15, 2010, we amended our senior secured credit facility, entered into on January 26, 2006 with a syndicate of banks and other financial institutions, which consists of a:

term loan facility with \$142.5 million of term B-1 loans, maturing on January 26, 2013 and \$476.6 million of term B-2 loans maturing on December 15, 2016; and

\$192.5 million revolving credit facility maturing on December 15, 2015.

The revolving credit facility includes borrowing capacity available for letters of credit and for borrowings on same-day notice, referred to as the swingline loans.

As of December 30, 2010, we had \$619.1 million outstanding under our term loan facility and \$192.5 million available under our revolving credit facility.

Interest Rate and Fees

The borrowings under the senior secured credit facility bear interest at a rate equal to an applicable margin plus, at our option, either (a) a base rate determined by reference to the higher of (1) the base rate of Citibank, N.A. and (2) the federal funds rate plus $\frac{1}{2}$ of 1% or (b) a LIBOR rate determined by reference to the offered rate for deposits in U.S. dollars appearing on the applicable Telerate screen for the interest period relevant to such borrowing adjusted for certain additional reserves. The current applicable margin for borrowings under the revolving credit facility is 2.25% with respect to base rate borrowings and 3.25% with respect to LIBOR borrowings (which margins may be reduced subject to our attaining certain leverage ratios), the current applicable margin for borrowings of term B-1 loans under the term loan facility is 0.50% with respect to base rate borrowings and 1.50% with respect to LIBOR borrowings (which margins may be reduced subject to our attaining certain leverage ratios), and the applicable margin for borrowings of term B-2 loans under the term loan facility is 2.25% with respect to base rate borrowings and 3.25% with respect to LIBOR borrowings.

In addition to paying interest on outstanding principal under the senior secured credit facility, we are required to pay a commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder at a rate equal to 0.50%.

Prepayments

The senior secured credit facility requires us to prepay outstanding term loans, subject to certain exceptions, with:

after its first full fiscal year after the closing, 50% of AMCE's excess cash flow if AMCE's net senior secured leverage ratio is greater than a certain threshold as of the last day of any fiscal year;

100% of the net cash proceeds of all non-ordinary course asset sales and casualty and condemnation events, subject to certain exceptions and limitations; and

100% of the net proceeds of any incurrence of debt other than debt permitted under the senior secured credit facility.

We may voluntarily repay outstanding loans under the senior secured credit facility at any time without premium or penalty, other than customary "breakage" costs with respect to LIBOR loans and

Table of Contents

if on or prior to December 15, 2011, we make any prepayments of the term B-2 loans in connection with a repricing transaction, or effect an amendment resulting in a repricing transaction, we must pay a prepayment premium of 1.00% of the term B-2 loans being prepaid.

Amortization

The balance of term B-1 loans and term B-2 loans made under the term loan facility amortize each year in amounts equal to 1% per annum in equal quarterly installments for (a) the first six years and nine months in the case of term B-1 loans, with the remaining amount payable on January 26, 2013, and (b) the first ten years and nine months in the case of term B-2 loans, with the remaining amount payable on December 15, 2016.

Principal amounts outstanding under the revolving credit facility are due and payable in full at maturity on December 15, 2015.

Guarantee and Security

All obligations under the senior secured credit facility are unconditionally guaranteed by, subject to certain exceptions, each of AMCE's existing and future direct and indirect wholly-owned domestic subsidiaries.

All obligations under the senior secured credit facility, and the guarantees of those obligations (as well as cash management obligations and any interest hedging or other swap agreements), are secured by substantially all of our assets as well as those of each subsidiary guarantor, including, but not limited to, the following, and subject to certain exceptions:

a pledge of 100% of the equity interests of substantially all of AMCE's domestic subsidiaries and 65% of the equity interests of AMCE's "first-tier" foreign subsidiaries; and

a security interest in substantially all of AMCE's tangible and intangible assets as well as those of each subsidiary guarantor.

Certain Covenants and Events of Default

The senior secured credit facility contains a number of covenants that, among other things, restrict, subject to certain exceptions, AMCE's ability, and the ability of AMCE's subsidiaries, to:

sell assets;

incur additional indebtedness;

prepay other indebtedness (including the notes);

pay dividends and distributions or repurchase its capital stock;

create liens on assets;

make investments;

make certain acquisitions;

engage in mergers or consolidations;

engage in certain transactions with affiliates;

amend certain charter documents and material agreements governing its subordinated indebtedness;

change the business conducted by AMCE and its subsidiaries; and

Table of Contents

enter into agreements that restrict dividends from subsidiaries.

In addition, the senior secured credit facility requires AMCE, commencing with the fiscal quarter ended September 28, 2006, to maintain a maximum net senior secured leverage ratio as long as the commitments under the revolving credit facility remain outstanding. The senior secured credit facility also contains certain customary affirmative covenants and events of default.

Notes due 2014, Notes due 2016, Notes Due 2019, Notes due 2020, Discount Notes due 2014 and Parent Term Loan Facility

On February 24, 2004, AMCE sold \$300.0 million aggregate principal amount of its Notes due 2014. The Notes due 2014 bear interest at the rate of 8% per annum, payable in March and September of each year. The Notes due 2014 are redeemable at our option, in whole or in part, at any time on or after March 1, 2009 at 104.000% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after March 1, 2012, plus interest accrued to the redemption date. The Notes due 2014 are unsecured and are subordinated to all AMCE's existing and future senior indebtedness (as defined in the indenture for the Notes due 2014). As of December 30, 2010, we had \$299.4 million carrying value outstanding under our Notes due 2014.

On January 26, 2006, AMCE sold \$325.0 million aggregate principal amount of its Notes due 2016. The Notes due 2016 bear interest at a rate of 11% per annum, payable in February and August of each year. The Notes due 2016 are redeemable at our option, in whole or in part, at any time on after February 1, 2011 at 105.5% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after February 1, 2014. In addition, AMCE may redeem up to 35% of the aggregate principal amount of the Notes due 2016 using net proceeds from certain equity offerings completed on or prior to February 1, 2009. As of December 30, 2010, we had \$229.9 million carrying value outstanding under our Notes due 2016.

On June 9, 2009, AMCE sold \$600.0 million aggregate principal amount of its Notes due 2019. The Notes due 2019 bear interest at the rate of 8.75% per annum, payable in June and December of each year. The Notes due 2019 are redeemable at our option, in whole or in part, at any time on or after June 1, 2014 at 104.375% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after June 1, 2017, plus interest accrued to the redemption date. The Notes due 2019 are unsecured and rank equally with all of AMCE's existing and future senior indebtedness (as defined in the indenture for the Notes due 2019). As of December 30, 2010, we had \$587.0 million carrying value outstanding under our Notes due 2019.

On December 15, 2010, AMCE sold \$600.0 million aggregate principal amount of its Notes due 2020. The Notes due 2020 bear interest at a rate of 9.75% per annum, payable in June and December of each year. The Notes due 2020 are redeemable at our option, in whole or in part, at any time on or after December 1, 2015 at 104.875% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after December 1, 2018. In addition, AMCE may redeem up to 35% of the aggregate principal amount of the Notes due 2020 using net proceeds from certain equity offerings completed on or prior to December 1, 2013. As of December 30, 2010, we had \$600.0 million carrying value outstanding under our Notes due 2020.

On August 18, 2004, Holdings sold \$304.0 million aggregate principal amount at maturity of its Discount Notes due 2014 for gross proceeds of \$169.9 million. On any interest payment date prior to August 15, 2009, Holdings was permitted to commence paying cash interest (from and after such interest payment date) in which case (i) Holdings would be obligated to pay cash interest on each subsequent interest payment date, (ii) the notes would cease to accrete after such interest payment date and (iii) the outstanding principal amount at the maturity of each note would be equal to the accreted value of such notes as of such interest payment date. Holdings commenced paying cash interest on August 16, 2007 and made its first semi-annual interest payment on February 15, 2008 at which time

Table of Contents

the principal became fixed at \$240.8 million. The Discount Notes due 2014 are redeemable at our option, in whole or in part, at any time on or after August 15, 2009 at 106.0% of the principal amount thereof, declining ratably to 100.0% of principal amount thereof on or after August 15, 2012 and thereafter, plus interest accrued to redemption date. As of December 30, 2010, we had \$70.1 million carrying value outstanding under the Discount Notes due 2014.

On June 13, 2007, we sold \$400.0 million aggregate principal amount of our Parent term loan facility for net proceeds of \$396.0 million. Borrowings under the Parent term loan facility bear interest at a rate equal to an applicable margin plus, at our option, either a base rate or LIBOR. The initial applicable margin for borrowings under the Parent term loan facility was 4.00% with respect to base rate borrowings and 5.00% with respect to LIBOR borrowings. Interest on borrowings under the Parent term loan facility is payable on each March 15, June 15, September 15, and December 15, beginning September 15, 2007 by adding such interest for the applicable period to the principal amount of the outstanding loans. We are required to pay an administrative agent fee to the lenders under the Parent term loan facility of \$100,000 annually. We may voluntarily repay outstanding loans under the Parent term loan facility, in whole or in part, together with accrued interest to the date of such prepayment on the principal amount prepaid at 100% of principal. As of December 30, 2010, we had \$206.7 million carrying value outstanding under the Parent term loan facility.

The indentures relating to the outstanding notes allow us to incur all permitted indebtedness (as defined therein) without restriction, which includes all amounts borrowed under the senior secured credit facility. The indentures also allow us to incur additional debt as long as it can satisfy the coverage ratio of each indenture after giving effect thereto on a pro forma basis.

The indentures also contain covenants limiting dividends, purchases or redemptions of stock, transactions with affiliates and mergers and sales of assets, and require us to make an offer to purchase such notes upon the occurrence of a change in control, as defined in the indentures. These covenants are substantially similar to the covenants in all the indentures are subject to a number of important qualifications. The indentures do not impose any limitation on the incurrence of liabilities that are not considered "indebtedness" under the indentures, such as certain sale/leaseback transactions; nor do the note indentures impose any limitation on the amount of liabilities incurred by our subsidiaries, if any, that might be designated as "unrestricted subsidiaries" (as defined in the indentures). Furthermore, we are not restricted from making advances to, or investing in, other entities (including unaffiliated entities) and its subsidiaries are not restricted from entering into agreements restricting its ability to pay dividends or otherwise transfer funds to it.

The indentures relating to the Notes due 2014, the Notes due 2016 and the Notes due 2020, or collectively, the Subordinated Notes, also contain provisions subordinating AMCE's obligations under those notes to its obligations under its existing senior secured credit facility and other senior indebtedness. These include a provision that applies if there is a payment default under its existing senior secured credit facility or other senior indebtedness and one that applies if there is a non-payment default that permits acceleration of indebtedness under its existing senior secured credit facility. If there is a payment default under the senior secured credit facility or other senior indebtedness, generally no payment may be made on any of the Subordinated Notes until such payment default has been cured or waived or such senior indebtedness had been discharged or paid in full. If there is a non-payment default under the senior secured credit facility, or with respect to designated senior indebtedness (as defined), if any, that would permit the lenders to accelerate the maturity date of the existing senior secured credit facility or any such designated senior indebtedness, no payment may be made on the Subordinated Notes for a period (a "payment blockage period") commencing upon the receipt by the indenture trustees for the Subordinated Notes of notice of such default and ending up to 179 days thereafter. Not more than one payment blockage period may be commenced during any period of 365 consecutive days. Our failure to make payment on any series of Subordinated Notes when due or within any applicable grace period, whether or not occurring under a payment blockage period, will be an event of default with respect to such existing Subordinated Notes.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

As a public company we will have a policy that will ensure that all transactions with related parties are fair, reasonable and in the parties' best interest. In this regard, generally the board of directors or one of the committees reviews material transactions between the Company and related parties to determine that, in their best business judgment, such transactions meet that standard. The Company believes that each of the transactions described below is on terms at least as favorable to it as could have been obtained from an unaffiliated third party. Set forth below is a description of certain transactions which have occurred since March 29, 2007 or which involve obligations that remain outstanding as of December 30, 2010.

For a description of certain employment agreements between us and Messrs. Gerardo I. Lopez, John D. McDonald, Craig R. Ramsey, Kevin M. Connor and Mark A. McDonald see "Compensation Discussion and Analysis Compensation of Named Executive Officers."

Governance Agreements

In connection with the creation of Parent by the Sponsors and the related borrowing under the Parent's term loan facility, Parent, the Sponsors and the other former stockholders of Holdings, as applicable, entered into various agreements defining the rights of our stockholders with respect to voting, governance and ownership and transfer of our stock, all of which will be replaced with the exception of the Stockholders Agreement, which will be amended upon completion of this offering. In connection with this offering, the Sponsors and certain of our pre-existing stockholders will enter into an Amended and Restated Stockholders Agreement, which, together with our Second Amended and Restated Certificate of Incorporation and the Management Stockholders Registration Rights Agreement, will define the rights of such stockholders post-initial public offering with respect to voting, governance, ownership and transfer of our stock (collectively, the "Governance Agreements").

The Governance Agreements will provide that our Board of Directors will initially consist of up to 12 directors, two of whom shall be designated by JPMP, two of whom shall be designated by Apollo, one of whom shall be our Chief Executive Officer, one of whom shall be designated by Carlyle, one of whom shall be designated by Bain, one of whom shall be designated by Spectrum, one of whom shall be designated by Bain, Carlyle and Spectrum, voting together, so long as such designee is consented to by each of Bain and Carlyle and three of whom will be independent directors initially designated by the Sponsors. Each of the directors will have one vote on all matters placed before our Board of Directors. Each of JPMP's and Apollo's right to appoint two directors shall be reduced to the right to appoint one director if at any time such Sponsor ceases to own at least 10% of our outstanding common stock or if the Sponsors together with certain of our pre-existing stockholders cease to collectively own more than 50% of our outstanding common stock. The right of Bain, Carlyle and Spectrum to designate a director as a group will terminate if such Sponsors cease to collectively own at least 15% of our outstanding common stock or if the Sponsors together with certain of our pre-existing stockholders cease to collectively own more than 50% of our outstanding common stock. A Sponsor will lose all of its director designation rights if at any time it ceases to own at least 5% of our outstanding common stock.

The Amended and Restated Stockholders Agreement will provide that, until the date neither of Apollo or JPMP has a right to designate directors to the board (the "Blockout Period"), certain continuing stockholders party thereto (other than the Sponsors) will generally vote their shares of capital stock in favor of any matter in proportion to the shares of capital stock of Apollo and JPMP voted in favor of such matter, except in certain specified instances. The Amended and Restated Stockholders Agreement will also provide that, until the date on which any one of Bain, Carlyle and Spectrum ceases to own at least 25% of the shares of our common stock that they will own immediately following this offering, Bain, Carlyle and Spectrum will generally vote their shares of

Table of Contents

capital stock in favor of any matter in which any two out of Bain, Carlyle and Spectrum agree, except in certain specified instances.

The Amended and Restated Stockholders Agreement will set forth a number of transfer provisions for the Sponsors and our other pre-existing stockholders with respect to their interests in us, including the following:

Drag-along rights. If, during the five-year period following this offering and for so long as the Sponsors and our other pre-existing stockholders hold in the aggregate at least 50.1% of the outstanding shares of common stock, Sponsors constituting at least three of any of Apollo, JPMP, Bain or Carlyle propose to transfer shares of Parent to an independent third party in a bona fide arm's-length transaction or series of transactions (other than an open market public sale) that results in a sale of at least 50.1% of our shares, such Sponsors may elect to require each of the other stockholders party to the Amended and Restated Stockholders Agreement to transfer to such third party all of its shares at the purchase price and upon the other terms and subject to the conditions of the sale.

Tag-along rights. If, during the five-year period following the offering, any Sponsor proposes to transfer shares held by it (other than an open market public sale), then such stockholder shall give notice to each other stockholder party to the Amended and Restated Stockholders Agreement and the Management Stockholders Registration Rights Agreement, who shall each have the right to participate on a pro rata basis in the proposed transfer on the terms and conditions offered by the proposed purchaser.

Demand rights. Subject to the consent of at least two of any of JPMP, Apollo, Carlyle and Bain during the first two years following the offering, each Sponsor has the right at any time following the offering to make a written request for registration under the Securities Act of part or all of the registrable equity interests held by such stockholders at our expense, subject to certain limitations. Subject to the same consent requirement, the other pre-existing stockholders of Parent as a group shall have the right at any time following the offering to make one written request to Parent for registration under the Securities Act of part or all of the registrable equity interests held by such stockholders with an aggregate offering price to the public of at least \$200 million.

Piggyback rights. If we at any time propose to register under the Securities Act any equity interests on a form and in a manner which would permit registration of the registrable equity interests held by our stockholders for sale to the public under the Securities Act, we will give written notice of the proposed registration to each stockholder party to the Amended and Restated Stockholders Agreement and the Management Stockholders Registration Rights Agreement, who shall then have the right to request that any part of its registrable equity interests be included in such registration, subject to certain limitations.

Holdback agreements. Each stockholder will agree that it will not offer for public sale any equity interests during the 30 days before and a period not to exceed 90 days (180 days in the case of the offering) after the effective date of any registration statement filed by us in connection with an underwritten public offering (except as part of such underwritten registration or as otherwise permitted by such underwriters), subject to certain limitations.

The Management Stockholders Registration Rights Agreement provides our pre-existing stockholders who are employees of AMCE with piggyback registration rights and holdback agreements similar to those set forth in the Amended and Restated Stockholders Agreement.

Amended and Restated Fee Agreement

In connection with the merger with LCE Holdings, we entered into an Amended and Restated Fee Agreement with the Sponsors, which provides for an annual management fee of \$5 million, payable

Table of Contents

quarterly and in advance to each Sponsor, on a pro rata basis, until the 12th anniversary from December 23, 2004, and such time as the Sponsors own less than 20% in the aggregate of our company. In addition, the fee agreement provides for reimbursements by us to the Sponsors for their out-of-pocket expenses. The Amended and Restated Agreement terminated on June 11, 2007, the date of the holdco merger, and was superseded by a substantially identical agreement entered into by us, the Sponsors and our other stockholders.

Upon the consummation of a change in control transaction or an initial public offering, each of the Sponsors will receive, in lieu of quarterly payments of the annual management fee, a fee equal to the net present value of the aggregate annual management fee that would have been payable to the Sponsors during the remainder of the term of the fee agreement (assuming a twelve year term from the date of the original fee agreement), calculated using the treasury rate having a final maturity date that is closest to the twelfth anniversary of the date of the original fee agreement date. We estimate that our payment to the Sponsors would be \$26.1 million had the offering occurred on December 30, 2010. See note 16 to the consolidated financial information included elsewhere in this prospectus.

The fee agreement also provides that we will indemnify the Sponsors against all losses, claims, damages and liabilities arising in connection with the management services provided by the Sponsors under the fee agreement.

DCIP

In February 2007, Mr. Travis Reid was hired as the chief executive officer of DCIP, a joint venture among AMCE, Cinemark USA and Regal formed to implement digital cinema in our theatres and to create a financing model and establish agreements with major motion picture studios for the implementation of digital cinema. Mr. Reid is a member of the Company's Board of Directors.

On March 10, 2010 DCIP completed its financing transactions for the deployment of digital projection systems to nearly 14,000 movie theatre screens across North America, including screens operated or managed by AMCE, Regal and Cinemark. At closing the Company contributed 342 projection systems that it owned to DCIP which were recorded at estimated fair value as part of an additional investment in DCIP of \$21.8 million. The Company also made cash investments in DCIP of \$840,000 at closing, and DCIP made a distribution of excess cash to us after the closing date and prior to year-end of \$1.3 million. The Company recorded a loss on contribution of the 342 projection systems of \$563,000, based on the difference between estimated fair value and its carrying value on the date of contribution. On March 26, 2010 the Company acquired 117 digital projectors from third party lessors for \$6.8 million and sold them together with seven digital projectors that it owned to DCIP for \$6.6 million. The Company recorded a loss on the sale of these 124 systems to DCIP of \$697,000. As of December 30, 2010, the Company operated 1,649 digital projection systems leased from DCIP pursuant to operating leases and anticipates that it will have deployed 4,000 of these systems in its existing theatres over the next three to four years. The additional digital projection systems will allow the Company to add additional 3D screens to its circuit where the Company is generally able to charge a higher admission price than 2D.

Market Making Transactions

On August 18, 2004, Holdings sold \$304.0 million in aggregate principal amount at maturity of its Discount Notes due 2014. On June 9, 2009, AMCE sold \$600.0 million in aggregate principal amount of its Notes due 2019. On January 26, 2006, AMCE sold \$325.0 million in aggregate principal amount of its Notes due 2016. JP Morgan Securities Inc., an affiliate of J.P. Morgan Partners, LLC which owns approximately 20.8% of our company, was an initial purchaser of these notes. Credit Suisse Securities (USA) LLC, whose affiliates own approximately 1.6% of our company, was also an initial purchaser of these notes.

Table of Contents

On December 15, 2010, AMCE sold \$600.0 million in aggregate principal amount of our 9.75% Senior Subordinated Notes due 2020. J.P. Morgan Securities LLC, an affiliate of J.P. Morgan Partners, LLC which owns approximately 20.8% of Holdings, was an initial purchaser of these notes.

Director Independence

As of February 25, 2011, our Board of Directors was comprised of Dana B. Ardi, Gerardo I. Lopez, Phillip H. Loughlin, Kevin Maroni, Eliot P. S. Merrill, Stephen P. Murray, Stan Parker and Aaron J. Stone. We have no securities listed for trading on a national securities exchange or in an automated inter-dealer quotation system of a national securities association which has requirements that a majority of our board of directors be independent. For purposes of complying with the disclosure requirements of the Securities and Exchange Commission, we have adopted the definition of independence used by the New York Stock Exchange. Under this definition of independence, none of our directors are independent.

Table of Contents

DESCRIPTION OF CAPITAL STOCK

Authorized Capital

The following description of material terms of our capital stock and certain provisions of our certificate of incorporation and bylaws, each of which will be in effect on the closing of this offering, are summaries and are qualified by reference to the certificate of incorporation and the bylaws, copies of which have been filed as exhibits to the registration statement, of which this prospectus forms a part.

Our authorized capital stock consists of:

shares of common stock, par value \$0.01 per share; and

shares of preferred stock, par value \$0.01 per share.

Common Stock

At the completion of this offering, there will be _____ shares of common stock issued and outstanding.

Voting Rights

Each holder of common stock will be entitled to one vote per share.

Our directors will be elected by all of our common stockholders voting together as a single class.

Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of our outstanding voting power. Except as otherwise required by the DGCL, the Amended and Restated Stockholders Agreement, as amended upon completion of this offering, our certificate of incorporation or the voting rights granted to any preferred stock we subsequently issue, the holders of outstanding shares of common stock and preferred stock entitled to vote thereon, if any, will vote as one class with respect to all matters to be voted on by our stockholders. Except as otherwise provided by law, and subject to any voting rights granted to any preferred stock we subsequently issue, amendments to our certificate of incorporation must be approved by the holders of at least a majority of the outstanding common stock. Under the DGCL, amendments to our certificate of incorporation that would alter or change the powers, preferences or special rights of the common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class.

Dividends

Holders of common stock will share ratably (based on the number of shares of common stock held) in any dividend declared by our board of directors, subject to any preferential rights of any outstanding preferred stock.

Other Rights

Upon our liquidation, dissolution or winding up, after payment in full of the amounts required to be paid to holders of preferred stock, if any, all holders of common stock, regardless of class, will be entitled to share ratably in any assets available for distribution to holders of shares of common stock. No shares of any class of common stock are subject to redemption or have preemptive rights to purchase additional shares of common stock.

Table of Contents

Preferred Stock

Upon the closing of this offering, our board of directors will be authorized, without further stockholder approval, to issue from time to time up to an aggregate of _____ shares of preferred stock in one or more series and to fix or alter the designations, preferences, rights and any qualifications, limitations or restrictions of the shares of each such series thereof, including the dividend rights, dividend rates, conversion rights, voting rights, terms of redemption (including sinking fund provisions), redemption price or prices, liquidation preferences and the number of shares constituting any series or designations of such series. Upon the closing of this offering, there will be no shares of preferred stock outstanding. We have no present plans to issue any shares of preferred stock. See "Anti-Takeover Effects of Certain Provisions of Delaware Law, the Certificate of Incorporation and the Bylaws."

Options

As of the completion of this offering, options to purchase a total of _____ shares of common stock will be outstanding, of which _____ will be eligible for exercise or sale immediately following the completion of this offering. Options issued concurrently with completion of the offering, if any, will be exercisable at the same price as the offering price. Common stock may be subject to the granting of options under the equity incentive plan. See "Compensation Discussion and Analysis Equity Incentive Plan" and "Shares Eligible for Future Sale."

Anti-Takeover Effects of Certain Provisions of Delaware Law, the Certificate of Incorporation and the Bylaws

We plan to elect in our amended and restated certificate of incorporation to be subject to Section 203 of the DGCL, an anti-takeover law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination, such as a merger, with a person or group owning 15% or more of the corporation's voting stock for a period of three years following the date the person became an interested stockholder, unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner.

Certain other provisions of the amended and restated certificate of incorporation and bylaws may be considered to have an anti-takeover effect and may delay or prevent a tender offer or other corporate transaction that a stockholder might consider to be in its best interest, including those transactions that might result in payment of a premium over the market price for our shares. These provisions are designed to discourage certain types of transactions that may involve an actual or threatened change of control of us without prior approval of our board of directors. These provisions are meant to encourage persons interested in acquiring control of us to first consult with our board of directors to negotiate terms of a potential business combination or offer. We believe that these provisions protect against an unsolicited proposal for a takeover of us that might affect the long term value of our stock or that may be otherwise unfair to our stockholders. For example, our amended and restated certificate of incorporation and bylaws:

provide for a classified board of directors, pursuant to which our board of directors will be divided into three classes whose members will serve three-year staggered terms;

provide that the size of the board of directors will be set by members of the board, and any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office or by the Sponsors that designated a director who is no longer a member of the board if the Sponsors continue to have such a right of designation pursuant to the Governance Agreements;

Table of Contents

do not permit stockholders to take action by written consent unless the Sponsors own at least 50.1% of our outstanding common stock;

provide that, except as otherwise required by law, special meetings of stockholders can only be called by our board of directors;

establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of stockholders, including proposed nominations of candidates for election to our board of directors;

limit consideration by stockholders at annual meetings only those proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board of directors or by a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered timely written notice in proper form to our secretary of the stockholder's intention to bring such business before the meeting;

authorize the issuance of "blank check" preferred stock that could be issued by our board of directors to increase the number of outstanding shares or establish a stockholders rights plan making a takeover more difficult and expensive; and

do not permit cumulative voting in the election of directors, which would otherwise allow less than a majority of stockholders to elect director candidates.

Special Meeting of Stockholders

Special meetings of our stockholders may be called only by a majority of our directors.

Actions by Written Consent

Stockholder action by written consent in lieu of a meeting may only be taken so long as the Sponsors own a majority of our outstanding common stock. Thereafter, stockholder action can be taken only at an annual or special meeting of stockholders.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting of stockholders, must provide timely notice thereof in writing. To be timely, a stockholder's notice generally must be delivered to and received at our principal executive offices, not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, that in the event that the date of such meeting is advanced more than 30 days prior to, or delayed by more than 30 days after, the anniversary of the preceding year's annual meeting of our stockholders, a stockholder's notice to be timely must be so delivered not earlier than the close of business on the 120th day prior to such meeting and not later than the close of business on the later of the 90th day prior to such meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Our bylaws also specify certain requirements as to the form and content of a stockholder's notice. These provisions may preclude stockholders from bringing matters before an annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders.

Authorized But Unissued Shares

The authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval. These additional shares may be used for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and

Table of Contents

employee benefit plans. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Amendments to Certificate of Incorporation or Bylaws

Our certificate of incorporation provides that the affirmative vote of a majority of the shares entitled to vote on any matter is required to amend our certificate of incorporation or bylaws. In addition, under the DGCL, an amendment to our certificate of incorporation that would alter or change the powers, preferences or special rights of the common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class. Subject to our bylaws, our board of directors may from time to time make, amend, supplement or repeal our bylaws by vote of a majority of our board of directors.

Registration Rights

Our governance agreements provide for registration rights for the Sponsors, their co-investors and certain members of management. Under the governance agreements, we are required to file at our expense, at any time after the expiration of any underwriter lock-up period applicable to the Sponsors in connection with this offering, a registration statement under the Securities Act covering the resale by the Sponsors and any of their permitted transferees of all shares of common stock held by such Sponsor. The Sponsors, the co-investors and management and any of their respective permitted transferees also will have "piggyback" registration rights entitling them to participate in any future offering of the common stock by us, subject to certain exceptions and limitations. See "Certain Relationships and Related Party Transactions Governance Agreements."

Limitation of Liability and Indemnification of Directors and Officers

As permitted by the Delaware General Corporation Law, or DGCL, we have adopted provisions in our certificate of incorporation that limit or eliminate the personal liability of our directors and officers for monetary damages for a breach of their fiduciary duty of care as a director or officer. The duty of care generally requires that, when acting on behalf of the corporation, directors and officers exercise an informed business judgment based on all material information reasonably available to them. Consequently, a director or officer will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director or officer, except for liability for:

- any breach of the person's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- any act related to unlawful stock repurchases, redemptions or other distributions or payment of dividends; or
- any transaction from which the person derived an improper personal benefit.

These limitations of liability do not generally affect the availability of equitable remedies such as injunctive relief or rescission.

As permitted by the DGCL, our certificate of incorporation and bylaws provide that:

we will indemnify our current and former directors and officers and anyone who is or was serving at our request as the director or officer of, or our legal representative in, another entity, and may indemnify our current or former employees and other agents, to the fullest extent permitted by the DGCL, subject to limited exceptions; and

Table of Contents

we may purchase and maintain insurance on behalf of our current or former directors, officers, employees or agents against any liability asserted against them and incurred by them in any such capacity, or arising out of their status as such.

We currently maintain liability insurance for our directors and officers.

Our certificate of incorporation requires us to advance expenses to our directors and officers in connection with a legal proceeding, subject to receiving an undertaking from such director or officer to repay advanced amounts if it is determined he or she is not entitled to indemnification. Our bylaws provide that we may advance expenses to our employees and other agents, upon such terms and conditions, if any, as we deem appropriate.

We intend to enter into separate indemnification agreements with each of our directors and officers, which may be broader than the specific indemnification provisions contained in the DGCL. These indemnification agreements may require us, among other things, to indemnify our directors and officers against liabilities that may arise by reason of their status or service as directors or officers, other than liabilities arising from willful misconduct. These indemnification agreements may also require us to advance any expenses incurred by the directors or officers as a result of any proceeding against them as to which they could be indemnified and to obtain directors' and officers' insurance, if available on reasonable terms.

Currently, to our knowledge, there is no pending litigation or proceeding involving any of our directors, officers, employees or agents in which indemnification by us is sought, nor are we aware of any threatened litigation or proceeding that may result in a claim for indemnification.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted for our directors, officers and controlling persons under the foregoing provisions or otherwise, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Transfer Agent and Registrar

The transfer agent and registrar for the common stock is expected to be .

Listing

We have applied to list the common stock on a national securities exchange under the symbol "AMC".

Table of Contents

SHARES ELIGIBLE FOR FUTURE SALE

Prior to this offering, there has been no public market for our common stock, and no predictions can be made about the effect, if any, that market sales of shares of our common stock or the availability of such shares for sale will have on the market price prevailing from time to time. Nevertheless, the actual sale of, or the perceived potential for the sale of, our common stock in the public market may have an adverse effect on the market price for the common stock and could impair our ability to raise capital through future sales of our securities. See "Risk Factors Risks Related to this Offering Future sales or the possibility of future sales of a substantial amount of our common stock may depress the price of shares of our common stock."

Sale of Restricted Shares and Lock-Up Agreements

Upon completion of this offering, we will have an aggregate of _____ shares of our common stock outstanding, excluding shares reserved at _____, 2011 for issuance upon exercise of options that have been granted under our stock option plans (_____ of which were exercisable at such date).

Of these shares, the _____ shares of our common stock to be sold in this offering, or _____ shares if the underwriters' option to purchase additional shares is exercised in full, will be freely tradable without restriction or further registration under the Securities Act, except for any shares which may be acquired by any of our "affiliates" as that term is defined in Rule 144 under the Securities Act, which will be subject to the resale limitations of Rule 144.

The remaining _____ shares of our common stock and non-voting common stock outstanding will be restricted securities, as that term is defined in Rule 144, and may in the future be sold without restriction under the Securities Act to the extent permitted by Rule 144 or any applicable exemption under the Securities Act, subject to the contractual provisions of our agreements with our Sponsors. See "Certain Relationships and Related Party Transactions Governance Agreements."

Our Sponsors and our directors and officers who would hold in the aggregate _____ shares of our common stock (after giving effect to the exercise of stock options), are subject to various lock-up agreements that prohibit the holders from offering, selling, contracting to sell, granting an option to purchase, making a short sale or otherwise disposing of any shares of our common stock or any option to purchase shares of our common stock or any securities exchangeable for or convertible into shares of common stock for a period of 180 days after the date of this prospectus.

In the event that either (1) during the last 17 days of the "lock-up" period, we release earnings results or material news or a material event relating to us occurs or (2) prior to the expiration of the "lock-up" period, we announce that we will release earnings results during the 16-day period beginning on the last day of the "lock-up" period, then in either case the expiration of the "lock-up" will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the occurrence of the material news or event, as applicable, unless _____ waives, in writing, such an extension.

Rule 144

In general, under Rule 144 under the Securities Act, a person (or persons whose shares are aggregated) who is not deemed to have been an affiliate of ours at any time during the three months preceding a sale, and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months (including any period of consecutive ownership of preceding non-affiliated holders) would be entitled to sell those shares, subject only to the availability of current public information about us. A non-affiliated person who has beneficially owned restricted securities within the meaning of Rule 144 for at least one year would be entitled to sell those shares without regard to the provisions of Rule 144.

Table of Contents

A person (or persons whose shares are aggregated) who is deemed to be an affiliate of ours and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months would be entitled to sell within any three-month period a number of shares that does not exceed the greater of one percent of the then outstanding shares of our common stock or the average weekly trading volume of our common stock during the four calendar weeks preceding such sale. Such sales are also subject to certain manner of sale provisions, notice requirements and the availability of current public information about us.

Registration Rights

Upon completion of this offering, the Sponsors and their co-investors will hold in the aggregate approximately _____ shares of our common stock. Pursuant to the Governance Agreements described above in "Certain Relationships and Related Party Transactions Governance Agreements," the Sponsors and their co-investors will have the right, subject to various conditions and limitations, to demand the filing of, and include such shares of our common stock in, future registration statements relating to our common stock. Further, certain members of management who will hold in the aggregate approximately _____ shares of our common stock (after giving effect to the exercise of stock options), will have the right subject to various conditions and limitations, to include such shares of our common stock in future registration statements relating to our common stock. These registration rights of our stockholders could impair the prevailing market price and impair our ability to raise capital by depressing the price at which we could sell our common stock.

Options

In addition to the _____ shares of common stock outstanding immediately after this offering, as of the date of this prospectus, there will be outstanding options to purchase _____ shares of our common stock, of which _____ options are currently exercisable.

As soon as practicable after the completion of this offering, we intend to file a registration statement on Form S-8 under the Securities Act covering shares of our common stock reserved for issuance under our equity incentive plan. Accordingly, shares of our common stock registered under such registration statement will be available for sale in the open market upon exercise by the holders, subject to vesting restrictions, Rule 144 limitations applicable to our affiliates and the contractual lock-up provisions described above.

Table of Contents

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of the material U.S. federal income tax considerations generally applicable to beneficial owners of our common stock ("Holders") that acquire shares of our common stock pursuant to this offering and that hold such shares as capital assets (generally, for investment). This summary is based upon the Internal Revenue Code of 1986, as amended (the "Code"), existing, temporary and proposed Treasury regulations, Internal Revenue Service ("IRS") rulings and pronouncements and judicial decisions now in effect, all of which are subject to change, possibly on a retroactive basis, and to differing interpretations. This summary does not consider specific facts and circumstances that may be relevant to a particular Holder's tax position and does not consider any tax laws other than U.S. federal income tax laws (for example, this summary does not consider any state, local, estate or gift, or non-U.S. tax consequences of an investment in our common stock). It also does not apply to Holders subject to special tax treatment under the U.S. federal income tax laws (including partnerships or other pass-through entities, banks or other financial institutions, insurance companies, dealers in securities, persons who hold common stock as part of a "straddle," "hedge," "conversion transaction" or other risk-reduction or integrated transaction, controlled foreign corporations, passive foreign investment companies, foreign personal holding companies, companies that accumulate earnings to avoid U.S. federal income tax, U.S. Holders (as defined below) who do not have the U.S. dollar as their functional currency, tax-exempt organizations, former U.S. citizens or residents, those who are subject to Medicare contribution tax and persons who hold or receive common stock as compensation).

For purposes of this summary, the term "U.S. Holder" means a Holder of shares of our common stock that, for U.S. federal income tax purposes, is:

- (i) an individual who is a citizen or resident of the United States;
- (ii) a corporation or other entity taxable as a corporation created in or organized under the laws of the United States, any state thereof or the District of Columbia;
- (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- (iv) a trust (x) if a court within the United States is able to exercise primary supervision over the administration of such trust and one or more "U.S. persons," as defined in section 7701(a)(30) of the Code, have the authority to control all substantial decisions of such trust or (y) that has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

The term "Non-U.S. Holder" means any Holder of shares of our common stock that is neither a U.S. Holder nor a partnership (including an entity that is treated as a partnership for U.S. federal income tax purposes).

If a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) holds shares of our common stock, the U.S. federal income tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. Partners of partnerships that hold shares of our common stock should consult their tax advisors.

This summary is not a comprehensive discussion of all of the U.S. federal income tax considerations applicable to us or that may be relevant to a particular Holder in view of such Holder's particular circumstances. Accordingly, each prospective Holder is urged to consult its tax advisor with respect to the U.S. federal, state, local and non-U.S. income and other tax consequences of holding and disposing of our common stock.

U.S. Holders

The following discussion summarizes the material U.S. federal income tax consequences of the ownership and disposition of our common stock applicable to "U.S. Holders," subject to the limitations described above.

Table of Contents

Distributions

Distributions of cash or property that we pay in respect of our common stock will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles) and will be includible in gross income by a U.S. Holder upon receipt. Any such dividend will be eligible for the dividends received deduction if received by an otherwise qualifying corporate U.S. Holder that meets the holding period and other requirements for the dividends received deduction. Dividends paid by us to certain non-corporate U.S. Holders (including individuals), with respect to taxable years beginning on or before December 31, 2012, are eligible for U.S. federal income taxation at the rates generally applicable to long-term capital gains for individuals, provided that the U.S. Holder receiving the dividend satisfies applicable holding period and other requirements. If the amount of a distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a tax-free return of capital to the extent of the U.S. Holder's tax basis in our common stock, and thereafter will be treated as capital gain.

Dispositions

Upon a sale, exchange or other taxable disposition of shares of our common stock, a U.S. Holder generally will recognize capital gain or loss equal to the difference between the amount realized on the sale, exchange or other taxable disposition and the U.S. Holder's adjusted tax basis in the shares of our common stock. Such capital gain or loss will be long-term capital gain or loss if the U.S. Holder has held the shares of the common stock for more than one year at the time of disposition. The deductibility of capital losses is subject to limitations under the Code.

Information Reporting and Backup Withholding Requirements

In general, dividends on our common shares, and payments of the proceeds of a sale, exchange or other disposition of our common shares paid to a U.S. Holder are subject to information reporting and may be subject to backup withholding at a current maximum rate of 28% unless the U.S. Holder (i) is a corporation or other exempt recipient or (ii) provides an accurate taxpayer identification number and certifies that it is not subject to backup withholding.

Backup withholding is not an additional tax. Any amounts withheld by operation of the backup withholding rules from a payment to a U.S. Holder will be refunded or allowed as a credit against the U.S. Holder's U.S. federal income tax liability, if any, provided that any required information is furnished to the IRS in a timely manner.

Non-U.S. Holders

The following discussion summarizes the material U.S. federal income tax consequences of the ownership and disposition of our common stock applicable to "Non-U.S. Holders," subject to the limitations described above.

U.S. Trade or Business Income

For purposes of this discussion, dividend income and gain on the sale, exchange or other taxable disposition of our common stock will be considered to be "U.S. trade or business income" if such income or gain is (i) effectively connected with the conduct by a Non-U.S. Holder of a trade or business within the United States and (ii) in the case of a Non-U.S. Holder that is eligible for the benefits of an income tax treaty with the United States, attributable to a permanent establishment (or, for an individual, a fixed base) maintained by the Non-U.S. Holder in the United States. Generally, U.S. trade or business income is not subject to U.S. federal withholding tax (provided the Non-U.S. Holder complies with all applicable certification and disclosure requirements); instead, a Non-U.S. Holder is subject to U.S. federal income tax on a net income basis at regular U.S. federal income tax rates (in the same manner as a U.S. person) on its U.S. trade or business income. Any U.S. trade or business income received by a Non-U.S. Holder that is a corporation also may be subject to a "branch

Table of Contents

profits tax" at a 30% rate, or at a lower rate prescribed by an applicable income tax treaty, under specific circumstances.

Distributions

Distributions of cash or property that we pay in respect of our common stock will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits (as determined under U.S. federal income tax principles). A Non-U.S. Holder generally will be subject to U.S. federal withholding tax at a 30% rate, or at a reduced rate prescribed by an applicable income tax treaty, on any dividends received in respect of our common stock. If the amount of a distribution exceeds our current and accumulated earnings and profits, such excess first will be treated as a return of capital to the extent of the Non-U.S. Holder's tax basis in our common stock, and thereafter will be treated as capital gain. In order to obtain a reduced rate of U.S. federal withholding tax under an applicable income tax treaty, a Non-U.S. Holder will be required to (a) provide a properly executed IRS Form W-8BEN (or other applicable form) certifying its entitlement to benefits under the treaty, or (b) if our common stock is held through certain foreign intermediaries, satisfy the relevant certification requirements of applicable U.S. Treasury Regulations. A Non-U.S. Holder of our common stock that is eligible for a reduced rate of U.S. federal withholding tax under an income tax treaty may obtain a refund or credit of any excess amounts withheld by timely filing an appropriate claim for a refund with the IRS. A Non-U.S. Holder should consult its own tax advisor regarding its possible entitlement to benefits under an income tax treaty.

The U.S. federal withholding tax described in the preceding paragraph does not apply to dividends that represent U.S. trade or business income of a Non-U.S. Holder who provides a properly executed IRS Form W-8ECI, certifying that such dividends are effectively connected with such Non-U.S. Holder's conduct of a trade or business within the United States.

Dispositions

A Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax in respect of any gain on a sale, exchange or other taxable disposition of common stock unless:

the gain is effectively connected with the conduct of a Non-U.S. Holder's U.S. trade or business ("U.S. trade or business income"), and if certain tax treaties apply, is attributable to a permanent establishment or, for an individual, a fixed base maintained by such Non-U.S. Holder (in which case the Non-U.S. Holder will be subject to tax on the gain derived from the sale under regular graduated U.S. federal income tax rates in the same manner as if a U.S. Holder, and in addition, if a corporation, the Non-U.S. Holder may be subject to the branch profits tax on effectively connected earnings and profits at a rate of 30% or at such lower rate as may be specified by an applicable income tax treaty);

the Non-U.S. Holder is an individual who is present in the United States for 183 or more days in the taxable year of the disposition and meets other conditions (in which case, such Non-U.S. Holder will be subject to U.S. federal income tax at a rate of 30% (or a reduced rate under an applicable tax treaty) on the amount by which certain capital gains allocable to U.S. sources exceed certain capital losses allocable to U.S. sources); or

we are or have been a "U.S. real property holding corporation" (a "USRPHC") under section 897 of the Code at any time during the shorter of the five-year period ending on the date of disposition and the Non-U.S. Holder's holding period for the common stock (in which case, such gain will be subject to U.S. federal income tax in the same manner as U.S. trade or business income).

In general, a corporation is a USRPHC if the fair market value of its "U.S. real property interests" equals or exceeds 50% of the sum of the fair market value of its worldwide real property interests and its other assets used or held for use in a trade or business. If we are determined to be a USRPHC, the U.S. federal income and withholding taxes relating to interests in USRPHCs

Table of Contents

nevertheless will not apply to gains derived from the sale or other disposition of our common stock by a Non-U.S. Holder whose shareholdings, actual and constructive, at all times during the applicable period, amount to 5% or less of the common stock, provided that the common stock is regularly traded on an established securities market. No assurance can be given that we will not be a USRPHC, or that our common stock will be considered regularly traded, when a Non-U.S. Holder sells its shares of our common stock.

Information Reporting and Backup Withholding Requirements

We must annually report to the IRS and to each Non-U.S. Holder any dividend income that is subject to U.S. federal withholding tax, or that is exempt from such withholding tax pursuant to an income tax treaty. Copies of these information returns also may be made available under the provisions of a specific treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides. Under certain circumstances, the Code imposes a backup withholding obligation (currently at a rate of 28%) on certain reportable payments. Dividends paid to a Non-U.S. Holder of common stock generally will be exempt from backup withholding if the Non-U.S. Holder provides a properly executed IRS Form W-8BEN or otherwise establishes an exemption and the payor does not have actual knowledge or reason to know that the Holder is a U.S. person.

The payment of the proceeds from the disposition of our common stock to or through the U.S. office of any broker, U.S. or foreign, will be subject to information reporting and possible backup withholding unless the owner certifies its non-U.S. status under penalties of perjury or otherwise establishes an exemption, provided that the broker does not have actual knowledge or reason to know that the Holder is a U.S. person or that the conditions of any other exemption are not, in fact, satisfied. The payment of the proceeds from the disposition of our common stock to or through a non-U.S. office of a non-U.S. broker generally will not be subject to information reporting or backup withholding unless the non-U.S. broker has certain types of relationships with the United States (a "U.S. related person"). In the case of the payment of the proceeds from the disposition of our common stock to or through a non-U.S. office of a broker that is either a U.S. person or a U.S. related person, the Treasury regulations require information reporting (but not the backup withholding) on the payment unless the broker has documentary evidence in its files that the owner is a Non-U.S. Holder and the broker has no knowledge to the contrary. Non-U.S. Holders should consult their own tax advisors on the application of information reporting and backup withholding to them in their particular circumstances (including upon their disposition of common stock).

Backup withholding is not an additional tax. Any amounts withheld by operation of the backup withholding rules from a payment to a Non-U.S. Holder will be refunded or allowed as a credit against the Non-U.S. Holder's U.S. federal income tax liability, if any, provided that any required information is furnished to the IRS in a timely manner.

Recent Legislation

Recent legislation passed by the United States Congress generally imposes a withholding tax at a rate of 30% on payments to certain non-U.S. entities (including financial intermediaries), after December 31, 2012, of dividends on, and the gross proceeds of dispositions of, U.S. common stock, unless various U.S. information reporting and due diligence requirements that are different from, and in addition to, the beneficial owner certification requirements described above have been satisfied (generally relating to ownership by U.S. persons of interests in or accounts with such entities). Non-U.S. Holders should consult their tax advisors regarding the possible implications of this legislation on their investment in our common stock.

Table of Contents**UNDERWRITING**

Under the terms and subject to the conditions contained in an underwriting agreement dated _____ 2011, we have agreed to sell to the underwriters named below, for whom J.P. Morgan and Goldman, Sachs are acting as representatives. Subject to certain conditions, each underwriter has severally agreed to purchase the respective numbers of shares of common stock indicated in the following table:

Underwriter	Number of Shares
J.P. Morgan Securities LLC	
Goldman, Sachs & Co.	
Barclays Capital Inc.	
Citigroup Global Markets Inc.	
Credit Suisse Securities (USA) LLC	
Deutsche Bank Securities Inc.	
Total	

The underwriting agreement provides that the underwriters are obligated to purchase all the shares of common stock in the offering if any are purchased, other than the shares covered by the option described below unless and until this option is exercised. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering may be terminated.

We have granted to the underwriters a 30-day option to purchase on a pro rata basis up to _____ additional shares from us at the initial public offering price less the underwriting discounts and commissions. If any shares are purchased pursuant to this option, the underwriters will severally purchase shares in approximately the same proportion as set forth in the table above.

The following table summarizes the compensation and estimated expenses we will pay. Such amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase _____ additional shares.

	Per Share		Total	
	Without Option	With Option	Without Option	With Option
Underwriting Discounts and Commissions paid	\$	\$	\$	\$
Expenses payable				

Shares sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus. Any shares sold by the underwriters to securities dealers may be sold at a discount of up to \$ _____ per share from the initial public offering price. If all the shares are not sold at the initial public offering price, the representatives may change the offering price and the other selling terms. The offering of the shares by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The representatives have informed us that they do not expect sales to accounts over which the underwriters have discretionary authority to exceed 5% of the shares of common stock being offered.

We and our officers and directors have agreed not to offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, or file with the Securities and Exchange Commission a registration statement under the Securities Act of 1933 relating to, any shares of our common stock or securities convertible into or exchangeable or exercisable for any shares of our common stock, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing, without the prior

Table of Contents

written consent of the representatives for a period of 180 days after the date of this prospectus. However, in the event that either (1) during the last 17 days of the "lock-up" period, we release earnings results or material news or a material event relating to us occurs or (2) prior to the expiration of the "lock-up" period, we announce that we will release earnings results during the 16-day period beginning on the last day of the "lock-up" period, then in either case the expiration of the "lock-up" will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the occurrence of the material news or event, as applicable, unless the representatives waive, in writing, such an extension.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Some of the underwriters have performed in the past and may perform in the future investment banking, commercial banking, consent solicitation agency and advisory services for us for which they have received customary fees and expenses. In addition, from time to time, certain of the underwriters may hold de minimis amounts of our outstanding securities and/or indebtedness in the ordinary course of their business. Affiliates of certain of the underwriters are holders of our outstanding Notes due 2014 and will receive a portion of our net proceeds from this offering. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments of the issuer. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

We have agreed to indemnify the several underwriters and Goldman Sachs in its capacity as Qualified Independent Underwriter against liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in that respect.

We have applied to list the shares of common stock on a national securities exchange under the symbol "AMC".

In connection with the listing of the common stock on a national securities exchange, the underwriters will undertake to sell round lots of 100 shares or more to a minimum of 400 beneficial owners.

Prior to this offering, there has been no public market for the common stock. The initial public offering price will be determined by negotiations among us and the underwriters. The principal factors to be considered in determining the initial public offering price will include the following:

the information included in this prospectus and otherwise available to the underwriters;

market conditions for initial public offerings;

the history of and prospects for our business and earnings and our past and present operations;

our past and present earnings and current financial position;

an assessment of our management;

the market of securities of companies in business similar to ours; and

the general condition of the securities markets.

Table of Contents

The initial public offering price may not correspond to the price at which our common stock will trade in the public market subsequent to this offering, and an active trading market may not develop and continue after this offering.

In connection with the offering the underwriters may engage in stabilizing transactions, transactions involving the option to purchase additional shares, syndicate covering transactions and penalty bids in accordance with Regulation M under the Exchange Act.

Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.

The underwriters' option to purchase additional shares involves sales by the underwriters of shares in excess of the number of shares the underwriters are obligated to purchase, which creates a syndicate short position. The short position may be either a covered short position or a naked short position. In a covered short position, the number of shares over-allotted by the underwriters is not greater than the number of shares that they may purchase in the option to purchase additional shares. In a naked short position, the number of shares involved is greater than the number of shares in the option to purchase additional shares. The underwriters may close out any covered short position by either exercising their option to purchase additional shares and/or purchasing shares in the open market.

Syndicate covering transactions involve purchases of the common stock in the open market after the distribution has been completed in order to cover syndicate short positions. In determining the source of shares to close out the short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option to purchase additional shares. If the underwriters sell more shares than could be covered by the option to purchase additional shares, a naked short position, the position can only be closed out by buying shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there could be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.

Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the common stock originally sold by the syndicate member is purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of the common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on the national securities exchange where our common stock will be listed and, if commenced, may be discontinued at any time.

This document is only being distributed to and is only directed at (i) persons who are outside the United Kingdom or (ii) to investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "Order") or (iii) high net worth entities, and other persons to whom it may lawfully be communicated, falling with Article 49(2)(a) to (d) of the Order (all such persons together being referred to as "relevant persons"). The securities are only available to, and any invitation, offer or agreement to subscribe, purchase or otherwise acquire such securities will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on this document or any of its contents.

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), from and including the date on which the European Union Prospectus Directive (the "EU Prospectus Directive") is implemented in that

Table of Contents

Relevant Member State (the "Relevant Implementation Date") an offer of securities described in this prospectus may not be made to the public in that Relevant Member State prior to the publication of a prospectus in relation to the shares which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the EU Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of shares to the public in that Relevant Member State at any time:

to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;

to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts;

to fewer than 100 natural or legal persons (other than qualified investors as defined in the EU Prospectus Directive) subject to obtaining the prior consent of the book-running managers for any such offer; or

in any other circumstances which do not require the publication by the Issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an "offer of securities to the public" in relation to any securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the securities to be offered so as to enable an investor to decide to purchase or subscribe for the securities, as the same may be varied in that Member State by any measure implementing the EU Prospectus Directive in that Member State and the expression EU Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

The shares may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), or (ii) to "professional investors" within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a "prospectus" within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), and no advertisement, invitation or document relating to the shares may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to shares which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

This prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the shares may not be circulated or distributed, nor may the shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the "SFA"), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Table of Contents

Where the shares are subscribed or purchased under Section 275 by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries' rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the shares under Section 275 except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) by operation of law.

The securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Financial Instruments and Exchange Law) and each underwriter has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

A prospectus in electronic format will be made available on the web sites maintained by one or more of the underwriters, or selling group members, if any, participating in this offering and one or more of the underwriters participating in this offering may distribute prospectuses electronically. The representatives may agree to allocate a number of shares to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the underwriters and selling group members that will make internet distributions on the same basis as other allocations.

CONFLICTS OF INTEREST

Prior to the completion of this offering, JPMP, an affiliate of J.P. Morgan owned more than 10% of our outstanding common stock and therefore J.P. Morgan is presumed to have a "conflict of interest" with us under FINRA Rule 2720. Accordingly, J.P. Morgan's interest may go beyond receiving customary underwriting discounts and commissions. In particular, there may be a conflict of interest between J.P. Morgan's own interests as underwriter (including in negotiating the initial public offering price) and the interests of its affiliate JPMP (as a principal stockholder). Because of the conflict of interest under FINRA Rule 2720, this offering is being conducted in accordance with the applicable provisions of that rule. FINRA Rule 2720 requires that the "qualified independent underwriter" (as such term is defined by FINRA Rule 2720) participates in the preparation of the registration statement and prospectus and conducts due diligence. Accordingly, Goldman Sachs is assuming the responsibilities of acting as the qualified independent underwriter in this offering. Although the qualified independent underwriter has participated in the preparation of the registration statement and prospectus and conducted due diligence, we cannot assure you that this will adequately address any potential conflicts of interest related to J.P. Morgan and JPMP. We have agreed to indemnify Goldman Sachs for acting as qualified independent underwriter against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that Goldman Sachs may be required to make for these liabilities. Pursuant to Rule 2720, no sale of the shares shall be made to an account over which J.P. Morgan exercises discretion without the prior specific written consent of the account holder. Affiliates of certain of the underwriters are holders of our outstanding 8% senior subordinated notes due 2014 and will receive a portion of our net proceeds from this offering.

LEGAL MATTERS

The validity of the shares of common stock offered hereby will be passed upon for us by O'Melveny & Myers LLP. Weil, Gotshal & Manges LLP advised the underwriters in connection with the offering of the common stock.

EXPERTS

The consolidated financial statements of AMC Entertainment Holdings, Inc. as of April 1, 2010, and for the year then ended, have been included herein and in the registration statement in reliance upon the report of KPMG LLP, independent registered public accounting firm, appearing elsewhere herein, and upon the authority of said firm as experts in accounting and auditing. The audit report covering the April 1, 2010, consolidated financial statements contains an explanatory paragraph that states that the Company changed its accounting treatment for business combinations due to the adoption of new accounting requirements issued by the FASB.

The consolidated financial statements of AMC Entertainment Holdings, Inc. as of April 2, 2009 and for the fiscal years ended April 2, 2009 and April 3, 2008 included in this prospectus have been so included in reliance on the reports of PricewaterhouseCoopers LLP, an independent registered public accounting firm, given on the authority of said firm as experts in auditing and accounting.

The financial statements of National CineMedia, LLC as of December 30, 2010 and December 31, 2009 and for the years ended December 30, 2010, December 31, 2009 and January 1, 2009 included in this prospectus have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report appearing herein. Such financial statements are included in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

The financial statements of the Kerasotes Showplace Theatres Sold to AMC Entertainment Inc. as of December 31, 2009 and 2008 and for the years ended December 31, 2009, 2008 and 2007, included in this Prospectus have been audited by Deloitte & Touche LLP, independent auditors, as stated in their report appearing herein (which report expresses an unqualified opinion and includes an explanatory paragraph that describes the allocation of certain account balances from the Theatres' parent company, Kerasotes Showplace Theatres, LLC, and explains that the financial statements may not necessarily be indicative of the conditions that would have existed or the results of operations if the Theatres had operated as an unaffiliated company), and are included in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

CHANGE IN INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On October 1, 2009, the Audit Committee of the Board of Directors (the "Audit Committee") of the Company dismissed PricewaterhouseCoopers LLP ("PwC") as its independent registered public accounting firm.

With respect to PwC and its service as the Company's independent registered public accounting firm, during the fiscal years ended April 3, 2008 and April 2, 2009 ("Fiscal Years 2009 and 2008"), and through October 1, 2009:

PwC's reports on the Company's consolidated financial statements for Fiscal Years 2009 and 2008 did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope, or accounting principle.

There were no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of PwC, would have caused PwC to make a reference to the subject

Table of Contents

matter of the disagreement(s) in connection with their reports on the financial statements of the Company for such years.

There were no "reportable events" as described in Item 304(a)(1)(v) of Regulation S-K.

We requested that PwC furnish us with a letter addressed to the SEC stating whether or not PwC agrees with the above statements. A copy of such letter, dated October 2, 2009, is filed as Exhibit 16.1 to AMCE's Form 8-K (File No. 1-8747, filed on October 2, 2009).

The Audit Committee of the Company has conducted a competitive process to select a firm to serve as the Company's independent registered public accounting firm for the fiscal year ended April 1, 2010. On October 1, 2009, the Company approved the engagement of KPMG LLP ("KPMG") as its independent registered public accounting firm for the fiscal year ending April 1, 2010 subject to completion of normal client acceptance procedures. In deciding to engage KPMG, the Audit Committee reviewed auditor independence and existing commercial relationships with KPMG, and concluded that KPMG has no commercial relationship with the Company that would impair its independence. During Fiscal Years 2009 and 2008 and through October 1, 2009, neither the Company nor anyone acting on behalf of the Company, consulted KPMG regarding any of the matters or events set forth in Item 304(a)(2)(i) and Item 304(a)(2)(ii) of Regulation S-K.

WHERE YOU CAN FIND MORE INFORMATION

We have filed with the SEC a registration statement on Form S-1 under the Securities Act with respect to the common stock offered by this prospectus. This prospectus is a part of the registration statement and, as permitted by the SEC's rules, does not contain all of the information presented in the registration statement. For further information with respect to us and our common stock offered hereby, reference is made to the registration statement and the exhibits and any schedules filed therewith. Statements contained in this prospectus as to the contents of any contract or other document referred to are not necessarily complete and in each instance, if such contract or document is filed as an exhibit, reference is made to the copy of such contract or other document filed as an exhibit to the registration statement, each statement being qualified in all respects by such reference. A copy of the registration statement, including the exhibits and schedules thereto, may be read and copied at the SEC's Public Reference Room at 100 F Street, NE, Washington, D.C. 20549. Information on the operation of the Public Reference Room may be obtained by calling the SEC at 1-800-SEC-0330. In addition, the SEC maintains an Internet site at www.sec.gov, from which interested persons can electronically access the registration statement, including the exhibits and any schedules thereto.

Because certain of our subsidiaries already have public debt and also due to this offering, they are subject to the informational requirements of the Exchange Act. They fulfill their obligations with respect to such requirements by filing periodic reports, proxy statements and other information with the SEC. We intend to furnish our stockholders with annual reports containing consolidated financial statements certified by an independent registered public accounting firm. We also maintain an Internet site at www.amcentertainment.com. **Our website and the information contained therein or connected thereto shall not be deemed to be incorporated into this prospectus or the registration statement of which this prospectus forms a part, and you should not rely on any such information in making your decision whether to purchase our securities.**

AMC ENTERTAINMENT HOLDINGS INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 30, 2010

(Unaudited)

NOTE 1 BASIS OF PRESENTATION

AMC Entertainment Holdings, Inc. (also referred to as "Parent" or the "Company"), through its direct and indirect subsidiaries, is principally involved in the theatrical exhibition business and owns, operates or has interests in theatres located in the United States and Canada, China (Hong Kong), France and the United Kingdom. The Company's principal wholly owned operating subsidiary is AMC Entertainment Inc. (AMCE). Marquee Holdings Inc. (Holdings) is a wholly owned subsidiary that was used to purchase AMCE in 2004.

As discussed in Note 10 Corporate Borrowings, Holdings redeemed all remaining outstanding Discount Notes due 2014 on January 3, 2011. Holdings is expected to merge with Parent, with Parent continuing as the holding company for AMCE, subsequent to December 30, 2010.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates and assumptions are used for, but not limited to: (1) Impairment charges, (2) Film exhibition costs, (3) Income and operating taxes and (4) Gift card and packaged ticket revenues. Actual results could differ from those estimates.

Other Expense (Income): The following table sets forth the components of other expense (income):

(In thousands)	Thirty-nine Weeks Ended	
	December 30, 2010	December 31, 2009
Gain on extinguishment of Parent Term Loan Facility	\$	\$ (85,234)
Loss on redemption of 12% Senior Discount Notes due 2014	10,727	
Loss on redemption of 8 ⁵ / ₈ % Senior Notes due 2012		11,276
Loss on redemption of 11% Senior Subordinated Notes due 2016	7,631	
Loss on modification of Senior Secured Credit Facility Term Loan due 2013	3,046	
Loss on modification of Senior Secured Credit Facility Revolver	367	
Gift card redemptions considered to be remote	(11,754)	(11,501)
Other income	(141)	(75)
Other expense (income)	\$ 9,876	\$ (85,534)

Earnings (loss) per share: Basic earnings (loss) per share is computed by dividing net earnings (loss) by the weighted-average number of common shares outstanding. Diluted earnings (loss) per share includes the effects of outstanding stock options and nonvested restricted stock, if dilutive.

Table of Contents

AMC ENTERTAINMENT HOLDINGS INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

December 30, 2010

(Unaudited)

NOTE 1 BASIS OF PRESENTATION (Continued)

(in thousands, except per share data)	39 weeks Ended December 30, 2010	39 weeks Ended December 31, 2009
Numerator:		
Earnings (loss) from continuing operations	\$ (4,975)	\$ 36,797
Denominator:		
Shares for basic earnings (loss) per common share	1,278.85	1,278.82
Stock options and nonvested restricted stock		0.09
Shares for diluted earnings (loss) per common share	1,278.85	1,278.91
Basic Earnings (loss) from continuing operations per common share	\$ (3.89)	\$ 28.77
Diluted earnings (loss) from continuing operations per common share	\$ (3.89)	\$ 28.77

Options to purchase 35,691.1680905 shares of common stock at a weighted average exercise price of \$448.38 per share and 6,553 shares of nonvested restricted stock were outstanding during the 39 weeks ended December 30, 2010 and options to purchase 26,811.1680905 of common stock at a weighted average exercise price of \$391.43 per share were outstanding during the 39 weeks ended December 31, 2009, but were not included in the computation of diluted earnings per share since the options were anti-dilutive.

Pro forma Stockholders' equity and loss per share (Unaudited): The pro forma effect of the conversion of various classes of common stock to common stock and expected payment of \$26,127,000 pursuant to our Management Agreement have been reflected in the accompanying pro forma information as of and for the period ended December 30, 2010 as a dividend. Prior to consummating this offering, Parent intends to reclassify each share of its existing Class A common stock, Class N common stock and Class L common stock. Pursuant to the reclassification, which is being treated in a manner similar to a stock split, each holder of shares of Class A common stock, Class N common stock and Class L common stock will receive shares of common stock for one share of Class A common stock, Class L common stock or Class N common stock. Pro forma per share data also gives effect to an increase of shares which, when multiplied by an assumed offering price of per share (the mid-point of the estimated offering price range set forth on the cover page of this prospectus), would be sufficient to replace the expected payment of \$26,127,000 pursuant to our Management Agreement.

Presentation: Effective April 1, 2010, preopening expense, theatre and other closure expense (income), and disposition of assets and other losses (gains) were reclassified to operating expense with a conforming reclassification made for the prior year presentation. Additionally, in the Consolidated Statements of Cash Flows, certain operating activities were reclassified to other, net and certain investing activities were reclassified to other, net, with conforming reclassifications made for the prior year presentation. These presentation reclassifications reflect how management evaluates information presented in the Consolidated Statement of Operations and Consolidated Statements of Cash Flows.

Subsequent Events: The Company has evaluated subsequent events through March 11, 2011.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

December 30, 2010

(Unaudited)

NOTE 2 ACQUISITION

On May 24, 2010, the Company completed the acquisition of substantially all of the assets (92 theatres and 928 screens) of Kerasotes Showplace Theatres, LLC ("Kerasotes"). Kerasotes operated 95 theatres and 972 screens in mid-sized, suburban and metropolitan markets, primarily in the Midwest. More than three quarters of the Kerasotes theatres feature stadium seating and almost 90 percent have been built since 1994. The Company acquired Kerasotes based on their highly complementary geographic presence in certain key markets. Additionally, the Company expects to realize synergies and cost savings related to the Kerasotes acquisition as a result of moving to the Company's operating practices, decreasing costs for newspaper advertising and concessions and general and administrative expense savings, particularly with respect to the consolidation of corporate related functions and elimination of redundancies. The purchase price for the Kerasotes theatres paid in cash at closing was \$276,798,000, net of cash acquired, and was subject to working capital and other purchase price adjustments as described in the Unit Purchase Agreement. The Company paid working capital and other purchase price adjustments of \$3,808,000 during the second quarter of fiscal 2011, based on the final closing date working capital and deferred revenue amounts, and has included this amount as part of the total estimated purchase price.

The acquisition of Kerasotes is being treated as a purchase in accordance with Accounting Standards Codification, ("ASC") 805, *Business Combinations*, which requires allocation of the purchase price to the estimated fair values of assets and liabilities acquired in the transaction. The allocation of purchase price is based on management's judgment after evaluating several factors, including bid prices from potential buyers and a preliminary valuation assessment. The allocation of purchase price is subject to changes as an appraisal of both tangible and intangible assets and liabilities is finalized and additional information becomes available; however, we do not expect material changes. The following is a summary of the preliminary allocation of the purchase price:

(In thousands)	Total
Cash	\$ 809
Receivables, net(1)	3,832
Other current assets	12,905
Property, net	205,104
Intangible assets, net(2)	17,387
Goodwill(3)	109,839
Other long-term assets	5,920
Accounts payable	(13,538)
Accrued expenses and other liabilities	(12,439)
Deferred revenues and income	(1,806)
Capital and financing lease obligations	(12,583)
Other long-term liabilities(4)	(34,015)
Total estimated purchase price	\$ 281,415

- (1) Receivables consist of trade receivables recorded at fair value. The Company did not acquire any other class of receivables as a result of the acquisition of Kerasotes.

Table of Contents

AMC ENTERTAINMENT HOLDINGS INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

December 30, 2010

(Unaudited)

NOTE 2 ACQUISITION (Continued)

- (2) Intangible assets consist of certain Kerasotes' trade names, a non-compete agreement, and favorable leases. See Note 4 Goodwill and Intangible Assets for further information.
- (3) Goodwill arising from the acquisition consists largely of the synergies and economies of scale expected from combining the operations. Amounts recorded for goodwill are not subject to amortization and are expected to be deductible for tax purposes.
- (4) Other long-term liabilities consist of certain theatre and ground leases that have been identified as unfavorable.

During the thirty-nine weeks ended December 30, 2010, the Company incurred acquisition-related costs for Kerasotes of approximately \$12,100,000, which are included in general and administrative expense: merger, acquisition and transaction costs in the Consolidated Statements of Operations.

In connection with the acquisition of Kerasotes, the Company divested of seven Kerasotes theatres with 85 screens as required by the Antitrust Division of the United States Department of Justice. The Company also sold the Kerasotes digital projector systems and one vacant theatre that had previously been closed by Kerasotes. Proceeds from the divested theatres and other property exceeded the carrying amount by approximately \$10,671,000, which was recorded as a reduction to goodwill.

The Company was also required by the Antitrust Division of the United States Department of Justice to divest of four legacy AMC theatres with 57 screens. The Company recorded a gain on disposition of assets of \$10,056,000 for one divested legacy theatre with 14 screens during the thirty-nine weeks ended December 30, 2010, which reduced operating expenses by approximately \$10,056,000. Additionally, the Company acquired two theatres with 26 screens that were received in exchange for three of the legacy AMC theatres with 43 screens.

NOTE 2 ACQUISITION (Continued)

The unaudited pro forma financial information presented below sets forth the Company's historical statements of operations for the periods indicated and gives effect to the acquisition as if the business combination and required divestitures had occurred as of the beginning of fiscal 2010. Such information is presented for comparative purposes to the Consolidated Statements of Operations only and does not purport to represent what the Company's results of operations would actually have been had these transactions occurred on the date indicated or to project its results of operations for any future period or date.

NOTE 5 STOCKHOLDERS' EQUITY**Common Stock Rights and Privileges**

The Company's Class A-1 voting Common Stock, Class A-2 voting Common Stock, Class N nonvoting Common Stock, Class L-1 voting Common Stock and Class L-2 voting Common Stock entitle the holders thereof to the same rights and privileges, subject to the same qualifications, limitations and restrictions with respect to dividends. Additionally, each share of Class A Common Stock, Class L Common Stock and Class N Common Stock shall automatically convert into one share of Residual Common Stock on a one-for-one basis immediately prior to the consummation of an Initial Public Offering.

Stock-Based Compensation

The Company has adopted a stock-based compensation plan that permits a maximum of 49,107,44681 options to be issued on its stock under the amended and restated 2004 Stock Option Plan. The stock options have a ten year term and generally step vest in equal amounts from one to three or five years from the date of the grant. Vesting may accelerate for a certain participant if there is a change of control (as defined in the plan). All outstanding options have been granted to employees and one director of the Company. The Company accounts for stock options using the fair value method of accounting and has elected to use the simplified method for estimating the expected term of "plain vanilla" share option grants, as it does not have enough historical experience to provide a reasonable estimate.

On July 8, 2010, the Board approved a grant of 1,023 non-qualified stock options to a certain employee of the Company under the amended and restated 2004 Stock Option Plan. These options vest ratably over 5 years with an exercise price of \$752 per share. Expense for this award will be recognized on a straight-line basis over the vesting period. See 2010 Equity Incentive Plan below for further information regarding assumptions used in determining fair value. On July 23, 2010, the Board determined that the Company would no longer grant any awards of shares of common stock of the Company under the amended and restated 2004 Stock Option Plan.

2010 Equity Incentive Plan

On July 8, 2010, the Board of Directors (the "Board") and the stockholders of the Company approved the adoption of the AMC Entertainment Holdings, Inc. 2010 Equity Incentive Plan (the "Plan"). The Plan provides for grants of non-qualified stock options, incentive stock options, stock appreciation rights ("SARs"), restricted stock awards, other stock-based awards or performance-based compensation awards.

AMC ENTERTAINMENT HOLDINGS INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

December 30, 2010

(Unaudited)

NOTE 5 STOCKHOLDERS' EQUITY (Continued)

Subject to adjustment as provided for in the Plan, (i) the aggregate number of shares of common stock available for delivery pursuant to awards granted under the Plan is 39,312 shares, (ii) the number of shares available for granting incentive stock options under the Plan will not exceed 19,652 shares and (iii) the maximum number of shares that may be granted to a participant each year is 7,862.

On July 8, 2010, the Board approved the grants of non-qualified stock options, restricted stock (time vesting), and restricted stock (performance vesting) to certain of its employees. The estimated fair value of the stock at the grant date was approximately \$752 per share and was based upon a contemporaneous valuation reflecting market conditions. The award agreements under the Plan generally have the following features, subject to discretionary approval by Parent's compensation committee:

Non-Qualified Stock Option Award Agreement: The Board approved the grant of 5,399 stock options, of which 5,354 stock options have been granted. Twenty-five percent of the options will vest on each of the first four anniversaries of the date of grant; provided, however, that the options will become fully vested and exercisable if within one year following a Change of Control (as defined in the Plan), the participant's service is terminated by the Company without cause. The stock options have a ten year term from the date of grant. The estimated grant date fair value of the options granted on 5,354 shares was \$293.72 per share, or \$1,573,000, and was determined using the Black-Scholes option-pricing model. The option exercise price was \$752 per share, and the estimated fair value of the shares was \$752, resulting in \$0 intrinsic value for the option grants.

Restricted Stock Award Agreement (Time Vesting): The Board approved the grant of 5,399 shares of restricted stock (time vesting), of which 5,354 shares have been granted. The restricted shares will become vested on the fourth anniversary of the date of grant; provided, however, that the restricted shares will become fully vested if within one year following a Change of Control, the participant's service is terminated by the Company without cause. The estimated grant date fair value for the 5,354 shares of restricted stock (time vesting) granted was \$4,028,000, or approximately \$752 per share.

Restricted Stock Award Agreement (Performance Vesting): The Board approved the grant of 5,404 shares of restricted stock (performance vesting), of which 1,339 shares have been granted. Approximately twenty-five percent of the total restricted shares of 5,404 approved by the Board will be granted each year over a four-year period. Each grant has a vesting term of approximately one year upon the Company meeting certain pre-established annual performance targets; provided, however, that the restricted shares will become fully vested if within one year following a Change of Control, the participant's service is terminated by the Company without cause. The fiscal 2011 performance target was established at the grant date following ASC 718-10-55-95 and the estimated grant date fair value was \$1,008,000, or approximately \$752 per share. During the third quarter of fiscal 2011, it was determined to be improbable for the Company to meet its pre-established annual performance target for fiscal 2011. The Company discontinued recognizing compensation cost for the restricted stock (performance vesting) grant for fiscal 2011 and reversed compensation cost previously recognized in prior quarters.

(Unaudited)

NOTE 5 STOCKHOLDERS' EQUITY (Continued)

A summary of stock option activity under both the amended and restated 2004 Option Plan and the 2010 Equity Incentive Plan is as follows:

	Number of Shares	Weighted Average Exercise Price Per Share
Outstanding at April 1, 2010	31,597.1680905	\$ 383.58
Granted	6,377.0000000	752.00
Forfeited	(1,478.4000000)	370.83
Exercised	(804.6000000)	452.50
Outstanding at December 30, 2010	35,691.1680905	\$ 448.38
Exercisable at December 30, 2010	14,179.4080901	\$ 445.31

The following table represents the restricted stock activity for the thirty-nine weeks ended December 30, 2010:

	Shares of Restricted Stock	Weighted Average Grant Date Fair Value
Unvested at April 1, 2010		\$
Granted	6,693	752.00
Forfeited	(140)	752.00
Unvested at December 30, 2010	6,553	\$ 752.00

Compensation expense for stock options and restricted stock are recognized on a straight-line basis (net of estimated forfeitures) over the requisite service period, which is generally the vesting period of the award. The Company has recorded stock-based compensation expense of \$1,020,000 and \$1,248,000 within general and administrative: other during the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively. The Company's financial statements reflect an increase to additional paid-in capital related to stock-based compensation for awards and all outstanding options of \$1,020,000 during fiscal 2011. As of December 30, 2010, there was approximately \$6,729,000 of total estimated unrecognized compensation cost related to nonvested stock-based compensation arrangements under both the 2010 Equity Incentive Plan and the 2004 Stock Option Plan expected to be recognized over a weighted average 3.5 years.

The following table reflects the weighted average fair value per option granted under the amended and restated 2004 Option Plan and the 2010 Equity Incentive Plan during the thirty-nine weeks ended December 30, 2010, as well as the significant assumptions used in determining weighted average fair value using the Black-Scholes option-pricing model:

	2010 Plan	2004 Plan
Weighted average fair value of options on grant date	\$ 293.72	\$ 300.91
Risk-free interest rate	2.50%	2.58%
Expected life (years)	6.25	6.50
Expected volatility(1)	35.0%	35.0%
Expected dividend yield		

- (1) The Company uses share values of its publicly traded competitor peer group for purposes of calculating volatility.

NOTE 6 INVESTMENTS

Investments in non-consolidated affiliates and certain other investments accounted for following the equity method generally include all entities in which the Company or its subsidiaries have significant influence, but not more than 50% voting control. Investments in non-consolidated affiliates as of December 30, 2010, include a 16.98% interest in National CineMedia, LLC ("NCM"), a 50% interest in three U.S. motion picture theatres, a 26% equity interest in Movietickets.com ("MTC"), a 50% interest in Midland Empire Partners, LLC ("MEP") and a 29% interest in Digital Cinema Implementation Partners, LLC ("DCIP"). Indebtedness held by equity method investees is non-recourse to the Company.

Condensed financial information of our non-consolidated equity method investments is shown below. Amounts are presented under U.S. GAAP for the periods of ownership by the Company.

Operating Results(1):

December 30, 2010 (in thousands):	Thirty-nine Weeks Ended			Total
	NCM	DCIP	Other	
Revenues	\$ 342,817	\$ 31,791	\$ 33,569	\$ 408,177
Operating costs & expenses	215,964	50,676	34,927	301,567
Net earnings (loss)	\$ 126,853	\$ (18,885)	\$ (1,358)	\$ 106,610
The Company's recorded equity in earnings (loss)	\$ 23,145	\$ (5,355)	\$ (733)	\$ 17,057

December 31, 2009 (in thousands):	Thirty-nine Weeks Ended			Total
	NCM	DCIP	Other	
Revenues	\$ 307,157	\$ 6,739	\$ 37,562	\$ 344,719
Operating costs & expenses	190,567	6,739	36,750	234,056
Net earnings (loss)	\$ 116,590	\$ (6,739)	\$ 812	\$ 110,663
The Company's recorded equity in earnings (loss)	\$ 20,706	\$ (2,237)	\$ (342)	\$ 18,127

(1)

Certain differences in the Company's recorded investment for one U.S. motion picture theatre where it has a 50% interest, and its proportional ownership share resulting from the acquisition of the asset in a business combination where the investment was initially recorded at fair value, are amortized to equity in (earnings) or losses over the estimated useful life of approximately 20 years for the underlying building. The recorded equity in earnings of NCM on common membership units owned immediately following the IPO of National CineMedia, Inc. ("NCM, Inc.") (Tranche 1 Investment) does not include undistributed equity in earnings. The Company considered the excess distribution received following NCM, Inc.'s IPO as an advance on NCM's future earnings. As a result, the Company will not recognize any undistributed equity in earnings of NCM on the original common membership units (Tranche 1 Investment) until NCM's future net earnings equal the amount of the excess distribution.

December 30, 2010

(Unaudited)

NOTE 6 INVESTMENTS (Continued)

The Company recorded equity in earnings from NCM of \$23,145,000 and \$20,706,000 during the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively. As of December 30, 2010, the Company owns 18,803,420 units, or a 16.98% interest, in NCM accounted for following the equity method of accounting. The estimated fair market value of the units in NCM was approximately \$375,504,000, based on the price per share of NCM, Inc. on December 30, 2010 of \$19.97 per share.

As of December 30, 2010 and April 1, 2010, the Company has recorded \$1,612,000 and \$1,462,000 respectively, of amounts due from NCM related to on-screen advertising revenue. As of December 30, 2010 and April 1, 2010, the Company had recorded \$1,207,000 and \$1,502,000 respectively, of amounts due to NCM related to the Exhibitor Services Agreement. The Company recorded revenues for advertising from NCM of \$17,068,000 and \$15,336,000 during the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively. The Company paid NCM advertising expenses related to beverage advertising of \$9,685,000 and \$9,068,000 during the thirty-nine weeks ended December 30, 2010 and December 31, 2009, respectively.

The Company recorded the following changes in the carrying amount of its investment in NCM and equity in (earnings) losses of NCM during the thirty-nine weeks ended December 30, 2010:

(In thousands)	Investment in NCM(1)	Deferred Revenue(2)	Cash Received (Paid)	Equity in (Earnings) Losses	Advertising (Revenue)	(Gain) on NCM, Inc. Stock Sale
Beginning balance April 1, 2010	\$ 28,826	\$ (252,322)	\$	\$	\$	\$
Receipt of Common Units(3)	111,520	(111,520)

deducting related underwriting fees and professional and consulting costs of \$4,160,000, resulting in a gain on sale of \$63,131,000. In addition, on September 8, 2010, the Company sold 155,193 shares of NCM, Inc. to the underwriters to cover over-allotments for \$16.00 per share and reduced the Company's related investment in NCM by \$867,000, the average carrying amount of the shares owned. Net proceeds received on this sale were \$2,384,000 after deducting related underwriting fees and professional and consulting costs of \$99,000, resulting in a gain on sale of \$1,517,000.

(5)

Represents equity in earnings on the Tranche 2 Investments only.

Differences in Accounting for Tranche 1 and Tranche 2 Investments in NCM

On February 13, 2007, NCM, Inc., the sole manager of NCM, closed its IPO and used the net proceeds from the IPO to purchase a 44.8% interest in NCM, paying NCM \$746,100,000 and paying the Founding Members \$78,500,000 for a portion of the NCM units owned by them. NCM then paid \$686,300,000 of the funds received from NCM, Inc. to the Founding Members as consideration for their agreement to modify the then-existing ESA. Also in connection with the IPO, NCM used \$59,800,000 of the proceeds it received from NCM, Inc. and \$709,700,000 of net proceeds from its new senior secured credit facility entered into concurrently with the completion of the IPO to redeem \$769,500,000 in NCM preferred units held by the Founding Members. The redemption distribution to the Founding Members described above related to the IPO resulted in large Members' Deficit amounts for the Founding Members.

The Company received approximately \$259,300,000 for the redemption of all of its preferred units in NCM and approximately \$26,500,000 from selling common units in NCM to NCM, Inc. In addition, the Company received \$231,300,000 as consideration for modifying the ESA.

Following the IPO, the Company determined it would not recognize undistributed equity in the earnings on the original 17,474,890 NCM membership units (Tranche 1 Investment) until NCM's future net earnings, less distributions received, surpass the amount of the excess distribution which created the Members' deficit in NCM. The Company considers the excess distribution described above as an advance on NCM's future earnings and, accordingly, future earnings of NCM should not be recognized through the application of equity method accounting until such time as its share of NCM's future earnings, net of distributions received, exceeds the excess distribution. The Company believes that the accounting model provided by ASC 323-10-35-22 for recognition of equity investee losses in excess of an investor's basis is analogous to the accounting for equity income subsequent to recognizing an excess distribution. The Company's Tranche 1 Investment recorded at \$0 corresponds with a NCM Members' Deficit amount in its capital account.

The Company has received 7,983,723 additional units in NCM subsequent to the IPO as a result of Common Unit Adjustments received from March 27, 2008 through June 14, 2010 (Tranche 2 Investments). The Company follows the guidance in ASC 323-10-35-29 (formerly EITF 02-18, *Accounting for Subsequent Investments in an Investee after Suspension of Equity Loss Recognition*) by analogy, which also refers to AICPA Technical Practice Aid 2220.14. Both sets of literature indicate that if a subsequent investment is made in an equity method investee that has experienced significant losses, the investor must determine if the subsequent investment constitutes funding of prior losses. The Company concluded that the construction or acquisition of new theatres that has led to the Common Unit adjustments included in its Tranche 2 Investments equates to making additional investments in

(Unaudited)

NOTE 6 INVESTMENTS (Continued)

NCM. The Company has evaluated the receipt of the additional common units in NCM and the assets exchanged for these additional units and has determined that the right to use its incremental new screens would not be considered funding of prior losses. This determination was formed by considering that (i) NCM does not receive any additional funds from the Tranche 2 Investments, (ii) both NCM and AMC record their respective increases to Members' Equity and Investment at the same amount (fair value of the units issued), (iii) the additional investments result in additional ownership in NCM and (iv) the investments in additional common units are not subordinate to the other equity of NCM. As such, the additional common units received would be accounted for as a Tranche 2 Investment separate from the Company's initial investment following the equity method. The Company's Tranche 2 Investments correspond with the NCM Members' equity amounts in its capital account.

NOTE 7 FAIR VALUE MEASUREMENTS

Fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the entity transacts. The inputs used to develop these fair value measurements are established in a hierarchy, which ranks the quality and reliability of the information used to determine the fair values. The fair value classification is based on levels of inputs. Assets and liabilities that are carried at fair value are classified and disclosed in one of the following categories:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.
- Level 3: Unobservable inputs that are not corroborated by market data.

NOTE 7 FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes the fair value hierarchy of the Company's financial assets and liabilities carried at fair value on a recurring basis as of December 30, 2010:

(In thousands)	Total Carrying Value at December 30, 2010	Fair Value Measurements at December 30, 2010 Using		
		Quoted prices in active market (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Cash and Equivalents:				
Money Market Mutual Funds	\$ 368,126	\$ 368,126	\$	\$
Restricted short-term investments	12,715	12,715		
Other long-term assets:				
Equity securities, available-for-sale:				
RealD Inc. Common Stock	10,618		10,618	
Mutual Fund Large U.S. Equity	2,489	2,489		
Mutual Fund Small/Mid U.S. Equity	271	271		
Mutual Fund International	114	114		
Mutual Fund Broad U.S. Equity	27	27		
Mutual Fund Balance	56	56		
Mutual Fund Fixed Income	312	312		
Total assets at fair value	\$ 394,728	\$ 384,110	\$ 10,618	\$
Liabilities:				
Total liabilities at fair value	\$	\$	\$	\$

Valuation Techniques. The Company's money market mutual funds are invested in funds that seek to preserve principal, are highly liquid, and therefore are recorded on the balance sheet at the principal amounts deposited, which equals fair value. The restricted short-term investments are liquid, overnight deposits which are held as collateral for the Company's letters of credits, and are measured at fair value using principal amounts deposited plus any interest paid. The equity securities, available-for-sale, primarily consist of common stock and mutual funds invested in equity, fixed income, and international funds and are measured at fair value using quoted market prices. The Company is restricted from selling its shares of RealD Inc. until January 2011 when the related lock-up period expires. The unrecognized gain of the equity securities recorded in accumulated other comprehensive loss as of December 30, 2010 is \$4,533,000.

Investment in RealD Inc. Common Stock. Under its RealD Inc. motion picture license agreement, the Company received a ten-year option to purchase 1,222,782 shares of RealD Inc. common stock at approximately \$0.00667 per share. The stock options vest in 3 tranches upon the achievement of screen installation targets. During the first quarter of fiscal 2011, the Company vested in the first tranche and received 407,594 shares of RealD Inc. common stock. The stock is accounted for as an equity security, available for sale, and is recorded in the consolidated balance sheet in other long-term assets with an offsetting entry recorded to other long-term liabilities. The deferred lease incentive recorded in other long-term liabilities of \$6,519,000 will be amortized on a straight-line basis

Table of Contents

AMC ENTERTAINMENT HOLDINGS INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

December 30, 2010

(Unaudited)

NOTE 7 FAIR VALUE MEASUREMENTS (Continued)

over the remaining term of the license agreement, which is approximately 8.6 years, to reduce RealD license expense recorded in the statement of operations under operating expense. Any fair value adjustments of RealD Inc. common stock will be recorded to other long-term assets with an offsetting entry to accumulated other comprehensive loss.

The Company vested in an additional 407,594 shares of RealD Inc. options, which will be recorded in the fourth quarter of fiscal 2011, after achieving its second tranche of screen installation targets. During January 2011, the Company recorded an increase in other long-term assets of \$11,361,000, based on the fair value of RealD Inc. common stock at the date of vesting, with an offsetting entry recorded to other long-term liabilities. The deferred lease incentive of \$11,361,000 recorded in other long-term liabilities will be amortized on a straight-line basis over the remaining term of the license agreement, which is approximately 9.7 years, to reduce RealD license expense recorded in the statement of operations under operating expense.

Other Fair Value Measurement Disclosures. The Company is required to disclose the fair value of financial instruments that are not recognized in the statement of financial position for which it is practicable to estimate that value. At December 30, 2010, the carrying amount of the Company's liabilities for corporate borrowings was approximately \$2,612,206,000 and the fair value was approximately \$2,698,030,000. At April 1, 2010, the carrying amount of the corporate borrowings was approximately \$2,271,914,000 and the fair value was approximately \$2,334,395,000. Quoted market prices were used to value publicly held corporate borrowings, as well as indicative trading levels for term loans as compiled by a firm that makes a market in the security. The carrying value of cash and equivalents approximates fair value because of the short duration of those instruments.

NOTE 8 INCOME TAXES

The difference between the effective tax rate on earnings from continuing operations before income taxes and the U.S. federal income tax statutory rate is as follows:

	Thirty-nine Weeks Ended	
	December 30, 2010	December 31, 2009
Income tax expense (benefit) at the federal statutory rate	\$ (1,000)	\$ 24,100
Effect of:		
State income taxes	2,125	2,725
Permanent items	(200)	(500)
Valuation allowance	1,200	5,775
Income tax expense	\$ 2,125	\$ 32,100
Effective income tax rate	(74.6)%	46.6%

The accounting for income taxes requires that deferred tax assets and liabilities be recognized, using enacted tax rates, for the tax effect of temporary differences between the financial reporting and tax bases of recorded assets and liabilities. Deferred tax assets are reduced by a valuation allowance if it is more likely than not that some or all of the deferred tax assets will not be realized.

Table of Contents

AMC ENTERTAINMENT HOLDINGS INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

December 30, 2010

(Unaudited)

NOTE 8 INCOME TAXES (Continued)

The effective rate for the period ending December 30, 2010 was substantially different than the expected rate primarily due to the federal tax expense being fully offset by various federal tax credits. All of the income tax benefit as shown on the rate reconciliation is being fully offset by valuation allowance. The state tax provision was for the states that impose their income based taxes on a gross sales method or impose a margin tax or that have suspended the use of net operating loss carryforwards into the current tax year.

NOTE 9 EMPLOYEE BENEFIT PLANS

The Company sponsors frozen non-contributory qualified and non-qualified defined benefit pension plans generally covering all employees who, prior to the freeze, were age 21 or older and had completed at least 1,000 hours of service in their first twelve months of employment, or in a calendar year ending thereafter, and who were not covered by a collective bargaining agreement. The Company also offers eligible retirees the opportunity to participate in a health plan (medical and dental). Certain employees are eligible for subsidized postretirement medical benefits. The eligibility for these benefits is based upon a participant's age and service as of January 1, 2009.

The Company expects to make pension contributions of approximately \$390,000 per quarter for a total of approximately \$1,560,000 during fiscal 2011.

Net periodic benefit cost recognized for the plans during the thirty-nine weeks ended December 30, 2010 and December 31, 2009 consists of the following:

(In thousands)	Pension Benefits		Other Benefits	
	December 30, 2010	December 31, 2009	December 30, 2010	December 31, 2009
Components of net periodic benefit cost:				
Service cost	\$ 136	\$ 135	\$ 115	\$ 157
Interest cost	3,456	3,303	957	972
Expected return on plan assets	(2,988)	(2,243)		
Amortization of (gain) loss	148	141		(208)
Amortization of prior service credit			(649)	(407)
Net periodic benefit cost	\$ 752	\$ 1,336	\$ 423	\$ 514

Effective July 29, 2010, the Company was able to determine it will no longer be obligated to contribute to one of its union sponsored pension plans under a new union contract, triggering a complete withdrawal from the plan. The Company recorded a liability and expense related to the complete withdrawal of approximately \$2,661,000 in the second quarter of fiscal 2011.

The Company sponsors a voluntary 401(k) savings plan covering certain employees age 21 or older and who are not covered by a collective bargaining agreement. The company currently matches 50% of each eligible employee's elective contributions up to 6% of the employee's eligible compensation. Effective January 1, 2011, the Company will match 100% of each eligible employee's elective contributions up to 3% and 50% of contributions up to 5% of the employee's eligible compensation.

8.75% Senior Fixed Rate Notes due 2019	587,000	586,252
9.75% Senior Subordinated Notes due 2020	600,000	
Capital and financing lease obligations, 9%-11.5%	66,736	57,286
	2,678,942	2,329,200
Less: current maturities	(310,163)	(10,463)
	\$ 2,368,779	\$ 2,318,737

Notes Due 2020

On December 15, 2010, AMCE completed the offering of \$600,000,000 aggregate principal amount of its 9.75% Senior Subordinated Notes due 2020 (the "Notes due 2020"). The Notes due 2020 mature on December 1, 2020, pursuant to an indenture dated as of December 15, 2010, among the Company, the Guarantors named therein and U.S. Bank National Association, as trustee (the "Indenture"). The Indenture provides that the Notes due 2020 are general unsecured senior subordinated obligations of AMCE and are fully and unconditionally guaranteed on a joint and several senior subordinated unsecured basis by all of AMCE's existing and future domestic restricted subsidiaries that guarantee AMCE's other indebtedness. The Company will pay interest on the Notes due 2020 at 9.75% per annum, semi-annually in arrears on June 1 and December 1, commencing on June 1, 2011. The Company may redeem some or all of the Notes due 2020 at any time on or after December 1, 2015, at the redemption prices set forth in the Indenture. The Company may redeem the Notes due 2020 on or after December 1, 2018 at a price equal to 100% of the principal amount of the Notes due 2020 redeemed plus accrued and unpaid interest to the redemption date. In addition, the Company may redeem up to 35% of the aggregate principal amount of the Notes due 2020 using net proceeds from certain equity offerings completed prior to December 1, 2013.

December 30, 2010

(Unaudited)

NOTE 10 CORPORATE BORROWINGS (Continued)

Notes Due 2016

Concurrently with the Notes due 2020 offering, the Company launched a cash tender offer and consent solicitation for any and all of its then outstanding \$325,000,000 aggregate principal amount 11% Senior Subordinated Notes due 2016 (the "Notes due 2016") at a purchase price of \$1,031 plus a \$30 consent fee for each \$1,000 of principal amount of currently outstanding Notes due 2016 validly tendered and accepted by the Company on or before the early tender date (the "Cash Tender Offer"). The Company used the net proceeds from the issuance of the Notes due 2020 to pay the consideration for the Cash Tender Offer plus accrued and unpaid interest on \$95,098,000 principal amount of Notes due 2016 validly tendered. The Company recorded a loss on extinguishment related to the Cash Tender Offer of \$7,631,000 in Other expense during the thirteen and thirty-nine weeks ended December 30, 2010, which included previously capitalized deferred financing fees of \$1,681,000, a tender offer and consent fee paid to the holders of \$5,801,000 and other expenses of \$149,000. As of December 30, 2010, the Company has classified the Notes due 2016 as current maturities of corporate borrowings. The Company redeemed the remaining \$229,902,000 aggregate principal amount outstanding Notes due 2016 at a price of \$1,055 per \$1,000 principal amount on February 1, 2011 in accordance with the terms of the indenture and will record an additional loss on extinguishment of approximately \$16,664,000 in other expense during the fourth quarter of fiscal 2011.

Discount Notes Due 2014

Concurrently with the Notes due 2020 offering on December 15, 2010, the Company launched a cash tender offer and consent solicitation for any and all of its outstanding \$240,795,000 aggregate principal amount (accreted value) of its 12% Senior Discount Notes due 2014 (the "Discount Notes due 2014") at a purchase price of \$797 plus a \$30 consent fee for each \$1,000 face amount (or \$792.09 accreted value) of currently outstanding Discount Notes due 2014 validly tendered and accepted. The Company used the net proceeds from the issuance of the Notes due 2020 to pay the consideration for the Discount Notes due 2014 cash tender offer plus accrued and unpaid interest on \$170,684,000 principal amount (accreted value) of the Discount Notes due 2014 validly tendered. The Company recorded a loss on extinguishment of \$10,727,000 in Other expense during the thirteen and thirty-nine weeks ended December 30, 2010, which included previously capitalized deferred financing fees of \$2,991,000, a tender offer and consent fee paid to the holders of \$7,523,000 and other expenses of \$213,000. The Company redeemed the remaining \$70,111,000 (accreted value) outstanding Discount Notes due 2014 at a price of \$823.77 per \$1,000 face amount (or \$792.09 accreted value) on January 3, 2011, using funds from the proceeds from the issuance of the Notes due 2020 and will record an additional loss on extinguishment of approximately \$4,082,000 in other expense during the fourth quarter of fiscal 2011. At December 30, 2010, the Company has classified the Discount Notes due 2014 as current maturities of corporate borrowings.

Senior Secured Credit Facility

On December 15, 2010, the Company entered into a third amendment to its Senior Secured Credit Agreement dated as of January 26, 2006 to, among other things: (i) extend the maturity of the term loans held by accepting lenders and to increase the interest rate with respect to such term loans,

Table of Contents

AMC ENTERTAINMENT HOLDINGS INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

December 30, 2010

(Unaudited)

NOTE 10 CORPORATE BORROWINGS (Continued)

(ii) replace the Company's existing revolving credit facility (with higher interest rates and a longer maturity than the existing revolving credit facility), and (iii) amend certain of the existing covenants therein. The following are key terms of the amendment:

The term loan maturity was extended to December 15, 2016 (the "Term Loan due 2016") for the aggregate principal amount of \$476,597,000 held by lenders who consented to the amendment. The remaining aggregate term loan principal amount of \$142,528,000 will mature on January 26, 2013 (the "Term Loan due 2013"). The current applicable margin for borrowings under the Term Loan due 2013 is 0.50% with respect to base rate borrowings and 1.50% with respect to LIBOR borrowings and the applicable margin for borrowings under the Term Loan due 2016 is 2.25% with respect to base rate borrowings and 3.25% with respect to LIBOR borrowings. The Company will repay \$374,088 of the Term Loan due 2013 quarterly through September 30, 2012, with any remaining balance due on January 26, 2013 and repay \$1,250,912 of the Term Loan due 2016 quarterly through September 30, 2016, with any remaining balance due on December 15, 2016.

The new five-year revolving credit facility includes a borrowing capacity of \$192,500,000 through December 15, 2015 and is available for letters of credit and for swingline borrowings on same-day notice. The current applicable margin for borrowings under the revolving credit facility is 2.00% with respect to base rate borrowings and 3.00% with respect to LIBOR borrowings. The Company is required to pay an unused commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder at a rate equal to 0.50% per annum. It will also pay customary letter of credit fees.

The Company recorded a loss on the modification of the Senior Secured Credit Agreement of \$3,413,000 in Other expense during the thirteen and thirty-nine weeks ended December 30, 2010, which included third party modification fees of \$2,885,000, previously capitalized financing fees related to the revolving credit facility of \$367,000, and other expenses of \$161,000.

As of December 30, 2010, the Company was in compliance with all financial covenants relating to the Parent Term Loan Facility, the Senior Secured Credit Facility, the Notes due 2019, the Discount Notes due 2014, the Notes due 2014, the Notes due 2016, and the Notes due 2020.

NOTE 11 COMMITMENTS AND CONTINGENCIES

The Company, in the normal course of business, is party to various legal actions. Except as described below, management believes that the potential exposure, if any, from such matters would not have a material adverse effect on the financial condition, cash flows or results of operations of the Company.

United States of America v. AMC Entertainment Inc. and American Multi-Cinema, Inc. (No. 99 01034 FMC (SHx), filed in the U.S. District Court for the Central District of California). On January 29, 1999, the Department of Justice (the "Department") filed suit alleging that the Company's stadium style theatres violated the ADA and related regulations. The Department alleged the Company had failed to provide persons in wheelchairs seating arrangements with lines-of-sight comparable to the

Table of Contents

AMC ENTERTAINMENT HOLDINGS INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

December 30, 2010

(Unaudited)

NOTE 11 COMMITMENTS AND CONTINGENCIES (Continued)

general public. The Department alleged various non-line-of-sight violations as well. The Department sought declaratory and injunctive relief regarding existing and future theatres with stadium-style seating, compensatory damages in the approximate amount of \$75,000 and a civil penalty of \$110,000.

As to line-of-sight matters, the trial court entered summary judgment in favor of the Department as to both liability and as to the appropriate remedy. On December 5, 2008, the Ninth Circuit Court of Appeals reversed the trial court as to the appropriate remedy and remanded the case back to the trial court for findings consistent with its decision. The Company and the Department reached a settlement regarding the extent of betterments and remedies required for line-of-sight violations which the parties believe are consistent with the Ninth Circuit's decision. The trial court approved the settlement on November 29, 2010. The betterments will be made over a 5 year term and the Company estimates the unpaid cost of such betterments to be approximately \$5,000,000. The Company has recorded a liability of \$75,000 for compensation to claimants and fines related to this matter.

As to the non-line-of-sight aspects of the case, on January 21, 2003, the trial court entered summary judgment in favor of the Department on matters such as parking areas, signage, ramps, location of toilets, counter heights, ramp slopes, companion seating and the location and size of handrails. On December 5, 2003, the trial court entered a consent order and final judgment on non-line-of-sight issues under which the Company agreed to remedy certain violations at its stadium-style theatres and at certain theatres it may open in the future. Currently the Company estimates that remaining betterments are required at approximately 45 stadium-style theatres. The Company estimates that the unpaid costs of these betterments will be approximately \$16,700,000. The estimate is based on actual costs incurred on remediation work completed to date. The actual costs of betterments may vary based on the results of surveys of the remaining theatres.

Michael Bateman v. American Multi-Cinema, Inc. (No. CV07-00171). In January 2007, a class action complaint was filed against the Company in the Central District of the United States District Court of California (the "District Court") alleging violations of the Fair and Accurate Credit Transactions Act ("FACTA"). FACTA provides in part that neither expiration dates nor more than the last 5 numbers of a credit or debit card may be printed on receipts given to customers. FACTA imposes significant penalties upon violators where the violation is deemed to have been willful. Otherwise damages are limited to actual losses incurred by the card holder. On October 24, 2008, the District Court denied plaintiff's renewed motion for class certification. On September 27, 2010, the Ninth Circuit Court of Appeals vacated the District Court's order and remanded the proceedings for a new determination consistent with their opinion. The Company filed its Petition for En Banc and/or Panel Rehearing on October 8, 2010. The parties have reached a tentative settlement, subject to court approval, which is not expected to have a material adverse impact to the Company's financial condition.

On May 14, 2009, Harout Jarchafjian filed a similar lawsuit alleging that the Company willfully violated FACTA and seeking statutory damages, but without alleging any actual injury (*Jarchafjian v. American Multi-Cinema, Inc.* (C.D. Cal. Case No. CV09-03434)). The Jarchafjian case has been deemed related to the Bateman case and was stayed pending a Ninth Circuit decision in the Bateman case, which has now been issued. The parties have reached a tentative settlement, subject to court approval, which is not expected to have a material adverse impact to the Company's financial condition.

AMC ENTERTAINMENT HOLDINGS INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

December 30, 2010

(Unaudited)

NOTE 11 COMMITMENTS AND CONTINGENCIES (Continued)

In addition to the cases noted above, the Company is also currently a party to various ordinary course claims from vendors (including concession suppliers and motion picture distributors), landlords and other legal proceedings. If management believes that a loss arising from these actions is probable and can reasonably be estimated, the Company records the amount of the loss, or the minimum estimated liability when the loss is estimated using a range and no point is more probable than another. As additional information becomes available, any potential liability related to these actions is assessed and the estimates are revised, if necessary. Except as described above, management believes that the ultimate outcome of such other matters, individually and in the aggregate, will not have a material adverse effect on the Company's financial position or overall trends in results of operations. However, litigation and claims are subject to inherent uncertainties and unfavorable outcomes could occur. An unfavorable outcome could include monetary damages. If an unfavorable outcome were to occur, there exists the possibility of a material adverse impact on the results of operations in the period in which the outcome occurs or in future periods.

NOTE 12 RELATED PARTY TRANSACTIONS

Amended and Restated Fee Agreement

In connection with the merger with LCE Holdings Inc., Holdings, AMCE and the Sponsors entered into an Amended and Restated Fee Agreement, which provides for an annual management fee of \$5,000,000, payable quarterly and in advance to each Sponsor, on a pro rata basis, until the earliest of (i) the twelfth anniversary from December 23, 2004; (ii) such time as the sponsors own less than 20% in the aggregate of Parent; and (iii) such earlier time as Holdings, AMCE and the Requisite Stockholder Majority agree. In addition, the fee agreement provided for reimbursements by AMCE to the Sponsors for their out-of-pocket expenses and to Holdings of up to \$3,500,000 for fees payable by Holdings in any single fiscal year in order to maintain AMCE's and its corporate existence, corporate overhead expenses and salaries or other compensation of certain employees. The Amended and Restated Fee Agreement terminated on June 11, 2007, the date of the holdco merger, and was superseded by a substantially identical agreement entered into by AMC Entertainment Holdings, Inc., Holdings, AMCE, the Sponsors and Holdings' other stockholders.

Upon the consummation of a change in control transaction or an initial public offering, each of the Sponsors will receive, in lieu of quarterly payments of the annual management fee, a fee equal to the net present value of the aggregate annual management fee that would have been payable to the Sponsors during the remainder of the term of the fee agreement (assuming a twelve year term from the date of the original fee agreement), calculated using the treasury rate having a final maturity date that is closest to the twelfth anniversary of the date of the original fee agreement date. As of December 30, 2010, the Company estimates that this amount would be \$26,127,000. The Company expects to record any lump sum payment to the Sponsors as a dividend.

The fee agreement also provides that the Company will indemnify the Sponsors against all losses, claims, damages and liabilities arising in connection with the management services provided by the Sponsors under the fee agreement.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders
AMC Entertainment Holdings, Inc.:

We have audited the accompanying consolidated balance sheet of AMC Entertainment Holdings, Inc. (and subsidiaries) as of April 1, 2010, and the related consolidated statements of operations, stockholders' equity, and cash flows for the year then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of AMC Entertainment Holdings, Inc. (and subsidiaries) as of April 1, 2010, and the results of their operations and their cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

As discussed in Note 1 to the consolidated financial statements, the Company changed its accounting treatment for business combinations due to the adoption of new accounting requirements issued by the FASB, as of April 3, 2009.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

TO THE BOARD OF DIRECTORS AND STOCKHOLDERS OF AMC ENTERTAINMENT HOLDINGS, INC.:

In our opinion, the accompanying consolidated balance sheet and the related consolidated statements of operations, of stockholders' equity and of cash flows present fairly, in all material respects, the financial position of AMC Entertainment Holdings, Inc. and its subsidiaries (the "Company") at April 2, 2009, and the results of their operations and their cash flows for the 52 week period ended April 2, 2009 and the 53 week period ended April 3, 2008, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 9, the Company changed the manner in which it accounts for uncertain tax positions in fiscal 2008.

AMC Entertainment Holdings, Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES

AMC Entertainment Holdings, Inc. (also referred to as "Parent" or the "Company"), through its direct and indirect subsidiaries, is principally involved in the theatrical exhibition business and owns, operates or has interests in theatres located in the United States and Canada, China (Hong Kong), France and the United Kingdom. The Company's principal wholly owned operating subsidiary is AMC Entertainment Inc. (AMCE). Marquee Holdings Inc. (Holdings) is a wholly owned subsidiary that was used to purchase AMCE in 2004. The Company discontinued its operations in Spain and Portugal during the third quarter of fiscal 2007 and discontinued its operations in Mexico during the third quarter of fiscal 2009.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates and assumptions are used for, but not limited to: (1) Impairments, (2) Goodwill, (3) Income Taxes, (4) Pension and Postretirement Assumptions and (5) Film Exhibition Costs. Actual results could differ from those estimates.

Principles of Consolidation: The consolidated financial statements include the accounts of the Company and all subsidiaries, as discussed above. All significant intercompany balances and transactions have been eliminated in consolidation. There are no noncontrolling (minority) interests in the Company's consolidated subsidiaries; consequently, all of its stockholders' equity, net earnings (loss) and comprehensive earnings (loss) for the periods presented are attributable to controlling interests.

Fiscal Year: The Company has a 52/53 week fiscal year ending on the Thursday closest to the last day of March. Both fiscal 2010 and fiscal 2009 reflect 52 week periods, while fiscal 2008 reflects a 53 week period.

Revenues: Revenues are recognized when admissions and concessions sales are received at the theatres. The Company defers 100% of the revenue associated with the sales of gift cards and packaged tickets until such time as the items are redeemed or management believes future redemption to be remote based upon applicable laws and regulations. During fiscal 2008, management changed its estimate of when it believes future redemption to be remote for packaged tickets from 24 months from the date of sale to 18 months from the date of sale. During fiscal 2009, management changed its estimate of redemption rates for packaged tickets. Management believes the 18 month estimate and revised redemption rates are supported by its continued development of specific historical redemption patterns for gift cards and that they are reflective of management's current best estimate. These changes in estimate had the effect of increasing other theatre revenues by approximately \$4,200,000 in fiscal 2008 and by approximately \$2,600,000 during fiscal 2009. The impact on loss from continuing operations and net loss for the change in estimate was a decrease to those losses of approximately \$2,600,000 during fiscal 2008 and the related impact on loss per share from continuing operations and net loss per share was a decrease to those losses per share of \$2.03 per share for basic and diluted loss per share. The impact on earnings from continuing operations and net earnings for the change in estimate was an increase to those earnings of approximately \$1,600,000 during fiscal 2009 and the related impact on earnings per share from continuing operations and earnings per share was an increase to those earnings of \$1.25 per share for basic and diluted earnings per share. During the

AMC Entertainment Holdings, Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

periods ended April 1, 2010, April 2, 2009, and April 3, 2008, the Company recognized \$13,591,000, \$14,139,000, and \$11,289,000 of income, respectively, related to the derecognition of gift card liabilities where management believes future redemption to be remote which was recorded in other expense (income) in the Consolidated Statements of Operations.

Film Exhibition Costs: Film exhibition costs are accrued based on the applicable box office receipts and estimates of the final settlement to the film licenses. Film exhibition costs include certain advertising costs. As of April 1, 2010 and April 2, 2009, the Company recorded film payables of \$78,499,000 and \$60,286,000, respectively, which is included in accounts payable in the accompanying consolidated balance sheets.

Concession Costs: The Company records payments from vendors as a reduction of concession costs when earned unless it is determined that the payment was for the fair value of services provided to the vendor where the benefit to the vendor is sufficiently separable from the Company's purchase of the vendor's products. In the latter instance, revenue is recorded when and if the consideration received is in excess of fair value, then the excess is recorded as a reduction of concession costs. In addition, if the payment from the vendor is for a reimbursement of expenses, then those expenses are offset.

Screen Advertising: On March 29, 2005, the Company and Regal Entertainment Group combined their respective cinema screen advertising businesses into a new joint venture company called National CineMedia, LLC ("NCM") and on July 15, 2005, Cinemark Holdings, Inc., ("Cinemark") joined NCM, as one of the founding members. NCM engages in the marketing and sale of cinema advertising and promotions products; business communications and training services; and the distribution of digital alternative content. The Company records its share of on-screen advertising revenues generated by NCM in other theatre revenues.

Loyalty Program: The Company records the estimated incremental cost of providing free concession items for awards under its *Moviewatcher* loyalty program when the awards are earned. Historically, the costs of these awards have not been significant.

Advertising Costs: The Company expenses advertising costs as incurred and does not have any direct-response advertising recorded as assets. Advertising costs were \$9,103,000, \$18,121,000 and \$20,677,000 for the periods ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively.

Cash and Equivalents: Under the Company's cash management system, checks issued but not presented to banks frequently result in book overdraft balances for accounting purposes and are classified within accounts payable in the balance sheet. The change in book overdrafts are reported as a component of operating cash flows for accounts payable as they do not represent bank overdrafts. The amount of these checks included in accounts payable as of April 1, 2010 and April 2, 2009 was \$60,943,000 and \$55,302,000, respectively. All highly liquid debt instruments and investments purchased with an original maturity of three months or less are classified as cash equivalents.

Intangible Assets: Intangible assets are recorded at cost or fair value, in the case of intangible assets resulting from acquisitions, and are comprised of lease rights, amounts assigned to theatre leases acquired under favorable terms, customer relationship intangible assets, management contracts and

Table of Contents

AMC Entertainment Holdings, Inc.

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

trademarks, each of which are being amortized on a straight-line basis over the estimated remaining useful lives of the assets except for a customer relationship intangible asset and the AMC Trademark intangible asset. The customer relationship intangible asset is amortized over eight years based upon the pattern in which the economic benefits of the intangible asset are expected to be consumed or otherwise used up. This pattern indicates that over 2/3rds of the cash flow generated from the asset is derived during the first five years. The AMC Trademark intangible asset is considered an indefinite lived intangible asset, and therefore is not amortized but rather evaluated for impairment annually. In fiscal 2009, the Company impaired a favorable lease intangible asset in the amount of \$1,364,000.

Investments: The Company accounts for its investments in non-consolidated entities using either the cost or equity methods of accounting as appropriate, and has recorded the investments within other long-term assets in its consolidated balance sheets and records equity in earnings and losses of those entities accounted for following the equity method of accounting within equity in (earnings) losses of non-consolidated entities in its consolidated statements of operations. The Company follows the guidance in ASC 323-30-35-3, which prescribes the use of the equity method for investments that are not considered to be minor in limited liability companies that maintain specific ownership accounts. The Company classifies gains and losses on sales of and changes of interest in equity method investments within equity in (earnings) losses of non-consolidated entities, and classifies gains and losses on sales of investments accounted for using the cost method in investment income. As of April 1, 2010, the Company holds an 18.23% interest in NCM, a joint venture that markets and sells cinema advertising and promotions; a 26% interest in Movietickets.com, a joint venture that provides moviegoers with a way to buy movie tickets online, access local showtime information, view trailers and read reviews; a 29.0% interest in Digital Cinema Implementation Partners LLC, a joint venture charged with implementing digital cinema in the Company's theatres; a 50% interest in three theatres that are accounted for following the equity method of accounting; and a 50% interest in Midland Empire Partners, LLC, a joint venture developing live and film entertainment venues in the Power & Light District of Kansas City, Missouri. In February 2007, the Company recorded a change of interest gain of \$132,622,000 and received distributions in excess of its investment in NCM related to the redemption of preferred and common units of \$106,188,000. Future equity in earnings from NCM on the Company's original NCM membership units (Tranche 1 Investment) will not be recognized until cumulative earnings exceed the redemption gain or cash distributions of earnings are received following the guidance in ASC 323-10-35-22. Additional NCM membership units received pursuant to the Common Unit Adjustment Agreement dated as of February 13, 2007 represent separate investments (Tranche 2 Investments) and any undistributed equity in the earnings of NCM are recognized under the equity method of accounting following the guidance in ASC 323-10-35-29. See Note 5 Investments for additional discussion of the Tranche 1 Investment and Tranche 2 Investments. At April 1, 2010, the Company's recorded investments are less than its proportional ownership of the underlying equity in these entities by approximately \$2,868,000, excluding NCM. These differences will be amortized to equity in earnings or losses over the estimated useful lives of the related assets or evaluated for impairment. Included in equity in earnings of non-consolidated entities for the 52 weeks ended April 2, 2009 is an impairment charge of \$2,742,000 related to a theatre joint venture investment. The decline in the fair market value of the investment was considered other than temporary due to competitive theatre builds.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Goodwill: Goodwill represents the excess of cost over fair value of net tangible and identifiable intangible assets related to acquisitions. The Company is not required to amortize goodwill as a charge to earnings; however, the Company is required to conduct an annual review of goodwill for impairment.

The Company's recorded goodwill was \$1,844,757,000 as of both April 1, 2010 and April 2, 2009. The Company evaluates goodwill and its trademark for impairment annually as of the beginning of the fourth fiscal quarter or more frequently as specific events or circumstances dictate. The Company's goodwill is recorded in its Theatrical Exhibition operating segment which is also the reporting unit for purposes of evaluating recorded goodwill for impairment. If the carrying value of the reporting unit exceeds its fair value the Company is required to reallocate the fair value of the reporting unit as if the reporting unit had been acquired in a business combination and the fair value of the reporting unit was the price paid to acquire the reporting unit. The Company determines fair value by using an enterprise valuation methodology determined by applying multiples to cash flow estimates less net indebtedness, which the Company believes is an appropriate method to determine fair value. There is considerable management judgment with respect to cash flow estimates and appropriate multiples and discount rates to be used in determining fair value and such management estimates fall under Level 3 within the fair value measurement hierarchy, see Note 14 Fair Value Measurements.

The Company performed its annual impairment analysis during the fourth quarter of fiscal 2010. The fair value of the Company's Theatrical Exhibition operations exceed the carrying value by more than 10% and management does not believe that impairment is probable.

Other Long-term Assets: Other long-term assets are comprised principally of investments in partnerships and joint ventures, costs incurred in connection with the issuance of debt securities, which are being amortized to interest expense over the respective lives of the issuances, and capitalized computer software, which is amortized over the estimated useful life of the software.

Leases: The majority of the Company's operations are conducted in premises occupied under lease agreements with initial base terms ranging generally from 15 to 20 years, with certain leases containing options to extend the leases for up to an additional 20 years. The Company does not believe that exercise of the renewal options are reasonably assured at the inception of the lease agreements and, therefore, considers the initial base term as the lease term. Lease terms vary but generally the leases provide for fixed and escalating rentals, contingent escalating rentals based on the Consumer Price Index not to exceed certain specified amounts and contingent rentals based on revenues with a guaranteed minimum.

The Company's lease terms commence at the time it obtains "control and access" to the leased premises which is generally a date prior to the "lease commencement date" contained in the lease agreements.

The Company records rent expense for its operating leases on a straight-line basis over the base term of the lease agreements commencing with the date the Company has "control and access" to the leased premises, which is generally a date prior to the "lease commencement date" in the lease agreement. Rent expense related to any "rent holiday" is recorded as operating expense, until construction of the leased premises is complete and the premises are ready for their intended use. Rent

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

charges upon completion of the leased premises subsequent to the theatre opening date are expensed as a component of rent expense.

Occasionally, the Company will receive amounts from developers in excess of the costs incurred related to the construction of the leased premises. The Company records the excess amounts received from developers as deferred rent and amortizes the balance as a reduction to rent expense over the base term of the lease agreement.

The Company evaluates the classification of its leases following the guidance in ASC 540-10-25. Leases that qualify as capital leases are recorded at the present value of the future minimum rentals over the base term of the lease using the Company's incremental borrowing rate. Capital lease assets are assigned an estimated useful life at the inception of the lease that generally correspond with the base term of the lease.

Occasionally, the Company is responsible for the construction of leased theatres and for paying project costs that are in excess of an agreed upon amount to be reimbursed from the developer. ASC 840-40-05-5 requires the Company to be considered the owner (for accounting purposes) of these types of projects during the construction period and therefore is required to account for these projects as sale and leaseback transactions. As a result, the Company has recorded \$30,956,000 and \$31,970,000 as financing lease obligations for failed sale leaseback transactions on its Consolidated Balance Sheets related to these types of projects as of April 1, 2010 and April 2, 2009, respectively.

Sale and Leaseback Transactions: The Company accounts for the sale and leaseback of real estate assets in accordance with ASC 840-40. Losses on sale leaseback transactions are recognized at the time of sale if the fair value of the property sold is less than the undepreciated cost of the property. Gains on sale and leaseback transactions are deferred and amortized over the remaining base term of the lease.

Impairment of Long-lived Assets: The Company reviews long-lived assets, including definite-lived intangibles, investments in non-consolidated subsidiaries accounted for under the equity method, marketable equity securities and internal use software for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. The Company identifies impairments related to internal use software when management determines that the remaining carrying value of the software will not be realized through future use. The Company reviews internal management reports on a quarterly basis as well as monitors current and potential future competition in the markets where it operates for indicators of triggering events or circumstances that indicate potential impairment of individual theatre assets. The Company evaluates theatres using historical and projected data of theatre level cash flow as its primary indicator of potential impairment and considers the seasonality of its business when making these evaluations. The Company performs its annual impairment analysis during the fourth quarter because Christmas and New Year's holiday results comprise a significant portion of the Company's operating cash flow, and the actual results from this period, which are available during the fourth quarter of each fiscal year, are an integral part of the impairment analysis. Under these analyses, if the sum of the estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount of the asset, an impairment loss is recognized in the amount by which the carrying value of the asset exceeds its estimated fair value. Assets are evaluated for impairment on an individual theatre basis, which management believes is the

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

lowest level for which there are identifiable cash flows. The impairment evaluation is based on the estimated cash flows from continuing use until the expected disposal date or the fair value of furniture, fixtures and equipment. The expected disposal date does not exceed the remaining lease period unless it is probable the lease period will be extended and may be less than the remaining lease period when the Company does not expect to operate the theatre to the end of its lease term. The fair value of assets is determined as either the expected selling price less selling costs (where appropriate) or the present value of the estimated future cash flows. The fair value of furniture, fixtures and equipment has been determined using similar asset sales and in some instances with the assistance of third party valuation studies. The discount rate used in determining the present value of the estimated future cash flows was based on management's expected return on assets during fiscal 2010.

There is considerable management judgment necessary to determine the estimated future cash flows and fair values of our theatres and other long-lived assets, and, accordingly, actual results could vary significantly from such estimates which fall under Level 3 within the fair value measurement hierarchy, see Note 14 Fair Value Measurements. During fiscal 2010, the Company recognized non-cash impairment losses of \$3,765,000 related to theatre fixed assets. The Company recognized an impairment loss of \$2,330,000 on five theatres with 41 screens (in California, Florida, Maryland, New York and Utah), which was related to property, net. The Company also adjusted the carrying value of undeveloped real estate assets located in Illinois based on a recent appraisal which resulted in an impairment charge of \$1,435,000.

Impairment losses in the Consolidated Statements of Operations are included in the following captions:

(In thousands)	52 weeks Ended April 1, 2010	52 weeks Ended April 2, 2009	53 weeks Ended April 3, 2008
Impairment of long-lived assets	\$ 3,765	\$ 73,547	\$ 8,933
Equity in (earnings) losses of non-consolidated entities		2,742	
Investment income		1,512	
Total impairment losses	\$ 3,765	\$ 77,801	\$ 8,933

Foreign Currency Translation: Operations outside the United States are generally measured using the local currency as the functional currency. Assets and liabilities are translated at the rates of exchange at the balance sheet date. Income and expense items are translated at average rates of exchange. The resultant translation adjustments are included in foreign currency translation adjustment, a separate component of accumulated other comprehensive income (loss). Gains and losses from foreign currency transactions, except those intercompany transactions of a long-term investment nature, are included in net earnings (loss).

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

at \$491 per share were outstanding during the year ended April 3, 2008, but were not included in the computations of diluted loss per share since they were anti-dilutive.

Pro forma earnings per share (Unaudited): The pro forma effect of the conversion of various classes of common stock to common stock and expected payment of \$28,177,000 pursuant to our Management Agreement have been reflected in the accompanying pro forma information for the period ended April 1, 2010. Prior to consummating this offering, Parent intends to reclassify each share of its existing Class A common stock, Class N common stock and Class L common stock. Pursuant to the reclassification, which is being treated in a manner similar to a stock split, each holder of shares of Class A common stock, Class N common stock and Class L common stock will receive shares of common stock for one share of Class A common stock, Class L common stock or Class N common stock. Pro forma per share data also gives effect to an increase of shares which, when multiplied by an assumed offering price of per share (the mid-point of the estimated offering price range set forth on the cover page of this prospectus), would be sufficient to replace the expected payment of \$28,177,000 pursuant to our Management Agreement.

Stock-based Compensation: The Company granted options on 60,243.17873 shares to certain employees during the periods ended March 31, 2005, March 30, 2006, April 2, 2009 and April 1, 2010. The options have a ten year term and the options granted during fiscal 2005 step-vest in equal amounts over five years with the final vesting having occurred on December 23, 2009. The options granted during fiscal 2006 step-vest in equal amounts over three years with final vesting having occurred on December 23, 2008. The options granted during fiscal 2009 step-vest in equal amounts over five years with final vesting occurring on March 6, 2014, but vesting may accelerate for certain participants if there is a change of control (as defined in the plan). The options granted during fiscal 2010 step-vest in equal amounts over five years with final vesting occurring on May 28, 2014. Parent has recorded \$1,384,000, \$2,622,000 and \$207,000 of stock-based compensation expense related to these options within general and administrative: other for fiscal 2010, 2009 and 2008, respectively.

The options have been accounted for using the fair value method of accounting for stock-based compensation arrangements, and the Company has valued the options using the Black-Scholes formula and has elected to use the simplified method for estimating the expected term of "plain vanilla" share option grants as it does not have enough historical experience to provide a reasonable estimate.

AMC Entertainment Holdings, Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following table reflects the weighted average fair value per option granted during each year, as well as the significant weighted average assumptions used in determining fair value using the Black-Scholes option-pricing model:

	April 1, 2010	April 2, 2009
Weighted average fair value on grant date	\$ 135.71	\$ 129.46
Risk-free interest rate	2.6%	2.6%
Expected life (years)	6.5	6.5
Expected volatility(1)	35.0%	35.0%
Expected dividend yield		

(1) The Company uses share values of its publicly traded competitor peer group for purposes of calculating volatility.

Income Taxes: The Company accounts for income taxes in accordance with ASC 740-10. Under ASC 740-10, deferred income tax effects of transactions reported in different periods for financial reporting and income tax return purposes are recorded by the liability method. This method gives consideration to the future tax consequences of deferred income or expense items and recognizes changes in income tax laws in the period of enactment. The income statement effect is generally derived from changes in deferred income taxes on the balance sheet.

Casualty Insurance: The Company is self-insured for general liability up to \$500,000 per occurrence and carries a \$400,000 deductible limit per occurrence for workers compensation claims. The Company utilizes actuarial projections of its ultimate losses to calculate its reserves and expense. The actuarial method includes an allowance for adverse developments on known claims and an allowance for claims which have been incurred but which have not yet been reported. As of April 1, 2010 and April 2, 2009, the Company had recorded casualty insurance reserves of \$16,253,000 and \$19,179,000, respectively, net of estimated insurance recoveries. The Company recorded expenses related to general liability and workers compensation claims of \$11,363,000, \$10,537,000 and \$14,836,000 for the periods ended April 1, 2010, April 2, 2009 and April 3, 2008, respectively.

New Accounting Pronouncements: In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) Improving Disclosures about Fair Value Measurements*, ("ASU 2010-06"). This Update provides a greater level of disaggregated information and enhanced disclosures about valuation techniques and inputs to fair value measurements. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009 and is effective for the Company as of the end of fiscal 2010 except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years and is effective for the Company as of the beginning of fiscal 2011. See Note 11 Employee Benefit Plans and Note 14 Fair Value Measurements for required disclosures.

In October 2009, the FASB issued ASU No. 2009-13, *Revenue Recognition (Topic 605) Multiple-Deliverable Revenue Arrangements A Consensus of the FASB Emerging Issues Task Force*,

Table of Contents

AMC Entertainment Holdings, Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

("ASU 2009-13"). This Update provides amendments to the criteria in Subtopic 605-25 that addresses how to separate multiple-deliverable arrangements and how to measure and allocate arrangement consideration to one or more units of accounting. In addition, this amendment significantly expands the disclosure requirements related to multiple-deliverable revenue arrangements. ASU 2009-13 will be effective prospectively for revenue arrangements entered into or materially modified in fiscal years beginning on or after June 15, 2010 and is effective for the Company as of the beginning of fiscal 2012. Early adoption is permitted. The Company is in the process of evaluating the impact ASU 2009-13 will have on its financial statements.

In June 2009, the FASB amended guidance for determining whether an entity is a variable interest entity and requires an analysis to determine whether the variable interest gives a company a controlling financial interest in the variable interest entity. This guidance is included in ASC 810, *Consolidation*, which will require an ongoing reassessment and eliminates the quantitative approach previously required for determining whether a company is the primary beneficiary. This guidance is effective as of the beginning of the first fiscal year beginning after November 15, 2009 and is effective for the Company in the first quarter of fiscal 2011. The Company is in the process of determining what effects the application of this guidance may have on its consolidated financial position, but does not believe the guidance will have a material impact.

In December 2008, the FASB issued ASC 715-20-65, guidance for employers' disclosures about postretirement benefit plan assets, which requires additional fair value disclosures about employers' defined benefit pension or other postretirement plan assets. Specifically, employers are required to disclose information about how investment allocation decisions are made, the fair value of each major category of plan assets and information about the inputs and valuation techniques used to develop the fair value measurements of plan assets. This guidance is effective for financial statements issued for fiscal years ending after December 15, 2009 and is effective for the Company in fiscal 2010. See Note 11 Employee Benefit Plans for required disclosures.

In December 2007, the FASB revised ASC 805, *Business Combinations*, which addresses the accounting and disclosure for identifiable assets acquired, liabilities assumed, and noncontrolling interests in a business combination. This statement requires all business combinations completed after the effective date to be accounted for by applying the acquisition method (previously referred to as the purchase method); expands the definition of transactions and events that qualify as business combinations; requires that the acquired assets and liabilities, including contingencies, be recorded at the fair value determined on the acquisition date and changes thereafter reflected in income, not goodwill; changes the recognition timing for restructuring costs; and requires acquisition costs to be expensed as incurred rather than being capitalized as part of the cost of acquisition. This standard became effective in the first quarter of fiscal 2010. The Company changed its accounting treatment for business combinations on a prospective basis. In addition, the reversal of valuation allowance for deferred tax assets related to business combinations will flow through the Company's income tax provision, on a prospective basis, as opposed to goodwill.

Presentation: Effective April 3, 2009, certain advertising costs related to film exhibition were reclassified from operating expense to film exhibition costs with a conforming reclassification made for the prior year presentation. Effective April 1, 2010, preopening expense, theatre and other closure expense (income), and disposition of assets and other losses (gains) were reclassified to operating

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

expense with a conforming reclassification made for the prior year presentation. Additionally, in the consolidated statements of cash flows, certain operating activities were reclassified to other, net and certain investing activities were reclassified to other, net, with conforming reclassifications made for the prior year presentation. These presentation reclassifications reflect how management evaluates information presented in the statement of operations and consolidated statements of cash flows.

Subsequent Events: The Company has evaluated subsequent events through June 29, 2010.

NOTE 2 DISCONTINUED OPERATIONS

On December 29, 2008, the Company sold all of its interests in Cinemex, which then operated 44 theatres with 493 screens primarily in the Mexico City Metropolitan Area, to Entretenimiento GM de Mexico S.A. de C.V. The operations and cash flows of the Cinemex theatres have been eliminated from the Company's ongoing operations as a result of the disposal transaction. The purchase price received at the date of the sale and in accordance with the Stock Purchase Agreement was \$248,141,000. During the year ended April 1, 2010, the Company received payments of \$4,315,000 for purchase price related to tax payments and refunds, and a working capital calculation and post closing adjustments. Additionally, the Company estimates that it is contractually entitled to receive an additional \$8,752,000 of the purchase price related to other tax payments and refunds. While the Company believes it is entitled to these amounts from Cinemex, the resolution and collection will require litigation which was initiated by the Company on April 30, 2010. Resolution could take place over a prolonged period. As a result of the litigation, the Company has established an allowance for doubtful accounts related to this receivable in the amount of \$7,480,000 and further directly charged off \$1,381,000 of certain amounts as uncollectible with an offsetting charge of \$8,861,000 recorded to loss on disposal included as a component of discontinued operations. The Company does not have any significant continuing involvement in the operations of the Cinemex theatres after the disposition. The results of operations of the Cinemex theatres have been classified as discontinued operations for all periods presented.

AMC Entertainment Holdings, Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 3 PROPERTY

A summary of property is as follows:

(In thousands)	April 1, 2010	April 2, 2009
Property owned:		
Land	\$ 43,384	\$ 43,384
Buildings and improvements	157,142	156,665
Leasehold improvements	824,461	812,972
Furniture, fixtures and equipment	1,243,323	1,253,050
	2,268,310	2,266,071
Less-accumulated depreciation and amortization	1,421,367	1,319,353
	846,943	946,718
Property leased under capital leases:		
Buildings and improvements	33,864	33,864
Less-accumulated amortization	17,275	15,914
	16,589	17,950
	\$ 863,532	\$ 964,668

Property is recorded at cost or fair value, in the case of property resulting from acquisitions. The Company uses the straight-line method in computing depreciation and amortization for financial reporting purposes. The estimated useful lives for leasehold improvements reflect the shorter of the base terms of the corresponding lease agreements or the expected useful lives of the assets. The estimated useful lives are as follows:

Buildings and improvements	5 to 40 years
Leasehold improvements	1 to 20 years
Furniture, fixtures and equipment	1 to 10 years

Expenditures for additions (including interest during construction) and betterments are capitalized, and expenditures for maintenance and repairs are charged to expense as incurred. The cost of assets retired or otherwise disposed of and the related accumulated depreciation and amortization are eliminated from the accounts in the year of disposal. Gains or losses resulting from property disposals are included in operating expense in the accompanying consolidated statements of operations.

Depreciation expense was \$163,506,000, \$174,851,000, and \$190,194,000 for the periods ended April 1, 2010, April 2, 2009, and April 3, 2008, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 5 INVESTMENTS

Investments in non-consolidated affiliates and certain other investments accounted for under the equity method generally include all entities in which the Company or its subsidiaries have significant influence, but not more than 50% voting control. Investments in non-consolidated affiliates as of April 1, 2010, include an 18.23% interest in National CineMedia, LLC ("NCM"), a 50% interest in three U.S. motion picture theatres and one IMAX screen, a 26% equity interest in Movietickets.com, Inc. ("MTC"), a 50% interest in Midland Empire Partners, LLC and a 29% interest in Digital Cinema Implementation Partners, LLC ("DCIP"). Financial results for the 53 weeks ended April 3, 2008 include a 50% interest in Hoyts General Cinemas South America ("HGCSA"), an entity that operated 17 theatres in South America, which was disposed of in July 2007.

In May 2007, the Company disposed of its investment in Fandango, Inc. ("Fandango"), accounted for using the cost method, for total proceeds of approximately \$20,360,000, of which \$17,977,000 was received in May and September 2007 and \$2,383,000 was received in November 2008. The Company recorded a gain on the sale recorded in investment income of approximately \$15,977,000 during fiscal 2008 and \$2,383,000 during fiscal 2009. In July 2007, the Company disposed of its investment in HGCSA for total proceeds of approximately \$28,682,000 and recorded a gain on the sale included in equity earnings of non-consolidated entities of approximately \$18,751,000.

DCIP Transactions

On March 10, 2010, DCIP completed its financing transactions for the deployment of digital projection systems to nearly 14,000 movie theatre screens across North America, including screens operated or managed by the Company, Cinemark Holdings, Inc. ("Cinemark") and Regal Entertainment Group ("Regal"). At closing the Company contributed 342 projection systems that it owned to DCIP which were recorded at estimated fair value as part of an additional investment in DCIP of \$21,768,000. The Company also made cash investments in DCIP of \$840,000 at closing and DCIP made a distribution of excess cash to us after the closing date and prior to year-end of \$1,262,000. The Company recorded a loss on contribution of the 342 projection systems of \$563,000, based on the difference between estimated fair value and its carrying value on the date of contribution. On March 26, 2010, the Company acquired 117 digital projectors from third party lessors for \$6,784,000 and sold them together with 7 digital projectors that it owned to DCIP for \$6,570,000. The Company recorded a loss on the sale of these 124 systems to DCIP of \$697,000. As of April 1, 2010, the Company operated 568 digital projection systems leased from DCIP pursuant to operating leases and anticipates that it will have deployed 4,000 of these systems in its existing theatres over the next three to four years.

The digital projection systems leased from DCIP and its affiliates will replace most of the Company's existing 35 millimeter projection systems in its U.S. theatres. The Company is examining its estimated depreciable lives for its existing equipment, with a net book value of approximately \$14,224,000 that will be replaced and expects to accelerate the depreciation of these existing 35 millimeter projection systems, based on the estimated digital projection system deployment timeframe.

NOTE 5 INVESTMENTS (Continued)

NCM Transactions

On March 29, 2005, the Company along with Regal combined their screen advertising operations to form NCM. On July 15, 2005, Cinemark joined the NCM joint venture by contributing its screen advertising business. On February 13, 2007, National CineMedia, Inc. ("NCM, Inc."), a newly formed entity that now serves as the sole manager of NCM, closed its initial public offering, or IPO, of 42,000,000 shares of its common stock at a price of \$21.00 per share.

In connection with the completion of NCM, Inc.'s IPO, on February 13, 2007, the Company entered into the Third Amended and Restated Limited Liability Company Operating Agreement (the "NCM Operating Agreement") among the Company, Regal and Cinemark (the "Founding Members"). Pursuant to the NCM Operating Agreement, the members are granted a redemption right to exchange common units of NCM for, at the option of NCM, Inc., NCM, Inc. shares of common stock on a one-for-one basis or a cash payment equal to the market price of one share of NCM, Inc.'s common stock. Upon execution of the NCM Operating Agreement, each existing preferred unit of NCM held by the Founding Members was redeemed in exchange for \$13.7782 per unit, resulting in the cancellation of each preferred unit. NCM used the proceeds of a new \$725,000,000 term loan facility and \$59,800,000 of net proceeds from the NCM, Inc. IPO to redeem the outstanding preferred units. The Company received approximately \$259,347,000 in the aggregate for the redemption of all its preferred units in NCM. The Company received approximately \$26,467,000 from selling common units in NCM to NCM, Inc. in connection with the exercise of the underwriters' over-allotment option in the NCM, Inc. IPO.

Also in connection with the completion of NCM, Inc.'s IPO, the Company agreed to modify NCM's payment obligations under the prior Exhibitor Services Agreement ("ESA") in exchange for approximately \$231,308,000. The ESA provides a term of 30 years for advertising and approximately five year terms (with automatic renewal provisions) for meeting event and digital programming services, and provides NCM with a five year right of first refusal for the services beginning one year prior to the end of the term. The ESA also changed the basis upon which the Company is paid by NCM from a percentage of revenues associated with advertising contracts entered into by NCM to a monthly theatre access fee. The theatre access fee is now composed of a fixed payment per patron and a fixed payment per digital screen, which increases by 8% every five years starting at the end of fiscal 2011 for payments per patron and by 5% annually starting at the end of fiscal 2007 for payments per digital screen. The theatre access fee paid in the aggregate to the Founding Members will not be less than 12% of NCM's aggregate advertising revenue, or it will be adjusted upward to meet this minimum payment. Additionally, the Company entered into the First Amended and Restated Loews Screen Integration Agreement with NCM on February 13, 2007, pursuant to which the Company paid NCM an amount that approximated the EBITDA that NCM would have generated if it had been able to sell advertising in the Loews Cineplex Entertainment Corporation ("Loews") theatre chain on an exclusive basis commencing upon the completion of NCM, Inc.'s IPO, and NCM issued common membership units in NCM, increasing the Company's ownership interest to approximately 33.7%; such Loews payments were made quarterly until the former screen advertising agreements expired in fiscal 2009. The Loews Screen Integration payments totaling \$15,982,000 have been paid in full in fiscal 2010. The Company is also required to purchase from NCM any on-screen advertising time provided to the Company's beverage concessionaire at a negotiated rate. In addition, the Company expects to receive mandatory quarterly distributions of excess cash from NCM. Immediately following the NCM, Inc. IPO, the Company held an 18.6% interest in NCM.

Years Ended April 1, 2010, April 2, 2009 and April 3, 2008

NOTE 5 INVESTMENTS (Continued)

Annual adjustments to the common membership units are made pursuant to the Common Unit Adjustment Agreement dated as of February 13, 2007 between NCM, Inc. and the Founding Members. The Common Unit Adjustment Agreement was created to account for changes in the number of theatre screens operated by each of the Founding Members. Historically, each of the Founding Members has increased the number of screens it operates through acquisitions and newly built theatres. Since these incremental screens and increased attendance in turn provide for additional advertising revenues to NCM, NCM agreed to compensate the Founding Members by issuing additional common membership units to the Founding Members in consideration for their increased attendance and overall contribution to the joint venture. The Common Unit Adjustment Agreement also provides protection to NCM in that the Founding Members may be required to transfer or surrender common units to NCM based on certain limited events, including declines in attendance and the number of screens operated. As a result, each Founding Member's equity ownership interests are proportionately adjusted to reflect the risks and rewards relative to their contributions to the joint venture.

The Common Unit Adjustment Agreement provides that transfers of common units are solely between the Founding Members and NCM. There are no transfers of units among the Founding Members. In addition, there are no circumstances under which common units would be surrendered by the Company to NCM in the event of an acquisition by one of the Founding Members. However, adjustments to the common units owned by one of the Founding Members will result in an adjustment to the Company's equity ownership interest percentage in NCM.

Pursuant to our Common Unit Adjustment Agreement, from time to time, common units of NCM held by the Founding Members will be adjusted up or down through a formula ("Common Unit Adjustment") primarily based on increases or decreases in the number of theatre screens operated and theatre attendance generated by each Founding Member. The common unit adjustment is computed annually, except that an earlier common unit adjustment will occur for a Founding Member if its acquisition or disposition of theatres, in a single transaction or cumulatively since the most recent common unit adjustment, will cause a change of 2% or more in the total annual attendance of all of the Founding Members. In the event that a common unit adjustment is determined to be a negative number, the Founding Member shall cause, at its election, either (a) the transfer and surrender to NCM of a number of common units equal to all or part of such Founding Member's common unit adjustment or (b) pay to NCM, an amount equal to such Founding Member's common unit adjustment calculated in accordance with the Common Unit Adjustment Agreement.

Effective March 27, 2008, the Company received 939,853 common membership units of NCM as a result of the Common Unit Adjustment, increasing the Company's interest in NCM to 19.1%. The Company recorded the additional units received as a result of the Common Unit Adjustment at a fair value of \$21.6 million, based on a price for shares of NCM, Inc. on March 26, 2008, of \$22.98 per share, and as a new investment (Tranche 2 Investment) with an offsetting adjustment to deferred revenue. Effective May 29, 2008, NCM issued 2,913,754 common membership units to another Founding Member due to an acquisition, which caused a decrease in the Company's ownership share from 19.1% to 18.52%. Effective March 17, 2009, the Company received 406,371 common membership units of NCM as a result of the Common Unit Adjustment, increasing the Company's interest in NCM to 18.53%. The Company recorded these additional units at a fair value of \$5.5 million, based on a price for shares of NCM, Inc. on March 17, 2009, of \$13.42 per share, with an offsetting adjustment to deferred revenue. Effective March 17, 2010, the Company received 127,290 common membership units of NCM. As a result of the Common Unit Adjustment among the Founding Members, the Company's

NOTE 5 INVESTMENTS (Continued)

interest in NCM decreased to 18.23% as of April 1, 2010. The Company recorded the additional units received at a fair value of \$2.3 million, based on a price for shares of NCM, Inc. on March 17, 2010, of \$17.99 per share, with an offsetting adjustment to deferred revenue. Effective June 14, 2010 and with a settlement date of June 28, 2010, the Company received 6,510,209 common membership units in NCM as a result of an Extraordinary Common Unit Adjustment in connection with the Company's acquisition of Kerasotes. The Company recorded the additional units at a fair value of \$111.5 million, based on a price for shares of NCM, Inc. on June 14, 2010, of \$17.13 per share, with an offsetting adjustment to deferred revenue. As a result of the Extraordinary Common Unit Adjustment, the Company's interest in NCM increases to 23.05%.

As a result of NCM, Inc.'s IPO and debt financing, the Company recorded a change of interest gain of \$132,622,000 and received distributions in excess of its investment in NCM related to the redemption of preferred and common units of \$106,188,000. The Company reduced its investment in NCM to zero and recognized the change of interest gain and the excess distribution as a gain in equity in earnings of non-consolidated entities, as it has not guaranteed any obligations of NCM and is not otherwise committed to provide further financial support for NCM.

The NCM, Inc. IPO and related transactions have the effect of reducing the amounts NCM, Inc. would otherwise pay in the future to various tax authorities as a result of an increase in its proportionate share of tax basis in NCM's tangible and intangible assets. On the IPO date, NCM, Inc. and the Founding Members entered into a tax receivable agreement. Under the terms of this agreement, NCM, Inc. will make cash payments to the Founding Members in amounts equal to 90% of NCM, Inc.'s actual tax benefit realized from the tax amortization of the intangible assets described above. For purposes of the tax receivable agreement, cash savings in income and franchise tax will be computed by comparing NCM, Inc.'s actual income and franchise tax liability to the amount of such taxes that NCM, Inc. would have been required to pay had there been no increase in NCM Inc.'s proportionate share of tax basis in NCM's tangible and intangible assets and had the tax receivable agreement not been entered into. The tax receivable agreement shall generally apply to NCM, Inc.'s taxable years up to and including the 30th anniversary date of the NCM, Inc. IPO and related transactions. Pursuant to the terms of the tax receivable agreement, the Company received payments of \$3,796,000 from NCM, Inc. in fiscal year 2009 with respect to NCM, Inc.'s 2007 taxable year, and in fiscal year 2010, the Company received payments of \$8,788,000 with respect to NCM, Inc.'s 2008 and 2009 taxable year. The Company has recorded the distributions received under the tax receivable agreement from NCM, Inc. as additional proceeds received related to its (Tranche 1 Investment) and has recorded the amounts in earnings in a similar fashion to the proceeds received from the NCM, Inc. IPO.

As of April 1, 2010, the Company owns 18,948,404 units or an 18.23% interest in NCM. As a founding member, the Company has the ability to exercise significant control over the governance of NCM, and, accordingly accounts for its investment following the equity method. The fair market value of the units in National CineMedia, LLC was approximately \$334,629,000, based on a price for shares of NCM on April 1, 2010 of \$17.66 per share.

Related Party Transactions

As of April 1, 2010 and April 2, 2009, the Company has recorded \$1,462,000 and \$1,342,000, respectively, of amounts due from NCM related to on-screen advertising revenue. As of April 1, 2010

and April 2, 2009, the Company had recorded \$1,502,000 and \$1,657,000, respectively, of amounts due to NCM related to the ESA and the Loews Screen Integration Agreement. The Company recorded revenues for advertising from NCM of \$20,352,000, \$19,116,000 and \$14,531,000 during the 52 weeks ended April 1, 2010, April 2, 2009, and the 53 weeks ended April 3, 2008, respectively. The Company recorded expenses related to its beverage advertising agreement with NCM of \$12,107,000, \$15,118,000 and \$16,314,000 during fiscal years 2010, 2009, and 2008, respectively.

Summary Financial Information

Investments in non-consolidated affiliates as of April 1, 2010, include an 18.23% interest in National CineMedia, LLC ("NCM"), a 50% interest in three U.S. motion picture theatres and one IMAX screen, a 26% equity interest in Movietickets.com, Inc. ("MTC"), a 50% interest in Midland Empire Partners, LLC and a 29% interest in Digital Cinema Implementation Partners, LLC ("DCIP"). Financial results for the 53 weeks ended April 3, 2008 include a 50% interest in Hoyts General Cinemas South America ("HGCSA"), an entity that operated 17 theatres in South America, which was disposed of in July 2007.

Condensed financial information of the Company's non-consolidated equity method investments is shown below. Amounts are presented under U.S. GAAP for the periods of ownership by the Company.
