**PRELIMINARY, SUBJECT TO COMPLETION, DATED NOVEMBER 24, 2014**

PROXY STATEMENT/PROSPECTUS

To the Shareholders of Glimcher Realty Trust:

You are cordially invited to attend a special meeting of the common shareholders of Glimcher Realty Trust, which we refer to as Glimcher, to be held on January 12, 2015 at 12:00 p.m., local time, at the Renaissance Columbus Downtown Hotel, 50 North 3rd Street, Columbus, Ohio 43215. Washington Prime Group Inc., which we refer to as WPG, and Glimcher have entered into an agreement and plan of merger, which we refer to as the merger agreement, pursuant to which Glimcher will merge with and into a subsidiary of WPG. We refer to this transaction as the merger. Pursuant to the terms and subject to the conditions set forth in the merger agreement, at the effective time of the merger, each outstanding common share of beneficial interest, par value \$0.01 per share, of Glimcher, which we refer to as a Glimcher common share (other than certain Glimcher common shares as set forth in the merger agreement), will convert into the right to receive:

\$10.40 in cash, without interest; and

0.1989 of a share of common stock, par value \$0.0001 per share, of WPG, which we refer to as a WPG common share.

WPG intends to list the WPG common shares to be issued in the merger on the New York Stock Exchange where, subject to official notice of issuance, they will trade under the symbol "WPG," under which existing WPG common shares already trade. **The value of the component of the merger consideration consisting of WPG common shares will fluctuate with changes in the market price of WPG common shares. We urge you to obtain current market quotations for WPG common shares and for Glimcher common shares, which are listed on the New York Stock Exchange under the symbol "GRT."**

In addition, at the effective time of the merger, each outstanding Glimcher Series G preferred share, Glimcher Series H preferred share and Glimcher Series I preferred share will be converted into a WPG Series G preferred share, WPG Series H preferred share and WPG Series I preferred share, respectively. There is no current trading market for the WPG preferred shares. WPG intends to list the WPG preferred shares to be issued in the merger on the New York Stock Exchange. In connection with the merger, WPG plans to redeem all of the outstanding WPG Series G preferred shares and anticipates sending a redemption notice to holders of the WPG Series G preferred shares on or shortly after the date of the closing of the merger.

The merger agreement also provides for the merger of a subsidiary of WPG with and into Glimcher Properties Limited Partnership, which we refer to as Glimcher LP. At the effective time of this merger, each outstanding limited partnership unit of Glimcher LP (other than certain limited partnership units as set forth in the merger agreement) will be converted into the right to receive 0.7431 of a limited partnership unit of Washington Prime Group, L.P., which is a subsidiary of WPG.

The obligations of WPG and Glimcher to complete the merger are subject to the satisfaction or waiver of the conditions set forth in the merger agreement, including approval of the merger and the other transactions contemplated by the merger agreement by the affirmative vote of at least two-thirds of the outstanding Glimcher common shares entitled to vote on the matter.

Accordingly, Glimcher is holding a special meeting of Glimcher shareholders, at which the holders of Glimcher common shares are being asked to consider and vote on (i) a proposal to approve the merger and the other transactions contemplated by the merger agreement, (ii) a non-binding, advisory proposal to approve the compensation that may be paid or become payable to named executive officers of Glimcher in connection with the merger and (iii) a proposal to adjourn the Glimcher special meeting, if necessary or appropriate, including to solicit additional proxies if there are not sufficient votes at the time of the meeting to approve the merger and the other transactions contemplated by the merger agreement, in each case as more particularly described in this proxy statement/prospectus.

**The Glimcher board of trustees unanimously approved the merger agreement, declared advisable the merger and the other transactions contemplated by the merger agreement, and unanimously recommends that Glimcher shareholders vote "FOR" the proposal to approve the merger and the other transactions contemplated by the merger agreement, "FOR" the proposal to approve, on a non-binding, advisory basis, the compensation that may be paid or become payable to named executive officers of Glimcher in connection with the merger and "FOR" the proposal to adjourn the special meeting, if necessary or appropriate, including to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve**

***Your vote is important.*** Whether or not you expect to attend the Glimcher special meeting in person, please authorize a proxy to vote your shares as promptly as possible by completing, signing, dating and mailing your proxy card in the pre-addressed postage-paid envelope provided or authorizing your proxy by one of the other methods specified in this proxy statement/prospectus. If your Glimcher common shares are held in "street name" by your broker or other nominee, only your broker or other nominee can vote your shares and the vote cannot be cast unless you provide instructions to your broker or other nominee on how to vote or you obtain a legal proxy from your broker or other nominee. You should follow the directions provided by your broker or other nominee regarding how to instruct your broker or other nominee to vote your shares. You may revoke your proxy at any time before it is exercised at the special meeting.

This document serves as both a proxy statement with respect to the Glimcher special meeting and prospectus with respect to the issuance of WPG securities in connection with the merger. This proxy statement/prospectus contains important information about WPG, Glimcher, the Glimcher special meeting, the merger agreement, the merger and the other transactions contemplated by the merger agreement. **We encourage you to read this proxy statement/prospectus, including the annexes and documents referred to or incorporated by reference, carefully and in its entirety before voting, including the section entitled "Risk Factors" beginning on page 31.**

**Q: What is the proposed transaction?**

**A:** WPG and Glimcher entered into the merger agreement on September 16, 2014, pursuant to which WPG will acquire Glimcher. After the merger has been approved by the holders of Glimcher common shares and the other closing conditions under the merger agreement have been satisfied or waived:

*Merger:* Glimcher will merge with and into Merger Sub I, with Merger Sub I surviving the merger as a direct wholly owned subsidiary of WPG LP.

*Partnership Merger:* Merger Sub II will merge with and into Glimcher LP, with Glimcher LP surviving the merger as a direct wholly owned subsidiary of Merger Sub I, which transaction we refer to as the partnership merger.

Concurrently with the execution of the merger agreement, WPG LP and Simon Property Group, L.P., which we refer to as Simon LP, entered into a purchase and sale agreement, which we refer to as the purchase agreement, pursuant to which WPG LP will sell, or cause to be sold, (i) the equity interests in the owner of Jersey Gardens, a regional mall in Elizabeth, New Jersey, which we refer to as the Jersey Gardens property, and (ii) the equity interests in the owner of University Park Village, an open air center in Fort Worth, Texas, which we refer to as the University Park Village property, to Simon LP for \$1.09 billion (subject to certain adjustments and apportionments as described in the purchase agreement). The closing of such sale will occur substantially simultaneously with the completion of the merger. Under the merger agreement, WPG is not permitted to amend the purchase agreement. The Jersey Gardens property and University Park Village property are currently owned by affiliates of Glimcher.

Concurrently with the execution of the purchase agreement, Glimcher LP entered into a letter agreement with WPG LP and Simon LP, which we refer to as the property letter agreement, under which Glimcher LP is a third-party beneficiary of the purchase agreement and agrees to convey the equity interests in the owners of such properties to Simon LP at the closing and immediately prior to the effective time of the merger. A: The receipt of the merger consideration by U.S. holders in exchange for Glimcher common shares, and the receipt of WPG preferred shares by U.S. holders in exchange for Glimcher preferred shares, will be taxable transactions for U.S. federal income tax purposes. In addition, under certain circumstances, we may be required to withhold a portion of the applicable merger consideration payable to holders under applicable tax laws, including under the Foreign Investment in Real Property Tax Act, which we refer to as FIRPTA. Four of the centers are located in Florida, and one each in Indiana, Connecticut and Virginia. Also included in this transaction is land valued at approximately \$4 million. Previously, WPG held between 32% to 42% legal ownership interests in the properties, but received substantially less economic benefit due to the partner's preferred capital allocation. After this transaction, WPG owned 100% of four of the properties and approximately 88.2% of the remaining three.

***The Merger Agreement (See page 121)***

On September 16, 2014, Glimcher, Glimcher LP, WPG, WPG LP, Merger Sub I and Merger Sub II entered into the merger agreement. The merger agreement provides for the acquisition of Glimcher and its subsidiaries, including the Glimcher operating partnership, by WPG. After the merger has been approved by the holders of Glimcher common shares and the other closing conditions under the merger agreement have been satisfied or waived:

*Merger:* Glimcher will merge with and into Merger Sub I, with Merger Sub I surviving the merger as a direct wholly owned subsidiary of WPG LP.

*Partnership Merger:* Merger Sub II will merge with and into Glimcher LP, with Glimcher LP surviving the merger as a direct wholly owned subsidiary of Merger Sub I.

Table of Contents

A copy of the merger agreement is attached as Annex A to this proxy statement/prospectus and incorporated herein by reference. For a summary of material provisions of the merger agreement, see "The Merger Agreement." WPG and Glimcher encourage you to carefully read the merger agreement in its entirety because it is the principal document governing the merger.

**Recommendation of the Glimcher Board and Its Reasons for the Merger (See page 86)**

The Glimcher Board unanimously approved the merger agreement, declared advisable the merger and the other transactions contemplated by the merger agreement, and unanimously recommends that Glimcher shareholders vote "**FOR**" the proposal to approve the merger and the other transactions contemplated by the merger agreement, "**FOR**" the proposal to approve, on a non-binding, advisory basis, the compensation that may be paid or become payable to named executive officers of Glimcher in connection with the merger and "**FOR**" the proposal to adjourn the special meeting, if necessary or appropriate, including to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the merger and the other transactions contemplated by the merger agreement.

To review the background of, and Glimcher's reasons for, the merger, as well as certain risks related to the merger, see "The Merger Background to the Merger," "The Merger Recommendation of the Glimcher Board and Its Reasons for the Merger" and "Risk Factors," respectively.

**Treatment of Glimcher Common Shares in the Merger (See page 121)**

Pursuant to the terms and subject to the conditions set forth in the merger agreement, at the effective time of the merger, each outstanding Glimcher common share (other than certain shares as set forth in the merger agreement) will be converted into the right to receive:

\$10.40 in cash, without interest; and

0.1989 of a WPG common share.

Additionally, pursuant to the terms and subject to the conditions set forth in the merger agreement, at the effective time of the partnership merger, each outstanding Glimcher LP unit (other than certain Glimcher LP units as set forth in the merger agreement) will be converted into the right to receive 0.7431 of a limited partnership unit of WPG LP.

The value of the component of the merger consideration consisting of WPG common shares will fluctuate between the date of this proxy statement/prospectus and the completion of the merger with changes in the market price of WPG common shares.

**Treatment of Glimcher Equity Awards in the Merger (See page 122)**

In connection with consummation of the merger, certain Glimcher equity awards will be assumed by WPG and converted into equity awards in respect of WPG common shares as follows:

**Continuing Glimcher Restricted Share Awards.** At the effective time of the merger, each outstanding and unvested Glimcher restricted share award granted pursuant to a Glimcher equity plan, which we refer to in as a Glimcher Restricted Share, that would otherwise vest as a result of the merger but is held by an individual who has waived such vesting, will be converted into an award of a number of WPG restricted common shares, which we refer to as WPG Converted Restricted Shares, equal to the number of Glimcher common shares subject to such Glimcher Restricted Share award multiplied by the "equity award exchange ratio," which is the sum of (x) 0.1989 of a WPG common share and (y) the quotient of (A) \$10.40 divided by (B) the volume-weighted average closing price of WPG common shares on the NYSE on the last ten trading days immediately prior to the consummation of the merger, which we refer to as the Equity Award Exchange Ratio. Each WPG

Table of Contents

Converted Restricted Share award will be subject to the same terms and conditions applicable to the underlying Glimcher Restricted Share award, including as to vesting (as may be modified by an applicable waiver).

***Glimcher Stock Options.*** At the effective time of the merger, each outstanding stock option in respect of Glimcher common shares granted pursuant to a Glimcher equity plan, which we refer to as a Glimcher Stock Option, will be converted into an option to purchase a number of WPG common shares, which we refer to as a WPG Converted Option, with the number of WPG common shares subject to each such WPG Converted Option to equal the product of (x) the total number of Glimcher common shares subject to such Glimcher Stock Option immediately prior to the effective time of the merger and (y) the Equity Award Exchange Ratio, with any fractional shares rounded down to the next lower whole number of shares, and with the exercise price per share of each such WPG Converted Option equal to (i) the per share exercise price for the Glimcher common shares subject to such Glimcher Stock Option divided by (ii) the Equity Award Exchange Ratio (rounded up to the nearest whole cent). Each WPG Converted Option will be subject to the same terms and conditions applicable to the underlying Glimcher Stock Option, except that such WPG Converted Option will vest in full at the effective time of the merger unless the holder of such WPG Converted Option has executed a waiver of such vesting.

Additionally, in connection with consummation of the merger, holders of certain other Glimcher equity awards will have the right to receive, in exchange for the cancellation of such awards, the following:

***Vesting Glimcher Restricted Share Awards.*** Immediately prior to the effective time of the merger, each outstanding Glimcher Restricted Share award that is held by an individual who does not waive vesting in connection with such award will immediately and automatically vest and entitle the holder thereof to the merger consideration plus any accrued but unpaid dividends with respect to such Glimcher Restricted Share award, if any, less applicable withholding.

***Glimcher Performance Share Awards.*** Immediately prior to the effective time of the merger, each outstanding Glimcher performance share award, which we refer to as a Glimcher Performance Share, will (i) vest if and to the extent the Glimcher Board (or appropriate committee thereof) determines that the performance goals applicable to such Glimcher Performance Share have been achieved based on actual performance measured at the effective time of the merger (and any Glimcher Performance Share that does not so vest will be forfeited without payment of any consideration therefor), and (ii) entitle the holder thereof to the merger consideration, less applicable withholding.

**Treatment of Glimcher Preferred Shares in the Merger (See page 122)**

Pursuant to the terms and subject to the conditions set forth in the merger agreement, at the effective time of the merger, each outstanding Glimcher Series G preferred share will be converted into one WPG Series G preferred share, each outstanding Glimcher Series H preferred share will be converted into one WPG Series H preferred share, and each outstanding Glimcher Series I preferred share will be converted into one WPG Series I preferred share. The WPG preferred shares will have preferences, rights and privileges substantially identical to the preferences, rights and privileges of the corresponding Glimcher preferred shares prior to the merger. In connection with the merger, WPG plans to redeem all of the outstanding WPG Series G preferred shares and anticipates sending a redemption notice to holders of the WPG Series G preferred shares on or shortly after the date of the closing of the merger.

**Opinions of Glimcher's Financial Advisors (See page 91, Annex D and Annex E)**

In connection with the merger, at the meeting of the Glimcher Board on September 15, 2014, each of Glimcher's financial advisors, Morgan Stanley & Co. LLC, which we refer to as Morgan Stanley, and GreenOak Real Estate US LLC, which we refer to as GreenOak, rendered to the Glimcher Board its oral opinion, subsequently confirmed in writing, that as of that date, and based upon and subject to the various assumptions made, procedures followed, matters considered and qualifications and limitations on the scope of review undertaken as set forth in the written opinion, the merger consideration to be received by the holders of Glimcher common shares pursuant to the merger agreement was fair from a financial point of view to the holders of Glimcher common shares.

The full text of the written opinions of each of Morgan Stanley and GreenOak, each dated as of September 15, 2014, are attached to this proxy statement/prospectus as Annex D and Annex E, respectively, and are incorporated by reference in this proxy statement in its entirety. The summary of the opinions of each of Morgan Stanley and GreenOak in this proxy statement/prospectus are qualified in their entirety by reference to the full text of the opinions and you should read the opinions in their entirety for a discussion of the assumptions made, procedures followed, matters considered and qualifications and limitations upon the review undertaken by each of Morgan Stanley and GreenOak in rendering their respective opinions. Each of Morgan Stanley's and GreenOak's opinion is directed to the Glimcher Board and addresses only the fairness from a financial point of view of the consideration to be received by the holders of Glimcher common shares pursuant to the merger agreement as of the date of such opinion and does not address any other aspect of the merger. **Morgan Stanley and GreenOak's opinions do not constitute a recommendation to any holder of Glimcher common shares as to how to vote at the special meeting to be held in connection with the merger or whether to take any other action with respect to the merger.** For more information regarding the opinions of Glimcher's financial advisors, see "The Merger Opinions of Glimcher's Financial Advisors."

**Management of the Combined Company Following the Merger (See page 109)**

At the effective time of the merger, Mark Ordan, WPG's current chief executive officer, will become executive chairman of WPG, and Michael Glimcher, Glimcher's current chief executive officer, will become chief executive officer and president of WPG and vice chairman of WPG's Board of Directors, which we refer to as the WPG Board, reporting to Mr. Ordan. The rest of the senior leadership team for WP GLIMCHER is expected to include: Butch Knerr, chief operating officer; C. Marc Richards, chief administrative officer; Mark Yale, chief financial officer; Thomas Drought, Jr., executive vice president, leasing; Robert Demchak, general counsel; Lisa Indest, chief accounting officer & senior vice president, finance; and Michael Gaffney, senior vice president, head of capital markets.

In connection with the signing of the merger agreement, WPG has entered into employment agreements with, and amendments to severance agreements of, each of Messrs. Glimcher and Yale, each of which we refer to as an Employment Agreement and a Severance Benefits Amendment, respectively, pursuant to which they have waived certain rights to severance and vesting of equity awards upon the consummation of the merger and instead will be entitled to such severance and vesting, subject to execution of a release, upon certain terminations of employment following the consummation of the merger. The Employment Agreements and Severance Benefits Amendments will become effective upon the consummation of the merger. The material terms of the Employment Agreements and the Severance Benefits Amendments are described in "The Merger Interests of Glimcher's Trustees and Executive Officers in the Merger." Mr. Ordan and Mr. Richards have also entered into amendments of their employment agreements, which will become effective upon the consummation of the merger (which we refer to as the Ordan Amendment and the Richards Amendment, respectively). The Ordan Amendment reflects Mr. Ordan's new title and reporting relationships and provides, among other things, for severance in the event of the non-renewal of Mr. Ordan's employment agreement on its scheduled expiration of May 28, 2017. The Richards

Table of Contents

Amendment reflects Mr. Richards' new title and provides, among other things, for increased severance of two times the sum of annual base salary in effect immediately prior to the date of termination and target annual cash bonus for the year of termination (or the most recently completed fiscal year if no target is set for the year of termination) and for accelerated grant and/or vesting of certain performance-based equity awards, in each case, upon a termination of employment other than for cause or a resignation by Mr. Richards for good reason. It is expected that certain other executive officers and/or senior managers of Glimcher with severance agreements who continue with WPG following the consummation of the merger will amend their severance agreements in a manner similar to the Severance Benefits Amendments, with each such severance agreement amendment to become effective upon the consummation of the merger.

WPG will cause the WPG Board immediately after the merger to consist of nine members: Mark Ordan, Michael P. Glimcher, the other six members of the WPG Board as of September 16, 2014: Louis G. Conforti, Robert J. Laikin, David Simon, Jacquelyn R. Soffer, Richard S. Sokolov and Marvin L. White, and one additional trustee of Glimcher who, as of September 16, 2014, was a member of the Glimcher Board, as mutually agreed between Glimcher and WPG prior to closing, who will serve as chairman of the compensation committee of the WPG Board. Glimcher and WPG have agreed on Niles C. Overly as the additional trustee of Glimcher to serve on the WPG Board.

Following the closing, the corporate headquarters and operations for WPG and its subsidiaries will be in Columbus, Ohio, and WPG will be renamed "WP GLIMCHER."

**Interests of Glimcher's Trustees and Executive Officers in the Merger (See page 109)**

In considering the recommendation of the Glimcher Board to approve the merger and the other transactions contemplated by the merger agreement, Glimcher shareholders should be aware that Glimcher's trustees and executive officers have certain interests in the merger that may be different from, or in addition to, the interests of Glimcher shareholders generally. These interests may create potential conflicts of interest. The Glimcher Board was aware of these interests and considered them, among other matters, in reaching its decision to approve the merger agreement, the merger and the transactions contemplated by the merger agreement. See "The Merger Interests of Glimcher's Trustees and Executive Officers in the Merger."

**Listing of WPG Common and Preferred Shares (See page 120)**

WPG has agreed to use its reasonable best efforts to cause the WPG common shares to be issued in the merger, the WPG common shares reserved for issuance in connection with the merger and WPG preferred shares to be issued in the merger, in each case to be approved for listing on the NYSE, subject to official notice of issuance, prior to the effective time of the merger. The obligation of each of the parties to the merger agreement to complete the merger and the other transactions contemplated by the merger agreement is subject to the satisfaction or (to the extent permitted by law) waiver, at or prior to the effective time of the merger, of the condition that all such WPG common shares and the WPG preferred shares have been authorized for listing on the NYSE, subject to official notice of issuance.

Accordingly, following the completion of the merger, it is anticipated that the WPG common shares and WPG preferred shares received in the merger by holders of Glimcher common shares and Glimcher preferred shares, respectively, will be listed on the NYSE. The WPG common shares will be listed under the symbol "WPG."

Table of Contents

**No Appraisal Rights (See page 189)**

Neither WPG shareholders nor Glimcher shareholders are entitled to exercise appraisal, dissenters' or similar rights in connection with the merger or the other transaction contemplated by the merger agreement. See "The Glimcher Special Meeting" and "No Appraisal Rights."

**Conditions to Completion of the Merger (See page 127)**

A number of conditions must be satisfied or (to the extent permitted by law) waived before the merger and the other transactions contemplated by the merger agreement can be consummated. These include, among others:

the approval of the holders of Glimcher common shares of the merger and the other transactions contemplated by the merger agreement;

the absence of any law or order prohibiting or making illegal the consummation of the merger;

the declaration by the SEC of the effectiveness of the registration statement on Form S-4, of which this proxy statement/prospectus forms a part;

the approval for listing on the NYSE of the WPG common shares to be issued in the merger, the WPG common shares to be reserved for issuance in connection with the merger and the WPG preferred shares to be issued in the merger, in each case subject to official notice of issuance;

the opinions that both WPG and Glimcher meet the requirements for qualification and taxation as a REIT under the Internal Revenue Code of 1986, as amended, which we refer to as the Code;

the absence of a material adverse effect on each party;

the completion of certain pre-closing restructuring steps by Glimcher; and

the accuracy of the representations and warranties of each party (subject to specified materiality standards and exceptions) and material compliance by each party with its covenants.

Neither WPG nor Glimcher can give any assurance as to whether or when all of the conditions to the merger and the other transactions contemplated by the merger agreement will be satisfied or waived or that the merger will occur.

For a complete list of the conditions, see "The Merger Agreement Conditions to Completion of the Merger."

**Termination of the Merger Agreement (See page 139)**

WPG and Glimcher may mutually agree to terminate the merger agreement before completing the merger.

In addition, either WPG or Glimcher may terminate the merger agreement in the following circumstances (subject to certain exceptions):

Edgar Filing: Washington Prime Group Inc. - Form S-4/A

the merger is not consummated by April 16, 2015, which we refer to as the outside date;

a governmental authority of competent jurisdiction has issued a final, non-appealable order or injunction prohibiting the merger; or

the holders of Glimcher common shares fail to approve the merger and the other transactions contemplated by the merger agreement.

Table of Contents

Glimcher may also terminate the merger agreement in the following circumstances (subject to certain exceptions):

if any of WPG, WPG LP, Merger Sub I or Merger Sub II has breached in any material respect any of its representations, warranties or covenants in the merger agreement that would, or would reasonably be expected to, result in a failure of the conditions relating to the accuracy of their representations and warranties or their material compliance with their covenants, and such breach cannot be cured by the outside date; or

prior to the approval of the merger by the holders of Glimcher common shares, in order to enter into an alternative acquisition agreement with respect to a superior proposal, provided that Glimcher substantially concurrently pays the termination fee to WPG (see "The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses").

WPG may also terminate the merger agreement in the following circumstances (subject to certain exceptions):

if Glimcher or Glimcher LP has breached in any material respect any of its representations, warranties or covenants in the merger agreement that would, or would reasonably be expected to, result in a failure of the conditions relating to the accuracy of their representations and warranties or their material compliance with their covenants, and such breach cannot be cured by the outside date;

if the Glimcher Board has made an adverse recommendation change; or

if Glimcher has willfully and materially breached its non-solicitation and related obligations under the merger agreement, which breach cannot be or is not cured by Glimcher within five days after Glimcher's receipt of written notice of such breach.

For more information regarding the rights of WPG and Glimcher to terminate the merger agreement, see "The Merger Agreement Termination of the Merger Agreement."

**Termination Fee and Expenses (See page 140)**

In connection with the termination of the merger agreement under specified circumstances, the merger agreement provides for the payment of a termination fee by Glimcher to WPG in the amount of \$47.61 million.

Additionally, Glimcher may be obligated to reimburse the actual out-of-pocket expenses of WPG, in an amount up to \$8.5 million, if the merger agreement is terminated in certain circumstances (provided that the amount of expenses paid by Glimcher to WPG will be credited against the termination fee if such termination fee subsequently becomes payable). For more information regarding the termination fee and expenses, see "The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses."

**Material U.S. Federal Income Tax Consequences (See page 164)**

The receipt of the merger consideration by U.S. holders in exchange for Glimcher common shares, and the receipt of WPG preferred shares by U.S. holders in exchange for Glimcher preferred shares, will be taxable transactions for U.S. federal income tax purposes. In addition, under certain circumstances, we may be required to withhold a portion of the applicable merger consideration payable to holders under applicable tax laws, including under FIRPTA.

For further discussion, see "Material U.S. Federal Income Tax Consequences." Tax matters can be complicated, and the tax consequences of the merger will depend on a holder's particular tax situation. **All holders of Glimcher common shares and Glimcher preferred shares should consult their tax**

Table of Contents

**advisors to determine the tax consequences to them (including the application and effect of any other federal, state, local or non-U.S. income and other tax laws) of the merger.**

**Accounting Treatment of the Transactions (See page 120)**

In accordance with U.S. generally accepted accounting principles, which we refer to as GAAP, WPG will account for the transactions using the acquisition method of accounting, with WPG treated as the acquiror of Glimcher for accounting purposes. Under acquisition accounting, the assets acquired and liabilities assumed will be recorded as of the acquisition date, at their respective fair values, and added to those of WPG. Any excess of purchase price over the fair values will be recorded as goodwill. Consolidated financial statements of WPG issued after the transactions would reflect Glimcher's fair values after the completion of the transactions, but will not be restated retroactively to reflect the historical consolidated financial position or results of operations of Glimcher.

**Financing of the Merger (See page 106)**

WPG is pursuing a number of financing options, including a potential sale of wholly owned assets, and anticipates that the funds needed to complete the merger will be derived from a combination of (i) available cash on hand of WPG, (ii) proceeds from the sale of the Jersey Gardens property and University Park Village property to Simon LP pursuant to the purchase agreement for \$1.09 billion (subject to certain adjustments and apportionments as described in the purchase agreement), (iii) proceeds from the sale of equity interests in, or assets of, certain joint ventures or subsidiaries, (iv) the issuance and sale of WPG common shares and (v) the debt financing, which may include some combination of the following: a senior unsecured bridge loan facility and/or the issuance of senior unsecured notes or other debt securities. At or prior to the consummation of the merger, WPG expects to enter into definitive documentation for the debt financing. See "The Merger Financing of the Merger Debt Commitment Letter." WPG's obligation to consummate the merger is not conditioned on WPG obtaining any financing for the merger or the completion of the sale of the Jersey Gardens property and University Park Village property to Simon LP.

On September 16, 2014, in connection with the execution of the merger agreement, WPG entered into a debt commitment letter, which was amended and restated on September 23, 2014, pursuant to which certain parties agreed to provide an up to \$1.25 billion senior unsecured bridge loan facility. WPG will have the option to draw on the facility to fund a portion, and potentially all, of the transactions. The amount drawn will depend on a number of factors, including whether WPG issues senior unsecured notes or other debt securities at or prior to the closing of the merger.

On September 16, 2014, in connection with WPG and Glimcher entering into the merger agreement, WPG LP and Simon LP entered into the purchase agreement, pursuant to which WPG LP will sell, or cause to be sold, (i) the equity interests in the owner of the Jersey Gardens property and (ii) the equity interests in the owner of the University Park Village property, to Simon LP for \$1.09 billion (subject to certain adjustments and apportionments as described in the purchase agreement). The closing of such sale will occur substantially simultaneously with the completion of the merger. Under the merger agreement WPG is not permitted to amend the purchase agreement. The Jersey Gardens property and University Park Village property are currently owned by affiliates of Glimcher.

Concurrently with the parties entering into the purchase agreement, Glimcher LP entered into the property letter agreement with WPG LP and Simon LP under which Glimcher LP is a third party beneficiary of the purchase agreement and agrees to convey the equity interests in the owners of such properties to Simon LP at the closing and immediately prior to the effective time of the merger. For a further description see "The Merger Financing of the Merger The Purchase Agreement."

**Comparison of Rights of WPG Shareholders and Glimcher Shareholders (See page 239)**

As a result of receiving WPG common shares or WPG preferred shares in connection with the completion of the merger, Glimcher shareholders will become WPG shareholders and, accordingly, in each case their rights will be governed by WPG's articles of incorporation, which we refer to as the WPG Articles, and WPG's bylaws, which we refer to as the WPG Bylaws, and the laws of the State of Indiana. The WPG Articles and the WPG Bylaws and the laws of the State of Indiana contain provisions that are different from Glimcher's Declaration of Trust, which we refer to as the Glimcher Declaration of Trust, and the Glimcher Bylaws and the laws of the State of Maryland in various ways.

For a summary of certain differences between the rights of WPG shareholders and the rights of Glimcher shareholders, see "Comparison of Rights of WPG Shareholders and Glimcher Shareholders."

**Litigation Related to the Merger (See page 188)**

Two shareholder lawsuits challenging the proposed transactions have been filed in Maryland state court, respectively captioned *Zucker v. Glimcher Realty Trust et al.*, 24-C-14-005675 (Circ. Ct. Baltimore City), filed on October 2, 2014, and *Motsch v. Glimcher Realty Trust et al.*, 24-C-14-006011 (Circ. Ct. Baltimore City), filed on October 23, 2014. The actions were consolidated, and on November 12, 2014 plaintiffs filed a consolidated shareholder class action and derivative complaint, captioned *In re Glimcher Realty Trust Shareholder Litigation*, 24-C-14-005675 (Circ. Ct. Baltimore City) (the "Consolidated Action"). The Consolidated Action names as defendants the trustees of Glimcher, and alleges these defendants breached fiduciary duties. Specifically, plaintiffs in the Consolidated Action allege that the trustees of Glimcher agreed to sell Glimcher for inadequate consideration and agreed to improper deal protection provisions that precluded other bidders from making successful offers. Plaintiffs further allege that the sales process was flawed and conflicted in several respects, including the allegation that the trustees failed to canvas the market for potential buyers, failed to secure a "go-shop" provision in the merger agreement allowing Glimcher to seek alternative bids after signing the merger agreement, and were improperly influenced by WPG's early suggestion that the surviving entity would remain headquartered in Ohio and would retain a significant portion of Glimcher management, including the retention of Michael Glimcher as CEO of the surviving entity and positions for Michael Glimcher and another trustee of Glimcher on the board of the surviving entity. Plaintiffs in the Consolidated Action additionally allege that the Preliminary Registration Statement filed with the SEC on October 28, 2014, failed to disclose material information concerning, among other things, (i) the process leading up to the consummation of the Merger Agreement; (ii) the financial analyses performed by Glimcher's financial advisors; and (iii) certain financial projections prepared by Glimcher and WPG management allegedly relied on by Glimcher's financial advisors. The Consolidated Action also names as defendants Glimcher, WPG and certain of their affiliates, and alleges that these defendants aided and abetted the purported breaches of fiduciary duty. The plaintiffs seek, among other things, an order enjoining or rescinding the transaction, damages, and an award of attorney's fees and costs. The defendants intend to vigorously defend the Consolidated Action.

For more information about litigation related to the merger, see "Litigation Related to the Merger."

**Summary Unaudited Pro Forma Condensed Consolidated Financial Information**

The following table shows summary unaudited pro forma condensed consolidated financial information about the combined financial condition and operating results of WPG and Glimcher after giving effect to the transactions. The unaudited pro forma financial information assumes that the merger and related transactions are accounted for using the acquisition method of accounting. The unaudited pro forma condensed consolidated balance sheet data gives effect to the merger and related transactions as if they had occurred on September 30, 2014. The unaudited pro forma condensed consolidated statements of operations for the nine months ended September 30, 2014 and the year ended December 31, 2013 give effect to the merger and related transactions as if they had occurred on January 1, 2013, the beginning of the earliest period presented. The summary unaudited pro forma condensed consolidated statement of income data gives effect to the merger and related transactions as if they had occurred on January 1, 2013. The summary unaudited pro forma condensed consolidated financial information shown below has been derived from and should be read in conjunction with (1) the more detailed unaudited pro forma condensed consolidated financial information, including the notes thereto, appearing elsewhere in this proxy statement/prospectus, (2) WPG's audited combined financial statements and related notes thereto for the year ended December 31, 2013, attached as Annex F to this proxy statement/prospectus and WPG's Quarterly Report for the period ended September 30, 2014, attached as Annex G to this proxy statement/prospectus, and (3) Glimcher's audited consolidated financial statements and related notes thereto contained in its Annual Report on Form 10-K for the year ended December 31, 2013 and Glimcher's Quarterly Report on Form 10-Q for the period ended September 30, 2014, each incorporated herein by reference. See "Unaudited Pro Forma Condensed Consolidated Financial Statements of WP GLIMCHER" and "Where You Can Find More Information; Incorporation by Reference."

The summary unaudited pro forma condensed consolidated financial information is presented for illustrative purposes only and is based on assumptions and estimates considered appropriate by WPG's management; however, it is not necessarily indicative of what WPG's consolidated financial condition or

results of operations actually would have been assuming the merger and related transactions had been consummated as of the dates indicated, and they do not purport to represent WPG's consolidated financial position or results of operations for future periods. The unaudited pro forma condensed consolidated financial information does not include the impact of any synergies that may be achieved in the merger or any strategies that management may consider in order to continue to efficiently manage WPG's operations. In addition, as explained in more detail in the notes to the unaudited pro forma condensed consolidated financial information, the preliminary allocations of the purchase price reflected in the unaudited pro forma condensed consolidated financial information are subject to adjustment and may vary significantly from the definitive allocation that will be recorded subsequent to the completion of the merger. A final determination of the fair values of the assets acquired and liabilities assumed will be based on the actual valuations of the tangible and intangible assets and liabilities that exist as of the date of completion of the merger. Future results may vary significantly from the results reflected in such statements.

historical and pro forma bases and for Glimcher common shares on historical and pro forma equivalent bases, after giving effect to the merger. Except for the historical information as of and for the year ended December 31, 2013, the information in the table is unaudited. You should read the table below in conjunction with (1) WPG's audited combined financial statements and related notes thereto for the year ended December 31, 2013, attached as Annex F, and WPG's Quarterly Report for the period ended September 30, 2014, attached as Annex G, and (2) Glimcher's audited consolidated financial statements and related notes thereto contained in its Annual Report on Form 10-K for the year ended December 31, 2013 and Glimcher's Quarterly Report on Form 10-Q for the period ended September 30, 2014, each incorporated herein by reference.

The WPG pro forma income from continuing operations attributable to common shareholders per common share was calculated using the methodology described under the heading "Unaudited Pro Forma Condensed Consolidated Financial Statements of WP GLIMCHER" and is subject to all the assumptions, adjustments and limitations described thereunder. The WPG pro forma book value per share was calculated by dividing total pro forma combined common shareholders' equity by pro forma equivalent common shares. The Glimcher pro forma equivalent information shows the effect of the merger from the perspective of a holder of Glimcher common shares and was calculated by allocating the WP GLIMCHER pro forma amounts on a pro rata basis.

The pro forma per share data are presented for illustrative purposes only and are not necessarily indicative of the operating results or financial position that would have occurred if the merger had been consummated at the beginning of the earliest period presented, and it is not necessarily indicative of future operating results or financial position. The pro forma adjustments are estimates based upon information and assumptions available at the date of this proxy statement/prospectus.

### ***Recent Closing Prices***

The following table sets forth the per share closing sales prices of WPG common shares and Glimcher common shares as reported on the NYSE on September 15, 2014, the last full trading day before the public announcement of the execution of the merger agreement by WPG and Glimcher, and on November 21, 2014, the latest practicable trading date. The following table also includes the equivalent market value per Glimcher common share on September 15, 2014, and on November 21, 2014, determined by multiplying the per share price of WPG common shares by the 0.1989 exchange ratio:

	WPG common shares	Glimcher common shares	Implied Value
September 15, 2014	\$ 18.46	\$ 10.59	\$ 14.07
November 21, 2014	\$ 17.40	\$ 13.73	\$ 13.86

The market price of WPG common shares will fluctuate between the date of this proxy statement/prospectus and the completion of the merger.

**RISK FACTORS**

*In addition to the other information contained in or incorporated by reference into this proxy statement/prospectus, including the matters addressed in the section entitled "Cautionary Statement Concerning Forward-Looking Statements," you should carefully consider the following risks. In addition, you should read and consider the risks associated with each of WPG's and Glimcher's businesses, because these risks will also affect the combined company, and the risks relating to the ownership of WPG securities. Risks associated with Glimcher's business can be found in Glimcher's reports and statements filed with the SEC and incorporated by reference into this proxy statement/prospectus. See "Where You Can Find More Information; Incorporation by Reference."*

**Risk Factors Relating to the Merger**

*The exchange ratio in the merger is fixed and will not be adjusted in the event of any change in the trading price of either WPG's common shares or Glimcher's common shares and, as a result, the market value of the stock portion of the merger consideration cannot be known in advance.*

Pursuant to the terms and subject to the conditions set forth in the merger agreement, at the effective time of the merger, each outstanding Glimcher common share (other than certain Glimcher common shares as set forth in the merger agreement) will be converted into the right to receive (i) \$10.40 in cash, without interest, and (ii) 0.1989 of a WPG common share. The exchange ratio is fixed in the merger agreement and will not be adjusted for changes in the market prices of WPG common shares or Glimcher common shares. Changes in the market price of WPG common shares prior to the merger will affect the market value of the portion of the merger consideration consisting of WPG common shares received by holders of Glimcher common shares upon completion of the merger. Changes in the market price of WPG common shares may result from a variety of factors (many of which are beyond the control of WPG or Glimcher), including:

market reaction to the announcement of the merger and the prospects of the combined company;

changes in the companies' respective businesses, operations, assets, liabilities, financial positions and prospects;

changes in market assessments of the companies' respective businesses, operations, assets, liabilities, financial positions and prospects;

market assessments of the likelihood that the merger will be completed;

interest rates, general market and economic conditions and other factors such as federal, state and local legislation, governmental regulation and legal developments generally affecting the industries in which WPG and Glimcher operate; and

other factors beyond the control of either WPG or Glimcher, including those described or referred to elsewhere in this "Risk Factors" section.

The market price of WPG common shares received by holders of Glimcher common shares upon completion of the merger may vary from the market price of WPG common shares on the date the merger agreement was executed, and on any later date, including on the date of this proxy statement/prospectus and on the date of the Glimcher special meeting. As a result, the market value of the portion of the merger consideration consisting of WPG common shares will also vary. For example, based on the closing prices of WPG common shares during the period from September 15, 2014, the last trading day before public announcement of the merger, through November 21, 2014, the latest practicable date before the date of this proxy statement/prospectus, the exchange ratio of 0.1989 of a WPG common share represented a market value for Glimcher common shares ranging from a low of

Table of Contents

\$13.62 to a high of \$14.07 per share. The actual market value of the stock consideration received by holders of Glimcher common shares upon completion of the merger may be outside this range.

Because the merger will be completed after the date of the Glimcher special meeting, at the time of the special meeting, Glimcher shareholders will not know the market value of the WPG common shares that they will receive upon completion of the merger.

***There can be no assurance that WPG will be able to secure the funds necessary to pay the cash portion of the merger consideration on acceptable terms, in a timely manner, or at all.***

The obligations of WPG under the merger agreement to consummate the merger is not conditioned on WPG obtaining any financing for the merger or the completion of the sale of the Jersey Gardens property and University Park Village property to Simon LP. In connection with the merger, WPG has obtained commitments for up to \$1.25 billion under a senior unsecured bridge loan facility to finance a portion of the merger consideration. WPG is exploring replacing a portion of the bridge financing by issuing equity or entering into other financing arrangements. However, WPG has not yet entered into a definitive agreement for the debt financing (or any equity issuance or other financing arrangements in lieu thereof). There can be no assurance that WPG will be able to secure the debt financing on acceptable terms, in a timely manner, or at all. In addition, WPG has entered into the purchase agreement with Simon LP under which Simon LP is to purchase the equity interests in the owners of the Jersey Gardens property and University Park Village property for \$1.09 billion (subject to certain adjustments and apportionments as described in the purchase agreement) in connection with the closing of the merger. Although the only conditions to Simon LP's purchase of such properties are the substantially simultaneous occurrence of the completion of the merger and the delivery by Glimcher of certain closing documents, there can be no assurances that Simon LP will purchase such properties. If WPG is unable to secure the necessary debt financing or if Simon LP does not purchase the properties under the purchase agreement, WPG will nonetheless be required to close the merger under the terms of the merger agreement. However, any such failure could delay or prevent the completion of the merger. See "The Merger Agreement Financing."

***There may be unexpected delays in the consummation of the merger, which could negatively affect WPG's ability to timely achieve the benefits associated with the merger.***

The merger is currently expected to close during the first quarter of 2015, assuming that all of the conditions in the merger agreement are satisfied or waived. The merger agreement provides that either WPG or Glimcher may terminate the merger agreement if the merger has not occurred by April 16, 2015. Certain events may delay the consummation of the merger. Some of the events that could delay the consummation of the merger are outside the control of either party. WPG or Glimcher may incur significant additional costs in connection with such delay or termination of the merger agreement. WPG and Glimcher can neither assure you that the conditions to the completion of the merger will be satisfied or waived or that any adverse effect, event, development or change will not occur, and they cannot provide any assurances as to whether or when the merger will be completed.

***Failure to complete the merger in a timely manner or at all could negatively affect the share prices and future businesses and financial results of WPG and Glimcher.***

Delays in consummating the merger or the failure to consummate the merger at all could negatively affect WPG's and Glimcher's future businesses and financial results, and, in that event, the market price of each party's common shares may decline significantly, particularly to the extent that the current market price reflects a market assumption that the merger will be consummated. If the merger

Table of Contents

is not consummated for any reason, WPG's and Glimcher's ongoing businesses could be adversely affected, and each of WPG and Glimcher will be subject to several risks, including the following:

the payment by WPG and Glimcher of certain costs, including costs relating to the merger, such as legal, accounting, financial advisory, filing, printing and mailing fees; and

the diversion of management focus and resources from operational matters and other strategic opportunities while working to implement the merger.

If the merger is not consummated, WPG and Glimcher will not achieve the expected benefits thereof and will be subject to the risks described above, any of which could materially affect WPG's and Glimcher's respective businesses, financial results and share prices.

***The pendency of the merger could adversely affect the business and operations of WPG and Glimcher.***

In connection with the pending merger, some current or prospective tenants, lenders, joint venture partners or vendors of WPG or Glimcher may delay or defer decisions, which could negatively impact the revenues, earnings, cash flows and expenses of WPG and Glimcher, regardless of whether the merger is completed. In addition, under the merger agreement, both WPG and Glimcher are subject to certain restrictions on the conduct of their respective businesses prior to completing the merger. See "The Merger Agreement Covenants and Agreements." These restrictions may prevent the parties from pursuing certain strategic transactions, undertaking certain significant capital projects, undertaking certain significant financing transactions and otherwise pursuing other actions that are not in the ordinary course of business, even if such actions would prove beneficial. Additionally, the pendency of the merger may make it more difficult for WPG and Glimcher to effectively recruit, retain and incentivize key personnel.

***The trustees and executive officers of Glimcher have interests in the merger that are different from, or in addition to, those of other Glimcher shareholders.***

Certain of Glimcher's trustees and executive officers have interests in the merger that are different from, or in addition to, those of the Glimcher shareholders generally. These interests, among other things, may influence the trustees and executive officers of Glimcher to view the merger more favorably than you may view it and to support or approve the merger. The Glimcher Board was aware of, and considered these interests in approving the merger agreement. See "The Merger Interests of Glimcher's Trustees and Executive Officers in the Merger."

***The merger is subject to approval by the holders of Glimcher common shares.***

Consummation of the merger requires the affirmative vote of at least two-thirds of the outstanding Glimcher common shares entitled to vote on the merger. If the required vote is not obtained at the special meeting (including any adjournment or postponement thereof) at which the merger has been voted upon, either WPG or Glimcher may terminate the merger agreement.

If the merger agreement is terminated by either party as a result of not having obtained the approval of the holders of Glimcher common shares, and after the date of the merger agreement but prior to the date of the Glimcher special meeting, an acquisition proposal has been made by a third party to Glimcher or publicly announced (and not withdrawn), Glimcher may be required to pay a termination fee of \$47.61 million to WPG or reimburse up to \$8.5 million of WPG's actual, out-of-pocket expenses in connection with the merger, up to an aggregate amount of \$8.5 million. See "The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses."

Table of Contents

***The merger agreement contains provisions that could discourage a potential competing acquiror of Glimcher or could result in any competing proposal being at a lower price than it might otherwise be.***

The merger agreement contains provisions that, subject to certain exceptions, restrict Glimcher's ability to solicit, initiate, knowingly encourage or knowingly facilitate any inquiry, discussion or offer that constitutes or could reasonably be expected to lead to a third-party proposal to acquire 15% or more of Glimcher's consolidated assets or voting power. In addition, under certain circumstances WPG has an opportunity to negotiate with Glimcher to adjust the terms and conditions of the merger agreement in response to competing acquisition proposals from third parties before the Glimcher Board may withdraw or qualify its recommendation or terminate the merger agreement to enter into an acquisition agreement with respect to a competing proposal. Upon termination of the merger agreement in certain circumstances, Glimcher may be required to pay a termination fee of \$47.61 million to WPG or reimburse up to \$8.5 million of WPG's actual out-of-pocket expenses (provided that the amount of expenses paid by Glimcher to WPG will be credited against the termination fee if such termination fee subsequently becomes payable). See "The Merger Agreement Non-Solicitation Obligations of Glimcher" and "The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses."

These provisions could discourage a potential competing acquiror that might have an interest in acquiring all or part of Glimcher from considering or proposing that acquisition, even if it were prepared to pay consideration with a higher per share market value than the market value proposed to be received or realized in the merger, or might result in a potential competing acquiror proposing to pay a lower price than it might otherwise have proposed to pay because of the added cost of the expense reimbursement or termination fee that may become payable in certain circumstances.

***The ownership percentages of WPG and Glimcher shareholders will be diluted by the merger.***

The merger will dilute the ownership percentages of the current WPG shareholders and will result in Glimcher shareholders having an ownership stake in WPG that is smaller than their current stake in Glimcher. Consequently, WPG shareholders and Glimcher shareholders, as a general matter, will have less influence over the management and policies of WPG after the merger than each group exercises over the management and policies of WPG and Glimcher, as applicable, immediately prior to the merger.

***The WPG preferred shares do not currently have an established public trading market.***

Although it is anticipated that following the merger the WPG preferred shares will be listed on the NYSE, no established public trading market currently exists for the WPG preferred shares and, though it is expected that one will develop, there can be no assurances that a liquid public trading market will develop. See "The Merger Listing of WPG Common and Preferred Shares" for more information. The WPG preferred shares issued in connection with the merger may be highly illiquid and difficult to trade. In addition, in connection with the merger, WPG plans to redeem all of the outstanding WPG Series G preferred shares and anticipates sending a redemption notice to holders of the WPG Series G preferred shares on or shortly after the date of the closing of the merger.

***An adverse judgment in a lawsuit challenging the merger may prevent the merger from becoming effective or from becoming effective within the expected timeframe.***

Shareholders of Glimcher may file lawsuits challenging the merger or the other transactions contemplated by the merger agreement, which may name Glimcher, WPG, the Glimcher Board and/or the WPG Board as defendants. To date, two shareholder lawsuits challenging the proposed transactions have been filed in Maryland state court, respectively captioned *Zucker v. Glimcher Realty Trust et al.*, 24-C-14-005675 (Circ. Ct. Baltimore City), filed on October 2, 2014, and *Motsch v. Glimcher*

Table of Contents

*Realty Trust et al.*, 24-C-14-006011 (Circ. Ct. Baltimore City), filed on October 23, 2014. The actions were consolidated, and on November 12, 2014 plaintiffs filed a consolidated shareholder class action and derivative complaint, captioned *In re Glimcher Realty Trust Shareholder Litigation*, 24-C-14-005675 (Circ. Ct. Baltimore City). See "Litigation Related to the Merger."

WPG and Glimcher cannot assure you as to the outcome of such lawsuits, including the amount of costs associated with defending these claims or any other liabilities that may be incurred in connection with the litigation of these claims. If plaintiffs are successful in obtaining an injunction prohibiting the parties from completing the merger on the agreed-upon terms, such an injunction may delay the completion of the merger in the expected timeframe, or may prevent it from being completed altogether. Whether or not any plaintiff's claim is successful, this type of litigation often results in significant costs and diverts management's attention and resources, which could adversely affect the operation of WPG's and Glimcher's businesses.

***Counterparties to certain significant agreements with Glimcher may have consent rights in connection with the merger.***

Glimcher is party to certain agreements that give the counterparties to such agreements certain rights, including consent rights, in connection with "change in control" transactions or otherwise. Under certain of these agreements, the merger may constitute a "change in control" or otherwise give rise to consent rights and, therefore, the counterparties may assert their rights in connection with the merger, including in the case of indebtedness, acceleration of amounts due. Any such counterparty may request modifications of its agreements as a condition to granting a waiver or consent under those agreements, and there can be no assurance that such counterparties will not exercise their rights under the agreements, including termination rights where available. In addition, the failure to obtain consent under one agreement may be a default under other agreements and, thereby, trigger rights of the counterparties to such other agreements, including termination rights where available.

**Risk Factors Relating to the Combined Company Following the Merger**

***WPG expects to incur substantial expenses related to the merger.***

WPG expects to incur substantial expenses in connection with consummating the merger and integrating the businesses, operations, networks, systems, technologies, policies and procedures of Glimcher and WPG following the consummation of the merger. While WPG expects to incur a certain level of transaction and integration expenses, factors beyond WPG's control could affect the total amount or the timing of such expenses. Many of the expenses that will be incurred, by their nature, are difficult to estimate accurately at the present time. As a result, the merger and integration expenses associated with the merger could, particularly in the near term, exceed the savings that WPG expects to achieve from the elimination of duplicative expenses and the realization of economies of scale and cost savings related to the integration of the businesses following the completion of the merger. There can be no assurances that the expected benefits, synergies and efficiencies related to the integration of the businesses will be realized in the time expected, or at all, to offset these transaction and integration expenses.

***In connection with the merger, WPG will incur significant additional indebtedness and may also assume certain of Glimcher's outstanding indebtedness, which could adversely affect WPG, including decreasing WPG's business flexibility, and will increase its interest expense.***

The consolidated indebtedness of WPG as of September 30, 2014 was approximately \$2.3 billion. WPG's pro forma indebtedness as of September 30, 2014, after giving effect to the merger and other transactions contemplated by the merger agreement and the anticipated incurrence and extinguishment of indebtedness in connection therewith, will be approximately \$4.8 billion. WPG will have substantially

Table of Contents

increased indebtedness following completion of the merger in comparison to that of WPG on a recent historical basis, which could have the effect, among other things, of reducing WPG's flexibility to respond to changing business and economic conditions and increasing WPG's interest expense. WPG will also incur various costs and expenses associated with the financing. The amount of cash required to pay interest on WPG's increased indebtedness levels following completion of the merger and thus the demands on WPG's cash resources will be greater than the amount of cash flows required to service the indebtedness of WPG prior to the merger. The increased levels of indebtedness following completion of the merger could also reduce access to capital and increase borrowing costs generally or for any additional indebtedness, and reduce funds available for working capital, capital expenditures, acquisitions and other general corporate purposes and may create competitive disadvantages for WPG relative to other companies with lower debt levels. If WPG does not achieve the expected benefits and cost savings from the merger, or if the financial performance of the combined company does not meet current expectations, then WPG's ability to service its indebtedness may be adversely impacted.

Certain of the indebtedness that may be incurred in connection with the merger could bear interest at variable interest rates. If interest rates increase, such variable rate debt would create higher debt service requirements, which could adversely affect WPG's cash flows.

In addition, WPG's credit ratings impact the cost and availability of future borrowings and, accordingly, WPG's cost of capital. WPG's ratings reflect each rating organization's opinion of WPG's financial strength, operating performance and ability to meet WPG's debt obligations. The major credit rating agencies initially assigned WPG an investment grade credit rating of BBB or Baa2. However, as a result of the announced merger and related financings, WPG has been informed by S&P and Moody's that it has been placed on negative watch and Fitch has downgraded WPG to a BBB- rating. There can be no assurance that WPG will achieve a particular rating or maintain a particular rating in the future.

Moreover, WPG may be required to raise substantial additional financing to fund working capital, capital expenditures, acquisitions or other general corporate requirements. WPG's ability to arrange additional financing will depend on, among other factors, WPG's financial position and performance, as well as prevailing market conditions and other factors beyond WPG's control. WPG cannot assure you that it will be able to obtain additional financing on terms acceptable to WPG or at all.

***The agreements that will govern the indebtedness to be incurred or assumed in connection with the merger are expected to contain various covenants that impose restrictions on WPG and certain of its subsidiaries that may affect their ability to operate their businesses.***

The agreements that will govern the indebtedness to be incurred or assumed in connection with the merger are expected to contain various affirmative and negative covenants that may, subject to certain significant exceptions, restrict the ability of WPG and certain of its subsidiaries to, among other things, have liens on their property, incur additional indebtedness, make loans, advances or other investments, make non-ordinary course asset sales, and/or merge or consolidate with any other person or sell or convey certain of its assets to any one person. In addition, some of the agreements that govern the debt financing are expected to contain financial covenants that will require WPG to maintain certain financial ratios. The ability of WPG and its subsidiaries to comply with these provisions may be affected by events beyond their control. Failure to comply with these covenants could result in an event of default, which, if not cured or waived, could accelerate WPG's repayment obligations.

Table of Contents

***The future results of WPG will suffer if WPG does not effectively integrate the businesses of WPG and Glimcher following the merger.***

Following the merger, WPG may be unable to integrate successfully the businesses of Glimcher and WPG and realize the anticipated benefits of the merger or do so within the anticipated timeframe. The merger involves the combination of two companies that currently operate as independent public companies. Even though the companies are operationally similar, WPG will be required to devote significant management attention and resources to integrating Glimcher's business practices and operations with its own. In addition, Simon currently provides property management and other services to WPG pursuant to agreements entered into in connection with WPG's separation from Simon in May 2014. These agreements may prevent or delay WPG from fully integrating the businesses of Glimcher and WPG or may result in WPG incurring costs to terminate such arrangements in excess of what is anticipated. The integration process could distract management, disrupt WPG's ongoing business or result in inconsistencies in WPG's operations, services, standards, controls, procedures and policies, any of which could adversely affect WPG's ability to maintain relationships with its tenants, lenders, joint venture partners, vendors and employees or to achieve all or any of the anticipated benefits of the merger.

***The market price of WPG common shares may decline as a result of the merger.***

The market price of WPG common shares may decline as a result of the merger if WPG does not achieve the perceived benefits of the merger as rapidly or to the extent anticipated by financial or industry analysts, or the effect of the merger on WPG's financial results is not consistent with the expectations of financial or industry analysts. In addition, if the merger is consummated, holders of WPG common shares will own interests in a company operating an expanded business with a different mix of properties, risks and liabilities. Current holders of WPG common shares may not wish to continue to invest in WPG if the merger is consummated or for other reasons may wish to dispose of some or all of their WPG common shares. If, following the consummation of the merger, there is selling pressure on WPG common shares that exceeds demand at the market price, the price of WPG common shares could decline.

***Following the merger, WPG may be unable to effectively attract, retain or motivate key employees.***

The success of WPG after the merger will depend in part upon its ability to attract, retain and motivate key employees. Key employees may depart either before or after the merger because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with WPG following the merger. Accordingly, there can be no assurance that WPG will be able to attract, retain or motivate key employees following the merger to the same extent as in the past.

***After the merger is completed, Glimcher shareholders will become shareholders of an Indiana corporation and have their rights as shareholders governed by WPG's organizational documents and Indiana law.***

After the closing of the merger, holders of Glimcher common shares will receive WPG common shares and holders of Glimcher preferred shares will receive WPG preferred shares, in each case which will be governed by WPG's organizational documents and the Indiana Business Corporation Law. For a detailed discussion of the differences between rights as a shareholder of WPG and rights as a shareholder of Glimcher, see "Comparison of Rights of WPG Shareholders and Glimcher Shareholders."

***WPG cannot assure you that it will be able to continue paying distributions at the current rate.***

Since its separation from Simon in May 2014, WPG has had a policy to pay a quarterly cash dividend at an annualized rate of \$1.00 per WPG common share and intends to pay the same dividend

Table of Contents

going forward. However, holders of WPG common shares may not receive the same quarterly dividends following the merger for various reasons, including the following:

as a result of the merger and the issuance of WPG common shares in connection with the merger, the total amount of cash required for WPG to pay dividends at its current rate will increase;

WPG may not have enough cash to pay such distributions due to changes in WPG's cash requirements, indebtedness, capital spending plans, cash flows or financial position;

decisions on whether, when and in what amounts to make any future distributions will remain at all times entirely at the discretion of the WPG Board, which reserves the right to change WPG's dividend practices at any time and for any reason;

WPG may desire to retain cash to maintain or improve its credit ratings;

the ability of WPG's subsidiaries to make distributions to WPG may be subject to restrictions imposed by law, regulation or the terms of any current or future indebtedness that these subsidiaries may incur; and

the interest costs associated with the financing agreements into which WPG will enter into in connection with the merger.

WPG's shareholders have no contractual or other legal right to distributions that have not been declared.

**Risk Factors Relating to WPG's Business and Operations**

***WPG may not be able to renew leases or relet space at existing properties, or lease newly developed properties.***

When leases for WPG's existing properties expire, the premises may not be relet or the terms of reletting, including the cost of allowances and concessions to tenants, may be less favorable than the current lease terms. Also, WPG may not be able to lease new properties to an appropriate mix of tenants or for rents that are consistent with WPG's projections. To the extent that WPG's leasing plans are not achieved, WPG's business, results of operations and financial condition could be materially adversely affected.

***WPG's lease agreements with WPG's tenants typically provide a fixed rate for certain cost reimbursement charges; if WPG's operating expenses increase or WPG is otherwise unable to collect sufficient cost reimbursement payments from WPG's tenants, WPG's business, results of operations and financial condition may be materially adversely affected.***

Energy costs, repairs, maintenance and capital improvements to common areas of WPG's properties, janitorial services, administrative, property and liability insurance costs, and security costs are typically allocable to WPG's properties' tenants. WPG's lease agreements typically provide that the tenant is liable for a portion of such common area maintenance changes, which we refer to as CAM, and other operating expenses. The majority of WPG's current leases require an equal periodic tenant reimbursement amount for WPG's cost recoveries, which serves to fix WPG's tenants' CAM contributions to WPG. In these cases, a tenant will pay a single specified rent amount, or a set expense reimbursement amount, subject to annual increases, regardless of the actual amount of operating expenses. As a result, tenant payments remain the same regardless of whether operating expenses increase or decrease, causing WPG to be responsible for any excess amounts. In the event that WPG's operating expenses increase, CAM and tenant reimbursements that WPG receives may not allow it to recover a substantial portion of these operating costs.

Table of Contents

In addition, the computation of cost reimbursements from tenants for CAM, insurance and real estate taxes is complex and involves numerous judgments, including interpretation of lease terms and other tenant lease provisions. Unforeseen or underestimated expenses may cause WPG to collect less than WPG's actual expenses. The amounts WPG calculates and bills may also be disputed by tenants or become the subject of a tenant audit or even litigation.

In the event that WPG's properties are not fully occupied, WPG may be required to pay the portion of the CAM expenses allocable to the vacant space(s) that would otherwise typically be paid by the residing tenant(s).

***Some of WPG's properties depend on anchor stores or major tenants to attract shoppers and could be materially adversely affected by the loss of, or a store closure by, one or more of these anchor stores or major tenants.***

WPG's shopping centers are typically anchored by department stores and other large nationally recognized tenants. The value of some of WPG's properties could be materially adversely affected if these department stores or major tenants fail to comply with their contractual obligations, seek concessions in order to continue operations, or cease their operations.

For example, among department stores and other large stores often referred to as "big box" stores corporate merger activity typically results in the closure of duplicate or geographically overlapping store locations. Further sustained adverse pressure on the results of WPG's department stores and major tenants may have a similarly sustained adverse impact upon WPG's own results. Certain department stores and other national retailers have experienced, and may continue to experience for the foreseeable future, given current macroeconomic uncertainty and less-than-desirable levels of consumer confidence, considerable decreases in customer traffic in their retail stores, increased competition from alternative retail options such as those accessible via the Internet and other forms of pressure on their business models. As pressure on these department stores and national retailers increases, their ability to maintain their stores, meet their obligations both to WPG and to their external lenders and suppliers, withstand takeover attempts by investors or rivals or avoid bankruptcy and/or liquidation may be impaired and result in closures of their stores. Other tenants may be entitled to modify the economic or other terms of their existing leases in the event of such closures. The modification could be unfavorable to WPG as the lessor, and could decrease rents or expense recovery charges.

Additionally, department store or major tenant closures may result in decreased customer traffic, which could lead to decreased sales at WPG's properties. If the sales of stores operating in WPG's properties were to decline significantly due to the closing of anchor stores or other national retailers, adverse economic conditions, or other reasons, tenants may be unable to pay their minimum rents or expense recovery charges. In the event of any default by a tenant, whether a department store, national retailer or otherwise, WPG may not be able to fully recover, and/or may experience delays and costs in enforcing WPG's rights as landlord to recover, amounts due to WPG under the terms of WPG's agreements with such parties.

***WPG faces risks associated with the acquisition, development, re-development and expansion of properties, including risks of higher than projected costs, inability to obtain financing, inability to obtain required consents or approvals and inability to attract tenants at anticipated rates.***

WPG may seek to acquire and develop new properties and expand and redevelop existing properties, and these activities are subject to various risks. WPG may not be successful in pursuing acquisition, development or re-development/expansion opportunities. In addition, newly acquired,

Table of Contents

developed or re-developed/expanded properties may not perform as well as expected. Other risks WPG faces include, without limitation, the following:

construction costs of a project may be higher than projected, potentially making the project unfeasible or unprofitable;

WPG may not be able to obtain financing or to refinance loans on favorable terms, if at all;

WPG may be unable to obtain zoning, occupancy or other governmental approvals;

occupancy rates and rents may not meet WPG's projections and the project may not be profitable; and

WPG may need the consent of third parties, such as anchor tenants, mortgage lenders, ground lessors, and joint venture partners, and those consents may be withheld.

If a development or re-development/expansion project is unsuccessful, either because it is not meeting WPG's expectations when operational or was not completed according to the project planning, WPG could lose WPG's investment in the project. Furthermore, if WPG guarantees the property's financing, WPG's loss could exceed WPG's investment in the project.

***Real estate investments are relatively illiquid.***

WPG's properties represent a substantial portion of WPG's total consolidated assets, and these investments are relatively illiquid. As a result, WPG's ability to sell one or more of WPG's properties or investments in real estate in response to any changes in economic or other conditions may be limited. If WPG wants to sell a property, WPG cannot assure you that it will be able to dispose of it in the desired time period or that the sale price of a property will exceed the cost of WPG's investment in that property.

***WPG faces a wide range of competition that could affect WPG's ability to operate profitably.***

WPG's properties compete with other retail properties and other forms of retailing, such as catalogs and e-commerce websites. Competition may also come from strip centers, outlet centers, lifestyle centers, and malls, and both existing and future development projects. The presence of competitive alternatives affects WPG's ability to lease space and the level of rents WPG can obtain. New construction, renovations and expansions at competing sites could also negatively affect WPG's properties. WPG also competes with other retail property developers to acquire prime development sites. In addition, WPG competes with other retail property companies for tenants and qualified management. If WPG is unable to successfully compete, WPG's business, results of operations and financial condition could be materially adversely affected.

The increase in digital and mobile technology usage has increased the speed of the transition from shopping at physical locations to web-based purchases. WPG may not be able to properly adapt to changing consumer spending habits and if WPG is unsuccessful in adapting its business, results of operations and financial condition could be materially adversely affected.

***WPG has limited control with respect to some properties that are partially owned or managed by third parties, which may adversely affect WPG's ability to sell or refinance them or otherwise take actions concerning these properties that would be in the best interests of WPG's shareholders.***

WPG may continue to co-invest with third parties through partnerships, joint ventures, or other entities, acquiring controlling or non-controlling interests in, or sharing responsibility for, managing the affairs of a property, partnership, joint venture or other entity. WPG does not have sole decision-making authority regarding the 11 properties that WPG currently holds through joint ventures with other parties.

Table of Contents

Additionally, WPG may not be in a position to exercise sole decision-making authority regarding any future properties that WPG may hold in a partnership or joint venture. Investments in partnerships, joint ventures or other entities may, under certain circumstances, involve risks that would not be present were a third party not involved, including the possibility that partners or co-venturers might become bankrupt, suffer a deterioration in their financial condition, or fail to fund their share of required capital contributions. Partners or co-venturers may have economic or other business interests or goals that are inconsistent with WPG's own business interests or goals, and may be in a position to take actions contrary to WPG's policies or objectives.

Such investments may also have the potential risk of creating impasses on decisions, such as a sale or financing, because neither WPG nor the partner or co-venturer would have full control over the partnership or joint venture. Disputes between WPG and partners or co-venturers may result in litigation or arbitration that may increase WPG's expenses and prevent WPG's officers and/or directors from focusing their time and efforts on WPG's business. Consequently, actions by, or disputes with, partners or co-venturers might result in subjecting properties owned by the partnership or joint venture to additional risk. In addition, WPG may, in certain circumstances, be liable for the actions of WPG's third-party partners or co-venturers.

***WPG's revenues are dependent on the level of revenues realized by WPG's tenants, and a decline in their revenues could materially adversely affect WPG's business, results of operations and financial condition.***

WPG is subject to various risks that affect the retail environment generally, including levels of consumer spending, seasonality, changes in economic conditions, unemployment rates, an increase in the use of the Internet by retailers and consumers, and natural disasters. In addition, levels of consumer spending may be adversely affected by, for example, increases in consumer savings rates, increases in tax rates, reduced levels of income growth and other declines in consumer net worth and a strengthening of the U.S. dollar as compared to non-U.S. currencies.

WPG's tenants may be unable to pay their existing minimum rents or expense recovery charges due to these and other economic and market-based factors. Because substantially all of WPG's income is derived from rentals of real property, WPG's income and cash flow would be adversely affected if a significant number of tenants are unable to meet their obligations or their revenues decline. In addition, a decrease in retail demand could make it difficult for WPG to renew or re-lease its properties at lease rates equal to or above historical rates.

Store closures and/or bankruptcy filings by tenants may occur during the course of WPG's operations. WPG continually seeks to re-lease vacant spaces resulting from tenant terminations. Large scale store closings or the bankruptcy of a tenant, particularly an anchor tenant, may make it more difficult to lease the remainder of a particular property or properties. Future tenant bankruptcies could adversely affect WPG's properties or impact WPG's ability to successfully execute WPG's re-leasing strategy.

***Economic and market conditions could negatively impact WPG's business, results of operations and financial condition.***

The market in which WPG operates is affected by a number of factors that are largely beyond WPG's control but may nevertheless have a significant negative impact on us. These factors include, but are not limited to:

interest rates and credit spreads;

the availability of credit, including the price, terms and conditions under which it can be obtained;

Table of Contents

a decrease in consumer spending or sentiment, including as a result of increases in savings rates and tax increases, and any effect that this may have on retail activity;

the actual and perceived state of the real estate market, market for dividend-paying stocks and public capital markets in general; and

unemployment rates, both nationwide and within the primary markets in which WPG operates.

In addition, increased inflation may have a pronounced negative impact on the interest expense WPG pays in connection with WPG's outstanding indebtedness and WPG's general and administrative expenses, as these costs could increase at a rate higher than WPG's rents. Also, inflation may adversely affect tenant leases with stated rent increases, which could be lower than the increase in inflation at any given time. Inflation could also have an adverse effect on consumer spending which could impact WPG's tenants' sales and, in turn, WPG's own results of operations.

Deflation may result in a decline in general price levels, often caused by a decrease in the supply of money or credit. The predominant effects of deflation are high unemployment, credit contraction and weakened consumer demand. Restricted lending practices may impact WPG's ability to obtain financing for WPG's properties and may also negatively impact WPG's tenants' ability to obtain credit. Decreases in consumer demand can have a direct impact on WPG's tenants and the rents WPG receives.

A slow growing economy hinders consumer spending, which may lead to less discretionary income available for shopping at WPG's properties. Weak income growth could weigh down consumer spending, which could be further affected if the overall economy suffers a setback during the current recovery.

***An increase in market interest rates could increase WPG's interest costs on existing and future debt and could adversely affect WPG's share price.***

An environment of rising interest rates could lead holders of WPG shares to seek higher yields through other investments, which could adversely affect the market price of WPG shares. One of the factors that may influence the price of WPG shares in public markets is the annual distribution rate WPG pays as compared with the yields on alternative investments. In addition, increases in market interest rates could result in increased borrowing costs for us, which may adversely affect WPG's cash flow and the amounts available for distributions to WPG's shareholders.

***Covenants in WPG's debt agreements may limit WPG's operational flexibility, and a covenant breach or default could materially adversely affect WPG's business, financial position, or results of operations.***

In connection with WPG's spin-off from Simon in May 2014, WPG entered into certain unsecured credit facilities; WPG will also have secured property-level debt. WPG may also incur substantial additional indebtedness in the future. WPG's indebtedness may impose various restrictions and covenants on it that could have material adverse consequences. Failure to comply with the restrictions and covenants in any of WPG's indebtedness would result in a default under the applicable agreements governing such indebtedness and, absent a waiver or an amendment from WPG's lenders, would permit the acceleration thereof. No assurance can be given that WPG will be successful in obtaining such waiver or amendment. Furthermore, any such default could result in the cross-default of WPG's other indebtedness.

***If WPG cannot obtain additional capital, WPG's growth may be limited.***

In order to qualify and maintain WPG's qualification as a REIT each year, WPG is required to distribute at least 90% of WPG's REIT taxable income, excluding net capital gains, to WPG's shareholders. As a result, WPG's retained earnings available to fund acquisitions, development, or

Table of Contents

other capital expenditures are nominal, and WPG relies upon the availability of additional debt or equity capital to fund these activities. WPG's long-term ability to grow through acquisitions or development, which is an important component of WPG's strategy, will be limited if WPG cannot obtain additional debt financing or equity capital. Market conditions may make it difficult to obtain debt financing or raise equity capital, and WPG cannot assure you that WPG will be able to obtain additional debt or equity financing or that WPG will be able to obtain such capital on favorable terms.

***Adverse changes in any credit rating WPG may subsequently obtain may affect WPG's borrowing capacity and borrowing terms.***

WPG's outstanding debt is periodically rated by nationally recognized credit rating agencies. The credit ratings are based upon WPG's operating performance, liquidity and leverage ratios, overall financial position, and other factors viewed by the credit rating agencies as relevant to both WPG's industry and the economic outlook. WPG's credit rating may affect the amount of capital WPG can access, as well as the terms of any financing WPG obtains. Since WPG depends primarily on debt financing to fund WPG's growth, adverse changes in any credit rating WPG may subsequently obtain may have a negative effect on WPG's future growth.

***WPG may enter into hedging interest rate protection arrangements that may not effectively limit WPG's interest rate risk.***

WPG may seek to selectively manage any exposure that WPG may have to interest rate risk through interest rate protection agreements geared toward effectively fixing or capping a portion of WPG's variable-rate debt. In addition, WPG may refinance fixed-rate debt at times when WPG believes rates and terms are appropriate. Any such efforts to manage these exposures may not be successful.

WPG's potential use of interest rate hedging arrangements to manage risk associated with interest rate volatility may expose WPG to additional risks, including the risk that a counterparty to a hedging arrangement may fail to honor its obligations. Developing an effective interest rate risk strategy is complex and no strategy can completely insulate WPG from risks associated with interest rate fluctuations. There can be no assurance that hedging activities will have the desired beneficial impact on WPG's results of operations or financial condition. Termination of these hedging agreements typically involves costs, such as transaction fees or breakage costs.

***WPG is subject to various regulatory requirements, and any changes in such requirements could have a material adverse effect on WPG's business, results of operations and financial condition.***

The laws, regulations and policies governing WPG's business, or the regulatory or enforcement environment at the national level or in any of the states in which WPG operates, may change at any time and may have a material adverse effect on WPG's business. For example, the Patient Protection and Affordable Care Act of 2010, as it is phased-in over time, may significantly impact WPG's cost of providing employees with health care insurance. WPG is unable to predict how this, or any other future legislative or regulatory proposals or programs, will be administered or implemented, or whether any additional or similar changes to statutes or regulations, including the interpretation or implementation thereof, will occur in the future. In addition, changes in tax laws may have a significant impact on WPG's operating results. For more information regarding this, please refer to " WPG may incur adverse tax consequences if Glimcher or WPG has failed or fails to qualify as a REIT for U.S. federal income tax purposes."

WPG's inability to remain in compliance with regulatory requirements could have a material adverse effect on WPG's operations and on WPG's reputation generally. WPG is unable to give any assurances that applicable laws or regulations will not be amended or construed differently, or that new

Table of Contents

laws and regulations will not be adopted, either of which may have a material adverse effect on WPG's business, financial condition or results of operations.

***WPG's efforts to identify environmental liabilities may not be successful.***

WPG believes that its portfolio is in substantial compliance with federal, state and local environmental laws, ordinances and regulations regarding hazardous or toxic substances, but this belief is based on limited testing. Nearly all of WPG's properties have been subjected to Phase I or similar environmental audits. These environmental audits have not revealed, nor is WPG aware of, any environmental liability that WPG believes will have a material adverse effect on WPG's results of operations or financial condition. However, WPG cannot assure you that:

existing environmental studies with respect to the portfolio reveal all potential environmental liabilities;

any previous owner, occupant, or tenant of a property did not create any material environmental condition not known to it at this or any previous point in time;

the current environmental condition of the portfolio will not be affected by tenants and occupants, by the condition of nearby properties, or by other unrelated third parties; or

future uses or conditions (including, without limitation, changes in applicable environmental laws and regulations or the interpretation thereof) will not result in environmental liabilities.

***WPG could incur significant costs related to government regulation and litigation over environmental matters, and changes in various other federal, state and local laws, regulations and policies could have a material adverse effect on WPG's business, results of operations and financial condition.***

Under various federal, state or local laws, ordinances and regulations, a current or previous owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances released at a property, and may be held liable to third parties for bodily injury or property damage incurred by the parties in connection with the contamination. These laws often impose liability without regard to whether the owner or operator knew of, or otherwise caused, the release of the hazardous or toxic substances. The presence of contamination at any of WPG's properties, or the failure to remediate contamination discovered at such properties, could result in significant costs to WPG and may materially adversely affect WPG's ability to sell or lease such properties or to borrow using such properties as collateral.

For example, federal, state and local laws require abatement or removal of asbestos-containing materials in the event of demolition or certain renovations or remodeling, the cost of which may be substantial for certain re-developments. These regulations also govern emissions of, and exposure to, asbestos fibers in the air, which may necessitate implementation of site-specific maintenance practices. Certain laws also impose liability for the release of asbestos-containing materials into the air, and third parties may seek recovery from owners or operators of real property for personal injury or property damage associated with asbestos-containing materials. Asbestos-containing building materials are present at some of WPG's properties and may be present at others. To minimize the risk of on-site asbestos being improperly disturbed, WPG has developed and implemented asbestos operations and maintenance programs to manage asbestos-containing materials and suspected asbestos-containing materials in accordance with applicable legal requirements.

***WPG's due diligence review of acquisition opportunities or other transactions may not identify all pertinent risks, which could materially affect WPG's business, financial condition, liquidity and results of operations.***

Although WPG intends to conduct due diligence with respect to each acquisition opportunity or other transaction that WPG pursues, it is possible that WPG's due diligence processes will not uncover

Table of Contents

all relevant facts, particularly with respect to any assets WPG acquires from third parties. In some cases, WPG may be given limited access to information about the investment and will rely on information provided by the target of the investment. In addition, if opportunities are scarce, the process for selecting bidders is competitive, or the time frame in which WPG is required to complete diligence is short, WPG's ability to conduct a due diligence investigation may be limited, and WPG would be required to make investment decisions based upon a less thorough diligence process than would otherwise be the case. Accordingly, investments and other transactions that initially appear to be viable may prove to not be so over time, due to the limitations of the due diligence process or other factors.

***If WPG's spin-off from Simon in May 2014, together with certain related transactions, does not qualify as a transaction that is generally tax-free for U.S. federal income tax purposes, WPG could be subject to significant tax liabilities or be required to indemnify Simon for material taxes and related amounts pursuant to indemnification obligations under a tax matters agreement entered into by WPG and Simon in connection with the spin-off.***

In connection with WPG's spin-off from Simon in May 2014, Simon received an opinion of counsel to the effect that the spin-off, together with certain related transactions, will qualify as a transaction that is generally tax-free for U.S. federal income tax purposes under Sections 355 and 368(a)(1)(D) of the Code. The opinion of counsel was based and relied on, among other things, certain facts and assumptions, as well as certain representations, statements and undertakings of Simon and WPG, including those relating to the past and future conduct of Simon and WPG. If any of those representations, statements or undertakings are or become, inaccurate or incomplete, or if Simon or WPG breach any of their respective covenants in the spin-off documents, the opinion of counsel may be invalid and the conclusions reached therein could be jeopardized. In addition, the opinion of counsel is not binding on the Internal Revenue Service, which we refer to as the IRS, and there can be no assurance that the IRS will not assert that the spin-off, together with certain related transactions, should be treated as a taxable transaction or that such position would not be sustained.

If the spin-off, together with certain related transactions, fails to qualify for tax-free treatment, in general, Simon would recognize taxable gain as if it had sold its WPG common shares in a taxable sale for fair market value on the date of the spin-off (unless Simon and WPG jointly make an election under Section 336(e) of the Code with respect to the spin-off, in which case, in general, WPG would (i) recognize taxable gain as if it had sold all of its assets in a taxable sale on the date of the spin-off in exchange for an amount equal to the fair market value of the WPG common shares and the assumption of all WPG's liabilities and (ii) obtain a related step up in the basis of its assets). Under the tax matters agreement that WPG entered into with Simon in connection with the spin-off, under certain circumstances, WPG may be required to indemnify Simon against any additional taxes and related amounts resulting from the spin-off failing to qualify for tax-free treatment, including, for example, if such failure is attributable to (i) an acquisition of all or a portion of the equity securities or assets of WPG, whether by merger or otherwise, (ii) other actions or failures to act by WPG or (iii) any of WPG's representations or undertakings being incorrect or violated.

***If WPG fails to remain qualified as a REIT, WPG will be subject to U.S. federal income tax as a regular corporation and could face substantial tax liability, which would substantially reduce funds available for distribution to its shareholders.***

WPG was spun-off from Simon on May 28, 2014 and intends to elect to be taxed as a REIT under Sections 856 through 859 of the Code, from and after the taxable year that included the spin-off. In connection with the spin-off, WPG received an opinion of counsel to the effect that WPG was organized in conformity with the requirements for qualification and taxation as a REIT under the Code, and that its proposed method of operation would enable it to meet the requirements for

Table of Contents

qualification and taxation as a REIT commencing with its taxable year that includes the spin-off. In addition, it is a condition to the obligation of Glimcher to complete the merger that WPG receive an opinion from counsel to the effect that, since the spin-off, WPG's actual organization and method of operation has enabled WPG to meet, through the effective time of the merger, the requirements for qualification and taxation as a REIT. This opinion will be subject to customary qualifications and be based on customary representations made by WPG, and if any such representations are or become inaccurate or incomplete, such opinion may be invalid and the conclusions reached therein could be jeopardized. These opinions of counsel will not be binding on the IRS or any court, and there can be no assurance that the IRS will not take a contrary position or that such position would not be sustained. These opinions of counsel represent only the view of such counsel based on its review and analysis of then-existing law and on certain representations as to factual matters and covenants made by WPG.

Furthermore, both the continued validity of either opinion of counsel and WPG's qualification as a REIT will depend on WPG's satisfaction of certain asset, income, organizational, distribution, shareholder ownership and other requirements on a continuing basis. WPG's ability to satisfy the asset tests depends upon its analysis of the characterization and fair market values of its assets, some of which are not susceptible to a precise determination, and for which WPG will not obtain independent appraisals. WPG's compliance with the REIT income and quarterly asset requirements also depends upon its ability to successfully manage the composition of its income and assets on an ongoing basis. Moreover, the proper classification of one or more of WPG's investments may be uncertain in some circumstances, which could affect the application of the REIT qualification requirements. Accordingly, there can be no assurance that the IRS will not contend that WPG does not satisfy the requirements for qualification and taxation as a REIT.

If WPG were to fail to qualify as a REIT in any taxable year, it would be subject to U.S. federal income tax, including any applicable alternative minimum tax, on its taxable income at regular corporate rates, and distributions to its shareholders would not be deductible by WPG in computing its taxable income. Any such corporate tax liability could be substantial and would reduce the amount of cash available for distribution to WPG's shareholders, which in turn could have an adverse effect on the value of, and trading prices for, WPG's common shares. In addition, unless WPG is entitled to relief under certain provisions of the Code, it would also be disqualified from taxation as a REIT for the four taxable years following the year during which it initially ceased to qualify as a REIT.

***WPG may incur adverse tax consequences if Glimcher has failed or fails to qualify as a REIT for U.S. federal income tax purposes.***

It is a condition to the obligation of WPG to complete the merger that Glimcher receive an opinion of counsel to the effect that, commencing with Glimcher's initial taxable year ended December 31, 1994 through Glimcher's taxable year ended December 31, 2013, Glimcher has been organized and operated in conformity with the requirements for qualification and taxation as a REIT and that, since January 1, 2014, its actual organization and method of operation has enabled Glimcher to meet, through the effective time of the merger, the requirements for qualification and taxation as a REIT. The opinion will be subject to customary qualifications and be based on customary representations made by Glimcher, and if any such representations are or become inaccurate or incomplete, such opinion may be invalid and the conclusions reached therein could be jeopardized. In addition, the opinion will not be binding on the IRS or any court, and there can be no assurance that the IRS will not take a contrary position or that such position would not be sustained. If Glimcher has failed or fails to qualify as a REIT for U.S. federal income tax purposes and the merger is completed, WPG may inherit or incur significant tax liabilities (including with respect to any gain realized by Glimcher as a result of the merger) and could lose its own REIT status should facts or activities as a result of which Glimcher failed to qualify as a REIT continue after the merger.

**The WPG Business**

WPG operates a large, well-diversified portfolio which as of November 21, 2014 consists of interests in 96 shopping center properties totaling approximately 52.5 million square feet. The portfolio has proven to be stable, while producing steady cash flows across market cycles, and is occupied by some of the largest, most well-recognized names in the retail industry, such as Bed Bath & Beyond, Dick's Sporting Goods, Dillard's, Kohl's Corporation, Target and Macy's Inc.

**Competitive Strengths**

WPG derives revenues primarily from retail tenant leases, including fixed minimum rent leases, percentage rent leases based on tenants' sales volumes and reimbursements from tenants for certain expenses. WPG seeks to re-lease its spaces at higher rents and increase its occupancy rates, and to enhance the performance of the properties and increase revenues by, among other things, adding anchors or big-box tenants, re-developing or renovating existing properties to increase the leasable square footage and increasing the productivity of occupied locations through aesthetic upgrades, re-merchandising and/or changes to the retail use of the space. In addition, WPG believes that there are opportunities for it to acquire additional shopping center assets that match WPG's investment criteria and pursue selective, ground up development projects.

Table of Contents

WPG's portfolio has had relatively stable operating metrics. Between December 31, 2011 and September 30, 2014, ending occupancy in the shopping center portfolio rose from 91.4% to 92.7%. As a result of the improvement in operating metrics, comparable property NOI for the nine months ended September 30, 2014 rose by 1.6%, net of the approximate 165 basis point impact of increased costs associated with the harsh winter weather conditions in the first quarter of 2014, relative to the nine months ended September 30, 2013 and for the year ended December 31, 2013 rose by 2.9% relative to the year ended December 31, 2012, while net income for the nine months ended September 30, 2014 rose by 21.2%, including a \$86.3 million increase in gain on acquisition and sale of properties, \$39.9 million in costs related to the separation from Simon and \$2.5 million in costs related to the merger, relative to the nine months ended September 30, 2013 and for the year ended December 31, 2013 rose by 19.8% relative to the year ended December 31, 2012.

WPG invests in shopping center assets and employ a broad array of leasing, management and development strategies tailored to make each property as productive as possible. This flexibility was highlighted in 2013 at WPG's University Town Plaza property when WPG invested \$33 million to demolish existing enclosed mall space and convert the property into a community strip center. In the process, WPG maintained the operation of existing anchors while expanding the tenant base to include traditional tenants, such as Burlington Coat Factory, Academy Sports + Outdoors, Toys "R" Us, Inc./Babies "R" Us, Inc. and smaller tenants. This business strategy supports a flexible, opportunistic investment profile in which we seek to optimize capital deployment into each respective retail sector throughout market cycles.

**Company Strategies**

WPG seeks to identify and pursue internal growth opportunities to enhance the performance of its properties through activities such as re-leasing its spaces at higher rents, increasing its occupancy rates, adding anchors or big-boxes, increasing the productivity of occupied locations through aesthetic upgrades, re-merchandising and changes to the retail use of the space. WPG believes that capital dedicated to anchor and big-box leasing can provide attractive risk-adjusted returns, as such invested capital can be instrumental in enhancing the stability and appeal of the properties, increasing consumer shopping traffic and promoting inline or small-shop leasing, all of which should positively impact the growth in net operating income of a retail asset.

WPG's management team seeks to identify investment strategies that will create value for its shareholders, are consistent with its strategic objectives, and have attractive risk-return profiles. WPG devotes substantial executive management attention to value creating investment opportunities and these dedicated efforts may position WPG to generate attractive growth in tenant sales, revenues and NOI from WPG's properties and thus enhance the performance of its portfolio.

WPG has identified a pipeline of potential new development and re-development projects, within WPG's initial portfolio of properties, totaling approximately \$300 million. These projects generally consist of expansions and renovations of existing centers and leasing of anchor and big-box tenants, and also include ground-up development projects.

**Properties**

As of November 21, 2014, WPG's portfolio of properties consists of 96 properties totaling approximately 52.5 million square feet. WPG also owns parcels of land which can be used for either the development of new shopping centers or the expansion of existing properties. While most of these properties are wholly owned by WPG, several are less than wholly owned through joint ventures and other arrangements with third parties, which is common in the real estate industry. As of September 30, 2014, WPG's properties had an ending occupancy rate of 92.7%.

(1) WPG receives substantially all the economic benefit of the property due to a capital preference.

***Competition***

WPG's direct competitors include other publicly traded retail and mall development and operating companies, retail real estate companies, commercial property developers and other owners of retail real estate that engage in similar businesses. Within its property portfolio, WPG competes for retail tenants and the nature and extent of the competition it faces varies from property to property. With respect to specific alternative retail property types, WPG faces increased competition from both lifestyle malls and power centers, in addition to other shopping centers.

WPG believes the principal factors that retailers consider in making their leasing decisions include:

- consumer demographics;
- quality, design and location of properties;
- total number and geographic distribution of properties;
- diversity of retailers and anchor tenants;
- management and operational expertise; and
- rental rates.

In addition, because WPG's revenue potential is linked to the success of its retailers, it indirectly shares exposure to the same competitive factors that its retail tenants experience in their respective markets face when trying to attract individual shoppers. These dynamics include general competition from other malls, including outlet malls and other discount shopping malls, as well as competition with discount shopping clubs, catalog companies, Internet sales and telemarketing.

***Seasonality***

## Edgar Filing: Washington Prime Group Inc. - Form S-4/A

The shopping center business is, to some extent, seasonal in nature with tenants typically achieving the highest levels of sales during the fourth quarter due to the holiday season, which generally results in higher percentage rent income in the fourth quarter. Additionally, shopping malls achieve a substantial portion of their specialty (temporary retailer) rents during the holiday season. Thus, occupancy levels and revenue production are generally the highest in the fourth quarter of each year. Results of operations realized in any one quarter may not be indicative of the results likely to be experienced over the course of the fiscal year.

***Employees***

As of September 30, 2014, WPG had approximately 75 employees.

***Insurance***

In connection with WPG's separation from Simon in May 2014, Simon agreed to maintain insurance coverage for WPG's properties for a period of time that will continue at least through 2015. This will include coverage with third party carriers who provide a portion of the coverage for specific layers of potential losses including commercial general liability, fire, flood, extended coverage and rental loss insurance on all of WPG properties. The initial portion of coverage not provided by third party carriers is either insured through Simon's wholly owned captive insurance companies or other financial arrangements controlled by Simon. A third party carrier has, in turn, agreed to provide evidence of coverage for this layer of losses under the terms and conditions of the carrier's policy. A similar policy written through Simon's captive insurance entities also provides initial coverage for property insurance and certain windstorm risks at the properties located in coastal windstorm locations. Simon also currently maintains insurance coverage against acts of terrorism on all of WPG's properties in the United States on an "all risk" basis. The current federal laws which provide this coverage are expected to operate through 2015. There are some types of losses, including lease and other contract claims, which generally are not insured. In the opinion of WPG managements, the properties owned by WPG are adequately insured.

At such time as WPG ceases to be covered under the Simon insurance arrangements, WPG will obtain comprehensive replacement insurance coverage for matters for which it believes coverage is warranted, in each case with limits of liability that WPG deems adequate. WPG will select policy specifications and insured limits which it believes to be appropriate given the relative risk of loss, the cost of the coverage and industry practice.

***Legal Proceedings***

WPG is involved from time to time in various legal proceedings that arise in the ordinary course of its business, including, but not limited to, commercial disputes, environmental matters, and litigation in connection with transactions including acquisitions and divestitures. WPG believes that such litigation, claims and administrative proceedings will not have a material adverse impact on its financial position or its results of operations. WPG records a liability when a loss is considered probable and the amount can be reasonably estimated.

***Dividend Policy***

To qualify as a REIT, WPG must distribute to its shareholders an amount at least equal to:

- (i) 90% of WPG's REIT taxable income, determined before the deduction for dividends paid and excluding any net capital gain (which does not necessarily equal net income as calculated in accordance with GAAP); plus
- (ii) 90% of the excess of WPG's net income from foreclosure property over the tax imposed on such income by the Code; less
- (iii) Any excess non-cash income (as determined under the Code).

WPG cannot assure you that the distribution policy will remain the same in the future, or that any estimated distributions will be made or sustained. Distributions made by WPG will be authorized and determined by the WPG Board, in its sole discretion, out of legally available funds, and will be dependent upon a number of factors, including restrictions under applicable law, actual and projected financial condition, liquidity, funds from operations and results of operations, the revenue actually

Table of Contents

received from properties, operating expenses, debt service requirements, capital expenditures, prohibitions and other limitations under financing arrangements, the annual REIT distribution requirements and such other factors as the WPG Board deems relevant.

In the third and fourth quarters of 2014, WPG declared a distribution of \$0.25 to shareholders of record.

***Critical Accounting Policies***

The preparation of financial statements in conformity with GAAP requires management to use judgment in the application of accounting policies, including making estimates and assumptions. WPG bases its estimates on historical experience and on various other assumptions believed to be reasonable under the circumstances. These judgments affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. If WPG's judgment or interpretation of the facts and circumstances relating to various transactions had been different, it is possible that different accounting policies would have been applied resulting in a different presentation of WPG's financial statements. From time to time, WPG reevaluates the estimates and assumptions. In the event estimates or assumptions prove to be different from actual results, adjustments are made in subsequent periods to reflect more current information. Below is a discussion of accounting policies that WPG considers critical in that they may require complex judgment in their application or require estimates about matters that are inherently uncertain. For a summary of WPG's significant accounting policies, please refer to Note 3 of the Notes to WPG's combined financial statements attached as Annex F to this proxy statement/prospectus and incorporated herein by reference.

WPG, as a lessor, retains substantially all of the risks and benefits of ownership of the investment properties and accounts for leases as operating leases. WPG accrues minimum rents on a straight-line basis over the terms of WPG's respective leases. Substantially all of WPG's retail tenants are also required to pay overage rents based on sales over a stated base amount during the lease year. WPG recognizes overage rents only when each tenant's sales exceed its sales threshold.

WPG reviews investment properties for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying value of investment properties may not be recoverable. These circumstances include, but are not limited to, a decline in a property's cash flows, occupancy or tenant sales. WPG measures any impairment of investment property when the estimated undiscounted operating income before depreciation and amortization plus its residual value is less than the carrying value of the property. To the extent impairment has occurred, WPG charges to income the excess of carrying value of the property over its estimated fair value. WPG may decide to sell properties that are held for use and the sale prices of these properties may differ from their carrying values. WPG also reviews its investments, including investments in unconsolidated entities, if events or circumstances change indicating that the carrying amount of its investments may not be recoverable. WPG will record an impairment charge if it is determined that a decline in the fair value of the investments below carrying value is other-than-temporary. Changes in economic and operating conditions that occur subsequent to WPG's review of recoverability of investment property and other investments could impact the assumptions used in that assessment and could result in future charges to earnings if assumptions regarding those investments differ from actual results.

WPG makes estimates as part of allocation of the purchase price of acquisitions to the various components of the acquisition based upon the fair value of each component. The most significant components of WPG's allocations are typically the allocation of fair value to the buildings as-if-vacant, land and market value of in-place leases. In the case of the fair value of

Table of Contents

buildings and the allocation of value to land and other intangibles, WPG estimates of the values of these components will affect the amount of depreciation we record over the estimated useful life of the property acquired or the remaining lease term. In the case of the market value of in-place leases, WPG makes the best estimates of the tenants' ability to pay rents based upon the tenants' operating performance at the property, including the competitive position of the property in its market as well as tenant sales, rents per square foot, and overall occupancy cost for the tenants in place at the acquisition date. WPG's assumptions affect the amount of future revenue that WPG will recognize over the remaining lease term for the acquired in-place leases.

A variety of costs are incurred in the development and leasing of properties. After determination is made to capitalize a cost, it is allocated to the specific component of a project that is benefited. Determination of when a development project is substantially complete and capitalization must cease involves a degree of judgment. The costs of land and buildings under development include specifically identifiable costs. The capitalized costs include pre-construction costs essential to the development of the property, development costs, construction costs, interest costs, real estate taxes, salaries and related costs and other costs incurred during the period of development. WPG considers a construction project as substantially completed and held available for occupancy and ceases capitalization of costs upon opening.

*Other Policies*

The following is a discussion of WPG's Investment Policies and Financing Policies. One or more of these Policies may be amended or rescinded from time to time without a shareholder vote. Except to the extent otherwise set forth below, WPG does not have a policy with respect to any of the following types of activities: issuing senior securities; borrowing money; making loans to other persons; investing in the securities of other issuers for the purpose of exercising control; underwriting securities of other issuers; engaging in the purchase and sale (or turnover) of investments; offering securities in exchange for property; or repurchasing or otherwise reacquiring its shares or other securities. WPG does not currently intend to engage in making loans to other persons; investing in the securities of other issuers for the purpose of exercising control; underwriting securities of other issuers; offering securities in exchange for property; or repurchasing or otherwise reacquiring its shares or other securities. WPG does not have any policies other than the ones listed below.

Because WPG's REIT qualification requires WPG to distribute at least 90% of its taxable income, WPG expects to access the capital markets to raise the funds necessary to finance operations, acquisitions, development and redevelopment opportunities, and to refinance maturing debt. If the WPG Board determines to seek additional capital, WPG may raise such capital by offering equity or debt securities, creating joint ventures with existing ownership interests in properties, entering into joint venture arrangements for new development projects, retaining cash flows or a combination of these methods. If the WPG Board determines to incur borrowings, they may be in the form of bank borrowings, publicly and privately placed debt instruments, or purchase money obligations to the sellers of properties. WPG is in the business of owning and operating shopping centers across the United States and may engage in the purchase, sale or turnover of these properties.

Since WPG's separation from Simon, WPG has borrowed money and refinanced the borrowings and purchased and sold real property. It is WPG's policy to bring any strategic or material business decision, including but not limited to those related to acquisitions and dispositions of assets, investments in or disposition of interests in joint ventures, and entering into financing arrangements, to the WPG Board (or an appropriate committee of the WPG Board) before taking strategic or material actions. WPG intends to send its annual report on Form 10-K containing financial statements certified by its independent public accounting firm to its shareholders.

Table of Contents

***Investment Policies***

WPG is in the business of owning and operating strip centers and malls across the United States and while it emphasizes these real estate investments, WPG may also invest in equity or debt securities of other entities engaged in real estate activities or securities of other issuers. However, any of these investments would be subject to the percentage ownership limitations and gross income tests necessary for REIT qualification. These REIT limitations mean that WPG cannot make an investment that would cause its real estate assets to be less than 75% of its total assets. WPG must also derive at least 75% of gross income directly or indirectly from investments relating to real property or mortgages on real property, including "rents from real property," dividends from other REITs and, in certain circumstances, interest from certain types of temporary investments. In addition, WPG must also derive at least 95% of its gross income from such real property investments, and from dividends, interest and gains from the sale or dispositions of stock or securities or from other combinations of the foregoing.

Subject to REIT limitations, WPG may invest in the securities of other issuers in connection with acquisitions of indirect interests in real estate. Such an investment would normally be in the form of general or limited partnership or membership interests in special purpose partnerships and limited liability companies that own one or more properties. WPG may, in the future, acquire all or substantially all of the securities or assets of other REITs, management companies or similar entities where such investments would be consistent with WPG's investment policies.

***Financing Policies***

Because WPG's REIT qualification requires WPG to distribute at least 90% of its taxable income, WPG expects to access the capital markets to raise the funds necessary to finance operations, acquisitions, development and redevelopment opportunities, and to refinance maturing debt. WPG expects that it will have to comply with customary covenants contained in any financing agreements that could limit its ratio of debt to total assets or market value.

If the WPG Board determines to seek additional capital, WPG may raise such capital by offering equity or debt securities, creating joint ventures with existing ownership interests in properties, entering into joint venture arrangements for new development projects, retaining cash flows or a combination of these methods. If the WPG Board determines to raise equity capital, it may, without shareholder approval, issue additional WPG common shares or other capital stock. The WPG Board may issue a number of shares up to the amount of WPG's authorized capital in any manner and on such terms and for such consideration as it deems appropriate. Such securities may be senior to the outstanding classes of common stock. Such securities also may include additional classes of preferred shares, which may be convertible into WPG common shares. Existing WPG shareholders have no preemptive right to purchase shares in any subsequent offering of WPG's securities. Any such offering could dilute a shareholder's investment in WPG.

WPG expects most future borrowings would be made through WPG LP or its subsidiaries. WPG might, however, incur borrowings that would be reloaned to WPG LP. Borrowings may be in the form of bank borrowings, publicly and privately placed debt instruments, or purchase money obligations to the sellers of properties. Any such indebtedness may be secured or unsecured. Any such indebtedness may also have full or limited recourse to the borrower or be cross-collateralized with other debt, or may be fully or partially guaranteed by WPG LP. Although WPG may borrow to fund the payment of dividends, WPG currently has no expectation that it will regularly do so.

WPG may also finance acquisitions through the issuance of common shares or preferred shares, the issuance of additional units of partnership interest in WPG LP, the issuance of preferred units of WPG LP, the issuance of other securities including unsecured notes and mortgage debt, draws on WPG's credit facilities or sale or exchange of ownership interests in properties.

Table of Contents

WPG LP may also issue units to transferors of properties or other partnership interests which may permit the transferor to defer gain recognition for tax purposes.

WPG does not have a policy limiting the number or amount of mortgages that may be placed on any particular property. Mortgage financing instruments, however, usually limit additional indebtedness on such properties. Additionally, unsecured credit facilities, unsecured note indentures and other contracts may limit WPG's ability to borrow and contain limits on the amount of secured indebtedness it may incur.

Typically, WPG invests in or forms special purpose entities to assist in obtaining secured permanent financing at attractive terms. Permanent financing may be structured as a mortgage loan on a single property, or on a group of properties, and will generally require WPG to provide a mortgage lien on the property or properties in favor of an institutional third party, as a joint venture with a third party, or as a securitized financing. For securitized financings, WPG may create special purpose entities to own the properties. These special purpose entities, which are common in the real estate industry, are intended to be structured so that they would not be consolidated in a bankruptcy proceeding involving a parent company. WPG will decide upon the structure of the financing based upon the best terms then available to WPG and whether the proposed financing is consistent with WPG's other business objectives. For accounting purposes, WPG will include the outstanding securitized debt of special purpose entities owning consolidated properties as part of its consolidated indebtedness.

***Conflicts of Interest Policies***

WPG has policies designed to reduce or eliminate potential conflicts of interest. WPG has adopted governance principles governing its affairs and those of the WPG Board, as well as written charters for each of the standing committees of the WPG Board.

WPG's Governance Principles provide that directors who hold a significant financial interest or a directorial, managerial, employment, consulting or other position with Simon, will not be required to recuse himself or herself from any WPG Board discussion of, and/or refrain from voting on, any matter that may involve or affect the relationship between WPG and Simon unless the lead independent director of WPG shall determine, on a case-by-case basis, that such recusal and/or refrainment will be appropriate. If the lead independent director owns such a financial interest or holds such a position in Simon, such determination shall be made by a majority of the directors who do not own a significant financial interest in, or hold a directorial, managerial, employment, consulting or other position, in Simon. In addition, WPG's Governance Principles provide that if any of its directors who is also a director, officer or employee of Simon acquires knowledge of a corporate opportunity or is otherwise offered a corporate opportunity (provided that this knowledge was not acquired solely in such person's capacity as a director of the company and such person acts in good faith), then to the fullest extent permitted by law, such person is deemed to have fully satisfied such person's fiduciary duties owed to WPG and is not liable to WPG if Simon, or their affiliates, pursues or acquires the corporate opportunity, or if such person did not present the corporate opportunity to WPG.

In addition, WPG has adopted a Code of Business Conduct and Ethics, which applies to all of its officers, directors, and employees. At least a majority of the members of the WPG Board, Governance and Nominating Committee, Audit Committee and Compensation Committee must qualify as independent under the listing standards for NYSE companies. Any transaction between WPG and any officer, director or 5% shareholder must be approved pursuant to the related party transaction policy of WPG.

**Record Date; Who Can Vote at the Glimcher Special Meeting**

The Glimcher Board has fixed the close of business on November 26, 2014 as the record date for determining the Glimcher shareholders entitled to receive notice of, and to vote at, the Glimcher special meeting and any postponements or adjournments thereof. Only holders of record of Glimcher common shares at the close of business on the record date are entitled to vote at the Glimcher special meeting. On the record date, there were [ ] Glimcher common shares outstanding and entitled to be voted at the Glimcher special meeting, held by approximately [ ] holders of record. As of the record date, trustees and executive officers of Glimcher and their affiliates and associates owned and were entitled to vote [ ] Glimcher common shares, representing approximately [ ]% of the outstanding Glimcher common shares.

Each Glimcher common share is entitled to one vote on each proposal properly presented at the Glimcher special meeting. Holders of Glimcher preferred shares are not entitled to vote at the Glimcher special meeting.

**Quorum**

The Glimcher Bylaws provide that the presence in person or by proxy of shareholders entitled to cast a majority of all of the votes entitled to be cast at such meeting on any matter constitutes a quorum at the Glimcher special meeting. If a quorum is not established at the meeting, the chairman of the meeting may adjourn the meeting to a date not more than 120 days after the original record date for the meeting without notice other than announcement at the meeting.

**Vote Required for Approval**

Approval of the proposal to approve the merger and the other transactions contemplated by the merger agreement requires the affirmative vote of at least two-thirds of the outstanding Glimcher common shares entitled to vote on the proposal. Approval of this proposal is a condition to completion of the merger.

Approval of the proposal to approve, on a non-binding, advisory basis, the compensation that may be paid or become payable to named executive officers of Glimcher in connection with the merger requires the affirmative vote of a majority of the votes cast on such proposal. Approval of this proposal is a not a condition to completion of the merger.

Approval of the proposal to adjourn the special meeting, if necessary or appropriate, including to solicit additional proxies if there are not sufficient votes at the time of the Glimcher special meeting to approve the merger and the other transactions contemplated by the merger agreement, requires the affirmative vote of a majority of the votes cast on such proposal. Approval of this proposal is a not a condition to completion of the merger.

**Abstentions and Broker Non-Votes**

Abstentions will be treated as present at the special meeting for purposes of determining the presence or absence of a quorum. Abstentions will have the same effect as votes cast "AGAINST" the proposal to approve the merger and the other transactions contemplated by the merger agreement, but will have no effect on the other proposals. There can be no broker non-votes at the special meeting, so failure to provide instructions to your broker or other nominee on how to vote will result in your shares not being counted as present at the meeting. A broker non-vote occurs when shares held by a broker or other nominee are represented at the meeting, but the broker or other nominee has not received voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares on a particular proposal but has discretionary voting power on other proposals. The only proposals to be voted on at the Glimcher special meeting are "non-routine" under NYSE

Table of Contents

Rule 452. Nominees may exercise discretion in voting on routine matters, but may not exercise discretion and therefore will not vote on non-routine matters if instructions are not given. The approval of the merger and the other transactions contemplated by the merger agreement, the approval of the proposal to approve, on a non-binding, advisory basis, the compensation that may be paid or become payable to named executive officers of Glimcher in connection with the merger and the approval of the proposal to adjourn the special meeting, if necessary or appropriate, including to solicit additional proxies if there are not sufficient votes at the time of the meeting to approve the merger and the other transactions contemplated by the merger agreement, are regarded as non-routine matters and your broker or other nominee may not vote on these matters without instructions from you.

The Glimcher Board recommends that you vote "FOR" the proposal to approve the merger and the other transactions contemplated by the merger agreement, "FOR" the proposal to approve, on a non-binding, advisory basis, the compensation that may be paid or become payable to named executive officers of Glimcher in connection with the merger and "FOR" the proposal to adjourn the special meeting, if necessary or appropriate, including to solicit additional proxies if there are not sufficient votes at the time of the meeting to approve the merger and the other transactions contemplated by the merger agreement.**

If you hold your Glimcher common shares through a broker or other nominee and wish to vote in person at the Glimcher special meeting, you must obtain a "legal proxy," executed in your favor, from the broker or other nominee (which may take several days).

Glimcher will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of Glimcher common shares.

**Background to the Merger**

The Glimcher Board and management have regularly reviewed and evaluated potential strategic alternatives relating to Glimcher, including possible acquisitions, divestitures and business combinations, with the goal of maximizing shareholder value. The difficult market conditions of 2008 and 2009 contributed to a sharp reduction in Glimcher's share price to a low of \$0.93 in November 2008 and resulted in Glimcher having a ratio of total debt to total market capitalization of 84.2% at the end of 2009. Over the last several years, the Glimcher Board and management focused their efforts on deleveraging the company and strengthening its balance sheet due to the challenges posed by these market conditions.

Between 2009 and 2013, Glimcher undertook a number of efforts to raise capital while also seeking to upgrade the quality of its mall portfolio. During this period, Glimcher raised close to \$1 billion from the issuance of common and preferred shares and refinanced its indebtedness at more favorable rates. In order to change the mix of the company's portfolio to focus on assets with a higher operating income growth profile, Glimcher also acquired higher tier malls, sold lower tier malls, redeveloped existing properties and engaged in development projects. By the end of 2013, Glimcher had reduced its ratio of total debt to total market capitalization to 52.8% and had shifted the composition of its portfolio to higher-tier malls.

Although Glimcher's financial position had improved significantly since 2009 and it had upgraded its asset mix, the Glimcher Board recognized that Glimcher continued to face challenges. It remained more highly leveraged than larger public mall companies, constraining its ability to continue to pursue its strategy of acquiring higher tier malls and renovating existing malls. In addition, Glimcher's small scale relative to other public mall companies caused its cost of capital to be higher than that of larger

Table of Contents

public mall companies. Compared to larger public mall companies, Glimcher also had a small public float and its common shares traded at a larger discount to its net asset value, or NAV, which impeded its ability to raise new equity capital. At the end of 2013, Glimcher's common shares traded at a discount of more than 30% to its NAV.

To address some of its challenges, Glimcher continued to seek to sell lower tier assets, in order to both further strengthen its balance sheet and further improve the overall quality of its mall portfolio. At a meeting of the Glimcher Board on March 12, 2014, the Glimcher Board, along with members of Glimcher's management, discussed this strategy. Mr. Michael Glimcher, chairman and chief executive officer of Glimcher, whom we refer to as Mr. Glimcher, noted that, as had been discussed with the Glimcher Board previously, Glimcher had been working with Eastdil Secured LLC, a real estate brokerage firm, which we refer to as Eastdil Secured, to identify assets within the lower tier of its portfolio to market for sale and to establish an acceptable price range for those properties. Mr. Glimcher explained that Eastdil Secured had started contacting potential buyers during the fourth quarter of 2013, focusing on five assets, and that the informal process had had very limited success. As a result of the limited level of interest generated by the informal process, management believed, based on the advice of Eastdil Secured, that Glimcher should engage in a formal marketing process covering thirteen lower tier malls, which properties we refer to as the Mosaic Properties. Potential buyers would be given the opportunity to acquire various combinations of assets and Glimcher's objective would be to sell a subset of the assets, with the specific assets to be sold to be determined based on the offers received. The Glimcher Board expressed its support for pursuing a formal process to market the Mosaic Properties and discussed the possible uses of proceeds from these sales.

On April 23, 2014, as part of the press release announcing its earnings for the quarter ended March 31, 2014, Glimcher announced that it had targeted to raise approximately \$200 million to \$300 million of capital through the sale of three or four malls. To accomplish this, Glimcher planned to market 13 of its malls (i.e., the Mosaic Properties) with the objective of selling only a subset of the thirteen properties. Glimcher stated that the proceeds would be used primarily to reduce overall corporate debt levels and to provide Glimcher with additional funds for its redevelopment pipeline, and that proceeds could also be used to redeem preferred shares. In addition to this sales effort, Glimcher also announced that it, together with its joint venture partner, had decided to market Puente Hills Mall located in the City of Industry, California, which we refer to as Puente Hills Mall, and that Glimcher had entered into an agreement with the trustee for the mortgage loan encumbering Eastland Mall in Columbus, Ohio, which we refer to as Eastland Mall, and had commenced marketing the property for sale. The agreement provided that the trustee would acquire title to Eastland Mall in release of the \$40 million mortgage lien on the property in the event the property was not sold by July 2014.

From time to time, Mr. Glimcher met with senior executives of other mall companies to discuss industry developments and possible opportunities for transactions with such companies. On March 25, 2014, Mr. Glimcher met for lunch with the executive chairman of a public real estate company, which we refer to as Company A. At the lunch, the possibility of a merger of equals transaction was discussed, but the conversation was high level and no specific terms were discussed.

On May 7, 2014, the Glimcher Board met, with members of Glimcher's management participating in the meeting. Mr. Glimcher reported to the Glimcher Board about his meeting with the executive chairman of Company A. Mr. Glimcher provided background regarding Company A, noting it had an investment grade rating, a strong debt-to-total-market capitalization ratio and a portfolio comprised of malls and other assets. It was discussed that a merger of equals between the companies could address some of the challenges facing Glimcher as the combined company would have larger scale and a stronger balance sheet than Glimcher alone, as well as a unique mix of assets. Mr. Glimcher noted there had been no discussion of valuation and that the executive chairman of Company A had expressed concern about Glimcher's lower tier assets. After discussion, the Glimcher Board expressed the view that Mr. Glimcher should explore Company A's interest in pursuing a transaction.

Table of Contents

Mr. Glimcher also described the recent steps taken to sell Eastland Mall and Puente Hills Mall and discussed the sales process involving the Mosaic Properties, with marketing expected to occur throughout the summer of 2014 and closings for selected properties targeted for the end of the year. He noted that Glimcher had announced that it was targeting the sale of a few of the Mosaic Properties, but that if meaningful opportunities to sell additional properties materialized, Glimcher would evaluate and consider such proposals.

Following preliminary discussions between Glimcher and Company A regarding a possible merger-of-equals transaction, on June 13, 2014, Glimcher and Company A signed a mutual confidentiality agreement with a standstill period of one year.

On June 2, 2014, Mr. Mark Ordan, the president and chief executive officer of WPG and a member of the WPG Board, whom we refer to as Mr. Ordan, had a discussion with Mr. David Simon, a member of the WPG Board and the chief executive officer and chairman of the board of directors of Simon, whom we refer to as Mr. Simon, and Mr. Richard Sokolov, the chairman of the WPG Board and a member of the board of directors and president and chief operating officer of Simon, whom we refer to as Mr. Sokolov. During the discussion, Mr. Ordan mentioned that he had been thinking about potential acquisition partners and was interested in exploring a possible strategic transaction involving Glimcher. He explained the numerous strategic benefits that would result from combining the WPG and Glimcher portfolios, including enhanced investment and redevelopment opportunities, a broadened tenant mix and increased geographic and asset class diversity. Messrs. Ordan, Simon and Sokolov agreed that such a transaction with Glimcher was worth exploring. Mr. Ordan noted, however, that WPG would not likely want to acquire Glimcher's Jersey Gardens mall in Elizabeth, New Jersey, which we refer to as the Jersey Gardens property, and potentially one or more other properties of Glimcher, because financing such an acquisition could potentially affect the combined company's investment grade rating after the transaction. Mr. Simon noted that Simon LP would potentially be interested in acquiring the Jersey Gardens property and one or more other properties in connection with such a transaction. Messrs. Ordan, Simon and Sokolov noted that the acquisition of Glimcher could either be structured as an acquisition of Glimcher by WPG, with a concurrent sale of certain assets from Glimcher to Simon, or an acquisition of Glimcher by Simon, with a concurrent sale of certain assets from Glimcher to WPG. They did not conclude on the type of acquisition structure to be proposed to Glimcher, but discussed that, since Mr. Ordan had never met Mr. Glimcher before, it might be best for Mr. Simon to approach Mr. Glimcher with the idea.

On June 17, 2014, at Mr. Simon's request, Mr. Glimcher met for lunch with Mr. Simon. At the meeting, Mr. Simon expressed an interest in exploring a strategic transaction involving Glimcher. He suggested a transaction could be structured as an acquisition of Glimcher by Simon for cash, with WPG acquiring some of Glimcher's assets, or alternatively as an acquisition of Glimcher by WPG for cash, with Simon acquiring some of Glimcher's assets. Mr. Simon noted that Simon had completed its spinoff of WPG a few weeks earlier on May 28, 2014, and that WPG now held Simon's former interests in 44 smaller enclosed malls and 54 strip centers. A transaction with WPG could also result in Glimcher's platform operating the combined company's portfolio. He believed Glimcher's share price did not reflect Glimcher's intrinsic value and that Simon and WPG could allocate Glimcher's assets between them in a transaction that would be attractive to Glimcher's shareholders. Mr. Glimcher informed Mr. Simon that the company was not pursuing a sale, Mr. Simon nevertheless requested that Mr. Glimcher consider the possibility of a transaction and let Mr. Simon know if Glimcher was interested in considering the possibility of a transaction.

On July 11, 2014, Mr. Glimcher and Mr. Simon had a call, during which Mr. Simon expressed continued interest in exploring a strategic transaction and requested the opportunity to discuss a potential transaction with Glimcher's financial advisor. Mr. Glimcher reiterated that while Glimcher was not pursuing a sale, he would consider Mr. Simon's request to meet with Glimcher's financial advisor.

Table of Contents

On July 14 and July 15, 2014, Mr. Glimcher and a representative of GreenOak Real Estate US, LLC, which we refer to as GreenOak, had separate calls with Mr. Howard Gross, lead independent trustee on the Glimcher Board, whom we refer to as Mr. Gross, and described Mr. Glimcher's meeting with Mr. Simon and the subsequent call between Mr. Glimcher and Mr. Simon. GreenOak is a real estate advisory firm that regularly serves as Glimcher's financial advisor. Mr. Gross authorized Mr. Glimcher and the representative of GreenOak to explore Mr. Simon's interest in pursuing a transaction.

On Glimcher's earnings call for the second quarter of 2014 held on July 18, 2014, Mr. Glimcher provided an update on Glimcher's disposition efforts. He noted that an auction for Eastland Mall was completed in June, but the trustee for the mortgage lien on the property had not accepted the highest bid of \$18 million. Pursuant to the agreement with the trustee, Glimcher would transfer the property to the trustee by the end of the month and be released from the \$40 million mortgage loan. Mr. Glimcher stated that several credible offers had been received for Puente Hills Mall and Glimcher was in the final stages of selecting a buyer. With respect to the broader initiative commenced at the beginning of the second quarter to sell some of the Mosaic Properties, Mr. Glimcher stated there had been several rounds of bids and that the company continued to expect to raise approximately \$200 million to \$300 million from the sale of some of the Mosaic Properties. He explained that the capital raised from these dispositions would primarily be used to reduce overall debt levels, moving the company closer to its longer term balance sheet targets for debt-to-EBITDA coverage and the ratio of debt to total asset value, and to ensure the company had ample liquidity to fund its current development pipeline.

On July 21, 2014, a representative of GreenOak met for lunch with Mr. Simon and Mr. Sokolov. During that meeting and during subsequent calls between Mr. Simon and the GreenOak representative over the course of the following few weeks, Mr. Simon continued to express interest in a transaction with Glimcher and asked that Glimcher indicate whether it would be interested in pursuing a transaction. On July 22, 2014, the GreenOak representative updated Mr. Gross regarding his July 21 meeting with Messrs. Simon and Sokolov.

On July 28, 2014, Messrs. Ordan and Simon had a discussion whereby they agreed that they would continue to pursue discussions regarding a possible transaction involving Glimcher, with a transaction structured as an acquisition of Glimcher by WPG, with Simon acquiring some of Glimcher's assets including the Jersey Gardens property.

On a call on July 29, 2014, Mr. Simon suggested to the GreenOak representative that Mr. Ordan meet with Mr. Glimcher to get acquainted and to discuss the strategic benefits of a potential transaction. During these discussions, the GreenOak representative stated that Glimcher was not pursuing a sale of the company and was focused on executing its business plan, namely completing its asset sales and strengthening its balance sheet. He noted, however, that if there were an offer to acquire the company at a substantial premium, he would expect the Glimcher Board to consider it.

On August 7, 2014, the Glimcher Board met, along with members of Glimcher's management and representatives of GreenOak and Squire Patton Boggs LLP, regular outside counsel for Glimcher, which we refer to as Squire. Mr. Glimcher described his meeting with Mr. Simon on June 17 and his phone conversation with Mr. Simon on July 11, noting he and a representative of GreenOak had described these discussions to Mr. Gross on July 14 and 15. The representative of GreenOak described his meeting with Messrs. Simon and Sokolov on July 21 and his subsequent phone conversations with Mr. Simon, noting he had previously briefed Mr. Gross and that Mr. Simon had proposed that Mr. Glimcher meet with Mr. Ordan. Following discussion, the Glimcher Board decided Mr. Glimcher should accept Mr. Simon's suggestion to meet with Mr. Ordan in order to better understand WPG's interest in Glimcher. The representative of GreenOak also described the real estate capital market environment, the mall sector and Glimcher's position in that sector. He noted that the stock market was at an all-time high, that the mall sector had outperformed the S&P 500 and the REIT index since

Table of Contents

the Lehman bankruptcy in September 2008 and that Glimcher had outperformed the S&P 500, the REIT index and its former peers of low quality mall REITs, and that interest rates were near historic lows. Although Glimcher's common shares had performed well, it was noted that Glimcher continued to face challenges relative to other public mall companies as demonstrated by the fact that its common shares traded at a greater than 20% discount to NAV, as compared to other public mall companies which traded at an average NAV discount of approximately 10%. The representative of GreenOak discussed with the Glimcher Board the risks affecting the industry and specific challenges for Glimcher, including its small scale relative to other public mall companies, which caused Glimcher's cost of capital to be higher than that of larger public mall companies; its high leverage ratios relative to its peers and the resulting constraints on its ability to renovate existing malls and acquire high quality assets; difficulties selling its lower tier assets to reduce debt; and its small public float and relatively high NAV discount, which impeded its ability to raise new equity capital. The GreenOak representative also provided an overview of Simon and WPG and their respective businesses, and Mr. Mark Yale, executive vice president, chief financial officer and treasurer of Glimcher, summarized Glimcher's NAV. Following discussion, Mr. Glimcher reported on the sale process for the Mosaic Properties, noting that Glimcher was negotiating a purchase and sale agreement for the sale of two of the thirteen Mosaic Properties, that it had received a bid on a portfolio of six of the Mosaic Properties but the proposed purchase price was below expectations for these properties, and that it had not received any credible proposals for the five other Mosaic Properties. Mr. Glimcher also provided an update on the negotiations for the sale of Puente Hills Mall, noting an attractive bid had been made. After discussion, the Glimcher Board authorized management to proceed with the proposed sale of the Puente Hills Mall. Mr. Glimcher also provided an update on the discussions on the potential merger-of-equals transaction with Company A. Although a merger with Company A could address Glimcher's desire for increased scale and a stronger balance sheet, he noted that the discussions were continuing at a slow pace. Although a confidentiality agreement had been signed in June, there was limited information exchanged between the parties. Company A had indicated it was not interested in Glimcher's Mosaic Properties and, accordingly, the successful disposition of the Mosaic Properties appeared to be a requirement for Company A to pursue a transaction with Glimcher. There were no further substantive discussions with Company A. At the meeting, a representative of Squire and Mr. George Schmidt, executive vice president, general counsel and secretary of Glimcher, also discussed the duties of the trustees under Maryland law in the context of a strategic transaction and Glimcher's governance provisions.

On August 11, 2014, Mr. Glimcher met with Mr. Ordan. Mr. Ordan stated that he and other members of WPG's management had evaluated many acquisition possibilities for WPG since its spinoff from Simon in May and that he had determined that Glimcher was the best strategic fit for WPG. He explained the numerous strategic benefits that would result from combining the WPG and Glimcher portfolios, including increased market capitalization and scale, improved access to the capital markets, a stronger combined balance sheet, enhanced investment and redevelopment opportunities, a broadened tenant mix and increased geographic and asset class diversity. Mr. Ordan also noted that it was possible that a business combination between the parties could result in Glimcher's platform being able to serve the combined company. He expressed his understanding of Glimcher's historic roots in Columbus, Ohio, and that he expected the headquarters and operations of a combined company would be based in Columbus, with a significant portion of the management team and substantially all of the employees coming from Glimcher. He also noted that a transaction would be for all cash at a significant premium to Glimcher's trading price and that Simon would likely acquire a few assets, including the Jersey Gardens property, as part of the transaction, which would provide some of the financing for WPG's acquisition of Glimcher. Mr. Glimcher indicated that Glimcher was not pursuing a sale of the company and was primarily focused on its asset dispositions. He noted, however, if WPG were prepared to make an offer at a substantial premium, he would bring it to the Glimcher Board for its consideration. On August 11, 2014, Glimcher common shares closed at \$10.88 per share.

On August 18, 2014, at the request of Mr. Simon, Mr. Glimcher met Mr. Simon for dinner. They discussed the meeting between Mr. Glimcher and Mr. Ordan the prior week, and Mr. Simon reiterated WPG's interest in a transaction. He noted Simon's particular interest in the Jersey Gardens property, and that Simon would consider acquiring that property and potentially others in connection with a transaction between Glimcher and WPG. Mr. Simon added that Simon's willingness to participate in the transaction and acquire properties for cash would enable the combined company to have an investment grade rating after the transaction.

On August 25, 2014, the Glimcher Board met primarily to consider executive compensation matters. Members of Glimcher's management and representatives of Meridian Compensation Partners, LLC, the compensation consultant for the Executive Compensation Committee of the Glimcher Board, which we refer to as Meridian, GreenOak and Squire also participated in the meeting. It was noted that Meridian last performed a compensation study for the Executive Compensation Committee in June 2010 and the Executive Compensation Committee engaged them to perform another study and to review the total compensation of Mr. Glimcher. A member of the Executive Compensation Committee indicated that the committee had recommended granting Mr. Glimcher 314,748 restricted common shares and increasing his target bonus under Glimcher's bonus plan from 100% to 125% of his base salary. Mr. Glimcher, the other members of management and the representative of GreenOak left the meeting and the other members of the Glimcher Board discussed the committee's recommendations with the representative of Meridian. After discussion, the Glimcher Board approved the recommendations and then Mr. Glimcher, the other members of management and the representative of GreenOak rejoined the meeting. Mr. Glimcher reported on his meetings with Messrs. Ordan and Simon since the meeting of the Glimcher Board on August 7. Mr. Glimcher also provided an update regarding the sale of Puente Hills Mall, as well as the proposed sale of two of the Mosaic Properties.

Later on August 25, Mr. Glimcher and a representative of GreenOak met Messrs. Ordan and Simon for lunch. Mr. Ordan reiterated the strategic benefits that would result from combining WPG and Glimcher, including increased market capitalization and scale, improved access to the capital markets, a stronger combined balance sheet, enhanced investment and redevelopment opportunities, a broadened tenant mix and increased geographic and asset class diversity. Mr. Ordan also noted that Glimcher's platform could serve the combined company and that the headquarters and operations of the combined company would be based in Columbus, which would be good for the other constituencies of Glimcher. Mr. Ordan proposed that he would be executive chairman and that Mr. Glimcher would be chief executive officer of the combined company, and that two members of the Glimcher Board, Mr. Glimcher and an independent member, would join a post-closing board of nine members. The parties confirmed that Mr. Glimcher would meet with Mr. Ordan the following day to discuss valuation along with each company's financial advisor.

On August 26, 2014, Mr. Glimcher and representatives of GreenOak met with Mr. Ordan and representatives of Citigroup Global Markets Inc., WPG's financial advisor, which we refer to as Citi, to discuss a potential transaction. Mr. Ordan proposed that WPG would acquire Glimcher for \$13.75 per share, with approximately two-thirds of the consideration payable in cash and the remainder in WPG common shares. Taking into account the assets that Simon might acquire, Mr. Ordan indicated it was necessary to include some WPG common shares as part of the consideration in order to maintain the investment grade rating on WPG's debt rather than proceed with an all-cash transaction as he had previously suggested. Mr. Ordan noted that the offer represented a 24% premium to the closing price of Glimcher's common shares the prior day and, given the strategic benefits of the transaction, some of which would be shared with Glimcher's shareholders through the share consideration, WPG was determined to pursue a transaction. Mr. Glimcher expressed an unwillingness to support a transaction at that valuation, and the meeting ended.

Table of Contents

Following additional telephone calls between Mr. Glimcher and Mr. Ordan later that day, Messrs. Glimcher and Ordan, together with a representative of GreenOak, met again on August 26. At the meeting, Mr. Ordan noted that he was willing to explore a purchase price of \$14.00 per share, a 26% premium to Glimcher's closing price the prior day, composed of approximately two-thirds cash and the remainder in WPG common shares. Mr. Glimcher said he would discuss the proposal with the Glimcher Board, which was meeting the following day, but that he was unwilling to support a transaction at that valuation. On August 25, 2014, Glimcher common shares closed at \$11.12 per share.

On August 27, 2014, the Glimcher Board met to review the status of discussions. Members of Glimcher's management and representatives of GreenOak and Squire also participated in the meeting. Mr. Glimcher and the representative of GreenOak described the recent meetings with Messrs. Ordan and Simon and summarized the proposals made by Mr. Ordan the prior day. After discussion, the representative of GreenOak discussed the mall sector, certain prior business combinations in the mall sector and Glimcher's NAV. The Glimcher Board and its advisors also discussed whether, if Glimcher was prepared to continue discussions with WPG, it should also seek expressions of interest from other potential parties. The Glimcher Board determined not to do so after considering the proposed terms of a transaction with WPG, including the participation of Simon, which has substantial resources, the strategic benefits of a transaction and the risks associated with contacting other parties, including the distraction of Glimcher's management and the risk of a leak, which could not only negatively impact Glimcher's existing business relationships with its tenants, employees and others, but also jeopardize its discussions with WPG. It was noted that given Glimcher's portfolio included both high quality and lower tier malls, there was a limited universe of natural buyers for the full company, and that WPG and Simon, working together, would be a strong buyer. Following discussion, the Glimcher Board authorized Mr. Glimcher, with the assistance of GreenOak, to continue to engage with WPG and Simon.

Following the August 27 Glimcher Board meeting, Mr. Glimcher had various conversations with Mr. Ordan to discuss a potential transaction and indicated that the Glimcher Board was unwilling to support a transaction at \$14.00 per share. Mr. Ordan agreed to increase the proposed consideration to \$14.15 per share. He also indicated that although he believed it would be best for all parties to proceed with a transaction on a confidential, negotiated basis, if Glimcher were not prepared to proceed, WPG would consider making a public tender offer directly to Glimcher's shareholders. He noted that WPG had reviewed the mutual confidentiality and standstill agreement that Glimcher had sent on August 28 and that WPG was not prepared to sign a standstill because it did not want to be precluded from making a future proposal to acquire Glimcher in the event the parties could not agree on the terms of a transaction. Mr. Glimcher said he would discuss the revised proposal with the Glimcher Board.

On September 2, 2014, Messrs. Glimcher, Ordan and Simon and representatives of GreenOak and Citi met to discuss a potential transaction. Later that morning, Wachtell, Lipton, Rosen & Katz, WPG's outside counsel, which we refer to as Wachtell Lipton, sent Simpson Thacher & Bartlett LLP, Glimcher's outside counsel, which we refer to as Simpson Thacher, a non-binding term sheet outlining the terms of a potential transaction. The term sheet contemplated a value of \$14.15 for each Glimcher common share, consisting of \$10.28 of cash and 0.1983 of a share of WPG common stock, with a then current value of \$3.87. The term sheet noted that the exact mix between cash and WPG common shares would be set so that WPG issued less than 19.9% of its current outstanding shares, which meant that, under the rules of the NYSE, WPG's shareholders would not be required to vote on the proposed transaction. In connection with the closing of the merger, Simon LP would purchase one or more Glimcher assets for an amount to be agreed pursuant to a binding agreement between WPG and Simon LP. The merger would not be conditioned on the closing of the asset purchase and would not be conditioned on financing. WPG would have a commitment for a bridge facility for the cash portion of the consideration, net of the cash proceeds from the property sale to Simon LP. With respect to governance, the term sheet contemplated a nine-person board, including Mr. Glimcher and one

Table of Contents

additional current trustee of Glimcher, to be mutually agreed. Mr. Ordan would be the executive chairman and Mr. Glimcher would be the chief executive officer of the combined company. The term sheet also provided that the combined company would be named WP Glimcher and have its headquarters and back office operations in Columbus, Ohio. The term sheet provided that Mr. Glimcher and certain other executives of Glimcher that would continue with the combined company would waive their rights to receive benefits under their existing severance agreements upon the closing of the merger and would instead receive such benefits only upon termination of their employment in certain circumstances following the consummation of the merger. The term sheet further provided that although Glimcher could not solicit alternative proposals, Glimcher would have the right to terminate the merger agreement to accept a superior proposal made by another person in certain circumstances upon payment by Glimcher to WPG of a termination fee equal to 3.95% of the equity value of the transaction, subject to WPG's right to match the superior proposal. On September 2, 2014, Glimcher common shares closed at \$11.28 per share.

Following receipt of the term sheet, on September 2, 2014, Mr. Glimcher and representatives of GreenOak and Simpson Thacher met with Mr. Ordan and representatives of Citi and Wachtell Lipton to discuss the term sheet. At the meeting, Mr. Ordan indicated that WPG would agree to a 30-day standstill. He also expressed concern about the risk of a leak and emphasized the need for all parties to move expeditiously. The parties discussed that the exchange ratio for the stock component of the consideration would be determined using the volume-weighted average price of WPG's common shares during a trading day period prior to announcing a transaction. Mr. Glimcher indicated that he would review the term sheet and the standstill proposal with the Glimcher Board and then provide a response. The parties also discussed a mutual due diligence process, assuming the Glimcher Board decided to proceed. Mr. Glimcher and a representative of GreenOak each met with Mr. Ordan on September 3, 2014 to continue discussions.

On September 4, 2014, the Glimcher Board met to review the status of discussions. Members of Glimcher's management and representatives of GreenOak, Simpson Thacher and Venable LLP, Glimcher's Maryland counsel, which we refer to as Venable, also participated in the meeting. The representative of Venable reviewed the duties of the trustees under Maryland law. After discussion, Mr. Glimcher and a representative of GreenOak described the discussions with WPG since the August 27 Glimcher Board meeting, and the Glimcher Board, along with members of management and the advisors, discussed the term sheet proposed by WPG. After discussing the valuation and the mix of cash and share consideration, it was noted that the WPG shareholders would not be required to vote on the proposed transaction, which increased transaction certainty. Although the assets to be acquired by Simon LP had not been specified in the term sheet, Mr. Glimcher expected the Jersey Gardens property and perhaps one or two other assets would be acquired by Simon LP. It was noted that WPG was working with Citi on a bridge facility and WPG's intention was that the combined company would have an investment grade rating. There was also discussion of Mr. Glimcher's role at the post-closing company and other proposed governance provisions, as well as the fact that the combined company would be named WP Glimcher and have its headquarters and back office operations in Columbus, Ohio. It was noted that a significant portion of the management team and substantially all of the employees of the combined company were expected to come from Glimcher. Other provisions of the term sheet were discussed, including Glimcher's right to respond to, but not solicit, alternative proposals, Glimcher's right to terminate the merger agreement to accept an unsolicited superior alternative proposal, the amount of the proposed termination fee and WPG's match right. Mr. Glimcher also reported on WPG's reluctance to sign a standstill. He reported that WPG would agree to be bound by a 30-day standstill, but would not agree to a longer period. He also reported that Mr. Ordan had indicated that, although he believed it would be best for all parties to proceed with a transaction on a confidential, negotiated basis, if Glimcher were not prepared to proceed, WPG would consider making a public tender offer directly to Glimcher's shareholders. The Glimcher Board and its advisors discussed whether to seek interest from other potential parties, but the Glimcher Board

Table of Contents

determined not to do so after considering WPG's proposed valuation and the strategic and other benefits of the proposed transaction and the risks associated with contacting other parties that had been discussed at the prior Glimcher Board meeting and the limited universe of potential bidders given Glimcher's portfolio of both high quality and lower tier malls. After discussion, the Glimcher Board authorized management to enter into a mutual confidentiality agreement with a 30-day standstill provision and instructed management, with the assistance of its advisors, to continue to pursue a transaction. Later that day, Glimcher and WPG entered into a mutual confidentiality agreement with a standstill period of 30 days, and Simon signed a joinder binding itself to the agreement.

On September 5, 2014, Glimcher opened its electronic data room to facilitate WPG's due diligence review, and on September 8, 2014, WPG opened its electronic data room to facilitate Glimcher's due diligence review. Glimcher subsequently opened to Simon that portion of its electronic data room relating to the Jersey Gardens property and certain other properties. Glimcher, WPG and Simon, with the assistance of their respective advisors, engaged in due diligence on each other through September 15, 2014.

On September 5, 2014, Simpson Thacher sent a revised draft of the term sheet to Wachtell Lipton and on September 8, 2014, Wachtell Lipton circulated an initial draft of the merger agreement to Simpson Thacher. On September 10, 2014, Simpson Thacher delivered an issues list relating to the draft merger agreement to Wachtell Lipton, and thereafter until the morning of September 16, 2014, the parties, assisted by their respective advisors, negotiated the terms of the merger agreement. These negotiations covered various aspects of the transaction, including, among other things, the structure of the transaction, the representations and warranties made by the parties, the restrictions on the conduct of each party's business, the definition of material adverse effect, the conditions to completion of the merger, Glimcher's right to negotiate with and provide information to a person who may make an alternative proposal, the right of the Glimcher Board to change its recommendation in favor of the merger in response to a superior proposal or otherwise, the right of WPG to match a superior proposal made by another person, the right of Glimcher to terminate the merger agreement to accept a superior proposal under certain conditions, the other termination provisions and the amount and triggers of the termination fee and expense reimbursement obligations, the provisions regarding Glimcher's equity awards, employee benefit plans, severance and other compensation matters, WPG's financing obligations and third party consents.

Messrs. Ordan and Glimcher continued to have discussions regarding the proposed consideration. On September 11, 2014, Mr. Glimcher said that he was unable to support a transaction at \$14.15 per share and asked for the consideration to be increased to \$14.25 per share. Mr. Ordan responded that he was unable to support a transaction at \$14.25 per share and that the highest that he was willing to offer was \$14.20 per share. Mr. Glimcher said that he was willing to support a transaction at that level of consideration, but that he would need to review the transaction terms with the Glimcher Board. On September 11, 2014, Glimcher shares closed at \$11.03 per share.

On September 12, 2014, Willkie Farr & Gallagher LLP, WPG's real estate counsel, which we refer to as Willkie Farr, sent Simpson Thacher a draft letter agreement among Glimcher, WPG and Simon LP, relating to the proposed purchase agreement between Simon LP and WPG for Simon LP's purchase of certain Glimcher properties at the closing of the WPG-Glimcher merger. The draft letter agreement noted that it related to the sale of the Jersey Gardens property and would be revised if additional properties were to be included. The letter agreement contemplated that Glimcher would deliver certain closing documents and agree to certain restrictive covenants with respect to the properties subject to the purchase agreement. On September 14, 2014, Willkie Farr sent Simpson Thacher a draft of the purchase agreement between Simon LP and WPG, which included University Park Village, which is an open-air center in Fort Worth, Texas, as well as the Jersey Gardens property as the properties to be purchased by Simon LP at the closing of the merger. The draft provided that Simon LP's acquisition of the two properties under the purchase agreement would be conditioned only

Table of Contents

on the substantially simultaneous occurrence of the closing of the WPG-Glimcher merger. Until the morning of September 16, 2014, the parties, assisted by their respective advisors, negotiated the terms of these agreements. Glimcher agreed to the restrictive covenants in the letter agreement in exchange for obtaining the right to enforce the purchase agreement as a third-party beneficiary, and the parties agreed that the closing of Simon LP's acquisition of the two properties under the letter agreement would also be conditioned on the delivery by Glimcher of the requisite closing documents.

On September 14, 2014, the Glimcher Board met to review the status of discussions. Members of Glimcher's management and representatives of GreenOak, Morgan Stanley & Co. LLC, a financial advisor to Glimcher, which we refer to as Morgan Stanley, Simpson Thacher and Venable also participated in the meeting. It was noted that Morgan Stanley is a leading investment banking firm with expertise in the real estate industry and had participated in the financial due diligence sessions held by both Glimcher and WPG and was providing financial advice to Glimcher. Mr. Glimcher provided an update of the negotiations, noting that the value of consideration had been increased to \$14.20 per Glimcher common share, which represented a 34% premium to the closing price of Glimcher's common shares the prior trading day. On September 12, 2014, the prior trading day, Glimcher common shares closed at \$10.61 per share. A representative of GreenOak reported on the course of discussions with WPG and Simon since June. A representative of GreenOak described the real estate capital market environment, the mall sector and Glimcher's position in that sector and discussed with the Glimcher Board the risks affecting the industry and specific challenges for Glimcher, including its small scale relative to other public mall companies; its high leverage ratios relative to its peers and the resulting constraints on its ability to renovate existing malls and acquire high quality assets; difficulties selling its lower tier assets to reduce debt; its small public float and relatively high NAV discount, which impeded its ability to raise new equity capital. Taking into account these challenges, the Glimcher Board, together with members of management and its advisors, discussed various strategic alternatives for Glimcher, including standalone operations, a transaction with WPG or launching a broader sale process. The discussion included the benefits and risks of the various alternatives, including the risks of seeking interest from other potential parties that had been discussed at prior Glimcher Board meetings and the limited universe of potential bidders given Glimcher's portfolio of both high quality and lower tier malls. It was also noted that the company had publicly disclosed in April that it was marketing the thirteen Mosaic Properties and that Eastdil Secured had contacted numerous potential strategic and financial buyers, but no third party had expressed interest in acquiring all thirteen Mosaic Properties, even though Eastdil Secured had indicated Glimcher would consider selling the entire Mosaic portfolio. Although Glimcher had received an acceptable bid for two of the properties, the participants discussed that the sale process had failed to result in acceptable bids for the other 11 properties and expressed concern about the company's ability to sell these properties at acceptable valuations in the future. The trustees and their advisors also discussed Glimcher's past performance, the fact that the stock market was at an all-time high and the favorable financing market, with yields near historic lows. They also discussed the strategic benefits of the proposed transaction, including the material premium to the current share price with a substantial portion payable in cash, that the Glimcher shareholders would be afforded the opportunity to participate in the future of the combined company through the stock portion of the merger consideration and that the combined company would have significant scale and float and a strong balance sheet, which addressed challenges faced by Glimcher. Following discussion, representatives of GreenOak and Simpson Thacher summarized the merger agreement negotiations. Representatives of GreenOak and Morgan Stanley reviewed with the Glimcher Board preliminary financial analyses relating to Glimcher on a standalone basis, of the combined company assuming the consummation of the proposed transaction and of the potential merger consideration to be paid to the Glimcher shareholders in the proposed merger. Representatives of Venable and Simpson Thacher reviewed a proposed amendment to the bylaws making Maryland the exclusive jurisdiction in which internal affairs litigation concerning Glimcher could be brought. After discussion, the Glimcher Board

Table of Contents

instructed management, with the assistance of its advisors, to continue to pursue the transaction with WPG.

On the evening of September 15, 2014, subsequent to the close of trading on the NYSE, the Glimcher Board met to consider the proposed transaction. Members of Glimcher's management and representatives of GreenOak, Morgan Stanley, Meridian, Simpson Thacher and Venable also participated in the meeting. Mr. Glimcher noted that he had negotiated a new employment agreement and an amendment to his existing severance agreement, in each case effective upon the closing of the merger. Mr. Glimcher, the other members of management and the representatives of GreenOak and Morgan Stanley left the meeting and the representative of Meridian described the terms of Mr. Glimcher's new employment agreement and severance agreement amendment, noting that Mr. Glimcher waived his right to receive benefits under his existing severance agreement upon the closing of the merger and would instead receive such benefits only upon termination of his employment in certain circumstances following the consummation of the merger. It was noted that other executive officers of Glimcher who will continue employment with the combined company would be expected to enter into similar amendments to their severance agreements. Following discussion, Mr. Glimcher, the other members of management and the representatives of GreenOak and Morgan Stanley rejoined the meeting. Mr. Glimcher updated the Glimcher Board on the negotiations earlier that day, noting that the parties had agreed that the termination fee payable by Glimcher would be \$47.61 million, approximately 2.25% of the equity value of the transaction, if the merger agreement were terminated in certain circumstances. A representative of GreenOak reported that \$10.40 of the proposed \$14.20 merger consideration would be payable in cash and the remainder in WPG common shares. The exchange ratio for the share portion of the consideration was 0.1989, based on the volume weighted average price of WPG common shares during the ten trading day period ended September 15, 2014. Representatives of Simpson Thacher reviewed the proposed merger agreement and the transaction documents with the Glimcher Board and updated the Glimcher Board on the merger agreement negotiations. The representatives of GreenOak and Morgan Stanley reviewed WPG's proposed financing and reviewed their financial analyses relating to Glimcher on a standalone basis, of the combined company assuming the consummation of the proposed transaction and of the merger consideration to be paid to the Glimcher shareholders in the proposed merger. GreenOak and Morgan Stanley then rendered to the Glimcher Board their respective oral opinions, confirmed by delivery of their respective written opinions, dated as of September 15, 2014, to the effect that, as of such date and based upon and subject to the various assumptions made, procedures followed, matters considered and qualifications and limitations on the scope of review undertaken as described therein, the merger consideration to be received by the holders of Glimcher common shares pursuant to the merger agreement, was fair, from a financial point of view, to the holders of Glimcher common shares. The opinions of GreenOak and Morgan Stanley are more fully described in the section entitled " Opinions of Glimcher's Financial Advisors." Following discussion, the Glimcher Board unanimously approved the merger agreement, declared advisable the merger and the other transactions contemplated by the merger agreement, and unanimously recommended the Glimcher shareholders vote for the proposal to approve the merger and the other transactions contemplated by the merger agreement and the Glimcher Board also unanimously approved the amendment to the bylaws making Maryland the exclusive jurisdiction in which internal affairs litigation concerning Glimcher could be brought. For further information concerning the factors considered by the Glimcher Board in reaching its decision to approve the merger agreement and the consummation of the merger, its decision to declare the merger advisable and its decision to recommend that the Glimcher shareholders vote to approve the merger and the other transactions contemplated by the merger agreement, see " Recommendation of the Glimcher Board and Its Reasons for the Merger."

On the morning of September 16, 2014, each of Glimcher and WPG executed and delivered a counterpart of the merger agreement, WPG and Simon executed and delivered counterparts of the purchase agreement and Glimcher, WPG and Simon executed and delivered counterparts of the letter

agreement. Later that morning, before the opening of NYSE, Glimcher and WPG issued a joint press release announcing the merger.

**Recommendation of the Glimcher Board and Its Reasons for the Merger**

At a meeting of the Glimcher Board held on September 15, 2014, the Glimcher Board unanimously approved the merger agreement and declared advisable the merger and the other transactions contemplated by the merger agreement. The Glimcher Board unanimously recommends that Glimcher shareholders vote "FOR" the proposal to approve the merger and the other transactions contemplated by the merger agreement.

In reaching its decision, the Glimcher Board consulted with Glimcher senior management and its financial and legal advisors, and, at its September 15, 2014 meeting and at other meetings at which it considered the proposed merger, the Glimcher Board considered a number of factors.

The reasons in favor of the merger considered by the Glimcher Board include the following:

the value of the merger consideration to be received by the Glimcher common shareholders of \$14.20 per Glimcher common share, calculated using the volume-weighted average price of WPG common shares during the ten trading day period ended September 15, 2014 (the last full trading day before announcement of the proposed merger), representing a premium of 34% to the closing price of \$10.59 per Glimcher common share on September 15, 2014;

the fact that a significant portion of the merger consideration will be paid in cash, providing certainty of value with respect to the cash portion of the merger consideration and enabling Glimcher common shareholders to realize value for a significant portion of their investment immediately upon the completion of the merger;

the opportunity afforded by the stock portion of the merger consideration for Glimcher shareholders to participate in the future earnings and growth of the combined company and future appreciation in the value of WPG common stock following the merger;

the fact that the stock portion of the merger consideration is based on a fixed exchange ratio and, accordingly, that Glimcher shareholders will benefit from any increase in the value of WPG common stock before or after the Glimcher special meeting;

the oral opinions of each of Morgan Stanley and GreenOak rendered to the Glimcher Board, subsequently confirmed in writing, that as of September 15, 2014, and based upon and subject to the various assumptions made, procedures followed, matters considered and qualifications and limitations on the scope of review undertaken as set forth in the written opinions, the merger consideration to be received by holders of Glimcher common shares pursuant to the merger agreement was fair, from a financial point of view, to the holders of Glimcher common shares, as more fully described in the section entitled " Opinions of Glimcher's Financial Advisors";

the fact that the approval of the merger and the other transactions contemplated by the merger agreement is subject to the approval of Glimcher common shareholders and the right of Glimcher common shareholders to vote against the merger and the other transactions contemplated by the merger agreement for any reason;

the risks and uncertainty of remaining an independent public company, given Glimcher's small scale relative to other public mall companies, which caused its cost of capital to be higher than larger public mall companies; its high leverage ratios relative to its peers and the resulting constraints on its ability to renovate existing malls and acquire high-quality assets; difficulties selling its lower tier assets to reduce debt; and its small public float and relatively high NAV discount, which impeded its ability to raise new equity capital, in comparison to the merger

Table of Contents

consideration, which would enable Glimcher common shareholders to realize a substantial portion of Glimcher's potential future value without such risks;

the benefits to the combined company that could result from the merger, including the increased market capitalization and scale, improved access to the capital markets, strong cash flow growth potential, stronger combined balance sheet, increased deleveraging capability, enhanced investment and redevelopment opportunities, broadened portfolio tenant mix, increased geographic and asset-class diversity, a proven management team and the potential to realize certain cost synergies;

the ability and opportunity for Glimcher's platform to serve the combined company's portfolio;

the Glimcher Board's knowledge of the business, operations, financial condition, earnings and prospects of WPG and Glimcher, taking into account the results of Glimcher's due diligence review of WPG, as well as its knowledge of the current and prospective environment in which WPG and Glimcher operate, including economic and market conditions;

the fact that the combined company would be headquartered in Columbus, Ohio, with a significant portion of the management team and substantially all of the employees coming from Glimcher;

the right of the Glimcher Board under the merger agreement to, in response to unsolicited acquisition proposals, provide information to, and negotiate alternative transactions with, third parties in certain circumstances, as more fully described under "The Merger Agreement Non-Solicitation Obligations of Glimcher";

the right of the Glimcher Board under the merger agreement to change its recommendation that holders of Glimcher common shares vote to approve the merger and the other transactions contemplated by the merger agreement in certain circumstances, as more fully described under "The Merger Agreement Non-Solicitation Obligations of Glimcher";

the right of the Glimcher Board under the merger agreement to terminate the merger agreement to accept a superior acquisition proposal subject to the payment of a termination fee in certain circumstances, as more fully described under "The Merger Agreement Termination of the Merger Agreement Termination by Glimcher";

the fact that the \$47.61 million termination fee payable in certain circumstances by Glimcher is equal to approximately 2.25% of Glimcher's equity value at the implied merger consideration and the reimbursement of WPG's out-of-pocket expenses is capped at \$8.5 million, which the Glimcher Board viewed, after consultation with Glimcher's financial and legal advisors, as reasonable and not likely to preclude any other party from making a competing acquisition proposal;

the fact that the obligations of WPG under the merger agreement to complete the merger are not conditioned upon receipt of financing and the fact that WPG obtained a commitment letter with respect to its debt financing in connection with the merger, which, based on the terms of the commitments and the reputation of the commitment parties, in the judgment of the Glimcher Board, increases the likelihood of such financing being completed;

the fact that the obligations of WPG under the merger agreement to complete the merger are not conditioned on the closing of the sale of the two properties to be sold to Simon LP under the purchase agreement between WPG and Simon LP and the fact that the purchase agreement between WPG and Simon LP is conditioned only on the substantially simultaneous occurrence of the closing of the merger and the delivery by Glimcher of the requisite closing documents, which, based on the financial resources and reputation of Simon, in the judgment of the Glimcher Board, increases the likelihood of such purchase being completed;

Table of Contents

the fact that the merger agreement expressly contemplates that Glimcher may obtain specific performance of WPG's obligations under the merger agreement; and

the fact that the property letter agreement among WPG LP, Glimcher LP and Simon LP related to the purchase agreement between WPG and Simon LP expressly contemplates that Glimcher may enforce the purchase agreement as a third party beneficiary.

The Glimcher Board also considered the following potentially negative factors associated with the merger:

the lack of opportunity for Glimcher shareholders to participate in Glimcher's potential upside as a stand-alone company, other than indirectly as a part of the combined company through the stock portion of the merger consideration after the completion of the merger;

the potential decrease of the implied value of the merger consideration which would result from a decrease in the trading price of WPG common shares because the stock portion of the merger consideration is a fixed number of shares of WPG common stock and the merger agreement does not provide Glimcher with a price-based termination right or other similar price protection;

the execution risks associated with the implementation of the combined company's long-term business plan and strategy, which may be different from the execution risks related only to Glimcher's business;

the risk that the benefits expected to result from the merger might not be fully realized or not realized at all, including due to the possibility that the combined company may not be able to successfully integrate the businesses of Glimcher and WPG;

the possibility that WPG will be unable to obtain financing for the merger, including the debt financing proceeds contemplated by the commitment letter it obtained;

the possibility that Simon LP will fail to purchase the two properties it has agreed to purchase under the purchase agreement between WPG and Simon LP;

the risk that the merger might not be completed on a timely basis or at all despite the parties' efforts, and, if the merger is not completed, the materially adverse impact such event could have on Glimcher's financial condition, results of operations and stock price;

the possible disruption to Glimcher's business that may result from announcement of the merger and the resulting distraction of management's attention from the day-to-day operations of the business;

the risk that the pendency of the merger could adversely affect Glimcher's relationships with current or prospective tenants, lenders, joint venture partners, vendors or any other persons with whom Glimcher has a business relationship, or pose difficulties in attracting and retaining key employees;

the risk of incurring substantial transaction and integration costs in connection with the merger;

## Edgar Filing: Washington Prime Group Inc. - Form S-4/A

the fact that the merger agreement restricts Glimcher's ability to conduct its business in certain respects in the period prior to the completion of the merger, which may delay or prevent Glimcher from undertaking business opportunities that may arise during such interim period, as more fully described under "The Merger Agreement Covenants and Agreements Conduct of Business of Glimcher Pending the Merger";

the fact that Glimcher is obligated to pay WPG a termination fee of \$47.61 million in certain circumstances (equal to approximately 2.25% of Glimcher's equity value at the implied merger consideration), as more fully described under "The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses";

Table of Contents

the fact that Glimcher is obligated to reimburse WPG for up to \$8.5 million in out-of-pocket expenses under certain circumstances, as more fully described under "The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses";

the possibility that the \$47.61 million termination fee and the expense reimbursement of up to \$8.5 million payable by Glimcher, and other provisions in the merger agreement, might discourage other bidders from making a competing offer to acquire Glimcher, as more fully described under "The Merger Agreement Non-Solicitation Obligations of Glimcher" and "The Merger Agreement Termination of the Merger Agreement Termination Fee and Expenses";

the reduced influence that Glimcher shareholders will exercise over the board of directors, management and policies of the combined company as compared to the influence Glimcher shareholders have over the board of trustees, management and policies of Glimcher;

the fact that Glimcher's trustees and executive officers have interests in the merger that are different from, or in addition to, the interests of Glimcher shareholders generally, as more fully described under "The Merger Interests of Glimcher's Trustees and Executive Officers in the Merger";

the expectation that the receipt of WPG common stock and cash in exchange for Glimcher common shares in the merger will generally be taxable to Glimcher shareholders for U.S. federal income tax purposes, as more fully described under "Material U.S. Federal Income Tax Consequences";

the absence of appraisal rights for Glimcher shareholders under Maryland law; and

the other factors described under "Risk Factors."

In the judgment of the Glimcher Board, however, these potential risks were favorably offset by the potential benefits of the merger, including those described above.

The foregoing discussion is not intended to be exhaustive, but Glimcher believes it addresses the material information and factors considered by the Glimcher Board in its consideration of the merger, including factors that may support the merger, as well as factors that may weigh against it. In view of the variety of factors and the amount of information considered, the Glimcher Board did not find it practicable to quantify or otherwise assign relative weights to and did not make specific assessments of the factors considered in reaching its determination, and individual members of the Glimcher Board may have given different weights to different factors. The Glimcher Board did not reach any specific conclusion with respect to any of the factors or reasons considered.

The above factors are not presented in any order of priority. This explanation of the factors and reasoning set forth above contained forward-looking statements and should be read in conjunction with the section of this proxy statement/prospectus entitled "Cautionary Statement Concerning Forward-Looking Statements."

**WPG's Reasons for the Transactions**

After careful consideration, the WPG Board unanimously approved the merger agreement, the merger and the other transactions contemplated by the merger agreement and declared that the merger agreement, the merger and the other transactions contemplated by the merger agreement are advisable. In reaching its decision, the WPG Board consulted with WPG's senior management and its financial

Table of Contents

and legal advisors and considered a number of factors that it believed supported its decision, including the following material factors:

The significant strategic and financial opportunities that the WPG Board believes will result from the transactions, including:

the ability and opportunity for the Glimcher platform to serve the combined company's portfolio;

the expected improvement in the portfolio quality and diversification by expanding WPG's national platform with the addition of 23 quality retail assets;

platform for property management, information technology, human resources, marketing and other administrative functions currently provided by Simon;

pro forma capitalization that maintains the strength of WPG's investment grade tenancy and balance sheet and its long-term cost of capital and credit profile;

broader diversification of WPG's portfolio by geography, asset class, tenant/operator and operating model;

the expectation that the transactions will be accretive to WPG's FFO; and

substantial general and administrative and property level synergies.

The WPG Board's knowledge of the business, operations, financial condition, earnings and prospects of WPG and Glimcher, taking into account the results of WPG's due diligence review of Glimcher, as well as its knowledge of the current and prospective environment in which WPG and Glimcher operate, including economic and market conditions.

The commitment on the part of both parties to complete the transactions pursuant to their respective obligations under the terms of the merger agreement, and the likelihood that Glimcher shareholder approval needed to complete the transactions would be obtained in a timely manner.

The WPG Board also deliberated on a variety of risks and other considerations concerning the merger agreement, the merger and the other transactions contemplated by the merger agreement, including the following:

the possibility that the transactions may not be completed, or that completion may be unduly delayed, including because Glimcher shareholders may not approve the merger and the other transactions contemplated by the merger agreement or because of reasons beyond the control of WPG and/or Glimcher;

the possibility that WPG will be unable to obtain financing for the merger, including the debt financing proceeds contemplated by the commitment letter it obtained, or that Simon LP will fail to purchase the two properties that it has agreed to purchase;

the impact that failure to complete or delays in completing the transactions could have on the market price of WPG common shares and future business and financial results of WPG;

the diversion of management focus and resources from operational matters and other strategic opportunities while working to implement the transactions;

the ability to capture the anticipated operational synergies and cost savings between WPG and Glimcher and to realize the other anticipated benefits of the transactions on the expected timeframe, if at all;

Table of Contents

the substantial costs to be incurred in connection with the transactions, including the costs of integrating the businesses of WPG and Glimcher and the transaction expenses arising from the merger; and

the other factors described under "Risk Factors."

The above discussion of the factors considered by the WPG Board is not intended to be exhaustive. In reaching its determination, the WPG Board did not quantify or assign any relative weights to the factors considered, and individual directors may have given different weights to different factors. The WPG Board considered all these factors as a whole, including its discussions with, and inquiry of, WPG's management and financial and legal advisors, and overall considered these factors to be favorable to, and to support, its determination.

**Opinions of Glimcher's Financial Advisors**

*Opinion of Morgan Stanley*

Glimcher retained Morgan Stanley to provide it with financial advisory services in connection with the proposed merger. Glimcher selected Morgan Stanley to act as its financial advisor based on Morgan Stanley's qualifications, expertise and reputation, and its knowledge of the business and affairs of Glimcher. As part of this engagement, the Glimcher Board requested that Morgan Stanley evaluate the fairness from a financial point of view of the consideration to be received by the holders of Glimcher common shares pursuant to the merger agreement. On September 15, 2014, at a meeting of the Glimcher Board, Morgan Stanley rendered its oral opinion, subsequently confirmed in writing, that, as of that date and based upon and subject to the various assumptions made, procedures followed, matters considered and qualifications and limitations on the scope of review undertaken by Morgan Stanley as set forth in the written opinion, the consideration to be received by the holders of Glimcher common shares pursuant to the merger agreement was fair from a financial point of view to the holders of Glimcher common shares.

**The full text of the written opinion of Morgan Stanley, dated as of September 15, 2014, is attached to this proxy statement/prospectus as Annex D. You should read the opinion in its entirety for a discussion of the assumptions made, procedures followed, matters considered and qualifications and limitations on the scope of the review undertaken by Morgan Stanley in rendering its opinion. We encourage you to read the entire opinion carefully. This summary is qualified in its entirety by reference to the full text of such opinion. Morgan Stanley's opinion is directed to the Glimcher Board and addresses only the fairness of the consideration to be received by the holders of Glimcher common shares pursuant to the merger agreement from a financial point of view to such holders as of the date of the opinion. It does not address any other aspects of the merger and Morgan Stanley expressed no opinion or recommendation as to how any holder of Glimcher common shares should vote at the special meeting to be held in connection with the merger or whether to take any other action with respect to the merger. Morgan Stanley's opinion did not address the relative merits of the transactions contemplated by the merger agreement as compared to other business or financial strategies that might be available to Glimcher, nor did it address the underlying business decision of Glimcher to enter into the merger agreement or proceed with any other transaction contemplated by the merger agreement.**

*Summary of Financial Analyses of Morgan Stanley and GreenOak*

The following is a summary of the material financial analyses performed by Morgan Stanley and GreenOak in connection with their respective oral opinions and the preparation of their respective written opinion letters to the Glimcher Board dated September 15, 2014. The following summary is not a complete description of the financial analyses performed and factors considered by Morgan Stanley and GreenOak in connection with their respective opinions, nor does the order of analyses described represent the relative importance or weight given to those analyses. The various analyses summarized below were based on the closing price for the Glimcher common shares as of September 12, 2014, which was \$10.61. Some of these summaries of financial analyses include information presented in tabular format. In order to fully understand the financial analyses used by Morgan Stanley and GreenOak, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. The analyses listed in the tables and described below must be considered as a whole. Assessing any portion of such analyses and of the factors reviewed, without considering all analyses and factors, could create a misleading or incomplete view of the process underlying Morgan Stanley's and GreenOak's respective opinions. Furthermore, mathematical analysis (such as determining the average or median) is not in itself a meaningful method of using the data referred to below.

For purposes of Morgan Stanley and GreenOak's analyses described below, the term "implied per share merger consideration" refers to a range of \$14.07 to \$14.20 per share in respect of each outstanding Glimcher common share. The low end of the range represents the value of the merger consideration payable to the holders of Glimcher common shares calculated as the sum of (i) the cash consideration of \$10.40 per share and (ii) an implied value of the stock consideration of \$3.67 per share, which was calculated using the 0.1989 exchange ratio pursuant to the merger agreement and the closing price of the WPG common shares on September 15, 2014. The high end of the range was calculated in the same manner, except that an implied value of the stock consideration of \$3.80 was used, which was calculated using the 0.1989 exchange ratio pursuant to the merger agreement and the volume weighted average trading price of WPG common shares during the ten trading day period ended on September 15, 2014.

*Net Asset Value Analysis*

Morgan Stanley and GreenOak analyzed Glimcher as a function of the net value of its assets. Morgan Stanley and GreenOak based their net asset value analysis on a combination of market data, Glimcher management estimates of asset value (taking into account the Third Party Valuations and market feedback from the sales process relating to the Mosaic Properties), and values negotiated for certain assets with third parties. Morgan Stanley and GreenOak calculated the estimated net asset value per Glimcher common share on an asset-by-asset basis by applying to the calendar year 2015 estimated net operating income of each property (other than the properties noted below) a range of market capitalization rates selected based on, among other factors, asset quality, location, current occupancy levels, sales productivity, market positioning and supply/demand dynamics. The Scottsdale Quarter and the properties located in Oklahoma City were valued using historic cost as the low end of the range

Table of Contents

and a discounted cash flow analysis of future net operating income as the high end of the range because these assets are not stabilized. The Arbor Hills property was valued at historic cost because this property had been acquired within the last twelve months. Morgan Stanley and GreenOak added other assets from Glimcher's balance sheet and deducted mark-to-market debt balances, and other liabilities from the aggregate value of Glimcher's assets. An implied per share equity value reference range for Glimcher was then calculated based on the range of Glimcher net asset values derived from such analysis divided by the number of fully diluted Glimcher common shares. This analysis indicated the following implied per share equity value reference range for a Glimcher common share, as compared to the implied per share merger consideration:

<b>Implied Per Share Equity Value Reference Range</b>	<b>Implied Per Share Merger Consideration</b>
\$12.38 to \$15.92	\$14.07 to \$14.20

*Analysis of Selected Precedent Transactions*

Morgan Stanley and GreenOak also performed an analysis of selected precedent transactions involving publicly-traded shopping center or regional mall companies in precedent transactions that shared certain characteristics with the merger. Based on publicly available information, Morgan Stanley and GreenOak identified (i) the following eleven publicly announced and completed transactions involving companies that own and operate primarily shopping centers with a value of greater than \$500 million and occurring since January 1, 1996 and (ii) the following seven publicly announced and completed transactions involving companies that own and operate primarily regional malls, with a value of greater than \$500 million and occurring since January 1, 1996:

The overall observed third quartile and first quartile unaffected stock price premiums paid in all transactions reviewed were 7.7% and 26.2%, respectively. An implied per share equity value reference range for Glimcher was then calculated based on applying those premiums to the closing price per Glimcher common share on September 12, 2014. This analysis indicated the following implied per share equity value reference range for a Glimcher common share, as compared to the implied per share merger consideration:

<b>Implied Per Share Equity Value Reference Range</b>	<b>Implied Per Share Merger Consideration</b>
\$11.42 to \$13.39	\$14.07 to \$14.20

No company or transaction utilized as a comparison in the analysis of selected precedent transactions is identical to Glimcher or directly comparable to the merger in business mix, timing and size. Accordingly, an analysis of the results of the foregoing necessarily involves complex considerations and judgments concerning differences in financial and operating characteristics of Glimcher and other factors that would affect the value of the companies to which Glimcher is being compared. In evaluating the precedent transactions, Morgan Stanley and GreenOak made judgments and assumptions with regard to industry performance, global business, economic, market and financial conditions and other matters, many of which are beyond Glimcher's control, such as the impact of competition on Glimcher and the industry generally, industry growth and the absence of any adverse material change in the financial conditions and prospects of Glimcher or the industry or the financial markets in general.

research analyst (referred to as Street consensus) estimated funds from operations, which we refer to as FFO, for each of calendar years 2014 and 2015, share price to Street consensus estimated adjusted funds from operations, which we refer to as AFFO, for each of calendar years 2014 and 2015 and aggregate value to Street consensus estimated calendar year 2015 EBITDA. Morgan Stanley and GreenOak also analyzed the premium or discount to Street consensus estimated net asset value and to Green Street Advisors' estimated net asset value, the implied capitalization rate for each comparable company published by Green Street Advisors and the dividend yield of each comparable company. The multiples and ratios for each of the comparable companies were calculated using their respective closing prices on September 12, 2014 and were based on the most recent publicly available information and Street consensus estimates. Morgan Stanley and GreenOak derived a range for each multiple separately for each of the Class A Malls as a group and the Class B Malls using the high and low multiples from the applicable comparable companies, except that the mean multiple was used as the high end of the range for the Class A Malls in light of the size and balance sheet flexibility of the Class A Malls as a group relative to Glimcher. Morgan Stanley and GreenOak then derived a selected range for each metric based on a 60% weighting of the metrics for the companies designated as Class A Malls category and a 40% weighting of the metrics for the companies designated as Class B Malls, reflecting the relative contribution to net operating income from the Class A malls and Class B malls in Glimcher's portfolio.

The following table reflects the results of this analysis:

Morgan Stanley and GreenOak performed a dividend discount analysis of Glimcher common shares to calculate a range of implied present values of the distributable cash flows that Glimcher was forecasted to generate during the fiscal years ending December 31, 2015 through December 31, 2019 utilizing internal estimates of Glimcher's management, which estimated an annual dividend of \$0.40 per share through all forecasted periods. Morgan Stanley and GreenOak derived implied terminal values by applying to Glimcher's estimated FFO for the calendar year 2020 a terminal FFO multiple based on the midpoint of the FFO multiples of the selected companies used in the comparable companies analysis. Present values (as of December 31, 2014) of distributable cash flows and terminal values were then calculated by Morgan Stanley and GreenOak using a discount rate range of 8.4% to 10.4% derived from a cost of equity calculation utilizing the capital asset pricing model. This analysis indicated the following implied per share equity value reference range for Glimcher, as compared to the implied per share merger consideration:

<b>Implied Per Share Equity Value Reference Range</b>	<b>Implied Per Share Merger Consideration</b>
\$8.53 to \$10.56	\$14.07 to \$14.20

*Leveraged Buyout Analysis*

Morgan Stanley and GreenOak performed a hypothetical leveraged buyout analysis to determine the prices at which a financial sponsor might effect a leveraged buyout of Glimcher under current market conditions. In preparing this analysis, Morgan Stanley and GreenOak utilized the projections prepared by the management of Glimcher and calculated net operating income from January 1, 2015 through December 31, 2019. Morgan Stanley and GreenOak assumed the following in their analysis based on the projections: (a) a private buyer would target a rate of return of between 17.5% and 22.5%; (b) a capitalization rate at a 2019 exit of 6.5%; (c) a sale of Glimcher's Jersey Gardens property to finance the hypothetical leveraged buyout at the mid-point net asset value for that property; (d) Glimcher preferred shares remain outstanding; and (e) Glimcher incurs new debt at 4.5% secured by its unencumbered assets and the assets on which current loans mature in 2015 in an aggregate amount such that the resulting loan-to-value ratio of these assets is 65%. Based upon these assumptions, Morgan Stanley and GreenOak calculated the following implied per share equity value reference range for Glimcher common shares, as compared to the implied per share merger consideration.

<b>Implied Per Share Equity Value Reference Range</b>	<b>Implied Per Share Merger Consideration</b>
\$10.71 to \$12.38	\$14.07 to \$14.20

*Pro Forma Valuation of Merger Consideration*

Morgan Stanley and GreenOak also conducted selected financial analyses of the pro forma combined company resulting from the merger, which we refer to as the pro forma combined company, to derive an implied pro forma value of the per share merger consideration to be paid to the holders of Glimcher common shares pursuant to the merger and compared that implied pro forma value of the per share merger consideration to the implied per share merger consideration used in Morgan Stanley and GreenOak's financial analyses summarized above.

Comparable Companies Analysis. Morgan Stanley and GreenOak reviewed and compared certain publicly available and internal financial information, ratios and publicly available market multiples relating to the pro forma combined company with equivalent publicly available data for companies that share similar business characteristics with the pro forma combined company. For purposes of this analysis, Morgan Stanley and GreenOak analyzed the ratios of share price to consensus estimated FFO

for calendar year 2015, share price to consensus estimated AFFO for calendar year 2015, aggregate value to consensus estimated calendar year 2015 EBITDA and pro forma net asset value per share. Based on this analysis, Morgan Stanley and GreenOak derived an implied per share equity value reference range of \$15.95 to \$22.78 for the pro forma combined company by applying a selected range derived from the comparable companies to the corresponding metrics for the pro forma combined company. Morgan Stanley and GreenOak then used this implied per share equity value reference range to determine a value of the stock consideration in the merger using a range of exchange ratios from 0.1989, the exchange ratio in the merger, to 0.2080, which Morgan Stanley and GreenOak determined to be an appropriate high end for comparative purposes, and added that amount to \$10.40, the cash consideration in the merger. This analysis indicated the following implied pro forma value of the per share merger consideration, as compared to the implied per share merger consideration:

<b>Implied Pro Forma Value of the Per Share Merger Consideration</b>	<b>Implied Per Share Merger Consideration</b>
\$13.57 to \$15.14	\$14.07 to \$14.20

Morgan Stanley and GreenOak derived an implied terminal value by applying to the pro forma combined company's estimated FFO for the calendar year 2020 a terminal FFO multiple of 11.2x based on the midpoint of the FFO multiples of the selected companies used in the comparable companies analysis. Present values (as of December 31, 2014) of distributable cash flows and terminal values were then calculated by Morgan Stanley and GreenOak using a discount rate range of 8.2% to 10.2% derived from a cost of equity calculation utilizing a capital asset pricing model. Based on this analysis, Morgan Stanley and GreenOak then derived an implied per share equity value reference range of \$16.21 to \$21.36 for the pro forma combined company. Morgan Stanley and GreenOak then used this implied per share equity value reference range to determine a value of the stock consideration in the merger using a range of exchange ratios from 0.1989, the exchange ratio in the merger, to 0.2080 and added that amount to \$10.40, the cash consideration in the merger. This analysis indicated the following implied pro forma value of the per share merger consideration, as compared to the implied per share merger consideration:

<b>Implied Pro Forma Value of the Per Share Merger Consideration</b>	<b>Implied Per Share Merger Consideration</b>

*General*

In connection with the review of the proposed merger by the Glimcher Board, Morgan Stanley and GreenOak performed a variety of financial and comparative analyses for purposes of rendering their respective opinions. The preparation of a financial opinion is a complex process and is not necessarily susceptible to a partial analysis or summary description. In arriving at its opinion, Morgan Stanley and GreenOak considered the results of all of their analyses as a whole and did not attribute any particular weight to any analysis or factor they considered. Morgan Stanley and GreenOak each believe that selecting any portion of these analyses, without considering all analyses as a whole, would create an incomplete view of the process underlying their respective analyses and opinion. In addition, Morgan Stanley and GreenOak may have given various analyses and factors more or less weight than other analyses and factors, and may have deemed various assumptions more or less probable than other assumptions. As a result, the ranges of valuations resulting from any particular analysis described above should not be taken to be Morgan Stanley or GreenOak's view of the actual value of Glimcher or WPG.

In performing their analyses, Morgan Stanley and GreenOak made numerous assumptions with respect to industry performance, general business, regulatory, economic, market and financial conditions and other matters. Many of these assumptions are beyond the control of Glimcher and WPG. Any estimates contained in Morgan Stanley or GreenOak's analyses are not necessarily indicative of future results or actual values, which may be significantly more or less favorable than those suggested by such estimates.

Morgan Stanley and GreenOak conducted the analyses described above solely as part of their analysis of the fairness from a financial point of view of the consideration to be paid to the holders of Glimcher common shares pursuant to the merger agreement to the holders of Glimcher common shares, and in connection with the delivery of their respective opinions to the Glimcher Board. These analyses do not purport to be appraisals or to reflect the prices at which Glimcher common shares might actually trade.

The merger consideration was determined through arm's-length negotiations between Glimcher and WPG and was approved by the Glimcher Board. GreenOak provided advice to the Glimcher Board during these negotiations but Morgan Stanley did not participate in any negotiations of the consideration. Neither Morgan Stanley or GreenOak was authorized to solicit, and did not solicit, interest from any party with respect to the acquisition, business combination or other extraordinary transaction, involving Glimcher, nor did Morgan Stanley or GreenOak negotiate with any party regarding the possible acquisition of Glimcher or certain of its constituent businesses (other than, with respect to GreenOak, negotiations with WPG). Neither Morgan Stanley nor GreenOak recommended any specific form or amount of merger consideration to Glimcher or the Glimcher Board, or that any specific merger consideration constituted the only consideration for the merger. In addition, Morgan Stanley's and GreenOak's respective opinions did not in any manner address the prices at which the WPG common shares will trade following consummation of the merger or at any time and Morgan Stanley and GreenOak expressed no opinion or recommendation as to how holders of Glimcher common shares should vote at the special meeting to be held in connection with the merger.

Morgan Stanley and GreenOak's respective opinions and presentation to the Glimcher Board was one of many factors taken into consideration by the Glimcher Board in deciding to approve the merger

and other transactions contemplated by the merger agreement. Consequently, the analyses as described above should not be viewed as determinative of the opinion of the Glimcher Board with respect to the merger consideration or of whether the Glimcher Board would have been willing to agree to a different merger consideration.

Morgan Stanley's opinion was approved by a committee of Morgan Stanley investment banking and other professionals in accordance with its customary practice. Morgan Stanley is a global financial services firm engaged in the securities, investment management and individual wealth management businesses. Its securities business is engaged in securities underwriting, trading and brokerage activities, foreign exchange, commodities and derivatives trading, prime brokerage, as well as providing investment banking, financing and financial advisory services. Under the terms of its engagement letter, Morgan Stanley provided the Glimcher Board with financial advisory services and a financial opinion and Glimcher has agreed to pay Morgan Stanley an aggregate fee of \$2 million, payable upon the rendering of Morgan Stanley's opinion. Glimcher has also agreed to reimburse Morgan Stanley for its expenses, including fees of outside counsel and other professional advisors, incurred in performing its services. In addition, Glimcher has agreed to indemnify Morgan Stanley and its affiliates, their respective officers, directors, employees and agents and each person, if any, controlling Morgan Stanley or any of its affiliates against certain liabilities and expenses, including certain liabilities under the federal securities laws, relating to or arising out of Morgan Stanley's engagement. In the two years prior to the date of Morgan Stanley's opinion, Morgan Stanley has not provided any services to Glimcher and has provided financing services for WPG and received a fee of approximately \$18,600 in connection with such services and has provided financing services for Simon and has received an aggregate of approximately \$1.8 million in fees in connection with such services. Morgan Stanley may also seek to provide financial advisory and financing services to WPG or its affiliates in the future and would expect to receive fees for the rendering of those services.

GreenOak's opinion was approved by the fairness opinion committee of GreenOak. GreenOak, with its affiliates, is a diversified investment firm that invests in real estate and sponsors funds and other collective investment vehicles that invest in real estate globally as well engaging in its financial advisory business. GreenOak, its affiliates, partners and officers may at any time manage funds that invest, in properties owned by WPG, Glimcher, or any other company, that may be involved in this transaction. None of GreenOak, or any of its funds or other collective investment vehicles, currently owns an interest in WPG or Glimcher.

Under the terms of its engagement letter, GreenOak provided the Glimcher Board with financial advisory services and a financial opinion and Glimcher has agreed to pay GreenOak an aggregate fee of \$12 million, of which (a) \$250,000 was payable upon execution of the merger agreement, (b) \$1.5 million was payable upon announcement of the merger, (c) \$250,000 is payable at December 31, 2014 (or earlier if certain enumerated assets are sold), and (d) \$10 million is payable upon the consummation of the merger. Glimcher has also agreed to reimburse GreenOak for its expenses, including fees of outside counsel (not to exceed \$50,000) and other professional advisors, incurred in performing its services. In addition, Glimcher has agreed to indemnify GreenOak and its affiliates, their respective principals, partners, directors, officers, agents, employees and controlling persons, against certain liabilities and expenses, including certain liabilities under the federal securities laws, in connection with or in any manner as a result of GreenOak's engagement. In the two years prior to the date of GreenOak's opinion, GreenOak has provided financial advisory services to Glimcher (including in connection with an equity issuance and an asset acquisition) and has received an

aggregate of approximately \$1.8 million in fees in connection with such services. GreenOak or its affiliates may also seek to provide such services to WPG or its affiliates in the future and would expect to receive fees for the rendering of those services. In addition, a fund managed by an affiliate of GreenOak is a party to a joint venture with Glimcher (on a 50/50 basis). No fee was paid by Glimcher to GreenOak in connection with the joint venture. The joint venture has acquired a non-controlling partnership interest in a partnership owning one shopping center. GreenOak, in the two years prior to the date of GreenOak's opinion, has had no business relationship with WPG or its related parties.

**Certain Unaudited Prospective Financial Information**

Glimcher does not as a matter of course make public projections as to future sales, earnings, or other results due to, among other reasons, the uncertainty of the underlying assumptions and estimates. In connection with the proposed merger, Glimcher's management prepared and provided the Glimcher Board, Glimcher's financial advisors, the WPG Board and WPG's financial advisor with selected unaudited prospective financial information regarding Glimcher's future performance on a standalone basis for the years 2015 through 2017. In preparing their financial analyses, Glimcher's financial advisors extrapolated these forecasts to the years 2018 through 2020 based on assumptions provided by Glimcher's management as further described below. The extrapolated financial information for 2018 through 2020 was not provided to WPG or its financial advisors. See " Opinions of Glimcher's Financial Advisors."

The accompanying prospective financial information was not prepared with a view toward public disclosure or with a view toward complying with the guidelines established by the American Institute of Certified Public Accountants with respect to prospective financial information, but, in the view of Glimcher's management, was prepared on a reasonable basis, reflects the best currently available estimates and judgments, and presents, to the best of management's knowledge and belief, the expected course of action and the expected future financial performance of Glimcher. However, this information is not fact and should not be relied upon as being necessarily indicative of future results, and readers of this proxy statement/prospectus are cautioned not to place undue reliance on the prospective financial information. No representation is made by Glimcher, WPG or their respective affiliates or advisors or any other person to any Glimcher shareholder regarding the ultimate performance of Glimcher compared to the results included in the unaudited prospective financial information presented below. This unaudited prospective financial information regarding Glimcher's anticipated future operations treats Glimcher on a standalone basis, without giving effect to the merger and as if the merger had not been contemplated by Glimcher.

The following table presents selected unaudited prospective financial information for the years 2015 through 2020. The table represents Glimcher's management's projections for Glimcher on a standalone basis for 2015 through 2017, which projections assumed, among other assumptions, the completion of any acquisitions and dispositions contemplated for 2014, the execution of Glimcher's redevelopment plan, the refinancing of certain debt maturities and certain growth projections for same-store operations. For 2018 through 2020, Glimcher's financial advisors mathematically extrapolated from the prospective financial information for 2017 prepared by Glimcher's management by applying the following assumptions provided by Glimcher's management: a 3.5% annual growth rate in EBITDA, a 5.0% annual growth rate in FFO and a constant amount of recurring capital expenditures, capital and tenant improvement reserves, straight line rents and shares outstanding. The extrapolated results for 2018 through 2020 were then reviewed and approved by the management of Glimcher.

For purposes of the unaudited prospective financial information:

EBITDA means Glimcher's share of its earnings before interest, income taxes, and depreciation and amortization of Glimcher's consolidated and unconsolidated businesses.

Funds From Operations, which we refer to as FFO, means net income (or loss) available to holders of Glimcher common shares computed in accordance with GAAP, excluding gains or losses from sales of depreciable property, impairment adjustments associated with depreciable real estate, plus real estate related depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures. Glimcher's FFO may not be directly comparable to similarly titled measures reported by other real estate investment trusts. FFO does not represent cash flow from operating activities in accordance with GAAP and should not be considered as an alternative to net income (determined in accordance with GAAP), as an indication of Glimcher's financial performance, or to cash flow from operating activities (determined in accordance with GAAP), as a measure of Glimcher's liquidity, nor is it indicative of funds available to fund Glimcher's cash needs, including Glimcher's ability to make cash distributions. FFO is defined consistent with the standards established by the National Association of Real Estate Investment Trusts.

Adjusted Funds From Operations means FFO adjusted to exclude (i) estimated annual capital expenditures and (ii) deferred leasing costs.

**Financing of the Merger**

WPG is pursuing a number of financing options, including a potential sale of wholly owned assets, and anticipates that the funds needed to complete the merger will be derived from a combination of (i) available cash on hand of WPG, (ii) proceeds from the sale of the Jersey Gardens property and University Park Village property to Simon LP pursuant to the purchase agreement for \$1.09 billion (subject to certain adjustments and apportionments as described in the purchase agreement), (iii) proceeds from the sale of equity interests in, or assets of, certain joint ventures or subsidiaries, (iv) the issuance and sale of WPG common shares and (v) the debt financing which may include some combination of the following: a senior unsecured bridge loan facility and/or the issuance of senior unsecured notes or other debt securities. At or prior to the consummation of the merger, WPG expects to enter into definitive documentation for the debt financing. WPG's obligation to consummate the merger is not conditioned on WPG obtaining any financing for the merger or the completion of the sale of the Jersey Gardens property and University Park Village property to Simon LP.

On September 16, 2014, in connection with the execution of the merger agreement, WPG entered into a debt commitment letter, which was amended and restated on September 23, 2014, pursuant to which certain parties agreed to provide an up to \$1.25 billion senior unsecured bridge loan facility. WPG will have the option to draw on the facility to fund a portion, and potentially all, of the transactions. The amount drawn will depend on a number of factors, including whether WPG issues senior unsecured notes or other debt securities at or prior to the closing of the merger.

***Debt Commitment Letter***

On September 16, 2014, in connection with the execution of the merger agreement, WPG entered into a debt commitment letter, which was amended and restated on September 23, 2014, which we refer to as the debt commitment letter, from Citigroup Global Markets Inc. and Citibank, N.A., which we refer to as the initial commitment parties, pursuant to which the initial commitment parties agreed to provide an up to \$1.25 billion senior unsecured bridge loan facility, which we refer to as the facility. On October 6, 2014, the following financial institutions, which, together with the initial commitment parties, we refer to as the commitment parties, became parties to the debt commitment letter by way of a joinder agreement and were assigned a portion of the initial commitment parties' commitments thereunder: Bank of America, N.A.; Merrill Lynch, Pierce, Fenner & Smith Incorporated; JPMorgan Chase Bank, N.A.; RBS Securities Inc.; The Royal Bank of Scotland plc; Compass Bank; MUFG Union Bank, N.A.; PNC Capital Markets LLC; PNC Bank, National Association; SunTrust Bank;

Table of Contents

U.S. Bank National Association; Goldman Sachs Bank USA; and Goldman Sachs Lending Partners LLC.

WPG will have the option to draw on the facility to fund a portion, and potentially all, of the transactions. The amount drawn will depend on a number of factors, including whether WPG issues senior unsecured notes or other debt securities at or prior to the closing of the merger. The facility will mature on the date that is 364 days following the closing date. The interest rate payable on amounts outstanding under the facility will be equal to three-month LIBOR plus an applicable margin based on WPG's credit rating, which increases on the 180th and 270th days following the consummation of the merger. In addition, an increasing duration fee will be payable on the 180th and 270th days following the consummation of the merger on the outstanding principal amount, if any, under the facility. The facility will not amortize and any amounts outstanding will be repaid in full on the maturity date.

The facility is expected to contain events of default, representations and warranties and covenants that are substantially identical to those contained in WPG LP's existing credit agreement (subject to certain exceptions set forth in the debt commitment letter).

Each commitment party's commitments with respect to the facility, and each commitment party's agreements to perform the services described in the debt commitment letter, will automatically terminate on the earliest of (i) 11:59 p.m. (New York City time) on April 16, 2015, (ii) the consummation of the merger either (a) without the use of the facility or (b) if the facility is intended to be used, the execution of the definitive documentation and the funding of the loans thereunder, and (iii) the termination of the merger agreement in accordance with its terms.

The definitive documentation governing the debt financing has not been finalized and, accordingly, the actual terms of the debt financing may differ from those described in this proxy statement/prospectus. Although the debt financing described in this proxy statement/prospectus is not subject to due diligence or "market out," such financing may not be considered assured. The obligation of the commitment parties to provide debt financing under the debt commitment letter is subject to a number of conditions (including certain conditions that do not relate directly to the merger agreement). There is a risk that these conditions will not be satisfied and the debt financing may not be available when required.

As of September 30, 2014, WPG had indebtedness with a principal amount equal to approximately \$2.3 billion. As of such date, Glimcher and WPG had, on a pro forma basis, approximately \$4.8 billion in principal amount of indebtedness outstanding.

***The Purchase Agreement***

Simon LP will acquire the equity interests in the owners of the Jersey Gardens property and the University Park Village property currently owned by affiliates of Glimcher pursuant to the terms and subject to the conditions of the purchase agreement. Glimcher has also agreed in the merger agreement that, to the extent requested by WPG, Glimcher or Glimcher LP will cause the equity interests in the owners of such properties to be conveyed to Simon LP at the closing and immediately prior to the effective time of the merger.

*Purchase Agreement*

On September 16, 2014, in connection with the execution of the merger agreement, WPG LP entered into the purchase agreement with Simon LP pursuant to which WPG LP agreed to cause Glimcher LP to transfer its direct or indirect equity interests in the owners of (i) the Jersey Gardens property and (ii) the University Park Village property, which we refer to collectively as the designated properties, to Simon LP (or its nominee) substantially simultaneously with the closing of the merger.

Table of Contents

Under the purchase agreement, the total purchase price for the designated properties will be \$1.09 billion. The purchase price is subject to certain adjustments and apportionments as described in the purchase agreement. The purchase agreement contemplates Simon LP acquiring the equity interests in the owners of the designated properties subject to existing indebtedness encumbering the designated properties. Simon LP agreed to use good faith commercially reasonable efforts to obtain certain lender consents on or before the closing of the transactions contemplated by the purchase agreement; the receipt of such consents, however, is not a condition to the closing of the transactions contemplated by the purchase agreement. WPG LP and Simon LP will share equally in the payment of all fees and expenses related to obtaining such required consents and any related assumption or transfer fees.

The equity interests in the owners of the designated properties are to be sold by WPG LP and conveyed by Glimcher LP on an "as-is" basis. Simon LP's obligation to close under the purchase agreement is subject only to (i) WPG LP's delivery of written notice to Simon LP that the merger and the other transactions contemplated by the merger agreement have closed or that all of the conditions to the closing under the merger agreement have been satisfied and the parties thereunder are proceeding to close such transactions substantially simultaneously with the closing under the purchase agreement and (ii) Glimcher LP delivering or causing to be delivered all of the material transfer documents and instruments required by the purchase agreement and the property letter agreement described below. The purchase agreement contains other terms, conditions, covenants, representations and warranties from each of the respective parties that are customary and typical for a transaction of this nature.

*Property Letter Agreement*

On September 16, 2014, concurrently with WPG LP and Simon LP entering into the purchase agreement, WPG LP, Glimcher LP and Simon LP entered into the property letter agreement, pursuant to which Glimcher LP agreed to deliver or cause to be delivered to Simon LP an assignment and assumption of its direct or indirect equity interests in the owners of the designated properties at the closing under the purchase agreement.

In addition, Glimcher LP further agreed to deliver or cause to be delivered certain other documents at the closing of the purchase agreement, including but not limited to, notices to tenants and owners relating to the sale of the equity interests in the designated properties to Simon LP, certain records and files relating to the designated properties and an agreement terminating any management, leasing, development, services or similar agreement in effect with the applicable owner of each designated property with respect to such designated property.

Under the property letter agreement, Glimcher LP will cooperate reasonably and in good faith with Simon LP and its affiliates in their efforts to assume the existing indebtedness on the designated properties; provided that all costs, fees and expenses incurred in connection with the assumption of such indebtedness will be paid by Simon LP and/or WPG LP. The property letter agreement will terminate (i) by mutual consent of all parties thereunder or (ii) if the merger agreement is terminated by Glimcher prior to the consummation of the merger in accordance with the terms of the merger agreement. Glimcher LP and its affiliates will have no liability under the property letter agreement, and WPG LP and Simon LP have waived any right to sue Glimcher LP or its affiliates for damages for any default by Glimcher LP thereunder.

The descriptions of the purchase agreement and the property letter agreement are qualified in their entirety by the copies of the purchase agreement and the property letter agreement attached to this proxy statement/prospectus as Annex B and Annex C, respectively. You are urged to read the purchase agreement and the property letter agreement carefully.

**Management of the Combined Company Following the Merger**

At the effective time of the merger, Mark Ordan, WPG's current chief executive officer, will become executive chairman of WPG, and Michael Glimcher, Glimcher's current chief executive officer, will become chief executive officer and president of WPG and vice chairman of the WPG Board, reporting to Mr. Ordan. The rest of the senior leadership team for WP GLIMCHER is expected to include: Butch Knerr, chief operating officer; C. Marc Richards, chief administrative officer; Mark Yale, chief financial officer; Thomas Drought, Jr., executive vice president, leasing; Robert Demchak, general counsel; Lisa Indest, chief accounting officer & senior vice president, finance; and Michael Gaffney, senior vice president, head of capital markets.

In connection with the signing of the merger agreement, Messrs. Glimcher and Yale entered into the Employment Agreements and the Severance Benefits Amendments (pursuant to which they waived certain rights to severance and vesting of equity awards upon the consummation of the merger, and instead will be entitled to such severance and vesting, subject to execution of a release, upon certain terminations of employment following the consummation of the merger), each of which will become effective upon the consummation of the merger. The material terms of the Employment Agreements and the Severance Benefits Amendments are described in "The Merger Interests of Glimcher's Trustees and Executive Officers in the Merger." Mr. Ordan and Mr. Richards have also entered into the Ordan Amendment and the Richards Amendment, respectively, which will become effective upon the consummation of the merger. The Ordan Amendment reflects Mr. Ordan's new title and reporting relationships and provides, among other things, for severance in the event of the non-renewal of Mr. Ordan's employment agreement on its scheduled expiration of May 28, 2017. The Richards Amendment reflects Mr. Richards' new title and provides, among other things, for increased severance of two times the sum of annual base salary in effect immediately prior to the date of termination and target annual cash bonus for the year of termination (or the most recently completed fiscal year if no target is set for the year of termination) and for accelerated grant and/or vesting of certain performance-based equity awards, in each case, upon a termination of employment other than for cause or a resignation by Mr. Richards for good reason. It is expected that certain other executive officers and/or senior managers of Glimcher with severance agreements who continue with WPG following the consummation of the merger will amend their severance agreements in a manner similar to the Severance Benefits Amendments, with each such severance agreement amendment to become effective upon the consummation of the merger.

WPG will cause the WPG Board immediately after the merger to consist of nine members: Mark Ordan, Michael P. Glimcher, the other six members of the WPG Board as of September 16, 2014: Louis G. Conforti, Robert J. Laikin, David Simon, Jacquelyn R. Soffer, Richard S. Sokolov and Marvin L. White, and one additional trustee of Glimcher who as of September 16, 2014 was a member of the Glimcher Board, as mutually agreed between Glimcher and WPG prior to closing, who will serve as chairman of the compensation committee of the WPG Board. Glimcher and WPG have agreed on Niles C. Overly as the additional trustee of Glimcher to serve on the WPG Board.

Following the closing, the corporate headquarters and operations for WPG and its subsidiaries will be in Columbus, Ohio and WPG will be renamed "WP GLIMCHER." See also "The Merger Agreement Certain Governance Matters."

**Interests of Glimcher's Trustees and Executive Officers in the Merger**

In considering the recommendation of the Glimcher Board that Glimcher shareholders vote to approve the merger and the other transactions contemplated by the merger agreement, you should be aware that certain of Glimcher's trustees and executive officers have interests in the merger that differ from, or are in addition to, the interests of Glimcher shareholders generally. The Glimcher board of trustees was aware of, and considered the interests of, Glimcher's trustees and executive officers in

Table of Contents

approving the merger agreement. The substantial interests specific to Glimcher's trustees and executive officers are briefly described in further detail below, and certain of them are quantified in the narrative and table below. For purposes of the agreements and plans described below, to the extent applicable, the completion of the transactions contemplated by the merger agreement will constitute a change of control, change in control or term of similar meaning.

**Board Membership**

As described under "The Merger Management of the Combined Company Following the Merger," following the merger, Mr. Glimcher will become the vice chairman of the WPG Board and one additional trustee of Glimcher who, as of September 16, 2014, was a member of the Glimcher Board, as mutually agreed between Glimcher and WPG prior to closing, shall become a member of the WPG Board and shall serve as chairman of the compensation committee of the WPG Board.

**Treatment of Glimcher Equity Awards**

As of the date of this proxy statement/prospectus, Glimcher's executive officers hold Glimcher Restricted Shares, Glimcher Stock Options and Glimcher Performance Shares and Glimcher's trustees hold Glimcher Restricted Shares and certain of Glimcher's trustees hold Glimcher Stock Options.

**Restricted Shares**

Except with respect to Glimcher employees who enter into waivers of accelerated vesting (as described more fully below), in accordance with the terms of the applicable award agreements each unvested Glimcher Restricted Share award that is outstanding immediately prior to the effective time of the merger, will, effective immediately prior to the effective time of the merger, vest in full, and the restrictions and forfeiture conditions with respect thereto will lapse and expire, and each holder of each Glimcher Restricted Share award will be entitled to receive the merger consideration, plus accrued but unpaid dividends (if any), less the amount of applicable tax required to be withheld.

Each award of Glimcher Restricted Shares that would otherwise vest in accordance with its terms as a result of the merger, but with respect to which the applicable award holder has executed a waiver of such vesting, will be converted, at the effective time of the merger, into a WPG Converted Restricted Share award with respect to a number of WPG common shares equal to the number of Glimcher common shares subject to such Glimcher Restricted Share award multiplied by the Equity Award Exchange Ratio (and rounded, as applicable, to the nearest whole share, with 0.50 being rounded upward). All dividends, if any, accrued but unpaid as of the effective time of the merger with respect to any such Glimcher Restricted Share award, will remain accrued with respect to the associated WPG Converted Restricted Share award. The WPG Converted Restricted Share award will continue to be subject to the same terms and conditions applicable to the underlying Glimcher Restricted Share award (and will generally continue to vest pursuant to the vesting schedule to which such Glimcher Restricted Share award was subject prior to the consummation of the merger, subject to acceleration upon certain terminations of employment as, and to the extent, provided in an applicable waiver). As more fully discussed in the section entitled "WPG Employment Agreements and Severance Benefits Amendments with Messrs. Glimcher and Yale," Messrs. Glimcher and Yale waived, among other things, their respective right to accelerated vesting of their Glimcher Restricted Share awards pursuant to their respective Severance Benefits Amendments and are instead entitled to such accelerated vesting, subject to execution of a release, upon certain terminations of employment following the consummation of the merger. It is expected that other executive officers of Glimcher who continue with WPG following the consummation of the merger will enter into amendments to their severance agreements containing a similar waiver.

The following table shows the number and estimated value of outstanding Glimcher Restricted Shares held by Glimcher's current non-management trustees and executive officers and certain former non-management trustees.

- (1) The estimated value of the Glimcher Restricted Shares presented in the table above is based on a price per WPG common share of \$17.04 (the average closing market price of a WPG common share for the first five business days following the first public announcement of the execution of the merger agreement). The actual values of cash and WPG common shares that will be received may be greater or less than those presented above.
- (2) Each of Messrs. Celeste, Doran and Weiler were trustees of Glimcher during the past fiscal year and each is no longer a trustee, but continues to hold Glimcher Restricted Shares.
- (3) Messrs. Glimcher and Yale waived their respective right to accelerated vesting of their Glimcher Restricted Shares upon the consummation of the merger. Therefore, Messrs. Glimcher and Yale will receive WPG Converted Restricted Shares as described above rather than the merger consideration, and the values reflected in the table above represent the estimated values of such WPG Converted Restricted Shares, based on the Equity Award Exchange Ratio and the \$17.04 per share price of WPG common shares described in footnote (1) above. It is expected that certain other executive officers of Glimcher will enter into similar waivers and, therefore, will receive WPG Converted Restricted Shares rather than the merger consideration.

**Stock Options**

At the effective time of the merger, in accordance with the terms of the merger agreement, each Glimcher Stock Option that is outstanding immediately prior to the effective time of the merger will be

converted into a WPG Converted Option, with the number of WPG common shares subject to such WPG Converted Option equal to the product of (x) the total number of Glimcher common shares subject to such Glimcher Stock Option immediately prior to the effective time of the merger and (y) the Equity Award Exchange Ratio (rounded down to the next lower whole number of shares), and with the exercise price per share of each such WPG Converted Option equal to (i) the per share exercise price of the Glimcher common share subject to such Glimcher Stock Option divided by (ii) the Equity Award Exchange Ratio (rounded up to the nearest whole cent). Each WPG Converted Option will be otherwise subject to the same terms and conditions as the applicable Glimcher Stock Option. All Glimcher Stock Options held by Glimcher's executive officers and non-management trustees are fully vested, therefore no Glimcher Stock Options held by Glimcher's executive officers and non-management trustees will vest in connection with the consummation of the merger.

The following table shows the number and estimated value of outstanding Glimcher Stock Options held by Glimcher's non-management trustees and executive officers.

(1) All Glimcher Stock Options currently held by Glimcher's non-management trustees and executive officers are vested.

(2) The estimated value of the Glimcher Stock Options held by Glimcher's non-management trustees and executive officers presented in the table above is based on a price per WPG common share of \$17.04 (the average closing market price of a WPG common share for the first five business days following the first public announcement of the execution of the merger agreement). The value of "in-the-money" Glimcher Stock Options was determined based on the number of common shares underlying each Glimcher Stock Option and the difference between the exercise price of such Glimcher Stock Option and \$17.04, with such shares and exercise prices determined on an as-converted to WPG Converted Option basis. Glimcher Stock Options that would be "out-of-the-money" based on a \$17.04 value per WPG common share have been attributed a value of zero for purposes of the calculation of the estimated value of Glimcher Stock Options in the table. The actual values of the Glimcher Stock Options held by Glimcher's non-management trustees and executive officers may be greater or less than the values presented above.

Table of Contents**Performance Shares**

In accordance with the terms of the applicable award agreements, each Glimcher Performance Share that is outstanding immediately prior to the effective time of the merger will, effective immediately prior to the effective time of the merger, vest if and to the extent the Glimcher Board (or appropriate committee thereof) determines as of immediately prior to the effective time of the merger that the performance goals applicable to such Glimcher Performance Share have been achieved based on Glimcher's total shareholder return as determined at the effective time of the merger compared against that of a specified peer group (with total shareholder return based on the increase in stock value over the applicable performance period plus the value of any deemed reinvested dividends). The portion of any Glimcher Performance Share that does not vest as described above will be forfeited immediately prior to the effective time of the merger without payment of any consideration. The holder of each Glimcher Performance Share that vests will be entitled to receive the merger consideration with respect to each such Glimcher Performance Share, less the amount of applicable tax required to be withheld.

The following table shows the outstanding Glimcher Performance Shares held by Glimcher's executive officers (at target and at an assumed level of performance, determined as described below) and their value. No Glimcher non-management trustees currently hold Glimcher Performance Shares.

*Estimated Value of Glimcher Performance Shares Held by Executive Officers*

Victor Pildes	14,699	29,388		\$ 405,261

(1) In the event the effective time of the merger occurs after December 31, 2014, the portion of each of the executive officer's Glimcher Performance Shares that are scheduled to vest on December 31, 2014 will be settled in Glimcher common shares in accordance with their original terms.

(2) The estimated value of the Glimcher Performance Shares presented in the table above is based on the value of the merger consideration, calculated using a price per WPG common share of \$17.04 (the average closing market price of a WPG common share for the first five business days following the first public announcement of the execution of the merger agreement). In addition, the average closing price of the common shares of each of Glimcher and its peer companies over the first five business days following the first public announcement of the execution of the merger agreement (plus the value of any deemed reinvested dividends in respect of such shares) was used to determine the total shareholder return of Glimcher and its peer companies. The number and value of the Glimcher Performance Shares presented in the above table assume performance of 177.5%, 200%, and 200% of target for the Glimcher Performance Shares granted in 2012, 2013, and 2014, respectively. The number of Glimcher Performance Shares that actually vest immediately prior to the effective time of the merger, and the value of cash and

Table of Contents

WPG common shares that will actually be received by the Glimcher executive officers, may be greater or less than the amounts presented above.

**Severance Agreements**

Glimcher is party to severance agreements with each of Messrs. Glimcher, Yale, Loeb, Drought, Jr., Schmidt, Mastropietro and Pildes and Ms. Indest. The severance agreements are "single-trigger" agreements, except for Mr. Pildes's severance agreement. Mr. Pildes's severance agreement is a "double-trigger" agreement, requiring that his employment be terminated by Glimcher or Glimcher's successor other than for "cause" (as defined in Mr. Pildes's severance agreement) or by Mr. Pildes following his relocation beyond a specified number of miles of Mr. Pildes's work location at the time of a change in control, in each case, within 24 months following a change in control in order to receive severance benefits under his severance agreement. The severance agreements generally provide for the following payments and benefits in the event of a change in control (with respect to Mr. Pildes only, contingent on a specified termination of employment within 24 months following such change in control, as described in the preceding sentence):

a payment (which in the case of Mr. Schmidt, will be entirely in WPG common shares) equal to three times the executive officer's annual compensation, or two times the annual compensation for Messrs. Mastropietro and Pildes and Ms. Indest, which consists of the executive officer's annual base salary at the time of the change in control and the executive officer's target bonus opportunity under the applicable bonus plan(s) in which the executive officer participates in the year in which the change in control occurs (or the bonus plan(s) in effect during Glimcher's most recently completed fiscal year if no effective and approved bonus plan is in place for the year in which the change in control of Glimcher occurs);

the vesting of all unvested restricted shares or stock options that are outstanding on the day immediately prior to the date of the change in control (or on the day immediately prior to the date of Mr. Pildes' termination of employment, as described above); and

funding of Consolidated Omnibus Budget Reconciliation Act (COBRA) premiums for a period of up to 18 months following the change in control and, for all executive officers with severance agreements other than Mr. Pildes, if the executive officer's participation in any such continuing coverage plan or program is barred, payment of the value of the COBRA premiums to the executive officer at the pricing as it existed at the time of the change in control.

With respect to all executive officers with severance agreements other than Mr. Pildes, if any such executive officer has or will receive any compensation or recognize any income that constitutes an "excess parachute payment" within the meaning of Section 280G of the Code triggering the imposition of the excise tax under Section 4999 of the Code, such executive officer will be entitled to receive an additional "gross-up" payment equal to an amount such that the net amount of such additional payment retained by the executive officer after all federal, state and local income and employment taxes (including, without limitation, all federal, state and local income and employment taxes on the gross-up payment) is equal to the excise tax imposed on the payment. Any payment to Mr. Pildes under his severance agreement that would trigger the imposition of the excise tax under Section 4999 of the Code will be reduced to \$1.00 less than the amount that would trigger such excise tax if such reduction would result in Mr. Pildes receiving a greater after-tax benefit than he would receive if all amounts under the severance agreement and any other compensatory arrangements maintained by Glimcher were paid to Mr. Pildes.

As more fully described below in the section entitled "The Merger WPG Employment Agreements and Severance Benefits Amendments with Messrs. Glimcher and Yale," each of Messrs. Glimcher and Yale have entered into the Severance Benefits Amendments, whereby they have each waived their right to receive the benefits under their severance agreements upon the

Table of Contents

consummation of the merger and instead will be entitled to receive such benefits, subject to execution of a release, upon a termination of their employment by WPG without "cause" (including as a result of notice of non-renewal by WPG pursuant to the applicable employment agreement), their resignation for "good reason," upon their death or as a result of their "disability" (each, as defined in the applicable Severance Benefits Amendment).

It is expected that certain other executive officers of Glimcher who are a party to a severance agreement will enter into similar amendments to their severance agreements and will only be entitled to receive the benefits under their severance agreements upon certain terminations following the consummation of the merger.

**WPG Employment Agreements and Severance Benefits Amendments with Messrs. Glimcher and Yale**

WPG has entered into an Employment Agreement and Severance Benefit Amendment with each of Messrs. Glimcher and Yale. Pursuant to the Severance Benefit Amendments, Messrs. Glimcher and Yale have waived their rights to receive certain payments and benefits under their existing respective severance agreements upon the consummation of the merger and will instead be entitled to such payments and benefits, subject to execution of a release, upon certain terminations of employment following the consummation of the merger as more fully described below. Both Employment Agreements and Severance Benefits Amendments will become effective as of, and are subject to, the consummation of the merger, and include the terms and conditions described below.

Pursuant to his Employment Agreement, Mr. Glimcher will serve as the vice chairman of the WPG Board and as the chief executive officer and president of WPG for an initial term of five years commencing upon the consummation of the merger. Pursuant to his Employment Agreement, Mr. Yale will serve as the executive vice president and chief financial officer of WPG for an initial term of three years commencing upon the consummation of the merger. Mr. Glimcher's Employment Agreement provides Mr. Glimcher with an annual salary of \$825,000 and a target annual bonus opportunity of 200% of his salary (with a maximum bonus opportunity of 300% of salary). Mr. Yale's Employment Agreement provides Mr. Yale with an annual salary of \$500,000 and a target annual bonus opportunity of 100%-150% of his salary.

Each of Messrs. Glimcher and Yale will also be entitled to receive the following equity-based incentive awards:

(i) An annual grant of long-term incentive plan units in WPG LP under the Washington Prime Group, L.P. 2014 Stock Incentive Plan, which we refer to as LTIP Units and such annual grant of LTIP Units as the Annual LTIP Units, with respect to each fiscal year during the term of the applicable Employment Agreement, commencing with the fiscal year ending December 31, 2014 (if Messrs. Glimcher or Yale do not receive from Glimcher or its affiliates an equity-based compensation award between the date of execution of the applicable Employment Agreement and the consummation of the merger) or December 31, 2015 (if Messrs. Glimcher or Yale do receive such an award), with such LTIP Unit grants to be made no later than promptly following the completion of WPG's audited financial statements for the applicable fiscal year and on terms no less favorable than the annual LTIP Unit awards made to WPG's other senior executives. The number of such LTIP Units granted in respect of a fiscal year will be determined by dividing a cash amount (two times base salary at target and three times base salary at maximum for Mr. Glimcher (determined based on WPG's achievement of total shareholder return goals with respect to such fiscal year) and no less than one times base salary for Mr. Yale) by the average closing price of WPG common shares for the final 15 trading days of such fiscal year. Mr. Glimcher's Annual LTIP Units will vest at a rate of one-third on each of the first three annual anniversaries of the first day of the fiscal year following the fiscal year in respect of which such

LTIP Units were granted, subject to Mr. Glimcher's continued employment with WPG on each such vesting.

(ii) A one-time grant of LTIP Units, which we refer to as the Inducement LTIP Units, to be made immediately following the 20 consecutive trading days commencing on the consummation of the merger, with the number of such LTIP Units granted to be determined by dividing \$1,400,000 (Mr. Glimcher) and \$600,000 (Mr. Yale), by the average closing price of WPG's common shares for the 20 consecutive trading days commencing on the consummation of the merger. Once granted, such LTIP Units will vest 25% on each of the first four annual anniversaries of the consummation of the merger, subject to Messrs. Glimcher's and Yale's respective continued employment with WPG on each such vesting date (other than as noted below in connection with certain terminations of employment).

(iii) A recurring grant of LTIP Units in respect of each of the following performance periods, which we refer to as the Performance LTIP Units: from the consummation of the merger to (i) December 31, 2016, (ii) December 31, 2017, and (iii) December 31, 2018 (with corresponding LTIP Units granted promptly following the end of the applicable performance period), in each case, subject to Messrs. Glimcher's and Yale's respective continued employment with WPG through each applicable grant date (other than as noted below in connection with certain terminations of employment). The number of such LTIP Units granted with respect to each performance period will be determined by dividing a cash amount, not greater than \$700,000 (Mr. Glimcher) and \$300,000 (Mr. Yale), determined based on WPG's achievement of absolute and relative (versus the MSCI REIT Index) total shareholder return goals with respect to each performance period, by the average closing price of WPG's common shares for the 20 consecutive trading days commencing on the consummation of the merger. Such LTIP Units vest on the third annual anniversary of the consummation of the merger, subject to Messrs. Glimcher's and Yale's respective continued employment through such date (other than as noted below in connection with certain terminations of employment), such that LTIP Units with respect to the final performance period will be fully vested on the grant date.

The Employment Agreements also include non-competition and non-solicitation provisions, which run for one year following the termination of their respective employment, as well as confidentiality and non-disparagement covenants.

In connection with their execution of the Employment Agreements, Messrs. Glimcher and Yale entered into the Severance Benefits Amendments, pursuant to which Messrs. Glimcher and Yale have waived their right to receive the payments and benefits provided under their respective severance agreements upon the consummation of the merger (in an aggregate amount of approximately \$18,235,061 for Mr. Glimcher and \$5,511,182 for Mr. Yale, which for both of Messrs. Glimcher and Yale are based on the assumptions related to the valuation of the cash severance and Glimcher Restricted Shares as described in the Golden Parachute Compensation table, below) and will only be entitled to receive such payments and benefits under the circumstances described in this paragraph. Pursuant to the Severance Benefits Amendments, if Messrs. Glimcher's or Yale's respective employment is terminated without "cause" (including as a result of notice of non-renewal by WPG pursuant to the applicable Employment Agreement) or by Messrs. Glimcher or Yale for "good reason" (each, as defined in the respective Severance Benefits Amendments), or on account of death or "disability" (as defined in their respective Severance Benefits Amendments), Messrs. Glimcher or Yale, as applicable (or their respective estates) will be entitled to (i) a lump sum cash payment of three times the sum of annual base salary as in effect immediately prior to the consummation of the merger and their target annual bonus under the applicable Glimcher bonus plan for the year in which the merger occurs (or the year immediately prior to the year in which the merger occurs if a current-year bonus program has not been adopted as of the consummation of the merger), (ii) accelerated vesting of WPG equity awards (A) derived in connection with the conversion of Glimcher Restricted Shares into WPG

Table of Contents

Converted Restricted Shares, (B) received as the Inducement LTIP Units, and (C) received as the Performance LTIP Units, (iii) Performance LTIP Unit grants for any current performance period or completed performance period (to the extent such grants were not previously made), based on actual performance through the date of termination (or the end of the applicable performance period, if earlier), which are fully vested when granted, and (iv) WPG-paid COBRA continuation coverage premiums for 18 months following the date of termination. Messrs. Glimcher's and Yale's receipt of the payments and benefits described above is contingent on their respective timely execution and non-revocation of a release of claims in favor of WPG and its affiliates.

The Severance Benefits Amendments provide that all of the vested WPG common shares that Messrs. Glimcher and Yale receive in connection with the merger cannot be sold or otherwise transferred until WPG adopts executive stock ownership guidelines, following which such WPG common shares will be subject to such guidelines; provided that if the guidelines are not adopted by the earliest of Messrs. Glimcher's or Yale's respective termination of employment for any reason, a change in control of WPG or the third anniversary of effective time of the merger, the vested WPG common shares shall not be subject to such restrictions upon any of the foregoing events.

**Benefits Arrangements with the Combined Company**

Under the merger agreement, WPG has agreed to certain employee benefits and compensation continuation covenants. For a description of such covenants, see "The Merger Agreement Employee Matters."

**Quantification of Payments and Benefits**

The information set forth in the table below is intended to comply with Item 402(t) of Regulation S-K, which requires disclosure of information about certain compensation for each of Glimcher's named executive officers that is based on or otherwise relates to the merger, and is subject to a non-binding, advisory vote of Glimcher's shareholders, as described under the section titled "Proposals Submitted to Holders of Glimcher Common Shares Merger Related Compensation Proposal."

Please note that the amounts indicated below are estimates based on multiple assumptions that may or may not actually occur or be accurate on the relevant date, including the assumptions described below, and do not reflect certain compensation actions that may occur prior to the completion of the merger. The actual value to be received by Glimcher's named executive officers may be greater or less than the amounts presented below. For purposes of calculating such amounts, we have assumed, among other things:

November 21, 2014 as the closing date of the merger, and

a termination of Messrs. Glimcher's and Yale's employment by the combined company without "cause" or as a result of their respective resignations for "good reason" immediately following the closing of the merger.

As described above, the cash severance payments for each of Messrs. Glimcher, Yale, Loeb, Drought, Jr. and Schmidt consist of a lump sum payment equal to three times their respective annual compensation, which consists of the existing annual base salary at the time of the change in control and the target bonus opportunity under the 2014 GRT Executive Bonus Plan (which is 125%, 70%, 70%, 60% and 60% of each named executive officer's base salary, respectively). Messrs. Loeb, Drought, Jr., and Schmidt's payments and benefits under their severance agreements are "single-trigger." Messrs. Glimcher's and Yale's payments and benefits under their respective Severance Benefits Amendments (which become effective upon the consummation of the merger) are "double-trigger" and subject to the execution of a release of claims in favor of WPG and its affiliates. As disclosed above in the section entitled "Severance Agreements," Mr. Schmidt is entitled to receive the value of the salary and bonus severance benefit under his severance agreement in WPG common shares. For purposes of determining the number of shares to be delivered to Mr. Schmidt, the value of a WPG common share will be deemed equal to the sum of (i) \$10.40 and (ii) the product of (A) 0.1989 of a WPG common share multiplied by (B) the volume-weighted average closing price of WPG common shares on the last ten trading days immediately preceding the consummation of the merger.

The value of the respective components of cash severance under the named executive officers' severance agreements (as amended, if applicable) are:

(2)

The value of the Glimcher Restricted Shares and Glimcher Performance Shares subject to acceleration in connection with the merger shown in the table above is based on a calculation of the merger consideration that uses a price per WPG common share of \$17.04 (the average closing market price of a WPG common share for the first five business days following the first public announcement of the execution of the merger agreement). The value of the Glimcher Stock Options is not required to be included in the table because all the Glimcher Stock Options held by Glimcher's named executive officers were previously vested. In addition, for the purpose of calculating the stock value used to compare the relative total shareholder return performance of Glimcher and its peer companies to determine the number of Glimcher Performance Shares that would vest upon the consummation of the merger, the stock value of Glimcher's common shares and the shares of Glimcher's peer companies was determined based on the average closing price of Glimcher common shares and the shares of Glimcher's peer companies over the first five business days following the first public announcement of the execution of the merger agreement, which for Glimcher equaled \$13.66, plus, in each case, the value of any deemed reinvested dividends. All of the awards of Glimcher Performance Shares held by Glimcher's named executive officers will vest immediately prior to the effective time of the merger (i.e., "single-trigger"), subject to the satisfaction of applicable performance goals as described in the section entitled "Performance Shares," above. Messrs. Loeb, Drought, Jr., and Schmidt's awards of Glimcher Restricted Shares will vest immediately prior to the effective time of the merger (i.e., "single-trigger"); however, under their respective Severance Benefits Amendments (which become effective upon the consummation of the merger), Messrs. Glimcher's and Yale's awards of Glimcher Restricted Shares will vest upon certain terminations of employment following the effective time of the merger subject to the execution of a release of claims in favor of WPG and its affiliates (i.e., "double-trigger"). The above table does not reflect the value of any LTIP Units to be granted to Messrs. Glimcher or Yale under the terms of their respective Employment Agreements.

The following table lists the portion of the value set forth in the "Equity" column in the table above attributable to each type of accelerated equity award held by Glimcher's named executive officers.

Table of Contents*Equity*

Name	Estimated Value of Restricted Shares	Estimated Value of Performance Shares
Michael P. Glimcher	\$ 12,350,881	\$ 5,098,563

Marshall A. Loeb	\$ 3,235,493	\$ 2,330,758
Thomas J. Drought, Jr.	\$ 1,918,878	\$ 1,420,315
George A. Schmidt	\$ 1,636,115	\$ 1,420,315

- (3) As described above, upon a change in control, each of the named executive officers is entitled to funding of COBRA premiums for a period of up to 18 months following the change in control to continue all medical, dental, and vision group insurance benefit coverage (and payment of the value of such COBRA premiums to the named executive officer at the pricing as it existed at the time of the change in control if the named executive officer's participation in any such continuing coverage plan or program is barred). The amounts set forth in the table above are based on 2014 and 2015 rates, as applicable, and a 2% COBRA administration fee. The actual costs of COBRA premiums for the 18 months following the consummation of the merger will depend on the applicable rates for such period. For Messrs. Loeb, Drought, Jr., and Schmidt, these benefits are "single-trigger;" however, under their respective Severance Benefits Amendments (which become effective upon the consummation of the merger), for Mr. Glimcher and Yale these benefits are "double-trigger" and subject to the execution of a release of claims in favor of WPG and its affiliates.
- (4) If any named executive officer has or will receive any compensation or recognize any income that constitutes an "excess parachute payment" within the meaning of Section 280G of the Code, triggering the imposition of the excise tax under Section 4999 of the Code, such named executive officer will be entitled to receive an additional "gross-up" payment equal to an amount such that the net amount of such additional payment retained by the executive after all federal, state and local income and employment taxes (including, without limitation, all federal, state and local income and employment taxes on the gross-up payment) is equal to the excise tax imposed on the payment. These amounts are subject to change based on the effective time of the merger, date of termination of the named executive officer and certain other assumptions used in the calculation.

**Directors' and Officers' Indemnification and Insurance**

The merger agreement provides that from and after the effective time of the merger, WPG will cause the surviving entity to do the following:

indemnify, defend and hold harmless, to the fullest extent permitted by applicable law, each past and present trustee, director and officer of Glimcher and its subsidiaries against any costs or expenses (including attorneys' fees and expenses and disbursements), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement in connection with any action, whether civil, criminal, administrative or investigative, to the extent such action arises out of or pertains to the fact that such trustee, director or officer is or was a director, officer, partner, member, trustee, fiduciary or agent of Glimcher or any of its subsidiaries or a fiduciary under any Glimcher benefit plan, and provide advancement of expenses to such trustees, directors and officers subject to certain limitations described in the merger agreement;

honor and maintain in effect for a period of six years after the effective time of the merger all rights to exculpation, indemnification and advancement of expenses of trustees, directors and officers contained in the organizational documents of Glimcher and its subsidiaries as in effect as of the date of the merger agreement and all rights to exculpation, indemnification and advancement of expenses of each such trustee, director or officer as provided in any indemnification or other agreement to which Glimcher or any of its subsidiaries is a party as of the date of the merger agreement; and

subject to certain limitations described in the merger agreement, maintain for a period of at least six years after the effective time of the merger policies of directors' and officers' liability insurance and fiduciary liability insurance as in place as the date of the merger agreement with Glimcher's current insurance carrier or from a carrier with the same or better credit ratings than

Table of Contents

Glimcher's existing carrier, with retentions and levels of coverage no less favorable than, and other terms and conditions no less favorable in the aggregate than, such existing directors' and officers' insurance policies, with respect to claims arising from facts, events, acts or omissions that occurred on or before the effective time of the merger, or in lieu of such insurance, Glimcher may purchase and WPG may purchase if Glimcher declines to do so a "tail" directors' and officers' liability insurance and fiduciary liability insurance from such a carrier and with such terms.

**Accounting Treatment of the Transactions**

In accordance with GAAP, WPG will account for the transactions using the acquisition method of accounting with WPG treated as the acquiror of Glimcher for accounting purposes. Under acquisition accounting, the assets acquired and liabilities assumed will be recorded as of the acquisition date, at their respective fair values, and added to those of WPG. Any excess of purchase price over the fair values will be recorded as goodwill. Consolidated financial statements of WPG issued after the transactions would reflect Glimcher's fair values after the completion of the transactions, but will not be restated retroactively to reflect the historical consolidated financial position or results of operations of Glimcher.

**Listing of WPG Common and Preferred Shares**

WPG has agreed to use its reasonable best efforts to cause the WPG common shares to be issued in the merger, the WPG common shares reserved for issuance in connection with the merger and WPG preferred shares to be issued in the merger, in each case to be approved for listing on the NYSE, subject to official notice of issuance, prior to the effective time of the merger. The obligation of each of the parties to the merger agreement to complete the merger and the other transactions contemplated by the merger agreement is subject to the satisfaction or (to the extent permitted by law) waiver, at or prior to the effective time of the merger, of the condition that all such WPG common shares and the WPG preferred shares have been authorized for listing on the NYSE, subject to official notice of issuance.

Accordingly, following the completion of the merger, it is anticipated that the WPG common shares and WPG preferred shares received in the merger by holders of Glimcher common shares and Glimcher preferred shares, respectively, will be listed on the NYSE. The WPG common shares will be listed under the symbol "WPG."

**Deregistration of Glimcher Common and Preferred Shares**

If the merger is completed, Glimcher common shares and Glimcher preferred shares will be delisted from the NYSE and deregistered under the Exchange Act, and Glimcher will no longer file periodic reports with the SEC.

**Restrictions on Sales of WPG Common and Preferred Shares Received in the Merger**

WPG common shares and WPG preferred shares issued in the merger will not be subject to any restrictions on transfer arising under the Securities Act, except for WPG common shares and WPG preferred shares issued to any holder of Glimcher common shares or Glimcher preferred shares who may be deemed to be an "affiliate" of WPG after the completion of the merger. This proxy statement/prospectus does not cover resales of WPG common or preferred shares received by any person upon the completion of the merger, and no person is authorized to make any use of this proxy statement/prospectus in connection with any resale.

**THE MERGER AGREEMENT**

*This section of this proxy statement/prospectus describes the material provisions of the merger agreement, which is attached as Annex A to this proxy statement/prospectus and incorporated herein by reference. This summary may not contain all of the information about the merger agreement that is important to you. WPG and Glimcher urge you to carefully read the full text of the merger agreement because it is the legal document that governs the merger and the other transactions contemplated by the merger agreement.*

*The merger agreement is not intended to provide you with any factual, financial or other information about WPG or Glimcher or their respective affiliates. The representations, warranties and covenants contained in the merger agreement (and summarized below) were made only for purposes of that agreement and as of specific dates, were solely for the benefit of the parties to the merger agreement, may be subject to important qualifications and limitations agreed upon by the parties, including being qualified by information each of WPG and Glimcher filed with the SEC on or after January 1, 2013 and by certain confidential disclosure letters each of the parties delivered to the other in connection with the signing of the merger agreement that modify, qualify and create exceptions to the representations, warranties and covenants set forth in the merger agreement and that allocate contractual risk between the parties to the merger agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors and security holders. You should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of WPG or Glimcher or their respective affiliates. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after the date of the merger agreement, which subsequent information may or may not be fully reflected in public disclosures by WPG and Glimcher.*

**Merger**

The merger agreement provides for the merger of Glimcher with and into Merger Sub I, upon the terms and subject to the conditions set forth in the merger agreement. Merger Sub I will be the surviving entity in the merger and, following completion of the merger, will continue to be a subsidiary of WPG LP. The merger will become effective on the closing date at the time the articles of merger are accepted for record by the State Department of Assessments and Taxation of the State of Maryland, or at such other time on the closing date agreed to by WPG and Glimcher and specified in the articles of merger.

The merger agreement provides that, unless otherwise agreed to by the parties, the closing date on which the merger will become effective will take place on the third business day following the date on which all of the closing conditions (described under "Conditions to Completion of the Merger") have been satisfied or waived (other than the conditions that by their terms are to be satisfied at closing, but subject to the satisfaction or waiver of those conditions), provided that if the marketing period (as described below) has not ended at such time, the closing will instead occur at the earlier of (i) a business day during the marketing period specified by WPG on no less than three business days' notice to Glimcher and (ii) the last day of the marketing period (or if such day is not a business day, the first business day occurring after). The marketing period is the first period of 20 consecutive business days throughout which WPG has been provided with certain information needed in connection with its financing and certain conditions have been satisfied (such as receipt of the Glimcher shareholder approval, approval for listing on the NYSE of WPG securities and effectiveness of the registration statement on Form S-4 of which this proxy statement/prospectus forms a part).

**Treatment of Glimcher Common Shares in the Merger**

At the effective time of the merger, without any action on the part of any of the parties or any security holder, each Glimcher common share issued and outstanding immediately prior to the merger

Table of Contents

effective time (other than Glimcher common shares owned by Glimcher, WPG LP or Merger Sub I, which will be cancelled, and continuing Glimcher restricted shares (see " Treatment of Glimcher Equity Awards")) will be converted into the right to receive (i) \$10.40 in cash and (ii) 0.1989 of a newly issued, fully paid and non-assessable WPG common share. The cash portion of the merger consideration will be increased or decreased in limited circumstances, if a special distribution is required to be made prior to the acquisition effective time by either WPG or Glimcher in order for such party to maintain its status as a REIT or avoid or reduce the imposition of any entity-level tax.

**Treatment of Glimcher Preferred Shares in the Merger**

Additionally, at the effective time of the merger, (i) each outstanding Glimcher Series G preferred share will convert into one newly issued share of WPG Series G preferred share, (ii) each outstanding Glimcher Series H preferred share will convert into one newly issued WPG Series H preferred share and (iii) each outstanding Glimcher Series I preferred share will convert into one newly issued WPG Series I preferred share, which we collectively refer to as the preferred share merger consideration. Each series of WPG preferred shares will have preferences, rights and privileges substantially identical to the preferences, rights and privileges of the respective series of Glimcher preferred shares prior to the merger.

**Treatment of Glimcher Equity Awards in the Merger**

In connection with consummation of the merger, certain Glimcher equity awards will be assumed by WPG and converted into equity awards in respect of WPG common shares as follows:

**Continuing Glimcher Restricted Share Awards.** At the effective time of the merger, each outstanding and unvested Glimcher Restricted Share award that would otherwise vest as a result of the merger but is held by an individual who has waived such vesting will be converted into a WPG Converted Restricted Share award with respect to a number of WPG common shares equal to the number of Glimcher common shares subject to such Glimcher Restricted Share award multiplied by the Equity Award Exchange Ratio. Each WPG Converted Restricted Share award will be subject to the same terms and conditions applicable to the underlying Glimcher Restricted Share award, including as to vesting (as may be modified by an applicable waiver).

**Glimcher Stock Options.** At the effective time of the merger, each outstanding Glimcher Stock Option will be converted into a WPG Converted Option, with the number of WPG common shares subject to each such WPG Converted Option to equal the product of (x) the total number of Glimcher common shares subject to such Glimcher Stock Option immediately prior to the effective time of the merger and (y) the Equity Award Exchange Ratio, with any fractional shares rounded down to the next lower whole number of shares, and with the exercise price per share of each such WPG Converted Option equal to (i) the per share exercise price for the Glimcher common shares subject to such Glimcher Stock Option divided by (ii) the Equity Award Exchange Ratio (rounded up to the nearest whole cent). Each WPG Converted Option will be otherwise subject to the same terms and conditions applicable to the underlying Glimcher Stock Option, except that such WPG Converted Option will vest in full at the effective time of the merger, unless the holder of such WPG Converted Option has executed a waiver of such vesting.

Additionally, in connection with consummation of the merger, holders of certain other Glimcher equity awards will have the right to receive, in exchange for the cancellation of such awards, the following:

**Vesting Glimcher Restricted Share Awards.** Immediately prior to the effective time of the merger, each outstanding Glimcher Restricted Share award that is held by an individual who does not waive vesting in connection with such award will immediately and automatically vest and entitle the holder

Table of Contents

thereof to the merger consideration plus any accrued but unpaid dividends with respect to such Glimcher Restricted Share award, if any, less applicable withholding.

***Glimcher Performance Share Awards.*** Immediately prior to the effective time of the merger, each outstanding Glimcher Performance Share award will (i) vest if and to the extent the Glimcher Board (or appropriate committee thereof) determines that the performance goals applicable to such Glimcher Performance Share award have been achieved based on actual performance measured at the effective time of the merger (and any Glimcher performance share award that does not so vest will be forfeited without payment of any consideration therefor), and (ii) entitle the holder thereof to the merger consideration, less applicable withholding.

**Partnership Merger**

The merger agreement also provides for the merger of Merger Sub II with and into Glimcher LP, upon the terms and subject to the conditions set forth in the merger agreement. Glimcher LP will be the surviving entity in the partnership merger and, following completion of the partnership merger, will be a subsidiary of WPG LP. The partnership merger will become effective on the closing date and as promptly as practicable following the effective time of the merger, upon the filing of a certificate of merger with the Secretary of State of the State of Delaware or at a later time on the closing date agreed to by WPG and Glimcher and specified in the certificate of merger.

At the effective time of the partnership merger, by virtue of the partnership merger and without any action on the part of any of the parties or any security holder, (i) each Glimcher LP unit issued and outstanding immediately prior to the partnership merger effective time (other than certain Glimcher LP units as set forth in the merger agreement and the Glimcher LP Series I-1 preferred limited partnership units as described below) will be converted into the right to receive 0.7431 of a newly issued, fully paid and non-assessable WPG LP unit, which we refer to as the partnership merger consideration and (ii) each Glimcher LP Series I-1 preferred limited partnership unit issued and outstanding immediately prior to the partnership merger effective time will automatically be converted into one preferred unit of WPG LP having the preferences, rights and privileges substantially identical to the preference, rights and privileges of the Glimcher Series I-1 preferred limited partnership unit prior to the partnership merger, which we refer to as the preferred unit partnership merger consideration.

**Fractional Shares**

In lieu of the issuance of any fractional shares of WPG common shares, holders of Glimcher common shares will receive a cash payment (without interest) in an amount representing such holder's proportionate interest in the net proceeds from the sale by the exchange agent, on behalf of all such holders, of WPG common shares that would otherwise be issued.

**WPG LP Issuances to WPG**

Immediately prior to the merger, WPG LP will issue to WPG, in consideration for the contribution by WPG of the WPG common shares and the WPG preferred shares to be issued in the merger, (i) a number of WPG LP units equal to the aggregate number of WPG common shares issued in the merger (including any WPG common shares sold to satisfy fractional interests), (ii) a number of WPG LP Series G preferred shares equal to the number of WPG Series G preferred shares issued in the merger, (iii) a number of WPG LP Series H preferred shares equal to the number of WPG Series H preferred shares issued in the merger and (iv) a number of WPG LP Series I preferred shares equal to the number of WPG Series I preferred shares issued in the merger.

Table of Contents

**Exchange Agent; Delivery of Consideration**

In accordance with the merger agreement, WPG will appoint an exchange agent. As soon as reasonably practicable after the closing date (and no later than five business days after the closing date), the exchange agent will send a letter of transmittal to record holders of certificated Glimcher common shares, Glimcher preferred shares, Glimcher LP units or Glimcher LP preferred units (as applicable) together with instructions on how to surrender such certificates in exchange for the merger consideration, preferred share merger consideration, partnership merger consideration or preferred unit partnership merger consideration (as applicable). Upon proper surrender of a certificated Glimcher common share, Glimcher preferred share, Glimcher LP unit or Glimcher LP preferred unit (as applicable) for exchange and cancellation to the exchange agent, together with a properly completed and signed letter of transmittal, and delivery of any other documents required by the exchange agent's instructions, the holder of such share or unit will be entitled to receive the merger consideration, preferred share merger consideration, partnership merger consideration or preferred unit partnership merger consideration (as applicable). No interest will be paid or accrued for the benefit of holders of such certificates on the merger consideration, preferred share merger consideration, partnership merger consideration or preferred unit partnership merger consideration (as applicable). Holders of uncertificated, book-entry Glimcher common shares, Glimcher preferred shares, Glimcher LP units or Glimcher LP preferred units (as applicable) will be automatically entitled to receive the merger consideration, preferred share merger consideration, partnership merger consideration or preferred unit partnership merger consideration (as applicable) and will not need to surrender a certificate or execute a letter of transmittal.

**Withholding**

Each party to the merger agreement and the exchange agent is entitled to deduct and withhold from the merger consideration, preferred share merger consideration, partnership merger consideration or preferred unit partnership merger consideration (as applicable), such amounts or property as such party or the exchange agent is required to deduct and withhold under the Code or under any provision of applicable law.

**Representations and Warranties**

## Edgar Filing: Washington Prime Group Inc. - Form S-4/A

Many of the representations and warranties in the merger agreement are qualified by a "material adverse effect" standard. For the purposes of the merger agreement, "material adverse effect" means any event, circumstance, change, occurrence, development or effect that has had or would reasonably be expected to have a material adverse effect on (i) the business, assets, properties, liabilities, financial condition or results of operations of Glimcher and its subsidiaries, taken as a whole, or WPG and its subsidiaries, taken as a whole, as the case may be, or (ii) the ability of Glimcher, Glimcher LP, WPG or WPG LP, as the case may be, to consummate the merger before April 16, 2015. However, for purposes of clause (i), a material adverse effect will not include an event, circumstance, change, occurrence, development or effect, either alone or in combination, to the extent arising out of or resulting from the following:

any change generally affecting the industries or markets in which Glimcher and its subsidiaries, or WPG and its subsidiaries, as applicable, operate;

any change generally affecting economic, regulatory or political conditions in the United States or the global economy or capital, financial or securities markets, including changes in interest rates;

any changes after September 16, 2014 in law or GAAP (or the interpretation of the foregoing);

any failure to meet any projections or forecasts, in and of itself;

except, in the case of the first five bullet points above, to the extent that Glimcher and its subsidiaries, taken as a whole, or WPG and its subsidiaries, taken as a whole, as applicable, are disproportionately adversely affected thereby relative to other participants in the industries in which Glimcher and its subsidiaries, or WPG and its subsidiaries, as applicable, operate (in which case such change or development may be taken into account in determining whether a material adverse effect has occurred).

### **Financing**

In connection with signing the merger agreement, WPG obtained a debt commitment letter pursuant to which the commitment parties have agreed to provide, under certain circumstances and subject to certain conditions, an up to \$1.25 billion senior unsecured bridge loan facility to finance the merger, the repayment of certain existing indebtedness of WPG and of Glimcher, and the payment of certain fees and expenses. For additional information about this debt financing, see "The Merger Financing of the Merger Debt Commitment Letter."

## Edgar Filing: Washington Prime Group Inc. - Form S-4/A

WPG has agreed to use reasonable best efforts to obtain the debt financing on the terms and conditions described in the debt commitment letter. Without the prior written consent of Glimcher, WPG will not agree to or permit any termination, amendment, replacement, supplement or other modification of, or waive any of its material rights under, the debt commitment letter, subject to certain

exceptions, including where such amendment, replacement, supplement or other modification to or waiver of any provision of the debt commitment letter would not reasonably be expected to prevent, materially delay or materially impede the consummation of the debt financing or the merger.

Glimcher has agreed to, and to cause its subsidiaries and representatives to, use reasonable best efforts to provide all cooperation reasonably requested by WPG that is necessary, proper or advisable in connection with the arrangement, marketing and consummation of the debt financing that does not unreasonably interfere with ongoing operations of Glimcher or any Glimcher subsidiaries.

Glimcher has agreed to, and to cause its subsidiaries and representatives to, use reasonable best efforts to deliver all notices and take other actions required to facilitate the termination of commitments in respect of indebtedness, the repayment in full of all obligations (or in the case of any letters of credit, cash collateralization, to the extent that WPG shall not have entered into an alternative arrangement with the issuing bank) in respect of such indebtedness and the release of any liens and guarantees in connection therewith on the closing date.

**Non-Solicitation Obligations of Glimcher**

Glimcher may not, and must cause its subsidiaries and its and their officers and directors and direct its other representatives not to, directly or indirectly through another person, (i) solicit, initiate, knowingly encourage or knowingly facilitate any inquiry, discussion or offer that constitutes or could reasonably be expected to lead to an acquisition proposal, (ii) engage in any discussions or negotiations regarding, or furnish to any third party any non-public information in connection with, or knowingly facilitate any third party in making any acquisition proposal or (iii) enter into any letter of intent, memorandum of understanding or agreement (other than an acceptable confidentiality agreement) providing for or relating to an acquisition proposal.

For the purposes of the merger agreement, "acquisition proposal" means any proposal or offer, whether in one transaction or a series of related transactions, relating to (i) any merger, consolidation, share exchange, business combination or similar transaction involving Glimcher or its subsidiaries, (ii) any sale, lease, exchange, mortgage, pledge, license, transfer or other disposition, directly or indirectly, by merger, consolidation, sale of equity interests, share exchange, joint venture, business combination or otherwise, of any assets of Glimcher or its subsidiaries representing 15% or more of the consolidated assets of Glimcher and its subsidiaries, taken as a whole as determined on a book-value basis (including any indebtedness secured solely by such asset), (iii) any issue, sale or other disposition of (including by way of merger, consolidation, joint venture, business combination, share exchange or any similar transaction) securities (or options, rights or warrants to purchase, or securities convertible into, such securities) representing 15% or more of the voting power of Glimcher, (iv) any tender offer or exchange offer in which any person or "group" (as defined in Rule 13d-3 promulgated under the Exchange Act) seeks to acquire beneficial ownership (as such term is defined in Rule 13d-3 promulgated under the Exchange Act), or the right to acquire beneficial ownership, of 15% or more of the outstanding shares of any class of voting securities of Glimcher, or (v) any recapitalization, restructuring, liquidation, dissolution or other similar type of transaction with respect to Glimcher in which a third party would acquire beneficial ownership of 15% or more of the outstanding shares of any class of voting securities of Glimcher.

Notwithstanding the restrictions set forth in the first paragraph above, the merger agreement provides that, at any time prior to the approval of the merger by the Glimcher shareholders, Glimcher or any Glimcher subsidiary may, directly or indirectly through any representative, in response to an unsolicited bona fide written acquisition proposal by a third party made after the date of the merger agreement, (i) furnish non-public information to such third party and its representatives (provided, however, that prior to so furnishing such information, Glimcher receives from the third party an executed acceptable confidentiality agreement, and any non-public information concerning Glimcher or

Table of Contents

its subsidiaries that is provided to such third party must, to the extent not previously provided to the WPG parties, be provided to the WPG parties prior to or substantially at the same time that such information is provided to such third party), and (ii) engage in discussions or negotiations with such third party and its representatives with respect to the acquisition proposal if, in the case of each of clauses (i) and (ii), the Glimcher Board determines in good faith, after consultation with outside legal counsel and financial advisors, that such acquisition proposal constitutes, or could reasonably be likely to result in, a superior proposal.

For the purposes of the merger agreement, "superior proposal" means any bona fide written acquisition proposal (except that, for purposes of this definition, the references in the definition of "acquisition proposal" to "15%" are replaced by "50%") made by a third party on terms that the Glimcher Board determines in good faith, after consultation with Glimcher's outside legal counsel and financial advisors would result, if consummated, in a transaction, that is more favorable from a financial point of view to the holders of Glimcher common shares than the merger and other transactions contemplated by the merger agreement after taking into account the likelihood and timing of consummation (as compared to the transactions contemplated by the merger agreement) and such other matters that the Glimcher Board deems relevant, including legal, financial (including the financing terms of any such acquisition proposal), regulatory and other aspects of such acquisition proposal and the identity of the person making such proposal.

Glimcher must notify WPG promptly (but in no event later than 24 hours) after receipt by an officer of Glimcher or trustee on the Glimcher Board of any acquisition proposal or any inquiry from any person or entity seeking to have discussions or negotiations with Glimcher relating to a possible acquisition proposal, or if it enters into discussions or negotiations concerning any acquisition proposal or provides non-public information to any person. In addition, Glimcher must keep WPG reasonably informed of the status and material terms of any such acquisition proposals or offers on a reasonably current basis, including by providing a copy of all drafts and final versions of agreements relating thereto (which may be redacted to the extent necessary to protect confidential information of the business or operations of the person or entity making such acquisition proposal).

Except as described below, neither the Glimcher Board nor any committee thereof may (i) withhold, withdraw or modify (or publicly propose to withhold, withdraw or modify), in a manner adverse to the WPG parties, the Glimcher Board's recommendation to Glimcher shareholders that they approve the merger and the other transactions contemplated by the merger agreement, (ii) approve, adopt or recommend (or publicly propose to approve, adopt or recommend) any acquisition proposal, (iii) fail to include the Glimcher Board's recommendation in this proxy statement/prospectus or (iv) fail to publicly recommend against any acquisition proposal or publicly reaffirm the Glimcher Board's recommendation within ten business days after the request of WPG following an acquisition proposal that has been publicly announced (or such fewer number of days as remains prior to the Glimcher special meeting). In this proxy statement/prospectus, we refer to any of clauses (i) through (iv) above as an "adverse recommendation change."

Notwithstanding the foregoing, Glimcher may make an adverse recommendation change or terminate the merger agreement in order to enter into an alternative acquisition agreement with respect to a superior proposal (provided that Glimcher pays the termination fee to WPG (see "Termination of the Merger Agreement Termination Fee and Expenses")) if the Glimcher Board (A) has received an unsolicited bona fide acquisition proposal that was not solicited in breach of the provisions described above and that, in the good-faith determination of the Glimcher Board, after consultation with outside legal counsel and financial advisors, constitutes a superior proposal (after giving effect to all of the adjustments which may be offered by WPG), and (ii) determines in good faith, after consultation with outside legal counsel, that failure to take such action could reasonably be expected to be inconsistent with the trustees' duties under applicable law. In addition, Glimcher may make an adverse recommendation change, other than in response to an acquisition proposal, if the

Table of Contents

Glimcher Board determines in good faith, after consultation with outside legal counsel, that failure to take such action could reasonably be expected to be inconsistent with the trustees' duties under applicable law.

The Glimcher Board may not make an adverse recommendation change or terminate the merger agreement in order to enter into an alternative acquisition agreement with respect to a superior proposal unless (i) Glimcher has notified WPG in writing that the Glimcher Board intends to take such action, specifying its reasons in reasonable detail and, in the case of an adverse recommendation change as a result of an unsolicited bona fide acquisition proposal, describing the material terms and conditions of (and attaching a complete copy of) the superior proposal that is the basis of such action (which documentation may be redacted to the extent necessary to protect confidential information of the business or operations of the person or entity making such acquisition proposal), (ii) during the 72-hour period following WPG's receipt of such notice of an adverse recommendation change, Glimcher and its representatives have negotiated with the WPG parties in good faith (if requested by the WPG parties) to adjust the terms and conditions of the merger agreement so that the adverse recommendation change or termination of the merger agreement is no longer necessary and (iii) after the end of such 72-hour period, the Glimcher Board has determined in good faith, after consultation with outside legal counsel and financial advisors, taking into account any changes to the merger agreement proposed in writing by WPG that (a) in the case of an adverse recommendation change due to a superior proposal, the superior proposal giving rise to the notice continues to constitute a superior proposal, and (b) in the case of an adverse recommendation change other than in response to an acquisition proposal, after consultation with outside legal counsel, that failure to take such action could reasonably be expected to be inconsistent with the Glimcher Board's duties under applicable law. Any material change to the terms of such superior proposal, including any change to the financial terms, will require a new notice of an adverse recommendation change and will give rise to one additional match right as described above for WPG (except that references to "72" hours will be deemed to refer instead to "48" hours). In no event will there be more than two negotiation periods, and Glimcher will not be required to deliver more than two notices of an adverse recommendation change or to comply with the other requirements summarized in this paragraph that would otherwise have been applicable if Glimcher had delivered additional notices of an adverse recommendation change.

**Form S-4, Proxy Statement/Prospectus; Shareholders Meeting**

Glimcher and WPG agreed to use their reasonable best efforts to (i) have the registration statement on Form S-4, of which this proxy statement prospectus forms a part, declared effective under the Securities Act as promptly as practicable after filing, (ii) ensure that such Form S-4 complies in all material respects with the applicable provisions of the Exchange Act and Securities Act and (iii) keep such Form S-4 effective for so long as necessary to complete the merger.

Glimcher agreed to use its reasonable best efforts to cause this proxy statement/prospectus to be mailed to its shareholders entitled to vote at the Glimcher special meeting as soon as practicable after such Form S-4 is declared effective and agreed to hold its special meeting as soon as practicable after the Form S-4 is declared effective, subject to Glimcher's right to make one or more postponements or adjournments of the Glimcher shareholder meeting under certain circumstances specified in the merger agreement. Glimcher further agreed to use its reasonable best efforts to obtain the approval of its shareholders, unless the Glimcher Board makes an adverse recommendation change in accordance with the provisions of the merger agreement described above.

**Efforts to Complete Transactions; Consents**

Each of the parties to the merger agreement has agreed to use its reasonable best efforts to take all actions and do all things necessary, proper or advisable under applicable laws or pursuant to any

contract or agreement to consummate and make effective, as promptly as practicable, the merger and the other transactions contemplated by the merger agreement.

Each of the parties to the merger agreement has agreed to provide any necessary notices to third parties and to use its reasonable best efforts to obtain any third-party consents that are necessary, proper or advisable to consummate the merger. They have also agreed to provide certain information and assistance and to cooperate in connection with governmental filings and inquiries.

Glimcher will not be required by the foregoing to propose, commit to or effect any action that is not conditioned on the consummation of the merger.

**Access to Information; Confidentiality**

The merger agreement requires each party to provide, with limited exceptions, to the other parties and their representatives, upon reasonable notice and during normal business hours, reasonable access to such party's properties, offices, books, contracts, commitments, personnel and records.

Any non-public information exchanged pursuant to the merger agreement is subject to certain confidentiality obligations.

**Notification of Certain Matters; Transaction Litigation**

Each of WPG and Glimcher have agreed to promptly notify the other with respect to certain matters, including in the event of certain breaches of representations, warranties or covenants or developments that would reasonably be expected to cause any of the conditions to closing not to be satisfied or satisfaction to be materially delayed.

The parties to the merger agreement have also agreed to notify each other of any actions, suits, claims, investigations or proceedings commenced or threatened in connection with the merger agreement, the merger or the other transactions contemplated by the merger agreement, and to allow each other the opportunity to reasonably participate in the defense and settlement of any shareholder litigation and not to agree to a settlement of any shareholder litigation without the other's consent (not to be unreasonably withheld).

**Agreements with Simon LP**

Under the merger agreement, Glimcher and Glimcher LP have agreed that, to the extent requested by WPG, the appropriate Glimcher entities will convey certain designated properties to Simon LP immediately prior to the effective time of the merger. WPG has agreed that it may not (i) amend or otherwise modify the purchase agreement with Simon LP or grant any consent or waiver under such agreement or (ii) take any action, or omit to take any action, in each case, that could reasonably be expected to prevent Simon LP's purchase of assets from being consummated prior to the outside date. WPG is also required to comply with its obligations under the purchase agreement with Simon LP and to pursue all remedies against Simon LP in connection with any breach by Simon LP of the purchase agreement. WPG will also keep Glimcher informed on a reasonably current basis of the status of Simon's purchase of the Jersey Gardens property and University Park Village property. The consummation of the sale of such properties to Simon LP is not a condition to the completion of the merger.

**Stock Exchange Listing**

WPG has agreed to use its reasonable best efforts to cause the WPG common shares to be issued in connection with the merger, the WPG common shares reserved for issuance in the merger and WPG preferred shares to be issued in the merger, in each case to be approved for listing on the NYSE, subject to official notice of issuance, prior to the effective time of the merger.

**Employee Matters**

WPG has agreed under the merger agreement that it will, and will cause its subsidiaries to:

for one year following closing, provide each employee of Glimcher and its subsidiaries who continues employment with WPG or its subsidiaries following the merger with (i) no less favorable salary or hourly wage rates and target annual bonus opportunities than those provided by Glimcher or its subsidiaries to such employees as of immediately prior to closing, and (ii) all other compensation and employee benefits arrangements that are no less favorable in the aggregate than those provided by Glimcher or its subsidiaries to such employees as of immediately prior to closing; provided that, each employee of Glimcher or its subsidiaries who as of immediately prior to the effective time of the merger is covered by a collective bargaining agreement will be provided with compensation and benefits consistent with the terms of the collective bargaining agreement;

no later than May 31, 2015, grant long-term incentive awards (under the applicable WPG equity plan(s)) to eligible employees of Glimcher and its subsidiaries who continue employment with WPG or its subsidiaries, with such grants to be made in the ordinary course of business and consistent with the past practices of Glimcher and its subsidiaries (including as to timing and amount of such grants);

from and after closing, provide each employee of Glimcher and its subsidiaries who continues employment with WPG or its subsidiaries with credit for service with Glimcher or its subsidiaries for purposes of determining eligibility, vesting, levels of benefits and benefit accrual under WPG's employee benefit and compensation plans to the same extent that such service was credited under a comparable plan of Glimcher or its subsidiaries; and

from and after the effective time of the merger, with respect to any disability, dental, medical or health plan of WPG and its subsidiaries in which any employee of Glimcher and its subsidiaries who continues employment with WPG or its subsidiaries is eligible to participate, use reasonable commercial efforts to, (i) cause to be waived any eligibility waiting periods, evidence of insurance requirements, actively-at-work requirements or pre-existing condition limitations to the extent such periods, limitations or restrictions would have been waived or satisfied, or such condition would have been covered, under the benefits plan(s) of Glimcher or its subsidiaries in which such employee participated immediately prior to closing, and (ii) recognize any deductible, co-payment and out-of-pocket expenses incurred by such employee and such employee's beneficiaries during the portion of the calendar year prior to commencement of participation in such WPG benefit plan.

In addition, WPG and Glimcher have agreed to calculate and pay fiscal year 2014 bonuses in the ordinary course of business consistent with past practice (including as to amount, timing of determination of achievement of performance targets and timing of payment). However, performance targets may be adjusted, as reasonably determined by the Glimcher Board and approved by WPG (such approval not to be unreasonably withheld), to reflect any non-recurring charges that are a direct result of the merger and that would not reasonably be expected to have been incurred had the merger not taken place. Additionally, if WPG and Glimcher reasonably determine that closing will not occur prior to December 31, 2014, to the extent reasonably requested by WPG, Glimcher and its subsidiaries will, in order to mitigate the impact of Sections 280G and 4999 of the Code, make or deliver payments or awards in 2014 that (i) are earned in 2014 and payable in the ordinary course of business in 2015 or (ii) would be earned or eligible to be earned in the ordinary course of business in 2014, but that Glimcher and WPG reasonably determine in 2014 are substantially certain to be earned in whole or in part.

**Indemnification of Directors and Officers; Insurance**

For a period of six years after closing, pursuant to the terms of the merger agreement and subject to certain limitations, the surviving entity in the merger will indemnify, defend and hold harmless each officer and director of Glimcher for actions or omissions at or prior to the effective time of the merger in their capacity as such, including with respect to the merger. In addition, the merger agreement sets out certain obligations of WPG, Glimcher and the surviving entity in the merger to maintain director and officer insurance coverage for a specified period of time after closing. For additional information, see "The Merger Interests of Glimcher's Trustees and Executive Officers in the Merger Directors' and Officers' Indemnification and Insurance."

**Public Announcements**

The parties to the merger agreement agreed, subject to certain exceptions, that they and their respective affiliates will, to the extent reasonably practicable, consult with each other before issuing any press release or otherwise making any public statements or filings with respect to the merger agreement or any of the transactions contemplated by the merger agreement.

**Stub Dividend**

WPG will declare a dividend to the holders of WPG common shares, and Glimcher will declare a dividend to the holders of Glimcher common shares, the record and payment date for each of which will be the close of business on the last business day prior to closing, subject to funds being legally available for such dividends. The per share dividend amount payable by each of WPG and Glimcher will be an amount equal to its most recent quarterly dividend, multiplied by the number of days elapsed since the last dividend record date through and including the day prior to the closing date, and divided by the actual number of days in the calendar quarter in which such dividend is declared.

**Restructuring**

Prior to closing, Glimcher is required to complete certain restructuring transactions converting certain Glimcher subsidiaries from Delaware corporations to Delaware limited liability companies. In addition, upon written request by WPG at least ten business days prior to the closing date, Glimcher will use its reasonable best efforts to effect such restructuring of its business, assets, operations and subsidiaries as may be requested by WPG, including transfers of stock, partnership interests or limited liability company interests and making certain tax elections.

The merger agreement also provides certain limitations on the restructuring, including that the restructuring may not delay or prevent the closing and must be implemented as close as possible to the closing date. In addition, the restructuring may not affect or modify the obligations of the WPG parties under the merger agreement, adversely change or alter the consideration payable to Glimcher shareholders or Glimcher LP unitholders in the merger or partnership merger, require Glimcher or Glimcher LP to take any action that may impose any additional taxes on the Glimcher LP limited partners or adversely affect the tax treatment of the merger or partnership merger for the Glimcher shareholders or Glimcher LP unitholders. WPG is required to advance Glimcher all reasonable expenses incurred by Glimcher and must indemnify and hold harmless Glimcher and its subsidiaries from any liabilities incurred in connection with the restructuring.

**Certain Governance Matters**

Following closing, WPG will conduct business under the name "WP GLIMCHER" and will use such name for all purposes, except as otherwise required by law or contract. At WPG's 2015 annual meeting of shareholders, the holders of WPG common shares will be asked to vote on a proposal to amend the WPG Articles to change the name of WPG to "WP GLIMCHER Inc." The WPG Board will

recommend that WPG shareholders vote in favor of such shareholder proposal. In connection with the meeting, WPG will use reasonable best efforts to solicit proxies for such shareholder approval. In the event that the necessary approval to change the name to "WP GLIMCHER Inc." is not obtained at such special shareholders meeting, WPG will continue to use reasonable best efforts to obtain shareholder approval of such name change for at least two additional meetings of its shareholders until such approval is obtained or made.

WPG will take all requisite action to cause the WPG Board immediately after the merger to consist of nine members: Mark Ordan, Michael P. Glimcher, Richard S. Sokolov, five additional directors of WPG as of September 16, 2014 and one additional trustee of Glimcher who as of September 16, 2014 was a member of the Glimcher Board, to be mutually agreed between Glimcher and WPG prior to closing, who will serve as chairman of the compensation committee of the WPG Board. Glimcher and WPG have agreed on Niles C. Overly as the additional trustee of Glimcher to serve on the WPG Board.

Upon effectiveness of the merger, Mark Ordan will become the executive chairman of WPG and Michael P. Glimcher will become the chief executive officer and vice chairman of WPG.

Following closing, the corporate headquarters and operations for WPG and its subsidiaries will be in Columbus, Ohio.

**Termination of the Merger Agreement**

*Termination by Mutual Agreement*

The merger agreement may be terminated at any time before the effective time of the merger by the mutual written agreement of WPG and Glimcher.

*Termination by Either WPG or Glimcher*

The merger agreement may also be terminated prior to the effective time of the merger by either WPG or Glimcher if:

the merger has not been consummated on or before the outside date (provided that this termination right will not be available to any party that failed to perform its obligations under the merger agreement if that failure was the primary cause of, or resulted in, the merger not closing by the outside date);

a governmental authority of competent jurisdiction has issued a final and non-appealable order permanently restraining, enjoining or otherwise prohibiting the merger (provided that this termination right will not be available to a party if the issuance of such order was primarily due to the failure of such party to perform any of its obligations under the merger agreement and unless such party has used reasonable best efforts to oppose any order); or

the holders of Glimcher common shares fail to approve the merger and the other transactions contemplated by the merger agreement at the Glimcher special meeting.

*Termination by WPG*

The merger agreement may also be terminated prior to the effective time of the merger by WPG if:

Glimcher or Glimcher LP has breached or failed to perform in any material respect any of its representations, warranties, covenants or other agreements set forth in the merger agreement, such breach or failure would, or would reasonably be expected to, result in a failure of a closing condition related to the accuracy of Glimcher's and Glimcher LP's representations and

warranties or their material performance of or compliance with its obligations under the merger agreement, and such breach cannot be cured on or before the outside date (provided that WPG shall not have the right to terminate the merger agreement if WPG is then in material breach of any of its covenants or agreements contained in the merger agreement);

the Glimcher Board has made an adverse recommendation change; or

Glimcher has willfully and materially breached its non-solicitation and related obligations and such material breach, if curable by Glimcher, has not been fully cured by Glimcher within five calendar days following Glimcher's receipt of written notice of such breach (provided that any breach that results in an acquisition proposal that is publicly disclosed shall not be curable).

***Termination by Glimcher***

The merger agreement may also be terminated prior to the effective time of the merger by Glimcher:

if any WPG party has breached or failed to perform in any material respect any of its representations, warranties, covenants or other agreements set forth in the merger agreement, such breach or failure would, or would reasonably be expected to, result in a failure of a closing condition related to the accuracy of the WPG parties' representations and warranties or their material performance of or compliance with their obligations under the merger agreement, and such breach cannot be cured by the WPG parties on or before the outside date (provided that Glimcher shall not have the right to terminate the merger agreement if Glimcher is then in material breach of any of its covenants or agreements contained in the merger agreement); or

at any time prior to the approval of the merger and the other transactions contemplated by the merger agreement by the holders of Glimcher common shares in order to enter into an alternative acquisition agreement with respect to a superior proposal in accordance with the provisions of the merger agreement, provided that Glimcher substantially concurrently pays the termination fee (see " Termination Fee and Expenses").

***Termination Fee and Expenses***

Glimcher has agreed to pay WPG a termination fee in the amount of \$47.61 million if the merger agreement is terminated by:

Glimcher at any time prior to the approval of the merger and the other transactions contemplated by the merger agreement by the Glimcher shareholders in order to enter into an alternative acquisition agreement with respect to a superior proposal in accordance with the provisions of the merger agreement;

either Glimcher or WPG if (i) the Glimcher shareholder approval has not been obtained at the Glimcher special meeting (including any adjournment or postponement thereof) at which the merger was voted upon (ii) after the date of the merger agreement but before the Glimcher special meeting, an acquisition proposal for 50% or more of Glimcher's common shares or voting power or consolidated assets is made to Glimcher or any person has publicly made an acquisition proposal that is not publicly withdrawn before the Glimcher special meeting and (iii) Glimcher consummates or executes a definitive agreement regarding an acquisition proposal for 50% or more of Glimcher's common shares or voting power or consolidated assets within 12 months of termination;

WPG if the Glimcher Board has made an adverse recommendation change; or

Glimcher within five calendar days following Glimcher's receipt of written notice of such material breach.

The merger agreement provides generally that each party will pay its own fees and expenses in connection with the merger agreement, except that:

Glimcher will pay WPG up to \$8.5 million of WPG's actual, out-of-pocket expenses if the merger agreement is terminated by either Glimcher or WPG because the Glimcher shareholder approval has not been obtained at the Glimcher special meeting (including any adjournment or postponement thereof) at which the merger was voted upon and, after the date of the merger agreement but prior to the date of the Glimcher special meeting, an acquisition proposal has been made to Glimcher or any person has publicly made an acquisition proposal (and such acquisition proposal has not been publicly withdrawn before the Glimcher special meeting). In the event that such expense reimbursement is paid to WPG and the termination fee subsequently becomes payable, the expense reimbursement will be credited against such termination fee;

Glimcher and WPG will share equally all expenses related to the printing, filing and distribution of this proxy statement/prospectus and the registration statement on Form S-4 of which this proxy statement/prospectus forms a part (other than attorneys' and accountants' fees); and

WPG will pay all third party fees and expenses incurred by Glimcher in connection with seeking and obtaining certain lender consents and undertaking the restructuring.

In no event will the aggregate payment by Glimcher to WPG pursuant to the termination fee and WPG expense amount provisions of the merger agreement require Glimcher to pay WPG an amount in excess of the termination fee.

### **Remedies and Other Provisions**

#### ***Specific Performance***

The parties to the merger agreement are entitled to seek injunctions, specific performance and other equitable relief to prevent breaches of the merger agreement and to enforce specifically the terms and provisions of the merger agreement in addition to any and all other remedies at law or in equity.

#### ***Amendment***

The parties to the merger agreement may amend the merger agreement by mutual agreement by action taken or authorized by their respective boards at any time before or after receipt of the Glimcher shareholder approval and prior to the effective time of the merger, provided that, after approval of the merger and the other transactions contemplated by the merger agreement by Glimcher's shareholders, no amendment may be made that by law or in accordance with the rules of any stock exchange requires further approval by Glimcher's shareholders, without the approval of such shareholders, or that is not permitted under applicable law.

#### ***Waiver***

Prior to the effective time of the merger, the Glimcher parties, on the one hand, and the WPG parties, on the other hand, may extend the time for performance of any obligation of the other or waive any inaccuracy in the representations and warranties of the other or their compliance with any agreement or condition contained in the merger agreement, to the extent permitted by law.
