PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

On July 1, 2011, the Registrant lost its status as a foreign private issuer under Rule 3b-4 of the Securities Exchange Act of 1934, as amended, and began filing reports on domestic forms. As a result of the change in status from a foreign private issuer to a domestic issuer, the Registrant's annual report on Form 10-K became due on an accelerated basis and the Registrant became required to prepare its financial statements under United States Generally Accepted Accounting Principles (GAAP). Previously, the Registrant filed its annual report on Form 20-F and prepared its financial statements in accordance with Canadian GAAP. Further, the Registrant has been preparing its interim financial statements since the end of its last fiscal year in accordance with International Financial Reporting Standards (IFRS). Due to its change in status, the new requirements mandated that the Registrant switch from Canadian GAAP and IFRS to United States GAAP on an accelerated basis and revise its corporate disclosure to meet the requirements of domestic forms. The Registrant has worked diligently to meet its new reporting obligations, but Registrant could not, without unreasonable effort or expense, prepare its financial statements under US GAAP and revise its disclosure to meet the requirements of domestic forms on an accelerated basis. The Registrant will file the annual report on Form 10-K on or before the fifteenth calendar day following the prescribed due date.
