Dear Shareholder:

You are cordially invited to attend Thunder Mountain Gold, Inc.'s annual meeting of shareholders on Tuesday, April 30, 2013, at 1:00: p.m. Mountain Time. The meeting will be held at the Tablerock Brewpub, 705 Fulton St, Boise, ID 83712, Boise, Idaho. The matters to be acted upon at the meeting are described in the attached Notice of Annual Meeting of Shareholders and Proxy Statement.

There are a few changes to the Board slate this year. I am very pleased to have Gary Babbitt and Larry Kornze appointed to the Board and who are also nominated for election to our Board this year. Both Gary and Larry bring a deep understanding and appreciation of the mining industry. In addition to these changes, Dr. Robin McRae is retiring from the Board after 34 years as a Director. We thank him for his many years of service to the Company.

The Company is once again taking advantage of the Securities and Exchange Commission rules that allows us to provide proxy materials over the Internet. On or about March 12, 2013, we will begin mailing a Notice of Internet Availability of Proxy Materials to stockholders informing them that the Proxy Statement, 2012 Annual Report (when filed) and voting instructions are available online.

As more fully described in that Notice, all stockholders may choose to access proxy materials on the Internet or may request paper copies of the proxy materials. We believe that using the Internet reduces costs, provides greater flexibility to our shareholders, and conserves resources. Subsequent to the formal meeting and its items of business at the Annual Meeting, Jim Collord and I will review major Company developments over the past year and share with you our plans for the future. You will have an opportunity to ask questions and express your views to the management of the Company. Members of the Board of Directors will also be present.

Whether or not you are able to attend the Annual Meeting in person, it is important that your shares be represented. Please vote your shares using the Internet or the designated toll-free telephone number, or by requesting a printed copy of the proxy materials and completing and returning by mail the proxy card you will receive in response to your request. Instructions on each of these voting methods are outlined in the enclosed Proxy Statement. Please vote as soon as possible.

I hope to see you on April 30.

YOUR VOTE IS VERY IMPORTANT. Whether or not you plan to attend the Annual Meeting of Shareholders, we urge you to vote and submit your proxy by the Internet (see below for instructions) or mail so that a quorum may be represented at the meeting. Any person giving a proxy has the power to revoke it at any time, and stockholders who are present at the meeting may withdraw their proxies and vote in person. If you hold your shares through an account with a brokerage firm, bank or other nominee, please follow the

VOTING AT ANNUAL MEETING AND PRINCIPAL SECURITY HOLDERS

General

The close of business on the Record Date of March 8, 2013 has been fixed as the record date for determination of the shareholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). As of the Record Date, there were issued and outstanding 30,167,549 shares of Common Stock entitled to vote. A majority of such shares will constitute a quorum for the transaction of business at the Annual Meeting. The holders of record on the Record Date of the shares entitled to be voted at the Annual Meeting are entitled to cast one vote per share on each matter submitted to a vote at the Annual Meeting. Except for ratification and approval of Owyhee Gold Trust LLC, all action proposed herein may be taken upon a favorable vote of the holders of a majority of the outstanding Common Stock, present at the meeting in person or by proxy. Ratification and approval of Owyhee Gold Trust LLC requires the favorable vote of the holders of a majority of the outstanding shares.

Proxies

Shares of Common Stock which are entitled to be voted at the Annual Meeting and which are represented by properly executed proxies will be voted in accordance with the instructions indicated in such proxies. If no instructions are indicated, such shares will be voted for the resolutions as follows: (1) FOR election of eight directors; (2) FOR the ratification and reapproval of the Stock Option Plan; (3) FOR ratification of DeCoria, Maichel & Teague P.S. as independent auditors; (4) FOR the approval, on a non-binding advisory basis, the compensation paid to our Officers; (6) FOR ratification and approval of the Owyhee Gold Trust LLC; and (7) in accordance with the best judgment of the named proxies on any other matters properly brought before the Annual Meeting. The Board of Directors takes no position on the three alternatives be offered to stockholders for consideration, the Board is not making a recommendation as item 5, e.g. the frequency of voting on our executive compensation.

Internet Voting

We are furnishing proxy materials to our shareholders primarily via the Internet, instead of mailing printed copies of those materials to each shareholder. By doing so, we save costs and reduce the environmental impact of our Annual Meeting. On March 12, 2013, we mailed a Notice of Internet Availability of Proxy Materials to certain of our shareholders. The Notice contains instructions about how to access our proxy materials and vote online or vote by

telephone. If you would like to receive a paper copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials. If you previously chose to receive our proxy materials electronically, you will continue to receive access to these materials via e-mail unless you elect otherwise.

A shareholder who has executed and returned a proxy may revoke it at any time before it is voted at the Annual Meeting by timely executing and returning, by Internet, mail, or in person at the Annual Meeting, a proxy bearing a later date, by giving written notice of revocation to the Secretary of the Company, or by attending the Annual Meeting and voting in person or delivering instruction to the Company via email and with written confirmation. A proxy is not revoked by the death or incompetence of the maker unless, before the authority granted thereunder is exercised, written notice of such death or incompetence is received by the Company from the executor or administrator of the estate or from a fiduciary having control of the shares represented by such proxy.

The indication of an abstention on a proxy or the failure to vote either by proxy or in person will be treated as neither a vote "for" nor "against" the election of any director. Each of the other matters must be approved by the affirmative vote of a majority of shares present in person or represented by proxy at the meeting and entitled to vote. Abstention from voting will have the practical effect of voting against these matters since it is one less vote for approval. The shares of a shareholder whose ballot on any or all proposals is marked as "abstain" will be included in the number of shares present at the Annual Meeting for the purpose of determining the presence of a quorum.

Broker non-votes, shares held by brokers or custodians for the accounts of others as to which voting instructions have not been given, will be treated as shares that are present for determining a quorum, but will not be counted for purposes of determining the number of votes cast with respect to a proposal. If you are the beneficial owner of shares held by a broker or other custodian, you may instruct your broker how you would like your shares voted through the voting instruction form included with this Proxy Statement.

If you wish to vote the shares you own beneficially at the meeting, you must first request and obtain a legal proxy from your broker or other custodian. If you choose not to provide instructions or a legal proxy, your shares are referred to as *uninstructed shares*. Whether your broker or custodian has the discretion to vote these shares on your behalf is routine matters for consideration at the meeting, in this case, item 3, the ratification of the appointment of our independent auditors for 2011. Prior to January 1, 2010 brokers and custodians were allowed to vote uninstructed shares in uncontested director elections. **Beginning January 1, 2010, brokers and custodians can no longer vote uninstructed shares on your behalf in director elections. For your vote to be counted, you must submit your voting instruction form to your broker or custodian.**

For purposes of our majority vote standard for uncontested director elections, the following will not be votes cast: (a) a share whose ballot is marked as withheld, (b) a share otherwise present at the meeting but for which there is an abstention, and (c) a share otherwise present at the meeting as to which a shareholder gives no authority or direction.

Vote confidentiality

We maintain the confidentiality of the votes of individual shareholders. Ballots, proxy forms, and voting instructions returned to brokerage firms, banks, and other holders of record are kept confidential. Only the proxy solicitor, the proxy tabulator, and the inspector of election have access to the ballots, proxy forms, and voting instructions. The proxy solicitor and the proxy tabulator will disclose information taken from the ballots, proxy forms, and voting instructions only if there is a proxy contest, if the shareholder authorizes disclosure, to defend legal claims, or as otherwise required by law. If you write comments on your proxy card or ballot, management may learn how you voted in reviewing your comments.

Proposal Number	Item	Votes Required for Approval	Abstentions	<i>Uninstructed Shares</i>
1	Election of Directors	Majority of shares cast	Not counted	Not voted
2	Ratify and Reapprove the Stock Option Plan	Majority of shares cast	Not counted	Not Voted

The Company will bear all the costs and expenses relating to the solicitation of proxies, including the costs of preparing, printing and mailing this Proxy Statement and accompanying material to shareholders. In addition to the solicitation of proxies by use of the mails, the directors, officers, and employees of the Company, without additional compensation, may solicit proxies personally or by telephone or telegram.

Under the current bylaws of the Company the proposed term of office for which each nominee is a candidate is until the 2013 Annual Meeting of Shareholders or until his successor shall have been elected and shall have qualified.

PROPOSAL 2: RATIFICATION AND REAPPROVAL OF THE STOCK OPTION PLAN

Introduction

Pursuant to Policy 4.4 of the Toronto Stock Exchange Venture Listing (TSX-V) Corporate Finance Manual, all TSX-V listed companies are required to adopt a stock option plan prior to granting incentive stock options.

On July 19, 2011, the Shareholders ratified and approved the *Stock Option Plan* ("SOP" or the *Plan*). The *Plan* became effective May 2, 2010 and terminates the earlier of (i) ten years from effective date; or, (ii) the date determined by the Board of Directors.

The Company's Stock Option Plan as previously approved, contains Evergreen and rolling maximum provisions and is a rolling plan. Under TSX-V policies, all such rolling stock option plans must be approved and ratified by shareholders on an annual basis.

As of December 31, 2012, there were 1,016,750 shares available for future grants under our Plan.

Stock Option Plan Information

The maximum number of options and shares that could be granted under the Plan for calendar year 2011 was 2,700,000; and the maximum number of options and shares that could be granted under the Plan for calendar year 2012 was 1,016,750. The total options and shares that were granted under the Plan for calendar year 2011 was -0- and the maximum number of options and shares that were granted under the Plan for calendar year 2012 was 990,000.

Purpose of Plan

The Plan is a stock-based incentive bonus program, and its purpose is to motivate and reward eligible officers, directors, employees, and consultants for good performance by allowing the issuance of stock options and common stock. The Company's directors, executive officers, employees and consultants are eligible to receive benefits under the SOP and to afford these individuals the opportunity to acquire a proprietary interest in the Company; and to enable the Company to enlist and retain the best available talent for the conduct of its business

2012 and 2010 Stock Option Grants

The Company has made two series of options grants: (i) **2010 Stock Options**. On August 24, 2010, the Board of Directors granted options for 2,000,000 shares of common stock. Such grants were made to officers, directors and advisors. Those Option grants were ratified by our shareholders on July 19, 2011. The effective date of those options granted was August 24, 2010 (the 2010 Stock Options); and, (ii) **2012 Stock Options**. On November 29, 2012, the Board granted stock options for 990,000 common shares to an aggregate of ten directors, officers, consultants and advisors of the Company (the 2012 Stock Options). Those Option grants have not yet been ratified by our shareholders.

Once the *Plan* is ratified and reapproved by shareholders and approved by the TSX-V, the 2012 Options will be deemed granted and valued for legal and tax purposes as of November 29, 2012. For accounting purposes, the 2012 Options will be deemed granted as of the date of shareholder ratification and reapproval, e.g. this Annual Meeting.

There were no stock options granted in 2011.

The following table sets forth the amounts allocated to each of the following under the SOP for calendar years 2010 and 2012:

Plan Administration

The *Plan* is currently administered by THMG's Board of Directors. The Plan provides for the grant of stock options, incentive stock options, restricted stock awards, and incentive awards to eligible individuals, namely President, Vice-President, Secretary, Treasurer, Chief Executive Officer, Chief Financial Officer and/or Principal Financial Officer, Directors, and Advisors.

Date of Plan Effectiveness and Prior Ratified Granted Options

The *Plan* became effective on May 2, 2010, and options for 2,000,000 shares were granted on August 24, 2010. Those grants of options were ratified by shareholders on July 19, 2011. The effective date of those options granted was August 24, 2010. For accounting purposes, the options granted were valued as of July 19, 2011, which was the shareholder ratification and approval date. For legal and tax purposes, the options were deemed granted and valued as of August 24, 2010.

Summary of Plan

The following summary highlights selected information about Plan and may not contain all of the information that is important to you. You should carefully read the entire Plan and entire statement for a complete understanding of the Plan. The Plan is attached as **Appendix A**.

General. The *Plan* is a non-qualified deferred compensation Plan under Section 401(a) of the Internal Revenue Code of 1986, as amended (the "Code"), nor is it subject to the Employee Retirement Income Security Act of 1974, as amended.

Eligibility. Under the *Plan* eligible individuals affiliated with the Company include: any employees, President, Vice-President, Secretary, Treasurer, Chief Executive Officer, Chief Financial Officer and/or Principal Financial Officer, Directors, and advisors. Advisors are only eligible if they have furnished *bona fide* services to the Company and the services are not related to the offer or sale of securities in a capital-raising transaction.

Administration. The *Plan* is administered by the Compensation Committee, or if no Compensation Committee has been appointed then the Board of Directors will administer the *Plan* (the administrators). Currently there is no Compensation Committee. The Compensation Committee will have the authority to select, from among eligible persons, the individuals to whom awards will be granted, the number of shares of stock subject to each award, the dates on which the awards will be granted, the pricing and vesting of any awards, to make any combination of awards

to any Eligible Participant and to determine the specific terms of each award. The interpretation and construction of any provision of the *Plan* by the administrators shall be final and conclusive.

Reserved Shares. The Plan provides for rolling maximum and Evergreen provisions into the Plan⁽¹⁾ The rolling maximum provision provides that the maximum number of Shares issuable under the Plan is a fixed percentage of 10% of the total number of common shares outstanding, which as of March 8, 2013 represented 30,167,549 Shares on a non-diluted basis. The Plan also allows the number of Shares available for issuance under the Plan to increase automatically with increases in the total number of Shares outstanding. The Evergreen provisions allowed Shares that are issued upon exercise of options under the Plan to become re-available for grant.

Vesting and Forfeitability. Under the *Plan*, the vesting of any award is determined by the Compensation Committee.

(1) A rolling maximum is a fixed maximum percentage of the Company's outstanding shares, whereby the number of Shares under a Plan increase automatically with increases in the total number of shares. Evergreen provisions permit the reloading of shares that make up the available pool of Shares for the SIP, once the options granted have been exercised.

Stock Options. The *Plan* permits the granting of non-transferable stock options that either qualify as incentive stock options under Section 422 of the Code ("Incentive Stock Options" or "ISOs") or do not so qualify ("Nonstatutory Stock Options" or "NSOs"). The term of each option will be fixed by the administrators but may not exceed ten years from the date of grant in the case of ISOs. The administrators will determine the time or times each option may be exercised. Options may be made exercisable in installments, exercisability may be suspended during certain leaves of absence or reductions in work hours and the exercisability of options may be accelerated by the administrators. The option exercise price for each share covered by an ISO will not be less than 100% of the fair market value of a share of Common Stock on the date of grant of such option. The exercise price for any ISO granted to any employee owning more than 10% of our common stock may not be less than 110% of the fair market value of the common stock on the date of grant and such ISO must expire not later than five years after the grant date. ISOs are also subject to various limitations not imposed on NSOs. For example, the aggregate fair market value (determined at the date of grant) of common stock subject to all ISOs held by an Eligible Participant that are first exercisable in any single calendar year cannot exceed \$100,000. ISOs may not be transferred other than upon death, or to a revocable trust where the Eligible Participant is considered the sole beneficiary of the stock option while it is held in trust.

The consideration to be paid for shares issued upon exercise of options granted under the *Plan*, including the method of payment, is determined by the administrators and consists entirely of cash, check, or wired funds; or (ii) any combination of the foregoing methods.

All options granted under the *Plan* are evidenced by a stock option agreement between the Company and the optionee to whom such option is granted. Options granted to persons subject to Section 16 of the Exchange Act may impose additional restrictions necessary to comply with Rule 16b-3.

Pricing of Options. Under the *Plan*, exercise of a particular option shall be such price, fixed by the Committee. However, the exercise price for options and rights granted under the *Plan* will not be less than the Discounted Market Price of the Common Stock if listed on the TSX-V at the time of the option grant; or, 85% of the Fair Market Value of the Common Stock if not listed on the TSX-V at the time of the option grant. Discounted Market Price is as defined under Policy 1.1 of the TSX-V, and Fair Market Value is as defined in paragraph 2.1 n. of the SOP.

Repricing. In no case (except due to an adjustment to reflect a stock split or similar event or any repricing that may be approved by stockholders) will any adjustment be made to a stock option under the SOP (by amendment, cancellation and regrant, exchange or other means) that would constitute a repricing of the per share exercise price of the award.

Term of Options. Under the *Plan*, no Option may exceed ten years.

Nontransferability. Options granted pursuant to the *Plan* are nontransferable by the Eligible Participant, other than by will or by the laws of descent and distribution or a Qualified Domestic Relations Order, and may be exercised, during the lifetime of the Eligible Participant, only by the Eligible Participant.

Common Stock. The *Plan* also permits an outright grant of stock, usually at nominal or no cost. The difference is that a restricted stock plan usually has vesting restrictions, which affords some tax deferral as well as encouraging employee retention. Typically an award of restricted stock will not vest until the employee has completed a specified period of service with the employer. During the restricted period, however, Eligible Participants are considered the owners of the stock and will, therefore, be entitled to receive the dividends and to vote the shares during the restricted period. Since no stock or cash is needed by an employee to acquire restricted stock, there is significant value inherent in the award at the time of the grant. Employee taxability is deferred until full vesting occurs.

Adjustment upon Changes in Capitalization. Subject to any required action by the shareholders of the Company, in the event any change, such as a stock split or dividend, is made in the Company's capitalization which results in an increase or decrease in the number of issued shares of Common Stock without receipt of consideration by the Company, an appropriate adjustment shall be made in the number of shares that have been reserved for issuance under the *Plan* (including shares subject to an option or right) and the price per share covered by each outstanding Stock Option. In the event of the proposed dissolution or liquidation of the Company, all outstanding Stock Options will terminate immediately prior to the consummation of such proposed action. However, the Board of Directors may, in its discretion, make provision for accelerating the exercisability of shares subject to Stock Options under the *Plan* in such event.

Amendment and Termination. The Board may amend, alter, suspend or discontinue the *Plan* at any time, but such amendment, alteration, suspension or discontinuation shall not adversely affect any Stock Option then outstanding in the *Plan*, without the written consent of the Eligible Participant. To the extent necessary and desirable to comply with Section 422 of the Internal Revenue Code (or any other applicable law or regulation), the Company shall obtain shareholder approval of any amendment to the *Plan* in such a manner and to such a degree as required. Subject to applicable laws and the specific terms of the *Plan*, the administrators may accelerate any option, right or award or waive any condition or restriction pertaining to such option at any time. The administrators may also substitute new options, rights or awards for previously granted options, including previously granted options having higher option prices and may reduce the exercise price of any option.

Payment for Option Exercise Price. Payment of the option exercise price may be in cash, check, or wired funds. The Committee may not permit "cashless" option exercises.

Internal Revenue Code Section 409A. Section 409A of the Code governs the federal income taxation of certain types of nonqualified deferred compensation arrangements. A violation of Section 409A of the Code generally results in an acceleration of the recognition of income of amounts intended to be deferred and the imposition of a federal excise tax of 20% on the employee over and above the income tax owed, plus possible penalties and interest. The types of arrangements covered by Section 409A of the Code are broad and may apply to certain awards available under the *Plan*. The intent is for the *Plan*, including any awards available thereunder, to comply with the requirements of Section 409A of the Code to the extent applicable. As required by Code Section 409A, certain nonqualified deferred compensation payments to specified employees may be delayed to the seventh month after such employee's separation from service.

Management believes approval of the unallocated issuances and ratification of prior grants enhances the Company's ability to retain, attract, motivate and reward its employees, officers, directors, and consultants.

Vote Necessary to Authorize the Unallocated issuances under the Plan and Ratify Prior Stock Option Grants.

The affirmative vote of the holders of a majority of the shares of the Corporation's common stock represented and voting at the Annual Meeting is required to ratify and reapprove the Stock Option Plan. Unless marked to the contrary, proxies received will be voted FOR ratification and reapproval.

PROPOSAL 3: RATIFICATION OF INDEPENDENT AUDITORS

DeCoria, Maichel & Teague P.S. independent Certified Public Accountants (DM-T), have again been selected by the Board of Directors as the independent auditors for the Company for the fiscal year ending December 31, 2012. Shareholder ratification of the selection of DM-T as the Company s independent auditors is not required by the Bylaws or otherwise. However, Management is submitting the selection of DM-T to the shareholders for ratification as a matter of corporate practice. If the shareholders fail to ratify the selection, Management will reconsider whether or not to retain that firm. Even if the selection is ratified, Management in its discretion may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

DM-T has served as an independent auditor for the Corporation since the fiscal year ended December 31, 2003. This firm is experienced in the field of accounting and is well qualified to act in the capacity of auditors. DM-T will not be represented at the annual meeting, but questions from shareholders will be subsequently presented to the auditors for response.

The following table presents fees billed to the Company relating to the audit of the Financial Statements at December 31, 2012, as provided by DeCoria, Maichel and Teague, P.S. We expect that DeCoria, Maichel and Teague, P.S. will serve as our auditors for fiscal year 2013.

Year Ended	December 31, 2012	December 31, 2011
Audit fees	\$58,261	\$32,493
Audit-related fees	-	-
Tax fees	-	-
All other fees	-	-
Total Fees	\$58,261	\$32,493

The Company's Board of Directors reviewed the audit services rendered by DeCoria, Maichel and Teague, P.S. and concluded that such services were compatible with maintaining the auditors' independence. All audit, non-audit, tax services, and other services performed by the independent accountants are pre-approved by the Board of Directors to assure that such services do not impair the auditors' independence from the Company. The Company does not use DeCoria, Maichel and Teague, P.S. for financial information system design and implementation. We do not engage DeCoria, Maichel and Teague, P.S. to provide compliance outsourcing services.

Audit Fees represent the aggregate fees billed by DM-T for the audit of our annual financial statements included in the Annual Report on Form 10-K, review of financial statements included in the Quarterly Reports on Form 10-Q, the audit of our internal control over financial reporting with the objective of obtaining reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects, and services normally provided by our independent registered public accounting firm in connection with statutory and regulatory filings or engagements.

Audit-related fees consist of assurance and related services that include, but are not limited to, internal control reviews, attest services not required by statute or regulation and consultation concerning financial accounting and reporting standards.

Tax Fees represent the aggregate fees billed by DM-T for tax compliance services.

All Other Fees represent the aggregate fees billed by DM-T for services other than those reported in the above categories.

The affirmative vote of the holders of a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting is required to ratify the selection of DeCoria, Maichel & Teague P.S.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR PROPOSAL 3

PROPOSAL 4: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Company is providing its shareholders with the opportunity to cast an advisory vote on executive compensation (a *say-on-pay-proposal*) as described below. Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, stockholders are entitled to an advisory (non-binding) vote on compensation programs for our named executive officers (sometimes referred to as *say on pay*). In accordance, we are asking stockholders to approve, on an advisory basis, the compensation of the Company's listed officers disclosed in the Compensation Discussion and Analysis, and Executive Compensation Summary Compensation Table and the related compensation tables, notes, and narrative in this Proxy Statement for our 2012 Annual Stockholders Meeting. The Company believes that it is appropriate to seek the views of shareholders on the design and effectiveness of the Company's executive compensation program. Therefore, in accordance with that policy and pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are asking stockholders to approve, on an advisory basis, the compensation of the Company's listed officers disclosed in Compensation Discussion and Analysis, the Summary Compensation table and the related compensation tables, notes, and narrative in this proxy statement for our 2012 Annual Stockholders Meeting.

As described below in the Compensation Discussion and Analysis section of this proxy statement, our compensation program and stock option plan are designed to support its business goals and promote short- and long-term profitable growth of the Company and align compensation with the long-term interests of our stockholders.

We urge stockholders to read the Compensation Discussion and Analysis section of this proxy statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation table and other related compensation tables and narratives, which provide detailed information on the compensation of our listed officers. The Board believes that the policies and procedures articulated in Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our listed officers reported in this proxy statement has supported and contributed to the company's recent and long-term success.

Approval of this proposal requires the affirmative vote of a majority of the shares present at the meeting, in person or represented by proxy, and entitled to vote. Because the vote is advisory, it will not be binding upon the Board and the Board will not be required to take any action as a result of the outcome of the vote on this proposal. The Board will carefully assess the voting results, and if those results reflect any broadly held issues or concerns, we will consult directly with stockholders to better understand their views.

The frequency of holding say on pay advisory votes will be determined by the decision of the stockholders as to Proposal No. 5.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR
APPROVAL OF PROPOSAL 4 ON AN ADVISORY BASIS.**

**PROPOSAL 5: ADVISORY VOTE ON THE FREQUENCY OF HOLDING FUTURE ADVISORY VOTES
ON EXECUTIVE COMPENSATION**

The federal law that now requires each U.S. public company to hold a say on pay advisory vote. It also requires that stockholders be asked to vote on the frequency of say on pay votes. Pursuant to this new law, which is set forth in Section 14A of the Securities Exchange Act of 1934, as amended, we are asking stockholders to vote on whether future say on pay votes such as the one in Proposal 5 above should occur every year, every two years, or every three

years. This vote on the frequency of say on pay votes is advisory in nature and must be held at least once every six years.

The Company welcomes the opportunity to submit the three alternative frequencies to our stockholders for consideration. Some commentators have said that a two-year or three-year frequency might be better aligned with compensation trends or programs and would place less emphasis on the results or actions of a single year; other commentators have stated that an annual vote provides a company with more opportunity for timely feedback. We are prepared to operate under any of the three alternative frequencies and look forward to the stockholder vote for input. Because of this rare circumstance in which federal law is requiring that three alternatives be offered to stockholders for consideration, the Board is not making a recommendation as to a favored alternative.

Stockholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years, or abstain. Because the Board is not making a recommendation on this matter, your shares will not be voted on this matter unless you specifically indicate your preference among the choices. This advisory vote is non-binding on the Board, but the Board will give careful consideration to the voting results on this proposal and expects to be guided by the alternative that receives the greatest number of votes, even if that alternative does not receive a majority of the votes cast.

Stockholders may cast their advisory vote to conduct future advisory votes on executive compensation every 1 YEAR, 2 YEARS, or 3 YEARS, or ABSTAIN.

Summary of the Owyhee Gold Trust LLC Operating Agreement

The assertions embodied in those representations and warranties are qualified by information in disclosure schedules that the parties exchanged in connection with signing the Owyhee Gold Trust LLC Agreement. The \$1 million buy in payment was initially secured by a convertible promissory note (the **Convertible Note**), announced on May 3rd, 2012, as part of the financing agreement with ISR Capital. This note was cancelled effective at the closing of the Owyhee Gold Trust LLC Agreement. No Incentive Stock Options will be granted under this Plan more than 10 years after the date that the Plan is adopted or approved by the shareholders of the Company, whichever is earlier.

i.

No Incentive Stock Option will be exercisable more than 10 years from the date it is granted; provided, however, that the case of an Eligible Participant who at the time of grant owns Common Stock representing more than 10% of the voting power of all classes of stock of the Company or any subsidiary, the Incentive Stock Option may not be exercised after the expiration of five (5) years from the date of grant.

8.

Term of Option Period. The term during which Options may be exercised will be determined in the discretion of the Committee, except that the period during which each Option may be exercised will expire no later than on the tenth anniversary of the date of grant.

9.

Exercise Price. Subject to any limitations provided for in Section 7 herein and to any additional limitations imposed by the TSX-V, the price at which shares of Common Stock may be purchased upon the exercise of an Option will be such price as fixed by the Committee, provided that such exercise price will not be less than:

a.

the Discounted Market Price if the Common Stock is listed on the TSX-V at the time of the grant, and

b.

85% of the Fair Market Value if the Common Stock is not listed on the TSX-V at the time of the grant of the Option.

If the shares of Common Stock become listed on another stock exchange, then the exercise price will not be less than the exercise price permitted by such exchange.

10.

Payment of Exercise Price. The Committee will determine the terms of payment by each Eligible Participant for shares of Common Stock to be purchased upon the exercise of Stock Options. Such terms will be set forth or referred to in the Option Agreement. No Option Share may be issued until payment in full of the exercise price has been received by the Company.

11.

Form of Exercise Payment. An Option may be exercised by payment of cash, cashier's check or wired funds, or any combination of the foregoing methods, as approved by the Committee.

12.

Vesting; Exercise of Options and Rights.

a.

Subject to the provisions of subsection 12(g) herein, an Option will vest and become nonforfeitable and exercisable, pursuant to such vesting schedules as determined by the Committee, but in no event later than 5 years from the date of grant. Eligible Participants may be credited with prior years of service for purposes of any vesting schedules, at the discretion of the Committee.

b.

Each Option granted will be exercisable in whole or in part at any time or from time to time during the option period as the Committee may determine, provided that the election to exercise an Option will be made in accordance with applicable Federal laws and regulations, and further provided that each Option will contain a provision that will prevent exercise of the Option unless the Optionee remains in the employ of the Company or its subsidiary at least one year after the granting of the Option. However, the Committee may in its discretion accelerate the vesting schedule of any option at any time.

c.

No Option may at any time be exercised with respect to a fractional share of Common Stock.

d.

As a condition to the exercise of an Option, Optionees will make such arrangements as the Committee may require for the satisfaction of any federal, state, or local withholding tax obligations that may arise in connection with such exercise.

e.

No shares of Common Stock will be delivered pursuant to the exercise of any Option, in whole or in part, until qualified for delivery under such securities laws and regulations as may be deemed by the Committee to be applicable

thereto.

f.

Notwithstanding any vesting requirements contained in any Option, all outstanding Options will become immediately exercisable (a) following the first purchase of Common Stock pursuant to a tender offer or exchange offer (other than an offer made by the Company) for all or part of the Common Stock, (b) at such time as a third person, including a group as defined in Section 13(d) of the Exchange Act, becomes the beneficial owner of shares of the Company having 25% or more of the total number of votes that may be cast for the election of Directors of the Company, (c) on the date on which the shareholders of the Company approve (i) any agreement for a merger or consolidation in which the Company will not survive as an independent, publicly-owned corporation or (ii) any sale, exchange or other disposition of all or substantially all of the Company's assets. The Committee's reasonable determination as to whether such an event has occurred will be final and conclusive.

g.

Notwithstanding any other provisions of this Agreement to the contrary, the right of any Eligible Participant to receive any benefits hereunder will terminate and will be forever forfeited if such Eligible Participant's employment with the Company is terminated because of his/her fraud, embezzlement, dishonesty, or breach of fiduciary duty. In such an event, all unexercised Options will be deemed null and void.

13.

Transferability of Options. The right of any Optionee to exercise an Option granted under the Plan will, during the lifetime of such Optionee, be exercisable only by such Optionee or pursuant to a qualified domestic relations order as defined by the Code, or Title I of the Employee Retirement Income Security Act, or the rules thereunder (a QDRO) and will not be assignable or transferable by such Optionee other than by will or the laws of descent and distribution or a QDRO.

14.

Termination of Relationship. No Option may be exercised after the Optionee, if a Director or Officer, has ceased to be a Director or Officer or, if an Employee or other Eligible Participant has left the employ or service of the Company or an affiliate of the Company, except as follows:

a.

notwithstanding any other provision of this section 14, if and to the extent provided in the Optionee's employment agreement;

b.

in the case of the death of an Optionee, any vested Option held by him or her at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the expiry date of such Option;

c.

subject to the other provisions of this Section 14, including the proviso below, vested Options will expire 90 days after the date the Optionee ceases to be employed by, provide services to, or be a Director or Officer of, the Company or an affiliate of the Company, and all unvested Options will immediately terminate without right to exercise same; and

d.

in the case of an Optionee being dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same,

provided that in no event may the term of the Option exceed 10 years. Notwithstanding the provisions of subsection 14(c), the Board may provide for the vesting of all or any part of the Optionee's Options that are unvested at the date the Optionee ceases to be employed by, provide services to, or be a Director or Officer of, the Company or an affiliate, and may extend the time period for exercise of an Option to a maximum of the original term of the Option, all as the Board deems appropriate in the circumstances contemplated by subsection 14(c).

15.

Changes in Common Stock. The aggregate number and class of shares on which Options may be granted under this Plan, the number and class of shares covered by each outstanding Option, and the exercise price per share thereof (but not the total price), of each such Option, will all be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a split-up or consolidation of shares of Common Stock, or any spin-off, spin-out, split-up, or other distribution of assets to shareholders, or any like capital adjustment or the payment of any such stock dividend, or any other increase or decrease in the number of shares of Common Stock without the receipt of consideration by the Company, or assumption and conversion of outstanding grants due to an acquisition.

16.

Amendment and Discontinuance. The Board of Directors may suspend, discontinue, or amend the Plan to reduce the number of shares of Common Stock under option, increase the exercise price, or cancel an Option. Except as contemplated below, the Board of Directors may amend other terms of the Plan only where approval of the TSX-V has been obtained, and if the following requirements are satisfied:

a.

If the Optionee is an Insider of the Company at the time of the amendment, the Company obtains disinterested shareholder approval;

b.

The Option exercise price can be amended only if at least six months have elapsed since the later of the date of commencement of the term, the date the Company's shares of Common Stock commenced trading, or the date the Option exercise price was last amended;

c.

If the option price is amended to the Discounted Market Price, the TSX-V hold period will apply from the date of the amendment. If the option price is amended to the Market Price, the Exchange hold period will not apply;

d.

Any extension of the length of the term of the Option is treated as a grant of a new Option, which must comply with the policies of the TSX-V. The term of an Option cannot be extended so that the effective term of the Option exceeds 10 years in total. An Option must be outstanding for at least one year before the Company can extend its term; and

e.

The TSX-V must accept a proposed amendment before the amended Option is exercised.

However, the Board may amend the terms of the Plan to comply with the requirements of any applicable regulatory authority without obtaining shareholder approval, including (a) amendments of a housekeeping nature to the Plan; (b) a change to the vesting provisions of an Option or the Plan; and (c) a change to the termination provisions of an Option or the Plan which does not entail an extension beyond the original expiry date.

Notwithstanding the foregoing, no amendment to this Plan will, except with the consent of the Optionee, adversely affect the rights under an Option previously granted.

If the amendment of an Option requires regulatory approval or shareholder approval, such amendment may be made prior to such approvals being given, but no such amended Options may be exercised unless and until such approvals are given.

17.

Term of Plan. This Plan will be effective as of the Effective Date and will terminate on the earlier of:

a.

The date which is ten years from the Effective Date; and

b.

Such earlier date as the Board may determine (the Termination Date).

No Incentive Stock Options will be granted under this Plan after the Termination Date.

18.

Compliance with Securities Laws. No Option will be exercisable in whole or in part, nor will the Company be obligated to issue any Option Shares pursuant to the exercise of any such Option, if such exercise and issuance would, in the opinion of counsel for the Company, constitute a breach of any applicable laws from time to time, or the rules from time to time of the TSX-V or other securities regulatory authority to which the Company is subject. Each Option will be subject to the further requirement that if at any time the Board determines that the listing or qualification of the Option Shares under any securities legislation or other applicable law, or the consent or approval of any governmental or other regulatory body (including the TSX-V), is necessary as a condition of, or in connection with, the issue of the Option Shares hereunder, such Option may not be exercised in whole or in part unless such listing, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Board. No shares of Common Stock will be delivered pursuant to the exercise of any Option, in whole or in part, until qualified for delivery under such securities laws and regulations as may be deemed by the Committee to be applicable thereto. In order to ensure compliance with applicable securities laws, upon demand by the Company, the Optionee will deliver to the Company a representation in writing that the purchase of all shares of Common Stock with respect to which notice of exercise of the Option has been given by Optionee is being made for investment only and not for resale or with a view to distribution and containing such other

representations and provisions with respect thereto as the Company may require. Upon such demand, delivery of such representation promptly and prior to the transfer or delivery of any such shares and prior to the expiration of the option period will be a condition precedent to the right to purchase such shares. Each Optionee further acknowledges that any Option Shares issued upon exercise of an Option may be restricted securities upon issuance and the certificates representing such shares legended in the event that the issuance of the Option Shares has not been registered by an effective registration statement under the United States Securities Act of 1933, as amended. In addition to any resale restrictions imposed under securities laws, where the exercise price of the Option is based on the Discounted Market Price, any Option Shares will be legended with a four-month hold period under the policies of the TSX-V, which hold will date from the date the Option is granted.

19.

Rights as Shareholder and Employee. An Optionee will have no rights as a shareholder of the Company with respect to any shares of Common Stock covered by an Option until the date of the issuance of the stock certificate for such shares. Neither the Plan, nor the granting of an Option or other rights herein, nor any other action taken pursuant to the Plan will constitute or be evidence of any agreement or understanding, express or implied, that an Eligible Participant has a right to continue as an Employee for any period of time or at any particular rate of compensation.

20.

Currency. All references to \$ herein are to the United States Dollar.

21.

Governing Law. This Agreement will be governed and construed in accordance with the laws of the State of Nevada without regard to principles of conflicts of law.

22.

Limitations on Sale of Stock Purchased Under the Plan. The Plan is intended to provide Common Stock for investment and not for resale. The Company does not, however, intend to restrict or influence any Eligible Participant in the conduct of his own affairs. An Eligible Participant, therefore, may sell stock purchased under the Plan at any time he or she chooses, subject to compliance with any applicable Federal or state securities laws. THE PARTICIPANT ASSUMES THE RISK OF ANY MARKET FLUCTUATIONS IN THE PRICE OF THE STOCK.

23.

Regulatory Approval. This Plan will be subject to the approval of any regulatory authority whose approval is required, including any approval of the TSX-V. Any Options granted under this Plan prior to such approvals being given will be conditional upon such approvals being given, and no such Options may be exercised unless and until such approvals are given. The Company's obligation to sell and deliver shares of the Common Stock under this Plan is subject to the regulatory approval required in connection with the authorization, issuance, or sale of such shares.

24.

Other Benefit and Compensation Programs. Unless otherwise specifically determined by the Committee, grants of Options under the Plan will not be deemed a part of an Eligible Participant's regular, recurring compensation for purposes of calculating payments or benefits from any Company benefit plan or severance program. Further, the Company may adopt other compensation programs, plans or arrangements as it deems appropriate or necessary.

25.

Unfunded Plan. Unless otherwise determined by the Board, the Plan will be unfunded and will not create (or be construed to create) a trust or a separate fund or funds. The Plan will not establish any fiduciary relationship between the Company and any Eligible Participant or other person. To the extent any person holds any rights by virtue of Options granted under the Plan, such rights will constitute, general unsecured liabilities of the Company and will not confer upon any Optionee any right, title or interest in any assets of the Company.

26.

Arbitration. Any controversy arising out of, connected to, or relating to any matters herein of the transactions between an Eligible Participant and the Company (including for purposes of arbitration, officers, directors, employees, controlling persons, affiliates, professional advisors, agents, or promoters of the Company), on behalf of the undersigned, or this Agreement, or the breach thereof, including, but not limited to any claims of violations of Federal and/or State Securities Acts, Banking Statutes, Consumer Protection Statutes, Federal and/or State Anti-Racketeering (e.g. RICO) claims as well as any common law claims and any State Law claims of fraud, negligence, negligent misrepresentations, unjust termination, breach of contract, and/or conversion will be settled by arbitration; and in accordance with this paragraph and judgment on the arbitrator's award may be entered in any court having jurisdiction thereof in accordance with the provisions of Nevada law. In the event of such a dispute, each party to the conflict will select an arbitrator, which will constitute the three person arbitration board. Participants will be required

to waive any right to an award of punitive damages. The decision of a majority of the board of arbitrators, who will render their decision within thirty (30) days of appointment of the final arbitrator, will be binding upon the parties. Venue for arbitration will lie in Boise, Idaho.

27.

Shareholder Approval. This Plan is subject to the approval of the shareholders of the Company. Any Options granted prior to such approval are conditional upon such approval being given, and no such Options may be exercised unless and until such approval is given.

The foregoing shall not limit any obligation of a Member to indemnify, defend or hold the other Member harmless as expressly provided by this Agreement or the LLC Agreement. The Members shall be under no obligation to restore a deficit Capital Account upon the dissolution of the Company or the liquidation of any of their Ownership Interests. Any obligation herein to contribute capital to the Company may be

compromised by the unanimous consent of the Members, including by payments by an obligated Member directly to the other Member.

3.6

Indemnification.

(a)

Each Member shall indemnify, defend and hold the other Member, its directors, officers, employees, agents and attorneys, and Affiliates (collectively **Indemnified Party**) harmless from and against the entire amount of any Material Loss. A **Material Loss** shall mean all direct and indirect costs, expenses, damages or liabilities, including attorneys' fees and other costs of litigation (either threatened or pending and through all levels of appeal) arising out of or based on a breach by a Member (**Indemnifying Party**) of any representation, warranty or covenant contained in this Agreement or the LLC Agreement, including without limitation:

(i)

any action taken for or obligation or responsibility assumed on behalf of the Company or another Member by a Member or any of its directors, officers, employees, agents and attorneys, or Affiliates, in violation of **Section 5.1** of the LLC Agreement;

(ii)

failure of a Member or its Affiliates to comply with the non-compete or Area of Interest provisions of **Article VI** hereof;

(iii)

any Transfer that causes termination of the tax partnership established by **Section 5.2** of the LLC Agreement, against which the transferring Member shall indemnify, defend and hold the non-transferring Member harmless as provided in **Subsection 7.2(e)** of the LLC Agreement and **Article V** of **Exhibit C**; and

(iv)

failure of a Member or its Affiliates to comply with the preemptive right under **Section 7.3** of the LLC Agreement and **Exhibit H**.

A Material Loss shall not be deemed to have occurred until an Indemnified Party incurs losses, costs, damages or liabilities in excess of Twenty Five Thousand Dollars (\$25,000) relating to breaches of warranties, representations and covenants contained in this Agreement and the LLC Agreement, in the aggregate. SMMI's aggregate liability to all Indemnified Parties under this Section for breaches of the representations in **Subsection 3.2(g)** hereof shall not, however, exceed One Million Dollars (\$1,000,000).

(b)

If any claim or demand is asserted against an Indemnified Party in respect of which such Indemnified Party may be entitled to indemnification under this Agreement, written notice of such claim or demand shall promptly be given to the Indemnifying Party. The Indemnifying Party shall have the right, but not the obligation, by notifying the Indemnified Party within thirty (30) days after its receipt of the notice of the claim or demand, to assume the entire control of (subject to the right of the Indemnified Party to participate, at the Indemnified Party's expense and with counsel of the Indemnified Party's choice), the defense, compromise, or settlement of the matter, including, at the Indemnifying Party's expense, employment of counsel of the Indemnifying Party's choice. Any damages to the assets or business of the Indemnified Party caused by a failure by the Indemnifying Party to defend, compromise, or settle a claim or demand in a reasonable and expeditious manner requested by the Indemnified Party, after the Indemnifying Party has given notice that it will assume control of the defense, compromise, or settlement of the matter, shall be included in the damages for which the Indemnifying Party shall be obligated to indemnify the Indemnified Party. Any settlement or compromise of a matter by the Indemnifying Party shall include a full release of claims against the Indemnified Party which have arisen out of the indemnified claim or demand.

ARTICLE IV

INTERESTS OF MEMBERS

4.1

Continuing Liabilities upon Adjustments of Ownership Interests. Any reduction or elimination of either Member's Ownership Interest under **Section 4.2** of the LLC Agreement shall not relieve such Member of its share of any liability, including, without limitation, Continuing Obligations, Environmental Liabilities and Environmental Compliance, whether arising, before or after such reduction or elimination, out of acts or omissions occurring or undisclosed conditions existing prior to the Effective Date, or out of Operations conducted during the term of this Agreement but prior to such reduction or elimination, regardless of when any funds may be expended to satisfy such liability. For purposes of this Section, the Member causing such liability shall be completely and entirely responsible for such liability without any right of contribution. In the event causation or responsibility cannot be

reasonably determined or allocation, then such Member's share of such liability shall be equal to its Ownership Interest at the time the act or omission giving rise to the liability occurred, after first taking into account any prior reduction, readjustment and restoration of Ownership Interests under **Sections 4.4, 10.5, 10.6 and 11.5** of the LLC Agreement (or, as to such liability arising out of acts or omissions occurring or undisclosed conditions existing prior to the Effective Date, equal to such Member's initial Ownership Interest). Should the cumulative cost of satisfying Continuing Obligations be in excess of cumulative amounts accrued or otherwise charged to the Environmental Compliance Fund as described in **Paragraph 2.14** of **Exhibit B**, the Member responsible for the Continuing Obligations shall be solely and completely liable, without the right of contribution from any other Member. In the event responsibility cannot be reasonably determined or allocated, then each of the Members shall be liable for its proportionate share (*i.e.*, Ownership Interest at the time of the act or omission giving rise to such liability occurred), after first taking into account any reduction, readjustment and restoration of Ownership Interests under **Sections 4.4, 10.5, 10.6 and 11.5** of the LLC Agreement, of the cost of satisfying such Continuing Obligations, notwithstanding that either Member has previously resigned from the Company or that its Ownership Interest has been reduced or converted to an interest in Net Proceeds pursuant to **Subsection 4.4(a)** of the LLC Agreement.

4.2

Continuing Obligations and Environmental Liabilities. The Company accepts and assumes any and all obligations and liabilities encumbering, associated with, or otherwise related to the Properties contributed to the Company by TMGI, TMRI and/or SMMI, including, without limitation, any and all disclosed Environmental Liabilities and Environmental Compliance, except to the extent such obligation or liability constitutes or arises from a breach of a representation or warranty of TMGI, TMRI, or SMMI set forth in this Agreement. On dissolution of the Company under **Section 14.1** of the LLC Agreement, each Member shall remain liable for its respective share of liabilities to third parties (whether such arises before or after such dissolution), including Environmental Liabilities and Continuing Obligations (including sole liability if such Member solely caused such Environmental Liability or Continuing Obligations). In the event of the resignation of a Member pursuant to **Section 14.2** of the LLC Agreement, the resigning Member's share of such liabilities shall be equal to its Ownership Interest at the time such liability was incurred, after first taking into account any reduction, readjustment, and restoration of Ownership Interests under **Sections 4.4, 10.5, 10.6 and 11.5** of the LLC Agreement (or, as to undisclosed liabilities arising prior to the Effective Date, its initial Ownership Interest) (except if such Member is solely liable for such Environmental Liability or Continuing Obligations, in which case such Member shall be entirely responsible therefore).

4.3

Grant of Lien and Security Interest.

(a)

Subject to **Section 4.4** hereof, each Member grants to the other Member a lien upon and a security interest in its Ownership Interest, including all of its right, title and interest in the Assets, whenever acquired or arising, and the proceeds from and accessions to the foregoing.

(b)

The liens and security interests granted by **Subsection 4.3(a)** hereof shall secure every obligation or liability of the Member granting such lien or security interest to the other Member created under this Agreement or the LLC Agreement, including the obligation to repay a Cover Payment in accordance with **Section 11.4** of the LLC Agreement. Each Member hereby agrees to take all action necessary to perfect such lien and security interest and hereby appoints the other Member its attorney-in-fact to execute, file and record all financing statements and other documents necessary to perfect or maintain such lien and security interest.

4.4

Subordination of Interests. Each Member shall, from time to time, take all necessary actions, including execution of appropriate agreements, to pledge and subordinate its Ownership Interest, any liens it may hold which are created under this Agreement other than those created pursuant to **Section 4.3** hereof, and any other right or interest it holds with respect to the Company and the Assets (other than any statutory lien of the Manager) to any secured borrowings for Operations approved by the Management Committee, including any secured borrowings relating to Project Financing, and any modifications or renewals thereof.

ARTICLE V

RELATIONSHIP OF THE MEMBERS

5.1

Transfer or Termination of Rights. Neither Member shall Transfer all or any part of its rights or obligations under this Agreement, except in conjunction with a transfer or termination of the Member's Ownership Interest permitted by the LLC Agreement. Any such permitted assignment shall be subject to the consent

requirements of **Section 7.2** of the LLC Agreement. In addition, any Transfer of a Member's Ownership Interest shall also include a corresponding transfer of the Member's rights and obligations under this Agreement.

5.2

Abandonment and Surrender of Properties. A Member that desires to abandon or surrender all or part of the Properties pursuant to **Section 12.2** of the LLC Agreement shall remain liable to the other Member for its share (determined by its Ownership Interest as of the date of such abandonment, after first taking into account any reduction, readjustment, and restoration of Ownership Interests under **Sections 4.4, 10.5, 10.6 and 11.5** of the LLC Agreement) of any liability with respect to such Properties, including, without limitation, Continuing Obligations, Environmental Liabilities and Environmental Compliance, whether accruing before or after such abandonment, arising out of Operations conducted after the Effective Date and prior to the date of such abandonment, regardless of when any funds may be expended to satisfy such liability.

5.3

Supplemental Business Arrangement. The Members hereby agree that in the event of a Supplemental Business Arrangement pursuant to **Section 10.13** of the LLC Agreement, this Agreement shall apply *mutatis mutandis* to such business in the same manner as to the LLC Agreement.

5.4

Implied Covenants. There are no implied covenants contained in this Agreement other than those of good faith and fair dealing.

5.5

No Third Party Beneficiary Rights. This Agreement shall be construed to benefit the Members and their respective successors and assigns only, and shall not be construed to create third party beneficiary rights in any other party, expressly including the Company, or in any governmental organization or agency, except to the extent required to permit indemnification of a non-Member's Indemnified Party pursuant to **Subsection 3.6(a)** hereof.

ARTICLE VI

ACQUISITIONS WITHIN AREA OF INTEREST

6.1

General. Any interest or right to acquire any interest in real property or water rights related thereto within the Area of Interest either acquired or proposed to be acquired during the term of this Agreement by or on behalf of either Member (**Acquiring Member**) or any Affiliate of such Member shall be subject to the terms and provisions of this Agreement and the LLC Agreement. SMMI and ISGC and their respective Affiliates for their separate account shall be free to acquire lands and interests in lands outside the Area of Interest and to locate mining claims outside the Area of Interest. Failure of any Affiliate of either Member to comply with this Article shall be a breach by such Member of this Agreement.

6.2

Notice to Non-Acquiring Member. Within ten (10) business days after the acquisition or proposed acquisition, as the case may be, of any interest or the right to acquire any interest in real property or water rights wholly or partially within the Area of Interest (except real property acquired by the Manager pursuant to a Program), the Acquiring Member shall notify the other Member of such acquisition by it or its Affiliate; provided that if the acquisition of any interest or right to acquire any interest pertains to real property or water rights partially within the Area of Interest, then all such real property (*i.e.*, the part within the Area of Interest and the part outside the Area of Interest) shall be subject to this Article. The Acquiring Member's notice shall describe in detail the acquisition, the acquiring party if that party is an Affiliate, the lands and minerals covered thereby, any water rights related thereto, the cost thereof, and the reasons why the Acquiring Member believes that the acquisition (or proposed acquisition) of the interest is in the best interests of the Members under this Agreement. In addition to such notice, the Acquiring Member shall make any and all information concerning the relevant interest available for inspection by the other Member.

6.3

Option Exercised. Within ninety (90) days after receiving the Acquiring Member's notice, the other Member may notify the Acquiring Member of its election to accept a proportionate interest in the acquired interest equal to its Ownership Interest. Promptly upon such notice, the Acquiring Member shall convey or cause its Affiliate to convey to the Members in proportion to their respective Ownership Interests or to the Company (as agreed by the Members), by special warranty deed all of the Acquiring Member's (or its Affiliate's) interest in such acquired interest, free and clear of all Encumbrances arising by, through or under the Acquiring Member (or its Affiliate) other than those to which both Members have agreed. Immediately upon such notice, the acquired interest either shall be subject to a Supplemental Business Arrangement, or if conveyed to the Company, shall become a part of the Properties for all purposes of this Agreement and the LLC Agreement. The other Member shall promptly pay to the Acquiring Member its proportionate share of the latter's actual out-of-pocket acquisition costs.

6.4

Option Not Exercised. If the other Member does not give such notice within the ninety (90) day period set forth in **Section 6.3** hereof, it shall have no interest in the acquired interests, and the acquired interests shall not be a part of the Assets or continue to be subject to this Agreement or the LLC Agreement.

6.5

Non-Compete Covenants. Neither a Member that resigns pursuant to **Section 14.2** of the LLC Agreement, or is deemed to have resigned pursuant to **Sections 3.2, 4.4** or **11.5** of the LLC Agreement, nor any Affiliate of such a Member, shall directly or indirectly acquire any interest or right to explore or mine, or both, on any property any part of which is within the Area of Interest for thirty-six (36) months after the effective date of resignation. If a resigning Member, or the Affiliate of a resigning Member, breaches this Section, such resigning Member shall be obligated to offer to convey to the non-resigning Member, without cost, any such property or interest so acquired (or ensure its Affiliate offers to convey the property or interest to the non-resigning Member, if the acquiring party is the resigning Member's Affiliate). Such offer shall be made in writing and can be accepted by the non-resigning Member at any time within ten (10) days after the offer is received by such non-resigning Member. Failure of a Member's Affiliate to comply with this Section shall be a breach by such Member of this Agreement.

ARTICLE VII

DISPUTES

7.1

Governing Law. Except for matters of title to the Properties or their Transfer, which shall be governed by the law of their situs, this Agreement shall be governed by and interpreted in accordance with the laws of the State of Idaho, without regard for any conflict of laws or choice of laws principles that would permit or require the application of the laws of any other jurisdiction.

7.2

Forum Selection. Venue shall be Ada County, Idaho.

7.3

Arbitration. Not Applicable

7.4

Dispute Resolution. All disputes arising under or in connection with this Agreement which cannot be resolved by agreement between the Members shall be resolved in accordance with applicable Law. If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any of the provisions of this Agreement, the successful or substantially prevailing Member shall be entitled to recover reasonable attorneys' fees and other costs incurred in that action or proceeding through all levels of appeal, in addition to any other relief to which it or they may be entitled.

8.2

Gender. The singular shall include the plural, and the plural the singular wherever the context so requires, and the masculine, the feminine, and the neuter genders shall be mutually inclusive.

8.3

Currency. All references to dollars or \$ herein shall mean lawful currency of the United States of America.

8.4

Headings. The subject headings of the Sections and Subsections of this Agreement and the Paragraphs and Subparagraphs of the Exhibits to this Agreement are included for purposes of convenience only, and shall not affect the construction or interpretation of any of its provisions.

8.5

Waiver. The failure of either Member to insist on the strict performance of any provision of this Agreement or to exercise any right, power or remedy upon a breach hereof shall not constitute a waiver of any provision of this Agreement or limit such Member's right thereafter to enforce any provision or exercise any right.

8.6

Modification. No modification of this Agreement shall be valid unless made in writing and duly executed by both Members.

8.7

Force Majeure. Except for the obligation to make payments when due hereunder, the obligations of a Member shall be suspended to the extent and for the period that performance is prevented by any cause, whether foreseeable or unforeseeable, beyond its reasonable control, including, without limitation, labor disputes (however arising and whether or not employee demands are reasonable or within the power of the Member to grant); acts of God; Laws,

instructions or requests of any government or governmental entity; judgments or orders of any court; inability to obtain on reasonably acceptable terms any public or private license, permit or other authorization; curtailment or suspension of activities to remedy or avoid an actual or alleged, present or prospective violation of Environmental Laws; action or inaction by any federal, state or local agency that delays or prevents the issuance or granting of any approval or authorization required to conduct Operations beyond the reasonable expectations of the Member seeking the approval or authorization (including, without limitation, a failure to complete any review and analysis required by the National Environmental Policy Act or any similar state law within (24) months of initiation of that process); acts of war or conditions arising out of or attributable to war, whether declared or undeclared; riot, civil strife, insurrection or rebellion; fire, explosion, earthquake, storm, flood, sink holes, drought or other adverse weather condition; delay or failure by suppliers or transporters of materials, parts, supplies, services or equipment or by contractors or subcontractors shortage of, or inability to obtain, labor, transportation, materials, machinery, equipment, supplies, utilities or services; accidents; breakdown of equipment, machinery or facilities; actions by native rights groups, environmental groups, or other similar special interest groups; or any other cause whether similar or dissimilar to the foregoing. The affected Member shall promptly give notice to the other Member of the suspension of performance, stating therein the nature of the suspension, the reasons therefor, and the expected duration thereof. The affected Member shall resume performance as soon as reasonably possible. During the period of suspension the obligations of both Members to advance funds pursuant to **Article II** hereof shall be reduced to levels consistent with then current Operations. Notwithstanding the foregoing, however, if a Member's performance has been suspended pursuant to this Section 8.7 for a total of more than three years in any six year period, the other Member shall have the option to buyout such Member's interest in the Company pursuant to Section 4.7 of the Operating Agreement of the Company.

8.8

Rule Against Perpetuities. The Members do not intend that there shall be any violation of the Rule Against Perpetuities, the Rule Against Unreasonable Restraints on the Alienation of Property, or any similar rule. Accordingly, if any right or option to acquire any interest in the Properties, in an Ownership Interest, in the Assets, or in any real property exists under this Agreement, such right or option must be exercised, if at all, so as to vest such interest within time periods permitted by applicable rules. If, however, any such violation should inadvertently occur, the Members hereby agree that a court shall reform that provision in such a way as to approximate most closely the intent of the Members within the limits permissible under such rules.

8.9

Further Assurances. Each of the Members shall take, from time to time and without additional consideration, such further actions and execute such additional instruments as may be reasonably necessary or convenient to implement and carry out the intent and purpose of this Agreement or as may be reasonably required by lenders in connection with Project Financing.

8.10

Entire Agreement; Successors and Assigns. This Agreement contains the entire understanding of the Members and supersedes all prior agreements and understandings between the Members relating to the subject matter hereof; provided that nothing in this Section 8.10 modifies or affects the LLC Agreement and the Members obligations thereunder. This Agreement shall be binding upon and inure to the benefit of the respective successors and permitted assigns of the Members.

8.11

Counterparts. This Agreement may be executed in any number of counterparts, and it shall not be necessary that the signatures of both Members be contained on any counterpart. Each counterpart shall be deemed an original, but all counterparts together shall constitute one and the same instrument.

8.12

Survivability. Provisions which by their nature are intended to survive termination, including but not limited to Sections 2.2, 3.1 through 3.6, 4.1, 4.2 and 4.3, Article VII, and this Section 8.12, shall survive termination of the Agreement for the duration of the period set in the situs jurisdiction for actions brought for breach of contract.

in **Article III** of the LLC Agreement. For purposes hereof, Products shall be deemed to be produced from the Properties on a continuous basis so long as production in commercial quantities is not halted irrespective of the reason for more than Three Hundred Sixty-five (365) consecutive days.

2.6

Registered Agent; Offices. The name of the Company's registered agent in the State of Idaho is W. Kirk Williams or such other person as the Manager may select in compliance with the Act from time to time. The registered office of the Company in the State of Idaho shall be located at 1112 W. Main St., Ste. 101, Boise, ID 83702 or at any other place within the State of Idaho which the Manager shall select. The principal office of the Company shall be at any other location which the Manager shall select.

ARTICLE III

CONTRIBUTIONS BY MEMBERS

3.1

Members' Initial Contributions.

(a)

SMMI, TMRI and TMGI as SMMI's Initial Contribution, hereby contribute the Properties described in **Exhibit A** to the capital of the Company in exchange for 6,000 membership units (**Units**). The amount of Six Million Seven Hundred Twenty-five Thousand Dollars (\$6,725,000.00) shall be credited to SMMI's Capital Account on the Effective Date with respect to SMMI's Initial Contribution. SMMI will hold the Unit certificates, as further described in **Exhibit I**.

(b)

Subject to ISGC's right of resignation as set forth in **Section 3.2** and SMMI's option pursuant to **Section 3.5**, ISGC, as its Initial Contribution, shall fund Operations under **Subsection 3.1(c)** totaling Eighteen Million Dollars (\$18,000,000.00) in exchange for 18,000 Units issued by the Company upon execution of this Agreement. All Units issued to ISGC shall be unvested until such Units are vested as provided in **Section 3.4**. Until final vesting, SMMI will hold its Units in trust for both ISGC and SMMI. In determining whether such funding obligation has been met, only costs and expenditures that constitute Qualifying Expenses shall be included. Amounts shall be credited to ISGC's Capital Account on a monthly basis as ISGC funds its Initial Contribution. For the avoidance of doubt, expenditures made by a Member during the period from the March 30, 2012 letter of intent to the date of this Agreement that would satisfy the definition of "Qualifying Expenses" but for the fact that they were incurred prior to the

date of this Agreement shall constitute Qualifying Expenses. Each Member agrees to submit documentation for such expenses not later than January 31, 2013. Qualifying Expenses incurred by SMMI during such period shall increase its capital account but shall not affect the issued Units or Ownership Interest set forth in this Agreement. ISGC agrees to discuss potential reimbursement of SMMI's expenditures following completion of the 2012 audit.

(c)

The Management Committee shall be created and effective from and after the date of this Agreement in accordance with Article VIII. In addition to the reporting obligations set forth elsewhere in this Agreement, until such time as ISGC has completed its Initial Contribution, on or before the end of the month after each calendar, ISGC shall submit to SMMI a statement of Qualifying Expenses incurred during the preceding quarter. SMMI shall provide ISGC with written notice of any exceptions it may have to the statement of Qualifying Expenses submitted to it as provided above within three (3) months after receipt of the statement. Failure to provide such notice within the three (3) month period shall constitute acceptance by SMMI of the stated Qualifying Expenses.

3.2

Failure to Make Initial Contribution.

(a)

Failure to Conduct 2013 Operations and Contribute At Least \$3 Million. ISGC's failure to (1) engage a mining contractor to continue rehabilitation of the underground workings for the purpose of acquiring metallurgical samples and drilling ore zones during the 2013 mining season, substantially in accordance with the scope of work set forth in the contract presently in effect with Widman Contractors for the South Mountain Mine, (2) perform the Underground Definition Drilling scope of work, including the expenditure of at least \$300,000, during the 2013 mining season in accordance with the Initial Program and Budget attached as Exhibit G to this Agreement, and (3) make at least Three Million Dollars (\$3,000,000.00) in Qualifying Expenses of its Initial Contribution in accordance with the provisions of this Article by December 31, 2014, shall be deemed to be a resignation of ISGC from the Company and from its position as Manager, the termination of its membership in the Company and a transfer of its Ownership Interest and Capital Account to SMMI, and the cancellation of all Units that were to be vested in ISGC. All of the above events shall be effective upon such failure and no later than December 31, 2014. Upon such event, ISGC shall have no further right, title or interest in the Company or the Assets and it shall take such actions as are necessary to ensure that all Assets and Ownership Interests are free and clear of any Encumbrances arising by, through or under it, except for such Encumbrances to which SMMI may have agreed. For the sake of clarity, the cancellation of that certain note and the loan it represents to Thunder Mountain Gold, Inc., a copy of which is attached hereto as **Exhibit J** (the Note) shall constitute a \$1,000,000 Capital Contribution and Qualifying Expense by ISGC, which shall be credited towards ISGC's obligation to contribute \$3,000,000 by December 31, 2014.

(b)

Failure to Fund Other Contributions or Full Initial Contribution.

(i)

If ISGC satisfies the contribution obligations under Section 3.2(a), such that 2,000 Units are vested pursuant to Section 3.4, but ISGC fails to fund Qualifying Expenses in the amount of Eight million dollars (\$8,000,000), inclusive of the Capital Contribution described in **Subsection 3.2(a)**, not later than July 31, 2015, then (x) the additional 4,250 Units and the additional 11,750 Units, as described in **Section 3.4**, shall not vest and shall be cancelled, such that the respective Ownership Percentages are 25% ISGC and 75% SMMI, and (y) ISGC shall immediately resign as Manager, and SMMI shall become the Manager.

(ii) If ISGC satisfies the contribution obligations under Sections 3.2(a) and 3.2(b)(i), such that 6,250 Units are vested pursuant to Section 3.4, but ISGC fails to fund Qualifying Expenses in the amount of Eighteen million dollars (\$18,000,000), inclusive of the Capital Contribution described in **Sections 3.2(a) and 3.2(b)(i)**, not later than December 31, 2016, if and only if SMMI does not elect the option set out in **Section 3.5** after being presented with the opportunity to so elect, then ISGC remains as Manager; however, the additional 11,750 Units, as described in **Section 3.4**, shall not vest and shall be cancelled, and the initial Ownership Interests described in **Section 4.1** shall be adjusted to reflect Fifty-one percent (51%) in ISGC and Forty-nine percent (49%) in SMMI. All unvested Units are void and shall be cancelled by the Company upon ISGC's failure to satisfy the vesting conditions set forth in this Agreement.

3.3

Record Title. Title to the Assets shall be held by the Company.

3.4

Vesting. Units issued to ISGC shall vest as follows: (a) 2,000 Units shall vest if ISGC makes Capital Contributions of not less than Three million Dollars (\$3,000,000) that are used to fund Qualifying Expenses not later than December 31, 2014 inclusive of the Note cancelled by ISGC; (b) an additional 4,250 Units shall vest if ISGC makes Capital Contributions of not less than Eight million Dollars (\$8,000,000) (including, for the sake of clarity, the Capital Contributions described in **Subsection 3.2(a)** above) that are used to fund Qualifying Expenses not later than July 31, 2015; and (c) unless SMMI exercises its option under **Section 3.5** below, an additional 11,750

Units shall vest if ISGC makes Capital Contributions of not less than Eighteen million Dollars (\$18,000,000) (including, for the sake of clarity, the Capital Contributions described in **Subsection 3.2(a) and (b)** above) that are used to fund Qualifying Expenses not later than December 31, 2016; SMMI shall have the right to review and object to such records as set forth in **Section 3.1(d)**. All unvested Units are void and shall be cancelled by the Company.

3.5

SMMI Option. If ISGC has expended at least \$8.0 Million in Qualifying Expenses on or for the benefit of the Properties and produced a Feasibility Study by July 31, 2015, then ISGC will be vested with at least 6,250 Units and, SMMI will have sixty (60) days from the date ISGC provides confirmation to SMMI that it passed the \$8.0 Million threshold for Qualifying Expenses to decide whether to contribute to joint operations under the LLC Agreement going forward based on initial Ownership Interests of fifty-one percent (51%) for ISGC and forty-nine percent (49%) for SMMI or elect to have ISGC continue expending Qualifying Expenses on its own. If SMMI elects to participate in joint operations going forward at the 51/49 basis, then SMMI must contribute 49% prorate to the balance of the then current Program and Budget (for the sake of clarity, SMMI shall not have to pay any of the \$8,000,000 in Qualifying Expenses expended by ISGC in vesting of ISGC's 6,250 Units) and its full 49% share to future Programs and Budgets; provided however, SMMI will have One Hundred Twenty (120) days from the end of the 60-day decision window to obtain funding and confirm to ISGC's satisfaction its ability to fund future Programs and Budgets. The respective Ownership Interests shall thereafter remain at 51% ISGC and 49% SMMI unless and until such Ownership Percentages are modified pursuant to this Agreement. ISGC's intention is to spend the entire balance of the Eighteen Million Dollar-Initial Contribution, after reaching the Fifty-one percent (51%) benchmark as the next ensuing Program and Budget.

3.6

Timing of Contributions. Each Member shall fund all Capital Contributions that it is required or elects to make pursuant to this Agreement into an escrow account subject to the joint control of the Company and such Member or, at the election of such Member, an account owned and controlled by the Company. Such Capital Contributions shall be funded on a quarterly basis in the amount required so that the Company at all time has sufficient funds in its account and/or the escrow account to cover the Company's reasonably projected costs for the following twelve (12) months, on a rolling 12 month basis. Such projected costs shall be based upon the then-current adopted Budget, to the extent it covers all or a portion of such 12 month period, and on the Member's reasonable projection of costs to be incurred in any portion of such 12 month period not covered by an adopted Budget. Upon the execution of this Agreement ISGC agrees to provide SMMI with reasonable documentation of at least \$18 million in initial capitalization, and will provide similar documentation of its remaining capitalization at the time of each quarterly Capital Contribution.

ARTICLE IV

INTERESTS OF MEMBERS

4.1

Initial Ownership Interests. The Ownership Interest of each Member at any point in time shall be equal to the number of Units then owned by such Member divided by the total number of outstanding Units then owned by all Members. The Members shall have the following initial Ownership Interests:

SMMI

25.00%

ISGC

75.00%

Ownership Interests shall be recalculated in the event that Units are transferred, new Units are issued by the Company, outstanding Units are redeemed by the Company, or as otherwise needed. By way of example only, if ISGC funds \$3 million of its Initial Contribution, so that 2,000 of its Units are vested, and the Company voids the remaining 16,000 Units, then the total number of outstanding Units at that time would be 8,000 and respective Ownership Interests at such time would be 75% for SMMI (6,000 Units owned divided by 8,000 Units outstanding) and 25% for ISGC (2,000 Units owned divided by 8,000 Units outstanding).

4.2

Changes in Ownership Interests. The Ownership Interests shall be changed or possibly eliminated as follows:

(a)

Upon resignation or deemed resignation as provided in **Sections 3.2, 4.4,** and **Article XIV;**

(b)

Upon an election by either Member pursuant to **Section 10.5** to contribute less to an adopted Program and Budget than the percentage equal to its Ownership Interest, or to contribute nothing to an adopted Program and Budget;

(c)

In the event of default by either Member in making its agreed-upon contribution to an adopted Program and Budget, followed by an election by the other Member to invoke any of the remedies in **Section 11.5**;

(d)

Upon Transfer by either Member of part or all of its Ownership Interest in accordance with **Article VII**; or

(e)

Upon acquisition by either Member of part or all of the Ownership Interest of the other Member, however arising.

4.3

Admission of New Members. Except in the event of a transfer permitted pursuant to **Article VII**, a new member may be admitted only with the unanimous written approval of the Members.

4.4

Elimination of Minority Interest.

(a)

A Reduced Member whose Recalculated Ownership Interest becomes less than ten percent (10.0%) shall be deemed to have withdrawn from the Company and shall relinquish its entire Ownership Interest free and clear of any Encumbrances arising by, through or under the Reduced Member, except any such Encumbrances listed in **Paragraph 1.1** of **Exhibit A** or to which the Members have agreed. Such relinquished Ownership Interest shall be deemed to have accrued automatically to the other Member. The Reduced Member's Capital Account shall be transferred to the remaining Member. The Reduced Member shall have the right to receive Ten percent (10.0%) of Net Proceeds as of the effective date of the resignation. Upon receipt of such amount, the Reduced Member shall thereafter have no further right, title, or interest in the Assets, in the Company or under this Agreement, and unless two owners remain, the tax partnership established by **Exhibit C** shall dissolve pursuant to **Paragraph 4.2** of **Exhibit C**. In such event, the Reduced Member shall execute and deliver an appropriate conveyance of any right, title and interest the Reduced

Member may have in the Assets to the remaining Member.

(b)

The relinquishment, resignation and entitlements for which this Section provides shall be effective as of the effective date of the recalculation under **Sections 10.5** or **11.5**. However, if the final adjustment provided under **Section 10.6** for any recalculation under **Section 10.5** results in a Recalculated Ownership Interest of ten percent (10.0%) or more: (i) the Recalculated Ownership Interest shall be deemed, effective retroactively as of the first day of the Program Period, to have automatically reverted; (ii) the Reduced Member shall be reinstated as a Member, with all of the rights and obligations pertaining thereto; (iii) the right to Net Proceeds under **Subsection 4.4(a)** shall terminate; and (iv) the Manager, on behalf of the Members, shall make any necessary reimbursements, reallocations of Products, contributions and other adjustments as provided in **Subsection 10.6(d)**. Similarly, if such final adjustment under **Section 10.6** results in a Recalculated Ownership Interest for either Member of less than ten percent (10.0%) for a Program Period as to which the provisional calculation under **Section 10.5** had not resulted in an Ownership Interest of less than ten percent (10.0%), then such Member, at its election within thirty (30) days after notice of the final adjustment, may contribute an amount resulting in a revised final adjustment and resultant Recalculated Participating Interest of ten percent (10.0%). If no such election is made, such Member shall be deemed to have withdrawn under the terms of **Subsection 4.4(a)** as of the beginning of such Program Period, and the Manager, on behalf of the Members, shall make any necessary reimbursements, reallocations of Products, contributions and other adjustments as provided in **Subsection 10.6(d)**, including of any Net Proceeds to which such Member may be entitled for such Program Period.

4.5

Documentation of Adjustments to Ownership Interests. Each Member's Ownership Interest and related Capital Account balance shall be shown in the accounting records of the Company, and any adjustments thereto, including any reduction, readjustment, and restoration of Ownership Interests under **Sections 4.4, 10.5, 10.6 and 11.5**, shall be made monthly. The Schedule of Members attached hereto shall be amended from time to time to reflect such changes, and Units, if issued, shall also be amended from time to time to simultaneously reflect such changes.

4.6

Third-Party Relationships and Ownership Understandings. In the event that a third-party proposes an acceptable joint venture or buy-out opportunity, then the following is agreed: a) any joint venture proposed by a third party that provides a reasonable opportunity must be agreed to by both ISGC and SMMI, or; b) any buy out of the Company must be agreed to by both ISGC and SMMI or (c) the provisions of **Section 2** of **Exhibit H** shall apply.

4.7

Buyout Option Upon Extended Force Majeure. If a Member has claimed that a material obligation of such Member under this Agreement has been suspended as a result of an event of force majeure pursuant to Section 16.7 of this Agreement or Section 8.7 of the Members' Agreement for an aggregate period of more than three years in any rolling six-year period, then the other Member (the **Offeror**) may give written notice (the **Offer**) to the Member claiming such force majeure (the **Offeree**), stating that the Offeror offers unconditionally at the option of the Offeree both: (i) to purchase all of the Vested Units of the Offeree and (b) to sell all of the Vested Units of the Offeror to the Offeree, in each case at the same purchase price per Vested Unit (which price shall be specified in the Offer). Such offer shall be conducted as follows:

(a)

Terms of the Offer. The Offer must be accompanied by evidence that the Offeror has funds sufficient to purchase all of the Vested Units of the Offeree, which evidence may include one or more binding written commitments from substantial and reputable financial institutions subject only to conditions that are customary in such commitments and that are reasonably likely to be satisfied. The Offer will be irrevocable by the Offeror until the earlier of (i) the Buy-Sell Closing Date or (ii) the date on which the Offeree elects to purchase the Offeror's Vested Units pursuant to Section 4.7(b)(i)(2). The Offer will not have any other terms; provided, however, that the purchasing Member will undertake to use commercially reasonable efforts to obtain the release of the selling Member from known obligations (including guarantees of Company obligations) by the Buy-Sell Closing Date.

(b)

Offeree's Response to Offer.

(i)

At any time during the sixty (60) calendar days following receipt of the Offer, the Offeree may give the Offeror a written notice (the **Election Notice**) electing either to:

(1)

sell all of the Offeree's Vested Units to the Offeror, or

(2)

buy all of the Offeror's Vested Units (in which case the Offeree's Election Notice must be accompanied by evidence that the Offeree has funds sufficient to purchase all of the Vested Units of the Offeror, which evidence may include one or more binding written commitments from substantial and reputable financial institutions subject only to conditions that are customary in such commitments and that are reasonably likely to be satisfied,

in either case upon the terms set forth in this Section 4.7 and otherwise as set out in the Offer.

(c)

Effect of Offeree's Failure to Respond. If the Offeree fails to give an Election Notice within the sixty (60) day period or if the Offeree's Election Notice is not accompanied by the required evidence of financial ability, then the Offeree will be conclusively deemed to have accepted the Offer of the Offeror to purchase the Offeree's Vested Units pursuant to Section 4.7(b)(i)(1) in accordance with the terms of the Offer and this Section 4.7.

(d)

Closing and Date of the Closing. The closing (the **Buy-Sell Closing**) of the purchase and sale will take place within 60 calendar days following the earlier of the date on which the Election Notice is given pursuant to Section 4.7(b) or is deemed to have been given pursuant to Section 4.7(c) (the **Buy-Sell Closing Date**). The Buy-Sell Closing will take place at 11:00 AM on the Buy-Sell Closing Date at the offices of the lawyers for the purchasing Member.

(e)

Deliveries at the Closing. At the Buy-Sell Closing:

(i)

The purchasing Member shall deliver to the selling Member:

(1)

The purchase price for the selling Member's Vested Units in immediately available funds; and

(2)

An indemnity indemnifying the selling Member against any claims arising from the conduct of the business of the Company from and after the Buy-Sell Closing Date, in form reasonably acceptable to the selling Member.

(ii)

The selling Member shall deliver to the purchasing Member the following executed documentation, in form reasonably acceptable to the purchasing Member:

(1)

an assignment of the certificates for the Vested Units to the purchasing Member.

(2)

the resignation of the selling Member and such Member's Affiliates from any capacity as a manager or officer of the Company.

(3)

A representation and warranty by the selling Member that the Vested Units are free and clear of all encumbrances, which representation and warranty will survive the Buy-Sell Closing and will continue indefinitely.

(4)

An indemnity indemnifying the purchasing Member against any claims arising from the conduct of the business of the Company prior to the Buy-Sell Closing Date, to the extent such claims relate to matters that are unknown to the purchasing Member as of the Buy-Sell Closing Date, in form reasonably acceptable to the purchasing Member; and if the selling Member is also a Manager, an indemnity indemnifying the purchasing Member from any claims arising from the selling Member in the capacity as Manager from actions or inactions as a Manager prior to the Buy-Sell Closing Date, in a form reasonably acceptable to the purchasing Member.

(5)

such other documentation as the purchasing Member may reasonably require in order to vest in the purchasing Member full right, title and interest in and to the Vested Units free and clear of all encumbrances.

(iii)

All Unvested Units of the selling Member, if any, shall be voided and cancelled and shall no longer represent any interest in the Company.

(f)

Default by Purchasing Member. If the purchasing Member defaults in any of its material closing obligations, then the selling Member will have the option to purchase all of the purchasing Member's Vested Units at a price which is **75%** of the purchase price for such Vested Units that would have been payable on the original closing. The option is to be exercised by notice to the purchasing Member not later than 60 calendar days after the original Buy-Sell Closing Date. The closing of the foregoing purchase will occur at a date and time reasonably designated in the notice, which date will not be later than 90 calendar days after the notice and otherwise in accordance with this Section 4.7. If the selling Member exercises its option provided in this Section 4.7(f), then the selling Member will have suffered damages as a consequence of such default; and the difference between the purchase price under this Section 4.7(f) and the purchase price that would have been payable on the original closing will be regarded for all purposes as liquidated damages and not as a penalty.

ARTICLE V

RELATIONSHIP OF THE MEMBERS

5.1

Limitation on Authority of Members. The Company is manager-managed. No Member is an agent of the Company solely by virtue of being a Member, and no Member has authority to act for the Company solely by virtue of being a Member. This **Section 5.1** supersedes any authority granted to the Members pursuant to the Act. Any Member that takes any action or binds the Company in violation of this **Section 5.1** shall be solely responsible for any loss and expense incurred by the Company as a result of the unauthorized action and shall indemnify, defend and hold the Company harmless with respect to the loss or expense.

5.2

Federal Tax Elections and Allocations. The Company shall be treated as a partnership for federal income tax purposes, and no Member shall take any action to alter such treatment.

5.3

State Income Tax. To the extent permissible under applicable law, the relationship of the Members shall be treated for state income tax purposes in the same manner as it is for federal income tax purposes.

5.4

Tax Returns. After approval of the Management Committee, any tax returns or other required tax forms shall be filed in accordance with Exhibit C.

5.5

Other Business Opportunities. Each Member shall have the right to engage in and receive full benefits from any independent business activities or operations, whether or not competitive with the Company, without consulting with, or obligation to, the other Member or the Company. The doctrines of corporate opportunity or business opportunity shall not be applied to the Business nor to any other activity or operation of any Member. No Member shall have any obligation to the Company or any other Member with respect to any opportunity to acquire any property outside the Area of Interest at any time, or within the Area of Interest after the termination of the Company. Unless otherwise agreed in writing, neither the Manager nor any Member shall have any obligation to mill, beneficiate or otherwise treat any Products in any facility owned or controlled by the Manager or such Member.

5.6

Waiver of Rights to Partition or Other Division of Assets. The Members hereby waive and release all rights of partition, or of sale in lieu thereof, or other division of Assets, including any such rights provided by Law.

5.7

Bankruptcy of a Member. A Member shall cease to have any power as a Member or Manager or any voting rights or rights of approval hereunder upon bankruptcy, insolvency, dissolution or assignment for the benefit of creditors of such Member, and its successor upon the occurrence of any such event shall have only the rights, powers and privileges of a transferee enumerated in **Section 7.2**, and shall be liable for all obligations of the Member under this Agreement. In no event, however, shall a personal representative or successor become a substitute Member unless the requirements of **Section 7.2** are satisfied.

5.8

Implied Covenants. There are no implied covenants contained in this Agreement other than those of good faith and fair dealing.

5.9

Certificates. The Company shall issue certificates representing Ownership Interests in the Company substantially in the form as indicated in **Exhibit I**.

5.10

Disposition of Production. Neither Member shall have any obligation to account to the other Member for, nor have any interest or right of participation in any profits or proceeds nor have any obligation to share in any losses from, futures contracts, forward sales, trading in puts, calls, options or any similar hedging, price protection or marketing mechanism employed by a Member with respect to its proportionate share of any Products produced or to be produced from the Properties.

5.11

Limitation of Liability. The Members shall not be required to make any contribution to the capital of the Company except as otherwise provided in this Agreement, nor shall the Members in their capacity as Members or Manager be bound by, or liable for, any debt, liability or obligation of the Company whether arising in contract, tort, or otherwise, except as expressly provided by this Agreement. The Members shall be under no obligation to restore a deficit Capital Account upon the dissolution of the Company or the liquidation of any of their Ownership Interests.

5.12

Indemnities. To the fullest extent provided or allowed by the laws of Idaho, the Company shall indemnify, defend and hold the Manager and each Member harmless from and against all costs, losses, liabilities, damages, claims and expenses (including, without limitation, attorneys' fees and costs as incurred on trial and on appeal) incurred in the capacity of a manager, operator or member or in any other capacity on behalf of the Company, including, without limitation, claims arising from such person's actions or inactions taken or omitted as a manager, operator or a member or in any other capacity in furtherance of the business or affairs of the Company, whether taken prior to or subsequent to the formation of the Company, except to the extent such indemnification is prohibited by law.

5.13

No Third Party Beneficiary Rights. This Agreement shall be construed to benefit the Members and their respective successors and assigns only, and shall not be construed to create third party beneficiary rights in any other party or in any governmental organization or agency.

ARTICLE VI

REPRESENTATIONS AND WARRANTIES

6.1

As of the Effective Date, each Member warrants and represents to the other that:

(a)

it is a corporation or limited liability company duly organized and in good standing in its state of formation and is qualified to do business and is in good standing in those states where necessary in order to carry out the purposes of this Agreement;

(b)

it has the capacity to enter into and perform this Agreement and all transactions contemplated herein and that all corporate, board of directors, shareholder, Manager, Member, surface and mineral rights owner, lessor, lessee and other actions and consents required to authorize it to enter into and perform this Agreement have been properly taken or obtained;

(c)

it will not breach any other agreement or arrangement by entering into or performing this Agreement;

(d)

it is not subject to any governmental order, judgment, decree, debarment, sanction or Laws that would preclude the permitting or implementation of Operations under this Agreement; and

(e)

this Agreement has been duly executed and delivered by it and is valid and binding upon it in accordance with its terms.

ARTICLE VII

TRANSFER OF INTEREST; PREEMPTIVE RIGHT

7.1

General. A Member shall have the right to Transfer to a third party its Ownership Interest, or any beneficial interest therein, solely as provided in this **Article VII**.

7.2

Limitations on Free Transferability. Any Transfer by either Member under **Section 7.1** shall be subject to the following limitations:

(a)

Neither Member shall Transfer any beneficial interest in the Company (including, but not limited to, any royalty, profits, or other interest in the Products) except in conjunction with the Transfer of part or all of its Ownership Interest;

(b)

No transferee of all or any part of a Member's Ownership Interest shall have the rights of a Member unless and until the transferring Member has provided to the other Member notice of the Transfer, and, except as provided in **Subsections 7.2(f)** and **7.2(g)**, the transferee, as of the effective date of the Transfer, has committed in writing to assume and be bound by this Agreement to the same extent as the transferring Member;

(c)

Neither Member, without the consent of the other Member, shall make a Transfer that shall violate any Law, or result in the cancellation of any permits, licenses, or other similar authorization;

(d)

No Transfer permitted by this Article shall relieve the transferring Member of any liability of such transferring Member under this Agreement, whether accruing before or after such Transfer, provided that to the extent ISGC Transfers its interest to a special-purpose Affiliate of ISGC to align the benefits of its Ownership Interest with the proper EB-5 fund, ISGC's liability following such transfer shall be limited to (i) any obligations accruing prior to the date of transfer, and (ii) guaranteeing the Affiliate's obligation to make any future capital contributions to the

Company as and when due under this Agreement;

(e)

Any Member that makes a Transfer that shall cause termination of the tax partnership established by **Section 5.2** shall indemnify, defend and hold the other Member harmless for, from and against any and all loss, cost, expense, damage, liability or claim therefore arising from the Transfer, including without limitation any increase in taxes, interest and penalties or decrease in credits caused by such termination and any tax on indemnification proceeds received by the indemnified Member.

(f)

In the event of a Transfer of less than all of an Ownership Interest, the transferring Member and its transferee shall act and be treated as one Member under this Agreement; *provided however*, that in order for such Transfer to be effective, the transferring Member and its transferee must first:

(i)

agree, as between themselves, that one of them is authorized to act as the sole agent (**Agent**) on their behalf with respect to all matters pertaining to this Agreement and the Company; and

(ii)

notify the other Member of the designation of the Agent, and in such notice warrant and represent to the other Member that:

(A)

the Agent has the sole authority to act on behalf of, and to bind, the transferring Member and its transferee with respect to all matters pertaining to this Agreement and the Company;

(B)

the other Member may rely on all decisions of, notices and other communications from, and failures to respond by, the Agent, as if given (or not given) by the transferring Member and its transferee; and

(C)

all decisions of, notices and other communications from, and failures to respond by, the other Member to the Agent shall be deemed to have been given (or not given) to the transferring Member and its transferee.

The transferring Member and its transferee may change the Agent (but such replacement must be one of them) by giving notice to the other Member, which notice must conform to **Subsection 7.2(f)(ii)**.

(g)

If the Transfer is the grant of an Encumbrance on an Ownership Interest to secure a loan or other indebtedness of either Member in a bona fide transaction, other than a transaction approved unanimously by the Management Committee or Project Financing approved by the Management Committee, such Encumbrance shall be granted only in connection with such Member's financing payment or performance of that Member's obligations under this Agreement and shall be subject to the terms of this Agreement and the rights and interests of the other Member hereunder. Any such Encumbrance shall be further subject to the condition that the holder of such Encumbrance (**Chargee**) first enters into a written agreement with the other Member in form satisfactory to the other Member, acting reasonably, binding upon the Chargee, to the effect that:

(i)

the Chargee shall not enter into possession or institute any proceedings for foreclosure or partition of the encumbering Member's Ownership Interest and that such Encumbrance shall be subject to the provisions of this Agreement;

(ii)

the Chargee's remedies under the Encumbrance shall be limited to the sale of the whole (but only of the whole) of the encumbering Member's Ownership Interest to the other Member, or, failing such a sale, at a public auction to be held at least ninety (90) days after prior notice to the other Member, such sale to be subject to the purchaser entering into a written agreement with the other Member whereby such purchaser assumes all obligations of the encumbering Member under the terms of this Agreement. The price of any preemptive sale to the other Member shall be the remaining principal amount of the loan plus accrued interest and related expenses, and such preemptive sale shall occur within sixty (60) days of the Chargee's notice to the other Member of its intent to sell the encumbering Member's Ownership Interest. Failure of a sale to the other Member to close by the end of such period, unless failure is caused by the encumbering Member or by the Chargee, shall permit the Chargee to sell the encumbering Member's Ownership Interest at a public sale; and

(iii)

the charge shall be subordinate to any then-existing debt, including Project Financing previously approved by the Management Committee, encumbering the transferring Member's Ownership Interest.

7.3

Preemptive and Tag Along Rights. Any Transfer by either Member under **Section 7.1**, and any Transfer by an Affiliate in Control of either Member shall be subject to a preemptive right of the other Member to the extent provided in **Exhibit H**. Failure of a Member's Affiliate to comply with this Section and **Exhibit H** shall be a breach by such Member of this Agreement.

ARTICLE VIII

MANAGEMENT COMMITTEE

8.1

Organization and Composition. The Members hereby establish a Management Committee to determine overall policies, objectives, procedures, methods and actions under this Agreement. The Management Committee shall consist of two (2) members appointed by SMMI and two (2) members appointed by ISGC. Each Member may appoint one or more alternates to act in the absence of a regular member. Any alternate so acting shall be deemed a member of the Management Committee for the duration of such appointment. Appointments by a Member shall be made or changed by notice to the other Members. ISGC shall designate one of its Members to serve as the chair of the Management Committee.

8.2

Decisions.

(a)

Each Member, acting through its appointed members in attendance at the meeting, shall have the votes on the Management Committee in proportion to its Ownership Interest. Unless otherwise provided in this Agreement, the vote of the Member with an Ownership Interest over fifty percent (50%) shall determine the decisions of the Management Committee. If both members of the Management Committee appointed by a Member attend a meeting, each such member shall have a vote in proportion to one-half of the appointing Member's Ownership Interest. If only one member of the Management Committee appointed by a Member attends a meeting, such member shall have a vote in proportion to the appointing Member's entire Ownership Interest.

(b)

With respect to approval of budgets, other than the initial 2012 budget set forth in Exhibit G and the 2013 funding commitments identified in Section 3.2(a)(1) and (2), in the event that the members of the Management Committee have not unanimously approved a budget, prior to the Management Committee members representing an Ownership Interest over fifty percent (50%) exercising their right to approve such budget over the objection of the other members in accordance with Section 8.2(a), the Management Committee shall call a special meeting to further review and discuss the budget items at issue and shall invite an experienced neutral third party mining professional or representative of a mining consulting group (the **Mediator**) to participate in such meeting. The Mediator shall be mutually acceptable to all members of the Management Committee. At the special meeting, each member of the Management Committee shall present such member's position and reasonable supporting information on the disputed budget items, respond to questions from the Mediator, and consider in good faith any opinions or statements of the Mediator following such presentations. At the conclusion of such meeting, the Management Committee shall vote

upon the approval of such budget in accordance with Section 8.2(a).

8.3

Meetings.

(a)

The Management Committee shall hold regular meetings at least quarterly in Boise, Idaho, or at other mutually agreed places. The Manager shall give at least sixty (60) days but not less than ten (10) days notice to the Members of such meetings. Additionally, either Member may call a special meeting upon seven (7) days notice to the other Member.

In case of an emergency, reasonable notice of a special meeting shall suffice. There shall be a quorum if at least one member of the Management Committee representing each Member is present; *provided, however*, that if a Member fails to attend two consecutive properly called meetings, then a quorum shall exist at the second meeting if the other Member is represented by at least one appointed member, and a vote of such Member shall be considered the vote required for the purposes of the conduct of all business properly noticed even if such vote would otherwise require unanimity.

(b)

If business cannot be conducted at a regular or special meeting due to the lack of a quorum, either Member may call the next meeting upon ten (10) days notice to the other Member.

(c)

Each notice of a meeting shall include an itemized agenda prepared by the Manager in the case of a regular meeting or by the Member calling the meeting in the case of a special meeting, but any matters may be considered if either Member adds the matter to the agenda at least three (3) days before the meeting or with the consent of the other Member. The Manager shall prepare minutes of all meetings and shall distribute copies of such minutes to the other Member within ten (10) days after the meeting. Either Member may electronically record the proceedings of a meeting with the consent of the other Member. The other Member shall sign and return or object to the minutes prepared by the Manager within ten (10) days after receipt, and failure to do either shall be deemed acceptance of the minutes as prepared by the Manager. The minutes, when signed or deemed accepted by both Members, shall be the

official record of the decisions made by the Management Committee. Decisions made at a Management Committee meeting shall be implemented in accordance with adopted Programs and Budgets. If a Member timely objects to minutes proposed by the Manager, the members of the Management Committee shall seek, for a period not to exceed ten (10) days from receipt by the Manager of notice of the objections, to agree upon minutes acceptable to both Members. If the Management Committee does not reach agreement on the minutes of the meeting within such ten (10) day period, the minutes of the meeting as prepared by the Manager together with the other Member's proposed changes shall collectively constitute the record of the meeting. If personnel employed in Operations are required to attend a Management Committee meeting, reasonable costs incurred in connection with such attendance shall be charged to the Business Account. All other costs shall be paid by the Members individually.

8.4

Action without Meeting in Person. In lieu of meetings in person, the Management Committee may conduct meetings by telephone or video conference, so long as minutes of such meetings are prepared in accordance with **Subsection 8.3(c)**. The Management Committee may also take actions in writing signed by all members of the Management Committee.

8.5

Matters Requiring Approval. Except as otherwise delegated to the Manager in **Section 9.2**, the Management Committee shall have exclusive authority to determine all matters related to overall policies, objectives, procedures, methods and actions under this Agreement.

ARTICLE IX

MANAGER

9.1

Appointment. The Members hereby appoint ISGC as the Manager with overall management responsibility for Operations. ISGC hereby agrees to serve until it resigns as provided in **Section 9.4** or as otherwise provided in this Agreement.

9.2

Powers and Duties of Manager. Subject to the terms and provisions of this Agreement, the Manager shall have the following powers and duties, which shall be discharged in accordance with adopted Programs and Budgets.

(a)

The Manager shall manage, direct and control Operations, and shall prepare and present to the Management Committee proposed Programs and Budgets as provided in **Article X**.

(b)

The Manager shall implement the decisions of the Management Committee, shall make all expenditures necessary to carry out adopted Programs, and shall promptly advise the Management Committee if it lacks sufficient funds to carry out its responsibilities under this Agreement. The Manager shall have authority to disburse Company funds solely in payment of Qualifying Expenses.

(c)

The Manager shall use reasonable efforts to: (i) purchase or otherwise acquire all material, supplies, equipment, water, utility and transportation services required for Operations, such purchases and acquisitions to be made to the extent reasonably possible on the best terms available, taking into account all of the circumstances; (ii) obtain such customary warranties and guarantees as are available in connection with such purchases and acquisitions; and (iii) keep the Assets free and clear of all Encumbrances, except any such Encumbrances listed in **Paragraph 1.1 of Exhibit A** and those existing at the time of, or created concurrent with, the acquisition of such Assets, or mechanic's or materialmen's liens (which shall be contested, released or discharged in a diligent matter) or Encumbrances specifically approved by the Management Committee.

(d)

The Manager shall conduct such title examinations of the Properties and cure such title defects pertaining to the Properties as may be advisable in its reasonable judgment.

(e)

The Manager shall: (i) make or arrange for all payments required by leases, licenses, permits, contracts and other agreements related to the Assets; (ii) pay all taxes, assessments and like charges on Operations and Assets except taxes determined or measured by a Member's sales revenue or net income and taxes, including production taxes, attributable to a Member's share of Products, and shall otherwise promptly pay and discharge expenses incurred in Operations; *provided, however*, that if authorized by the Management Committee, the Manager shall have the right to contest (in the courts or otherwise) the validity or amount of any taxes, assessments or charges if the Manager deems them to be unlawful, unjust, unequal or excessive, or to undertake such other steps or proceedings as the Manager may

deem reasonably necessary to secure a cancellation, reduction, readjustment or equalization thereof before the Manager shall be required to pay them, but in no event shall the Manager permit or allow title to the Assets to be lost as the result of the nonpayment of any taxes, assessments or like charges; and (iii) do all other acts reasonably necessary to maintain the Assets.

(f)

The Manager shall: (i) apply for all necessary permits, licenses and approvals; (ii) comply with all Laws; (iii) notify promptly the Management Committee of any allegations of substantial violation thereof; and (iv) prepare and file all reports or notices required for or as a result of Operations. The Manager shall not be in breach of this provision if a violation has occurred in spite of the Manager's good faith efforts to comply consistent with its standard of care under **Section 9.3**. In the event of any such violation, the Manager shall timely cure or dispose of such violation on behalf of both Members through performance, payment of fines and penalties, or both, and the cost thereof shall be charged to the Business Account. For the sake of clarity, and fines or penalties arising from a breach of the Manager's standard of care shall not constitute Qualifying Expenses or Qualifying Expenditures.

(g)

The Manager shall prosecute and defend, but shall not initiate without consent of the Management Committee, all litigation or administrative proceedings arising out of Operations. The non-managing Member shall have the right to participate, at its own expense, in such litigation or administrative proceedings. The non-managing Member may approve in advance any settlement involving payments, commitments or obligations in excess of Ten Thousand Dollars (\$10,000.00) in cash or value.

(h)

The Manager shall obtain insurance for the benefit of the Company as provided in **Exhibit F** or as may otherwise be determined from time to time by the Management Committee.

(i)

The Manager may dispose of Assets, whether by abandonment, surrender, or Transfer in the ordinary course of business, except that Properties may be abandoned or surrendered only as provided in **Section 12.2**. Without prior authorization from the Management Committee, however, the Manager shall not: (i) dispose of Assets in any one transaction (or in any series of related transactions) having a value in excess of Twenty-Five Thousand Dollars (\$25,000.00); (ii) enter into any sales contracts or commitments for Product, except as permitted in **Section 5.10**; (iii) begin a liquidation of the Company; or (iv) dispose of all or a substantial part of the Assets necessary to achieve the purposes of the Company.

(j)

The Manager shall have the right to carry out its responsibilities hereunder through agents, Affiliates or independent contractors subject to the limitation of **Section 9.6**.

(k)

The Manager shall perform or cause to be performed all assessment and other work, and shall pay all Governmental Fees, required by Law in order to maintain the unpatented mining claims, mill sites and tunnel sites included within the Properties. The Manager shall have the right to perform the assessment work required hereunder pursuant to a common plan of exploration and continued actual occupancy of such claims and sites shall not be required. The Manager shall not be liable on account of any determination by any court or governmental agency that the work performed by the Manager does not constitute the required annual assessment work or occupancy for the purposes of preserving or maintaining ownership of the claims, provided that the work done is pursuant to an adopted Program and Budget and is performed in accordance with the Manager's standard of care under **Section 9.3**. The Manager shall timely record with the appropriate county and file with the appropriate United States agency any required affidavits, notices of intent to hold and other documents in proper form attesting to the payment of Governmental Fees, the performance of assessment work or intent to hold the claims and sites, in each case in sufficient detail to reflect compliance with the requirements applicable to each claim and site. The Manager shall not be liable on account of any determination by any court or governmental agency that any such document submitted by the Manager does not comply with applicable requirements, provided that such document is prepared and recorded or filed in accordance with the Manager's standard of care under **Section 9.3**.

(l)

If authorized by the Management Committee, the Manager may: (i) locate, amend or relocate any unpatented mining claim or mill site or tunnel site, (ii) locate any fractions resulting from such amendment or relocation, (iii) apply for patents or mining leases or other forms of mineral tenure for any such unpatented claims or sites, (iv) abandon any unpatented mining claims for the purpose of locating mill sites or otherwise acquiring from the United States rights to the ground covered thereby, (v) abandon any unpatented mill sites for the purpose of locating mining claims or otherwise acquiring from the United States rights to the ground covered thereby, (vi) exchange with or convey to the United States any of the Properties for the purpose of acquiring rights to the ground covered thereby or

other adjacent ground, and (vii) convert any unpatented claims or mill sites into one or more leases or other forms of mineral tenure pursuant to any Law hereafter enacted.

(m)

The Manager shall keep and maintain all required accounting and financial records pursuant to the procedures described in **Exhibit B** and in accordance with customary cost accounting practices in the mining industry, and shall ensure appropriate separation of accounts unless otherwise agreed by the Members.

(n)

The Manager shall keep and maintain all required records, make elections, and prepare and file all federal and state tax returns or other required tax forms, and perform the other duties described in **Exhibit C**.

(o)

The Manager shall maintain Capital Accounts for each Member. Each Member's Capital Account shall be credited with the value of such Member's contributions under **Subsections 3.1(a) and 3.1(b)** and shall be credited with any additional amounts contributed by such Member to the Company. Each Member's Capital Account shall be charged with the cash and the fair market value of property distributed to such Member (net of liabilities assumed by such Member and liabilities to which such distributed property is subject). Contributions and distributions shall include all cash contributions or distributions plus the agreed value (expressed in dollars) of all in-kind contributions or distributions. Solely for purposes of determining the Capital Account balances of the Members, the Manager shall reasonably estimate the fair market value of all Products distributed to the Members, and such estimated value shall be used regardless of the actual amount received by each Member upon disposition of such Products.

(p)

The Manager shall keep the Management Committee advised of all Operations by submitting in writing to the members of the Management Committee: (i) monthly and annual progress reports that include statements of expenditures and comparisons of such expenditures to the adopted Budget; (ii) periodic summaries of data acquired; (iii) copies of reports concerning Operations; (iv) a detailed final report within one hundred twenty (120) days after completion of each Program and Budget, which shall include comparisons between actual and budgeted expenditures and comparisons between the objectives and results of Programs; and (v) such other reports as any member of the Management Committee may reasonably request. Subject to **Article XIII**, at all reasonable times the Manager shall provide the Management Committee, or other representative of a Member upon the request of such Member's member of the Management Committee, access to, and the right to inspect and, at such Member's cost and expense, copy the Existing Data and all maps, drill logs and other drilling data, core, pulps, reports, surveys, assays, analyses, production reports, operations, technical, accounting and financial records, and other Business Information, to the extent preserved or kept by the Manager. In addition, the Manager shall allow the non-managing Member, at the latter's sole risk, cost and expense, and subject to reasonable safety regulations, to inspect the Assets and Operations at all reasonable times, so long as the non-managing Member does not unreasonably interfere with Operations.

(q)

The Manager shall prepare an Environmental Compliance plan for all Operations consistent with the requirements of any applicable Laws or contractual obligations and shall include in each Program and Budget sufficient funding to implement the Environmental Compliance plan and to satisfy the financial assurance requirements of any applicable Law or contractual obligation pertaining to Environmental Compliance not later than ninety (90) days from the date of this Agreement, which Environmental Compliance plan shall be reviewed and approved by the Management Committee. To the extent practical, the Environmental Compliance plan shall incorporate concurrent reclamation of Properties disturbed by Operations.

(r)

The Manager shall undertake to perform Continuing Obligations when and as economic and appropriate, whether before or after termination of the Company. The Manager shall have the right to delegate performance of Continuing Obligations to persons having demonstrated skill and experience in relevant disciplines. As part of each Program and Budget submittal, the Manager shall specify in such Program and Budget the measures to be taken for performance of Continuing Obligations and the cost of such measures. The Manager shall keep the other Member reasonably informed about the Manager's efforts to discharge Continuing Obligations. Authorized representatives of each Member shall have the right from time to time to enter the Properties to inspect work directed toward satisfaction of Continuing Obligations and audit books, records, and accounts related thereto.

(s)

The funds that are to be deposited into the Environmental Compliance Fund shall be maintained by the Manager in a separate, interest bearing cash management account, which may include, but is not limited to, money market investments and money market funds, and/or in longer term investments if approved by the Management Committee. Such funds shall be used solely for Environmental Compliance and Continuing Obligations, including the committing of such funds, interests in property, insurance or bond policies, or other security to satisfy Laws

regarding financial assurance for the reclamation or restoration of the Properties, and for other Environmental Compliance requirements.

(t)

If Ownership Interests are adjusted in accordance with this Agreement the Manager shall modify the Schedule of Members to properly reflect such adjustment and shall propose from time to time one or more methods for fairly allocating costs for Continuing Obligations.

(u)

The Manager shall undertake all other activities reasonably necessary to fulfill the foregoing, and to implement the policies, objectives, procedures, methods and actions determined by the Management Committee pursuant to **Section 8.1**.

9.3

Standard of Care. The Manager shall discharge its duties under **Section 9.2** and conduct all Operations in a good, workmanlike and efficient manner, in accordance with sound mining and other applicable industry standards and practices, and in accordance with Laws and with the terms and provisions of leases, licenses, permits, contracts and other agreements pertaining to the Assets. The Manager shall not be liable to the other Member for any act or omission resulting in damage or loss except to the extent caused by or attributable to the Manager's willful misconduct or negligence. The Manager shall not be in default of any of its duties under **Section 9.2** if its inability or failure to perform results from the failure of the other Member to perform acts or to contribute amounts required of it by this Agreement.

9.4

Resignation; Deemed Offer to Resign. The Manager may resign upon not less than three (3) months' prior notice to the other Member, in which case the other Member may elect to become the new Manager by notice to the resigning Member within thirty (30) days after the notice of resignation. If any of the following shall occur, the Manager shall be deemed to have resigned upon the occurrence of the event described in each of the following Subsections, with the successor Manager to be appointed by the other Member at a subsequently called meeting of the Management Committee, at which the Manager shall not be entitled to vote. The other Member may appoint itself or a third party as the Manager.

(a)

The aggregate Ownership Interest of the Manager and its Affiliates becomes less than Fifty percent (50%);

(b)

The Manager fails to perform a material obligation imposed upon it under this Agreement and such failure continues for a period of sixty (60) days after notice from the other Member demanding performance;

(c)

The Manager fails to pay or contest in good faith Company bills and Company debts as such obligations become due;

(d)

A receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official for a substantial part of its assets is appointed and such appointment is neither made ineffective nor discharged within sixty (60) days after the making thereof, or such appointment is consented to, requested by, or acquiesced to by the Manager;

(e)

The Manager commences a voluntary case under any applicable bankruptcy, insolvency or similar law now or hereafter in effect; or consents to the entry of an order for relief in an involuntary case under any such law or to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or other similar official of any substantial part of its assets; or makes a general assignment for the benefit of creditors; or takes corporate or other action in furtherance of any of the foregoing; or

(f)

Entry is made against the Manager of a judgment, decree or order for relief affecting its ability to serve as Manager or a substantial part of its Ownership Interest or its other assets by a court of competent jurisdiction in an involuntary case commenced under any applicable bankruptcy, insolvency or other similar law of any jurisdiction now or hereafter in effect.

Under **Subsections (d), (e) or (f)** above, the appointment of a successor Manager shall be deemed to pre-date the event causing a deemed resignation.

9.5

Payments To Manager. The Manager shall be compensated for its services and reimbursed for its costs hereunder in accordance with **Exhibit B**.

9.6

Transactions With Affiliates. If the Manager engages Affiliates to provide services hereunder, it shall do so on terms no less favorable than would be the case in arm's-length transactions with unrelated parties.

9.7

Activities During Deadlock. If the Management Committee for any reason fails to adopt an Exploration, Pre-Feasibility Study, Feasibility Study or Development Program and Budget, the Manager shall continue Operations at levels sufficient to maintain the Properties. If the Management Committee for any reason fails to adopt an initial Mining Program and Budget or any Expansion or Modification Programs and Budgets, the Manager shall continue Operations at levels sufficient to maintain the then current Operations and Properties. If the Management Committee for any reason fails to adopt Mining Programs and Budgets subsequent to the initial Mining Program and Budget, subject to the contrary direction of the Management Committee and receipt of necessary funds, the Manager shall continue Operations at levels comparable with the last adopted Mining Program and Budget. All of the foregoing shall be subject to the contrary direction of the Management Committee and the receipt of necessary funds.

ARTICLE X

PROGRAMS AND BUDGETS

10.1

Initial Program and Budget. The Initial Program and Budget to which both Members have agreed, covering calendar year 2012, is hereby adopted and is attached as **Exhibit G**. The portion of Exhibit G covering years following 2012 represents the Manager's current estimate of such future operations but is not an adopted Program and Budget.

10.2

Operations Pursuant to Programs and Budgets. Except as otherwise provided in **Section 10.12**, Operations shall be conducted, expenses shall be incurred, and Assets shall be acquired only pursuant to adopted Programs and Budgets. Every Program and Budget adopted pursuant to this Agreement shall provide for accrual of reasonably anticipated Environmental Compliance expenses for all Operations contemplated under the Program and Budget.

10.3

Presentation of Programs and Budgets. Proposed Programs and Budgets shall be prepared by the Manager for a period of one (1) year or any other period as approved by the Management Committee, which the Management

Committee will consider in good faith in order to align the time for preparing Programs and Budgets to be not in conflict with field seasons, and shall be submitted to the Management Committee for review and consideration. All proposed Programs and Budgets may include Exploration, Pre-Feasibility Studies, Feasibility Study, Development, Mining and Expansion or Modification Operations components, or any combination thereof, and shall be reviewed and adopted upon a vote of the Management Committee in accordance with **Sections 8.2 and 10.4**. Each Program and Budget adopted by the Management Committee, regardless of length, shall be reviewed at least once a year at a meeting of the Management Committee. During the period encompassed by any Program and Budget, and at least Three (3) months prior to its expiration (or within 30 days after the execution of this Agreement, in the case of the 2013 budget), a proposed Program and Budget for the succeeding period shall be prepared by the Manager and submitted to the Management Committee for review and consideration.

10.4

Review and Adoption of Proposed Programs and Budgets. Within Thirty (30) days after submission of a proposed Program and Budget, each Member shall submit in writing to the Management Committee:

(a)
Notice that the Member approves any or all of the components of the proposed Program and Budget; or

(b)
Modifications proposed by the Member to the components of the proposed Program and Budget; or

(c)
Notice that the Member rejects any or all of the components of the proposed Program and Budget.

If a Member fails to give any of the foregoing responses within the allotted time, the failure shall be deemed to be a vote by the Member for adoption of the Manager's proposed Program and Budget. If a Member makes a timely submission to the Management Committee pursuant to **Subsections 10.4(a), (b) or (c)**, then the Manager working with the other Member shall seek for a period of time not to exceed twenty (20) days to develop a complete Program and Budget

acceptable to both Members. The Manager shall then call a Management Committee meeting in accordance with **Section 8.3** for purposes of reviewing and voting upon the proposed Program and Budget.

10.5

Election to Participate.

(a)

If ISGC has made all of its required Initial Contribution and all of ISGC's 18,000 Units are vested, or if SMMI has exercised its option under **Section 3.5**, then, by notice to the Management Committee within thirty (30) calendar days after the final vote adopting a Program and Budget, and notwithstanding its vote concerning adoption of a Program and Budget, a Member may elect to participate in the approved Program and Budget: (i) in proportion to its respective Ownership Interest, (ii) in some lesser amount than its respective Ownership Interest, or (iii) not at all. In case of an election under **Subsection 10.5(a)(ii)** or **(iii)**, its Ownership Interest shall be recalculated as provided in **Subsection 10.5(b)** below, with dilution effective as of the first day of the Program Period for the adopted Program and Budget. If a Member fails to so notify the Management Committee of the extent to which it elects to participate, the Member shall be deemed to have elected to contribute to such Program and Budget in proportion to its respective Ownership Interest as of the beginning of the Program Period.

(b)

If a Member elects to contribute to an adopted Program and Budget some lesser amount than in proportion to its respective Ownership Interest, or not at all, and the other Member elects to fund all or any portion of the deficiency, the Ownership Interest of the Reduced Member shall be reduced as follows:

by dividing: (A) the sum of (1) the number of Vested Units owned by the Reduced Member multiplied by \$1,000.00, reflecting the agreed value of the Member's Initial Contribution for purposes of this section, (2) the total of all of the Reduced Member's contributions to the Company under **Subsection 10.5(a)** or otherwise (including Contributions of Property) pursuant to this Agreement, and (3) the amount, if any, the Reduced Member elects to contribute to the adopted current Program and Budget; by (B) the sum of (1), (2) and (3) above for both Members; and then multiplying the result by one hundred. The Ownership Interest of the other Member shall be increased by the amount of the reduction in the Ownership Interest of the Reduced Member, and if the other Member elects not to fund the entire deficiency, the Manager shall adjust the Program and Budget to reflect the funds available.

(c)

Whenever the Ownership Interests are recalculated pursuant to this **Section 10.5**, (i) the Schedule of Members shall be amended to reflect the recalculated Ownership Interests; and (ii) the portion of the Vested Units attributable to the reduced Ownership Interest of the Reduced Member shall be transferred to the other Member.

10.6

Recalculation or Restoration of Reduced Interest Based on Actual Expenditures.

(a)

If a Member makes an election under **Subsection 10.5(a)(ii)** or **(iii)**, then within Sixty (60) days after the conclusion of such Program and Budget, the Manager shall report the total amount of money expended plus the total obligations incurred by the Manager for such Budget and the total expended on Qualifying Expenses.

(b)

If the Manager expended or incurred obligations on Qualifying Expenses that were more or less than the adopted Budget, the Ownership Interests shall be recalculated pursuant to **Subsection 10.5(b)** by substituting each Member's actual contribution to the adopted Budget for that Member's estimated contribution at the time of the Reduced Member's election under **Subsection 10.5(a)**.

(c)

If the Manager expended or incurred obligations on Qualifying Expenses of less than eighty percent (80%) of the adopted Budget, within thirty (30) days of receiving the Manager's report on expenditures, the Reduced Member may notify the other Member of its election to reimburse the other Member for the difference between any amount contributed by the Reduced Member to such adopted Program and Budget and the Reduced Member's proportionate share (at the Reduced Member's former Ownership Interest) of the actual amount expended or incurred for the Program on Qualifying Expenses, plus interest on the difference accruing at the rate described in **Section 11.3** plus two and one-half (2.5) percentage points. The Reduced Member shall deliver the appropriate amount (including interest) to the other Member with such notice. Failure of the Reduced Member to so notify and tender such amount shall result in dilution occurring in accordance with this **Article X** and shall bar the Reduced Member from its rights under this **Subsection 10.6(c)** concerning the relevant adopted Program and Budget.

(d)

All recalculations under this Section shall be effective as of the first day of the Program Period for the Program and Budget. The Manager, on behalf of both Members, shall make such reimbursements, reallocations of Products, contributions and other adjustments as are necessary so that, to the extent possible, each

Member will be placed in the position it would have been in had its Ownership Interests as recalculated under this Section been in effect throughout the Program Period for such Program and Budget.

(e)

Whenever the Ownership Interests are recalculated pursuant to this Section, (i) the Schedule of Members shall be amended to reflect the recalculated Ownership Interests; and (iii) the Capital Accounts of the Members shall be determined without regard to **Subsection 10.5(c)**, *provided, that* the portion of Capital Account attributable to the reduced Ownership Interest of the Reduced Member, if any, after taking into account the adjustments required by this **Section 10.6** shall be transferred to the other Member.

10.7

Pre-Feasibility Study Program and Budgets.

(a)

At such time as either Member is of the good faith and reasonable opinion that economically viable Mining Operations may be possible on the Properties, the Member may propose to the Management Committee that a Pre-Feasibility Study Program and Budget, or a Program and Budget that includes Pre-Feasibility Studies, be prepared. Such proposal shall be made in writing to the other Member, shall reference the data upon which the proposing Member bases its opinion, and shall call a meeting of the Management Committee pursuant to **Section 8.3**.

If such proposal is adopted by the Management Committee, the Manager shall prepare or have prepared a Pre-Feasibility Study Program and Budget as approved by the Management Committee and shall submit the same to the Management Committee within sixty (60) days following adoption of the proposal.

(b)

Pre-Feasibility Studies may be conducted by the Manager, Feasibility Contractors, or both, or may be conducted by the Manager and audited by Feasibility Contractors, as the Management Committee determines. A Pre-Feasibility Study Program shall include the work necessary to prepare and complete the Pre-Feasibility Study approved in the proposal adopted by the Management Committee, which may include some or all of the following:

(i)

analyses of various alternatives for mining, processing and beneficiation of Products;

(ii)

analyses of alternative mining, milling, and production rates;

(iii)

analyses of alternative sites for placement of facilities (*i.e.*, water supply facilities, transport facilities, reagent storage, offices, shops, warehouses, stock yards, explosives storage, handling facilities, housing, public facilities);

(iv)

analyses of alternatives for waste treatment and handling (including a description of each alternative of the method of tailings disposal and the location of the proposed disposal site);

(v)

estimates of recoverable proven and probable reserves of Products and of related substances, in terms of technical and economic constraints (extraction and treatment of Products), including the effect of grade, losses, and impurities, and the estimated mineral composition and content thereof, and review of mining rates commensurate with such reserves;

(vi)

analyses of environmental impacts of the various alternatives, including an analysis of the permitting, environmental liability and other Environmental Law implications of each alternative, and costs of Environmental Compliance for each alternative;

(vii)

conduct of appropriate metallurgical tests to determine the efficiency of alternative extraction, recovery and processing techniques, including an estimate of water, power, and reagent consumption requirements;

(viii)

conduct of hydrology and other studies related to any required dewatering; and

(ix)

conduct of other studies and analyses approved by the Management Committee.

(c)

The Manager shall have the discretion to base its and any Feasibility Contractors' Pre-Feasibility Study on the cumulative results of each discipline studied, so that if a particular portion of the work would result in the conclusion that further work based on these results would be unwarranted for a particular alternative, the

Manager shall have no obligation to continue expenditures on other Pre-Feasibility Studies related solely to such alternative.

10.8

Completion of Pre-Feasibility Studies and Selection of Approved Alternatives. As soon as reasonably practical following completion of all Pre-Feasibility Studies required to evaluate fully the alternatives studied pursuant to Pre-Feasibility Programs, the Manager shall prepare a report summarizing all Pre-Feasibility Studies and shall submit the same to the Management Committee. Such report shall incorporate the following:

(a)

the results of the analyses of the alternatives and other matters evaluated in the conduct of the Pre-Feasibility Programs;

(b)

reasonable estimates of capital costs for the Development and start-up of the mine, mill and other processing and ancillary facilities required by the Development and Mining alternatives evaluated (based on flowsheets, piping and instrumentation diagrams, and other major engineering diagrams), which cost estimates shall include reasonable estimates of:

(i)

capitalized pre-stripping expenditures, if an open pit or surface mine is proposed;

(ii)

expenditures required to purchase, construct and install all machinery, equipment and other facilities and infrastructure (including contingencies) required to bring a mine into commercial production, including an analysis of costs of equipment or supply contracts in lieu of Development costs for each Development and Mining alternative evaluated;

(iii)

expenditures required to perform all other related work required to commence commercial production of Products and, if applicable, process Products (including reasonable estimates of working capital requirements); and

(iv)

all other direct and indirect costs and general and administrative expenses that may be required for a proper evaluation of the Development and Mining alternatives and annual production levels evaluated. The capital cost estimates shall include a schedule of the timing of the estimated capital requirements for each alternative;

(c)

a reasonable estimate of the annual expenditures required for the first year of Operations after completion of the capital program described in **Subsection 10.8(b)** for each Development alternative evaluated, and for subsequent years of Operations, including estimates of annual production, processing, administrative, operating and maintenance expenditures, taxes (other than income taxes), working capital requirements, royalty and purchase obligations, equipment leasing or supply contract expenditures, work commitments, Environmental Compliance costs, post-Operations Environmental Compliance and Continuing Obligations funding requirements and all other anticipated costs of such Operations. This analysis shall also include an estimate of the number of employees required to conduct such Operations for each alternative;

(d)

a review of the nature, extent and rated capacity of the mine, machinery, equipment and other facilities preliminarily estimated to be required for the purpose of producing and marketing Products under each Development and Mining alternative analyzed;

(e)

an analysis (and sensitivity analyses reasonably requested by either Member), based on various target rates of return and price assumptions requested by either Member, of whether it is technically, environmentally, and economically feasible to place a prospective ore body or deposit within the Properties into commercial production for each of the Development and Mining alternatives analyzed (including a discounted cash flow rate of return investment analysis for each alternative and net present value estimate using various discount rates requested by either Member); and

(f)

such other information as the Management Committee deems appropriate.

Within fifteen (15) business days after delivery of the Pre-Feasibility Study summary to the Members, a Management Committee meeting shall be convened for the purposes of reviewing the Pre-Feasibility Study summary and selecting one or more Approved Alternatives, if any.

10.9

Programs and Budgets for Feasibility Study. Within thirty (30) days following the selection of an Approved Alternative, the Manager shall submit to the Management Committee a Program and a Budget, which shall include necessary Operations, for the preparation of a Feasibility Study. A Feasibility Study may be prepared by the Manager, Feasibility Contractors, or both, or may be prepared by the Manager and audited by Feasibility Contractors, as the Management Committee determines.

10.10

Development Programs and Budgets; Project Financing.

(a)

Unless otherwise determined by the Management Committee, the Manager shall not submit to the Management Committee a Program and Budget including Development of the mine described in a completed Feasibility Study until fourteen (14) days following the receipt by Manager of the Feasibility Study. The Program and Budget, which includes Development of the mine described in the completed Feasibility Study, shall be based on the estimated cost of Development described in the Feasibility Study for the Approved Alternative, unless otherwise directed by the Management Committee.

(b)

Promptly following adoption of the Program and Budget, which includes Development as described in a completed Feasibility Study, but in no event more than thirty (30) days thereafter, the Manager shall submit to the Management Committee a report on material bids received for Development work (**Bid Report**). If bids described in the Bid Report result in the aggregate cost of Development work exceeding One Hundred Twenty percent (120%) of the Development cost estimates that formed the basis of the Development component of the adopted Program and Budget, the Program and Budget, which includes relevant Development, shall be deemed to have been re-submitted to the Management Committee based on the aggregate costs as described in the Bid Report on the date of receipt of the Bid Report and shall be reviewed and adopted in accordance with **Sections 8.2 and 10.4.**

(c)

If the Management Committee approves the Development of the mine described in a Feasibility Study and also decides to seek Project Financing for such mine, each Member shall, at its own cost, cooperate in seeking to obtain Project Financing for such mine; *provided, however,* that all fees, charges and costs (including attorneys and technical consultants fees) paid to the Project Financing lenders shall be borne by the Members in proportion to their Ownership Interests, unless such fees are capitalized as a part of the Project Financing.

10.11

Expansion or Modification Programs and Budgets. Any Program and Budget proposed by the Manager involving Expansion or Modification shall be based on a Feasibility Study prepared by the Manager, Feasibility Contractors, or both, or prepared by the Manager and audited by Feasibility Contractors, as the Management Committee determines. The Program and Budget, which include Expansion or Modification, shall be submitted for review and approval by the Management Committee within thirty (30) days following receipt by the Manager of such Feasibility Study.

10.12

Budget Overruns; Program Changes. The Manager shall immediately notify the Management Committee of any material departure from an adopted Program and Budget. If the Manager exceeds an adopted Budget by more than fifteen percent (15.0%) in the aggregate, then the excess over fifteen percent (15.0%), unless authorized or ratified by the Management Committee, shall be for the sole account of the Manager and such excess shall not be included in the calculations of the Ownership Interests nor deemed a contribution under this Agreement. Budget overruns of fifteen percent (15.0%) or less in the aggregate shall be borne by the Members in proportion to their respective Ownership Interests.

10.13

Supplemental Business Arrangement. At any time during the term of this Agreement, the Management Committee may determine by unanimous vote of both Members after ISGC's Initial Contribution obligations have been fully satisfied that it is appropriate to segregate the Area of Interest into areas subject to separate Programs and Budgets for purposes of conducting further Exploration, Pre-Feasibility or Feasibility Studies, Development, or Mining. At such time, the Management Committee shall designate which portion of the Properties will comprise an area of interest under a separate business arrangement (**Supplemental Business Arrangement**) for the purpose of further exploring, analyzing, developing, and mining such portion of the Properties. The Supplemental Business Arrangement shall substantially reflect the same terms as this Agreement, with rights and interests of the Members in the Supplemental Business Arrangement identical to the rights and interests of the Members in the Company at the time of the designation, unless otherwise agreed to by the Members, and with the Members agreeing to new Capital and Equity Accounts and other terms necessary for the Supplemental Business Arrangement to comply with the nature and purpose of the designation. Following the effectuation of the Supplemental Business Arrangement, this Agreement shall terminate insofar as it affects the Properties covered by the Supplemental Business Arrangement.

ARTICLE XI

ACCOUNTS AND SETTLEMENTS

11.1

Monthly Statements. The Manager shall promptly submit to the Management Committee monthly statements of account reflecting in reasonable detail the charges and credits to the Business Account during the preceding month.

11.2

Cash Calls. On the basis of each adopted Program and Budget, the Manager shall submit prior to the last day of each month a billing for estimated cash requirements for the next month. Within thirty (30) days after receipt of each billing, each Member shall advance its proportionate share of such cash requirements. The Manager shall record all funds received in the Business Account. The Manager shall at all times maintain a cash balance approximately equal to the rate of disbursement for up to sixty (60) days. All funds in excess of immediate cash requirements shall be invested by the Manager for the benefit of the Company in cash management accounts and investments selected at the discretion of the Manager, which accounts may include, but are not limited to, money market investments and money market funds. Notwithstanding the foregoing, however, (i) with respect to the first Program and Budget that includes Development of the Properties, no cash call may be made upon SMMI prior to the date which is one hundred twenty (120) days after the date on which SMMI was notified of the aggregate Budget amount for such Program, and (ii) the timing of ISGC's \$18 million Initial Contribution shall be as set forth in Section 3.6.

11.3

Failure to Meet Cash Calls. A Member that fails to meet cash calls in the amount and at the times specified in **Section 11.2** shall be in default, and the amounts of the defaulted cash call shall bear interest from the date due at an annual rate equal to two and one-half (2.5) percentage points over the Prime Rate, but in no event shall the rate of interest exceed the maximum permitted by Law. Such interest shall accrue to the benefit of and be payable to the non-defaulting Member, but shall not be deemed as amounts contributed by the defaulting Member in the event dilution occurs in accordance with **Subsection 4.2(c)**. In addition to any other rights and remedies available to it by Law, the non-defaulting Member shall have those other rights, remedies, and elections specified in **Sections 11.4 and 11.5**.

11.4

Cover Payment. If a Member defaults in making a contribution or cash call required by an adopted Program and Budget, the non-defaulting Member may, but shall not be obligated to, advance some portion or all of the amount in default on behalf of the defaulting Member (a **Cover Payment**). Each and every Cover Payment shall constitute a

demand loan bearing interest from the date of the advance at the rate provided in **Section 11.3**. If more than one Cover Payment is made, the Cover Payments shall be aggregated and the rights and remedies described herein pertaining to an individual Cover Payment shall apply to the aggregated Cover Payments. The failure to repay such loan upon demand shall be a default.

11.5

Remedies. The Members acknowledge that if either Member defaults in making a contribution required by **Article III** or a cash call, or in repaying a loan, as required under **Sections 11.2, 11.3 or 11.4**, whether or not a Cover Payment is made, it will be difficult to measure the damages resulting from such default (it being hereby understood and agreed that the Members have attempted to determine such damages in advance and determined that the calculation of such damages cannot be ascertained with reasonable certainty). Both Members acknowledge and recognize that the damage to the non-defaulting Member could be significant. In the event of such default, as reasonable liquidated damages, the non-defaulting Member may, with respect to any such default not cured within thirty (30) days after notice to the defaulting Member of such default, elect any of the following remedies by giving notice to the defaulting Member. Such election may be made with respect to each failure to meet a cash call relating to a Program and Budget, regardless of the frequency of such cash calls, provided such cash calls are made in accordance with **Section 11.2**.

(a)

The defaulting Member grants to the non-defaulting Member a power of sale as to all or any portion of its Ownership Interest or of its interest in any Assets, upon a default under **Sections 11.3 or 11.4**. Such power shall be exercised in the manner provided by applicable Law or otherwise in a commercially reasonable manner and upon reasonable notice. If the non-defaulting Member elects to enforce the lien or security interest pursuant to the terms of this Subsection, the defaulting Member shall be deemed to have waived any available right of redemption, any required valuation or appraisal of the secured property prior to sale, any available right to stay execution or to require a marshaling of assets, and any required bond in the event a receiver is appointed, and the defaulting Member shall be liable for the deficiency.

(b)

The non-defaulting Member may elect to have the defaulting Member's Ownership Interest diluted or eliminated as follows:

(i)

The Reduced Member's Ownership Interest shall be recalculated by dividing: (X) the sum of (1) the number of Vested Units owned by the Reduced Member by \$1,000.00, (2) the total of all of the Reduced Member's contributions to the Company under **Subsection 10.5(a)** or otherwise pursuant to this Agreement and (3) the amount, if any, the Reduced Member contributed to the adopted current Program and Budget with respect to which the default occurred; by (Y) the sum of (1), (2) and (3) above for both Members; and then multiplying the result by one hundred.

The Ownership Interest of the other Member shall be increased by the amount of the reduction in the Ownership Interest of the Reduced Member, including the further reduction under **Subsections 10.5(b)(i)(A)** or **(B)**.

The amount of any Cover Payment under **Section 11.4** and interest thereon, or any interest accrued in accordance with **Section 11.3**, shall be deemed to be amounts contributed by the non-defaulting Member, and not as amounts contributed by the defaulting Member.

(iv)

Whenever the Ownership Interests are recalculated pursuant to this **Subsection 11.5(b)**, the portion of Vested Units attributable to the reduced Ownership Interest of the Reduced Member shall be transferred to the other Member.

(c)

If a Member has defaulted in meeting a cash call or repaying a loan, and if the non-defaulting Member has made a Cover Payment, then, in addition to a reduction in the defaulting Member's Ownership Interest effected pursuant to **Subsection 11.5(b)**, the non-defaulting Member shall have the right, if the indebtedness arising from a default or Cover Payment is not discharged within sixty (60) days of the default and upon not less than thirty (30) days advance notice to the defaulting Member, to elect to purchase all the right, title, and interest, whenever acquired or arising, of the defaulting Member in the Company and Assets, including but not limited to its Ownership Interest or interest in Net Proceeds, together with all proceeds from and accessions of the foregoing (collectively the **Defaulting Member's Entire Interest**) at a purchase price equal to seventy-five percent (75%) of the fair market value thereof as determined by a qualified independent appraiser appointed by the non-defaulting Member. If the defaulting Member conveys notice of objection to the person so appointed within ten (10) days after receiving notice thereof, then an independent and qualified appraiser shall be appointed by the joint action of the appraiser appointed by the non-defaulting Member and a qualified independent appraiser appointed by the defaulting Member; *provided, however*, that if the defaulting Member fails to designate a qualified independent appraiser for such purpose within ten (10) days after giving notice of such objection, then the person originally designated by the non-defaulting Member shall serve as the appraiser;

provided further, that if the appraisers appointed by each of the Members fail to appoint a third qualified independent appraiser within five (5) days after the appointment of the last of them, then an appraiser shall be appointed by a judge of a court of competent jurisdiction in the state in which the Assets are situated upon the application of either Member.

There shall be withheld from the purchase price payable, upon transfer of the Defaulting Member's Entire Interest, the amount of any Cover Payment under **Section 11.4** and unpaid interest thereon to the date of such transfer, or any unpaid interest accrued in accordance with **Section 11.3** to the date of such transfer. Upon payment of such purchase price, the defaulting Member shall be deemed to have relinquished all of the Defaulting Member's Entire Interest to the non-defaulting Member.

11.6

Audits.

(a)

Annual Audit. Within thirty (30) days after the end of each calendar year, at the request of a Member, an audit shall be completed by certified public accountants selected by, and independent of, the Manager. The audit shall be conducted in accordance with generally accepted auditing standards and shall cover all books and records maintained by the Manager pursuant to this Agreement, all Assets and Encumbrances, and all transactions and Operations conducted during such calendar year, including production and inventory records and all costs for which the Manager sought reimbursement under this Agreement, together with all other matters customarily included in such audits. All written exceptions to and claims upon the Manager for discrepancies disclosed by such audit shall be made not more than three (3) months after receipt of the audit report, unless either Member elects to conduct an independent audit pursuant to **Subsection 11.6(b)** which is ongoing at the end of such three (3) month period, in which case such exceptions and claims may be made within the period provided in **Subsection 11.6(b)**. Failure to make any such exception or claim within such period shall mean the audit is deemed to be correct and binding upon the Members. The cost of all audits under this Subsection shall be charged to the Business Account.

(b)

Discretionary Audits. Notwithstanding the annual audit conducted by certified public accountants selected by the Manager, each Member shall have the right to have an independent audit of all Company books, records and accounts, including all charges to the Business Account. This audit shall review all issues raised by the requesting Member, with all costs borne by the requesting Member. The requesting Member shall give the other Member thirty (30) days prior notice of such audit. Any audit conducted on behalf of either Member shall be made during the Manager's normal business hours and shall not interfere with Operations. Neither Member shall have the right to audit records and accounts of the Company relating to transactions or Operations more than twenty-four (24) months after the calendar year during which such transactions, or transactions related to such Operations, were charged to the Business Account. All written exceptions to and claims upon the Manager for discrepancies disclosed by such audit shall be made not more than three (3) months after completion and delivery of such audit, or they shall be deemed waived. The cost of discretionary audits under this Subsection shall be paid by the requesting Member.

ARTICLE XII

PROPERTIES

12.1

Royalties, Production Taxes and Other Payments Based on Production. All required payments of production royalties, taxes based on production of Products, and other payments out of production to private parties and governmental entities, shall be determined and made by the Company in a timely manner and otherwise in accordance with applicable laws and agreements. The Manager shall furnish to the Members evidence of timely payment for all such required payments. In the event the Company fails to make any such required payment, any Member shall have the right to make such payment and shall thereby become subrogated to the rights of such third party; *provided, however*, that the making of any such payment on behalf of the Company shall not constitute acceptance by the paying Member of any liability to such third party for the underlying obligation.

12.2

Abandonment and Surrender. Either Member may request the Management Committee to authorize the Manager to surrender or abandon part or all of the Properties. At the option of the other Member, the Company shall assign to the objecting Member or such other Person as the objecting Member specifies, by special warranty deed and without cost to the objecting Member, all of the Company's interest in the Properties sought to be abandoned or surrendered, free and clear of all Encumbrances created by, through or under the Company other than those to which both Members have agreed. Upon the assignment, such properties shall cease to be part of the Properties.

ARTICLE XIII

CONFIDENTIALITY, OWNERSHIP, USE

AND DISCLOSURE OF INFORMATION

13.1

Business Information. All Business Information shall be owned jointly by the Members as their Ownership Interests are determined pursuant to this Agreement. Both before and after the termination of the Company, all Business Information may be used by either Member for any purpose, whether or not competitive with the Business, without consulting with, or obligation to, the other Member. Except as provided in **Sections 13.3** and **13.4**, or with the prior written consent of the other Member, each Member shall keep confidential and not disclose to any third party or the public any portion of the Business Information that constitutes Confidential Information.

13.2

Member Information. In performing its obligations under this Agreement, neither Member shall be obligated to disclose any Member Information. If a Member elects to disclose Member Information in performing its obligations under this Agreement, such Member Information, together with all improvements, enhancements, refinements and incremental additions to such Member Information that are developed, conceived, originated or obtained by either Member in performing its obligation under this Agreement (**Enhancements**), shall be owned exclusively by the Member that originally developed, conceived, originated or obtained such Member Information. Each Member may use and enjoy the benefits of such Member Information and Enhancements in the conduct of the Business hereunder, but the Member that did not originally develop, conceive, originate or obtain such Member Information may not use such Member Information and Enhancements for any other purpose. Except as provided in **Section 13.4**, or with the prior written consent of the other Member, which consent may be withheld in such Member's sole discretion, each Member shall keep confidential and not disclose to any third party or the public any portion of Member Information and Enhancements owned by the other Member that constitutes Confidential Information.

13.3

Permitted Disclosure of Confidential Business Information. Either Member may disclose Business Information that is Confidential Information: (a) to a Member's officers, directors, partners, members, employees, Affiliates, shareholders, agents, attorneys, accountants, consultants, contractors, subcontractors or advisors, for the sole purpose of such Member's performance of its obligations under this Agreement; (b) to any party to whom the disclosing Member contemplates a Transfer of all or any part of its Ownership Interest, for the sole purpose of evaluating the proposed Transfer; (c) to any actual or potential lender, underwriter or investor for the sole purpose of evaluating whether to make a loan to or investment in the disclosing Member; or (d) to a third party with whom the disclosing Member contemplates any independent business activity or operation.

The Member disclosing Confidential Information pursuant to this **Section 13.3**, shall disclose such Confidential Information to only those parties that have a bona fide need to have access to such Confidential Information for the purpose for which disclosure to such parties is permitted under this **Section 13.3** and that have agreed in writing supplied to, and enforceable by, the other Member to protect the Confidential Information from further disclosure, to use such Confidential Information solely for such purpose and to otherwise be bound by the provisions of this **Article XIII**. Such writing shall not preclude parties described in **Subsection 13.3(b)** from discussing and completing a Transfer with the other Member. The Member disclosing Confidential Information shall be responsible and liable for any use or disclosure of the Confidential Information by such parties in violation of this Agreement and such other writing.

13.4

Disclosure Required By Law. Notwithstanding anything contained in this Article, a Member may disclose any Confidential Information if, in the opinion of the disclosing Member's legal counsel: (a) such disclosure is legally required to be made in a judicial, administrative or governmental proceeding pursuant to a valid subpoena or other applicable order; or (b) such disclosure is legally required to be made pursuant to the rules or regulations of a stock exchange or similar trading market applicable to the disclosing Member.

Prior to any disclosure of Confidential Information under this **Section 13.4**, the disclosing Member shall give the other Member at least ten (10) days prior written notice (unless less time is permitted by such rules, regulations or proceeding) and, in making such disclosure, the disclosing Member shall disclose only that portion of Confidential Information required to be disclosed and shall take all reasonable efforts to preserve the confidentiality thereof, including, without limitation, obtaining protective orders and supporting the other Member in intervention in any such proceeding.

13.5

Public Announcements. Prior to making or issuing any press release or other public announcement or disclosure of Business Information that is not Confidential Information, a Member shall first consult with the other Member as to the content and timing of such announcement or disclosure, unless in the good faith judgment of such Member, there is not sufficient time to consult with the other Member before such announcement or disclosure must be made under applicable Laws; but in such event, the disclosing Member shall notify the other Member, as soon as possible, of the

pendency of such announcement or disclosure, and it shall notify the other Member before such announcement or disclosure is made if at all reasonably possible. Any press release or other public announcement or disclosure to be issued by either Member relating to this Business shall also identify the other Member.

ARTICLE XIV

RESIGNATION AND DISSOLUTION

14.1

Events of Dissolution. The Company shall be dissolved upon the occurrence of any of the following:

(a)

Upon expiration of term of this Agreement in accordance with **Section 2.5**;

(b)

Upon the unanimous written agreement of the Members;

(c)

At the election of either Member upon Sixty (60) days notice of termination to the other Member, if the Management Committee fails to adopt a Program and Budget for Twelve (12) months after the expiration of the latest adopted Program and Budget;

(d)

Upon the resignation of a Member pursuant to **Section 14.2** or upon the bankruptcy, insolvency, dissolution or assignment for the benefit of creditors of a Member; or

(e)

as otherwise provided by the Act.

14.2

Resignation. A Member may elect to resign from the Company by (a) in the case of ISGC, failing to complete its Initial Contributions as required by **Subsection 3.1(b)**, or (b) giving notice to the other Member of the effective date of resignation, which shall be the later of the end of the then current Program Period or thirty (30) days after the date of the notice. Upon resignation by a Member, the resigning Member shall be deemed to have transferred to the remaining Member all of its Ownership Interest, including all of its interest in the Assets and its Capital Account, without cost and free and clear of all Encumbrances arising by, through or under such resigning Member, except those described in **Paragraph 1.1** of **Exhibit A** and those to which both Members have agreed. The resigning Member shall execute and deliver all instruments as may be necessary in the reasonable judgment of the other Member to effect the transfer of its interests in the Company and the Assets to the other Member. A resigning Member shall have no right to receive the fair value of his Ownership Interest pursuant to the Act. If within a sixty (60) day period both Members elect to withdraw, then the Company shall instead be deemed to have been terminated by the written agreement of the Members pursuant to **Section 14.1(b)**.

14.3

Disposition of Assets on Dissolution. Promptly after dissolution under **Section 14.1**, the Manager shall take all action necessary to wind up the activities of the Company, in accordance with **Exhibit C**. All costs and expenses incurred in connection with the dissolution of the Company shall be expenses chargeable to the Business Account.

14.4

Filing of Certificate of Cancellation. Upon completion of the winding up of the affairs of the Company, the Manager shall promptly file a Certificate of Cancellation with the Office of the Secretary of State of the State of Idaho. If the Manager has caused the dissolution of the Company, whether voluntarily or involuntarily, then a person selected by a majority vote of the Members to wind up the affairs of the Company shall file the Certificate of Cancellation.

14.5

Right to Data After Dissolution. After dissolution of the Company pursuant to **Subsections 14.1(a), (b), (c) or (e)**, each Member shall be entitled to make copies of all applicable information acquired hereunder before the effective date of termination not previously furnished to it, but a bankrupt or resigning Member causing a dissolution of the Company pursuant to **Subsection 14.1(d)** shall not be entitled to any such copies.

14.6

Continuing Authority. On dissolution of the Company under **Section 14.1**, or the resignation of a Member under **Section 14.2**, or the deemed resignation of either Member pursuant to **Sections 3.2 or 11.5**, the Member that was the Manager prior to such dissolution (or the other Member in the event of a resignation by the Manager) shall have the

power and authority to do all things on behalf of both Members that are reasonably necessary or convenient to: (a) wind up Operations and (b) complete any transaction and satisfy any obligation, unfinished or unsatisfied, at the time of such termination or resignation, if the transaction or obligation arises out of Operations prior to such termination or resignation. The Manager shall have the power and authority to grant or receive extensions of time or change the method of payment of an already existing liability or obligation, prosecute and defend actions on behalf of the Company and either or both Members, encumber Assets, and take any other reasonable action in any matter with respect to which the former Members continue to have, or appear or are alleged to have, a common interest or a common liability.

ARTICLE XV

DISPUTES

15.1

Governing Law. Except for matters of title to the Properties or their Transfer, which shall be governed by the law of their situs, this Agreement shall be governed by and interpreted in accordance with the laws of the State of Idaho, without regard for any conflict of laws or choice of laws principles that would permit or require the application of the laws of any other jurisdiction.

15.2

[Forum Selection].

15.3

Arbitration [if applicable].

15.4

Dispute Resolution. All disputes arising under or in connection with this Agreement which cannot be resolved by agreement between the Members shall be resolved in accordance with applicable Law. If any legal action or other proceeding is brought for the enforcement of this Agreement, or because of an alleged dispute, breach, default, or misrepresentation in connection with any of the provisions of this Agreement, the successful or substantially

prevailing Member shall be entitled to recover reasonable attorneys' fees and other costs incurred in that action or proceeding through all levels of appeal, in addition to any other relief to which it or they may be entitled.

The affected Member shall promptly give notice to the other Member of the suspension of performance, stating therein the nature of the suspension, the reasons therefor, and the expected duration thereof. The affected Member shall resume performance as soon as reasonably possible. During the period of suspension the obligations of both Members to advance funds pursuant to **Section 11.2** shall be reduced to levels consistent with then current Operations. Notwithstanding the foregoing, however, if a Member's performance has been suspended pursuant to this Section 16.7 for a total of more than three years in any six year period, the other Member shall have the option to buyout such Member's interest in the Company pursuant to Section 4.7 of this Agreement.

16.8

Rule Against Perpetuities. The Members do not intend that there shall be any violation of the Rule Against Perpetuities, the Rule Against Unreasonable Restraints on the Alienation of Property, or any similar rule. Accordingly, if any right or option to acquire any interest in the Properties, in an Ownership Interest, in the Assets, or in any real property exists under this Agreement, such right or option must be exercised, if at all, so as to vest such interest within time periods permitted by applicable rules. If, however, any such violation should inadvertently occur,

the Members hereby agree that a court shall reform that provision in such a way as to approximate most closely the intent of the Members within the limits permissible under such rules.

16.9

Further Assurances. Each of the Members shall take, from time to time and without additional consideration, such further actions and execute such additional instruments as may be reasonably necessary or convenient to implement and carry out the intent and purpose of this Agreement or as may be reasonably required by lenders in connection with Project Financing.

16.10

Entire Agreement; Successors and Assigns. This Agreement contains the entire understanding of the Members and supersedes all prior agreements and understandings between the Members relating to the subject matter hereof. This Agreement shall be binding upon and inure to the benefit of the respective successors and permitted assigns of the Members.

16.11

Counterparts. This Agreement may be executed in any number of counterparts, and it shall not be necessary that the signatures of both Members be contained on any counterpart. Each counterpart shall be deemed an original, but all counterparts together shall constitute one and the same instrument.

16.12

Survival. Provisions which by their nature are intended to survive termination, including but not limited to Sections 3.1, 3.2, 3.3, 3.4, 3.5, 4.1, 4.2, 4.3, 5.1, 5.11, 5.12, 5.13, 7.1, 7.2, 7.3, 9.2, 11.5, 13.1, 13.2, 13.3, 13.4, 14.6, 15.4, and this Section 16.12, shall survive the closing and termination of this LLC Agreement.

SOUTH MOUNTAIN MINES PROPERTY DESCRIPTION AND LOCATION

The South Mountain property is located in southwestern Idaho in Owyhee County, approximately 70 air miles SW of Boise, Idaho and approximately 24 miles SE of Jordan Valley, Oregon. The Property is situated wholly within Idaho approximately six miles east of the Idaho-Oregon border (Latitude 42 44' 41.65" N, Longitude 1165' 13.48" W).

The Property consists of 17 patented mining claims encompassing approximately 326 acres, 21 unpatented mining claims covering approximately 290 acres owned by TMG and 545 acres of leased private land. The patented and unpatented claims are wholly owned by TMG. All surface rights are included with the patented and leased private land. There are no royalties associated with the patented or unpatented claims, although the unpatented claims require annual holding fees to be paid to the Bureau of Land Management (BLM), plus filings with Owyhee County. Any surface disturbance on land managed by the BLM will require approval through the BLM's regulations. The location for the patented claims, unpatented claim, and the leased private land are shown in Figure 4-1. Listings of patented and unpatented claims are included in Tables 4-1 and 4-2.

ACCOUNTING PROCEDURES

The financing and accounting procedures to be followed by the Manager and the Members under the Agreement are set forth below. All capitalized terms in these Accounting Procedures shall have the definition attributed to them in the Agreement, unless defined otherwise herein.

The purpose of these Accounting Procedures is to establish equitable methods for determining charges and credits applicable to Operations. It is the intent of the Members that neither of them shall lose or profit by reason of the designation of one of them to exercise the duties and responsibilities of the Manager. The Members shall meet and in good faith endeavor to agree upon changes deemed necessary to correct any unfairness or inequity. In the event of a conflict between the provisions of these Accounting Procedures and those of the Agreement, the provisions of the Agreement shall control.

ARTICLE I

GENERAL PROVISIONS

1.1

General Accounting Records. The Manager shall maintain detailed and comprehensive cost accounting records in accordance with these Accounting Procedures, including general ledgers, supporting and subsidiary journals, invoices, checks and other customary documentation, sufficient to provide a record of revenues and expenditures and periodic statements of financial position and the results of Operations for managerial, tax, regulatory or other financial, regulatory, or legal reporting purposes related to the Company. Such records shall be retained for the duration of the period allowed the Members for audit or the period necessary to comply with tax or other regulatory requirements. The records shall reflect all obligations, advances and credits of the Members.

1.2

Cash Management Accounts. The Manager shall maintain one or more separate cash management accounts for the payment of all expenses and the deposit of all cash receipts for the Company.

1.3

Statements and Billings. The Manager shall prepare statements and bill the Members as provided in **Article XI** of the Agreement. Payment of any such billings by either Member, including the Manager, shall not prejudice such Member's right to protest or question the correctness thereof for a period not to exceed twenty-four (24) months following the calendar year during which such billings were received by such Member. All written exceptions to and claims upon the Manager for incorrect charges, billings or statements shall be made upon the Manager within such twenty-four (24) month period. The time period permitted for adjustments hereunder shall not apply to adjustments resulting from periodic inventories as provided in **Paragraphs 5.1** and **5.2**.

ARTICLE III

BASIS OF CHARGES TO BUSINESS ACCOUNT

3.1

Purchases. Material purchased and services procured from third parties shall be charged to the Business Account by the Manager at invoiced cost, including applicable transfer taxes, less all discounts taken. If any Material is determined to be defective or is returned to a vendor for any other reason, the Manager shall credit the Business Account when an adjustment is received from the vendor.

3.2

Material Furnished by a Member for Use in the Business. Any Material furnished by either Member for use in the Business or distributed to either Member by the Manager shall be priced on the following basis:

(a)

New Material: New Material furnished by either Member shall be priced F.O.B. the nearest reputable supply store or railway receiving point, where like Material is available, at the current replacement cost of the same kind of Material, exclusive of any available cash discounts, at the time it is furnished (the **New Price**).

(b)

Used Material.

(i)

Used Material in sound and serviceable condition and suitable for reuse without reconditioning shall be priced as follows:

(A)

Used Material furnished by either Member shall be priced at seventy-five percent (75%) of the New Price;

(B)

Used Material distributed to either Member shall be priced (i) at seventy-five percent (75%) of the New Price if such Material was originally charged to the Business Account as new Material, or (ii) at sixty-five percent (65%) of the New Price if such Material was originally charged to the Business Account as good used Material at seventy-five percent (75%) of the New Price.

(ii)

Other used Material that, after reconditioning, will be further serviceable for original function as good secondhand Material, or that is serviceable for original function but not substantially suitable for reconditioning, shall be priced at fifty percent (50%) of New Price. The cost of any reconditioning shall be borne by the transferee.

(iii)

Bad-Order Material which is no longer usable for its original purpose without excessive repair cost but further usable for some other purpose shall be priced on a basis comparable with items normally used for that purpose.

(iv)

All other Material, including junk, shall be priced at a value commensurate with its use or at prevailing prices.

(c)

Obsolete Material. Any Material that is serviceable and usable for its original function, but its condition is not equivalent to that which would justify a price as provided above, shall be priced by the Management Committee. Such price shall be set at a level that will result in a charge to the Business Account equal to the value of the service to be rendered by such Material.

3.3

Premium Prices. Whenever Material is not readily obtainable at published or listed prices because of national emergencies, strikes or other unusual circumstances over which the Manager has no control, the Manager may charge the Business Account for the required Material on the basis of the Manager's direct cost and expenses incurred in procuring such Material and making it suitable for use. The Manager shall give written notice of the proposed charge to

EXHIBIT B

Page 5 of 6

the Members prior to the time when such charge is to be billed, whereupon either Member shall have the right, by notifying the Manager within ten days of the delivery of the notice from the Manager, to furnish at the usual receiving point all or part of its share of Material suitable for use and acceptable to the Manager.

3.4

Neither Member warrants any Material furnished beyond any dealer's or manufacturer's warranty and no credits shall be made to the Business Account for defective Material until adjustments are received by the Manager from the dealer, manufacturer or their respective agents.

ARTICLE IV

DISPOSAL OF MATERIAL

4.1

Disposition Generally. The Manager shall have no obligation to purchase either Member's interest in Material. The Management Committee shall determine the disposition of major items of surplus Material, provided the Manager shall have the right to dispose of normal accumulations of junk and scrap Material either by sale or by transfer to the Members as provided in **Paragraph 4.2**.

4.2

Distribution to Members. Any Material to be distributed to the Members shall be made in proportion to their respective Ownership Interests, and corresponding credits shall be made to the Business Account on the basis provided in **Paragraph 3.2**.

4.3

Sales. Sales of Material to third parties shall be credited to the Business Account at the net amount received. Any damages or claims by the Purchaser shall be charged back to the Business Account if and when paid.

ARTICLE V

The Manager shall give written notice to the Members of its intent to take any inventory at least thirty (30) days before such inventory is scheduled to take place. A Member shall be deemed to have accepted the results of any inventory taken by the Manager if the Member fails to be represented at such inventory.

5.2

Reconciliation and Adjustment of Inventories. Reconciliation of inventory with charges to the Business Account shall be made, and a list of overages and shortages shall be furnished to the Management Committee within six (6) months after the inventory is taken. ARTICLE I

EFFECT OF THIS EXHIBIT

This Exhibit shall govern the relationship of the Members and the Company with respect to tax matters and the other matters addressed herein. Except as otherwise indicated, capitalized terms used in this Exhibit shall have the meanings given to them in the Agreement. In the event of a conflict between this Exhibit and the other provisions of the Agreement, the terms of this Exhibit shall control.

ARTICLE II

TAX MATTERS PARTNER

2.1

Designation of Tax Matters Partner. The Manager is hereby designated the tax matters partner (the **TMP**) as defined in Section 6231(a)(7) of the Internal Revenue Code of 1986 (the Code) and shall be responsible for, make elections for, and prepare and file any federal and state tax returns or other required tax forms following approval of the Management Committee. In the event of any change in Manager, the Member serving as Manager at the end of a taxable year shall continue as TMP with respect to all matters concerning such year unless the TMP for that year is required to be changed pursuant to applicable Treasury Regulations. The TMP and the other Member shall use reasonable best efforts to comply with the responsibilities outlined in this **Article II** and in Sections 6221 through 6233 of the Code (including any Treasury regulations promulgated thereunder) and in doing so shall incur no liability to any other party.

2.2

Notice. Each Member shall furnish the TMP with such information (including information specified in Section 6230(e) of the Code) as it may reasonably request to permit it to provide the Internal Revenue Service with sufficient information to allow proper notice to the Members in accordance with Section 6223 of the Code. The TMP shall keep each Member informed of all administrative and judicial proceedings for the adjustment at the partnership level of partnership items in accordance with Section 6223(g) of the Code.

2.3

Inconsistent Treatment of Tax Item. If an administrative proceeding contemplated under Section 6223 of the Code has begun, and the TMP so requests, each Member shall notify the TMP of its treatment of any partnership item on its federal income tax return that is inconsistent with the treatment of that item on the partnership return.

2.4

Extensions of Limitation Periods. The TMP shall not enter into any extension of the period of limitations as provided under Section 6229 of the Code without first giving reasonable advance notice to the other Member of such intended action.

2.5

Requests for Administrative Adjustments. Neither Member shall file, pursuant to Section 6227 of the Code, a request for an administrative adjustment of partnership items for any taxable year of the Company without first notifying the other Member. If consent is not obtained within thirty (30) days after notice from the proposing Member, or within the period required to timely file the request for administrative adjustment, if shorter, either Member, including the TMP, may file that request for administrative adjustment on its own behalf.

2.6

Judicial Proceedings. If a Member desires to file a petition under Section 6226, 6228 or other sections of the Code with respect to any partnership item, or other tax matters involving the Company, shall notify the other Member of such intention and the nature of the contemplated proceeding. If the TMP is the Member intending to file such petition, such notice shall be given within a reasonable time to allow the other Member to participate in the choosing of the forum in which such petition will be filed. If both Members do not agree on the appropriate forum, then the appropriate forum shall be decided in accordance with **Section 8.2** of the Agreement. If a deadlock results, the TMP shall choose the forum. If either Member intends to seek review of any court decision rendered as a result of a proceeding instituted under the preceding part of this Paragraph, such Member shall notify the other Member of such intended action.

2.7

Settlements. The TMP shall not bind the other Member to a settlement agreement without first obtaining the written consent of any such Member. Either Member who enters into a settlement agreement for its own account with respect to any partnership items, as defined by Section 6231(a)(3) of the Code, shall notify the other Member of such settlement agreement and its terms within ninety (90) days from the date of settlement.

2.8

Fees and Expenses. The TMP shall not engage legal counsel, certified public accountants, or others without the prior consent of the Management Committee. Either Member may engage legal counsel, certified public accountants, or others in its own behalf and at its sole cost and expense. Any reasonable item of expense, including but not limited to fees and expenses for legal counsel, certified public accountants, and others which the TMP incurs (after proper consent by the Management Committee as provided above) in connection with any audit, assessment, litigation, or other proceeding regarding any partnership item, shall constitute proper charges to the Business Account and shall be borne by the Members as any other item which constitutes a direct charge to the Business Account pursuant to the Agreement.

2.9

Survival. The provisions of the foregoing paragraphs, including but not limited to the obligation to pay fees and expenses contained in **Paragraph 2.8**, shall survive the termination of the Company or the termination of either Member's interest in the Company and shall remain binding on the Members for a period of time necessary to resolve with the Internal Revenue Service or the Department of the Treasury any and all matters regarding the federal income taxation of the Company for the applicable tax year(s).

ARTICLE III

TAX ELECTIONS AND ALLOCATIONS

3.1

Company Election. It is understood and agreed that the Members intend to create a partnership for United States federal and state income tax purposes, and, unless otherwise agreed to hereafter by both Members, no Member shall take any action to change the status of the Company as a partnership under Treas. Reg. § 1.7701-3 or similar provision of state law. It is understood and agreed that the Members intend to create a partnership for federal and state income tax purposes only. The Manager shall file with the appropriate office of the Internal Revenue Service a partnership income tax return covering the Operations. The Members recognize that the Agreement may be subject to state income tax statutes. The Manager shall file with the appropriate offices of the state agencies any required partnership state income tax returns. Each Member agrees to furnish to the Manager any information it may have relating to Operations as shall be required for proper preparation of such returns. The Manager shall furnish to the other Member for its review a copy of each proposed income tax return at least two weeks prior to the date the return is filed.

3.2

Tax Elections. The Company shall make the following elections for purposes of all partnership income tax returns:

(a)

To use the accrual method of accounting.

EXHIBIT C

Page 2 of 8

(b)

Pursuant to the provisions at Section 706(b)(1) of the Code, to use as its taxable year the year ended December 31. In this connection, SMMI represents that its taxable year is the year ending December 31 and ISGC represents that its taxable year is the year ending December 31.

(c)

To deduct currently all development expenses to the extent possible under Section 616 of the Code.

(d)

Unless the Members unanimously agree otherwise, to compute the allowance for depreciation in respect of all depreciable Assets using the maximum accelerated tax depreciation method and the shortest life permissible or, at the election of the Manager, using the units of production method of depreciation.

(e)

To treat advance royalties as deductions from gross income for the year paid or accrued to the extent permitted by law.

(f)

To adjust the basis of property of the Company under Section 754 of the Code at the request of either Member;

(g)

To amortize over the shortest permissible period all organizational expenditures and business start-up expenses under Sections 195 and 709 of the Code;

Any other election required or permitted to be made by the Company under the Code or any state tax law shall be made as determined by the Management Committee.

Each Member shall elect under Section 617(a) of the Code to deduct currently all exploration expenses. Each Member reserves the right to capitalize its share of development and/or exploration expenses of the Company in accordance with Section 59(e) of the Code, provided that a Member's election to capitalize all or any portion of such expenses shall not affect the Member's Capital Account.

3.3

Allocations to Members. Allocations for Capital Account purposes shall be in accordance with the following:

(a)

Exploration expenses and development cost deductions shall be allocated among the Members in accordance with their respective contributions to such expenses and costs.

(b)

Depreciation and amortization deductions with respect to a depreciable Asset shall be allocated among the Members in accordance with their respective contributions to the adjusted basis of the Asset which gives rise to the depreciation, amortization or loss deduction.

(c)

Production and operating cost deductions shall be allocated among the Members in accordance with their respective contributions to such costs.

(d)

Deductions for depletion (to the extent of the amount of such deductions that would have been determined for Capital Account purposes if only cost depletion were allowable for federal income tax purposes) shall be allocated to the Members in accordance with their respective contributions to the adjusted basis of the depletable property. Any remaining depletion deductions shall be allocated to the Members so that, to the extent possible, the Members receive the same total amounts of percentage depletion as they would have received if percentage depletion were allocated to the Members in proportion to their respective shares of the gross income used as the basis for calculating the federal income tax deduction for percentage depletion.

(e)

Subject to Subparagraph 3.3(g) below, gross income on the sale of production shall be allocated in accordance with the Members' rights to share in the proceeds of such sale based on the ratio of the Members' Capital Accounts, during

the month the production is sold, prior to Payout and based on the ratio of the Members Ownership Interest, during the month of the production is sold, after Payout.

EXHIBIT C

Page 3 of 8

(f)

Except as provided in Subparagraph 3.3(g), below, gain or loss on the sale of a depreciable or depletable asset shall be allocated so that, to the extent possible, the net amount reflected in the Members' Capital Account with respect to such property (taking into account the cost of such property, depreciation, amortization, depletion or other cost recovery deductions and gain or loss) most closely reflects the Members' Ownership Interests.

(g)

Gains and losses on the sale of all or substantially all the Assets of the Company shall be allocated so that, to the extent possible, the Members' resulting Capital Account balances are in the same ratio as their Ownership Interests at the time of such sale.

(h)

The Members acknowledge that expenses and deductions allocable under the preceding provisions of this Paragraph may be required to be capitalized into production under Section 263A of the Code. With respect to such capitalized expenses or deductions, the allocation of gross income on the sale of production shall be adjusted, in any reasonable manner consistently applied by the Manager, so that the same net amount (subject possibly to timing differences) is reflected in the Capital Accounts as if such expenses or deductions were instead deductible and allocated pursuant to the preceding provisions of this Paragraph.

(i)

All deductions and losses that are not otherwise allocated in this Paragraph shall be allocated among the Members in accordance with their respective contributions to the costs producing each such deduction or to the adjusted basis of the Asset producing each such loss.

(j)

Any recapture of exploration expenses under Section 617(b)(1)(A) of the Code, and any disallowance of depletion under Section 617(b)(1)(B) of the Code, shall be borne by the Members in the same manner as the related exploration expenses were allocated to, or claimed by, them.

(k)

All other items of income and gain shall be allocated to the Members in accordance with their Vested Units.

(l)

If a reduced Ownership Interest is restored pursuant to **Section 10.6** of the Agreement, the Manager shall endeavor to allocate items of income, gain, loss, and deduction (in the same year as the restoration of such Ownership Interest or, if necessary, in subsequent years) so as to cause the Capital Account balances of the Members to be the same as they would have been if the restored Ownership Interest had never been reduced.

(m)

If the Members' Ownership Interests change during any taxable year of the Company, the distributive share of items of income, gain, loss and deduction of each Member shall be determined in any manner (1) permitted by Section 706 of the Code, and (2) agreed by both Members. If the Members cannot agree on a method, the method shall be determined by the Manager in consultation with the Company's tax advisers, with preference given to the interim closing-of-the-books method except where application of that method would result in undue administrative expense in relationship to the amount of the items to be allocated.

(n)

For purposes of this **Paragraph 3.3**, items financed through indebtedness of, or from revenues of, the Company shall be treated as funded from contributions made by the Members to the Company in accordance with their Ownership Interests. Nonrecourse deductions, as defined by Treas. Reg. § 1.704-2(b)(1) shall be allocated between the Members in proportion to their Ownership Interests.

3.4

Regulatory Allocations. Notwithstanding the provisions of **Paragraph 3.3** to the contrary, the following special allocations shall be given effect for purposes of maintaining the Members' Capital Accounts.

(a)

If either Member unexpectedly receives any adjustments, allocations, or distributions described in Treas. Reg. § 1.704-1(b)(2)(ii)(d)(4), § 1.704-1(b)(2)(ii)(d)(5) or § 1.704-1(b)(2)(ii)(d)(6), which result in a deficit Capital Account balance, items of income and gain shall be specially allocated to each such Member in an amount and manner sufficient to eliminate, to the extent required by the Treasury Regulations, the Capital Account deficit of such Member as quickly as possible. For the purposes of this **Subparagraph 3.4(a)**, each Member's Capital Account balance shall be increased by the sum of (i) the amount such Member is obligated to restore pursuant to any provision of the Agreement, and (ii) the amount such Member is deemed to be obligated to restore pursuant to the penultimate sentences of Treas. Reg. §§ 1.704-2(g)(1) and 1.704-2(i)(5).

EXHIBIT C

Page 4 of 8

(b)

If there is a net decrease in partnership minimum gain for a taxable year of the Company, each Member shall be allocated items of income and gain for that year equal to that Member's share of the net decrease in partnership minimum gain, all in accordance with Treas. Reg. § 1.704-2(f). If, during a taxable year of the Company, there is a net decrease in partner nonrecourse debt minimum gain, any Member with a share of that partner nonrecourse debt minimum gain as of the beginning of the year shall be allocated items of income and gain for the year (and, if necessary, for succeeding years) equal to that partner's share of the net decrease in partner nonrecourse debt minimum gain, all in accordance with Treas. Reg. § 1.704-2(i)(4). Pursuant to Treas. Reg. § 1.704-2(i)(1), deductions attributable to partner nonrecourse liability shall be allocated to the Member that bears the economic risk of loss for such liability (or is treated as bearing such risk).

(c)

If the allocation of deductions to either Member would cause such Member to have a deficit Capital Account balance at the end of any taxable year of the Company (after all other allocations provided for in this **Article III** have been made and after giving effect to the adjustments described in **Subparagraph 3.4(a)**), such deductions shall instead be allocated to the other Member.

3.5

Curative Allocations. The allocations set forth in **Paragraph 3.4** (the Regulatory Allocations) are intended to comply with certain requirements of the Treasury Regulations. It is the intent of the Members that, to the extent possible, all Regulatory Allocations shall be offset either with other Regulatory Allocations or with special allocations of other items of income, gain, loss or deduction pursuant to this Paragraph. Therefore, notwithstanding any other provisions of this **Article III** (other than the Regulatory Allocations), the Manager shall make such offsetting special allocations of income, gain, loss or deduction in whatever manner it determines appropriate so that, after such offsetting allocations are made, each Member's Capital Account balance is, to the extent possible, equal to the Capital Account balance such Member would have had if the Regulatory Allocations were not part of the Agreement and all items were allocated pursuant to **Paragraph 3.3** without regard to **Paragraph 3.4**.

3.6

Tax Allocations. Except as otherwise provided in this **Paragraph 3.6**, items of taxable income, deduction, gain and loss shall be allocated in the same manner as the corresponding item is allocated for book purposes under **Paragraphs 3.3, 3.4 and 3.5** of the corresponding item determined for Capital Account purposes.

(a)

Recapture of tax deductions arising out of a disposition of property shall, to the extent consistent with the allocations for tax purposes of the gain or amount realized giving rise to such recapture, be allocated to the Members in the same proportions as the recaptured deductions were originally allocated or claimed.

(b)

To the extent required by Section 704(c) of the Code, income, gain, loss, and deduction with respect to property contributed to the Company by a Member shall be shared among both Members so as to take account of the variation between the basis of the property to the Company and its fair market value at the time of contribution. The Members intend that Section 704(c) shall effect no allocations of tax items that are different from the allocations under **Paragraphs 3.3, 3.4 and 3.5** of the corresponding items for Capital Account purposes; provided that gain or loss on the sale of property contributed to the Company shall be allocated to the contributing member to the extent of built-in gain or loss, respectively, as determined under Treas. Reg. § 1.704-3(a). However, to the extent that allocations of other tax items are required pursuant to Section 704(c) of the Code to be made other than in accordance with the allocations under **Paragraphs 3.3, 3.4 and 3.5** of the corresponding items for Capital Account purposes, Section 704(c) shall be applied in accordance with the method available under Treas. Reg. § 1.704-3 which most closely approximates the allocations set forth in **Paragraphs 3.3, 3.4 and 3.5**.

(c)

Depletion deductions with respect to contributed property shall be determined without regard to any portion of the property's basis that is attributable to pre-contribution expenditures by SMMI that were capitalized under Code Sections 616(b), 59(e) and 291(b). Deductions attributable to pre-contribution expenditures by SMMI shall be calculated under such Code Sections as if SMMI continued to own the depletable property to which such deductions are attributable, and such deductions shall be reported by the Company and shall be allocated solely to SMMI.

(d)

The Members understand the allocations of tax items set forth in this **Paragraph 3.6**, and agree to report consistently with such allocations for federal and state tax purposes.

ARTICLE IV

CAPITAL ACCOUNTS; DISTRIBUTIONS AND LIQUIDATION

4.1

Capital Accounts.

(a)

A separate Capital Account shall be established and maintained by the TMP for each Member. Such Capital Account shall be increased by (i) the amount of money contributed by the Member to the Company, (ii) the fair market value of property contributed by the Member to the Company (net of liabilities secured by such contributed property that the Company is considered to assume or take subject to under Code Section 752) and (iii) allocations to the Member under **Paragraphs 3.3, 3.4 and 3.5** of Company income and gain (or items thereof), including income and gain exempt from tax; and shall be decreased by (iv) the amount of money distributed to the Member by the Company, (v) the fair market value of property distributed to the Member by the Company (net of liabilities secured by such distributed property and that the Member is considered to assume or take subject to under Code Section 752), (vi) allocations to the Member under **Paragraphs 3.3, 3.4 and 3.5** of expenditures of the Company not deductible in computing its taxable income and not properly chargeable to a Capital Account, and (vii) allocations of Company loss and deduction (or items thereof), excluding items described in (vi) above and percentage depletion to the extent it exceeds the adjusted tax basis of the depletable property to which it is attributable. The Members agree that the net fair market value of the property contributed by SMMI to the Company pursuant to **Section 3.1(a)** of the Agreement is \$6,725,000.

(b)

In the event that the Capital Accounts of the Members are computed with reference to the book value of any Asset which differs from the adjusted tax basis of such Asset, then the Capital Accounts shall be adjusted for depreciation, depletion, amortization and gain or loss as computed for book purposes with respect to such Asset in accordance with Treas. Reg. § 1.704-1(b)(2)(iv)(g).

(c)

In the event any interest in the Company is transferred in accordance with the terms of the Agreement, the transferee shall succeed to the Capital Account of the transferor to the extent it relates to the transferred interest, except as provided in Treas. Reg. § 1.704-1(b)(2)(iv)(1).

(d)

In the event property, other than money, is distributed to a Member, the Capital Accounts of the Members shall be adjusted to reflect the manner in which the unrealized income, gain, loss and deduction inherent in such property (that has not been reflected in the Capital Accounts previously) would be allocated among the Members if there was a taxable disposition of such property for the fair market value of such property (taking Section 7701(g) of the Code into account) on the date of distribution. For this purpose the fair market value of the property shall be determined as set forth in **Paragraph 4.2(a)** below.

(e)

In the event the Management Committee designates a Supplemental Business Arrangement area within the Area of Interest as described in **Section 10.13** of the Agreement, the Management Committee shall appropriately segregate Capital Accounts to reflect that designation and shall make such other modifications to the Agreement as are appropriate to reflect the manner of administering Capital Accounts in accordance with the terms of this **Exhibit C**.

(f)

Not Used

(g)

The foregoing provisions, and the other provisions of the Agreement relating to the maintenance of Capital Accounts and the allocations of income, gain, loss, deduction and credit, are intended to comply with Treasury Regulations Section 1.704-1(b), and shall be interpreted and applied in a manner consistent with such Regulations. In the event the Management Committee shall determine that it is prudent to modify the manner in which the Capital Accounts, or any debits or credits thereto, are computed in order to comply with such Regulations, the Management Committee may make such modification, provided that it is not likely to have a material effect on the amount distributable to either Member upon liquidation of the Company pursuant to **Paragraph 4.2**.

(h)

If the Members so agree, upon the occurrence of an event described in Treas. Reg. § 1.704-1(b)(2)(iv)(5), the Capital Accounts shall be restated in accordance with Treas. Reg. § 1.704-1(b)(2)(iv)(f) to reflect the manner in which unrealized income, gain, loss or deduction inherent in the assets of the Company (that has not been

reflected in the Capital Accounts previously) would be allocated among the Members if there were a taxable disposition of such assets for their fair market values, as determined in accordance with **Subparagraph 4.2(a)**. For purposes of **Paragraph 3.3**, a Member shall be treated as contributing the portion of the book value of any property that is credited to the Member's Capital Account pursuant to the preceding sentence. Following a revaluation pursuant to this **Subparagraph 4.1(h)**, the Member's shares of depreciation, depletion, amortization and gain or loss, as computed for tax purposes, with respect to property that has been revalued pursuant to this **Subparagraph 4.1(h)** shall be determined in accordance with the principles of Code Section 704(c) as applied pursuant to the final sentence of **Subparagraph 3.6(b)**.

4.2

Liquidation. In the event the Company is dissolved pursuant to **Section 14.1** of the Agreement then, notwithstanding any other provision of the Agreement to the contrary, the following steps shall be taken (after taking into account any transfers of Capital Accounts pursuant to **Sections 3.2(a), 4.4(a)** or **14.2** of the Agreement):

(a)

The Capital Accounts of the Members shall be adjusted to reflect any gain or loss which would be realized by the Company and allocated to the Members pursuant to the provisions of **Article III** of this **Exhibit C** if the Assets had been sold at their fair market value at the time of liquidation. The fair market value of the Assets shall be determined by agreement of both Members *provided, however*, that in the event that the Members fail to agree on the fair market value of any Asset, its fair market value shall be determined by a nationally recognized independent engineering firm or other qualified independent party approved by both Members.

(b)

After making the foregoing adjustments and/or contributions, all remaining Assets shall be distributed to the Members in accordance with the balances in their Capital Accounts (after taking into account all allocations under **Article III**, including **Subparagraph 3.3(g)**). Unless otherwise expressly agreed by both Members, all Assets will be sold for fair market value and the proceeds distributed to the Members determined by the ratio of the amount in each Member's Capital Account to the total of both of the Members' Capital Accounts. Assets distributed to the Members shall be deemed to have a fair market value equal to the value assigned to them pursuant to **Subparagraph 4.2(a)** above.

(c)

All distributions to the Members in respect of their Capital Accounts shall be made in accordance with the time requirements of Treas. Reg. §§ 1.704-1(b)(2)(ii)(b)(2) and (3).

4.3

Deemed Terminations. Notwithstanding the provisions of **Paragraph 4.2**, if the liquidation of the Company results from a deemed termination under Section 708(b)(1)(B) of the Code, then (i) **Subparagraphs 4.2(a) and (b)** shall not apply, (ii) the Company shall be deemed to have contributed its assets to a new partnership in exchange for an interest therein, and immediately thereafter, distributing interests therein to the purchasing party and the non-transferring Members in proportion to their interests in the Company in liquidation thereof, (iii) the new partnership shall continue pursuant to the terms of the Agreement and this Exhibit.

4.4

Distributions:

(a)

General. Except as otherwise provided in the Act, the Articles and this LLC Agreement, no Member shall have the right or power to demand or receive a distribution in a form other than cash and shall not be required or compelled to accept a distribution of any asset in kind, to the extent that the interest distributed would exceed the Member's pro rata share of operating or liquidating distributions. Notwithstanding anything contained in this LLC Agreement or the Articles to the contrary, no distribution shall be made to a Member in violation of the Act.

(b)

Net Cash From Operations. Except as otherwise provided in this Exhibit C, Net Cash From Operations, if any, shall be distributed not later than 30 days after the end of each fiscal quarter in the following order and priority:

EXHIBIT C

Page 7 of 8

3.

Third, the balance of the Net Cash From Operations shall be distributed only in the event and in the amounts determined by the Members. Any such Distribution shall be made to the Members in accordance with their Ownership Interests. Notwithstanding the foregoing, in the event a Member should breach the terms of this Agreement, the Company may offset against any amount to be distributed to such Member pursuant to this Exhibit C the damages caused by such Member.

(c)

Net Cash From Sales or Refinancings. Except as otherwise provided in this Exhibit C, Net Cash From Sales or Refinancings shall be distributed, at such times as the Members may determine, in the following order and priority:

2.

Second, to the Members in accordance with their Ownership Interests.

(d)

Division Among Members. All distributions to the Members shall be divided among them in proportion to the Ownership Interests held by each. Liquidating Distributions"

(e)

Amounts Withheld. All amounts withheld pursuant to the Code or any provision of any state or local tax law with respect to any payment, distribution or allocation to the Company, the Members shall be treated as amounts distributed to the Members pursuant to this **Section 4.4** for all purposes under this LLC Agreement. The Managers are authorized to withhold from distributions, or with respect to allocations, and to pay over to any federal, state or local government any amounts required to be so withheld pursuant to the Code or any provisions of any other federal, state or local law and to be so withheld pursuant to the Code or any provisions of any other federal, state or local law and shall allocate any such amounts to the Members with respect to which such amount was withheld.

ARTICLE V

SALE OR ASSIGNMENT

The Members agree that if either one of them makes a sale or assignment of its Ownership Interest under the Agreement, and such sale or assignment causes a termination under Section 708(b)(1)(B) of the Code, the terminating Member shall indemnify the non-terminating Member and save it harmless on an after-tax basis for any increase in taxes to the non-terminating Member caused by the termination of the Company.

NET PROCEEDS CALCULATION

1.1

Income and Expenses. Net Proceeds shall be calculated by deducting from the Gross Revenue (as defined below) realized (or deemed to be realized), such costs and expenses attributable to Exploration, Development, Mining, the marketing of Products and other Operations as would be deductible under generally accepted accounting principles and practices consistently applied, including without limitation:

(a)

All costs and expenses of replacing, expanding, modifying, altering or changing from time to time the Mining facilities. Costs and expenses of improvements (such as haulage ways or mill facilities) that are also used in

connection with workings other than the Properties shall be charged to the Properties only in the proportion that their use in connection with the Properties bears to their total use;

(b)

Ad valorem real property and unsecured personal property taxes, and all taxes, other than income taxes, applicable to Mining of the Properties, including without limitation all state mining taxes, sales taxes, severance taxes, license fees and governmental levies of a similar nature;

(c)

Allowance for overhead in accordance with **Paragraph 2.13 of Exhibit B**;

(d)

All expenses incurred relative to the sale of Products, including an allowance for commissions at rates which are normal and customary in the industry;

(e)

All amounts payable to the remaining Member during Mining pursuant to any applicable operating or similar agreement in force with respect thereto;

(f)

The actual cost of investment under the Agreement but prior to beginning of Mining, which shall include all expenditures for Exploration and Development of the Properties incurred by the non-withdrawing Member both prior and subsequent to the withdrawing Member acquiring a Net Proceeds interest;

(g)

Interest on monies borrowed or advanced for costs and expenses, but in no event in excess of the maximum permitted by law;

(h)

An allowance for reasonable working capital and inventory;

(i)
Costs of funding the Environmental Compliance Fund as provided in **Paragraph 2.14** of **Exhibit B**;

(j)
Actual costs of Operations; and

(k)
Rental, royalty, production, and purchase payments.

EXHIBIT E

Page 1 of 2

For purposes hereof, the term **Gross Revenue** shall be determined under generally accepted accounting principles as the sum of (i) gross receipts from sale of Products, less any charges for sampling, assaying, or penalties; (ii) gross receipts from the sale or other disposition of Assets; (iii) insurance proceeds; (iv) compensation for expropriation of Assets; and (v) judgment proceeds. Gross receipts for sale of Products shall be determined by the actual proceeds received for the sale of such Products.

It is intended that the remaining Member shall recoup from Gross Revenue all of its on-going contributions for Exploration, Development, Mining, Expansion and Modification and marketing Products before any Net Proceeds are distributed to any person holding a Net Proceeds interest. No deduction shall be made for income taxes, depreciation, amortization or depletion. If in any year after the beginning of Mining of the Properties an operating loss relative thereto is incurred, the amount thereof shall be considered as and be included with outstanding costs and expenses and carried forward in determining Net Proceeds for subsequent periods. If Products are processed by the remaining Member, or are sold to an Affiliate of the remaining Member, then, for purposes of calculating Net Proceeds, such Products shall be deemed conclusively to have been sold at a price equal to fair market value to arm's length purchaser FOB the concentrator for the Properties, and Net Proceeds relative thereto shall be calculated without reference to any profits or losses attributable to smelting or refining.

1.2

Payment of Net Proceeds. Payments of Net Proceeds shall commence in the calendar year following the calendar year in which Net Proceeds are first realized, and shall be made forty-five (45) days following the end of each calendar quarter during which Net Proceeds are realized, and shall be subject to adjustment, if required, at the end of each calendar year. The recipient of such Net Proceeds payments shall have the right to audit such payments following receipt of each payment by giving notice to the remaining Member and by conducting such audit in accordance with **Section 11.6** of the Agreement. Costs of such an audit shall be borne by the holder of the Net Proceeds interest described herein.

1.3
