PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is being furnished to all shareholders of record as of March 2, 2010, the record date of the Company, in connection with the solicitation of proxies by the Board of Directors (the "Board") for use at the 2010 Annual Meeting. The Annual Meeting will be held on Thursday, April 29, 2010, at 10:00 a.m. Eastern Daylight Time, at the principal executive offices of the Company, 1000 South Second Street, Sunbury, Pennsylvania 17801.

INFORMATION CONCERNING THE SOLICITATION

The Company is sending an "Important Notice of Availability of Proxy Materials for the Annual Meeting of Shareholders of Weis Markets, Inc.," (the "Notice") to our shareholders on or about March 11, 2010. The Company is providing access to its proxy materials over the Internet under rules adopted by the Securities and Exchange Commission (the "SEC") in 2007. All shareholders have the ability to access the proxy materials on the website identified in the Notice or to request a printed copy of proxy materials. The Notice provides instructions on how to access the proxy materials over the Internet, and how to request a printed copy of the proxy materials. This Proxy Statement, the form of proxy card, the Notice and the Company's Annual Report on Form 10-K are available at <http://www.weismarkets.com/about-weis/corporate-information/financial>.

Subject to the conditions hereinafter set forth, the shares represented by each proxy executed will be voted at the Annual Meeting, or any adjournments or postponements thereof, in accordance with the specifications therein made. Where there is no contrary choice specified, the proxy will be voted "FOR" Proposals No. 1 and No. 2 and "AGAINST" Proposal No. 3 as therein specified.

An executed proxy may be revoked by the person signing the same at any time before the authority thereby granted is exercised. The revocation may be exercised at any time before the Annual Meeting by indicating the revocation in writing. This revocation should be directed to the Judge of Elections, Weis Markets, Inc., 1000 South Second Street, Sunbury, Pennsylvania 17801. The proxy may also be revoked by voting in person at the Annual Meeting or by submitting a new proxy with a later date including a proxy given over the Internet or by telephone.

The Company has adopted a procedure called "householding," which the SEC has approved. Under this procedure, the Company is delivering a single copy of the Notice and, if applicable, this Proxy Statement and the Annual Report on Form 10-K to multiple shareholders who share the same address unless the Company has received contrary instructions from one or more of the shareholders. This procedure reduces the Company's printing costs, mailing costs and fees. Shareholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, the Company will deliver promptly a separate copy of the Notice and, if applicable, this Proxy Statement and the Annual Report on Form 10-K to any shareholder at a shared address to which the Company delivered a single copy of any of these documents. To receive a separate copy of the Notice and, if applicable, this Proxy Statement or the Annual Report on Form 10-K, shareholders may write the Company at its address set forth on page 1, by telephoning 1-866-999-WEIS (9347), or via email at financial_reports@weismarkets.com.

VOTING SECURITIES, RECORD DATE AND VOTING RIGHTS

As of March 2, 2010, the record date for the Annual Meeting, the number of outstanding shares of Common Stock was 26,898,492. The presence, in person or by proxy, of at least 13,449,246 shares will constitute a quorum.

Only holders of Common Stock of the Company of record at the close of business on March 2, 2010 will be entitled to notice of and to vote on all matters at the Annual Meeting and at any adjournment thereof. Each holder of Common Stock will be entitled to one vote for each share of stock so held and to cumulative voting rights in the election of

directors. Under cumulative voting, a shareholder, or the shareholder's proxies, may vote the number of shares of stock owned by the shareholder for as many persons as there are directors to be elected, or may cumulate such votes and give to one or distribute among two or more nominees as many votes as shall equal the number of directors to be elected multiplied by the number of the shareholder's shares of stock.

Directors are elected by a plurality vote of all votes cast at the Annual Meeting. The ratification of the appointment of our independent registered public accounting firm (“independent auditors”) requires the affirmative vote of a majority of all votes cast at the Annual Meeting. Abstentions and broker “non-votes” will be treated as present for purposes of determining a quorum, but will not affect the election of directors or other matters submitted to the vote of shareholders. A broker “non-vote” occurs when a shareholder has not provided voting instructions to its broker for a non-routine item because the New York Stock Exchange (“NYSE”) precludes brokers from giving a proxy to vote on a non-routine item. The election of directors (Proposal No. 1) and the shareholder proposal (Proposal No. 3) are non-routine items under the NYSE rules. The ratification of the independent auditors (Proposal No. 2) is a routine matter.

The Company’s by-laws specify that notice of any matter to be brought before an annual meeting by a shareholder must be received at the principal executive offices of the Company no later than the notice deadline described under the caption “Shareholders’ Proposals for Next Annual Meeting.” Management does not intend to bring any other matters before the Annual Meeting, and does not know of any other matter that is eligible for action at the Annual Meeting.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The Company believes that the proposed nominees for election as directors are willing to be elected as such, and it is intended that the persons named in the accompanying form of proxy or their substitutes will vote for the election of these nominees, unless specifically instructed to the contrary on the form of proxy. However, if any nominee, at the time of the election, is unable or unwilling to serve, or is otherwise unavailable for election, and in consequence other nominees are designated, the persons named in the proxy or their substitutes shall have discretion or authority to vote or refrain from voting in accordance with their judgment on the other nominees.

The Company requires its directors to possess the experience and skills necessary to oversee the management of the Company in the interest of the Company and its shareholders. The Board will consider for nomination a candidate who:

- has the highest personal and professional ethics, integrity and values;
- consistently exercises sound and objective business judgment;
- has significant appropriate senior management and leadership experience;
- is able and willing to devote the required amount of time to the Company’s affairs, including attendance at Board meetings, Board committee meetings and annual shareholder meetings; and
- will be committed to building sound, long-term Company growth.

When considering a person to be recommended for re-nomination as a director, the Board will consider, among other factors, the attendance, preparedness, participation and candor of the individual as well as the individual’s satisfaction of the above-mentioned criteria. The Board believes the current Board members meet these criteria to effectively serve the Company. The description of each nominee set forth below includes biographical information, on a director by director basis, which highlights the specific experience, background and education of each nominee that led the Board to conclude each director should serve on the Board.

The Board recommends a vote “FOR” the election of the nominees named below, each of whom has consented to be named as a nominee and to serve if elected. With the exception of Glenn D. Steele Jr., all of the nominees were elected to the Board at the 2009 Annual Meeting. The following table and accompanying footnotes set forth

Mr. Hepfinger’s experience related to the grocery industry with emphasis in store operations, marketing, merchandising and sales growth, provides the Company with strategic direction and strong leadership skills. His position as CEO also allows him to provide essential insight and guidance to the Board from an inside perspective of

He has distinctive expertise in the application of technology to retailing with a specific focus on food retailing and distribution.

Mr. Shulman's extensive technical and financial expertise, combined with his international perspective on the food retailing business, provides a unique perspective of the Company's industry. Crane Professor in the Department of Surgery. (Vice Chairman), Wellcare Health Plans, Inc., the Northeast Regional Cancer Institute and the Global Conference Institute.

Dr. Steele's extensive background in the health care industry provides the Company with pharmaceutical and healthcare related expertise. Dr. Steele's experience as a director on other boards and his overall business and financial leadership perspective is a valuable asset to the Board.

Independence of Directors

The Board has determined that Directors Shulman, Smith and Steele are independent within the meaning of the listing standards of the NYSE. The Board also determined that Director Matthew Nimetz, who served as a director until October 13, 2009, was an independent director during the portion of 2009 in which he served as a director. An independent director is defined as a director who has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company.

Companies listed on the NYSE must comply with certain standards regarding corporate governance, as codified in Section 303A of the Listed Company Manual of the NYSE, with some exceptions. A company of which more than 50% of the voting power is held by an individual, a group or another company is not required by the NYSE to comply with the requirements of Sections 303A.01 Independent Directors, 303A.04 Nominating/Corporate Governance Committee or 303A.05 Compensation Committee. Robert F. Weis, Chairman, and Ellen W. P. Wasserman, his sister, control 53.4% of the voting power. They have agreed to act together for the purpose of voting their shares of Common Stock and thus constitute a group within the meaning of these rules.

As permitted by the NYSE rules, the Company does not have a majority of independent directors. As of March 11, 2010, the Company's Audit Committee is comprised of all independent directors, and the Compensation Committee is comprised of two independent directors and one non-independent director.

Board Committees and Meeting Attendance

Board of Directors. The Company's Board held four regular meetings and three special meetings during fiscal 2009. No director attended fewer than 75% of the aggregate meetings of the Board and all Board committees on which the director served. All directors attended the 2009 Annual Meeting. Mr. Nimetz resigned from the Board and all committees effective October 13, 2009. In the discussion below, the Company has indicated the committees on which Mr. Nimetz served. At the Board meeting held October 22, 2009, Dr. Steele was appointed to fill an open vacancy.

Under the policies of the Board, directors are expected to attend regular Board meetings, Board committee meetings, the Annual Meeting and any special meetings of the shareholders. Participation is permissible by means of conference telephone or similar communications equipment.

5

Audit Committee. The Audit Committee is composed of three independent non-employee directors, as required by the NYSE listing standards. The Audit Committee acts independently to review the scope and engagement results of the independent auditors and the adequacy of the Company's internal and financial controls. Information regarding the functions performed by the Audit Committee is set forth in the "Audit Committee Report" included in this Proxy Statement. The Audit Committee is governed by a written charter approved by the Board. A copy of this charter is available on the Company's corporate governance website at <http://www.weismarkets.com/category/corporate-governance> or by request to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications."

The 2009 Audit Committee was composed of Directors Nimetz, Shulman and Smith, with Mr. Nimetz resigning in October 2009. As discussed above, Mr. Nimetz resigned from the Audit Committee effective October, 13, 2009. Dr. Steele was appointed to the Audit Committee by the Board as the third independent director effective October 22, 2009. Mr. Smith served as Chairman of the Audit Committee. The Audit Committee held four regular meetings and four special meetings during fiscal 2009.

The Board has determined that all Audit Committee members are financially literate under the listing standards of the NYSE. The Board also determined that the Chairman of the Audit Committee, Mr. Smith, and Mr. Shulman were "audit committee financial experts" in 2009, that all three Audit Committee members, Mr. Smith, Mr. Shulman and Dr. Steele, are "audit committee financial experts" in 2010, as defined in Item 401(h) of Regulation S-K, and all members of the Audit Committee are "independent" for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934 and the listing standards of the NYSE.

Compensation Committee. The Compensation Committee is composed of two independent non-employee directors and one non-independent employee director. The Compensation Committee is responsible for developing policies and programs, and making recommendations about compensation arrangements for senior management to the Board. The Compensation Committee is governed by a written charter approved by the Board, which is available on the Company's corporate governance website at <http://www.weismarkets.com/category/corporate-governance> or by request to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications."

The 2009 Compensation Committee was composed of Directors Nimetz, Shulman, Smith and Jonathan H. Weis, with Mr. Nimetz resigning in October 2009. As discussed above, Mr. Nimetz resigned from the Compensation Committee effective October 13, 2009. Mr. Weis served as Chairman of the Compensation Committee. The Compensation Committee held four regular meetings and two special meetings during fiscal 2009. The Company's Chairman and the CEO are not members of the Compensation Committee; however, the Compensation Committee seeks input from them regarding the performance of the other executive officers. In 2009, the executive management team and the Compensation Committee sought assistance from consulting firms specializing in compensation and benefits, as set forth below in the "Executive Compensation – Compensation Discussion and Analysis."

Corporate Governance Matters

The Company has adopted Corporate Governance Guidelines which are available on the Company's corporate governance website at <http://www.weismarkets.com/category/corporate-governance> or by request to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications."

Board Leadership Structure. The Company separates the roles of Chairman and CEO in recognition of the differences between the two roles. Article V Section 5.5 of the Company's by-laws state that the Chairman shall preside at all meeting of the shareholders and the Board. The by-laws also state that the CEO shall have the general charge and supervision of the business of the Company and shall exercise or perform all the powers and duties usually incident to the office of CEO. The CEO is responsible for the day-to-day leadership and performance of the Company. In the

absence of the Chairman, the Vice Chairman shall preside at all meetings of the shareholders and of the Board. The Company believes the current leadership structure is the most appropriate structure at the time of filing.

The Board's Role in Risk Oversight. The Board oversees the management of risks inherent in the operation of the Company's business. It is management's responsibility to manage risk and bring to the Board's attention the most material risks to the Company. The Board has oversight responsibility of the processes established to monitor systems for material risks applicable to the Company. Each of the Board's Committees also oversees the management of Company risks that fall within the Committee's areas of responsibility. In performing this function, each Committee has full access to management, as well as the ability to engage advisors. As part of its responsibilities as set forth in its charter, the Audit Committee is responsible for discussing with management the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures. The Audit Committee gives updates to the Board at its regular meetings, including financial and information technology risks. In connection with its risk management role, the Audit Committee also meets privately with the Company's independent auditors, the Chief Internal Auditor and the Chief Financial Officer quarterly. As part of its responsibilities as set forth in its charter, the Compensation Committee reviews the impact of the Company's executive compensation program and the associated incentives to determine whether they present a significant risk to the Company. Based on this review, the Compensation Committee concluded its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

Code of Business Conduct and Ethics. The Company has adopted a "Code of Business Conduct and Ethics" that applies to all of its directors, officers and employees. Separately, the Company also adopted a "Code of Ethics for CEO and CFO" specific to its chief executive officer, chief financial officer, corporate controller and any person performing similar functions. The Company has made both documents available on its corporate governance website at <http://www.weismarkets.com/category/corporate-governance> or by request to the Corporate Secretary at the Company's address set forth in "Shareholder or Interested Parties Communications."

Non-Management Independent Directors. To empower non-management independent directors to serve as a more effective check on management, the non-management independent directors of the Company have met at regularly scheduled executive sessions without management. The 2009 non-management independent directors were Directors Nimetz, Shulman and Smith, with Mr. Nimetz resigning in October 2009. Mr. Nimetz presided at three meetings and Mr. Shulman presided at the fourth meeting held during fiscal 2009. Dr. Steele will serve as a non-management independent director in 2010. Shareholders or interested parties wishing to communicate directly with the non-management independent directors as a group may do so as set forth in "Shareholder or Interested Parties Communications."

Board Nominations. Based upon the stock ownership of the principal shareholders, the Company determined it would be better served by having the full Board review nominating and corporate governance issues rather than establishing separate committees. Therefore, there is no nominating committee charter.

If the Board determines there is a need to add or replace a director, the following criteria are considered for each recommended candidate. The candidate (a) has the highest personal and professional ethics, integrity and values; (b) consistently exercises sound and objective business judgment; (c) has significant appropriate senior management and leadership experience; (d) is able and willing to devote the required amount of time to the Company's affairs, including attendance at Board meetings, Board committee meetings and annual shareholder meetings and (e) will be committed to building sound, long-term Company growth.

The Company does not have a formal policy with respect to considering diversity. However, its Corporate Governance Guidelines state that the Board seeks members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise. This assessment will include an individual's qualification as independent, as well as consideration of diversity, age, skills and experience in the context of the needs of the Board. Chosen candidates are extended invitations to join the Board. If a candidate accepts, he or she is formally nominated.

The Board will consider nominees brought to the attention of the Board by an eligible shareholder, a non-management independent director, the CEO, any other executive officer or other appropriate sources. Any eligible shareholder who desires to have an individual considered for nomination by the Board must submit a recommendation in writing to the Secretary of the Company, at the Company's address set forth on page 1, not less than 120 calendar days before the date of the Company's Proxy Statement released to shareholders in connection with the previous year's Annual Meeting. The notice should include the name and address of both the eligible shareholder and the candidate and the qualifications of the candidate being recommended.

The Board does not have a formal process for identifying and evaluating candidates for director. It is not anticipated that the process for evaluating a nominee would differ based on whether the nominee is recommended by an eligible shareholder.

Board Recommendation and Vote Required

As stated in each nominee's biography above, the six candidates possess all of the experience, qualifications, attributes and skills appropriate for functioning as a board. The six candidates receiving the highest numbers of votes cast by the holders of Common Stock voting in person or by proxy will be elected as directors. The Board of Directors recommends a vote "FOR" the election of the six nominees named above.

The Company's by-laws require that any shareholder intending to nominate a candidate for election as a director must give written notice, containing specified information, to the Secretary of the Company not later than the notice deadline specified in the by-laws, which is 120 calendar days before the date of the Company's Proxy Statement released to shareholders in connection with the previous year's Annual Meeting. No such notices were received with respect to the 2010 Annual Meeting. Therefore, only the six nominees named above, or a substitute nominee of the Board, will be eligible for election at the Annual Meeting. A copy of the by-law provision concerning shareholder nominations will be furnished to any shareholder upon written request to the Secretary of the Company at the Company's address set forth on page 1.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

Throughout this Proxy Statement, the individuals who served as the Company's CEO and CFO at the end of fiscal 2009, as well as the other individuals included in the "Summary Compensation Table," are referred to as the "Named Officers." For purposes of the definition of "Named Officers," the Former CFO is not included.

Compensation Philosophy and Objectives

The primary objective of the Company's executive compensation program is to attract and retain qualified executives, which is critical to the ongoing success of the Company. This primary objective is achieved by providing a combination of base salary, annual cash incentives, health and welfare benefits, retirement benefits and perquisites that overall provide a complete compensation package that is competitive with executives at companies of comparable size and position in the retail business, while keeping compensation in line with the financial objectives of the Company.

Compensation Committee Discretion

The Compensation Committee has broad discretion to set the compensation paid to the Company's Named Officers, subject to Board approval, as it may determine is in the best interest of the Company and its shareholders. The exercise of discretion is an important feature of the Compensation Committee's philosophy and provides the Compensation Committee with sufficient flexibility to respond to specific circumstances facing the Company.

Use of Comparable Data in Setting Executive Compensation Levels

The Company is engaged in a highly competitive industry. As a result, the Compensation Committee annually examines compensation levels and trends in the labor market as part of its process in establishing compensation for the Company's Named Officers.

Throughout each year, the executive management team and the Compensation Committee review publicly available survey data related to general industry executive compensation and peer company compensation programs through a review of proxy statements. The Compensation Committee has also engaged consulting firms specializing in compensation and benefits to assist in evaluating the compensation package the Company offers to its Named Officers.

In 2009, the Compensation Committee used the Stanton Group's "2009 Wholesale/Retail Group Compensation Survey" to benchmark base salaries for the Senior Vice President of Operations ("SVP") and the CFO. The Stanton study benchmarks compensation and benefits for management employees for 35 grocery retailers and wholesalers nationwide without citing specific participants by company name.

8

In addition, the Compensation Committee utilized the Food Marketing Institute’s “Management Compensation Study 2008-2009 for Retailers and Wholesalers” for the SVP and the CFO. The study provides compensation and benefits for management employees for 219 grocery retailers and wholesalers nationwide without citing specific participants by company name.

Because there were no similar executive positions comparable to the Chairman, Vice Chairman and CEO defined within the surveys provided to the Company for these positions, the Compensation Committee used a Watson Wyatt Compensation Survey to assist it in determining comparable base salaries. The Watson Wyatt survey benchmarks compensation and benefits for up to 150 retailers nationwide without citing specific participants by company name.

The Compensation Committee believes these are the best available sources within the grocery industry to evaluate executive compensation. Because the Company competes with many larger companies for top executive-level talent, it generally sets compensation for Named Officers at the 75th percentile of compensation paid to similarly situated executives. Variations to the base salary component may occur because of the individual’s experience level, job responsibilities and market factors. The Compensation Committee also realizes that a primary difference between the Company’s executive compensation program and some of its peers’ compensation programs is the absence of an equity-based incentive plan. This fact is strongly considered when evaluating discretionary contributions to the Supplemental Executive Retirement Plan (“SERP”) for the Named Officers.

In 2009, the Compensation Committee utilized the services of Hewitt Associates LLC (“Hewitt”) to validate the executive compensation levels benchmarked in the Stanton and Watson Wyatt surveys. Hewitt was instructed to provide a third party review of the approach and methodology used by the Compensation Committee in assessing the Stanton Group’s “2009 Wholesale/Retail Group Compensation Survey,” as well as review and comment on the incentive levels that were proposed based on the findings of the competitive assessment. The Compensation Committee also asked Hewitt to provide a briefing on current trends within the retail and general industry with respect to types of long-term incentives offered, eligibility for such programs, and typical practice with respect to the number and relative mix of vehicles (stock options, restricted stock, performance shares, and/or cash-based long-term incentives). Hewitt concluded that the Company’s total direct executive compensation program falls well below market norms. The fees paid to Hewitt for these services did not exceed \$120,000 in the aggregate.

2009 Executive Compensation Components

The Compensation Committee annually evaluates the performance of executive officers with the Chairman and CEO. In performing its evaluations, the Compensation Committee relies upon written and verbal evaluations of each officer’s performance for the most recent fiscal year. The Vice Chairman and the CEO meet with the executive officers to discuss their efforts and accomplishments throughout the period from information deemed relevant both internally and in light of the competitive position of the Company in the industry. These evaluations include qualitative factors such as the individual’s decision-making responsibilities, the professional experience required to perform given tasks, and their leadership and team-building skills. Although executive compensation is not specifically related to corporate performance, the overall performance of the Company is a consideration in determining executive compensation.

Compensation for Named Officers is comprised of the following:

- Base Salary
- Non-Equity Incentive Plan
- Retirement Plans
- Perquisites

Base Salary: The base salary component of the executive compensation program provides the foundation for a fair and competitive compensation package. Although the Compensation Committee generally intends to set compensation for

Named Officers at the 75th percentile of compensation paid to similarly situated executives, the Compensation Committee has the discretion to deviate from the 75th percentile of the compensation surveys as it may determine in its discretion. The determination of base salaries is generally independent of the decisions regarding other elements of compensation, but some of the other elements of the compensation program are dependent on base salary, to the extent they are expressed as percentages of base salary. In setting base salaries, the Committee considers each Named Officers' job responsibilities, value-added contributions to the Company and tenure.

The Chairman chose not to accept a base salary increase in 2009. Based on consideration of the criteria discussed above and the overall financial and operational success of the Company, the Committee approved a 21.7% increase in base salary for the Vice Chairman. The Chairman and Vice Chairman base salaries were at 83.4% and 87.3%, respectively, of the 75% base salary quartile for similarly situated executives. Upon promotion from Chief Operating Officer to CEO effective January 1, 2009, a base salary increase of 20.0% was awarded, and the Committee later approved a 15.3% increase in base salary for the CEO in fiscal 2009. The base salary for the CEO was 80.7% of the 75% base salary quartile for similarly situated executives. The Committee approved a 9.5% increase in base salary for the SVP in fiscal 2009. The base salary for the SVP was 97.8% of the 75% base salary quartile for similarly situated executives. The Company appointed Mr. Frost as Vice President, Chief Financial Officer and Treasurer (“CFO”) on October 26, 2009. The Committee granted a 30.2% increase in base salary for the promotion from Controller to Acting CFO on July 9, 2009 and a 58.0% increase in base salary for the promotion from Acting CFO to CFO, in fiscal 2009. The CFO now earns 64.1% of the 75% quartile for similarly situated executives.

Non-Equity Incentive Plan: Since 2002, the Company's executive compensation program includes an annual non-equity incentive plan designed to reward certain key employees, including the Named Officers, for meeting specific financial objectives. The Compensation Committee administers the non-equity incentive plan for management to provide the short-term incentive compensation element of the executive compensation program. This short-term incentive is a cash-based performance incentive program designed to motivate and reward key employees for their contributions to factors and business goals that the Company believes drive its earnings and create shareholder value. Incentive payout potentials are established by job level within the Company as a percentage of base salary, and actual payouts are based on achievement of budgeted sales and operating profit targets as approved by the Board annually. Prior to implementation of this non-equity incentive plan in 2002, the Compensation Committee hired an independent compensation consulting firm to provide guidance on the basic plan structure. In 2009, Hewitt was utilized to evaluate the competitiveness of the current non-equity incentive plan as compared to the market place and confirmed the changes proposed by the Compensation Committee, of which the Board approved. Actual non-equity incentive plan compensation amounts earned by the Named Officers are reflected in the “Summary Compensation Table” for the year earned. The amounts which each Named Officer could have earned for 2009 based on performance at the threshold, target and maximum levels are shown in the “Grants of Plan-Based Awards” table below.

The Chairman, Vice Chairman, CEO and SVP can earn up to 130%, 104%, 104% and 52%, respectively, of their base salary in the non-equity incentive plan. The CFO can earn up to 52% of the base salary, from the date of appointment as CFO through the end of the fiscal year, and he can earn 26% of the base salary related to the previous position held as Controller in the non-equity incentive plan. For fiscal 2009, 40% of the incentive award was based upon achievement of the budgeted total company sales and 60% of the incentive award was based upon achievement of the budgeted total company operating profit for the Named Officers. Company operating profit was defined as the U.S. GAAP “Operating Income,” less the effect of the acquisition made in fiscal 2009. Threshold and target hurdles were established for the budgeted sales category, which allowed each Named Officer to earn 25% and 100%, respectively, of his total incentive award for achieving the specified results within the sales category. Threshold, target and maximum hurdles were established for the operating profit category, which allowed each Named Officer to earn 25%, 100% and 150%, respectively, of his total incentive award for achieving the specified results within the operating profit category. The operating profit category target hurdle must be met before the sales category incentive award is earned under the plan. For achieving 97% through 100% of the budgeted sales target, the Named Officers can earn 25% to 100% of the sales incentive award. For achieving 97% through 118% of the budgeted operating profit, the Named Officers can earn 25% to 150% of the operating profit incentive award. The threshold and target hurdles for sales in fiscal 2009 were equal to a sales result of \$2.4 billion and \$2.5 billion, respectively. The threshold, target and maximum hurdles for the operating profit in fiscal 2009 were equal to an operating profit result of \$67.9 million, \$70.0 million and \$82.6 million, respectively. The Company achieved 97.9% of the total budgeted sales and 117.9% of total budgeted operating profit. The Named Officers earned 97.0% of their total bonus potential in 2009 based

upon total company performance which matched the 97.0% of their total bonus potential earned in 2008.

Retirement Plans: The Company has a contributory retirement savings plan, the Weis Markets, Inc. Retirement Savings Plan, covering substantially all full-time associates. The company had a noncontributory profit-sharing plan, the Weis Markets, Inc. Profit Sharing Plan, covering eligible associates which included certain salaried associates, store management and administrative support personnel. Effective December 1, 2009, the Weis Markets, Inc. Profit Sharing Plan was merged into the Weis Markets, Inc. Retirement Savings Plan (“the Plan”). All of these plans are qualified defined contribution plans. The Named Officers along with other highly compensated employees have limited participation in the 401(k) portion of the Plan and are excluded from participation in the profit sharing portion of the Plan because of limitations imposed by the Internal Revenue Code and the Regulations implemented by the Internal Revenue Service.

As of December 31, 2006, the Weis Markets, Inc. Employee Stock Bonus Plan (“ESBP”) was terminated, and subsequently all plan assets were distributed to participants or beneficiaries by December 31, 2009.

Supplemental Executive Retirement Plan: Company contributions normally made to the qualified plans for the Named Officers are credited instead to the SERP, an unfunded, nonqualified deferred compensation plan. The SERP account for each Named Officer is credited annually with the amount, if any, that would have been allocated to the participant’s qualified plans if he had not been excluded from participation in these qualified plans. Although the SERP is primarily a replacement retirement plan, the Compensation Committee may at any time recommend to the Board discretionary amounts to be credited to the account(s) of one or more SERP participants. Substantial risk of benefit forfeiture does exist for participants in the SERP. Effective August 1, 2009, the SERP was revised to reflect the participant’s ability to direct his or her investments.

Contributions to the SERP are determined in the same manner as contributions to participants in the Company’s qualified plans except for discretionary contributions. Contribution allocations and earnings for the four components of the SERP are computed as follows:

- a. **401(k) Plan:** The allocation of the employer 401(k) contribution is equal to 25% of the participant’s contribution for the allocation period, up to 4% of the participant’s compensation. If a participant is age 50 or older during the calendar year, the participant may make additional contributions called "Catch-up" contributions. The total Catch-up contributions for a calendar year may not exceed the Catch-up dollar limit set by law. The limit was \$5,500 in 2009 and will continue in 2010 with the same limit. This limit will be indexed upward under federal law. Base salary is the only element of compensation that is used in determining the amount of contributions permitted under the Company’s 401(k) plan. By law, compensation in excess of \$245,000 (as indexed upward under federal law) cannot be counted. SERP participants can defer up to 50% of their base salary in the SERP. As of August 1, 2009, each amount credited to a participant’s SERP account for replacement of Company contributions normally made for 401(k) deferrals are invested by the participant in one or more of the investment options made available through the plan, except that amounts are only credited to the SERP account annually rather than quarterly as in the qualified plan. Prior to August 1, 2009, each amount credited to a participant’s SERP account was adjusted in the same manner as if such amount had been invested for the participant in the 401(k) plan Aggressive Equity Fund. Also, the amounts were only credited to the SERP account annually.
- b. **Profit Sharing Plan:** The allocation of the employer’s contribution to the profit sharing plan is based on the number of allocation units credited to each eligible participant in proportion to the total number of allocation units credited to all eligible participants for the plan year. A participant is credited with one allocation unit for each full \$100 of compensation for the plan year plus 1.5 units for each year of service. By law, compensation in excess of \$245,000 (as indexed upward under federal law) cannot be counted. As of August 1, 2009, each amount credited to a participant’s SERP account for replacement of Company contributions normally made to the profit sharing plan is invested by the participant in one or more of the investment options made available through the plan. Prior to August 1, 2009, each amount credited to a participant’s SERP account was adjusted annually based upon the profit

sharing plan results.

c. **Employee Stock Bonus Plan:** The Weis Markets, Inc. Employee Stock Bonus Plan was terminated as of December 31, 2006, and all contributions under the Weis Markets, Inc. Employee Stock Bonus Plan ceased as of the same date. However, interest earnings and fund value increases or decreases were allocated in proportion to each participant's account balance. As of August 1, 2009, each amount credited to a participant's SERP account for replacement of interest earnings is invested by the participant in one or more of the investment options made available through the plan. Prior to August 1, 2009, each amount credited to a participant's SERP account for replacement of interest earnings normally made to the employee stock bonus plan was adjusted annually as if the amount had been invested for the participant in the employee stock bonus plan.

- d. **Discretionary:** The Compensation Committee may at any time recommend to the Board discretionary amounts to be credited to the account(s) of one or more SERP participants. Amounts credited to a participant's SERP account for discretionary Company contributions are invested by the participant in one or more of the investment options made available through the plan.

The investment funds made available to the participants are managed by independent investment advisors. For more information regarding the Company's retirement plans, please refer to the "Pension Benefits" and "Nonqualified Deferred Compensation" tables below and Note 6 to the Consolidated Financial Statements in the 2009 Annual Report on Form 10-K.

Deferred Compensation Agreement: The Company maintains an unfunded, nonqualified deferred compensation agreement with Robert F. Weis for the payment of specific amounts of annual retirement benefits to him or his spouse over their lifetime, with a guaranteed payment for their actuarially computed life expectancies. The benefits are determined through actuarial calculations dependent on the age of the recipient, as specified in the plan document, using the 1971 Group Annuity Mortality Table (Plus 5 for Males) and an assumed discount rate of 7.5%. The benefit payable on an annual basis to Robert F. Weis would be \$1,165,617 if he had retired as of the date of this Proxy Statement. For more information regarding this deferred compensation agreement, refer to the "Pension Benefits" table below and Note 6 to the Consolidated Financial Statements in the Company's 2009 Annual Report on Form 10-K.

Perquisites: The Company provides the Named Officers with perquisites the Compensation Committee believes are reasonable and consistent with its overall executive compensation program. The Named Officers are provided use of Company automobiles. For security purposes and benefit to the Company, the Chairman, Vice Chairman and CEO may use the corporate aircraft for business, and for limited personal travel. In addition, the Company pays for tax filing assistance for the Chairman and for tax and investment advisory services for the CEO. The cost to the Company of the use of Company automobiles and the corporate aircraft is calculated as prescribed by the Internal Revenue Service and charged to the Named Officers. Please refer to Footnote 4 of the "Summary Compensation Table" for perquisite details.

Mr. Mills ceased to serve as Senior Vice President, Treasurer and Chief Financial Officer and as a director of the Company effective July 9, 2009. Outstanding Equity Awards at Fiscal Year-End

The Company's 1985 Incentive Stock Option Plan expired on December 31, 2004. Under the terms of the plan, options were granted for shares of the Company's Common Stock based on the market value at the date of grant and may be exercised immediately. There are no plan provisions for reload or tax-reimbursement features. The closing price of the stock at the 2009 fiscal year end was \$35.47 as reported by the NYSE.

The following table shows the outstanding equity awards held by the Named Officers at December 26, 2009.

Pension Benefits

The following table provides information concerning the value of Robert F. Weis' accumulated benefits under the Company's nonqualified deferred compensation agreement.

Robert F. Weis	Nonqualified Deferred Compensation Agreement	63	6,426,517	

(1) Although the participant is not eligible to receive a lump-sum payment, the pension benefit table is required to show a lump-sum present value based upon applicable interest rate and mortality assumptions.

Nonqualified Deferred Compensation

The Company maintains a SERP for certain of its associates. The plan is designed to provide retirement benefits and salary deferral opportunities because of limitations imposed by the Internal Revenue Code and the Regulations implemented by the Internal Revenue Service. The plan is unfunded and accounted for on an accrual basis. Participants in the plan are excluded from participation in the qualified profit sharing and have limited participation in the 401(k) plan. Based upon recommendation from the Compensation Committee, the Board annually determines the amount of the allocation to the plan.

The allocation among the various plan participants is made in relationship to their compensation, years of service and job performance. Plan participants are 100% vested in their accounts after six years of service with the Company. In accordance with the lump-sum or installment election made by the Named Officer prior to the deferral of compensation, benefits are distributed to the participant one year after the date of retirement, assuming the participant has reached normal retirement age. Substantial risk of benefit forfeiture does exist for participants in the plan. The present value of accumulated benefits is included under "Postretirement benefit obligations" in the Consolidated Balance Sheets within the 2009 Annual Report on Form 10-K.

Potential Payments upon Termination of Employment or Change in Control

The Company has entered into employment agreements with the Chairman, CEO and Former CFO. These agreements provide for certain benefits for involuntary termination of employment other than for cause, but do not contain a change in control provision.

Chairman of the Board. The Company has an agreement with its Chairman, Robert F. Weis, which provides that in the event his employment terminates for any reason, including but not limited to retirement, disability or death, the Company will continue to provide him and his spouse through December 31, 2023 with medical, dental, accident, disability and life insurance benefits substantially equivalent to those provided to employees. If Mr. Weis had terminated his employment as of December 31, 2009, the estimated cost to the Company of providing these benefits through the date specified in the agreement would have been \$136,829.

President and Chief Executive Officer. The Company has entered into an Employment Agreements with David J. Hepfinger, CEO. Although Mr. Hepfinger's agreement expired February 28, 2010, the Company expects to continue Mr. Hepfinger's employment. The Compensation Committee is in negotiations with Mr. Hepfinger and in the process of evaluating a new agreement.

Mr. Hepfinger's Employment Agreement provides that if prior to the end of the term, the officer's employment is terminated without cause or the officer terminates his employment for good reason, the officer will be entitled to receive (1) continuation of base salary payments through the end of the term at the rate then in effect and (2) an incentive bonus for the year of termination and any subsequent remaining year of the term equal to the highest incentive bonus received by the officer for any of the two years preceding termination. If prior to the end of the term the officer's employment terminates due to death or disability, the officer (or his spouse or estate) is entitled to receive (1) continuation of base salary payments through the end of the term at 50% of the rate then in effect and (2) a prorated bonus for the year of termination only in the amount the Company in good faith determines the officer would have received had his employment continued. All salary continuation and incentive bonus payments would be made at the same time as if employment had continued.

Mr. Hepfinger may earn a supplemental cash incentive based upon the positive increase in per share price of the Company's Common Stock in each fiscal year multiplied by the equivalent of 20,000 shares. The supplemental cash incentive is contingent upon Mr. Hepfinger's continued employment with the Company during each fiscal year.

According to the terms of Mr. Hepfinger's Employment Agreement, the officer agrees (1) to at all times maintain the confidentiality of information pertaining to the Company's business, and (2) until four years after termination of employment, not to (A) hire any Company employee or solicit or induce any employee, consultant, vendor or supplier of the Company to terminate or reduce its relationship with the Company or (B) except in the case of a termination by the Company without cause or by the officer for good reason, engage in any business which competes with the Company in the retail grocery business (or in any other business which accounted for more than 2% of the Company's consolidated revenues) in any county in which the Company operates or any contiguous county. The Company's obligations to make payments or provide benefits to the officer under the Employment Agreement would cease upon any violation of these covenants.

The following table shows the benefits Mr. Hepfinger would have received under the Employment Agreement if his employment had terminated for the reasons specified as of December 31, 2009.

Executive Benefits and Payments By Covered Circumstance	Salary Continuation (\$ (1))	Non-Equity Incentive Compensation Plan (\$ (2))
Without Cause or Good Reason	116,667	738,905

- (2) In the case of a termination without cause or for good reason, the amount represents the incentive bonus for 2010 in an amount equal to the highest incentive bonus received for any of the two years preceding 2009 and the amount earned in 2009 and payable in 2010. In the case of disability or death, the amount shown is the incentive bonus earned in 2009 and payable in 2010.

Former Senior Vice President, Treasurer and Chief Financial Officer. During 2009, the Company had an Employment Agreement with William R. Mills, former Senior Vice President, Treasurer and CFO. Mr. Mills' Employment Agreement expires December 31, 2010. Mr. Mills ceased to serve as Senior Vice President, Treasurer and Chief Financial Officer and as a director of the Company effective July 9, 2009.

Mr. Mills' Employment Agreement provides that if prior to the end of the term, the officer's employment is terminated without cause or the officer terminates his employment for good reason, the officer will be entitled to receive (1) continuation of base salary payments through the end of the term at the rate then in effect and (2) an incentive bonus for the year of termination and any subsequent remaining year of the term equal to the highest incentive bonus received by the officer for any of the three years preceding termination of Mr. Mills. If prior to the end of the term the officer's employment terminates due to death or disability, the officer (or his spouse or estate) is entitled to receive (1) continuation of base salary payments through the end of the term at 50% of the rate then in effect and (2) a prorated bonus for the year of termination only in the amount the Company in good faith determines the officer would have received had his employment continued. All salary continuation and incentive bonus payments would be made at the same time as if the employment had continued.

Mr. Mills' Employment Agreement further provides that if the officer's employment is terminated prior to the end of the term without cause, for good reason or due to death or disability, the Company will continue to provide he and his spouse with medical, dental, accident, disability and life insurance benefits substantially equivalent to those provided to employees through December 31, 2010.

In addition, in the case of a termination without cause, for good reason or due to disability, Mr. Mills' Employment Agreement provides that in lieu of contributions to the Company's SERP, the Company will pay him \$15,000 per year, for the remainder of the term and at the time SERP contributions would otherwise have been made.

According to the terms of Mr. Mills' Employment Agreement, the officer agrees (1) to at all times maintain the confidentiality of information pertaining to the Company's business, and (2) until four years after termination of employment, not to (A) hire any Company employee or solicit or induce any employee, consultant, vendor or supplier of the Company to terminate or reduce its relationship with the Company or (B) except in the case of a termination by

the Company without cause or by the officer for good reason, engage in any business which competes with the Company in the retail grocery business (or in any other business which accounted for more than 2% of the Company's consolidated revenues) in any county in which the Company operates or any contiguous county. The Company's obligations to make payments or provide benefits to the officer under the Employment Agreement would cease upon any violation of these covenants.

The actual amounts paid to Mr. Mills in connection with his cessation in 2009 are reflected in the "Summary Compensation Table."

OTHER INFORMATION CONCERNING THE BOARD OF DIRECTORS

Compensation of Directors

The following table shows the compensation earned by the Company's non-management independent directors for services during fiscal 2009.

DIRECTOR COMPENSATION

Name	Fees Earned or Paid in Cash (\$)	Total (\$)
Matthew Nimetz	28,500	28,500
Richard E. Shulman	38,000	38,000
Steven C. Smith	44,000	44,000
Glenn D. Steele Jr.	—	—

In December 2009, the Board passed a resolution establishing new compensation arrangements for non-management independent directors effective January 1, 2010. Directors who are not officers of the Company or any of its subsidiaries will receive an annual retainer of \$40,000 paid in quarterly installments during the year. The Chairman of the Audit Committee receives an additional \$6,000 annual retainer fee paid in quarterly installments during the year. Previously, the Company paid non-employee directors a retainer fee of \$9,500 per quarter.

In addition, each non-management independent director is entitled to reimbursement for out-of-pocket expenses to attend meetings. There is no additional remuneration for services rendered by directors serving on committees or for participation in the non-management independent director meetings.

Compensation Committee Interlocks and Insider Participation

Directors Nimetz, Shulman and Smith were not officers or employees of the Company, nor have they had any relationship with the Company requiring disclosure under the SEC regulations. Jonathan H. Weis is a director, employee and officer of the Company and is not considered independent by NYSE listing standards. None of the Company's Named Officers have served on the board of directors or compensation committee of any other entity, which has or had one or more executive officers who served as a member of the Company's Board or Compensation Committee during fiscal 2009.

Review and Approval of Related Party Transactions

The Company has adopted written "Conflicts of Interest" policies in its Code of Business Conduct and Ethics and in its Code of Ethics for CEO and CFO. According to these policies, a conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with the interests of the Company. In other words, a conflict situation can arise when an employee takes actions or has interests that may make it difficult to perform his work effectively. Conflicts of interest also arise when an employee, officer or director, or a member of his family, receives improper personal benefits as a result of his position in the Company. Loans to or guarantees of obligations of such persons are likely to pose conflicts of interest, as are transactions of any kind between the Company and any other organization in which such person or any member of their family have an interest.

Under these policies, activities that could give rise to conflicts of interest are prohibited unless specifically approved in advance by the Audit Committee. Because it is not always easy to determine whether a conflict of interest exists, any potential conflicts of interest must be reported immediately to the Executive Committee of the Board. If a member of the Executive Committee of the Board is informed of any potential conflict of interest he must report it immediately to the Audit Committee. The Audit Committee Charter specifically grants the Audit Committee the authority to review and approve all related party transactions. These policies cover all Company officers, directors (or nominee), 5%-or-greater shareholders and immediate family member of these persons. All of the related party transactions reported under "Review and Approval of Related Party Transactions" were reviewed and approved by the

Audit Committee in accordance with the Company's Code of Business Conduct and Ethics, the Code of Ethics for CEO and CFO and the Audit Committee Charter.

On March 5, 2010, the Company's Board adopted a formal related party transaction policy that includes the standards included in Section 404(b) of Regulation S-K as well as any other applicable standards under the NYSE rules and regulations.

The Related Party Transaction policy provides for pre-approval of certain transactions involving the Company's directors, executive, nominees, beneficial owners of more than 5% of the Company's voting securities and their family members, or an entity in which any of the foregoing persons has more than a 5% beneficial ownership. The policies define "family member" to mean a child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, or any other person living with the individual (except tenants and employees).

The policy defines "Related Person Transactions" as a transaction, arrangement or relationship (or series of transactions, arrangements or relationships) since the beginning of the Company's last fiscal year in which the Company (including its subsidiaries) was, or is a participant and the amount exceeded \$120,000, and in which any Related Person had, has or will have a direct or indirect material interest (other than solely as the result of being a director or a less than 10% beneficial owner of another entity).

Certain transactions are deemed to be pre-approved even if the amount exceeds \$120,000:

- transactions in the ordinary course of business involving payment of no more than \$ 1,000,000 or 2% of the Company's annual consolidated gross revenues to another company at which the related person is an employee, director or beneficial owner of less than 10% of Common Stock;
- certain charitable contributions that do not exceed \$250,000 (or 5% of the charitable organizations annual consolidated gross revenues) to an organization in which the related person is an employee or director;
- transactions where the related interest arises solely from the ownership of Weis Markets, Inc. Common Stock and all holders of the common stock receive the same benefits on a pro rata basis;
- compensation to an executive officer or director which has to be reported in the proxy statement or compensation to an executive officer which is not an immediate family member of a related person or the compensation committee; and
- any transaction involving a Related Person where the rates or charges involved are determined by competitive bids; rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority; or involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

Transactions that are not pre-approved must be presented to the Audit Committee for approval. If the related person transaction is on-going, the Committee may establish guidelines for management for the relationship which must be reassessed on an annual basis. Transactions will be approved if they are in the best interest of the Company and its shareholders.

No Director will participate in the discussion or approval of a transaction for which he or a family member is a related party, other than to provide material information.

All related person transactions will be disclosed in the Company's applicable filings as required by applicable laws.

Central Properties, Inc. ("Central Properties") owns the land under a Company store and an adjacent parking lot in Lebanon, Pennsylvania. The Company leased these properties from Central Properties for \$101,781 in fiscal 2009. The shareholders of Central Properties include Directors Jonathan H. Weis and Robert F. Weis.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. Management represented to the Audit Committee the Company's consolidated financial statements were prepared in conformity with accounting principles generally accepted in the United States and the SEC disclosure requirements. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the 2009 Annual Report on Form 10-K with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee in accordance with the standards of the Public Company Accounting Oversight Board (United States). The Audit Committee has received from the independent auditors written disclosures pursuant to Statement on Auditing Standards No. 61, Communication with Audit Committees, and has discussed those matters with the independent auditors. The Audit Committee has also received the written disclosure and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent auditors their independence.

The Audit Committee discussed with the Company's Chief Internal Auditor and the independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the Chief Internal Auditor and the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In performance of its oversight function, the Audit Committee also monitored Company management's compliance with the Sarbanes-Oxley Act of 2002 by discussing with management, the Chief Internal Auditor and the independent auditors management's assessment of the effectiveness of the Company's internal control over financial reporting as of December 26, 2009.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the 2009 Annual Report on Form 10-K for filing with the SEC. The Audit Committee recommended to the Board, the appointment of Grant Thornton LLP as the Company's independent auditors for fiscal 2010, subject to shareholder ratification.

Section 16(a) of the Securities Exchange Act of 1934 requires that directors and officers of the Company and beneficial owners of more than 10% of its Common Stock file reports with the SEC with respect to changes in their beneficial ownership of equity securities of the Company. Based solely upon a review of the copies of such reports furnished to the Company and written representations by certain persons that reports on Form 5 were not required, the Company believes that its directors, officers and greater-than-10% beneficial owners complied with all applicable 2009 Section 16(a) filing requirements.

PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Grant Thornton LLP has served as the independent auditors for the Company since 2004. The Audit Committee appointed Grant Thornton LLP as the independent auditors of the Company with respect to its operations for fiscal 2010, subject to ratification by the holders of Common Stock of the Company. The Board and its Audit Committee recommend that shareholders approve the selection of Grant Thornton LLP as the Company's independent auditors by voting "FOR" proposal number two. If the shareholders do not approve the ratification of Grant Thornton LLP, the selection of such firm as independent auditors for the Company will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Representatives of Grant Thornton LLP will be present at the Annual Meeting with the opportunity to make a statement, if they so desire, and to be available to respond to appropriate questions.

According to its Charter, the Audit Committee, comprised of independent members of the Board, is responsible for approving all audit engagement fees, terms and non-audit engagements with the independent auditors on behalf of the Company in advance of providing any service. The Company has not adopted a written policy for Audit Committee pre-approval of audit services and non-audit services performed by the independent auditors. In fiscal 2009, all audit fees associated with the independent auditors' services were pre-approved by the Audit Committee. No non-audit or tax services were provided by the independent auditors in fiscal 2009.

The following table sets forth Grant Thornton LLP fees billed to the Company for professional services related to 2009 and 2008:

PROPOSAL NO. 3
SHAREHOLDER PROPOSAL

The Fund for the Center of Community Change, 1536 U Street, N.W., Washington, DC 20009, owner of 379 shares of our common stock, has given notice that it intends to present for action at the Annual Meeting the resolution set forth below. In accordance with the applicable proxy regulations, the proposal and supporting statements, for which we accept no responsibility, are set forth below:

RESOLVED: The shareholders of Weis Markets (the “Company”) urge the Board of Directors to adopt a policy (without affecting the unexpired terms of directors elected at or before the 2009 annual meeting) of nominating independent directors who, if elected by the shareholders, would constitute two-thirds of the Board. For purposes of this proposal, the term “Independent Director” shall mean a director who is not or who, during the past five years, has not been.

- employed by Weis Markets or one of its affiliates in an executive capacity;
- an employee or owner of a firm that is a paid adviser or consultant to Weis Markets or one of its affiliates;
 - employed by a significant Weis Markets customer or supplier;
- a party to a personal services contract with Weis Markets or an affiliate thereof, as well as with Weis Markets’ Chair, CEO or other executive officer;
- an employee, officer or director of a foundation, university or other non-profit organization receiving significant grants or endowments from Weis Markets or one of its affiliates;
 - a relative of an executive of Weis Markets or one of its affiliates;
- part of an interlocking directorate in which Weis Markets’ CEO or another executive officer serves on the board of another corporation that employs the director.

Supporting Statement

This proposal seeks to establish a level of independence that we believe will promote clear and objective decision-making in the best long-term interest of all shareholders.

Weis Markets currently has a six-person board that fails to meet the proposed two-thirds standard. Our Board’s Chairman Robert F. Weis owns 46.8% of the Company’s outstanding shares; his son, Jonathan H. Weis, also serves as the Vice Chairman and Secretary of our Board. Along with our CEO and Board member David J. Hepfinger, exactly half of our Board is composed of inside directors, and these three directors each received more than 10% withhold votes last year. In addition, Weis Markets’ compensation committee is not fully independent, and does not have a nominating committee.

The Corporate Library, a leading provider of governance research and analysis, recently asserted, “This is a clear indicator of the lack of independent board representation available to minority public shareholders at this firm, and an equally clear indicator of high governance risk.” It gave Weis Markets a “D” rating, citing concerns over board independence and CEO compensation.

We believe that a board with a clear majority of independent directors – and all independent audit, compensation and nominating committees – constitutes an essential component of effective corporate governance. An independent board can best represent all shareholders and inspire shareholder confidence in the quality and impartiality of its decision-making processes and the decisions themselves, as well as avoid the appearance of conflicts of interest.

The standard of independence that we propose is that recommended by the Council of Institutional Investors, an organization of large pension funds that has been a leading advocate of corporate governance reform.

We urge you to vote FOR this resolution.

Board of Directors Response in opposition to Proposal Number 3

The Board of Directors unanimously recommends a vote “AGAINST” this proposal for the following reasons:

The Board believes that adopting the policy suggested above regarding board composition will not augment the Board’s ability to exercise its independent judgment and will not result in improved performance by the Company. In addition, the Board opposes the proposal because:

- it does not affect the composition or process of the Company’s Audit Committee, which is fully independent and diligently reviews the Board’s decision-making process and potential conflicts of interest;
- a two-thirds majority of independent directors does not directly protect the interests of minority shareholders; and
- it requires the recruitment of additional independent directors, which would divert time and resources away from overseeing and managing the Company’s business and is not in the shareholders’ best interests.

As discussed above, the Company is a “controlled company” under the New York Stock Exchange rules, and the NYSE provides an exemption by which a “controlled company” (a company in which an individual or group holds a majority stake in the company’s stock) is not required to comply with certain requirements regarding majority director independence on the full board and independence of the compensation and nominating committees.

However, as required by the SEC and NYSE rules, the Company’s Audit Committee is composed entirely of independent directors. The Audit Committee provides the primary mechanism by which the Board of Directors monitors conflicts of interest. The Audit Committee takes its fiduciary duties very seriously and is vigilant in monitoring the Company’s decision-making processes to ensure quality and impartiality, as well as reviewing any potential conflicts of interest. The current proposal would not affect the Audit Committee’s current composition or duties.

Additionally, the proposal purports to remedy the lack of protection for minority shareholder interests, but even if it was adopted, the proposal affords no actual rights to minority shareholders. Although the Company is “controlled,” minority shareholders have cumulative voting rights, and — without consent of the majority group — may still nominate and elect directors and call special meetings.

Further, a significant alteration of the composition of the Board may detract from Company performance. The board composition policy presented by the shareholder proposal is substantially more limiting than the NYSE listing standards and SEC regulations. The Board believes that the proposal ignores the difficulty inherent in recruiting and retaining independent directors with sufficient knowledge about our business and the industry in which we operate. A rigid formula requiring independent directors to make up two-thirds of the Board is inadvisable and impractical. Under the proposed policy, the Company would have to recruit three additional independent directors and devote substantial time and energy in order to find qualified and effective candidates consistent with our values who possess deep knowledge of our process, products and industry.

In summary, the Board believes that the proposal is NOT necessary in light of the independence requirements already in place through the Audit Committee and would significantly impair Weis Markets’ ability to focus on shareholder interests.

OTHER MATTERS

As of the date of this Proxy Statement, the Board is not informed of any matters, other than those stated above, that may be brought before the meeting. The persons named in the enclosed form of proxy or their substitutes will vote with respect to any other matters brought before the Annual Meeting in accordance with their best judgment.

ANNUAL REPORT ON FORM 10-K

The Company will provide, without charge, on written request from security holders, copies of the Company's Annual Report on Form 10-K. Written requests should be sent to the Secretary of the Company at the Company's address set forth on page 1, by telephoning 1-866-999-WEIS (9347), or via email at financial_reports@weismarkets.com. The 2009 Annual Report on Form 10-K is also available for viewing or printing from the Company's website at <http://www.weismarkets.com/about-weis/corporate-information/financial>.

SHAREHOLDERS' PROPOSALS FOR NEXT ANNUAL MEETING

The Company's by-laws require that any shareholder intending to present a proposal for action at an Annual Meeting must give written notice of the proposal, containing specified information, so that it is received by the Company not later than the notice deadline under the by-laws. This notice deadline will not be less than 120 calendar days before the date of the Company's Proxy Statement released to shareholders in connection with the previous year's Annual Meeting, or November 11, 2010 for the Company's Annual Meeting in 2011.

The by-law described above does not affect the right of a shareholder to request inclusion of a shareholder proposal in the Company's Proxy Statement pursuant to SEC Rule 14a-8 or to present for action at an Annual Meeting any proposal so included. Rule 14a-8 requires that written notice of a shareholder proposal requested to be included in the Company's proxy materials pursuant to the Rule must also be received by the Company not less than 120 calendar days before the date of the Company's Proxy Statement released to shareholders in connection with the previous year's Annual Meeting. For the Company's Annual Meeting in 2011, this deadline would also be November 11, 2010.

The notices of shareholder proposals described under this caption must be given to the Secretary of the Company at the Company's address set forth on page 1. A copy of the by-law provision described above will be furnished to any shareholder upon written request to the Secretary at the same address.

EXPENSES OF SOLICITATION

All expenses related to the solicitation of the proxies by the Board will be paid by the Company. If proxies are not promptly received, officers, directors and regular employees of the Company may solicit proxies personally by telephone or otherwise, for which they will not receive additional compensation. The Company may reimburse charges of banks, brokers, other custodians, nominees and fiduciaries to send proxy material to the beneficial owners and to secure their voting instructions, if necessary. It is estimated that such costs will be nominal.

By Order of the Board
of Directors,

Jonathan H. Weis
Secretary
