If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 8.01 Other Events.

In connection with Idaho Power Company's (Idaho Power) efforts to relicense the Hells Canyon Complex (HCC), Idaho Power's largest hydroelectric complex, as described in more detail in IDACORP, Inc.'s (IDACORP) and Idaho Power's Annual Report on Form 10-K for the year ended December 31, 2017, in Part II, Item 7 - "Regulatory Matters," as of December 31, 2017, IDACORP and Idaho Power had included in construction work in progress in their consolidated balance sheets relicensing costs of approximately \$269 million for the HCC. Costs for the relicensing of Idaho Power's hydroelectric projects are recorded in construction work in progress until new multi-year licenses are issued by the Federal Energy Regulatory Commission, at which time the charges are transferred to electric plant in service.

In December 2016, Idaho Power filed an application with the Idaho Public Utilities Commission (IPUC) requesting a determination that Idaho Power's expenditures of \$220.8 million through year-end 2015 on relicensing of the HCC were prudently incurred, and thus eligible for future inclusion in retail rates. In December 2017, Idaho Power filed with the IPUC a settlement stipulation signed by Idaho Power, the IPUC staff, and a third party intervenor recognizing that a total of \$216.5 million in expenditures were reasonably incurred, and therefore should be eligible for inclusion in customer rates at a later date. On April 13, 2018, the IPUC issued an order approving the settlement stipulation substantially as filed with the IPUC, and determining the associated costs to be reasonably and prudently incurred.

As a result of filing the settlement stipulation, in the fourth quarter of 2017 Idaho Power recorded a \$5.0 million pre-tax charge, which included \$4.3 million for costs incurred through 2015, as well as \$0.7 million related to associated costs incurred in 2016 and 2017.
