-

**Item 8.01. Other Events.**

The following information is furnished pursuant to Item 8.01, Other Events.

On November 3, 2008, Net 1 UEPS Technologies, Inc. ( Net1 ) issued a press release announcing that it received the final decision in respect of the Payment Service Tender from the Chief Executive Officer ( CEO ) of the South African Social Security Agency ( SASSA ). Bidders have been advised that the CEO has decided to: (i) make no award of tenders submitted in response to SASSA Tender 19/06/BS and to terminate the procurement process; and (ii) defer a decision about commencing a fresh tender process for the provision of a social assistance grants payment service.

The reasons for the decision of the CEO are summarized as follows:

1. a number of the bid evaluation technical criteria specified in the Request for Proposal ( RFP ) are vaguely formulated and resulted in a high degree of subjectivity in the decision making process and inconsistent scoring of bids;
2. uncertainty and ambiguity of the RFP regarding payment solutions based on multiple payment channels resulted in an unfair and uncompetitive bidding process;
3. the important objectives of the procurement process relating to submission of performance guarantees by bidders could not be achieved;
4. due to the lack of clarity in the RFP regarding the measurement of preference points, an important objective of the RFP, namely the advancement of broad-based black economic empowerment, could not be achieved;
5. evaluating and adjudicating the payment service tender, notwithstanding the serious flaws identified in the RFP and bid evaluation process, would be inconsistent with the application of a fair, transparent, equitable, cost-effective and competitive procurement system and would expose the SASSA to a significant degree of legal risk; and
6. a decision by SASSA on whether or not to commence a fresh tender process will require further consultation and consideration of various important factors, including the terms, evaluation criteria and specifications for a new tender, the envisaged payment solution and conditions for the acceptability and evaluation of bids which may be based on alternative payment models.

A copy of Net1 s press release is attached as Exhibit 99.1.

**Item 9.01. Financial Statements and Exhibits.**

(d) Exhibits

99.1 Press Release, dated November 3, 2008, issued by Net 1 UEPS Technologies, Inc.
