Report of Independent Accountants

The Board of Directors and Stockholders of  
Mission West Properties, Inc.:

We have audited the accompanying Historical Summary of Gross Income and Direct Operating Expenses (the "Statement") of the San Tomas Technology Park (the "Property") for the year ended December 31, 2002. This Statement is the responsibility of the Property's management. Our responsibility is to express an opinion on this Statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Statement was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for the inclusion in the current report on Form 8-K/A of Mission West Properties, Inc. dated April 9, 2003) as described in Note 2 and is not intended to be a complete presentation of the Property's revenues and expenses.

In our opinion, the Statement referred to above presents fairly, in all material aspects, the gross income and direct operating expenses (as described in Note 2), of the Property for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

SAN TOMAS TECHNOLOGY PARK  
NOTES TO THE HISTORICAL SUMMARY OF GROSS INCOME AND DIRECT OPERATING EXPENSES  
(Dollars in thousands)

1. PROPERTY DESCRIPTION

The accompanying Historical Summary of Gross Income and Direct Operating Expenses (the "Statement") include the operations of the San Tomas Technology Park (the "Property"). On April 9, 2003, the Property was acquired by Mission West Properties, Inc. (the "Company") from an unrelated party for a purchase price of \$110,000 (unaudited). The Property is located in Santa Clara, California, which is in the "Silicon Valley." The Property consists of seven office buildings and aggregates approximately 625,000 net rentable square feet (unaudited).

2. BASIS OF ACCOUNTING

The Statement has been prepared in accordance with Rule 3-14 of Regulation S-X of the Securities and Exchange Commission for real estate properties acquired or to be acquired. Accordingly, this Statement and certain historical expenses are not comparable to the operations of the Property after the acquisition, including but not limited to, corporate expenses, certain owner occupant expenses, interest, amortization, depreciation, and certain other costs not directly related to the future operations of the Property. Also excluded are management fees, which are not applicable in the future operations of the Property, because the Property will be managed by the Company's employees. Management is not aware of any material factors relating to the Property that would cause the reported financial information not to be indicative of future operating results.

3. SIGNIFICANT ACCOUNTING POLICIES

Rental Revenue Recognition:

Rental revenue is recognized on the straight-line method of accounting required by accounting principles generally accepted in the United States

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 8-K/A

of America ("GAAP") under which contractual rent payment increases are recognized evenly over the lease term. The excess of recognized rental revenue over rental cash receipts is recorded as deferred rent. The impact of the straight-line rent adjustment increased revenue by approximately \$142 and \$596 for the three months ended March 31, 2003 (unaudited) and for the year ended December 31, 2002, respectively. Certain lease agreements contain terms that provide for additional rents based on reimbursement of certain costs. These additional rents are reflected on the accrual basis. All rental revenue applicable to each tenant was recognized under the straight-line method of accounting with the exception of two tenants who terminated their lease early, which were recognized on a cash basis (see Subsequent Event under Note 5).

### Unaudited Interim Information:

The Statement for the three months ended March 31, 2003 is unaudited. In the opinion of management, all adjustments necessary for a fair presentation of such Statement (in accordance with the Basis of Accounting as described in Note 2) have been included. The results of operations are not necessarily indicative of the Property's future results of operations.

### Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make certain estimates, judgments and assumptions that affect the reported amounts of revenues and expenses during the reported period. Actual results may differ from those estimates under different assumptions or conditions.

#### 4. FUTURE MINIMUM RENTS

The office buildings on the Property are leased to a total of four tenants representing 90% of the rentable square footage as of April 9, 2003. All of the leases are triple net operating leases with initial terms extending to the year 2010. Excluding the lease to Auspex Systems, Inc, ("Auspex") (see Note 5), total minimum annual lease payments due on a cash basis under the other non-cancelable operating leases in effect as of April 9, 2003 (unaudited), excluding tenant reimbursements of expenses, for the remainder of 2003 and annually thereafter are as follows:

- 5 -

2003	(4/9/03 - 12/31/03)	\$ 7,272
2004		10,338
2005		9,825
2006		9,614
2007		9,738
2008		5,837
Thereafter		3,081
		-----
Total		\$55,705
		=====

#### 5. SUBSEQUENT EVENT

In April 2003, prior to the Company's acquisition of the San Tomas Technology Park, Turnstone Systems, Inc. ("Turnstone") terminated its lease agreement with the previous owner. The cash rent received from Turnstone for the year ended December 31, 2002 and for the three months ended March

Edgar Filing: MISSION WEST PROPERTIES INC - Form 8-K/A

31, 2003 is \$3,832 and \$974, respectively. The future minimum rents in Note 4 above do not include rent from that lease.

On April 22, 2003, Auspex, which leases approximately 98,000 rentable square feet at the San Tomas Technology Park, filed a petition under Chapter 11 of the Bankruptcy Code. Under the bankruptcy laws, this tenant may have the right to reject its lease for these premises and the Company's claim for rent will be limited to the greater of one year or 15% of the total amount owing under the lease upon default, but not to exceed three years of the remaining term of the lease following the earlier of the petition filing date or the date on which the Company gains repossession of the property, as well as any rent that was unpaid on the earlier of those dates. Prior to the bankruptcy filing, all amounts due to the Company from Auspex were current (unaudited). Auspex is in the process of selling its assets, and management believes that Auspex will reject its lease obligation following the sale of its assets, which should take place in the next 30-90 days. The cash rent received from Auspex for the year ended December 31, 2002 and for the three months ended March 31, 2003 is \$1,580 and \$399, respectively. Excluding the Auspex lease, the occupancy rate for the Property at April 9, 2003 would have been 74%. The future minimum rents in Note 4 above do not include rent from that lease.
