#### Explanatory Note

The sole purpose of this revision to the original Definitive Proxy Statement filed July 25, 2013 is to correct a clerical error on page 21 of the proxy statement. The table referencing vesting eligibility for the restricted stock awards (Group B awards) inadvertently contained the EPS targets and applicable vesting percentages for the restricted stock awards (Group A awards) instead of the Trailing 4 quarter EPS targets and applicable vesting percentages for the Group B awards. Other than the corrections to this table, there are no other revisions or amendments to any other parts of the Definitive Proxy Statement as previously filed. This clerical error occurred only in the EDGAR-filed version of the proxy statement and not in the copies of the proxy statement that were mailed to the Company's shareholders.

July 25, 2013

To the Shareholders of World Acceptance Corporation:

In connection with the Annual Meeting of Shareholders of your Company to be held on August 29, 2013, enclosed is a Notice of the Meeting, a Proxy Statement containing information about the matters to be considered at the Meeting, and a form of proxy relating to those matters.

Also enclosed is the Company's 2013 Annual Report, which provides information relating to the Company's activities and operating performance during the most recent fiscal year.

You are cordially invited to attend the Annual Meeting of Shareholders. Please sign and return the form of proxy so that your shares can be voted in the event that you are unable to attend the Meeting. A postage-paid return envelope for that purpose is provided for your convenience. Your proxy will, of course, be returned to you if you are present at the Meeting and elect to vote in person. It may also be revoked in the manner set forth in the Proxy Statement. The Board of Directors and Management look forward to seeing you at the Annual Meeting.

Sincerely yours,

A.A. McLean III  
Chairman of the Board and Chief Executive Officer

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

---

To Shareholders:

Notice is hereby given that the Annual Meeting of Shareholders of World Acceptance Corporation will be held at the Company's main office at 108 Frederick Street, Greenville, South Carolina, on Thursday, August 29, 2013, at 11:00 a.m., local time, for the following purposes:

1. To elect seven (7) directors to hold office until the next annual meeting of shareholders or until their successors have been duly elected and qualified; and
2. To consider and act upon a proposal to ratify the action of the Audit and Compliance Committee in selecting KPMG LLP as the independent registered public accounting firm to audit the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending March 31, 2014; and
3. To consider and act upon an advisory resolution to approve the compensation of the named executive officers, as disclosed in the Proxy Statement; and
4. To transact such other business as may properly come before the Meeting or any adjournment or adjournments thereof.

The Board of Directors has fixed the close of business on June 21, 2013 as the record date for determination of shareholders entitled to notice of and to vote at the Annual Meeting or any adjournment or adjournments thereof.

The Board of Directors of the Company would appreciate your signing and returning the accompanying form of proxy promptly so that, if you are unable to attend, your shares can nevertheless be voted at the Annual Meeting.

**YOUR VOTE AND PROMPT RESPONSE IS IMPORTANT. TO ASSURE YOUR REPRESENTATION AT THE MEETING, PLEASE SIGN AND MAIL YOUR PROXY PROMPTLY.**

PROXY STATEMENT

---

The following statement (this "Proxy Statement"), first mailed on or about July 25, 2013, is furnished in connection with the solicitation by the Board of Directors (the "Board") of World Acceptance Corporation (the "Company") of proxies to be used at the Annual Meeting of Shareholders of the Company (the "Meeting") to be held on August 29, 2013, at 11:00 a.m., local time, at the Company's main office at 108 Frederick Street, Greenville, South Carolina, and at any adjournment or adjournments thereof.

A copy of the Company's 2013 Annual Report is provided with this Proxy Statement. These documents are also available for review on the Internet at <http://www.irinfo.com/wrld/WRLD2013.html>.

The accompanying form of proxy is for use at the Meeting if a shareholder is unable to attend in person or plans to attend but prefers to vote by proxy. The proxy may be revoked by the shareholder at any time before it is exercised by submitting to the Secretary of the Company written notice of revocation, or a properly executed proxy of a later date, or by attending the Meeting and electing to vote in person. All shares represented by valid proxies received pursuant to this solicitation, and not revoked before they are exercised, will be voted in the manner specified therein. If no specification is made, such proxies will be voted in favor of:

1. The election to the Board of the seven (7) nominees named in this Proxy Statement; and

The ratification of the Audit and Compliance Committee's selection of KPMG LLP as the independent registered public accounting firm to audit the consolidated financial statements of the Company and its subsidiaries for the fiscal year ending March 31, 2014; and

3. The approval of the advisory resolution on the compensation of the Company's named executive officers as described in this Proxy Statement.

The entire cost of soliciting these proxies will be borne by the Company. In addition to the solicitation of the proxies by mail, the Company will request banks, brokers, and other record holders to send proxies and proxy materials to the beneficial owners of the Company's common stock, no par value (the "Common Stock"), and secure the beneficial owners' voting instructions, if necessary. The Company will reimburse them for their reasonable expenses in so doing. If necessary, the Company may use several of its regular employees, who will not be specially compensated, to solicit proxies from shareholders, either personally or by other forms of communication.

Pursuant to the provisions of the South Carolina Business Corporation Act, the Board of Directors has fixed June 21, 2013 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting and, accordingly, only holders of record of outstanding shares (the "Shares") of the Common Stock at the close of business on that date will be entitled to notice of and to vote at the Meeting.

The number of outstanding Shares entitled to vote as of the record date was 11,775,577 Each Share is entitled to one vote. In accordance with South Carolina law and the Company's bylaws, a majority of the outstanding shares entitled to vote, represented in person or by proxy, will constitute a quorum for purposes of the meeting and action on the proposals described in the accompanying Notice of Meeting and this Proxy Statement. Abstentions and broker non-votes (if any) will be counted for purposes of determining the presence or absence of a quorum.

With regard to the election of directors, votes may either be cast in favor of or withheld, and directors will be elected by a plurality of the votes cast. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the election of directors. Selection of the independent registered public accounting firm will be ratified if more votes are cast in favor of such proposal than are cast against it. The advisory vote on the Company's executive compensation is not binding on the Company. However, the resolution regarding the Company's executive compensation will be deemed approved on an advisory basis if more votes are cast in favor of the proposal than against it. Accordingly, abstention will have no effect on the outcome of the vote on this proposal. Broker non-votes (if any), will not be counted as votes cast and will have no effect on the outcome of the vote on any proposals. Cumulative voting is not permitted under the Company's articles of incorporation.

On June 21, 2013, the only class of voting securities the Company had issued and outstanding was its Common Stock. The following table sets forth the names and addresses of, and the numbers and percentages of Shares beneficially owned by, persons known to the Company to beneficially own five percent or more of the outstanding Shares as of June 21, 2013. Except as noted otherwise, each shareholder listed below possesses sole voting and investment (dispositive) power with respect to the Shares listed opposite the shareholder's name.

Ownership of Shares by Certain Beneficial Owners<sup>(1)</sup>

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class
Thomas W. Smith (2) Scott J. Vassalluzzo Prescott General Partners LLC Prescott Associates L.P. 2220 Butts Road, Suite 320 Boca Raton, Florida 33431	1,616,924	13.7%
Columbia Wanger Asset Management, LLC et al. (3) 227 West Monroe Street, Suite 3000 Chicago, Illinois 60606	1,806,500	15.3%
BlackRock, Inc. (4) 40 East 52 <sup>nd</sup> Street New York, New York 10022	904,285	7.7%
The Vanguard Group (5) 100 Vanguard Boulevard Malvern, Pennsylvania 19355	1,196,418	10.2%
FMR LLC(6) 82 Devonshire Street Boston, Massachusetts 02109	1,290,280	11%

Although the amounts of shares beneficially owned and other information in the table is derived from sources (1) described in the footnotes below, the percent of class information is derived by calculating the reported amounts as a percent of the 11,775,577 shares outstanding as of June 21, 2013.

(2)Based on an amended Schedule 13D/A filed on May 10, 2013.

## PROPOSAL I - ELECTION OF DIRECTORS

---

The Company's bylaws provide for seven directors. The Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee (the "Nominating Committee"), has nominated the following director candidates for whom individual biographies are presented below. It is intended that the persons named in the accompanying proxy will vote only for the seven nominees for director named on the following pages, except to the extent authority to so vote is withheld with respect to one or more nominees. Each director will be elected to serve until the next annual meeting of shareholders or until a successor is elected and qualified. Directors will be elected by a plurality of the votes cast.

Although the Board does not expect that any of the nominees named will be unavailable for election, in the event of a vacancy in the slate of nominees occasioned by death or any other unexpected occurrence, it is intended that Shares represented by proxies in the accompanying form will be voted for the election of a substitute nominee selected by the Nominating Committee.

The Board of Directors held five meetings during fiscal 2013 and once thus far in fiscal 2014. In addition, the Board of Directors took a number of actions by written consent during fiscal 2013. Each director attended all meetings of the Board of Directors and all meetings of each committee on which he served. The Board typically schedules a meeting in conjunction with the Company's annual meeting of shareholders and expects that all directors will attend this year's annual meeting absent a schedule conflict or other valid reason. All of the directors attended the Company's 2012 Annual Meeting.

### Director Qualifications and Experience

Below are the key experience, qualifications, and skills that the Company believes are important to be reflected in the Board's composition. The individual directors' experiences, qualifications and skills (including one or more of the key attributes described below) that the Board considered in their re-nomination are included in their individual biographies.

**Leadership experience.** Directors with experience in significant leadership positions over an extended period, especially CEO or other C-level positions, provide the Company with special insights. These people generally possess strong leadership qualities and the ability to identify and develop those qualities in others. They also demonstrate practical understanding of organizations, processes, strategy, risk management and the methods to drive change and growth.

**Finance experience.** An understanding of finance and financial reporting processes is important. The Company measures its operating and strategic performances primarily by reference to financial targets. In addition, accurate financial reporting and robust auditing are critical to the Company's success. The Nominating Committee seeks to have a number of directors who qualify as Audit and Compliance Committee financial experts, as well as an entire Board composed of financially literate directors.

**Risk management oversight experience.** The Nominating Committee believes risk management oversight is critical to the Board's role in overseeing the risks facing the Company.

**Corporate governance experience.** The Nominating Committee believes directors with corporate governance experience support the goals of a strong Board and management accountability, transparency and promotion of shareholders interests.

**Legal experience.** The Nominating Committee believes legal experience is valuable to the Board's oversight of the Company's legal and regulatory compliance.

**General business experience.** The Nominating Committee believes general business experience, as well as practical experience, is valuable to an understanding of the Company's business goals and strategies and helps to ensure the well-roundedness of the Board.

Each Director nominee served on the Board of Directors during the Company's last fiscal year. Below is information regarding the background and qualifications of the nominees for election to the Board of Directors. None of the

following nominees or current directors is related (as first cousin or closer) by blood, marriage, or adoption to any other nominee, director, or person who may be deemed to be an executive officer of the Company.

#### Board Leadership

The Board of Directors is committed to the highest standards of corporate governance. The Board of Directors has determined that it is in the best interest of the Company and its shareholders for both the positions of Chairman and Chief Executive Officer to be held by A. Alexander McLean, III at this time. If circumstances change in the future, the Board may determine that these positions should be separate. The Company’s corporate governance policy allows the Board to evaluate regularly whether the Company is best served at any particular time by having the Chief Executive Officer or another director hold the position of Chairman. The Board of Directors believes that Mr. McLean is best

situated to serve as the Chairman because his extensive experience with and knowledge of the Company and industry, gained through more than 20 years of service with the Company (including in his roles as Chief Financial Officer and most recently as the Chief Executive Officer), best position and enable him to lead the Board in setting the strategic focus and objectives of the Company and identifying and overseeing the primary risks and challenges to achieving the Company's objectives. In addition, he has presided over the Company during several years of strong growth and profitability. The Board also believes that the role of its lead independent director, currently filled by Mr. Bramlett, who presides over executive sessions of the Company's independent directors, provides effective leadership and guidance to the Company's independent directors in exercising appropriate oversight and accountability of management.

### Board Risk Oversight

The Board of Directors is responsible for overseeing the Company's risk profile and management's processes for assessing and managing risk. The Board oversees risks both as a full Board and through its committees. Certain important categories of risk are assigned to designated Board committees (which are comprised solely of independent directors), which report back to the full Board. In general,

- the full Board oversees risks involving the capital structure of the enterprise, including borrowing, liquidity, allocation of capital and major capital transactions and expenditures, and the strength of the finance function; and
- the Audit and Compliance Committee oversees risks related to financial controls and internal audit, legal, regulatory and compliance risks, and the overall risk management governance structure and risk management function; and
- the Compensation Committee oversees the compensation programs so that they do not incentivize excessive risk-taking.

In performing their oversight responsibilities, the Board and its committees review policies and guidelines that senior management uses to manage the Company's exposure to material categories of risk. In addition, the Board and its committees review the performance and functioning of the Company's overall risk management function and senior management's establishment of appropriate systems for managing legislative and regulatory risk, credit/counterparty risk, market risk, interest rate risk and asset/liability matching risk, insurance risk, liquidity risk, operational risk and reputational risk.

During fiscal 2013, the full Board received communications on the most important strategic issues and risks facing the Company. In addition, the Board and its committees receive regular reports from the Company's Chief Executive Officer or other senior managers regarding compliance with applicable risk-related policies, procedures and limits.

The Board believes that this leadership structure appropriately supports the risk oversight function. As indicated above, certain important categories of risk are assigned to committees that review, evaluate and receive management reports on risk.

The Compensation Committee monitors the risks associated with the Company's executive compensation program, as well as the components of the program and individual compensation decisions, on an ongoing basis. As part of its assessment, the Compensation Committee discusses the following:

- whether the current compensation program is achieving the short-term and long-term objectives that the Compensation Committee intended to achieve;
- whether there are or have been unintended consequences associated with the Company's Executive compensation program;
- whether the components of the compensation program encourage or mitigate excessive risk-taking;
- whether the Company's general risk management controls serve to preclude decision-makers from taking excessive risk in order to achieve incentives; and
- whether the balance between short-term and long-term incentives is appropriate to retain highly qualified individuals.

### Director Independence

The Board of Directors has determined that a majority of its current members, specifically, Mr. James R. Gilreath, Mr. William S. Hummers, III, Mr. Charles D. Way, Mr. Ken R. Bramlett, Jr., Mr. Vassalluzzo and Mr. Darrell E.

Whitaker, are independent within the meaning of the independence requirements of NASDAQ. Mr. A. Alexander McLean III, Chairman and Chief Executive Officer, does not meet the independence requirements of NASDAQ.

### Executive Sessions of Independent Directors

Independent Directors meet without management present at regularly scheduled executive sessions. These sessions are held after each regularly scheduled board of directors meeting and are presided over by a lead independent director elected by the independent directors. Mr. Bramlett has been elected as the lead independent director and has served in this role since fiscal 2010.

#### Compensation and Stock Option Committee

The Board also maintains a Compensation and Stock Option Committee on which Messrs. Bramlett (Chairman), Hummers, Vassalluzzo and Way serve. This Committee establishes and reviews the compensation criteria and policies of the Company, reviews the performance of selected officers of the Company and recommends appropriate compensation levels to the Board of Directors. Additionally, this Committee administers the Company's 2002, 2005, 2008 and 2011 Stock Option Plans. The Board has determined, in accordance with NASDAQ independence requirements, that each member of the Compensation and Stock Option Committee is an independent director. The Compensation and Stock Option Committee met four times during the most recent fiscal year and one time thus far in fiscal 2014 prior to the filing of this Proxy Statement. Additional information regarding the Compensation and Stock Option Committee is set forth below under "Executive Compensation – Compensation Discussion and Analysis."

#### Nominating and Corporate Governance Committee

The Board also maintains a Nominating and Corporate Governance Committee on which Messrs. Gilreath (Chairman), Hummers, Whitaker and Vassalluzzo serve. This Committee makes recommendations to the Board regarding composition and organization of the Board, nominations for director and senior executive candidates, and membership of Board Committees and reviews issues with respect to the structure of Board meetings. This Committee meets at the discretion of the Board or at the call of any two directors. The Board has determined, in accordance with NASDAQ independence requirements, that each member of the Nominating and Corporate Governance Committee is an independent director. This Committee met once in fiscal 2013 and once thus far in fiscal 2014 prior to the filing of this Proxy Statement. For additional information regarding the Nominating and Corporate Governance Committee, see "Corporate Governance Matters – Director Nominations."

#### Audit and Compliance Committee

The Board of Directors maintains an Audit and Compliance Committee on which Messrs. Way (Chairman), Bramlett, and Whitaker serve. The Audit and Compliance Committee reviews the results and scope of each audit, the service provided by the Company's independent registered public accounting firm and all related-party transactions. The Board has determined, in accordance with NASDAQ independence requirements, that each member of the Audit and Compliance Committee is an independent director. In addition, the Board has determined that each member of the Audit and Compliance Committee meets the heightened standards of independence for audit and compliance committee members under the Securities Exchange Act of 1934. The Audit and Compliance Committee met five times during fiscal 2013 and four times in fiscal 2014 prior to the filing of this Proxy Statement. This included quarterly conference call meetings with management and the Company's independent auditors to review interim financial information prior to its public release. Additional information regarding the Audit and Compliance Committee is set forth below under "Proposal II – Ratification of Appointment of Independent Registered Public Accountants."

The Company's Audit and Compliance Committee, consistent with its established practice, reviews and considers any "related person" transactions, within the meaning of Item 404(a) of Regulation S-K under the Securities Act of 1933, as well as any matters regarding the Company's outside directors, that the Audit and Compliance Committee believes may present a conflict of interest or potentially impair the independence of one or more of the Company's outside directors. The Audit and Compliance Committee typically conducts this review in conjunction with the preparation of materials for the Company's annual meeting of shareholders, or on any such other occasion when such transactions are brought to the attention of the Audit and Compliance Committee, and applies its own judgment, in conjunction with Securities and Exchange Commission ("SEC") disclosure and NASDAQ independence rules, in assessing such transactions and determining the impact of such transactions on the independence of an outside director.

#### Audit and Compliance Committee Financial Experts

The Board of Directors has determined that each current member of the Audit and Compliance Committee, Mr. Way, Mr. Bramlett and Mr. Whitaker, is an "audit and compliance committee financial expert" as defined in Item 407(d)(5) of Regulation S-K. Each of these three directors is also "independent" as that term is defined in accordance with the independence requirements of NASDAQ.

## CORPORATE GOVERNANCE MATTERS

## Corporate Governance Policy and Committee Charters

In furtherance of its goal of providing effective governance of the Company’s business and affairs for the benefit of shareholders, the Board of Directors of the Company has adopted a corporate governance policy. Copies of the governance policy and the committee charters for the Company’s Audit and Compliance Committee, Compensation and Stock Option Committee and Nominating and Corporate Governance Committee are available on the Company’s website, at [www.worldacceptance.com](http://www.worldacceptance.com), as well as by mail to any shareholder who requests a copy by writing to the Company’s Corporate Secretary at P.O. Box 6429, Greenville, SC 29606.

## Shareholder Communications with Directors

Any shareholder who wishes to communicate with the Board of Directors, or one or more individual directors, may do so by writing to this address:

World Acceptance Corporation

Board Administration

c/o Corporate Secretary

P. O. Box 6429

Greenville, South Carolina 29606

Your letter should indicate that you are a shareholder. Depending on the subject matter, management will:

- Forward the communication to the director or directors to whom it is addressed;
- Attempt to address the communication directly, for example, where it is a request for information about the Company or a stock-related matter; or
- Not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic.

At each meeting of the Board, a member of management will present a summary of all communications received since the last meeting that were not forwarded. Those communications are available to the directors on request.

#### Director Nominations

The Board of Directors is responsible for nominating members of the Board and for filling vacancies on the Board that may exist between annual meetings of shareholders, except to the extent that the Company's bylaws or applicable South Carolina law require otherwise. The Board of Directors has delegated the screening process for director nominees to the Nominating and Corporate Governance Committee (the "Nominating Committee"). Nominating Committee consists of four "independent" directors, as determined by the Board in accordance with applicable NASDAQ standards.

The Company's corporate governance policy outlines certain general criteria for Board membership. These criteria reflect the Board's belief that all directors should have the highest personal and professional integrity and, as a general rule, should be persons who have demonstrated exceptional ability, diligence and judgment. In addition, the policy requires that at least a majority of the Board consist of independent directors. The Nominating Committee, in fulfilling its responsibility to the Board, has determined that, in addition to having expertise that may be useful to the Company, directors, as a group, should meet the following specific criteria: leadership experience, finance experience, risk management experience, corporate governance experience, legal experience and general business experience. Directors should also be willing and able to devote the required amount of time to Company business.

The Nominating Committee's process for recommending nominees begins with a preliminary assessment of each candidate based on the individual's resume and biographical information, willingness to serve and other background information. This information is evaluated against the criteria stated above and the specific needs of the Company at that time. After these preliminary assessments, the candidates who appear best suited to meet the Company's needs may be invited to participate in a series of interviews to continue the evaluative process. Incumbent directors, however, generally are not required to interview again. On the basis of the information learned during this process, the Nominating Committee determines which nominees to recommend to the Board for nomination.

When seeking new director candidates, the Nominating Committee may solicit suggestions from incumbent directors, management or others. Consistent with the Company's corporate governance policy, the Nominating Committee will also consider nominating candidates recommended by shareholders on a case-by-case basis. In order for shareholders to nominate a director candidate for inclusion in the Company's proxy statement and proxy appointment form for consideration at the annual meeting, such nominations must be made in writing and received by the Company at its executive offices not later than, in the case of nominees to be considered for election at the 2014 Annual Meeting of Shareholders, February 21, 2014 (which is the business day closest to, but not less than, 120 days prior to the anniversary of this Proxy Statement). Any nomination should be sent to the attention of the Company Secretary and must include, concerning the director nominee, the following information: full name, age, date of birth, educational background and business experience, including positions held for at least the preceding five years. The nomination must also include the nominee's home and business addresses and telephone numbers and include a signed representation by the nominee to timely provide all information requested by the Company as part of its disclosure in regard to the solicitation of proxies for the election of directors. The name of each such candidate for director must be placed in nomination at the Annual Meeting by a shareholder present in person. The nominee must also be present in person at the meeting.

When considering candidates for director, the Nominating Committee takes into account a number of factors in addition to those factors discussed above that the Company considers important qualifications for Board service.

These other factors include whether the candidate is independent from management and the Company, whether the candidate has relevant business experience, the composition of the existing Board, and the candidate's existing commitments to other businesses. Although the Nominating Committee does not have a formal policy regarding Board diversity, the Nominating Committee takes into account matters of diversity (with emphasis on diversity in professional experience and industry background) in considering candidates for the Board.

The Company's Nominating Committee does not currently use the services of any third party search firm to assist in identifying or evaluating board candidates. However, the Committee may engage a third party to provide these services in the future, as it deems appropriate at the time.

#### Code of Business Conduct and Ethics

The Company has adopted a written Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all directors, employees and officers of the Company (including the Company's Chief Executive Officer (principal executive officer) and Senior Vice President and Chief Financial Officer (principal financial and accounting officer)). The Code of Ethics has been incorporated by reference as an exhibit to the Company's Annual Report on Form 10-K for the year ended March 31, 2013. A copy of the Code of Ethics is also available on the Company's website at [www.worldacceptance.com](http://www.worldacceptance.com), and to any shareholder who requests a copy by writing to the Company's Corporate Secretary at P.O. Box 6429, Greenville, South Carolina 29606.

#### Executive Officer Changes

There were no changes to the Company's executive officers during fiscal 2013.

#### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10 percent of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Executive officers, directors, and greater-than-10-percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, all of the Company's executive officers, directors, and greater-than-10-percent beneficial owners have complied with such reporting requirements during the fiscal year ended March 31, 2013.

#### CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During fiscal 2013, there were no transactions that were deemed to be related party transactions.

#### EXECUTIVE COMPENSATION

##### Compensation Discussion and Analysis

The Company provides its shareholders with the opportunity to cast an annual advisory vote, commonly known as a "say-on-pay proposal," on the compensation of the executive officers named in the Summary Compensation Table of the annual proxy statement (referred to as the "Named Executive Officers" or "NEOs"). Shareholders holding over 90% of the Shares represented at our 2012 Annual Meeting of Shareholders voted in favor of this say-on-pay proposal. The Compensation and Stock Option Committee ("Compensation Committee") believes this vote affirms that a majority of our shareholders support the Company's approach to executive compensation, and accordingly the Compensation Committee did not make substantial changes to its approach in fiscal 2013, except for an equity grant to certain officers of the Company.

## Fiscal 2013 Performance Overview

The Board and the Compensation Committee believe the compensation paid or awarded to the Named Executive Officers for fiscal 2013 was reasonable and appropriate. In fiscal 2013:

- the Company achieved record earnings per diluted share of \$7.88, an increase of 19.6% over fiscal 2012;
- gross loans outstanding increased by 9.7% over the prior fiscal year;
- total G&A expenses as a percentage of revenues remained consistent at 48.7% and 47.9% in fiscal 2013 and 2012, respectively; and
- net charge-offs as a percent of average net loans declined to 13.9% from 14.0% in fiscal 2012.

As a result of this performance, the Company exceeded the maximum level of performance on one of its four key corporate-level performance measures and achieved the target level of performance on two such measures, resulting in bonus payments under the executive incentive plan that averaged 74% and 71% of base salary for all NEOs for fiscal 2013 and 2012, respectively; and the Compensation Committee awarded future compensation opportunities that are substantially dependent on future performance.

For these reasons, in addition to those discussed below in this “Executive Compensation” section, the Compensation Committee and Board of Directors believe that the compensation of the Company’s Named Executive Officers as disclosed in this Proxy Statement is fair and reasonable, and unanimously recommend that the Company’s shareholders vote in favor of Proposal III, as described below in more detail, to approve, on an advisory basis, the compensation of the Company’s Named Executive Officers as reported in this Proxy Statement.

## Process Overview

The Compensation Committee is appointed by the Board to discharge the Board’s responsibilities relating (1) to compensation of the Company’s directors and officers and (2) to the granting of stock options and restricted stock under the Company’s stock option plans or other equity compensation plans. The Compensation Committee has overall responsibility for approving and evaluating the director and officer compensation plans, compensation policies and programs of the Company and for formulating, revising and administering the Company’s stock option plans or other equity compensation plans.

During fiscal 2013, the Compensation Committee reviewed and approved the annual compensation for the five Named Executive Officers: Chief Executive Officer (“CEO”); Senior Vice President and Chief Financial Officer (“CFO”); President and Chief Operating Officer (“COO”); Senior Vice President – Southern Division; and Senior Vice President – Mexico. In addition, the Compensation Committee reviewed and approved the annual compensation for the two executive officers who are not NEOs, the non-executive officers who report directly to the CEO, the Vice President of Compliance and Vice President of Internal Audit who report directly to the Board of Directors. All grants of stock options and restricted stock were approved by the Compensation Committee.

## Role of Executives in Establishing Compensation

The Company’s CEO plays a role in the assessment and recommendation of compensation award decisions for his direct reports, including the assessment and recommendation of compensation for the Company’s CFO and COO. He provides information to the Compensation Committee regarding compensation matters and, in such instances, helps set the agenda for compensation discussions.

The Company's CEO is typically invited to attend general sessions of the Compensation Committee, and, depending upon the topic to be discussed, may be invited to attend executive sessions of the Compensation Committee. The Compensation Committee believes that the CEO's insight into particular compensation matters is an important factor when discussing and making such decisions regarding such matters. The Compensation Committee typically asks the CEO for his recommendations on compensation matters, for all of the Company's executive officers and typically makes annual changes effective on June 1 of each year. The CEO is not present during Compensation Committee discussions concerning his own compensation, and does not play a role in recommendations regarding his own compensation; however during fiscal years 2011 and 2012 he recommended that he receive no base salary increase. The CEO does not play a role in recommendations regarding the compensation of the Company's directors. Other members of management attend meetings and executive sessions upon invitation by the Compensation Committee if and when the Compensation Committee believes their advice and input regarding specific matters before the Compensation Committee would be useful and appropriate.

#### Compensation Committee Activity

The Compensation Committee meets as often as it determines necessary to carry out its duties and responsibilities. This includes regularly scheduled meetings and, if necessary, special meetings. The regular meeting schedule is established in consultation with management. The Compensation Committee members review and approve the minutes of each meeting. Any special meetings of the Compensation Committee are initiated by the Committee Chairman or at management's request. Generally, the agenda for each meeting includes regular administrative items to be considered by the Compensation Committee and any specific topics the Chairman or any other Compensation Committee member may want to discuss. The Compensation Committee from time to time seeks input from the CEO in setting the agenda. Members of management provide information to the Compensation Committee that management believes will be helpful to the Compensation Committee in discussing agenda topics. Management also provides materials that the Compensation Committee specifically requests.

The Compensation Committee met four times in fiscal 2013 and once in fiscal 2014 prior to the filing of this Proxy Statement. The authority and responsibilities of the Compensation Committee are set forth in more detail in the Compensation Committee's charter, which is available on the Company's website, at [www.worldacceptance.com](http://www.worldacceptance.com).

#### Objectives of the Compensation Program

The Board of Directors and the Compensation Committee believe that earnings per share ("EPS") is the most important indicator of shareholder value. Therefore, the Compensation Committee has determined pre-established goals related to (1) increases in EPS, (2) growth in loans receivable, (3) expense control, and (4) charge-off control. The Compensation Committee selected these goals to motivate and reward the maximization of shareholder value based on its belief that earnings per share is the most direct measure of shareholder value and that growth in loans receivable, combined with expense control and charge-off control, are the three most significant determinants of earnings per share. The Compensation Committee believes EPS as measure of performance is important to shareholders because it allows shareholders to compare the returns we earn by investing capital in our core business with the return they could expect if we returned capital to shareholders and they invested in other securities.

As a result, the annual bonus plan has EPS growth as a primary target. In addition, performance-based equity awards are also based on EPS targets.

The Compensation Committee believes that the equity grants to certain officers appropriately align his/her compensation with the interests of shareholders as a result of the following:

- The financial rewards will only be received if EPS increases over time;
- The amount of compensation received will be proportionate to the amount of shareholder wealth created as measured by EPS growth; and
- The equity award is long-term, which will appropriately align the employee with long-term shareholders

#### What the Company's Compensation Program is Designed to Reward

The Company's compensation program is designed to create a collegial atmosphere that encourages executives to cooperate toward the achievement of short-term and long-term goals that benefit the Company and shareholders as a whole, while at the same time rewarding each executive's and other employee's individual contribution to the Company. The Compensation Committee has established a compensation package consisting of base salary, short-term incentive compensation in the form of an annual cash bonus (the "Executive Incentive Plan"), and long-term incentive compensation in the form of an equity grant (the "Long-Term Incentive Plan").

The Compensation Committee believes that a meaningful portion of the NEOs' total compensation should be in the form of a long-term incentive and uses equity grants under the Long-Term Incentive Plan for this purpose. The Compensation Committee also believes that these equity grants serve the useful purposes of fostering an ownership mentality in executives and fairly linking the value of a significant component of executive compensation to the value created for the Company's shareholders. The same key components and compensation philosophy, at differing amounts, are applied to other selected key employees at differing levels within the Company.

The Compensation Committee believes it is appropriate that an executive officer's overall targeted compensation package be at or around the median of the market for a comparable position. This results in the package remaining competitive enough to attract and retain top talent while not over-rewarding average performance. Compensation opportunities for exceptional business performance are higher, as the Company is willing to pay above the industry median to motivate, reward and retain performers who significantly exceed the Company and individual goals. Stock price performance is typically not a significant factor in determining annual compensation because the price of the Company's stock is subject to a variety of factors outside of management's control, such as historically low float, high volatility in the stock price, and trading volumes.

#### Stock Ownership/Retention Guidelines

Currently, the Company does not maintain stock ownership guidelines and does not have a stock retention policy applicable to its executive officers, and is not considering any such guidelines or policy at this time.

#### Clawback Policies

The Company presently has no formal policies and/or provisions with respect to the adjustment or recovery of awards or payments if the relative performance measures upon which they are based are restated or otherwise adjusted in a manner that would have reduced the size of an award or payment. However, the Compensation Committee has discussed the advisability of the implementation of such policies in light of evolving legislative developments and governance practices. Section 304 of the Sarbanes-Oxley Act of 2002 already mandates the recovery of certain compensation from the Company's Chief Executive Officer and Chief Financial Officer in the event the Company is required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws as a result of misconduct. In addition, the Dodd-Frank Wall Street Reform and Consumer Protection Act requires the SEC to implement, through rulemaking that has not yet been adopted, compensation clawbacks under broader terms. The Compensation Committee intends to monitor these developments in the consideration and design of any future clawback policy it may implement. In addition, the Company has attempted to anticipate the potential impact of a future clawback policy on awards granted under its 2011 Stock Option Plan by requiring recipients of awards under this plan to acknowledge that all such awards under the plan will be subject to any future clawback policy the Company may adopt in response to the Dodd-Frank mandate or otherwise.

#### Compensation Benchmarking

During fiscal 2010 and fiscal 2011 the Compensation Committee engaged a consultant to benchmark the Company's compensation levels with a peer group (the peer group companies were: Advance America Cash Advance Centers; Cash America International Inc.; CompuCredit Corp; Credit Acceptance Corp; EZCORP Inc; First Cash Financial Services Inc.; Infinity Property and Casualty Corp; National Interstate Corp; QC Holdings Inc.; RLI Corp; Safety Insurance Group Inc.; and United PanAm Financial Corp.). The Compensation Committee determined it was not necessary to engage a consultant for this purpose for fiscal 2013 due to 1) the detailed reviews performed in the prior years and 2) over 90% approval of the "say-on-pay" proposal vote from shareholders at the August 1, 2012 annual shareholders' meeting.

In carrying out its responsibilities, the Compensation Committee evaluates the information and recommendations put forth by management and its independent advisors in making its decisions regarding executive compensation. The Compensation Committee's decisions are made with the objective of providing fair, equitable and performance-based compensation to executives in a manner that is affordable and cost effective for our shareholders.

#### Elements of Company's Compensation Program

The Company's Compensation Program is comprised of the following: base salary, Executive Incentive Plan, Long-Term Incentive Plan, post-employment compensation, and other perquisites. The Compensation Committee's philosophy is as follows:

- (1) the combination of the NEO's base salary, together with his or her targeted annual bonus and targeted long-term incentive should be at or near the median of the Company's peer group;
- (2) a significant portion of total compensation should be variable and performance-based; and
- (3) each NEO should have an opportunity to earn above the median for exceptional performance.

#### Base Salary

##### Compensation Committee's Philosophy

The Compensation Committee assesses base salaries for each position, based on the value of the individual's experience, performance and/or specific skill set, in the ordinary course of business, but generally not less than once each year at or around the time that the annual budget is approved. For the reasons listed above, the Compensation Committee did not use an outside consultant or survey data when determining the fiscal 2013 executive compensation. How the Fiscal 2013 Annual Increases were Determined

When determining the annual base salary increases for fiscal 2013, the Compensation Committee's primary consideration for the NEOs was the continuing strong financial performance of the Company in difficult economic conditions. The Compensation Committee also considered subjective factors when determining its annual base salary review and assessed each individual's experience, his or her performance during the year and his or her specific skill set and experience. In addition, the Compensation Committee took the following individual performance factors into account for base salary increases effective as of June 1, 2012:

A.A. McLean III, Chairman and Chief Executive Officer: Mr. McLean's base salary was increased 3.5% because of his leadership role in the overall performance of the Company. In addition, Mr. McLean abstained from a base pay increase in fiscal 2011 and fiscal 2012.

Mark C. Roland, Chief Operating Officer and Director: Mr. Roland's base salary was increased 4% because of his leadership role in the performance of the Company's operations and his ability to keep the Senior Vice Presidents and their key employees highly motivated and performing at a high level throughout the year.

Kelly M. Malson, Senior Vice President and Chief Financial Officer: Ms. Malson's base salary was increased 5% because of her performance in the implementation of the strategic plan; overall management of financial affairs; management of financial reporting; management of internal controls, interaction with business and investor community; tax compliance; and Board interaction.

James D. Walters, Senior Vice President – Southern Division: Mr. Walters' base salary was increased by 5% because of his leadership role in the performance of the Company's Southern Division's operations.

Francisco Javier Sauza, Senior Vice President – Mexico Division: Mr. Sauza's base salary was increased 5% because of his leadership role in the performance of the Company's Mexico Division's operations.

## Executive Incentive Plan

## Compensation Committee's Philosophy

The Compensation Committee designs the Executive Incentive Plan (annual cash bonus) to be directly consistent with the Company's annual financial performance. This plan allows for a potentially significant annual cash bonus based on the Company's achievement of pre-established annual goals related to (1) increases in earnings per share, (2) growth in loans receivable, (3) expense control, and (4) charge-off control. The Compensation Committee selected these goals to motivate and reward the maximization of shareholder value based on its belief that earnings per share is the most direct measure of shareholder value and that growth in loans receivable, combined with expense control and charge-off control, are the three most significant determinants of earnings per share. For the Senior Vice Presidents of Operations, the Executive Incentive Plan also has a component that is based on the annual financial performance of their respective divisions.

## How the Company Chose Amounts and/or Formulas Used to Determine the Fiscal 2013 Executive Incentive Plan

It is the Compensation Committee's objective to have a substantial portion of each officer's compensation contingent on the Company's performance, as well as upon his or her own level of performance and contribution towards the Company's performance. Executive officers, as well as non-executive officers and other employees, receive bonus compensation in the event certain specified corporate performance measures are achieved.

The Executive Incentive Plan represents the annual cash bonus, which is formula-based and established as an opportunity to earn a certain percentage of base salary based on the extent to which the Company, and in certain cases, the executive and/or that executive's division, achieve particular goals that are established at the beginning of each fiscal year. The particular Company performance goals relate to specified levels of earnings per share, loan growth, general and administrative expenses as a percent of revenue, and net charge-offs as a percentage of average net loans. The Compensation Committee selected the threshold, target, and maximum award percentages for each goal based primarily on historical performance and the fiscal 2013 budget. As an officer's level of responsibility increases, it is the Compensation Committee's intent to have a greater portion of the officer's total compensation be dependent upon the Company's performance rather than on the performance of individual business units. Therefore, Mr. McLean's, Ms. Malson's, and Mr. Roland's Executive Incentive Plan are tied 100% to the Company's performance measures. The Executive Incentive Plan for Mr. Walters and Mr. Souza are split between the same Company performance measures that are used for the CEO, COO and CFO and divisional performance measures for their own operating units. Approximately 74% of the aggregate amount of annual bonuses, which include the Executive Incentive Plan bonuses, earned by Company employees in fiscal 2013 was awarded to employees who are not NEOs.

The following table reflects the range of potential minimum and maximum Executive Incentive Plan awards for each of the NEOs:

	Minimum (1)	% of Salary - Threshold	% of Salary – Target	% of Salary - Maximum	
A.A McLean III	25.0%	50.0%	100.0%	150.0	%(2)
Kelly M. Malson	20.8%	41.7 %	83.3%	125.0	%(2)
Mark C. Roland	22.5%	45.0 %	90.0%	135.0	%(2)
James D. Walters	6.7%	33.3%	66.7%	100.0	%(3)
Francisco J. Souza	33.3%	41.7%	83.3%	125.0	%(4)

(1) The minimum formula amount calculated assumes the Company meets none of its goals.

(2) This NEO is eligible to earn this maximum percentage of his or her base salary upon the achievement of the Company performance measures.

(3) Mr. Walters is eligible to earn a maximum of 40% of his base salary upon the achievement of the Company performance measures and 60% of his base salary upon the achievement of his divisional performance measures.

(4) Mr. Souza is eligible to earn a maximum of 50% of his base salary upon the achievement of the Company performance measures and 75% of his base salary upon the achievement of his divisional performance measures.

The following table reflects the particular Company-level performance targets for fiscal 2013, as well as the Company's actual level of achievement on each of these measures for fiscal 2013:

	Threshold	Target	Maximum	Actual	Target weight as a % of total bonus (CEO, CFO, COO)	Target weight as a % of total bonus (SVP Southern Division)	Target weight as a % of total bonus (SVP Mexico Division)
EPS	\$7.47	\$7.70	\$7.93	\$7.88	40%	16%	16%
Loan Growth	8.5%	10.5%	12.5%	9.7%	30%	12%	12%
G&A expenses (less amortization expense) as a percentage of revenue	49.7%	48.9%	48.1%	48.7%	20%	12%	8%
Net charge-offs	15.0%	14.5%	14.0%	13.9%	10%	N/A (1)	4%
Total EIP – Based on Company Performance Measures as a percent of total bonus					100%	40%	40%

(1) Mr. Walters' divisional net charge-offs are included in his specific divisional performance measures. Therefore, the Company net charge-offs are excluded.

For the divisional operations piece of Mr. Walters' Executive Incentive Plan, he is awarded points based on the division's performance for profit, charge-offs, delinquency, and loan balance growth. Points are awarded based on the performance of the specific states that make up the Southern Division (South Carolina, Georgia, Alabama and Louisiana) based on branch profitability, receivable growth, loan losses and delinquency.

#### Southern Divisional Performance Measures

Long-Term Incentive Plan (Stock Option and Restricted Stock Grants)  
 Compensation Committee's Philosophy

The Compensation Committee intends to use the Long-Term Incentive Plan as a further means of attracting and retaining qualified and highly talented executive officers with a market competitive compensation program that supplements the base salary and Executive Incentive Plan elements with longer-term incentives of stock options or restricted stock. The Compensation Committee also believes that equity-based awards serve the useful purpose of fostering an ownership mentality in executives and aligning the value of a significant component of executive compensation to the value realized by the Company's shareholders. The same key components and compensation philosophy, at differing amounts, are applied to key employees at all levels within the Company.

Option and restricted stock awards under the Long-Term Incentive Plan are usually made in November each year at regularly scheduled Compensation Committee meetings or, as may be needed in the case of new hires, promotions, or inadvertent omissions of employees from the regularly scheduled annual grants, at properly noticed special meetings. Each of the Company's executive officers typically receives annual stock option grants or restricted stock under the Company's stock option plans. All of the Company's full-time employees are eligible for stock option grants through the Company's stock option plans. Approximately 33.1% and 62.4% of the stock options and restricted stock, respectively, granted in fiscal 2013 were granted to employees who are not executive officers. During fiscal 2012 all of the stock options granted were to non-executive officers and approximately 18% of the restricted stock granted was to non-executive officers.

The Company grants all equity-based awards at fair market value as of the date of grant. The value of restricted stock grants and the exercise price for stock option grants are determined by reference to the last quoted price per share on the NASDAQ Stock Market at the close of business on the date of grant.

### How the Company Chose Amounts and/or Formulas to Determine the Fiscal 2013 Long-Term Incentive (Stock Option and Restricted Stock Grants)

The Compensation Committee and the Board of Directors of the Company developed the equity grants in conjunction with the Company's senior management. The grants are designed to align all members of senior management, to be long term in nature, and to be primarily performance based. Sixteen members of senior management and the board are included in these grants. The grants are intended to span a period of five years beginning with fiscal 2013. Approximately 75% of the expense is performance-based. Of that, approximately 14% will vest if the 3-year compounded EPS growth rate is at least 16% and approximately 86% will vest if the 5-year compounded EPS growth is at least 22%. If the 3-year compounded EPS growth is below 12% and the 5-year compounded EPS growth rate is below 14.6%, none of the performance based shares will vest. The estimated annual pre-tax expense associated for these grants is approximately \$3.2 million for fiscal 2013, \$9.1 million for fiscal 2014, \$7.8 million for fiscal 2015, \$6.0 million for fiscal 2016, and \$4.5 million for fiscal 2017. The actual expenses may be different from the estimated expenses due to management's assumptions, including, but not limited to, tax rates, actual timing of when targets are achieved, and forfeiture rates.

#### Option Awards to Named Executive Officers

On December 5, 2012, the Committee approved the following stock option awards under the Company's 2011 Stock Option Plan (the "Plan") to the Company's NEOs.

Participant	Number of Options Granted
A. Alexander McLean	65,000
Mark C. Roland	40,000
Kelly M. Malson	25,000
James D. Walters	20,000
Francisco J. Sauza	20,000

These stock options were granted at an exercise price of \$74.08, the closing price of the Company's common stock on December 7, 2012 as reported on the Nasdaq Global Select Market. These nonstatutory option awards vest and become exercisable at a rate of twenty percent (20%) per year on each of the succeeding five (5) anniversaries of the grant date if the optionee remains in the continuous employment of the Company or any Subsidiary (as defined in the Plan). Any unvested portion of the options terminates immediately upon termination of the optionee's employment with the Company or a Subsidiary for any reason other than death, in which case all remaining unvested options will continue to vest in accordance with the annual vesting schedule until such options are fully vested. The options are subject to accelerated vesting in the event of a "Change in Control" to the extent that the optionee remains in the continuous employment of the Company or its Subsidiary through the consummation of such Change in Control. For this purpose, "Change in Control" is defined consistently with the definition of "Change in Control" in the Plan, except that with respect to the "Change in Control" triggers that apply under specified conditions when a person, corporation, entity or other group acquires of beneficial ownership of more than a specified percentage of the combined voting power of then outstanding voting securities of the Company or Continuing Entity (as defined in the Plan), such triggering percentage has been raised to from 30% to 35% for purposes of these awards.

#### Restricted Stock Awards (Group A Awards) to Named Executive Officers

On December 5, 2012, the Compensation Committee approved the following restricted stock awards under the Plan to the Company's Named Executive Officers:

Participant	Number of Restricted Shares Granted
A. Alexander McLean	16,000
Mark C. Roland	11,000

Kelly M. Malson	6,000
James D. Walters	4,000
Francisco J. Sauza	4,000

The restricted shares shall vest on April 30, 2015 based on the Company's achievement of following performance goals, as certified by the Compensation Committee:

EPS Target	Restricted Shares Eligible for Vesting (Percentage of Award)
\$10.29	100%
\$9.76	67%
\$9.26	33%
Below \$9.26	0%

Restricted Stock Awards (Group B Awards) to Named Executive Officers

During fiscal 2013, the Compensation Committee approved the following restricted stock awards under the Plan to the Company's Named Executive Officers:

Participant	Number of Restricted Shares Granted	Grant Date
A. Alexander McLean	34,000	December 7, 2012
A. Alexander McLean	50,000	February 5, 2013
Mark C. Roland	39,000	December 7, 2012
Mark C. Roland	35,000	February 5, 2103
Kelly M. Malson	40,000	December 7, 2012
James D. Walters	26,000	December 7, 2012
Francisco J. Sauza	26,000	December 7, 2012

The restricted shares are eligible to vest until March 31, 2017. Such restricted shares will vest 25% if the Company achieves the following performance goals, as certified by the Compensation Committee, during any successive trailing four quarters during the measurement period beginning on October 1, 2012 and ending March 31, 2017:

Trailing 4 quarter EPS Target	Restricted Shares Eligible for Vesting (Percentage of Award)
\$13.00	100%
\$14.50	67%
\$16.00	33%
\$18.00	0%

With respect to both the Group A and Group B restricted share awards, such awards terminate immediately upon the termination of the recipient's employment with the Company or any Subsidiary for any reason other than death, in which case the recipient's beneficiary will be entitled to receive the maximum number of shares that would have vested during the performance period assuming that the recipient had remained in the employment of the Company through the end of the performance period. Such restricted shares are also subject to accelerated vesting upon the occurrence of a Change in Control (defined for this purpose in the same manner as described above for the option grants).

### Post-Employment Compensation

The Company has instituted a Supplemental Executive Retirement Plan (“SERP”), which is a non-qualified executive benefit plan in which the Company agrees to pay the participating executive additional benefits in the future, usually at retirement, in return for continued employment by the executive. Based on the CEO’s recommendations, the Compensation Committee approves the key executives who participate in the SERP. The SERP is an unfunded plan, which means there are no specific assets set aside by the Company to fund its obligations under the plan. The executive has no rights under the plan beyond those of a general creditor of the Company. There are currently 14 participants in the SERP, including all 7 executive officers, 2 other senior level officers, 4 retired participants, and the beneficiary of 1 deceased participant. The SERP contracts provide for a retirement benefit of 45% of the participant’s final base salary, multiplied by a “Days of Service Fraction” should the participant elect early retirement, for a period of 15 years. No participant will be granted early retirement until the participant has reached age 57, has been a participant of the plan for at least 8 years, and obtains permission from the Board of Directors. More information regarding the SERP is set forth below under “Executive Compensation – Supplemental Executive Retirement Plan.” In May, 2009, the Company instituted a second SERP to meet particular needs to provide one senior level officer the same type of benefits as the original SERP but for which he would not have been able to meet the requirements due to age. This SERP is also an unfunded plan, with no specific assets set aside by the Company in connection with the plan.

### Employee Benefits and Perquisites:

In order to attract and retain top caliber executives and to pay them market levels of compensation, the Company provides NEOs and certain other employees the following benefits and perquisites:

- **Medical Insurance.** The Company makes available to each NEO and the NEO’s spouse and dependents such health and dental insurance coverage as the Company may from time to time make available to its other employees, officers and executives. The Company pays the same portion of the premiums for this insurance as it does for all of its employees.

- **Life and Disability Insurance.** The Company provides each NEO the same long-term disability and life insurance as the Company in its sole discretion may from time to time provide to its other officers and employees.

- **Deferred Compensation.** The Company maintains for its senior and executive officers a Non-Qualified Deferred Compensation Plan. No executive officers currently participate in this plan, and the plan is unfunded.

- **Defined Contribution Plan.** The Company offers to all of its eligible employees, including its NEOs, a retirement plan pursuant to the section 401(k) of the Internal Revenue Code (the “401(k) Plan”), a tax qualified retirement plan. The 401(k) Plan permits eligible employees to defer up to 15% of their annual eligible compensation, subject to certain limitations imposed by the Internal Revenue Code. The employees’ elective deferrals are immediately vested and non-forfeitable in the 401(k) Plan. The Company makes a matching contribution equal to 50% of the employees’ contributions for the first 6% of annual eligible deferred compensation, which vests over a 6-year period.

- **Company Car.** The Company provides each NEO and each of its other officer-level employees the unrestricted use of a Company car at no expense to the officer employee.

- **Company Aircraft.** The Company allows the NEOs and their spouses or family members to fly on the Company aircraft when used concurrently with an official Company function. No other personal use of the Company aircraft is allowed.

- **Other.** The Company makes available certain perquisites or fringe benefits to executive officers and other employees, such as professional society dues, club dues, food, and recreational fees incidental to official Company functions.

### Timing of Compensation Decisions

Executive officer and non-executive officer compensation are typically reviewed early in each fiscal year after a review of the annual financial statements, operating objectives and personal objectives for the prior fiscal year has been completed and as the budget for the coming fiscal year is being finalized.

The Compensation Committee may, however, review salaries or grant stock options or restricted stock at other times as a result of new appointments, promotions or for other reasons during the year. The following table summarizes the approximate timing of the more significant compensation events:

Event	Timing
Set Board and Compensation Committee meeting dates	At least 1 year prior to meeting dates. Board meetings have historically been held in February, May, August and November.  Regularly scheduled Compensation Committee meeting dates historically have been in May and November.
Establish executive and non-executive officer financial and personal objectives	May or June of each fiscal year for the current year.
Review and approve base salary for executive and non-executive officers	May of each fiscal year for the current year. (Base salary adjustments are typically effective as of June 1)
Determine stock option grants and restricted stock grants for executive officers, non-executive officers, and other employees	Generally November of each fiscal year. However the grants were issued in December and February for the current year. In addition, the executive officers and officers that participated the Plan A and Plan B equity grants (discussed previously), will not be eligible for future equity compensation grants until after March 31, 2017.

## Summary Compensation Table

The following table includes information concerning compensation for each of the three full fiscal years ended March 31, 2013, 2012 and 2011 to the five NEOs, including the CEO, CFO and three other most highly compensated executive officers of the Company who were serving as such as of March 31, 2013.

Base salary for the NEOs is based upon experience, overall qualifications, and information about compensation offered to executive officers of similar qualifications and experience at similar companies as discussed further above in “—Elements of the Company’s Compensation Program—Base Salary.” Base salary earned from April 1 to March 31 of the respective years.

(2) The amounts in these columns reflect the grant date fair value determined in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in footnote 13 to the Company’s audited

financial statements for the fiscal year ended March 31, 2013, included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2013 filed with the SEC (the "2013 Form 10-K").

- This compensation was earned under the Company's Executive Incentive Plan, as described further above under "—Elements of the Company's Compensation Program—Executive Incentive Plan" and is based on the Company's
- (3) achievement of pre-established annual goals related to increases in earnings per share, growth in receivables, expense control and charge-off control.
  - (4) These amounts consist of the increase in the present value of the accumulated benefit at retirement of the NEO's benefit under the Company's SERP.
  - (5) Components of All Other Compensation are included in a separate table below.

## Components of All Other Compensation

Benefits and Perquisites	McLean	Malson	Roland	Walters	Sauza
Company car	34,737	19,321	22,528	12,472	5,734
Company contributions to 401(k) Plan	7,611	7,577	7,603	7,567	5,967

Club dues	1,464	—	—	—	—
Total	\$54,108	\$27,327	\$30,849	\$35,647	\$12,155

(1) During fiscal 2013, Mr. McLean's family members were passengers on one flight with an imputed income of \$9,464.

(2) During fiscal 2013, Mr. Walter's family members were passengers on a flight with an imputed income of \$15,234.

## Supplemental Executive Retirement Plan

As discussed above under “—Elements of the Company's Compensation Program – Post-Employment Compensation,” the Company has a SERP, in which all NEOs participate.

The expected benefits associated with the retirement of any of the five NEOs at March 31, 2013, assuming retirement at projected base salary at the number of years of credited service, are indicated in the table below.

In the event of a participant's death, the SERP is payable to the participant's beneficiary or estate as if the participant had retired at 65 years of age.

Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit at Retirement (\$)(1)	Present Value of Accumulated Benefit at Death (\$)(2)	Payments During Last Fiscal Year (\$)
A. A. McLean	23	1,560,601	1,899,862	—
K. M. Malson	7	218,988	938,519	—
M. C. Roland	16	962,155	1,563,503	—
J. D. Walters	17	366,117	818,378	—
F. J. Sauza	7	463,481	993,173	—

(1) Based on the assumptions disclosed in footnote 13 of the Company's 2013 Form 10-K and on the assumption the NEO retires at age 65.

(2) Present value of SERP benefits payable at death was calculated as 45% of the executive's base salary for 15 years assuming a 6% interest rate.

## The Role of Employment Agreements

The Company maintains employment agreements with Mr. McLean, Mr. Roland, Ms. Malson and Mr. Sauza, which are described below in more detail under “—Employment Agreements.” The Compensation Committee believes that the employment contracts are necessary to secure the services of those individuals on the terms and conditions stated in the agreements, and to provide management stability should there occur a significant corporate change in control event. The employment agreements had initial three-year terms expiring on May 20, 2010, May 20, 2010, August 27, 2010 and May 31, 2011, respectively, subject to automatic extension as described below. These agreements generally provide for the payment of severance benefits above and beyond compensation accrued through the date of separation in cases in which the executive is terminated without cause or is constructively discharged. In cases of a change in control of the Company (as generally defined under the agreements in accordance with Section 409A of the Internal Revenue Code), the severance benefits are triggered only in the event there is both a change in control and the executive is terminated without cause or constructively discharged within two years following the change in control, except in the case of Mr. Sauza, whose benefits are triggered within one year following a change in control. The Compensation Committee believes that the change in control severance triggers in these agreements strike an appropriate balance between Company and shareholder concerns about executive retention in the event of a change in

control versus the executives' legitimate concerns regarding termination or diminution of duties in such an event.

### Employment Agreements

Effective May 21, 2007, the Company entered into employment agreements with Mr. A. Alexander McLean, III, its Chief Executive Officer, and Mr. Mark C. Roland, its President and Chief Operating Officer. Effective August 27, 2007, the Company entered into an employment agreement with Ms. Kelly M. Malson, its then Vice President (now Senior Vice President) and Chief Financial Officer. Effective June 1, 2008, the Company entered into an employment agreement with Mr. Francisco J. Sauza, its Senior Vice President of Mexico. These agreements had initial three-year terms, with original expiration dates of May 20, 2010, May 20, 2010, August 27, 2010 and May 31, 2011 respectively, but are subject to automatic extension for successive one-year periods thereafter unless either the Company or the executive gives notice of termination not less than 90 days prior to the date on which the agreement would otherwise be automatically extended. The agreements provide for annual base salaries as specified for Mr. McLean, Mr. Roland, Ms. Malson and Mr. Sauza, subject in each case to annual adjustment as determined by the Compensation Committee. In conjunction with the Company's annual performance review performed in May 2013, the base salary for Mr. McLean's was increased to \$443,394 from \$434,700, Mr. Roland was increased to \$366,683 from \$357,739, Ms. Malson was increased to \$220,108 from \$214,739, and Mr. Sauza was increased to \$234,061 from \$227,244. These increases were effective June 1, 2013.

The agreements further provide for payment, at the Company's discretion, of annual cash incentive payments and equity or cash-based, long-term incentive compensation awards in accordance with criteria established by the Board or the Committee, including participation in the Company's Executive Incentive Plan, as described above under "—Elements of the Company's Compensation Program – Executive Incentive Plan." Each executive is also entitled to the use of a Company automobile (including maintenance and insurance) of a value commensurate with the executive's position in accordance with the Company's car policy and to participate in all other compensation benefits and programs and to receive such other benefits and perquisites as provided under any existing or future program for salaried employees. These benefits include the right to participate in the Company's SERP in accordance with that plan, as described above.

#### McLean, Roland and Malson

Under the agreements with Mr. McLean, Mr. Roland and Ms. Malson, the Company has agreed to provide these executives with long-term disability insurance benefits equal to 60% of the executive's base salary at the time of disability. These agreements also provide for severance payments and the continuation of certain benefits if the executive is terminated without cause or constructively discharged (as defined in the agreement). In the event of such termination without cause or constructive discharge, including any such termination or discharge that occurs within two years after a change of control of the Company, the executive is generally entitled to receive (i) a lump sum cash payment of accrued salary, unused vacation pay and any unpaid bonus earned for the year prior to the fiscal year in which termination occurs, (ii) a prorated bonus for the portion of the fiscal year in which the termination occurs, calculated based on the average of the executive's bonus payments for the preceding three years, (iii) severance pay equal to two years' base salary and two years' bonus (calculated as the average of the bonus paid to the executive over the three years prior to termination), payable over 24 months and (iv) the continuation of all other welfare and fringe benefits until the earlier of 24 months from the date of termination or such time as the executive becomes employed and eligible for similar benefits from another company. In the event the executive is terminated without cause or is constructively discharged following a change in control, the severance payments described in item (iii) of the preceding sentence shall be payable in a lump sum, unless the termination occurs between the first and second anniversary of the change in control, in which case such severance payments shall be payable as described in Item (iii). In the event the executive's employment is terminated for reasons other than a without cause termination or constructive discharge, the Company is generally obligated to pay to the employee or his estate the amount of accrued and unpaid compensation due the employee through the date of termination.

Under these agreements, Messrs. McLean and Roland and Ms. Malson have agreed to observe certain confidentiality and non-compete obligations during the term of employment and for 24 months thereafter.

## Sauza

Under the agreement with Mr. Sauza, the Company has agreed to provide Mr. Sauza with long-term disability insurance benefits equal to 60% of the executive's base salary at the time of disability. This agreement also provides for severance payments and the continuation of certain benefits if the executive is terminated without cause or constructively discharged (as defined in the agreement). In the event of such termination without cause or constructive discharge, including any such termination or discharge that occurs within one year after a change of control of the Company, the executive is generally entitled to receive (i) a lump sum cash payment of accrued salary, unused vacation pay and any unpaid bonus earned for the year prior to the fiscal year in which termination occurs, (ii) a prorated bonus for the portion of the fiscal year in which the termination occurs, calculated based on the average of the executive's bonus payments for the preceding three years, (iii) severance pay equal to one year's base salary and one year's bonus (calculated as the average of the bonus paid to the executive over the three years prior to termination), payable over 12 months and (iv) the continuation of all other welfare and fringe benefits until the earlier of 12 months from the date of termination or such time as the executive becomes employed and eligible for similar benefits from another company. In the event the executive is terminated without cause or is constructively discharged following a change in control, the severance payments described in item (iii) of the preceding sentence shall be payable in a lump sum. In the event the executive's employment is terminated for reasons other than a without cause termination or constructive discharge, the Company is generally obligated to pay to the employee or his estate the amount of accrued and unpaid compensation due the employee through the date of termination. Under this agreement, Mr. Sauza has agreed to observe certain confidentiality and non-compete obligations during the term of employment and for 12 months thereafter.

The following table provides estimates of the amounts payable to Messrs. McLean Roland, Sauza and Ms. Malson under their employment agreements, assuming each was terminated without cause or constructively discharged on March 31, 2013. Note that the table excludes unpaid salary accrued through the termination date and reimbursement of any unpaid business expenses.

Name	Salary Continuation (\$)	Bonus Continuation (\$)	Benefits Continuation (\$) (1)	Benefits from Accelerated Equity Vesting (\$) (2)	Total (\$)
A. A. McLean III	869,400	841,820	20,688	2,059,638	3,791,546
Kelly M. Malson	429,478	335,849	17,880	798,721	1,581,928
Mark C. Roland	715,478	608,167	17,040	1,420,807	2,761,492
Francisco J. Sauza	227,244	159,925	10,464	451,162	848,795

(1) The benefits continuation payment represents 24 months of health and dental insurance for all NEOs other than Mr. Sauza, and 12 months of such insurance for Mr. Sauza, based on the executive's current insurance cost.

Benefits from accelerated equity vesting represent the difference between the Company's March 31, 2013 closing (2) stock price and the option exercise price for any unvested shares, plus the March 31, 2013 closing stock price for any unvested restricted stock shares.

These executives are also entitled to benefits discussed in the sections below entitled "--Supplemental Executive Retirement Plan," "--Death Benefits," and "--Disability Benefits."

### Death Benefits

The Company also provides death benefits to the NEOs, which are payable to each participant's designated beneficiary or estate. The participant's designated beneficiary will be entitled to receive the proceeds of any life or other insurance or other death benefit programs. In addition, the beneficiaries will be eligible for SERP benefits according to the terms and conditions of that plan as if the executive had retired at age 65. Had any of the NEOs become deceased on March 31, 2013, the Company would have paid the following:

Name	Life insurance proceeds (\$) (1)	Present Value of SERP benefits (\$) (2)	Benefits from Accelerated Equity Vesting (\$) (3)	Benefits from Equity Vesting as if the participant was still employed (\$) (4)	Total (\$)
A. A. McLean III	500,000	1,899,862	2,059,638	8,587,000	13,046,500
Kelly Malson	429,478	938,519	798,721	3,950,020	6,116,738
Mark C. Roland	500,000	1,563,503	1,420,807	7,298,950	10,783,260
James D. Walters	374,500	818,378	—	2,576,100	3,768,978
Francisco J. Sauza	454,488	993,173	451,162	2,576,100	4,474,923

(1) Life insurance proceeds represent two times the participant's base pay, not to exceed \$500,000.

(2) Present value of SERP benefits payable at death was calculated as 45% of the executive's base salary for 15 years, assuming a 6% interest rate.

(3) Benefits from accelerated equity vesting represent the difference between the Company's March 31, 2013 closing stock price and the option exercise price for any unvested stock options, plus the March 31, 2013 closing stock price for any unvested restricted stock shares.

(4) Benefits from equity vesting as if the participant was still employed, represents the difference between the Company's March 31, 2013 closing stock price and the option exercise price for any unvested stock options, plus the March 31, 2013 closing stock price for any unvested restricted stock shares. See "Restricted Stock Awards (Group A Awards and Group B Awards) to Named Executive Officers" for terms regarding death of the participant.

### Disability Benefits

In the event of disability, the Company will continue to pay the NEO his or her salary for a period of 90 days. After the 90 days, the Company may terminate his or her employment, at which time the Company will provide long-term disability payments of up to 60% of the base salary at the time of disability until the NEO reaches age 65. At age 65 or at such time as the long-term disability payments cease, the NEO will begin to receive payments under the SERP plan. Had any of the NEOs become disabled on March 31, 2013, his or her benefits would have been as follows:

Name	90 day continuation pay (\$) (1)	Long-term disability pay (\$) (2)	Present value of SERP benefits (\$) (3)	Total (\$)
A. A. McLean III	108,675	903,769	1,236,142	2,248,586
Kelly M. Malson	53,685	1,551,478	60,770	1,665,933
Mark C. Roland	89,435	1,459,938	569,498	2,118,871
James D. Walters	46,813	1,288,646	114,157	1,449,616
Francisco J. Sauza	56,811	761,138	308,241	1,126,190

(1) Represents 3 months of the NEO's current base salary.

(2) Long-term disability pay was calculated as the present value of 60% of the executive's base pay from March 31, 2013 until the executive reaches age 65. The present value calculation assumed a 6% interest rate.

(3) SERP benefits in the event of an NEO's disability were calculated as the present value of 45% of the executive's base pay, at the time the executive was disabled, for 15 years beginning when the executive reaches age 65. The

present value calculation assumes an interest rate of 6%.

Stock Options and Restricted Stock (Long-Term Incentive Plan)

The Company currently has a 2002 Stock Option Plan, a 2005 Stock Option Plan, 2008 Stock Option Plan and a 2011 Stock Option Plan for the benefit of certain officers and employees. Under these plans, 4,100,000 shares of authorized Common Stock have been reserved for issuance pursuant to grants of options, or in some cases, restricted stock, approved by the Compensation Committee of the Board of Directors. The authorized options have a maximum duration of 10 years, may be subject to certain vesting requirements, and are priced at the market value of the Company's Common Stock on the date of the grant of the option.

Options to purchase 1,249,585 shares remained outstanding under the plans as of March 31, 2013, and 397,188 shares of Common Stock remained available under the plans for future grants. Of this remaining capacity, the entire amount may be granted as options or up to 88,123 shares may be granted as restricted stock.
