**Siebert Financial Corp. & Subsidiaries**  
**Notes to Condensed Consolidated Financial Statements**  
**Three Months Ended March 31, 2011 and 2010**  
**(Unaudited)**

**1. Organization and Basis of Presentation:**

The consolidated financial statements include the accounts of Siebert Financial Corp. (the Company) and its wholly owned subsidiaries Muriel Siebert & Co., Inc. (Siebert) and Siebert Women's Financial Network, Inc. (WFN). All material intercompany balances and transactions have been eliminated. Investment in two entities in which the Company has ownership interests of 49% and 33.33%, respectively, are accounted for by the equity method.

The condensed consolidated interim financial statements presented herein are unaudited and include all adjustments (consisting of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and results of operations of the interim periods pursuant to the rules and regulations of the Securities and Exchange Commission (the SEC). Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America (U.S.) have been condensed or omitted pursuant to SEC rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. The balance sheet at December 31, 2010 has been derived from the audited consolidated statement of financial condition at that date, but does not include all information and footnotes required by U.S. GAAP for complete financial statements. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010. Because of the nature of the Company's business, the results of operations for the three months ended March 31, 2011 are not necessarily indicative of operating results for the full year.

**2. Securities:**

Securities owned are carried at fair value with realized and unrealized gains and losses reflected in trading profits. Siebert clears all its security transactions through unaffiliated clearing firms on a fully disclosed basis. Accordingly, Siebert does not hold funds or securities for, or owe funds or securities to, its customers. Those functions are performed by the clearing firms.

**3. Fair Value of Financial Instruments:**

Authoritative accounting guidance defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. Fair value measurements are not adjusted for transaction costs. The fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than quoted prices that are observable, either directly or indirectly, and reasonably available.

Level 3 Unobservable inputs which reflect the assumptions that management develops based on available information about the assumptions market participants would use in valuing the asset or liability.

The classification of financial instruments valued at fair value at March 31, 2011 is as follows:

Financial Instruments	Level 1	Level 2	Total
Cash equivalents	\$ 21,266,000		\$ 21,266,000
Securities	264,000	\$ 867,000	1,131,000
	\$ 21,530,000	\$ 867,000	\$ 22,397,000

Securities include common stock of \$264,000 at March 31, 2011, valued on the last business day of the period at the last available reported sales price on the primary securities exchange (Level 1) and municipal bonds of \$867,000 at March 31, 2011, valued based on prices obtained from pricing sources, which derive values from observable inputs (Level 2).

**4. Per Share Data:**

Basic earnings (loss) per share is calculated by dividing net income (loss) by the weighted average outstanding common shares during the period. Diluted earnings per share is calculated by dividing net income by the number of shares outstanding under the basic calculation and adding all dilutive securities, which consist of options. The Company incurred a net loss for the three months ended March 31, 2011 and 2010. Accordingly, basic and diluted net loss per common share are the same for each period as the effect of stock options is anti-dilutive. Shares of underlying stock options not included in the diluted computation amounted to 1,228,200 in 2011 and 1,704,700 in 2010.

**5. Net Capital:**

Siebert is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital. Siebert has elected to use the alternative method, permitted by the Rule, which requires that Siebert maintain minimum net capital, as defined, equal to the greater of \$250,000 or two percent of aggregate debit balances arising from customer transactions, pursuant to the Rule. As of March 31, 2011, Siebert had net capital of approximately \$19,724,000 as compared with net capital requirements of \$250,000.

**6. Revenue:**

Commissions and fees earned on customer trades together with related clearing expenses are recorded on a trade-date basis.

Trading profits are also recorded on a trade-date basis.

Investment banking revenue includes gains and fees, net of syndicate expenses, arising from underwriting syndicates in which the Company participates. Investment banking management fees are recorded on the offering date, sales concessions on the settlement date and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

Interest is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

**7. Capital Transactions:**

On January 22, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. Shares will be purchased from time to time, at management's discretion, in the open market and in private transactions. The Company purchased 3,927 shares at an average price of \$1.89 in the first quarter of 2011.

**8. Investment in and advances to affiliates:**

**Siebert, Brandford, Shank & Co., L.L.C. ( SBS )**

Siebert holds a 49% ownership interest in SBS which is engaged in municipal bond underwritings. Income or loss from SBS is considered to be integral to Siebert's operations and material to the results of operations.

Summarized financial data of SBS is set forth below.

	March 31, 2011	March 31, 2010
Total assets, including secured demand note of \$1,200,000 in each period due from Siebert	\$ 34,767,000	
Total liabilities, including subordinated liabilities of \$1,200,000 in each period due to Siebert	18,705,000	
Total members' capital	16,063,000	
Regulatory minimum net capital requirement	250,000	
Total revenues	3,945,000	\$ 13,166,000
Net (loss) income	(2,170,000)	2,684,000

Siebert charged SBS \$19,000 for the three months ended March 31, 2011 and 2010, respectively, for general and administrative services, which Siebert believes approximates the cost of furnishing such services.

Siebert's share of net (loss) income for the three months ended March 31, 2011 and 2010 amounted to \$(1.1) million and \$1.3 million, respectively.

Siebert received distributions from SBS of \$479,000 during the three months ended March 31, 2011, and Siebert's share of undistributed earnings from SBS amounted to \$7,479,000 at March 31, 2011. Such amounts may not be immediately available for distribution to Siebert for various reasons including the amount of SBS's available cash, the provisions of the agreement between Siebert and the principals and SBS's continued compliance with its regulatory net capital requirements.

**SBS Financial Products Company, LLC ( SBSFPC )**

The Company has a 33.33% ownership interest in, and the two individual principals of SBS have an aggregate 66.66% ownership interest in, SBSFPC which engages in derivatives transactions related to the municipal underwriting business. Income/(loss) from SBSFPC is considered to be integral to the Company's operations and material to the results of operations.

Summarized financial data of SBSFPC is set forth below.

	March 31, 2011	March 31, 2010
Total assets	\$ 162,333,000	
Total liabilities	161,483,000	
Total members' capital	850,000	
Total revenues	(12,000)*	\$ 77,000
Net (loss) income	(63,000)	25,000

\*Attributable to unrealized loss on derivative contracts.

The Company's share of net (loss) income for the three months ended March 31, 2011 and 2010 amounted to \$(21,000) and \$8,000, respectively.

At March 31, 2011, SBSFPC had an accumulated loss of \$350,000 of which the Company's share was \$117,000.

#### 9. Contingent Liabilities:

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customer obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if customers are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transactions for the three months ended March 31, 2011 and 2010.

Siebert is party to certain claims, suits and complaints arising in the ordinary course of business. In the opinion of management all such claims, suits and complaints are without merit, or involve amounts which would not have a significant effect on the financial position or results of operations of the Company.

#### 10. Income taxes:

Due to cumulative losses incurred by the Company and its subsidiaries during the current three month period and prior three years, the Company has concluded that it is not more likely than not that it will realize its net deferred tax asset and, accordingly, has recorded a valuation allowance to fully offset its net deferred tax asset at March 31, 2011, which amounted to \$2,871,000.

#### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This discussion should be read in conjunction with our audited consolidated financial statements as of and for the year ended December 31, 2010, and our unaudited consolidated financial statements and the notes thereto contained elsewhere in this Quarterly Report.

#### Business Environment

The financial crisis affecting the global economy has created historic volatility in the marketplace. Our working capital is invested primarily in money market funds, so that liquidity has not been materially affected. The crisis did have the effect of reducing participation in the securities market by our retail and institutional customers, which had an adverse effect on our 2010 revenues and a lesser effect in 2011. Our affiliate, Siebert, Brandford, Shank & Co., L.L.C. had a loss for the current period of approximately \$2.2 million due to industry volumes dramatically declining in the

current period this year as compared to the same period last year due to municipalities struggling with the fiscal crisis, concerns about defaults at the state and local level and the expiration of the Build America Bonds program. This resulted in a loss to the Company of \$1.1 million for the current three month period. Our expenses include the costs of an arbitration proceeding commenced by a former employee following the termination of his employment, which remains unresolved. The Company believes that the action is without merit, but the costs of defense, which are included as professional expenses, have adversely affected the Company's results of operation and may continue to affect the results of operations until the action is completed. Competition in the brokerage industry remains intense.

The following table sets forth certain metrics as of March 31, 2011 and 2010 and for the three months ended March 31, 2011 and 2010, respectively, which we use in evaluating our business.

<b>Retail Customer Activity:</b>	<b>For the Three Months ended March 31,</b>	
	<b>2011</b>	<b>2010</b>
Total retail trades:	114,029	101,829
Average commission per retail trade:	\$ 21.72	\$ 21.44

	<b>As of March 31,</b>	
	<b>2011</b>	<b>2010</b>
<b>Retail customer balances:</b>		
Retail customer net worth (in billions):	\$ 7.0	\$ 6.4
Retail customer money market fund value (in billions):	\$ 1.0	\$ 1.0
Retail customer margin debit balances (in millions):	\$ 237.6	\$ 176.7
Retail customer accounts with positions:	48,639	52,654

Description:

Total retail trades represent retail trades that generate commission.

Average commission per retail trade represents the average commission generated for all types of retail customer trades.

Retail customer net worth represents the total value of securities and cash in the retail customer accounts before deducting margin debits.

Retail customer money market fund value represents all retail customers accounts invested in money market funds.

Retail customer margin debit balances represents credit extended to our customers to finance their purchases against current positions.

Retail customer accounts with positions represents retail customers with cash and/or securities in their accounts.

Like other securities firms, we are directly affected by general economic and market conditions including fluctuations in volume and prices of securities, changes and prospects for changes in interest rates and demand for brokerage and investment banking services, all of which can affect our relative profitability. In periods of reduced financial market activity, profitability is likely to be adversely affected because certain expenses remain relatively fixed, including salaries and related costs, portions of communications costs and occupancy expenses. Accordingly, earnings or loss for any period should not be considered representative of any other period.

#### **Recent Developments**

On January 22, 2008, our Board of Directors authorized a buy back of up to 300,000 shares of common stock. Shares will be purchased from time to time, in our discretion, in the open market and in private transactions. The Company purchased 3,927 shares at an average price of \$1.89 in the first quarter of 2011.

#### **Critical Accounting Policies**

We generally follow accounting policies standard in the brokerage industry and believe that our policies appropriately reflect our financial position and results of operations. Our management makes significant estimates that affect the reported amounts of assets, liabilities, revenues and expenses and the related disclosure of contingent assets and liabilities included in the financial statements. The estimates relate primarily to revenue and expense items in the normal course of business as to which we receive no confirmations, invoices, or other documentation at the time the books are closed for a period. We use our best judgment, based on our knowledge of these revenue transactions and expenses incurred, to estimate the amounts of such revenue and expense. We are not aware of any material differences between the estimates used in closing our books for the last five years and the actual amounts of revenue and expenses incurred when we subsequently receive the actual confirmations, invoices or other documentation. Estimates are also used in determining the useful lives of intangible assets, and the fair market value of intangible assets. Our management believes that its estimates are reasonable.

#### **Results of Operations**

We had a net loss of \$2.0 million and \$1.2 million for the three months ended March 31, 2011 and 2010, respectively.

Total revenues for the three months ended March 31, 2011 were \$5.5 million, an increase of \$1.2 million or 27.6% from the same period in 2010.

Commission and fee income for the three months ended March 31, 2011 was \$3.9 million, an increase of \$237,000 or 6.4% from the same period in 2010 primarily due to an increase in retail customers trading volumes as well as an increase in the average commission charged per trade as well as an increase in fees from margin debits due to higher margin debit balances. Additionally, there was an increase in our institutional trading commissions offset by a decrease in commissions generated by our commission recapture operations.

Investment banking revenues for the three months ended March 31, 2011 were \$1.2 million, an increase of \$825,000 or 237.8% from the same period in 2010 primarily due to our participation in more new issues in the equity and debt markets as a result of increased activity in the market place.

Trading profits were \$377,000 for the three months ended March 31, 2011, an increase of \$143,000 or 61.1% from the same period in 2010 primarily due to an overall increase in customer trading volume in the debt markets and the addition of a debt sales-trader in the first quarter of 2011.

Interest and dividends for the three months ended March 31, 2011 were \$9,000, a decrease of \$15,000 or 62.5% from the same period in 2010 primarily due to lower cash balances.

Total expenses for the three months ended March 31, 2011 were \$6.4 million, a decrease of \$1.2 million or 15.9% from the same period in 2010.

Employee compensation and benefit costs for the three months ended March 31, 2011 and 2010 was \$2.5 million. There was a decrease in compensation due to a reduction in headcount for registered representatives offset by an increase in commissions paid based on production in the capital markets and retail operations as well as an increase in health benefits.

Clearing and floor brokerage costs for the three months ended March 31, 2011 were \$924,000, a decrease of \$328,000 or 26.2% from the same period in 2010 primarily due to the execution of a Fully Disclosed Clearing Agreement with our primary clearing firm in the second quarter of 2010 which reduced our fees for clearing costs.

Professional fees were \$1.4 million for the three months ended March 31, 2011, a decrease of \$717,000, or 33.7% from the same period in 2010 primarily due to a decrease in legal fees relating to a dispute with a former employee.

Advertising and promotion expenses for the three months ended March 31, 2011 were \$100,000, a decrease of \$43,000 or 30.1% from the same period in 2010 due to a decrease in production and airing of television commercials.

Communications expense for the three months ended March 31, 2011 was \$557,000, a decrease of \$92,000 or 14.2% from the same period in 2010 primarily due to a decrease in hosting and communication costs associated with our website.

Occupancy costs for the three months ended March 31, 2011 were \$271,000, a decrease of \$40,000 or 12.9% from the same period in 2010 due to a decrease in rents in the New York office.

Other general and administrative expenses were \$685,000, an increase of \$1,000 or 0.2% from the same period in 2010 due to an increase in system updates, placement fees, depreciation and printing costs offset by decreases in registration fees, travel and entertainment, supplies, transportation and postage.

Loss from Siebert's equity investment in Siebert Brandford Shank & Co., L.L.C., an entity in which Siebert holds a 49% equity interest (SBS), for the three months ended March 31, 2011 was \$1.1 million, compared to income of \$1.3 million from the same period in 2010 due to SBS participating in fewer managed and co-managed transactions. Loss from our equity investment in SBS Financial Products Company, LLC, an entity in which we hold a 33% equity interest (SBSFPC) for the three months ended March 31, 2011 was \$21,000 as compared to income of \$8,000 from the same period in 2010. This loss in 2011 was due to the mark to market loss in positions. Income and loss from equity investees is considered to be integral to our operations and material to the results of operations.

The tax provision for the three months ended March 31, 2011 was \$11,000 and a tax benefit for the three months ended March 31, 2010 was \$795,000. No tax benefit related to the pre-tax loss was recorded for the three months ended March 31, 2011 due to the recording of a full valuation allowance to offset deferred tax assets based on recent losses and the likelihood of realization of such assets. The tax benefit for the three months ended March 31, 2010 was due to our loss before taxes of \$2.0 million.

#### Liquidity and Capital Resources

Our assets are highly liquid, consisting generally of cash, money market funds and commercial paper. Our total assets at March 31, 2011 were \$39 million. As of that date, \$25 million, or 64%, of our total assets were regarded by us as highly liquid.

Siebert is subject to the net capital requirements of the SEC, the NYSE and other regulatory authorities. At March 31, 2011, Siebert's regulatory net capital was \$19.7 million, \$19.5 million in excess of its minimum capital requirement of \$250,000.

On January 22, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. Shares will be purchased from time to time, in our discretion, in the open market and in private transactions. The Company purchased 3,927 shares at an average price of \$1.89 in the first quarter of 2011.

Siebert has entered into a Secured Demand Note Collateral Agreement with SBS under which Siebert is obligated to lend to SBS up to \$1.2 million on a subordinated basis collateralized by cash equivalents of approximately \$1.5 million as of March 31, 2011. Amounts pledged by Siebert under the facility are reflected on our balance sheet as cash equivalents restricted. SBS pays Siebert interest on this amount at the rate of 4% per annum. The facility expires on August 31, 2012 at which time SBS is obligated to repay to Siebert any amounts borrowed by SBS thereunder.

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk

Working capital is generally invested temporarily in dollar denominated money market funds and United States Treasury Bills. These investments are not subject to material changes in value due to interest rate movements.

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customers' obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if customers and other counterparties are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transactions as of March 31, 2011.

#### Item 4. Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report pursuant to Rule 13a-15(e) or Rule 15d-15(e) of the Securities Exchange Act of 1934, as amended. Based on that evaluation, our management, including the Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures are effective to ensure that the information we are required to disclose in reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time

periods specified in the rules and forms of the Securities and Exchange Commission and to ensure that information required to be disclosed is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer to allow timely decisions regarding timely disclosure.

There were no changes in our internal control over financial reporting that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## Part II - OTHER INFORMATION

Item 1. Legal Proceedings

We are involved in various routine lawsuits of a nature we deemed to be customary and incidental to our business. In the opinion of management, the ultimate disposition of such actions will not have a material adverse effect on our financial position or results of operations.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the risk factors discussed in Part I, Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2010, which could materially affect our business, financial position and results of operations. There are no material changes from the risk factors set forth in Part I, Item 1A, Risk Factors, of our Annual Report on Form 10-K for the year ended December 31, 2010.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On January 23, 2008, our Board of Directors authorized the repurchase of up to 300,000 shares of our common stock. Shares will be purchased from time to time, in our discretion, in the open market and in private transactions.

We purchased 3,927 shares at an average price of \$1.89 in the first quarter of 2011.
