NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(Dollars in millions, except per share and unit measures or as otherwise specified)

(1) Description of Business and Basis of Presentation

Description of Business

HRG Group, Inc. (“HRG”, and collectively with its respective subsidiaries, the “Company”) is a holding company that conducts its operations principally through its majority owned subsidiary, Spectrum Brands Holdings, Inc., which is a diversified global branded consumer products company (“Spectrum Brands”). HRG’s shares of common stock trade on the New York Stock Exchange (“NYSE”) under the symbol “HRG.”

The Company’s reportable business segments are organized in a manner that reflects how HRG’s management views those business activities. Accordingly, the Company currently presents the results from its business operations in two reportable segments: (i) Consumer Products and (ii) Corporate and Other.

The Company’s Consumer Products segment represents the Company’s 62.0% controlling interest in Spectrum Brands.

The Company’s Corporate and Other segment includes the holding company at HRG and other subsidiaries of HRG

For the results of operations by segment, and other segment data, see Note 18, Segment Data, and Note 20,

Consolidating Financial Information.

Consumer Products Segment

The Consumer Products segment represents the Company’s 62.0% controlling interest in Spectrum Brands. Through its operating subsidiaries, Spectrum Brands is a diversified global branded consumer products company with positions in multiple product lines and categories: global pet supplies, home and garden control products, hardware and home improvement products and global auto care.

Effective December 29, 2017, Spectrum Brands’ Board of Directors approved a plan to explore strategic alternatives, including the planned sale of Spectrum Brands’ Global Batteries & Appliances (“GBA”) segment. Spectrum Brands expects a sale to be realized by December 31, 2018. See Note 3, Divestitures, regarding Spectrum Brands’ agreement to sell its Global Batteries and Lighting (“GBL”) business and its plans to sell its Home and Personal Care (“HPC”) business. The Company reports a business as held for sale when the criteria of Accounting Standard Codification (“ASC”) Topic 360, Property, Plant and Equipment (“ASC 360”) are met. The Company believes ASC 360’s criteria for the GBA segment have been met as of March 31, 2018. As a result, Spectrum Brands’ assets and liabilities associated with the GBA segment have been classified as held for sale in the accompanying Condensed Consolidated Balance Sheets and the respective operations of the GBA segment have been classified as discontinued operations in the accompanying Condensed Consolidated Statements of Operations and Condensed Consolidated Statements of Cash Flows; and reported separately for all periods presented. See Note 2, Significant Accounting Policies and Recent Accounting Pronouncements, Assets Held for Sale and Discontinued Operations. See Note 3, Divestitures, for more information on the assets and liabilities classified as held for sale and discontinued operations. See Note 18, Segment Data, for more information pertaining to segments of continuing operations.

Corporate and Other Segment

On November 30, 2017, Fidelity & Guaranty Life (“FGL”), a former majority owned subsidiary of the Company, completed its merger (the “FGL Merger”) with CF Corporation and its related entities (collectively, the “CF Entities”) in accordance with its previously disclosed Agreement and Plan of Merger (the “FGL Merger Agreement”). Pursuant to the FGL Merger Agreement, except for certain shares specified in the FGL Merger Agreement, each issued and outstanding share of common stock of FGL was automatically cancelled and converted into the right to receive \$31.10 in cash. In addition, pursuant to a share purchase agreement, on November 30, 2017, Front Street Re (Delaware) Ltd., a wholly-owned subsidiary of HRG, sold to the CF Entities (such sale, the “Front Street Sale”) all of the issued and outstanding shares of its former wholly-owned subsidiaries, Front Street Re Cayman Ltd. and Front Street Re Ltd (collectively, “Front Street”, and together with FGL, the “Insurance Operations”). The purchase price for the Front Street Sale was \$65.0, subject to reduction for customary transaction expenses. In addition, \$6.5 of the purchase price was deposited in escrow for a period of 15 months to support any indemnification claims that might be made (if any) by the CF Entities. Pursuant to the share purchase agreement, on December 5, 2017, the Company repaid the \$92.0 of

notes (such notes, the “HGI Energy Notes”) issued by HGI Energy Holdings, LLC (“HGI Energy”), which were held directly and indirectly by Front Street and FGL. As a result of the completion of the FGL Merger and the Front Street Sale, HRG no longer has any equity interest in FGL or Front Street and our former Insurance Operations segment is presented as discontinued operations for prior periods. HRG deconsolidated FGL and Front Street as of November 30, 2017.

Finally, as previously disclosed, HRG, FS Holdco II Ltd. (“FS Holdco”) and the CF Entities entered into an agreement (the “338 Agreement”) on May 24, 2017 pursuant to which the CF Entities agreed that FS Holdco may, at its option, cause the relevant CF Entity and FS Holdco to make a joint election under Section 338(h)(10) of the Internal Revenue Code of 1986, as amended,

Table of Contents

with respect to the FGL Merger and the deemed share purchases of FGL’s subsidiaries (the “338 Tax Election”). Pursuant to the 338 Agreement, if FS Holdco elects to make the 338 Tax Election, FS Holdco and/or CF Corporation will be required to make a payment for the election to the other. On March 8, 2018, FS Holdco exercised the 338 Tax Election. In connection with such election, the CF Entities are required to pay FS Holdco \$26.6 on or before May 21, 2018, which is included in “Other receivables, net” in the accompanying Condensed Consolidated Balance Sheets as of March 31, 2018.

On February 24, 2018, the Company entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Spectrum Brands, HRG SPV Sub I, Inc., a Delaware corporation and direct wholly owned subsidiary of HRG (“Merger Sub 1”), and HRG SPV Sub II, LLC, a Delaware limited liability company and a direct wholly owned subsidiary of HRG (“Merger Sub 2”, and together with Merger Sub 1, “Merger Sub”), providing for the acquisition of Spectrum Brands by HRG (the “Merger”) in exchange for HRG equity. See Note 4, Acquisitions for more information.

Basis of Presentation

The unaudited Condensed Consolidated Financial Statements of the Company included herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). The financial statements reflect all adjustments that are, in the opinion of management, necessary for a fair statement of such information. All such adjustments are of a normal recurring nature. Although the Company believes that the disclosures are adequate to make the information presented not misleading, certain information and note disclosures, including a description of significant accounting policies normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), have been condensed or omitted pursuant to such rules and regulations.

These interim financial statements should be read in conjunction with the Company’s annual consolidated financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the fiscal year ended September 30, 2017, filed with the SEC on November 20, 2017 and the Current Report on Form 8-K, filed with the SEC on April 2, 2018, which retroactively adjusted the Company’s Annual Report due to the recognition of discontinued operations for the GBA segment (collectively, the “Form 10-K”). The results of operations for the three and six months ended March 31, 2018 are not necessarily indicative of the results for any subsequent periods or the entire fiscal year ending September 30, 2018.

The Company’s fiscal year ends on September 30 and the quarters end on the last calendar day of the months of December, March and June. Spectrum Brands’ fiscal year ends September 30 and its interim fiscal quarters end every thirteenth Sunday, except for its first fiscal quarter which may end on the fourteenth Sunday following September 30. The Company does not adjust for the difference in fiscal periods between Spectrum Brands and itself, as such difference would be less than 93 days, pursuant to Regulation S-X Rule 3A-02.

At March 31, 2018, the non-controlling interest component of total equity primarily represents the 38.0% share of Spectrum Brands not owned by HRG.

(2) Significant Accounting Policies and Recent Accounting Pronouncements

Assets Held for Sale and Discontinued Operations

A business classified as held for sale is recorded at the lower of its carrying amount or estimated fair value less cost to sell. If the carrying amount of the business exceeds its estimated fair value less cost to sell, a loss is recognized. Assets and liabilities related to a business classified as held for sale are segregated in the current and prior balance sheets in the period in which the business is classified as held for sale. Transactions between the business held for sale and businesses held for use that are expected to continue to exist after the disposal are not eliminated to appropriately reflect the continuing operations and balances held for sale. If a business is classified as held for sale after the balance sheet date but before the financial statements are issued or are available to be issued, the business continues to be classified as held and used in those financial statements when issued or when available to be issued.

The Company reports the results of operations of a business as discontinued operations if a disposal represents a strategic shift that has (or will have) a major effect on an entity’s operations and financial results when the business is sold or classified as held for sale, in accordance with ASC 360 and Accounting Standards Update (“ASU”) No. 2014-08, Presentation of Financial Statements (Topic 2015) and Property, Plant and Equipment (Topic 360):

Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity (“ASU 2014-08”). The results of discontinued operations are reported in “Income (loss) from discontinued operations, net of tax” in the accompanying Condensed Consolidated Statements of Operations for current and prior periods commencing in the period in which the business meets the criteria of a discontinued operation, and include any gain or loss recognized on closing or adjustment of the carrying amount to fair value less cost to sell. Transactions between the businesses held for sale and businesses held for use that are expected to continue to exist after the disposal are not eliminated to appropriately reflect the continuing operations and balances held for sale.

Table of Contents

Use of Estimates and Assumptions

The preparation of the Company's Condensed Consolidated Financial Statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and assumptions used.

Recent Accounting Pronouncements Not Yet Adopted

The Company has implemented all new accounting pronouncements that are in effect and that may impact its Condensed Consolidated Financial Statements and does not believe that there are any other new accounting pronouncements, other than the ones disclosed in the Company's Form 10-K, that have been issued that might have a material impact on its financial condition, results of operations or liquidity.

In accordance with ASC 360, Property, Plant and Equipment, long-lived assets classified as held for sale are measured at the lower of their carrying value or fair value less cost to sell at the balance sheet date. At September 30, 2017, the carrying value of the Company's interest in FGL and Front Street exceeded their respective estimated fair value less cost to sell by \$402.2 and \$19.0, respectively.

The higher carrying value of FGL was primarily due to the increase in unrealized gains, net of offsets in FGL's investment portfolio, with the effects of the unrealized gains, net of offsets, being recorded in accumulated other comprehensive income ("AOCI"). Upon the completion of the FGL Merger, the Company deconsolidated its ownership interest in FGL, which resulted in the reclassification of \$445.9 of AOCI attributable to FGL to income from discontinued operations during the six months ended March 31, 2018.

Energizer Holdings, Inc.

On January 15, 2018, Spectrum Brands entered into a definitive acquisition agreement (the “GBL Sale Agreement”) with Energizer Holdings, Inc. (“Energizer”) pursuant to which Energizer has agreed to acquire from Spectrum Brands its GBL business for an aggregate purchase price of \$2,000.0 in cash, subject to customary purchase price adjustments. The GBL Sale Agreement provides that Energizer will purchase the equity of certain subsidiaries of Spectrum Brands, and acquire certain assets and assume certain liabilities of other subsidiaries used or held for the purpose of the GBL business.

In the GBL Sale Agreement, Spectrum Brands and Energizer have made customary representations and warranties and have agreed to customary covenants relating to the acquisition. Among other things, prior to the consummation of the acquisition, Spectrum Brands will be subject to certain business conduct restrictions with respect to its operation of the GBL business.

Spectrum Brands and Energizer have agreed to indemnify each other for losses arising from certain breaches of the GBL Sale Agreement and for certain other matters. In particular, Spectrum Brands has agreed to indemnify Energizer for certain liabilities relating to the assets retained by Spectrum Brands, and Energizer has agreed to indemnify Spectrum Brands for certain liabilities assumed by Energizer, in each case as described in the GBL Sale Agreement. Spectrum Brands and Energizer have agreed to enter into related agreements ancillary to the acquisition that will become effective upon the consummation of the acquisition, including a customary transition services agreement and reverse transition services agreement.

The consummation of the acquisition is subject to certain customary conditions, including, among other things, (i) the absence of a material adverse effect on GBL, (ii) the expiration or termination of required waiting periods under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, (iii) the receipt of certain other antitrust approvals in certain specified foreign jurisdictions (the conditions contained in (ii) and (iii) together, the “Antitrust Conditions”), (iv) the accuracy of the representations and warranties of the parties (generally subject to a customary material adverse effect standard (as described in the GBL Sale Agreement) or other customary materiality qualifications), (v) the absence of governmental restrictions on the consummation of the acquisition in certain jurisdictions, and (vi) material compliance by the parties with their respective covenants and agreements under the GBL Sale Agreement. The consummation of the transaction is not subject to any financing condition. On March 29, 2018, the Federal Trade Commission allowed the expiration of the 30-day Hart-Scott-Rodino waiting period, which in effect provides U.S. regulatory approval of the sale. Spectrum Brands is proceeding with other required international regulatory approvals and continues to expect the transaction to be consummated prior to December 31, 2018.

The GBL Sale Agreement also contains certain termination rights, including the right of either party to terminate the GBL Sale Agreement if the consummation of the acquisition has not occurred on or before July 15, 2019 (the “Termination Date”). Further, if the acquisition has not been consummated by the Termination Date and all conditions precedent to Energizer’s obligation to consummate the acquisition have otherwise been satisfied except for one or more of the Antitrust Conditions, then Energizer would be required to pay Spectrum Brands a termination fee of \$100.0.

The GBL business is part of Spectrum Brands’ GBA business, which also includes shared operations and assets of the remaining components of Spectrum Brands’ HPC business. Spectrum Brands is actively marketing its HPC business with interested parties for a separate transaction(s) expected to be entered into and consummated prior to December 31, 2018.

(4) Acquisitions

Spectrum Brands Merger

As previously disclosed, on February 24, 2018, the Company entered into the Merger Agreement with Spectrum Brands, Merger Sub 1 and Merger Sub 2.

The Merger Agreement provides that, subject to the terms and conditions thereof, Merger Sub 1 will merge with and into Spectrum Brands (the “First Merger”, and if the Second Merger Opt-Out Condition has occurred, the “Merger”), with Spectrum Brands continuing as the surviving corporation (the “Surviving Corporation”) and a wholly owned subsidiary of HRG. Following the effective time of the First Merger (the “Effective Time”) but only if HRG or Spectrum Brands

(or both) do not receive and provide to the other, on the closing date but prior to the Effective Time, a tax opinion to the effect that, assuming the Second Merger does not occur, the Merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Internal Revenue Code (the “Second Merger Opt-Out Condition”), the Surviving Corporation will merge with and into Merger Sub 2 (the “Second Merger”, and if the Second Merger Opt-Out Condition has not occurred, together with the First Merger, the “Merger”), with Merger Sub 2 surviving as a wholly owned subsidiary of HRG.

The consummation of the Merger is subject to the satisfaction or waiver of certain closing conditions, including, (i) the approval of Spectrum Brands’ stockholders (including the approval of the holders of a majority of Spectrum Brands’ Common Stock not held by HRG, its affiliates and the executive officers of Spectrum Brands, and the approval required under Section 12 of Spectrum Brands’ certificate of incorporation in connection with a “Going-Private Transaction” (as defined therein)), (ii) the approval of HRG stockholders, (iii) the effectiveness of a registration statement on Form S-4 registering the HRG Common Stock to be issued in the Merger, (iv) the approval of the shares of HRG Common Stock to be issued in the Merger for listing on the NYSE, (v) the absence of any temporary restraining order, injunction or other judgment, order or decree issued by any governmental

entity or other legal restraint or prohibition preventing the consummation of the Merger, (vi) the receipt of certain tax opinions by Spectrum Brands and/or HRG that the Merger will qualify as a reorganization under the Internal Revenue Code, (vii) the accuracy of certain representations and warranties of Spectrum Brands, Merger Sub and HRG contained in the Merger Agreement and the compliance by the parties with the covenants contained in the Merger Agreement, and (viii) other conditions specified in the Merger Agreement.

2017 Loan

On January 13, 2017, the Company, through a wholly-owned subsidiary of HGI Funding, LLC (“HGI Funding”), entered into a loan agreement, pursuant to which it may borrow up to an aggregate amount of \$150.0 (the “2017 Loan”). The 2017 Loan bears interest at an adjusted International Exchange London Interbank Offered Rate (“LIBOR”), plus 2.35% per annum, payable quarterly and a commitment fee of 75 bps. The 2017 Loan matures on July 13, 2018, with an option for early termination by the borrower. At March 31, 2018, the 2017 Loan was secured by 4.2 million shares of Spectrum Brands owned by a subsidiary of HGI Funding.

HGI Energy

On December 5, 2017, the Company paid off the \$92.0 aggregate principal amount of the HGI Energy Notes, which were previously held by the Insurance Operations.

Spectrum Brands

Term Loans and Revolver Facility

The term loans and Revolver Facility due June 23, 2020 (“Revolver Facility”) are subject to variable interest rates, (i) the U.S. dollar denominated term loan facility (the “USD Term Loan”) is subject to either adjusted LIBOR, plus margin of 2.00% per annum, or a base rate plus margin of 1.00% per annum; (ii) the CAD term loan due June 23, 2022 (“CAD Term Loan”) is subject to either Canadian Dollar Offered Rate, subject to a 0.75% floor plus 3.50% per annum, or base rate with a 1.75% floor plus plus 2.50% per annum; (iii) the Revolver Facility is subject to either adjusted LIBOR plus margin ranging from 1.75% to 2.25% per annum, or base rate plus margin ranging from 0.75% to 1.25% per annum. On March 28, 2018, Spectrum Brands entered into a fifth amendment to the Credit Agreement, expanding the overall capacity of the Revolver Facility by \$100.0 to \$800.0. As a result of borrowings and payments under the Revolver Facility, at March 31, 2018, Spectrum Brands had borrowing availability of \$210.0, net of outstanding letters of credit of \$18.0 and \$1.5 allocated to a foreign subsidiary of Spectrum Brands.

Salus

In February 2013, September 2013 and February 2015, Salus Capital Partners, LLC (“Salus”) completed a collateralized loan obligation (“CLO”) securitization of up to \$578.5 notional aggregate principal amount. At March 31, 2018 and September 30, 2017, the outstanding notional aggregate principal amount of \$77.0 and \$28.9, respectively, was taken up by unaffiliated entities, including the Company’s former subsidiary, FGL, and consisted entirely of subordinated debt in both periods, and \$48.1 was taken up by FGL and included in “Current assets of businesses held for sale” in the accompanying Condensed Consolidated Balance Sheets as of September 30, 2017. The CLO subordinated debt is non-recourse to the Company. The obligations of the securitization is secured by the assets of the variable interest entity, primarily asset-based loan receivables and carry residual interest subject to maintenance of certain covenants. Due to losses incurred in the CLO, at March 31, 2018 and September 30, 2017, the CLO was not accruing interest on the subordinated debt.

Cash Flow Hedges

Interest Rate Swaps. Spectrum Brands uses interest rate swaps to manage its interest rate risk. The swaps are designated as cash flow hedges with the changes in fair value recorded in AOCI and as a derivative hedge asset or liability, as applicable. The swaps settle periodically in arrears with the related amounts for the current settlement period payable to, or receivable from, the counterparties included in accrued liabilities or receivables, respectively, and recognized in earnings as an adjustment to interest from the underlying debt to which the swap is designated. Due to the expected settlement of Spectrum Brands’ Term Loan using proceeds from the GBA divestitures, as discussed in Note 3, Divestitures, a portion of the projected cash flows was no longer deemed probable and therefore de-designated a portion of the hedge as ineffective. At March 31, 2018 and September 30, 2017, Spectrum Brands had a series of U.S. dollar denominated interest rate swaps outstanding which effectively fix the interest on floating rate debt, exclusive of lender spreads, at 1.76% for a notional principal amount of \$300.0 through May 2020. The derivative net gain estimated to be reclassified from AOCI into earnings over the next 12 months is \$0.6, net of tax. Spectrum Brands’ interest rate swaps financial instruments at March 31, 2018 and September 30, 2017 were as follows:

Edgar Filing: HRG GROUP, INC. - Form 10-Q

Commodity Swaps. Spectrum Brands is exposed to risk from fluctuating prices for raw materials, specifically brass used in its manufacturing processes. Spectrum Brands hedges a portion of the risk associated with the purchase of these materials through the use of commodity swaps. The hedge contracts are designated as cash flow hedges with the fair value changes recorded in AOCI and as a hedge asset or liability, as applicable. The unrecognized changes in fair value of the hedge contracts are reclassified from AOCI into earnings when the hedged purchase of raw materials also affects earnings. The swaps effectively fix the floating price on a specified quantity of raw materials through a specified date. At March 31, 2018, Spectrum Brands had a series of brass swap contracts outstanding through August 2019. The derivative net gains estimated to be reclassified from AOCI into earnings over the next 12 months is \$0.1, net of tax. Spectrum Brands had the following commodity swap contracts outstanding as of March 31, 2018 and September 30, 2017:

	March 31, 2018		September 30, 2017	
	Notional	Contract Value	Notional	Contract Value
Brass swap contracts	1.0 Tons	\$ 5.5	1.3 Tons	\$ 6.6

Foreign exchange contracts. Spectrum Brands periodically enters into forward foreign exchange contracts to hedge a portion of the risk from forecasted foreign currency denominated third party and intercompany sales or payments. These obligations generally require Spectrum Brands to exchange foreign currencies for U.S. Dollars, Euros, Canadian Dollars (“CAD”) or Japanese Yen. These foreign exchange contracts are cash flow hedges of fluctuating foreign exchange rates related to sales of product or raw material purchases. Until the sale or purchase is recognized, the fair value of the related hedge is recorded in AOCI and as a derivative hedge asset or liability, as applicable. At the time the sale or purchase is recognized, the fair value of the related hedge is reclassified as an adjustment to “Net sales” or purchase price variance in “Cost of goods sold”, respectively, in the accompanying Condensed Consolidated Statements of Operations. At March 31, 2018, Spectrum Brands had a series of foreign exchange derivative contracts outstanding through September 2019. The derivative net losses estimated to be reclassified from AOCI into earnings over the next 12 months is \$0.1, net of tax. At March 31, 2018 and September 30, 2017, Spectrum Brands had foreign exchange derivative contracts designated as cash flow hedges with a notional value of \$63.3 and \$67.5, respectively.

Net Investment Hedge

On September 20, 2016, SBI issued €425.0 aggregate principal amount of 4.00% Notes due October 1, 2026 (“4.00% Notes”). Spectrum Brands’ 4.00% Notes are denominated in Euros and have been designated as a net investment hedge of the translation of Spectrum Brands’ net investments in Euro denominated subsidiaries at the time of issuance. As a result, the translation of the Euro denominated debt is recognized in AOCI with any ineffective portion recognized as foreign currency translation gains or losses in the accompanying Condensed Consolidated Statements of Operations when the aggregate principal exceeds the net investment in its Euro denominated subsidiaries. Net gains or losses from the net investment hedge are reclassified from AOCI into earnings upon a liquidation event or deconsolidation of Euro denominated subsidiaries. As of March 31, 2018, the hedge was fully effective and no ineffective portion was recognized in earnings.

Derivative Contracts Not Designated as Hedges for Accounting Purposes

Foreign exchange contracts. Spectrum Brands periodically enters into forward and swap foreign exchange contracts to economically hedge a portion of the risk from third party and intercompany payments resulting from existing obligations. These obligations generally require Spectrum Brands to exchange foreign currencies for U.S. Dollars, CAD, Euros, Pounds Sterling, Taiwanese Dollars, Hong Kong Dollars or Australian Dollars. These foreign exchange contracts are fair value hedges of a related liability or asset recorded in the accompanying Condensed Consolidated Balance Sheets. The gain or loss on the derivative hedge contracts is recorded in earnings as an offset to the change in value of the related liability or asset at each period end. At March 31, 2018, Spectrum Brands had a series of forward exchange contracts outstanding through April 2018. At March 31, 2018 and September 30, 2017, Spectrum Brands had \$82.3 and \$62.9, respectively, of notional value of such foreign exchange derivative contracts outstanding.

Spectrum Brands is exposed to the risk of default by the counterparties with which Spectrum Brands transacts and generally does not require collateral or other security to support financial instruments subject to credit risk. Spectrum Brands monitors counterparty credit risk on an individual basis by periodically assessing each counterparty's credit rating exposure. The maximum loss due to credit risk equals the fair value of the gross asset derivatives that are concentrated with certain domestic and foreign financial institution counterparties. Spectrum Brands considers these exposures when measuring its credit reserve on its derivative assets, which was less than \$0.1 as of March 31, 2018 and September 30, 2017.

Spectrum Brands' standard contracts do not contain credit risk related contingent features whereby Spectrum Brands would be required to post additional cash collateral as a result of a credit event. However, Spectrum Brands is typically required to post collateral in the normal course of business to offset its liability positions. As of March 31, 2018 and September 30, 2017, there was no cash collateral outstanding. In addition, as of March 31, 2018 and September 30, 2017, Spectrum Brands had no posted standby letters of credit related to such liability positions. The following tables summarize the impact of the effective portion of Spectrum Brands' derivative instruments in the accompanying Condensed Consolidated Statements of Operations for the three and six months ended March 31, 2018 and 2017, pre-tax:

(12) Fair Value of Financial Instruments

Spectrum Brands utilizes valuation techniques that attempt to maximize the use of observable inputs and minimize the use of unobservable inputs. Spectrum Brands' derivative assets and liabilities are valued on a recurring basis using internal models, which are based on market observable inputs including interest rate curves and both forward and spot prices for currencies and commodities, which are generally based on quoted or observed market prices and classified as Level 2. The fair value of certain derivatives is estimated using pricing models based on contracts with similar terms and risks. Modeling techniques assume market correlation and volatility, such as using prices of one delivery point to calculate the price of the contract's different delivery point. The nominal value of interest rate transactions is discounted using applicable forward interest rate curves. In addition, by applying a credit reserve which is calculated based on credit default swaps or published default probabilities for the actual and potential asset value, the fair value of Spectrum Brands' derivative assets reflects the risk that the counterparties to these contracts may default on the obligations. Likewise, by assessing the requirements of a reserve for non-performance which is calculated based on the probability of default by Spectrum Brands, it adjusts its derivative liabilities to reflect the price at which a potential market participant would be willing to assume Spectrum Brands' liabilities. Spectrum Brands has not changed its valuation techniques in measuring the fair value of any derivative assets and liabilities during the quarter.

Table of Contents

The Company's consolidated assets and liabilities measured at fair value are summarized according to the hierarchy previously described as follows:

	March 31, 2018				September 30, 2017			
	Level 1	Level 2	Level 3	Fair Value	Level 1	Level 2	Level 3	Fair Value

Derivative Liabilities	—	1.1	—	1.1	—	3.3	—	3.3

See Note 11, Derivative Financial Instruments, for additional detail.

Non-Recurring Fair Value Measurements

Goodwill, intangible assets and other long-lived assets are tested annually or more frequently if an event occurs that indicates an impairment loss may have been incurred using fair value measurements with unobservable inputs (Level 3).

Financial Assets and Liabilities Not Measured at Fair Value

The carrying amount, estimated fair value and the level of the fair value hierarchy of the Company's financial instruments which are not measured at fair value in the accompanying Condensed Consolidated Balance Sheets are summarized as follows:

	March 31, 2018			
	Level 1	Level 2	Level 3	Fair Value Carrying Amount
Total debt	\$—	\$5,441.5	\$—	\$5,441.5 \$5,318.7

	Level 1	Level 2	Level 3	Fair Value Carrying Amount
Total debt	\$—	\$5,839.0	\$92.0	\$5,931.0 \$5,705.1

The carrying value of cash and cash equivalents, receivables and payables approximate fair value due to their short duration and, accordingly, they are not presented in the tables above. The fair value of debt set forth above is generally based on quoted or observed market prices.

(13) Stock-Based Compensation

The Company recognized consolidated stock-based compensation (income) expense of \$(3.1) and \$14.0 during the three months ended March 31, 2018 and 2017, respectively, and \$1.1 and \$23.5 during the six months ended March 31, 2018 and 2017, respectively. Stock-based compensation expense is principally included in "Selling, acquisition, operating and general expenses" in the accompanying Condensed Consolidated Statements of Operations.

The total intrinsic value of HRG's share options exercised during the six months ended March 31, 2018 was \$18.2, for which HRG received cash of \$10.1 in settlement. Under HRG's executive compensation plan for the six months ended March 31, 2018, executives will be paid in cash. In addition,

Table of Contents

at the discretion of the Board, executives may from time to time be granted stock, stock options, and shares of restricted stock.

As of March 31, 2018, HRG had \$0.7 of total unrecognized compensation cost related to unvested share-based compensation agreements previously granted, which is expected to be recognized over a weighted-average period of 1.11 years.

The fair values of HRG's restricted stock and restricted stock unit awards are determined based on the market price of HRG's common stock on the grant date. The fair value of HRG's stock option awards and warrants are determined using the Black-Scholes option pricing model.

The following assumptions were used in the determination of these grant date fair values for HRG's options awarded using the Black-Scholes option pricing model:

	Six months ended March 31,	
	2018	2017
Risk-free interest rate	0.00%	1.80% to 2.25%
Assumed dividend yield	—%	—%
Expected option term	0.0 years	5.0 to 6.5 years
Volatility	—%	35.1% to 37.5%

The weighted-average remaining contractual term of HRG's outstanding stock option awards and warrants at March 31, 2018 was 3.70 years.

Spectrum Brands measures share-based compensation expense of restricted stock units based on the fair value of the awards, as determined by the market price of the Spectrum Brands' shares on the grant date and recognizes these costs on a straight-line basis over the requisite service period of the awards. Certain of Spectrum Brands' restricted stock units are performance-based awards that are dependent upon achieving specified financial metrics over a designated period of time. In addition to restricted stock units, Spectrum Brands also provides for a portion of its annual management incentive compensation plan to be paid in common stock of Spectrum Brands, in lieu of cash payment, and is considered a liability plan.

The total market value Spectrum Brands' restricted stock units on the dates of the grants was approximately \$69.5. The remaining unrecognized pre-tax compensation cost related to restricted stock units at March 31, 2018 was \$3.5.

(14) Employee Benefit Obligations**Defined Benefit Plans****HRG**

HRG has a noncontributory defined benefit pension plan (the "HRG Pension Plan") covering certain of its former U.S. employees. During 2006, the HRG Pension Plan was frozen which caused all existing participants to become fully vested in their benefits.

Additionally, HRG has an unfunded supplemental pension plan (the "Supplemental Plan") which provides supplemental retirement payments to certain former senior executives of HRG. The amounts of such payments equal the difference between the amounts received under the HRG Pension Plan and the amounts that would otherwise be received if HRG Pension Plan payments were not reduced as the result of the limitations upon compensation and benefits imposed by Federal law. Effective December 1994, the Supplemental Plan was frozen.

On November 15, 2017, the Company's Board of Directors approved the termination of the HRG Pension Plan, which is a legacy plan. As of March 31, 2018 and September 30, 2017, the HRG Pension Plan's projected benefit obligation was \$15.4 and \$15.6, respectively, and the fair value of plan assets was \$11.2 and \$11.6, respectively. The HRG Pension Plan's termination date is February 15, 2018. The Company expects to purchase annuity contracts in the third quarter of Fiscal 2018 to settle the Company's obligations to the HRG Pension Plan's participants. The Company accrued a \$1.6 liability as of March 31, 2018 for the estimated additional cost to settle the HRG Pension Plan above the \$4.2 unfunded benefit obligation amount.

(15) Income Taxes

For the three and six months ended March 31, 2018, the Company's effective tax rate of 3.1% and 147.2%, respectively, differed from the expected U.S. statutory tax rate of 35.0% and 21.0% for calendar 2017 and 2018, respectively, and was significantly impacted by the Tax Cuts and Jobs Act (the "Tax Reform Act") and U.S. pretax losses in the Company's Corporate and Other Segment where tax benefits are not more-likely-than-not to be realized resulting in the recording of valuation allowance. The Tax Reform Act reduces the U.S. corporate income tax rate from a maximum of 35.0% to a flat 21.0% rate, effective January 1, 2018. During the six months ended March 31, 2017, Spectrum Brands recorded a provisional \$206.7 tax benefit for revaluation of U.S. deferred tax assets and liabilities and a provisional \$78.0 of income tax expense for the one-time deemed mandatory repatriation for the six months ended March 31, 2018. Spectrum Brands also recognized a \$10.4 benefit associated with the release of valuation allowance during the three months ended March 31, 2018.

For the three and six months ended March 31, 2017, the Company's effective tax rate of 148.1% and (146.5)%, respectively,

Table of Contents

differed from the expected U.S. statutory tax rate of 35.0% and was impacted by U.S. pretax losses in the Company's Corporate and Other segment where the tax benefits are not more-likely-than-not to be realized resulting in the recording of valuation allowance.

HRG

At September 30, 2017, HRG had approximately \$1,524.3 of gross U.S. Federal net operating loss ("NOL") carryforwards (inclusive of \$151.1 attributable to FGL's non-life subsidiaries), which, if unused, will expire in tax years ending December 31, 2028 through 2037. At September 30, 2017, HRG had approximately \$315.9 of gross U.S. Federal capital loss carryforwards (inclusive of \$15.0 attributable to FGL's non-life subsidiaries), which, if unused, will expire in tax years December 31, 2019 through 2022. Approximately \$387.9 of HRG's gross U.S. Federal NOL is subject to limitations under Sections 382 of the Internal Revenue Code. The majority of HRG's NOL and capital loss carryforwards have historically been subject to valuation allowances, as HRG concluded that all or a portion of the related tax benefits are not more-likely-than-not to be realized.

On December 22, 2017, the Tax Reform Act was signed into law. The legislation significantly changes U.S. tax law by, among other things, lowering corporate income tax rates, implementing a dividends received deduction for dividends from foreign subsidiaries and imposing a tax on deemed repatriated accumulated earnings of foreign subsidiaries. The Tax Reform Act reduces the U.S. corporate income tax rate from a maximum of 35.0% to a flat 21.0% rate, effective January 1, 2018. HRG is a calendar year taxpayer, therefore HRG will be using the flat 21.0% rate for the January 1 to September 30, 2018 tax period and 35.0% for the October 1 to December 31, 2017 tax period. However, Spectrum Brands files its U.S. tax returns on a September fiscal year basis, its U.S. tax rate for Fiscal 2018 will be a blended rate of 24.53%. In response to the enactment of the Tax Reform Act, the SEC staff issued Staff Accounting Bulletin No. 118 ("SAB 118") to address the application of U.S. GAAP in situations when a registrant does not have the necessary information available, prepared, or analyzed (including computations) in reasonable detail to complete the accounting for the transition adjustment for certain income tax effects of the Tax Reform Act. SAB 118 allows registrants to record provisional amounts during a one year measurement period in a manner similar to accounting for business combinations. The Company has followed the SAB 118 guidance.

As a result of the new corporate tax rate, HRG is required to account for the effects of the change in tax law on its deferred tax balances as of the December 22, 2017 enactment date. HRG revalued its deferred tax balances applying the 21.0% tax rate based on the rate at which the deferred tax balances are expected to reverse in the future. As a result, HRG recognized a \$287.2 reduction of tax benefits attributable to its net deferred tax assets. The reduction in tax benefits was fully offset by a reduction in the deferred tax asset valuation allowance. Accordingly, the revaluation of deferred at 21.0% has no impact on the accompanying Condensed Consolidated Statements of Operations for HRG, excluding Spectrum Brands, for the three and six months ended March 31, 2018. HRG's valuation allowance at March 31, 2018 and September 30, 2017 totaled \$441.2 and \$703.2, respectively, (inclusive of \$34.4 and \$58.1, respectively, attributable to FGL's non-life subsidiaries). The decrease in HRG's valuation allowance was primarily due to the reduction of HRG's deferred tax assets and liabilities as a result of the change in U.S. Federal tax rate, which is discussed further above.

Spectrum Brands

Spectrum Brands revalued its ending net deferred tax liabilities at December 31, 2017 and recognized a provisional \$206.7 tax benefit in its income from continuing operations for the six months ended March 31, 2018. Spectrum Brands determined the impact of the U.S. federal corporate income tax rate change on the U.S. deferred tax assets and liabilities is provisional because certain of the timing differences reversing at Spectrum Brands' Fiscal 2018 blended rate must be estimated until the Fiscal 2018 reversing timing differences are known.

During the three months ended March 31, 2018, Spectrum Brands released \$4.9 of valuation allowance against its U.S. federal and state capital losses as a result of the announced sale of the GBL business to Energizer. Spectrum Brands also released \$5.5 of valuation allowance against its U.S. state NOL deferred tax assets since the projected U.S. tax gain on the sale makes it more likely than not that the additional tax benefits will be realized.

Spectrum Brands recognized the provisional tax impacts related to deemed repatriated earnings of \$78.0 and the revaluation of deferred tax assets and liabilities mentioned above and included these amounts in the Condensed Consolidated Financial Statements for the six months ended March 31, 2018. The ultimate impact may differ from

these provisional amounts, possibly materially, due to, among other things, additional analysis, changes in interpretations and assumptions Spectrum Brands has made, additional regulatory guidance that may be issued, and actions Spectrum Brands may take as a result of the Tax Reform Act. The accounting is expected to be complete when the Fiscal 2018 U.S. corporate income tax return is filed in 2019.

As of March 31, 2018, Spectrum Brands recorded \$35.9 of valuation allowance against its U.S. state NOLs. It remains unclear which of the Tax Reform Act provisions will be adopted by each of the U.S. states. State conformity to the provisions of the Tax Reform Act could have a material impact on the valuation allowance recorded on U.S. state NOLs.

Spectrum Brands is actively marketing the HPC business and expects to consummate a sale prior to December 31, 2018. If the portion of the purchase price allocated to the U.S. is sufficient, there is a reasonable possibility that Spectrum Brands could release valuation allowance on \$41.9 of federal NOLs currently subject to certain limits, and additional valuation allowance on

Table of Contents

U.S. state NOLs. Spectrum Brands does not have sufficient certainty around the purchase price or the amount that would be allocated to the U.S. to conclude that utilization of these net operating losses is more likely than not. The Tax Reform Act provided for a one-time deemed mandatory repatriation of post-1986 undistributed foreign subsidiary earnings and profits (“E&P”). Spectrum Brands had an estimated \$613.1 of undistributed foreign E&P subject to the deemed mandatory repatriation and recognized a provisional \$78.0 of income tax expense in its net income from continuing operations for the six months ended March 31, 2018. The mandatory repatriation tax is payable over eight years, with the first payment due January 2019, therefore \$6.3 of the repatriation tax liability is classified as “Other current liabilities” and \$71.7 as “Other long-term liabilities” in the accompanying Condensed Consolidated Balance Sheets as of March 31, 2018. The provisional tax expense for the mandatory repatriation is based on currently available information and additional information needs to be prepared, obtained and analyzed in order to determine the final amount, including further analysis of certain foreign exchange gains or losses, earnings and profits, foreign tax credits, and estimated cash and cash equivalents as of the measurement dates in the Tax Reform Act. Tax effects for changes to these items will be recorded in a subsequent quarter, as discrete adjustments to Spectrum Brands’ income tax provision, once complete.

The Tax Reform Act provides for additional limitations on the deduction of business interest expense, effective with Spectrum Brands’ Fiscal 2019 tax year. Unused interest deductions can be carried forward and may be used in future years to the extent the interest limitation is not exceeded in those periods. It is possible that a portion of Spectrum Brands’ future U.S. interest expense could be nondeductible and impact Spectrum Brands’ effective tax rate.

The Tax Reform Act also contains additional limits on deducting compensation, including performance-based compensation, in excess of \$1.0 paid to certain executive officers for any fiscal year, effective with Spectrum Brands’ Fiscal 2019 tax year. Spectrum Brands’ future compensation payments will be subject to these limits, which could impact Spectrum Brands’ effective tax rate.

Spectrum Brands continues to review the anticipated impacts of the global intangible low taxed income (“GILTI”) and base erosion anti-abuse tax (“BEAT”) on Spectrum Brands, which are not effective until fiscal year 2019. Spectrum Brands has not recorded any impact associated with either GILTI or BEAT in the tax rate for the six months ended March 31, 2018. The FASB allows an accounting policy election of either recognizing deferred taxes for temporary differences expected to reverse as GILTI in future years or treating such taxes as a current-period expense when incurred. Due to the complexity of calculating GILTI under the new law, Spectrum Brands has not determined which method they will apply.

Spectrum Brands has recognized the provisional tax impacts related to deemed repatriated earnings and the revaluation of deferred tax assets and liabilities and included these amounts in the Condensed Consolidated Financial Statements for the three and six months ended March 31, 2018. The ultimate impact may differ from these provisional amounts, possibly materially, due to, among other things, additional analysis, changes in interpretations and assumptions Spectrum Brands has made, additional regulatory guidance that may be issued, and actions Spectrum Brands may take as a result of the Tax Reform Act.

(16) Related Party Transactions

On October 16, 2017, the Company entered into an engagement letter with Jefferies LLC (“Jefferies”), a wholly owned subsidiary of Leucadia National Corporation (“Leucadia”) a significant stockholder of HRG. Pursuant to the Jefferies engagement letter (as amended, the “Jefferies Engagement Letter”), Jefferies agreed to act as co-advisor to the Company (with the other co-advisors acting as lead financial advisor to the Company) with respect to the Company’s review of strategic alternatives. Under the Jefferies Engagement Letter, Jefferies is entitled to receive up to a \$3.0 transaction fee, which may be increased by another \$1.0 at the sole discretion of the Company, and reimbursement for all reasonable out of pocket expenses incurred by Jefferies in connection therewith. In addition, the Company has agreed to indemnify Jefferies for certain liabilities in connection with such engagement.

As previously disclosed, on February 24, 2018, in connection with the Merger with Spectrum Brands, HRG entered into Voting Agreements with Spectrum Brands, our majority-owned subsidiary, CF Turul LLC and Leucadia, each of which is a significant stockholder of ours. The Voting Agreements require HRG, CF Turul LLC and Leucadia to vote in favor of the Merger, subject to certain terms and conditions. In addition, on such date, HRG entered into a

Shareholder Agreement with Leucadia, which addresses certain rights that Leucadia will have following the completion of the Merger.

Legal and Environmental Matters

The Company and its subsidiaries are involved in litigation and claims arising out of their prior businesses and arising in the ordinary course out of their current businesses, which include, among other things, indemnification and other claims and litigations involving HRG's and its subsidiaries' business practices, transactions, workers compensation matters, environmental matters, and personal injury claims. However, based on currently available information, including legal defenses available to the Company, and given the Company's existing accruals and related insurance coverage, the Company does not believe that the outcome of these legal, environmental and regulatory matters will have a material effect on its financial position, results of operations or

Table of Contents

cash flows.

HRG

HRG is a defendant in various litigation matters, including litigation arising out of its legacy and/or disposed of businesses. HRG does not believe that any of the matters or proceedings presently pending will have a material adverse effect on its results of operations, financial condition, liquidity or cash flows. See discussion above under the heading “Legal and Environmental Matters”.

Spectrum Brands

Spectrum Brands is a defendant in various litigation matters generally arising out of the ordinary course of business. Spectrum Brands does not believe that any of the matters or proceedings presently pending will have a material adverse effect on its results of operations, financial condition, liquidity or cash flows.

Environmental. Spectrum Brands has provided for the estimated costs of \$4.2 and \$4.4 as of March 31, 2018 and September 30, 2017, respectively, associated with environmental remediation activities at some of its current and former manufacturing sites. Spectrum Brands believes that any additional liability in excess of the amounts provided that may result from resolution of these matters, will not have a material adverse effect on the financial condition, results of operations or cash flows of Spectrum Brands.

Product Liability. Spectrum Brands may be named as a defendant in lawsuits involving product liability claims. Spectrum Brands has recorded and maintains an estimated liability in the amount of management’s estimate for aggregate exposure for such liabilities based upon probable loss from loss reports, individual cases, and losses incurred but not reported. As of March 31, 2018 and September 30, 2017, Spectrum Brands recognized \$4.6 and \$5.3 in product liability accruals, respectively, included in “Other current liabilities” in the accompanying Condensed Consolidated Balance Sheets. Spectrum Brands believes that any additional liability in excess of the amounts provided that may result from resolution of these matters, will not have a material adverse effect on the consolidated financial condition, results of operations or cash flows of Spectrum Brands.

Product Warranty. Spectrum Brands recognizes an estimated liability for standard warranty on certain products when revenue on the sale of the warranted products is recognized. Estimated warranty costs incorporate replacement parts, products and delivery, and are recorded as a cost of goods sold at the time of product shipment based on historical and projected warranty claim rates, claims experience and any additional anticipated future costs on previously sold products. Spectrum Brands recognized \$6.8 and \$6.4 of warranty accruals as of March 31, 2018 and September 30, 2017, respectively, included in “Other current liabilities” in the accompanying Condensed Consolidated Balance Sheets.

Product Safety Recall. On June 10, 2017, Spectrum Brands initiated a voluntary safety recall of various rawhide chew products for dogs sold by Spectrum Brands due to possible chemical contamination. As a result, Spectrum Brands recognized a loss related to the recall of \$3.8 and \$11.1 for the three and six months ended March 31, 2018, respectively, which comprised of inventory write-offs of \$1.6 for the six months ended March 31, 2018 for inventory at Spectrum Brands’ distribution centers and production facilities that were considered obsolete and disposed customer losses of \$0.7 and \$1.1, respectively, for returned or disposed product held by Spectrum Brands’ customers, and \$3.1 and \$8.4, respectively, for the three and six months ended March 31, 2018 of incremental costs for disposal and operating costs during a temporary shutdown and subsequent start up of production facilities impacted by the recall. Spectrum Brands suspended production at facilities impacted by the product safety recall, completed a comprehensive manufacturing review and subsequently recommenced production during the fiscal year ended September 30, 2017. The impacted production facilities are subject to incremental costs during start-up requiring alternative treatment on affected product SKUs until appropriate regulatory approvals have been received. The amounts for customer losses reflect the cost of the affected products returned to or replaced by Spectrum Brands and the expected cost to reimburse customers for costs incurred by them related to the recall. The incremental costs incurred directly by Spectrum Brands do not include lost earnings associated with interruption of production at Spectrum Brands’ facilities, or the costs to put into place corrective and preventative actions at those facilities. Spectrum Brands’ estimates for losses related to the recall are provisional and were determined based on an assessment of information currently available and may be revised in subsequent periods as Spectrum Brands continues to work with its customers to substantiate claims received to date and any additional claims that may be received. There have been no lawsuits or claims filed against Spectrum Brands related to the recalled product.

(18) Segment Data

The Company's reportable business segments are organized in a manner that reflects how HRG's management views those business activities. Accordingly, the Company currently presents the results from its business operations in two reporting segments: (i) Consumer Products and (ii) Corporate and Other. Refer to Note 20, Consolidating Financial Information, for disclosure of total assets for each segment.

(20) Consolidating Financial Information

The following schedules present the Company’s accompanying Condensed Consolidated Balance Sheets information at March 31, 2018 and September 30, 2017, and accompanying Condensed Consolidated Statements of Operations information for the six months ended March 31, 2018 and 2017. These schedules present the individual segments of the Company and their contribution to the Condensed Consolidated Financial Statements. Amounts presented will not necessarily be the same as those in the individual financial statements of the Company’s subsidiaries due to adjustments for purchase accounting, income taxes and noncontrolling interests.

The Corporate and Other and Eliminations column primarily reflects the parent company’s investment in its subsidiaries, invested cash portfolio and corporate debt, and the results of Salus and HGI Energy. Reflected in Corporate and Other and Eliminations is also \$70.3 of negative book value of HGI Asset Management Holdings LLC as of March 31, 2018, which is primarily attributable to historical loan losses incurred by Salus. The elimination adjustments are for intercompany assets and liabilities, adjustments to align segment accounting policies with the consolidated basis, interest and dividends, the parent company’s investment in capital stocks of subsidiaries, and various reclasses of debit or credit balances to the amounts in consolidation. Purchase accounting adjustments have been pushed down to the appropriate subsidiary.

We currently present the results of our operations in two reportable segments: (i) Consumer Products, which consists of Spectrum Brands; and (ii) Corporate and Other, which includes the holding company at HRG and other subsidiaries of HRG.

Through Spectrum Brands, we are a diversified global branded consumer products company with positions in the following major product lines and categories: global pet supplies, home and garden control products, hardware and home improvement products and global auto care. Spectrum Brands manufactures, markets and/or distributes its products in approximately 160 countries in the North America ("NA"), Europe, Middle East & Africa ("EMEA"), Latin America ("LATAM") and Asia-Pacific ("APAC") regions through a variety of trade channels, including retailers, wholesalers and distributors, original equipment manufacturers ("OEMs"), construction companies and hearing aid professionals.

Spectrum Brands' operating performance is influenced by a number of factors including: general economic conditions; foreign exchange fluctuations; trends in consumer markets; consumer confidence and preferences; overall product line mix, including pricing and gross margin, which vary by product line and geographic region; pricing of certain raw materials and commodities; energy and fuel prices; and general competitive positioning, especially as impacted by competitors' advertising and promotional activities and pricing strategies.

Effective December 29, 2017, Spectrum Brands' Board of Directors approved a plan to explore strategic alternatives, including the planned sale of Spectrum Brands' Global Batteries & Appliances ("GBA") segment. On January 15, 2018, Spectrum Brands entered into a definitive acquisition agreement with Energizer Holdings, Inc. ("Energizer") pursuant to which Energizer has agreed to acquire from Spectrum Brands its Global Battery and Lighting ("GBL") business for an aggregate purchase price of \$2.0 billion in cash (the "GBL Purchase Price"), subject to customary purchase price adjustments. The GBL business is part of Spectrum Brands' GBA business, which also includes shared operations and assets of the remaining components of Spectrum Brands' Home and Personal Care ("HPC") business. Spectrum Brands is actively marketing its HPC business with interested parties for a separate transaction(s) expected to be entered into

and consummated prior to December 31, 2018. As a result, Spectrum Brands' assets and liabilities associated with the GBA segment have been classified as held for sale in the accompanying Condensed Consolidated Balance Sheets and the respective operations of the GBA segment have been classified as discontinued operations in the accompanying Condensed Consolidated Statements of Operations and the Condensed Consolidated Statements of Cash Flows; and reported separately for all periods presented as the disposition represents a strategic shift that will have a major effect on Spectrum Brands' operations and financial results. See Note 3, Divestitures, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for additional information.

On November 30, 2017, Fidelity & Guaranty Life ("FGL"), a former majority owned subsidiary of the Company, completed its merger (the "FGL Merger") with CF Corporation and its related entities (collectively, the "CF Entities") pursuant to its previously disclosed Agreement and Plan of Merger (the "FGL Merger Agreement"). Pursuant to the FGL Merger Agreement, except for certain shares specified in the FGL Merger Agreement, each issued and outstanding share of common stock of FGL was

automatically cancelled and converted into the right to receive \$31.10 in cash. In addition, pursuant to a Share Purchase Agreement, on November 30, 2017, Front Street Re (Delaware) Ltd., a wholly-owned subsidiary of HRG, sold to the CF Entities (such sale, the “Front Street Sale”) all of the issued and outstanding shares of its former wholly-owned subsidiaries, Front Street Re Cayman Ltd. and Front Street Re Ltd (such entities together, “Front Street”, and together with FGL, the “Insurance Operations”). The purchase price for the Front Street Sale was \$65.0 million, subject to reduction for customary transaction expenses. In addition, \$6.5 million of the purchase price was deposited in escrow for a period of 15 months to support any indemnification claims that might be made (if any) by the CF Entities. Pursuant to the Share Purchase Agreement, on December 5, 2017, the Company repaid the \$92.0 million of notes (such notes, the “HGI Energy Notes”) issued by HGI Energy, which were held directly and indirectly by Front Street and FGL. As a result of the completion of the FGL Merger and the Front Street Sale, HRG no longer has any equity interest in FGL or Front Street and our former Insurance Operations segment is presented as discontinued operations for prior periods.

Finally, as previously disclosed, on May 24, 2017, HRG, FS Holdco II Ltd. (“FS Holdco”) and the CF Entities entered into an agreement (the “338 Agreement”) pursuant to which the CF Entities agreed that FS Holdco may, at its option, cause the relevant CF Entity and FS Holdco to make a joint election under Section 338(h)(10) of the Internal Revenue Code of 1986, as amended, with respect to the FGL Merger and the deemed share purchases of FGL’s subsidiaries (the “338 Tax Election”). On March 8, 2018, FS Holdco exercised the 338 Tax Election. In connection with such election, the CF Entities are required to pay FS Holdco \$26.6 million on or before May 21, 2018, which is included in “Other receivables, net” in the accompanying Condensed Consolidated Balance Sheets as of March 31, 2018.

Tax Reform

On December 22, 2017, the Tax Cuts and Jobs Act (the “Tax Reform Act”) was signed into law. The legislation significantly changes U.S. tax law by, among other things, lowering corporate income tax rates, implementing a dividends received deduction for dividends from foreign subsidiaries and imposing a tax on deemed repatriated accumulated earnings of foreign subsidiaries. The Tax Reform Act reduces the U.S. corporate income tax rate from a maximum of 35% to a flat 21% rate, effective January 1, 2018. The Company has recognized the provisional tax impacts related to deemed repatriated earnings and the revaluation of deferred tax assets and liabilities and included these amounts in its Condensed Consolidated Financial Statements for the Fiscal 2018 Six Months. The ultimate impact may differ from these provisional amounts, possibly materially, due to, among other things, additional analysis, changes in interpretations and assumptions the Company has made, additional regulatory guidance that may be issued, and actions the Company may take as a result of the Tax Reform Act. See Note 15, Income Taxes, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for additional information.

Highlights for the Fiscal 2018 Quarter and the Fiscal 2018 Six Months:

Significant Transactions and Activity

Consumer Products Segment

As disclosed above, effective December 29, 2017, Spectrum Brands approved a plan to explore strategic alternatives, including the planned sale of the GBA segment. As a result, Spectrum Brands' GBA segment has been classified as held for sale in the accompanying Condensed Consolidated Balance Sheets and as discontinued operations in the accompanying Condensed Consolidated Statements of Operations and the Condensed Consolidated Statements of Cash Flows; and reported separately for all periods presented.

On January 15, 2018, Spectrum Brands entered into a definitive acquisition agreement (the "GBL Sale Agreement") with Energizer. On the terms and subject to the conditions set forth in the GBL Sale Agreement, Energizer has agreed to acquire from Spectrum Brands its GBL business for the GBL Purchase Price of \$2.0 billion, subject to customary purchase price adjustments.

On February 24, 2018, the Company entered into an Agreement and Plan of Merger (the "Merger Agreement") with Spectrum Brands, HRG SPV Sub I, Inc., a Delaware corporation and direct wholly owned subsidiary of HRG ("Merger Sub 1"), and HRG SPV Sub II, LLC, a Delaware limited liability company and a direct wholly owned subsidiary of HRG ("Merger Sub 2", and together with Merger Sub 1, "Merger Sub"), providing for the acquisition of Spectrum Brands by HRG (the "Merger") in exchange for HRG equity.

On March 28, 2018, Spectrum Brands entered into a fifth amendment to the Credit Agreement, expanding the overall capacity of the Revolver Facility by \$100.0 million to \$800.0 million. As a result of borrowings and payments under the Revolver Facility, at March 31, 2018, Spectrum Brands had borrowing availability of \$210.0 million, net of outstanding letters of credit of \$18.0 million and \$1.5 million allocated to a foreign subsidiary of Spectrum Brands.

Corporate and Other

On December 5, 2017, the Company paid off the \$92.0 million aggregate principal amount of the HGI Energy Notes.

On January 16, 2018, HRG redeemed all \$864.4 million outstanding principal amount of its 7.875% Senior Secured Notes due 2019 (the "7.875% Notes") at a redemption price equal to 100.0% of the principal amount thereof, plus accrued and unpaid interest to the redemption date.

Discontinued Operations

On November 30, 2017, FGL completed the FGL Merger with CF Corporation and the CF Entities pursuant to the FGL Merger Agreement. Pursuant to the FGL Merger Agreement, except for certain shares specified in the FGL Merger Agreement, each issued and outstanding share of common stock of FGL was automatically cancelled and converted into the right to receive \$31.10 in cash. The total consideration received by the Company as a result of the completion of the FGL Merger was \$1,518.3 million, which includes \$26.6 million related to the 338 Tax Election. In addition, pursuant to a Share Purchase Agreement, on November 30, 2017, Front Street Re (Delaware) Ltd. sold to the CF Entities all of the issued and outstanding shares of Front Street for \$65.0 million, which is subject to reduction for customary transaction expenses. In addition, \$6.5 million of the purchase price was deposited in escrow for a period of 15 months to support any indemnification claims that might be made (if any) by the CF Entities.

As previously disclosed, on May 24, 2017, HRG, FS Holdco and the CF Entities entered into the 338 Agreement pursuant to which the CF Entities agreed that FS Holdco may, at its option, cause the relevant CF Entity and FS Holdco to make a joint 338 Tax Election. Pursuant to the 338 Agreement, if FS Holdco elects to make the 338 Tax Election, FS Holdco and/or CF Corporation will be required to make a payment for the election to the other. On March 8, 2018, FS Holdco exercised the 338 Tax Election. In connection with such election, the CF Entities are required to pay FS Holdco \$26.6 million on or before May 21, 2018, which is included in "Other receivables, net" in the accompanying Condensed Consolidated Balance Sheets as of March 31, 2018.

Key financial highlights

Net loss from continuing operations attributable to controlling interest increased \$13.1 million to \$37.5 million, or \$0.18 per basic and diluted common share attributable to controlling interest in the Fiscal 2018 Quarter, compared to \$24.4 million, or \$0.12 per basic and diluted common share attributable to controlling interest in the Fiscal 2017 Quarter. The increase in net loss per share was primarily due to lower operating profit in the Consumer Products segment.

Corporate cash and cash equivalents were approximately \$616.8 million at March 31, 2018.

Our Consumer Products segment's operating income for the Fiscal 2018 Quarter decreased \$61.7 million, or 58.9%, to \$43.1 million from \$104.8 million for the Fiscal 2017 Quarter. The decrease was primarily due to lower gross margin, incremental restructuring and related charges of \$15.2 million and \$11.6 million costs associated with the Merger.

Table of Contents

Our Consumer Products segment's adjusted earnings before interest, taxes, depreciation and amortization ("Adjusted EBITDA" see additional discussion included in the "Non-GAAP Measurements" section below) of \$115.6 million decreased compared to Adjusted EBITDA of \$160.2 million for the Fiscal 2017 Quarter. Adjusted EBITDA margin represented 15.1% of sales as compared to 21.2% in the Fiscal 2017 Quarter.

Our Corporate and Other segment's operating loss for the Fiscal 2018 Quarter increased \$4.7 million to \$14.2 million from \$9.5 million for the Fiscal 2017 Quarter primarily due to an increase in transaction costs associated with the Merger of \$3.6 million and an increase in severance expenses of \$1.7 million.

During the Fiscal 2018 Six Months, we received cash dividends of approximately \$28.8 million from Spectrum Brands and \$3.1 million from FGL.

Revenues. Revenues for the Fiscal 2018 Quarter increased \$8.7 million, or 1.1%, to \$766.1 million from \$757.4 million for the Fiscal 2017 Quarter. Revenues for the Fiscal 2018 Six Months increased \$52.9 million, or 3.9%, to \$1,412.6 million from \$1,359.7 million for the Fiscal 2017 Six Months. The increases were due to higher net sales from our Consumer Products segment.

Consolidated operating income. Consolidated operating income for the Fiscal 2018 Quarter decreased \$66.4 million, or 69.7%, to \$28.9 million from \$95.3 million for the Fiscal 2017 Quarter. Consolidated operating income for the Fiscal 2018 Six Months decreased \$81.1 million, or 59.4%, to \$55.5 million from \$136.6 million for the Fiscal 2017 Six Months. These decreases were primarily driven by our Consumer Products segment's incremental input costs, inflation in raw material costs, and operating inefficiencies in restructuring initiatives along with increased production costs associated with start-up costs on facilities impacted by the product safety recall.

Interest expense. Interest expense decreased \$10.1 million to \$67.6 million for the Fiscal 2018 Quarter from \$77.7 million for the Fiscal 2017 Quarter, and decreased \$13.3 million to \$143.1 million for the Fiscal 2018 Six Months from \$156.4 million for the Fiscal 2017 Six Months primarily attributable to the redemption of the 7.875% Notes during the Fiscal 2018 Quarter.

Other income (expense), net. Other income increased \$1.6 million to \$0.2 million for the Fiscal 2018 Quarter from \$1.4 million other expense for the Fiscal 2017 Quarter. Other income increased \$1.6 million to \$1.2 million for the Fiscal 2018 Six Months from \$0.4 million other expense for the Fiscal 2017 Six Months. These increases were primarily driven by interest income on corporate cash.

Income Taxes. Our tax rates are affected by many factors, including our mix of worldwide earnings related to operations in various taxing jurisdictions, changes in tax legislation and the character of our income.

For the Fiscal 2018 Quarter and the Fiscal 2018 Six Months, our effective tax rate of 3.1% and 147.2%, respectively, differed from the expected U.S. statutory tax rate of 35.0% and 21.0% for calendar year 2017 and 2018, respectively, and was significantly impacted by the Tax Reform Act. The Tax Reform Act reduces the U.S. corporate income tax

rate from a maximum of 35.0% to a flat 21.0% rate, effective January 1, 2018. During the Fiscal 2018 Quarter, the Consumer Products segment recorded a reduction of \$0.8 million to the provisional income tax expense for the one-time deemed mandatory repatriation. During the Fiscal 2018 Six Months, the Consumer Products segment recorded a provisional \$206.7 million tax benefit for revaluation of U.S. deferred tax assets and liabilities and a provisional \$78.0 million of income tax expense for the one-time deemed mandatory repatriation on post-1986 undistributed foreign subsidiary earnings and profits. Spectrum Brands also recognized a \$10.4 million benefit associated with the release of valuation allowance during the Fiscal 2018 Quarter.

Table of Contents

For the Fiscal 2017 Quarter and the Fiscal 2017 Six Months, our effective tax rate of 148.1% and (146.5)%, respectively, differed from the expected U.S. statutory tax rate and was primarily impacted by U.S. pretax losses in the Company's Corporate and Other segment where the tax benefits are not more-likely-than-not to be realized resulting in the recording of valuation allowance.

See Note 15, Income Taxes, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for additional information.

Income (loss) from discontinued operations, net of tax. Income from discontinued operations, net of tax for the Fiscal 2018 Quarter was \$0.7 million compared to a \$43.6 million loss for the Fiscal 2017 Quarter. The \$44.3 million increase was driven by a \$62.7 million increase related to the Insurance Operations offset by a \$18.4 million decrease related to the Consumer Products segment. The \$62.7 million increase related to the Insurance Operations was driven by the completion of the FGL Merger and the Front Street Sale on November 30, 2017. The \$18.4 million decrease related to the Consumer Products segment was primarily driven by the incremental transaction costs of \$22.3 million related to the GBA sale.

Income from discontinued operations, net of tax for the Fiscal 2018 Six Months was \$501.5 million compared to \$259.2 million for the Fiscal 2017 Six Months. The \$242.3 million increase was driven by a \$272.2 million increase related to the Insurance Operations offset by a \$29.9 million decrease related to the Consumer Products segment. The \$272.2 million increase related to the Insurance Operations was driven by the reclassification of \$445.9 million of accumulated other comprehensive income related to FGL, partially offset by a \$85.9 million increase in the write-down of the carrying value of the assets of businesses held for sale to fair value less cost to sell and a \$87.8 million decrease in income attributable to the Insurance Operations.

The Company recorded \$14.2 million of write-downs on FGL and Front Street during the Fiscal 2018 Six Months. Following the completion of the FGL Merger, the Company recorded a \$445.9 million adjustment to reclassify the accumulated other comprehensive income related to FGL that was previously included in the Company's stockholders equity, which resulted in an increase in net income from discontinued operations. There was no net effect on the total stockholders equity as a result of this adjustment.

The \$29.9 million decrease in income from discontinued operations, net of tax related to the Consumer Products segment was primarily driven by incremental transaction related costs of \$25.1 million related to the GBA sale, increased operating expenses from selling and marketing activities, along with incremental interest expense allocated to discontinued operations from refinancing activities previously discussed.

Noncontrolling Interest. The net income attributable to noncontrolling interest reflects the share of the net income of our subsidiaries, which are not wholly-owned, attributable to the noncontrolling interest. Such amount varies in relation to such subsidiary's net income or loss for the period and the percentage interest not owned by HRG.

Consumer Products Segment

Spectrum Brands Merger

On February 24, 2018, the Company entered into the Merger Agreement with Spectrum Brands. HRG and Spectrum Brands have incurred significant transaction costs associated with the Merger that may impact the comparability of the consolidated results of operations. See Note 4, Acquisitions, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for more information on the Merger and associated transaction costs.

Divestitures

The assets and liabilities associated with the GBA segment have been classified as held for sale and the respective operations have been classified as discontinued operations and reported separately for all periods presented. See Note 3, Divestitures, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for more information on the assets and liabilities classified as held for sale and discontinued operations.

Acquisitions

The following acquisition activity has a significant impact on the comparability of the financial results of our Consumer Products segment:

PetMatrix - On June 1, 2017, Spectrum Brands completed the acquisition of PetMatrix, LLC ("PetMatrix"), a manufacturer and marketer of rawhide-free dog chews consisting primarily of the DreamBone and SmartBones

brands. The results of PetMatrix's operations are included in the Company's Condensed Consolidated Statements of Operations for the Fiscal 2018 Quarter and Fiscal 2018 Six Months.

GloFish - On May 12, 2017, Spectrum Brands completed the acquisition of assets consisting of the GloFish operations, including transfer of the GloFish brand, related intellectual property and operating agreements ("GloFish"). The GloFish operations consist of the development and licensing of fluorescent fish for sale through retail and online channels. The results of GloFish's operations are included in the Company's Condensed Consolidated Statements of Operations for the Fiscal 2018 Quarter and Fiscal 2018 Six Months.

Spectrum Brands continually seeks to improve its operational efficiency, match the manufacturing capacity and product costs to market demand and better utilize its manufacturing resources. Spectrum Brands has undertaken various initiatives to reduce manufacturing and operating costs, which may have a significant impact on the comparability of financial results in the accompanying Condensed Consolidated Financial Statements. The most significant of these initiatives are:

- GAC Business Rationalization Initiative, which began during the fiscal year ended September 30, 2016 and has been substantially completed as of March 31, 2018;
- PET Rightsizing Initiative, which began during the fiscal year ended September 30, 2017 and is anticipated to be incurred through September 30, 2018; and
- HHI Distribution Center Consolidation, which began during the fiscal year ended September 30, 2017 and is anticipated to be incurred through September 30, 2018.

See Note 5, Restructuring and Related Charges, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for further restructuring and related activity.

Net sales. Net sales for the Fiscal 2018 Quarter increased \$9.7 million, or 1.3%, to \$766.1 million from \$756.4 million for the Fiscal 2017 Quarter. Net sales for the Fiscal 2018 Six Months increased \$53.9 million, or 4.0%, to \$1,412.6 million from \$1,358.7 million for the Fiscal 2017 Six Months. These increases were mainly due to (i) increases in organic net sales in hardware and home improvement products, (ii) positive effect of acquisitions of PetMatrix and GloFish of \$25.2 million, and (iii) positive effect of foreign exchange rates; offset by the decreases in the global pet supplies and home and garden product lines. Organic net sales excludes the impact of foreign currency translation and acquisitions, and is considered a non-GAAP measurement (See “Non-GAAP Measures” section below for reconciliation of net sales to organic net sales).

Consolidated net sales by product line for each of those respective periods are as follows (in millions):

Product line net sales	Fiscal Quarter			Fiscal Six Months

The following table details the principal components of the change in the Consumer Products segment net sales from the Fiscal 2018 Quarter to the Fiscal 2017 Quarter (in millions):

	Net Sales
Fiscal 2017 Quarter Net sales	\$756.4
Increase due to acquisitions	25.2
Increase in hardware and home improvement products	2.3

Decrease in home and garden control products	(13.8)
Decrease in global pet supplies	(14.3)

Foreign currency impact, net	12.3
Fiscal 2018 Quarter Net sales	\$766.1

Net sales in hardware and home improvement products increased \$4.8 million, or 1.5%, for the Fiscal 2018 Quarter compared to the Fiscal 2017 Quarter, with an increase in organic net sales of \$2.3 million, or 0.7%, mainly attributable to an increase in security and locksets of \$13.1 million due to new product introductions and promotional volumes with retail partners, increased volumes through e-commerce channels with Amazon promotions, and expanded distribution through Spectrum Brands' home

builder channel; and an increase in plumbing accessories of \$1.6 million due to promotional volumes and new product introductions with significant retail partners. The increase was partially offset by a decrease of \$12.4 million due to substantive sell-in volumes with a significant retail partner in the prior year coupled with delayed fulfillment on orders from the distribution center consolidation restructuring initiative.

Net sales in global auto care decreased \$0.7 million, or 0.6%, for the Fiscal 2018 Quarter compared to the Fiscal 2017 Quarter, with an organic net sales decrease of \$2.0 million, or 1.7%, primarily driven by decreased sales in refrigerant products of \$2.0 million primarily due to delay in seasonal sales driven by cooler weather conditions; and a decrease in auto performance products and other of \$1.1 million due to non-recurring promotional activity from the prior year; partially offset by increases in auto appearance products of \$1.1 million due to promotional volumes with retail partners.

Net sales and organic net sales in home and garden control products decreased \$13.8 million, or 10.5%, for the Fiscal 2018 Quarter compared to the Fiscal 2017 Quarter, primarily attributable to decreases in lawn and garden control products, household insect control products and repellent products of \$10.3 million, \$2.2 million and \$1.4 million, respectively, primarily due to timing of distribution for seasonal orders and slow seasonal point of sale (“POS”) from unfavorable weather.

Net sales in global pet supplies increased \$19.4 million, or 10.1%, for the Fiscal 2018 Quarter compared to the Fiscal 2017 Quarter, with an organic net sales decrease of \$14.3 million, or 7.5% mainly due to decreases in companion animal sales of \$11.0 million, excluding the impact of acquisition sales of \$23.5 million from PetMatrix; a decrease in NA of \$5.5 million driven by lower volumes after the pet safety recall, reduced listings and retail inventory reductions with specialty pet retailers; and a decrease in EMEA of \$5.4 million due to the exit of a pet food tolling agreement. In addition, aquatic organic net sales decreased \$3.3 million excluding acquisition sales of \$1.7 million from GloFish, primarily due to product category softness in NA from slower POS and increased private label competition.

The following table details the principal components of the change in the Consumer Products segment net sales from the Fiscal 2018 Six Months to the Fiscal 2017 Six Months (in millions):

	Net Sales
Fiscal 2017 Six Months Net sales	\$1,358.7
Increase due to acquisitions	50.0
Increase in hardware and home improvement products	37.3
Decrease in home and garden control products	(14.3)
Decrease in global auto care	(3.2)
Decrease in global pet supplies	(35.7)
Foreign currency impact, net	19.8
Fiscal 2018 Six Months Net sales	\$1,412.6

Net sales in hardware and home improvement products increased \$41.9 million, or 7.0%, for the Fiscal 2018 Six Months compared to the Fiscal 2017 Six Months, with an increase in organic net sales of \$37.3 million, or 6.2%, mainly attributable to an increase in security and locksets of \$45.9 million due to new product introductions and promotional volumes with retail partners, increased volumes through e-commerce channels with Amazon promotions, and expanded distribution through Spectrum Brands’ home builder channel; and an increase in plumbing accessories of \$4.6 million due to promotional volumes and new product introductions with significant retail partners. The increase was partially offset by a decrease of \$13.2 million due to substantive sell-in volumes with a significant retail partner in the prior year coupled with delayed fulfillment on orders from the distribution center consolidation restructuring initiative.

Net sales and organic net sales in home and garden control products decreased \$14.3 million, or 7.9%, for the Fiscal 2018 Six Months compared to the Fiscal 2017 Six Months, primarily attributable to decreases in lawn and garden control products and household insect control products of \$13.7 million and \$0.7 million, respectively, primarily due to timing of distribution for seasonal orders and slow seasonal POS from unfavorable weather, partially offset by incremental volumes from hurricane activity in the U.S.

Net sales in global auto care decreased \$1.3 million, or 0.7%, for the Fiscal 2018 Six Months compared to the Fiscal 2017 Six Months, with an organic net sales decrease of \$3.2 million, or 1.7%, primarily driven by decreased sales in

refrigerant products of \$3.3 million due to early purchasing by customers in the prior period in anticipation of commodity cost increases coupled with delay in seasonal sales primarily driven by cooler weather conditions. Net sales in global pet supplies increased \$27.6 million, or 7.2%, for the Fiscal 2018 Six Months compared to the Fiscal 2017 Six Months, with an organic net sales decrease of \$35.7 million, or 9.2%, mainly due to decreases in companion animal sales of \$25.1 million, excluding the impact of acquisition sales of \$46.5 million from PetMatrix; a decrease in NA of \$13.2 million driven by lower volumes after the pet safety recall, reduced listings and retail inventory reductions with specialty pet retailers; and a decrease in EMEA of \$11.1 million due to the exit of a pet food tolling agreement. In addition, aquatic organic net sales decreased \$10.6 million excluding acquisition sales of \$3.5 million from GloFish, primarily due to product category softness in NA from slower POS, reduction in distribution with retailers and increased private label competition.

Table of Contents

Cost of goods sold / Consumer products segment gross profit.

Consumer products segment gross profit, representing net consumer products sales minus consumer products cost of goods sold, decreased \$39.5 million from \$310.8 million for the Fiscal 2017 Quarter to \$271.3 million for the Fiscal 2018 Quarter and decreased \$37.0 million from \$551.0 million for the Fiscal 2017 Six Months to \$514.0 million for the Fiscal 2018 Six Months. The decreases in gross profit were due to operating inefficiencies from restructuring initiatives, weather-driven unfavorable mix, inflation in raw material costs, and increased production costs associated with start-up on operating facilities impacted by the product safety recall partially offset by contributing margin from the PetMatrix acquisitions. Gross profit margin for the Fiscal 2018 Quarter decreased to 35.4% from 41.1% in the Fiscal 2017 Quarter and for the Fiscal 2018 Six Months decreased to 36.4% from 40.6% in the Fiscal 2017 Six Months.

Selling, acquisition, operating and general expenses. Selling, acquisition, operating and general expenses increased by \$22.2 million, or 10.8%, to \$228.2 million for the Fiscal 2018 Quarter, from \$206.0 million for the Fiscal 2017 Quarter due to an increase in selling and general and administrative expenses of \$5.6 million driven by the incremental costs from acquired businesses, the pet safety recall, and transaction costs associated with the Merger Agreement with HRG; an increase in restructuring and related charges of \$15.2 million primarily related to the HHI distribution center consolidation; and an increase in acquisition and integration related charges of \$1.3 million primarily due to integration of the PetMatrix acquisition.

Selling, acquisition, operating and general expenses increased by \$52.2 million, or 13.6%, to \$436.9 million for the Fiscal 2018 Six Months, from \$384.7 million for the Fiscal 2017 Six Months due to an increase in selling and general and administrative expenses of \$15.0 million driven by the incremental costs from acquired businesses, the pet safety recall, and transaction costs associated with the Merger; an increase in restructuring and related charges of \$33.4 million primarily related to the HHI distribution center consolidation; and an increase in acquisition and integration related charges of \$3.2 million due to integration of the PetMatrix acquisition.

Selling, acquisition, operating and general expenses. Presented below is a table that summarizes the Selling, acquisition, operating and general expenses of our Corporate and Other segment by product line, and compares the amount of the change between the fiscal periods (in millions):

Selling, acquisition, operating and general expenses - Corporate and Other segment	\$14.2	\$10.5	\$ 3.7	\$21.6	\$30.7	\$ (9.1)

Corporate

Selling, acquisition, operating and general expenses increased \$3.6 million to \$13.0 million for the Fiscal 2018 Quarter from \$9.4 million for the Fiscal 2017 Quarter primarily due to an increase in transaction costs associated with the Spectrum Brands Merger Agreement of \$3.6 million.

Selling, acquisition, operating and general expenses decreased \$4.6 million to \$20.3 million for the Fiscal 2018 Six Months from \$24.9 million for the Fiscal 2017 Six Months. The decrease was primarily due to a decrease in payroll

and bonus expenses of \$5.0 million due to headcount reduction and a decrease in stock-based compensation expense of \$3.3 million. This was offset by an increase in legal fees of \$2.2 million, an increase in consultant fees of \$1.7 million and an increase in retiree benefits of \$1.4 million.

Asset Management

Selling, acquisition, operating and general expenses increased \$0.1 million and decreased \$4.5 million for the Fiscal 2018 Quarter and Fiscal 2018 Six Months, respectively, primarily due to the effects of the ongoing wind-down of Salus' business.

Non-GAAP Measurements

Our Consumer Products segment's results contain non-GAAP metrics such as organic net sales and Adjusted EBITDA. While Spectrum Brands believes organic net sales and Adjusted EBITDA are useful supplemental information, such adjusted results are not intended to replace the Company's financial results in accordance with generally accepted accounting principles ("GAAP") or the GAAP financial results of our Consumer Products segment and should be read in conjunction with those GAAP results.

Organic Net Sales — Consumer Products

Organic net sales is defined as net sales excluding the effect of changes in foreign currency exchange rates and impact from acquisitions (when applicable). Spectrum Brands' management believes this non-GAAP measure provides useful information to investors because it reflects regional and operating performance from Spectrum Brands' activities without the effect of changes in currency exchange rate and acquisitions. Spectrum Brands uses organic net sales as one measure to monitor and evaluate their regional and segment performance. Organic growth is calculated by comparing organic net sales to net sales in the prior year. The effect of changes in currency exchange rates is determined by translating the period's net sales using the currency exchange rates that were in effect during the prior comparative period. Net sales are attributed to the geographic regions based on the country of destination. Spectrum Brands excludes net sales from acquired businesses in the current year for which there are no comparable sales in the prior period.

Adjusted EBITDA

Adjusted EBITDA is a non-GAAP metric used by Spectrum Brands that Spectrum Brands' management believes provides useful information to investors because it reflects ongoing operating performance and trends, excluding certain non-cash based expenses and/or non-recurring items during each of the comparable periods. It also facilitates

comparisons between peer companies since interest, taxes, depreciation and amortization can differ greatly between organizations as a result of differing capital structures and tax strategies. Adjusted EBITDA is also used for determining compliance with Spectrum Brands' debt covenants. See Note 10, Debt, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for additional details.

EBITDA is calculated by excluding income tax expense, interest expense, depreciation expense and amortization expense (from intangible assets) from our Consumer Products segment's net income. Adjusted EBITDA further excludes: (1) stock-based compensation expense as it is a non-cash based compensation cost, see Note 13, Stock-Based Compensation, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for further details; (2) acquisition and integration costs that consist of transaction costs from acquisition transactions during the period or subsequent integration related project costs directly associated with the acquired business, see Note 4, Acquisitions, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for further details; (3) restructuring and related charges, which

Table of Contents

consist of project costs associated with restructuring initiatives, see Note 5, Restructuring and Related Charges, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for further details; (4) non-cash purchase accounting inventory adjustments recognized in earnings subsequent to an acquisition (when applicable); (5) non-cash asset impairments or write-offs realized (when applicable); and (6) other adjustments as further discussed.

During the Fiscal 2018 Quarter and Fiscal 2018 Six Months, other adjustments consisted of costs for a non-recurring voluntary recall of rawhide products (see Note 17, Commitments and Contingencies, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for further details) and transaction costs associated with the Merger (see Note 4, Acquisitions, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for further details). During the Fiscal 2017 Quarter and Fiscal 2017 Six Months, other adjustments consisted of transaction costs associated with the HRG Merger.

Adjusted EBITDA - Consumer Products segment	\$115.6	\$160.2	\$ (44.6)	\$221.3	\$265.4	\$ (44.1)

Our Consumer Products segment's Adjusted EBITDA decreased \$44.6 million, or 27.8%, to \$115.6 million in the Fiscal 2018 Quarter as compared to \$160.2 million in the Fiscal 2017 Quarter, primarily driven by (i) a \$25.6 million decrease in global auto care due to unfavorable product mix, incremental product costs, and operating inefficiencies driven by GAC restructuring initiatives; (ii) a \$11.1 million decrease in the hardware and home improvement product line primarily driven by operating inefficiencies from the HHI Distribution Center Consolidation restructuring initiative, incremental material costs and unfavorable product mix; and (iii) a \$10.3 million decrease in the home and garden control products line primarily due to reduction in sales volumes and unfavorable product mix; offset by a \$3.8 million increase in the global pet supplies product line primarily due to improved margin from acquired businesses. Adjusted EBITDA margin represented 15.1% of sales in the Fiscal 2018 Quarter as compared to 21.2% in the Fiscal 2017 Quarter.

Our Consumer Products segment's Adjusted EBITDA decreased \$44.1 million, or 16.6%, to \$221.3 million in the Fiscal 2018 Six Months as compared to \$265.4 million in the Fiscal 2017 Six Months primarily driven by (i) a \$30.7 million decrease in global auto care due to unfavorable product mix, incremental product costs, and operating inefficiencies driven by GAC restructuring initiatives; (ii) a \$10.6 million decrease in the home and garden product line primarily driven by reduction in sales volumes and unfavorable product mix; and (iii) a \$10.3 million decrease in the hardware and home improvement product line primarily driven by operating inefficiencies from the HHI Distribution Center Consolidation restructuring initiative, incremental material costs and unfavorable product mix; offset by a \$7.0 million increase in the global pet supplies product line primarily due to improved margin from acquired businesses. Adjusted EBITDA margin represented 15.7% of sales in the Fiscal 2018 Six Months as compared to 19.5% in the Fiscal 2017 Six Months.

Liquidity and Capital Resources

HRG

HRG is a holding company and its liquidity needs are primarily for interest payments on the 7.75% Senior Notes due 2022 (the “7.75% Notes”) and the loan agreement entered into on January 13, 2017 (the “2017 Loan”) (in total approximately \$71.5 million per year), professional fees (including advisory services, legal and accounting fees), salaries, retention and benefits payments, office rent, pension expense and insurance costs. In addition, HRG’s liquidity needs were used to pay the interest on its 7.875% Notes, which the Company redeemed on January 16, 2018. HRG’s current source of liquidity is its cash, cash equivalents and investments, available borrowings and distributions from Spectrum Brands.

During the Fiscal 2018 Six Months, we received cash dividends of \$31.9 million from our subsidiaries, including \$28.8 million and \$3.1 million from Spectrum Brands and FGL, respectively. During the fiscal year ending September 30, 2018, we expect to receive approximately \$60.7 million of dividends from our subsidiaries’ distributable earnings. As a result of the closing of the FGL Merger, the Company will no longer receive dividends from FGL.

The ability of HRG’s subsidiaries to generate sufficient net income and cash flows to make upstream cash distributions is subject to numerous factors, including restrictions contained in such subsidiary’s financing agreements, availability of sufficient funds in such subsidiary and the approval of such payment by such subsidiary’s Board of Directors, which must consider various factors, including general economic and business conditions, tax considerations, strategic plans, financial results and condition, expansion plans, any contractual, legal or regulatory restrictions on the payment of dividends, and such other relevant factors. In addition, one or more of our subsidiaries may issue, repurchase, retire or refinance, as applicable, their debt and/or equity securities for a variety of purposes, including in order to, in the future, grow their business, pursue acquisition activities and/or manage their liquidity needs. Any such issuance may limit such subsidiary’s ability to make upstream cash distributions.

HRG’s liquidity may also be impacted by the capital needs of HRG’s subsidiaries and the ability of our subsidiaries to remain in compliance with the covenants governing their indebtedness. Such entities may require additional capital to acquire other businesses, maintain or grow their businesses, make payments on, or remain in compliance with the covenants governing their indebtedness, and/or make upstream cash distributions to HRG.

We expect our cash, cash equivalents and investments to continue to be a source of liquidity except to the extent they may be used to fund the capital needs of our subsidiaries. At March 31, 2018, HRG’s corporate cash and cash equivalents were \$616.8 million.

We expect that dividends along with our cash, cash equivalents and investments and available borrowings to exceed our expected cash requirements and to satisfy our interest obligations, and general administrative expenses for at least the next twelve months. Depending on a variety of factors, including the general state of capital markets, operating needs or business strategies, HRG and/or one or more of its subsidiaries may or may be required to raise additional capital through the issuance of equity, debt, or both. There is no assurance, however, that such capital will be available at that time, in the amounts necessary or on terms satisfactory to HRG or its subsidiaries. HRG would expect to service any additional debt through increasing the dividends we receive or disposing of certain of our holdings, but there can be no assurance that we will be able to do so. We may also seek to repurchase, retire or refinance, as applicable, all or a portion of, our 7.75% Notes, the 2017 Loan, or common stock through open market purchases, tender offers, negotiated transactions or otherwise.

Spectrum Brands

Spectrum Brands expects to fund its cash requirements, including capital expenditures, dividend, interest and principal payments due during the remainder of Fiscal 2018 through a combination of cash (\$135.2 million at March 31, 2018), cash flows from operations and \$210.0 million available borrowings under the asset based lending Revolver Facility due June 23, 2020 (“Revolver Facility”). Spectrum Brands expects its capital expenditures for Fiscal 2018 will be approximately \$110.0 million to \$120.0 million. Going forward, its ability to satisfy financial and other covenants in its senior credit agreements and senior unsecured indentures and to make scheduled payments or prepayments on its debt and other financial obligations will depend on its future financial and operating performance. There can be no

assurances that its business will generate sufficient cash flows from operations or that future borrowings under Spectrum Brands' debt agreements, including the Revolver Facility, will be available in an amount sufficient to satisfy its debt maturities or to fund its other liquidity needs.

The \$82.9 million increase in cash used in operating activities was the result of (i) the decrease in cash generated from Spectrum Brands' continuing operations of \$59.2 million, offset by a cash payment to Stanley Black and Decker of \$23.2 million in the prior year for a non-recurring settlement of transitional operating costs subsequent to the acquisition of the HHI Business acquired in 2013, in addition to cash invested in working capital of \$37.9 million, primarily for payment on accounts payable and accrued expenses in the current period; (ii) increase in cash paid for restructuring and related charges of \$42.0 million; (iii) increase in cash paid for interest of \$6.8 million by Spectrum Brands, including a non-recurring financing cost of \$4.6 million associated with a premium on redemption of the 6.375% Notes due November 15, 2020 during the Fiscal 2017 Six Months; and (iv) increase in cash paid for taxes of \$5.8 million.

Investing Activities

Cash provided by investing activities was \$1,486.9 million for the Fiscal 2018 Six Months and was primarily related to (i) \$1,520.2 million total consideration received by the Company as a result of the completion of the FGL Merger and Front Street Sale; partially offset by \$34.2 million of capital expenditures at Spectrum Brands.

Cash used in financing activities was \$62.3 million for the Fiscal 2017 Six Months and was primarily related to (i) debt repayment by Spectrum Brands of \$145.8 million; (ii) purchases of Spectrum Brands stock of \$103.1 million; (iii) share-based award tax withholding payments of \$37.4 million; (iv) dividend paid by Spectrum Brands to noncontrolling interests of \$19.8 million; and (v) debt repayment at Salus of \$19.4 million; partially offset by net proceeds from the Revolver Facility and other notes by Spectrum Brands of \$261.5 million.

Off-Balance Sheet Arrangements

Throughout our history, we have entered into indemnifications in the ordinary course of business with our customers, suppliers, service providers, business partners and in connection with the purchase and sale of assets, securities and businesses. Additionally, we have indemnified our directors and officers who are, or were, serving at our request in such capacities. Although the specific terms or number of such arrangements is not precisely quantifiable, we do not believe that future costs associated with such arrangements will have a material impact on our financial position, results of operations or cash flows. At March 31, 2018, there have been no material changes to the off-balance sheet arrangements as set forth in our Form 10-K.

Critical Accounting Policies and Estimates

The preparation of our financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in our financial statements and accompanying notes. Actual results could differ materially from those estimates. There have been no material changes to the critical accounting policies and estimates as discussed in our Form 10-K.

Recent Accounting Pronouncements Not Yet Adopted

See Note 2, Significant Accounting Policies and Recent Accounting Pronouncements, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements for information about recent accounting pronouncements not yet adopted.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

There has been no material changes in the Company's market risk during the Fiscal 2018 Six Months. For additional information, refer to Note 11, Derivative Financial Instruments, Note 12, Fair Value of Financial Instruments and Note 10, Debt, to our Condensed Consolidated Financial Statements included in Part I - Item 1. Financial Statements in this report and to Part II, Item 7A of our Form 10-K, which was retroactively adjusted due to the recognition of discontinued operations for Spectrum Brands' Global Batteries & Appliances segment in the Form 8-K filed on April 2, 2018.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

An evaluation was performed under the supervision and participation of the Company's management, including the Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of the end of the period covered by this Quarterly Report on Form 10-Q. Based on that evaluation, the Company's management, including the Principal Executive Officer and Principal Financial Officer, concluded that, as of March 31, 2018, the Company's disclosure controls and procedures were effective to ensure that information we are required to disclose in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and is accumulated and communicated to the Company's management, including the Company's Principal Executive Officer and Principal Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Notwithstanding the foregoing, there can be no assurance that the Company's disclosure controls and procedures will detect or uncover all failures of persons within the Company to disclose material information otherwise required to be set forth in the Company's periodic reports. There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable, not absolute, assurance of achieving their control objectives.

Table of Contents

Changes in Internal Controls Over Financial Reporting

An evaluation was performed under the supervision of the Company's management, including the Principal Executive Officer and Principal Financial Officer, of whether any change in the Company's internal control over financial reporting (as defined in the Exchange Act Rules 13a-15(f) and 15d-15(f)) occurred during the Fiscal 2018 Quarter. Based on that evaluation, the Company's management, including the Principal Executive Officer and Principal Financial Officer, concluded that no significant changes in the Company's internal controls over financial reporting occurred during the Fiscal 2018 Quarter that has materially affected or is reasonably likely to materially affect, the Company's internal control over financial reporting, except for internal controls over the identification, assessment, and reporting of assets and liabilities held for sale and discontinued operations in relation to the planned divestiture of Spectrum Brands' Global Batteries & Appliances segment.

Limitations on the Effectiveness of Controls

Our management, including our Principal Executive Officer and Principal Financial Officer, does not expect that the Company's disclosure controls and procedures or the Company's internal controls over financial reporting will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected.
