### Item 1.01 Entry into a Material Definitive Agreement.

On November 8, 2004, we amended our senior credit facility with Wells Fargo Foothill, Inc. and General Electric Capital Corporation to (a) extend the term through November 8, 2008, (b) increase our maximum borrowing amount from \$49 million to \$60 million, (c) allow us to repurchase an additional \$15 million of our common stock, and (d) modify certain, and eliminate other of, our financial covenants beginning with the third quarter of 2004. Our newly amended revolving credit agreement continues to contain various restrictive covenants.

Concurrent with the amendment of our senior credit agreement, on November 8, 2004 we also entered into a second lien term loan with Fortress Credit Corp. and Wells Fargo Foothill, Inc. and on such date we borrowed \$20 million under this facility. The proceeds of this loan were used to reduce the outstanding balances under our senior credit facility. The loan, which contains restrictive covenants similar to our senior credit facility, is payable on an interest-only basis until its maturity on May 8, 2009, and bears an interest rate of 7.0% plus the greater of LIBOR or 2.00% .

Certain material events of default under the agreements, including failure to meet the financial covenants or failure to make payments when due, could lead to an acceleration of the amounts owed under such agreements.

Copies of our amended credit facility and second lien term loan are attached hereto as exhibits and are incorporated herein by reference in their entirety.

### Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.
