Hormel Foods Corporation

Tax Deferred Investment Plan A

We have audited the accompanying statements of net assets available for benefits of Hormel Foods Corporation Tax Deferred Investment Plan A as of October 25, 2003 and October 26, 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at October 25, 2003 and October 26, 2002, and changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of October 25, 2003 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Hormel Foods Corporation

Tax Deferred Investment Plan A

Notes to Financial Statements

October 25, 2003

## 1. Significant Accounting Policies

The accounting records of the Hormel Foods Corporation Tax Deferred Investment Plan A (the Plan) are maintained on the accrual basis.

Marketable securities are stated at fair value (the last reported sales price on the last business day of the year). Mutual funds are valued based on quoted market prices. For pooled separate accounts, fair value represents the net asset value of the fund shares, which is calculated based on the valuation of the funds underlying investments at fair value at the end of the year. The investment in insurance company general accounts is reported at contract value. The Plan's insurance company general account contract is fully benefit responsive. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Participant loans are valued at their outstanding balances which approximate fair value.

All costs and expenses incurred in connection with the operation of the Plan with regard to the purchase and sale of investments and certain professional fees are paid by the Plan.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

## 2. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a contributory defined contribution plan covering employees of Hormel Foods Corporation and certain subsidiaries who are exempt from the minimum wage and maximum hour provisions of the Fair Labor Standards Act of 1938 or salaried employees subject to the minimum

wage and maximum hour provisions of the Fair Labor Standards Act of 1938 who have completed six months of eligibility service.

Effective August 1, 2003, employees that have not made a retirement savings election shall be deemed to have automatically elected to participate in the Plan at the automatic enrollment percentage (currently 3%). Participants that make a retirement savings election can authorize a deduction of 1% to 50% (15% prior to August 1, 2003) of their compensation for each pay period. The Plan contains a diversified selection of funds intended to satisfy the Internal Revenue Code (the Code) Section 404(c). Effective with the 2001 plan year, participants may invest in self-directed brokerage accounts. The Company contributes a matching contribution, currently 50% of the participant's contribution, not to exceed \$650 per year.

Employee and employer contributions are always 100% vested in the participant's plan account.

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50% of their account balance. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in a participant's account. Principal and interest are paid ratably through payroll deductions.

The employer may, at its sole discretion, discontinue contributions or terminate the Plan at any time without the consent of any participant or beneficiary.

Effective at the end of fiscal year 2003, the retirement savings, employer matching, and rollover accounts maintained under West Central Turkey Inc.'s 401(k) Plan were merged into the Hormel Foods Corporation Tax Deferred Investment Plan A.

Effective December 31, 2002 and August 1, 2003, eligible employees under Diamond Crystal Brands and Century Foods Inc., respectively, became covered under the Plan. Assets were not merged into the Plan, but employees were given the option to rollover their investments under the previous plans.

Effective October 26, 2002, the VISTA International Packaging, Inc. 401(k) Plan was merged into the Hormel Foods Corporation Tax Deferred Investment Plan A and the Hormel Foods Corporation Tax Deferred Investment Plan B.

Effective April 27, 2003, JOTS International, Inc. and JOTS LLC eligible employees may now participate in the Plan.

### 3. Investments

Interest rates paid by the investment contracts are determined at the time of purchase. The crediting interest rate on the Fixed Income Fund was 5% and 5.75% as of October 25, 2003 and October 26, 2002, respectively. The average yield on the Plan's investment contract for the years ended October 25, 2003 and October 26, 2002 was 5% and 5.75%, respectively. Fair value of the investment contract was estimated to be approximately 97% and 95% of contract value as of October 25, 2003 and October 26, 2002, respectively. Fair value was estimated based upon discounting future cash flows under the contracts at current interest rates for similar investments with comparable terms.

During the years ended October 25, 2003 and October 26, 2002, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated (depreciated) in fair value by \$13,502,976 and \$(6,851,148), respectively, as follows:

	2003	2002

Pooled separate accounts	13,193,043	(10,332,954)
	\$ 13,502,976	\$ (6,851,148)
