Item 1.01. Entry into a Material Definitive Agreement.

Telephone and Data Systems, Inc. ( TDS ) previously established the Telephone and Data Systems, Inc. Supplemental Executive Retirement Plan (the SERP ) for the benefit of eligible employees of TDS and certain subsidiaries of TDS. This plan provides supplemental benefits to offset the reduction of benefits under the TDS Pension Plan caused by the limitation on annual employee compensation which can be considered for tax qualified pension plans under the Internal Revenue Code. The SERP is a non-qualified deferred compensation plan and is unfunded.

On November 2, 2006, TDS amended and restated the SERP to comply with the American Jobs Creation Act of 2004 and related U.S. Treasury guidance issued in 2005 and 2006 (the Jobs Act ).

In particular, the SERP was amended and restated to (i) have all current and future accrued benefits under the SERP satisfy the provisions of the Jobs Act without the application of any grandfather rule to preserve the prior law; (ii) determine eligibility and secure initial deferral elections for new SERP participants prior to the beginning of their first year of participation; (iii) require a six month delay after a participant terminates employment before any initial SERP payment is made; (iv) include a subsequent payment election which will allow participants at least six months before termination of employment to elect to delay the first SERP payment for a period of five or more years after the date such payment would otherwise be made; and (v) allow all SERP participants to make new payment elections in 2005.

The foregoing brief summary is qualified by reference to the Telephone and Data Systems, Inc. Supplemental Executive Retirement Plan (As Amended and Restated, Effective January 1, 2005), a copy of which is attached to this Form 8-K as Exhibit 99.1.
