Item 8.01 Other Events

On August 20, 2007, Reliant Energy Channelview LP, Reliant Energy Channelview (Texas) LLC, Reliant Energy Channelview (Delaware) LLC, and Reliant Energy Services Channelview LLC (collectively, Channelview), each an indirect wholly-owned subsidiary of Reliant, filed voluntary petitions for relief under Chapter 11 of the United States Bankruptcy Code in the District of Delaware (Case Nos. 07-11160, 07-11162, 07-11164 and 07-11165, respectively). These entities will continue to operate their businesses as debtors-in-possession.

As previously reported, Reliant expects to continue to explore strategic alternatives with respect to its interests in these entities, including selling its equity interests or refinancing all or a portion of Channelview's debt. Channelview's debt is non-recourse to Reliant Energy and this bankruptcy filing does not cause a default under any of Reliant's other debt. As of July 31, 2007, our net investment in these entities, before considering any income tax impacts, was approximately \$70 million.

CAUTIONARY STATEMENTS REGARDING FORWARD-LOOKING INFORMATION

This Form 8-K contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are statements that contain projections, assumptions or estimates about our revenues, income and other financial items, our plans and objectives for future operations or about our future economic performance, transactions and dispositions and financings related thereto. In many cases you can identify forward-looking statements by terminology such as anticipate, estimate, believe, continue, could, intend, may, plan, potential, predict, should, will, expect, forecast, goal, guidance, outlook, effort, target and other similar words. However, the absence of these words does not mean that the statements are not forward-looking.

Actual results may differ materially from those expressed or implied by forward-looking statements as a result of many factors or events, including, but not limited to, legislative and regulatory developments, the outcome of pending lawsuits, governmental proceedings and investigations, the effects of competition, financial market conditions, access to capital, the timing and extent of changes in commodity prices and interest rates, weather conditions and other factors we discuss or refer to in the Risk Factors section of our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission.

Each forward-looking statement speaks only as of the date of the particular statement and we undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.
