**Item 1.01 Entry into a Material Definitive Agreement.**

On July 27, 2009, Georgia Gulf Corporation (the Company) accepted the 7.125 percent senior notes due 2013 (the 2013 notes), 9.5 percent senior notes due 2014 (the 2014 notes) and 10.75 percent senior subordinated notes due 2016 (the 2016 notes and collectively with the 2013 notes and 2014 notes, the notes) tendered in its private exchange offers and related consent solicitations (the exchange offers). Also, on July 27, 2009, the Company entered into supplemental indentures related to each series of the notes with the applicable trustees under those notes (collectively, the supplemental indentures) following receipt of consents of the requisite holders of each series of notes. The supplemental indentures removed substantially all of the restrictive covenants contained in the indentures and eliminated certain defaults and events of default and made other conforming changes and added clarification regarding the timing of payments thereunder.

**Item 3.02 Unregistered Sales of Equity Securities.**

On July 29, 2009, the Company issued 29,761,540 shares of new convertible preferred stock and 1,327,957 shares of its common stock, giving effect to the reverse stock split described in Item 3.03 below in exchange for the notes tendered in the exchange offers, in reliance upon the exemption from registration in Section 4(2) of the Securities Act of 1933. A copy of the certificate of designations for the preferred stock is filed as Exhibit 3.2 hereto.

**Item 3.03 Material Modification to Rights of Security Holders.**

The reverse stock split previously approved by the Company's stockholders was effected at the ratio of 1-for-25 on July 28, 2009. The Company's stockholders had authorized the reverse stock split at ratios ranging from 1-for-5 to 1-for-30 as described in the Company's proxy statement for the annual meeting held May 19, 2009. Stockholders will not receive fractional post-reverse stock split shares in connection with the reverse stock split. Instead, the Company's transfer agent will aggregate all fractional shares and arrange for them to be sold as soon as practicable at the then-prevailing prices on the open market on behalf of those stockholders who would otherwise be entitled to receive a fractional share. After completing the sale, stockholders will receive a cash payment from the transfer agent in an amount equal to the stockholder's pro rata share of the total net proceeds of these sales. A copy of the Company's certificate of incorporation, as amended to reflect the reverse stock split is filed as Exhibit 3.1 hereto.

**Item 8.01 Other Events.**

On July 27, 2009, the Company executed a registration rights agreement pursuant to which it has granted certain registration rights in respect of the common stock issuable in the exchange offers, including the shares issuable upon conversion of the convertible preferred stock. The Company has agreed to file one registration statement in respect of the common stock issued upon consummation of the exchange offers and another following conversion of the convertible preferred stock into common stock. In addition, the agreement provides for piggyback registration rights in certain circumstances. Inclusion of shares of common stock in any such registration is conditioned upon the beneficial owner's agreement to be bound by the terms of the registration rights agreement, which is filed herewith as Exhibit 4.1.
