**Item 5.02** **Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On September 17, 2009, the stockholders of the Company approved the Georgia Gulf Corporation 2009 Equity and Performance Incentive Plan (the Plan). The following brief description of the terms of the Plan is qualified in its entirety by reference to the text of the Plan, which is incorporated herein by reference.

Under the Plan, a committee designated by the Board consisting solely of not less than two non-employee directors (the Committee) is authorized to make awards under the Plan. The Board has designated the Compensation Committee as the Committee. Officers, employees or consultants of Georgia Gulf or any subsidiary and non-employee directors of Georgia Gulf may be selected by the Committee to receive benefits under the Plan at any time prior to 2019.

The Committee has the authority under the Plan to delegate such administrative duties or powers as it may deem advisable under the Plan to one or more of its members or to one or more of the Company's officers, or to one or more agents and advisors. Awards intended to qualify under Section 162(m) of the Internal Revenue Code and determinations in connection with those awards must be made only by a committee of the Board consisting solely of not less than two outside directors within the meaning of such section. The Committee may, by resolution, authorize one or more officers of the Company to do one or both of the following on the same basis as the Committee: (i) designate employees to be recipients of awards under the Plan; (ii) determine the size of any such awards; provided, however, that (A) the Committee shall not delegate such responsibilities to any such officer for awards granted to an employee who is an officer, director, or more than 10% beneficial owner of our common stock; (B) the resolution providing for such authorization sets forth the total number of shares of common stock such officer(s) may grant; and (C) the officer(s) shall report periodically to the Committee regarding the nature and scope of the awards granted pursuant to the authority delegated.

The Plan may be amended from time to time by the Board, provided that if an amendment to the Plan (i) would materially increase the benefits accruing to participants under the Plan, (ii) would materially increase the number of securities that may be issued under the Plan, (iii) would materially modify the requirements for participation in the Plan or (iv) must otherwise be approved by the stockholders in order to comply with applicable law or the rules of any national securities exchange upon which the shares of common stock are traded or quoted, the amendment will not be effective until such stockholder approval has been obtained.

The Plan authorizes the Board to provide equity-based compensation in the form of (1) stock options, which entitle the holder to purchase shares of common stock at a price equal to or greater than the market value of the shares on the date of grant, (2) appreciation rights, including both tandem appreciation rights (the right to receive up to 100% of the spread between the option price and the current value of the shares of common stock underlying the option) and free-standing appreciation rights (the right to receive up to 100% of the spread between the base price and the current value of a share of common stock at the time of exercise), (3) restricted shares of common stock, (4) restricted share units and (5) performance shares, which are the equivalent of one share of common stock, and performance units, which are the equivalent of \$1.00 or such other value as determined by the Committee. Each of the awards is evidenced by an award document setting forth the terms and conditions of the award, the initial forms of which are filed as exhibits 10.2 and 10.3 hereto and are hereby incorporated by reference.

Subject to adjustment as provided in the Plan, the number of shares of common stock that may be issued or transferred pursuant to awards, or in payment of dividend equivalents paid with respect to awards made under the Plan may not exceed 3,033,000 in the aggregate, plus any shares of common stock relating to awards that expire, are forfeited or are cancelled under the Plan. In addition to the general limitation on the number of shares

of common stock available under the Plan, the Plan provides for specific limits and other requirements for certain awards.

Grants of options, appreciation rights, performance shares and performance share units and restrictions on grants of restricted shares and restricted share units may be conditioned on the achievement of performance objectives, called Management Objectives, which are described in the Plan. Management Objectives may be described either in terms of company-wide objectives or objectives that are related to performance of the individual participant or of the division, subsidiary, department, region, function or other organizational unit in which the participant is employed.

Awards may provide for acceleration of exercisability or early termination of restrictions in the event of the death, disability or retirement of a participant, a change of control (as defined in the Plan) or, solely in the case of awards of restricted share units, a refinancing of the Company's principal debt agreements.

Any evidence of an award under the Plan may provide (and the forms of agreement attached hereto do provide) that if a participant, if an employee either during employment or within a specified period after termination of employment, and if a consultant, during the period of consulting with the Company or a subsidiary or within a specified period thereafter, engages in any detrimental activity, as defined in the Plan, the participant must:

- return to the Company, in exchange for payment by the Company of any amount actually paid by the participant for the shares of common stock, all shares of common stock that the participant has not disposed of that were offered under the Plan within a specified period prior to the date of the commencement of the detrimental activity; and
- with respect to any shares of common stock so acquired that the participant has disposed of, pay to the Company in cash the difference between:
  - any amount actually paid for the shares of common stock by the participant; and
  - the market value per share of the shares of common stock on the date of the disposition.

Generally, a detrimental activity includes competing with the Company's business, soliciting the Company's employees, disclosing of confidential information and other specified conduct detrimental to the Company's business.

The following awards of restricted share units were made to the executive officers indicated in the table below subject to stockholder approval of the Plan. On July 27, 2009, the date of the initial grant, the closing price per share of the common stock was \$8.75. One-half of the restricted stock units will vest in equal installments on July 27, 2010, 2011 and 2012, or earlier in the event of a change of control. One-third of the remaining one-half of the restricted stock units will vest on each of July 27, 2010, 2011 and 2012 if the Company is in compliance with the financial covenants in its senior secured credit facility and, notwithstanding such provisions, all of such remaining one-half will vest immediately if such facility is refinanced before July 27, 2012. These awards are evidenced by restricted share unit agreements, the forms of which are attached hereto as exhibits 10.2 and 10.3.
