Item 8.01. Other Events

Affiliated Managers Group, Inc. (the Company) adopted various new accounting standards in 2009 (the 2009 Accounting Changes) and, as required, applied the accounting changes to prior periods and updated certain previously reported financial information.

2009 Accounting Changes:

- FASB Staff Position (FSP) APB 14-1 Accounting for Convertible Debt Instruments That May Be Settled in Cash Upon Conversion (Including Partial Cash Settlement) (APB 14-1);
- Statement of Financial Accounting Standards (FAS) No. 141 (revised 2007) Business Combinations (FAS 141R);
- FAS No. 160 Non-Controlling Interests in Consolidated Financial Statements, an amendment of ARB No. 51 (FAS 160); and
- Emerging Issues Task Force (EITF) Topic No. D-98 Classification and Measurement of Redeemable Securities (Topic D-98).

APB 14-1 requires the Company to bifurcate certain of its convertible debt securities into their theoretical debt and equity components. The Company accretes (as interest expense) the debt components to their principal amounts over the expected life of the debt. As a result of APB 14-1, the Company has reported incremental non-cash interest expense of approximately \$7.4 million, \$7.5 million and \$7.5 million for the years ended December 31, 2006, 2007 and 2008, respectively. Also as a result of APB 14-1, the net gain on the repurchase of a portion of the Company's junior convertible trust preferred securities in 2008 was reduced to \$26.5 million.

FAS 141R requires the Company to expense acquisition-related professional fees. The Company retrospectively applied FAS 141R to acquisition-related professional fees that were deferred as of December 31, 2008, the effect of which was to reduce Net income by \$0.7 million and \$5.9 million in 2007 and 2008, respectively. The other provisions of FAS 141R will be applied to future acquisitions.

FAS 160 requires the Company to change the income statement, balance sheet and cash flow presentation of non-controlling interests (previously known as minority interests). Net income (non-controlling interest), which was previously reported as Minority interest (and reduced net income) in the Company's Consolidated Statements of Income, is now included in Net income. The accumulated capital of non-controlling interests, which was previously reported as Minority interest on the Company's Consolidated Balance Sheets, is now reported in Equity. Payments to non-controlling interests, profit distributions and repurchases of Affiliate equity, are now classified as financing activities on the Statements of Cash Flows (previously reported as operating and investing activities, respectively).

Topic D-98 provides guidance on the reporting of equity securities that are subject to mandatory redemption requirements or whose redemption is outside the control of the issuer. Topic D-98 requires the Company to present the redemption value of its Affiliate equity on its Consolidated Balance Sheets (referred to as Redeemable non-controlling interests). Adjustments to Redeemable non-controlling interests are recorded to Stockholders' equity.
