EXPLANATORY NOTE

This report combines the Quarterly Reports on Form 10-Q for the period ended June 30, 2013 of Summit Hotel Properties, Inc., a Maryland corporation, and Summit Hotel OP, LP, a Delaware limited partnership.

Unless stated otherwise or the context otherwise requires, references in this report to:

- Summit REIT mean Summit Hotel Properties, Inc., a Maryland corporation;
- Summit OP or our operating partnership mean Summit Hotel OP, LP, a Delaware limited partnership, our operating partnership, and its consolidated subsidiaries; and
- we, our, us, our company or the company mean Summit REIT, Summit OP and their consolidated subsidiaries taken together as a company.

Summit REIT is the sole member of Summit Hotel GP, LLC, a Delaware limited liability company, which is the sole general partner (the General Partner) of Summit OP. As of June 30, 2013, Summit REIT owned 95.7% of the issued and outstanding common units of partnership interest of Summit OP (Common Units), including the sole general partnership interest held by the General Partner. As of June 30, 2013, Summit REIT owned all of the issued and outstanding 9.25% Series A Cumulative Redeemable Preferred Units of Summit OP (Series A Preferred Units), all of the issued and outstanding 7.875% Series B Cumulative Redeemable Preferred Units of Summit OP (Series B Preferred Units), and all of the issued and outstanding 7.125% Series C Cumulative Redeemable Preferred Units of Summit OP (Series C Preferred Units, the Series C Preferred Units, Series B Preferred Units and Series A Preferred Units collectively referred to as Preferred Units). As the sole member of the General Partner, Summit REIT has exclusive control of Summit OP's day-to-day management. The remaining Common Units of Summit OP are owned by third parties.

We believe combining the Quarterly Reports on Form 10-Q of Summit REIT and Summit OP into this single report provides the following benefits:

- it enhances investors' understanding of Summit REIT and Summit OP by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- it eliminates duplicative disclosure and provides a more streamlined and readable presentation since a substantial portion of the disclosure applies to both Summit REIT and Summit OP; and

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

- it creates time and cost efficiencies for both companies through the preparation of one combined report instead of two separate reports.

We believe it is important to understand the few differences between Summit REIT and Summit OP in the context of how Summit REIT and Summit OP operate as a consolidated company. Summit REIT has elected to be taxed as a real estate investment trust (REIT) under the Internal Revenue Code of 1986, as amended (the Code), commencing with its short taxable year ended December 31, 2011.

As of June 30, 2013, Summit REIT's only material assets were its ownership of Common Units and Preferred Units of Summit OP and its ownership of the membership interests in the General Partner. As a result, Summit REIT does not conduct business itself, other than controlling, through the General Partner, Summit OP, raising capital through issuances of equity securities from time to time and guaranteeing certain debt of Summit OP and its subsidiaries. Summit OP and its subsidiaries hold all the assets of the consolidated company. Except for net proceeds from securities issuances by Summit REIT, which are contributed to Summit OP in exchange for partnership units of Summit OP, Summit OP and its subsidiaries generate capital from the operation of our business and through borrowings and the issuance of partnership units of Summit OP.

Stockholders' equity, partners' capital and noncontrolling interests are the main areas of difference between the consolidated financial statements of Summit REIT and those of Summit OP. As of June 30, 2013, Summit OP's capital interests include Common Units, representing general and limited partnership interests, and Preferred Units. The Common Units owned by limited partners other than Summit REIT and its subsidiaries are accounted for in

Table of Contents

partners' capital in Summit OP's consolidated financial statements and (within stockholders' equity) as noncontrolling interests in Summit REIT's consolidated financial statements.

To highlight the differences between Summit REIT and Summit OP, there are sections in this report that separately discuss Summit REIT and Summit OP, including separate financial statements and certain notes thereto and separate Exhibit 31 and Exhibit 32 certifications. In the sections that combine disclosure for Summit REIT and Summit OP (i.e., where the disclosure refers to the consolidated company), this report refers to actions or holdings as our actions or holdings and, unless otherwise indicated, means the actions or holdings of Summit REIT and Summit OP and their respective subsidiaries, as one consolidated company.

As the sole member of the General Partner, Summit REIT consolidates Summit OP for financial reporting purposes, and Summit REIT does not have assets other than its investment in the General Partner and Summit OP. Therefore, while stockholders' equity and partners' capital differ as discussed above, the assets and liabilities of Summit REIT and Summit OP are the same on their respective financial statements.

Finally, we refer to a number of other entities and events in this report as follows. Unless the context otherwise requires or indicates, references to:

- our TRSs refer to Summit Hotel TRS, Inc., a Delaware corporation, and Summit Hotel TRS II, Inc., a Delaware corporation, and any other taxable REIT subsidiaries (TRSs) that we may form in the future;
- our TRS lessees refer to the wholly owned subsidiaries of our TRSs that lease our hotels from Summit OP or subsidiaries of Summit OP. All but one of our TRS lessees are wholly owned by our TRSs.

NOTE 2 - BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements of the Company include the accounts of the Company, the Operating Partnership, and their subsidiaries, including joint ventures. The accompanying consolidated financial statements of the Operating Partnership include the accounts of the Operating Partnership and its subsidiaries, including joint ventures. All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

We prepare these consolidated financial statements in conformity with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Results for second quarter and first six months 2013 may not be indicative of the results that may be expected for the full year 2013. For further information, please read the financial statements included in our Form 10-K for the year ended December 31, 2012.

We made certain reclassifications to the second quarter and first six months 2012 financial information to conform to our 2013 presentation, which included the reclassification of \$0.7 million in second quarter and \$1.3 million in first six months of food and beverage costs previously included as a reduction of other hotel operations revenue to other direct expenses. These reclassifications had no effect on previously reported results of operations or equity.

Noncontrolling Interests

Noncontrolling interests represent the portion of equity in a subsidiary held by owners other than the consolidating parent. Noncontrolling interests are reported in the consolidated balance sheets within equity, separately from stockholders' equity. Revenue, expenses and net income (loss) attributable to both the Company and the noncontrolling interests are reported in the consolidated statements of operations.

Our consolidated financial statements include noncontrolling interests related to Common Units of the Operating Partnership held by unaffiliated third parties and third-party ownership of joint ventures.

Table of Contents**SUMMIT HOTEL PROPERTIES, INC. AND SUMMIT HOTEL OP, LP****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)***New Accounting Standards*

ASU 2013 02 requires an entity to separately provide information about the effects on net income of certain significant amounts reclassified out of each component of accumulated other comprehensive income.

Adoption of this new standard did not have a material effect on the consolidated financial statements of the Company or our Operating Partnership.

Table of Contents**SUMMIT HOTEL PROPERTIES, INC. AND SUMMIT HOTEL OP, LP****NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)****NOTE 6 - DEBT**

Our debt is comprised of a \$92.0 million senior secured interim loan associated with our May 23, 2013 acquisition of four hotel properties, a \$150.0 million senior secured revolving credit facility, and term loans secured by various hotel properties. The weighted average interest rate, after giving effect to our interest rate derivatives, for all borrowings was 4.37% at June 30, 2013 and 5.15% at December 31, 2012, respectively. Our total fixed-rate and variable-rate debt, after giving effect to our interest rate derivatives, follows (in thousands):

	June 30, 2013	December 31, 2012
Fixed-rate debt	\$ 326,775	\$ 229,587
Variable-rate debt	190,710	83,026
	\$ 517,485	\$ 312,613

Information about the fair value of our fixed-rate debt that is not recorded at fair value follows (in thousands):

	June 30, 2013		December 31, 2012		Valuation Technique
	Carrying Value	Fair Value	Carrying Value	Fair Value	
Fixed-rate debt not recorded at fair value	\$ 286,616	\$ 279,924	\$ 188,565	\$ 193,448	Level 2 - Market approach

At June 30, 2013 and December 31, 2012, we had variable rate debt of \$40.2 million and \$41.0 million, respectively, which had effectively been converted to fixed interest rates through derivative financial instruments which are carried at fair value. Differences between carrying value and fair value of our fixed-rate debt are primarily due to changes in interest rates. Inherently, fixed-rate debt is subject to fluctuations in fair value.

\$92 Million Senior Secured Interim Loan

On May 23, 2013, we closed on a \$92.0 million variable rate senior secured interim loan with KeyBank National Association (KeyBank) and Regions Bank, which matures on November 23, 2013. This loan is secured by a pledge of the equity interest in the subsidiaries that own the Fairfield Inn & Suites and SpringHill Suites in Louisville, KY and the Courtyard by Marriott and SpringHill Suites in Indianapolis, IN, and is cross-defaulted with our \$150 million senior secured revolving credit facility. The interim loan may be extended for an additional six months, subject to certain conditions, including securing mortgages and entry into typical security and loan agreements on the hotel properties noted above. The variable rate at June 30, 2013 was 2.44%.

\$150 Million Senior Secured Revolving Credit Facility

In January 2013, we removed the AmericInn and Fairfield Inn in Golden, CO from the borrowing base of our senior secured revolving credit facility.

In May 2013, we amended our senior secured revolving credit facility to increase the allowed collateral concentration in any given metropolitan statistical area from 20% to 30%. We also added the Courtyard by Marriott and Springhill Suites in New Orleans, LA to the borrowing base. The addition of these hotel properties increased availability on the senior secured revolving credit facility by \$36.7 million.

At June 30, 2013, the maximum amount of borrowing permitted under the terms of this facility was \$150.0 million, of which we had \$96.6 million borrowed, \$5.2 million in standby letters of credit and \$48.2 million available to borrow.

Term Loans

On January 14, 2013, we paid off two variable rate term loans with First National Bank of Omaha that were secured by three hotel properties. These loans totaled \$22.8 million and had maturity dates of July 2013 and February 2014. There were no associated prepayment penalties.

Subject to certain conditions including the successful conversion of the property, estimated to be completed in fourth quarter

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

2013, we plan to purchase the property for an estimated \$31.0 million, which will include forgiveness of the loan as partial purchase price consideration. We cannot provide assurance that we will acquire this hotel property.

NOTE 13 - EARNINGS (LOSS) PER SHARE/UNIT

We apply the two-class method of computing earnings per share, which requires the calculation of separate earnings per share amounts for our non-vested, time-based restricted stock awards with nonforfeitable dividends and for our common stock. Our non-vested, time-based restricted stock awards with nonforfeitable rights to dividends are considered securities which participate in undistributed earnings with common stock. Under the two-class computation method, net losses are not allocated to participating securities unless the holder of the security has a contractual obligation to share in the losses. Our non-vested, time-based restricted stock awards with nonforfeitable dividends do not have such an obligation so they are not allocated losses.

In second quarter 2013, our outstanding stock options had a dilutive effect of 16,725 shares. In second quarter 2012 and the first six months 2013 and 2012, our outstanding stock options were not included in the computation of diluted earnings per share, as the options' exercise price was greater than the average market price of our common shares.

Overview

We focus primarily on acquiring and owning premium-branded select-service hotels in the upscale and upper midscale segments of the U.S. lodging industry, as these segments are currently defined by Smith Travel Research (STR). Since completion of our IPO on February 14, 2011, we have acquired 40 hotels containing 5,512 guestrooms for purchase prices aggregating \$729.6 million. At June 30, 2013, we owned 95 hotels containing 11,127 guestrooms located in 24 states. Except for six hotels, five of which are subject to ground leases and one of which is subject to a PILOT (payment in lieu of taxes) lease, we own our hotels in fee simple. Our hotels are located in markets in which we have extensive experience and that exhibit multiple demand generators, such as business and corporate headquarters, retail centers, airports and tourist attractions.

The majority of our hotels operate under premium franchise brands owned by Marriott International, Inc. (Marriott) (Courtyard by Marriott®, SpringHill Suites by Marriott®, Residence Inn by Marriott®, Fairfield Inn & Suites by Marriott®, Fairfield Inn by Marriott®, and TownePlace Suites by Marriott®), Hilton Worldwide (Hilton) (Hilton Garden Inn®, Hampton Inn®, Hampton Inn & Suites®, DoubleTree by Hilton®, and Homewood Suites®), an affiliate of Hyatt Hotels Corporation (Hyatt) (Hyatt Place® and Hyatt House®), and Intercontinental Hotel Group (IHG) (Holiday Inn Express & Suites®, Holiday Inn Express®, Holiday Inn®, and Staybridge Suites®).

At June 30, 2013, our hotels are operated pursuant to hotel management agreements with third party hotel management companies, including the following:

- Interstate Management Company, LLC (Interstate) and its affiliate, Noble Management Group (Noble) 61 hotel properties;
- Select Hotel Group, LLC (Hyatt Management) 11 hotel properties;
- Affiliates of Marriott, including Courtyard Management Corporation (Courtyard Management), SpringHill SMC Corporation (SpringHill Management) and Residence Inn by Marriott (Residence Inn Management) six hotel properties;

We believe the hotel management companies engaged by our TRS lessees qualify as eligible independent contractors for federal income tax purposes. Our TRS lessees may also employ other hotel managers in the future. We have, and will have, no ownership or economic interest in any of the hotel management companies engaged by our TRS lessees.

Our revenue is derived from hotel operations and consists of room revenue and other hotel operations revenue. As a result of our focus on select-service hotels in the upscale and upper midscale segments of the U.S. lodging

industry, substantially all of our revenue is room revenue generated from sales of hotel rooms. We also generate, to a much lesser extent, other hotel operations revenue, which consists of ancillary revenue related to meeting rooms and other guest services provided at our hotels.

Industry Trends and Outlook

Room-night demand in the U.S. lodging industry is generally correlated to macroeconomic trends. Key drivers of demand include growth in gross domestic product, or GDP, corporate profits, capital investments and employment. Following periods of recession, recovery of room-night demand for lodging historically has lagged improvements in the overall economy. However, in the economic recovery beginning in early 2010, room-night demand has led improvements in the overall economy. Although we expect that our hotels will realize meaningful revenue per available room (RevPAR) gains as the economy and lodging industry continue to improve, the risk exists that global and domestic economic conditions may cause the economic recovery to stall, which likely would adversely affect our growth expectations.

While we are guardedly optimistic about macro-economic conditions and their effect on room-night demand, we feel relatively confident that our near-term results will not be adversely affected by increased lodging supply in our markets. Growth in lodging supply typically lags growth in room-night demand. Key drivers of lodging supply include the availability and cost of capital, construction costs, franchise availability, local real estate market conditions, and availability and pricing of existing properties. As a result of scarcity of financing, the severe United States recession and declining operating fundamentals, during 2008 and 2009, many planned hotel developments were cancelled or postponed. Due to continued economic uncertainty, we believe the effect of the severe recession will be prolonged compared with prior recessions, which could limit lodging supply growth.

impairment and, in the case of a hotel property, report historical and future results of operations in discontinued operations. We recognize impairment charges on hotel properties in discontinued operations and on land held for development in continuing operations. We recognized impairment charges of \$1.5 million in the first six months of 2013 and \$2.1 million in the first six months of 2012 due to the change in the estimated holding period of the related properties.

Revenue. Total revenues, including room and other hotel operations revenue, increased \$39.6 million in second quarter 2013 compared with second quarter 2012. The increase in revenues is due to an increase in same-store revenues of \$3.2 million and a \$36.4 million increase in revenues from the 19 hotel properties acquired in 2012 and

the 16 hotel properties acquired in the first six months of 2013 (the 35 hotels acquired in the 18-month period ended June 30, 2013 are referred to in this Form 10-Q as the Acquired Hotels).

The same-store revenue increase of \$3.2 million, or 8.0%, was due to an increase in occupancy to 75.8% in second quarter 2013 compared with 73.6% in second quarter 2012, and an increase in ADR to \$99.96 in second quarter 2013 compared with \$95.33 in second quarter 2012. The increases in occupancy and ADR resulted in an 8.0% increase in same-store RevPAR to \$75.76 in second quarter 2013 compared with \$70.16 in second quarter 2012. These increases were due to the improving economy and hotel industry fundamentals and renovations made at 13 hotel properties in 2012.

Hotel Operating Expenses. Hotel operating expenses increased \$24.6 million in second quarter 2013 compared with second quarter 2012. The increase is due in part to a \$22.8 million increase in operating expenses at the Acquired Hotels. In addition, the increase in same-store hotel operating expenses is due to \$1.8 million of variable costs related to the increase in revenue. Expenses at the same-store hotels declined as a percentage of revenue from 67.4% in second quarter 2012 to 66.6% in second quarter 2013, due to stability in expenses despite increasing revenues at the same-store hotel properties.

A summary of our hotel operating expenses for our same-store portfolio (57 hotels) for second quarter 2013 and second quarter 2012 follows (dollars in thousands):

	Second Quarter		Percentage Change	Percentage of Revenue Second Quarter

Total hotel operating expenses	\$ 28,461	\$ 26,667	6.7%	66.6%	67.4%

Depreciation and Amortization. Depreciation and amortization expense increased \$5.6 million in second quarter 2013 compared with second quarter 2012, primarily due to the depreciation associated with the Acquired Hotels.

Corporate General and Administrative. Corporate general and administrative expenses increased \$2.0 million in second quarter 2013 compared with second quarter 2012. The increase in expense was primarily due to increases in equity-based compensation of \$0.5 million, bonus accruals of \$0.5 million, cost related to our development of corporate functions that did not exist prior to our IPO of \$0.3 million, and cost related to the relocation of our corporate headquarters from Sioux Falls, SD to Austin, TX of \$0.2 million.

Other Income/Expense. The \$0.9 million increase in other income (expense) in second quarter 2013 compared with second quarter 2012 was primarily the result of an increase in interest expense due to debt incurred to finance the acquisition of the Acquired Hotels.

Corporate General and Administrative. Corporate general and administrative expenses increased \$3.2 million in the first six months of 2013 compared with the first six months of 2012. The increase in expense was primarily due to increases in equity-based compensation of \$0.8 million, bonus accruals of \$1.0 million, cost related to our development of corporate functions that did not exist prior to our IPO of \$0.4 million, and cost related to the relocation of our corporate headquarters from Sioux Falls, SD to Austin, TX of \$0.3 million.

Other Income/Expense. The \$1.6 million increase in other income (expense) in the first six months of 2013 compared with the first six months of 2012 was primarily the result of an increase in interest expense due to debt incurred to finance the acquisition of the Acquired Hotels.

Cash Flows

The \$21.8 million increase in net cash provided by operating activities for the first six months of 2013 compared with the first six months of 2012 primarily resulted from an \$11.7 million improvement in earnings, an \$8.2 million increase in depreciation, and a \$2.3 million reduction in cash needed to fund the net change in operating assets and liabilities. The increase in depreciation was primarily related to the Acquired Hotels. The \$351.8 million increase in net cash used in investing activities for the first six months of 2013 compared with the first six months of 2012 primarily resulted from a \$337.9 million increase in acquisitions of hotel properties, a \$2.8 million increase in acquisition of land held for development, a \$6.6 million increase in investments and additions to hotel properties and a \$12.3 million increase in restricted cash related to renovation reserves funded, which were partially offset by an \$8.3 million increase in proceeds from asset dispositions. Liquidity and Capital Resources

Our short-term liquidity requirements consist primarily of operating expenses and other expenditures directly associated with our hotel properties, recurring maintenance and capital expenditures necessary to maintain our hotel properties in accordance with brand standards, capital expenditures to improve our hotel properties, acquisitions, interest expense, and scheduled principal payments on outstanding indebtedness, and distributions to our stockholders.

Our long-term liquidity requirements consist primarily of the costs of acquiring additional hotel properties, renovations and other non-recurring capital expenditures that need to be made periodically with respect to our hotel properties, and scheduled debt payments, including maturing loans.

To satisfy the requirements for qualification as a REIT, we must meet a number of organizational and operational requirements, including a requirement that we distribute annually at least 90% of our REIT taxable income to our stockholders, determined without regard to the deduction for dividends paid and excluding any net capital gain. We generally intend to distribute at least 100% of our REIT taxable income to avoid tax on undistributed income. Therefore, we will need to raise additional capital to grow our business and invest in additional hotel properties.

We expect to satisfy our liquidity requirements with cash provided by operations, working capital, and short-term borrowings under our senior secured revolving credit facility. In addition, we may fund the purchase price of hotel acquisitions and cost of required capital improvements by assuming existing mortgage debt, issuing securities (including Summit OP partnership units), or incurring other mortgage debt. Further, we may seek to raise capital through public or private offerings of our equity or debt securities. However, certain factors may have a material adverse effect on our ability to access these capital sources, including our degree of leverage, the value of our unencumbered hotel properties, borrowing restrictions imposed by lenders and market conditions. We will continue to analyze which sources of capital are most advantageous to us at any

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

particular point in time, but financing may not be consistently available to us on terms that are attractive, or at all. We believe that our cash provided by operations, working capital, borrowings under our senior secured revolving credit facility and other sources of funds available to us will be sufficient to meet our ongoing liquidity requirements for at least the next 12 months.

Table of Contents**Outstanding Indebtedness**

At June 30, 2013, we had \$517.5 million in debt secured by mortgages on 74 hotel properties and pledges of equity interest, including equity pledges of the entities that own the four hotels financed by the \$92 million senior secured interim line. We also had 17 unencumbered hotel properties, including 16 hotels containing 1,744 guestrooms operating under brands owned by Marriott, Hilton, Hyatt, and IHG that are available to be used as collateral for potential future loans. Our revolving credit facility is available to fund future acquisitions, property redevelopments and working capital requirements (including the repayment of debt). \$92 Million Senior Secured Interim Loan

On May 23, 2013, we closed on a \$92.0 million variable rate senior secured interim loan with KeyBank National Association (KeyBank) and Regions Bank, which matures on November 22, 2013. This loan is secured by a pledge of the equity interest in the subsidiaries that own the Fairfield Inn & Suites and the SpringHill Suites in Louisville, KY and the Courtyard by Marriott and the SpringHill Suites in Indianapolis, IN, and is cross-defaulted with our \$150 million senior secured revolving credit facility. The interim loan may be extended for an additional six months, subject to certain conditions, including securing mortgages and entry into typical security and loan agreements on the hotel properties noted above.

At August 2, 2013, the outstanding balance was \$45.7 million on the \$92.0 million senior secured interim loan. See [Recent Developments](#) for additional detail regarding the senior secured interim loan and other term debt activity occurring after June 30, 2013.

\$150 Million Senior Secured Revolving Credit Facility

In May 2013, we amended our senior secured revolving credit facility to increase the allowed collateral concentration in any given metropolitan statistical area from 20% to 30%, and added the Courtyard by Marriott and SpringHill Suites in New Orleans, LA to the borrowing base. The addition of these hotel properties increased availability on the senior secured revolving credit facility by \$36.7 million.

At June 30, 2013, our \$150.0 million senior secured revolving credit facility was secured by 26 hotel properties. The maximum amount of borrowing permitted under the facility was \$150.0 million, of which we had \$96.6 million borrowed, \$5.2 million in standby letters of credit and \$48.2 million available to borrow.

At August 2, 2013, the maximum amount of borrowings permitted under this facility was \$150.0 million, of which we had \$60.1 million borrowed, \$0.5 million in standby letters of credit and \$89.4 million available to borrow.

Term Loans

At June 30, 2013, we had \$328.8 million in term loans outstanding. These term loans are secured primarily by first mortgage liens on hotel properties.

Table of Contents

Our term loans included a \$65.3 million loan with ING Life Insurance and Annuity (ING). In February 2013, we removed the Hampton Inn in Denver, CO from the security for the ING loan and replaced it with a \$2.4 million stand-by letter of credit issued under our senior secured revolving credit facility. On May 1, 2013, we removed the Holiday Inn Express in Boise, ID from the security for the ING loan and replaced it with a \$1.5 million stand-by letter of credit issued under our senior secured revolving credit facility. At June 30, 2013, the ING loan was secured by 14 hotel properties.

On August 1, 2013, we entered into a new loan with ING in the principal amount of \$34.0 million. This new note and the existing note with ING are both secured by mortgages against 14 hotel properties. If either ING loan is prepaid prior to maturity, other than if called, there is a prepayment penalty equal to the greater of i) 1% of the principal being prepaid or ii) the yield maintenance premium. See Recent Developments for additional detail regarding the amendment and other term debt activity occurring after June 30, 2013.

For additional information regarding our term loans, please read our unaudited condensed consolidated financial statements and related notes thereto, appearing elsewhere in this Form 10-Q, and our Annual Report filed on Form 10-K for the year ended December 31, 2012.

Equity Transactions

On January 14, 2013, we completed an underwritten public offering of 17,250,000 shares of our common stock. Net proceeds were \$148.0 million, after the underwriting discount and offering-related expenses. We contributed the net proceeds of this offering to Summit OP in exchange for Common Units. Summit OP used the proceeds for hotel property acquisitions and to pay down our term debt and our senior secured revolving credit facility.

On March 20, 2013, we completed an underwritten public offering of 3,400,000 shares of 7.125% Series C Cumulative Redeemable Preferred Stock for net proceeds of \$81.7 million, after the underwriting discount and offering-related expenses. We contributed the net proceeds of this offering to Summit OP in exchange for Series C Preferred Units. Summit OP used the proceeds to pay down the principal balance of our senior secured revolving credit facility.

Capital Expenditures

In the first six months of 2013, we spent \$16.2 million on renovations, including \$9.5 million on hotel properties that we owned prior to 2012 and \$6.7 million on hotel properties acquired since the beginning of 2012. We currently have renovations underway at 13 of our hotel properties. We anticipate spending a total of \$26.0 million to \$32.0 million on hotel property renovations in the remainder of 2013. We expect to fund these renovations with cash provided by operations, working capital, borrowings under our senior secured revolving credit facility and other potential sources of capital, to the extent available to us.

Off-Balance Sheet Arrangements

Edgar Filing: Summit Hotel Properties, Inc. - Form 10-Q

At June 30, 2013, we had \$5.2 million in outstanding stand-by letters of credit which provide credit enhancement on three term loans. On August 1, 2013, the \$3.9 million of letters of credit securing the ING loan, and an \$0.8 million letter of credit providing credit enhancement on a separate term loan, were released. At August 2, 2013, we had \$0.5 million in an outstanding standby letter of credit which provides credit enhancement on one term loan.

(1) Amounts shown include amortization of principal, maturities, and estimated interest payments. Interest payments on variable rate debt have been estimated using the rates in effect at June 30, 2013, after giving effect to interest rate swaps.

(2) Primarily ground leases and corporate office leases.

(3) Represents purchase orders and executed contracts for renovation projects at our hotel properties.

In addition to the contractual obligations in the above table, we remain obligated to fund \$10.0 million of a \$20.3 million first mortgage loan on a hotel property located in downtown Minneapolis, MN. The loan represents a portion of the total acquisition and renovation costs expected to be incurred to convert the property to a Hyatt Place hotel. Subject to certain conditions including the successful conversion of the property, estimated to be completed in fourth quarter 2013, we plan to purchase the property for an estimated \$31.0 million, which will include forgiveness of the loan as partial purchase price consideration. We cannot provide assurance that we will acquire this hotel property.

Inflation

Operators of hotel properties, in general, possess the ability to adjust room rates daily to reflect the effects of inflation. However, competitive pressures may limit the ability of our management companies to raise room rates.

Critical Accounting Policies

There have been no significant changes in our critical accounting policies or estimates from those disclosed in our 2012 Annual Report on Form 10-K.

Reclassification of Certain Prior Period Financial Information

We reclassified \$0.7 million and \$1.3 million of food and beverage costs previously included as a reduction of other hotel operations revenue to other direct expenses in second quarter 2012 and the first six months of 2012, respectively, to conform to our 2013 presentation. This reclassification had no effect on previously reported results of operations or equity.

Recent Developments

Debt Activity

On July 22, 2013, we closed on a \$38.7 million term loan with KeyBank with a fixed rate of 4.95%. This term loan matures on August 1, 2023, amortizes over 30 years, and is secured by the Fairfield Inn & Suites and the

Table of Contents

SpringHill Suites in Louisville, KY. The proceeds from this new borrowing were used to pay down our \$92 million senior secured interim loan.

On July 26, 2013, we closed on an \$8.7 million term loan with MetaBank secured by the Hyatt Place in Atlanta, GA. Proceeds of \$7.4 million were advanced at closing and additional proceeds of \$1.3 million will be available after the Hyatt Place attains a required performance level post renovation. The loan carries a fixed interest rate of 4.25%, matures on August 1, 2018, and amortizes over 20 years. The proceeds from this new borrowing were used to pay down our \$150 million senior secured revolving credit facility.

On August 1, 2013, we entered into a new loan with ING in the principal amount of \$34.0 million at a fixed rate of 4.55% with a 25 year amortization and a maturity of March 1, 2038. ING has the right to call the loan in full on March 1, 2019, 2024, 2029 and 2034. Simultaneously, we amended our existing loan with ING to: (i) remove the Fairfield Inn & Suites and the Residence Inn, Germantown, TN, the Hampton Inn, Fort Smith, AR and the Fairfield Inn, Lewisville, TX from the collateral; and (ii) remove \$3.9 million in letters of credit from the collateral. We also added the Courtyard by Marriott, Ridgeland, MS, the Hampton Inn & Suites, Ybor, FL, and the Courtyard by Marriott and the Residence Inn, Metairie, LA as collateral to the two notes, such that both ING loans are secured by the same 14 hotels and are cross-defaulted. The proceeds from this new borrowing were used to pay down our \$150 million senior secured revolving credit facility.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

Market risk includes risks that arise from changes in interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market-sensitive instruments. In pursuing our business strategies, the primary market risk to which we are currently exposed, and to which we expect to be exposed in the future, is interest rate risk. Our primary interest rate exposure is to 30-day LIBOR. We primarily use fixed interest rate financing to manage our exposure to fluctuations in interest rates. On a limited basis we also use derivative financial instruments to manage interest rate risk.

At June 30, 2013, we were party to four interest rate swap agreements, with a total notional amount of \$40.3 million, where we receive variable rate payments in exchange for making fixed rate payments. These agreements are accounted for as cash flow hedges. One of these agreements is in a liability position and has a termination value of less than \$0.1 million.

At June 30, 2013, after giving effect to our interest rate swap agreements, \$326.8 million, or 63.1%, of our debt had fixed interest rates and \$190.7 million, or 36.9%, had variable interest rates. Assuming no increase in the level of our variable rate debt, if interest rates increase by 1.0% our cash flow would decrease by \$1.9 million per year.

As our fixed rate debts mature, they will become subject to interest rate risk. In addition, as our variable rate debts mature, lenders may impose interest rate floors on new financing arrangements because of the low interest rates experienced during the past few years. At June 30, 2013, \$116.7 million of our long-term debt will amortize or mature during the next 12 months, of which \$24.6 million has fixed interest rates and \$92.1 million has variable interest rates.
